Chapter 2171: The thousand-year Bodhi Pearl

Gu Hesheng said as he watched. "This thing is called the Bodhi bead, a very famous Buddhist artifact."

he pointed at a bead. "look, there's a layer of ebony on the outside. on the inside, there's agates unique to the 5000-meter plateau. "

Liancheng Yazhi was very surprised. there's a stone inside. No wonder it's so heavy.

"However, this wood seems to be a bead that can be directly formed. How did the stone get in?"

Gu Hesheng explained to him, "using ebony that is over a thousand years old, cut it into fine powder and then wrap it around the agate layer by layer. It's a bit like the Han Dynasty's lacquer ware."

wrap it layer by layer, then press it firmly, air-dry it, and dry it for ten years. Every process is very cumbersome. When it's confirmed that it won't crack, we find a craftsman and carve it.

it's usually a Buddhist story. This one seems to be the story of the Kongtong Buddha under the Bodhi tree.

After Gu Hesheng finished, he could not help but praise, "this thing is very rare. You might not even find it in some of the most famous temples in the country.

"aiya, look at the carving. it's a work of art. the expressions of the people on it seem to be alive. "

Rong nuo opened her mouth in surprise and said, "wow, brother-in-law, you went out for a while and brought back such a thing. This Kasaya is worth a lot of money, Kasaya!

Gu Hesheng shook his head. it's not just expensive. I'll even agree to exchange it for ten pieces of bronze from Western Zhou.

He asked Liancheng Yazhi, "who is this friend of yours? can you ask him where he got this thing from?"

Liancheng Yazhi cleared his throat. I'll help you ask later. That friend of mine is injured now. It's not convenient for him to meet others.

"Then remember to help me ask."

"Yeah, I remember," Liancheng Yazhi nodded.

Gu Hesheng placed the Bodhi bead into the box and instructed Liancheng Yazhi, "keep this well. Since it's for Yingluo, then keep it well. Since this is placed in the shrine, then leave it here. You can just put it in Yingluo's room. You don't have to bring it with you.

"If it was in the past, only a truly enlightened senior monk would be qualified to provide for it. Qianqian is still young, wearing this thing will reduce her fortune."

“yes, i understand,” liancheng yazhi nodded.

Rong Yan was also very surprised, but she did not say a word. She was really afraid that Rong nuo would find out something if she continued to ask.

Rong Yan was sure that this was what Liancheng Yazhi had taken from Xia Xuanmo. liancheng yazhi stole a glance at rong yan, and the couple exchanged a look.

“oh right, where’s tang zong? didn’t he come back?” liancheng yazhi casually asked.

“En, not yet. I don’t know where he went. Brother-in-law, can I have a look?”

rong nuo looked at the box with eager eyes.

Liancheng Yazhi hesitated for a moment. He was afraid that Rong nuo would discover something, but after thinking about it, Xia Xuanmo did not leave any marks on it, so there should be no problem.

So, he nodded and handed the box to Rong nuo.

Rong nuo carefully opened the box. wow, Yingluo is so beautiful. Old Sir, you said that after the ebony is wrapped, it has to be air-dried for ten years. What if it cracks? ”

“If it’s cracked, then knock it off and do it again until it’s completely solid,” Gu Hesheng said.

rong nuo sighed,”this is really troublesome.”

gu hesheng laughed. ” that’s the only way to show your devotion to buddha. to a true buddhist, it’s a great honor to make this thing. not only will they not find it troublesome, but they will also be very grateful. ”

Chapter 2172: Yingluo’s first big day

Liancheng Yazhi watched from the side and sighed in his heart. If Rong nuo knew that it was brought back by Xia Xuanmo, he wondered if she would still pick it up.

In the end, Rong nuo did not see anything wrong with the string of Bodhi beads. After she looked at it, she quickly handed it to Liancheng Yazhi.

At night, Rong Yan asked Liancheng Yazhi, ” hubby, you said that I feel a little guilty when I see Rong nuo and Tang Zong not knowing anything.

Liancheng Yazhi sighed. He was the same.

He gently patted Lian rongyan’s shoulder, ” “Don’t even think about it. Tomorrow is our son’s one-month-old party. You’ll probably have to work the entire day. This is all for their own good. She and Tang Zong can only live happily if they don’t know anything.”

“i can only comfort myself like this.” rong yan nodded.

Half an hour later, when Rong Yan was about to fall asleep in a daze, Liancheng Yazhi suddenly asked him, ” “Honey, did the doctor say that we can have a normal married life after the confinement?”

rong yan didn't hear what he said at all and simply responded, "En, Zhenzhen."

Liancheng Yazhi happily hugged her and kissed her hard. "My bitter days are finally coming to an end."

Rong Yan was sleeping so soundly that she did not hear what Liancheng Yazhi said at all!

The next day, everyone woke up very early. Gu Hesheng had prepared red packets, and the servants at home stood in line. Every time they came forward to say a few auspicious words, they would receive a red packet from Gu Hesheng.

Therefore, the whole family was in a jubilant mood early in the morning.

The little master's one-month-old party. Even if the family was busy, they were happy because there were red packets. This red packet was almost half a month's salary.

gu hesheng was dressed in a festive, dark red tang suit with auspicious patterns embroidered on it. it was the traditional picture of a hundred seedlings in spring. it suited gu hesheng very well and made him look much younger.

Rong Yan saw Gu Hesheng and held his arm. "Dad, you look really good in this outfit." Gu Hesheng had just finished giving out the last red packet to the maid. He laughed and said, "haha, Yingluo will definitely look good. I usually don't want to pass this dress on."

"Have your breakfast first, then. I'll help Huahua change her clothes," Rong Yan said with a smile.

"oh, clothes. they were just delivered." Gu Hesheng pointed at a gift box on the table.

The embroidery workshop had specially rushed over early in the morning to deliver the custom-made clothes for Yingying.

Rong Yan quickly ran over. "i haven't seen it yet, let me see yingluo."

Rong Yan cried out in surprise when she pulled off the red silk ribbon and opened the box.

It was made of bright red silk and embroidered with various colored threads. The front was Magpie climbing the plum tree, and the back was five sons climbing the Imperial court. The cuffs and collar were auspicious clouds, and the buttons were made of very smooth and small Jade. It didn't look like a piece of clothing at all. It was simply a piece of handicraft.

No wonder Rong nuo had said that she had never seen such beautiful clothes.

Rong Yan wanted to reach out to take it, but after looking at it, she still didn't dare to take it. She praised, " " yingluo is really beautiful!!! "

If this was considered showing off his wealth, then at the full moon banquet, no one would be able to steal the limelight from this little fellow?

Rong Yan had long known that most of the people who came to attend the full-moon banquet this time had the intention to compare themselves. However, with this little guy around, those socialites and Noble ladies who wanted to dominate the scene and those who wanted to compete with the Liancheng family in terms of extravagance had to give up this time.

Chapter 2173: Mommy will definitely help you get it

Gu Hesheng looked at Rong Yan's silly look and laughed, "Silly girl, quickly go and change Yingluo's clothes."

"yup, yingluo, i'll be careful." Rong Yan went upstairs with the heavy clothes.

When she was stripping Yingluo naked, Rong Yan said, "Even your parents have never worn such good clothes before. You're really the most blessed person in the family."

As she said this, Rong Yan thought of MeowMeow again.

When they were

with that thought, rong yan suddenly didn't hate su yu as much.

When MeowMeow finished dressing up and ran over from next door, Yingying was already dressed. When she saw her brother, she clapped her hands happily. "Wow, little brother is so pretty."

Rong Yan patted

MeowMeow shook her head. no, I'm not a kid anymore. I already have a lot of clothes. They all look good.

Rong Yan lowered her head and kissed

Rong Yan knew that as parents, they shouldn't say such things to their child. She should teach MeowMeow to be humble, to be polite, to be sensible, to love her younger brother, and to be filial to her parents in the future.

But

Therefore, Rong Yan, as her mother, wanted to give her more, a lot of Kasaya.

Meowmeowmeowmeowmeowmeowmeowmeowmeowmeowmeowmeowmeowmeowmeow
eowmeowmeo

She lowered her head and kissed Yingying. mommy, look at how cute little brother is. He's so pretty.

“But our

Meowmeowmeowmeowmeow laughed happily.

At around nine O'clock in the afternoon, Liancheng Yazhi carried ran ran downstairs. The family members downstairs were already ready to go out.

Before he left the house, Gu Hesheng took out the kasayas that the two children were wearing.

He gave one each to MeowMeow and Yingying.

The two of them had the same, but the auspicious lotus pattern on MeowMeow's neck was more exquisite, and the gem was bigger.

Meowmeowmeowniuniu's neck said, "Grandpa, it's so heavy."

rong yan said softly, "baby, bear with it. this is a gift from grandpa to you. you can take it off after your brother's one-month birthday banquet is over. look, your brother is wearing it too."

Everyone was well aware of what a goddaughter was.

Some people couldn't help but want to laugh. The CEO's face suddenly turned red. He didn't know whether he should get in or not.

"President Xu, do you know about the rules I set before?" Liancheng Yazhi said lightly.

"Yingluo knows about this. Yingluo, you know."

"Since you already know, why did you do that?"

Liancheng Yazhi's question made President Xu speechless for a moment. He originally thought that the child's one-month-old party would not be so strict, but he did not expect it to be checked so carefully.

President Xu wiped his sweat, "this ran ran, this ran ran, this ran ran."

The woman behind him snorted and said, "He's already planning to marry me, so I'm his fiancée. How can I not be considered family?"

Without waiting for Liancheng Yazhi to speak, Secretary Zhou asked with a pleasant expression, "President Xu, may I ask if you're divorced? But you're single again?"

President Xu shook his head without even thinking. "no, no. ran ran definitely didn't."

from his attitude, anyone with eyes could tell that he was just having fun outside. his wife at home would not agree to a divorce.

Secretary Zhou laughed. since you're not divorced yet, miss. How are you considered my fiancée? "

The woman immediately hit him with her bag. President Xu: "Yingluo, didn't you say you wanted to marry me? didn't you say that you'd divorce that yellow-faced woman once you got home, yingluo?"

President Xu was so touched that he pushed her away. "You shut up, Yingluo!"

He turned around and said to Liancheng Yazhi, "I'm sorry for causing trouble for you, young master ya. I think I'm not going to participate in this event. I'm really sorry. Goodbye.

Liancheng Yazhi nodded and said goodbye.

President Xu was indeed a capable person. He started from scratch and built a family business. However, he also made the same mistake that most rich men would make.

this was just a small interlude. after entering, everyone quickly forgot about it.

There were many people at the banquet today, but it wasn't that complicated. It was just one invitation for two people, and they were all family, so there wasn't so much to worry about.

In the lounge, Rong Yan asked Liancheng Yazhi, "by the way, old man, did you send someone to pick him up?"

Suddenly, he wanted to write a story about Xia Xuanmo's rebirth after death.

Chapter 2175: The blood of the Liancheng family flows in her

Liancheng Yazhi looked at ran ran. The little guy didn't know anything and was sleeping just right.

he touched the child's pink face and said in a low voice, "He's gone, he'll be here soon."

Rong Yan heaved a sigh of relief. How could the child's grandfather not be present in such a situation? "Oh, that's good. I'm just afraid that you'll make a mistake."

"How can I?" Liancheng Yazhi laughed.

before the banquet started, the old man finally arrived. he looked very energetic. although he was still sitting in a wheelchair, his suit was well-ironed and his leather shoes were well-polished. his usually stern face actually had a smile, which surprised rong yan.

When they were seated, Liancheng Yazhi, Rong Yan, meow, and winter, as well as Rong nuo and Tang Zong, sat at the main table with old master Gu Hesheng.

Feng nongtang, ye nuanyang, and Gu youran, who had been specially invited, sat in the seats next to them.

Not long after the banquet started, many people came to Liancheng Yazhi in an endless stream to propose a toast.

Today was a happy occasion, so Liancheng Yazhi couldn't refuse. However, after drinking a few glasses, he let Tang Zong block the rest.

Halfway through the banquet, Xuxu woke up and Rong Yan hugged her in her arms to coax her.

The little guy's clothes were too dazzling. When he was carried out earlier, many people were already dumbfounded.

feng nongtang shouted at liancheng yazhi across the table, "Young master ya, your son's reputation is so domineering, and his clothes are too gorgeous, right? You're showing off your wealth, but don't you think about how we feel?"

tang zong chuckled. "if you manage to invite one of them, the inheritor of the intangible cultural heritage will embroider a set of clothes for you. you can show it off too."

Feng nongtang sighed. I can't help it. My father-in-law uses scalpels. I can't make him use scalpels to make clothes for my son.

Ye nuanyang glared at him and gave him a Pat.

it was a joke, but it was different in old master liancheng's ears. He put down his chopsticks and said coldly,"even if he's wearing this, he's still a member of the Cheng Lian family." &Nbsp;

These words caused the atmosphere on the table to quickly fall silent.

The old master was unhappy that the clothes for his grandson's one-month-old party had been prepared by his in-law, and he was even more unhappy that old master Gu was living in the Liancheng house.

The unhappiest thing was that when his grandson grew up, he would be closer to his grandfather and not his own grandfather.

Liancheng Yazhi frowned and was very unhappy. This banquet had gone smoothly and he had been very happy. He had thought that it would be fine as long as others did not cause trouble.

He didn't expect that the person who made him unhappy was his own father.

rong yan bit her lip and said, "the old man, my father, he's xuxu."

but before she could finish, gu hesheng laughed and said, "in-law, this child is your grandson and also my grandson. No one can change his surname. You see, you've already taken so much advantage of the time, place, and people. I can only give him a piece of clothing.

These words were all to say, "no matter what I do, no matter how many things I send to the child, his surname is 'Lian Cheng', and he has the blood of the Lian Cheng family, not the Gu family."

Gu Hesheng was trying to give old master Liancheng a way out, but at the same time, he was also taking a step back.

Old master Liancheng did not consider whether his grandson's one-month-old party would be successful, but he could not not consider.

As expected, the old man's complexion quickly improved.

It just so happened that another person came to propose a toast, so this matter was pushed aside.

Chapter 2176: Honey, did I say something wrong?

However, Rong Yan and Liancheng Yazhi were not particularly happy.

Rong Yan's heart ached for her father.

who would gu hesheng bow to in this life? However, for the sake of his daughter and grandson, he had to bow his head to old master Liancheng in public. It wasn't an exaggeration to say that he had to compromise.

In fact, he could have said, "his grandfather didn't prepare it for him, but I, as his grandfather, naturally had to prepare it."

However, he had chosen the method that would make him suffer.

people's hearts were made of flesh. between gu hesheng's treatment of rong yan and old master liancheng's treatment of her, there was no need to compare who was good or bad.

Even though old master Liancheng really liked this grandson of his, Wanwan had never done anything for him.

In that case, what right did he have to blame Gu Hesheng?

Could it be that even if he didn't do it, he wouldn't allow others to do it?

Other than what happened between master Liancheng, the entire one-month celebration ended in a full circle.

When they parted, the host and the guests were happy.

Feng nongtang was the last to leave among the guests. At the banquet, he also helped Liancheng Yazhi block a lot of wine.

Therefore, he was a little dizzy when he left. Before he left, he said, "the only regret is that master Xi didn't come. He didn't come. he drank some wine. Xuan Zi didn't come either.

At that time, everyone was there, and Tang Zong and Rong nuo had heard it clearly.

Ye nuanyang's expression changed immediately. She raised her hand and smacked Feng nongtang on the head.

"you talk nonsense when you're drunk. i'll let you off today, but if you dare to get drunk again, i'll take my son back to my parents' house to have a bath."

Ye nuanyang hurriedly said, "um, young master ya, I'll take Rong Yan Zhenzhen back first."

Rong Yan's expression did not change. She smiled and said, "okay. Goodbye."

Liancheng Yazhi called for a security guard to help ye nuanyang help Feng nongtang into the car. after they got into the car, ye nuanyang was furious.

Feng nongtang, who had been dizzy just now, covered his face and said in frustration, "Honey, did I say something wrong?"

ye nuanyang pinched him. "so, you still know that you're wrong!" he said.

Feng nongtang rubbed his face. I was a little dizzy at the time. I wasn't paying attention, and I slipped out. It was too late to take it back.

Actually, he had woken up in shock after he had said that. However, he had been afraid that the situation would become more awkward and that Liancheng Yazhi would beat him up, so he had continued to pretend to be drunk and had run away with ye nuanyang. Ye nuanyang poked Tang Zong's head and said, "you're really Hanhan. What do you want me to say to you? if you drink in the future, you're lucky that you only said that it's a pity that he didn't come and not that he's fine now. Alright, hurry up and leave. Don't stay here any longer. When you go back, you can't touch wine again."

Feng nongtang nodded. yes, yes, I won't drink anymore. Let's go. This is a place of trouble.

The couple was afraid that Liancheng Yazhi would cause them trouble, so they quickly ran away.

Meanwhile, in block a, the family who had not left yet was in an awkward atmosphere.

Rong Yan really wanted to say to Rong nuo, "don't mind it, that's what the wind made Tang say."

However, she felt that it would only make things worse if she said it, so she didn't say anything.

Liancheng Yazhi had the same thoughts as her. The more he said it, the more awkward it would seem.

Compared to me, it seems that Tang Zong and Rong nuo are more natural.

in the end, gu hesheng could not stand the weird atmosphere anymore, he cleared his throat, "Alright, let's go back."

rong yan hurriedly said, "yes, yes. it's time to go back. we've been busy for most of the day. everyone is tired. let's go back."

Chapter 2177: Let that nurse die

Rong nuo laughed. well, let's go home. You see, MeowMeow is so tired that winter is carrying her.

Everyone looked over and saw that MeowMeow was really lying on winter Tian's back, lazily like a kitten.

Rong Yan hurriedly said, "baby, come down quickly. The winter is also very tiring." &Nbsp;

"Auntie, I'm not tired. I like to carry MeowMeow on my back," Dong Tian shook his head.

Being able to carry

"I like it when Brother Winter carries me," MeowMeow nodded.

lian Cheng yazhi put his arm around rong yan's shoulder and smiled. "Let them be. Childhood sweethearts are all raised like this."

He was very happy that Dong Tian and

lian Cheng yazhi's words made rong yan smile. "alright, these two children haven't played together for many days. let them be."

Childhood sweethearts. It did sound like a beautiful term.

after these words, the embarrassment receded a lot. lian Cheng yazhi told the hotel manager a few things and let rong yan and the others get in the car first.

He only went up after five minutes.

Lian Cheng Yazhi had already seen Secretary Zhou giving him a look. It seemed like he had something to say, and it could not be said in front of so many people.

Therefore, Lian Cheng Yazhi asked them to go up first and deliberately avoided them.

Lian Cheng Yazhi asked Secretary Zhou. what's the matter? what's the matter? "

"Mr. Xia's leg condition has worsened today," Secretary Zhou said in a low voice. "The hospital is currently undergoing surgery."

Lian Cheng Yazhi was shocked. it worsened? didn't you say it was stable? why did it suddenly worsen? "

Secretary Zhou sighed. there was a nurse last night who was too careless and didn't close the windows properly. The temperature dropped again last night, so she was exposed to the cold wind all night. She started having a fever once it was dawn and she's not in her right mind anymore, Hanhan.

Lian Cheng Yazhi kicked the table hard, and it made a screeching sound. He shouted angrily, " "Let that nurse go to hell, Yingluo!"

Xia Xuanmo's condition had finally improved, but now it was all ruined by that damn nurse.

Secretary Zhou hurriedly said, " it's already been dealt with. The doctors are doing their best for the operation now. If the operation is successful, it can play a positive role.

Secretary Zhou looked troubled. it's just that the doctor said that we need to peel off the dead flesh and nerves around the wound. However, Mr. Xia's self-healing ability and immune system are very

weak. It's very slow to grow new flesh naturally on his own. So, we need medicine that is especially effective in healing wounds and has strong regenerative abilities.

Liancheng Yazhi did not think much and immediately said, "Come home with me and find Natsume,"

Secretary Zhou was puzzled, "but Natsume is not Yingluo."

He's in the field of biomedical science. Although he's not good at orthopedic surgery, he has some medicine. Take it back and let them use it.

"Alright, Yingluo."

Liancheng Yazhi hurriedly got into the car, and Secretary Zhou followed behind him.

"Eh, brother-in-law, Secretary Zhou is also going to the house?" Tang Zong asked while they were in the car.

"Yeah, there's a big deal in the company that needs my personal seal," Liancheng Yazhi replied casually.

Rong Yan smiled. When you weren't around, I even gave him your personal seal to use.

"Sigh, if only I had a Secretary as capable as Secretary Zhou. I wouldn't have to worry about anything." Tang Zong dragged his feet.

Rong Yan teased, "you're still worried?" How come I didn't see it?"

Chapter 2178: Give up

Tang Zong hurriedly nodded his head. I'm worried, really, big sister. My company is already in operation, but it's not earning much money. The reason is that I don't have a capable subordinate like Secretary Zhou.

Rong Yan laughed as she exposed Tang Zong. No matter what you say, your brother-in-law will not lend Secretary Zhou to you. You should just give up.

"Hehe, big sis, don't you want to expose me so quickly?" Tang Zong chuckled.

Tang Zong really wanted to borrow Secretary Zhou from Liancheng Yazhi for two days, but he was too embarrassed to say it. He had originally wanted to say it today.

In the end, before he could say anything, Rong Yan had already exposed him.

Liancheng Yazhi glanced at Tang Zong. I can't lend you Secretary Zhou. However, he has a few good people under him. I can lend them to you for a few days.

Tang Zong nodded his head repeatedly. Yes, yes, thank you, brother-in-law. If you say that he's not bad, he must be very good.

How could Tang Zong have known that if it wasn't for the fact that he was worried that what Feng Leng Tang said today would make Tang Rong and Rong Nuo feel uncomfortable, he would never have lent his company's people to Tang Zong.

After returning home, Liancheng Yazhi did not say anything. He first brought Secretary Zhou to the study room, quickly walked around, and then came down. He asked him to pretend that he was going to Natsume's place on the way.

However, when she went downstairs, she was pulled back by Tang Zong. Secretary Zhou, my brother-in-law said that you have a few good talents under you and asked you to lend them to me. Can you pick two good ones for me? ”

Secretary Zhou was anxious, but he still had to smile.”Okay, no problem. Since young master ya said so, I'll definitely help you pick a few good ones.”

“then can ran ran go and hug her tomorrow?”

Secretary Zhou nodded. I'll arrange for my men to be there as soon as I get back. I'm sure they'll be able to report to you tomorrow.

“Thank you very much then.” Tang Zong happily smiled.

“You're too kind. I still have something to do, so I'll be leaving first. Goodbye.”

Secretary Zhou heaved a sigh of relief when he finally left the living room. He then quickened his pace to look for Natsume.

When he saw Secretary Zhou Natsume, he immediately said, ” Mr. Natsume, young master ya asked me to look for you for a medicine that can quickly heal wounds, regrow muscles, and stop bleeding.

” oh, wait a minute, yingluo. ” natsume found a bottle from the pile of bottles that only he could understand with his marker and threw it to secretary zhou. he asked casually, ” what are you looking for this for? someone's injured? ”

Secretary Zhou did not want to say it at first, but after thinking about it, he said, ” it's a friend of young master ya'S. He was hit by a stone and injured his leg. The wound keeps acting up, and he had a fever at first. Later, the fever finally stopped, but because a nurse was careless and let him catch a cold, his body temperature rose, and his wound worsened. He immediately decided to cut off the rotten flesh and dead nerves around the wound.

Secretary Zhou explained everything in detail. He said all this because he wanted Natsume to know about Natsume's condition and see if he could give some good suggestions.

“that's quite unlucky,” natsume nodded.

Secretary Zhou saw that he had no other plans and was about to leave. However, he did not expect Natsume to throw him a thick test tube filled with blue liquid. The test tube's mouth was plugged.

Natsume said, ” here. If you still have a fever, you can get this shot. I've improved the medicine that was originally developed for Kang Xi. It has the function of reducing fever quickly.

“Thank you so much,” Secretary Zhou was overjoyed.

Natsume was curious and asked,”hey, who's that friend of young master ya's?” could it be kang yu?“

Chapter 2179: Secretary Zhou has a hidden illness

Secretary Zhou quickly shook his head. of course it's not about master Sheng's current condition. Our young master ya knows nothing about it. Young master ya, I'm not allowed to disclose it, so I can't tell you who it is. Please forgive me.

Natsume pursed his lips. it's fine if you don't say it. I don't care to know anyway.

just as he finished speaking, he suddenly went up to her. " "You really can't reveal anything? Aren't you going to say a little?"

Secretary Zhou's mouth was still like a gourd, not revealing a single word. "I'm really sorry, I can't."

Natsume gritted his teeth and glared at him as if he was shooing away a fly. go, go, go. Hurry up and leave. I hate you every time I see you, Hanhan.

"Thank you. Goodbye." Secretary Zhou bowed very politely and said goodbye.

I'm not saying goodbye to you, "Natsume said childishly. I don't want to see you again.

Secretary Zhou took the medicine and left Natsume's laboratory. When he walked to the door, he saw Rong nuo standing in the corridor from a distance.

Secretary Zhou paused for a moment, then bowed to Rong nuo from a distance, and then quickly left the office.

rong nuo felt a little strange and said as soon as she entered the room, "Brother-in-law, I just saw Secretary Zhou coming out of Natsume's laboratory. Wasn't he in a hurry to leave?"

Liancheng Yazhi thought for a while and said, Oh, Natsume's been suffering from some unspeakable illness recently. He's too embarrassed to go outside to see him, so he went to find Natsume.

Tang Zong was extremely gossipy. damn, Secretary Zhou actually has a hidden illness? brother-in-law, brother-in-law, what kind of soldier is he? "

Liancheng Yazhi glared at him. I already said that it's a hidden illness. Of course, it's not easy to say. You can guess it yourself.

Rong Yan almost spurted out. This guy actually said that Secretary Zhou had a hidden illness. If he knew about it, she didn't know how mad he would be.

Rong nuo's face showed that she understood. Oh, I understand. No wonder Secretary Zhou didn't look too good when he saw me.

Tang Zong laughed. of course not. It's like someone has discovered a secret that I've been hiding. How embarrassing would that be? "

rong yan sighed. only she and liancheng yazhi knew the reason for secretary zhou's embarrassment. forget about these two.

Rong Yan had always wanted to find an opportunity to ask Rong nuo why she felt awkward when she suddenly heard Xia Xuanmo's name today.

However, he saw that Rong nuo and Tang Zong did not seem to take it to heart. Instead, they were too nervous.

So she didn't ask.

if rong nuo was really able to face it normally, then she didn't need to ask unnecessary questions.

Outside, Secretary Zhou sneezed hard while driving.

He rubbed his nose and shook his head hard.

Could he have been infected with the flu when he was in the hospital?

Natsume's medicine was indeed very effective.

He quickly rushed to the hospital and asked the doctor to inject Natsume. In less than five minutes, Xia Xuanmo's body temperature quickly dropped to the normal human temperature.

The doctor was very surprised. Secretary Zhou, what kind of medicine is this? why is it taking effect so quickly? " I've never seen such an effective cooling medicine."

don't ask me where I got it from, " Secretary Zhou said. just tell me, after his body temperature drops, what are the chances of his surgery being successful? "

The doctor said, " actually, the surgery isn't that difficult. The most difficult thing is his recovery after the surgery. However, if his body temperature can be stabilized, it will greatly affect the recovery of the wound. The success rate will be 30% higher.

Chapter 2180: Can't forget, not because of nostalgia

Secretary Zhou nodded and handed the medicine to the doctor. that's good. Give him this medicine.

The doctor looked at the doodling on the bottle as if it was a joke. "What is this medicine? Did it pass the regular testing by the Food and Drug Administration?"

secretary zhou said coldly, " i told you to use it. just do it. hurry up. re-bandage the wound. use this medicine. "

Secretary Zhou didn't have time to tell them where the medicine came from.

After a long day, the family went to bed early.

"Nuonuo, will you still think of Xia Xuanmo?" Tang Zong suddenly muttered in the middle of the night.

Rong nuo leaned into his arms. I do. Sometimes, I do. I can't forget him.

some people have influenced you for too many years, affecting the most important turning point in your growth.

it was as if he had become a type of gene in your body. when you heard, saw, and did some things that you had done and said with him in the past, you would involuntarily think of him.

This kind of reaction was similar to when your body was thirsty and wanted to drink water. When you were hungry, you wanted to eat. When you were tired, you wanted to sleep.

Tang Zong hugged him tightly and said, "yes, I know Yingluo."

Rong nuo patted his shoulder. sleep well, don't think too much. I can't forget him, not because I still miss him, but because the memory he gave me is too deep, it has been engraved into my bones, and can not be erased.

"Yes, I understand."

The next day, Liancheng Yazhi woke up very early and got up very early.

Because he was worried about Xia Xuanmo's condition. Yesterday, Secretary Zhou said that his body temperature had been controlled, and the doctor said that he would have to wait until the next day for further diagnosis.

Therefore, Liancheng Yazhi had been waiting for a call since he woke up early in the morning.

He changed into casual sportswear and went downstairs to exercise.

He happened to see Dong Tian coming in from the main door. His head was still covered in sweat, and it looked like he had gone for a morning run.

However, he was holding a box in his hand, which seemed to be a package.

"What are you holding in your hand?" Liancheng Yazhi asked.

Dong Tian frowned and shook his head. I don't know. I got up at 5:30 am and went out for a morning run. When I came back, I saw this thing outside the door. I didn't see it when I went out.

"Give it to me," Liancheng Yazhi said.

Dong Tian handed it to him.

Liancheng Yazhi took a look and saw that there was nothing written on it. It was only wrapped tightly with tape.

"uncle, if this is a package from someone else, why is there nothing in it?" dong tian asked.

"It's fine. You can go train as a mechanic." After Liancheng Yazhi finished speaking, he took the package and turned to enter the house.

Dong Tian scratched his head. He felt that Liancheng Yazhi did not want him to know about the package.

Liancheng Yazhi went straight to the study with the things and placed the package on the table.

This thing reminded him of the last time, the gem called 'Angel's tear' or something else.

Liancheng Yazhi stared at it for half an hour before he finally took out a paper cutter and opened the box.

There was a square velvet box inside.

Liancheng Yazhi felt good and opened the box.

He saw that it seemed to be a music box.

Liancheng Yazhi hesitated for a moment, but in the end, he still twisted it a little. Then, a melodious melody immediately flowed out. It was a very strange song, and Liancheng Yazhi was sure that he had never heard it before.

Inside the glass ball, there were two little people spinning to the tune.

the two little people, a man and a woman, one black and one white, were pixiu.
