

Permit Me 2131

Chapter 2131: I can't let you leave for now

MeowMeow hugged Liancheng Yazhi's arm. "Don't worry, dad. Little brother will grow up to be as good as you."

Liancheng Yazhi raised his chin. that's natural. The son of our Lian Cheng family can't be a waste.

This time, she took out a simulated frog that could even croak.

MeowMeow pinched the frog's belly, and the frog immediately croaked.

MeowMeow laughed, "CAW CAW CAW CAW, listen, it's calling your name CAW CAW."

Perhaps because the little guy already knew that the 'Momo' was him, he was really attracted by the thing in MeowMeow's hand. He threw the drum away and reached out to catch the frog.

aaaäfiÆä5#-kQL4Gä: "Mom, look, Yingluo knows he's calling him."

Rong Yan nodded and said, "yes, I know, Zhenzhen."

rong yan said silently in her heart, 'yiyi, you're still young and don't know the coldness of this name. when you grow up, you'll hide in the toilet and cry one day.'

Liancheng Yazhi: "wifey, I told you. This name suits him too well.

For many years after that, especially in primary school and kindergarten, every time the teacher kindly said "goodbye, Your Highness," the Lian Cheng family would go to pick up the little fellow and shout, "Yingluo, come and get in the car, Yingluo."

As a result, all of His Highness Liancheng's nobleness was shattered to the ground in an instant.

Of course, this was a story for the future. The little guy was not even a month old yet. At the moment, he still did not know what these two words would mean to him in the future.

Secretary Zhou came out of the hospital and brought some people to the hospital Deng meile was in.

Deng meile had already changed her clothes and was ready to go through the discharge procedures to go overseas for treatment.

however, the director didn't let her go, which made her very angry. "why won't you let me leave? I'm just treating my illness at your house, not going to jail.

Your hospital can't cure me, so why can't I transfer to another hospital?"

The director was put in a difficult position. well, of course it's not miss Deng. It's not that we don't want you to transfer to another hospital, but you can't leave this place for the time being.

Deng meile was so angry that her chest hurt. you, you're too much! Why can't you let me go? if you don't let me go, I'll call the police now to warn you for illegal detention.

"I'm very sorry, miss Deng. I was the one who asked the director not to let you leave for the time being." Secretary Zhou's voice came from the door. He pushed the door open and slowly walked in with a perpetually polite smile on his face.

The hospital director was relieved when he saw Secretary Zhou. 'Thank God, thank God, she's finally here.'

"Who's Yingluo?" Deng meile was confused.

my surname is Zhou. I'm the Assistant to the President of Liancheng Group. Secretary Zhou walked up to Deng meile and introduced herself.

Deng meile was stunned. "Liancheng kongcheng group's kongcheng"

"Our young master ya was looking for you, but he couldn't come because he had something to do. So, he asked me to come."

A look of shock appeared on Deng meile's thin face. "Young master ya, what is he looking for me for?"

Secretary Zhou had been observing Deng meile's expression. He realized that when he mentioned Liancheng Yazhi, she was only very nervous and a little excited, but she was not afraid at all. If she had done that thing, she should not have such an expression.

Could it be that there was some hidden story behind this?

Chapter 2132: You only need to answer my question

Secretary Zhou thought for a while, then handed a piece of paper with a bank account number written on it to Deng meile. "excuse me, is this bank card yours?"

Deng meile was confused. She took the piece of paper and looked at it again and again. In the end, she shook her head. I don't know. I have quite a few cards, but I can't remember the number. I'm not sure if this is mine, but I've indeed applied for this bank card before.

Secretary Zhou smiled and said, "how can I not remember?" You clearly used this card more than twenty days ago. It's impossible for you to not remember." deng meile immediately shook her head. "i can't do that. i've always been in the hospital and never left. even when i buy things, it's always the nurses who buy them. i've never used them myself. "

"Is that so?" Secretary Zhou turned and glanced at the hospital director. The hospital director quickly called the nurse who was in charge of taking care of Deng meile over.

When the nurse came over, she nodded and said, " yes, miss Deng has never gone out to buy anything. At most, she would go downstairs for a walk. What she needs is for us to buy. Also, she doesn't use a bank card. If she needs to buy something, I will use my money to buy it. Then, miss Deng will transfer the money to me with her online banking.

If what the nurse said was true, then Deng meile might not be that person. However, Secretary Zhou would not believe her so quickly.

Who knew if Deng meile was telling the truth? who would know if she had asked someone to take her card out? or perhaps, this woman was too good at acting, but he didn't know.

Secretary Zhou smiled and took out a piece of paper from his briefcase. "If that's the case, then the information I have here is too strange."

He passed it to Deng meile, and she was stunned after reading it.

After a while, Deng meile asked with a confused look, " "This Yingluo really isn't me."

"I didn't know Yingluo didn't use this card to transfer the money."

"But this card really does belong to miss Deng. It's the truth, so there's no point in denying it. Since it's your card, is it still in your hands?"

Deng meile felt that something was amiss. She said, Yingluo is indeed mine, but I would like to ask, why are you asking this? "

"i have my reasons for asking. you just need to answer my question," secretary Zhou said gently.

Secretary Zhou's tone was very gentle, but no matter how you looked at it, there was a hint of arrogance in his words.

Deng meile wanted to refute, but she did not dare to. Even if the person in front of her was a Secretary, she could not afford to offend him because he was Liancheng Yazhi's assistant.

"Let me think about it, I can't recall anything at the moment," Deng meile finally said.

"Alright, take your time to think." said secretary zhou.

deng meile took out her laptop, opened it, and made a phone call. after asking for more details, she told secretary Zhou, " I don't have this card with me anymore. I gave her to my niece more than a year ago. I don't remember how much money was in it when I gave it to her. After all, it was more than a year ago.

Secretary Zhou frowned. your niece? I wonder who it is?"

"She's just a kid. She's only in her first year of high school," Deng meile replied.

"Alright, thank you. Can you please tell me your niece's name and home address? Of course, you don't have to tell us. We can find it anyway.."

Chapter 2133: too vengeful

Secretary Zhou didn't mean anything by that. He just didn't want to waste any more time.

Deng meile teased,

She was completely speechless. He was indeed Liancheng Yazhi's Secretary. Although he seemed gentle, he had the unique style of the Liancheng family.

Domineering and arrogant, gentle and not leaving you any way out.

Deng meile remained silent for a while before asking, "Can I ask why you are looking for this?" while she was silent, secretary zhou stood there and ordered without any anxiety. "It's just a small matter. Do you want to tell me?"

deng meile sighed. if it was a small matter, would it be worth liancheng yazhi's special assistant asking about it personally? Apart from Liancheng Yazhi, who else could have done this?

However, he still said it.

As soon as Deng meile finished speaking, Secretary Zhou quickly said, "have a good rest. Thank you for your cooperation. I'll take my leave first. I hope you won't leave until this matter is investigated.

Deng meile quickly stopped Secretary Zhou. wait a minute, my niece. Although she's willful and spoiled, she's still a child. If you suspect that she's done something bad, you must investigate it clearly. She's just too willful, not a bad child. She's a good person.

Even though her niece was indeed troublesome, Deng meile was still worried that something might happen to her.

Secretary Zhou smiled. yes, you're right. Children are kind by nature.

But,

There were exceptions.

Besides, she was already in her first year of high school, not a child anymore.

After Secretary Zhou left, Deng meile had been feeling uneasy. She called her niece, but no one picked up.

Deng meile was very anxious, but she couldn't find him, so she could only forget about it.

.....

Secretary Zhou planned to go to the address Deng meile had given him. On the way, he called Liancheng Yazhi to report the progress.

"Young master ya, I went to look for Deng meile just now, and she said that she had given this bank card to her niece more than a year ago."

"My niece?"

"She said that you've met her once, and there was some unpleasantness," Secretary Zhou said.

Liancheng Yazhi suddenly remembered. Oh, I know. It's that silly girl. She's a very annoying girl. If it's really her, Yueyue, you don't have to be polite.

He was so dangerous at such a young age, what would he do in the future?

Moreover, if her cause was just a small matter, then he couldn't let her off easily. Her vanity and desire for revenge were too strong.

“Alright, I understand.” secretary zhou hung up the phone and made a turn at the intersection ahead. a school was not far away.

When Liancheng Yazhi entered the room, Rong Yan casually asked, ” “Who was that? And you’re secretly avoiding me. ”

Liancheng Yazhi looked wronged. no, I’m not avoiding you. I’m just radiating from my phone. Besides, I’m not anyone’s private property. Feng nongtang will bring his wife over later.

Liancheng Yazhi did not lie. Feng nongtang really wanted to bring his wife along.

It was Kang Yu who told him about Rong Yan’s delivery and also explained that he wouldn’t be told not to come before Rong Yan’s condition improved.

Now that Rong Yan’s health was almost better, Feng nongtang had called in the morning to tell her the time to go down.

liancheng yazhi looked at the time. it was almost time and he would be here soon, so he casually gave this reason.

Rong Yan was a little surprised. ah, Yingluo and the others are coming. I wonder if they’ll bring their baby.

Chapter 2134: a pair of peach-shaped eyes that are exceptionally beautiful

Liancheng Yazhi walked to Rong Yan’s side. I didn’t ask about that. I think he will. That kid must want to let his son compete with my son to see whose son is better.

As soon as he finished speaking, Yingying’s brother, who was sleeping late with his eyes open, seemed to have heard him and made a babbling sound.

Liancheng Yazhi picked him up and lifted him up. “Yo, are you talking to your father? Are you trying to say that you’re definitely better than that Feng kid?”

Although the little guy was young, he already had a special preference. He liked to let others lift him up, put him down, and raise him again. Every time someone lifted him, he would wave his little claws happily and scream in excitement.

Liancheng Yazhi laughed and said to Rong Yan, ” “Did you see that, my son, Liancheng Yazhi, likes to stand high and see far at such a young age? when he grows up, he will definitely be amazing.”

as soon as he finished speaking, his little brother stretched out his little claws and started to move, even yelping along with liancheng yazhi’s actions.

Liancheng Yazhi happily sped up and raised the little guy even higher.

Rong Yan touched her face and asked, “the little guy is quiet when you talk to him. He rarely cries and makes a fuss. Logically speaking, he should have a quiet personality. Why does he like this ‘exercise’ so much? MeowMeow was different from him when she was young.

When

Liancheng Yazhi lowered his head and kissed his son on the cheek. “this is the difference between a boy and a girl, yingluo.”

Another difference was that at that time, Rong Yan was the only one by Miaomiao's side. Even if he didn't know anything, the child was aware. She knew that she couldn't rely on anyone else other than her mother.

And this kid, from the moment he was born, he was loved by the whole family. Everyone surrounded him and teased him all day.

Therefore, he had a sense of security, which made him bold and less sensitive.

Liancheng yazhi let go of his son. he couldn't spoil this kid in the future. compared to him, he owed meowmeow too much.

.....

After about half an hour, Feng nongtang Zhen arrived with his wife and his son. The little guy, who was only a few months old, had grown strong and looked like Feng nongtang. Although he was still young, his peach-shaped eyes had already begun to take shape and he was exceptionally beautiful.

After Rong Yan finished reading it with the child in her arms, she said, " fine, just by looking at him, I can tell that your son will definitely be as dissolute as you when he grows up.

The child of the Feng family didn't recognize strangers at all and even giggled foolishly in Rong Yan's arms.

Feng nongtang quickly said to his son, " you silly boy. Your aunt said that you'll be a Playboy when you grow up. You're still smiling like an idiot.

The two of them were too familiar with each other, so they were not so polite to each other. Instead, their hurried words seemed closer.

Liancheng Yazhi poked his son's face."My wife is not wrong. In the future, you have to ask your son to stay away from my daughter."

feng nongtang hurriedly said, " don't mind him. my son's eyes look like mine, but his temper hasn't been set yet. don't jump to conclusions so early. by the way, zhenzhen, what's your son's name? "

Liancheng Yazhi said very proudly, " of course. With my speed, I can drag it on for months like you and not decide on a name. My son is called Your Highness. Your Highness Liancheng.

Feng nongtang slammed the table. f * ck, can you not be so domineering? this is such a good name. Why didn't I think of it back then? "

Chapter 2135: picturesque

Feng nongtang felt sorry over and over again, and that conflicted expression made people laugh.

He looked at his son and then at His Highness, who was still clueless about the situation. Thinking about how his son would have to call the Lian family's kid 'Your Highness' for many years in the future, he felt very regretful. If he couldn't remember the name 'Your Highness', he should have at least remembered the Prince, or the king. Sigh, it's such a pity, such a pity for His Highness.

How about changing his son's name in the future?

Feng nongtang glared at Liancheng Yazhi. who came up with this name? it's so high-class.

Liancheng Yazhi pretended to be indifferent and said, "Oh, an old friend of my father-in-law's gave it to him. He said that the name was noble enough to match my son."

Tang felt a little better after he said that. I knew it. How could you have thought of such a good name for your son? old master Gu's old friend must be well-respected and knowledgeable. No wonder he could come up with such a good name. Who is this person? we must ask him to name our next child.

However, the moment he finished speaking, ye nuanyang began to undermine him. "Next? I already said I only want this one."

feng nongtang turned around and became a henpecked husband, "Honey, I'm just saying, really."

Liancheng Yazhi and Rong Yan looked at each other and smiled. The conflict between the two of them had been resolved.

Rong Yan asked the two of them. I haven't asked you yet. Your son is already a few months old. It's time to give him a name.

The last time she went to the one-month-old party for house Feng's son, the child's name hadn't even been named.

at the mention of his son's name, feng nengtang instantly wilted. he looked at his son and pouted. "I have one. It's called scenery."

Stop talking about this name and listen to the son of Lian Cheng's family. The contrast is too strong. His Highness and the scenery were on completely different levels.

His son would probably be bullied by Liancheng Yazhi until he grew up, just like he was when he was young.

Rong Yan's eyes lit up. scenery? not bad. How nice. Such a child will definitely be a unique scenery when he grows up.

Feng nongtang's son was still young. Although he couldn't see anything, his eyes left a deep impression. When he kept looking at you, it was as if he could suck away your soul and empty your mind for a moment.

when rong yan looked at him just now, she almost fell for this little guy's trick.

If he had such skills at such a young age, what would he do when he grew up?

Feng nongtang poked his son's face. It's already good enough that he's not like what others see."

he didn't expect that the little guy would move his eyelids and look at him after he poked her. that look, how to put it, was a little disdainful.

Rong Yan was really surprised to see this. No way. A child at such a young age would actually have a disdainful expression. He even disdained his own father.

Rong Yan took a closer look. Eh, there was nothing there either. Did he see wrongly?

Ye nuanyang patted his hand and said, "What are you talking about? if you dare to despise my son again, I'll tell mom and dad when we get home."

feng nongtang hurriedly said, " okay, okay. i don't mind. if you don't mind, yingluo, don't go home and tell mom and dad. otherwise, i'll be lectured again. "

The young couple blocked Rong Yan and her husband's face and flirted with each other without any scruples. Their relationship was naturally good, and it could be seen at a glance.

Chapter 2136: The regret in her heart

The two families chatted for a while, and they spent more time talking about their children. However, Feng nongtang had already lost at the starting line because of his son's name. He was determined to educate him well in the future, so that he wouldn't be compared to the Lian family's son in school.

The children of the two families were less than a year apart, so they would definitely go to school together in the future.

Therefore, Feng nongtang had been wondering if he should change his name or not.

after talking for a while, feng nongtang pulled liancheng yazhi out and asked ye nuanyang to talk to rong yan.

"What's wrong?" Liancheng Yazhi asked him after they left the house.

Feng nongtang asked him to continue walking out, " "I have something to tell you."

"What can't be said inside?" Liancheng Yazhi felt strange.

" if we could talk about it inside, " Feng nongtang said in a low voice, " I would've said it, but I don't think it's best to let sister-in-law know.

"what's wrong?" liancheng yazhi was puzzled.

For Feng nongtang to be so careful, it must not be a small matter.

The two went downstairs, and Feng nongtang came. "Let me tell you something. Two days ago, I had a business partner who went out of town. When he came back, he accidentally mentioned that the local governor of the place he went to had an accident. after i asked carefully, i found out that it was because xuan zi was hit by a rolling stone when he went to inspect work. fortunately, the person next to him pushed him, and only his leg was broken. his life was not in danger, but it seems that it's really not good to be sad."

When Liancheng Yazhi heard this, he frowned instantly. Xia Xuanmo, this name had already become a regret in their hearts. But now, when they heard such news, they still felt sad.

Liancheng Yazhi didn't say anything after hearing this, and Feng nongtang continued, " I didn't intend to tell you at first, but after thinking about it, I feel that I have to tell you.

No matter what attitude Liancheng Yazhi had, Feng nongtang felt that he had to tell him.

Liancheng Yazhi was silent for a long time before he finally said lightly, " "It's not a good place to recuperate on the Highlands. Your wounds heal slowly, so you'd better come down quickly,"

The Grudge between him and Xia Xuanmo had almost been resolved. He had already helped Xia Xuanmo once when Rong nuo and Tang Zong were engaged.

He was silent after hearing the news just now, but he didn't know if he should tell Rong Yan about it.

Feng nongtang's eyes brightened and he quickly said, "I think so too. No matter what, we used to be brothers. I know his current situation, so I can't just leave him be."

After Feng nongtang got the news, he wanted to quickly take her down. If she injured her leg and couldn't recover, she would be disabled for life. That would be too painful.

He didn't want to see Xia Xuanmo sitting in a wheelchair in the future, unable to stand up again.

Back then, when Jian Jie was injured, Liancheng Yazhi brought Jian Jie back to the capital. This time, Feng nongtang also hoped that Liancheng Yazhi would bring Xia Xuanmo back. Fortunately, Liancheng Yazhi did not disappoint him.

"tell me the address of the hospital he's staying in now," liancheng yazhi said. "i'll make the arrangements."

"alright, i've brought yingluo with me." Feng nongtang quickly took out a folded square paper from his pocket. He had obviously come prepared and was just waiting for Liancheng Yazhi to agree.

Liancheng Yazhi glared at him. f * ck. So you've prepared everything. You're deliberately setting me up today.

Chapter 2137: Boys need to fight to have a good relationship

Feng nongtang smiled flatteringly. hehe, Yingluo is Yingluo. I know you won't leave him behind.

Liancheng Yazhi snatched the piece of paper from his hand. alright, you can take your son and get lost.

Feng nongtang chuckled. don't mind me. I still want my son to communicate with Your Highness. After all, they're childhood friends. They must communicate well from a young age.

Liancheng Yazhi pushed him and said,"stop teasing me."

The two of them chatted as they went upstairs. As soon as they walked out of the elevator, they heard the child's loud cries.

the two of them were stunned for a moment before they hurriedly walked forward.

When she pushed open the door, she saw two mothers, each carrying a child and coaxing them with a difficult expression.

"What's the matter? why are you crying so hard?" Feng nongtang asked.

rong yan and ye nuanyang sighed at the same time and looked at the child in their arms, speechless.

he looked at the two little men who were still infants and asked, "It can't be that Yingluo and the other kid are fighting, right?"

"That's right, they got into a fight." Rong Yan nodded.

Feng nongtang laughed. fighting? that's normal. There's no boy who doesn't fight. The more they fight, the better their relationship.

Rong Yan and ye nuanyang were instantly speechless. It was indeed normal for boys to fight, but was it normal for Wanwan to start fighting at such a young age?

One of them was still a one-month-old baby, while the other was only a few months old. Logically speaking, they shouldn't have fought at all.

However, this little fellow had really started to fight.

Liancheng Yazhi walked over and asked curiously, "Fight? the two of them, this is interesting. how did they fight? who won?"

The last question that Liancheng Yazhi wanted to ask the most was the focus of men. It must be this?

the two children cried even louder, and they looked very aggrieved.

their parents didn't care about their cries at all. instead, they were very concerned about how they had started fighting. they even seemed to be encouraging them to fight more often in the future.

Were such parents really reliable?

The two little fellows cried in unison, even in the same tone.

rong yan coaxed her son as she said to liancheng yazhi, "we wanted them to get to know each other better so that we could put them together, but we didn't pay attention. We don't know what happened, but when we turned around, we saw our son grabbing onto Feng Jing's hair and Feng Jing grabbing onto his ear.

Rong Yan and ye nuanyang were also very curious. How did the children manage to do this? why did they grab their hair and ears?

Fortunately, the two children were very young and did not have much strength. At most, it would hurt a little, but there was no injury at all.

but the key question was, how did they start fighting?

It was hard for the two soft babies to meet each other's eyes. It shouldn't be possible for them to know that they were enemies just by smelling each other's breath, right? Were they born to dislike each other? Such a thing wouldn't happen, would it?

Feng nongtang scratched his head. this is great. We fought each other for the first time at such a young age. When we grow up, we won't fight each other the moment we meet, right? "

What he said really came true. The two of them seemed to have been unable to see each other since they were born. In the future, as long as they met and were placed together, they would always fight. As they grew older, the battle became more and more intense.

Chapter 2138: Tang Zong's old love rival

That day ended with Feng nongtang carrying his son, whose eyes were red from crying, and leaving the hospital.

after they left, Liancheng Yazhi immediately began to educate his son.

“Yingluo, you better remember this. Next time you fight with House Feng’s kid, you must win.”

Liancheng Yazhi grabbed his son’s hands and waved them around. “You can’t embarrass your father. Remember, the men in our family have never lost a fight.”

Rong Yan pursed her lips as she listened from the side. Damn, did he have to educate her like this? He looked at his son, who had stopped crying.

She was looking at Liancheng Yazhi with her big eyes and small mouth open, ignorant and innocent.

His expression was as if he was saying, “Baba, what are you talking about?”

Liancheng Yazhi continued to lecture her, “Also, as a man, you can’t cry anymore, okay? A real man isn’t that pretentious.”

Xuanji’s Highness let out a few ‘ah’ sounds as if he was really responding to Liancheng Yazhi.

Rong Yan patted his arm.

“That’s enough. The child is still young. He doesn’t understand what you’re saying.”

Liancheng Yazhi pinched his son’s little face. It’s okay if he doesn’t understand. I’ll teach him. I’ll tell him about it every day from now on. When he can speak and understand, he’ll be able to remember this deeply and engrave it in his heart.

Rong Yan snickered, and it was engraved in her heart?

The fact that the men of Lian Cheng’s family had never lost a fight?

Rong Yan nudged Liancheng Yazhi’s arm. “Hey, hubby, have you really never lost a fight before?”

Liancheng Yazhi immediately raised his head and said proudly, “Of course not.”

Rong Yan didn’t believe him. You’ve never lost to Jian Yi and Kang Yu?”

Liancheng Yazhi continued, “There’s no Zhenzhen.”

He had fought with Kang Kun when they were young and in school. Later on, they became tougher and tougher than each other. After that, Liancheng Yazhi never really tried it out himself, so his undefeated record was still maintained.

“I’m still suspicious about this. The next time I see Kang Yu, I’ll ask him myself.” Rong Yan held her chin and said.

Unfortunately, although Rong Yan said that, she wouldn’t have the chance for a while because Liancheng Yazhi had decided not to let Rong Yan see Kang Yu for a while.

That night, Liancheng Yazhi secretly went to find Tang Zong and asked him, “What has Kang Yu been up to these days?”

Tang Zong shook his head. I don’t know. Basically, he goes out late and returns early. He stays in the day and goes out at night. I’m not too sure either.

“Did anyone from the Army look for him?” asked Liancheng Yazhi.

“Other than the night big sis gave birth, she hasn’t been here since. Has Kang Zhen been busy with this matter?” Natsume had told Tang Zong about what had happened that night. Tang Zong was truly feeling a little regretful. If he had known earlier, he would have been at home.

“Impossible.” Liancheng Yazhi understood Kang Yu.

go back and tell him to come to the hospital tomorrow. I have something to talk to him about.

“What’s the matter? is it that important? why don’t I just pass on a message to him?” Tang Zong asked directly.

Liancheng Yazhi chuckled. Although it wasn’t a very important matter, it was still quite important to Tang Zong. Who asked Qianqian to be his old love rival?

Did he have to let Liancheng Yazhi tell him, ” I’m planning to bring your love rival back to the capital to recuperate? Go back and tell your wife that if she has let go of her grudges, she can go and visit her.

Liancheng Yazhi patted Tang Zong’s shoulder. ” it’s nothing important. i just have some things to tell him personally. you can just ask him to come. ”

Chapter 2139: can’t do anything after losing freedom

Oh, alright then. Tang Zong shrugged.

He did not notice the treachery in Liancheng Yazhi’s laughter just now and thought that there was something he could not tell others.

The next day, Kang Yu really came early. Liancheng Yazhi quietly got up and went downstairs to see him.

the two men were acting like a couple having a secret date.

“What’s the matter?” Kang Yu asked as soon as they met.

it was already autumn and the morning dew was quite strong. kang yu’s hair was wet. one look and it was obvious that she had been walking in the air for a long time.

liancheng yazhi did not answer but asked him, ” “Is there anything important that you’re busy with recently?”

“There’s no Qianqian.”

Liancheng Yazhi took out the piece of paper that Tang Feng had given him yesterday.”Since you don’t have one, do me a favor and go to this place to bring Xuan Zi back.”

kang xi froze. he opened it and saw an address. it was the hospital’s address.

“what’s wrong with him?” he asked.

Liancheng Yazhi sighed. he's injured, and it's quite serious. I want to bring him back for treatment, but I'm afraid he won't agree. So, you have to make the trip yourself.

Kang Zhen didn't ask any more questions. He simply replied,"Good Yingluo."

he took out cigarettes from his pocket, took out two, and handed one to liancheng yazhi.

Liancheng Yazhi shook his head. In the past, he would smoke once in a while, but ever since Rong Yan got pregnant, he had never smoked again, especially not in front of the child. He asked Kang Yu,"Do you want to take a car or a plane?"

kang zhen lit one up for himself. " i'll check the weather over there first. as serious as it is, i'll try to take a plane. "

"Do you need me to arrange it for you?" Liancheng Yazhi asked.

"No need, I'll do it myself," Kang Yu shook his head.

He could do this on his own. Liancheng Yazhi was quite busy accompanying his wife in the hospital every day, so he did not need to worry about it.

"Where are we going to put them after we bring them back?" Kang Zhen asked.

"I'll let Secretary Zhou handle this. I'll get him to pick you up after you bring him back."

"Alright!"

The two of them didn't speak after that, and the atmosphere was a little quiet. In the early autumn morning, the two of them looked very bleak.

Kang Zhen finished his cigarette and stood up."I'm leaving."

Liancheng Yazhi suddenly called out to him,"Kang Yu, let's go back, Yingluo."

Kang Zhen stopped but did not turn around.

Liancheng Yazhi did not look at him. Instead, he looked at the fallen leaves on the ground. I can help you with your wife's matter. The mad scientist can help you too. We will find a way to help you find her Yingluo, but you really can't delay things with the military.

you can only continue to look for her openly after going back and going through an investigation.

Kang Yu did not answer. He stood there without moving.

Liancheng Yazhi continued, " think about it. If this matter continues to drag on, your superiors will become more and more suspicious of you. You can't compete with the huge National Army alone. Besides, they didn't have any ill intentions. If they make a move on you, you'll lose your freedom and can't do anything anymore.

Liancheng Yazhi knew that the reason why Kang Yu had not returned to the team was that he wanted to find his ex-wife first.

he had probably been busy with this for the past few days.

As a brother, Liancheng Yazhi certainly hoped that Kang Xin could find his ex-wife quickly. However, he also didn't want him to reverse the order of things and make a mistake that would cause big trouble in the future.

"okay, i'll think about it," said kang yu after a while.

Chapter 2140: movie king level acting

liancheng yazhi didn't know if kang yu had really listened to him.

He looked at Kang Zhen's back and sighed in the cold morning wind. He rubbed his cold hands and hurried back to the ward.

Kang Yi walked out of the hospital and sat in the car for a while. Finally, he took out his phone and made a call.

"It's me, Yingluo."

"I'm going out for a while. I'll be back in three days at most. I'll go back by myself then. Tell them that I'll keep my word and won't go back on my word."

after hanging up the phone, kang yu let out a heavy breath.

After making this decision, he actually felt a little more relaxed.

His profession was his favorite.

his comrades were the ones he cherished;

His battlefield was also one he respected.

kang jin couldn't leave. after so many years in the military, he loved this land from the bottom of his heart. he was loyal to his country.

But at the same time, he was also a man. He liked his wife, no, it should be called his ex-wife now.

Kang Zhen was a good soldier and a good general. However, strictly speaking, he was not a good person, a good man, or a good husband.

The matter between him and his ex-wife was not something that could be explained in a few words. Even if he found her, she would not forgive him so easily, nor would she sincerely return to his side.

In terms of marriage, Kang Xin had failed. He would need a long time to redeem himself.

However, before he could get his marriage back, he had to straighten out the national emblem on his military cap. His career could not end there.

After ending his career, it would be even more difficult for him to find his 'ex-wife'.

In the afternoon, when Tang Zong came to the hospital, he asked Liancheng Yazhi, "brother-in-law, kang yu left the house today. he'll probably be back in two or three days. where did he go?"

"Oh, really?" Liancheng Yazhi was surprised. Did you leave home to settle some matters in the Army?"

Liancheng Yazhi's acting was simply too similar. The acting skills of those movie emperors were at most just so-so, as if they really didn't know anything at all.

"I don't think so." Tang Zong scratched his head.

If he went to settle some military matters, Kang Xi would probably tell him directly and not set a date for his return, right?

Liancheng Yazhi thought for a while and said seriously, ah, Wanwan, that's probably his private matter. You know that he's been looking for his ex-wife. Maybe he heard some news recently and went to look for her.

Tang Zong asked Liancheng Yazhi nosily, "I think so too. Brother-in-law, have you seen Kang Xin's ex-wife?"

"Yes," Liancheng Yazhi nodded.

"Is it good?" Tang Zong didn't have any other meaning in asking this question. It was purely because of the gossip in his heart.

Liancheng Yazhi nodded. yep, Wanwan is quite nice. She's a very powerful woman.

If it wasn't for Kang Xin's ex-wife, they would have all died.

Tang Zong nodded his head repeatedly. I think so too. He must be very powerful. Otherwise, how could he have controlled that person, Kang Zhen? "

Liancheng Yazhi mentioned Tang Zong. hey, you're so curious about Kang Xin's ex-wife. What do you want to do? "

"Brother-in-law, don't let your thoughts run wild. I'm just curious, just curious." Tang Zong hurriedly said.

"Is Yingluo only curious?" Liancheng Yazhi looked at Tang Zong with a smile that was not a smile, and his eyes were a little wretched.

Tang Zong hurriedly raised his hand. of course. I'm just curious. My feelings for nuo nuo are clear and will never change.
