Chapter 2201: Seeking death

He wanted to judge from Liancheng Yazhi's words whether Gu liunian's collision was an accident or a premeditated plan.

Liancheng Yazhi smiled. I was standing quite a distance away from here. How could I see the movements and expressions of the people in the car? ”

The tears on Gu youran's face had already been wiped clean. Although her eyes were still red, she was much more energetic. She said to the traffic police, I'm sorry, officer Cha. This is my sister. She's here to see me, but she just learned how to drive and isn't very familiar with it. She mistook the brake for the accelerator, which caused this accident.

Liancheng Yazhi glanced at her. He didn't expect Gu youran to say these words. She was trying to exonerate Gu liunian.

but just as she said that, gu liunian said, ” “I'm doing it on purpose, Yingluo.”

Liancheng Yazhi and Rong Yan's colleague took a deep breath. This Gu liunian really wanted to die.

The traffic police officer subconsciously asked,”what did you say?”

my sister said that he didn't do it on purpose, ” Gu youran quickly explained. she knows her mistake.

The traffic police officer probably didn't hear her clearly. He shook his head and said, ” ” it's not okay even if you know you're in the wrong. look at the state he was in just now, and he's a colonel. if no one died, i'd probably be sentenced to a few years in prison. but if someone died, that's not okay. ”

Gu liunian sneered a few times. However, this was still the result. To her, there was nothing more important than Tang Han's death.

“what's with your attitude?” the traffic police reprimanded.

Gu youran stood in front of Gu liunian and apologized to the traffic police, ” “My sister Yingluo has been agitated and her mental state is not normal. I'm sorry for Yingluo.”

The traffic police saw that they had finished asking questions and the two cars that had been involved in the accident had been towed away.

alright, come with me, ” he said. such a big incident has happened. No matter what, we'll detain you first.

Gu youran was so anxious that she stopped the traffic police. wait a minute. Can you please make an exception? can you not detain him for now? ”

the traffic police said, ” the car is in such a state and she's still in the hospital. we don't know if she can be saved. the perpetrator is still out there enjoying himself. do you think it's appropriate? ”

Just as he finished speaking, Gu liunian reached out his hand. “Let's go, Yingluo.”

Seeing that Gu liunian was so cooperative, the traffic policeman said, ” “forget it, i don’t need the handcuffs. get in the car.”

Liancheng Yazhi asked the traffic police,”then we have nothing to do, right?” We’ll be leaving now.”

The traffic police didn’t even have time to nod.

However, just as he finished speaking, the police officer who was investigating the scene said, ” “No, we need you to come back with us to the police station to record a statement.”

“But, we’ve already talked about it,” Liancheng Yazhi frowned.

the police officer said, ” i’m sorry, sir. please cooperate with us. our work is different. he’s not in the same department as us. you have to come back with me to the police station to record an official statement. ”

“Also, we might have to take the female driver who caused the accident away first,”

The traffic police pursed his lips. They were all police officers, but don’t think that the criminal Police were much better than the traffic police.

Even though she said this in her heart, she still handed Gu liunian over to the police.

Liancheng Yazhi was very reluctant to ask for a statement, but after thinking about it, Tang han had gotten into trouble after he had finished speaking today. He felt a little apologetic in his heart, so he said, okay, we’re your match. But, our car is here. We’re going to drive our own car to the police station.

“Of course you can.” Police Cha nodded.

Of course, as long as he could go.

Chapter 2202: Can’t let go of hatred

On the way to the police station, Rong Yan leaned on Liancheng Yazhi’s shoulder and sighed. as usual, Gu liunian ran over someone with his car, but why don’t I find ran ran annoying? ”

Liancheng Yazhi recalled Gu liunian’s crazy look and said, ” “Because she is indeed very pitiful.”

She had been imprisoned for six years in place of her sister, and it was hatred that kept her from falling.

She wanted to take revenge, but after she was released from prison, she found out that her sister was entangled with the enemy and even gave birth to the enemy’s child. Moreover, her hatred for the entire family had faded a lot.

How could she take this?

to her, her sister had trampled on her sacrifice and betrayed her and the gu family.

In comparison, Gu liunian was a tragic person.

Compared to her, Gu youran seemed to only bear the burden of what happened between her and Tang han. She loved him but could not get him. She hated and loved Tang han at the same time. Compared to Gu liunian, her hatred was indeed much more shallow.

Rong Yan didn't hate her because she remembered that she used to be like Gu liunian. There was only hatred in her heart, only hatred.

Fortunately, she met Liancheng Yazhi later and he got over it.

Rong Yan sighed and leaned her head on Liancheng Yazhi's shoulder."How is Tang han?"

I don't know, but his injury should be very serious. Fortunately, his car is more resistant to impact, so he didn't have to suffer much impact. Otherwise, he might have died on the spot.

"Then, won't gu liunian be going to prison again this time?" Rong Yan sighed.

Liancheng Yazhi shook his head. I'm not sure. I think she's seeking death. I don't know what else ran ran will do.

Even though he had only met Gu liunian once, the impression she left on him was too deep.

Liancheng Yazhi's impression of her was only one word-crazy.

she had gone completely crazy. all her hatred and resentment had been triggered from the bottom of her heart. the current gu liunian was actually just a walking shell. the only reason she lived on was hatred. the only belief that supported her to continue was that unforgettable hatred.

Rong Yan sighed and didn't say anything else.

The sudden turn of events today had shocked them.

The last time Tang Zhen was injured, he was discharged from the hospital not long ago. This time, he suffered even more serious injuries.

Gu youran was caught between Tang Zhen and Gu liunian.

Gu liunian, on the other hand, disregarded his own safety and risked everything to make Tang han die.

this feud that had been caused by their previous generation might continue.

Even though it was said that revenge would never end?

there were also people who said that it was better to let go of the hatred and continue to live happily.

In fact, this was all nonsense. The person who said this definitely had not experienced the destruction of his family and had not carried a blood feud.

If it was so easy to let go of hatred, there wouldn't be all grudges in this world.

After arriving at the police station, Liancheng Yazhi and Rong Yan took their statements separately. Both of them said the same thing, telling the truth about everything they had seen at that time.

However, this was not the end. He called them together and asked, "Who are you two to the 6:30 cake shop owner?"

rong yan replied, "gu youran and i are friends. we are usually busy with our own things. we don't have many opportunities to meet. my husband is not familiar with her."

The police officer recorded his words. do you know the victim? ”

“I do,” Liancheng Yazhi said.

“How’s their relationship?”

Chapter 2203: I only want you to live

Liancheng Yazhi continued. it’s nothing much. We just greeted each other when we met. We don’t have any deep friendship.

“What about the perpetrator? Do you know him?”

liancheng yazhi continued. ” i don’t know him at all. today is the first time i’ve seen him. ”

The police officer nodded. I’ve taken up a lot of your time today. Thank you for your cooperation. I may need to find you in the future. I hope you can continue to cooperate with the police investigation.

Liancheng Yazhi looked at the time and saw that it was almost 12 o’clock. He asked, ” “That means we can leave now?”

“Yes, you two can leave now.”

Liancheng Yazhi helped Rong Yan up. “Let’s go,” he said.

the two of them walked out of the interrogation room and went downstairs. however, before they could go downstairs, two people appeared around the corner in front of them.

The two people were a man and a woman. From their backs, they looked very young.

The man’s jacket was draped over the woman’s shoulders, making her look thin and weak.

Rong Yan and Liancheng Yazhi didn’t take it seriously and just followed behind.

In the end, she heard the man in front of her say, ” “I said that you’re stupid. You’re really stupid to the point that I can’t bear to look at you. You used up one chance so easily. I’ve already told you that I’ll only give you one chance. If you can’t kill Tang han, then you’ll have to listen to me obediently in the future. Don’t act on your own accord anymore.”

Liancheng Yazhi and Rong Yan were greatly surprised after hearing this.

Kill Tang han?

This is not Yingluo.

when they linked their words to today’s events, they immediately thought of gu liunian.

Could it be that the woman walking in front was Gu liunian?

She had injured Tang han and should have been detained first. Wasn’t it abnormal for her to be released so quickly?

Who was the man beside her?

“I’ll let you do whatever you want, but I’m not going to let you die of stupidity,” the man added.

Gu liunian didn’t say a word from beginning to end. He was pulled forward like a walking corpse.

Seeing that they were about to leave the police station, Gu liunian asked, ” “Is Tang han going to die?”

“I don’t know. The hospital is still trying to save him.”

“can you let him die on the operating table?” gu liunian asked.

“I can’t be scared.”

why? “Gu liunian suddenly asked loudly. you could have done it.

However, the man raised his hand and pinched her face. “You think I’m as stupid as you? If he’s dead, you’ll be the culprit, and if he saves you, it’ll be an accident. Are these two things the same?”

Gu liunian sneered,”to me, it doesn’t matter what happens to me. I just want him to die.”

The man stopped and looked at her. then let me tell you, to me, it doesn’t matter what he does. I only want you to live. Come back with me obediently and don’t plan on running around again.

He walked to a royal blue sports car, opened the door, and stuffed Gu liunian in before getting in.

Liancheng Yazhi and Rong Yan stood in the same place and watched as the car disappeared without a trace. He smiled. “It seems like this matter won’t end so easily. Tang han might have been knocked down for nothing.”

There was another twist in this matter. Liancheng Yazhi did not expect that there was someone behind Gu liunian.

He suddenly remembered that the sports car that Gu liunian was driving seemed to be the same model as the one just now.

she should have known that gu liunian, who had just been released from prison, would not have the money to buy such an expensive sports car. there must be someone behind yingluo.

“Do you know who that person is?” Rong Yan asked him.

Liancheng Yazhi shook his head. I don’t know him. I didn’t even see his face. How would I know who he is? ”

Chapter 2204: He had to pay back the debt he owed

let’s go home. Liancheng Yazhi opened the car door. let’s go home first.

On the way back, Liancheng Yazhi gave Secretary Zhou a call. “Secretary Zhou, can you check whose car this license plate belongs to?”

Then, he reported the car plate number.

Secretary Zhou quickly jotted it down with a pen.”Alright, young master ya.”

Just as they reached the door, Secretary Zhou called.

Liancheng Yazhi held Rong Yan's hand as they walked through the door and answered the phone. "You've found out?"

Secretary Zhou was looking at the information he had found. "Yes, I've already found out who the owners of young master ya's two cars are. Do you want me to tell you now or send it to you?"

"Go ahead," Liancheng Yazhi said.

When they entered the living room, everyone in the family had already had lunch.

When Tang Zong saw that they had returned, he teased, "What did you two go out to play for? it's so late. Look, the two children are unhappy."

Liancheng Yazhi was on the phone and ignored him. Rong Yan smiled bitterly. I went to the police department. Do you think it's fun? "

Rong Yan looked at MeowMeow. The little guy was pouting as he looked at her. Rong nuo was hugging her brother and shaking him.

When they heard Rong Yan mention the police department, they all raised their heads in shock and looked at her. Tang Zong's mouth twitched. "Did something happen to Yingluo again?"

Rong Yan ignored him and waved at MeowMeow. "Baby, come to mommy."

"Mommy, Yueyue, you didn't even bring me along."

Rong Yan picked him up. something happened today. Fortunately, I didn't bring you along. Otherwise, you'd be like mom. You're still hungry.

Gu Hesheng quickly replied,"ah? You haven't eaten yet. Hurry up, Butler li, ask the kitchen to cook."

"Why didn't you two tell us that something happened? we thought you were having lunch outside."

"Sister, why did you go to the police station?" Rong nuo asked Rong Yan.

Rong Yan sighed. in this matter, our Yingluo is really innocent.

She told him everything that had happened at the entrance at half past six.

After that, the family members sighed.

Tang Zong cleaned up the place and said,"you mean, my big brother's life is still unknown?"

Rong Yan saw that Liancheng Yazhi was still on the phone and nodded at Tang Zong. yes, that's what I meant. You can go to the hospital to have a look.

"Alright, I'll go and take a look this afternoon." Tang Zong thought for a while.

Rong Yan saw that Tang Zong's reaction to this matter was very calm and not agitated at all. It was as if the person he had injured was just an ordinary friend to him.

"Don't you care about your brother?" Rong Yan asked him.

Tang han shrugged. tsk, it's not that I don't care. It's just that I knew that this day would come sooner or later after I met Gu liunian. Even if it wasn't a car accident, it would be something else. My brother Yingluo can't hide from it. He has to pay back the debt he owes. This is a matter of course. If I were Gu liunian, I wouldn't let Tang han go either after climbing out of the ruins of the earthquake that destroyed my family. Perhaps Yingluo would be even more ruthless than her.

tang han's words were a little unbelievable. however, it also proved one thing. during the turmoil that year, tang han had indeed been a little vicious.

However, none of them had experienced what had happened back then, so they naturally had the right to judge others.

Chapter 2205: It's quite funny now that I think about it

He could only sigh with emotion. The tragedies that happened in this world were far more tragic than what humans could imagine.

"How's Gu liunian?" Rong nuo asked.

Although Rong nuo and Gu liunian only knew each other briefly, perhaps it was because they had been in the same cell before, so she paid more attention to him.

Rong Yan reached out to untie MeowMeow's slightly messy braids and combed them gently with her fingers.

she should have been detained immediately, but when your brother-in-law and I came out, we saw a man coming out with Gu liunian. Maybe ran ran can settle this.

Rong Yan thought of the man who had left with Gu liunian. In the car, Liancheng Yazhi had asked Secretary Zhou to check, and he must have found out by now.

Rong Yan looked at Liancheng Yazhi. His expression was a little serious and he seemed to be unhappy.

Tang Zong's face was filled with surprise. who's that person? he's so arrogant. Tang Zhen is someone with status. Even if he knocked into an ordinary person, he shouldn't be able to throw the ball so quickly. Who is that person? how could he take Gu liunian away so easily? "

rong yan shrugged. " we don't know either. you can ask your brother-in-law later. "

As he spoke, Liancheng Yazhi finally hung up the phone.

Tang Zong hurriedly asked,"brother-in-law, brother-in-law, who took Gu youran away?" Do you know who I am now?"

Without waiting for Liancheng Yazhi to speak, Gu Hesheng said, " "Let's not talk about it for now. We'll talk about it after you guys eat."

Liancheng Yazhi smiled. thank you, father-in-law. Rongyan and I are really hungry.

Hence, Tang Zong endured it. He was very curious about this matter. When Liancheng Yazhi and the other man were eating, he did not even blink.

The couple turned a blind eye to Tang Zong's little eyes that were filled with desire.

“Secretary Zhou has checked everything,” Rong Yan asked as she drank the soup.

Liancheng Yazhi recalled what Secretary Zhou had said and could not help but laugh. “It’s clear.”

Rong Yan was puzzled. why are you so happy? I saw you talking to Secretary Zhou on the phone just now. You seemed very angry.

Liancheng Yazhi’s lips curled up. I was a little angry when I heard it. But now that I think about it, it seems quite fun.

Rong Yan was even more curious. tell me about it later.

“Good Yingluo, do you want more soup?”

“A little more.”

After waiting for more than half an hour, the couple finally finished their meal unhurriedly.

Tang Zong couldn’t hold it in any longer,”brother-in-law, brother-in-law, have some tea. Hurry up and tell me, I really can’t wait anymore, Zhenzhen.”

Liancheng Yazhi glanced at him. you’re a man. Why are you so curious about this gossip all day? ” he asked.

Tang Zong touched his nose. everyone’s curious. I’m only speaking on behalf of everyone. If you don’t believe me, you can ask old Gu and see if he’s curious.

“what is there for me to be curious about?” gu hesheng cleared his throat.

when he spoke today, he had even used the word ‘old man’. his meaning was that he did not want tang zong to continue with this question.

Unexpectedly, Tang Zong pursed his lips and said, “old man, you’re always up to no good. In the past, you would have taken a nap at this time. Why are you still sitting there now? don’t tell me you’re reading the newspaper. Your newspaper is almost torn.

Gu Hesheng glared at him. cough, cough, cough. I’m just not tired today. Why are you talking so much nonsense? ”

Liancheng Yazhi sat down, picked up a glass of water that he had just poured, and took a sip. He smiled and said, ” “Tang Zong, why are you so anxious? this matter has nothing to do with you. Even if you know about it, it won’t affect

Chapter 2206: golden backer

Liancheng Yazhi laughed. you’re so concerned about who this person is. Hurry up and go to the hospital. If your brother can’t make it, you might be able to see him one last time.

Tang Zong coughed twice. ahem, ahem, ahem. There’s no hurry. I believe that my brother won’t die so easily.

Rong Yan poked him. stop teasing him. Tell me quickly. I also want to know. Who is it? ”

Liancheng Yazhi thought for a while and said,’that person, ah, How do I explain ran ran’s identity? He’s an illegitimate child, but an illegitimate child with an outstanding identity.”

“What do you mean? I’m even more curious now.” Tang Zong’s face was full of excitement.

Liancheng Yazhi continued. before he was seventeen, he followed his mother’s surname, Tao. His name was Tao Ye. After he was seventeen, he was brought back to the family by his biological father and changed his name to Yongye.

Gu Hesheng was the first to ask, ” “Is Yong Yong Yong the Yong family from the imperial capital?”

Liancheng Yazhi smiled. father-in-law hit the nail on the head. It’s the Yong family.

‘Yong’ was a very ancient family name, and also a very rare one.

It was first seen that King Wen of Zhou had bestowed his thirteen sons with the title of Duke in Yong land. Later on, his sons had the surname Yong.

It could also be said that most of the descendants of the Zhou royal family were still surnamed Yong.

The Yong family in the capital was a very old Financial Group.

The reason why the Yong family’s reputation in the capital wasn’t as good as the Liancheng family’s was that almost all of their assets were abroad. The Yong family’s family business wasn’t complicated, and almost all of it was in mining, from gold, silver, copper, iron, oil, natural gas, to some rare metal.

The gold necklace you bought overseas might be from the Yong family’s gold mine.

therefore, few people in the country knew the specific details of the yong family, so they paid less attention to them.

However, ordinary people didn’t know that how many people in the upper-class circle like Liancheng Yazhi dared to look down on the Yong family?

After hearing Gu Hesheng’s brief introduction of the Yong family, Tang Zong couldn’t help but sigh. No wonder he could take her away from the police department.

“Then why was he only brought back to the Yong family at the age of seventeen?” Tang Zong asked curiously.

Liancheng Yazhi said, “it’s because the old master of the Yong family was still alive before Yongye was seventeen. When he was seventeen, the old master died. Father Yong had no son, so he naturally doted on this son. The old master kicked and he immediately brought him home.

As Liancheng Yazhi spoke, he could not help but think of himself.

In fact, the Yong family’s situation was similar to his before.

Back then, if the old master of the Lian family had not solved all of Liancheng Yazhi’s problems when he was still alive, he would have quickly brought his mistress and illegitimate child back before he could even kick his leg.

However, the yongs were different from their family in that Yongye was the only child in the family’s generation, so the old man turned a blind eye to it. He said that Yongye was not allowed to enter the family, but he didn’t get rid of him because he knew that the Yongye family would be truly

destroyed if his grandson was gone. Rong Nuo digested this Yong family that had suddenly appeared. That is to say, Gu Liunian is with Yongye now. So, she will be fine after she hit Tang Han with her car? ”

Tang Zong shook his head. Tsk, tsk. I really didn't expect Gu Liunian to actually be on the list. He has such a backer, and he's even a genuine, dazzling, and Golden Mountain of gold.

Chapter 2207: The Yong family's kid

Rong Yan and Liancheng Yazhi both laughed, but Tang Zong was right.

The person that Gu Liunian had found was a golden and shining backer.

Liancheng Yazhi still had some things he did not say.

Secretary Zhou told him that the people in the capital now called Yongze “Little Prince.”

At that time, Liancheng Yazhi had asked Secretary Zhou, “why?”

In the end, Secretary Zhou replied, “This was because young master ya was still the eldest Prince in everyone's hearts.

Liancheng Yazhi's forehead was immediately filled with black lines.

He had never heard of himself having such a ‘Jianghu’ title.

Later, Secretary Zhou told him, “young master ya, you've been very low-key in the past few years for you. You've gradually passed your frivolous years, so the ‘Jianghu’ has been occupied by young hunks now. Yongze is the representative figure of the new generation who has emerged after you retired and became a good father and husband of the Yi family.”

After Liancheng Yazhi heard this, he instantly wanted to kill Secretary Zhou.

Secretary Zhou was just short of saying, “you're old, so you've already been abandoned by the younger generation.

In this way, Liancheng Yazhi felt that Secretary Zhou might as well directly say that he, the wave in front, had been smacked to death on the beach by the wave in the back.

Liancheng Yazhi really didn't know that Yongze was said to be the only new force after him to have the bearing of young master ya, who had once been all-powerful in the imperial capital.

He would never tell this big mouth of his to Tang Zong.

Tang Zong was searching for information on the Yong family on his phone. Although there wasn't much information on the internet, he could still make out some information from the limited information.

In short, the Yong family was very arrogant.

Tang Zong could not help but sigh, “Aiya, I really feel that my brother was knocked down for nothing.”

“Then why don't you go and see your brother who was hit by a car for nothing?” Liancheng Yazhi said to him.

Tang Zong nodded. that's true. I'd better go and take a look. If his parents come in the afternoon and I meet them, it would be too unpleasant.

"I'll go with you." Rong Yan stood up.

"Alright, let's go together, Zhenzhen." Tang Zong nodded.

The two of them did whatever they said, and their speed was unbelievably fast. As soon as they finished speaking, they changed their shoes and ran out of the door.

gu hesheng said to rong yan, " the two of you should go and rest. you're probably tired after what happened. look, meowmeow is almost asleep. you should take the siblings to rest. "

Rong Yan saw that MeowMeow was so sleepy that she had her head on the ground, while little Yingying had already fallen asleep. Moreover, the little guy was still snoring softly. This made Rong Yan very surprised when she heard it. She didn't know that a one-month-old baby could also snore?

Rong Yan picked up her son lovingly. okay, then we'll go upstairs first. Dad, you should rest too.

"En, good Yingluo."

Tang Zong dragged Rong nuo to the hospital. It had been more than three hours since the accident. He quickly asked the nurse about Tang Han's condition.

The nurse told Tang Zong that Tang Zhen's head had been hit, but it wasn't serious. Although there was some blood clot that caused him to lose his sight, it wasn't permanent. At most, it would be a month.

He had serious injuries on his body. Two of his ribs were broken, and one of his injuries had entered his lungs, causing internal bleeding. However, because he was sent to the hospital in time, the operation went very smoothly after emergency treatment. Now, as long as he was taken care of properly and recuperated, there would be no major danger.

Chapter 2208: I deserve to bear the responsibility

After Tang Zong heard this, he sighed,"his life is really extraordinary. He can't even die from a collision like this?" gu liunian must be extremely disappointed now."

after he finished speaking, the nurse immediately looked at him as if she was looking at a lunatic.

The nurse asked sternly,"are you even the patient's family?" if you want to do something bad by pretending to be the patient's family, i'll call the police now."

Rong nuo facepalmed. This nurse's intelligence was really low.

were these useful now?

If Tang Zong wanted to do something bad, he wouldn't be standing here.

Rong nuo said, " of course we are family members. He is the patient's younger brother. If you don't believe me, you can test their blood type and DNA or something. After all, this is a hospital, so it's very convenient.

the nurse's mouth twitched. "you guys can go on your own. the patient is awake now, but you can't talk too much. after you guys go, don't stop for too long."

In the end, before she could finish her sentence, the two of them had already run away.

Tang Zong pulled Rong nuo to the intensive care unit. They were going to change into a sterile suit before going in.

After changing her clothes, she realized that there was already someone in the room, and they recognized that person. It was Gu youran.

Tang Zong, who was holding Rong nuo's hand, paused for a moment. It didn't seem very appropriate for them to suddenly rush in at this time, right?

However, Tang Zong's heart was itching to hear what Gu youran had to say to Tang Zhen.

After struggling in his heart, Tang Zong gently held Rong nuo's hand and walked in.

Originally, they would have been discovered as soon as they entered.

However, Tang Zhen was very weak right now. All his attention was on Gu youran,

Gu youran, on the other hand, used all her energy to grieve.

gu youran cried and said to tang han,"tang zhen, i beg you. please get well. i beg you."

Tang Han's face was extremely pale. He was still wearing an oxygen mask and he answered simply, "Thank you, Yingluo. I will."

Then, Gu youran continued, "my sister Yingluo didn't do it on purpose. She's just Yingluo. She's just Yingluo. she's just too cruel to you.

Not on purpose?

He didn't even believe Gu youran's words.

"En, Zhenzhen didn't do it on purpose." Tang han smiled.

Tang Zong and Rong nuo looked at each other. Lying with their eyes open and listening to lies with their eyes closed, it was really a little unbearable.

Gu youran didn't expect Tang Zhen to agree, " "You, you, you, you, you, you, you ..."

"I won't Sue her." Tang han looked at her.

Tang han had difficulty breathing and had to stop after saying a few words. He rested for a while before continuing, I'm Yingluo's daughter. I deserve it. I deserve to be responsible for this car accident. No one can blame Yingluo.

After a long while, Gu you said,"thank you, Zhenzhen."

Tang Zhen closed his eyes,"don't thank me, don't thank me, don't thank me,"

Tang han knew very well that he had committed a crime against the Gu family. Although he did all those things in the beginning only because he wanted to protect his parents and take over the mess that his parents had made.

No one forced him. He was the one who made the move. He was the one who arranged for Gu liunian to be imprisoned for six years. He was the one who dealt the Gu family a heavy blow when they were on the verge of collapse, causing the entire Gu family to fall apart and shatter.

He had done all of this. He would not deny it, nor would he quibble.

Therefore, when Gu liunian hit him, Tang han didn't feel angry because he knew that he had no reason to be angry.

Chapter 2209: I want to die in your hands

You caused the death of her parents and caused a young girl to be locked up in a high wall at her best years. What right do you have to be angry?

Tang han thought that if he was Gu liunian, he wouldn't let him off either.

If it was him, he would definitely be even more ruthless.

Gu youran had stayed by Tang Han's bed today, waiting for him to wake up. First, she was indeed worried about Tang han.

second, he wanted to get a guarantee from tang han.

Although Gu youran was very anxious, she also knew that unless Tang Zhen himself promised not to pursue this matter, Gu liunian would not have a good life.

Therefore, his guarantee was to make Tang han personally promise to give up on any responsibility for ignoring Liu Nian.

The two of them fell into silence. After a long time, Gu youran asked him, " "tang han, was i the one who should have been imprisoned that year?"

Tang han opened his eyes,"you discovered Yingluo?"

These three words stopped in Rong nuo's ears, and it was undoubtedly a form of admission. She smiled."Is it really true?"

Tang Zhen suddenly didn't dare to look Gu youran in the eye. He could only say, " "It was you who urged me to urge me back then, I just didn't want you to urge me back."

Tang han suddenly couldn't finish his sentence.

But what?

He only liked Gu youran, so he couldn't bear to see him go to jail. If that happened, Wanwan wouldn't have to sacrifice Gu liunian.

and yingluo, yingluo had even threatened gu liunian back then.

He threatened her not to tell Gu youran about this, or he would do something to Gu youran.

At that time, Gu liunian had always been thinking for his sister. She thought that since she was already like this, and the Gu family was already like this, she should bear the burden instead of letting her sister Bear more.

Moreover, the people and things that Gu youran had come into contact with since she was young had always been so simple and pure. Gu liunian had always kept this secret for many years.

Hence, Gu liunian took on all the responsibility.

And then he continued until now.

even when gu liunian was at his angriest, she didn't say anything about how tang han had threatened her back then.

Thus, all these years, Gu youran had been enjoying the freedom that her sister had given her.

Gu youran laughed. Her laughter was very desolate. so, I've always thought of you as a good person. You're so good, Yingluo.

he was so good that his own sister was sent to prison in his place.

He was so good that she didn't even know that she was guilty.

Gu youran suddenly looked at Tang Zhen and said,"if you die, perhaps Zhenzhen will be better off."

This was the first time she really thought of letting Tang han die.

Even when her parents had died and her sister had been taken away, she had never felt such hatred.

But this time, she really couldn't control the hatred in her heart.

Suddenly, Tang Zhen's hand that was still attached to the needle grabbed Gu youran's hand and he said, " if you take off the oxygen mask, my Yingying will die. Do it.

If he was going to die, Tang Zhen really hoped that he would die in the hands of Gu youran.

Gu youran's hand touched the oxygen mask. Her hands were trembling, and tears were welling up in her eyes. Her breathing gradually became heavier.

Gu youran shouted with all her might, " "Tang han, I hate you as much as I loved you before. Why don't you die? why don't you die?"

Tang Zhen could not see Gu youran's expression, but he knew that she must be crying. He wanted to comfort her, but he could not reach out his hand. He could only whisper, " "I'm sorry, Yingluo."

Chapter 2210: You're still alive, what a pity

gu youran left. she walked straight out of the intensive care unit. when she passed by tang zong, she did not seem to see him or rong yan.

Tang Zong touched his nose, both he and Rong nuo were sighing.

After this incident, the probability of Gu youran and Tang Zhen getting back together could be confirmed to be-00000

Tang Zong was very clear about what happened back then. He walked in front of Tang Zhen and said, congratulations, bro! The doctor said that you're still alive. It's impressive that you only suffered minor injuries from that kind of impact.

"If it's possible, I'd rather die in this car accident," Tang han said indifferently.

Tang han discovered that it seemed that his death was more meaningful than living.

Tang Zong pulled Rong nuo in front of him and said, "That won't do. If you die, you don't know how many people will be implicated."

Rong nuo sighed.

Alright, she could not hope that Tang Zong would say anything auspicious.

He had always been someone who would shock others to death with his words.

Back at home, Tang Zong continued to say shocking things, brother, actually, you don't have to take it to heart. It's said that when it comes to retribution, it's not that you don't want it, it's just that the time hasn't come yet. Look, it's time for you, so don't struggle. Just bear with it. Maybe when you get through it, you'll welcome the warmth of spring.

Rong nuo clutched her chest and coughed a few times.

He had really reached a point where humans could not control him.

Is this how you comfort people?

If you were injured and someone came over to tell you not to worry too much because this was your retribution, what would you do?

Rong nuo felt that she would have two choices.

One, kill him.

two, beat him to death.

If he received such a call normally, Tang han would have jumped out of his bed and beat him up.

But now, he didn't make a sound.

it was as if tang zong's words were really annoying.

"however, it doesn't matter if you forgive me or not. it doesn't matter if you don't pursue this matter anymore. in any case, you have been knocked down for nothing." tang zong continued, not afraid of death.

don't even think about your relationship with sister youran. It's useless. If you continue to be with her in the future, you'll only make her hate you even more. Be careful that she can't take it anymore one day and will add poison to your cake. Let's see what you'll do then.

Tang Han's expression was very ugly. He put on an oxygen mask and took a deep breath before asking, "I know. What are you doing here?"

"Of course I'm here to see you for the last time. I thought you were going to die, so I rushed over." Tang Zong replied matter-of-factly.

"But I didn't expect you to be living so well. Your life force is really exuberant. Tsk tsk tsk tsk tsk."

Tang Zong's words seemed to be saying, "sigh, you're actually still alive. What a pity."

“You can leave now that you’ve seen it,” Tang han said coldly.

Tang Zong pursed his lips. don’t be in such a hurry. It’s fine if you want to leave. Actually, I don’t really like to come here. But I have to come and see you.

Rong nuo did not say a word. At first, she wanted to say a few words, but once Tang Zong opened his mouth, she made up her mind not to say a word.

It was as if they were brothers. Who are you trying to fool?

Tang Zhen stuttered, ” you should just leave. Father and mother will be here soon. It’s better if you don’t meet them.

Tang Zong pursed his lips in disdain. so what if they come? it’s not a big deal. Why should I hide? ”
