Chapter 1821: He seems to be in pain

After Liancheng Yazhi got Tang Zong into the car, he immediately ordered the driver to go home. "Hurry up and drive. Let's go home."

After getting into the car, Tang Zong once again fell into a daze. He was in a half-awake state for the entire journey.

Liancheng Yazhi was afraid that his condition would worsen, so he set the air conditioner in the car to a high temperature.

The driver rushed back to Liancheng's house at a speed that was almost at the speed of running a red light. As soon as he got out of the car, he sent it directly to Natsume's laboratory without even carrying it into the house.

Oh, what's wrong? "Natsume teased. your face is so red. Did you drink or was it steamed?" natsume was right, it was really steamed.

don't joke around, " Liancheng Yazhi said. hurry up and take a look at him. What's going on? "

After Natsume finished examining Tang Zong, he was very surprised."This kid's symptoms are really interesting. Heat stroke and cold."

"Heatstroke and cold?" Liancheng Yazhi asked.

According to a normal person's logic, how could one catch a cold when they were so hot that they had a heat stroke? the symptoms of a cold would only appear after they caught a cold.

However, they really didn't know that Tang Zong first fainted from the heat during the night. After the heat subsided, the temperature in the room returned to 27 degrees. He then lay on the floor half a night with his arms bare, which triggered the cold.

Liancheng Yazhi said to Natsume, " don't worry about whether it's a cold or a heat stroke. Treat him first. I think he's in a lot of pain now.

Natsume said as he prepared the medicine,'can you tell me the pain? I think he's having a headache and wants to take his head off."

Just as he was giving Tang Zong an injection, Rong nuo ran over.

Rong nuo was shocked when she saw Tang Zong, because his face was really red, and he seemed to be in a daze. Rong nuo was so scared that her face turned pale, 'What's wrong with him?"

I'm fine, " Liancheng Yazhi said. it's just a heat stroke and a cold. I'll be fine after an injection.

Rong nuo heaved a sigh of relief, but quickly raised it again."Ah? heatstroke and cold, how can this kasaya be mixed together?"

"You'll have to ask him about this," Liancheng Yazhi shrugged.

Rong nuo touched Tang Zong's forehead, and it was indeed boiling hot.

Rong nuo was worried. if the fever continues like this, won't Zhenzhen's brain be damaged? ‘

natsume said as he pulled tang zong's pants off. his actions were rough and unrestrained. he just looks scary. In fact, his fever is a little bad. You don't have to worry. I'll give him this needle and he'll be alive and kicking tomorrow. As for his brain, he's not very smart to begin with, so his fever won't be too bad.

After he finished speaking, he inserted the needle into Tang Zong's buttocks. Very quickly, the medicine in the needle was pushed into Tang Zong's body.

Rong nuo's scalp went numb. She felt that if that needle were to hit her body, it would definitely hurt her.

Natsume pulled out the needle and threw it into the trash can. Then, he handed some Oral Medicine to Rong nuo."Alright, when he wakes up, just feed him this medicine."

Rong nuo saw that Tang Zong's fever was indeed very serious, and was not at ease. "Then Yingluo will really be fine?"

Natsume gave Rong nuo a thermometer. take this thermometer and measure his temperature every half an hour. If there's a significant drop, that means he's fine.

"What about Yueyue's heatstroke?" Liancheng Yazhi asked.

Natsume scratched his head. let's get Hanhan's cold treated first. We'll talk about the heat stroke after he wakes up.

Liancheng Yazhi

He and Rong nuo brought Tang Zong back to his room.

"brother-in-law, qianqian really has to thank you for this," rong nuo said to liancheng yazhi..

Chapter 1822: Can you take me to see him?

"we're family, so there's no need to be so polite," liancheng yazhi said.

take good care of him. i'll go and tell your sister.

Rong nuo nodded, "yes, Zhenzhen."

Liancheng Yazhi went downstairs and saw that Rong Yan was waiting anxiously. Tang Zong's cold was very serious and he was afraid of infecting Rong Yan, so he did not let her get close. Pregnant women could not take medicine randomly, so they could only avoid coming into contact with the virus.

"How is it?" Rong Yan asked him.

natsume has already given him an injection. yingluo should be fine now. " "Did you just say that he had a heat stroke and a cold?"

Liancheng Yazhi laughed. that's right. Maybe ran ran had a heatstroke first and was very hot. After she fell asleep, she didn't cover herself with a blanket and the air conditioner was turned on too low, so she caught a cold. Even Tang Zong's illness can be so strange.

Rong Yan heaved a sigh of relief. it's just an illness. It's nothing. It's fine as long as nothing happened.

Liancheng Yazhi put his arm around her shoulder and sat down. "it's true that nothing happened, yingluo."

However, it was already strange for Tang Zong to have a heat stroke and a cold today.

the two of them talked for a while before liancheng yazhi said, " I'll accompany you for your prenatal examination tomorrow morning. You should rest well today.

Rong Yan sighed. alright. The weather is so hot. I really don't want to go out.

liancheng yazhi pinched rong yan's chubby face. "that's why we have to go so early in the morning. it's not that hot in the morning."

rong yan pouted. " nowadays, basically every morning when i open my eyes, i feel that the temperature has already shot up to 30 degrees. i feel that i can't live without the air conditioner. fortunately, the hottest day during the expected delivery period has already passed. otherwise, it would definitely be very painful during confinement. "

Liancheng Yazhi gently touched Rong Yan's stomach. our son, I feel bad for you. However, it's cooler in the manor than at home. After they leave, I'll take you and MeowMeow there to stay for a few days.

"Then I hope that Tang Zong's matter can be quickly resolved." Rong Yan nodded.

The next day, it was only a little past seven in the morning. Tang Zong had been sleeping for more than a day and had not woken up. Liancheng Yazhi had already brought Rong Yan to the hospital.

When he arrived at the hospital, he would do the same as before and check on some of the prescribed items.

Liancheng Yazhi felt that since he was here, he should do a few more checks, mainly because he wanted to see his son more.

After the examination, more than an hour had passed. When Liancheng Yazhi helped them out of the hospital building, they did not expect to meet someone they did not expect.

Rong Yan looked at the girl who was greeting her with a red face and was very surprised. "It's you, Zhenzhen. You're Zhenzhen, mo xunxun?" rong yan had never expected mo xunxun to take the initiative to greet her. the little girl mustered up her courage and her face was so red that it seemed to be burning. she did not even dare to look into rong yan's eyes.

MO xunxun clutched the corner of her clothes. Beads of sweat had already formed on her forehead. She timidly nodded. "It's Yingluo, my Yingluo" "What are you doing here?" Rong Yan asked with a smile.

MO xunxun sneaked a glance at Rong Yan and quickly lowered her head. "I, Hanhan, came to the hospital with my mother, Hanhan."

Rong Yan and Liancheng Yazhi looked at each other and asked her, " "Is there something you need from me?"

MO xunxun nodded. She was very afraid of meeting strangers. After seeing Rong Yan today, she mustered all the courage she had accumulated over the years before she said, "Yingluo, Yingluo, can you bring my Yingluo to see him?"

Rong Yan's mind moved and she asked with a smile, "Him? Who are you referring to?"

Chapter 1823: I'm sorry I can't help you

MO xunxun's face turned even redder, and her head was almost touching the ground. She said in a low voice, It's that Huahua, that Huahua person,

Huahua."

Rong Yan thought it was fun to tease him, so she asked, "Who is it?"

After a long while, mo xunxun finally raised her head, bit her lip, and said, "Jian honggong, can you take me to see him?" this was something she had mustered up a lot of courage to say. if it wasn't because she had met rong yan by chance, she wouldn't even have the courage to say this.

Rong Yan glanced at Liancheng Yazhi. it's simple. Why do you want to see him?" she asked.

mo xunxun's face was so red that it could even drip blood. rong yan asked, "do you like him?"

She finally nodded her head gently, "yes, Yingluo."

However, Rong Yan said to her, "I'm sorry, Yingluo, I can't take you there. I'm very sorry."

MO xunxun raised her head abruptly and looked at Rong Yan in surprise with her big, clear eyes. for Huahua? why?"

The last time mo Mixi caused trouble for mo xunxun, Rong Yan had helped her. She thought that Rong Yan was a good person, so she felt that Rong Yan would definitely help her.

however, he didn't expect to receive a negative answer.

liancheng yazhi used his body to block rong yan from the sunlight outside. he said to mo xunxun, "It's not that she doesn't want to help you, but Yingluo doesn't know where Jian is either."

"Isn't Yingluo a friend?"

MO xunxun was very afraid of Liancheng Yazhi. From the beginning to the end, she had never looked into his eyes. Even when she was talking, she was only looking at her own feet.

Liancheng Yazhi put his arm around Rong Yan's shoulder. yes, we're friends, but I haven't seen Jian Jie since I came back from Feng Long's one-month-old party for Tang's son. He's missing. To be exact, he was kidnapped. I've looked for many people for a long time, but there's still no trace of him. That's why Rong Yan can't help you. She also wants to know where Jian Jie is and she's always worried.

Liancheng Yazhi's words scared mo xunxun so much that she started to sway. "he disappeared? He's kidnapped Yingluo, he's such a powerful Yingluo!" liancheng yazhi laughed. "no matter how powerful he is, he's still one person. besides, ran ran has so many tricks up her sleeve to kidnap someone. there's no need to have a direct confrontation."

MO xunxun's face, which had been red just a moment ago, was now pale. Her body was trembling."Then, what about you? How can we find him?"

Liancheng Yazhi shook his head. I don't know. I've tried many ways. I've looked for many people, but there's no news.

MO xunxun's eyes suddenly lit up. I'm going to look for my brother. My brother is very powerful. He will definitely be able to find a simple one.

Liancheng Yazhi nodded. Okay, thank you. We'll let you know if we have any simple news. If ran ran finds him, please let us know too, okay? "

mo xunxun took out a pendant from her neck and opened it. there was a note with her name and phone number on it. it was probably made by her family to prevent him from finding her if he got lost.

MO xunxun handed the note to Rong Yan. this is Yingluo's contact information. I'll let you know if I have any news. Thank you.

Rong Yan smiled. you're welcome. Wait a moment. I'll give you my house

She gave her house number to mo xunxun.

MO xunxun received it with both hands and thanked them again. Then, she ran away with her head lowered..

Chapter 1824: I can 't bear to leave you guys!

After mo xunxun left, Liancheng Yazhi quickly helped Rong Yan into the car.

"Tell me, did you arrange this?" Rong Yan asked him.

Liancheng Yazhi immediately denied it. of course not. I haven't thought of doing anything to her recently.

Rong Yan sighed. actually, I hope that mo xunxun can find some clues from Huahua's brother.

liancheng yazhi shook his head. "it's not easy. mo zhongkai is such a meticulous person. how could he easily reveal his secrets to others?"

He had been asking Secretary Zhou to investigate mo zhongkai for the past two days, but no key clues were found.

This gave Liancheng Yazhi a headache.

However, it also made him more certain of one thing. With mo zhongkai's ability alone, he definitely could not have erased the information so completely.

It must be because his previous job was too confidential, and the higher-ups had specially erased it for him.

Rong Yan patted his hand. but mo xunxun is his younger sister. She's someone he cares about very, very much. Moreover, mo xunxun is very innocent.

Because it was too simple, it was easy to let one's guard down.

When the two of them returned home, Tang Zong had already woken up, and just as Natsume had said, he was alive and kicking.

Liancheng yazhi saw him coming back to life and asked, "How do you feel?"

It could be said that Tang Zong really admired Liancheng Yazhi now. He immediately grinned and said, "Other than the headache and dizziness, I feel very relaxed. Brother-in-law, thank you so much for yesterday."

Liancheng Yazhi waved him away. go find Natsume and let him see if you've recovered from your heatstroke.

"Oh, alright. I'll go now." Tang Zong nodded his head honestly.

In the afternoon, Tang Zong found time to have a short conversation with

Liancheng Yazhi. brother-in-law, I still want to go to the manor tomorrow.

Liancheng Yazhi looked at him and smiled, "you have to know that you almost slipped away at night."

Tang Zong nodded his head and said excitedly, "that's right. I've made it through. So, there's nothing much left. What's left is to have a formal talk with them. My punishment has passed.

lian Cheng yazhi raised his eyebrows. "if a heat stroke and a cold can be considered punishment," he said. "it's quite strange."

Tang Zong scratched his head and laughed foolishly. In fact, whenever he thought about getting dizzy from the heat at night, his scalp would go numb. When he saw the scorching sun outside, he could imagine the sultry feeling.

"Then how do you think you're going to tell Rong nuo? will she agree to let you go again?" Liancheng Yazhi would not make decisions for Tang Zong. He would only give some simple suggestions.

"I'll bring her along," Tang Zong said seriously.

"Aren't you afraid that she'll be in danger?" Liancheng Yazhi asked.

Tang Zong raised his head and said, "I'm not afraid anymore. The danger has passed. Besides, I already know what to do with Qianqian.

The next day, the sky was a little dark. After many clear days, it was finally going to rain.

The weather was a little stuffy, but fortunately, it was not too hot.

when they arrived, tang zong held rong nuo's hand and comforted him, "Don't worry, it'll be fine."

When he saw Leon and the others, he stretched out his arms and laughed. "Hi, my dear friends, I'm here."

Leon was very surprised to see him. so fast? it's really unbelievable.

of course, I can't bear to part with you guys. Naturally, I have to recover quickly.. Otherwise, how can I accompany you? "

Chapter 1825: An influence that can not be erased

Tang Zong's smile was as bright as the sun, especially sincere. He was full of energy, and his eyes were bright and full of spirit. He didn't look like a person who had just recovered from an illness at all. There was no sign of illness on his body at all.

He seemed to be even more energetic than when they had met before.

"The weather's pretty good today. Why don't we go horse riding?" Tang Zong was in high spirits.

The weather is good?

Lai ang and the rest raised their heads and looked at the gloomy sky. Today's weather was a stark contrast to Tang Zong's mood.

Leon gave a half-smile. you're right. It's a good weather. If it rained a little more, it would be even better, right? "

After what happened the night before, they were well aware of the situation. However, it was not easy for Tang Zong to be so carefree and nonchalant.

Tang Zong nodded. that's right. It would be even better if it rained a little. I, Yingluo, hate the heat the most now.

Tang Zong did not emphasize the last few words, but the meaning of his words changed in everyone's ears.

Because they knew that it was really hot that night, extremely hot.

Rong nuo looked at them and felt that the atmosphere was a little off.

However, this was not a good time to ask Tang Zong, so she endured it.

since we're going to ride a horse, Qingqing can get Tyr to come along. Where is

" i'll go get him, " helute said. " you guys go to the ranch first. we'll meet there. "

Rong nuo looked at Tang Zong and said,"alright then, Zhenzhen."

Gu Hesheng was a man who knew how to enjoy the art of life. There were many fun things in his Manor. The horse-racing track was huge and very formal. There were Masters who specialized in raising horses, workers who repaired the horse-racing track, and some professional obstacles. He had everything he needed.

Tang Zong brought Rong nuo to the horse track, changed into his riding suit, and waited for them to come.

"Do you want to ride a horse? I'll teach you," Tang Zong said to Rong nuo.

Rong nuo shook her head. no need. I don't really want to ride it.

in fact, she didn't need to be taught at all, because she knew how to ride a horse.

Moreover, she was very good at riding. These suannis were all taught to her by Xia Xuanmo.

Not only did she know how to ride a horse, but she also knew how to play golf, Mahjong, billiards, and tennis. Xia Xuanmo had taught her a lot of things.

Even if Rong nuo had really let go of Xia Xuanmo now, she could not deny that for a long time, even if she died, the influence Xia Xuanmo had on her would not be erased.

Because those things had already been integrated into the bits and pieces of life, and there was no way to erase them.

Tang Zong thought for a moment. that's fine too. The weather today is not too good. For your safety, I will teach you again when the weather is clear next time.

Rong nuo was just about to say,"you don't have to teach me, I can ride it."

But Lai ang and the other three just happened to come over. Tang Zong stood up to talk to them, and Rong nuo could only swallow her words.

Tang Zong pointed to the horse field and said, "look, this horse-racing field is big enough, right? shall we have a good competition today?."

Farnhill hooked his arm around Tang Zong's shoulder and said, "Of course we're going to compete. Otherwise, it'll be so boring."

"Let's go. I'll bring you guys to change your clothes." Tang Zong placed his hand on his shoulder.

He turned to Rong nuo and said,"nuonuo, you wait for me here, I'll take them to change their clothes." &Nbsp;

"go!" rong nuo nodded.

Tang Zong brought them away, but Rong nuo realized that Tyr did not follow them. He was standing not far away from her, not moving..

Chapter 1826: Encouragement of love

Rong nuo was a little surprised. why don't you go and change your clothes? aren't you going to ride with them today? "she asked.

Tyr looked at the dark clouds in the sky and coldly spat out a word, " "No!"

Every time Tyr spoke to Rong nuo, she would be surprised. The probability of this was almost the same as winning the lottery.

Rong nuo smiled. actually, it's good that you don't go. I think it might rain soon. You're still a child, so it's better not to mess around with them. We can just watch from the stands.

However, no matter what Rong nuo said, Tyr did not say another word.

In the changing room, Leon and the other two had already changed their clothes.

However, they did not come out immediately. Tang Zong smiled and said, ‘ since we’re going to compete, we have to show some sincerity. how about you take out your chips? ’

Leon laughed and asked, “chips?” then what do you want to take out?”

“If I lose, I’ll go back with you immediately without any hesitation,” Tang Zong said straightforwardly.

Leon raised his eyebrows and said,”good!”

However, the next second, Tang Zong said, however, if I win, you must leave this place immediately and never come to find me again. Of course, I also swear that I will never reveal any secrets about you. If I break my promise, you can come and take my life at any time.

“we can’t make the decision on this,” said Farnhill.

“You can’t do it?” Tang Zong sneered. since i’ve made it through the night before yesterday, even if you guys don’t agree, Yingluo’s life isn’t in danger anymore. instead of being stuck in a dilemma, why don’t you make this decision? besides, if you can’t make the decision, isn’t there someone else who can?”

The person Tang Zong was referring to was Tyr. Since they had already ripped off the veil, there was no need to continue hiding.

Leon and Farn Hill looked at each other. okay, but you have to beat the three of us first. You can’t lose even one game.

Tang Zong cursed them all in his heart, but he still smiled and said,”Sure, but

Yingluo, if you lose, don’t go back on your word.”

“That’s what we wanted to say to you,” said Farnhill.

They each chose their own horse, and when they brought their horses out, it was already drizzling.

There was an open-air grandstand around the race track, and Rong nuo and

Tyr were sitting on it.

Tang Zong handed his horse over to the people working at the horse track, and then found an umbrella and ran over to Rong nuo.

He opened the umbrella and placed it in Rong nuo’s hands. hold the umbrella properly. If the order comes later, don’t sit here anymore. Don’t get wet.

Rong nuo nodded. She reached out and grabbed Tang Zong’s hand. “I know. Are you going? be careful and do your best.”

A sly smile appeared on Tang Zong’s face. “My dear, can’t you give me some loving encouragement?”

Rong nuo’s face turned red, and she glared at Tang Zong. There was a child beside him.

However, before Tang Zong could feel disappointed, she raised her head and gave him a quick kiss on the corner of his lips. She said softly, “I believe you.” Tang Zong’s mood instantly brightened up,

and his entire body seemed to be filled with chicken blood. He hugged Rong nuo and said, "Don't worry, I'll definitely win."

these three matches were extremely important to tang zong. he couldn't afford to lose, not a single one. he had to win against qianqian, no matter what..

Chapter 1827: I'll remember your kindness

in the first round, tang zong was competing against helute. this round was very simple. it was a competition of speed.

whoever could reach the finish line first would win.

There were no so-called rules. It was fine as long as they won.

Riding on his horse, as he was making his final preparations, Tang Zong turned his head to look at Rong nuo on the stands. At this time, the rain and fog were much denser than before. He could only vaguely see Rong nuo's figure, but he knew that Rong nuo was watching him.

Following the sound of a gunshot, the two horses galloped out almost at the same time.

rong nuo's heart tightened in an instant. she held the umbrella handle with both hands, so strong that her joints were turning white.

Rong nuo didn't know how big the racecourse was, but when she heard the sound of the horse hooves, she felt that it was stepping on her heart.

Sometimes, a heavy rain would only last for a few seconds. As the rain got heavier, Rong nuo's vision was also blocked, but she still tried to keep her eyes wide open and move with them.

Rong nuo saw Tyr standing in the rain and fog. The young man's thin figure looked particularly thin. Rong nuo couldn't bear to see him like this and walked over to hold an umbrella over their heads.

Tyr turned his head and looked at Rong nuo. He didn't say anything and didn't move.

It was all white in front of her, and Rong nuo could no longer see the situation in the field, but she still looked at it seriously. She said, "who do you think will win?"

tyr didn't say anything, so rong nuo replied, "I think it'll be President tan. I believe that Tang Zong will win."

Rong nuo knew that Tyr would not respond to her, but by saying that, she felt that it could distract her from being too worried.

The race did not take long, but Rong nuo felt that it had been a long time.

When the two horses appeared not far from the finish line at the same time, Rong nuo's heart almost jumped out. She almost rushed over to take a look, but after running a few steps, she remembered that Tyr was still there. She turned around and stuffed the umbrella into his hand. you're still a child. Don't get caught in the rain.

After saying that, he ran to the stands closest to the finish line.

When she ran over, she saw that the horse hert was riding suddenly sneezed. Then, it became anxious and kicked its back when it was only two or three meters away from the finish line. It turned around on the spot and refused to move. Then, it urged Tang Zong to easily pass it and rush to the finish line.

damn it! hert cursed as he jumped off his horse. He could have won, but he was only two meters away!

Tang Zong waved at him. hey, halut, thank you for letting me win. I'll remember this favor.

Hmph! hert snorted. don't get too cocky. It's only the first round.

The corners of Tang Zong's lips curled up. Of course, he knew that this was only the first round.

Although his body was completely drenched, Tang Zong's mood was getting better and better. The Restless restlessness in his body was jumping around.

He really needed stimulation.

tang zong saw rong nuo lying on his head and immediately shouted, 'Where's your umbrella? hurry and find a place to take shelter from the rain. Don't get drenched here. Hurry and go.'

Rong nuo did not leave. She was very worried about him. you've just recovered from your cold. You're in the rain again. Are you okay? "

Tang Zong anxiously said, " I'm a man, of course I can. Go and change your clothes quickly. Come back when the rain has stopped. Be good and go quickly. Don't make me worry. I can't focus on the competition if you're like this..

Chapter 1828: As long as he's fine, nothing else matters

under tang zong's urging, rong nuo had no choice but to leave to change her clothes. before she left, she saw tyr and quickly said, "yingluo, help me look after tang zong. his body has just recovered. if he feels any discomfort, help me stop him from forcing himself to compete. thank you."

Rong nuo was about to leave after she finished speaking, but Tyr suddenly said, " "And if I lose?"

Rong nuo was stunned. He was asking her, what would she do if Tang Zong lost?

Rong nuo's hair was wet and stuck to her face. Her face without any makeup looked even whiter under the rain. She suddenly smiled and said very frankly, "To me, the outcome of the competition isn't that important. As long as he's fine, everything else doesn't matter."

What was a competition compared to humans?

Even if they lost the competition, there were other ways to solve this problem.

Rong nuo patted Tyr's shoulder. "I'll be leaving first. Help me keep an eye on him, and tell me what's going on when I come back!"

Rong nuo covered her head and rushed into the rain. Tyr turned his head to look at her, then calmly looked at the umbrella and continued to observe the situation.

one could only imagine the difficulty of competing in such a heavy rain, when one couldn't even open their eyes.

The most terrible thing was that this was an obstacle run.

Tang Zong wiped away the rainwater on his face. The corners of his lips curled up, revealing a mouthful of white teeth.

In fact, he didn't think that the rain was a bad thing. On the contrary, he felt that this rain might be a good thing for him.

The rain was heavy, and their eyes could no longer see clearly. There were always many things that could be done.

This time, Tang Zong's opponent was Lai ang. Lai ang's head was long, and his golden hair was completely drenched. At this moment, his hair was sticking to his neck, making him feel extremely uncomfortable. Not only him, but even his horse, which had yet to enter the arena, was starting to feel uncomfortable.

"Lai ang, if you can't do it, you can go and change to another horse," Tang Zong said loudly.

no need, " Leon said, raising his chin. this horse is more than enough to beat you.

"Alright then, I hope you can win, Zhenzhen." Tang Zong smiled.

tang zong glanced at the stands. rong nuo had not returned yet. he hoped that he could finish the competition before rong nuo returned, because the next two matches would not be that 'pleasing to the eye'.

Tang Zong wasn't an open and forthright person like Tang Zhen. On the contrary, he had done many shady things in the past.

it was just that the target this time was different.

The obstacle course was a competition of who could finish all the obstacles in the shortest time.

This time, Tang Zong didn't have the time to shoot. He focused on stability.

He had to let the horse feel his mood and not let him be anxious.

For the first half of the journey, Lai ang had been leading Tang Zong. He even laughed arrogantly at Tang Zong and said, "Just wait to go back with us."

However, not long after he laughed, when his horse crossed the obstacle wood again, the moment his front legs touched the ground, the front legs of the horse suddenly went soft, and Leon fell from the horse's back.

Leon's head hit the ground. Fortunately, he had stretched out his hand, otherwise he would have broken his neck. He rolled several times on the ground and was covered in mud before he stood up, holding his shoulder. "I'm really sorry. I won again." Tang Zong rode his horse past him..

Chapter 1829: I'll give you everything in exchange for your life

Tang Zong's voice pierced through the rain and entered Lai ang's ears. It sounded especially sarcastic.

Lai ang looked at Tang Zong, who was riding away, with resentment. His delicate facial features, washed by the rain, looked unusually ferocious.

Leon always had a smile on his face. No matter what, he always had a smile on his face, which made it easy for people to let down their guard.

This was the first time he had such a scary expression since he came to China.

there was no doubt that tang zong had won this match.

when he returned to the finish line, he saw that leon had taken off his shirt and his right shoulder was red and swollen. it seemed that he had been injured quite badly. when he fell from the horse's back just now, although he did not hit his head on the ground, he had used all his strength to hit his shoulder.

"How's Leon's injury?" Tang Zong jumped down.

Farnhill was already getting ready. He shrugged and said, "Not too good. We need to send him to the hospital."

"Call the ambulance then," Tang Zong said.

"There's no need." Lai ang coldly looked at Tang Zong.

Tang Zong did not seem to notice Lai ang's hostility. He wiped the rain off his face and said, "Even if you lose, you don't have to go against your own shoulders."

Leon's face was full of hatred. it's none of your business. Stop pretending.

He had changed so quickly that it was as if he was a completely different person from before. Tang Zong was not the least bit surprised. He did not even express any doubts. It was as if he had known from the beginning that Leon was hostile towards him.

farnhill and halut also ignored leon's change. instead, they asked with great interest, "Dunn, can we start the third round?"

"Anytime," Tang Zong nodded.

he hoped to end the third match before rong nuo arrived, and hoped that when rong nuo returned, he would already be victorious.

Farnhill stood calmly in the rain, his hand gently caressing the head of the brown horse beside him. His technique was skillful and gentle, as if he was caressing his lover.

Even in such heavy rain, his horse was still calm under his touch, without the slightest anxiety.

Among the three of them, fain Hill was the best at horsemanship, and he was also Tang Zong's biggest enemy. "If you need to rest, I can wait a little longer," he said.

tang zong stretched out his hand and scratched his horse's neck as if he was playing. in the end, his horse sneezed unceremoniously.

no need. If I rest, I'll look like a coward. I'm a very good rider.

Farnhill was obviously looking down on him. If he had agreed to rest, even if he had won, he would have used the excuse of "I gave you a chance to win."

Tang Zong didn't want to be looked at that way. Hence, he took the gamble.

In fact, when he first decided to join them, Tang Zong was already taking a gamble. He had gambled for so many years and indeed had his own power and wealth that he could enjoy for the rest of his life. However, the prerequisite was that he had to be a member of this organization. The more he got, the higher his position would be. Hence, it would be harder for Qianqian to come out!

This time, he had gambled all his wealth and even his life. No matter what, he had to come out and live his own life with Rong nuo.

sitting on the horse, tang zong felt that the rain seemed to have lessened. he

heard farnhill say, Tang, this horse can't turn back after it runs out. If you lose, Zhenzhen will have nothing left. You have to think carefully about your wealth, your power, and your status..

Chapter 1830: Losing is the same as losing the right to give her happiness

Tang Zong lifted his chin and allowed the rain to fall on his face. He smiled and said, I'm very clear now that I've been living in a daze for so many years. This time, I'm more clear-headed than ever. I know what I want and what I must get.

Power, wealth, status, he could fight for these in the future, but if he lost Rong nuo, he would never be able to find her again. This was the only thing he could not afford to lose.

farnhill looked at tang zong and didn't speak for a long time. this was the first time in all these years that he had known tang zong that he was actually such a bold and courageous person. he was also such an envious person. because for everything that he was pursuing, he could be so calm and fearlessly let go of things that others could never get in their entire lives.

Farnhill looked back at the horse track that had become muddy and said, "If that's the case, then I won't say anything more. You have to work hard, I won't show any mercy."

"Of course, I don't need you to show me any mercy." Tang Zong proudly raised his head.

After the starting gun was fired, the two of them urged their horses and galloped out.

From a distance, one of their horses was black and the other was white. It was like day and night, which would never meet. To Tang Zong, if he won, it would be bright on a sunny day. If he lost, Huanhuan would probably have to face an eternal night.

Not long after they set off, Farnhill had already gained a faint lead.

He was very good at riding, and his horse was in good condition. The cooperation between him and the horse could be called perfect. Every jump and every movement was completed smoothly and elegantly.

Compared to Farnhill's success, Tang Zong's situation was not so good.

After two rounds in a row, his horse was starting to get anxious, and the situation was getting worse and worse. As Tang Zong moved, he had to control the reins with all his might, and at the same time, calm the horse's emotions. He had to use several times more energy than when he was riding a

horse. His hands were already hurting from the grip of the reins, but he had to clench his teeth and hold on.

But even so, the gap between him and Farnhill was still clearly widening.

There were very few matches left. Tang Zong's mood gradually started to become anxious. He couldn't lose, he definitely couldn't lose!

If he lost this time, he would lose the right to give Rong nuo a lifetime of happiness.

as he watched the gap widen, tang zong's heart calmed down. if he was destined to be unable to catch up, then he could only resort to underhanded means.

Tang Zong immediately looked at his surroundings. Did anyone make a move?

however, now was not the time to think about this. tang zong immediately urged the horse under him to gallop towards the finish line.

Farnhill was very calm after the loss. When he reached the finish line, he looked up at Tyr, who was standing in the stands with an umbrella. At that moment, his eyes flashed with confusion and surprise, but it quickly disappeared, and he returned to his calm self. "Tang, congratulations."

Tang Zong smiled, "thank you, Qianqian.."
