

Permit Me 1681

Chapter 1681: Bring a coffin over

“I think you need my help now.” Tang han faced Liancheng Yazhi and said.

“Oh, really? Then I have to thank you, but it seems like there’s no need for that.”

liancheng yazhi didn’t want tang han to be involved in this matter.

Tang han was a soldier and he was a businessman. If he wanted to save the winter, his method would definitely be contrary to Tang Han’s principles. He only wanted the winter to be safe. Tang han had to consider many factors. If a dispute were to arise, it would only affect the rescue.

It wasn’t that Liancheng Yazhi was conceited and looked down on Tang han. He just felt that he and Tang han were not on the same page when it came to saving people. After he rescued the people, he could hand over all those people to Tang han to manage. However, he didn’t want Tang han to be involved in the rescue.

a few of the bodyguards that liancheng yazhi had left at the school saw liancheng yazhi and walked over. their expressions were very calm as they walked up to him. one of them stepped forward and whispered something in liancheng yazhi’s ear.

There was no change in Liancheng Yazhi’s expression, but his eyes narrowed.

After Liancheng Yazhi heard this, he turned to Tang han and said, ” I have something to do, so I’ll be leaving first. I hope Colonel Tang and the police can catch those people as soon as possible.

The school was still on lockdown, and some of the criminals who had sneaked into the school had yet to leave. The police and the military were still very useful here.

After Liancheng Yazhi finished speaking, he turned around and was about to get into the car. Tang han knew that he must have something to do and shouted, “Where are you going?”

Liancheng Yazhi pointed at the sun in the sky and said, ” it’s already so late. I’m going home. It’s time for lunch. Don’t just work, Colonel Tang. You should eat when you need to. Goodbye.

Liancheng Yazhi waved at Tang han and bent down to get into the car.

The bodyguard closed the door and quickly got into the front passenger seat.

Liancheng Yazhi left with his men.

The policeman standing beside Tang han asked, ” “are we home?”

Tang han snorted. going home for dinner? that’s nonsense. Get in the car immediately and follow.

“You guys continue to search here, I’ll follow and take a look.” Tang Zhen threw a sentence to the police and only brought a few soldiers to follow.

On Liancheng Yazhi’s side, his expression changed the moment he got into the car. It was bone-chillingly cold and bloodthirsty.

The bodyguard in the front seat turned around and said to Liancheng Yazhi, " young master ya, they took Dong Tian out of the school as soon as they caught him. They asked you to come to Century Square alone before two O 'clock in the afternoon. They probably thought that you wouldn't dare to hurt anyone with so many people in the square.

Liancheng Yazhi sneered. Was there anything he didn't dare to do in this world?

The bodyguard saw the car behind them and immediately said to Liancheng Yazhi, " 'Young master ya, Tang Han's car is chasing after us."

Liancheng Yazhi did not turn back. he won't be satisfied. Let him chase after us. We'll go directly to Century Square.

"But they said you should go alone?"

"Alone? They think too highly of themselves. Tell the people in the cars behind to buy a coffin on the way."

Those people were willing to do anything to get Kang Jin. This clearly showed how important Kang Jin was to them. As long as they didn't get him, they wouldn't dare to do anything to Dong Tian.

If Liancheng Yazhi wanted to ensure Dong Tian's safety, he had to show that he did not care about him at all.

"A coffin?" the bodyguard was dumbfounded.

"Yes, even if it's a coffin," Liancheng Yazhi nodded.

it's Yingluo. the bodyguard didn't dare to ask any more questions and quickly informed the people in the car behind..

Chapter 1682: Either you help or get lost

Liancheng Yazhi came to the periphery of Century Square. It was 1:40 p.m. At the moment and the temperature was very high, so there were not many people in the square. No one would be silly enough to come to the square to dry at this time.

This brought some convenience to Liancheng Yazhi. At least, he did not have to worry about being too busy.

After Liancheng Yazhi got out of the car, Tang han also followed closely.

"Aren't you going home?" Tang Zhen asked him. What are you doing here?"

Liancheng Yazhi was a little impatient. one of my children has been kidnapped, and the kidnapper asked me to come here. Since you're here, help me out. Take away a few ordinary people in the square. It wouldn't be good if we accidentally hurt them later, right? '

"What do you want to do?" Tang han stopped Liancheng Yazhi. This is the capital's city center. If you cause trouble here, you'll make the world's headlines."

Liancheng Yazhi pushed him away and his eyes were cold. Tang han, you better get this straight. Who the f * Ck is causing trouble? if you have the ability, go and bring my child back safe and sound as a soldier. If you can't, then stop shouting.

Tang han was stunned for a moment. In front of him, Liancheng Yazhi was either gentle and elegant or had the appearance of a yuppie. It was rare for him to have such a fierce side.

After he came back to his senses, he continued, "but this is the city center."

Liancheng Yazhi said in disdain, 'so what if it's downtown? I just want to save my family's child, can't I do that? let me tell you, you can either obediently stay here and watch, or you can go and get rid of those common people, or Zhenzhen, get lost as soon as possible. If you dare to delay my matters, I will make sure that your Tang family will not have a good day in the future."

It was almost two O'clock. Liancheng Yazhi didn't have time to argue with Tang han. If he didn't say something harsh to threaten Tang han at this time, what if he came out later and dragged him down, causing winter to suffer an accident?

Liancheng Yazhi pushed away Tang han, who was in a daze. He brought his bodyguards and carried a coffin to the center of the square. There were a few foreign idiots wearing black Caps standing there.

Liancheng Yazhi saw from afar that there was a snakeskin bag at the feet of those people. It must be winter inside.

When the foreigners saw that Liancheng Yazhi had brought a group of people over, they all dragged the snakeskin bags on the ground and retreated.

One of them said in fluent Chinese, " "Liancheng Yazhi, did I ask you to come alone?"

Liancheng Yazhi's footsteps did not stop. They retreated while he moved forward. His speed was not fast, but every step seemed to be stepping on their heads, making them unable to straighten their bodies.

"He's just a child adopted by my family. Do you think I'd put myself in danger for him?" Liancheng Yazhi sneered.

The man immediately took out Dong Tian from the snakeskin bag. On such a hot day, his hands and feet were bound and he was thrown on the scorching ground. Dong Tian's condition was not good. He looked like he had been fished out of the water, but his consciousness had not completely disappeared.

the man pulled out a gun and pointed it at dong tian's head, threatening, "You, aren't you afraid that I'll kill him?"

liancheng yazhi shrugged. with a wave of his hand, the coffin behind him was carried over and landed on the ground.

do as you please, "he said leisurely. I've even brought my coffin. If you kill me, you can collect my body.

Liancheng Yazhi had a smile on his face and seemed to be urging, " if you want to shoot, shoot quickly!

The foreigner's eyes were about to explode from anger. He pulled the safety lock and said, "okay, Qingqing, then I'll bring a corpse back to Qingqing..

Chapter 1683: Let go of the child and I'll spare your life

Before the foreigner pulled the trigger, Liancheng Yazhi said slowly, "but before you shoot, i have something to remind you."

Liancheng Yazhi pointed at the coffin and said, "the person lying in this coffin is the one you're looking for. If you kill him, this coffin will explode on its own. If you dare to touch my Liancheng family, I'll make sure that you'll never be able to take away what you want.

The situation in the winter was not very good. He was at the age where his body was spasming when he was growing up. Although he ate a lot, almost all of it was used to grow up. He looked very thin and weak. He was caught in the hands of the strong foreign man, and he looked particularly weak and pitiful.

However, Liancheng Yazhi seemed to be completely oblivious to this. He was acting like a cold and cruel man who had no love, sympathy, or care for an adopted child.

However, his words successfully made the man put down the gun in his hand.

they did not know that liancheng yazhi was telling the truth, but at the same time, they did not know that he was lying.

Kang Yu was very important to them. They had to ensure that he was safe and sound. So, even if they didn't believe Liancheng Yazhi's words, they had to believe them.

liancheng yazhi knew exactly what they were thinking, so he specially asked someone to bring a coffin. no matter whether kang Zheng was inside or not, as long as it was not opened, they would not dare to act rashly.

The foreigner struggled as he looked at the coffin. He gritted his teeth and said, "You're crazy. Isn't he your best brother?"

it's because he's my brother that he can't fall into your hands and be used as a test subject. I know what kind of person he is the best. Between being killed by me and being taken away by you, he'll definitely prefer the former. Liancheng Yazhi said with certainty and no hesitation.

"Alright, alright, you win." He lifted Dong Tian's clothes and grabbed his hair with his big hand as if he was going to tear his scalp off. Dong Tian closed his eyes and gritted his teeth to endure the pain, not letting himself cry out.

the foreign mercenary said to liancheng yazhi, "this child is yours, right? although it's a pity that you didn't catch your daughter, it's barely enough to make up for the number. Hand over number 090 and I'll return this little brat liancheng yazhi's hands that were in his pockets were clenched tightly, but his face was very calm. he casually glanced at dong tian. "let this child go, and i'll spare your life. "

The man pointed his gun at Dong Tian again. stop trying to scare me. Since I'm here, I'm not afraid of death. Either you hand him over to me, or I'll kill him.

Liancheng Yazhi shrugged. go ahead and kill him. As soon as your gun makes a sound, I'll immediately destroy the body of 090 you're talking about. Your research will be burned to ashes.

He smiled gently. I'm just compensating an adopted child. Without him, I can still adopt someone else. After all, there are many orphans in this world. As for what you're compensating, I think it's much more serious than mine.

After hearing what Liancheng Yazhi said, everyone hesitated. Indeed, how much weight could an adopted child, ran ran, hold in the heart of such a cold-blooded person?

Liancheng Yazhi knew that his words had shaken their hearts, so he continued, let go of this child, and I'll let you leave today. I'm a man of my word. Leave me alive, and you'll have the chance to come back and steal 090 in the future..

Chapter 1684: Only death awaits if you listen to him

Liancheng Yazhi guided her patiently. if you lose your life, what will you use to snatch it? Don't you guys agree?"

The other party's expression became more and more hesitant. Liancheng Yazhi knew that his heart was wavering badly. As long as he put in more effort, he might succeed.

However, he couldn't be too eager. He had to wait, at the right time, to give him a short time to think, and then give him the last attack on his psychological defense.

seeing that liancheng yazhi was about to succeed, one of the foreign mercenaries suddenly used a foreign language to wake up the person who was holding onto dong tian. he shouted, " "Don't listen to his nonsense. He will never let us go."

The man quickly said, " it doesn't matter if we kill this child or not. We can't leave. Didn't you see the man who came with him just now? he's in a military uniform. They're in cahoots. This man is the most cold-blooded and cunning. Have you forgotten how many of our men he killed when he was abroad? "

take this boy as a hostage and capture a few ordinary civilians. If we rush out together, we might still have a way out. If we listen to him, we'll die.

As if a basin of cold water had been poured on the winter foreigner's head, he instantly sobered up and looked at Liancheng Yazhi with a ferocious gaze. he's right. You lied to me, Yingluo. You won't let us go. Give us the person in the coffin and let us leave. When we retreat to a safe place, you'll let this little brat go.

Liancheng Yazhi gritted his teeth. Damn it, I almost succeeded.

His psychological attack was only one step away, but now it was interrupted by that person. Once this psychological attack was stopped and the person who was attacked woke up, all the previous efforts would be in vain.

It was useless to say anything else. Liancheng Yazhi slowly raised his chin and sneered. I'm not lying to you. Believe it or not, I won't give him to you. Either you let this child go, or Yingluo, you two will stay here with him.

as liancheng yazhi finished speaking, the air was suddenly filled with the smell of gunpowder.

He had given the other party a choice. Whatever choice they made, it was their choice.

The atmosphere was stagnant, and no one spoke. Liancheng Yazhi looked straight at the place.

Dong Tian's face was red from the sun. He slowly opened his eyes and glanced at Liancheng Yazhi before closing them again. His fingers moved slightly, and Liancheng Yazhi narrowed his eyes when he saw it. Cha's hand on the right was holding something tightly.

In this hot weather, even a second seemed to be particularly unbearable. Everyone, including Liancheng Yazhi, had a layer of sticky sweat on their bodies.

after a while, he grabbed the winter mercenary and said, "Open the coffin and let us see the person in the box. Otherwise, we won't choose any of them."

"Do you think you still have room to bargain now?" Liancheng Yazhi sneered.

However, he changed his tone. but I'm an easy person to talk to. I'll let you see who the Kasaya in this box is. Open the coffin.

The bodyguards behind him were a little hesitant. The group of foreigners did not know, but they knew that there was only one paper figurine in there. There was no real person.

However, they didn't hesitate for too long and opened the coffin according to Liancheng Yazhi's instructions. However, they were not fast.

Just as the foreigners were focused on the coffin, Dong Tian suddenly opened his eyes and bit the wrist of the person who was holding him..

Chapter 1685: A fatal shot, who saved young master ya?

winter's bite was especially strong. when he was fierce, he was like a little wolf who would not let go until he bit off your flesh.

The hand that Dong Tian was biting happened to be the other party's hand that was holding the gun. With a scream, the gun in his hand fell to the ground. He threw Dong Tian on the ground and punched and kicked him, but Dong Tian did not let go.

Just as winter was about to bite down, Liancheng Yazhi quickly pulled out his gun and ordered, "hit the cricket.

There was no doubt about Liancheng Yazhi's marksmanship.

Fang fa saw the look that Dong Tian gave Liancheng Yazhi when he opened his eyes. It was not hatred, nor was it pleading. It was just a calm look that wanted to tell him something, but Liancheng Yazhi had no idea. However, he saw Dong Tian's fingers move vaguely. He guessed that Dong Tian wanted to tell him that he would do something next.

Liancheng Yazhi did not know what Dong Tian wanted to do, but he had been on high alert and paying close attention to him. He could not stop Dong Tian, but he could do his best to cooperate with him.

the bodyguards behind liancheng yazhi were very well-trained. in addition, they had been under high pressure recently, so their reactions were much faster than usual.

He took the shortest time to pull out his gun and shoot.

The battle was very short because there was no cover. Whether it was oneself or the enemy, they were completely exposed in front of the other party. Moreover, the distance was very short. If one wanted to survive, they would have to compete with speed and marksmanship.

Bang Bang Bang! The sound of gunfire rang out continuously in the square. Both sides faced the bullets head-on, firing at each other.

people were constantly shot and fell. there were enemies and allies. this kind of face-to-face gunfight was more tragic than ever, and the casualty rate was higher.

but fortunately, liancheng yazhi had brought more people with him. the advantage of having more people was that even if the number of deaths was the same as the enemy's, they still had a usable force.

The other party's men fell one by one, and Liancheng Yazhi immediately walked towards winter.

However, a foreigner who had fallen behind Dong Tian suddenly stood up and pointed his gun at him.

Liancheng Yazhi was shocked. Without thinking, he rushed over to protect Dong Tian. The bullet had hit his left shoulder, right in the scapula. The intense pain made Liancheng Yazhi tremble. He had not experienced this kind of pain for many years. Even when he went abroad to rescue Kang Yu, he only suffered some minor injuries despite the many dangers.

The smell of blood stimulated the killing intent in Liancheng Yazhi's heart. He ignored the pain and turned his body to the side, pointing the gun at the man who had just injured him.

the next second, a gunshot was heard, and the tall foreigner fell to the ground with a bang.

the enemies were all dealt with, but liancheng yazhi's expression was very bad.

it was not because of pain, but because of shock and doubt.

The bodyguards protected Liancheng Yazhi in the middle and quickly helped him up.

liancheng vazhi shook them off and nushed dong tian into the arms of one of

the bodyguards. "Look after him."

He covered his wound with his hand, and blood flowed out from the gaps between his fingers. He slowly walked toward the foreigner who was the last to fall.

He bent down to check the wounds on the foreigner's body. He had three gunshot wounds. One was on his leg, which was the first one to be shot by the bodyguard. One of them was shot in the abdomen from the front and was not fatal. The other was shot in the back of the heart. At that time, Liancheng Yazhi was facing him.

In other words, Liancheng Yazhi had only hit him in the abdomen. Then, who had shot him in the back?

At that time, his bodyguards were all around him, and no one ran behind the man to shoot him.

Liancheng Yazhi immediately looked around.. Someone had saved him!

Chapter 1686: the first true emotion

Someone was helping him!

Who was it?

His body was covered in blood, his wounds were burning, and the high temperature was baking him. Liancheng Yazhi began to feel dizzy. He tried to look around. There were many commercial buildings around the square.

According to the direction of the bullet that hit the enemy's body, Liancheng Yazhi could roughly determine the direction.

The bodyguard saw that the wound on Liancheng Yazhi's shoulder had almost dyed half of his shirt red and quickly said, "young master ya, you're injured. You should go to the hospital now.

Liancheng Yazhi did not move. His body was shaking, and the things in front of him had already blurred. He pointed to the commercial building in front of him and said, "go up to that building. If you encounter any suspicious people, immediately leave behind the people with the sniper rifle and bring them back to me.

the bodyguard didn't understand and said, "young master ya, yingluo."

"Hurry up and go." Liancheng Yazhi berated.

it's ... the bodyguards quickly rushed over with a few people.

The ropes on Dong Tian's body were untied. He staggered to Liancheng Yazhi.

uncle, let's go home. Natsume will help you take out the bullet.

let's go home, ran ran. Liancheng Yazhi nodded.

Dong Tian supported him as they walked towards the car. At this time, Tang han and his men rushed over. He angrily said, this is Century Square. How can you shoot and kill people here? "

Without waiting for Liancheng Yazhi to speak, Dong Tian looked at Tang han with cold eyes and said disdainfully, "If we don't kill them, are we going to let them kill us? Don't blame us if you're useless. Before you say that, you should think about whether you can't protect us taxpayers and whether you're worthy of the clothes you're wearing."

Tang Zhen was instantly speechless by a child. He even felt a little embarrassed.

saving the hostage was originally what they should do. however, because the other party was liancheng yazhi, tang han actually urged him to have a mentality that it didn't matter whether he cared or not.

Tang Han's body trembled. Under such bright sunlight, he suddenly felt very cold, extremely cold.

He had always been impartial and impartial, separating public and private interests, but this time, he had mixed up his personal feelings with Public

Affairs.

liancheng yazhi didn't have time to argue with tang han now. his wound was very painful. he pointed to the last body that fell down. "you can take all the other bodies, but i want to keep this wanwan. " "Why?" Tang han was puzzled.

“it’s none of your business,” Liancheng Yazhi said.

The body was still useful. He wanted to find out who had saved him by testing the bullet inside and the trajectory of the bullet!

Dong Tian helped Liancheng Yazhi into the car.

He looked at Liancheng’s shoulder that was stained red with blood. His eyes were slightly red as he said, ” “Uncle, thank you.”

Dong Tian was a smart child. When he was caught, Liancheng Yazhi had said a lot of cold and cruel words. He was very sad at first, but later he understood that it was just a means of Liancheng Yazhi to save him.

In order to save him, Liancheng Yazhi had even helped him block a bullet.

Dong Tian’s eyes were burning. This was the first time he had shown his true feelings since he came to the Liancheng family.

Liancheng Yazhi’s face was very pale. He opened his eyes with a faint smile on his lips. He raised his uninjured hand and rubbed Dong Tian’s head without saying a word.

Although Dong Tian was adopted by their family, Liancheng Yazhi was a protective person. Once he entered the Liancheng family, he was a part of their family. Moreover, MeowMeow liked Dong Tian so much, so Liancheng Yazhi had already treated Dong Tian as his family..

Chapter 1687: Let his hands be stained with blood!

To Liancheng Yazhi, saving his family was a matter of course. He did not regret being a pawn for winter at all.

However, it was a little awkward.

His wife would definitely be worried when he got home.

Liancheng Yazhi sighed. He had originally thought that after returning from abroad, he would accompany Rong Yan and take care of her so that she could have a happy life during her pregnancy. But now, things were happening one after another, one wave after another. It made Rong Yan worry again and again. He had really failed.

The bodyguard sitting in the front passenger seat said, “young master ya, there’s a first aid kit in the car, gauze, disinfectant, and hemostatic. I’ll do a simple dressing for you first.”

after all, it would take at least 40 minutes to get home, no matter how fast they were. they couldn’t just let the blood flow all the way.

fortunately, there was a first aid kit in the car, just in case.

“Bring me the first aid kit.” Liancheng Yazhi nodded.

the driver stopped the car and the bodyguard quickly got out to open the trunk and take out the first aid kit.

lian Cheng yazhi turned to Dong Tian and said, "Dong Tian, come and bandage my wound!"

"I can't do it. I don't know how to do it. I've never done it before." Dong Tian shook his head.

Lian Cheng Yazhi said coldly, "It's because you haven't done it before that you have to do it. As a man, how can you be called a man if you haven't added blood? You even saw a dead person just now. Are you still afraid of this?"

"Don't dawdle, hurry up."

After today's series of dangers, Lian Cheng Yazhi felt that he was too gentle with Dong Tian's education. If he wanted a child to grow up, he had to give him a burden that was beyond what an average person could bear. He had to train Dong Tian so that he would have the ability to protect MeowMeow and protect himself. At least, he would not be caught the next time he encountered the same danger.

At this moment, Lian Cheng Yazhi felt that when he was young, his old master's tiger-like education had actually been useful. If a man wanted to be strong, he should not dream of having a happy childhood. There were gains and losses. Lian Cheng Yazhi decided that from now on, he would educate Winter in the way the old master had taught him.

The first thing he did was to start dressing his wounds.

To let him face the wounds of the blood-drenched forest, to let his hands be stained with blood.

Dong Tian trembled as he opened the first aid kit. He followed Lian Cheng

Yazhi's instructions and cut the cloth around the wound. Then, he washed the wound with saline, applied disinfectant, and finally applied hemostatic before bandaging it with gauze.

Dong Tian was a child. His hands trembled when he saw the bloody wound. Lian Cheng Yazhi's blood stained his hands red, and the piercing smell of blood hit his face.

This was the first time he was doing this kind of thing, so his movements were very rusty and often poked his wound. It was so painful that Lian Cheng Yazhi broke out in a cold sweat.

He gritted his teeth and didn't let himself cry out in pain.

"Remember, this is just the beginning," he told Winter. "Remember what it feels like to have your hands covered in blood. You'll feel it more and more in the future."

However, this winter, her hands were stained with Lian Cheng Yazhi's blood. In

the future, Xuanji would be the blood of the dead, many, many dead people.

Lian Cheng Yazhi looked at Dong Tian with a serious and serious expression. As a man, he said to another man, if you want to be strong, you must be cruel. If you want to protect MeowMeow, you must first become strong. "Yes, I'll remember that." Dong Tian gritted his teeth and nodded.

He wanted to protect

MeowMeowMeowMeowMeowMeowMeowMeowMeowMeowMeowMeowMeowMeowMeow.

He didn't want to be helpless the next time he was in danger. He didn't want to see MeowMeow cry.

he swore to protect meowmeowmeowmeowmeowmeow forever!

Chapter 1688: i l ve beaten them all to the ground

When they were about to reach the Liancheng old mansion, the walkie-talkie of the bodyguard in front rang. He turned around and said to Liancheng Yazhi, ” “Young master ya, the people who went to search the building have come out.

Do you want to talk to them?”

Liancheng Yazhi reached out his hand and said,”give it to me.”

After taking the walkie-talkie, Liancheng Yazhi asked directly, ” “what did you find?”

A voice quickly came from the walkie-talkie. young master ya, we found an abandoned sniper rifle and a shell in a bathroom under repair on the 14th floor of fengyue building. We didn’t find anyone who left it there, nor did we find anyone suspicious.

Liancheng Yazhi’s hands tightened. footprints. Fingerprints? are there any? ‘ no, the bathroom is very clean. There are no traces at all.

Liancheng Yazhi sighed. let’s come back first. Bring the gun and the shell back.

“It’s Yingluo.”

Liancheng Yazhi was very disappointed with this result, but he didn’t think it was normal. To be able to hit the back of the enemy from so far away with only one shot, he must be an expert. Since he was an expert, if he didn’t want to be discovered, how could he leave any traces for them to find?

He had ordered his men to rush over from the square. After such a long time, the person would have long escaped. It was easier said than done to find him.

However, the more mysterious the other party was, the more Liancheng Yazhi wanted to know who it was.

why did she save him?

“Uncle, who are you looking for?” Dong Tian asked Liancheng Yazhi liancheng yazhi spoke as if he was talking to an adult. today, I didn’t kill the person who shot me. The person who killed him was on the building 200 meters away from here. He used a sniper rifle. I sent people to look for him, but he has already left. I can’t find him.

“Uncle, is that person very powerful?” Dong Tian asked.

yes, he’s very powerful. He was at least 200 meters away from where we were at the time, but he could kill the target with one shot. Don’t you think Qianqian is very powerful? ”

“Yes, uncle Yingluo, don’t you know who it is?”

Liancheng Yazhi patted Dong Tian’s head. “Brat, I didn’t even see him. How would I know who it is?”

They reached home very soon. Liancheng Yazhi said to Dong Tian, “I’ll tease you when we get home. don’t tell your aunt about your kidnapping. okay? don’t

let meowmeow know either. ”

If Rong Yan knew that she had almost lost her life during the winter kidnapping, she would have been worried to death.

Dong Tian nodded. yes, I know. I’ll go back and say that I was taking advantage of the chaos at school. I was locked up in the school warehouse by the students in my class who don’t usually get along with me.

Liancheng Yazhi raised his eyebrows. why are you at school? is there someone who doesn’t get along with you? ” he asked.

“Yes, but I’ve already beaten them all down. They don’t dare to challenge me anymore.” Dong Tian nodded and lifted his chin with pride.

Liancheng Yazhi smiled. that’s right. Although that fist is sometimes too simple and violent, the simpler the means, the more effective it is sometimes.

After today’s incident, Dong Tian and Liancheng Yazhi were a lot closer and more talkative, finally looking like children.

Just as Liancheng Yazhi’s car stopped at the entrance of the house, a tall and fashionably dressed young woman walked out of fengyue building in Century Square.

She walked to a black Porsche and touched the door for a while before sticking an electronic chip on the door.. A few seconds later, the door opened with a click!

Chapter 1689: Don’t worry, it doesn’t hurt at all

She pushed up the ridiculously large sunglasses on her face and looked around. Then, she leisurely got into the car and closed the door. She raised her hand and pulled down her wavy hair, revealing her neat short hair. Then, she took out a strange-looking iron sheet, inserted it into the car’s keyhole, and smoothly started the car. Then, she left.

Just after she left, a fat middle-aged man with glasses was on the phone. He walked out with a woman in heavy makeup in his arms. When he came to the parking space, he was dumbfounded and the phone in his hand fell to the ground.

“Where’s My Car? Where’s My Car?” she screamed.

It just so happened that there were some police officers in the square who were dealing with the aftermath of the shooting. The man ran over, grabbed one of the police officers, and cried, ” officer, I want to report that my car is gone. I just took out a loan to buy it last month. You must help me find it.

There had just been a vicious shooting here and many foreigners had died. The higher-ups told them to deal with it as soon as possible. They couldn’t cause any bad influence and tried to be as quiet as possible so that the media wouldn’t know. Fortunately, there was no one in this area at noon. Otherwise, they really didn’t know how to deal with it.

With such a big case in hand, how could the police have the time to care about the theft case? didn't they see that there were still a lot of bloodstains on the ground to wipe?

However, the police officer didn't want to say anything unpleasant, so he said,

Don't worry, come with us to the police station first. We'll make a case and explain the situation clearly."

The man anxiously followed the police to the police station to report the case, but no one expected that the next day, this person would find the stolen car when he was patrolling the street not far from the police station. Did the thief deliberately send the car back?

of course, this was a story for later!

When Liancheng Yazhi and Dong Tian returned home, the house was naturally in chaos. Rong Yan saw him half dressed in blood -soaked clothes and looked particularly terrifying. She was so scared that she almost fainted.

Liancheng Yazhi quickly reached out to pull Rong Yan and said gently, " Rong

Yan, I'm fine, I'm really fine. I'm worried about you. You just look a little scary.

Rong Yan steadied her mind and grabbed his hand while trembling. She asked anxiously, " "How did you get injured?"

"Yingluo was shot by accident, but it's already been bandaged."

"I've been shot," Rong Yan's face turned pale and she exclaimed, " quick, quickly go find Natsume and ask him to quickly take out the bullet for you.

"Alright, don't be in a hurry. I'll go now." Liancheng Yazhi was afraid that he would be worried if he saw Rong Yan, but now that things had come to this, he was afraid that there was nothing he could do,

With her big belly, Rong Yan dragged her to Natsume's laboratory. Natsume opened the two-story door to let them in. He first checked Liancheng Yazhi's wound and said, " it's just a small injury, don't worry. I'll give him anesthesia and take out the bullet. It's just a small operation, so don't worry. Don't stay here and watch. You're affecting my performance.

Natsume said this because he was afraid that the bloody scene during the operation would stimulate the pregnant woman, Rong Yan.

"Alright, I'll go out first." Rong Yan quickly nodded.

"I'll wait for you outside, " she said to Liancheng Yazhi.

Liancheng Yazhi used his uninjured arm to look like a baby. don't worry.

Natsume said that it's a minor surgery. By the way, where's MeowMeow? "

he's still in a good mood now. I've asked dad to accompany him. You can go and see him after your surgery.

yes, go outside and rest. It's just a superficial wound. It's not a big deal. It doesn't hurt at all..

Chapter 1690: Don't say sorry

Rong Yan left Natsume's laboratory and saw Dong Tian coming out with him. She bent down and asked softly, "Winter, how is it? are you in danger?"

no, "Dong Tian shook his head," I'm not in any danger, Auntie. I was just locked up in the school's warehouse by a few boys from my class. Uncle found me and brought me back.

This was the first time Dong Tian had said so much to Rong Yan. A smile appeared on Rong Yan's pale face as she patted Dong Tian's head. that's good. Go take a shower and see MeowMeow. She's been talking about you.

"Mm," Dong Tian said as he comforted Rong Yan. "Auntie, don't worry. Uncle will be fine."

"I know,"

Rong Yan was not worried about Liancheng Yazhi's injury this time. Instead, she was worried about how many dangers were waiting for Liancheng Yazhi outside without her understanding.

After Rong Yan asked Dong Tian to go back, she did not go anywhere. She just sat outside Natsume's operating room and waited!

she did not wear a watch on her wrist, and there was no clock on the wall. she did not know the time, but she knew that a long time had passed. " alright, the bullet has been removed. he will wake up in an hour. go in and have a look. as long as he takes his medicine and changes his medicine on time, he will recover very quickly. he is completely fine. "

"Natsume, thank you." Rong Yan quickly stood up.

you're welcome. You're pregnant now. Take care of yourself and don't worry too much. It's not that serious.

Rong Yan laughed. you don't have to comfort me. If I can't even bear this, how can I give birth to a child abroad alone? "

Natsume touched his nose. Alright, Rong Yan was always under Liancheng Yazhi's protection now. He had almost forgotten how tough Rong Yan was back then. She had dared to sneak out alone.

Liancheng Yazhi had just finished his surgery and couldn't move for the time being, so Rong Yan was by his bedside.

after waiting for less than an hour, liancheng yazhi was done. rong yan smiled and asked, " "Does it hurt?"

Liancheng Yazhi's voice was very hoarse. it's okay. The anesthetic hasn't completely worn off, so I can't feel it. I'm sorry to make you worried.

Rong Yan grabbed Liancheng Yazhi's hand. you don't have to be sorry to me. It's good that you're fine.

Rong Yan did not intend to ask about the details of Liancheng Yazhi being shot unless Liancheng Yazhi took the initiative to tell her.

To Rong Yan, her main focus now was to hope that Liancheng Yazhi could recuperate well. What she wanted was for him to be healthy.

Liancheng Yazhi heaved a sigh of relief. As long as Rong Yan wasn't angry, it was fine. He looked at Rong Yan and said, "I really want to kiss you, but I can't move now."

Rong Yan leaned over and gently kissed Liancheng Yazhi's lips. "It's okay. You can't move, but I can kiss you."

Liancheng Yazhi's injury was on his shoulder, and he could walk after the anesthetic wore off.

The next day, after resting at home for a day, he felt much better except for the pain from his wound. He carried MeowMeow in his arms and said to Rong Yan, " we really have to thank her teacher for

etime.
```

rong yan's hand, which was peeling a banana, trembled for a moment, but she quickly returned to normal and smiled. "Yeah, I really have to thank him."

rong yan turned around and handed the banana to “Mom, you said yesterday that teacher is a good person.. Can you ask teacher to come to our house?”
