

Permit Me 1721

Chapter 1721: Uncle Tang, you I re very handsome!

Liancheng Yazhi shrugged and said, “you don’t have to believe me!” i’m forcing you to believe me.
” tang zong

To be honest, what if he didn’t have confidence in Liancheng Yazhi’s words?

But what if what Liancheng Yazhi said was true?

Just as Tang Zong was feeling conflicted, MeowMeow suddenly said, “Uncle

Tang, you’re very handsome.”

Tang Zong’s eyes immediately lit up. A child would definitely not lie. Tang Zong rushed over, picked up

“Uncle, what are you going to do tomorrow?” MeowMeow asked.

Tang Zong suddenly felt a little shy after being asked by MeowMeow.

tomorrow, I’ll do that. After tomorrow, I can officially be your little uncle.

MeowMeow’s little hand patted Tang Zong’s shoulder.”Then you have to work hard tomorrow.”

Tang Zong nodded, “don’t worry, uncle will definitely do his best!” I’ll definitely work hard to become your uncle Xiao.”

The next day, Tang Zong woke up early in the morning, full of energy.

However, Yingluo

Didn’t Jin Tian say that he was going to meet Tang han? why didn’t anyone get

Why was Liancheng Yazhi still sleeping in on such an important matter? tang zong wanted to go upstairs to find liancheng yazhi but was stopped by butler li. she said, young master Tang, have some breakfast first. It’s only seven o ‘clock. You’re up too early.

“Early?” Tang Zong asked.

“Of course it’s early. It’s seven in the morning. Young master rarely wakes up at this time. You’d better not disturb him. Otherwise, if you make him unhappy, he might not go today.”

Tang Zong nodded repeatedly. that’s right. Liancheng Yazhi has a bad temper. He might even have a temper when he wakes up.

But it’s already 7 0 ‘clock, so it’s not considered early, right?

Tang Zong walked around the first floor alone. He walked for about an hour before he saw the first person coming out.

It was not Liancheng Yazhi, it was Gu Hesheng.

Gu Hesheng was wearing a white silk Tang suit and was about to go out to practice Tai Chi. When he saw Tang Zong, he asked, "are you ready? However, he's quite spirited." Tang Zong hurriedly tidied up his clothes. "hehe, you're in high spirits, right?"

"Hmm, not bad," Gu Hesheng said with a smile.

"Old Sir, you have the best eyesight."

Gu Hesheng saw that Tang Zong had already packed up and was ready to leave at any time. He asked, "But, don't you think you're up a little too early?" Tang Zong pointed at his watch. It's getting late. Look, it's already eight o

'clock.

Gu Hesheng waved his hand, "eight o'clock is still too early. Who would rush to discuss their children's marriage in the morning? Let's go have breakfast first. There are still a few hours left. "

"huh?" Tang Zong was dumbfounded.

It's still early. Do you want to eat or go to sleep? There's no use waiting here. After he finished speaking, Gu Hesheng swung his arms and went out to practice boxing.

The corner of Tang Zong's mouth twitched. He still had to wait for a few hours. This wasn't very good. He had already tidied up his bed and was just waiting to leave. He shouldn't be treated like this.

But Gu Hesheng was an old man, he would definitely know more about this matter than him, and what he said was definitely right.

Tang Zong pouted as he sat on the sofa. He should have asked her clearly last night.

Tang Zong waited downstairs for another hour before he saw Liancheng Yazhi and Rong Yan coming down.

Rong Yan looked at Tang Zong, who was dressed and had his hair combed neatly. She smiled and teased, morning. Oh, you're all packed. Not bad, you look pretty handsome.. But why are you so eager? "

Chapter 1722: The wait was so long

Tang Zong raised his head. You guys woke up too late. It's already nine o'clock.

Rong Yan sat down and said matter-of-factly, "I'm pregnant."

"I'm injured." Liancheng Yazhi sat beside Rong Yan.
child."

This family of three had very good reasons.

It was normal for pregnant women to wake up late. It was also normal for injured people to wake up late to recuperate.

children loved to sleep in, and there was nothing to say about that.

he was the only one who had woken up early in the morning and waited downstairs for two hours.

tang zong was almost losing his patience. he asked, "then, when are we going?" tang zong really wanted to quickly settle down with rong nuo 'a so that he could at least be at ease.

Liancheng Yazhi said, "if you want to meet with Tang han, you have to do it at a time when he's free and I'm free. After Secretary Zhou communicated with

him, he set the time for the meeting in the afternoon at two O 'clock sharp.

"What? in the afternoon?" Tang Zong's face was bitter. Isn't this waiting a little too long?"

He counted on his fingers. It was nine O 'clock now. There were still more than five hours to two in the afternoon, which was Yingying!

oh my god, why is time so difficult to endure? Can't we go faster?

Liancheng Yazhi laughed. I didn't wait long. You were too anxious. Kid, do you really want to be my brother-in-law so much? "

tang zong's face turned red. he turned his face away from liancheng yazhi. "It's not wrong for me to be anxious. Of course, I'm anxious to marry the girl I like."

"there's no point in you being anxious. the time has already been set. it's 2:30 in the afternoon. if i were you, i'd take off my clothes and change into more comfortable clothes so that they won't crumple."

tang zong's ears perked up. there were still more than five hours before he would meet tang zhen. if the time was too long, his clothes would indeed crumple. at that time, it would affect his handsome image.

"i'm going upstairs for a while." tang zong stood up.

Tang Zong ran upstairs. Rong Yan and Liancheng Yazhi couldn't help but laugh at his anxious back.

Tang Zong had just gone upstairs when Rong nuo came down. "Sister, brother-in-law, meowmeowmeowmeowmeowmeow, Good Morning." "Come over and have breakfast together," Rong Yan called out to her. After Rong nuo sat down, she asked, "where's Tang Zong? he's not up yet?."

Caretaker li served breakfast, and she replied to Rong nuo, young master Tang, he woke up a long time ago and came down at 7 O 'clock. He insisted on knocking on the door, but I stopped him from going up.

After steward li finished his words, everyone laughed.

Sometimes, the things that Tang Zong did were really too funny. His brain was still wired differently from normal people.

However, after laughing, Rong Yan said, " "It's pretty good."

The fact that Tang Zong had woken up so early showed that he was concerned about this matter. He liked Rong nuo, which was why he cared about this matter. And because he cared about it, he had woken up early, afraid that he would be late.

Rong nuo felt that it was funny, but at the same time, she felt very sweet in her heart. She asked, “where is he now?”

Liancheng Yazhi answered her, “he went upstairs to change his clothes. He wore a suit early in the morning and sat upright like a stone statue. When he heard that it was still early, he was afraid that his clothes would have wrinkles, so he went to change.

Rong nuo lowered her head and chuckled while biting her chopsticks.

under tang zong’s constant urging, it was finally one in the afternoon.

Tang Zong pulled Liancheng Yazhi to rest and acted cute and coquettishly without caring about his image. “Brother-in-law, let’s go, let’s go, it’s already one o’clock. Go and change your clothes. Let’s hurry up and leave. I can’t wait any longer.. “

Chapter 1723: Who’s that kid smiling at him?

Liancheng Yazhi was reading the financial section of the newspaper and was unmoved by Tang Zong’s words.”There’s still an hour and a half, what’s the rush? At this time, if you go too early, it would seem too eager. If you want to go, the time is just right.”

This time, it was a small contest between Liancheng Yazhi and Tang han.

If he went early, it would seem like he was not worth enough. He had to be reasonably late within a certain range.

Liancheng Yazhi was a very punctual person, but this time, he planned to be a little late. He was making an exception for Tang han.

Tang Zong still did not let go. even if we’re late, it’s almost time. Why don’t you go and change your clothes first? ”

Liancheng Yazhi put down the newspaper and poked Tang Zong’s forehead. you can’t be in such a hurry. When you get there, put on your airs and show that you’re fearless, understand? ”

“I understand, I understand. I know what I’m like in front of Tang han.” Tang Zong knew how to deal with Tang Zhen. He was not worried at all.

Liancheng Yazhi continued to educate her. you can’t be too arrogant either. We’re Wanwan’s reasonable people.

However, he knew that his words would be useless to Tang Zong. This kid didn’t even know what the word “reason” meant.

Tang Zong pushed Liancheng Yazhi. I understand, I understand. I understand everything. Can you go and change your clothes now? ‘

Liancheng Yazhi sighed. wait downstairs. I’ll go change my clothes.

“it’s yingluo.”

Twenty minutes later, Liancheng Yazhi had changed his clothes and was finally able to bring Tang Zong out.

Before they left, Tang Zong pulled Rong nuo's hand. nuo nuo, don't worry. I will perform well today and not embarrass you. After I finish talking to Tang han, we can get married smoothly.

Rong nuo smiled and said, "alright, go quickly." &Nbsp; "Good luck, uncle," MeowMeow said.

Tang Zong clenched his fist at MeowMeow. "Good luck. "

In the car, Tang Zong was like a child with ADHD.

"Are you nervous?" Liancheng Yazhi asked.

Tang Zong shook his head. of course, I'm not nervous. I'm going to meet Tang Zhen. What's there for me to be nervous about? he should be the one who's nervous when he sees me.

Liancheng Yazhi nodded. that's right. This is the state. Maintain it.

soon, the car arrived at the place where he and tang han had agreed to meet. it was 7 minutes later than the agreed time.

It was a coffee shop for afternoon tea. The environment was elegant, quiet, and melodious piano music played. It was quite suitable for business.

When the two of them arrived, Tang han was already there.

He was looking at the coffee in front of him and seemed to be in a daze. He didn't even notice when Tang Zong and Liancheng Yazhi walked in front of him. This was not in line with his usual strict style.

liancheng yazhi glanced at tang zong and then smiled at tang han. " Colonel Tang, you're so early. Sorry to keep you waiting.

Tang han instantly regained his senses and immediately looked up at

Liancheng Yazhi.

Tang han was shocked and his body trembled. F * ck, who was the kid standing beside Liancheng Yazhi and smiling at him?

Tang Zhen looked at Tang Zong and frowned. He didn't say anything.

Tang Zong did not stand on ceremony as he walked towards Tang Zhen. what are you doing, brother kun? What are you looking at? " don't you recognize

After he finished speaking, he even pulled out a chair for Liancheng Yazhi very attentively and smiled. brother-in-law, have a seat.

Tang Zong's words and his actions made Tang Zhen dumbfounded.

Was this the devil incarnate, Tang Zong?

I'm going to take a breath, Yingluo..

Chapter 1724: Tang Zong, is there something wrong with your brain?

Tang Han's brows furrowed even more tightly. Today was a little too surreal, or was he hallucinating?

Tang Zong was confused as to why Tang Zong would be with Liancheng Yazhi.

Tang Zong, who had always been arrogant to the point that people felt he deserved a beating, who was unconvinced by anyone, actually smiled in such a flattering manner. And the words he said, did he have to be so obsequious?

Was this the Tang Zong he knew?

Definitely not, it definitely wasn't Yingluo.

The Tang Zong in Tang Zhen's heart was already set in stone. In his eyes, Tang Zong would always be a person who focused on tricking his parents and tricking all the ABCs in the Tang family. Furthermore, he would never be tired of it and would treat it as a joy in his life.

Moreover, this guy was a Wolf that no one could discipline. He would bite whoever he caught, and not many people could get a friendly smile from him.

At the very least, in all the years that he had known Tang Zong, he had never seen Tang Zong show any kindness to anyone.

But now, this guy who looked exactly like Tang Zong was thoughtfully serving Liancheng Yazhi.

After Liancheng Yazhi sat down, Tang Zong sat beside him and called for the waiter. He asked very awkwardly, "Brother-in-law, what do you want to drink?"

"A cup of latte, " Liancheng Yazhi said casually.

He didn't come here to drink coffee, so it didn't matter.

Tang Zong also decided not to look at the list. He turned to the waiter and said, "Then I'll have a latte too. Two latte cups."

Tang Zhen, who was watching from the side, felt that his eyes were almost unable to bear it. Right now, it was as if he was looking at someone who was exactly the same as Tang Zong, doing things that were completely different from his personality. It was really unbelievable.

"Tang Zong?" Tang Zhen tried to call out.

Tang Zong was originally happily talking to Liancheng Yazhi. When he heard Tang Zhen's voice, he frowned impatiently. "What are you shouting for? I'm not dead yet!"

Liancheng Yazhi coughed lightly. cough. Tang Zong. Don't forget why you're here today.

Liancheng Yazhi's words made Tang Zong's irritation instantly disappear. His face was instantly filled with a smile as he asked Tang han in a kind and friendly manner, "Bro, what's up?"

That smiling face, that 'big brother', that unprecedented gentle and not sarcastic words, it really made Tang han feel provoked again.

This was the friendliest smile that Tang Zong had ever shown him, including the rest of the Tang family, but why did he feel that this smile made him shudder?

Tang Han's hand was trembling slightly. He felt that his eyelids were twitching a little too fast.

Tang Zhen struggled for a while before asking, "Tang Zong, is there something wrong with your brain?."

Actually, Tang Zhen originally wanted to ask, "Tang Zong, are you possessed?"

However, he thought about it and realized that he was a soldier of the Empire, a high-ranking general. He could not say such superstitious things.

In the end, just as Tang Zhen finished his question, Tang Zong was instantly enraged. you're the one who has a problem with your brain. I think it's not just your brain that has a problem. Your entire body has a problem.

After Tang Zong finished speaking, he chuckled. if you don't have any problems, why would you want your own son? "

Tang han shouted angrily, "Tang Zong!"

"Did I say something wrong?" Tang Zong shrugged. I'm just stating the truth. Tsk, tsk, in order to help you make up for your sins, I've done a lot of good things. You don't have to thank me. It's normal for a younger brother to clean up his older brother's mess."

Tang Zhen's anger had reached its peak because of Tang Zong's words.

just as he was about to flip the table, liancheng yazhi slowly took a sip of coffee. " "Tang Zong, you've gone off topic.."

Chapter 1725: A talented man and a beautiful woman, a perfect match

tang zong immediately shut his mouth. he glared at tang zhen, ahem, ahem, Yingluo, it's all your fault. Don't talk nonsense. You're holding me back, you know? "

Tang Zong was such a person who deserved a beating. No matter what happened, he could always put the blame on others. He would even turn around and blame others for delaying his important matters.

Liancheng Yazhi glanced at him. do you still want to talk about serious matters? ‘

"Of course, Zhenzhen has to tell me." Tang Zong nodded his head repeatedly.

After he finished speaking, Tang Zong immediately looked at Tang Zhen. His eyes were filled with sincerity, causing Tang Zhen's entire body to go numb.

It wasn't too late. Tang Han's eyes lit up and he said, "brother, i came in to tell you something."

Tang Zhen shuddered. His rationality had not been completely destroyed by Tang Zong's abnormal behavior. He interrupted Tang Zong's words and asked, "Alright, but before that, tell me first, what's going on between you two?t,

Tang Zong!

liancheng yazhi!

From Tang Han's understanding, these two people should have no connection at all. They were not the same kind of people. When they stood together, they did not match at all.

Just like winter and summer, these two people could not be mentioned in the same breath.

It wasn't that they were weaker than each other, but that they were in different worlds, so there was no comparison.

If there had to be a similarity, it would be that Yingluo and the others could anger him to death.

tang zong was a little shy. "hehe, what i want to tell you is also related to what you're asking. "

A bad premonition arose in Tang Han's heart. "What's your relationship?" tang zong glanced at liancheng yazhi and quickly lowered his head. his face was a little red."That Yingluo, I Yingluo"

At this critical moment, Tang Zong actually felt a little embarrassed when he mentioned his marriage. Liancheng Yazhi was really speechless.

However, Tang Zong's look of hesitation seemed to mean something else to Tang Zhen. He suddenly thought of a possibility. Tang Zong and Liancheng Yazhi, the two of them?

Tang Zhen suddenly straightened his back and pointed at them,"Don't tell me you guys are ..."

When Liancheng Yazhi saw Tang Han's shocked expression, he suddenly realized something. Tang han wouldn't misunderstand that they were gay, right?

He glared at Tang Zong. This brat is really a coward.

Liancheng Yazhi cleared his throat and smiled. Colonel Tang, I said last time that we would sit down and have tea together. It's come true today. I think I need to formally introduce myself to you. After all, Yingluo, we might be a family in the future.

Liancheng Yazhi was also quite bad. He deliberately said half and left half to let Tang han guess.

However, when he said this, it made Tang han feel that his guess was correct.

Look at Tang Zong's shy expression and Liancheng Yazhi's smug expression.

They ... They were in a daze.

Tang han could not accept this result.

tang han struggled for a while before saying, "liancheng yazhi, you have a wife and child?"

Liancheng Yazhi raised his eyebrows. I know. My wife and child are very good. You don't have to worry about them. However, although what I'm going to say is related to my wife and child, it's not directly related.

He patted Tang Zong's shoulder and said, "it's like this. Tang Zong will soon become my brother-in-law. He and my wife's younger sister are in love with each other. The two of them are talented and good-looking, and they are a perfect match. Therefore, I've come to find you today to discuss their marriage. After all, we're also considered elders..

Chapter 1726: I want to get married

When Tang han heard Liancheng Yazhi's words, it felt like the magnitude of the earthquake was 9. A magnitude of 0 earthquake was even more shocking to him.

No, it wasn't shock, it was terrifying!

It took him a long time to fully understand Liancheng Yazhi's simple words.

In the end, he came up with a simple conclusion, and that was-Tang Zong was getting married!

This was probably the scariest thing Tang han had ever heard in this century.

In the past, he had thought that in this life, a person like Tang Zong would never understand what love was. He would never understand what love was!

This was because in Tang Zong's world, he loved to play around, play around, go crazy, and experience danger and excitement. But there was no such thing as a woman.

There seemed to be no women in Tang Zong's world.

As the saying goes, there are ten acupores in a man. Tang Zong was a nine-acupores master. He was smart and cunning, a b * stard, and shameless. He could do anything. He could be the most powerful criminal, and he could also be the smartest police officer. But when it came to women, he knew nothing.

However, Yingluo has a guy who has always been at odds with you. One day, he suddenly sat in front of you and calmly told you, "Hey, that brother of yours who's been giving you a headache for the rest of your life is getting married. The person he's marrying is my wife's sister.

To Tang han, this was a disaster that was more destructive than a magnitude 9 earthquake.

Tang han gulped twice. He put on his hat, took it off, put it on and took it off, repeating this action many times.

Tang Zong and Liancheng Yazhi looked at him. They saw that he was anxious and did not speak.

Liancheng Yazhi was still alright. He had always been a patient person.

However, Tang Zong couldn't take it. He slammed the table and pointed at

Tang han."Hey, hey, hey, hey, hey, Tang han, what do you mean? say something! "

Tang Zhen unbuckled the metal buckle and drank the cold coffee in one gulp.

After putting down the cup, Tang han looked up at Liancheng Yazhi and Tang han and asked, "Yingluo, you guys are joking, right?"

Tang Zong was not happy. He jumped up and pressed his hands on the table.

He stretched his body over and his face was almost touching Tang Zhen's eyes.

He pointed at himself and said, "I'm joking. Do you think I look like I'm joking? I've been writing serious from head to toe, serious, serious, do you understand?" look at my eyes. It's clearly written in my big, beautiful eyes that I want to get married. I want to get a wife. Are you kidding me? do you think I'm like you? once I have a girl I like, I have to get her. I'm determined to let my son call me father. I won't let my future wife suffer.

Tang Zong had once again used the words ‘a child’s words carry no harm’, seemingly unintentionally giving Tang Zhen a blow.

Tang Zhen was furious. But at the same time, he couldn’t help but think that even a hooligan like Tang Zong would say such words one day. He could only bear the burden of his family and watch the woman he loved get further and further away. He could only watch as his child got closer and closer. He couldn’t acknowledge her and didn’t even have the courage to stand in front of her.

Tang Zhen gradually calmed down. He asked Tang Zong, “Is everything you said true?”

Tang Zong sat down, raised his chin, and said like a willful child, “Of course it’s true. I want to get married. I want to marry Rong nuo. I came to see you today to tell you that I’m getting married. When I get engaged with Rong nuo later, you can come and visit my parents..”

Chapter 1727: Releasing Tang Zong’s killing intent

Tang Han ignored her and turned to look at Liancheng Yazhi. “Rong nuo is your wife’s younger sister.” he finally understood why Liancheng Yazhi had said that there would be more opportunities to sit at the same table together in the future.

The temperature in Tang Han’s eyes turned cold. Liancheng Yazhi was too cunning, and it was simply impossible to guard against him.

He knew that no one in the Tang family could do anything to Tang Zong. Of all times, he had to bring Tang Zong back at this time.

Although they seemed to be talking about marriage now, Tang Han knew that Liancheng Yazhi’s meaning was definitely not that simple.

Liancheng Yazhi’s actions were a warning to him not to act rashly. Otherwise, he would release Tang Zong, this killer weapon.

Letting Tang Zong deal with him, this move was indeed very effective. It could be said that the results were immediate.

The people of the Tang family in the Tang column knew him like the back of their hands, but the Tang family could not figure out his path. Seeing Tang Zong’s attitude towards Liancheng Yazhi, Tang Zhen had no reason not to believe that he was already completely on Liancheng Yazhi’s side.

This time, Yingluo was really in trouble.

Tang Zhen silently ridiculed in his heart, “Tang Zong, this bastard. For the sake of a woman, he is actually so indecisive.”

Liancheng Yazhi was the calmest of the three of them. He said, “Of course. Why else do you think I would appear together with Tang Zong?”

“What if I say I don’t agree?” Tang Han asked after a long silence.

Tang Zong and Liancheng Yazhi laughed at the same time. When the two of them laughed, there was a slight similarity, and both of them were very devious.

Liancheng Yazhi slowly said, “you don’t agree?” Colonel Tang, it seems that you still don’t understand the situation. You don’t seem to have any right to make a decision on this matter, and your words won’t have any influence.”

Tang Zong was even more direct. He was no longer shy and directly told Tang Zhen, I’m here today to tell you that I’m getting married. If you know what’s good for you, you can come out and make an appearance as a guest. You don’t have to say anything. If you don’t, don’t blame me for not recognizing your family.

The two of them spoke one after another. Tang Han’s face darkened. He knew it.

Tang Zhen ridiculed Tang Zong, “disowning your own family?” You actually still have the nerve to say this word. Haven’t you done it a few times already? No, when Have you ever had your family in your eyes?”

tang zong was not angry at all. he seriously corrected tang zhen’s words, “brother, you’re wrong about that. i’ve always had my family in my eyes, and even more so in the future. after all, i’m going to be a married man soon. in the future, i’ll definitely have my wife and children in my eyes.”

“Then what’s the point of you coming to tell me about this?” Tang han gritted his teeth.

Since she didn’t need his opinion at all, why did she have to come and tell him?

Was it just to make him angry and upset? young master ya: wow, you’re so smart. You even guessed it!

Liancheng Yazhi chuckled and said, “of course it’s meaningful, and it’s of great significance. The children’s weddings should, of course, be handled by the elders. Otherwise, there would be no rules. I’m here to discuss with you this time. You see, we both know that this is a special period and we can’t hold it wantonly. However, if we get married quietly, it will be unfair to them. Why don’t we get engaged first? it doesn’t need to be too Grand. The elders of both sides can be present to witness it. It can be considered as a finalized marriage..

Chapter 1728: I’ll choose my wife

The corner of Tang Zhen’s mouth twitched. This was indeed a special period. Both sides should have been enemies, but now they were sitting at a table and discussing the marriage of the younger generation?

No, discuss marriage?

Then Liancheng Yazhi should be representing the girl’s side, and he should be representing Tang Zong.

However, no matter how he looked at it, he felt that Liancheng Yazhi’s man and woman were all representatives. [young master ya: Aiya, why did you say everything? I can’t even hide this from you. You’re really amazing.]

“Since the elders of both sides are present, I will inform my parents. They will decide the specific matters.” Tang han took a deep breath and said.

In the end, just as he finished speaking, Tang Zong's face instantly became extremely arrogant. He raised his chin and said, "you dare to be so arrogant?"

Liancheng Yazhi saw that Tang Zong was about to act arrogantly and said, he's right. Your parents are still alive. Indeed, we're reasonable people. We can't be lacking in etiquette.

Tang Zong pouted and snorted. He looked at Tang Zhen from the corner of his eyes. "Tang han, let me tell you. You can tell them about my marriage. However, I will say this in advance. You can come to my engagement party with Rong nuo. However, after you come, just take a few bites and you can pretend to be mute. If you can't do this, then don't come at all. If you dare to make my engagement party unhappy, Humph Humph Humph Humph

Humph. "

Tang Zong felt that today was a good day and didn't want to ruin it. Therefore, he didn't make his threat too obvious.

In any case, Tang han only needed to understand the meaning behind it.

Of course, Tang han understood. Not only did he understand, but he also had a deep understanding of his means.

"Tang Zong, they're your parents. Shouldn't they be here for your wedding?" Tang Zhen said angrily.

Liancheng Yazhi frowned and tapped his finger on the table. "Colonel Tang, you're wrong. Tang Zong didn't say that he wouldn't allow your parents to come. Although you have some prejudice against Tang Zong, you shouldn't twist his words, right?"

Liancheng Yazhi's words were too obvious, and he was overprotective.

He had completely forgotten that the person in front of him was Tang Zong's biological brother. He, Huahua, was at most his brother-in-law.

However, Liancheng Yazhi had already treated Tang Zong as one of his own. So, he could bully Tang Zong in all ways, but he didn't like to hear others lecture him.

"That's right, did I say I wouldn't let them come? I mean, if you want to come, you have to follow our rules."

Tang Zong nodded his head repeatedly and leaned his body towards Liancheng Yazhi. His face was like a villain who had achieved success. He looked like he had a backer. Tang Zhen hated him!

Tang Zhen cursed in his heart, "Tang Zong, you're really good. Of all people, you chose Liancheng Yazhi."

Now that the two of them had joined forces, it was easy to imagine how destructive they were.

What did he just say?

Listen, he was talking about us?

He was from the Tang family, but he told Liancheng Yazhi about us.

In the eyes of this little brat, Tang Zong and Liancheng Yazhi were already family. He had put all the kinship that he should have given to the Tang family into Liancheng Yazhi's family.

Tang han thought about it and was very annoyed. "tang zong, don't go too far. your parents raised you. don't tell me that you have no say in your marriage?"

Tang Zong's eyes gradually became determined.. "Right, no! I'll make my own decisions for my own matters, I'll choose my own wife, whether it's you or them, no one!"

Chapter 1729: Which eye of yours saw me happy?

you're really a coward! Tang han was so angry that he didn't know what to say. He had no way to deal with Tang Zong.

Tang Zhen glanced at Liancheng Yazhi. He really didn't know what kind of charm Liancheng Yazhi had to make Tang Zong listen to him so obediently.

Was it only because he was the brother -in-law of the girl Tang Zong liked?

Tang Zhen felt that Tang Zong wasn't someone who was easily tamed.

Liancheng Yazhi must have used some methods.

if liancheng yazhi were to answer this question, he would definitely tell tang han, " That's right, he had used some tricks. He had simply abused Tang Zong a few times when he was bored. After a few rounds of abuse, this kid had gotten used to it.

Tang han took a deep breath and said,"so you met me today just to inform me?" Liancheng Yazhi, do you have anything else to say?"

Liancheng Yazhi spread his hands. of course not. Our purpose is very simple.

He simply wanted to see Tang han go crazy, get angry, suffer a loss, and disgust him.

At the same time, he also told Tang Zhen that he could stop approaching the Liancheng familys house.

Tang Zong supported Liancheng Yazhi from the side. that's right, you're very innocent. You're the only one who always thinks of people in such a

complicated way. I'm just letting you know that we'll let you know when we've decided on a date for the engagement. If you want to tell mom and dad, then go ahead. Remember to tell them what I just said.

tang Zhen clenched his fists tightly as he sat there. the veins on the back of his hands were visible.

Tang Zong had already regarded the Liancheng family as his home. What was the difference between this and marrying into his family? Tang Zong,"marry into the family?" why didn't i think of it? this is pretty good!

Tang Zong originally wanted to drink a mouthful of coffee, but he picked it up and sniffed at the smell before putting it down in disgust. He asked Liancheng Yazhi, "Brother-in-law, are you done?"

Liancheng Yazhi nodded and "I'm done." &Nbsp;

“then let’s go back.”

“Good Yingluo.”

Liancheng Yazhi stood up and reached out to Tang han. it was a pleasant conversation with Colonel Tang today. I hope that the next time we meet, it will still be a pleasant conversation.

The corner of Tang Han’s mouth twitched.

Happy? happy your head? Which eye of yours saw that I was happy?

He was clearly so angry with them that he was going crazy.

How could Liancheng Yazhi still be so serious when he was lying through his teeth? it was as if the conversation just now was really completed in a happy atmosphere.

Tang han looked at the hand that was in front of his eyes. To be honest, he really didn’t want to hold it. He just wanted to break it.

Tang han did not reach out, and Liancheng Yazhi did not take back his hand.

Tang Zong watched from the side for a while and pouted unhappily. He felt that his ovvn brother had embarrassed him too much. How could he be so rude?

Tang Zong stood up and grabbed Tang Zhen’s hand across the table. Then, he shook his hand with Liancheng Yazhi. After that, he even chided him with a straight face, “Brother, you have to be polite. You really shouldn’t have done

Tang Zhen held his forehead. He was really about to collapse from these two people.

This kind of joke was really ironic, and he really didn’t want to laugh.

Tang Zong had taught him to be polite. This bastard was clearly the most impolite guy in the world, but now he was criticizing him for Liancheng Yazhi.

Liancheng Yazhi smiled and retracted his hand. He said very elegantly, ” “Goodbye, Colonel Tang. I look forward to our next meeting. I hope that you’ll be smiling more when the time comes. Oh, you’ve worked hard to protect my family these past few days. Thank you.”

Chapter 1730: He was very disappointed

In the face of Liancheng Yazhi’s shamelessness and elegance, Tang han had nothing to say.

Tang han felt that he would never be able to be like Liancheng Yazhi in this life and say such things to others that went against his heart.

Sure enough, people were different, and in some aspects, they could never be common.

However, in terms of shamelessness, Tang Zong and Liancheng Yazhi were indeed more like brothers than he was.

Liancheng Yazhi said ‘goodbye’ to Tang han and the two of them were about to leave.

However, after a few seconds, Tang Zhen suddenly called out to Tang Zong, “Tang Zong, are you sure you want to get married? Do you know what marriage is? marriage isn’t a game.”

Tang Zong paused for a moment before he slowly turned around. He replied with an unprecedented calmness and maturity, brother, someone has already asked this question. You're not the first one. I've already figured it out, so you don't have to worry.

tang zong sized tang Zhen up. “i feel that i understand what marriage is more than you do now. if you have the time to argue with me, why don’t you go and reflect on what you have done wrong all these years! You may think that I’m a good-for-nothing, but in my opinion, you’re nothing in other aspects except for your career. I’m more qualified than you to discuss marriage.”

After Tang Zong finished speaking, he didn't care about Tang Zhen's expression. He smiled at LianchengYazhi and said, "brother-in-law, let's go."

Liancheng Yazhi finally looked at Tang Zong with satisfaction. Not bad, this kid has a mature side now.

However, after praising him in his heart, he had yet to walk out of the coffee shop when Tang Zong pulled Liancheng Yazhi back and pointed at a decoration in the shop. “Brother-in-law, brother-in-law, let’s buy this?”

Liancheng Yazhi took a look. It was a little turtle with a gold ingot on its back. To be honest, it was quite ordinary and the material was average. If there was anything good about it, it would be that the Kasaya was very delicate. From a distance, the turtle seemed like a real one.

“why do you want to buy this?” liancheng yazhi was puzzled.

“I’m giving it to MeowMeow to play with. Look at how cute it is. She’ll definitely like it, won’t she?” Tang Zong said.

Liancheng Yazhi's mouth twitched.

[illegible]

My daughter doesn't like turtles."

Tang Zong's forehead was covered in cold sweat. what tortoise? that's not a tortoise. That's a Xuanwu Kasaya, do you understand? that's a divine beast.

Liancheng Yazhi took a closer look and it was true. That little thing looked a little different from an ordinary turtle, but!

“Divine beast? No need, I only have this one in my house!”

Tang Zong's destructive power was already comparable to that of a divine beast. Now, he could even use it to ward off evil.

tang zong

“Let’s go!” Liancheng Yazhi grabbed his collar.

tang zong did not leave. he hugged the table in the shop and refused to let go.

he shamelessly said, brother-in-law, buy it before you leave. Buy it before you leave.

The customers in the shop all looked at them as if they were monsters.

Liancheng Yazhi felt embarrassed. He let go of Tang Zong, found the shop assistant, and spent a lot of money to finally buy the divine turtle.

lian Cheng yazhi gritted his teeth and said, "I think you like it!" You didn't buy it for meowmeowmeowmeowmeowmeow!"

Tang Zong hurriedly said, "It's really for

This scene had been in Tang Han's eyes the entire time, and he was very disappointed..
