Chapter 1781: a terrifying power

Facing Liancheng Yazhi, Tang Zong knew that he could not hide anything from him. If he continued to say that the conversation ended in a happy and friendly atmosphere, he would definitely blow Liancheng Yazhi's head off.

Therefore, Tang Zong drooped his head and told her everything that had happened today in a somewhat dispirited manner, including how he had injured his arm and shoulder.

Tang Zong's arms and shoulders were now covered in bruises. It looked very frightening, and he was in so much pain that he couldn't help but gasp.

Natsume asked as he treated his wound, "this injury was really caused by no external force and was completely man-made?"

Tang Zong nodded. that's right. There was no external force at all. He only used one of his hands. His strength was terrifyingly great. When he pressed on my shoulder, I felt as if a mountain was pressing down on me. I couldn't move at all.

His words might sound a little exaggerated, but only those who had experienced it personally would know that it was not exaggerated at all.

Farnhill's hands were inhuman.

Natsume sighed. that's too terrifying. The power of a pair of hands is at the level of the great Dao. I've never seen it before.

Tang Zong asked with a crying face, "Natsume, can you let the injuries on my shoulder and arm heal overnight? I still have to meet them at 9 am tomorrow. It'll be so embarrassing if I can't even raise my hand in pain.

"Are you going to see them tomorrow?" Liancheng Yazhi asked.

Tang Zong nodded. yes, we still have to meet. Tomorrow at 9 am, I will bring them to the old ancestor's Manor. Since no one is living there now, I will let them stay there for a few days.

"Brother-in-law, can you do me a favor?" Tang Zong asked after a pause.

liancheng yazhi glanced at him and said, "i understand. i'll arrange the manpower."

Tang Zong immediately blinked his big eyes and looked at Liancheng Yazhi with admiration. "Brother-in-law, you're the best, Yingluo!"

"don't look at me with those mushy eyes. i just feel that it's not good to make rong nuo a widow right after our engagement," said liancheng yazhi in disgust.

"Hehehe!"

After coming out of Natsume's laboratory, Tang Zong whispered to Liancheng Yazhi, "Brother-in-law, do you still remember the little boy with a pair of scary eyes that MeowMeow said?"

“What’s wrong?” Liancheng Yazhi nodded.

“Brother-in-law, I’ve discovered that he has the highest status among the four of them. All three of them listen to him,” said Tang Zong with a mysterious look on his face.

“You can tell too?” Liancheng Yazhi raised his eyebrows.

tang zong was stunned for a moment, “ah zhenzhen, what do you mean by” too “? could it be that you’ve already seen through it?”

it’s not early, “Liancheng Yazhi said lightly. I could tell when I left block a of the Empire this morning.

Tang Zong looked at Liancheng Yazhi with admiration. “Brother-in-law, no wonder people call you an old fox. You’re really smarter than a Fox.”

“I’ll take it that you’re saying good things.” Liancheng Yazhi gave him a side glance.

“Of course, it’s a good thing,” Tang Zong replied.

Liancheng Yazhi changed the topic. “Can you deal with them by yourself?”

Tang Zong shook his head. for now, I’m still not sure what their exact purpose is. I’ll try my best to find out after I go over tomorrow.

“Will it be dangerous tomorrow?”

Tang Zong pondered for a moment. it seems like they won’t do it tomorrow.

They have their own way of doing things. If they let me off the first time, then the chances of them taking my life in the future will not be high. However, it’s hard to say..

Chapter 1782: A husband and wife must be honest with each other

Liancheng Yazhi sighed. you should be careful. If the situation doesn’t look good tomorrow, give me a call. I can’t guarantee it overseas, but I’m quite confident in protecting a person in China.

“Brother-in-law, you’re being too humble.” Tang Zong laughed.

Liancheng Yazhi was not as relaxed as Tang Zong. He said, “I won’t ask about those things about you, but Rong nuo, how are you going to tell her? think about it yourself. The relationship between a husband and wife is different from other people. You have to be absolutely honest. You can’t let her be completely ignorant when she faces you.”

Tang Zong’s face was a little troubled, “I understand, Zhenzhen. I will consider it. But I, Zhenzhen ...”

Liancheng Yazhi told him, “you can’t let the other party be completely unaware of what you’re doing just because you don’t let him be in danger. Sometimes, this may be protection, but sometimes it can also be a kind of harm. Over time, this kind of harm will turn into suspicion and distrust. You should weigh the pros and cons carefully.

Tang Zong lowered his head. I understand. Thank you, brother-in-law.

Liancheng Yazhi stretched out his hand and flicked Tang Zong's arm that was wrapped in gauze. "Go back, she's worried about you."

Tang Zong gasped in pain, glared at Liancheng Yazhi, and ran into the house to find Rong nuo.

At night, Liancheng Yazhi and Rong Yan finally heaved a sigh of relief.

Today, they always felt very tired.

"How is Tang Zong today?" Rong Yan asked Liancheng Yazhi.

Liancheng Yazhi massaged Rong Yan's swollen legs. his arm was pinched like that. The person who pinched him was extremely powerful. Oh, there's one more thing he wanted me to tell you. Tomorrow, he wants to borrow the manor that father-in-law gave you. He's taking the four people there to play.

Rong Yan was stunned for a moment. we're going there? it's good that ran ran's place is our place. You can arrange for more people to go in tonight.

yes, Yueyue has already asked Secretary Zhou to get him in. You don't have to worry.

The two of them talked for a while before Rong Yan sighed.

"To be honest, hubby, I'm really starting to regret it. If I had known that Tang Zong's background was so complicated, I would not have allowed Rong nuo to be in contact with him."

liancheng yazhi smiled and comforted him. "baby, it's useless to regret. things have already come to this. you should think more about how to let tang zong get rid of those people and go home to live an honest life with rong nuo."

Rong Yan nodded. I know. I'm just thinking about it.

Liancheng Yazhi suddenly thought of something. Oh right, "he asked. it's almost time for your prenatal examination, right?"

"Yes, next Monday."

"You don't have to worry about anything now. Just make sure you're in a good mood."

"Alright, I understand, Yingluo."

Liancheng Yazhi chatted with Rong Yan for a while. After she fell asleep, he got up and went to the study to open the email secretary Zhou had sent.

Secretary Zhou's email was about the background information of mo zhongkai, who might be Tang Han's successor.

The information was very detailed. From his family background to his school and work experience, his time in the Army, his promotion in the Army, and his training for Meritorious Service, everything was clear.

When Liancheng Yazhi saw mo zhongkai's family members, he glanced at them. The family members were not complicated.

Father, mo Guoxiang

Mother Li Ping

Younger brother mo Zhongxiang

Younger sister mo xunxun

Liancheng Yazhi's eyes stopped at the end.

Younger sister-mo xunxun?

Why did this name sound so familiar? Where did he hear it?

Chapter 1783: The girl who refused to let go of Jian Yi

Liancheng Yazhi looked at the name and thought for a long time. Suddenly, he remembered that mo xunxun was the little girl who had held on to su qianxun's hand and refused to let go at the one-month-old party for Feng nongtang's son.

Liancheng Yazhi was really a little surprised by this.

MO xunxun was actually mo zhongkai's sister? Life was a wonderful thing. When one thought that the world was big, one would suddenly realize that the people around them were inextricably linked.

This confirmed the theory of 'topological relationships'.

Liancheng Yazhi put down the documents. Simple, mo xunxun, mo zhongkai, stunned.

Although it seemed simple and had nothing to do with mo xunxun, it could still be done if he wanted to. It was not impossible to use mo xunxun to restrain mo zhongkai. however, jian jie's whereabouts were still unknown, which was a worrying matter. Liancheng Yazhi immediately gave Secretary Zhou a call. "Secretary Zhou checked mo xunxun's personal information. She's mo zhongkai's sister." Secretary Zhou was stunned for a moment. young master ya, are you sure you want me to check on mo xunxun? ' Liancheng Yazhi looked at the name and thought for a long time. Liancheng Yazhi immediately gave Secretary Zhou a call. "Secretary Zhou checked mo xunxun's personal information. She's mo zhongkai's sister." Secretary Zhou was stunned for a moment. young master ya, are you sure you want me to check on mo xunxun? " "Who else do you think I want you to investigate?" Secretary Zhou struggled for a while and said, " young master ya, Qianqian, you're a married person now.

Madam is pregnant. It's not very good for you to do that to another girl, right?" Secretary Zhou felt that it was necessary for him to give young master ya the correct advice before he took the wrong step so that he would not make a mistake on the road of marriage. After the last time when Liancheng Yazhi wasn't at home and Rong Yan was pregnant and very unwell, she had turned the tide and single-handedly suppressed the company's shareholders' joint attempt to 'force her to abdicate'. Secretary Zhou had been deeply impressed by Rong Yan's personal charm. He thought that only a person like Rong Yan was worthy of Liancheng Yazhi. What were other women? They couldn't even compare to a single strand of young Madam's hair, okay? When Liancheng Yazhi heard this, he immediately scolded, "What nonsense are you talking about? I told you to investigate Mo Xunxun. What did you think?" Secretary Zhou might have felt that what he did was right, so he was very confident and did not feel so afraid even when facing Liancheng Yazhi. Secretary Zhou stood face to face with Liancheng Yazhi. "Young master ya, why did you ask me to investigate a young lady in her early twenties? Why don't I think too much about it?" Liancheng Yazhi originally wanted to explain to Secretary Zhou, but after thinking about it, if he explained to him, it would look like he was losing face. If you want me to tell you to investigate, Mo Xunxun, then go and investigate. Don't talk so much nonsense. "No, you have to explain it to me clearly." Secretary Zhou was particularly cowardly this time. Liancheng Yazhi slammed the table. Secretary Zhou! Are you rebelling?! Secretary Zhou's voice was even louder. No, I don't dare to. Young master ya, I just feel that before you investigate other beautiful girls, you must first think about the young Madam and the unborn young master. "If you don't tell me, I'll tell the young Madam tomorrow that she's been looking for a young lady." This time, Secretary Zhou even threatened him, putting on a determined and tenacious look. Liancheng Yazhi slammed the table. "Good job, Secretary Zhou.. you're completely on my wife's side now, aren't you?"

Chapter 1784: Hand in hand all the way down

Of course, Liancheng Yazhi was not really angry. He just felt that the subordinate who had followed him for many years and never dared to talk back to him actually dared to challenge him, and it was for his wife. This made him feel a little disappointed.

Of course, he was actually happy in his heart. Secretary Zhou could think for Rong Yan because she had already completely regarded Rong Yan as her mistress.

Secretary Zhou said righteously, "Young master ya, I'm loyal to you. However, you can't do this. I'm Doing This for Your Sake. That's why I'm stopping you from walking down the wrong path.

Liancheng Yazhi gritted his teeth. Damn it, what did I do wrong? I only asked you to check. I'm a little girl who likes simplicity. How is that wrong?"

"Of course it's wrong, Zhenzhen. Are you talking about the person that Mo Xunxun likes, Master Jian? Are you telling the truth?" Secretary Zhou was still a little suspicious.

Liancheng Yazhi said hatefully, "Of course it's true. Do you really think I'm that bored, Yingluo?" Secretary Zhou's expression changed instantly. He said fawningly, "I told you. Our young master ya is a good man. He would never do such a thing. Don't worry. When you wake up tomorrow, Mo Xunxun's personal information will be in front of you." Liancheng Yazhi was a little angry and amused by Secretary Zhou. Watch how I'll deal with you when I get back to the

company. "Young master ya, you're a magnanimous person. You won't hold it against me," Secretary Zhou quickly said. "If the person who will replace Tang han is decided, inform me immediately." "Alright," he said. In the end, Liancheng yazhi only let secretary Zhou go after he had greeted him. If he were to announce tomorrow that the person who would replace Tang han was Mo Zhongkai, perhaps he could use Mo Xunxun to distract Mo Zhongkai. It was written in the information that the Mo family was extremely concerned about Mo Xunxun. Mo Xunxun's two brothers were both sis-maniacs. To deal with a person, one only needed to grasp his weakness and attack. The next day, it was cloudy. The weather wasn't particularly good, probably because it would rain tomorrow. "Mr. Gu, brother-in-law, sister, MeowMeow, we'll be leaving first!" Said Tang Zong after he had finished his breakfast. Tang Zong was referring to us! When he got up, Rong nuo also got up. Rong nuo's clothes today were very refreshing. She was wearing the same white short-sleeved shirt as Tang Zong, with a pair of denim shorts and a pair of canvas shoes. It was obvious that she was going out for a vacation. "Rong nuo, are you coming too?" Rong Yan looked at Rong nuo in surprise. Rong nuo, who was standing beside Tang Zong, nodded. "yes, big sister. i'm sure i'll go with him tonight." Last night, Rong nuo and Tang Zong had chatted for a long time, and some things that they had not explained before had basically been laid out. Since Tang Zong wanted to marry her, the two of them would have to hold hands and walk down the path together. Neither of them could leave the other behind. Otherwise, would this marriage still exist? Rong Yan originally wanted to say that she couldn't go, but when the words reached her mouth, they became, "I see. That's good too. You two can take care of each other." Rong Yan suddenly remembered that Rong nuo was no longer the same as before. She had Tang Zong by her side, and they were now a family. They had to decide for themselves what they should do. Since they had chosen to face those people together, then let them go. He hoped that they would be safe and sound. Liancheng Yazhi was not surprised. He said, go. Remember to be careful. Contact me if you need anything..

Chapter 1785: always worrying

"Don't worry, I will definitely look for you if I need anything." Tang Zong nodded.

After Tang Zong left with Rong nuo, Rong Yan put down her chopsticks and could no longer eat.

Although he had said that he would let them face it themselves, he was still worried in his heart.

Liancheng yazhi smiled. "i don't want to eat anymore. drink some milk then. recently, your legs have been cramping at night. the doctor said that it's not calcium-free." Rong Yan shook her head, "i can't drink the Yingluo."

Liancheng Yazhi comforted her. although it might not be very safe, it's not very dangerous. Don't forget that it's your territory. I arranged for all the people who clean and guard the place. They didn't do anything at the hotel yesterday, so they definitely won't do it today.

"I know, but I'm still worried that Yingluo and the others didn't come back safely."

"This is Tang Zong's problem. After all, he still has to solve it himself. You see, he even agreed to let Rong nuo go with him, so it must not be too dangerous. Otherwise, how could he be willing to?"

Liancheng Yazhi comforted Rong Yan for a while and said, ” “Did you know that when we came back yesterday, we knew that Tang han was injured?”

Rong Yan’s attention was diverted. She nodded and said, well, so who’s going to replace him now?
”

“It’s been confirmed. The person who will take over Tang Zong’s position is mo zhongkai. Let me tell you an interesting thing.”

The news had come out at a little past eight in the morning, and Secretary Zhou quickly informed Liancheng Yazhi.

Liancheng Yazhi knew that it was impossible to hide this from Rong Yan, and there was nothing to hide.

“what interesting thing?” rong yan asked, puzzled.

Liancheng Yazhi asked her, “the last time we went to our house to celebrate our son’s one-month-old party. Wasn’t there a little girl who kept holding on to the simple clothes and didn’t let go? do you remember her?”

Rong Yan nodded. of course I remember. If I hadn’t teased Jian Jie when I came back, he wouldn’t have gotten out of the car at that time. she said with some self-blame.

Liancheng Yazhi gently patted her shoulder. that’s not what I’m talking about.

Don’t blame yourself. What I want to say is that the girl is mo zhongkai’s biological sister.

Rong Yan’s eyes widened in surprise. ah, it’s really Xuanji. The world is so wonderful.

“You must be very surprised,” Liancheng Yazhi said with a smile.

“I’m quite surprised. What kind of person is this mo zhongkai? he seemed to have attended the engagement party, right?” Rong Yan remembered that there were many people in the mo family, but she wasn’t sure if mo zhongkai was one of them.

liancheng yazhi had met mo zhongkai once, and the first time he pulled mo xunxun away, he said, ” he did. MO zhongkai is a Wanwan. How should I put it?

he’s quite a capable person. Although his family background is a little worse than Tang Han’s and can’t be compared to Kang kun, Wanwan’s ability is very strong and he’s also very intelligent. His current military rank is a Lieutenant Colonel, which is a little lower than Tang Han’s. However, it’s not easy for him to get to this point. Furthermore, as long as he doesn’t make any mistakes, his future path will be very broad.

Especially this time, it was obvious that the higher-ups were giving mo zhongkai a way to get promoted.

As long as this matter was done well, he would be promoted directly.

However, it would be a different story if he did not do it well.

However, this also indirectly explained one thing. In order to succeed, mo zhongkai would definitely use all the means he could because he wanted to climb up.

Rong Yan suddenly asked, “does Tang han know mo zhongkai?” Are you on good terms?”

“Why do you ask?” Liancheng Yazhi asked, puzzled..

Chapter 1786: i will pay special attention to him

“I’m just casually asking. If you don’t know him, then there’s nothing to compare. But if you know him, no matter if he does well or not, he will inevitably be compared to Tang han. This person’s competitive heart should be very strong. He probably doesn’t like to be compared.”

“This is a matter between the two of them. However, since you’ve said this, I do have to go and see Tang han.”

Rong Yan was curious. Liancheng Yazhi and Tang han had always been at odds with each other. Did he still want to visit her?

“What’s wrong? Why do you want to see him?”

Liancheng Yazhi told Rong Yan, “last time, I asked Tang han if he knew where Jian Jie was. He didn’t answer me, but his eyes and actions told me that even if he didn’t know Jian Jie’s whereabouts, he at least knew some news about him. I want to ask him.

“He won’t tell you. I think Tang han is too stubborn. It’s hard to change his mind once he has decided on something.”

it’s okay. He’s weak physically and mentally at the moment, so he’ll let down his mental defenses. I’ll take the opportunity to ask him and see if I can get some information.

Of course, Liancheng Yazhi also knew that Tang Han’s mouth was like a gourd that had its mouth cut off. It would be difficult to get the information he wanted to know. However, he really had no clues about the simple whereabouts of Tang han. At the moment, he only knew that Tang han knew a little.

Therefore, he could only place his hopes on Tang han, even if he knew that Tang han might not even tell him.

However, he still had to give it a try.

Perhaps, if he was lucky, he might be able to get something out of Tang han.

On the other side, Tang Zong had brought Rong nuo to blockA of the Empire.

He had to pick up the four of them and then go to the manor.

After the car stopped, he said to Rong nuo, don’t be afraid. You just have to pretend that you don’t understand what they’re saying. You don’t have to be nice to them.

Rong nuo smiled. I’m not afraid. It’s okay.

The doorman who was driving them recognized Tang Zong. After seeing him, he smiled and said, "Young master Tang, you're here." Tang Zong took out a few notes from his wallet and gave them to him as a tip. "I'll be leaving in a while, the car won't be leaving."

"Alright," the doorman nodded happily.

After entering the hotel lobby, Tang Zong was not in a hurry to look for them. Instead, he asked the manager, "Did the four of them leave after I left yesterday?"

The manager shook his head. No, they've been in the hotel the whole time. They've been playing basketball, going to the bar, and even going to the massage room.

Tang Zong patted his shoulder. Alright. Ask the front desk to call their room and inform them to come down. Also, help me prepare two cars.

"Alright, please wait a moment. It'll be ready in a moment."

Tang Zong and Rong nuo waited in the main hall for about ten minutes before they came down.

Walking in front were Farnhill and a young man with golden hair. The two of them were talking as they walked. They spoke very quickly, and it was unknown what they were talking about.

The young man walked behind them, and the man who had been following the young man walked behind him on his left.

It seemed like a simple and random order, but if one observed carefully, they would find that they surrounded the young man in the middle. If there was any danger around them, they would be able to react the fastest and then protect the young man to escape.

"Nuonuo, you must remember that the young man has the highest status among the four of them. If anything happens, you must first observe his expression and movements." Tang Zong quickly said to Rong nuo.

Rong nuo nodded. Yes, I understand. I will pay special attention to him.

Chapter 1787 Without any feelings

As the two of them were talking, they walked over. Hey, Dunn, Good Morning.

You're 20 minutes late than we agreed on.

However, when the blond young man saw Rong nuo, his eyes lit up. "But Yingluo, on account of your beautiful fiancée, we won't pursue this matter." He gentlemanly reached out his hand to Rong nuo. "Hello, I'm Lai Ang Jian Jia."

Tang Zong grabbed Rong nuo's outstretched hand and shook it with Leon. Hello, my fiancée is called Rong nuo.

Dunn, "Leon said with a disappointed look, "you're so jealous. You'll make the girls dislike you.

Box

Tang Zong hugged Rong nuo. no, my wife. She won't do that.

"Let's go, the car is ready." no, no, " Leon shook his head. we've prepared our own car today.

Tang Zong reacted very quickly. you've prepared your own car? that's good, you can drive your own car. I'll drive my wife. You can follow behind my car and don't disturb the beautiful time that we're having together.

Who the hell knew what was in the car they had prepared? it was more convenient to take his own car.

However, these people had already found a car before they even left the house. They were really good.

To Tang Zong's surprise, Lai ang did not force him this time. Instead, he said,

"Alright then, Yingluo was going to invite you guys to sit with us."

"There will be plenty of opportunities in the future. Let's go." Tang Zong gave a perfunctory smile.

Rong nuo glanced at the person behind Lai ang. When her eyes swept over the young man, her heart trembled. It was just as MeowMeow had said, he was terrifying.

although it had the same color as the sun, it did not have the warmth of the sun.

Instead, his eyes were cold, so cold that one would think that they were a pair of emotionless eyes.

As he walked out of block a of the Empire Building, Tang Zong saw the car they had prepared.

Tang Zong cursed silently in his heart. Damn it, this was really luxurious.

As soon as the extended version of the luxury Mount stopped at the entrance, it attracted the attention of all the rich people entering and leaving the hotel. The people who came to block A of the Empire were all rich people, so one could imagine the car that could attract their attention.

Tang Zong said to them, " later on, you guys have to follow closely. Don't get lost. The road conditions in our country are not quite the same as yours.

don't worry, " Leon laughed. we've found your local driver.

On the way, Tang Zong told Rong nuo, " faern Hill, who is always by Leon's side, is basically inseparable from him. The person who has been following that young man is called helute. You don't need to call them by their names, just remember who they are.

rong nuo nodded, "then, what about that young man?" what's his name?"

"He's called Tyr."

Rong nuo was stunned for a moment, "Tyr?" This name Yingluo is so domineering. "

"You know about it too?" Tang Zong laughed.

rong nuo xi glared at him. ” i’m also someone who went to university. i also know a little about norse mythology. however, the way that young man looked at him, the name yingluo and the god of war’s name do match. ‘

Rong nuo turned her head and looked at the luxury car that had been following closely behind her.

“Does that young man have a very high status?” she asked Tang Zong worriedly.

Tang Zong nodded his head. it should be very high. Lai ang and the others are not considered low in status. Furthermore, they are all people with strong personalities. However, they had to bow down in front of that young man. This is enough to prove his status..

Chapter 1788: Completely uninterested in everything

Rong nuo nodded and asked, “from what you’ve said, that child really can’t be underestimated. Then who do you think he is? why can he make the three of them protect him so loyally?”

Tang Zong shook his head. He had thought about it many times. He had thought about his position in the organization one level at a time. However, he really couldn’t figure it out. Before he met this young man, he had no idea who he was. Whether it was his name or his person, he had never seen him before.

I don’t know. I can’t guess. Maybe Yingluo is the son of one of the bosses? ”

“Al, Yingluo is really troublesome.” Rong nuo sighed and turned her head to look at Tang Zong. “Say, how did you end up there in the first place?”

Tang Zong looked at Rong nuo with an apologetic face. dear, I’m sorry. I was alone abroad at that time and was in a daze all day. I didn’t think about what would happen to me in the future. I met them by chance and then I felt that no one would care about me. Besides, I wanted to find something fun to do at that time and then I went in. Now, it’s difficult to pick them out. If I knew that I would meet you in the future, I wouldn’t have been fooled by them no matter what.

Box

Rong nuo glared at him. forget it, it’s useless to say all this now. We’d better think about how to let this matter pass. By the way, how are your injuries? ”

Tang Zong hurriedly said, “Natsume’s medicine is really amazing. Although the bruise has not subsided, it doesn’t hurt as much anymore. It doesn’t affect my exercise anymore. Otherwise, I wouldn’t even be able to drive today. The car went around the first, second, third, fourth, and fifth ring roads in the city.

In the end, they finally arrived at Gu Hesheng’s Manor after driving the car around so many times that the car behind them was about to faint.

The car drove all the way in and stopped at the designated parking area in the manor. Tang Zong pushed the door open and got off.

He walked to the other side, opened the door and helped Rong nuo get out of the car.

The car behind them also arrived. After the car stopped, the people in the car got out one after another.

Their expressions were not too good. Just now, Tang Zong had deliberately taken a very long detour and walked in a place with very complicated road conditions, making them dizzy.

Tang Zong did not seem to notice their sullen faces. He opened his arms, as if he wanted to embrace the surrounding scenery. He asked them happily, “guys, how’s this place?”

Leon looked at the scenery around him, and his expression instantly became much better. He laughed and said, “it’s very beautiful. i didn’t expect to have such a beautiful manor in this city. it’s great.”

back then, this was eldest sister’s father’s Manor. That old man, Gu TOU, was an old man with extraordinary taste. He wouldn’t sell this Manor no matter how much money others offered him. He left it for his daughter and granddaughter. Unfortunately, he didn’t spend much time here. Tang Zong said with a little pride.

“Let’s go in and have a cup of tea. It’s still a little hot outside,” Rong nuo said to Tang Zong.

“Alright, let’s go in and rest for a while. If you guys want to take a look around, we’ll come out again.” Tang Zong called out to them.

The group of people arrived at the antiqued garden building that had been arranged in advance. As soon as they entered, they felt the coolness that hit their faces, which instantly calmed their anxious hearts. other than the young man who sat down after entering the room, the other three people were looking at the furnishings in the room.

Tang Zong took a look at Tyr. He seemed to have no interest in anything..

Chapter 1789: Rebellious child

Everyone else was looking at the exquisite decorations and antiques in the room, but he just sat there and didn’t move.

Tang Zong really suspected that he had the face of a child, but his heart was very old!

If it was a normal person, after arriving at a place, whether it was out of curiosity or defense, they would first survey the surrounding environment.

However, he was sitting as steady as a mountain. He didn’t even look at it. He just looked down at his feet. No one knew what he was thinking.

it was really strange for a young man of his age to have such a personality.

Tang Zong did not directly observe the young man, but observed him from the corner of his eye. This child was extremely alert, and if he were to look at him, he would be discovered very quickly. Even if he was looking at him from the corner of his eye, Tang Zong only looked at him for a short while before he did not dare to look at him again. He said to Farnhill and the others, this is the blood, sweat, and tears of old man Gu. Every piece here is an antique. You guys better take it easy. If you break it, he won’t let me off.

Leon said to Tang Zong in high spirits, it’s very beautiful. It’s a piece of art. If possible, can I visit the old man? ”

“Why?” Tang Zong asked with a smile. If you want to buy it, don’t even think about it. Old man GU won’t sell a single one of them. These are all for my sister and MeowMeow. You can just look at them and forget about buying them. If you dare to tell old man Gu that you want to buy his treasures, he will beat you out.”

Tang Zong knew that Lai ang liked to collect beautiful works of art. In his private collection, there were some famous oil paintings from abroad. He had many antiques. Usually, as long as he saw the works of art that he liked, he would not be able to move.

leon touched an ivory brush wash and said with regret, ” that’s a pity. These things are too wonderful.

Tang Zong remembered that Rong Yan still had an antique shop and quickly tried to get more business for her. “however, if you want to buy the antiques here, you can go to my sister’s antique shop to take a look. the things there are basically for sale.”

Leon was instantly happy and said, “really?” Then bring me there.”

among these few people, tang zong only needed to hold on to one of them. he had never thought that he would be able to get their help. he only wanted to get some information out of them.

Tang Zong laughed and said, “there’s no hurry. I’ll bring you over in two days. Sit down and have a cup of tea first. I don’t know if you’re used to the tea here. The tea leaves here are all good stuff.

The female staff arranged by Liancheng Yazhi in the manor, wearing a cheongsam, smiled gently and slowly walked out with tea in her hands.

when the other three people picked up their tea to drink, rong nuo saw that the young man was not touched by a single drop of water and said, “Why don’t you drink some tea? Is it because you’re not used to it? do you want yingluo to get you some fruit juice that children like?”

Tang Zong turned to Rong nuo and said, “he definitely won’t understand Chinese if you speak to him. But this kid, one look and I can tell that he’s a rebellious child.”

Tang Zong had said this on purpose. It was obvious that they wanted to hide the identity of this child from the public. Since they didn’t want others to know, then Tang Zong wouldn’t regard this child as a powerful figure and would just treat him as a child.

Lai ang’s expression quickly changed and he quickly called out to Tang han, ‘

“Tang Qianqian, you should take us out for a walk..”

Chapter 1790: afraid to make him angry

Tang Zong could tell that although Lai ang looked calm on the surface, he was actually afraid. He was afraid that Tang Zong’s words would anger the young man.

tang zong was shocked. the lai ang he knew in the past was not a kind master.

he was very disobedient and there was almost no one who could make him submit, let alone be afraid of anything.

Tang Zong couldn't help but size up the young man again. He was still sitting there unmoving, as if nothing could disturb his state of mind. It was terrifying to see him like this at such a young age. When he grew up, he would be even more terrifying.

Rong nuo noticed that Tang Zong's mind seemed to be a little uneasy. He hurriedly said to him, "Then you can take them out. It's a little hot outside, I won't go."

Tang Zong quickly regained his senses. He smiled and said, alright then. You can rest here. If any of you want to come, you can come with me.

Tang Zong stood up and led them out. The young man was the last to stand up and followed them out.

After they had left, Rong nuo heaved a sigh of relief.

Facing those four people, her heart was always pounding.

Last night, although she had told Tang Zong some things, Tang Zong said that for her safety, he had only told her the things that were relatively easy to say and had never mentioned anything that involved their internal secrets.

Although she only knew a little, Rong nuo already felt that it was a little shocking.

When she saw those four people, although they did not seem difficult to get along with, well, except for the young man, Rong nuo still felt uneasy.

After resting for a while, she stood up and found the person in charge. She arranged rooms for the four of them and went to the kitchen to ask them to be more careful when preparing lunch.

Rong nuo came out of the kitchen and walked around outside. She came to the garden in the garden that Gu Hesheng had specially built. It was a small dream-like garden.

It was very similar to the princess 'Castle in fairy tales.

There were beautiful flowers everywhere. There were exquisite swings, flower racks, tables and chairs carved out of white jade, a path paved with white cobblestone, and plants trimmed into the shape of fairy tale characters. You felt like you had become a Princess the moment you stepped in.

Before Rong nuo walked in, she could faintly see the young man lying under the flower vines.

She was a little puzzled. Didn't he follow Tang Zong to take a look around?

Rong nuo wanted to leave, but she went to the kitchen, asked someone to make milk tea, and then brought some small desserts for herself.

tang zong had told rong nuo before that Xiao nian was very alert, so she did not deliberately suppress her steps.

Rong nuo knew that the moment she stepped into this place, the young man knew, but he did not move.

Rong nuo walked over and stood a meter away from him, asking, "Can I sit down?"

The young man did not speak, so Rong nuo sat down by herself. She put down the plate and poured a cup of milk tea for herself and the young man.

Rong nuo seemed to be chatting with a friend and said, “this place is beautiful, right? my sister and meowmeow both like it here, but every time meowmeow comes, she likes to pull down the flowers one by one.”

The youngster laid there without saying a word, her eyelids not even moving.

rong nuo’s mouth twitched. this was really a tsundere young man. however, for tang zong’s sake, she had to find a way to get closer to this young man.

She asked, “do you not understand my Chinese?” I’m not good at speaking your mother tongue, so I don’t know if you can understand it.. “
