

Permit Me 1811

Chapter 1811: Husband and wife must have common interests

as soon as Liancheng yazhi entered the door, Rong Yan quickly asked him to take off his coat and asked someone to bring him a glass of warm water and a glass of iced fruit juice.

Rong Yan saw that Liancheng Yazhi's face was a little red from the sun and asked, "It's hot outside, right?"

Liancheng Yazhi shook his head. it's alright. It's not that hot.

After he drank the water and rested for a while, Rong Yan asked, "Did it go smoothly today? Did you get any news from Tang han?"

of course, "Liancheng Yazhi laughed. what else do you think your husband was away for?"

"Then tell me." Rong Yan shook his arm. Liancheng Yazhi said, "mu weibai's Jian is in their hands now, but Tang han doesn't know where it is. I'm not worried about mu weibai. His identity and achievements are still there. At most, he will lose his freedom for a short time and will come out in the future. I'm most worried about Jian Yi now. "I'll tell you another piece of news. Tang han told me that mo zhongkai knows where Jian Jie is. It's even possible that he was the one who kidnapped Jian Jie. However, Jian Jie's mo zhongkai is a sly person. It's almost impossible to get any simple information from him." Rong Yan frowned. That mo zhongkai was indeed not a good person. He was really an annoying person. Rong Yan asked Liancheng Yazhi. mo zhongkai has taken over your Affairs recently. He should be staying at home often now. Do you think he will leave some documents at home? "At home? Yingluo might be the one!" Liancheng Yazhi touched his chin. it's not a solution to let someone visit. by the way, go and check on mo xunxun's recent situation. If ran ran still thinks it's easy, maybe ran ran can do something to her. Rong Yan felt that this method was a little too underhanded. After all, mo xunxun was too pure and innocent. If she were to use her, it would be hard for her to do it. Liancheng Yazhi hugged Rong Yan and kissed her. "As expected, we're destined to be a family. We're both thinking the same thing." He himself was an unscrupulous person, and he didn't like people who were too simple and kind. That kind of person didn't suit him. A woman like Rong Yan was more suitable for him. A husband and wife must have common interests. Rong Yan patted Liancheng Yazhi. but, ran ran, don't go too far. After all, ran ran is still a little girl. Liancheng Yazhi nodded. don't worry. I won't go too far. In the manor, four grown men were surrounding a mahjong table. Leon had already taken off his short-sleeved shirt and tied his slightly long hair into a small tail with a rubber band. He said to Tang Zong, "Today, we're going to make you lose even your underwear." "Alright, that will depend on your capabilities. But I think you might

be faster than me.” Tang Zong replied leisurely. Hmph, “Leon said with a murderous look, “ we ran away after we won yesterday. Don’t even think about leaving today. tang zong’s hand that was touching his platoon paused for a moment. he wasn’t just saying this casually. it seemed like he wouldn’t be able to leave as easily as he did yesterday. “That will depend on whether your card skills have improved or not. How about we not add a little more weight?” Tang Zong chuckled. Do you dare to do it?” Farnhill smacked the table. I dare. What’s there to be afraid of? just say it. Tang Zong snickered at the doctor. that’s good, It’s boring to keep losing and winning. This time, let’s play something else. The loser has to do something for the winner..

Chapter 1812: A person who can 't afford to lose

Tang Zong's words caused the originally lively atmosphere to instantly vanish. Those few people who had just threatened to kill him all raised their heads and looked at him."Dunn, your suggestion doesn't seem very good."

Tang Zong knew what they were thinking and said, “You guys don’t have to be so careful. I don’t have any other intentions. I’m just telling you guys that today’s winner won’t ask the loser to do anything too serious. It’s just like Truth or Dare. For example, Yingluo stripped naked and ran around naked. It was just for fun. Don’t tell me you guys don’t dare to do that.” Farnhill and the other two heaved a sigh of relief. This was possible.

“alright, zhenzhen, let’s play this,” he said first.

The other two also agreed. It was dare, after all. They had all played it before, so there was nothing to be afraid of.

However, they soon regretted it.

[illegible]

and cold youngster. He 'didn't know' anything at all! "Farnhill, helute, do you two want to see Leon telling jokes to Tyr?" Tang Zong turned his head and asked. the two of them were in a dilemma. to be honest, if this matter didn't fall on them, they actually wanted to see that scene. They had never seen Tyr smile throughout their entire journey, so thinking about it, they were quite jealous. The point was that it wasn't them who had gone to pluck the Tiger's whiskers, so they didn't seem to have any concerns. Thus, the three of them said the same thing and nodded. Leon, just go. This is what we agreed on before. The loser has to do one thing for the winner. Dunn's request is not too difficult, right? don't you think it's actually very fun? " Leon messed up his golden hair and said in frustration, " "you guys can't do this. it's you guys who are having fun, not me, yingluo." tang zong shrugged his shoulders and intended to provoke him a little. "Alright, since you admit that you can't afford to lose, then I won't say anything more. If that's the case, then there's no point in playing this card game.."

Chapter 1813: When I win, I'll definitely take care of you

Since Tang Zong had already said this, and Leon was a very proud person, he gritted his teeth and glared at them."Fine, I'll go. Just you wait. When I win, see how I'll deal with you. Hmph!"

Leon grabbed his hair and went to look for Tyr with a thud.

Liancheng Yazhi glanced at Farn Hill and the other man. why aren't you following me? don't you want to watch? "

The two of them immediately followed him and walked behind Leon.

However, after a round of searching, Lai ang did not find Tyr. He ran into Rong nuo and asked, " "Hey, Rong nuo, have you seen Tyr?"

Rong nuo nodded. yes, I did. She's in that small garden.

Tyr seemed to like the little garden a lot. Tang Zong brought them to play cards while he lay down under the flower vines and slept. No one knew if he was asleep or not. Once he laid down, he didn't move for a long time, not even his eyelashes moved.

In the middle, Rong nuo even gave him fruit juice and desserts, as well as ice cream, just like the previous two times. As for whether he ate it or not, Rong nuo didn't know. Anyway, that child just ignored you in all kinds of ways. Other than saying two things to Rong nuo yesterday, he did not say anything else.

Leon gritted his teeth and walked to the small garden in frustration.

Rong nuo saw Tang Zong following behind with a smirk on his face and asked him, "What's wrong?"

tang zong shook his head and pulled rong nuo back, saying, "It's fine. Come, follow me. You can just watch the show from behind."

the group of people followed leon to the garden. he stood at the entrance, struggling. he took two steps forward and three steps back. his expression and movements were full of regret.

tang zong happily urged, " lai ang, hurry up. we're still waiting to enter. if you waste time like this, we won't be able to play cards anymore. "

Faern Hill also nodded. yes, yes. Hurry up and go in.

leon glared at them with resentment, then hardened his heart and stepped into the small garden with an expression that was not afraid of death.

The fairy-tale like little garden was the complete opposite of Leon's mood at the moment.

After seeing Tyr, Leon walked slower and slower.

However, the distance was only a little longer. No matter how slow he walked, he would eventually reach the end.

Leon finally came to Tyr's side. He looked at the young man who was resting under the flower vines with his eyes closed. He wanted to shoot himself. If this young man was the harmless and beautiful young man he looked at now, how good would that be? if only he was a mute now.

However, if all of these were useless, he would have to tell a joke to a quiet child who seemed to have no memory of laughing. It was harder than making a pig climb a tree.

lai ang turned around and looked at tang zong and the others, begging for mercy. however, all of them were helpless, adding insult to injury, and watching the fire from afar. it was really infuriating.

Leon had no choice but to reach out his hand awkwardly and stammered, ‘ ” hi,

Tyr, i'm here to talk to you about something small. ”

The young man didn't even bat an eyelid when he heard someone call his name.

Leon scratched his head, but she didn't even look at him. it's like this for Tyr. I saw a joke yesterday and I it was very funny. Do you want to hear it,

Qianqian? ”

The young man did not speak or move.

however, the air current had already started to fluctuate a little..

Chapter 1814: He would not allow others to taint the things he liked

leon had to continue, ” there was a man who lived in the mountains. he heard someone knocking on the door in the middle of the night, but when he pushed the door open, he saw no one outside, so he went back to sleep. the next day, the police found a body at the foot of the mountain and took him away. don't you think it's funny? ‘

After saying that, Leon even giggled a few times.

Tang Zong couldn't help but roll his eyes after hearing this. Please, Yueyue, is this a joke? it's not even a cold joke, okay?

This Yingying was simply a brain teasers with a little suspense and reasoning. How silly and cute was Leon to actually tell such a ‘joke’?

Rong nuo turned to Tang Zong and asked, ”is this a joke?” Or does Yingluo need a high IQ to understand this joke?”

“Maybe the foreigners in Xuanji are funny in a different way from us,” Tang Zong sighed.

The funny points are different? Rong nuo went to look at emhyr, but the two of them still had a look of disdain on their faces and did not have any intention of smiling.

Not only did she not laugh, but she was about to cry from Leon’s stupidity.

Leon laughed foolishly a few times and did not see any response from Tang Tyr. He could no longer maintain the smile on his face. no, it’s not funny. It’s okay. I saw a few yesterday. Let me tell you another one.

Leon then said a few more in one breath, but each one was more stupid than the last.

However, it did help a little. At least, it made Tyr open his eyes.

Tyr’s eyes, which were brighter than the sun, looked at Leon. Leon immediately shut his mouth as if he had been glued to the ground.

Because of Tyr’s glance, Leon instantly felt that his stupidity had reached a whole new level, to the point that he was speechless.

Tyr opened his eyes, and the atmosphere froze. Leon stood there as if he was in the middle of the night.

tyr looked at him coldly without even blinking. only leon could feel the undercurrent, the murderous intent, and the bloodlust in his golden eyes. Yingying was really scary!

Rong nuo saw that this could not go on, and quickly said,”How about we have

Yingying barbecue for lunch today? It’s right here.”

Tang Zong hurriedly agreed. sure, sure. Yingluo, it’s good to have barbeque. It’s nice here too. It’s cool and beautiful. It’s suitable for barbeque. “Alright, I agree,” said Farnhill.

However, they did not expect Tyr to suddenly say, ” “No!”

He rejected Rong nuo’s decision with one word, and it was very thorough. The dislike and rejection in his eyes were frightening.

let’s not do it here, ” hert said. it’s not suitable here. There are only flowers and plants. It’ll be bad if the charcoal fires ruin the carefully built scenery. Let’s go to a more spacious place.

rong nuo and tang zong nodded. of course, they were going somewhere else.

even this ancestor was looking at them with such a gaze. “Let’s continue playing cards.” Tang Zong cleared his throat.

“Tyr, you can continue to rest,” Rong nuo said.

the people who had come to watch the show all ran out in dejection.

when they were outside, everyone was relieved. rong nuo asked, “Why doesn’t ran ran allow us to have a barbeque there?”

he doesn’t allow others to taint the things he likes, ” hert said. we’ve already made him unhappy by going in to take a look..

Chapter 1815: as long as he wanted it, it would be his

Rong nuo was shocked. but Zhenzhen doesn't belong to him! she said.

She suddenly remembered that she had been to the little garden to give Tyr things a few times. Did he hate her too?

Rong nuo suddenly felt very depressed. This was her sister's place. No matter what, she was also considered half a master. In the end, Yingluo, that kid, just lay there and it became his?

Isn't this too ridiculous?

trust me, " hert sighed. if he wants it, this place will be his.

Rong nuo and Tang Zong looked at each other. Their understanding of the young man had been further enhanced.

They all understood what halut meant. In the young man's eyes, there were only things he didn't like. There was no such thing as " it was him ".

"That won't do. My brother-in-law treats his wife and daughter as his life. That little garden belongs to his precious daughter. No one is allowed to snatch it away from him, no matter who it is." Tang Zong grinned.

Tang Zong did not wait for halut to speak. He took Rong nuo's hand and left.

After walking far away, he said emotionally, " " kids nowadays are getting scarier and scarier. i hope our son will be a positive, cheerful, and active child in the future. ' "

Rong nuo patted his shoulder. don't worry. Your son will be lively. But I don't know about Yingluo's positive attitude.

Tang Zong was taken aback. What did he mean by that?

After what had just happened, Leon's mood for playing cards had been dampened. He kept looking at them with resentment and regret in his heart. He kept saying that he shouldn't have gone and listened to them. He should have gone to find Tyr and told him jokes. He was really tired of living.

tang zong chuckled. "don't worry. you're just a kid. how can you bear grudges?

hurry up, hurry up. we're all waiting for you to play your cards."

Leon gritted his teeth. the point is, Yingluo, Yingluo, that's not an ordinary child, okay? "

how is he not an ordinary child? he's just a little more handsome, a little colder, and a little less talkative than other children. But no matter how cold he is, it can't change the fact that he's still a child. Don't think too much and quickly play your card.

Leon saw that Tang Zong still didn't seem to realize Tyr's identity, so he didn't continue to say anything. He just casually threw out a card.

He didn't expect that just as he threw out his cards, Tang Zong would happily say, "I won, I won, thank you for your cards, give me the money, Qianqian."

Of course, Tang Zong disagreed. that's not possible. You've already thrown out your cards. How can you take them back? we can't do that here. rong nuo watched from the side as tang zong quarreled with the rest while playing cards, and the worry in her heart gradually deepened.

Although these people seemed to be on good terms with Tang Zong, they had never involved themselves in any key issues. Moreover, Qianqian had been trying to probe them frequently. After being with them for two days, Rong nuo had been unable to figure out what they were up to.

Rong nuo thought for a moment, then turned to the kitchen to get people to prepare the barbecue.

After the ingredients and tools were prepared, Rong nuo went to the small garden again.

Tyr, "she said as she stood in front of him," you like this place, don't you? you don't want anyone else to come in, right? "

Rong nuo sat down, and regardless of whether he was annoyed or not, whether he heard it or not, she smiled and said, "If my MeowMeow knew about this, she would cry.."

Chapter 1816: despised by a little kid

" her grandfather built this place especially for her. she likes it very much. if she finds out that her brother is fighting with her for territory, she will definitely do it. however, she will definitely invite you over to play. our child is the kindest. '

Rong nuo talked for a while, but Tyr did not open his eyes. She looked around and said, there's a treasure buried here by her and winter. She said that it would be dug out many years later. Do you think she's buried there? "

Tyr finally opened his eyes and looked at her coldly, as if to say, " You talk too much and it's very noisy.

Rong nuo looked at him calmly and did not feel embarrassed at all. we're having a barbecue at noon. Do you want to come? " come on, it's boring to sleep here all the time. It's more fun when everyone's together, " Rong nuo said as she reached out her hand to Tyr.

However, he only glanced at her hand, then stood up and walked around her.

Rong nuo looked at her own hand and the corner of her mouth twitched. She was being despised by that little brat again.

however, it was still considered an improvement. he had finally woken up, hadn't he?

When Rong nuo and Tyr went back together, they gave Lai ang and the rest a huge scare.

when they saw the two of them walking together, they all felt that it was embarrassing. they didn't even feel that the cards in their hands had dropped.

Farnhill asked, "you guys ..."

"I'll get Tyr to join us for a barbeque. Who wants to join us?" Rong nuo laughed.

A look of disbelief appeared on Leon faunhill's face. His eyes seemed to be saying, " How was that possible?

However, they really did see Tyr leave with Rong nuo.

After being stunned for a while, Tang Zong stood up and gave Lai ang a kick. let's go.

The men didn't care about playing cards anymore. They didn't even want money and ran over.

Rong nuo let the people set up the barbecue place in the coolest and largest room, and moved away all the antique furniture that was in the way.

Opening the northern window, he could hear the sound of running water.

Outside the house was a man-made waterfall. There was a waterwheel that moved to make the water move. The water vapor from the waterfall poured into the house, making the room very cool and not dry.

Rong nuo had already asked people to light the charcoal fire, and all kinds of meat and vegetables had been skewered.

rong nuo turned around and asked tyr who was drinking water, " "Do you want to try?"

The young man turned his head and did not respond.

Rong nuo shrugged her shoulders and started to roast it herself. After a while, the fragrance spread out. Rong nuo brushed the sauce on it and waited until the fragrance was getting stronger before placing it on the plate in front of Tyr.

"You should try it first."

However, before Tyr could even take a look, Tang Zong rushed over and took the plate away. "Hey, kid. If you want to eat, I'll roast it for you. You don't have to eat these. My wife hasn't cooked for me yet. These are mine."

Tang Zong was feeling a little jealous. He was jealous of a little kid.

The first time Rong nuo made something, he must eat it. He could not give it to anyone else, not even an underaged child.

Rong nuo held her forehead. She felt that Tang Zong was embarrassing her again.

Sure enough, Tyr gave him a disdainful look and sat a little further to the side. It was obvious that he didn't want to be too close to him and wanted to keep a distance from him so that he wouldn't be contaminated by his stupidity.

Rong nuo shouted,"Tang Zong, don't eat anymore. Hurry up and come over, you can roast it.."

Chapter 1817: Tang Zong, don't lie to me!

Tang Zong said as he ate, " right away, right away. Wait until I'm done eating. Yingluo, this is the first time you've cooked for me. I must finish it all. Wifey, your food is really delicious.

Rong nuo,"that's not Zhenzhen."

Rong nuo had wanted to say that it was not for him, but seeing Tang Zong eating so happily, she swallowed her words.

Dunn, " Leon walked over, " that's not for you. It's for Tyr.

“For him?” Tang Zong rolled his eyes. Did he eat it?”

“This is what my wife gave me, Hmph!”

Tang Zong quickly finished the food and licked the corner of his mouth. Then, he quickly ran over and took the food from Rong nuo’s hands. go and rest. Don’t burn your hands. I’ll do this. My cooking skills are the best. Just wait to eat.

After saying that, he turned around and his expression instantly changed. He said fiercely, ” ” hey, don’t just sit there and wait to eat. do it yourself. i won’t make it for you.

Rong nuo sat beside Tyr and took a sip of water. She said to Tyr, ” “Tang Zong’s cooking skills are especially good. You can try it later. But Yingluo, are you really not going to try it?”

Tyr leaned back in his chair lazily, completely ignoring rong nuo.

Rong nuo sighed. you are really difficult to get along with. The two children in my family are not as difficult as you. If I have a child like you in the future, I will be depressed.

Tyr glanced at rong nuo this time, but his cold eyes were still emotionless.

Tang Zong placed the roasted chicken wings and vegetables in front of Rong nuo, ‘You eat first. what else do you want to eat? i’ll make it for you.’ rong nuo pulled tang zong’s hand. “there’s quite a lot of these. sit down and let’s eat together.” rong nuo suddenly saw that there seemed to be a small blister on the back of tang zong’s hand. she quickly asked, what’s wrong? are you scalded? ”

Tang Zong shook his head. no, it’s just a drop of oil. I’m fine.

Rong nuo pulled him to sit down. there’s no such thing, Zhenzhen. Don’t do it. I’ll go get you some medicine for burns.

The two of them were so loving as if no one else was around, and the other people who were watching had different expressions.

This lunch was rather peaceful, and there were no major disputes. Other than the fact that Qianqian and the others had robbed Tang Zong of all his food and forced him to roast it, there was nothing else.

However, after a peaceful day, when it was time to go back at night, Tang Zong said to Rong nuo, nuo nuo, you go home first. I have something to do tonight.

Rong nuo’s eyes widened and she immediately shook her head.”No, I’m not leaving.”

tang zong hugged him. ” be good, don’t worry. i’m really fine. it’s just that there are some things that qianqian has to make clear. otherwise, this matter will continue without a conclusion. ‘

Rong nuo shook her head. I won’t leave either. We agreed to face it together this time. How can I leave if you stay here? ” you also said that it’s fine. since it’s fine, i’ll stay. it won’t affect anything, right?”

Tang Zong lowered his head and kissed her eyes. I know, but if you keep urging me to do it, I won’t be able to stretch my limbs. Go home. I can rest assured with brother-in-law and big sister around.

“Tang Zong, don’t lie to me.” Rong nuo’s eyes were glistening with tears. Tang Zong cupped her face, his eyes full of affection. “Baby, why Would I Lie to

You?”

Children who are tortured by their period are all winged angels in their past lives.. Don't worry about me, I'm just expressing my feelings!

Chapter 1818: no one can betray me, and no one can escape

In the end, Rong nuo still left by herself. She sat alone in the car and turned her head to see Tang Zong waving at her through the window. He stood under the street lamp, smiling brightly.

In fact, Rong nuo regretted it the moment she got into the car. However, her rationality told her that perhaps it was right for her to listen to Tang Zong.

If she stayed, Yingluo would not be able to help Tang Zong and might even be a burden to him.

If she went back, she might be able to ask Liancheng Yazhi for help.

And her presence here would only distract Tang Zong.

Along the way, Rong nuo's mood was very low, and it was only when they reached home that her mood became a little better.

Rong Yan saw that she was alone and asked, ” “Where's Tang Zong?”

Rong nuo lowered her head and said, ” he stayed behind and asked me to come back by myself. He said that Zhenzhen had something to say to them. If I stayed there, I would distract him. Sister Zhenzhen, did I do something wrong?

rong yan consoled her. ” no, you did the right thing. he's a man, so he should solve his own problems. it's only right for him to come to you when he has the ability to live a stable life with you. ” rong nuo bit her lip. ” but last night, we agreed to face this together. ‘

Rong Yan sighed, ‘face it together? Then tell me, how are you going to face it together? Is it worth it if the result of facing it together is that neither of them can escape unscathed?’”

“That's our place, and everyone there is your brother-in-law's men. Even if the four of them leave, are your brother-in-law's men all idiots? Alright, stop frowning and go rest.”

After Rong Yan sent Rong nuo away, she asked Liancheng Yazhi, ”Will there be any problems with Tang Zong's side?”

Liancheng Yazhi smiled. I'll have to deal with him sooner or later. As long as his life is safe, I won't do anything.

There were so many people in the manor that they would report to him as soon as there was a situation.

Furthermore, there were so many pairs of eyes watching. Those four people would not be so foolish as to make a move. If they wanted to kill Tang Zong, or do something to him, they would not have waited until now.

Liancheng Yazhi felt that they didn't seem to have any intention of taking Tang Zong's life.

As for what he wanted, it was hard to say!

Rong Yan nodded. I don't think there'll be anything big tonight. At most, they'll just talk about it. You don't have to worry about them. Go to sleep.

At night, the entire city fell into a deep sleep. The manor was silent, not even the sound of insects could be heard.

Tang Zong lay in his room and closed his eyes. He didn't feel sleepy at all. His mind was particularly clear, and his ears were always listening to the movements around him.

Until the old-fashioned clock on the wall rang at twelve o'clock.

It was only then that Tang Zong heard a different sound coming from all around him. The sound was very complicated, like a raging fire. The temperature in his room was also rising rapidly, and even the air conditioner was of no help.

Tang Zong slowly sat up. His forehead was already covered in sweat from the heat. He calmly said, "is it tonight?"

A voice rang out, as if it was spinning in one's ear, and you could grab it with your hand.

"No one can betray, and no one can leave Xuanji."

It was like a priest chanting Scriptures, but it was more like a trial.

Tang Zong laughed. His face was red from the heat. He wiped the sweat off his face and said, "who said that? i didn't betray you, and i didn't say i'm leaving. i only said that hanhan got married.. i've been here for so many years, but i've never heard of a rule that says you can't get married, right?"

Chapter 1819: Whether you live or die depends on fate

Tang Zong's words caused a long period of silence.

After a long time, the voice said, "You chose to stay here, and that's already a betrayal."

Tang Zong had already thought of how to answer this question. He replied, it doesn't matter if Wanwan is a member of the organization or not. I can still work here. Besides, we don't have to meet every day and hand over our work on time. Perhaps it's more beneficial for me to be here.

after these two days of interaction, tang zong still knew that it was impossible to break away. since that was the case, he would just play tai chi.

Tang Zong's words were said after careful research, and he had caught hold of the loopholes in every sentence.

After he said that, the air fell silent again.

However, the temperature in the room did not stop.

the temperature in the room was already high enough to steam a sauna. tang zong couldn't stand the heat and slowly took off his clothes. his t-shirt was completely soaked, and he could even wring his sweat out.

Tang Zong really did twist up his t-shirt, and as expected, he really did start to sweat.

after waiting for a long time, no one spoke. tang zong felt dizzy. he knew that he couldn't get out. if the temperature continued to rise, he would be completely cooked.

hey, hurry up, " he said. the temperature is over 40 degrees. I'm going to get a heat stroke.

After a while, the voice spoke again, " okay, we believe you, but Yingluo, you have to do one thing first to show us your sincerity. If you can do it, you can stay. If you can't, you and your fiancée will not be able to escape punishment.

Tang Zong picked up the clothes and fanned them. then tell me what it is. I can't do anything.

"alright, yingluo, then listen well, yingluo."

Tang Zong could feel a buzzing in his ears. There was a voice that kept ringing.

He tried his best to hear what they were saying, but he couldn't make out what they were saying. He shook his head hard, and his hair was so wet that it looked like it had been washed, and there was a lot of sweat. "What did you say?

speak louder, I can't hear Yingluo clearly."

The other party repeated again. This time, Tang Zong heard it clearly, but ...

Tang Zong's sweat had already blurred his vision. However, his expression was very serious and calm. He said, "I'm sorry, I can't do this, and I can't do it."

"Don't you want to consider? If you don't agree, do you know what the consequences will be?"

Tang Zong was already starting to feel dizzy and nauseated, but he still said, "If you don't consider or agree, I'll bear all the consequences."

Tang Zong had made this decision and was very insistent.

The other party didn't say anything else. good Zhenzhen, this is your choice. Whether you live or die, it all depends on fate.

Tang Zong knew that they had left. However, the temperature in the room did not stop. It was still rising, and it was still swishing.

In the end, Tang Zong could no longer hold on and collapsed onto the floor.

The night seemed to be particularly long and quiet.

However, no matter how long it was, it would pass eventually, and the sun would still rise the next day.

The cicadas outside the window were getting louder and louder, finally waking up the person lying on the floor.

He covered his dizzy head, stood up shakily, and surveyed his surroundings.

The temperature of the air conditioner was 27 degrees, and it was a little cold in the room. He sneezed hard, only to realize that he was not wearing the clothes on top. He rubbed his arms and groaned while enduring the headache..

Chapter 1820: the only weakness is his wife and child

Tang Zong felt as if his head was about to explode. He was also dizzy. The things in front of him seemed to be overlapping shadows. Most importantly, his nose was blocked, and he seemed to be having some symptoms of a cold.

he bent down to pick up the t-shirt on the ground and put it on, but even such a simple action was a little difficult to do at the moment.

tang zong sat on the ground and waited for a while before he felt better. he grabbed his t-shirt and touched it. it was only then that he realized that his t-shirt was still damp.

But now, he couldn't care so much. He just put it on randomly, regardless of whether it was positive or negative, front or back. In short, he put it on first.

Tang Zong propped himself up and walked to the window. He pulled the curtains open with force, and the blinding light instantly gushed in. It was so piercing that Tang Zong immediately closed his eyes, followed by the rolling heat waves outside.

After a while, Tang Zong opened his eyes and realized that there was nothing outside the window. Not even a blade of grass was damaged. Everything was normal.

Tang Zong looked at the grass outside, which had been dried up by the sun. He frowned and thought that this summer seemed to be hotter than before.

Tang Zong was just thinking about how hot it would be if he went out in this heat. He felt that he could be scalded even if he placed his hand on the glass.

"Tang Zong, are you there?" someone suddenly knocked on the door.

This voice caused Tang Zong to be overjoyed, and he immediately felt his dizzy head clear up."It's brother-in-law, Yingluo!"

He quickly went to open the door and said happily, "Brother-in-law, why are you here?"

Liancheng Yazhi said, "you didn't come home last night, and everyone at home was worried. I happened to pass by here because I had something to do. I'll take you back. Hey, why is your face so red?"

liancheng yazhi reached out and touched tang zong's forehead. it was hot to the touch. he said, you're having a fever. Let's go. Come home with me and let Natsume take a look.

Tang Zong laughed foolishly. I'm fine. Maybe Qianqian caught a cold? " alright, stop laughing. You'll be a fool if you keep laughing. Liancheng Yazhi grabbed Tang Zong's arm and walked out.

When they met Lai ang and the other three outside, Liancheng Yazhi had a perfect smile on his face. "I'm sorry, Tang Zong can't accompany you today. I'll bring him home first. When he's better, I'll let him come over." of course, " Leon nodded. let him rest.

Liancheng Yazhi looked at them and said, "if you need anything here, just tell the staff. They will do it." &Nbsp;

Leon knew that this was just a reminder. Everyone here was his man, and he knew what to do. Okay, thank you. Sorry for the trouble.

Liancheng Yazhi smiled faintly. that's not it. It's good that you guys have a good time. Goodbye.

Liancheng Yazhi left with Tang Zong. They came and left calmly. There were no questions or unnecessary words. It was as if he didn't know anything, but it also seemed like he knew everything like the back of his hand.

Watching Liancheng Yazhi's back as he left, Leon said, " "This brother-in-law of his is a capable and skillful person, Zhenzhen." but he's in trouble now, "Farnhill said. he's in trouble.

Leon touched his chin, a touch of excitement in his eyes. "there's no need to be afraid even if there's trouble. a person like him should be easily dealt with, zhenzhen. however, the only weakness of such a strong person is his wife and child. if he's caught, he can be defeated in an instant."

As soon as he finished speaking, Tyr turned around and looked at him indifferently. Leon shivered.. Did I say something wrong?
