Chapter 2081: A night has passed, much more Haggard

Rong nuo and MeowMeow gently pushed the door open and went in.

Outside the door, the smile on Gu Hesheng's face faded, "has rongyan

Zhenzhen not woken up since last night?"

Tang Zong shook his head. no, the doctor has already come to check on her. He said that she was too exhausted and too tired, that's why she has been sleeping for so long. Don't worry too much, it's only 10 o'clock now. Last night, big sister gave birth to the child after midnight. Actually, it hasn't been that long. I had it once before, and I was really too tired. I slept for almost hours, and I didn't wake up even once in between.

Gu Hesheng sighed, "I hope rongyan is like you.

he happily brought his granddaughter to the hospital with food he had made

for his daughter. however, after he arrived, he couldn't feel happy. the joy he had felt yesterday was now replaced with worry.

Tang Zong consoled him, "big sister, you're a blessed one. You'll definitely wake up. I've already told you that there's no major problem with your body. There are no signs of postpartum hemorrhage either.

"Where's the child? how is he now?" Gu Hesheng asked.

"She's fine. The nurse said she doesn't cry or make a fuss. She's very quiet."

"I'll go take a look," Gu Hesheng sighed.

"Take care, said Tang Zong

After watching Gu Hesheng leave, Tang Zong stood at the door and peeked inside through the crack.

Rong nuo sent memvmeowmeow to Liancheng Yazhi, then quietly stood to the side and no longer spoke.

The MeowMeow assassin was lying on the side of the bed and seemed to be saying something to Rong Yan in a low voice.

Tang Zong looked at Liancheng Yazhi and was shocked. It had only been a night, but Liancheng Yazhi looked a lot more Haggard. It was as if his spirit was being consumed quickly as his face fell into a deep sleep. His lips were a

little dry and cracked, there was some stubble on his chin, and the clothes on his body were wrinkled. He looked like he had experienced a lot of vicissitudes.

Tang Zong sighed. He was even more determined now. Let's just forget about the child. In the future, he would just treat MeowMeow and the little monkey as his own children. He could not let Rong nuo lie in bed and sleep.

“Daddy, why aren’t mommy awake yet?” MeowMeow asked Liancheng Yazhi in a low voice.

Liancheng Yazhi wanted to reach out to stroke MeowMeow’s head, but his hand stopped in mid-air and he retracted it. ‘Mom is still resting, don’t disturb her.’

if it was a normal day, liancheng yazhi would be holding meowmeow and saying this to her gently.

But now, he really didn’t have the energy to coax MeowMeow. He only wanted to stay by Rong Yan’s side and hope that she would wake up soon. Rong nuo looked at this scene from the side, and the worry in her heart deepened.

Even

Rong nuo poured a cup of warm water and placed it in front of Liancheng Yazhi. She said softly, ‘Brother-in-law, you haven’t even had a sip of water since last night. Even if you don’t eat, you should at least have some water,

Yingluo.”

I don’t want to drink it, “Liancheng Yazhi said indifferently. put it down.

rong nuo sighed and could only put it on the table next to her.

Liancheng Yazhi then said to her, ” “Take meowmeowmeowmeowmeowmeow out.”

good, Yingluo. Rong nuo nodded. MeowMeow, aunty will take you to see your younger brother. Mom needs to rest, let’s not disturb her.

Chapter 2082: Mommy will wake up soon

However, MeowMeow was still young. Even if she felt that something was wrong, she could not tell what it was.

She only felt that she was very disappointed that her mother did not wake up to

kiss her and hug her She only wondered why her father did not look at her when he was talking to her today. He didn’t smile.

Rong nuo looked at

Meowmeowmeowmeowmeow hesitated for a moment before she leaned over the bed and kissed Rong Yan on the cheek. She then said in a low voice, ” “Mom, wake up quickly. Let’s go see little brother. He’s so cute, Yingluo. • After saying that, MeowMeow left With Rong nuo.

After they left, MeowMeow lay in Rong nuo’s arms and asked, “auntie, mom will wake up soon, right?”

Rong nuo nodded, •yes , mother will wake up soon , Yingluo. • Logically speaking, even if she was exhausted, she shouldn’t have slept for so long. Besides, the doctor said that there wasn’t much Of a problem With Rong Yan’s body, Which was really puzzling.

Rong nuo could only hope that Rong Yan would wake up today, so that everyone could be at ease.

However, this hope was gradually destroyed as time passed.

At three o'clock in the afternoon, Rong Yan still did not wake up.

The doctor was also a little scared and quickly performed various physical tests on Hong Yan. However, the symptoms were normal, but the indicators on her

brain-blood flow diagram were higher than ordinary people. She seemed to be doing high-intensity brain activities. Her heart rate showed signs of accelerating and decreasing for a period of time, but it was overall balanced.

After all the tests, the doctor still couldn't find the cause. The only reason was that Rong Yan was in a deep sleep. Her body might not have recovered yet, so she couldn't wake up for the time being.

Secretary Zhou arrived at the hospital at four in the afternoon.

Firstly, he couldn't wait to see the little master of the Lian Cheng family, and secondly, he wanted to report the matter to Liancheng Yazhi.

However, after he arrived he realized that the situation was not good.

Liancheng Yazhi ignored everyone, so how could he have the time and energy to deal with this matter?

Gu Hesheng had no choice but to tell Secretary Zhou, "Let's put this matter aside for now. We'll talk about it after Rong Yan wakes up. But don't let the suspect escape. Keep an eye on him first."

Secretary Zhou sighed. When he saw Liancheng Yazhi's appearance just now, he was really shocked.

Even after Rong Yan left that year, young master Ya had never been so dejected. Secretary Zhou felt a little sad to see Liancheng Yazhi.

"Alright, I understand," he nodded.

You can continue to look after the company. Ran Ran will probably be fine after a while.

Yes, don't worry. There are no problems with the company's operations.

Secretary Zhou didn't stay for long. He left after seeing the nameless little guy. The atmosphere in the hospital was too depressing. He didn't dare to think about what would happen to their young master Ya if the young Madam really fell asleep.

At the thought of this, Secretary Zhou quickly spat and smacked his head. "I'm just making things up. Of course, nothing will happen to young Madam. I'd better hurry and prepare for the young master's one-month birthday gift."

Gu Hesheng had been waiting in the hospital all the way until 8 pm. From last night until now, he had been in a very bad mood.

From joy to anxiety to worry at this moment, he felt as if he had gone through several layers of ice and fire.

I can only say that it's fictional.. It's a story about a reborn girl, just like what a girl said about reincarnating-the aftermath!

Chapter 2083: never to recover?

Rong Nuo said to Gu Hesheng, "Old mister, you can go back first. We will stay here and guard. You can take Meowmeow back and have a good rest."

however, even if he did not rest, meowmeow had to sleep.

eowmeowmeowmeowmeowmeowmeowmeowmeowmeowmeowmeowmeowmeowmeowmeowmeowmeow

Zong to rest tonight.

Gu Hesheng went into the house and carried MeowMeow out. When he went out, he glanced at Liancheng Yazhi and couldn't help but shake his head. If Rong Yan didn't wake up, Liancheng Yazhi would probably be unable to recover from this.

Gu Hesheng nodded, “of course, Yingluo, we’re here to visit mother and definitely be awake at this time tomorrow.’

Gu Hesheng walked out of the ward building and looked at the night sky. He silently prayed that the night would pass and a new day would come, hoping that everything would be as bright as before.

Natsume stopped in his tracks with a puzzled look on his face. He did not continue forward but turned around and returned to the laboratory.

Kang Zhen was doing push- ups, his movements light as if he was floating on the ground. He asked, •What’s wrong?’”

Kang Zhen's movements slowed down. He stood up and grabbed a towel to wipe his hands. 'I'll go take a look.'

Xia mu saw Kang kun walking out and quickly called out, "Hey, hey, hey, you're going out like this?"

Kang Zhen didn't stop. He opened the door and walked out. "what else?"

Kang Yi took big Steps and left the laboratory in the blink Of an eye. Natsume pouted, aren't you afraid that people will know that you can move? • Natsume scratched his head. Yesterday, Kang kun ran out to meet the people sent by the military. It seemed like this secret was no longer a secret.

Forget it. It was his own business. He didn't care anymore.

kang yu only returned after an hour.

Natsume noticed that Kang Yu's expression was serious and his steps were heavy. He looked a little scary and asked, Why did you go for so long? you don't look too good. Did something really happen? What happened?"

Kang Yu did not reply. After he sat down, he did not say anything else. NO one knew what he was thinking.

Natsume asked a few questions, but he did not reply. In the end, he did not ask

Chapter 2084: stunned by his handsomeness

but he didn't expect that at five o'clock in the morning, when the sky was about to turn bright, just as he was about to lie down and take a nap, kangyu suddenly sat up like a corpse coming back to life. it was a little scary. natsume covered his thumping heart and asked, 'What's wrong?"

Kang Yu sat up and grabbed his hand "Follow me. "

"Leave?" Natsume was stunned. •If it's not Yingluo, where are you going?"

Kang Yu didn't reply and dragged him out.

Kang kun's speed was so fast that even Natsume could not keep up. "What is it?

Tell me first, Yingluo_"

Kang Yi ignored him and pulled him to the garage.

In the quiet morning, Kang Yu drove Natsume out of the Lian family's house.

The road was smooth, and they didn't stop even when there were red lights. They rushed all the way to the hospital.

Natsume didn't even put on his seat belt. After getting out of the car, he covered his mouth and felt nauseated. However, there was nothing in his stomach, so there was nothing for him to vomit. After retching for a While, he pointed at Kang Zhen and said, Mngluo, you want Yingluo to take my life?"

"Let's go: Kang Xi got out of the car and kicked him.

'Where do you think we're going?" Natsume asked.

Kang Yu grabbed him by the back of his shirt and walked in. don't dawdle.

“Oh my God, can you not walk so fast?” Natsume felt as if he was being dragged forward, and he was extremely uncomfortable.

However, Natsume finally saw where they were. Kang Xi, hey, stop. Why did you drag me to the hospital? ”

Kang Vi ignored him and dragged him around the hospital. Finally, they came to the nurse on duty and asked, “Where’s Rong Yan’s ward?”

The nurse was mesmerized by Kang Xi’s sudden appearance.” Ah?”

“Where’s rongyan’s ward?” Kang Yu asked again.

“He’s in the VIP Ward area,” the nurse said in a daze.

“Where’s the VIP Ward area?” Kang Zhen asked.

” she’s here, shes here, ” the nurse pointed in a direction.

Natsume watched from the side for a while and finally understood. Oh, Kang Yu’s sudden madness was to see Rong Yan.

‘The nurse beside her was the first to regain her senses. She blushed and said, • “I’ll Take You There.”

He led Kang yuanxia around the room and came to the ground floor of the ward. He suddenly remembered that he had asked who they were, so he quickly blocked their way. um, I forgot to ask. Who are you to Mrs. Lian? ” What are you guys doing here?”

Natsume said, “my friend, Yingluo.”

The nurse was a little scared. She took a step back. •But Yingluo doesn’t visit her friend at this tune.”

“Can’t we only have time now?’ Natsume glared at the nurse.

“then,” the nurse mustered up her courage and asked, “wanwan, how can you prove that you’re tnrs. lian’s family’s friends?”

The hospital director had instructed that if there were any more mistakes, they would all be fired and replaced.

Although the nurse was infatuated with the handsome man, her job was still very important.

“Call Tang Zong down, ” Kang Xi said.

The nurse hesitated for a moment. Under Kang Xin’s fierce gaze, she gritted her teeth. then you guys wait here first. Don’t run around, I’ll go get someone.

Kang Yu and Natsume waited downstairs for about ten minutes before Tang Zong finally came down.

Tang Zong was exhausted from running around for the past two days. He looked sleepy, and his clothes were wrinkled.. When he saw the two of them, he said in surprise, are you guys here?”

Chapter 2085: threatening

The autumn weather was very cold, and Tang Zong was wearing thin clothes. He hugged his arms and shivered from the cold. When he saw Kang Zhen and Natsume, he was really shocked. This was the first time he saw Kang Zhen walking upright.

“Bring us up,” said Kang Yu, his expression unchanged.

After Kang Yu finished speaking, he walked forward. Tang Zong continued to ask, “no, you haven’t told me why you guys are here so suddenly, and at such a time at that!”

The nurse who had gone to call for help earlier asked Tang Zong, “hey, mr.

tang, are they your friends?” tang zong nodded. ” oh, it’s a friend. it’s fine. you can go back now. ‘

the nurse heaved a sigh of relief. she looked at kang Xin with a lovestruck expression and left reluctantly.

Tang Zong chased after Kang Xi and entered the elevator. don’t be so silent. If you want to see the little Yingying and the child, you can go and see her directly. But if you want to see the adults, forget it. My brother-in-law doesn’t have time to accompany you now. The situation is not very good.

natsume was so sleepy that he kept yawning. ” i also want to know why kang zhifei dragged me here. ‘

As soon as he said this, Tang Zong’s heart skipped a beat. He immediately turned his head and looked at Natsume.

That’s right, how could Yingying forget about this guy?

He was a genius in the medical field. The more anxious they were, the more confused they became. They had forgotten about the person who was already there.

Natsume’s sleepiness was instantly wiped away by Tang Zong’s gaze. Tang Zong’s gaze was too strange, as if he was looking at a piece of fat meat, which made him feel uncomfortable all over.

Natsume took a step back and stood behind Kang Yu. “What are you doing,

Qianqian? I’m telling you, don’t do anything stupid.”

The elevator arrived. Kang Yu reached out and pulled Natsume out. he didn’t do anything.

Then, he strode out of the elevator with Natsume in his hand.

“where’s the ward?” kang Zhen asked.

Tang Zong was so happy that he was no longer sleepy. He quickly led the way for Kang Zhen.”This way, this way, Yingluo, come with me.”

Natsume felt extremely uncomfortable being dragged around. He shouted,

“hey, what are you two doing?”

“Shut up,” Tang Zong shouted at him.”Lower your voice.”

Natsume pursed his lips and mumbled to himself, not making any more noise.

When they arrived at the ward, Tang Zong stopped and whispered to Kang Zhen, he's right inside. Big sister hasn't woken up yet. My brother-in-law's condition isn't good. Do you want to go in now?

"Enter." Kang Yu said one word and then kicked the door open. Tang Zong hurriedly took a step back.

A small light was turned on in the room. Liancheng Yazhi was still sitting by the bed, looking at Rong Yan. Kang Rong's kick just now made the door rattle, but it did not make him turn around.

Kang Zhen looked at him and reached out to press the switch on the wall. The room was instantly lit up.

"show her," kang yu said, glancing at natsume.

Natsume was confused, 'what's wrong with her? what do you want me to see?'

This was the couple's room, yet she suddenly barged in and asked him to see her face without saying anything.

Kang Zhen finally gave him an explanation. Rong Yan hasn't woken up since she gave birth the night before. Go and have a look.

Natsume's eyes widened in surprise. He hasn't woken up yet?"

Tang Zong didn't hear Liancheng Yazhi's anger and ran in. that's why I asked you to come. Go and take a look.

Natsume looked at Liancheng Yazhi's back and felt a little scared. my things aren't even here. How am I supposed to see them? "

Kang Yu glanced at him with a threatening look. Natsume swallowed his saliva..

Chapter 2086: heaviest emotion

Natsume quickly said,"alright, I'll just watch. I'll watch Yingluo, watch

Yingluo." the kang kun now was no longer the same as when he was lying unconscious. natsume was filled with regret. if he had known earlier, he would have inserted a few more needles into kang kun's body and taken a few more tubes of blood from him while he was still unconscious.

Natsume carefully walked to the bed. Rong Yan's face was a little pale as she lay there. Her skin and hair had lost their luster. When she lay there without moving, it really gave people the illusion that she had already left.

natsume looked at liancheng yazhi. he seemed to be completely immersed in his own world and had no sense of the people and things in the outside world.

Natsume sighed. No wonder Gu Hesheng's expression was so bad and worried when he saw him today. No wonder Kang Yu would pull him over at this time.

Seeing that Liancheng Yazhi was not moving, Natsume reached out to touch Rong Yan.

However, before his hand could touch Rong Yan, he was suddenly grabbed.

The hand that grabbed him was terrifyingly strong, almost crushing the bones in his hand.

Natsume wailed in pain, “young master ya, don’t pinch me! Don’t pinch me! Aiyo! It hurts so much! Aiyo!

The person who caught Natsume was Liancheng Yazhi. He looked at Natsume coldly, his eyes full of killing intent.

kang yu quickly walked over and pressed on liancheng yazhi’s shoulder. ” Liancheng, Xia mu is treating Rong Yan. Maybe he can wake her up. Liancheng, let go of her and let Xia mu take a look at Rong Yan.

Tang Zong’s heart clenched. He hurriedly said, that’s right. Brother-in-law, you’ve forgotten how amazing Natsume’s medical skills are.

After a while, Liancheng Yazhi seemed to finally recognize Natsume and let go of his hand.

Natsume finally withdrew his hand and kept blowing air in pain.

“That’s enough. Your bones aren’t broken. Take a look,” Kang Yu said coldly.

you, you, you ... You’re so heartless, ” Natsume said angrily. if it weren’t for me, you wouldn’t have woken up.

Perhaps it was his ‘you’re still unconscious’ that triggered Liancheng Yazhi. He suddenly walked in front of Natsume and grabbed his clothes. help me wake her up. I can give you anything you want.

Natsume shivered. The way Liancheng Yazhi looked at him made Natsume shiver. He could not describe the look in his eyes. It was detestable and complicated. The feelings in his eyes were the heaviest emotions he had ever seen in his life.

He hurriedly said, ” I, Yingluo, will definitely do my best. Don’t worry. I will work hard. I don’t want anything.

“Liancheng, let Natsume take a look at Rong Yan first,” Kang Yu said to Liancheng Yazhi.

Liancheng Yazhi slowly let go of Xia mu. He rushed to the hospital bed and took out Rong Yan’s hand first. He pressed her pulse and listened, muttering to himself, ” strange, her pulse is normal? ” he asked.

The three men beside him had placed their hopes on Natsume, which made him feel that the responsibility on his shoulders was very heavy.

Natsume stood up and said to them, ” I need some simple tools now. A listening device, a blood pressure measuring device, and a small medical flashlight.

“That’s easy. Just wait, I’ll go look for it immediately.” Tang Zong hurriedly replied.

He didn’t even bother to put on his coat and ran out. It was very easy to find these things in the hospital. He broke into a doctor’s office and ransacked everything before running back quickly.

Natsume used a stethoscope and blood pressure measuring tools to measure Rong Yan's blood pressure. After recording the data, he picked up a small medical flashlight and opened Rong Yan's eyelids to take a look. He was very surprised.. "Eh, are you dreaming?"

Chapter 2087: surviving a disaster

Rong Yan's eyes were constantly moving, sometimes very slowly, and sometimes very fast. When a person's eyes moved when they were sleeping, it was a sign that they were dreaming and had already entered a very deep sleep.

Natsume checked again and said with a serious expression, " "did a doctor give her a full body examination before?"

"You did?" Tang Zong hurriedly nodded.

"let me see the results of the examination," natsume said.

"Wait a moment, I'll go find it immediately." After saying that, Tang Zong ran out again.

Kang Rong glanced at Liancheng Yazhi and asked Natsume, " "What did you find?"

I only have an immature guess, "Natsume said. I need to verify it. Give me a little more time.

While they were talking, Xi Yazhi kept looking at Rong Yan. Rong Yan had been lying there for almost two days. The doctor had been giving her glucose and nutrient fluids to ensure her body's needs, but even so, her anger seemed to be depleting very quickly.

the doctors did not understand why a person with normal vital signs would not wake up. the hospital had formed a group of experts to study this matter.

however, no matter how much they argued, they still could not find a reasonable explanation or a useful solution.

The results of the investigation were in their hands. Tang Zong ran to the office of the specialist Group, kicked the door open and rummaged through the room. He then ran back with the results of the investigation. After Tang Zong's rummaging, the office looked as if it had been robbed.

Tang Zong ran back, panting heavily. He stuffed all the things in his arms to Natsume. "it's here, it's all here, it's all here, it's all here, it's all here, it's all here, it's all here, it's all here!"

"Alright, let me see." Natsume took a pile of things and placed them on the table. Then, he looked through them one by one.

Those results were the most authentic tests done by medical equipment on Rong Yan's body. Natsume looked at them very carefully. After reading them, he even took a pen to make statistics and some calculations that others could not understand.

after reading everything, natsume wrote and drew on more than ten pieces of draft paper.

In the end, he closed his pen and stood up. He walked in front of Rong Yan and examined her seriously.

tang zong was extremely anxious. "natsume, say something after you're done."

Natsume rolled his eyes at him. this is the first time I've seen something like this with her, so I can't make a decision rashly. Before my speculations are fully verified, I need to go back to the laboratory and bring some of my specialized equipment here.

"Alright, be quick." Kang Zhen nodded. "I don't know how to drive," Natsume shrugged.

kang Zhen shouted, "tang zong! !

He did not plan to bring Natsume back. With Liancheng Yazhi's condition, it was better for him to stay.

Tang Zong immediately replied, "you don't know how to do it, but I do. Let's go. I'll bring you back. Hurry up and follow me.

natsume heaved a sigh of relief. tang zong was still in the mood to drive. please don't let it be kang zhen. he was really scared to take kang zhen's car when he came here.

However, Natsume soon regretted it. Damn it, Tang Zong wasn't even as reliable as Kang Yu.

Tang Zong drove the car back and forth like a combination of a rocket and a tractor. He ran through countless red lights and almost crashed into many cars on the way. Natsume was so scared that he almost had a heart attack.

The moment he got out of the car with his equipment, his knees went weak and he almost fell to the ground. Natsume took a deep breath and suddenly felt like he had just survived a disaster.

Tang Zong urged, "hurry up, hurry up and stop dawdling. Let's go quickly, Zhenzhen.."

Chapter 2088: Please bring New Hope

Natsume wanted to cry. He hadn't slept the entire night and had been driven by Tang Zong and Kang Xi who didn't care about their lives. He felt lucky that he didn't throw up.

Xia mu glared at Tang Zong and said, "what are you so anxious about? I'm still walking!" Come and help me carry my things."

Tang Zong walked over and took Natsume's luggage from his hands. He asked Natsume, "tell me the truth. What happened to my sister? is it serious?" it's not serious, " Natsume sighed. I'll know after I'm sure.

"Hey, what do you mean by that?" Tang Zong chased after him.

"It means that I can't say for sure now, so I need to verify it."

"If it weren't for the fact that you still have to treat my sister's illness, I would really want to kick you right now," Tang Zong said angrily.

hahaha! Natsume laughed. if you dare to kick me, I'll leave right now.

Tang Zong

He raised his head to look at the sun in the sky. It was already seven o'clock in the morning. The sun was shining on the earth, and a new day had arrived.

Tang Zong silently prayed in his heart. Please bring New Hope to a new day.

Natsume opened Seiji's first aid kit when he returned to Seiji's room. He took out a set of silver needles and lit a small alcohol lamp.

natsume pulled out a thin silver needle and said to liancheng yazhi and kang yu, "Don't stop me no matter what I do later. If my hand trembles, she'll be in trouble."

After saying that, he quickly heated the silver needle over the flame of the spirit lamp.

Then, he grabbed Rong Yan's left hand and pressed a 'learn' button on the back of her hand before quickly stabbing it down. His movements were very fast.

tang zong, who was watching from the side, was dumbfounded. he really did not expect natsume, who studied western medicine, to know acupuncture. she was indeed amazing.

In a short while, four silver needles were inserted into the back of Rong Yan's left hand.

Natsume gently twisted a silver needle with his fingers, and the needle immediately pierced deeper.

'who's going to turn this needle gently?' he asked. 'i want to observe her reaction.' liancheng yazhi definitely couldn't do it in this state, and kang yu's abnormal ability was even worse. so, only tang zong was still a normal person. Tang Zong looked at the two of them and scratched his head."Let me do it,

Yueyue."

Natsume said to him, "hold it and turn it gently. Turn it slowly. I tell you to speed up. Speed up your turn.

"Won't something happen if I don't do it?" Tang Zong licked his lips.

"No, it's just an ordinary acupoint."

"Alright, I know, Yingluo."

While Tang Zong was turning the silver needle, Natsume held a doctor's small flashlight and shone it into Rong Yan's eyes. He said to Tang Zong, "Speed up!"

Then, Natsume realized that Rong Yan's eyeballs seemed to be moving faster too.

Natsume turned off the small flashlight and asked Tang Zong to get up. He took out a thin rubber band from the first aid kit, grabbed Rong Yan's right hand, and wrapped the rubber band around the first joint of her index finger a little bit, letting the pad of her finger become red. Then, he took out an ordinary needle and pricked it on the pad of her finger. Red blood quickly flowed out.

natsume used the drip tube to absorb some of the blood. when he was observing the color of the blood, tang zong suddenly exclaimed, hey, did I see wrongly just now? did her fingers move? "

This made both Kang Yu and Liancheng Yazhi look at Natsume. Kang Yu asked, “Your fingers are moving, are you going to wake up soon?”

No. Natsume shook his head. this just means that she can still feel pain..

Chapter 2089: three lives in a big dream

Kang Yu saw that Liancheng Yazhi’s body was trembling slightly and immediately said to Natsume, ” don’t keep me in suspense. What’s going on? tell me the truth.

Kang Rong looked at Natsume. Natsume immediately felt that if he didn’t say anything, Kang Rong would not hesitate to kick him.

Being kicked by Kang Yu, that would be fatal.

Natsume hurriedly said, ” don’t be anxious. I was just humming and preparing to say what I wanted to say. This is the first time I’ve seen rongyan’s condition. I’ve never seen such a case before, but my observation and experiment just now have basically confirmed my guess.

“What conjecture?” both Kang Yu and Tang Zong asked at the same time.

Natsume lowered his head and pulled out the silver needles on the back of Rong Yan’s hand one by one. after she gave birth, she was exhausted, so she naturally fell into a deep sleep. However, as she fell into a deep sleep, her brain did not rest. Instead, it kept repeating a never-ending dream.

Rong Yan’s eyeballs are constantly moving, which means that she has been dreaming. Moreover, according to the heart rate test, this dream of hers caused her emotions to fluctuate quite a bit. There was anger and nervousness. This means that this dream is not good for her.

“You mean to say that my sister hasn’t woken up because she’s been dreaming?”

Tang Zong had a look of disbelief on his face.

Natsume removed the last silver needle and untied the rubber band around

Rong Yan’s fingers. He nodded. ” yes, i’m dreaming. believe it or not, this is my guess. when people are in deep sleep, they may treat their dreams as reality. in layman’s terms, they are trapped by their own dreams. in ancient times, there was a saying, ’three lives in a big dream’. this is roughly what it means. when you wake up, you feel like you’ve reincarnated two lives and then returned. ”

lian Cheng yazhi, who had been silent all this while, suddenly asked, ” “How can I wake her up?

His voice was so hoarse that it was almost inaudible. The depth and madness in his eyes made him look a little terrifying.

Natsume said, ” she thinks that her dream is real, so she won’t wake up unless someone in the real world wakes her up. But how to wake her up will depend on you. I pricked her acupuncture point just now. Her body has the most basic reaction.

Natsume suddenly remembered something and said, ” Oh, right. In ancient superstition, this might be called ‘Suan ni calling her soul’. That is to say, her soul is called back. In the explanation of the past, she is lying here, but her soul has gone to another dimension, so she has not woken up.

natsume said this casually because he suddenly felt that the scientific explanation for the so-called ‘soul calling’ in the past seemed to be so.

Tang Zong quickly interjected, "no, I've heard that it's very useful to call a soul." The child is scared and can't stop crying. You can find a witch to help you cry out, is that what you're doing?"

natsume glared at tang zong. he never thought that a man like him would be so superstitious. he said, "how would i know? but speaking of which, it's different for children to cry when they're scared. but yingluo also has some similarities."

Kang Yu looked at Liancheng Yazhi's pale face and pressed on his shoulder.

“Regardless of whether it’s true or not, this is the only way..”

Chapter 2090: intoxicating

[illegible]

Gu Hesheng had been in contact with antiques for his entire life. People in this line of business actually believed in supernatural phenomena to a certain extent. Furthermore, Gu Hesheng was very knowledgeable. Perhaps he could give some good advice.

Also, Gu Hesheng must know a lot of people who were well-versed in metaphysics, so it would not be wrong to look for him.

"Alright, Yueyue, I'll go back now." Kang Yu nodded.

"You stay here, I'm going back for a bit," Kang Kang said to Natsume.

“as long as you don’t ask me to go back with you again,” natsume quickly said.

For the time being, he didn't want to take a car anymore, especially Kang Zhen and Tang Zong's.

Kang Yu left quickly, and Tang Zong went to find Rong nuo when it was almost time.

Only Liancheng Yazhi and Natsume were left in the ward.

natsume did not sleep the entire night. he sat on the sofa and wanted to take a nap, but liancheng yazhi suddenly asked him, "What are the chances of her waking up?"

Natsume instantly sobered up. I don't know either. I think you and the two children are the people she's most worried about and worried about. It's always useful for you to talk to her more.

Liancheng Yazhi was silent for a moment before he stood up. His body swayed a little, but he quickly stood up properly. He had not eaten any food for almost two days in a row. At most, he had only drunk a small amount of water. These two short days had made him look unusually Haggard and he had suddenly lost a lot of weight.

Liancheng Yazhi walked into the bathroom, filled half a basin with warm water, and took a clean towel.

He soaked the towel in warm water, wrung it dry, and then gently wiped Rong Yan's face and hands.

Natsume wanted to close his eyes and sleep, but he did not want to close his eyes when he saw this scene. It was too beautiful.

Liancheng Yazhi's actions were too gentle. He was completely protecting Rong Yan like she was the most precious treasure of his life.

Liancheng Yazhi wiped Rong Yan's hands and said, "the red leaves downstairs are even redder. Didn't you say that you'd grow two at home in the future? I think there are a few pretty ones downstairs. When you're discharged, how about you move them home?"

Liancheng Yazhi's voice was very hoarse, but it was also very gentle. It was intoxicating to listen to.

Natsume had never experienced love before, and he had never loved anyone. The number of times he had sex with women was pitifully few, because he did not think that it would bring him any happiness. He would rather spend time with his medical equipment and various drugs in the laboratory. He felt that love between men and women was actually a waste of time.

However, at this moment, Natsume suddenly felt that it was a very happy thing to have such an unforgettable relationship in his life.

At least, at this moment, he was especially envious of Liancheng Yazhi.

Although Liancheng Yazhi knew that Rong Yan would not reply to him at this time, he still said it very seriously.

The doctor had previously said that Rong Yan's body had better not move for the next two days, so Liancheng Yazhi gently held her head and slowly combed her long hair.

Rong Yan's hair had lost its previous jet-black luster and now looked very dull.

Liancheng Yazhi smiled. "Your hair has grown so long. When you're done with your confinement, I'll accompany you to change your hairstyle.. How about I cut it for you?"
