Chapter 1751 The engagement party is getting more and more lively

Tang han thought that his parents would either come or not come at all.

however, they had never expected that they would choose the stupidest option.

was he afraid that tang zong would not have enough of torturing the two of them, so he found more people for him?

Tang han glanced at his troublesome relatives and thought to himself, “this engagement party is really getting more and more lively.”

Wait, his parents are here. Gu youran was stunned.

Tang Zhen immediately turned his head to look at Gu youran. He saw her sneering sarcastically as she looked at his family. Her smile was so piercing that it made his heart ache.

Tang Zong wasn’t someone to be trifled with. They had come to destroy his most precious and long-awaited engagement party. Let’s see how he would deal with them.

However, Tang Zong did not want to waste too much of his precious time now. He was afraid that Rong nuo would be unhappy, so he said, security, where did these wild dogs come from? how dare you let them in and dirty my engagement party. Do you want to die? throw them out, far away. n

Tang Zhen immediately turned his head to look at Gu youran. He saw her sneering sarcastically as she looked at his family. Her smile was so piercing that it made his heart ache.

Tang Zong wasn’t someone to be trifled with. They had come to destroy his most precious and long-awaited engagement party. Let’s see how he would deal with them.

However, Tang Zong did not want to waste too much of his precious time now. He was afraid that Rong nuo would be unhappy, so he said, security, where did these wild dogs come from? how dare you let them in and dirty my engagement party. Do you want to die? throw them out, far away.

The chubby woman who had spoken just now shouted, ” “Hey, Tang Zong, who are you scolding? we’re all your elders, and attending your engagement party is already giving you face. Don’t be ungrateful, I’m telling you, your parents invited us here. Otherwise, who do you think would want to see you, Hanhan?”

As soon as she finished speaking, a few swooshing sounds were heard. A sharp aura rushed at her face. She only felt a cold wind blowing past her ear, and then her curly hair fell to the ground.

She felt a chill on her belly, and her dress was torn apart, revealing a large fat swim ring.

She looked down and was so shocked that she covered her stomach and screamed, “ah, Yingluo!

Everyone was greatly shocked. Just now, someone had thrown out a few throwing knives, but the accuracy was a bit too fantasizing. It was only short hair, and after cutting off the clothes, there was no damage at all.

It wasn't that his saber technique wasn't good, it was clearly too accurate.

Rong Yan thought of a person. It was the woman who had saved meowmeowmeowmeow in the shopping mall. She was Tang Zong's subordinate. Rong Yan turned around and looked around. Indeed, in a dark corner, she saw red blade.

Tang Zong waved his hand. throw him out, throw him out. Don't disgust me like this again. You guys have ruined my engagement party. I don't want to see any blood today. I won't deal with you yet. Just wait and see tomorrow.

Tang Zong lowered his head and said to Rong nuo, “nuonuo, don't be angry. I will chase them away immediately.”

Rong nuo shook her head. forget it. They're all here. As long as they don't cause trouble, let's sit down together.

She didn't want to make things difficult for Tang Zong. Although it was indeed a little unpleasant for a few troublemakers to come to the engagement party, they were still Tang Zong's relatives.

Tang Zong's eyes swept across those slightly timid relatives and his parents, who had very ugly expressions on their faces.

They had probably planned to cause trouble, but who would have thought that the knife would fly over just after they said a few words? it was a real knife, not a fake one. If it really cut his neck, he would be dead.

Therefore, no one dared to say anything.

Tang Zong's face was smiling, but his eyes were filled with ruthlessness. alright, for the sake of my fiancée, you can stay. Whoever dares to say another word, you can kill yourself when you get back. Don't wait for me to find trouble with you tomorrow, or I'll make you suffer more than suicide.

Tang Zong's smile caused the hearts of his relatives to tremble. When they thought of the things that Tang Zong had done in the past, they all regretted coming here in a moment of impulse..

Chapter 1752 The first meeting between mother-in-law and daughter-in-law

seeing that they were no longer talking, tang zong shifted his attention to mother feng. he chuckled.”dad, mom, and zhenzhen think that you still haven't. remember what i said. since you're old, don't force yourself! People who like to put on a brave front usually don't end up well, you know that.”

although tang zong's words were not very polite, to him, they were already considered rather gentle.

However, even though his words were gentle, it was hard to say if the meaning behind them was as gentle as he said it. At the very least, in the ears of his parents and Tang Han, these words were definitely more dangerous than those threatening words.

He said, "those who like to put on a brave front will not have a good ending." This sentence was already a very serious and terrifying threat.

Tang Zhen and his parents felt a chill in their hearts. It was as if they had been thrown into an ice hole in the middle of winter. It was so cold that their teeth were chattering.

Even father Tang, who liked to smash tables and chairs, couldn't put on an act now. He could only put on a cold face and ignore Tang Zong.

To put it bluntly, he was actually a paper tiger, bullying the weak and fearing the strong.

He was usually bluffing, but in fact, at the critical moment, he could not be tough at all.

Mrs. Tang was afraid that Tang Zong would do something to them, so she tried to pull on Mr. Tang's clothes, but to no avail.

At this time, father Tang didn't look like he was the only one in the family. Mother Tang turned to look at her eldest son, hoping that Tang Han could help them out of this situation. However, her eldest son looked at her with a gaze that said, "if I knew this would happen, I wouldn't have done it in the first place."

This made Mrs. Tang even more flustered. As Tang Zong's parents, they were now standing in an extremely awkward position. No one was speaking up for them, and everyone was watching them make a fool of themselves. Tang Zong didn't intend to show them any face either, and this made them feel extremely embarrassed.

He clearly wanted to take the opportunity to save some face for himself, but now, the last bit of face he had was stepped on to the ground, ruthlessly trampled on.

Mrs. Tang gritted her teeth and bit the bullet. "Tang Zong, our Qianqian is sincere. She wants to ... wants to attend your engagement party. So do these relatives. They want Qianqian to come and give you a good show, Qianqian."

Tang Zong looked at Mother Tang with a half-smile on his face. His eyes, which seemed to see through everything, sent a chill down Mother Tang's spine. Tang Zong said, "Mom, I don't appreciate your kind intentions. Since you can't remember what I said, what's the point of standing here?"

We're your parents after all. It's normal for us to come and see our daughter-in-law. Mrs. Tang was quick-witted at the critical moment, and pointed the spear at Rong Nuo, smiling, by the way, Yingluo, you're my daughter-in-law, right? You're really a pretty girl. Mom brought you a gift today.

As she spoke, she acted like a good mother-in-law and reached out to hold Rong Nuo's hand.

Mrs. Tang felt that since Tang Zong was so insistent on marrying this woman, she must have an extremely important place in his heart. As long as they could win her over, at least they could reduce Tang Zong's hostility towards them. It would be even better if she could put in a few good words for them.

But before Mrs. Tang's hand could touch Rong nuo's, Tang Zong stopped her. He smiled and said, "Mom, hold your hand. Don't touch my fiancée anymore."

The sentence was said slowly, but it was extremely sharp and cold..

Chapter 1753: He wouldn't appear in front of her

Those who heard this would inevitably think, "what's the relationship between the parents and their son to the point that they can't even touch him?"

Mrs. Tang's face turned pale,"Tang Zong, what are you doing?!"

Rong nuo, who was watching from the side, was in a difficult position. To be honest, she knew that Tang Zong's relationship with the Tang family was very bad, but this was the first time she had seen it with her own eyes, and she was almost involved. This was the first time.

Rong nuo looked at Mr. And Mrs. Tang. She actually sympathized with them. However, she now knew her identity and that the person closest to her in the future was Tang Zong. So, she would not embarrass Tang Zong for the sake of others.

A woman should know who is the one who lives with her and faces the most storms with her.

Husband, within ten feet, you are husband. This ten feet actually referred to the distance between the heart and soul. No matter when, she must face everything with him.

Rong nuo stood quietly and obediently beside Tang Zong. Her expression was calm, neither servile nor overbearing.

Rong Yan looked at this farce and held her chin with one hand. With an interested expression, she nudged Liancheng Yazhi's arm. "Hubby, have you noticed that Rong nuo has matured a lot?"

Liancheng Yazhi was a little absent-minded. His cell phone had vibrated twice just now, but he didn't pick it up. However, he knew that it was the signal that the manager had informed him that Xia Xuanmo had already arranged.

At the thought of Xia Xuanmo looking at Rong nuo from a corner not far away, Liancheng Yazhi could not help but sympathize with him.

Rong Yan realized that Liancheng Yazhi did not answer her. She turned around and pulled on his sleeve. "Hubby Yingluo" you're distracted. You're actually distracted at this time. What are you thinking about? "

Liancheng Yazhi returned to his senses, "there's no Zhenzhen."

"liar, do you have something to do? don't hide it from me," rong yan said.

Liancheng Yazhi rubbed his forehead. He didn't want to hide Xia Xuanmo's matter from Rong Yan, so he said, " "I have something to tell you."

Rong Yan didn't care too much at first. She said, " "What? Go ahead."

Liancheng Yazhi moved closer to Rong Yan and said in a low voice, " "Xia Xuanmo is back. He's back today."

Rong Yan exclaimed, " what? he's back? "

Her voice was a little loud, and everyone looked over. She quickly lowered her voice. 'Why did he come back? Could it be Yingluo?'

Liancheng Yazhi nodded. that's right. It's for Rong nuo and Tang Zong's engagement banquet today. But I don't think Zhenzhen is trying to do anything.

Rong Yan sighed ruthlessly in her heart. Damn it, this small engagement party had all the people present. It was getting more and more lively, so lively that it was dazzling.

Rong Yan picked up her glass of water and took a sip to suppress the shock in her heart. then, did he call you? ‘

Liancheng Yazhi sighed. yes, just now. He said that he wanted to see Rong nuo. He asked me to help him.

"then, yingluo, you helped?"

"after helping yingluo, i kind of pity him. his situation now is quite sad. now, he's looking at rong nuo from a place where we can see this hilt not IIS."

Liancheng Yazhi recalled what Xia Xuanmo had said to him just now and felt a little sad.

Rong Yan was a little timid. "What if he slipped away?" she asked.

Liancheng Yazhi shook his head. I don't think so. I've arranged several people around him in case something happens. Besides, he promised me that he would only take a look and would not even appear in front of Rong nuo..

Chapter 1754: If you dare to be with her, get out of the Tang family

Rong Yan sighed and stopped talking.

she turned to look at rong nuo. tang zong still refused to make any concessions, which put his parents in a dilemma. they didn't know whether to leave or stay, whether to say or not.

what surprised rong yan the most was that this time, tang han had not said anything.

Rong Yan glanced at Tang han. He had his head lowered and no one knew what he was thinking.

Rong Yan looked at Gu youran again. She was sneering at the Tang family's parents.

This complicated network of relationships really made Rong Yan feel that life could be like this.

Rong Yan glanced at ye nuanyang inadvertently and suddenly remembered that she had almost forgotten that ye nuanyang was the one who had the simplest time relationship with them.

However, she seemed to be a little distracted today.

Rong Yan secretly asked Liancheng Yazhi, "why didn't Feng nongtang come?"

Liancheng Yazhi shook his head. I don't know. Who knows what that kid is up to again? "

Rong Yan frowned, 'causing trouble? Is he restless again?'

She had always thought that Feng nongtang had gotten rid of all his bad habits. The last time she saw him, he had been very nice to ye nuanyang.

Could there be another conflict?

lian Cheng yazhi shook his head. "I'm not sure. I haven't been in contact with him recently. I don't know what that kid is thinking about."

Rong Yan wanted to ask more, but there was finally some movement from Tang Han's side. He stood up and said calmly, "Tang Zong, today is the day of your engagement. What you need to do now is to successfully complete this engagement banquet."

Rong Nuo felt the same way. Why did he have to be so angry with these people? Their engagement was the key.

"That's right, let's finish what we have to do today," Rong Nuo said to Tang Zong.

Hearing Rong Nuo's voice, Tang Zong's face finally brightened up a little. He nodded and said, "Yingluo will listen to you."

Lian Cheng Yazhi said to the waiter, "They should arrange another table. Stay away. Don't affect my mood."

"Dad, mom, for the sake of my fiancée, let's forget about today's matter." Everyone thought that Tang Zong would say something like that, but they didn't expect him to say: "Let's put today's matter aside for now. After I get engaged, I'll find you guys and we'll sit down and have a good talk." Mr. and Mrs. Tang's heart skipped a beat at this. Mrs. Tang said, "Tang Zong"

"Dad, mom, please sit down." Tang Han interrupted his words.

At this time, the more they said, the more mistakes they made. It was just that these two old people, why couldn't they understand the situation? They had suffered so much from Tang Zong, why couldn't they learn?

The waiter quickly set up another table, and Tang Yin's parents walked over to the table, their faces dark.

When they walked past Rong Yan's table, they happened to see Gu Youran.

The two old men's faces changed instantly. A ferocious look flashed across their eyes at the same time. They looked as if they wanted to pounce on Gu Youran immediately and tear her to pieces.

However, Gu Youran's expression was calm. She raised her glass and waved it at them with a smile on her face. It was particularly ironic.

Tang Han's body blocked his parents' line of sight. Dad, mom, don't be silly again. Otherwise, we won't be able to settle this peacefully today.

Father Tang was so angry that he trembled. He pointed at Tang Han and scolded, "You're being stubborn. You're not even putting us two old men in your eyes now. Tang Han, let me tell you. If you dare to be stubborn, if you dare, you can never enter the Tang family again. We'll sever our father-son relationship."

Chapter 1755: I really don't have any respect for you

father tang didn't dare to say a word in front of tang zong. but in front of this eldest son who had always been filial to them, father tang was unyielding.

Although he did not directly point out Gu youran, his meaning was to tell Tang Zhen that if he dared to be with Gu youran, he would cut off all ties with him.

"Sure, how are you going to show off in front of your relatives after you kick me out of the house?" Tang Zhen said in frustration.

Tang Han's words instantly made father and mother Tang speechless. Although father Tang had said that he was tough on the outside but weak on the inside, he definitely wouldn't dare to kick Tang han out of the house.

There were fewer and fewer promising people in the Tang family now. Only Tang Zhen's future and ability were outstanding. In the future, he could very likely become the one who could carry the Tang family.

How could father Tang bear to push away a son like this?

The two of them had been slapped in the face by their two sons, but they could not say anything. They could only gloomily go to the seats next to them and sit down.

However, after she sat down, mother Tang glared at Gu youran with a venomous look.

she had said that after coming here this time, she clearly felt that her eldest son had changed a lot. he had always been sensible and filial in the past. it must have been gu youran, that b * tch, who had incited him. it must have been her.

This b * tch dared to seduce his son. Let's see how she'll deal with her after this engagement party is over.

On the other hand, Tang Zong put aside the annoying matter of his parents rushing over to make a scene and was happy again. He held Rong nuo's hand and said to everyone, "I'm very happy to be able to get engaged to the woman I like today. I have to thank big sister, brother-in-law, and Mr. Gu for choosing this auspicious day for us."

Tang Zong strode over, picked up

Tang Zong thanked everyone except for the Tang family. Similarly, he did not thank his father-in-law.

Rong shenghai's attendance was better than the Tang family's, but it didn't have a big effect. He was an honest man, and now his daughter was suddenly engaged to a man without any warning.

Rong shenghai didn't even have the time and opportunity to express his opinion, but he was still very happy to see his daughter in the wedding dress.

At least one of his worries was resolved.

Tang Zong grabbed Rong nuo's hand and said to the crowd seriously, "I didn't manage to give Rong nuo a Grand engagement party today, but it doesn't matter. However, when we get married in the

future, I will definitely double the compensation to her. I hope that in the near future, everyone will be able to attend my wedding with Rong nuo. Thank you.”

These were the most polite words that Tang Zong had ever said in public. When he said these words, he did not have the childish playfulness of the past, but rather, he had matured a lot.

At the Tang family’s table, a woman pouted her lips and looked at the surrounding decorations with envy, jealousy, and hatred. Although it was small, it was very exquisite and warm.

“Sister-in-law, look at your son. He’s thanking everyone, but he didn’t even thank you. He really doesn’t put you in his eyes,” she said bitterly.

These words were simply nonsense. It was not the first or second day that Tang Zong did not put them in his eyes.

Mrs. Tang squinted at him, ” I think you’ve forgotten how your second sister went out just now. If you have food to eat, don’t talk. If you can’t pretend to be mute, then get out of here and go home to kill yourself. Otherwise, Tang Zong will come back and cause you trouble..

Chapter 1756: All the bad things about her are good in my

The woman’s face twitched in anger. what are you yelling at me for? if you’re so capable, go and tell your youngest son that you’re getting married/He hasn’t even responded to me by calling you/mother’. Sister-in-law, you’re really the most pitiful mother I’ve ever met/

She paused for a moment and suddenly smiled. “Oh, your eldest son doesn’t listen to you anymore, does he? I think the woman with hair that reaches her shoulders sitting there is the daughter of the Gu family. She used to be your eldest son’s fiancée. Then I really have to congratulate you for having two more daughters-in-law.”

It wasn’t a slap in the face, it was a life of stripping father and mother Tang naked and whipping them.

His youngest son had been disobedient since he was young, and that was fine.

Their eldest son had always been an obedient, sensible, and hardworking boy.

He had always been their pride and joy. Now, he was disobedient because of a b * tch. This made the two elders of the Tang family not only angry, but also feel like they were half dead.

As they were talking about Gu youran, she walked out slowly with MeowMeow, who was holding a nine-layered cake.

the cake was very beautiful. layer by layer, it was like a bride’s dress. there were two little people on the top. if you looked closely, you could see that they were chibi versions of rong nuo and tang zong, with the words ” well-wishes ” written below them.

Gu youran said to them, ” I made this especially for you two. There are nine layers in total. I hope that you two can live a long and happy life.

tang zong looked at the two little people on the cake and liked it very much. ” thank you, sister youran. the cake is really beautiful. we can’t bear to eat it anymore. ”

The child's innocent words made everyone laugh non-stop.

The atmosphere here was joyous and harmonious, and laughter could not stop.

There was an endless stream of people cracking jokes at Tang Zong. Today, Tang Zong was in a good mood, and no matter what kind of joke it was, he would accept it with a good temper.

However, on the other side of the table, no one spoke. Everyone's heart was so sour that it was as if they had been soaked in a hundred pounds of old vinegar. It was simply a real-life version of Ice and Fire.

On the other side, before cutting the cake, Tang Zong and Rong nuo wanted to exchange rings in front of their family.

As for his family, Tang Zong had the only member of the Tang family behind him, Tang Zhen.

Behind Rong nuo was Rong shenghai, but everyone knew that the people who were really standing behind Rong nuo were Rong Yan and Liancheng Yazhi.

The ring was carried out by miss

When they put on the Rings, neither of them said a word, but their smiles still contained all the words they wanted to say.

In the end, Tang han said, "Tang Zong, once you put on the ring, you will be a person with a family. You must understand responsibility and responsibility."

Although this was only an engagement, Tang han knew that it was not much different from marriage. Hence, he reminded Tang Zong that he was a man with a family.

Regardless of whether Tang han was satisfied with Rong nuo or not, his words were indeed in Rong nuo's position to remind Tang Zong.

"Don't worry, I will definitely do better than you." Tang Zong smiled.

He didn't make any sarcastic remarks, but this was enough to make Tang Zhen lose his luster.

it was rong shenghai's turn. he was nervous for a long time before he said, "This daughter of mine, Yingluo, has a lot of bad things. Y-Yingluo .

"Don't worry, father-in-law. All the bad things about her are good things in my eyes." Tang Zong said before he could speak..

Chapter 1757: He was the moment she had to cherish

That was because, in Tang Zong's eyes, Rong nuo was the most beautiful existence.

He was grateful to Rong nuo for appearing in his life, grateful to her for the good and bad things she had given him, so that his life could finally begin to have a normal track.

Tang Zong's words made Rong nuo's eyes fill with tears.

in fact, Xia xuanmo had also said similar words in the past. but now that she heard tang zong say it, rong nuo only felt touched and did not think of Xia xuanmo again.

Rong nuo knew very well that once she made her decision and agreed to the engagement, Tang Zong would be the only man in her life.

What happened back then was already a fleeting cloud.

Humans could only treasure the present and the future.

The man in front of him was the present he cherished and the future he looked forward to.

Rong shenghai's nervous face suddenly bloomed into a smile. He said, "As a Father, I thank you."

Tang Zong bowed to Rong shenghai. no, I should thank you. Thank you for bringing Rong nuo into this world.

It was unknown who started it, but the applause continued.

although the appearance of the tang family just a moment ago ruined the engagement party and upset everyone, the tang family's presence was still a little too much for them.

but now, everyone had already forgotten about that little bit of unhappiness.

The main purpose of today was to witness the new starting point of Rong nuo and Tang Zong. As for the others, they were not important.

After putting on the Rings, Tang Zong grabbed Rong nuo's hand and said, 'My dear, can I kiss you now?'

Liancheng Yazhi shouted at Tang Zong."Tang Zong, you brat, when did you become so refined?"

Tang Zong's face instantly turned red, and he finally allowed nuo to give him a slight nod.

Tang Zong hugged her happily and gave her a light kiss on the lips.

He had originally thought that at this time, he had to boil Rong nuo and give her a deep kiss or something, but when he started to do it, the group of people below made him a little shy.

today's newbies were sharing the sweetness with each other, and everyone had different thoughts in their minds.

rong yan and liancheng yazhi were relieved. it was a good thing that their sister finally had a family.

gu youran gave them her blessings and hoped that their lives would be better than hers.

Ye nuanyang, on the other hand, was a little lost. No one knew what he was thinking.

Tang Zhen's heart was filled with envy. He turned to look at Gu youran. She was smiling at Rong nuo and Tang Zong. Her face and eyes were filled with sincere blessings.

Gu youran sincerely hoped that this pair of young people could have a very good life and marriage, be able to support each other along the way, and be in the same boat.

Tang Zhen's heart ached. He suddenly felt that he should be like Tang Zong and be fearless for his own happiness.

the engagement ceremony was basically over. tang zong took rong nuo's hand and sat down, telling everyone to hurry up and eat.

as soon as he sat down, tang Zhen whispered to tang zong, ” “Tang Zong, mom has something to give to Rong nuo.”

Tang Zong raised his eyebrows. there’s no need for that. She can keep it for herself. I will get Rong nuo’s things for her.

“You know what she will give Rong nuo?” Tang han was surprised. “You’re the only idiot who doesn’t know,” said Tang Zong disdainfully.

“What will she give me?” Tang han asked.

Tang Zong said disdainfully, ” back then, I gave sister youran a jade bangle that was meant for her daughter-in-law. Later on, I shamelessly asked her for it back. Hmph, the things that our Rong nuo is wearing are much better than the ones she gave me.. Who cares about that lousy thing of hers? “

Chapter 1758: We’ll talk about it after we get married

Tang han was stunned for a moment. He knew that when his mother gave him the bracelet, she was all smiles. However, when the Gu family changed sides, they immediately went to Gu youran and asked for it.

After Gu youran had given it to her, she had suspected that it was fake and had insisted on reporting it to the police. Later, the police department had found a paternity test expert to prove that it was true.

His mother was the one who did that back then. It was really shameless. She hit him when he was down and took advantage of the situation. She was still unwilling to give up even after stepping on him.

Tang Zhen no longer spoke. He was now a little glad that he had asked Tang Zong in advance. If he had asked his mother to come over and take out the bracelet without distinguishing right from wrong, it would definitely remind Gu youran of what happened in the past.

At this moment, Tang Zhen felt that Tang Zong still had some benefits.

At the very least, Tang Zong understood their parents better than he did.

Tang han turned his head to look at mother Tang. Mother Tang was using her eyes to question him.

Tang Zhen’s eyes were calm as he looked at it for a while before he lowered his head to eat.

He finally understood why mother Tang wanted to give Gu youran a bangle. She probably didn’t really want to give it to her. She probably saw that Gu youran was around, so she wanted to take out the bangle and slap her in the face. She wanted to tell Gu youran that she was a woman that the Tang family didn’t like.

Tang Zhen’s hand that was holding the chopsticks trembled a little because his heart was cold. He was wholeheartedly doing it for the Tang family and for his responsibility. He felt that since he was the boss, he should take responsibility.

But what did his parents do for him?

Gu youran’s family had already been destroyed by them, and they still didn’t want to let her off?

Tang Zhen's side was in a storm, but the atmosphere on the other side was still very happy.

"Tang Zong, do you two want to go on a honeymoon?" Rong Yan asked Tang Zong.

Rong nuo rushed to say, "we're not going, sister. We've played outside for so long before we came back. If we run out again, where are we going to play?" We just want to have a good rest now."

Rong nuo knew that the atmosphere in the house was not right. She didn't care if she could help, but Tang Zong definitely could. It was right to leave Tang Zong behind to help her brother-in-law.

Tang Zong hurriedly echoed his newly appointed fiancée. that's right. We won't be going out this time. We'll go on our honeymoon when we get married, right, Nono? "

Rong Yan saw that the two of them had the same answer and said, " "Alright then, since both of you have agreed, then we won't go out."

After a while, Tang Zong blushed and asked, " "Brother-in-law, can I ask you something?"

Liancheng Yazhi saw Tang Zong's shy look and felt that it was funny. He asked, "what?"

Tang Zong scratched his neck and said, "well, Zhenzhen, you see, we're engaged now. In the future, Zhenzhen ..." Liancheng Yazhi poured a glass of water for Rong Yan. "In the future what?" Tang Zong stammered, "it's just the two of us."

"Can we stay in the same room tonight?" Liancheng Yazhi asked on his behalf.

After he said that, the people around him laughed.

Tang Zong's face turned even redder. Rong nuo's face was burning as she glared at him. This bastard, asking such a question in front of so many people, his brain must have been fried.

"Don't laugh. Don't laugh. I'm serious." Tang Zong was a little embarrassed.

Liancheng Yazhi smiled and teased. you should ask Rong nuo about this. Anyway, we don't have any opinions.

Tang Zong immediately looked at Rong nuo with a face full of anticipation. "Nuonuo, our Zhenzhen."

Rong nuo secretly reached out and pinched his arm, blushing. no, we're only getting engaged now. We'll talk about it after we get married..

Chapter 1759: Girls are thin-skinned

Of course, Rong nuo couldn't say that she would agree to stay with Tang Zong tonight. There were so many people watching, and she was embarrassed.

If Tang Zong had asked in private, Rong nuo would have agreed half-heartedly, but how could he now? This kid's brain must have been fried from happiness. Asking in front of so many people, wasn't he looking for rejection? He didn't know that girls were thin-skinned.

"Really?" Tang Zong looked at Rong nuo with disappointment.

Rong nuo blushed. no, you can't. Don't think about it. Let's eat.

“Then, when are we getting married?” Tang Zong changed the topic.

Since they could live together after getting married, it was better to get married early.

The people around looked at them and laughed. Rong nuo’s face blushed even more and she said, “We’ll see, Yingluo.”

The dinner ended happily. Just when everyone thought that the engagement party was about to be completed, the manager of block A of the Empire arrived.

he stood in front of liancheng yazhi, bent over slightly, and said, “ “Young master ya, there are a few foreigners here, and they insist that they are Mr. Tang’s friends.”

“which one, mr. tang?” asked liancheng yazhi. There are so many people with the surname Tang here.”

“Tang Zong, Mr. Tang.” The manager glanced at Tang Zong.

Liancheng Yazhi, on the other hand, was a little surprised. He raised his head and looked at Tang Zong.”Tang Zong, you have friends?”

This was something that Liancheng Yazhi didn’t expect. He had never asked Tang Zong what he was doing overseas. Moreover, when he investigated in the past, the information was somewhat vague. It was only said that Tang Zong had a few internet companies overseas, but it was difficult to find out the exact valuation, what they specialized in, and how much revenue they had.

At that time, Liancheng Yazhi had already guessed that Tang Zong himself should have some unknown power, and it was quite mysterious. Not to mention other things, just the fact that he had such a powerful subordinate by his side, it was obvious that he was not that simple.

Tang Zong’s expression turned ugly and even a little gloomy. He stood up and said, “ I’ll go and take a look. Please wait for me for a moment.

Liancheng Yazhi stopped him. forget it. Since they’re already here, let them in. They might be here to congratulate you.

Tang Zong said, “brother-in-law, Yingluo.”

Liancheng Yazhi gave him a comforting look.”Let them in,”

The manager nodded and left.

Rong nuo grabbed Tang Zong’s hand and asked, “Tang Zong, you don’t look too good. Who is this Yueyue?” Is he your friend?”

the gloominess on tang zong’s face instantly disappeared. he said to rong yan,”It’s fine. Since they say they’re friends, then we’re friends.”

However, there were many kinds of friends.

Rong nuo shook her head. but your eyes are clearly saying that Yingluo and her are not simple friends.

Tang Zong laughed. you’ll know when you see them. I’m also very surprised that they would actually come here.

The few people present were actually quite surprised. With Tang Zong's temper, to be honest, he basically wouldn't make any friends.

Furthermore ... He had never mentioned that he had friends.

Now that a few people had suddenly appeared and claimed to be Tang Zong's friends, it really made people very curious.

Rong Yan sighed slightly. today's journey was really full of ups and downs and exciting things. Why do I feel like I'm riding a roller coaster every time I come to block A of the Empire? 'liancheng yazhi put his arm around his shoulder. " this wanwan might be too compatible with your magnetic field. " " you two are too compatible. "

There was no wireless signal for the TV at home today, and it was not ready yet. I could only run out and find a place to send it. How unlucky .

Chapter 1760: accept everything about him, including his flaws

rong yan smiled. " however, i'm still quite looking forward to it. let's see what kind of friends tang zong has. '

With regards to Tang Zong's background, they only knew about him as a person. However, they only knew half of it, which was related to the Tang family. As for the other half, they were completely ignorant.

Not long after, the manager came in with a few other foreigners.

When they entered, everyone's eyes instantly lit up, as if a group of glowing objects had descended from the sky.

All of them had blonde hair and blue eyes. Some of them looked delicate, some of them looked devilish, and some of them looked masculine. All of them had extraordinary faces.

The people who were looking at it instantly felt dazzled.

rong yan and the others were very surprised. they really did not expect that tang zong's friend would be like this.

"Why are you guys here?" Tang Zong stood up with an unhappy expression.

He didn't look very good. It wasn't the kind of childlike dislike, but the kind of rejection.

There were four people, all men. To be exact, there were three men and one youth.

A man with bright blonde hair, slightly curved, shoulder-length, snow-white skin, and facial features that could be described as charming, said in half-unfamiliar Chinese, " "Dunn, how could you not tell us about your engagement? Are we not good friends?"

The man was almost 1.9 meters tall. It was quite out of place for such a big man to put on an aggrieved look. However, looking at his face, it was really pleasing to the eye.

Just as Tang Zong was about to speak, a gust of wind blew past his ear. Another person was already standing beside Rong nuo, and he praised,"Wow, is this lady your fiancée? She's a beautiful Oriental Beauty."

the surprise on everyone's faces grew. they only saw a shadow flash past, and then the person stood beside Rong Nuo.

Tang Zong pulled Rong Nuo behind him. stay away from my wife, you don't have to attend my engagement party.

Liancheng Yazhi watched from the side for a while. Tang Zong was indeed not simple when he was overseas. These four people were not easy to deal with. the man shrugged. " why not? we've always been good friends. "

Tang Zong sneered, "we're friends, because I prefer to attend your funeral in the future."

Oh, Tang, you're still so vicious. I'm really curious about your personality. How did you find a fiancée? "

He turned to Rong Nuo and smiled. beautiful lady, do you want to reconsider whether you want to find Tang as your future husband? I don't think he is suitable for you.

Rong Nuo grabbed Tang Zong who was about to get angry, looked at him and said lightly,"He's good. Yingluo is good in every way, including his sharp tongue."

Just as Tang Zong had said, in his eyes, regardless of whether Rong Nuo was good or bad, he was still good in his eyes.

Rong Nuo was the same. Regardless of his strengths or weaknesses, he was a part of her, and she would accept all of them.

Tang Zong's originally fierce gaze instantly turned into a gentle little lamb. He looked at Rong Yan, his eyes fixed on her, full of love.

Liancheng Yazhi slowly stood up and smiled gently. "The four of you are our guests from afar. We should have treated you well, but the engagement banquet is coming to an end today. It's not good to let you all make do.. If the four of you have time, why don't you stay for a few days and let Tang Zong find a good time to entertain you again?"
