

## Permit Me 2041

Chapter 2041: The Liancheng family is too much of a bully

Gu Hesheng nodded immediately, “sure, come back in an hour’s time.”

“Alright, Yingluo.”

After getting permission, the director left with his people.

After going downstairs, he let out a long breath. This family’s status was prominent, and it was really not easy to serve them.

The head nurse, who was following behind the hospital director, asked,

“Director, do we really have to give them a room to use as a kitchen?”

The director said, “clear it out immediately. Clear out the room on the first floor that’s used to store miscellaneous items. Quickly find a few more people to do it together.

The head nurse’s expression turned ugly, “ah, are you really going to make room for them?” This is such a waste.”

of course. If I don’t free it up today, this hospital won’t follow my surname tomorrow. Hurry up and don’t waste time. It won’t be good if we make that old man unhappy.

““They’re such bullies, ” the head nurse mumbled.

The hospital director quickly turned around to look at his surroundings and said, what do you know? if you don’t know anything, don’t talk nonsense. Other hospitals are looking forward to this kind of good thing. Mrs. Lian is here giving birth and being hospitalized. Our hospital will really benefit from it. All of you better buck up. If I hear anything that will make things worse for her, all of you can leave.

To put it bluntly, the hospital was the one who really profited from this matter. It was just that for now, they had to accommodate some of their somewhat picky conditions. However, even though they were picky, the hospital would still benefit in the end. The hospital had to pay for the elevator themselves, and in the future, the elevator would be the hospital’s property.

They didn’t make a kitchen out of a room for free. They spent a lot of money on it.

Moreover, there were some very expensive medical equipment that the hospital couldn’t buy. The Liancheng family had to buy them with their own money. These things would probably have to stay in the hospital in the end.

The Dean felt that he would be willing to bow his head and lower his ears as a grandson.

Besides, they also needed to spend money to buy comfort. There was no such thing as bullying.

The head nurse quickly lowered her head. yes, director. I’m sorry.

we are a private hospital, and the patient is God. Besides, the conditions they put forward are the harshest, but they won't make us lose money. So, don't say such ignorant things. Go and do what you need to do. Clear out the kitchen. In an hour, we'll go and check on Mrs. Lian.

The director added, "all of you, stay alert. If we can ensure that Mrs. Cheng and her son give birth smoothly, our hospital will benefit a lot in the future. But if something happens, we'll be in trouble.

the hospital director's words made the doctors and nurses become serious, and they quickly dispersed to do their own things.

in the ward, Rong Yan was saying to Gu Hesheng, "Dad, you should take MeowMeow back. I'm fine now. You don't have to worry too much. Go back and rest. You must be tired today."

Now that the child's expected date was unknown, Rong Yan didn't want the ancient crane to give birth to an old man who was running around with them. Giving birth to a child wasn't a big deal. It wouldn't be good if the old man was tired because of this.

meowmeowmeowmeowmeowmeowmeowmeowmeow hugged Rong Yan's leg and pouted."but i want to be with mom for a while longer."

Rong Yan kissed meowmeowmeowmeowmeow. be good. Come with Grandpa in two days, okay? Grandpa is old and can't be tired.

Gu Hesheng said, "I'm fine. My body this year feels much better than before. As expected, when a person is happy, their body will also get better..

## Chapter 2042: A once-in-a-thousand-years opportunity

Liancheng Yazhi smiled. "i also think that father-in-law's complexion is much better than the first time i saw him. he looks five or six years younger. " Gu Hesheng laughed out loud, " Liancheng sure knows how to talk.

Gu Hesheng now found Liancheng Yazhi pleasing to the eye no matter how he looked at him. He did not know about Liancheng Yazhi's disgraceful past, but from the moment he saw Rong Yan, he had only seen the best side of him.

Therefore, Gu Hesheng truly felt that this son-in-law was very good. With him around, even if he really passed away in the future, he would not have to worry too much.

Gu Hesheng was not in a hurry to leave. he waited for Rongyan to finish her full body examination and heard from the doctor that his daughter and grandson were in good health before he drove away in satisfaction.

although Rong Yan was admitted to the hospital, she felt that it was no different from being at home after only two days.

This was because there was no lack of people in her Ward all day long.

The two most important people of the Lian family weren't at home, so the house suddenly felt cold and cheerless. It made people feel like they couldn't even eat in high spirits.

The rest of them spent their days thinking about when to go to the hospital.

As a result, she went to the hospital almost every day, and most of the time, she even had her lunch in the hospital. If it wasn't for Liancheng Yazhi's tight control, they would have gone almost every day.

on the morning of the fifth day after rong yan was hospitalized, rong nuo specially made a pot of water chestnut soup for rong yan at home.

Tang Zong was holding a tablet and watching the images from the surveillance cameras. He stood at the kitchen door and said to Rong nuo,"Sure enough, as soon as brother-in-law left, someone started to be dishonest."

Rong nuo used a spoon to scrape off a layer of oil on the soup and asked, "what's wrong?"

Tang Zong waved the tablet in his hand. "There are already four to five groups of people loitering in front of my house today."

Rong nuo asked, "ah?" Did you tell Kang Yu?"

"Yes, he did. He took a look and said that everything was fine. These are the sentries who are here to Scout." Tang Zong replied.

Kang Yu's attitude towards this matter wasn't nervous at all because it was all within his expectations. Liancheng Yazhi wasn't at home. This was such a good opportunity. It was a once in a lifetime opportunity. Only a fool would not take it.

"Since he said he's fine, then there shouldn't be any big problems." Rong nuo deftly poured the soup in the claypot into the thermos.

Then, he picked up a clean cloth next to him and wiped off the soup that had been poured on the thermos.

you stay at home and look after her. I'll go to the hospital to bring the soup to the big sister.

"I'll go with you," Tang Zong hurriedly said.

recently, without his elder sister and elder brother-in-law at home, tang zong felt that it was really boring. there was no meaning at all, and nothing was interesting to do.

For the first time, Tang Zong realized that it was indeed necessary for the elder to be present at home. Otherwise, they would feel as if no one was in charge.

Rong nuo dodged Tang Zong's hand that was reaching out to take the thermos. no, don't forget what brother-in-law said last time. You have to stay at home and look after the house. You are not allowed to go out again.

"But there's no problem at home right now. Can I go with you?" Tang Zong pretended to be pitiful. It's so lonely to be alone at home. Old man Gu and MeowMeow are both gone. What should I do if you leave?"

Rong nuo looked at Tang Zong's pitiful expression and her heart softened. alright then, Zhenzhen. But when it comes to that, don't be a glutton when brother-in-law gets angry.

“Don’t worry, don’t worry. I definitely won’t.” Tang Zong eagerly took the thermal container from Rong Yan..

Chapter 2043: I won ‘t let it end like this

The two of them went to the hospital together. Rong nuo urged Tang Zong, “Walk faster, the soup will turn cold and it will taste fishy.”

Tang Zong happily replied, “eh, alright, Yingluo.”

He walked into the inpatient building. As soon as he entered the elevator, he heard a hasty voice behind him before he could choose his floor. “Excuse me, excuse me Yingluo.”

Then, his vision turned dark as a black shadow rushed in.

Tang Zong pulled Rong nuo into his arms so that Rong nuo would not be knocked down.

the figure that ran into the elevator did not apologize. instead, she tidied her hair and sweetly said to tang zong, “3rd floor, thank you.”

Tang Zong did not move, and the elevator did not close. He and Rong nuojun looked at the girl in the high school uniform with a faint smile.

The girl’s face had a healthy flush, probably because she was running. She looked young and full of energy, and was very likable.

She looked at Tang Zong innocently, her big eyes looking extremely adorable. She asked Tang Zong, “What’s wrong? is the elevator broken?” rong nuo frowned. she didn’t like the way this girl looked at tang zong, but she didn’t need to be jealous of a girl who had not grown up. so she said, “Please go out and turn left to take that elevator.”

Only then did the girl see Rong nuo beside her. She immediately pouted and asked, “Why?” because she was young, beautiful, and cute, her actions only made people feel that she was cute.

However, to Tang Zong, this cuteness was of no use. He laughed out loud, and as the blush on the girl’s face gradually deepened, he suddenly said, “do you not have eyes? Don’t you see that this is a private elevator?”

the girl’s face, which had turned as red as an apple due to shyness, instantly turned red due to tang zong’s words. she was a little flustered, but she still angrily said, “What private elevator? this is a hospital elevator, it’s for everyone.” tang zong sneered. “this isn’t for everyone. it’s for our family. if you don’t want me to kick you out, then get out yourself.” he was not a person who would have tender feelings for a girl. before he met rong nuo, he did not give face to anyone.

The girl started crying. I’m not going out. What right do you have to stop me from taking the elevator? you guys can’t bully people like this. I’m going to call the police and the director.

Rong nuo frowned. She didn’t know if the girl really didn’t see the words outside, or if she was pretending not to see them. There was no one in that public elevator, but she didn’t take a seat and came to squeeze in with them.

Rong nuo looked at the thermos in her hand. The soup inside had turned cold, how could eldest sister drink it? so she said, this elevator was built with my family's own money, and the hospital knows about it too. So, while my family is hospitalized, this elevator is only for us to use. No one else is allowed to enter. It's useless even if you call the police or the director. Don't waste our time.

The girl glared at Rong nuo. Hmph! I don't believe you. I'm not going out today.

Tang Zong couldn't care less. He didn't even care if people said that he was a bully. He threw the girl out. I don't care if you're my uncle or your uncle. Whoever comes here, get out of here.

the girl probably didn't expect that tang zong would throw her out. she immediately burst into tears."You guys, I won't let you guys off so easily.."

Chapter 2044: Trying to attract the attention of the opposite sex

Tang Zong sneered. What else could she do?

Rong nuo might not have understood the girl's thoughts, but Tang Zong had seen it clearly.

That girl was obviously here for him. Perhaps it was because she was still young and at mu shaoai's age, so she couldn't help but want to get close to Tang Zong when she saw such an outstanding young man. It was definitely not love at first sight, and it was still too early to like him. It was only normal for her to want to attract the attention of the opposite sex.

Moreover, that girl did have some capital to be proud. She looked lively and pretty, full of vitality, and was very lovely when she smiled. She must have attracted the attention of male students in school, so she was a little spoiled.

However, her shallow tricks were completely useless against Tang Zong. She dared to play tricks in front of him, she was looking for a beating.

today, tang zong had only thrown her out and did not make a move. this was already because she was a girl. if she dared to do anything overboard, tang zong would not care who her father was and would immediately go up and give her a good beating.

Damn it, this was too f \* cking disgusting.

She was already like this at such a young age, and she would be even more amazing when she grew up.

The elevator door finally closed, and Tang Zong said to Rong nuo, don't bother with that little girl. Who the hell is she? how dare she come into our elevator? I'll get the hospital nurses to disinfect the elevator later.

Rong nuo didn't take this matter to heart. She was just a little girl, so how could she be worth the effort?

you'd better look for the director later and strengthen the management. fortunately, it's the two of us who came today. what if it was the eldest sister?

what if we were delayed? "

Tang Zong nodded his head. yes. About the matter you mentioned, I will go and look for the director in a while. I will ask him to inform him again that this elevator is not for outsiders.

The elevator soon reached the second floor. Rong nuo walked out and said, we're here. Let's go. Be good when you see brother-in-law.

"Alright, Zhenzhen, don't worry." Tang Zong nodded his head.

The two of them went in together. As soon as Rong nuo entered, she said, "Big sister, I made you some water chestnut soup. Try it."

Rong Yan was eating fruit and talking to Miao Miao and Gu Hesheng. When she heard Rong nuo's words, she smiled and said, is that so? this is the first time I've tasted your soup. Quick, bring it over for me to try.

lian Cheng yazhi saw tang zong sneakily walking in from behind and said, "Tang Zong, why did you come here? Didn't I tell you to stay at home and look after the house?"

Tang Zong straightened his back and chuckled. "I was afraid that something would happen to Zhenzhen and Rong nuo on the road, so I came with her. Hehe brother-in-law, everything is fine at home. Don't worry, really."

"Are you really alright?" Lian Cheng Yazhi asked with a faint smile.

Tang Zong knew that he could not hide it from Lian Cheng Yazhi, so he had to tell the truth. "There's only a little bit of Hanhan. A few of his men came to our house to Scout, but they're all spies. Kang Yu also said that they're still probing, so they'll be fine for the next two days."

"After you go back today, don't come back again. If I'm not wrong, something will happen in the next few days," Lian Cheng Yazhi said to Tang Zong.

Tang Zong nodded his head repeatedly. yes, yes, yes. I understand, brother-in-law. I promise that I won't come here again after I go back. Really. Rong Yan saw that it was about time and smiled. alright, since you're here, you don't have to say anymore. Tang Zong, come over and sit down to eat some fruit.

"eh, eh, eh." tang zong immediately smiled and ran over to sit beside rong nuo..

Chapter 2045: An arrogant brat

Rong nuo chuckled and poured a bowl of water chestnut soup for Rong Yan. sister, try it.

Rong Yan sniffed and smiled,"it smells good." She picked up the bowl. let me try it.

Rong nuo watched helplessly as Rong nuo drank the first mouthful and asked, "Big sister, how is it?"

Rong Yan didn't say anything and took another sip before saying, " "It's good, not bad, it's quite good, the saltiness is moderate, and the soup is rich enough. It's much better than I thought, Yingluo."

"Then in the future, whatever soup you want to drink, I'll make you something else." Rong nuo smiled happily.

Rong Yan rubbed Rong nuo's head like she did when she was young."Alright,

Yingluo.”

MeowMeow licked her lips and said pitifully, ” “Mommy, I want to drink too.” Rong nuo hurriedly said, “don’t worry, how can I forget our little princess? I’ll take care of her for you.”“

Rong Yan smiled and tapped MeowMeow’s nose. what a greedy little cat, Yingluo.

Rong nuo and Tang Zong had stayed for about forty minutes before Liancheng Yazhi wanted to chase them away.

There was no one in the house, only the ‘immobile’ Kang Xi. If the military found out, even if they didn’t plan on taking action, they would be ready to take action.

Although Tang Zong and Rong nuo did not want to leave, they still had to.

However, before the two of them could leave in a hurry, there was a knock on the door, and the Dean’s voice sounded, ” “Mr. Liancheng, May I come in?”

When Liancheng Yazhi heard that it was the director, he thought that he had something to say and said, ” “Come in,”

The door was left ajar, and the director pushed it open.

He looked a little embarrassed and said, “Mr. Liancheng, I’m very sorry. It’s our fault for not monitoring properly. We didn’t notify them properly and didn’t put up an eye-catching sign. That’s why others rushed into the elevator. I’m very sorry. Don’t worry. This will never happen again.

Liancheng Yazhi and Rong Yan were baffled.”What’s going on?”

tang zong understood what was going on. this director seemed to know that when he and rong nuo were here, a little brat had rushed into the elevator and insisted on taking their private elevator.

However, he did not understand. He and Rong nuo had not even had the time to look for the director, so how did he know?

Tang Zong thought about it and felt that this was probably the case.

He sneered. Hmph, that arrogant brat. Did she really think that everyone was her father and mother and had to pamper her?

Tang Zong said to the director, ” you know it pretty quickly. Since you already know, you should quickly think of a way. If something like this happens again, I won’t let you off so easily.

“Tang Zong, what’s going on?” Liancheng Yazhi frowned.

Tang Zong hurriedly explained to Liancheng Yazhi, “Brother-in-law, it’s like this. When Rong nuo and I came here today, we had just entered the elevator. Before we could choose the floor, another girl rushed in. I asked her to go out, but she said that the hospital elevator was for everyone’s service. In the end, I threw her out. I guess that girl ran to the director to complain.”

liancheng yazhi looked unhappy. “is that so? that means that the elevator was still entered by an outsider?” he asked.

“he only went in for a short while before i threw him out.” tang zong nodded.

Liancheng Yazhi glared at him fiercely. then why don’t you get someone to disinfect it? ” he asked.

The hospital director shivered. get the nurse to disinfect the wound immediately. Please calm down..

Chapter 2046: I won 't leave until they forgive me

Rong Yan pulled on Liancheng Yazhi's sleeve. "It's not a big deal, let's forget it."

"Director, you can go and do what you need to do. Don't worry too much about this," she said to the director.

Rong Yan felt that the director was quite pitiful. He would anger Liancheng Yazhi if he did not do a small thing well.

The hospital director really wanted to thank Rong Yan, but he still had something to say.

Liancheng Yazhi saw that the director was hesitating and unwilling to leave, so he asked, " "Why aren't you leaving?"

The director wiped the sweat off his forehead. it's Hanhan, the child who broke into the elevator. Her relatives said that Hanhan wanted to apologize to you. I couldn't persuade them, and they seemed to be very sincere, so Hanhan let them come. Hanhan is now outside the door.

This time, not only did Liancheng Yazhi frown, but even Rong Yan was unhappy.

In order to prevent anyone from disturbing Rong Yan, Liancheng Yazhi had booked the entire second floor. He had already made it clear that other than the doctors and nurses who came every day, no one else was allowed to step foot on the second floor. The hospital was full of patients and there were many germs. Who knew what kind of germs someone would carry?

However, the director still brought her here despite the rule of duty. How could this make Liancheng Yazhi happy?

The room fell into silence.

In this deathly silent atmosphere, the Dean was already beginning to regret. He shouldn't have been soft-hearted, and now he was the unlucky one.

"Can I repeat what I said before?" Liancheng Yazhi slowly asked.

There was no emotion in his voice. It was calm, as if he was asking about the weather.

The director was on the verge of tears. Damn it, he was so regretful that he wanted to jump off a building.

Who didn't know that Liancheng Yazhi was famous for being difficult to deal with? it was already good enough that he didn't care about this matter, but he still brought those people to be an eyesore in front of him. He was looking for death.

The director could only keep apologizing. I'm sorry, Mr. Lian. Wanwan is my fault. I'll take them away immediately.

The director did not dare to stop for even a moment. He turned around and left.

let's go, " he said to the people outside the door. hurry up and follow me down. Don't cause any more trouble here.

The director wanted to take them away immediately. He didn't want to be implicated, but he also wanted to save them.

In the room, Liancheng Yazhi and the others thought that it was fine to take her away. They did not have the intention to argue at all, but it would be fine as long as she did not jump around in front of them.

But to his surprise, the door was suddenly pushed open with a bang. A girl in a high school uniform cried out with tears on her face, "I'm sorry, Wanwan. I was wrong. I shouldn't have barged into your elevator. Please forgive me.

Liancheng Yazhi hugged Rong Yan's shoulder tightly, his brows furrowed tightly.

The head of the hospital quickly ran over. He really wanted to go up and give that girl two slaps. He was about to go downstairs when she suddenly turned around and ran back. He couldn't even catch up to her, and he could only watch as she caused even greater trouble.

The hospital director ran up to him and grabbed his arm. what are you doing? you should be grateful that Mr. And Mrs. Lian didn't hold it against you. What are you doing here? hurry up and go.

He was glad that his daughter wasn't like this, otherwise he would have died a few years earlier.

"I'm not leaving. I won't leave until they forgive me," the young girl said in a Huff.

An astonishingly thin woman ran over while panting and said, "I'm sorry, I'm really sorry," she said hoarsely when she saw Liancheng Yazhi, then muttered,

Senior"

i'm still grateful to the little tycoons who tipped me yesterday and today, and the girls who voted for me. my love for you is the love of the male lead to the female lead.

I want to spill a little pot of dog's blood, please approve of this, girls!

Chapter 2047: A lover after a long separation

The woman's 'senior' was like a bomb that was dropped. After everyone in the room heard it, they all looked at Liancheng Yazhi.

Rong Yan's gaze, in particular, made Liancheng Yazhi feel guilty.

He gritted his teeth. He didn't even know who this woman was. Who the hell knew who the 'senior' she was calling!

"I don't know you. You've got the wrong person," Liancheng Yazhi said coldly. rong yan glanced at the woman. she should not be ugly. in fact, she was very beautiful. unfortunately, she was too thin. describing her as skinny and bony was too appropriate.

She was wearing the White hospital gown, which looked like it was supported by a few bamboo sticks. A thin gust of wind could blow her away.

She should be older than Rong Yan, but she looked very old.

At this moment, her eyes were a little wet as she looked at Liancheng Yazhi. Her lips trembled, and she wanted to say something, but she couldn't.

He looked rather pitiful.

However, this look also explained one thing. She was clearly looking at Liancheng Yazhi as if he was her 'lover' after a long separation.

There must be a story behind this!

When Rong Yan thought of this, she immediately became unhappy.

Lover?

he suddenly remembered that he had never asked Liancheng Yazhi about his past, especially when he was in school.

It seemed that he had to interrogate him properly today.

When the girl heard her call Liancheng Yazhi 'senior', her eyes rolled around and then she said excitedly, " "So this uncle is my aunt's senior. I can tell that you're a good person. You definitely won't hold a grudge against a child like me, right?"

The girl pretended to be very innocent. When she looked at Liancheng Yazhi, her face was full of cuteness and innocence.

However, she was so familiar with him that it made him feel disgusted.

After hearing her words, Liancheng Yazhi's face instantly darkened. Uncle, your uncle, your whole family are your uncles.

Yan was the first to laugh. " pfft! pfft! i can't take it anymore. Rong Nuo, come and help me sit down. "

Liancheng Yazhi quickly reached out to help her, but Rong Yan glanced at him. "You don't have to come. You should go and reminisce with her, senior."

Rong Yan emphasized the word 'senior' and glared at him, no longer looking at him.

Tang Zong was snickering at the side, but he did not dare to laugh out loud. He was afraid that Liancheng Yazhi would beat him up if he heard it.

The girl continued to blink her eyes. "Uncle, Qianqian, have you forgiven me?"

Liancheng Yazhi frowned. He had no intention of paying attention to the girl at all, but the girl seemed to be flirting with him.

The way she looked at him was undisguised.

Liancheng Yazhi ignored her. He was worried about Rong Yan now. The inexplicable call of senior doctor just now must have made his wife unhappy.

In the end, his ignoring made the girl a little insatiable. She said, ” “Uncle, can I come in with my aunt?”

Liancheng Yazhi suddenly turned around. His eyes were sharp and cold, and his voice was extremely cold.”If you dare to take even half a step into this room, you will never be able to leave.”

“also, your parents don’t even have the right to call me ‘uncle’ ,” liancheng yazhi said in disdain.

The girl was dumbfounded for a moment. She didn’t expect that the gentle and elegant, handsome man could become so vicious in the blink of an eye. His gaze made her heart tremble and she felt fear..

Chapter 2048: They were the petty ones

The hospital director couldn’t care less. He pulled the girl, who had already raised one foot, back with force. ” you’re crazy. people think that you’re young and that everyone pampers you. ”

The director could not guarantee what Liancheng Yazhi would do if they stepped into this room.

The girl pushed him away angrily. what are you doing? I didn’t do anything. It’s not a big deal if I don’t want to go in. I don’t want to go in anyway. It’s not like it’s a Palace or a Castle.”

As soon as she finished speaking, there was a crisp ‘slap’. The woman who was as thin as a stick slapped the girl.

The girl was stunned. She covered her face and screamed, ” “Aunt, why did you hit me?” apologize quickly. Your parents have really spoiled you to the point where you’re unruly.

“I’ve already apologized,” the girl said angrily, “they were the petty ones.” “Shut up! Do you want to die?” the woman was trembling with anger.

She had already recovered from her loss of self-control. Standing outside the door, she bowed to the person inside. I’m sorry for my niece’s rudeness today. I’ll tell her parents in the future to keep a close eye on her. Please forgive her stupidity and ignorance for the time being on account of her young age.

The moment this woman opened her mouth, one could see her upbringing.

In fact, this matter was not a big deal. Liancheng Yazhi and the others did not plan to take it to heart, but that girl was too arrogant.

Therefore, no one said anything after the woman apologized.

They didn’t intend to pursue the matter, but they didn’t want to forgive either. tang zong feared that the world would not be in chaos. he asked, “You called my brother-in-law ‘senior’ just now. Did you know him when you were in school?”

The woman quickly said, ” I’m really sorry for just now. I lost my composure. Back in high school, it was indeed a Mr. Lian who was in the same school. At that time, Mr. Lian Cheng was the idol of

many students in the school, and he was also my idol. I was two years younger than Mr. Lian, so it was normal for Yingluo to not know. Just now, when she suddenly saw Mr. Lian, she was very surprised, so she rashly called him 'senior'. I'm sorry."

After hearing this woman's words, Rong Yan almost immediately understood that this woman was probably one of the girls who had a crush on Liancheng Yazhi in school.

Rong Yan turned to look at Liancheng Yazhi. His expression was not good, and he was not moved by that woman's words at all, as if he had not heard them at all.

Liancheng Yazhi slowly turned to look at her and said, "I don't remember you, and I don't know you. I don't want to hear those two words again. Now, take her and get as far away from here as possible. Don't let me see you in this hospital again.

liancheng yazhi's words were merciless and not gentlemanly at all. the woman's face was red, probably because liancheng yazhi had been particularly arrogant when they were in school and never left anyone any face. this woman was not particularly embarrassed. she said,"i'm really sorry."

However, the girl started to make a fuss."you're the one with qianqian." before she could finish, the woman said, " "shut up."

Perhaps it was because her eyes were too sharp, the girl was so scared that she didn't dare to speak.

Gu Hesheng saw that the matter was almost settled and said to the headmaster, " "We don't want to see what happened to the director today happen again. We don't want to see the elevator or you bringing someone to the ward.. If there's a next time,"

Chapter 2049: the prince charming is married, but the bride isn't her

When the director heard this, he knew that the other party didn't want to care about this matter at all. He was relieved. "Yes, yes, this situation will definitely not happen again. "

liancheng yazhi snorted. "you'd better remember. if you don't, i'll get someone to manage it for you."

"Of course, of course. Don't worry, it won't happen a second time," the Dean said.

He thought to himself,'are all rich people like this? buying a hospital just like that without any consideration!'

Then, the director quickly pulled the two of them away.

Although the young girl was still very unwilling, she kept turning her head when she was pulled away, but in the end, she didn't shout out any more stupid words.

When they went downstairs, the director warned them, "I'm telling you, you'd better leave the hospital as soon as possible. You heard what that ancestor said just now. If he sees you in the hospital again in the future, you'll all be in trouble. This time, he ignored you because you're not worthy of his attention. To put it bluntly, you're not qualified.

The skinny woman gathered her clothes and said with a bit of emotion, " "I know. A person like him wouldn't pay more attention to people and things that aren't worth his attention."

When she said this, her face was filled with sorrow. Perhaps she was thinking about her school days, or perhaps Liancheng Yazhi was even more arrogant then.

“It’s good that you know,” the hospital director said. “Get the discharge procedures done as soon as possible.”

He looked at the woman’s thin and weak appearance and felt a little sorry for her. He said, “hey, I owe you guys. I’ll introduce you to another hospital. It’s my friend’s Hospital. You can transfer there directly.

The woman quickly thanked him. okay, Xuanji, thank you, director. I didn’t know he was Xuanji Liancheng Yazhi today. If I had known, I wouldn’t have

If she had known it was Liancheng Yazhi, she would not have dared to go over. She didn’t even dare to go to the senior she had admired in high school.

let’s forget about today’s matter. Hurry up and pack your things. The director sighed and left, shaking his head.

“director, wait a minute,” the woman suddenly called out.

“Is there anything else?” the Dean turned around.

She hesitated for a moment before asking, “That pregnant woman, her Yingluo is Yingluo.”

The director sighed. that’s Mr. Lian’s wife. She’s here to give birth. Sigh, she’s the one with the good life. Mr. Lian is such a powerful person, but he doesn’t even have a temper in front of her. I’ve never seen a man treat his wife so well. Compared to him, I feel that I treat my wife too badly. I’ll have to change.

The woman’s pale face turned ashen when she heard that. She mumbled, ‘

“Madam? Is he Yingluo married, Yingluo?”

The director saw her dejected expression and roughly understood what was going on.

This was probably the feeling of the saying that was circulating on the internet, “the male God is married, but the bride is not me.

He had wanted to leave directly, but he still said, “ ” some people are too tall. you can’t reach them even if you stand on your tiptoes. don’t think too much and take good care of your body. ”

After the director left, the girl’s face was filled with righteous indignation. She looked in the direction of the ward on the second floor in anger and hatred.

The woman recovered from her disappointment and sneered.. “Face? what face do you have in front of him?”

Chapter 2050: i want to know how good she is

Who did he need to save face for with his family background? What was there to worry about?

Liancheng Yazhi, the Liancheng Financial Group, the largest Financial Group in the imperial capital, the young master of Liancheng who was once famous in the imperial capital.

He had been quiet for the past few years, but his name was still a legend in the imperial capital.

She had once thought about what kind of woman would be worthy of him in the future.

She didn't expect that after so many years, he would still be married and would even have a child.

She didn't pay much attention to the pregnant woman just now, but now she really wanted to go up and take a look.

He wanted to know how good she was to be able to get the love and pampering of someone as unattainable as Liancheng Yazhi.

"Is my aunt's family really that powerful?" the young girl was indignant.

the woman glanced at him and said with a little disdain, "You can't afford to offend him. Even your entire family can't afford to offend him."

"Tell me, what are you doing in the hospital today?"

The girl's expression suddenly changed. She hugged the woman's arm and smiled sweetly. aunt Yingluo, I know you've always doted on me. I went shopping with my classmates yesterday and tried on a piece of clothing that looked really good. My classmates all said it looked really good Yingluo, but my parents didn't buy it for me, so Yingluo ..

A disdainful sneer appeared on the woman's face. "So, you're here for money again?"

The girl quickly shook her head. aunt, I'm here to see you. I'm serious. I'm not here for money.

The woman flung his arm away. Hmph, other than money, what else do you want from me? how much do you want this time? ‘

The girl smiled ingratiatingly. it's not much, just 110000 Yuan. Aunt, you're so rich, this is nothing to you. Just take it as my pocket money.

The woman laughed with some disdain. In the past, her sister's daughter would come to her every two or three days to ask for money. At first, it was a few hundred, and then it became a few thousand. Now, her appetite was getting bigger and bigger, and she was asking for more and more.

If he gave her money, it would be good for her to be grateful, but Hanhan had already taken it for granted to ask for money from her.

If today's incident had not happened, perhaps she would have given the money away. But after today, she seemed to have suddenly become alert.

Raising such a niece would eventually make her into an 'enemy'.

She looked at the girl and mocked, "pocket money?" You're not my daughter, why should I give you pocket money? if you want money, go to your parents. I won't give you a single cent in the future, and you don't have to come to me again."

After she finished speaking, she left the young girl behind and left.

The young girl called her aunt twice from behind, but she didn't turn around.

After she left, the young girl stomped her foot in anger. "What's there to be proud of? she's an old woman who's about to die and doesn't even have a child. Who's going to spend so much money on? Your money will become mine sooner or later."

The young girl's eyes flashed with a viciousness that did not match her age.

She forcefully lifted a crushed stone on the ground and rolled it twice on the ground.

She walked forward unwillingly, turned around, and looked back in the direction of the ward on the second floor. She snorted and left.

At that moment, the atmosphere in the ward was a little strange.

the incident with the junior just now did not disappear.

Tang Zong and Rong nuo could already smell the smoke of war. The two of them stood up. Aiya, I just said that I was coming. There's no one in the house. It would be bad if something happened. Brother-in-law, big sister, we'll go back first..
