

Permit Me 2051

Chapter 2051: I can't call you uncle, can I?

Rong nuo didn't want to leave before, but now she couldn't wait to run away with Tang Zong. When she saw Rong Yan's eyes, she felt a little scared.

She quickly nodded. yes, yes. Big sister, what soup do you want to drink tomorrow? I'll make it and bring it to you.

Rong Yan smiled slightly. both are good. Yingluo, I'd like to eat the duck blood vermicelli soup from the restaurant in front of my high school.

High school!

Rong Yan's words didn't sound like much, but if one took a closer look, they would know that her focus was on high school.

What was there in high school? there were seniors and juniors!

rong nuo licked her lips. the gentler rong yan's smile was, the greater the pressure she felt.

hehe, big sister Yingluo, I'm Yingluo, cough cough. I'll learn it when I get back. I'll definitely make it for you.

tang zong nodded his head repeatedly. "that's right, that's right. big sister yingluo, you can have anything you want to eat. not to mention high school, university, even a snack at the entrance of an elementary school would be fine.

Tang Zong pulled Rong nuo and said, "well, our ran ran will be leaving first, we'll come back tomorrow."

"Sis, brother-in-law, we're leaving. Bye."

After Rong nuo finished speaking, she ran away with Tang Zong.

The two of them heaved a long sigh of relief.

"Are you coming tomorrow?" Tang Zong asked Rong nuo in the elevator.

rong nuo sighed. "let's talk about it tomorrow, ran ran. we'll wait until they've settled senior's matter."

Rong nuo turned around and asked Tang Zong. I don't think I've asked you before. Will there be a junior who will suddenly pop out and call you senior one day? ,,

Tang Zong immediately shook his head. definitely not. Definitely not.

"Tsk, I don't believe you."

"I swear it's true."

Tang Zong and Rong nuo both ran away. Gu Hesheng blamed the two of them in his heart. The young man really did not understand the old at all. When he left, he also brought him and MeowMeow with him.

Gu Hesheng cleared his throat. ahem, ahem, meowmeowmeowmeow, we've been out for long enough. It's time to go back. Everyone, go home with Grandpa.

"Sure, I'll go home with Grandpa."

She blinked her big, watery eyes and said, "Mom, dad, I'll come see you again tomorrow."

Liancheng Yazhi knew that these people were going to run away, so he left the time for him and Rong Yan to deal with it. He sighed in his heart and said to

MeowMeow, "okay, go back. See you tomorrow.

gu hesheng and meowmeow also left, leaving only rong yan and liancheng yazhi in the ward.

Rong Yan held her chin and called out sweetly to Liancheng Yazhi, "Chief Judge, Chief Judge, Chief Judge."

Liancheng Yazhi shivered. He quickly sat next to Rong Yan and put his arm around her shoulder."Honey, it's not appropriate for you to say this."

He knew that Rong Yan would not let him off so easily after what happened just now.

Liancheng Yazhi thought that he would probably have to tell her everything that happened in school-first love, first kiss, and Huahua's first time.

He sighed silently. He really didn't expect to encounter such a thing today.

Rong Yan rested her chin on his chest. not suitable for me? That's right, I've never been to the same school as you, so of course I can't call you that. If I don't call you senior, I can't call you ... Uncle, right?"

"If you're willing to call me that, I think it's pretty good too." Liancheng Yazhi's mind moved.

At special times, it was a little interesting to call him that.

Rong Yan grabbed a pillow and hit Liancheng Yazhi.."hmph, your junior sister hasn't gone far yet, why don't you go and catch up?"

Chapter 2052: Things about first love

Liancheng Yazhi raised his eyebrows and hugged Rong Yan suddenly, looking a little frivolous. "There's no Junior Sister, but I do have a lover."

He and Rong Yan hadn't had any conflicts for a long time, and their days had always been warm and harmonious.

Rong Yan hadn't been playful for a long time. Now that she was suddenly at odds with him, Liancheng Yazhi felt a little excited and thought that it was good.

Seeing Rong Yan's angry look, his heart itched.

Rong Yan snorted. who's your lover's younger sister? go look for whoever you want. Don't come to me.

As she spoke, she pushed Liancheng Yazhi away.

How could he agree? he hugged Rong Yan's shoulders and half pressed her under him. you really won't let me find you? "

Rong Yan didn't look at him, "who cares about Yingluo?"

Liancheng Yazhi reached out and gently pinched her chin, turning her head back. "Treasure, you really don't want it?"

"I don't care," Rong Yan rolled her eyes.

Liancheng Yazhi chuckled and kissed her plump lips. "It doesn't matter, as long as I care about you."

rong yan pouted and pushed liancheng yazhi angrily. "Tell me the truth, did you ever date in high school? How many girls had he had ambiguous relationships with? Don't lie to me. "

"Ahem, ahem, baby Yingying, do you want to tell me about your body?"

Rong Yan raised her chin. you have to say it. My son and I are listening. You're not allowed to lie. If you lie, I'll go to Tang and make things difficult for him.

Liancheng Yazhi sighed and turned around to hug Rong Yan. it's been so many years since high school, Wanwan. To be honest, I really don't remember some things.

Rong Yan pouted and asked,"do you really not remember, or do you not dare to say? then tell me, what else do you remember?"

She did not believe that Liancheng Yazhi, who had a photographic memory, would forget about their school days.

Liancheng Yazhi touched his nose. the one thing I remember the most is that Wanwan beat up the principal.

Rong Yan reached out and poked Liancheng Yazhi's chest. "I'm not asking the principal. If you don't want to tell me, then don't sleep with me tonight. Go find your junior."

Liancheng Yazhi quickly grabbed her hand and put it to his lips, kissing it.

alright, I'll tell you the truth. I'm angry. You know, if I don't hug you at night, I can't fall asleep at all.

rong yan snorted, her mood obviously getting better. "Then hurry up and say it."

Liancheng Yazhi thought about his youthful days. when I was in high school, there were many girls who had a crush on me, but your husband didn't care about the things between men and women at that time, so he didn't care about them at all. However, he helped Feng nongtang pursue many girls.

liancheng yazhi really did not have much of an impression of high school. he was too young and inexperienced back then, and they were not the kind of people who gave birth obediently. most of the time, they would get into trouble and then clean up after the trouble.

the rest of the time, he helped feng nongtang chase girls.

The last bit of time was used to study.

Rong Yan pouted, not quite believing it. "What about your first love? You have to have a first love, right? every man has a goddess in his heart when he's young." goddess, I really didn't have one in the past. It's my first love after all, Yingluo.

Liancheng Yazhi glanced at Rong Yan. His eyes flickered a little, as if he was avoiding something. In the past, he had never felt like he liked her from the bottom of his heart..

Chapter 2053: protect her for a few more years

Liancheng Yazhi was a very conceited person. He had always looked down on others since he was young and had never looked up to them.

To him, goddesses basically did not exist.

A narcissist like him would never think that a woman was worthy of being his goddess.

Liancheng Yazhi's first woman was given to him by his grandfather. After that, he did have some women, but those women were used to relieve himself. He did not have any feelings for them.

So, these can't be considered first love, right?

And the beginning of his real heart was Rong Yan.

lianchenz vazhi counted himself. the year he met rong van, he was twenty-six years old.

did he have to tell rong yan that he only had his first love when he was 26 years old?

Isn't it a little embarrassing to say this?

Seeing that Liancheng Yazhi had not spoken, Rong Yan became anxious and raised her hand to Pat her chest. "What's wrong with first love? Tell me quickly. If you don't tell me, what if a woman suddenly appears one day and claims to be your first love? Liancheng Yazhi, I'm telling you, you'll be dead by then. "

Liancheng Yazhi quickly held Rong Yan's hand. no, no, Hanhan, there's definitely no first love. There's a rule in our family that men can only have women after they're young. It's not good for your health if you lose your virginity too early. My first Hanhan was in University, and it was a Hanhan that my grandfather threw to me. I had a few later, but they were all for fun, not real Hanhan.

liancheng yazhi paused for a moment, then looked at rong yan seriously. he held her hand and kissed it. honey, you're my first love, and I've never had another woman in my heart ever since I met you.

The corners of Rong Yan's lips curled up unconsciously. although I don't know if what you said is true or false, I'm happy to hear Yingluo's words. I'll forgive you for today.

rong yan poked liancheng yazhi's chest. "If I Could Turn Back Time, I would have gone to your school to see Yingluo. I want to see how you looked like when you were young, the boy God who took the whole school by storm and charmed thousands of girls."

Liancheng Yazhi heaved a sigh of relief in his heart. It was good that this matter had passed. Otherwise, he really had nothing to say.

lian Cheng yazhi kissed Rong Yan's cheek. "I also want to know how beautiful my wife was when she was young. It would be best if she beat up all the boys who pursued you."

Rong Yan was stunned for a moment before she smiled. I'm not young. At that time, I didn't have time to date.

She was not young. She had learned how to be cold and observant since she was young.

Thinking about those years now, they seemed to be very far away. Now that she suddenly thought about it, Rong Yan suddenly realized that she was no longer willing to think about it.

lian Cheng yazhi didn't say anything else. he hugged Rong Yan tightly. he was a little upset that he had said the wrong thing.

He had investigated Rong Yan's life before she was twenty years old. Through the lines of text, he could understand how hard Rong Yan's life had been.

If time could really go back, perhaps he could start his life over again, Lian Cheng Yazhi thought. The only thing he wanted to do, and the thing he wanted to do the most, was to find Rong Yan when she was still young and take her away. He wanted to save her from years of suffering and protect her for a

Chapter 2054: I should have met you earlier

Lian Cheng Yazhi's hand gently caressed Rong Yan's cheek. "I suddenly regret meeting you earlier."

He calculated the time and realized that he had missed a lot of important time in Rong Yan's life.

A person's life was short, and he had already lost so much time. Therefore, in the coming days, he could not afford to waste any more time. He could not afford to lose any more day, minute, or second.

Rong Yan smiled. life isn't so 'if'. Perhaps we've met before, but we just haven't met yet.

lian Cheng yazhi kissed Rong Yan's forehead.

it's not too late now. if i can live to 80 years old, i'll have more than 40 years to spend with you. it seems that i have to plan well how we'll spend the next few years. it'll be more interesting. '

Rong Yan smiled. "what's the point of planning your days early? for the rest of your days, it's more worth looking forward to the unknown. "

Lian Cheng Yazhi laughed, "you're right, my wife is becoming more and more intelligent, hehe."

Rong Yan pinched his arm. "come on, I'm not going to argue with you about what happened today because your junior is not a seductress. At most, she has a crush on you, so she doesn't dare to snatch you from me. If I meet another junior like me next time, you'll see how I'll deal with you.

If he met a woman as thick-skinned, shameless, and beautiful as Rong Yan herself, Rong Yan would definitely pinch Lian Cheng Yazhi's ear.

Lian Cheng Yazhi smiled ambiguously. I really don't dare to control this matter. However, I still welcome you to punish me. It's best to wait until you're done with your confinement.

Rong Yan opened her mouth and bit Liancheng Yazhi's chin."You want that kind of punishment, Yingluo? you're dreaming!"

Rong Yan thought for a moment. I'm not allowing you to enter the bedroom for a month. No, two months.

Liancheng Yazhi

well, it seemed that he would go back and investigate the past first. were the girls who went to the same school as him married now? was it possible for them to appear in the same place as him? if they did, he would avoid them from meeting rong yan in advance.

after two days, the lian Cheng family had quickly forgotten about the incident with their junior.

Since his 'junior' had transferred hospitals, Liancheng Yazhi would not meet him again.

Other than that girl, no one else had broken into the elevator without permission. So, life had calmed down, and no one would pay attention to them.

It was only occasionally that Rong Yan would joke with Liancheng Yazhi.

It had been a week since Rong Yan was admitted to the hospital, and her expected date of delivery was approaching. The doctor said that the fetus's activity was becoming more and more frequent, which were all signs that he had thought of.

It was very likely that she would give birth within the next two days.

Therefore, Liancheng Yazhi almost never left Rong Yan's side, and the doctors and nurses in the hospital were also prepared.

For the past few days, Rong nuo would bring the soup she had made for Rong Yan to drink every day.

However, she did not bring any soup with her today.

After entering, Rong nuo said with a face full of guilt, sis, I fell asleep while cooking soup today and ended up spoiling it. I'll be more careful tomorrow and won't take a nap again.

it's fine. Look, I've put on weight after drinking soup for a few days. If I eat more, do, your brother-in-law, is going to dislike me.

lian Cheng yazhi was picking walnuts for rong yan. every walnut he peeled was in good condition. rong yan was sitting beside him with her mouth open, waiting for him to feed her..

Chapter 2055: I was afraid that my sister would be worried

Liancheng Yazhi immediately said, "I'm innocent. I-I wish you could eat more and gain more weight. When have I ever despised you?"

Rong Yan glanced at him as she chewed the walnut. "Can't you tell me? Xue ... Long beard "

Liancheng Yazhi smiled bitterly. yes, yes, ran ran. As long as you don't say those two words again, anything is fine.

Rong nuo was listening to their conversation with a smile on her face. When they finished, she said to Liancheng Yazhi, "brother-in-law, I brought a basket of cherries. The car is parked downstairs. I forgot to ask the driver to help me carry them into the elevator when I came up just now. Can you help me carry them?"

Liancheng Yazhi peeled the walnut in his hand and fed it to Rong Yan. "Okay, then you stay here and accompany your sister."

Liancheng Yazhi clapped his hands and stood up.

When Liancheng Yazhi had just stepped out of the door, Rong nuo patted her head. "Aiya, look at my brain. Sis, I'll tell brother-in-law to bring my phone up too."

Rong Yan did not suspect anything and said, "yes, go ahead, Yingluo."

Rong nuo walked to the door and said to Rong Yan, "sister, I'll be back soon."

Rong Yan waved her hand. "I'm not a child anymore. You can go. Help your brother-in-law Press the elevator button."

"Eh, eh, eh." Rong nuo nodded, turned around and ran out.

Rong nuo ran very fast and caught up with Liancheng Yazhi before he reached the elevator.

"Brother-in-law is equivalent to loving Yingluo."

Liancheng Yazhi saw Rong nuo running over and frowned. "Didn't I tell you to look after your sister? why are you here?"

"Brother-in-law, I have something to tell you," Rong nuo said.

when liancheng yazhi heard this, he finally understood. "you let me out on purpose?"

rong nuo nodded. "yes, i did it on purpose. there's something that i don't think it's better to let my sister know."

Rong nuo's words made Liancheng Yazhi confused. "What is it?"

Rong nuo pressed the button to open the elevator, and she walked in.

"brother-in-law, come with me."

Liancheng Yazhi turned around and glanced at the ward. what's the matter? you can't leave your sister alone for too long.

Rong nuo hurriedly said, "I know. It'll be done soon. I'm just going downstairs to take a look. Brother-in-law, it's very important. You really have to come with me to take a look."

liancheng yazhi hesitated for a moment but still walked into the elevator.

Rong nuo had always kept a certain distance from him. For her to suddenly say something like this, it was probably something important.

The elevator soon reached the first floor. When the elevator door opened,

Liancheng Yazhi saw a thermos on the ground and a pool of chicken soup.

Liancheng Yazhi immediately remembered that Rong nuo had said that she had made a mistake in the soup today, but this thermos was clearly the one that Rong nuo had been holding for the past few days. Liancheng Yazhi had already felt that something was wrong and asked Rong nuo, what's going on? didn't you forget to bring it? "

Rong nuo walked out and sighed. I was afraid that my sister would be worried. That's why I said I didn't bring it.

"Brother-in-law, look here." Rong nuo pointed to the floor in front of the elevator. The white floor tiles were very clean. Other than a few splatters of chicken soup, there was nothing else.

"What's wrong with this place?" Liancheng Yazhi asked, puzzled.

"Brother-in-law, look at Huahua." Rong nuo's feet rubbed against the ground a few times. It was slippery as if she was standing on ice. There was no friction and it was easy to fall. Even if she walked carefully on it, she could not guarantee absolute safety, and it was not the case at all when she walked a few steps on other parts of the ground..

Chapter 2056: who would dare to risk their lives

When Liancheng Yazhi saw the situation, he immediately realized that something was wrong. He immediately bent down and wiped the ground with his hand. He frowned and looked at his fingers. His face was very ugly, and his eyes were filled with unconcealed anger and cold murderous intent. "there's a layer of wax on this area. it's not slippery, so you'll slip when you walk. if you don't know what's going on, you'll fall immediately. "

On such hard ground, even a normal person would be in pain for a few days if they were to fall.

Liancheng Yazhi couldn't imagine what would happen if Rong Yan were to walk on such a road.

At the thought of this, Liancheng Yazhi's hands began to tremble. Although the incident had not happened yet, he still felt a lingering fear.

Rong nuo, who was at the side, was so suppressed by the aura emitted by Liancheng Yazhi that she did not even dare to breathe loudly. She swallowed her saliva and asked, "Brother-in-law, do you want to investigate this matter?"

liancheng yazhi stood up slowly and stared at the reflective ground.

investigate? how can we not investigate? I want to see who dares to risk their lives like this.

Liancheng Yazhi's reverse scale was Rong Yan and his child. Whoever dared to touch his hidden thorn, he would make the other party die a terrible death. Liancheng Yazhi felt that he really had to thank his sister-in-law for this. If she hadn't come earlier than usual today and if she hadn't walked on the waxed floor first, wouldn't it have been a tragedy when he came down with Rong Yan?

Hence, Liancheng Yazhi said to Rong nuo,"it's all thanks to you for today's matter. Are you alright?"

Rong nuo smiled and waved her hand. of course I'm fine. I have thick skin and I'm fine even if I fell. Fortunately, I was the one who fell. Otherwise, it would have been broken.

That's right, Liancheng Yazhi thought selfishly. Fortunately, the person who fell was Rong nuo. If something had happened to Rong Yan, he didn't know what he would have done.

Rong nuo said,"brother-in-law, hurry up and deal with this, and find that bastard who played dirty tricks."

Hence, Liancheng Yazhi quickly called the director and asked him to hire someone to clean all the floors on the first floor. Finally, he would cover the area from the elevator to the door with carpet.

he had also called for bodyguards to stand guard at the elevator and corridor entrance 24 hours a day.

the director cried when he found out about this. he really didn't expect such a thing tn Af tha it

obvious that it was to make people fall?

And the object of the fall was undoubtedly Rong Yan.

Everyone knew what kind of danger a pregnant woman who was about to give birth could be in if she fell.

If something really happened, the director wouldn't be able to afford it even if he had to sacrifice his head.

Liancheng Yazhi didn't want to say anything to him. He was in a hurry to go upstairs to accompany Rong Yan, so he left all the matters to Rong nuo to handle.

"Don't worry, brother-in-law, leave it to me." Rong nuo patted her chest.

Liancheng Yazhi took the basket of cherries that Rong nuo had brought upstairs.

Rong Yan had already finished eating the walnut that Liancheng Yazhi had peeled for him. She struggled to pick it up on the shelf with great effort. When she saw Liancheng Yazhi return, she asked childishly, " "What took you so long? Where's Rong nuo?"

Liancheng Yazhi quickly put down the cherry and walked over to snatch the half-broken walnut and the small clip from Rong Yan's hands. He said, " "Put it down, I'll do it. I told you not to do it. The walnut skin is so hard, what if it pricks your hand? Why are you so disobedient?"

It's the holidays now. Happy National Day. It's the National day of the year again. It's a seven-day holiday.. What are the girls planning to do?

Chapter 2057: I've made you wait too long, I won't do it again

ever since the doctor told rong yan to eat more nuts, liancheng yazhi had taken care of this task. as long as rong yan liked walnuts, cashews, bodan, and mu qianqian, he would keep peeling them and never let rong yan do it herself.

He always told Rong Yan that she only had to be responsible for eating and he would do the rest.

Rong Yan pouted and leaned against Liancheng Yazhi. "I'm done. I didn't come back, so I started to eat."

Liancheng Yazhi peeled the walnut and fed it to Rong Yan's mouth. He kissed her forehead and said, "I've made you wait for a long time. I won't do it again."

Rong nuo chewed and asked, "where's Rong nuo? I just asked you, you haven't answered." Liancheng yazhi's expression did not change as he said, "she saw that the ground on the first floor was a little dirty and is asking the dean to bring people to clean it. wife, they are mopping the floor below. it's not dry yet, so the floor is very slippery. let's not go down first. we can go for a walk when the floor is dry."

Rong Yan nodded. She didn't think in any other direction."alright." Liancheng yazhi looked at Rong Yan's puffed-up cheeks, eating like a little squirrel. she looked pretty and cute, and she looked 40 – 50% similar to meowmeow. his heart instantly softened, but when he thought of the waxed floor downstairs, his heart suddenly became cold.

Liancheng Yazhi thought to himself, 'fortunately, my baby is still sitting here.'

"Is it delicious?" Liancheng Yazhi asked Rong Yan.

Rong Yan nodded. "it's delicious. you should eat it too."

Liancheng Yazhi shook his head. I don't want it. It's all for you. Come, have a drink.

After about half an hour, Rong nuo ran up. She entered the door and said, "Brother-in-law's down there is already healed. Big sister can go for a walk if you want to."

Liancheng Yazhi and her both knew what it meant.

He asked Rong Yan, "do you want to go down?" The weather today is pretty good."

Rong Yan nodded. alright, let's go down for a walk. You ate so many walnuts just now. You need to digest them.

Her body was getting heavier and heavier. Rong Yan herself actually didn't want to move very much, but she knew that walking more at this time was more beneficial for the delivery, so even if she had to hold on, she had to go down and walk every day.

When they reached the first floor, Rong Yan saw the red carpet that led from the elevator entrance to the outside. She said in surprise, "Hey, why is there a carpet?"

Rong nuo hurriedly said, "ah, didn't i just mop the floor? i was afraid that the road would be slippery, but this won't happen. besides, we're going to have a little baby in our house. we'll lay a red carpet to celebrate."

Rong Yan smiled. you know how to talk. However, walking like this is indeed more comfortable.

The bodyguard that Liancheng Yazhi had transferred over immediately bowed when he saw Rong Yan and Liancheng Yazhi. When Rong Yan saw them, she was surprised again. "How did you get a bodyguard? Did something happen?"

Rong nuo explained, "nothing happened. I just saw a piece of news on my phone. It said that in a city in the South, the hospital had lost babies for several days in a row. Brother-in-law was nervous when he heard it, so he transferred a few bodyguards. It doesn't matter if they can be used or not,

just in case. Rong Yan immediately became serious when she heard this. that's right. I've also seen news about missing babies in the news before.

rong yan didn't even dare to think about what would happen if her child was stolen right after it was born. She would cry herself to death.

Therefore, when she thought about it this way, she could not rule out the possibility that Liancheng Yazhi had openly hired bodyguards to stand guard. Instead, she wanted to say 'okay'..

Chapter 2058: time of crime

As Liancheng Yazhi helped Rong Yan walk, Rong nuo sat on a bench by the road and watched. She had been looking for an opportunity to tell Liancheng Yazhi about some of her discoveries just now, but it was not time for Rong Yan to take a nap yet, so Liancheng Yazhi was always with her.

They did not want Rong Yan to know about this, so Rong nuo could only sit there and wait.

When it was time for Rong Yan to go back to the toilet, Rong nuo finally found a chance to quickly say a few words to Liancheng Yazhi."Brother-in-law's camera was destroyed, we can't find out who did it yet." liancheng yazhi sneered, "the camera is broken?" So it's pretty powerful?"

to know how to destroy the surveillance cameras and not leave any footprints on the battlefield, his intelligence must not be low.

unexpectedly, rong nuo shook her head. " it's not that i think the other party is just blind. it's because the surveillance cameras on the first floor were broken a few months ago. they haven't been repaired for years, so they didn't get a new one. that's why they didn't manage to capture it. "

Liancheng Yazhi frowned. It seemed that he had to naively put this hospital under his name.

Rong nuo whispered to Liancheng Yazhi. brother-in-law, you see, you have to accompany sister. I don't think you have the time to care about this matter. Why don't I ask Tang Zong to investigate this matter? "

Liancheng Yazhi shook his head. no, Tang Zong has to stay at home and not run around. You go and tell my father-in-law to come. He's more thoughtful and is more suitable than Tang Zong.

Although Liancheng Yazhi really wanted to investigate this matter personally, he really did not have the time.

The day of Rong Yan's delivery was approaching, and he didn't dare to leave at all.

Rong nuo nodded. alright, Zhenzhen. I'll be back in a while.

Not long after Rong Yan came out, Rong nuo said a few words to her and left.

They didn't intend to tell Rong Yan about this from the beginning to the end. At this time, the most important thing for them was not to find out who did it, but to ensure that Rong Yan was in a good mood until she gave birth to a son.

Of course, it would be best to solve all the problems without her knowing.

After Rong nuo returned home and told Gu Hesheng about the matter, Gu Hesheng left on the same day.

After arriving at the hospital, the first thing Gu Hesheng did was not to check the scene, but to find the director and tell him clearly.

He had already started to acquire hospitals.

He wanted the hospital to be completely under his control and would never allow such a thing to happen again.

No matter how the director pleaded, it was useless. Although he felt wronged, Wanwan still blamed the hospital for its poor supervision.

If he had controlled the people entering and leaving the vip ward building earlier and could monitor the situation in the ward building in real time, this would not have happened at all. Even if it did happen, he could have caught the murderer quickly.

“After the acquisition is completed, you can continue to be the director here,” Gu Hesheng told the director.

The hospital director was already wiping his tears. Even if he became the hospital director in the future, it would be different from now. At that time, he would be working for Bie ran.

Although the director was disappointed that the hospital would not belong to him in the future, he knew that he had to work harder in the future.

He could slack off while working for himself, but if he slacked off while working for others, would his boss let him off?

After Gu Hesheng informed the headmaster, he began his investigation.

He first roughly determined the time of the other party's attack. It must have been after nine o'clock in the evening..

Chapter 2059: Unusually cold and stern

That day, Liancheng Yazhi and Rong Yan had gone downstairs a few times and nothing had happened. Also, when Gu Hesheng left with MeowMeow that night, it was past eight o'clock. Nothing had happened at that time, so it must have been late at night.

There must be very few people going to the hospital at night, and there were people on duty at the hospital at night. He would know if he went to ask.

After asking, the front desk staff said that there were indeed two emergency patients that night, but both of them were in the ICU and were not sent to the

VIP Ward at all. Moreover, they did not have the financial ability to stay in that Ward, so it was impossible for anyone to go there.

Gu Hesheng thought that if she was not an outsider, could she be someone from the hospital?

He asked the director to bring over a list of all the staff members in the hospital.

Excluding the people who were at home at night, there were not many people on duty at the hospital, and those people would not have been able to go to the VIP Ward area, so he had to rule them out.

Gil Hesheng was very angry- He did not believe that he could not find the person who was haunted.

How dare they harm his daughter and grandson? he had to find them.

During lunch, Gu Hesheng was unwilling to give up, so he strolled around the hospital. When he met a few hospital janitors, he had an idea.

How could he have forgotten about these people?

The hospital had recruited many temporary care workers and janitors, but these people were not on the list of official employees of the hospital.

Gu Hesheng walked forward and started talking to a cleaner.

“It must have been hard on you guys for the whole day,” he asked.

The cleaner probably saw that Gu Hesheng looked very kind and cultured, so she said to him, “it’s alright. It’s definitely hard work. For the sake of living, the hard work is worth it.

Gu Hesheng sighed with emotion, “who doesn’t work hard to make a living now? how many times do you guys have to clean the place every day?”

it depends on the area. It’ll happen many times in places with a lot of people. Like here, it’ll happen three times a day. One at four or five in the morning, one at lunch, and one after work. Basically, it’s just cleaning the dirty places when you’re repairing.

when gu hesheng heard this, he frowned and his heart skipped a beat. four or five in the morning?

that’s really tougher than the average person, “he said with a smile. I have to wake up at four or five in the morning. Most people aren’t up yet at that time.

“I’m just cleaning them up before they wake up.”

Gu Hesheng seemed to ask casually, “are all of you like this?” I see that the VIP area is quite clean all day long, so I don’t think it needs to be cleaned as many times as this one.”

Unexpectedly, the cleaner laughed. you don’t know this. The richer the person, the more they want the place to be spotless. They have to clean the place more often, once at four in the morning, and once at eight. Basically, they have to clean it every three or four hours.

Gu Hesheng’s eyes flashed coldly, “ Oh, I see. Yingluo seems to be working even harder than you guys.

no, we all want to go there. It’s much more expensive to clean there than to clean the ordinary areas.

gu hesheng chatted a little more with the janitors and left.

The next moment, his face turned very ugly. His usually gentle face was now unusually cold. If MeowMeow saw this, she would not dare to recognize him..

Chapter 2060: I will not tolerate anyone hurting my family

Gu Hesheng went to look for Liancheng Yazhi this time.

It just so happened that Rong Yan was taking an afternoon nap, so he exchanged opinions with his son-in-law alone.

Gu Hesheng stood outside the ward and whispered to Liancheng Yazhi, "I learned from a janitorial worker just now that there'll be a group of janitorians cleaning the hospital around four in the morning. This area is the same. Someone will clean it every three to four hours. So, I think it might be the janitorial worker. As long as we find the person who cleaned it that morning, we'll probably know what happened.

liancheng yazhi's eyes narrowed slightly as he said, "Father-in-law, just do what you need to do. I'll get Secretary Zhou to cooperate with you. If you need anything, just tell me."

"What do you plan to do after you capture the person?" Gu Hesheng asked.

Liancheng Yazhi smiled very gently, as if he was a junior who was respectful in front of an elder. "father-in-law, i won't tolerate anyone hurting my wife and child, even if yingluo doesn't get what he wants. "

He paused for a moment. after we find her, you can hand her over to Secretary Zhou. We can't dirty your hands with this kind of thing. [Secretary Zhou:

young master ya, are you saying that since my hands have been dirty for so long, it's fine to dirty them again?]

Gu Hesheng sighed, " alright, looks like you've already made up your mind on this matter. Since that's the case, I'll hand him over to you after we capture him.

Gu Hesheng thought for a while and said, however, I still want to tell you that Rong Yan has given birth to a child. This is a joyous event, and it's best to avoid bloodshed. It will affect the child's good fortune. Although you may say that I'm superstitious, after being in this line for a long time, I still believe in some things that can't be explained by science. MeowMeow's heart is already not in good condition. It's best for this child to grow up healthy and happy.

Liancheng Yazhi listened very seriously and waited until Gu Hesheng was done before he said, " "Father-in-law is right, I'll remember it."

"You've always done things with a sense of propriety. I believe that you'll be able to find a good way to deal with it," Gu Hesheng said.

yes. Liancheng Yazhi lowered his head slightly. I'll definitely find a way to deal with this matter without harming the child's fortune.

In the past, if someone else had said such superstitious things to him, Liancheng Yazhi would definitely not have cared and might have even beaten him up.

But now, Liancheng Yazhi realized that although he still didn't believe it, he didn't do it anymore. He even did things like accumulating more merit for his wife and children.

Moreover, the birth of a newborn baby in this world was indeed a magical, Grand, and joyous event for the whole family. At this time, blood was indeed inauspicious.

It didn't matter. He would always find a good way.

After getting Liancheng Yazhi's guarantee, Gu Hesheng started to investigate.

This kind of thing was to follow the vine to find the melon. Once you found a thread, you just had to hold on to that thread and continue walking. Sooner or later, it would come to an end.

It did not take long for Gu Hesheng to find the janitors in charge of the VIP Ward area.

He found a retired woman in her 50s, but she said that she was supposed to be on duty that night, but because she had a high fever that day, she had to change shifts with a colleague.

Moreover, from four in the morning until the next day, she had been unconscious at home and did not come at all!
