Chapter 1651: Return from hell

Although the current Liancheng Yazhi put more energy on his family and did not like trouble, whether it was in the past or now, he was not a person who was afraid of trouble.

He would try his best to avoid trouble, but if someone in Yingying wanted to make things difficult for him, he would let the other party provoke him once and never have the chance to do it again.

the foreign mercenary under liancheng yazhi's foot had some backbone. his face was pale from the pain, and he was covered in cold sweat. his arm had been broken by liancheng yazhi's foot, and it was bent at a hideous angle.

however, he still said to liancheng yazhi, "You won't win, you Yingluo won't win Yingluo"

Liancheng Yazhi laughed cruelly. it's not up to you to decide whether I will win or not. Today, I will send you away first. Perhaps soon, your companions will go down and reunite with you.

after liancheng yazhi finished speaking, he lifted his arm and put his foot on his neck. he pressed down hard with his foot, and with a crack, his neck broke. his pupils dilated, his facial features twisted, and he died with pain and unwillingness.

Liancheng Yazhi walked over his body and went down from the roof. His feet were stained with the other party's blood, and with every step he took, a bloody footprint was left behind. It was as if he had just returned from hell!

It was already past five o'clock. At this time of the day, the sky had brightened very early. The sky was already starting to turn white. Liancheng Yazhi jumped down from the roof.

As they were not sure if the danger had passed, the bodyguards hiding in the dark did not move.

The bodyguard who was left on the ground to 'dispose of the garbage' ran to Liancheng Yazhi and reported, " "Young master ya, they've been thrown into the basement."

Liancheng Yazhi nodded and threw the sniper rifle in his hand to him. go and bring the one on the roof down.

"It's Yingluo."

"Remember to bring a cloth and water when you go up and wash the blood off."

"It's Yingluo."

Liancheng Yazhi went to the basement to take a look. Other than the three who were beaten beyond recognition and still alive, the others were all dead.

there were a few people standing guard at the entrance of the basement to prevent the people inside from running out, but yingying seemed to think that the three of them were still alive. even if they were injected with chicken blood, they might not be able to run out.

Liancheng Yazhi took the walkie-talkie and said to kui mu, " "at six o'clock, if no one attacks again, tell everyone to rest."

kui mu replied, " i understand. young master ya, please help me. oh, right.

young master ya, secretary Zhou is at the door. ‘

because there were not many people who came to attack this time, it was not slow to take care of them. it took secretary Zhou longer to gather people and rush over than they took to kill the enemies. so, when everything was settled, he had just arrived at the door.

Liancheng Yazhi smiled. tell Secretary Zhou to wait at the door. After dawn, if

Tang han comes over. tell him to block Tang han outside the door. Don't let him in.

Kui mu replied, "it's bi an."

The crisis outside was finally resolved. Liancheng Yazhi heaved a sigh of relief.

By the way, Rong Yan Xuanji

After staying outside for so long and not going back, he hoped that Rong Yan would not wake up. Liancheng Yazhi quickly turned around and went back into the house.

Before entering the bedroom, Liancheng Yazhi specially washed his hands and face to avoid getting dirty bacteria.

He quietly pushed the door open, his footsteps so light that he could not even hear himself. After he entered, he turned around and closed the door. Just as he closed the door, he heard Rong Yan's voice behind him.. "Hubby, where did you

Chapter 1652: Liancheng Yazhi, you liar

When Liancheng Yazhi heard this voice, he suddenly felt his hand move.

Liancheng Yazhi didn't even feel nervous when he faced such a dangerous situation just now. Now, hearing Rong Yan's voice, he felt nervous instead.

After hearing the sound of lava, Liancheng Yazhi paused for a second before he took a deep breath and turned around. He looked at Rong Yan with a smile and walked over. wife, you're awake. Why aren't you sleeping? "

Rong Yan tilted her head and looked at him, not saying a word.

Liancheng Yazhi was a little uncertain. Oh no, did she know something?

he walked over, sat down, and reached out to hug rong yan. " "Why aren't you talking?"

"Hubby, where did you go?" Rong Yan raised her head to look at him and asked again.

For a moment, Liancheng Yazhi did not know what to say. He scratched his head. "Ah, Wanwan, that Wanwan." His mind struggled for a while before he said, " "Um, I woke up early today and went down for my morning exercise. Yes, I went for my morning exercise!"

The corner of Rong Yan's mouth twitched. She looked at Liancheng Yazhi with a little disdain. "morning exercise, yingluo."

“Why did you come up with such a lame excuse?” she pouted.

Liancheng Yazhi cleared his throat and said a little awkwardly, “Baby, it’s really morning exercise. Look, there’s sweat on my forehead.”

Rong Yan snorted and sniffed him like a puppy. liar, if you were doing morning exercise, you should have brought back a mist. Why did you bring back the smell of blood? ”

“Did my Yingluo do it?” Liancheng Yazhi secretly frowned. He should have taken a shower downstairs before coming up.

Rong Yan pounced on Liancheng Yazhi with all her might, pressing her big belly on him as she said, ” “Of course there is. I felt that something was wrong with you a few days ago. Tell me, did something happen at home? What are you hiding from me?”

Although Rong Yan had become a little slow-witted after she got pregnant, she was still very sharp when it came to things that Yingluo should have noticed.

A few days ago, she had noticed that Liancheng Yazhi was not quite right. Although he acted normal in front of her, when he turned around, he would frequently make moves in places she could not see and make phone calls with his back facing her.

Of course, Rong Yan would not suspect that Liancheng Yazhi was looking for another woman behind her back. She was just worried that he might be in trouble and did not want her to know and worry, so he did not tell her behind her back.

Liancheng Yazhi looked at Rong Yan’s movements and was so frightened that he quickly held her waist and said, ” no, I really didn’t. Rongyan, come down quickly. Be careful not to hurt your waist.

Rong Yan shook her head. I’m fine. I’m not going down. Tell me quickly.

Liancheng Yazhi smiled bitterly and said, “I’m really fine. Why would I hide anything from you?” I think you’re thinking too much because you’re pregnant. The doctor said that pregnant people are very sensitive.”

Liancheng Yazhi was vexed. What on earth made Rong Yan suspicious? he was clearly doing very well, wasn’t he?

rong yan wrinkled her nose. ” i’m not. you’re obviously hiding something from me. don’t lie to me. if i don’t even feel this, can i still be your wife? ” Is there any trouble?”

Liancheng Yazhi still didn’t intend to say it, “there really isn’t any Zhenzhen.”

Rong Yan glared at him and grabbed his right hand. There was a cut on the back of his hand. not yet. Do you think I can’t smell the blood on you? also, what’s the bruise on the back of your hand? ”

Liancheng Yazhi looked down and was a little surprised to see the wound on the back of his hand.. He didn’t even know when it had been scraped!

Chapter 1653: I’m only lying to you because I care

I’m Yingluo. Liancheng Yazhi opened his mouth to say one word but could not continue.

Rong Yan reached out her hands and pinched his cheeks. don't keep thinking that you won't tell me that I'm pregnant. The more you don't tell me, the more I'll think about it, and that's not good for me. You'd better tell me so that I'll be clear about it.

Liancheng Yazhi looked into Rong Yan's eyes. After a while, he slowly sighed and gently hugged Rong Yan. I'm sorry to have made you worry again. I thought I could hide it well and let you live a happy and stable life. I didn't expect that I couldn't lie to you.

Rong Yan rubbed her face against him. we're husband and wife. We live together every day. I've been watching every bit of you seriously. How can I not feel that there's something in your heart? "

Husband and wife were one. No matter how well Liancheng Yazhi hid it, as long as Rong Yan had him in her heart and cared about him, she could still feel that something was wrong unless Xuxu and Rong Yan didn't love him.

Liancheng Yazhi raised his head and kissed the corner of Rong Yan's lips for a while before he said slowly, " "The problem is still with Kang Xi. Ever since I brought Kang Xi back, I had a feeling that things weren't over yet. It's just that they didn't do anything after I came back, so I let my guard down a little. I

didn't expect them to make a move two months later. They wanted to take Kang Xi back and might even threaten the safety of our family. I was afraid that you would be worried, so I didn't dare to tell you."

"I see. Then what did you do just now?" liancheng yazhi told rong yan what had happened just now.

After Rong Yan heard this, she was so surprised that she couldn't close her mouth.

She had just been outside the window and had experienced such a dangerous thing, but she had no idea. She had been awake for a while, so why didn't she stand up and look out the window?

After a while, Rong Yan finally came to her senses. "Have you dealt with all those people?"

' of course, it's all settled. the bodyguards at home are not to be trifled with. "

Rong Yan swallowed her saliva. There were so many bodyguards hidden in the house, but she didn't see them when she walked around in the courtyard every day? Did they hide it too well, or was it because she had bad eyesight?

"Then, Yingluo will be the firecracker at night?" Rong Yan wanted to cook at night and quickly asked.

Liancheng Yazhi touched his nose. ahem, last night, that Tao Wu wasn't a firecracker. It was some people from Tao Wu who wanted to break through the encirclement that Tang han set up and exchanged fire with Tang Han's men.

"Tang Han's men? You just said that the military also wants Kang Zhen back. Doesn't that mean that you and Tang Zhen will have to face each other in the future?" Rong Yan quickly thought of the key to the problem.

yeah, from the current situation, there will be a battle in the future. But it's okay, your husband is not someone to be trifled with.

Liancheng Yazhi lay down with Rong Yan in his arms. be good, I've told you everything. Don't think too much. Our house is still safe for the time being. There won't be any danger. You should do what you need to do every day. It's still early, so sleep a little longer. Sleep with me for a while. I'll wake up at three O'clock. I'm so tired after working for half the night.

alright, I'll accompany you. Hurry up and sleep.

Rong Yan still had something to say, but when she saw the fatigue on Liancheng Yazhi's face, she kept quiet and accompanied him to catch up on sleep.

With the danger resolved, Liancheng Yazhi finally dared to close his eyes and

sleep. It was nine O'clock in the morning. Tang han and his car had already arrived at the door, but he was still not awake.

Tang Zhen was blocked outside the door and didn't see anyone come out for a long time. He was so angry that he stomped his feet..

Chapter 1654-abusing power for personal revenge?

Tang han wanted to knock on the door countless times, but the row of black bodyguards in front of him wouldn't let him pass no matter what. The soldiers behind him wanted to knock on the door forcefully.

However, someone said, "if you dare to knock, I'll immediately Sue you for trespassing on private property!"

Firstly, he didn't have a search order. Secondly, Liancheng Yazhi indeed had no rules. As a soldier, if he barged in rashly, it would be the same as giving Liancheng Yazhi a place to criticize his shortcomings.

Tang han could only vent his anger.

Tang Zhen came because he knew that someone had used a glider to fly past the encirclement and attack Liancheng Yazhi's house. He rushed over so early in the morning because he wanted to know if Kang kun had been kidnapped at night.

However, after waiting for an hour or two, he still couldn't enter. He didn't even see a shadow, so how could he not be angry?

However, Secretary Zhou was standing in front of him with a smile on her face. Her face seemed to say, "if you want to hit my left face, I'll stretch out my right face for you to hit. she looked so good-tempered that it made people go crazy.

However-

If you were to be believed by his appearance, then you would be gravely mistaken.

This Secretary Zhou and Liancheng Yazhi were the same type of people. Tang han had already seen how shameless he was and knew how thick his skin was. No matter what he said, Secretary Zhou would say a lot of things.

for example, ‘colonel tang, don’t be anxious, don’t be angry, sit down and talk slowly. you see, i’m also waiting here. Even I don’t dare to knock on young master ya’s door. Colonel Tang, just wait a little longer. It’s still early in the world. Why don’t we go have breakfast, talk about the weather, national conditions, and the global situation? you see, many countries are in deep waters and burning fires now. In contrast, we’re still living a very happy life. Thanks to countless soldiers like Colonel Tang who are protecting us, we can live in a peaceful environment, don’t you think so? So, Yingluo, since you’re the People’s Army, you can’t do anything to hurt the people, right? I believe that you would never do something like forcefully breaking into a private house.”

Secretary Zhou was like this. He went around in circles and talked about the weather at breakfast, the global situation, and then shifted to his military duties. He complimented Tang Zhen and finally said, ” you’re such a good person, how could you do such a thing? ”

This made Tang han really hate him so much that he gritted his teeth. ‘I can’t do anything, don’t you think it’s infuriating?

“When will he come out?” Tang han asked while suppressing his anger.

Secretary Zhou shook his head and said innocently, ” “I don’t know about that. You should know that young master ya worked for most of the night and only fell asleep not long ago. He must have had a good rest after a long night’s work. ”

“But then again, Colonel Tang, you’ve assigned so many people to him. Why did you still let him go? our young master ya is also a part of the common people. He’s a major taxpayer every year. You can’t neglect our young master ya’s protection just because you have a little grudge with him. This doesn’t suit your identity.” secretary Zhou criticized tang han for not protecting him well. that was why he allowed those people to break through the encirclement and directly attack the liancheng old mansion. he even tactfully said that tang hanshi was abusing his power to take revenge for a private matter. this made tang han almost fly into a rage. the group of soldiers behind him almost rushed up and beat secretary

Zhou up..

Chapter 1655: Cheap Secretary Zhou

However, he was stopped by Tang han. He said, I admit that I’ve neglected Yueyue. I won’t do it again in the future.

Although Tang Zhen was very angry, his mind was still calm. He had indeed been careless last night. He only thought that those people would attack from the ground, but he didn’t think that they would be so bold as to use the hang glider to fly directly over. If Kang kun was kidnapped because of his mistake, Tang Zhen felt that he would be unable to absolve himself from the blame.

tang han was particularly anxious, but liancheng yazhi refused to go out, so he couldn’t go in. secretary Zhou, who was as slippery as a loach, had no useful information in his mouth. he also refused to say anything about working at night and didn’t know anything. he only knew how to talk

and play tai chi with him. he even had to provoke him from time to time. it was really abominable to the extreme.

if someone like secretary Zhou was his soldier, tang han would definitely train him to death.

Tang han waited and waited outside the door. He waited until the sun came out and the temperature rose, but the door did not move.

The closer it was to noon, the bigger the sun was. Secretary Zhou held a fan and chatted with Tang han, " Colonel Tang, look at the weather. It's getting hotter and hotter. I'm getting a little dizzy from the sun. Oh right, the students who took the college entrance examination have all returned home to rest. It's pretty good. If those people came to cause trouble during the college entrance examination, it would be too heartless.

Colonel Tang, Are You Hot? if you are, take off your coat. Look at how tightly you've buttoned it up.

Compared to Tang Han's ink-like face, Secretary Zhou's mood was much better.

Although the sun was very bright and the temperature was very high, Yingying didn't have to work? He only needed to help young master ya stop Tang han.

It was just a small talk. To him, this was too simple and too blissful.

It's great that you don't have to go to work and have someone to chat with you!

Tang han didn't look at Secretary Zhou and didn't speak. He looked at his watch and saw that it was 11:45 p.m. It was 12 p.m. In ten minutes. It was already so late, but Liancheng Yazhi still didn't come out. He was clearly trying to stall him. He didn't want to see him, or he was deliberately giving him the cold shoulder. [young master ya: you're right. I did it on purpose!]

Secretary Zhou took the iced coffee that his subordinate had bought and sipped it leisurely. He said kindly, " "Don't worry, we'll be there soon."

Just five minutes after Secretary Zhou finished speaking, the door opened.

Butler li walked out and was surprised to see Tang han, "Please wait a moment, officer. I'll go and inform young master ya."

Secretary Zhou smiled at Butler li and said, " Butler li, young master ya said that there's no rush. I had a great time chatting with Colonel Tang. I regret not meeting him earlier. We would like to chat here for a while longer.

Tang han gritted his teeth in anger and said fiercely, " "Secretary Zhou, if you were my soldier, I would have killed you long ago."

"Yeah, it's such a pity. Why can't I be one?" Secretary Zhou said in a cheeky tone.

Caretaker li lowered his head and chuckled. He turned around and said, " young master, the Colonel is still waiting outside the door. Should we invite him in? "

Liancheng Yazhi was peeling an Apple for Rong Yan. He said, "No need, I'll go see him later."

"I'll go with you." Rong Yan's eyes lit up.

Liancheng Yazhi shook his head. there's no need. You just stay in the room. Don't come forward for this matter.. Be good!

Chapter 1656: I hope there won't be a next time

Rong Yan knew that Liancheng Yazhi didn't want her to get involved and was afraid that she would be targeted. She didn't insist and nodded. "Alright, then hurry up and come back."

"Don't worry, it'll be quick." Liancheng Yazhi cut the Apple into small pieces of similar size and fed Rong Yan a bite before leaving.

After leaving the house, Liancheng Yazhi said to kui mu, "Bring out the people in the basement."

"It's Jian Jia!" Kui mu brought his men to the basement.

Liancheng Yazhi went straight to the door. He had woken up long ago, but he just didn't want to see Tang han. He deliberately wanted to ignore him and make him angry and annoyed outside, but he couldn't do anything.

Liancheng Yazhi was very relaxed. He did not bring any bodyguards and went to the door alone.

He was wearing very casual home clothes today as if he was out for a walk. He stood at the door and it was really out of place with Tang Han's iron-like

appearance.

When Secretary Zhou saw Liancheng Yazhi, he immediately ran over and said,

"Young master ya, you're here." Liancheng yazhi smiled. "you did well. you can go back first.

"It's my duty, it's my duty." Secretary Zhou replied with a smile. Liancheng

Yazhi was praising him for doing a good job of stopping Tang han from leaving this morning. In fact, he really wanted to say that he was very happy to do this job and could do it for a longer time.

Liancheng Yazhi's line of sight went past Secretary Zhou and met Tang Han's eyes that were spitting fire. He smiled and said, Good Morning, Colonel Tang. tang Zhen took a deep breath. the shirt on his body was already drenched in sweat and stuck to his body. the hot temperature outside made him extremely irritable. he wanted to get angry, but he tried his best to hold it in. he asked in a very formal tone, I'm here to do something in the sky. No, it should be because a few unidentified foreign criminals flew past the encirclement I set up at four o'clock in the morning and directly attacked your house. I'm here on behalf of my superior to express my condolences. I wonder if your family suffered any losses.

Liancheng Yazhi raised his eyebrows and thought for a while. "Losses? "of course, i do have this kasaya. my house's flowers were smashed by them, and those words were all things that my wife and daughter liked very much. they were also very precious, and they weren't worth a lot of money. also, my house's cobblestone-paved road had a few stones loosened by those people, so this kasaya can be considered a loss."

Tang han was so angry that he wanted to hit someone. He gritted his teeth and said, ” “Are there any casualties?”

This time, Liancheng Yazhi did not hesitate and quickly nodded. “yes, and it’s little yingluo.”

When Tang han heard this, he immediately took a step forward and raised his voice, ” “Who’s in trouble?”

At that moment, kui mu dragged some people over. Liancheng Yazhi pointed at them. “there, these people are so

Liancheng Yazhi introduced them to Tang han. there were only a total of people who attacked my house yesterday. Three of them were captured alive, and the rest are dead. You can bring them back for interrogation because they will launch an even larger attack next time. I hope that next time, Colonel Tang will not let the incident last night, no, this morning happen again.

Tang Zhen saw that all of them were foreigners, but he didn’t care about them.

He asked again, “Apart from them, are there any casualties in your family?”

What Tang Zhen wanted to know was Kang Zhen. He wanted to know if Kang Zhen was alright. This was what the higher-ups were most concerned about.

However, Liancheng Yazhi refused to tell him even though he knew..

Chapter 1657: You can ‘t protect him alone

Liancheng Yazhi’s tone changed. however, they were injured to protect me and my family. I won’t cause trouble for you. I will arrange the best treatment for them myself.

Tang Zhen was going crazy.

trouble, you don’t have any trouble.

I’m asking about Kang Yu. Is Kang Yu alright?

“Colonel Tang, take these people away. It’s up to you whether you can get useful information from them.” Liancheng Yazhi pointed at the nine people on the ground. They could no longer tell which was a living person and which was a corpse. Everyone had been beaten beyond recognition, and it made one’s scalp go numb.

Tang han gritted his teeth. He waved his hand and ordered the soldiers behind him to take the man away.

Tang han took two steps forward and stood in front of Liancheng Yazhi. He said in a low voice, ” “Mr. Liancheng, you know who I’m asking about.”

Liancheng Yazhi leaned slightly towards Tang han and lowered his voice. Colonel Tang, you also know that I don’t know who you’re asking about.

Tang han glared at him hatefully. Liancheng Yazhi, stop acting stupid. You know that I’m asking him about his ran ran.

Liancheng Yazhi smiled. of course I'm not playing dumb. I've always been very smart. However, no matter how smart I am, if you don't tell me who it is, how would I know who you're asking about? " Colonel Tang, if you want to ask something, just say it. I've always thought that you're an honest person who doesn't use insinuations."

Tang han clenched his fists and said, "Liancheng Yazhi, you can't protect him, Hanhan, alone."

Liancheng Yazhi shrugged. although I don't know who you're talking about, there's nothing that I can't do if I want to.

tang han angrily took off his hat. it was hot and rising. the sun outside was scorching, and his body was burning with anger, making his dark face black and red. compared to him, liancheng yazhi was much more refreshing. there were no beads of sweat on his face, and there was a smile on the corner of his lips. it made people feel as if there was a refreshing wind blowing in their faces, bringing a trace of coolness.

Tang han turned around on the spot and finally said, "In order to protect you and your family, the higher-ups have decided to send the most elite special Forces to enter your home to provide 24-hour protection."

Liancheng Yazhi's expression was indifferent, as if he was not surprised by Tang Han's words at all. After last night's attack, it was not strange for the military to make such a request.

However, Liancheng Yazhi rejected her gently and tactfully. take me to express my sincere thanks to your superior. Thank them for being so concerned about me and my family. Thank them, but Qianqian really doesn't need it. My wife is almost six months pregnant. Pregnant women are very sensitive and can't take any scares. The gunshot the day before yesterday was so shocking that she couldn't sleep for the whole night. If there were suddenly more people in the house with guns, she would be shocked. Besides, there are some things that she doesn't know at all.

in our family, nothing is more important than a pregnant woman. I hope you can understand. I don't want anything to happen to my wife because of your sudden appearance. She's pregnant with the future head of the Liancheng family. I think Colonel Tang should be able to weigh the severity of this matter and not make things too difficult for her.

Liancheng Yazhi's words sounded tactful, but he rejected them very thoroughly. He would not let anyone from the military step into his house.

Tang han hesitated. Liancheng Yazhi's words were reasonable, and no one could refute him..

Chapter 1658: big brother, how have you been?

Just as he said, pregnant women really couldn't be frightened. If there were so many armed Special Forces in the house all of a sudden, the onlookers would feel nervous and scared. If something really happened, it would be a human life. Liancheng Yazhi would hate them to death.

tang han remembered his boss's words to try not to fall out with liancheng yazhi.

I will report your words to Lu Shu. However, this is for your safety. I hope you can think about it carefully.

“Thank you. I’ve thought it through. The safety of my wife and son is the most important thing now. Of course, I also believe that Colonel Tang is able to protect my family even outside.” Liancheng Yazhi’s answer did not change.

Although Tang han felt regretful in his heart, he had already expected this outcome. Liancheng Yazhi was an old fox. He waited outside the door for the entire morning before he saw him, but Liancheng Yazhi had no intention of inviting him in to sit. He just stood outside the door and talked.

He was stingy with this, let alone letting them live in his house!

Tang han glanced at Liancheng Yazhi and waved his hand. “Take him away.”

“Take care, Colonel Tang. I’ll treat you to a good place for tea next time,” said Liancheng Yazhi with a smile.

Tang Han’s brows were tightly furrowed. He didn’t even turn around to return to Liancheng Yazhi before he got into his car and left.

On the way out of Liancheng’s house, his guard said while driving, ” leader, look at those three people. It’s fine if they’re dead, with only a few holes in their bodies, but at least their faces can be seen clearly. However, those three are still alive in such a miserable state. They’re beyond recognition. Even if they recover in the future, I don’t know if their faces will be able to return to their original looks. They’re too brutal.

Tang Zhen undid the collar button and threw his hat aside, ” “If they can count on Liancheng Yazhi to be kind to them, it’s good enough that they’re still alive.” don’t be too disappointed, Regiment commander. Their bodyguards are so powerful. Even if we didn’t go in, I don’t think they would need our protection. But their family is really annoying, making you wait outside for so long.

tang han didn’t speak. he closed his eyes with a headache.

They used the excuse of entering the Liancheng family’s house for protection, but what they actually wanted to do was to find Kang Yu and find a way to transport him out. However, Liancheng Yazhi did not give them a chance to get close.

If she could not enter the Liancheng family this time, there would not be such a good opportunity next time.

Tang Zhen suddenly regretted taking on this mission. He felt like he had been played by Liancheng Yazhi. Every time he talked to him, he would be so angry that he couldn’t recover for a few days. Liancheng Yazhi’s destructive power was almost on par with Tang Zong’s.

Tang Zhen sighed. If it wasn’t for the fact that he and Tang Zong had a bad relationship since they were young, he would have really called Tang Zong over and let him fight with Liancheng Yazhi. “young master ya: hahahaha, don’t even think about it. your brother is already my brother-in-law.”

Tang Han’s phone suddenly rang. He took it out and saw that it was su ‘er’s number. Ever since su ‘er returned to s city, they had not seen each other for a long time. Even their phone calls had decreased a lot.

Tang han picked up the phone and said,”Hello, su ‘er. Why did you suddenly think of calling?” What’s the matter?”

“Brother, I can’t call you if there’s nothing important. Have you been busy?” su Yue’s voice was heard.

tang han paused for a moment and said, “i did have something to do. i’m not too busy, hanhan.”

Replying to all the guliangs who like master Sheng, I’ll write Kang Xi’s story in a separate book in the future

Chapter 1659: I just want to know that she’s happy

Su Yue chuckled. if you say that, you must be really busy. What’s the matter?
can you tell me? ”

“No, this is confidential.” Tang han did not hesitate.

Although Tang han had a prejudice against Liancheng Yazhi and knew that su ‘er and Liancheng Yazhi did not get along, he still refused to tell su’ er about this matter.

He was too clear about public and private matters and was too honest. If it were anyone else, they would definitely want to pull Su Yu over to deal with Liancheng Yazhi.

however, tang han wouldn’t. this matter wasn’t just a personal grudge with liancheng yazhi. it was too important.

Tang han wouldn’t disclose the country’s secrets just because of a personal grudge.

Su mo didn’t ask any further. He knew what kind of person Tang han was. No matter how good their relationship was, he would never reveal anything that was confidential to the military.

Alright, alright. I won’t say it then, Yingluo. Since you rejected so decisively, it must be a big secret.

Tang Zhen didn’t want to continue talking to him about this matter, how are you doing overseas? have you settled the trouble at home? ”

Su Yu paused for a moment and do you say it’s solved?” I’ve done so much for the SU family in the past, but I didn’t expect him to pick on me just because I didn’t do a small thing well. Only now did I understand that he actually didn’t want me to be the head of the SU family at all. I’ve been helping others to gain their favor all this time.”

Liancheng Yazhi had sent Yue ye to deal with Su He, so the SLI family had once again fallen into the hands of the eldest grandson of the SU family.

Perhaps, the SU family’s old master had always valued his eldest grandson. After all, he was his first grandson, so he doted on him much more than his other grandsons!

Tang Zhen didn’t know how to comfort people. He thought for a while before

saying, don’t be too disheartened. A man doesn’t have to inherit his family’s business. You can start your own business if you have the ability.

Su Yue nodded. yes, I'm already working on it. It's getting better. When we return to the room next time, I might be able to show you my career.

"I believe you can."

Su mo chatted with Tang han for a while before hanging up the phone.

tang han looked at his phone. he felt that su 'ers call was a little too sudden.

furthermore, they didn't get to the point this time. it was a little strange, but he

didn't think too much about it because he didn't have time to think about anything else. he had to go back and report this to his superiors.

He still had to interrogate the three people who were still breathing. In addition, he had to continue to search for the remaining foreign mercenaries who were lying in ambush in all corners of the capital. Regardless of whether he had a grudge with Liancheng Yazhi or not, what happened last night could not happen again.

Tang han picked up his hat and covered his face.

He also wanted ran ran to be like Liancheng Yazhi, having a happy family with his wife, daughter , and unborn child!

After Su Yu hung up, he threw his phone aside. I didn't get anything out of

Tang han. You won't get anything out of him. You might as well call Rong Yan. She'll be happy to hear your voice.

The person sitting across from su Yue was none other than seven, who had not

heard from her for a long time. He was holding a photo of Rong Yan in his hand, and he said with a smile, " I just want to know that he's living a happy life. I don't want to disturb his peace..

Chapter 1660: Falling in love with a person you can never get close to

Seeing how calm seven was, su Yue suddenly became furious. He kicked the table in front of him and said, " are you so willing to see her with another man and have children? don't you want to have her? "

Seven didn't react to su Yue's anger. He was very calm, and he didn't even move his eyelids. His eyes were still fixed on the photo.

He smiled and replied, " yes, why wouldn't I? I've always dreamed of being with her. I've always dreamed of having her. I'd be the happiest person in the world.

"Then why don't you fight for it?"

Se Qi's fingers gently caressed the face in the photo. but the premise of having her is that she loves me. The person she likes is me. If I can be loved by her for only one day and die the next day, I'm willing to do so. However, the person she loves is Liancheng Yazhi. I don't want to put her in a difficult position. If I can't be her lover, I'm willing to be her best friend.

“best friend?” su yue sneered. Just like you? He was afraid to see her happy while he stood alone in the corner, so he ran to the horizon alone. He wouldn't feel sad if he didn't see her? Since you want to be her best friend, then go stand by her side. Stand up for her whenever she needs you.”

Seven raised his head and looked at su Yue. He said seriously, ” you don't understand my feelings for Rong Yan. You've always wanted to take her away. As long as you have a chance, you won't let it go. But Huahua, I'm different from you. I want to make her happy. I want to make her happy. If I appear in her life, it will definitely cause conflict between her and Liancheng Yazhi. To me, the best way to make her happy is to leave. It's enough to just watch from a distance.

Su 'er's expression turned extremely ugly after hearing Seven's words. She took out a stack of photos and threw them in front of seven. you're looking at her from afar, right? okay, see, see, Rong Yan is pregnant again. It's a son and he's almost six months pregnant. Then, shouldn't you run to her and give her your blessings? ”

Seven picked up all the photos and looked at them carefully. They were of the few times Rong Yan had gone out after she got pregnant. Some of them were solo photos, some were photos of her and Liancheng Yazhi together. The person who took the photos kept a certain distance from them, not daring to get too close, and some of the photos were a little blurry.

however, this was already very precious to Seven. he said, ” “It's good to know that she has a son. This way, her position in the Liancheng family will be more stable. This is good. I'm very happy. Thank you for telling me this. I won't run to her. You don't go either. Liancheng Yazhi is such a possessive person. How can he tolerate his wife being coveted by others?”

Su Yu snorted and raised his chin. He said very proudly,”Of course I won't go now. I can't rely on the SU family anymore. I have to start my own business.

When I have the ability to compete with Liancheng Yazhi, I will go back.”

Seven shook his head. Su Yue was different from him. His temper was actually quite similar to Liancheng Yazhi's. Once he fell in love with a woman, he would do everything he could to get her.

It was just that he had met Rong Yan a little later. Otherwise, if he had met Rong Yan first, he would never have given Rong Yan the chance to meet

Liancheng Yazhi..
