

Permit Me 1791

Chapter 1791: No disgust, no irritation, no feelings

Rong nuo said in a foreign language that she was not very familiar with, “What’s your name? i’m called rong nuo.”

the young man still did not ask, as if he did not hear her at all. rong nuo did not feel very embarrassed. if this young man really suddenly started talking to her, then she would feel that it was too sudden.

Rong nuo took a sip of milk tea and said, “You’re probably not even fourteen years old yet. Will your parents be at ease if you come overseas at such a young age? That’s right, I saw that your eyes were golden just now. They’re very beautiful. Yesterday, our family’s little princess said that when she saw Ling Luo’s eyes, she said that they were the color of the sun and were very warm. Today, I specially looked at them for a while, and they really are golden.”

the young man’s eyelids twitched and he opened his eyes, revealing a pair of golden eyes. however, at this moment, he was very lazy, unlike his usual self.

he was like a beast that was taking a nap under the sun. although he still had a murderous aura, it was less than usual. that lazy air of nobility was somewhat cute.

He raised his eyes and glanced at Rong nuo, then closed his eyes again with no interest.

rong nuo felt a little hurt when he glanced at her. it was an emotionless look, as if he was looking at the flowers and trees around him. moreover, he was not wary of rong nuo at all.

In fact, this wasn’t hard to understand. If a Wolf had an ant in front of him, would he care about what kind of damage the ant caused him?

It wasn’t that the wolf was not alert, but that he felt that he didn’t need to waste his energy on weak ants.

And just now, Rong nuo had clearly seen the word ‘weak’ in his eyes.

For a moment, she felt that she had been assigned to the ‘weak species’ category.

Alright, so be it. She also admitted that she was not strong enough.

Rong nuo asked him, “do you want a cup of milk tea?” it’s very good. when my sister was pregnant, her pregnancy reactions were particularly serious, so mr.

gu hired many famous chefs for her, and some of them stayed here. there’s a chef who’s very good at making milk tea, do you want to try?”

The young man still didn’t give face. Rong nuo shrugged her shoulders. As expected, her charm was limited. From the beginning to the end, she didn’t manage to hold out until the young man said a word.

Forget it, there was no point in staying. In that case, she should leave first. He didn’t want to say too much and annoy people.

Rong nuo said with some regret, “alright then, since you don’t want to talk, I’ll leave the milk tea and dessert here. If you’re thirsty, you can have some. I’ll go first. Remember to come back for lunch.

she stood up and patted the grass off her body. “Bye-bye, Yingluo.”

After walking two steps, Rong nuo remembered something. Oh, I forgot to tell you that your room is ready. You can go to your room first. If you don’t like it, tell me and I’ll get someone to prepare it.

After Rong nuo left, the young man lazily opened his eyes after a while. He glanced at the milk tea on the tea plate and a small plate of dessert, then closed his eyes again.

Rong nuo walked out of the small garden and immediately raised her hand to fan herself. He was really a difficult person to get along with. She had never seen such a difficult child in her life.

He would ignore you, ignore you, and ignore you again and again. There was no disgust, no annoyance, no feelings. His eyes would not even reflect your reflection..

Chapter 1792: An unexpected visitor

In the face of such a stubborn teenager, Rong nuo really had no other way.

She even suspected that if she were to stand in front of him, he would treat her like a ghost and pass through her body as if she was nothing.

Rong nuo was puzzled. He was just a teenager, how did he develop such a temperament?

Even in the winter at home, although he spoke little, at least sometimes he would still show the innocent side of a child. When you spoke to him, even if you only made a single syllable, he would reply.

In the past, Rong nuo felt that Dong Tian spoke too little, but now she realized that Dong Tian was such a lively and cheerful child! [winter: is it really appropriate to describe me as lively and cheerful?]

Just as Rong nuo was feeling depressed about this young man named Tyr. MO zhongkai had officially knocked on the door of the Liancheng family.

when caretaker li opened the door and saw the tall young man standing outside, he asked, ” “May I know who you are looking for?” “Is this Liancheng Yazhi’s house?” the young man asked.

“Yes, who are you looking for?” Butler li nodded.

The young man handed over a card with both hands. “i’m mo zhongkai, i’m here to visit mr. liancheng. this is my card.”

Butler li was stunned for a moment. Visit?

In this day and age, there were actually people who were so courteous to send a visiting note first. It was really rare.

Since the other party was so polite, Butler li was naturally embarrassed to be rude. He took the invitation. then, please wait a moment. I’ll go and report to the young master first.

“Of course,” the young man nodded.

Butler li closed the door and quickly turned to look for Liancheng Yazhi.

She ran to him and said, “young master, there’s a young man called mo zhongkai outside. This is a letter he sent you. He wants to visit you.

Liancheng Yazhi was reading to Rong Yan and stopped when he heard Butler Li’s words.

He caught the three key words in her words.

MO zhongkai-visit invitation-visit!

Liancheng Yazhi was really a little surprised. He turned his head to look at the invitation that Butler li had handed over. He took it and opened it. The words on it were in beautiful small regular script. The White invitation was printed with very elegant patterns.

Liancheng Yazhi didn’t expect that mo zhongkai would come to find him just a few hours after he announced that he would replace Tang han.

He also did not expect that he would knock on the door of Liancheng’s house in such a way.

A visit. A very polite visit. He even specially wrote a letter of visit. If Liancheng Yazhi did not let him in or refused to see him, it would appear that he was overbearing, unreasonable, and arrogant.

Liancheng Yazhi waved the greeting card in his hand at Rong Yan and smiled.

“Look, this mo zhongkai is indeed interesting.”

“Then, are you going to see Yingluo or not?” Rong Yan asked.

“Who else could it be besides him?” Liancheng Yazhi asked Butler li.

“He’s the only one,”

“are you in your military uniform?”

“No, I’m wearing a suit.” rong yan frowned. “he’s here to visit as an ordinary person. he’s saying that he doesn’t represent anyone or any force this time. he’s representing himself.” As expected, Liancheng Yazhi was right. This mo zhongkai was too scheming.

The more he acted like this, the more uncomfortable it felt.

liancheng yazhi casually threw the letter away. with his current situation, even if he’s doing it in his own name, how can he only represent himself and not anyone else? as long as he’s here, it’s already clear where he’s standing.. Does he really think that he’s an ordinary person without his uniform? “

Chapter 1793: The man who can cover the sky with one hand

It was like a Wolf shedding its wolf skin. Did that change his nature as a Alpha Wolf?

Could it be that he would stop eating meat just because he had changed a layer of skin?

He really didn’t know if this mo zhongkai was too scheming or too smart.

Did he think that the county's soft attack would soften Liancheng Yazhi's defense?

What a joke. As long as it was an attack, no matter how gentle the attitude was, it would never change the essence of the attack.

Just like this person, the moment he took over Tang Han's position, he was already standing on the opposite side of Liancheng Yazhi. No matter how extravagant his words were, no matter how gentle his attitude was.

Even Liancheng Yazhi would not be friendly to him.

In fact, Wufu would treat him even worse than Tang han.

"Hubby, are you going to see Yingluo?" Rong Yan was a little worried.

Liancheng Yazhi laughed. of course we have to meet them. Our family members are all good citizens who abide by the law. Moreover, they're people with manners. They've already come to visit us with a letter of greeting, so how can we not meet them? "

However, he quickly changed his tone, " "However, if Qianqian wants to enter this door, then don't even think about it."

In the past, Liancheng Yazhi did not let Tang han step into the Liancheng family's door. Now, he would not let mo zhongkai in.

This was his home, and he would not allow anyone to invade it.

No matter who it was!

Liancheng Yazhi stood up and bent over to kiss Rong Yan's lips. I'm going out to see him. I'll be back soon. Go play chess with father-in-law. He got some good things again. You can go and take a look.

Rong Yan shook her head. I can't. Dad said that although those are good things, they've been there for too long. Some of them were even dug out from the ground and have heavy yin energy, so he didn't let me touch them.

liancheng yazhi nodded. he had never thought of this before. his father-in-law was really thoughtful.

Liancheng Yazhi carefully brushed away the hair on Rong Yan's face. then, Yingluo, close your eyes and rest for a while. I'll be back soon to Continue reading to you.

"okay, i'll wait for you." liancheng yazhi gently tapped rong yan's nose. " "So obedient, Yingluo."

Rong yanmo glared at him.

"i'm off." Liancheng Yazhi left with a smile.

he didn't change his clothes and was still wearing casual home clothes, which erased the pride and dignity of a ceo in front of the company people.

At this moment, he was like an ordinary man, with a gentle and warm temperament.

In his early years, he had been arrogant. Now, he had grown up and gradually disappeared with the passage of time. However, the sharpness hidden under the warmth was even more terrifying than before.

This was Liancheng Yazhi and MO zhongkai's first official meeting, and also their first face-to-face confrontation.

mo zhongkai specially came to see liancheng yazhi at this time, probably because he wanted to catch liancheng yazhi by surprise and catch him off guard- he wanted to test how powerful his opponent was and whether he could

cover the sky with one hand as everyone said.

Liancheng Yazhi didn't bring anyone, not even a servant. Since mo zhongkai came alone, he would also go alone, lest people say that he bullied others because he had more people.

The door opened and Liancheng Yazhi's figure appeared in front of mo zhongkai.

Liancheng Yazhi looked at mo zhongkai's gentle smile. Looking at his smile, it made people feel that the hot sun did not seem to be so scorching.

"it's really a surprise and a joy that mr. mo can come to my humble home!" liancheng yazhi said..

Chapter 1794: I won I t forgive you

Liancheng Yazhi called mo zhongkai Mr. Mo. Since he said that he came on behalf of someone, Liancheng Yazhi would not call him Lieutenant Colonel mo.

MO zhongkai nodded, 'Mr. Liancheng, I hope you can forgive me for disturbing you.' &Nbsp;

He thought that Liancheng Yazhi would say surprised, but he did not expect him to say surprised. The difference of one word was indeed very different.

MO zhongkai was wearing a formal suit. His face was already red from the sun, but his eyes were very calm. If you only looked at his eyes, you would feel that he was not hot at all, and even his hair was not messy at all.

liancheng yazhi took a look and already had a measure in his heart. this mo zhongkai was indeed a very persistent person. however, this was nothing to him. as a soldier, standing in the sun was the most basic thing.

Liancheng Yazhi's lips curled up. since it's so presumptuous, Mr. MO still came. It doesn't seem very good to waste time like this.

MO zhongkai was stunned for a moment. He thought that since he had already received the letter of visit and indicated that he was here on his behalf, no matter how arrogant Liancheng Yazhi was, he should at least exchange a few pleasantries and let him in. He did not expect that in the second round, he had already started to make things difficult for him.

Sure enough, the rumors outside that Liancheng Yazhi was a person who could not show his emotions and was very difficult to deal with were true.

It seemed that he had underestimated Liancheng Yazhi.

MO zhongkai gathered 120% of his spirit to face Liancheng Yazhi and did not dare to slack off.

MO zhongkai adjusted his mood and said, "I'm very sorry that Qianqian has indeed offended Mr. Liancheng. However, I don't think someone like Mr. Liancheng would lower himself to my level. I'm only here today because I've heard of Mr. Liancheng's great name for a long time. I simply want to pay a visit to Mr. Liancheng.

liancheng yazhi smiled and said, "mr. mo, this is the second time we've met. you may not know me well. my wife always likes to say that i'm a very petty person. i like to hold grudges and i'm very vengeful. "

The corner of mo zhongkai's eyes twitched, but his face still maintained his original expression.

He really didn't expect that a well-known figure like Liancheng Yazhi in the imperial capital would actually speak so shamelessly! young master ya: I'm sorry to disappoint you. You will be even more disappointed in the future.

He had actually said such threatening words with such an innocent and harmless smile.

Liancheng Yazhi was just short of saying, "if I don't forgive you, I'll hate you because of this small matter."

Fortunately, mo zhongkai was a person who could hold his own and his ability to withstand pressure was also very strong. He smiled and said, "in that case, I'm starting to regret coming here so rashly. I should have asked someone else to get to know Mr. Liancheng before coming.

Liancheng Yazhi nodded very seriously. indeed, you should do that. I can recommend someone to you. You can go to him and he should be able to tell you a lot about me.

"Oh Yingluo, then who is it?" mo zhongkai asked.

"You also know Tang han," Liancheng Yazhi said slowly.

When he said Tang Han's name, he could clearly see mo zhongkai's pupils contracting.

this showed that he was very surprised that liancheng yazhi suddenly said the name tang han.

He probably didn't expect that Liancheng Yazhi would already know that he had replaced Tang han.

"Thank you, I will visit Colonel Tang," mo zhongkai said politely..

Chapter 1795: Mr. MO, your sister is very cute

Liancheng Yazhi did not hold back at all. you don't have to thank me. If you go to see Tang Zong, help me pass a message to him. Although we can't be rivals anymore, at least Yueyue can be his relative. I will help him take care of his younger brother.

MO zhongkai's heart trembled, become relatives? What did that mean?

Could it be that there was a relationship between Liancheng Yazhi and Tang han?

liancheng yazhi narrowed his eyes and looked at the sun above his head. to be honest, he felt that mo zhongkai could stand the sun, but he couldn't!

Liancheng Yazhi did not intend to say too much to mo zhongkai and said directly, "Mr. MO, my wife is pregnant and her emotions fluctuate a lot. She hates to see unfamiliar faces outside. Furthermore, I have already announced to the public that I will not welcome any guests. That day, Tang han came to my door several times, but I did not let him in. So I'm sorry, I can't let Mr. MO in either."

If it wasn't for mo zhongkai's strong ability to withstand pressure and was almost unable to bear it now, Liancheng Yazhi's words were too obvious. He said that he knew that he had closed the door and refused guests, but still insisted on disturbing him. Wasn't this accusing him of not having manners? this was not to say that so what if he sent a visiting card, it would just be a slap in his own face.

MO zhongkai still smiled. it's alright. I was rude. Liancheng Yazhi will take his leave. See you next time.

Liancheng Yazhi sighed. Fortunately, this guy knew that he was just sending off a guest. He was not as thick-skinned as Tang Zong.

Liancheng Yazhi nodded. I'm not sending you off. I still have a lot of time to deal with Mr. MO in the future. I'm not in a hurry.

MO zhongkai's expression stiffened for a moment. Liancheng Yazhi had already made clear the way they would get along in the future.

MO zhongkai smiled awkwardly, "I hope that Mr. Liancheng will show mercy in the future."
&Nbsp;

Liancheng Yazhi did not give him face. "you're being too polite. i should be the one asking mr. mo to show mercy. after all, ordinary people like us still need mr. mo's men to protect us."

MO zhongkai smiled and nodded. Mr. Liancheng, you're too humble. I won't disturb you anymore. Goodbye.

MO zhongkai anxiously turned around, but just as he turned around, he heard Liancheng Yazhi suddenly say, "Oh, I forgot to tell you. Mr. MO, your sister is very cute!"

MO zhongkai's body suddenly turned around, his expression was unhappy and he frowned, "What do you mean by that, Mr. Wanwan Liancheng?" Liancheng Yazhi raised his eyebrows. She changed her face so quickly?

when he spoke just now, he had provoked mo zhongkai openly and secretly, but none of them could make mo zhongkai change his expression. however, when he mentioned his sister, he changed his expression instantly. this was really a pleasant surprise.

Liancheng Yazhi originally just wanted to test the extent of mo zhongkai's sister complex!

This was really not ordinary!

It was more effective than he had expected.

it seemed that mo xunxun's move would be of use in crucial areas in the future.

Liancheng Yazhi shrugged his shoulders. it's nothing. I'm just praising her sincerely. Don't you think your sister is cute, Mr. MO? "

MO zhongkai then realized that his actions just now were too much, and at the same time, he had exposed his weakness. He was a little annoyed and scolded Liancheng Yazhi for being an old fox in his heart.

MO zhongkai had a sister complex. His sister was good in every way. Of course, he would not say that his sister was not cute.

"Xunxun is still a child," she said..

Chapter 1796: there's no need for mr. liancheng to worry

Liancheng Yazhi chuckled. no, your sister is already an adult. She can get married. Maybe I can help your sister introduce a good boyfriend in the future.

MO zhongkai held back his anger and said, "Mr. Liancheng, you don't have to worry about this. Our family will choose for her." he had been very polite just now, but because of his sister, he suddenly became fierce. he didn't even say goodbye and turned to leave.

Liancheng Yazhi watched mo zhongkai's car leave and his lips curved up.

It was useless even if it was mo zhongkai, no one could dream of stepping through this door.

After Liancheng Yazhi returned, Rong Yan asked him, "Let's go. How did the discussion go?"

Liancheng Yazhi sat down and said, "of course it's Wanwan." He had just said these three words when Rong Yan said, "when the conversation ended in a happy and friendly atmosphere? Tang Zong has learned how to say that now." liancheng yazhi smiled. "it's true this time. i've been smiling the whole time while talking to mo zhongkai. wife, don't look at me like that. he's the one who has been smiling. "then huahua's ninjutsu skills have really reached the peak," rong yan praised. Liancheng Yazhi agreed with this. "Indeed, he can't be underestimated. However, the moment his sister, mo xunxun, is mentioned, he will be defeated." If it wasn't for mo xunxun's existence, mo zhongkai's performance would have been impeccable. "will he be a difficult opponent to deal with?" rong yan asked worriedly. Liancheng Yazhi shook his head. it's not easy to deal with A, but it's not too difficult to deal with. At least, with mo xunxun's weakness, he won't be an iron wall. Rong Yan sighed. if Jian Jie was here, we could have asked her to use a beauty trap or something. But now, we can't use it. I really don't know where Jian Jie is now and if she's in danger. Liancheng Yazhi patted his hand. it's fine. Don't worry. I'll go see Tang han tomorrow. No matter what, I have to get some simple information from him. "I hope he can tell you," Rong Yan nodded. "There will be a way." "If it doesn't rain tomorrow, we can go horse riding. There's also an open-air horse track here." Tang Zong told them at the dinner table. that's not a bad idea. "leon nodded vigorously. "we must go tomorrow. " Not only did he like art, but he also liked horses. He had many horses. Tang Zong nodded, "alright, I'll bring you guys there tomorrow. Since you're already here, it's too uncreative to eat the steak and pork chops that you used to eat every day. These are all dishes cooked by some famous chefs. Try them. If you don't like them, we'll get the kitchen to cook something else. Faern Hill picked up the food with his chopsticks. there's no need to go through so much trouble. We still like the taste of the food. It's changed so much," he said. Tang Zong nodded. it's good that you guys like it. It's rare for us to be able to gather together today. How

about we have a drink before dinner? ” Faern Hill was the first to agree and raise his exquisite wine glass. He clinked his glass with Tang Zong. Leon and he also raised their glasses. Only the young man lowered his head as if he did not hear Liancheng Yazhi’s words. He was holding his chopsticks and fighting with the food in front of him. He was still not very familiar with the chopsticks, and when he picked up food, it would fall nine out of ten times..

Chapter 1797: Don’t be dazzled by love

However, he didn’t seem to be anxious or angry at all. Instead, he seemed to be getting braver and braver.

Rong nuo looked at him and felt that he was like a child of his age.

Tang Zong and a few others raised their glasses and drank. It was a little strange that he didn’t participate. Tang Zong turned to look at him and said, “Tyr, don’t you want a drink?”

no, no need, ” Leon quickly said. Yingluo is still a child. He doesn’t need to drink this wine.

“Alright then, let’s drink by ourselves.” Tang Zong nodded.

The few of them were drinking on their own. Rong nuo, who was watching Tyr from the side, wanted to laugh a little. Before she laughed out loud, she turned her head and did not look at him. she beckoned for the staff to come over and ordered her to bring the young man a knife, fork, and spoon. When the utensils were placed by the boy’s hand, he looked up. But, He did not use it. in fact, he didn’t even look at it once after that. he continued to use the chopsticks that he had never touched before to pick up food. At first, Rong nuo thought that it might be because this child’s self-esteem was stronger than others and could not allow himself to fail, so she did not persuade him. But later, she was surprised to find that the young man was becoming more and more skilled. After ten minutes, he had almost found the trick and could slowly pick up the vegetables and put them into his own bowl. By the end of the meal, he could already use chopsticks proficiently. This powerful self-learning ability surprised Rong nuo. during the meal, the few of them did not say anything strange to tang zong. the atmosphere of the meal was quite good. However, during the dessert after dinner. Dunn, “Leon suddenly said,” if you can’t bear to part with your beautiful fiancée, you can go abroad together. That way, you won’t have to be separated. This time, without waiting for Tang Zong’s reply, Rong nuo said, “Thank you, but I still hope to live in China. I want to live with my sister’s family. I’m not used to living abroad. Whether it’s life or food, it’s too different.” Tang Zong reached out and grabbed Rong nuo’s hand. I will be wherever my wife is. So, I’m sorry. “Did our negotiation fail?” Leon looked at them. “how should i calculate it?” tang zong laughed. we’ve been having a good time talking. ” Farnhill’s fingers touched the mahogany furniture in his hand, and he said with a half-smile, ” “Tang Qianqian, you know what I’m talking about.” Tang Zong nodded. of course, I understand. At the same time, I also understand my own insistence. but, ” said Farnhill, ” you don’t understand the situation you’re in. “I understand. That’s why we need to have a good discussion, Zhenzhen.” Tang Zong continued to smile. There was no smile on Farnhill’s face. “Do you think you have any room for discussion on this matter?” “But, we have to try, don’t we?” Rong nuo continued. Rong nuo smiled and said, “you won’t be leaving immediately after coming here, right? stay here for the next few days. My sister said that she welcomes you and hopes that you will have a good time here. If you want to take a nap later, you can go to the room to rest. Lai ang and the rest did not answer Rong nuo, but looked at Tang Zong.

“Dunn, there are some things that you shouldn’t be blinded by love.” “But that’s no longer love. It’s an existence that has transcended love.” Tang Zong shrugged..

Chapter 1798: Risking his life for love

Tang Zong turned around and grabbed Rong nuo’s hand. He looked at her and smiled. as for me, I wasn’t bewitched. Instead, I’ve found the true meaning of my existence in this world.

In the past, Tang Zong was just wasting his time. He hated the Tang family, and the Tang family did not want him to exist as a descendant.

At that time, he was living in a daze every day, so he wanted to find something interesting to fill the emptiness in his heart, and perhaps he was also lonely.

At that time, Tang Zong did not have any goals or reasons.

Until he met Rong nuo, got to know her, fell in love with her, and wanted to live with her forever.

It was her who made him want to become a better person, a person who could make her happier.

It could be said that Rong nuo had allowed Tang Zong to find a new purpose in life.

Tang Zong looked at Lai ang and the rest. all of you are my friends and also very important people in my heart. We have known each other for many years. I hope that all of you can give me your blessings. I have been muddleheaded for more than 20 years. Today, I have finally come to my senses.

Rong nuo looked at Tang Zong in shock. She really did not expect Tang Zong to say such words.

The mature, heavy, and touched Xuxu had returned to her childish appearance.

In Tang Zong’s heart, Xuxu was actually very steady.

rong nuo grabbed tang zong’s hand tightly. she hoped to convey her thoughts to tang zong.

She wanted to tell him that she would always be by his side.

Tang Zong’s words stunned Lai ang and the rest. Even the arrogant young man, Tyr, raised his head and looked at Tang Zong.

After a long while, Lai ang said to Tang Zong, “Tang Qianqian, if we were just ordinary people, I think I would be happy to give you my blessings and be happy to attend your wedding.”

Tang Zong understood what he meant. It was a pity that they were not ordinary friends. Even if he wanted to give his blessings, it would be difficult.

However, Tang Zong still said, “but, I still have to thank you.”

Dunn, ” said Farnhill with a sigh. your transformation is really unbelievable.

tang zong laughed. ” people will change. i only think that as long as it’s a change for the better, it’s a good thing. ‘

“It’s lunch break now. You guys should rest. We’ll go and play something else in the afternoon.” Tang Zong changed his tone.

leon glanced at the teenager and then nodded. ” “Alright, see you in the afternoon.”

“Then I’ll take Rong nuo to rest, bye.” Tang Zong pulled Rong nuo’s hand and left.

“Can love really make a person change so quickly?” Leon asked after the two of them left.

you can try! Farnhill joked. you can try!

Leon shook his head. I don’t want to risk my life just to try that. I don’t know if Dunn is lucky or unlucky.

“In any case, it won’t be bad luck.” Farnhill turned to the young man. ” Tyr, what do you think is the key to dunn’s situation? how should we handle it? ”

The two of them had said those words just now to test the young man’s reaction to this matter.

they had known tang zong for many years, and their relationship with him was considered alright in the past. they really didn’t want to take tang zong’s life.

For this matter, they were mainly listening to the young man. If he agreed to let Tang Zong go, things would be much easier.

as soon as farnhill finished his question, the young man stood up, his golden eyes as cold as frost. he glanced at farnhill and left without a word.

Chapter 1799: Live well, then marry me

Farnhill shivered under the young man’s gaze. After he left, he quickly asked

Leon, ” “Then what does Yingluo mean by this?”

Leon shrugged. I don’t know. Let’s wait and see. I’m quite tired after playing for the whole morning. I’m going to rest.

Farnhill rubbed his arms. It was strange for him to feel fear in the face of a young man so much younger than him.

After returning to the room, Rong nuo turned around and hugged Tang Zong, burying her face in his chest.

Tang Zong was stunned for a moment. Then, he hugged her and asked with a smile, “What’s wrong? Do you want to have a fight with me?” Without waiting for him to finish, Rong nuo raised her hand and smacked it, saying angrily, “Be serious, don’t think about those things all day.” Tang Zong hooked her chin, lowered his head and gently blew on her lips.”Then what do you think I’m thinking about?” Rong nuo’s face turned red, and she reached out to pinch Tang Zong’s body. “I’m talking about serious business. They won’t let you off so easily, right?” she smacked his hand away. The smile on Tang Zong’s face slowly faded. He thought, Yingluo, but I’m not someone who’s so easily defeated by them. When I first joined, I didn’t expect it to be so difficult to leave. If I had known, I wouldn’t have been fooled. Rong nuo pursed her lips. what’s the use of regretting now? we’d better think more about how to get over safely. Tang Zong put his arm around her shoulder and walked to the bed to sit down. don’t be anxious. I don’t think they have any intention

of touching me for the time being. We can still delay for a while. Rong nuo sighed. She was not as simple as Tang Zong thought. not now, but what about in the future? ” Since they all listen to that youth, then whether they want to deal with you this time, is it also up to that youth’s will?” Tang Zong nodded. that’s possible. However, it doesn’t make sense to leave this matter to a spearhead brat. Rong nuo looked out of the window and said in a low voice, “Illogical? in my opinion, that wufu of yours is an existence that doesn’t conform to common sense. if that young man decides your life and death, then it’s not surprising.” “That’s right, my dear wife is right.” Tang Zong immediately nodded in agreement. Rong nuo pinched him again. don’t talk nonsense with me. We’re not married yet. If you’re Yingluo, if you’re really Yingluo, I’m telling you, I still need to find someone in the future. Tang Zong suddenly pounced on Rong nuo. no, I won’t let you become another woman. You can only be mine. Rong nuo nodded. alright, Zhenzhen. Then you have to live well. Then, marry me. Tang Zong lowered his head and kissed her lips. He muttered, “Believe me, I will do it.” Rong nuo sighed in her heart. She stretched out her hands and gently wrapped them around Tang Zong’s neck, slowly responding to him. It was past two O ‘clock in the afternoon, and the sun was still very bright outside. At this time, going out to play was undoubtedly looking for the sun. Feeling refreshed, Tang Zong got out of bed and went to knock on the door. Other than the junior team that Tang Zong completely ignored, the other three expressed that it was better not to go out and look for abuse on such a day. Hence, me mree 01 mem rormea a came. ?rang Long set up a manjong came ana brought the three of them to play mahjong. However, none of Lai ang’s three teams were good at Mahjong, and Tang Zong basically won all the games by himself. However, the more the three of them lost, the more they fought, and their eyes were almost red. During this period, whoever wanted to go to the bathroom had to be given a time..

Chapter 1800: The fastest way to communicate

The Chinese always said that the fastest and best way to communicate was to eat and play cards.

You might not know each other before playing cards, but after playing, your feelings would improve by leaps and bounds.

Rong nuo lay on the bed and slept until three O ‘clock before she got up. She supported her weak waist and sat up, cursing Tang Zong in her heart. At a time like this, he still had the mood to think about that.

rong nuo went to the bathroom to take a shower before going out. she could hear the sound of mahjong playing from afar, accompanied by various angry and happy voices in foreign languages.

Rong nuo walked over to take a look and saw four big men surrounding a table, building a great wall.

Everyone had money by their side. Only Tang Zong had the most. As for the other three, Leon’s golden hair was already in a mess, and Farnhill’s face was extremely sullen. He would shout in frustration every time he saw a card. Rong nuo did not see the young man. She guessed that he would not come to play mahjong and was probably still in the room. Rong nuo thought for a moment, then asked someone to bring a pot of freshly squeezed iced fruit juice, and then carried it to knock on the young man’s door. Since the youngster could possibly control Tang Zong’s life and death, if he liked this place a little, he might be able to stay for a few more days and buy Tang Zong more time to think of a solution. “Tyr, are you in there?” Rong nuo knocked on the door. There was

no sound from inside, so Rong nuo continued, "It's very hot now, so I brought you some iced fruit juice to help you cool down." There was still no sound, but Rong nuo was used to it. if you're here, can I push the door open and come in? " "i'm coming in!" She turned the doorknob and gently pushed the door open. after the door was opened, rong nuo saw that the proud, cold, and silent teenager was half lying on the bed. He didn't take off his shoes. His feet were stretched out on the side of the bed, and his arms were behind his head. He looked very casual, as if he was just lying down for a short while and would leave at any time. The decorations in the room had not changed at all. The room that Rong nuo had arranged for him was specially decorated with little things that children liked, such as airplanes, tanks, all kinds of dolls, and all kinds of little things. There was even a little Bear on the bed. but he didn't seem to move at all. he didn't even touch anything. Tyr's seemingly casual posture was actually filled with distrust and conflict. If it was an ordinary person who especially liked this place, they would kick off their shoes and jump onto the bed, rolling back and forth a few times before looking around the entire room, not like this. He had never treated this place as his room. The rongruo prize put down the juice and poured a glass for the young man. "drink some fruit juice, it'll cool you down." The young man still did not look at her at all. Rong nuo was not embarrassed. She put the cup on the small coffee table at the head of the bed. Then, he looked around and said,"you don't like this place?" I have two children in my house, and they are two years younger than you in one winter. There is also MeowMeow, the baby of our family. She especially likes these little things. I thought that children all like these things. If you don't like them, I can help you decorate it again, okay?" the little bear on your head is her favorite. She used to hold it tightly every time she came here. She always said that she liked Brother Winter and the little bear, but if she had a younger brother in the future, she would change the little bear to a younger brother..
