

Permit Me 1731

Chapter 1731: Don't bully my brother-in-law

Originally, Tang Zong's target of acting coquettishly and shamelessly should have been him, his biological big brother. But now, it had been changed to someone else. On the contrary, every time he and Tang Zong met, it was as if they were enemies.

tang Zhen originally thought that no matter who tang zong was to, he would always be extremely lucky.

But today, he knew that this kid was not just that. He knew how to act coquettishly, how to please, and how to be friendly. However, these were never for the Tang family.

His surname was Tang, but he had a quivering heart.

tang han sighed, picked up his hat, paid the bill, and left.

When he got outside, he saw that Tang Zong and Liancheng Yazhi were about to get into the car.

Tang han walked over. Liancheng Yazhi, wait. I have something to ask you.

"Hey, Tang Zhen! What are you doing?" Tang Zong glared at him. "Tang Zong, wait for me in the car," Liancheng Yazhi said to him.

Tang Zong pointed at Tang Zhen and said, "but, he's afraid."

liancheng yazhi smiled. "don't worry. it's not the first day i've known colonel tang. i've always liked to talk to him. "

Tang han clenched his fist tightly. He really wanted to punch this bastard!

"Alright." Tang Zong pouted.

he turned to tang han and said fiercely, "Hey, I'm telling you, don't you dare bully my brother-in-law." tang Zhen was deeply speechless. he was once again hurt by tang zong's words.

his own brother was actually protecting his enemy.

After Tang Zong unwillingly got into the car, Liancheng Yazhi and Tang Zhen walked out a few steps.

Liancheng Yazhi squinted his eyes as the sun shone on him. hurry up and say what you want to say, Colonel Tang. I really don't like the sun.

"Don't make use of Tang Zong." Tang Zhen looked at Liancheng Yazhi.

Liancheng Yazhi raised his eyebrows. what are you saying? he's already close to my brother-in-law. Why would I use him? "

It was just a reasonable allocation of human resources. They were family anyway, so it would be a waste not to use them.

Tang han hatefully said, "you're obviously using him to ridicule me."

Tang han didn't finish his sentence. Liancheng Yazhi smiled and asked, "What am I going to do with him?"

"Two days ago, the alarm in your house sounded. What's going on?" Tang han changed the topic.

Tang Han's heart couldn't be at ease until he understood this matter.

This time, Liancheng Yazhi replied very quickly. "Oh, you're talking about that night? that was a misunderstanding. That night, Tang Zong and Rong nuo came back from their trip and arrived home in the middle of the night. In the end, that kid deserved a beating. He climbed the wall without knocking and triggered the alarm on the wall. I've already taught him a lesson. Thank you for your concern, Colonel Tang."

It seemed like the alarm last time was real. If there was something hidden, Liancheng Yazhi would not have told him so quickly.

"If there's anything, please inform me immediately. I'm leaving."

After Tang han finished asking, Liancheng Yazhi did not let him go so easily.

he stopped tang han and said, " don't be in a hurry to leave. since colonel tang has already asked me a question, i'll return it to you.

It was a hot day, and the two men were dressed very tightly. However, they seemed to suddenly not care about the hot sun above their heads. They stood by the side of the road, which was steaming from the high temperature, and seemed to be having a good chat.

"What do you want to see?" Tang Zhen immediately became alert. Liancheng Yazhi smiled. don't be nervous. It's just a casual question. It's like this, Colonel Tang. I have a good brother called Jian Jie. He suddenly disappeared some time ago. After that, I spent a lot of effort to find him, but I haven't heard from him.. I want to ask you, Colonel Tang, how is he now? "

Chapter 1732: Confirm the engagement date

tang han wasn't someone to be trifled with. he quickly reacted, Mr. Liancheng's brother is missing. You should report it to the police. What's the point of asking me? "

Liancheng Yazhi's eyes were confused, 'really? I thought that the military and police are the same, so it would be the same if I asked you."

"Then you're asking the wrong person. I still have things to do, so I'll be leaving first." After he finished speaking, Tang han turned around and left.

Liancheng Yazhi looked at his back and sneered.

Although Tang han didn't say anything, from his actions, even if Liancheng Yazhi couldn't be sure that the sigil was in his hands, he definitely knew about it.

Otherwise, Tang han wouldn't have left in such a hurry. He was afraid that if he talked to Liancheng Yazhi for too long, he would be tricked into revealing something.

the more you say, the more mistakes you make, not to mention liancheng yazhi, this cunning old fox.

After Liancheng Yazhi got into the car, Tang Zong hurriedly asked, "Brother-in-law, brother-in-law, what did you say to Tang han?"

Liancheng Yazhi smiled and said, "it's nothing. It's still about your engagement with Rong nuo. Your brother and I don't really like each other. Now that he sees that you and I are about to become brother-in-law, he doesn't feel very comfortable.

"Tsk!" Tang Zong huffed, "I don't get along with him either. I feel even worse when I see him."

that's enough, " Liancheng Yazhi said. let's stop talking about him and go home.

"Then when should I choose to be engaged to Rong nuo?"

"I'll go home and let my father-in-law choose." yes, yes, leader gu. he's definitely good at this. let him help me choose a good day. '

The two of them talked all the way home and had already forgotten about Tang han.

However, on Tang Zhen's side, after he told the main family about Tang Zong's marriage, it immediately set off a huge uproar in the family.

"How was it? did it go smoothly?" Rong Yan asked them when they got home.

Tang Zong lifted his chin and said proudly, "It's going very smoothly. Nothing happened at all."

"you didn't use that zhenzhen to do it?" rong nuo asked him.

Hong nuo understood 'I'ang Long very well. 'I'ms Rid was too muddleneaaecl. He and Tang han were like enemies. This meeting would not be too peaceful, right?

Tang Zong immediately replied, 'how can that be? I've always been very polite. The atmosphere of our conversation is always pleasant and friendly. Right, brother-in-law?" liancheng yazhi nodded and said, "yes, it sounds friendly."

Rong Yan and Rong nuo looked at each other. To be honest, they didn't believe that these two people could really do nothing good together.

Tang Zong sat beside Gu Hesheng and poured him a glass of water, " "old man gu, can you help me choose an auspicious day and set the date of my engagement with rong nuo?"

gu hesheng took the cup of tea that tang zong brought to him, " "Then do you want a good day or any other day?"

"It's neither too far nor too close." Tang Zong thought for a while.

"How about next month? The ninth day of the new year is suitable for marriage, a good day."

tang zong looked at gu hesheng and said,"it's too far, but it can't be this far." Think again. "

gu hesheng counted the days,"then let's do it at the end of this month, the days are pretty good .

"How's the end of this month?" Tang Zong quickly turned to ask Rong nuo.

"eldest sister, what do you think?" rong nuo asked rong yan.

Rong Yan gave the decision to Rong nuo again. you two can decide. This is your business. We'll be responsible for handling it for you.

"Then at the end of the month."

"Then I'll inform Tang Zhen of the date tomorrow." Tang Zong happily jumped up..

Chapter 1733: protect our family

Liancheng Yazhi said lightly, " there's no need. You can just go out and find a random road. After walking two kilometers, you'll see a black car parked by the side of the road. Knock on the window and tell the person inside the car the date of your engagement.

Realization dawned on Tang Zong,"ah?" You're saying that those strange black cars we saw on the side of the road when we went out were related to Tang han?"

"they are all tang han's people." rong yan smiled.

"Why is Qianqian there?" Tang Zong was confused.

"To protect our family, of course, " Liancheng Yazhi teased.

"Brother-in-law, stop joking around. What exactly is Yueyue trying to do?" Tang Zong asked with a serious expression.

Liancheng Yazhi said, " it's really protection. Don't worry about this problem. You should think about where you and Rong nuo are getting engaged. Home or the hotel? who will you invite?"

"The most important thing is, dear, have you prepared your engagement ring?" Rong Yan added.

"Ah, Yingluo, I almost forgot. I'll get it done now." Liancheng Yazhi left these words and hurriedly ran upstairs.

Rong Yan sighed. Hey, I'm not done yet. There's still the gown!

"Big sister, I'll prepare the gown," Rong nuo said shyly.

then let the designer come to our house tomorrow. You can choose.

Rong nuo shook her head. it's just an engagement. There's no need to go through so much trouble. Moreover, it's not good to let outsiders come to our house at this time. Tomorrow, Tang Zong and I will go out to the shop to pick a set.

After Rong nuo came back, she had already vaguely sensed that the atmosphere at home was tense. Something must have happened, but now, she had to get her engaged to Tang Zong. She felt that it was really too much trouble for Rong Yan.

Rong Yan nodded. that's good. You can go to the store and see for yourself. If there's anything suitable, try it on.

After a while, Rong nuo bit her lip and said hesitantly, "Sister, I want to go to Yingluo." rong yan said what she was thinking. "You're going to see your father, right?" "Yes!" Rong nuo nodded.

In fact, she had wanted to see him for a long time, but she was afraid of putting Rong Yan in a difficult position, so she didn't say it. But now that she was about to get engaged, she wanted to see Rong shenghai.

Rong Yan asked him calmly, "when you first entered prison, I told your father that you had gone abroad to study and would only be back after two years.

What did you say when you went to see him?"

Rong nuo said softly, "I told him that I'm back for the holidays, Yingluo." what about your engagement? are you letting him attend?"

Rong nuo hesitated for a while, but still nodded. In any case, Rong shenghai was her father, although Rong nuo was no longer as close to him as before after he married Yang Yan.

However, Rong shenghai had always been good to her, and they had seen each other less and less over the years. Rong nuo felt very guilty about this.

rong yan nodded. "that's good. i'll arrange for you to meet him after you've settled on your formal attire."

"Sister, thank you."

"there's no need to thank me. it's my duty to do this for you now. however, when you and tang zong get married in the future, you can discuss what to do and what not to do."

Now that Rong nuo was a single girl, it was normal for Rong Yan to pity her and help her do more things.

However, once she got married and had her own family, Rong Yan would no longer ask about everything when something happened.

"Yes, I understand."

Rong Yan patted her shoulder. go on. Discuss it with Tang Zong.

Chapter 1734: My wife is too smart, I can 't hide anything

"I'll go upstairs then."

rong nuo went upstairs and left. rong yan turned sideways and reached out to pinch liancheng yazhi's face. 'What are you thinking about? why aren't you saying anything?"

Liancheng Yazhi hugged her and leaned back, sighing. "I was just thinking, if it's so troublesome to marry a sister-in-law now, what if we marry our daughter in the future?"

Rong Yan lay on Liancheng Yazhi's chest. that's right. I feel a little sad when I marry a younger sister. What if I marry my daughter? "

The next second, Rong Yan smiled again. however, it's a good thing. Our daughter is still young. She can still stay by my side for many years.

"That's true, it's still too early to talk about this," Liancheng Yazhi said with a smile.

at the thought of rong nuo's engagement to tang zong and the fact that it was a

dangerous period now, rong yan asked in a low voice, " "Are there no movements from those people?"

Liancheng Yazhi answered her, "after several failures, their people are either dead or captured. They don't have much strength left, so of course, they don't dare to act rashly. They must be hiding and waiting for the right time. They won't attack so easily.

rong yan raised her head, 'won't make a move easily? That was to say, once they were about to make a move, they were ready? The success rate is already very high?"

Liancheng Yazhi sighed. His wife was too smart and could not hide anything.

He played with Rong Yan's hand, which had gained weight recently. so, we can't give them too much time to rest. We have to lure the snake out of its hole.

rong yan asked excitedly, "how?" You definitely have a plan, don't you?" Liancheng Yazhi raised his eyebrows and said, "what do you think, Yingluo?" rong yan looked at liancheng yazhi's innocent and harmless expression and immediately felt that he was very cunning. she thought for a while and an idea popped up in her mind. she slowly turned to look upstairs."Don't tell me you are? Hey, don't mess around!"

Liancheng Yazhi quickly comforted her. don't worry. Everything will be fine as long as it's properly arranged. Otherwise, do you think that I brought Tang

Zong to see Tang han today just to anger him to death? "

"Anyway, don't mess around." Rong Yan was a little uncertain.

Liancheng Yazhi patted her shoulder and said,"I'll prepare everything." &Nbsp;

After setting the time, the entire Liancheng family began to prepare for Rong nuo and Tang Zong's engagement banquet.

although it was said to be simple, what needed to be prepared couldn't be left out. it wasn't something that could be ignored.

Tang Zong followed Liancheng Yazhi's instructions. Early in the morning, Gu Hesheng was practicing martial arts downstairs while he went out for a run in a sports suit. After running for three to four miles, he saw a black car parked by the side of the road and ran over to knock on the window.

After a while, the window glass slowly lowered and opened up a gap of less than one centimeter.

Tang Zong directly said to them, "tell your boss that my wedding date has been set. At the end of this month, after I've decided on the location, let him know. Tell him to remember to prepare a congratulatory gift. Also, tell him what I told him yesterday. He must definitely pass it on to the Tang family.

The people in the car were confused.

What the hell is this? Did he meet a lunatic this early in the morning?

Tang Zong took out a few pieces of chocolate from his pocket and stuffed them into the crack of the window. "You've worked hard. I need to replenish my energy. Bye."

Tang Zong came quickly and left quickly as well. The few young men in the car were baffled.

However, they still reported the strange morning to Tang Han. Tang Han's face immediately turned gloomy and ugly after he heard this..

Chapter 1735: I really want to congratulate her, but I can't say it

Liancheng Yazhi even said that he didn't make use of Tang Zong. By letting Tang Zong run to the Sentry post he had arranged, he was clearly telling him that Tang Zong was his man!

Also, regarding this matter, Tang Zong had completely helped him.

Since Liancheng Yazhi had found Tang Zong, shouldn't he, Wanwan, also find a helper?

Otherwise, when he faced Tang Zong and Liancheng Yazhi's Alliance, he would be in a tight spot.

Tang Han took his phone and opened his contact list. He looked at Su'er's number and hesitated for a long time!

His fingers wanted to press down many times, but he gave up in the end.

Even if he could not stop Tang Zong and Liancheng Yazhi, he could not give up on his principles.

Losing wasn't scary. What was scary was losing one's principles and not being able to lift one's head for the rest of one's life.

He was a soldier, so he had to be upright and open.

It was also because of this that Liancheng Yazhi admired him while he hated him.

After all, not everyone could be like Tang Han, honest, magnanimous, and open.

Just like Liancheng Yazhi, he knew that he could not do it no matter what.

However, just because you can't do it doesn't mean you don't agree with it.

It was just like how you couldn't be happy to help others, but when you saw on the news that someone had lost his life to save someone else, you would still stop and take a look. Then, you would praise in your heart, "what a good person."

Tang Han was the person that Liancheng Yazhi couldn't do, but he admired.

Tang Zong and Rong Nuo's engagement was getting closer and closer, and everything was almost ready.

Rong nuo didn't have many friends in the country. Besides, he didn't have many friends in the past, but he did have a lot of enemies!

In addition, it was just a simple meal, so it didn't seem to matter if outsiders called for it or not.

hence, liancheng yazhi only informed feng nongtang and asked him to bring his wife to make up the numbers when he had time.

after informing feng nongtang, liancheng yazhi hung up the phone and opened his contact list to contact two more people. however, he happened to see a number that he had not called for a long time.

Those three words were like a dusty past in Liancheng Yazhi's eyes.

Liancheng Yazhi's heart suddenly sank. He sat down slowly and stared at the number for a long time.

in the end, he still called yingluo.

Some feelings were really not that easy to forget!

the human instinct was to forget, and to reminisce!

It took a while for the call to connect, and a voice with a bit of the vicissitudes of life came from the phone, "Hello, Yingluo."

After Liancheng Yazhi heard it, he suddenly did not know what to say. He did not speak, and the other party did not speak either. If it was not for the time of the call accumulating by the second, those who did not know would have thought that they had hung up the phone long ago.

After a long time, Liancheng Yazhi finally said, "Rong nuo is getting engaged."

liancheng yazhi heard the sound of something falling to the ground. it sounded like a glass blanket.

After a long silence, there was still silence. Liancheng Yazhi did not urge him.

After a long time, Liancheng Yazhi heard a hoarse voice. "I really want to congratulate her, but I can't say it."

Liancheng Yazhi's expression was a little regretful. I know. I'm not telling you this to hear you congratulate me.

liancheng yazhi only felt that he needed to tell him. although this was very, very bad news for him, it was better than being kept a secret..

Chapter 1736: You can 't turn back time, it's useless to regret

At least in the future, when he encountered it one day, he wouldn't be violently shocked by the sudden impact.

Moreover, he should have known about this matter.

"What time?" he asked over the phone.

"At the end of this month, in block A of the Empire," Liancheng Yazhi told him.

“thank you for telling me!”

Liancheng Yazhi smiled. you don’t have to thank me. It’s just convenient. “Do you want to send a congratulatory gift?” Liancheng Yazhi’s words sounded like he was being sarcastic, but he was serious. The other party had asked for the time and place, and Liancheng Yazhi did not know if he wanted to participate.

A self-deprecating laugh came from the other end of the phone. “I think that for her, my absence is the best gift.”

“Perhaps.” Liancheng Yazhi glanced out of the window.

After saying this, the two of them fell silent again. It was as if they were speechless, or as if they had forgotten how to get along.

It was truly sad that the friends who had drunk and talked happily with each other back then, who had been crazy when they were young, were now at a point where they had nothing to say.

After a while, Liancheng Yazhi broke the silence. ‘My wife is pregnant again, and it’s a son.’
“congratulations.”

“Thank you,” he said.

After the brief conversation between the two, there was nothing else to say.

“I’m still at work. I’ll hang up first,” he said.

Liancheng Yazhi stopped him. Xia Xuanmo, since that period is over, you should also get over it. Time can’t be reversed. It’s useless to regret it.

“Good Yingluo.”

After hanging up the phone, Liancheng Yazhi threw his phone aside and went downstairs with an inexplicable sense of depression.

Downstairs, Rong Yan was playing with meowmeowmeow. Hearing their laughter, Liancheng Yazhi finally felt a little better.

However, he did not disturb them. Instead, he walked out of the house and went to Natsume’s laboratory.

Liancheng Yazhi went to see Kang Yu.

The brothers who had gone through so much together in the past had either left or gone missing. There was also Kang Yu, who still had no intention of waking up. This made Liancheng Yazhi think of these words many times-the world is unpredictable.

Even though the times back then were good, even though he had many fantasies, but along the way, he had lost some, but also gained some.

The advantage he had over Xia Xuanmo was that he did not regret it!

After looking at Kang Yu for a while, Liancheng Yazhi asked Xiamu, ” “Tang Zong and Rong nuo will be getting engaged in a few days, are you going?”

natsume shook his head. "I'm not going. What am I going to do? I have to stay here and watch him."

"Does Kang Yu still not seem to be awake?"

"It's getting better," Natsume said without raising his head.

Liancheng Yazhi looked at Natsume with disdain. "You always say that you're getting better, but I've never seen it before."

Natsume raised his head. I'm serious this time. Go and touch his skin. It's starting to soften.

Liancheng Yazhi was puzzled. He touched Kang Zhen's skin and sure enough, it was much softer than before. The temperature had also risen.

When he first brought Kang Zhen back from abroad, his body temperature was only around 20 °C. His body was stiff, like a Living Dead person.

After Liancheng Yazhi touched it, he said, "really, Yingluo." Of course it's true. If you have nothing else to do, get out of here. Don't delay my work! Natsume waved his hand to chase him away.

Liancheng Yazhi was not angry. "Alright then. I'll come again next time."

After coming out, Liancheng Yazhi's mood was even better. It was good news that Kang Yu's condition had improved.

As long as he woke up, he would throw him out. He would solve his own problems..

Chapter 1737-are you trying to anger us to death

The next day, just after breakfast, caretaker Li walked in quickly from outside.

"Young master, there are a few people outside who want to see young master Tang," she said to Liancheng Yazhi.

Upon hearing this, Tang Zong curiously asked, "you want to see me?" That's rare, who is it?"

Caretaker Li hesitated and said, "they said Yingluo."

"Say what?" Liancheng Yazhi asked.

In fact, Liancheng Yazhi had already guessed it. If the person who came here to look for Tang Zong was Tang Zhen, Butler Li would definitely tell him directly. However, she wanted to say something but stopped. This meant that this person was not Tang Zhen.

Butler Li glanced at Tang Zong, lowered his head and said, "They said that it was young master Tang who urged his parents? I want Zhenzhen to see him."

As soon as he finished speaking, everyone was shocked. Tang Zong's parents had actually come looking for him.

"Parents?" Tang Zong frowned.

A sharp look flashed in his eyes. Although his expression didn't change much, it was obvious that he was angry.

Tang Zong cursed Tang han in his heart. He had actually disclosed the news that he was staying in Liancheng's house to the Tang family and even told them his address. In the past, he only felt that Tang han was annoying and trusted his character. Now, it seemed that he had been wrong.

"Since your parents are here, go out and meet them," Liancheng Yazhi said.

Tang Zong stood up. you guys don't need to come out. I'll handle this myself.

Rong Yan felt that since they were already at the door, she said, " "Why don't you come in?"

Tang Zong chuckled. there's no need for that. I'll go and have a chat with them. After all, we haven't seen each other for a long time. Let's catch up and get to know each other better.

Liancheng Yazhi pursed his lips. Tang Zong's smile was really fake.

rong nuo thought that no matter what, she was going to be engaged to tang zong. now that his parents were here, he had to go and meet them.

"I'll go with you," Rong nuo said.

Tang Zong waved his hand. no need. It's hot outside. You don't have to go out. Just stay at home.

"but zhenzhen." rong nuo was just about to say that it was not really hot now, and they would not be able to get out in the sun, but tang zong had already walked out in big strides.

"Don't worry, he will handle it himself," Rong Yan said to Rong nuo.

Rong nuo looked outside, "I'm afraid he'll run away."

What was there to be afraid of? Of course, he was afraid of Tang Zong and fan hunah!

Outside the main door, Tang Zong said to his parents, "tell your son, tang han, that he betrayed this young master this time. this young master won't hold it against him. however, there won't be a next time."

Mr. Tang was so angry that he was trembling. you unfilial son! How could you not discuss with us about your marriage? ‘

Tang Zong's lips twitched. His rebellious look, as if there was no cure for it, really made people feel like they were picking up a stick and beating him. he dug his ears and said, " you guys are old, it's normal for your brains to be muddled. i won't lower myself to your level. tang han definitely didn't explain my words clearly to you. here, i'll explain it to you face to face now. listen carefully. ‘

"It's fine if you want to come to my engagement party with Rong nuo. After all, you're my parents. My fiancée is very polite. However, if you want to come, you'll have to do it according to our rules. Come, sit down and eat with your mouth. Don't talk. If you can't even do this, then go back to where you should be. If anyone ruins my good day, I won't recognize anyone!"

Mr. Tang was so angry that his chest hurt..

Chapter 1738: have i done anything normal?

Tang Zong grinned cheekily and said, "that's right, that's right. I've always set this as my goal. I've been working tirelessly for so many years. It's a pity that you guys are too tenacious. Yingluo was actually fine after being tormented by me for so many years. Your vitality is really strong. I'm really impressed. In the face of Tang Zong's actions, father and mother Tang were truly helpless even if they were to die of anger.

father tang was so angry that he wanted to hit her,"

"Talk nicely, don't hit me," Mrs. Tang stopped him.

in fact, what she wanted to say was that even if she were to fight, she would only be at a disadvantage.

"Tang Zong, we're still your parents no matter what. You should at least let us see what kind of girl you're getting engaged to, right?" Mrs. Tang looked at Tang Zong and said.

"What?" Tang Zong glanced at him. you still want to take a look, and then pick and choose, saying that she's not suitable for me?"

Mrs. Tang shook her head. that's not what we meant. It's just that since she's going to be our daughter-in-law, isn't it normal for her to come and see us? "

"Normal?" Tang Zong chuckled. Do you think I've done anything normal all these years?"

"You Qianqian." Not everyone in this world is like you!

Mrs. Tang hesitated, "Tang Zong, don't be fooled. Your brother said that he's seen that girl before. She had an affair with the son of the Xia family. Even if you want to find someone, you have to find someone from a noble family with a clean background."

As soon as she mentioned innocence, Tang Zong's expression turned ugly. He changed his frivolous attitude and said with a cold expression, "What innocence? i'm telling you, you'd better think about yourself before you say

that. "

Mrs. Tang's face turned pale and she subconsciously avoided Tang Zong's eyes.

Tang Zong looked at them and laughed sarcastically. you're innocent, right? Gu youran is innocent. You've destroyed her family. Why don't you marry her? "

Mr. Tang immediately snorted. the Gu family broke the law themselves. That's their own problem. What does it have to do with us? our Tang family will never marry a woman like her.

tang zong rolled his eyes. " both of you know very well whether there's any relationship between us. let me tell you, if anyone dares to say a single bad word about my fiancée, i will make sure that you will not be good for the rest of your lives. i mean what i say. anyway, both of you are clear about this. " "You're simply hopeless."

“If I could be saved, wouldn’t I be too disappointing?” Tang Zong made a funny face.

“We’re here to see that girl. She’s not worthy of Qianqian!” Father Tang said angrily.

Tang Zong’s eyes widened as he interrupted father Tang’s words.”if you want to see him, then wait until the engagement banquet. you have to think carefully. if you want to go, tie your necks and don’t talk. if you don’t want to go, then go back as soon as possible and don’t waste my time. also, don’t come here again. tell tang han that if he really wants to play, i’ll play with him.”

Father Tang had always thought highly of Tang Zhen. When he heard Tang

Zong’s words, he immediately said, “Don’t mess around,”

Tang Zong chuckled. I’ve never messed around. Every time I do, I’m very, very serious about it. You don’t have to believe me. It’s true.

After he finished speaking, Tang Zong turned around and entered the house, leaving behind the angry couple whose faces had turned red.

As soon as Tang Zong entered the house, Rong nuo asked him, “How is it?”

tang zong grabbed her hand. ” of course it ended in a happy and friendly atmosphere. they have all gone back.. ‘

Chapter 1739: The person who can’t keep her

Tang Zong was in high spirits as he spoke. However, it was clear that only he knew how much of his words were true. In any case, no one would believe him.

Whether it was a one-sided friendship or a two-sided one, that was another matter.

“did they blame me for not going to see them?” rong nuo asked him.

Tang Zong immediately shook his head. of course not. Why would I blame you? ”

“Then, will they be attending our engagement party in a few days?”

Tang Zong was a little hesitant and said, we’ll talk about it when the time comes. I told them that if they go, they should be clear about it. If they don’t, then they shouldn’t go.

He was speaking the truth this time. If they thought it through, they would go. If they didn’t, they would be unlucky. How they considered and weighed it depended on whether they could figure it out.

On Tang Zong’s side, he was having a very pleasant conversation with his parents. However, the situation on the other side was not the same.

The Tang couple returned to Tang Han’s residence in the imperial capital. One of them kept cursing, while the other covered her face and cried.

It was so noisy that Tang Han’s head hurt.

tang was so angry that he slammed the table continuously. the ashtray on the table bounced as if it was going to fall off at any moment.

Draw a cold breath, see repeated Refresh, Refresh tang Zhen sat opposite him and smoked one cigarette after another. the ashtray was already filled with cigarette butts, but his smoking rhythm was not affected by father tang at all.

Father Tang scolded, " Tang Zong, that bastard. I've raised him for so many years in vain. He won't stop until he angers us to death. If I knew this would happen, I would've strangled him to death back then!

"dad, even if he was just born, it's still a life. it's illegal to kill." tang Zhen said.

Mr. Tang choked and didn't know what to say. Mrs. Tang quickly said, " your father said those words out of anger. Don't make him angry anymore, or something bad might happen.

Tang Zhen turned his head and looked at the fish in the fish tank. It was the only thing that looked a little warm in his home.

That fish tank was a gift from Gu youran many years ago. He had lost her and could only guard the fish tank now.

ever since the gu family's incident and his relationship with gu youran had gradually drifted apart, tang zhen's relationship with his parents had also been pulled apart time and time again.

Tang Zhen couldn't bear to see his parents adding insult to the Gu family's injury. However, they were his parents. What could he do?

He could only stay away from home all year round and be busy with work all year round. This way, he could forget some unpleasant things.

However, after so many years, he realized that his parents had not changed at all. They were still so stubborn, or even unreasonable.

in the past, whenever they were angered to the point of death by tang zong, tang Zhen would say a few words to comfort them.

But now, he realized that he had no desire to speak at all.

Tang han was in a daze when he was pulled back to reality by mother Tang's words.

"Tang han, why aren't you saying anything?" mother Tang asked. What do you think about Tang Zong's matter? are you going to let him get engaged to that woman?"

Tang han turned his head, "what else can I do if I don't let him get engaged?"

Can you guys control him?"

Mother Tang and father Tang were stunned. They didn't expect Tang han to say that. They thought he would comfort them.

"yingluo, why would you say that?" mrs. tang asked, forgetting to even cry.

Tang Zhen threw the cigarette butt that had already burned to the end into the ashtray and said, " I told you not to go, but you didn't listen. You've suffered so many losses over the years. You can't take advantage of him, but you still insisted on going.."

Chapter 1740: This is my fiancée

Tang Zhen was just short of saying, “you guys running over on your own is clearly looking for a beating.”

Tang Zhen didn't tell his parents the address of Liancheng's house, but his men knew it. It wasn't a secret, so father Tang found out after asking.

By the time he found out that his parents had gone to look for Tang Zong, they had already come back crying.

Mr. Tang's expression was unsightly. That's because he's too much. He's getting engaged and he didn't even tell us. He didn't even let us see it. Is this how he should act? Are we his parents? ”

Tang han didn't want to talk about this anymore. He only continued, “Is there any use in telling me this? You want me to teach him a lesson? Or do you want me to join you in scolding him?”

“You're his brother. Can't you teach him a lesson for treating his parents like this?”

Father Tang was really hoping that Tang Zhen would teach Tang Zong a lesson.

Father Tang didn't have much ability. He only knew how to slam the table and curse. However, Tang Zhen was better than him. So, he felt that his eldest son was obedient and capable. He should help them find Tang Zong.

In the past, Tang Zhen had really helped them to look for Tang Zong. However, this time, he didn't want to go at all. He sneered, “dad, mom, if i could teach him a lesson, i wouldn't have to wait so many years for him to become like this.”

“Dad, mom, you're not kids anymore. Be more mature. Tang Zong has left home for so many years, and he's been rebellious since he was a child. He's only related to us by blood. In terms of kinship, he has nothing to do with us.”

Tang Zhen stood up and picked up his hat. I still have something to do at work, so I'll take my leave first. You guys can stay here for the next few days. If you want to go to Tang Zong's engagement party, think carefully before you go. I'll take my leave first.

Tang Zhen's words made the Tang family's parents feel a little panicked. They had always relied on their eldest son. They didn't believe that he suddenly didn't stand on the same side as them.

“Wait a minute, Tang han. What happened to you?” mother Tang quickly called out.

“Mom, what do you want to say?” Tang han turned around and asked.

As she looked into Tang Han's eyes, mother Tang suddenly couldn't say the words she had prepared.

She stammered for a while before saying, “that Xuanji Tang ... Tang Zong said that if we go there, we have to pretend to be mute. When we get there, we can't say or do anything. He doesn't treat us as his parents at all.

mother tang wanted to anger tang han, but he nodded his head, ” that's right. He didn't treat any of us as family members. We're only there to visit the family members.

Mrs. Tang looked at her father, “then is our Yingluo really going to be treated like a block of wood?” I can’t express any opinions, and I won’t even be welcomed.”

Tang han put on his hat. you guys don’t have to go. After all these years, who has he ever welcomed? ” how can we do that? “father Tang immediately denied. if people find out that our son is engaged but we didn’t even go, we’ll be laughed at.

Tang han only said one sentence to them: ” do as you please. If you want to go, it’s best to do as he says. I can’t control him.

“i really have something to do. i’ll be leaving first.”

Tang Zhen left the house after he finished speaking.

As soon as the door closed, father Tang started to slam the table. “unfilial son, how long has it been since our unfilial son urged him to enter the capital, and he’s already become like this? it’s really unfortunate for our family.”
