

Permit Me 2061

Chapter 2061: fleeing

therefore, the person who was in charge of cleaning that day was his colleague. this basically confirmed that the person who had applied the wax on the floor.

When Gu Hesheng asked him where the other person was, he was told that the person had just resigned yesterday.

Immediately resign after the incident?

The sequence of this would only make people immediately think of one word-escape from punishment.

He was originally 70% suspicious, but now it seemed like he was 100% sure.

Gu Hesheng immediately asked Secretary Zhou to find out all the information about the man and quickly located his position.

as long as that person was still in the capital, still alive, and did not have a high iq or excellent hiding skills, it would be easy for secretary Zhou to find such a person.

He only drove one car and brought two people with him to find the guy who was gambling in an underground casino.

The two bodyguards escorted the person who was shouting non-stop out of the casino.

He struggled and shouted, “what are you doing? do you know who I am? I’m the boss of this generation. Yingluo!

Secretary Zhou sneered and pressed the cigarette butt, which was still burning, on the back of the man’s hand. It was very light, just a burn, but the man immediately screamed in pain and begged for mercy in the blink of an eye.

“spare me, spare me, big brother yingluo, spare me, i don’t have money, i really don’t have money yingluo, please spare me, yingluo.”

Secretary Zhou pursed his lips. you can’t even take this little pain on your face.

You call yourself a boss? ”

“Tie them up and throw them behind you,” he told the two bodyguards.

it’s Yingluo. the bodyguards were very agile. They tied the man up in two or three moves, took off his dirty socks that had not been changed for many days, and stuffed them into his mouth.

The trunk was slammed shut, and the world fell silent.

The bodyguard asked Secretary Zhou, “Secretary Zhou, what should we do about this casino? are we going to take it down?”

Secretary Zhou raised his leg and kicked him. what do you mean by ‘clean’? do you think you’re part of the underworld? call 110 and report it. Just say that you’ve discovered an illegal gambling

den. What does young master ya usually say? we're good citizens who abide by the law. If we find out about such illegal behavior, we have to report it. There's the police for everything. We don't need you.

The bodyguard's mouth twitched. The two of them nodded obediently and made a call to report.

Less than ten minutes after Secretary Zhou left, several police cars surrounded the underground casino and arrested the gambling organizers and participants in one go.

The next day, the news highly praised the Xicheng District police station's effective anti-gambling operation and interviewed some of the main suspects they arrested.

At the end of the news, the Deputy Director of the Xicheng District police station said in an interview that he was grateful to the local residents for their active reports. If it weren't for the reports from the common people, it would have been difficult to find such a hidden illegal den.

He also said that he hoped that the general public would actively report any similar illegal acts that destroyed social atmosphere. He even opened a hotline to report and said that there would be rewards for reporting.

And that night, after Secretary Zhou brought her back, it didn't even take five minutes before she asked all the questions she needed to know.

the speed was even faster than the police car of the police.

after the results came out, secretary Zhou called liancheng yazhi. "young master ya, when we found Qianqian, he said that someone gave him five thousand Yuan to do it. He took advantage of the situation and did it. The next day, when he found out that we were investigating this matter, he was scared

and quit his job..

Chapter 2062: The child is about to be born

Liancheng Yazhi stood outside the door and glanced at Rong Yan, who was talking to Rong nuo, before taking a few steps out. "Have you found out who gave him the money?"

Secretary Zhou took out a piece of information that had just been faxed over and said, "That person said that the person who gave him the money transferred the money to him through a bank. When the job was done, the person gave him 2000 Yuan, and another 3000 Yuan after the job was done. When he contacted him, he only sent him a text message. I've checked the text message number, and it was a mobile phone that was stolen a few thousand years ago. This person is quite capable, but the money was transferred through an ATM machine. I've checked the account number, and the owner's name is Deng meile. I'm still looking into the person's specific information."

liancheng yazhi frowned. this person had some tricks up his sleeve. he actually used a stolen phone to send messages, and his anti-detection awareness was quite good.

Hmph, the deeper it was hidden, the more he wanted to dig it out.

Secretary Zhou suddenly said, "Oh, young master ya, that person's information is out. Let me take a look, Yingluo."

He suddenly exclaimed, "oh my, young master ya, this person seems to have been in the same school as you. When you were in high school, she was in junior high. I think she even wrote you a love letter. Oh, oh, oh, her recent activities ... What's wrong?"

Liancheng Yazhi's eyebrows twitched fiercely. Why did another f * cking junior come?

A few days ago, he had been troubled by a random junior, and now there was another one. Was she not planning to let him live?

"What's the matter?" asked Liancheng Yazhi.

"young master ya, she was in the same hospital as the young madam a few days ago. she was just transferred to another hospital," secretary Zhou quickly replied.

after secretary Zhou said this, liancheng yazhi immediately confirmed that this deng meile was the 'junior' who had appeared a few days ago, the woman who had made rong yan jealous.

A strong murderous intent flashed in Liancheng Yazhi's eyes. If that woman had liked him before, then it made complete sense that she wanted to deal with Rong Yan. Liancheng Yazhi wanted to kill that woman right now.

However, he quickly calmed down. Since that person knew how to use someone else's stolen phone to send messages, it meant that she was not stupid. She knew that once they found out, they would be able to track her location through the phone.

then she must have understood that bank transfer was also possible.

there could only be two situations for this. one was that he was trying to cover up and was doin' this on purpose.

Second, Deng meile was also a cannon fodder that had been pushed out.

Regardless of the situation, Deng meile had to be controlled for the time being. Liancheng Yazhi said to Secretary Zhou, "I know. Go and find that woman and arrest her immediately. You go and ask her yourself. You have to pry her mouth open. If she's the one who did it, Yingluo ...

Just as Liancheng Yazhi was about to say something harsh, Xia nuo suddenly shouted, "Brother-in-law, brother-in-law, come in quickly! Brother-in-law, come in!"

When Liancheng Yazhi heard Rong nuo's flustered voice, he did not bother to talk to Secretary Zhou and quickly entered the room. "What's wrong?"

Inside the room, Wen nuo was holding Rong Yan in a panic. Liancheng Yazhi rushed over and let her lean into his arms.

Rong Yan revealed a pained expression and said, "ahem, ahem, ahem, ahem, my stomach hurts a little. Maybe I said it when I stood up just now. I'm fine, ahem.

At first, Rong Yan thought it was just a miscarriage, but after a while, the pain became more and more intense, and she couldn't help but realize a serious thing-the child was coming out.

Hahaha, finally, it's time to cover the sky.. The second kid's birthday is the first of October!

Chapter 2063: Your son is probably coming out

After all, Rong Yan had already experienced it once. Although it hurt badly, she still gritted her teeth and endured the pain as she said to Liancheng Yazhi, “Hubby Yingluo”

Liancheng Yazhi’s expression seemed to be more painful than Rong Yan’s. When he saw that Rong Yan was in pain, his face turned pale. He quickly grabbed Rong Yan’s hand and said in a panic, ” “What’s wrong? I’m here, Yingluo, I’m here, Yingluo.”

‘ you’re luan luan, your son. i think luan luan is about to come out, luan luan.

rong yan used a lot of strength to say this sentence. after she finished speaking, there was a sharp pain, and he couldn’t help but groan.

Liancheng Yazhi had never experienced such a thing before. Although he had been looking forward to his son coming out quickly, when the moment really came, he was completely flustered and at a loss. He was stunned, and Rong

Yan’s painful moans made him even more flustered.

liancheng yazhi knew that he had to do something quickly, but his mind was blank and he had no idea what to do.

A voice kept ringing in his mind. What should I do? what should I do? Yingluo. at the critical moment, it was rong nuo who calmed down.”Brother-in-law, don’t worry, Yingluo. You stay here and look after big sister. I’ll call the doctor, Yingluo.”

Liancheng Yazhi nodded repeatedly. yes, Doctor, Doctor Wanwan.

His voice trembled and his face was paler than his face. There was no trace of his usual calm and elegant appearance.

Fortunately, they had installed a Bell in the ward in advance, so that the doctors and nurses could be informed in the shortest time.

Rong nuo was afraid that the other side couldn’t hear her, so she kept pressing. After pressing dozens of times, more people came.

Liancheng Yazhi kept looking out of the door and said hatefully, ” “Why aren’t they here yet? what are those people doing?”

He quickly said to Rong Yan, “Rong Yan, my wife, Huahua, the doctor will be here soon.’

Rong Yan could already feel that her water had broken. She tried her best to comfort Liancheng Yazhi.”It’s nothing embarrassing. It’s not that fast to give birth to a child. I can still hold on for a while, embarrassed.”

This sound almost made Liancheng Yazhi cry.

He had never seen Rong Yan in such pain. Seeing her in pain, his heart ached violently.

Rong nuo smacked it hard and scolded, a bunch of idiots. We usually spend money to support them, but they’re still not here at such a critical time. Brother-in-law asked me to call them back.

Rong nuo quickly ran out of the door and saw a group of people rushing over in a panic downstairs.

When Rong nuo saw them, she was furious. what are you all doing? I told you to be prepared at all times. Where did you all go? ‘

The head nurse was terrified,”sorry, sorry, sorry, our Yingluo!” rong nuo didn’t want to talk nonsense with them. “don’t talk nonsense, hurry up.”

When Rong nuo turned around and ran back, the hospital director scolded the head nurse, “We’ll just wait for today’s matter.”

Liancheng Yazhi had originally told them to pay attention to the bell at all times. Once the bell rang, they had to be there within three minutes.

However, the head nurse didn’t take it seriously. She even told the others that she definitely wouldn’t give birth today, so they waited in vain again. So when the bell rang, she and a few nurses were all wearing earphones and watching a TV drama on their phones.

It was only when the director passed by and heard them that he quickly called them over.

This was already seven or eight minutes later than the time set by Liancheng

Yazhi..

Chapter 2064: Don’t be afraid, I’m here with you

The hospital director was both angry and afraid. He was angry because these nurses were too careless. They were actually so careless when it came to such a big matter.

He was afraid that his hospital would become the Liancheng family’s. He had originally wanted to work hard, but in the end, this happened again. How was he going to explain this to Liancheng Yazhi?

If he were to anger this ancestor, wouldn’t he be killed?

The director scolded all the doctors and nurses in a low voice, ” hurry up. Be on your guard. You must ensure the safety of Mrs. Cheng, the child, and the mother.

when they finally arrived at the ward, rong yan’s face was covered in sweat from the pain, but liancheng yazhi’s sweat was even more than hers. in just a

short while, his white shirt was already soaked through, and he was talking to rong yan in a panic.

He said to Rong Yan,”baby, the doctor is here. Don’t be afraid, Yingluo.”

Rong Yan responded softly, “yes, Zhenzhen.”

rong nuo saw that the delivery doctors wanted to go forward but did not dare to, so she said angrily, “what are you guys doing? my sister is about to give birth to yingluo!”

In the end, it was the oldest Doctor Who walked to Rong Yan’s side and took a look. He said, “Your water broke. Hurry up and send her to the delivery room.” “Quick, push the bed over,” the hospital director immediately said.

The delivery room was on the second floor, only 10 to 20 meters away from here. Liancheng Yazhi did not wait for the nurse to push the bed over. He immediately picked up Rong Yan and quickly sent her into the delivery room.

Liancheng Yazhi kept holding Rong Yan’s hand. He really wanted to say a few words of encouragement to her, but he realized that he was so nervous that he couldn’t make a sound.

He could only watch as Rong Yan grabbed her hand tightly.

On the contrary, Rong Yan felt his hand trembling non-stop and comforted him, " "it's fine, doctor yingluo is here. yingluo's child will be out soon."

Liancheng Yazhi took a few deep breaths and finally felt better. He said in a trembling voice , rong yan, don't be afraid, yingluo. i'm here with you, yingluo."

The doctor was already dressed. He walked over and said to Liancheng Yazhi, " "Don't worry, the mother and the baby are both very healthy. Nothing will happen. Please go out and wait for a while."

"Unfortunately, I'm not leaving," Liancheng Yazhi immediately said.

how could he leave when rong yan was in such pain? He wanted to be with her.

The pain was still intensifying. Although Rong Yan did not hold back in front of Liancheng Yazhi, she still felt that it was a little awkward to have a man by her side when she was giving birth.

Hence, she said,"it's fine, Yueyue. You can go out, Yueyue. I'll be more nervous with you here, Yueyue."

Liancheng Yazhi did not let go of Rong Yan's hand."But I'm scared!"

Rong Yan gently pushed him and said, "go, Yingluo."

The delivery room was not closed yet, and Rong nuo ran in from outside.

brother-in-law, brother-in-law, you should come out first. I heard that it takes a long time for a woman to give birth. Sister will probably feel awkward if you're in there. You'll also affect the doctor.

This Rong nuo was really right. With Liancheng Yazhi around, when he was angry, the oppressive aura on his body was enough to make the doctor nervous.

Liancheng Yazhi looked at the doctors and nurses around him. Their faces were indeed filled with fear.

Liancheng Yazhi reached out and used his sleeve to carefully wipe the sweat off

Rong Yan's face..

Chapter 2065: Ensure the safety of the mother and child

"Alright, I'll go out first. Call me if Xuxu is in pain," he said to Rong Yan.

Rong Yan said, "yes, Zhenzhen."

Liancheng Yazhi stood up and slowly let go of Rong Yan's hand. He walked out of the delivery room, looking back three times with each step.

As he walked out of the door, he glanced at the doctor and nurses. The cold chill and warning in his eyes made people shiver.

don't worry, Mr. Lian, " the doctor said. we will ensure the safety of your wife and her child.

When Liancheng Yazhi finally walked out of the delivery room, Rong nuo finally heaved a sigh of relief.

As for those doctors, they were afraid that Liancheng Yazhi would come in again and immediately closed the door of the delivery room.

The hospital director and the Deputy Director stood outside the delivery room to accompany Liancheng Yazhi.

The director hesitated for a while before saying to Liancheng Yazhi, "Mr. Lian, you don't have to worry too much. Your wife and young master will be safe."

liancheng yazhi kept walking back and forth, not having the time or the mood to listen to the director's words.

Rong nuo ran to call home to inform her family. She was originally going to leave, but Liancheng Yazhi just happened to answer Secretary Zhou's call.

Therefore, Rong nuo thought that she would accompany Rong Yan for a while longer and leave after her brother-in-law finished his call. She didn't expect that Rong Yan would suddenly start.

It was so sudden that no one had time to prepare.

In any case, she was definitely not going to leave tonight.

Rong nuo was very nervous. As soon as the call went through, she immediately said, Butler, quickly tell the old master that my sister is about to give birth. Yingluo, quickly get the kitchen to make some ginseng chicken soup or something. It needs to be very nourishing anyway, so quickly send it over. My sister has just started, and it will take a few hours. She needs to eat something to have more strength later.

also, get me a change of clothes and something to wash up. Be quick. After the Butler heard this, he quickly said, "oh oh oh, Okay, okay, right away, right away."

After hanging up the phone, the Butler was excited and ran to Gu Hesheng, old master, old master, young Madam is about to give birth. Ran ran is being pushed into the delivery room.

Gu Hesheng was stunned for a moment, and the magnifying glass in his hand fell to the ground with a "pa" sound, which woke him up.

He quickly exploded. Aiyo, what should I do now, Yingying? I should go to the hospital quickly. I should go to the hospital to take a walk. please wait a moment. The kitchen is boiling some chicken soup for young Madam. You'll have to bring it over to young Madam later.

"Okay, okay, hurry up, Yingluo."

The kitchen had been cooking all kinds of soup for Rong Yan, simmering it with a very small fire. Now that she was going to use it, she only needed to increase the fire and cook it for a while.

After twenty minutes, Gu Hesheng changed into a very festive Tang suit and was about to go out with chicken soup.

Before they got into the car, Tang Zong ran over.

"What are you doing here? you stay here and look after the house," Gu Hesheng said.

“In this situation, how can I not go?” Tang Zong bent down and got into the car.
I’ll definitely go with you.”

“Old man Gu, don’t you want to see your grandson? stop dawdling.”

Gu Hesheng thought for a moment and agreed. Whatever, rushing to the hospital was the most important thing.

When the two of them arrived at the hospital, they happened to see Liancheng Yazhi grabbing the director’s collar with a murderous look, his eyes fierce. Gu Hesheng quickly walked over, “what’s wrong? this is Qianqian?” Rong nuo glared at Tang Zong, who had followed behind, and said, it’s nothing. Just now, the director told brother-in-law that it’s nine in the evening. By the time Hanhan gets out, it’ll probably be past midnight. Then, brother-in-law
got angry..

Chapter 2066: someone to rely on

Gu Hesheng heaved a sigh of relief. Liancheng Yazhi probably didn’t expect that it would take so long to give birth, so he was so shocked when he suddenly heard it. His heart must have ached too much when he thought about how long Rong Yan would be in pain.

Gu Hesheng patted Liancheng Yazhi’s shoulder, Liancheng, calm down. Calm down, Wanwan. Don’t be anxious. Don’t worry. What’s the situation inside? ”

Liancheng Yazhi shook off the director. “I don’t know, ran ran.” Rong Yan’s painful moans could be heard intermittently from the delivery room. Liancheng Yazhi stopped in his ears and felt as if someone was dismembering him with a knife.

If he had known that giving birth would be so painful, he might not have gotten Rong Yan pregnant at all.

at this time, everyone was panicking and looking forward to it. they wanted to comfort Liancheng Yazhi, but they didn’t know what to say.

After another half an hour, the door to the delivery room suddenly opened. A nurse shouted outside, ” “Someone, come in and help the pregnant woman get out of bed and walk for a while.”

The first thing Liancheng Yazhi did when he heard this was to go inside, but he was quickly pulled back by Tang Zong.

Rong nuo took the chicken soup from Gu Hesheng and said, ” I’ll go, I’ll go. Brother-in-law, you stay outside. I’ll go accompany my sister.

after he finished speaking, he quickly ran in.

Tang Zong held onto Liancheng Yazhi to prevent him from rushing in.

“Brother-in-law, brother-in-law, you can’t rush in now. What if you scare big sister?”

“That’s right, Zhenzhen, let’s just wait outside,” Gu Hesheng added.

The director stood far away, covering his neck and not daring to say another word. He was really afraid that if he said another word, Liancheng Yazhi would directly strangle him instead of his collar.

“director, what should we do now?” the associate hospital director asked in a low voice.

The hospital director sighed, “what should we do? what should we do?” Just wait here, Yingluo.”

Of course, they had to wait here. Not only did they have to wait, but they also had to accompany him until the birth of the Lian Cheng family’s young master.

In the delivery room, Rong Yan gritted her teeth and endured the pain, trying not to make a sound.

rong nuo’s face was pale, and she supported her on the ground as she walked with difficulty.

after all, she had not experienced giving birth yet. She was so shocked that she was afraid of being pregnant.

rong nuo asked in a low voice, “big sister, yingluo, are you okay?”

Rong Yan nodded. it’s pretty good. I can still hold on, Yingluo.

She nodded, and the sweat on her face rolled down and dripped on the ground.

Rong Yan suddenly smiled. Yingluo is actually much better than when she gave birth to MeowMeow. Yingluo is already much better.

at that time, she was alone and had no family. su yue had helped her a lot. but now, there were so many people around her. separated by the door were her husband, father, and qianqian’s brother-in-law. so many people were concerned about him. at least he was very calm because he knew that nothing would happen to her. even if something did happen, there would be someone to take care of her.

“Big sister, drink some chicken soup, or you won’t have the strength later,” Rong nuo said.

“Good Yingluo.”

Rong Yan didn’t want to eat at all right now, but she had no strength left after walking for a while and needed to replenish her strength. So, she endured the intense pain and drank a bowl of chicken soup that she couldn’t even taste.

It was nine O ‘clock in the evening when Rong Yan was sent to the delivery room. Liancheng Yazhi kept looking at his watch. At first, he couldn’t hear Rong Yan’s voice, but then he could hear intermittent moans..

Chapter 2067: The second kid who was born at the right time

Rong Yan’s voice was like the knife that cut him. Liancheng Yazhi kept turning outside the door, his face so pale that he looked like he was seriously ill. His clothes were already wet, and he dried them with his hands before getting wet again.

However, when it was past eleven o'clock in the evening, Rong Yan's painful moans became clearer and clearer. However, it did not take long for her to gradually weaken as if she had no strength left.

Liancheng Yazhi never knew that time could be so long. It was simply grinding his tolerance.

Liancheng Yazhi was panicking. why is your voice so soft? did something happen? ”

The director looked at the Deputy Director and asked him to explain.

The Associate Hospital director was helpless. He said carefully, no, that's normal. It's definitely to save your wife's energy. From the looks of it, it's more or less happiness. Mr. Lian, don't worry about Wanwan.

liancheng yazhi roared in anger, “hurry! hurry! hurry! hurry! hurry! how many times have you said it's fast?!” But it still hasn't recovered? if anything happens to my wife, none of you will have an easy time.”

Tang Zong smoothened his anger, “yes, yes, yes, brother-in-law is right. But big sis has always been a blessed person, she will definitely be fine, Zhenzhen.”

gu hesheng also wanted to comfort him, but he did not have the strength to do so, because he wanted to be comforted too.

The old man stood there and listened. It was really painful. His heart ached for his daughter and he was really afraid that something would happen to her.

Time seemed to pass very slowly at this time. It was a torment for everyone. Whether it was now or after the child was born, they would not be able to sleep tonight.

Seeing that it was almost past midnight and the child had not come out, Liancheng Yazhi could no longer hold back.

His face turned cold and fierce. He stood up suddenly and walked out of the room without saying a word.

Tang Zong used a lot of strength to get Liancheng Yazhi to sit down, but he stood up less than ten minutes after he sat down. It looked like he was going to rush into the delivery room. Tang Zong panicked and immediately ran over and hugged Liancheng Yazhi's arm. “Brother-in-law, brother-in-law, wait a little longer, wait a little longer, it'll be done very soon, Yingluo!”

Liancheng Yazhi looked at Tang Zong fiercely. “You let go of Yingluo!”

Tang Zong shivered. Liancheng Yazhi's eyes looked like they were about to kill someone. He drooled. “Brother-in-law, this is a critical moment. Don't take things too hard.”

Liancheng Yazhi gave him a few punches. “Let go of ran ran.”

If Tang Zong still didn't let go, he would definitely punch him without a second word.

Tang Zong was on the verge of tears. Even if he were to be beaten up, he would not let go. He stuttered, “sis, brother-in-law, don't be like this!”

A strong gust of wind blew past. Tang Zong screamed in pain and covered his eyes.

Liancheng Yazhi flung Tang Zong's hand and was about to push the door open, but the people behind him did not dare to stop him.

Just as Liancheng Yazhi's hand was on the door and was about to push it open, he suddenly heard a happy voice from inside. "It's out, it's out, Yingluo" Then, the baby's loud cry was clearly transmitted into everyone's ears.

The cry was like a ray of light that finally shone into the dark night, making everyone's hearts relax instantly.

The hospital director patted his chest. Oh my God, he's finally out. Young master ya doesn't have to rush into the delivery room anymore.

The director looked at the time and couldn't help but click his tongue. Damn, he's still the son of the Liancheng family. He was born on time..

Chapter 2068: It's so ugly, just a little monkey

it was neither too early nor too late, just past midnight.

It started on the night of September 30th and stayed in her mother's stomach for a few hours. She waited until midnight and was born on the first day of October.

The expected date of birth was at the end of September. It was originally said to be the 29th, but there was no reaction on the 29th. The doctor said that everything was normal. It was too normal to be a few days later than the expected date of birth. If she was not born in a few days, she would need to get an injection to induce birth. So she was not waiting for the injection, but on this good day. No matter how he looked at it, she had picked a good day to leave!

The director originally wanted to congratulate Liancheng Yazhi, but when he saw that Tang Zong, Gu Hesheng, and Liancheng Yazhi were all dumbfounded, as if they had been frozen in place, he lost his intention to move forward.

As the child's cries grew louder, Tang Zong was the first to react. He happily hugged Liancheng Yazhi, shaking him as he jumped and shouted, "brother-in-law, brother-in-law, did you hear that? The cries of a child, my sister gave birth to a fat son for you, Yingluo ' gu hesheng had also woken up. his eyes were red and he was at a loss for what to do.

a baby's cry was the beginning of a new life. it was the most magical and greatest moment for humans.

To be able to witness this moment, Gu Hesheng felt that his life had not been in vain.

However, Liancheng Yazhi still stood there like a wooden man, not moving at all.

After a while, the delivery room door opened and the nurse carried the sobbing child out. congratulations Mr. Lian. Both mother and child are safe and everything went smoothly.

The nurse's words finally made Liancheng Yazhi believe that the child had come out. His legs were weak, and if Tang Zong had not been holding him by the side, he would have fallen immediately.

Tang Zong supported Liancheng Yazhi with great effort. He kept looking at the little guy in the nurse's arms excitedly. He smiled and said, brother-in-law, brother-in-law, come and take a look. Come and take a look at your son.

However, Liancheng Yazhi could not even bear to look at him. He pushed Tang Zong away and stumbled into the house.

Tang Zong stretched out his hand and called out, "hey, brother-in-law, alright, since you don't want to look at our son, I'll look at him for you."

After Gu Hesheng recovered from his excitement, he hurried over and said to the nurse, "Come, come, let me hug you. Aiyo, my good grandson!" he gently took the baby from the nurse's hands and looked at it carefully. the baby's small body was almost weightless, and he was a small ball in his arms, making people not dare to use any strength. gu hesheng was so happy that the wrinkles on his face increased as he smiled. he kept praising, "it's so good-looking. yingluo will definitely be more handsome than his father when he grows up.

"Is it good?" Tang Zong leaned over. Let me see Yingluo."

After he finished speaking, the curiosity on Tang Zong's face turned into disdain. nurse, this is really my brother-in-law's child. Why is Yingluo so ugly? is she just like a little monkey? "

The newborn's skin was very red and a little wrinkled, so Yingying was indeed not very good-looking.

when gu hesheng heard this, he immediately raised his leg and gave tang zong a kick, you're talking nonsense. Watch how I beat you up. You're clearly very good-looking. How are you ugly? "

Tang Zong hurriedly retreated. This was the first time he had seen Gu Hesheng kick someone, "My Yingluo isn't wrong, look, it's really ugly Yingluo.."

Chapter 2069: If anything happened to her, it would be like taking his life

The nurse said, "all newborn babies are like this. Newborn babies have weak immune systems and can't stay outside for too long. You should give them to me.

Even though Gu Hesheng was very reluctant to part with it, he still gave it to the nurse, "Be careful. You must take good care of Yingluo and make sure nothing happens." the nurse nodded. "don't worry, sir. we will send someone to take care of mr.

lian's child. "

however, gu hesheng was still worried. he said to tang zong, "You go with Yingluo and see with your own eyes that she has settled the child before coming back."

"Oh, okay." tang zong knew that he wouldn't be of much help here, so he followed the nurse.

The doctors and nurses had already come out one after another. Gu Hesheng wanted to go in, but after thinking about it, he decided not to. He wanted to let Rong Yan and Liancheng Yazhi be alone for a while.

In the delivery room, the smell of blood was very strong. Liancheng Yazhi felt flustered and nervous when he smelled it, and he felt like he was about to faint.

Rong Yan was lying on the hospital bed. Rong nuo, two nurses, and the confinement lady were helping her with her body.

Liancheng Yazhi trembled as he touched Rong Yan's sweaty face. Rong Yan's face was very pale and she was lying there motionlessly with her eyes tightly closed, giving people the feeling that she had already left.

When Liancheng Yazhi first saw it, his heart ached as if he was about to suffocate.

He suddenly realized that if Rong Yan left, he would lose all meaning in living.

If he had known that giving birth was so dangerous and painful, he would not have wanted this son at all.

Rong nuo saw Liancheng Yazhi's scary expression and quickly said, brother-in-law, don't worry. My sister is fine. She's just too tired. She's just asleep. Hanhan will be fine after a short rest.

However, Liancheng Yazhi seemed to not hear Rong nuo's words at all. He grabbed Rong Yan's hand and said over and over again, Rong Yan, let's not have any more children in the future. Just He didn't want Rong Yan to experience such pain again.

If anything happened to Rong Yan, it would be like taking his life.

The two nurses were still young and probably had not worked for long. When they heard Liancheng Yazhi's words, they were so touched that their eyes turned red.

Rong nuo whispered to them, "hurry up, hurry up and pack up. Don't make any mistakes." the nurse and the nanny quickly wiped Rong Yan's body with hot water, then changed into a set of dry clothes. they then took care of her lower body and pushed Rong Yan back into the ward.

Gu Hesheng saw that Rong Yan had been taken out and quickly went forward to ask, "How is it?"

Rong nuo whispered, "she's just too tired and has fainted now. When she has a good rest, she will wake up. The doctor said that the delivery was smooth and did not hurt her body. She will be fine after a few more days of rest.

Gu Hesheng heaved a sigh of relief. that's good, that's good. Zhenzhen, I'll go back and find two more maternity matrons. They must take good care of her during her confinement.

Gu Hesheng had already learned from the doctor that women must be taken good care of during their confinement, otherwise, it would leave behind a lifetime of illness.

Rong nuo nodded. yes, I'll take good care of what you said.

After pushing Rong Yan back to the ward, Liancheng Yazhi did not say a word and stayed by Rong Yan's side.

Rong nuo said softly, " brother-in-law, sister is resting now. Why don't you rest for a while, Zhenzhen? it's already one in the morning. It's very late. Liancheng Yazhi ignored him, as if he did not hear him at all..

Chapter 2070: Why don't we not have a child?

Rong nuo had no choice but to say nothing more. She looked at Gu Hesheng and the two of them tiptoed out of the ward.

Rong nuo said to Gu Hesheng, “old Sir, why don’t you go back first? it’s so late, you can’t stay up like us young people. I won’t go back tonight. I’ll stay here and watch. MeowMeow is still at home and doesn’t know. You can rest well tomorrow and bring her over to see her.

Gu Hesheng looked at the ward. He knew that he could not help much here. The child was born smoothly and his daughter was safe. These were all his wishes, and they had all come true. He was very happy and would probably not be able to sleep tonight.

However, he still had MeowMeow at home. When he came tomorrow, he had to bring more food for Rong Yan to nourish her body. He had a lot to prepare when he got home, so he really couldn’t stay here forever.

Gu Hesheng smiled and said, “it’s a good thing that you’re here today. You’ve really grown up at such a critical time. Alright, I’ll go back now. You’ll have to work hard tonight.

Rong nuo’s face was a little red. don’t say that, I’m just doing what I should. Be careful on the way back and ask the driver to drive slowly. ” alright, i understand. you should take some time to rest too. ”

“Yes, ran ran, take care.”

After sending Gu Hesheng off, Tang Zong returned just in time. He looked at the newborn baby for a long time, trying to figure out who the little guy looked like. However, he realized that he really couldn’t tell. The little guy was too small and ugly. He wasn’t as handsome as his father or as pretty as his mother.

‘Mr. Gu just went down, go home with him,” Rong nuo said to him.

Tang Zong took out a handkerchief and wiped the sweat from Rong nuo’s forehead. I’m not going back, I’ll accompany you tonight.

Rong nuo had been accompanying Rong Yan in the delivery room. Although she wasn’t the one giving birth, she was really exhausted today, and her bangs were wet.

Rong nuo was indeed tired. She nodded and said, “Alright, you might be able to help if you stay here,”

“I’ve brought you a change of clothes. Go take a shower and change.” Tang Zong squeezed Rong nuo’s hand.

“Alright, I’ll go take a shower.” Rong nuo’s body was covered in sweat. She had been so tense that she did not notice it before, but now she felt uncomfortable. The wet clothes stuck to her body, and it was particularly uncomfortable.

There was a separate bathroom and washroom in the ward. Rong nuo walked in carefully, afraid of waking Liancheng Yazhi.

Liancheng Yazhi was still in that position and kept looking at Rong Yan, his expression very ugly. It was a little worrying.

Rong nuo only took ten minutes to wash up, then wiped her head with a towel and quickly walked out of the ward.

Tang Zong was sitting on the bench outside. When he saw Rong nuo coming out, he took the towel from her hand and wiped her hair.

tang zong wiped rong nuo's hair and said, "Nuo nuo, why don't we stop having children? I think it's good for us to live alone, Yueyue."

In the past, Tang Zong did not know that giving birth was such a painful thing. After witnessing it today, he finally understood how torturous it was.

Seeing Liancheng Yazhi's panic-stricken appearance today and hearing Rong Yan's painful moans, Tang Zong felt very scared. Just thinking about it made him panic.

Wahahaha, welcome to the second kid's resplendent landing. The girls who tipped him today, are you guys giving him red packets as his elder sister and Auntie? I'll thank you on his behalf..
