Chapter 2191: Thank you for still treating me as a friend

At the mention of his son, Liancheng Yazhi recalled something and said, "Oh, I just remembered something. The thing you gave me last time, my father-in-law said it was a Bodhi bead. It's very precious, no, it's very rare, extremely precious, a rare treasure. I haven't thanked you for giving me and my son such a big gift."

Xia Xuanmo smiled and teased, "really? It's called the Bodhi Pearl, I'm not too sure. If I had known earlier, I probably wouldn't have given it to you."

Liancheng Yazhi glanced at him. don't give me that. My father-in-law asked me to ask you. Where did you get that thing? " He's very interested in this thing."

Xia Xuanmo told him, " it was a gift from a local citizen. He said that it could be used to pray for blessings and ensure my safety. At that time, I really didn't know that it was so precious. If I had known, I would definitely not have dared to accept it.

Most of the local people were devout Buddhists, so it wasn't strange for them to have such precious Buddhist magic artifacts at home.

However, Xia Xuanmo didn't know the importance of this thing, but they must know.

However, they gave such a precious thing to Xia Xuanmo. It seemed that he was very popular there.

Liancheng Yazhi's heart was a little sour. He didn't know what kind of life Xia Xuanmo was living on the plateau and what he did every day.

However, anyone who could be loved by the people must have done something.

Liancheng Yazhi had a relaxed expression on his face. "Then my son has really earned a lot."

Xia Xuan mo nodded. yes, it's a profit.

"Does your leg still hurt?" Rong Yan asked.

Xia Xuanmo shook his head. it doesn't hurt anymore, really. If the doctor's healing speed continues to be like this, it may start to itch tomorrow.

he originally thought that rong yan would definitely not give him a good look when she saw him. he didn't expect that rong yan didn't make things ugly for him at all.

"Then it seems like you might be able to go to the ground in a few days," Liancheng Yazhi said happily.

xia xuanmo smiled. " i don't think so. my chengcheng's bones are also injured. even if the wound heals, it's still a matter of whether he can stand up or not. however, it's not completely hopeless for him to do rehabilitation in the future. "

When he said this, he was unusually normal, making people feel no pressure from his body. He seemed to not care about his legs being unable to walk.

Liancheng Yazhi frowned and said, "no, you will definitely be able to stand with your legs. Good orthopedists can't be cured in the country, but there are still good ones abroad. I don't believe that they can't cure you.

Xia Xuanmo was silent for a moment. Liancheng Xuanji, actually, I don't care about my legs now. Whether I can walk or not doesn't affect my life.

He was no longer the youth of his youth. His ideals had been twisted and turned, and had long changed.

It was just like him.

When he was young, he was also frivolous and unruly, but when he grew up, he became gentle and elegant in front of others. Now, Yingying became someone he didn't know how to describe when he looked at himself in the mirror.

"it doesn't affect you, but it affects me," liancheng yazhi said angrily. "i hope that my friends need to be in a wheelchair when they stand beside me."

I'm already very happy that you can treat me as a friend," Xia Xuanmo said seriously.

"But I'm not happy, Yingluo."

Rong Yan realized that Liancheng Yazhi's emotions had become agitated and she quickly called out, "Yazhi,"

No matter what, Xia Xuanmo was still a patient, so it was best not to get angry in front of him.

Chapter 2192: Don't miss out on the right person

"You two don't have to fight over this. The doctor didn't come to a conclusion either. It's just a guess now. After his wound heals and his bones are connected, he'll do his rehabilitation in the hospital and cooperate with the doctor. He'll be able to stand up eventually. Although it's not easy for a person to stand up, it's not easy for Hanhan to fall down either, right?"

xia xuanmo smiled at rong yan. "en, you're right. it's not easy to stand up, and it's not easy to fall down completely."

liancheng yazhi calmed down. "anyway, just cooperate with the doctor."

"I will. I won't joke around with my body."

Liancheng Yazhi also came here to see Xia Xuanmo. Just now, the little nurse said that it was best not to chat for more than two hours.

Seeing that it was almost time, Liancheng Yazhi pulled Rong Yan and wanted to leave.

Before he left, he hesitated for a moment and said, "That nurse is not bad."

"yes," xia xuanmo replied. "he's a good person."

"If it's suitable, Yingluo, don't miss it."

"i know,"

After she left, the room calmed down again.

Xia Xuanmo turned to look at the table, which was full of fruits and tonics. Some were from Feng nongtang, and some were from Liancheng Yazhi.

Secretary Zhou came over often and would bring something with her every time.

Among the gifts, there was a vase with two flowers in it. It was made by the nurse.

If it's suitable, don't miss it!

These words rang in Xia Xuanmo's ears.

he really didn't have the energy or time to think about this.

What was suitable and what wasn't suitable? with him in this state, no one knew what would happen in the future.

He didn't want to harm anyone, nor did he want to drag anyone down.

Moreover, he couldn't let go of any woman for the time being.

After a while, the nurse returned. She sneaked a glance outside the door and saw that there was no one in the room. She then said, "Mr. Xia, has your friend left?"

Xia Xuanmo looked at her. en, they've gone back. If you're busy, you don't have to come and take care of me. Go and do your work.

The nurse scratched her head. I don't have any other work. Mr. Zhou said that I only need to take care of you.

I see, Yingluo. Can you help me open the window? I want to take in some fresh air.

The nurse was a little troubled,"Mr. Xia, can you not open the window today?" The air quality outside isn't very good today, so Yingluo."

"Oh, then forget it."

The nurse said, "let me turn on the TV for you. I've been watching a TV series that's really good recently. It's a Chinese period drama. This is the first time I've realized that a Chinese period drama can be so good, Yingluo.

"sure," Xia Xuanmo was a very good-tempered person. If he wasn't two-faced, he would make everyone feel that he was very, very good, and it seemed that he wouldn't reject you.

The nurse happily turned on the TV and found the TV station that was broadcasting the TV series.

The nurse looked at him expectantly. "mr. xia, can i come over and watch it with you?"

not bad, Yingluo. these were the most likely words that Xia Xuanmo had said.

The nurse said happily,"thank you, Mr. Xia. I'll be back in a bit, ran ran."

She quickly ran out of the ward, and Xia Xuanmo was very confused. Didn't she want to watch a TV series? where were they going?

The result. In less than ten minutes, the nurse ran back again, but this time with a pile of snacks in her arms.

Chapter 2193: you're asking too much

melon seeds, potato chips, biscuits, chocolate, lollipops, jellies, sweet, salty, and all sorts of other things.

the young nurse moved a bench over and sat by the bed. "mr. xia, i'm eating in your room. you don't mind, right?"

"I don't mind. You can eat." Xia Xuanmo shook his head. The nurse was still young, and when she spoke, she was still a little naive.

The nurse smiled and her eyes narrowed. thank you, Mr. Xia. You're such a good person. Would you like some? "

no need. Xia Xuanmo shook his head. you can eat.

The young girl ate noisily while watching the TV. She was eating and watching seriously.

When she saw that one of the characters had been killed, she was so sad that she cried. As she cried and ate, she said, " "He's so pitiful, how can he die Yingluo, I really like his Yingluo."

xia xuanmo looked a little helpless. when girls watch tv shows, they always seem to be very emotional, just like rong nuo.

Xia Xuanmo was stunned for a moment, and he thought of Rong nuo again.

The nurse's current appearance reminded her of the time when Rong nuo was with him. Rong nuo had a small problem and had to eat when she was watching TV or movies.

so there were a lot of snacks in the house. if there were no more, xia xuanmo would ask his secretary to go to the supermarket to buy them.

Xia Xuanmo basically liked all the snacks that Rong nuo liked to eat.

his heart dimmed.

He knew what she liked to eat and what she liked, but at that time, he had forgotten that she hated being cheated and betrayed.

The little nurse kept talking to Xia Xuanmo. At first, Xia Xuanmo would reply to her, but then there was no sound.

The little nurse called out a few times, and Xia Xuanmo finally came back to his senses.

"Mr. Xia, what are you thinking about?" she asked.

Xia Xuanmo paused for a moment. I'm thinking about ran ran's past.

The nurse struggled for a moment. is Qianqian thinking about her ex-girlfriend? " she asked.

Xia Xuanmo glanced at him and said,"yes, Zhenzhen."

the nurse was young, after all, and no matter how good she was at hiding her emotions, she still revealed some clues. a trace of disappointment flashed in her eyes, and she quickly lowered her head. ” for someone like you to be unable to forget her, hanhan must be a very good hanhan. ”

xia xuanmo replied,”yes, she’s very good, zhenzhen.”

The nurse’s serious dejection worsened. then, Wanwan, you, why did you break up with her, Wanwan? ”

you’re asking too much, ” Xia Xuanmo said lightly.

The young nurse realized that she had gone too far with her question, so she quickly said,”I’m sorry, I’m sorry, Yueyue. It wasn’t on purpose, I just missed Yueyue.”

Xia Xuanmo didn’t let her finish. I’m a little tired. I want to rest. Turn off the TV.

“Oh, Yingluo, okay, Yingluo, I’ll turn it off.” The nurse was very hurt. She stood up in a hurry, and the snacks in her arms fell.

The unwrapped potato chips fell out, and she blushed in embarrassment. She quickly went to get a broom and apologized to Xia Xuanmo, ” “I’m sorry, Mr. Xia. I’m too stupid. I’m sorry, Yingluo.”

it doesn’t matter, ” Xia Xuanmo said. just clean it up.

In the chaos, the nurse cleaned up the snacks on the ground and left the ward helplessly.

she stood outside the door and patted her head.

How could she be so stupid? Mr. Xia disliked her even more now.

Chapter 2194: we both know

on the way home, rong yan was a little excited. ” “That little nurse Xia Xuanmo is definitely interesting.”

Liancheng Yazhi said, “yes, it must be interesting. I’ll ask Secretary Zhou to make some adjustments later. Xia Xuanmo will have more time alone with that little nurse.

“are you trying to matchmake us?” rong yan raised her eyebrows.

Xia Xuanmo needs someone to take care of him in the future. Besides, he can only lose his feelings for Rong nuo when he has someone by his side. It’s good for everyone.

rong yan nodded. the grudges between them and xia xuanmo were now gone.

She didn’t want Liancheng Yazhi to worry about her too often.

Therefore, it was best for Xia Xuanmo to have someone by his side to take care of him and accompany him.

I think that nurse looks like a good person. She knows how to take care of people. That’s good.

“It’s pretty good.” Liancheng Yazhi’s lips curved up.

“are you going home now?” rong yan asked him.

“Why don’t we have lunch outside?” Liancheng Yazhi pondered for a while.

Rong Yan rolled her eyes at him. forget about this Yingluo. What’s your son going to eat if I don’t go back? ”

Liancheng Yazhi,”Yingluo.”

Rong Yan saw that it was still early. I’m going to Gu youran’s place. I didn’t even have a good talk with him at the one-month-old party last time.

So the driver made a turn at the intersection ahead and arrived at 6:30 pm, which was Gu youran’s time.

As soon as the car stopped, Liancheng Yazhi saw a military jeep parked outside.

Without even looking at Liancheng Yazhi’s license plate, he said,”Oh, Tang han is here too?”

“Let’s go in and take a look.” Liancheng Yazhi pulled Rong Yan in.

Seeing them, Gu youran’s face was full of joy, ” “Why are you guys here?”

Rong Yan walked forward. I had something to do. I passed by and came to see you.

just in time, ” Gu youran said. I just baked a cake. Wait a moment, try it and see how it tastes.

liancheng yazhi saw tang han sitting in the shop and drinking tea. he walked over.”what are you doing here?”

“This is a store open to the public. Why can’t I come in?” Tang han smiled.

“I heard from Tang Zong that you’ve been very free recently?” Liancheng Yazhi sat opposite him.

“Not too busy.” Tang han nodded.

” what’s wrong? ” liancheng yazhi teased. ” are you planning to bid farewell to your previous attitude and enjoy life? ”

tang han nodded,”i do have such a plan.”

“Isn’t it good to enjoy life while protecting our country?”

Liancheng Yazhi glanced at Gu youran. it’s pretty good. But I don’t think your life will be complete.

Tang Zong had already said that Tang Zhen had plans to chase after Gu youran, but he had not made any moves.

Tang han paused for a moment. I don’t know if my life will be complete. But I will work hard.

Liancheng Yazhi nodded. The feeling of talking to Tang han now was completely different from the past. He had become a lot more free and honest than before.

“Have you been on vacation recently?” Liancheng Yazhi asked him.

tang zhen shook his head. ” no, i’ve already started working. however, it’s true that i’m not too busy. ”

Liancheng Yazhi rolled his eyes and said, "let me ask you something, Yingluo."

"Don't. I can't help you with the matter you asked." Tang han interrupted him before he could speak.

"i haven't said anything yet." Liancheng Yazhi spread his hands.

Tang Zhen put down his cup. even if you don't say it, I know what you're talking about. We both know about this. It's better not to mention it because I really don't know.

Chapter 2195: Don't even think about leaving if you don't say it

"I don't believe you." Liancheng Yazhi looked at him for a while and said these three words.

Tang han shrugged. it doesn't matter whether you believe it or not. I really can't help you.

"You really can't help?" he asked.

"i really can't help."

Liancheng Yazhi snorted in his heart. He didn't believe that Tang han didn't know anything.

"Alright, I'll change the topic," he said.

"Have there been any personnel transfers from your higher-ups recently? A transfer above the rank of Colonel?"

"Yes, but those are normal movements. It's not what you're thinking." Tang Zhen nodded.

"i don't believe it." liancheng yazhi shook his head.

Tang han sighed. if you don't believe me, then there's nothing I can do. I'm telling the truth.

the two of them were now talking like old friends, completely different from the previous confrontation.

Liancheng Yazhi rolled his eyes at him. you're getting more and more dishonest. Tell me, has there been any news of Qianqian's court hearing in the military court recently? "

In the past, when Tang Zhen spoke to you, he would only say if he did. If he didn't, he wouldn't say anything. You know that what he said is definitely true.

However, Tang Zhen was much more tactful than before. You have to think twice before he speaks.

Tang han shook his head. No. There's no movement at all. The entire Army is very calm.

When Tang Zhen said calm, he emphasized this word.

This also told Liancheng Yazhi that the so-called peace was actually strange.

Liancheng Yazhi glared at him. this kind of calmness is strange in itself. I won't beat around the bush with you. Tell me, how much do you know about Kang Yu? " Tell me everything you know and can tell me. "

"I already said I don't know. Even if I knew, I can't tell you all of that, right?" Tang han laughed.

Liancheng Yazhi pushed away the glass of water in front of him. then tell me everything. If you don't tell me today, don't even think about leaving.

you ... Tang han knew from the moment he saw Liancheng Yazhi that he couldn't escape today. He wouldn't stop until he got something out of his mouth.

Tang han said in a low voice,"I don't know much about Kang Zheng, to begin with, and I've only found out about it through other channels. He's currently in custody, isolated and interrogated. You don't have to worry about the punishment, with his status, no one would dare to punish him. Besides, he's a hero, and the interrogation this time is only to investigate some suspicious points. House Kang and the old man's house haven't done anything these days, and this proves that even though Kang Zheng is temporarily out of the law, there shouldn't be any big problems. How can those two clans be so peaceful?"

liancheng yazhi heaved a sigh of relief. this was the first time he heard news about kang zhen after he returned to the army. this made him feel less worried these days.

"When will he come out?" Liancheng Yazhi asked.

Tang Zhen said in a low voice, " I'm not sure. I guess there aren't many suspicious points about him. It'll be over soon. That Jian Jia, mu weibai, has already been released. So, I, Kang Zhen, shouldn't be able to manage him for long.

"Mu weibai is out?" Liancheng Yazhi was surprised.

Tang han nodded. yes, I did. However, he has been transferred out of the capital. You won't be able to see him now.

Liancheng Yazhi was silent for a while before he suddenly cursed, " f * ck you, and you just told me that the transfer of personnel is a normal transfer? "

Chapter 2196: Yeah, I'm threatening you

Tang han had an innocent look on his face, " isn't his transfer also within the normal range of personnel mobilization? "

f * ck you! Liancheng Yazhi was speechless for a moment.

This was the first time that he had been defeated by Tang han after meeting him so many times.

In the past, only Tang han was angered speechless by him. Today, it was the opposite.

"Although mu weibai and you helped to rescue Kang Zhen, this is a Meritorious Service. However, he disobeyed the organization's arrangements and left the team on his own. He ignored the orders of his superiors. This is his mistake."

the merits and demerits offset each other. His promotion is an acknowledgment of his merits. Transferring him out of the capital to another place is his punishment. It's normal for the higher-ups to make a decision after careful consideration, and it's very correct.

The corner of Liancheng Yazhi's mouth twitched. Tang han had changed completely after the last injury.

Even his speech had become eloquently eloquent. This really made Liancheng Yazhi feel deeply displeased!

Liancheng Yazhi squinted at him for a while and said, "Tang han, you're not cute at all right now, really!"

Tang han spread his hands. really? I think I'm doing very well right now."

Liancheng Yazhi slammed the table. you didn't say anything to me, did you? I won't do anything, and I don't have the ability to affect the decisions of your superiors. I just want to know about Kang kun's situation. What's the use of you telling me? "

Tang han repeatedly said,"don't undervalue yourself. Only you know your own abilities. Besides, I really don't know what's going on."

"Sure, it's up to you whether you want to say it or not." liancheng yazhi glanced at gu youran and rong yan and said in a low voice, "I'm going to find Gu youran now. Do you believe that I have a way to make sure that she will never let you step into this place again? "

liancheng yazhi knew that no matter how much tang han changed, his biggest weakness was gu youran.

As long as he caught this, Tang han could only obediently submit in the end.

"You dare to threaten me?" Tang Han's expression instantly changed.

Liancheng Yazhi nodded and said,"yes, I'm threatening you!" Are you going to tell me or not?"

Tang han gritted his teeth,"why are you so cowardly?"

Liancheng Yazhi silently said in his heart. Sure enough, Tang han, who was so angry that his face was red and his neck was thick, looked cuter.

Tang Zhen was helpless,"alright, I'll tell you about Yingluo."

He was helpless now that Liancheng Yazhi had seized this weakness.

tang han rubbed his forehead. "i'm not sure about kang zhen's situation. the higher-ups didn't let me participate at all. the people who are really involved in this matter are all the higher-ups, and they're all concerned about the military secrets and homeland security secrets that he's involved in. i can't understand them either. anyway, kang zhen has lost his freedom now. however, the higher-ups are more interested in kang zhen's current abilities."

you know better than I do what level his personal ability has reached. How can I not be curious? "

Liancheng Yazhi naturally knew how freakish Kang Yu's ability was now. It was understandable that the higher-ups were afraid of his ability and controlled him.

“Just tell me if he’s in danger now, and when he’ll be able to get through the critical period ...”

Tang Zhen thought for a moment. when the higher-ups confirm that he is not a suspect and that his superpower won’t cause any danger to the country, they will let him go. Moreover, once the security crisis is resolved, Kang Zhen will face all kinds of rewards.

Chapter 2197: The sudden car accident

lian Cheng yazhi’s face was still cold. after a while, he slammed the table. “Alright, I’ll believe you for now.”

Tang Zhen laughed, “actually, you can ask Kang Zhen’s father and Qianqian’s grandfather about this. They definitely know more than me and they will tell you everything.

Lian Cheng Yazhi pursed his lips. Forget it. When he was young, he got into trouble with Kang Yu and was taught a lesson by Kang Yu’s father a few times.

Moreover, Kang Zhen’s father was very violent. He taught his son a lesson using simple and violent means.

It was the same when dealing with the few of them. He did not treat them as outsiders at all.

Therefore, this had left a little shadow in Lian Cheng Yazhi’s frivolous years.

Kang Yu’s grandfather, on the other hand, looked gentle.

How gentle could a person who was suitable to step down from the position of the Empire’s commander be?

Lian Cheng Yazhi really did not like to deal with them.

However, from Tang Zong’s words today, Lian Cheng Yazhi finally understood.

What he meant was that at most, Kang Xi would be interrogated for a longer period of time. He didn’t need to worry about his safety at all. Even if someone wanted to harm her, they would have to see how much of a pervert Kang Xi was.

After eating the cake, Rong Yan packed a few portions and planned to go back. She looked at Lian Cheng Yazhi and said, ” “Hubby, it’s time to go home.”

Lian Cheng Yazhi nodded and said, ”alright, Yingluo.”

He quickly whispered to Tang han, “Don’t waste it. Tang Zong said that even if Gu youran’s heart softened, with Gu liunian around, it’s impossible for the two of you to be together.”

Tang han smiled bitterly. I know it’s impossible. But I still want to work hard. I’ve already said this.

Lian Cheng Yazhi stood up. up to you. I’m leaving. Goodbye.

However, Tang han also put on his hat. I should go back too. I have a meeting in the afternoon.

Lian Cheng Yazhi looked at him in confusion. “I’m not going the same way as you.”

“I don’t think so.” Tang han smiled.

“then i’m relieved.”

Liancheng Yazhi, his wife, and Tang han left the cake shop almost at the same time.

Rong Yan saw that Liancheng Yazhi’s mood seemed to have improved a lot and asked him, ”
“You’re so happy. What do you want to do when you go back?”

Liancheng Yazhi grabbed her hand. find a wife for Kang Yuchen. No, an ex-wife.

“ah?”

“i’ve promised kang zhen that i’d let him return to the team. i’ll help him find his ex-wife. if he comes out and finds out that i didn’t even send anyone to look for her, he’ll kill me with a finger.”

“Haha, that’s true.”

The two of them walked towards their parking space as they spoke. Tang Han’s car was parked nearby, so he got in the car early. He waved at Liancheng Yazhi. “It seems that I’ll be leaving first. Goodbye.” Liancheng Yazhi glared at him. go your way. Be careful of an accident.

This was an unintentional sentence, and it was a joke, but he did not expect it to suddenly become a crow’s mouth. His words came true almost instantly.

Just as Tang han sat in the car, before he could even buckle his seat belt, a black sports car without a photo suddenly appeared. It drove very fast and rushed out of the road. It rushed out of the guardrails, rushed to the sidewalk, and rushed to the parking space in front of the cake shop. Then, it slammed into Tang Han’s car.

Rong Yan only had time to let out a scream, and the cake in her hand fell to the ground in this huge change.

liancheng yazhi pulled rong yan behind him almost instantly and backed away quickly, in case the car, which had already died, suddenly started again.

Chapter 2198: You can struggle at death’s door, but I can’t

the car accident happened so quickly that no one could react in time.

After the loud noise, the door of Tang Han’s Jeep instantly caved in. The glass windows were all shattered and the situation of the person inside was unknown.

rong yan was completely stunned. liancheng yazhi protected her and retreated to a safe position. then, he quickly called the ambulance and the police.

After the call, he comforted Rong Yan,”it’s okay, don’t be afraid of Yingluo.”

Liancheng Yazhi’s brain worked quickly. The car just now definitely did not drive out of the lane for no reason. It was intentional.

his driving speed had already exceeded the city’s highest speed. after he rushed out of the guardrail, his target was very clear. it was tang han’s car.

This was obviously aimed at Tang han, and it was Wufu who wanted his life.

What kind of hatred was so deep that it would make a person commit such a crime in the city center?

Liancheng Yazhi still had lingering fears and was very regretful. Although he knew that the car accident would still have happened even if he had not said that, he still felt that it would have been fine if he had not said it.

The loud noise outside the car made everyone in the cake shop run out.

When Gu youran saw that Tang Zhen's car had been completely destroyed, she was so frightened that she lost her voice on the spot. Her body swayed a few times and she almost fell. Fortunately, the shop assistant next to her caught her.

However, she pushed the shop assistant away and rushed to the car that had been hit.

Liancheng Yazhi frowned. The car was already starting to smoke. If it caught fire, it would explode soon. He had to quickly move the people inside out. Liancheng Yazhi hugged Rong Yan. stay here and don't move. I'll go and take a look. Remember, don't move and wait for me here.

Rong Yan nodded hard.

liancheng yazhi ran over, but before he could reach the scene, he heard gu youran's mournful cry, "Fleeting years darling, why are you here? why are you here?"

Liancheng Yazhi stopped, his mind unable to process what was happening.

After a while, he finally realized that the person who was being yelled at by Gu youran was her biological sister, Gu liunian.

He was the one who caused the car accident.

The person who had a grudge against Tang han.

Liancheng Yazhi sighed. It turned out to be an endless Family Feud.

he once again raised his foot and stepped forward. no matter what, he had to pull tang han out first.

When he was in front of the car, the door of the black sports car was pushed open by a bloodied hand. A woman with long hair draped over her shoulders, crazy eyes, and an extremely enchanting face got out. There was a smile on her lips, and it was a ferocious smile.

She said to Gu youran, "I didn't want to live for a long time. If he wasn't still alive, I wouldn't have stayed in prison for so long. Yingluo, this time, if he doesn't die, I'll die, Yingluo.

Gu youran grabbed Gu liunian and shook him,"are you crazy?" You're really crazy, Yingluo. You're killing people, don't you know you'll die too?"

Gu liunian flung her hand away, his eyes filled with deep hatred. I want to die with him. Gu youran, I've long gone crazy. I'm not you. My biological parents were forced to their deaths and my biological sister was framed and sent to jail. How can I give birth to his child with a clear conscience and still flirt with him? "

With a crisp slap, Gu youran's hand went out of control and hit Gu liunian. shut up, Yingluo.

Gu liunian sneered and pushed Gu youran to the ground. “You’re angry from embarrassment? You can struggle to survive, but I can’t. You can forget that you have the Gu family’s blood flowing in you, but I can’t.”

Chapter 2199: Gu youran, do you know how disgusting you are?

Gu youran looked at her own hand and couldn’t believe that she had actually hit her just now. She had always felt that she owed her sister and had always wanted to make it up to her after she was released from prison.

she had never thought of making a move on gu liunian.

Gu youran panicked,”f * ck!”

However, when she thought of what Gu liunian had said just now, she couldn’t help but feel sad. liunian, I’m your biological sister. It doesn’t matter what others say about me. How can you say that about me? how can I think of myself as a member of the Gu family? ”

Gu liunian laughed coldly. She looked like she was mentally ill. However, it made sense. How normal could a person who had a blood feud and had been in prison for six years be?

Gu liunian sneered. Humph, Yingluo, I think you’re my biological sister. But what about you? you’ve long forgotten how your parents died. You’ve also forgotten how your sister was imprisoned. At this moment, Liancheng Yazhi and a shop assistant worked together to carry the unconscious Tang han out of the car.

After Gu liunian saw this, he laughed out loud. “Do you know why I was the one who went in that year? “That’s because this man doesn’t want you to go to jail. So, Yingluo had to sacrifice me. You used the lives of your entire family to fulfill your own happiness. You used your sister’s youth and freedom to fulfill your so-called righteousness. Do you think you’re so great? Gu youran, you’re really disgusting, do you know that?”

Gu youran was instantly stunned. Gu liunian’s words had exposed the past that had long been deeply buried.

She could not believe that her younger sister, who had just celebrated her eighteenth birthday, was actually a prisoner who had replaced her.

Gu youran couldn’t believe that all these years, she had been living a life that she thought was difficult and difficult. She had fallen from heaven to the mud, but her younger sister, who was two years younger than her, had exchanged her freedom for it. It was the best life that her family could give her after they were broken.

however, at that time, she was complaining about the injustice of the heavens, complaining about why her parents couldn’t support her for a few more years, and why they left her alone and left the world in a daze.

Gu youran suddenly felt that she was filled with sins that could not be washed away. What right did she have to complain to Gu liunian about how hard her days had been? He even said that she was pregnant with her enemy’s child and that she was in so much pain.

What right did she have to stand in front of Gu liunian and shout?

After everything was taken off, Gu youran was so ashamed that she could not show her face.

The tears in her eyes flowed down unconsciously. Her lips trembled as she asked, "Why didn't you say so earlier, Yingluo?"

Gu liunian said in disdain, "you said so earlier?" it's because i'm stupid, yingluo. my sister is so innocent and kind. if yingluo knew about this, she would blame herself and feel so guilty."

"But after I came out, I realized that everything I did for you was in vain."

gu liunian pointed at tang han on the ground and said, "look at you, Yingluo, you still feel sorry for this man. Your love for him was built on the ruins of the Gu family. Don't you think that this kind of love is great?"

Gu youran covered her ears and shook her head frantically. "Liunian, don't say anymore, I beg you, don't say anymore, I beg you,"

gu liunian walked up and grabbed gu youran's hand. "Why aren't you saying anything? you can't take it, can you? You can't bear to listen anymore?"

Chapter 2200: hatred to the death

look at you, Yingluo, you're still like this. You've been the same since you were young. When you encounter something you don't want to admit, you'll run away, run away from your crimes, run away from your responsibilities, run away from the punishment you deserve in your heart, and then live your life with a clear conscience. You even have to act like the whole world owes you.

gu youran's face was already covered in tears. she sat on the ground and cried, "I'm sorry, I was wrong, Yingluo, I'm sorry, Yingluo, I'm sorry, Yingluo."

Gu liunian flung Gu youran's hand away and sneered, "I don't need to hear the word" sorry "anymore."

what she needed now was not an apology, but to let tang han die.

lian Cheng yazhi glanced at the two sisters and sighed.

Was this a drama where sisters turned against each other?

From the situation just now, Gu liunian didn't only hate Tang Zhen. Perhaps Wanwan hated Gu youran even more.

That was because she felt that Gu youran had been very efficient all these years. She had enjoyed the sacrifice of her entire family and had even been entangled with her enemies.

gu liunian felt that gu youran had trampled on the entire family's lives, her freedom, and youth.

However, Gu youran was her sister and her only family member in this world.

She hated her, but she couldn't do anything to her.

Lian Cheng Yazhi shook his head. This pair of sisters, no matter who they were, were ultimately a tragedy.

He looked at the time. The police would be here soon. When the time came, he would hand all these over to the police.

Liancheng Yazhi walked towards Rong Yan. He was glad that Rong nuo and Rong Yan had a very good relationship, even better than biological sisters.

He took off his coat and put it on Rong Yan. "Let's go back,"

rong yan had already recovered and asked,"what happened?" Why are you quarreling?"

rong yan was standing a little far away, so she couldn't hear them clearly, but she could tell that the two of them were arguing.

Liancheng Yazhi briefly explained to Rong Yan, the person who hit Tang han with her car was Gu youran's biological sister, Gu liunian. She wanted to die together with Tang han.

Rong Yan exclaimed,"ah?" It's her, Yingluo."

She had heard from Tang Zong once that Gu liunian had been imprisoned because of Tang han, so she hated Tang han very much.

however, he didn't expect that it had already reached such a point where they would not rest until one of them was dead. it really made him sigh.

Liancheng Yazhi looked at the two sisters. "Their matters can't be explained anymore, Zhenzhen."

If it was just a simple family Feud, it would be fine. But this involved love, so it was a mess that was difficult to sort out.

If Gu liunian wasn't around, Gu youran might really soften her heart in a few years.

But with Gu liunian around, Yingluo wouldn't let them get their wish.

The sound of an ambulance could be heard, and in the blink of an eye, the ambulance was right in front of them.

"Let's go!" He patted Rong Yan on the shoulder.

The ambulance and police car arrived at the same time. The nurses and doctors quickly jumped out of the car and treated the injured Tang Han's wounds. Then, they quickly carried him into the car and left.

The police were left to handle the accident.

It wasn't rush hour, and it wasn't the weekend either, so there were very few people around. Only Liancheng Yazhi and his wife had witnessed the entire car accident.

So, when the traffic police arrived, they were stopped when they were about to leave.

Liancheng Yazhi did not hide anything, nor did he exaggerate anything. He did not go to the wrong direction, and he told the whole story in the tone of a passerby.

The traffic police officer who asked the question probably just graduated not long ago. He asked, "When she was driving off the road, did you notice any unusual behavior? Or an expression?"
