

Permit Me 2031

Chapter 2031: I'll definitely listen to you

Jian Jie's face instantly darkened when he heard that. It was even more frightening than the dark clouds in the sky.

When mo xunxun heard this news, she was so shocked that she covered her mouth. She quickly raised her head and looked at the simplicity.

jian jie's expression was ferocious as he looked at the person who came to report. "You bunch of old foxes who have been rolling around here all day, you were actually discovered by a twelve-year-old child, and you still have the nerve to come and tell me."

Just a moment ago, he had promised Liancheng Yazhi that he would take good care of winter and nothing would happen to him.

He did not expect his men to inform him that winter had left his sight after he hung up the phone.

What if something happened to winter? how was he going to explain it to Liancheng Yazhi?

if liancheng yazhi knew about this, he did not know how he would hate him. more importantly, this forest was filled with danger, and winterfell was still a child! Something could happen at any moment.

The more Jian Jie thought about it, the angrier he got. He was angry at his group of subordinates for being so useless. They could even lose sight of a twelve-year-old child. What a bunch of trash.

Jian Jie kicked the man and he fell to the ground. After rolling on the ground twice, he did not dare to stop. He quickly got up and ran to Jian Jie, "boss, boss, boss, we were too careless. We thought that Qianqian was just a good-looking child. We didn't expect him to be so vigilant. Boss, if you want to punish us, we will accept it. But, can you punish us after you find that kid?"

Jian Jie did not say anything. He knew that the most important thing now was to find that kid, Dong Tian.

but how, where to start, and how many people to send out were all problems.

"Which direction did he leave from?" he asked simply.

the man looked scared. he hesitated for a while and said, "at first, we thought he ran Southwest, but after we chased him for about two kilometers, we felt that something was wrong. That was a deliberate diversion, so now we're not sure where he ran to.

In other words, there was no more news about winter!

Jian Jie was furious. It seemed that the training in the base had deteriorated to an intolerable level during his imprisonment.

When he got winter back, he would see how he would train this bunch of trash.

"Gather 30 people immediately and leave with me in three minutes." Jian Jie's face turned cold.

"I'll see that you're all ready to set off with me when I come out after I change," he added.

"yes," the man replied immediately.

She simply turned around and strode back to her room. MO xunxun bit her lip, lifted her skirt, and chased after her.

He quickly put on the mercenary camouflage, military boots, guns, and stiletto, and packed his luggage for departure.

It took less than two minutes.

simple, " mo xunxun whispered. are you going to look for winter? " "Yes," Jian Jie nodded.

MO xunxun clearly did not want Jian Yi to go, but she still said in the end, ‘

"Then, Yingluo, you have to be careful."

He simply pulled mo xunxun into his arms and lowered his head to kiss her pale lips. Then, he said fiercely, " wait for me at home. Before I come back, remember not to leave the village.

"Yes, I'll definitely listen to you." MO xunxun nodded vigorously.

"Be good," Jian Jie rubbed his hair..

Chapter 2032: I like him no matter what he looks like

"i'm leaving." He simply let go of mo xunxun and turned to leave.

MO xunxun looked at his back and wanted to call out to him, but in the end, she did not.

she knew that jian jie should go, even though she was worried that he would be in danger.

however, she didn't want jian jie to think that she was selfish. she didn't want him to think that she would be a burden to him, so she held back and didn't say it.

It took exactly three minutes to walk out.

There were already 30 people standing in line outside, waiting for simple orders.

Jian Jie looked over and said, "turn around and follow me.

The 30 mercenaries were in perfect formation, not at all like a regular army or team.

He was about to leave with his team when he saw mo zhongkai.

His heart trembled.

What if mo zhongkai took advantage of his absence and took mo xunxun away?

He walked forward and said to mo zhongkai,"If you're a man, then come with me to the forest."

mo zhongkai used to be a professional security guard and was very meticulous. he might be able to help.

MO zhongkai had no intention of going. Hmph, why should I go with you? if you leave, I might be able to take my sister away.

He knew that this was the reason why Jian Jie wanted to bring him there.

Therefore, he didn't need to hide his thoughts.

"Take him away? do you think the people I left behind are all weaklings?" he simply sneered.

even if you take her away, she's still mine. It'll be easy for me to bring her back.

MO zhongkai, "you ..."

Jian Jie waved his hand. men, bring him along.

Two people immediately walked out from behind him, lifted mo zhongkai up, and carried him out.

MO zhongkai shouted, "simple! You bastard! Let me tell you, even if you use such a despicable trick, it's useless! My sister will see your true colors sooner or later!"

MO xunxun, who was standing under the roof, looked at her brother being carried away with a troubled expression. Brother, I'm sorry. I really like Jian Jie's current appearance. No, I like him no matter what.

Before he left, he gave two simple orders to the remaining mercenaries in the village.

"First, guard the village for the next few days. No one outside is allowed to enter. Anyone who enters will be shot to death.

second, she was his woman, and whoever dared to touch her would be turned into a pile of bones.

He simply led a group of people into the depths of the forest and went directly to the place where his men had lost winter.

Jian Jie originally wanted to tell Liancheng Yazhi about this.

But after thinking about it, he decided to forget it. If he told that guy, he didn't know how he would scold him. In the future, he wouldn't look good when he saw him.

Moreover, no matter how anxious he was, he wouldn't be of any help. At most, he would only make him more anxious.

He would wait until he got winter back.

Liancheng Yazhi, who was far away in the imperial capital, was still living a comfortable life, unaware that winter had disappeared in the forest.

all of his attention was now on rong yan. because the expected date of delivery was getting closer and closer, he almost didn't leave her side, afraid that something would happen if he didn't pay attention.

All the necessities for pregnant women and babies had been prepared.

They had already found a confinement nanny at home and were just waiting for the child to be born.

The entire Lian family was in a state of extreme tension and excitement, waiting to welcome the arrival of the new family member..

Chapter 2033: Don't be afraid, mommy, I'll be with you

lian Cheng yazhi was already ready to be a father, gu hesheng was waiting to be a grandfather, and meowmeow was even more eager to be an elder sister.

Rong Yan had become the 'fragile object' of the entire family. any small action would cause a commotion. even meowmeow would say when she saw that Rong Yan was moving alone, " Mom, you're disobedient. Dad and Grandpa have told you not to act alone. You must have someone by your side.

after dinner, they had a family meeting.

"There's less than two weeks left until her due date, I think it's better for her to be hospitalized," Gu Hesheng said.

Lian Cheng Yazhi nodded. father-in-law is right. I think so too. Although we've been careful, the expected date of delivery is not completely correct. What if it's brought forward?

Rong nuo also nodded in agreement. yes, sister. To be safe, it's better to be hospitalized first.

Even mom, although I hate the hospital, it's for the good of you and brother. You should stay in the hospital.

She reached out and grabbed one of Rong Yan's fingers. Just like how Rong Yan had comforted him in the past, she said, " "Don't be afraid, mom. I'll be with you."

Rong Yan didn't know whether to laugh or cry. She touched meowmeowmeowmeow's little face."It's not my first time giving birth. It's fine. There are still more than ten days left. I'll be fine a week before the due date."

MeowMeow shook his head. no, mommy. You have to be obedient. Everyone wants you to go.

Rong Yan turned to look at Lian Cheng Yazhi. wife, I'll accompany you. You don't have to be afraid.

Gu Hesheng said to Rong Yan, " don't worry. I'm here to look after the house. Nothing will happen.

tang zong patted his chest. he had finally found an opportunity to speak. he said, " that's right, that's right. you still have me. big sister, don't worry and go

Rong Yan looked at her family and saw that they had unanimously decided to let her be hospitalized. She asked weakly, " "Zhenzhen really wants to go?" Everyone nodded in agreement. They all felt that she should go.

Rong Yan licked her lips. " alright then, huahua. how about we go tomorrow? "

She felt that she was completely at a disadvantage now, and no one was on her side.

Gu Hesheng made the decision. alright, it's decided then. You should go and rest. After breakfast tomorrow, we'll send you to the hospital. Rong Yan sighed, "good Zhenzhen, Zhenzhen." lian Cheng yazhi carefully helped Rong Yan into the bedroom.

Lying on the bed, Rong Yan said, "hubby, are you really going to the hospital? i don't really want to go so early."

Liancheng Yazhi gently patted her back. we have to go. Actually, you don't have many days left. Just bear with it and wait for our son to be born.

Rong Yan consoled herself that it would only be eleven or twelve days at most, and it would pass by very quickly. She nodded. "Alright then, Yingluo."

Liancheng Yazhi kissed Rong Yan's forehead. "Go to sleep. Have a good rest tonight."

Rong Yan closed her eyes in resignation. Forget it, she didn't want to come anymore. She would sleep and wait for her son to jump out.

After Rong Yan fell asleep, Liancheng Yazhi got up gently and walked out of the bedroom to go downstairs.

Liancheng Yazhi went downstairs to see Kang Yu.

He had to accompany Rong Yan to the hospital tomorrow, so he definitely couldn't come back.

If the Army was going to make a move, it would definitely be in the next few days. So, when she mentioned it, she should inform Kang Xi and discuss a strategy.

When Liancheng Yazhi arrived, Kang Yu was holding a table tennis ball. After a few days of practice, he had made some small achievements and wouldn't be crushed in less than two seconds..

Chapter 2034: i'm not your wife, don't you feel bad?

But when he heard Liancheng Yazhi's voice from the air vent, Kang Yu was shocked and crushed the ping pong ball in his hand.

"natsume, open the door," liancheng yazhi shouted from outside.

Kang Yu and Natsume raised their heads at the same time.

Xia mu looked at the ball in Kang Yu's hand and sighed."Young master ya, why are you here at this time?"

Kang Yu slowly threw the flattened ball into the basket."He probably opened the door for something."

Natsume glanced at the small balls that were almost filling up the box. "Then what should we do?"

"Let's pack up," Kang Xi said.

after saying that, he turned over and lay down.

[Natsume yoshinata]

He quickly cleaned up and then quickly opened the door for Liancheng Yazhi.

"Why are you so slow?" Liancheng Yazhi complained as soon as he entered.

Oh, " Natsume told him, " I was just doing an experimental reaction, so I got up a little late.

lian Cheng yazhi glanced at the laboratory and saw the basket of table tennis balls in the corner. he smiled. "an experiment to flatten a table tennis ball?" Natsume was embarrassed. "hehe, young master ya, you must be joking."

"It's so late, why are you here?" Kang Yu asked.

"Of course I have something to tell you," Lian Cheng Yazhi said.

"Me?" Kang Yu frowned. "What's the matter?"

lian Cheng yazhi sat down and said with a happy face, "my wife's due date is coming soon. I'll have to take her to the hospital tomorrow and she might not be back for more than ten days. I don't know what will happen after I leave. Whether you'll be taken away or not, I don't care."

Kang Yu was silent for a while. Although he was unwilling, he still said, "Congratulations,"

Lian Cheng Yazhi laughed out loud. "Same to you. You should hurry up and work harder too. Maybe when my son is born, he will be able to do nothing and you will have a child. At that time, you can let my sister and brother take him out to play."

Kang Zhaozhen Natsume turned around and sighed. "Young master ya, do you know how much patience Kang Kun had to put in to not throw a punch at you?"

"Don't worry, just go to the hospital with your wife," Kang Xi said coldly.

Lian Cheng Yazhi spread his hands. "I can't be worried. Between you and my wife, I'll definitely stand on her side. You have to take care of your own safety."

Natsume could not help but say, "Young master ya, actually, there are still many days before the expected date of delivery. You can go to the hospital later."

Lian Cheng Yazhi rolled his eyes at him. "My father-in-law said that the expected date of delivery may not be 100% accurate. Besides, if something happens, will the family have a hospital in time?"

He snorted. "She's not your wife. Don't you feel bad for her? She's my wife. I treasure her."

Natsume, "Yingluo."

Alright, he stopped talking.

As a medical professional, he didn't want to talk to a medical amateur.

lian Cheng yazhi continued to instruct Kang Yu, "I'll go with my wife tomorrow. I'll leave the house to my father-in-law and Tang Zong. If you have any problems, you can directly look for them. Tang Zong and Tang Zhen are biological brothers. If something really happens, you can get Tang Zong to look for Tang Zhen and cause a scene."

"I understand," Kang Zhen nodded.

He was in a very bad mood right now. Lian Cheng Yazhi kept calling him wife and son, which made him feel particularly uncomfortable.

How could he be in a good mood when she was stabbing him in the heart every minute?

"Is there anything else I can help you with?" Lian Cheng Yazhi asked Kang Yu.

“No,” Kang Zhen replied..

Chapter 2035: Will I die if I don't anger him?

Liancheng yazhi reached out and pushed kang yu. why is your face so tense? our family is going to have a child. This is a great thing. If you share some of my son's happiness, your body might recover soon.

“Thank you,” said Kang Yu, suppressing his anger.

Liancheng Yazhi laughed. you're welcome. After my son is born, you'll probably be able to move no matter what. I'll let you hug him then.

kang yu, “yingluo.”

Her son was not even out yet, and she was already showing off like this, was that good?

was it a good idea to provoke other people's jealousy like this?

lian Cheng yazhi thought of something and took out a black one that was almost a 5 from his pocket. Oh, I almost forgot. Here's the phone. It's a phone that was custom-made for you. You don't need to dial with your hands. You can directly use voice control.

there are basically all the numbers you might use in there. Just say your name and the number will automatically be dialed.

“Thanks.” Kang Xi glanced at him.

Liancheng Yazhi sighed. you don't have to thank me. I'm just thinking for you. It's so pitiful that you can't move even now. You care about the disabled.

kang zhaozhen

Damn it, Liancheng Yazhi, you bastard, will you die if you don't anger him?

of course, lian Cheng yazhi would not let go of any opportunity to tease him. he said, ” ” i think that it's impossible for the army to not take action after i've been away for so many days. it's fine if you're taken away by them when i'm not around, but my family must not be destroyed. ”

“You can leave now,” Kang Yu said coldly.

He couldn't stand it and wanted to drive Liancheng Yazhi away.

No, what Kang Yu wanted to do now was to sit up and give him a good beating.

lian Cheng yazhi raised his eyebrows. ” i will leave, but i'm not done yet. i have to explain to you before i can leave, right? ”

Kang Yu closed his eyes and decided not to look at Liancheng Yazhi.

Liancheng Yazhi said a lot more, and Kang Yu's ears were about to grow calluses.

“From tomorrow onwards, you're on your own. I hope that when I come back with my wife and son, I'll still be able to see you at home. I'm leaving.” “practice hard,” he mumbled.

Natsume immediately asked Kang Yu after Liancheng Yazhi left.

“Young master ya is going to the hospital. Who can stop those people?” “If you can’t stop them, then get out,” Kang Zhen said as he opened his eyes.

his eyes were very calm, dark and bottomless. even the dark red color of his emotional excitement had disappeared.

“but what if something happens to yingluo?” natsume was worried.

“something happened?” kang zhen’s lips curled up. even if something were to happen, it would be someone else. how could it be me?”

Natsume was stunned for a moment before he reacted. “You’re right, they should be the ones worrying, not me.”

If Kang Yu lost control of his emotions, the one who would be injured or killed would be someone else, not him.

At most, he would be seen as a monster.

Natsume’s heart relaxed a little after hearing what Kang kun said.

“You’re already getting better. Just work hard for a few more days and you’ll be able to control your strength. Good luck.”

After he finished speaking, he returned to the basket, grabbed two small balls and put them in Kang Zhen’s hand, letting him continue to hold them.

“Try to see that the two balls are still intact when you wake up tomorrow,” he said to Kang Zhen.

Chapter 2036: The man who bent down to help you put on your shoes

The next day, Liancheng Yazhi’s family woke up early and were all preparing for Rong Yan’s delivery.

however, rong yan, the main character, did not get up for a long time.

“Where’s mommy? is she still not awake?”

Liancheng Yazhi pinched MeowMeow’s little face. “Mommy’s still sleeping.

She’s not awake yet, baby.”

Liancheng Yazhi laughed, picked up MeowMeow, and kissed her on the cheek.

you’re so obedient. Grandpa is right. Let mom rest well and don’t disturb her.

MeowMeow nodded vigorously. yes, I know. I've told the Auntie at home. I won't let them go upstairs to clean before mom wakes up.

Liancheng Yazhi was very surprised. He did not expect

meowmeowmeowmeowmeowmeowmeowmeowmeowmeowmeowmeowmeow

meowmeowmeowmeowmeowmeowmeowmeowmeowmeowmeowmeowmeow

meowmeowmeowmeowmeowmeowmeowmeowmeowmeowmeowmeowmeow

meowmeowmeowmeowmeowmeow. "Oh, really? My baby is so sensible. When my younger brother is born, you'll definitely be a very good older sister."

"of course, i'll be very happy," meowmeow said with a smile.

Liancheng Yazhi carried meowmeowmeow downstairs. it's still early. Let's let mommy Sleep a little longer. Come, baby. Come with daddy to prepare things for mommy and little brother.

MeowMeow clapped her hands. sure, sure. Daddy Yingluo, can I go to the hospital with you? "

Liancheng Yazhi was even more surprised. baby, are you not afraid of the hospital? "

"I'm afraid," MeowMeow pouted.

But she quickly said, "but I want to keep mommy and little brother company. The housekeeper Auntie said that it's very painful for mommy to give birth to little brothers."

Liancheng Yazhi's heart softened instantly. She was indeed his baby. She was considerate and sensible. No matter how he looked at it, she was better than other people's children.

This kind of little baby, even if he grew up in the future, he could not give it to other people. It was better to keep it in his own home and dote on it.

Liancheng Yazhi patiently explained to MeowMeow, " baby, today, take mommy to the hospital with daddy and Grandpa. Then, you can come back with Grandpa, okay? daddy has to take care of mommy and might not have time to take care of you. Be good at home and follow Grandpa. If you miss Daddy and Mommy, let Grandpa take you there.

MeowMeow nodded. alright then.

Rong Yan only woke up when it was almost ten in the morning. Liancheng Yazhi took care of her to wash up and get dressed.

Rong Yan watched as Liancheng Yazhi busied himself for her and felt very sweet in her heart. However, she also felt that she was a little too useless, so she said, " "hubby, you don't have to be so careful. it's not my first time giving birth. i'm really fine. i can do this kind of thing."

Even when she was wiping her face, Liancheng Yazhi had to treat her like a child and personally wipe her face carefully with a towel.

Liancheng Yazhi hugged her. that's different. I wasn't there the last time. This time, I won't let you give birth without me by your side.

He helped Rong Yan to sit down, took out a pair of soft-soled flat-heeled leather shoes made of lamb skin, and squatted down to put them on for Rong

Yan.

Rong Yan suddenly felt that a man who was willing to bend down in front of her and put on her shoes for her while looking up at her was willing to reveal his entire world to her!

Chapter 2037: Just wait to hold your grandson

Rong Yan's gaze on Liancheng Yazhi gradually softened, and her original unwillingness to go to the hospital faded.

whether it was liancheng yazhi, gu hesheng, or meowmeow, all of them were doing it for his own good. all of them hoped that she could give birth to the child safely and that both her and her son would be well.

To be able to have so much care and love, wasn't this what she wanted the most but couldn't get in the past?

Now that she had finally received so much love, what was there to be unwilling about?

She should feel happy and blissful.

After Liancheng Yazhi put on Rong Yan's shoes, he raised his head and reached out to touch his face. "Alright, baby, can we go now?"

"Yes, it's done." Rong Yan nodded.

"Let's go downstairs to eat first, then we'll go to the hospital,"

"Alright."

Everyone was waiting for Rong Yan downstairs. When MeowMeow saw Rong Yan, she was the first to call out. "mom, do you want to have breakfast?" "Yes, Mom, it's time for breakfast," said Liancheng Yazhi with a smile.

"The aunties are all ready," MeowMeow immediately said.

Rong Yan suddenly felt that her face was a little hot. She had only woken up at ten in the morning, and even her daughter had woken up earlier than her. The whole family was waiting for her, and she suddenly felt very apologetic.

Liancheng Yazhi knew what Rong Yan was feeling awkward about and comforted him. we're a family, so don't mind this. The most important thing now is that you can sleep well and rest well.

Rong Yan touched her nose. Under everyone's attention, she finished her breakfast as if she was doing a mission.

Everything was packed and the luggage was packed into a separate car. before they left, liancheng yazhi said to tang zong, "Tang Zong and Rong nuo will stay at home to look after the house. Father-in-law and I will take Miaomiao and send Rong Yan to the hospital. Tang Zong, if there's anything at home, you can go and discuss it with Kang Zhao."

Tang Zong patted his chest. don't worry, brother-in-law. I will definitely look after the house and wait for you to come back.

Liancheng Yazhi patted his shoulder, then took Miaomiao's hand and helped Rong Yan into the car.

On the way, Gu Hesheng asked Liancheng Yazhi, "has the hospital been arranged?"

gu hesheng had already asked this question several times, but he still could not help but want to confirm it.

Although he already had a baby,

To an old man like Gu Hesheng, he was really nervous and looking forward to it. That feeling was not much less than Liancheng Yazhi.

In fact, he was even more delighted.

Because he now had such a grandson, which was something he had never dared to think about before.

Liancheng Yazhi did not feel annoyed and replied with a smile, "don't worry, father-in-law. Everything has been arranged at the hospital. The confinement lady has also been sent there.

Liancheng Yazhi had already asked Secretary Zhou to arrange everything in the hospital a few days ago. The inpatient ward, the doctors and nurses who delivered the baby, all of them could arrive at the fastest time. Even the maternity matron had been sent to the hospital.

as for the medical equipment and the medicine that might be needed, they had already been prepared.

Gu Hesheng nodded his head, "that's good then, Yingluo."

rong yan saw that gu hesheng was too nervous, so she joked with him, "Dad, don't be too nervous. It's fine. In ten days, you can just wait to hold your grandson.."

Chapter 2038: This kind of happiness will last forever

Gu Hesheng was amused by Rong Yan's words and laughed, "Haha, good, good, Yingluo, I'm waiting to carry my grandson."

Rong Yan pinched her daughter's tender little face. yeah, our meowmeowmeow is going to be a big sister. She's so powerful.

the carriage was filled with the laughter of the family.

liancheng yazhi looked at his lively and happy family and was even more determined. this kind of happiness must be maintained forever.

When he was young, he had never seen such a warm scene, let alone experienced such warmth.

Fortunately, his child was not living the life he used to live.

Liancheng Yazhi suddenly thought of old master Liancheng, who was in the hospital.

He sighed. If that old man was as reasonable and kind as Gu Hesheng, he would not have been sent to a sanatorium by his own son.

He hadn't visited his old man for a long time. Liancheng Yazhi thought that he would go over and tell him when the child was born.

No matter what, he was still the child's grandfather. He had to tell him about such a big thing as having a grandson.

After the family arrived at the hospital, Liancheng Yazhi kept a low profile and politely declined the director's 'good intentions' to pick them up. He avoided many patients who came to see him and drove directly to the VIP Ward area.

Liancheng Yazhi asked the bodyguard to take the luggage directly to the ward that had been arranged for them upstairs, while he himself helped Rong Yan into the elevator.

Gu Hesheng looked at the elevator and asked, "we still have to go up and down the elevator. Is it convenient?"

Liancheng Yazhi explained to him, "it's okay. There won't be any problems with this elevator. Besides, I've already explained to the hospital. I don't care about the others. I asked someone to install this elevator and it can only be used by our Lian Cheng family. It won't be delayed by others at a critical moment. The most important thing is that the delivery room is on the second floor. Before giving birth, Rong Yan wants to come down and take a walk. I will always accompany her.

liancheng yazhi had already considered it a long time ago. what if rong yan was about to give birth and was still downstairs, but the elevator to go up was used by someone else and it delayed their time?

Therefore, he decided to pay for it himself and find an architect to design it. In this inpatient building, they opened up a passage and installed an elevator. They could only connect the time when Rong Yan was in the hospital until she gave birth and was discharged.

Of course, the hospital director agreed to this suggestion because after Rong Yan was discharged, this elevator would be their hospital's asset. How much of a matter was that? why not?

The elevator only went up one floor, so they arrived very quickly.

Outside the ward, the director was already waiting for them with the doctors and nurses.

When she saw Liancheng Yazhi helping Rong Yan out of the elevator, she quickly walked over. Mr. Lian, Mrs. Lian, if you need anything during your stay in the hospital, just let us know. If you have any objections, we'll definitely do it.

"Not yet, thank you," Liancheng Yazhi smiled politely.

He lowered his head and said gently to Rong Yan, "let's go in and take a look. Do you like it?"

Rong Yan nodded and followed him into the ward. The design of the ward was very similar to the bedroom at home, and it was even more heartwarming.

Rong Yan looked at the Three Bears of different sizes placed on the road, and her eyes instantly became hot. It turned out that Liancheng Yazhi had prepared many kasayas for her without her knowing..

Chapter 2039: Can't I be a little touched?

Liancheng Yazhi personally asked about almost everything, no matter how big or small, trivial or not. Although he did not personally see the decorations and decorations in the room, he asked Secretary Zhou to video call him and watch the room in detail.

If there was anything wrong, he would ask Secretary Zhou to deal with it immediately.

Liancheng Yazhi's request was very simple yet very difficult. He wanted the ward to be decorated like a home and to make Rong Yan stay comfortably.

Rong Yan didn't know anything about what he had done.

It was not until she saw the familiar feeling in the room that she realized that Liancheng Yazhi had already paved the way for her while she was eating and sleeping.

liancheng yazhi saw that rong yan had not spoken for a while and asked with concern, "What's wrong? you don't like it?"

Rong Yan shook her head, took Liancheng Yazhi's hand, and walked around the ward."No, I just like it a lot."

Liancheng Yazhi rubbed Rong Yan's hair. "Do you like it? Don't force yourself, I can see that you don't even have a smile on your face, so if there's anything that you don't like, we can change it again, until you're satisfied." rong yan glanced at him. "my husband is so meticulous. can't i be a little touched?"

Rong Yan was very touched, and her heart felt very sweet.

It was such a happy and beautiful thing to have someone behind you to hold up the sky for you, to block the sun, the wind, and the rain, and the cold. All you needed to do was to sleep in his arms and wait for tomorrow to come. And she was lucky enough to meet Liancheng Yazhi in this life. Rong Yan had to say that he was actually her salvation. free.c om

If she had not met Liancheng Yazhi and had not lived such a happy life, perhaps she would still be living in hatred and unable to extricate herself.

This man had given her a new life.

Rong Yan's words made Liancheng Yazhi's mood improve instantly. He was really worried that Rong Yan didn't like it here. The most important thing now was for the pregnant woman to be happy.

He hugged Rong Yan and kissed her on the lips. I told you that you would definitely like it here.

Liancheng Yazhi helped Rong Yan sit down and placed a pillow behind him. "Then sit down and rest. I'll get you a glass of water."

There were only the two of them in the ward. Gu Hesheng, MeowMeow, and the director had not come in. Rong Yan asked, "Where's dad?"

Liancheng Yazhi came over with a cup of tea and placed it on the table in front of Rong Yan. he's talking to the director outside. I think he's asking about something he's worried about.

"The water is a little hot, you can drink it later."

"Oh, Yingluo." Rong Yan nodded.

Liancheng Yazhi sat next to Rong Yan and pointed at the big bed. I'll stay here with you for the next few days. When the child is born, I'll set up a small bed next to you so that I can continue to stay by your side.

After giving birth, pregnant women were not allowed to sleep with other people, so he had to buy a separate bed.

Rong Yan nodded with a smile. yes, it's a good one, but it can't be too small either. You're so tall, it's not comfortable to sleep in a small bed. Later, ask someone to move the bed here and leave more space. Buy a bigger bed.

Liancheng Yazhi took the opportunity to kiss Rong Yan's face again. "My wife really cares about me. Okay, I'll listen to you."

Rong Yan simply leaned into his arms and happened to see a vase on the windowsill with a few roses in it. The flowers and leaves were very fresh, and it was obvious that they had just been put on today.

"Hey, did you ask someone to place those flowers too?" Rong Yan asked

Liancheng Yazhi..

Chapter 2040: Isn't he the one who gets to do whatever he wants?

there are more plants in the room, and it looks more lively. come, let me help you to the window to take a look. this ward is in a good position. when you lie on the bed and turn your head, you can see the maple trees outside. when you stand in front of the window, you can see the flower bed below. "

Liancheng Yazhi helped Rong Yan to stand in front of the window and told her where the surrounding buildings were.

"when you're done resting, i'll take you for a walk downstairs."

"en, yingluo."

Outside, Gu Hesheng caught the principal and kept on asking him all sorts of questions.

The director was getting more and more difficult to answer, so he could only repeat, " Mr. Gu, don't worry. We've prepared the best gynecologist and nurse in the hospital. We'll definitely guarantee the safety of Mrs. Lian and the young master.

Gu Hesheng's face darkened. nothing is 100% certain in this world. You must be fully prepared. If something really happens and you are not prepared, my daughter and grandson will be in danger.

The director nodded, "yes, yes, yes. We're prepared for that. The best doctors in the hospital have formed an emergency team. If anything happens, we'll be there in the shortest time and do our best to ensure Mrs. Lian's safety. Gu Hesheng was slightly satisfied, he continued, " while my daughter is here,

The hospital director heaved a sigh of relief. Oh my God, thank God they didn't have to 'waste' their time. They really couldn't afford it.

“well, Mr. Lian has mentioned it before,” the director said hurriedly. we will only give Mrs. Lian a few suggestions on her daily diet. We won’t make any decisions.

Gu Hesheng nodded his head,”en, can you free up a room near here ..”

The Dean’s eyelids twitched, “you’re thinking of ran ran?”

Gu Hesheng’s expression did not change, he said indifferently, ” if you cook it in the kitchen and bring it over from home, not only will it lose its taste, but it will also turn cold if it’s not done in time. How can you do that? ”

The director’s eyelids twitched even more. but the number of rooms in Wanwan’s Hospital is already limited. This Wanwan doesn’t seem to be easy to handle.

Gu Hesheng said coldly, “not easy?” You want me to buy the hospital today?” His words were telling the director that when the hospital became ‘Gut , he would be the one to do whatever he wanted. What was a kitchen to him?

This hospital was originally a private hospital with a share system. It would not take much effort to buy it. He just needed to buy more shares.

This was the hospital director’s family business, and it was quite profitable. Of course, he didn’t want to change the hospital’s surname from his hands.

the dean smiled. ” mr. gu, please calm down. isn’t qianqian just a room? don’t worry, i’ll get it for you very soon. what do you think of qianqian on the first floor? ”

Gu Hesheng thought for a while and nodded. the first floor’s Suan ni is barely enough. Hurry up. We must clear it out by today.

“Okay, I’ll make it available immediately,” the hospital director quickly said.

Gu Hesheng waved his hand, “alright, go do it.”

He pondered in his heart and quickly asked someone to bring the pot, stove, and other kitchen utensils over. It would be best to decorate the kitchen today.

The director didn’t leave immediately. Mr. Gu, after Mrs. Liancheng has rested, we would like to do a check on her. We hope to be able to accurately grasp the physical condition of the baby and the mother..
