

Permit Me 1941

Chapter 1941: They were going to elope

But now, Liancheng Yazhi could not smile at all. Have you told her family?" "No," he answered simply.

Secretary Zhou secretly moved to Liancheng Yazhi's side and whispered, "Young master ya, Yingluo, they're going to elope, Yingluo!" Liancheng yazhi took a deep breath. "Jian jie, calm down." "I'm very cold," Jian Jie nodded. washed by the rain.

"I'm talking about the brain," Liancheng Yazhi said angrily.

He simply looked at his wet hair. His head was also very cold.

Liancheng Yazhi found it a little difficult to communicate with simple words. He said, you took him away without telling his family. How can his family leave the capital with peace of mind?"

"I know you can do it," Jian Yi said.

He was not polite at all to Liancheng Yazhi.

This was clearly the attitude of a boss who threw the mess to Liancheng Yazhi to deal with.

Liancheng Yazhi pointed at him and said, "I'm going to tease you."

He looked at mo xunxun. She was standing behind the simple chair, drenched and shivering from the cold. Her eyes were filled with fear. She was asking him to send her away.

Liancheng Yazhi looked at Jian Yi again. He was very calm, very calm, and very serious. He did not look like he was joking at all.

Liancheng Yazhi's agitation after the shock slowly calmed down. He asked simply, "You've really decided."

"Yes, I have." Jian Jie nodded.

Since it was already like this, Liancheng Yazhi knew that no matter what he said, Jian Jie would not change his mind. He nodded. "Alright, we're brothers.

Hurry up and leave, I'll help you settle it."

Although it was a little difficult, it was not the most difficult. There was still a way.

"Thank you." Jian Jie's lips curved up.

Liancheng Yazhi really wanted to kick him. go away. Hurry up and leave this place. That's your way of thanking me.

Jian Jie nodded, "then I'll be leaving."

Lianchenz Yazhi casually waved his hand.

Jian jie suddenly remembered something and asked Liancheng yazhi, "Did you bring any dry clothes?"

Liancheng Yazhi didn't think that Jian Yi would be picky about her wet clothes and had specifically asked. He looked at mo xunxun and instantly understood. "i only brought one set for you. it's in the car. you guys can go ahead." "Thanks," he simply held mo xunxun's hand.

He brought mo xunxun to the car that had been prepared and said to Liancheng Yazhi, who was standing outside, " "Let's go back. Since I've come out from there, I won't be caught again."

Liancheng Yazhi smiled. when you return to the border safely, "he said," I'll go to your place to visit you. "Alright, it's a deal."

"It's a deal,"

They had known each other for many years, and they no longer needed to say too many emotional goodbyes to each other.

No matter how big the storm was, as long as they were alive, they would meet again one day.

The car door was simply closed, and the car slowly drove away.

Liancheng Yazhi cursed as he watched the car drive away.

This guy had left on his own and left the mess to him.

"Young master ya, do you want to persuade us now?" Secretary Zhou asked.

Liancheng Yazhi said to him, "go and see mo zhongkai. Tell his family to leave quickly." &Nbsp;

Secretary Zhou asked the key question, "then what about mo xunxun?"

Liancheng Yazhi thought for a while. just say that you didn't see mo xunxun when you went.

Imitate her tone and send an email to his family. "How should I write the content?" Secretary Zhou asked.

liancheng yazhi gave him a side glance.."Do I need to say that?"

Chapter 1942: Young master ya flicked his sleeves, leaving behind a pile of trouble

Secretary Zhou wanted to cry instantly. This was a very tricky matter. Boss, you can't just say it so casually.

Secretary Zhou hurriedly said, "no, of course it's up to you. You're right. I completely understand what you mean. I'll do a good job.

Halfway through his sentence, Secretary Zhou changed his mind. Based on his understanding of Liancheng Yazhi over the years, regardless of whether he said those words or not, he would handle the matter. Young master ya would definitely leave everything to him. Instead of being severely criticized by his boss and having to go to work dejectedly, Qianqian would not have to bear the consequences. At least, she would be less reprimanded.

liancheng yazhi nodded. secretary Zhou was getting more and more aware of his thoughts. not bad, he did a good job.

Liancheng Yazhi patted Secretary Zhou's shoulder. very good, then you can go and do this. Send their family away as soon as possible. I've been out for a long time, and it's time to go home.

secretary Zhou's heart was bleeding. he endured the pain and said, "Take care, Qianqian!"

Secretary Zhou watched as Liancheng Yazhi got into the car and wanted to cry but had no tears. Young master ya flicked his sleeves and left, leaving behind a pile of trouble.

He sighed. Forget it, he was used to it. He was always the unluckiest one.

Secretary Zhou complained to himself for a while. He got into the car, meditated, and began to write an email. He wrote a line, read it, and then deleted it. Then he continued. He wrote and deleted it, and deleted it again. He even pulled out a few strands of hair.

At this moment, it was a different scene in the simple car.

"Change your clothes," Jian Jie said to mo xunxun.

He always felt that mo xunxun, a delicate woman whom he could easily destroy with one finger, would definitely catch a cold the next day in such wet clothes.

He didn't care about himself. He had stayed in places with harsh conditions before, so wearing wet clothes was nothing to him.

MO xunxun was very touched. She had not expected that Jian Jie would be so meticulous.

"Thank you," he said softly.

She picked up her coat and put it on.

Jian Jie frowned. How could he do this? "Take off your wet clothes.

MO xunxun's face instantly turned red. She lowered her head and shyly clutched her men's jacket tightly.

When the person in front heard this conversation, he immediately put down the barrier.

After that, the back became a separate space, and only the two of them were left.

mo xunxun's heart raced. she really could not take off her clothes in front of jian jie. she had always been a very timid person. when she said that she wanted to leave with jian jie, she had used up all of his courage.

She really couldn't do it now.

mo xunxun's voice was as low as a mosquito's as she said softly, "I'm fine like this, Yingluo."

She simply reached out and lifted his chin, asking her, "What's wrong? Are you afraid of me?"

MO xunxun's face turned even redder, "I'm Yingluo."

jian yi suddenly reached out and pulled mo xunxun into his arms. he held her soft and slender waist and looked into her eyes. "Since you're going with me, you should know what kind of life Qianqian is going to live."

MO xunxun bit her lip. Her coy and shy appearance was enough to move any man's heart.

The itch in his heart came back again, but he quickly suppressed it and said to mo xunxun, "Change into it." he paused for a moment. "or, i can help you change."

MO xunxun was frightened and said in a panic, "I'll heal myself, I'll heal myself, I'll heal myself, I'll heal myself, I'll heal myself!"

Chapter 1943: Everything you have is mine

MO xunxun felt that Jian seemed to be smiling just now, but she did not dare to look at it.

mo xunxun had never been so close to a man before. even when she was with her father, she only touched him on the head and rarely hugged him. She would feel fear and disgust when other men got close to her, let alone

physical contact.

However, mo xunxun knew that she did not reject simple physical contact. It was just that it was her first time being so intimate with someone, so she felt shy and could not let go.

At the same time, there was still some fear in her heart, a fear of the unknown.

When it came to matters between men and women, mo xunxun was a blank piece of paper. She had even had her first kiss, so she was naturally afraid of exposing her body in front of outsiders.

Jian Jie looked at mo xunxun's flustered actions and expression. She looked like a panicking little rabbit. Her appearance was so cute that it made him want to ruffle her ears.

Jian Jie looked at her with some teasing thoughts. She sat there lazily and just looked at her without even blinking, as if she was doing something very serious.

MO xunxun's fingers were trembling. She wanted to zip up her dress, but her whole body was turning red from the simple look.

finally, she bit her lip and said in a low voice, " "Can you please not look?"

In the end, simple said in a very serious tone, " "You'll have to see it sooner or later. Now, Yingying, practice it." mo xunxun was a little silly.

Practice?

Can I practice this too?

When a person said such hooligan words with an expressionless face and a business-like expression, was he really playing hooligan or was it real?

MO xunxun's small face was so red that it was almost bleeding. In simple terms, this was beyond what she had ever heard of.

MO xunxun replied nervously, "I'm going to cry, I'm going to cry."

The Thunder was rumbling outside, and the simple sound was even clearer than the Thunder.

since you've chosen to leave with me, you're mine. Everything you have, including your Kasaya and body, is mine.

Of course, mo xunxun knew that once she liked this man and followed him, she could no longer be an innocent girl who knew nothing.

She, Yingluo, was his woman, so she had to experience that sooner or later. MO xunxun was just a little embarrassed because she was thin-skinned.

mo xunxun said softly, "my yueyue knows , yueyue."

She took a few deep breaths and turned away, not daring to look into his eyes.

MO xunxun mustered her courage and reached out with trembling hands to unzip the zipper on her back.

However, mo xunxun's hand could not reach the small and delicate zipper at the back of her neck. She tried a few times but to no avail and almost twisted her arm.

"Come here, turn around." Jian Jie could not stand it anymore.

MO xunxun's face was burning up. She struggled internally for a while before she finally moved slowly to the side of the bed and sat down obediently.

He simply grabbed her shoulders and turned her body around. With a pair of hands that were holding knives and guns, he quickly unzipped the long invisible zipper and slid it all the way down.

MO xunxun was wearing a long dress that protruded to her waist. The zipper on the back was very long, from her neck to her waist.

with this simple pull, mo xunxun's entire back was exposed in front of him.

At that moment, he felt as if he was looking at a patch of white snow, and his eyes were about to be stung.

She was wearing a pure white bra with two thin bra straps hanging on her shoulders, almost blending into her skin..

Chapter 1944: I want to break that pair of wings

The woman's back was a charming scene. Otherwise, those celebrities who walked on the red carpet wouldn't always wear gowns with wide open backs. If they turned their bodies to the side and twisted their heads, they would be able to kill a crowd of Ferlin fans in seconds.

The young lady's snow-white back made one's heart palpitate with excitement. Even an old man like Jian Jie, who had such strong self-control, could not help but breathe faster.

The Butterfly Valley on his back was unbelievably beautiful. There was even a layer of water vapor on it, which reminded Jian Yi of the wings of an angel that had been drenched by rain.

Because his wings were wet, he couldn't fly, so he temporarily stayed in the human world.

he unconsciously raised his hand and touched the two fragile butterfly bones. the pair of hands stained with countless lives and blood seemed to want to break the pair of wings.

When a simple hand touched the butterfly bone on mo xunxun's back, her body trembled violently.

His hands were very rough, and her skin was too delicate. The slight pain made mo xunxun feel as if an electric current had passed through her, making her feel numb.

The unfamiliar feeling scared mo xunxun. She said, " "Can my Yingluo put on her clothes now?"

The person behind her did not say anything, so mo xunxun wanted to grab her clothes.

However, as soon as he moved, his shoulder was pressed down by a pair of strong hands.

He raised his eyebrows and flicked his slender fingers, removing the clasp of his underwear.

MO xunxun only felt her shoulders loosen. Before she could react to what had happened, someone lifted her up by the waist. Then, her long skirt and underwear were quickly removed in a second.

MO xunxun's body turned cold, and she subconsciously covered her chest.

However, he did not do anything else. Instead, he grabbed the shirt with one hand, grabbed mo xunxun's arms, and put it on her.

MO xunxun's eyes widened in panic. She was stunned that she had been seen so simply.

the simple movements were very well-trained. it was as if he was putting on his own clothes, and his movements were very fast.

While mo xunxun was still panicking at being seen through, he had already started to button her shirt. His expression made him look like a gentleman who would not get himself into trouble.

MO xunxun bit her finger and her face was almost burning. "I can do it myself."

Jian Jie did not say anything. She frowned and buttoned up her shirt with a serious expression.

The men's shirt was of a simple size, but it reached mo xunxun's knees. It was like a child's clothes on a boat.

However, Yingying revealed her fair and slender legs just like that. In addition, her shirt was black, which made mo xunxun's fair skin even more prominent.

MO xunxun, who was wrapped in black, looked like an angel surrounded by sin. It made people want to destroy her purity and bring him down with her.

MO xunxun clutched the clothes at her chest and said with a red face, " "Thank you, Yingluo."

Jian Jie did not say anything. He let go of mo xunxun and allowed her to move away. From the beginning to the end, even when he saw mo xunxun's naked body, Jian Jie did not look sideways. It was as if she was looking at her own body. There was not much expression on her face.

she simply closed her eyes and leaned against the wall as if she was recuperating. mo xunxun sat in the corner and tried her best to curl herself into a ball. her mind was still thinking about what had just happened.

She was a little conflicted. The simplified Huahua had already seen her body, so why was Huahua still so calm?

Could it be that she wasn't attractive at all?

at the thought of this, mo xunxun felt a little disappointed..

Chapter 1945: Please Like Me too, okay?

MO xunxun was a little autistic and didn't talk much, but she wasn't a talkative person.

Therefore, the two of them spent most of their time together in silence. However, in this silence, some ambiguity was quietly brewing.

After a moment of silence, Jian Jie suddenly opened his eyes and said, "Do you want to know how to get along with me?"

"Yes, I do." MO xunxun quickly nodded.

He simply reached out his hand. come here, I'll teach you.

mo xunxun looked at the pair of large hands that were stretched out in front of her. without much hesitation, she slowly raised her hand and placed it on the hand.

As soon as mo xunxun's hand touched him, he quickly grabbed it and pulled mo xunxun into his arms.

He simply lifted mo xunxun's chin and slowly lowered his head. now I'll teach you how to (get along) with me.

he didn't finish his last two words. it turned into a whisper and melted between his simple lips and teeth.

The number of simple kisses was pitifully small, but Yingluo was already at this age. Even if the number of kisses was small, he had already memorized the theory by heart.

MO xunxun's eyes widened in shock, and she almost forgot to breathe.

The feeling of her lips being kissed reminded her that she had given her first kiss to the person she liked.

when she thought of this, she felt shy and a little sweet at the same time. MO xunxun slowly reached out and wrapped her arms around the simple neck!

She said in her heart ...

Simple, I will like you properly.

So, Please Like Me too, okay?

The next day, the sky cleared up after the rain.

The storm lasted for almost the entire night, and the alarm went off for half the night. It only stopped when it was dawn.

Liancheng Yazhi supported Rong Yan as they walked in circles in the courtyard, breathing in the fresh air. Rong Yan was in a good mood. After being sent away last night, she could finally put down a big stone in her heart.

No matter how big the commotion outside was, it had nothing to do with them.

"where do you think jian jie is now?" rong yan asked liancheng yazhi.

looking at the time, we left the Imperial City last night. By dawn, we should be out of the rain-covered area. We should be arriving by helicopter soon.

"That's great. He'll be safe once he's there," Rong Yan said happily.

Liancheng Yazhi had yet to tell Rong Yan about mo xunxun eloping with Jian Yi. He was afraid that Rong Yan would be too emotional.

In the afternoon, Secretary Zhou came to see Liancheng Yazhi with dark circles under his eyes.

“Young master ya, the mo family has been sent off. They are on the plane to country A now,” Secretary Zhou said respectfully.

“how did you take it away?” liancheng yazhi asked.

secretary Zhou sorted out last night’s events. knife: both of mo zhongkai’s arms were seriously injured. The bone in his right arm was broken, and his left arm was even worse. It was shot by a laser, and the wound will never heal. So he requested to amputate his left arm, then he was anesthetized and had an amputation operation.

“mo zhongkai was in a coma, so his parents were easier to fool. i sent them the edited email in advance. they couldn’t stop crying after reading it. although they didn’t want to leave, they couldn’t delay their son. in the end, i half-pushed them away.”

“what did you write in your email?” liancheng yazhi asked.

secretary Zhou was a little embarrassed and said, ” “Cough, cough, I told them that I didn’t want to go abroad. I didn’t want to live like an ivory tower anymore. I wanted to find a man I liked and live a free life. When we find it, we’ll bring it to them.”

The corner of Liancheng Yazhi’s mouth twitched.. they believed it? ‘

Chapter 1946: Miss mo and master Jian eloped!

Secretary Zhou nodded. they did. The two of them cried so hard that they were in a mess. They said that mo xunxun was unfilial and scolded her for a long time.

Liancheng Yazhi nodded. This was also good. MO zhongkai was in a coma and his parents did not have a backbone. When mo zhongkai woke up, they were no longer in the capital. Even if he had doubts, he would not be able to come back.

let Jian an know when we get back, ” Liancheng Yazhi said. let mo xunxun tell his parents that he’s safe.

After all, he simply ran away with the daughter that the other party had raised painstakingly. This matter was not reasonable, so naturally, he could not be too worried about his family.

alright, ” Secretary Zhou said. I’ll contact Master Jian when he’s safely there.

“What’s the situation outside?” Liancheng Yazhi asked.

Secretary Zhou hurriedly said, ” it’s going to be chaotic outside now. They’re conducting a full search and investigation. The surveillance aircraft in the sky has flown countless times. The roads at the entrance and exit, whether it’s the railway or the aircraft, are all under strict inspection.

However, the higher-ups say that it's a drill to search for dangerous people so that the citizens and tourists don't panic.

Liancheng Yazhi smiled. This commotion was really big. Jian Jie and MO zhongkai were really going to be the first on the military's wanted list.

The people there probably hated them so much that they wanted to kill them.

A Lieutenant Colonel trained by a military unit who had served in the National Security Department knew so many secrets, but he actually helped a major criminal escape. Such a person would be a great danger to the country once he was released.

More importantly, it would be so embarrassing if others knew about this.

Moreover, some of the things were not convenient to report.

Therefore, no matter how intense the night was, they would not announce it.

"Young master ya, from the looks of it, I think the military will be here to see you soon," Secretary Zhou said.

simple was liancheng yazhi's brother, and mo zhongkai helped him escape from prison that night.

Even a fool could figure out the connection between this and Liancheng Yazhi.

It would be strange if those people didn't come to find him.

Liancheng Yazhi smiled. come then. It's no big deal.

Although those people and clues were all connected to Liancheng Yazhi, where was the evidence?

Liancheng Yazhi didn't have any evidence of being involved in any of them. Even if they were certain about him, they could only say that they were suspicious.

do what you need to do, "Liancheng Yazhi said. destroy all the vehicles that participated in the transfer yesterday. When the people are sent out of the city, destroy all the relevant information.

Secretary Zhou nodded. understood. I'm already on it.

"Then it's fine, you can go to work as usual."

"It's Yingluo."

When Secretary Zhou was about to leave, Rong Yan came over.

"What are you two talking about?" Rong Yan asked casually.

Secretary Zhou quickly bowed to Rong Yan. young Madam, I'm here to report to young master ya. Although miss mo didn't leave with her parents last night, we've already sent her family out of the capital.

Rong Yan was very surprised when she heard this, 'he didn't leave with the mo family? Then where did she go?"

Secretary Zhou was even more surprised, "young Madam, don't you know?" Miss mo and master Jian have eloped." "What?" Rong Yan instantly screamed.

“elope?”

lian Cheng yazhi knew this would happen, so he didn't tell her. he glared at secretary Zhou and comforted Rong Yan. calm down, calm down. This is no big deal. Don't scare the child..

Chapter 1947: Why don't you have a girlfriend?

Rong Yan really couldn't calm down. She took a few deep breaths. “What if it's not Yingluo? Why did you elope?” Lian Cheng yazhi sighed. “the man and the woman are in love. it's not impossible for them to elope.”

“So they're going to leave now?” Rong Yan gulped.

“I think we've arrived,” said Lian Cheng Yazhi.

Rong Yan still couldn't recover from the shock and said, “How can a girl like Mo Xunxun adapt to life at the border?”

Rong Yan had been to the border before. it was humid, difficult, and sparsely populated with insects and snakes. the men there were all like wild beasts.

There were gunshots and killings everywhere, and one could encounter many fatal dangers just by going out.

How could such a delicate person like Mo Xunxun survive?

Lian Cheng Yazhi sighed and said, “whether she's not used to it, that's their problem. Since Mo Xunxun chose to be with Jian Jie, she should be mentally prepared, unless she can't hold on and regrets it. However, Ran Ran ran into Jian Jie's arms like a fool. Even if she regrets it one day, it's useless. Jian Jie will never let her prey escape.

“But Yingluo, they Yingluo ..

Secretary Zhou could not help but say, “young Madam, you might not know this, but Miss Mo was the one who suggested leaving with young Master Jian. Young Master Jian was willing to agree at first, but she insisted.

Rong Yan was even more shocked when she heard that. He was actually such a timid person like Mo Xunxun? She actually took the initiative? Did she have the courage to do that?”

Rong Yan had thought that Jian Jie had abducted Mo Xunxun. She had just been thinking that this Jian Jie was usually quiet and unromantic like a piece of wood. She did not expect that at such a critical moment, she would abduct a little girl. You really can't judge a book by its cover.

Rong Yan said to Secretary Zhou, “tell me what happened at that time, Ran Ran, in detail.” &Nbsp;

Secretary Zhou asked, “do you want Ran Ran to demonstrate it live?” “If you can, you'd better act it out for me.” Rong Yan nodded.

Hence, Secretary Zhou cleared his throat and started to play the part of a face-off. He played the scene from last night vividly and said everything that Mo Xunxun and Jian Jie had said without a single word missing.

Secretary Zhou's brain was very good. He often recorded meeting minutes for Liancheng Yazhi and had an excellent memory.

Naturally, it was easy for him to remember what he had said to mo xunxun at night.

After that, Secretary Zhou returned to normal. "Young Madam, that's all. Then, they left."

Rong Yan shook her head and sighed. "Tsk ts k ts k ts k ts k."

It was completely beyond her expectations. A little girl like mo xunxun had the courage to put aside her family and her life of luxury to run away with a man she had just met for the second time.

It was truly a case of not dying in silence, but exploding in silence.

This was probably referring to people like mo xunxun.

After sighing with emotion, Rong Yan tilted her head and looked at Secretary Zhou with a strange gaze.

secretary Zhou felt uncomfortable all over. he took two steps back."Young Madam, Yingluo, don't look at me like that. It's not good if young master ya misunderstands Yingluo."

Rong Yan acted as if she didn't hear him and asked, " "Secretary Zhou, even a block of wood like Jian can be loved by others.. What about you? You're not young anymore, are you? You're not ugly, you're not bad, and you have a lot of savings, but why doesn't Yueyue have a girlfriend?"

Chapter 1948: All young girls like uncles

Rong Yan's words instantly hit the sore spot in Secretary Zhou's heart. He suddenly wanted to cry but had no tears. He had an impulse to die if young Madam said anything more.

Did he have to rub salt into someone's wound?

Secretary Zhou's face was bitter, and the corner of his mouth twitched for a while before he said, " "young madam is wise."

"Tell me, what's the reason?" Rong Yan asked him.

Secretary Zhou sneaked a glance at Liancheng Yazhi. "I'm searching for the reason. "

Secretary Zhou stammered for a while before finally saying, " "Maybe Yueyue is unhappy with my looks. My parents gave me this look, so I can't do anything about it. I can only accept my fate."

Rong Yan immediately said, "how is that possible?" "You're not so ugly that people can't bear to look at you. Moreover, young girls nowadays like uncles like you. Look at Jian Jie and MO xunxun, they're almost ten years apart. Your temper isn't any better than Jian Jie's. Why can't you hook up with a young lady? you're too anxious." an uncle like you the word " uncle " reverberated in secretary zhou's ears, louder and louder. he could feel his glass heart breaking.

Secretary Zhou's heart trembled again. Young Madam, are you complimenting me? Or are you complimenting me?

Was there such a way to praise someone?

how old was he? When he looked into the mirror, he would still be mesmerized by his own handsomeness every day, alright?

Secretary Zhou thought to himself, “I do want to hook up with a young lady, but ask your husband. Did he give me time?”

Every day, Secretary Zhou was either dealing with various matters of the company or doing the extra work arranged by young master ya. A person who didn’t even have a weekend was not qualified to fall in love, okay?

While others were on WeChat, QC). text messages, and phone calls with their girlfriends, he was dealing with the complicated affairs of the company. From big projects with other companies to small office supplies bought in the secretary’s office, he had to sign everything.

While others were shopping and eating with their girlfriends, he was dealing with clients.

While other people were exercising with their girlfriends at night or playing 419, he was as tired as a dead pig.

On such a day, he didn’t even have time to watch a small film, so how could he have time to hook up with girls!

Secretary Zhou really wanted to hold Rong Yan’s hand and complain.

However, there was a God sitting next to him. How could he dare?

Secretary Zhou still did not understand Liancheng Yazhi. If he poured out all his grievances, he would still have to drink it all. Later on, young master ya would only torture him even more.

After a moment of intense sadness, Secretary Zhou said, “Young Madam, I, Wanwan, will work hard!”

Rong Yan sighed, looking as if she was worried about him. She said, there are new girls entering the company every day. Have you not taken a fancy to any of them? ” secretary Zhou immediately shook her head. “young madam, the people in the company can’t. i’m determined to change my relationship with the company.”

Secretary Zhou had always separated work and private life in the company. How many women in the workplace were innocent? he did not want to find one who valued his identity as the boss’s personal assistant and wanted to take advantage of him through the back door.

moreover, even if he didn’t have this intention, he would involuntarily be biased towards her when he arranged for her to do things in the company in the future..

Chapter 1949: He l s taken away such a fresh girl

Even if he said that it was official business, when the time came, these four words would all be empty and impossible to do.

Rong Yan’s face was full of disdain. then you’re really ... You’re already at this age. If you don’t get married, it’ll be difficult for you to have children in the future.

secretary Zhou felt the smile on his face break.

She's already at this age?

what age was he?

Didn't they say that men were like flowers at forty-one? he wasn't even forty and was still a flower bud. How was he old?

Cheng zhushu took a deep breath, and he breathed heavily.

This was the boss's house, and the person he was talking to was the boss's wife. He had to be respectful, and he couldn't be angry. He couldn't be angry!

calm down! Calm down!

Secretary Zhou's hands loosened and closed a few times before he said, don't worry, young Madam. I'll definitely try to solve my personal problems as soon as possible.

Liancheng Yazhi, who was standing at the side, could not hold it in any longer. He looked at Secretary Zhou's expression that was on the verge of a breakdown and found it really funny.

Liancheng Yazhi laughed out loud and reached out to pinch Rong Yan's cheek."You're really too much. You've just finished worrying about the basics, and now you're worrying about Secretary Zhou." rong yan pointed at secretary Zhou and said, "no, at that time, i thought that jian jie's personality problem must be very difficult to solve. but i didn't expect him to actually kidnap such a young girl. looking at secretary Zhou again, he was obviously easier to find than jian jie, but he's still single now. how can i not be worried? "

Secretary Zhou felt aggrieved. I didn't want to, I didn't want to! But who heard the cry in my heart?

Liancheng Yazhi looked at Secretary Zhou, who was about to break down, and finally said mercifully, "I remember that there are large-scale blind dates every week. Secretary Zhou will give you two days off this week. You can go shopping.

Secretary Zhou instantly felt that his spring was coming. He immediately said happily,"ah, okay, thank you, young master ya."

Secretary Zhou couldn't believe what he had just heard. Did young master ya feel that he had been too cruel to him in the past? finally showing mercy for once?

The heavens had really opened their eyes!

secretary Zhou thanked rong yan and liancheng yazhi and left the liancheng house in high spirits.

Just two hours after Secretary Zhou left, someone knocked on the door of Liancheng's house.

Butler li went to open the door and was shocked to see the person outside.

Police uniforms, Lu Jun uniforms, the colors that made one's heart tighten with solemnity, were lined up outside the door.

An older police officer said to Butler li, " "We're here to see Mr. Liancheng Yazhi and want to know some things from him."

He had a smile on his face as he spoke.

“Please wait a moment, I’ll go and inform the young master.” Caretaker li quickly calmed down.

The other party was only here to understand the situation, not to arrest or search with orders from the top. Moreover, the older police officer was quite polite. They nodded and didn’t say anything.

Butler li closed the door, turned around, and clutched his chest as he panted. He quickly ran into the house to find Liancheng Yazhi.

Caretaker li shouted anxiously, “young master, young master, Zhenzhen!”

Liancheng Yazhi smiled and said, “what happened to Butler li?” Seeing how nervous you are, are the police here?”

Seeing that Liancheng Yazhi could still joke with him so easily, Butler li heaved a sigh of relief. “Not only the police, but also the military. They came together.”

Liancheng Yazhi raised his eyebrows and asked, ‘Oh, really? It’s normal for them to come.. How many people are there in total?’

Chapter 1950: Liancheng Yazhi ‘s uncooperative attitude

he had already guessed that the police would come. after what happened last night, they had already been able to hold their temper and wait until now.

Caretaker li shook his head. I didn’t see clearly. There were quite a lot of them. I think there were at least ten of them.

lian Cheng yazhi said, ” since they’re here, they should at least meet her. go and tell them that they shouldn’t be frightened when there are children and pregnant women at home. tell them to send two representatives. ”

Seeing that Liancheng Yazhi was so calm, Butler li gradually calmed down.

“alright, i’ll go now.”

Caretaker li turned around and walked out quickly.

Liancheng Yazhi said to the worried Rong Yan, ” “Baby, go upstairs and rest. You don’t have to worry about this. I’ll handle it.”

“will anything happen?” rong yan asked him.

Liancheng Yazhi touched Rong Yan’s face. no, it won’t. How could anything happen? ” So what if they’re certain that I’m involved? I don’t have any evidence in their hands.’

I’ll be talking to them later, and there might be a verbal conflict. Go upstairs first, I’ll resolve it quickly.

Rong Yan thought for a moment. She knew that staying would distract

Liancheng Yazhi, so she nodded.”en, yingluo.”

“child, go. i’ll stay here,” gu hesheng said to rong yan.

“Dad, you look a little elegant when you’re older,” Rong Yan said worriedly.

“Don’t worry, I’ll be there to help him,” Gu Hesheng said.

Rong Yan had just been helped upstairs by the maid when Butler li came in with some people.

There were only two of them, one police officer and one from the military.

Both of their expressions were quite calm. The police officer was the one who was talking to Butler li outside the door, and the other military officer looked at the epaulet on his shoulder. He should be a Senior Colonel, and his military strength was not low.

The police officer walked over and extended his hand to Liancheng Yazhi.”Mr. Liancheng, sorry for disturbing you.” liancheng yazhi politely shook her hand. “No, please sit.”

After the two of them sat down, the maid quickly served tea.

When the police saw Gu Hesheng, he was stunned for a moment, then a look of surprise flashed across his eyes. He quickly said, ” “Is this Mr. Gu? I’ve long heard of your great name. It’s my great fortune to be able to meet you today.” He looked like a child who was chasing after a star and seeing his idol.

Gu Hesheng smiled, “have a seat, you’re welcome.”

After they sat down, the police officer introduced himself. my surname is Zhao and I work at the police station. This is Qiu from the Department. The two of us have come today to ask Mr. Lian about something. We hope you can cooperate.

of course! Liancheng Yazhi nodded. I’ll definitely cooperate if I know.

“It’s like this. Last night, the city alarm went off throughout the night. You should know about this, right?” officer Zhao said.

Liancheng Yazhi nodded. I know. I saw it on TV when I woke up this morning. The Thunder was so loud at night, but I didn’t hear the alarm.

The smile on officer Zhao’s face twitched. The first sentence in the opening had already shown Liancheng Yazhi’s uncooperative attitude.

He could actually pretend that he didn’t know anything. It really made people want to beat him up.

Officer Zhao continued, ” the alarm went off last night because a felon locked up in the military’s Secret base broke out of the base with the help of a lieutenant colonel. Do you know about this? ”

girls, if i said that i never thought about finding a wife for secretary Zhou,

would you take a picture of me?
