Chapter 1631: Even if Rong Yan believed him, he wouldn't

Liancheng Yazhi gently massaged a few acupuncture points on Rong Yan's head. After twenty minutes, Rong Yan gradually fell asleep.

Rong Yan had just fallen asleep, so Liancheng Yazhi didn't dare to move. He only put her down gently after he was sure that she was asleep, then pulled up the blanket and covered her.

Liancheng Yazhi stood up, quietly closed the window, and tiptoed out of the bedroom.

It was four o'clock in the morning, and there was not much time left before daybreak. Liancheng Yazhi went downstairs to the courtyard and saw that the bodyguards he had sent out had returned.

"Are there any casualties?" Liancheng Yazhi asked first.

"Three with minor injuries and one with serious injuries."

"send him to the hospital for treatment immediately," Liancheng yazhi replied without hesitation.

The injured people were quickly sent away. Liancheng Yazhi said, "Tell me about the situation."

'young master ya, the people outside have been taken care of. it's a group of foreign mercenaries, about 20 people. they have strong firepower and are equipped with very advanced weapons. some of them are not even mass-produced yet. moreover, their individual combat ability is very strong.

fortunately, the military deployed a lot of people in the surrounding area, as well as observation posts and snipers, so they discovered it early. if they weren't prepared in advance, the battle might not have been settled yet. Liancheng Yazhi asked again, 'did you kill them all? did any of them escape?'

"about fourteen people were killed, two were seriously injured, and four escaped."

okay, I understand. You've all worked hard. Go and rest first. There should be nothing to do tonight. I'll give you four hours to rest.

"thank you, young master ya!"

Liancheng Yazhi waved his hand to let them leave. In a flash, dozens of men disappeared from the courtyard, leaving no traces behind.

Liancheng Yazhi let out a breath of air and stood in the courtyard for a while. This night was just the beginning. Twenty people had come, and it was just a small test. Tomorrow, or the day after, there might be more attacks. If there were more gunshots tomorrow night, what would he tell Rong Yan? He couldn't say that someone was setting off firecrackers. Even if Rong Yan believed it, he wouldn't.

Liancheng Yazhi wandered around in the courtyard, thinking about what to do tomorrow night.

In the end, he thought of an unwilling solution, but: "For the sake of my wife's good sleep tonight, I can only do this."

After Liancheng Yazhi finished speaking, he turned around and returned to his room.

In the room, Rong Yan was sleeping soundly. She was lying on her side, and the dim yellow light at the head of the bed scattered a soft light on her body, making her look so Holy.

Liancheng Yazhi leaned against the door and stared at it for a while before closing the door and entering.

He took off his clothes, lifted the blanket, and lay down. He gently pulled Rong Yan into his arms. It was four in the morning, so he could sleep for a few more hours. When the sun rose, he would deal with those people who had disturbed his wife's rest.

Because she had been woken up in the middle of the night, Rong Yan woke up later than usual. It was past nine o'clock when Liancheng Yazhi woke her up.

After washing up, she went downstairs for breakfast. By then, everyone had already eaten, so Rong Yan was sitting at the dining table alone for breakfast.

Liancheng Yazhi watched Rong Yan eat. When she was almost done, he said, baby, I haven't been to the company for many days. I want to go today, in case the people in the company think that I'm slacking off because I don't care anymore.

Rong Yan didn't think much about it and nodded, "okay, go ahead then, Yingluo."

Seeing that Rong Yan didn't ask much, Liancheng Yazhi heaved a sigh of relief. "Then I'll go upstairs and change my clothes.."

Chapter 1632: Let's meet and chat!

Liancheng Yazhi was afraid that Rong Yan would leave after he left, so he secretly told Gu Hesheng, "Father-in-law, I'm going out to do something. Please take care of Rong Yan and don't let her go out. It's best if she doesn't leave this room."

Gu Hesheng immediately thought of what he was going to do that night, "

"What are you doing out there? Is it for the gunshots at night?"

Liancheng Yazhi nodded. It's Wanwan. She wants Rong Yan to sleep well tonight. I have to go out.

"then be careful," Gu Hesheng patted his shoulder.

"Don't worry, I'm just going to make some arrangements. I won't risk my life." After that, Liancheng Yazhi said goodbye to Rong Yan and left with only two bodyguards and a driver.

After leaving the house, he asked the driver to drive slower when they passed by the battlefield last night.

This place looked the same as usual. Other than a few black cars parked in the corner, which looked a little out of place, nothing else could be seen. There was no smell of smoke, no death, and no

blood. The corpses and blood had been cleaned up, and ordinary people could not see anything when they passed by. Moreover, there was such a big commotion at night and the intense gunfight lasted for such a long time. There was no news on TV today, not even any news from the grapevine. Liancheng Yazhi's lips curled up. The military had really dealt with it cleanly and efficiently.

After they had passed that section of the road, Liancheng Yazhi asked the driver to speed up to the company.

he told rong yan that he was going to the company, so he definitely had to go there.

As soon as he entered the company, the four young ladies at the front desk immediately bowed to Liancheng Yazhi. "Good Morning, President."

Liancheng Yazhi walked past them without looking sideways and took the elevator directly to the top floor.

When they passed by the secretary's office, everyone quickly stood up.

Secretary Zhou dropped the work at hand and went up to them. "Young master ya, why are you here?"

Liancheng Yazhi passed by him. bring your things. Come to my office.

secretary Zhou was stunned. what was that? After a while, he finally understood. He quickly took out a tablet and jogged into the president's office.

As soon as Secretary Zhou entered, Liancheng Yazhi asked, "do you know what happened last night?"

"Yes, I already know."

At four o'clock in the morning, kui mu, who was in charge of the internal security of the Liancheng old house, followed Liancheng Yazhi's instructions and told Secretary Zhou about the matter. He also asked him to investigate some things.

Liancheng Yazhi did not bother to talk nonsense with him. who was the officer who commanded the battle yesterday? "

the officer he was referring to was naturally the commander who commanded the soldiers to fight against the foreign mercenaries.

Secretary Zhou nodded. I've already found out. You know her too.

"Who is it?"

Tang Zong's brother, Tang han! Secretary Zhou quickly turned on his tablet and found the evidence.

"You see, the soldiers that surrounded the Liancheng old mansion are all Tang Zhen's men. So, he was the one who directly commanded the battle last night."

Liancheng Yazhi's lips curled up. This meant that Tang han had already

participated in this. Once the unknown foreign forces were dealt with, he and Tang han would have to face each other head-on. At that time, Tang Zong would call him back. It would definitely be interesting.

Liancheng Yazhi picked up the landline on the table and dialed a number.

The call took a while to get through, and Liancheng Yazhi said directly, "let's meet and chat."

The other end of the phone was silent for about half a minute before the voice sounded.. "how did you get my office number?"

Chapter 1633: The appearance of the Tang brother

Liancheng Yazhi did not seem to hear the other party's unkind tone and question and said, "Gu youran's cake shop seems to have opened again. How are things there? "

"What do you want to do?" the voice on the other end of the phone sounded even worse.

Liancheng Yazhi raised his wrist to look at his watch. It was past ten O'clock. He said, "How about we meet in 40 minutes?"

Meeting someone like Liancheng Yazhi, who didn't care what you said, but kept talking to himself and gave an absolute order without giving you a chance to refute, was really driving her crazy. The other party was about to flip the table."Liancheng Yazhi, what do you mean?"

In the end, Liancheng Yazhi casually said, "since you have no objections, it's settled. See you in 40 minutes.

After saying that, Liancheng Yazhi hung up the phone decisively, not giving the other party a chance to speak at all.

Secretary Zhou heard everything clearly. "young master ya, will he go?"

liancheng yazhi laughed. "he's in charge of looking after me now. if i want to see him, even if he doesn't want to go, his boss won't agree."

"Get ready, we're going out," secretary Zhou nodded repeatedly and said,"yes, young master ya, yingluo."

Liancheng Yazhi stayed in the office for ten minutes. To outsiders, he was just here to do nothing, and then he left with Secretary Zhou.

After he left, the company's employees were chatting on the company's intranet. They all said that their boss had gone home to take care of his pregnant wife before he had even warmed up to the bench in the company. How many people would die of envy and jealousy? countless female employees were infatuated with him.

They all claimed that the woman who married the president must have saved the universe in her past life.

Unfortunately, they were all wrong this time. Although their boss never left home, he really wasn't going back to take care of his wife this time. Instead, he was going to meet a man.

Gu youran's cake shop had already opened a few months ago. She took care of her child who was not even one year old and hired two students, a boy and a girl, to help out in the shop.

When Liancheng Yazhi arrived at the entrance of the shop, a Jeep with a military license plate stopped.

As soon as Liancheng Yazhi got out of the car, the other party's door also opened, and a man in military uniform got out of the car.

He was tall and dressed in military attire. He looked mighty and domineering as he stood there.

Liancheng Yazhi was the complete opposite of him. With a black suit and a

white shirt, he looked like an elegant and calm gentleman when he wore it. He had an overbearing air of nobility.

“Colonel Tang, long time no see.” Liancheng Yazhi smiled.

The person who got off the Jeep was Tang han. When he saw Liancheng Yazhi, his eyes were filled with a complicated expression.

He took two steps forward and stood in front of Liancheng Yazhi. “Mr.

Liancheng, long time no see.”

“please.” liancheng yazhi extended his hand.

After he finished speaking, he ignored Tang han and turned to enter the cake shop. Secretary Zhou's movements were very fast. He rushed in front of Liancheng Yazhi and opened the door for him.

when the waitress saw lian chengya, her face instantly turned red. she looked at him in a daze and stuttered, ” “sir, please, please ask, what do you want?”

Gu youran was very surprised to see Liancheng Yazhi. Rong Yan had not come to her shop for a long time, so she quickly went forward. “Mr. Liancheng, why are you here?” liancheng yazhi nodded at her. “I'm here to borrow your place,”

Just as Gu youran was about to speak, she saw Tang Zhen coming in after her.

Her expression changed and it was so cold that it could freeze into ice. She and Tang Zhen would never be able to let go of this..

Chapter 1634: We won't be happy even if we force ourselves to be together

Tang Zhen froze when he saw Gu youran. His face was filled with pain, struggle, and longing, but it eventually turned into a lonely expression.

he and gu youran were not a matter between the two of them, but between the two families.

gu youran's family was destroyed and tang Zhen carried the heavy burden of the family. even if they had feelings for each other, they couldn't resist the grinding of these grudges. even if they could force themselves to be together, it was impossible for them to be happy and it would not last long.

Gu youran coldly turned around and left. She asked the waitress to carry the child to the back and asked the waitress to bring a cup of coffee for Liancheng Yazhi. As for Tang Zhen, he didn't have anything.

If not for Liancheng Yazhi, Gu youran would not have let Tang Zhen in.

Tang Zhen looked at Gu youran's cold and indifferent eyes. When he saw that innocent and lovely child, his heart ached badly. However, he could not do anything. He could only take heavy steps and sit opposite Liancheng Yazhi.

Tang han looked at Liancheng Yazhi angrily. you deliberately chose this place to see me in pain? ”

“if it weren't for me, you wouldn't even be in pain,” liancheng yazhi said with a mocking smile.

His words were extremely sharp and instantly pierced Tang han.

Tang Zhen didn't know how to refute because what he said was right. If Liancheng Yazhi didn't bring him in, he wouldn't even have seen Gu youran, let alone Yingluo.

Tang han sat there in silence for five minutes. He calmed his mind and asked Liancheng Yazhi, ” “Tell me, why are you looking for me? Also, how did you get my office number?”

Tang han was already a Colonel, so only the people in the Army knew his office number

Liancheng Yazhi smiled. The ordinary cup full of coffee in his hand was now between his fingers. It was as perfect as an outstanding piece of art. In front of outsiders, he was so perfect from head to toe that he didn't seem real. Only in front of Rong Yan did he look like an ordinary person.

you should know why i'm looking for you. as for my phone number, you can just check it. it's not a secret. if i don't even have this ability, how am i supposed to waste my time? ‘

Tang han was so angry that he gritted his teeth. alright, I won't ask you about this. I don't want to beat around the bush with you. If you have something to say, just say it.

He had a grudge against Liancheng Yazhi, but he would always lose every time they fought because he really couldn't compare to Liancheng Yazhi in terms of verbal skills.

Secretary Zhou secretly laughed as he listened at the side. He saw that it wasn't that Tang han didn't want to beat around the bush, but that he simply couldn't go around his boss.

Liancheng Yazhi moved his fingers and Secretary Zhou immediately placed some photos in front of Tang han.

only 20 mercenaries came at night, but there are more people entering the country. They only sent out a small portion of them to test the waters. Tonight, tomorrow night, there might be a continuous attack. Have you thought about this? ”

Tang Zhen looked at the photos of the foreigners and his expression was very serious, ” if they dare to come at night, my men will continue to stop them. It doesn't matter how many of them come. No one can cause any trouble in the imperial capital.

Liancheng Yazhi said lazily, “that's true. But if I didn't send people to reinforce ran ran last night, you might not have been able to end the battle by dawn.. If gunshots were to be heard in the middle of the night tonight, would my wife still be able to rest?”

Chapter 1635: i can 't acknowledge my son if i can 't marry the woman i like

Liancheng Yazhi sighed and added, "my wife is pregnant now, so she needs to rest well. My daughter is young and weak, so she can't be disturbed. If she makes a scene every night, my heart will ache. Oh, I forgot, you haven't married and had children yet. You probably don't understand the responsibilities of a husband and father.

After Secretary Zhou heard this, he silently lowered his head. Young master ya, boss, is it really appropriate for you to openly say that you're looking for him just so that your wife and daughter can sleep well? Wouldn't this make people feel depressed?

Especially the man in front of you. He can't marry the woman he likes and can't acknowledge his son.

Is it okay for you to attack others so rudely and straightforwardly?

Liancheng Yazhi was all smiles as he looked at Tang Zong, who was trembling with anger, and felt all kinds of comfort in his heart.

Tang Zhen was wearing a military uniform. He knew that he was a soldier at this moment. No matter how angry he was, he couldn't hit this man who really deserved a beating. He said, "Then what do you want?"

Liancheng Yazhi pointed at the clock on the wall. "it's just past 11 o'clock.

there's still a long time before the sky turns dark. instead of waiting for an opportunity, it's better to take the initiative and attack. what do you think?" "You know the current whereabouts of those foreign criminals?" Tang Zhen frowned.

tang han actually knew that there were a lot of unidentified people from outside the borders who had entered the capital recently. however, they all had real identities and if they did not do anything against the law, they could not be arrested. moreover, after those people entered the country, they scattered one by one. they were like time bombs installed in different places and it would be very time-consuming to find them.

Since those people's target was only Kang Yu, they would be very careful to hide their tracks and would not do anything to harm the people to avoid being caught. So, the easiest way was to wait for them to come to the door.

as long as they surrounded the liancheng old mansion, they would be able to get those people.

Liancheng Yazhi smiled humbly. "although i can't know everything, i can still master most of the kasaya."

The corner of Tang Zhen's mouth twitched. 'F * Ck you, you're smiling so humbly, but you're saying such crazy words. Is there anyone who shows off like you?'

secretary Zhou took out the tablet that he always carried with him, opened a page, and placed it in front of tang han.

There was a map on the page, and there were many red dots scattered on the map. Some were still, and some were moving.

Liancheng Yazhi said, "that's all we have at the moment. They probably account for two-thirds of the unidentified foreigners who entered the capital. If we can arrest all of them, then you'll have less pressure on Wanwan even at night.

Tang han looked at the electronic map and was extremely shocked. He really didn't expect Liancheng Yazhi to be able to do this. He could actually monitor so many people at the same time. This was something that even he couldn't do.

Tang han had never dared to underestimate Liancheng Yazhi's strength, but he had never known how strong he was.

Now, he had only revealed the tip of the iceberg, and it had already exceeded his expectations.

Tang Zhen suppressed the shock in his heart and asked, "Since you know, why don't you go and catch them yourself?"

Liancheng Yazhi spread his hands and said very seriously, "I'm a law-abiding citizen. Of course, it's better to leave this kind of thing to the military/police..

Don't you think so, Colonel Tang? "

Chapter 1636: How thick-skinned must he be to be so shameless?

Tang han felt that this was the funniest joke he had ever heard. 'Law-abiding.' When these words fell on Liancheng Yazhi, he really couldn't tell what they meant.

Secretary Zhou lowered his head even more. He felt that sometimes, his boss's skin was so thick that it was beyond anyone's reach.

She clearly found it troublesome, so she pushed the blame to someone else, but she still had to give such a high-sounding reason. She was really a little shameless.

Tang han suppressed the urge to beat up Liancheng Yazhi and said, "but they haven't done anything illegal yet. They didn't pick up a gun or hurt anyone. They're just ordinary tourists!

Liancheng Yazhi shrugged his shoulders indifferently. then apply for a search. Suspect them of illegal entry, suspect that the documents they have are fake, suspect them of hiding drugs. There are many reasons to come up with. Since they are acting separately, each of them must be carrying weapons. As long as you search, you can find them and arrest them, right? "

The corner of Tang Zhen's mouth twitched. Jian Jia said that she was a good citizen who followed the law, but she came up with so many reasons.

Liancheng Yazhi slowly drank his coffee. I believe it's easy for you to apply for a search warrant. As a law-abiding citizen, I've provided you with the duty of a citizen. Now it's time for you soldiers to protect the property and lives of the people. I believe that these people will all fall into the hands of Colonel Tang before dark.

Tang han felt that his teeth hurt every time he talked to Liancheng Yazhi.

Tang han took a deep breath and said,"alright, but Qianqian, this Qianqian .

Secretary Zhou did not wait for him to finish and stood up. He said very righteously, " "this tablet is for you. with this, you can keep track of the movements of those people at any time. our young master ya said that this is a

resource for our group's military support. although this thing can provide you with a lot of information assistance and can contribute a lot to the safety of the people in the capital, we don't

ask for any commendation or reward. we just hope that you can bring those criminals to justice as soon as possible.”

When these words were said, Secretary Zhou’s face didn’t turn red, and his heart didn’t skip a beat. His words were firm and powerful.

Tang han felt the root of his teeth hurting even more. It was obvious that they didn’t want to make a move, so they pushed such a troublesome matter onto him. But now, Qianqian could still so righteously say that she was providing help to the military and was contributing to the safety of the lives and property of the imperial capital’s citizens. How thick was Qianqian’s face?

He had truly witnessed the power of this master-servant pair.

Tang han clenched and unclenched his fists. He gritted his teeth and said, “okay, then i’ll thank you for the help you’ve provided to our army. i hope that in the future, mr. liancheng can continue to help us like this.”

Tang Zong’s words had a hidden meaning. Liancheng Yazhi smiled calmly and replied very sincerely, of course, I’m a good citizen. I’ll definitely help the Army to the best of my ability. However, Yingying also hopes that your requests won’t be too difficult.

From this exchange, both of them already knew that after solving the external danger, the two of them would inevitably stand on opposite sides and have a real showdown.

It was still unknown who would win or lose!

I’m sorry, there was a power outage at home. I just came to take a walk..

Chapter 1637: The gentler he was, the more destructive he was

Liancheng Yazhi and Tang han were looking into each other’s eyes.

One was gentle and elegant, while the other was fierce and aggressive.

No matter how one looked at it, it seemed that Tang han, who was able to show off his domineering aura, should have the upper hand. However, Tang han was gradually unable to hold on under Liancheng Yazhi’s seemingly spring-like gaze.

liancheng yazhi looked harmless on the outside, but his killing moves were all hidden in his harmlessness. the gentler he looked, the more destructive he was.

In the end, Tang han couldn’t take it anymore and said, ” “Liancheng Yazhi, are you cooperating with us by doing this?”

Tang han said “we,” not “me.” He was not referring to himself, but the troops behind him.

“If that’s what you want to think, then for now,” Liancheng Yazhi’s fingers moved.

He answered temporarily.

This answer was a very clear answer to Tang han.

They wouldn’t be hostile to each other until the invading forces were dealt with, but what about after that?

Whether or not they could cooperate would depend on the sincerity of the other party, or whether or not the price they offered could move him.

There was no such thing as an eternal enemy. Everything depended on benefits!

Liancheng Yazhi pointed at the clock on the wall for the second time. It's getting late. I still have to go home and have lunch with my wife. If there's nothing else, I'll take my leave first.

Liancheng Yazhi was deliberately showing off to the other party. I have a wife, I have a daughter, and I will have a son soon. You see, I have everything, but you have nothing. You are too pitiful.

No, I should add that although you have a son, he will never call you father. What a tragic tragedy!

Tang Han's fist tightened. Wait. One last question. How did you know the whereabouts of these people? "

Liancheng yazhi slowly stood up and tidied his clothes. I've already said that I have my own channels. Of course, it's definitely not against the law. I'm not guilty and you have no right to interrogate me. I can tell you when I want to tell you, but if I don't want to tell you, you can't force me either. Colonel Tang is a soldier and he knows more about the law than I do.

Tang Han was blocked by Liancheng Yazhi so he didn't have a chance to ask anything. He could only watch as Liancheng Yazhi left.

Liancheng Yazhi did not leave immediately after he got up. Instead, he walked to Gu Youran.

Before he could speak, Gu Youran had already taken out the packed cake and dessert. Mr. Liancheng, it's all packed. It's all Rongyan's favorite.

Liancheng Yazhi politely said, "Thank you. Rong Yan is pregnant, so she hasn't come for a long time. She asked me to apologize to you on her behalf. After the child is born, she hopes that you can attend the child's one-month-old party.

Although Rong Yan didn't say this, it was the same for Liancheng Yazhi to say it for her. After all, he used Gu Youran's place and even called Tang Zhen over.

This would definitely make her feel uncomfortable and might even implicate Rong Yan. Therefore, he had to dispel the prejudice that Gu Youran had against Rong Yan.

Gu Youran was very happy, "Really?" That's great, I'll definitely be there."

"I'll be leaving then. Goodbye."

"Goodbye."

Before he left, Liancheng yazhi remembered another sentence and shouted to Tang Han, who was still sitting there, "Colonel Tang, I hope you won't hear anything you shouldn't hear tonight. Protect the peace of this city. This is your duty. I have high hopes for you. Goodbye..

Chapter 1638: The person you once loved, finally became a stranger

Secretary Zhou lowered his head and followed behind Liancheng Yazhi. He felt that his face was a little hot, and he couldn't hold back his boss's thick-skinned, black-hearted, and fierce appearance.

Tang han almost broke a piece of the table as he sat there. He had lived for more than 30 years and had never seen a man more shameless than Liancheng Yazhi.

Liancheng Yazhi swaggered away with Secretary Zhou, leaving behind Tang han who was mad with anger.

If Liancheng Yazhi was deliberately trying to drive Tang han crazy, that wasn't the case. He hadn't used all his strength yet. At least he didn't say things like 'your brother, Tang Zong, is about to become my brother-in-law. We'll be considered relatives in the future'.

If Liancheng Yazhi said this, Tang Zhen would probably Chase Tang Zong to the end of the world to kill him.

However, it seemed that this matter was already set in stone.

Unless the Tang family could control Tang Zong?

However, was this possible?

It didn't seem possible, right?

Liancheng Yazhi left, but Tang han did not leave immediately.

He gradually sorted out his mood and sat there looking at Gu youran. When customers came, Gu youran smiled and asked them what they needed. Her smile was very sincere, unlike the standard smile of many service staff. Her smile was very heartwarming.

Tang Zhen's heart was filled with bitterness. He used to be so close to Gu youran and had so many opportunities to have her. If he had married her earlier and not been so busy with the Army before the Gu family's accident, perhaps Yingluo would not have ended up in such a state.

Now, the person he had once easily obtained was a warmth that he could never get close to in his life.

tang han sat there and struggled for a long time. finally, he mustered up his courage and walked in front of him, "you ran ran ran."

Gu youran still had a smile on her face. She turned around and ignored Tang han, as if the person standing in front of her was just air.

tang han's eyes were filled with pain.

The male waiter hired by Gu youran stood in front of Tang Zhen and smiled, "Mr. Officer, please leave. Our Lady boss doesn't like to see you. Please don't make things difficult for us."

"you ran, do we really have to do this?" tang Zhen asked without moving.

Gu youran turned to look at him and smiled. Her smile was distant and cold. Yes, we can either be like this in the future or Yueyue will be like the outsiders.

Who was outside?

it was a stranger, a passerby!

There was no gratitude or resentment.

Tang Zhen felt a sharp pain in his heart. Gu youran's smile at this moment was not even as warm as the smile she had when she was facing the guests. It was as cold as a warm ball of ice.

"Can you let me see Yingluo?" Tang han asked after a while.

Gu youran smiled and shook her head, "No. If you want to see children, you have to marry your own wife and have children. Don't always think about other people's children. Other people's children will never call you 'father'.

the person who understood tang han the most was none other than gu yusheng. she knew better than anyone how to hurt tang han faster.

Gu youran did not roar hysterically. She was not like before, when she saw him, she was filled with hatred and wanted to die with him.

The current Gu youran was so calm and stood there so indifferently. This made Tang Zhen feel even more guilty and regretful than before.

When a woman doesn't even hate you, it means that Qianqian has completely let you go. Besides, Qianqian is also telling you that it's impossible for you two to ever be together..

Chapter 1639: Sorry is the cheapest word

Tang han was silent for a long time. In the end, he realized that he could only say three words: "I'm sorry, Yingluo." gu youran smiled. the smile on her lips was very gentle, but it was also more sarcastic, " "tang han, don't you think that the two words" between us "are too cheap?"

gu youran didn't want to talk to him anymore, so she said, " you'd better go and do what you need to do. Since Mr. Liancheng has come to see you, it must be something important. What you should do now is not to stand in front of me.

Tang han sighed and said, "Liancheng Yazhi is not a good person. He is using you. You should stay away from the couple.

gu youran's lips curled up, "who's the good and who's the bad in this world? so what if they used me? at least, while they used me, they gave me greater help so that i would no longer be lonely and helpless. i would no longer have to be bullied by others and would also be able to protect my child. in comparison, after the tang family used the gu family, they destroyed my family. in my opinion, they are very kind people and good people. i was willingly used by them."

Gu youran's words were very calm and very calm. She was neither humble nor arrogant, neither anxious nor impatient. She used plain words to describe a fact, but there was no so-called gratitude and hatred.

Tang Han's heart was pierced into pieces. His hands clenched and loosened a little.

I know. I'll be leaving first. The capital hasn't been peaceful recently. Try not to go out.

Gu youran nodded. thank you. It's very safe here. Nothing will happen. So, you don't have to come here in the future. Your presence will affect my mood.

Tang Han's throat felt uncomfortable. He wanted to say something but didn't know where to start.

He finally put on his hat and turned to leave.

As he stepped out of the door, Tang han returned to his usual tough and unyielding character. He was a soldier and he lived in the Army most of the time. Relationships were really just a small part of his life.

Tang han drove back to the military unit and quickly applied for a search warrant.

then, he called the police station and joined forces with a large number of military police and soldiers to carry out a large-scale investigation operation. it seemed that they wanted to turn the entire capital upside down.

On the way home, Secretary Zhou asked Liancheng Yazhi, ” “Young master ya, how many do you think Tang han will be able to catch?”

I don’t know, ” Liancheng Yazhi said. I’ll just take as many as I can.

“Young master ya, since Tang Zhen is in charge of this operation against you, then snoulan’t we call ‘lang Long DaCKC”

Liancheng Yazhi laughed. of course we have to call him back. Otherwise, how are we going to put on a show? it’s not too late to call him back after those foreigners have been cleaned up.

Secretary Zhou saw that Liancheng Yazhi’s expression was relaxed and did not seem to be worried about this matter at all, and he felt a little relieved.

“Young master ya, do you think that old master Kang is really patient? he’s still standing there like a mountain, not moving at all. I really don’t know what he’s thinking.”

“To be able to reach that position and then step down, how can he be an ordinary person? I don’t want him to appear too early.”

or rather, even liancheng yazhi didn’t want the old master of the kang family to appear.

This was because once he left the mountain, it would prove that the situation was so serious that he could not resolve it. That was when it was the most dangerous.

Secretary Zhou looked at Liancheng Yazhi in surprise. “Ah, Yingluo.”

He wanted to ask why, but seeing that his boss had closed his eyes, he was too embarrassed to ask..

Chapter 1640: Hubby, something’s not right with you today?

Liancheng Yazhi returned home at 12.’30, just in time for dinner.

Rong Yan and MeowMeow did not Imow what had happened. Both of them were very happy to see Liancheng Yazhi return, and they were even happier to see the cake and desserts in his hands.

Only Gu Hesheng heaved a sigh of relief when he saw that Liancheng Yazhi had returned in one piece.

It was a good thing he was back. Otherwise, he really didn’t know how to explain it to his daughter.

When Rong Yan heard that Liancheng Yazhi had gone to Gu youran's shop, she asked excitedly, "you went to youran? how's she doing? how's her baby?"

Liancheng Yazhi put food in Rong Yan's bowl. yes, everything is fine. The child is very healthy. She asked me to send you her regards and said that she would come to see you after our son is born.

Rong Yan hugged his arm. sure, sure. I haven't been to Yingluo's shop in a long time. Hubby, take me with you next time.

Liancheng Yazhi nodded. alright, ran ran. Eat first.

Although he agreed to Rong Yan's request, Wanwan was thinking in her heart, 'we'll talk about it when the next time is!'

In the afternoon, Liancheng Yazhi did not go out again. He stayed at home to accompany Rong Yan, but he had something on his mind. How could he be at ease if the things outside were not resolved?

Liancheng Yazhi asked Secretary Zhou to pay close attention to Tang Han's actions and to meet his fellow countrymen once every half an hour.

And so, they appeared. Within half an hour, Liancheng Yazhi would find an excuse to leave for a while.

After a few times, Rong Yan felt that something was wrong. She asked, "honey, did something happen?"

Liancheng Yazhi shook his head decisively and said, "no, I didn't."

Rong Yan tilted her head and looked at him. I keep feeling that something's wrong with you today.

Liancheng Yazhi sat beside Rong Yan and hugged her. "Is there? I don't think so."

Rong Yan rested her chin on his chest and said very seriously, "There's really a Yingluo."

Liancheng Yazhi held her chin and lowered his head to kiss her on the lips. I really didn't. Come, where did we see just now? let's continue watching.

liancheng yazhi was holding a book that gu hesheng had found for rong yan. it was about the appraisal of porcelain. it was very thick and looked quite boring. however, rong yan liked it. liancheng yazhi was afraid that she would hurt her eyes if she looked at it for too long, so he read it to her.

rong yan looked at liancheng yazhi again for a while. seeing that his expression was very calm as if there was really nothing wrong, she scratched her chin. was she overthinking it?

Finally, it was time for Rong Yan to take a nap. After Liancheng Yazhi coaxed her to sleep, he left quietly and went to the study.

as soon as he entered the study, he immediately turned on his computer.

After a while, Secretary Zhou's face appeared on the computer. young master ya, Tang Zhen's operation has been completed by two-thirds. He has captured more than half of them, and many of them have escaped. Look, these are the people he has captured. They are currently being held in custody.

Secretary Zhou sent over a picture with clear annotations.

“At least he still has a brain and didn’t lock those people together,” Liancheng Yazhi said after looking at it.

The mercenaries who entered the border were all well-trained, had been on the battlefield, and had killed people. If they were locked up together, they would be a powerful force, and there was a high possibility of them breaking out.

however, it was a different story if they were locked up separately. no matter how powerful a person was, he could not resist so many guns.

“However, some of them still managed to escape,” Secretary Zhou said regretfully.

“If we catch one, it will definitely alert the others. Of course, it won’t be easy to catch them, but it’s already good enough to catch these..”
