

Permit Me 2251

Chapter 2251: The child won't believe in his father

on the phone, Liancheng Yazhi said to one of the higher-ups, "Please send someone to my house to tell my wife that I may be delayed for a few days before I can go back. Tell her not to worry. If I miss the appointment, tell her not to be disappointed in me."

"Alright, I'll definitely bring it to you," the person on the other end of the line said.

"Thank you," he said. After saying that, Liancheng Yazhi hung up the phone.

An hour after Liancheng Yazhi's call, someone arrived at Liancheng's house.

Caretaker Li opened the door and saw a young woman in a military uniform standing outside. She was pretty and had a healthy complexion. She smiled at caretaker Li and said, "I want to see Mrs. Lian. I'll have to trouble you to pass the message."

"Then, please wait a moment."

After a few minutes, Rong Yan appeared at the door.

When the other party saw Rong Yan, he immediately nodded slightly at him. "Are you Mrs. Lian?"

Rong Yan nodded. Yes, it's me. May I ask who you are? "

The man smiled. I won't introduce myself. My boss asked me to come and tell you that it's not convenient for Mr. Lian to contact your family directly, so he called my boss. Mr. Lian's return trip may have some changes, so he hopes you don't worry. If he doesn't show up, please don't be disappointed.

Rong Yan frowned and was immediately unhappy. They had agreed on three days, but he had asked someone to send a message saying that he would not be coming back before they even arrived in three days.

Really, men really can't be trusted.

Although she was annoyed, Rong Yan was more concerned about another thing. "Is he in danger? Did you guys do something to him?"

There's no danger. It's just that some things have been delayed. Actually, I'm sure you already know that. As for us, we invited Mr. Lian over. He's an important guest, we definitely wouldn't dare to do anything to him.

Rong Yan didn't like to hear these Grand reasons. She was in a bad mood now that she knew her husband couldn't come back for the time being.

"I know, you can go back now," she said.

Actually, even if Mr. Lian is staying, he won't be staying for long. I'll take my leave first. In the next few days, if Mr. Lian still calls, I'll come and inform you. Goodbye.

After he finished speaking, he bowed slightly to Rong Yan and left.

Rong Yan bit her lip and turned around to go back. MeowMeow had been counting the days. If Liancheng Yazhi did not come in three days, the child would not believe him.

However, Rong Yan couldn't criticize him. If he didn't come back, it must be because Kang Yu's condition was so bad that he had to stay, so he couldn't come back.

Rong Yan rubbed her forehead. She had better think about how to stop her daughter from blaming her father.

On the second day of Liancheng Yazhi's stay at the base, he was very anxious. This was the day he told his wife to go back, but Natsume's research had not made any progress, so he could not go.

While Liancheng Yazhi was feeling anxious, Natsume suddenly shouted, "I found it, I found Yingluo."

Liancheng Yazhi immediately rushed over and asked, "What did you find?"

Natsume lifted his head from the high-precision microscope and was ecstatic. "I've found the cause of kang jin's loss of control. it's not the residual drugs, but this thing. it's another type of biological cell that has been modified. it's like a virus that's been injected into a computer. it will destroy the computer's program. this thing will destroy kang jin's normal body structure and cause his physiological system to be in disorder. it will then cause him to lose control."

Chapter 2252: There's no virus that can't be cracked

Liancheng Yazhi was overjoyed. If he found the cause of the illness, Natsume would be able to solve it quickly.

"Then how did this virus cell enter Liancheng Yazhi's body?"

Natsume took a look at the microscope. this virus cell is not a poison. It can't be poisoned after eating food. This virus that enters the blood must be injected through the vein.

Liancheng Yazhi's brows instantly furrowed. This wasn't right. The person-in-charge said that no one had injected any drugs into Kang Zhen's body, and even his blood sample had not been extracted. But what was with the sudden influx of virus cells? There was a traitor in the research unit. One of their own people injected the virus into Kang Xi's body without anyone knowing.

lian Cheng yazhi gritted his teeth. he really wanted to drag that damn bastard out right now.

"Can you kill the cells of this virus?" Liancheng Yazhi asked Natsume.

Natsume raised his head and looked at Liancheng Yazhi. any cell can be killed, just like there is no computer virus that can't be cracked in this world. However, the only condition is to waste time.

"How long will it take?" Liancheng Yazhi asked.

Natsume shook his head. I'm still sure. I've only found this cell, but I don't know its functions and characteristics yet, so I can't say.

Liancheng Yazhi said in a low voice, "that's good. Only the two of us know about this. Don't reveal anything to the others. If anyone asks, just say that ran ran hasn't made any progress.

Natsume immediately understood what was going on. "Oh, I understand."

Liancheng Yazhi patted his shoulder. then you continue your research. I'll go and talk to the person in charge.

"Alright, you can go." Natsume nodded.

Liancheng Yazhi suddenly thought of a question. "Oh right, how many cells of the virus does Kang Xi have in his body?"

Natsume thought for a moment and said, "a lot, a lot of crickets. Fortunately, the cell division speed is not fast. It splits once every five hours, and the number of cells will double each time. If his speed is faster, Kang Xi will be a viral person. Just like in wuxia novels, the poison enters the heart and there is no cure ...

Natsume's words caused Liancheng Yazhi to be shocked. "What about now? can you temporarily stop the cells from splitting?"

Natsume nodded. yes, that's why I asked them to put Kang Xi in a cryo-chamber. These cells can only divide normally when they are above the normal body temperature of a human. However, once the temperature drops, they will enter a dormant state like their host.

Liancheng Yazhi heaved a sigh of relief. If that was the case, it was fine.

at the very least, he was able to restrain himself for now.

Liancheng Yazhi whispered to Natsume again, "there might be a mole here. Remember, you must pretend that you have made no progress and look sad. Don't get caught.

Natsume nodded. Oh, don't worry. I understand.

Liancheng Yazhi first went to take a look at Kang Xi, who was in the cryo-chamber. &Nbsp;

There was a layer of frost on his hair and face. He really looked like a frozen corpse.

If it was a normal person, they would have frozen to death in this place. But fortunately, Kang Xi's body had already changed. To him, this was not dangerous.

Chapter 2253: who has the guts?

Liancheng Yazhi's hand was on the freezer. I will find out who hurt you, but you have to hang in there. It's just a few tiny virus cells. You can handle it, can't you? "

Kang Yu, who had completely lost consciousness, naturally couldn't give Liancheng Yazhi any response.

Liancheng Yazhi's lips curled up. if you don't wake up, "he said, "I don't have to help you find your wife in the future.

After Liancheng Yazhi naturally muttered to Kang Yu, he went to look for the person in charge.

"Any progress?" he asked directly.

no, our people here are actually very simple. You've seen them before. There are only these few researchers. Moreover, everyone has been working here for many years and are all veterans of the base. They are all very trustworthy. It shouldn't be a problem with our Yingluo.

Liancheng Yazhi laughed coldly. it's not you guys who have a problem. Do you mean that Kang Yu's loss of control was his own fault? ”

“No, that's not what I meant. I just wanted to say that maybe Yingluo isn't out of the question. After all, Major General Kang Yu is the first human to succeed in genetic recombination. Before that, we don't have any scientific evidence and we don't know if he will have any sequelae. So Yingluo, I'm thinking Yingluo.”

Liancheng Yazhi scolded him sternly. I'm telling you, don't try to erase your responsibility. I'll find out who did it. Even if I can't find out now, I'll find out sooner or later. I'd like to see who has the guts to touch Kang Yu.

“Yes, yes, we will definitely continue to investigate.”

Liancheng Yazhi was already impatient. He said, “Who touched Kang Zhen a few days before he lost control? even if it was just a simple touch, it would count. Give me a list of these people. Don't try to hide anything, it's useless.”

“Okay, okay, ran ran will give you a list immediately.”

“There's one more thing.”

“Where's the private who brought us here the day before yesterday?”

“stand guard outside,”

Liancheng Yazhi turned around and left as soon as he heard that. The person-in-charge chased after him and shouted, ” “why are you looking for him? What's up? I can bring you over to Yingluo? It's not time to hand over the post yet.”

At night, it was time for dinner for Lian Cheng's family. didn't he say that he would be back in three days?”

Rong Yan quickly comforted him. dad was delayed by something. He also wanted to come back. He even called mom today and asked me to tell you not to be angry with him.

What Rong Yan was afraid of was that the child would be angry. In the future, the child would not believe in his father, which would be a very sad thing.

Rong nuo and the others also comforted MeowMeow, but it was not of much use.

“Hmph, daddy doesn't keep his word,” MeowMeow pouted.

Rong Yan looked troubled. daddy also has something to do. When Huahua comes back, let's hit him, okay? ”

Suddenly, a familiar voice came from outside the door. “Who's going to hit me?”

Everyone turned to look and saw that the person had already walked in. He was still wearing the clothes he had worn when he left. Who else could it be but Liancheng Yazhi?

Before anyone could react, MeowMeow's eyes lit up. She jumped off the bench and ran towards him. She pounced on him and shouted, ” “Daddy, Yingluo”

liancheng yazhi bent down and picked up meowmeow. “baby, did you miss daddy?”

Chapter 2254: Every word I said to you is true

Liancheng Yazhi looked at Rong Yan and pinched MeowMeow’s little face. ” that’s just mommy joking with you. we wanted to give you a surprise. do you like it? ”

Liancheng Yazhi secretly heaved a sigh of relief. Fortunately, he had returned.

“Here, daddy, I’ve brought you a little gift,” he said as he put MeowMeow down.

Liancheng Yazhi took out a pink electronic watch from his pocket. It was in the shape of a Kitty cat and looked very cute. He put it on MeowMeow and said, ” this is not an ordinary watch. Press this and it will glow. Try it on.

Out of curiosity, MeowMeow pressed a small button on the side. A beam of light shot out from the watch, which could be used as a miniature flashlight.

“Press here again, the light can change color,” Liancheng Yazhi taught her.

MeowMeow pressed it again, and the originally white light turned red. Pressing it again, it turned purple. It could change five or six colors in a row.

“Wow, the rainbow Pixiu is so beautiful,” MeowMeow said excitedly.

This little thing was brought from the base by Liancheng Yazhi. It was indeed a bit of a waste of talent because it was originally used by others to study lasers. However, Liancheng Yazhi thought that he should bring a small gift for the child when he went out, so he asked a postdoc in physics and optics to make him such a little thing.

Liancheng Yazhi’s sudden return surprised the adults who had known the truth.

Rong Yan only came back to her senses when the father and daughter were almost done playing. she stood up and walked over. ”

daddy, it’s almost time to eat. The housekeeper will set the table for you. as she spoke, meowmeow pulled liancheng yazhi’s hand and walked towards the dining table.

Liancheng Yazhi carried MeowMeow and let him sit on the stool.”wait, dad will go wash his hands first.”

rong yan followed him and saw that there was still a layer of dust on liancheng yazhi’s shoulder. she took a towel and wiped it off for him. then, she saw that his face was covered in dust and there were dark circles under his eyes. at a glance, she could tell that he had traveled a long distance and had rushed back without rest.

Rong Yan’s heart ached and she asked in a low voice,”didn’t you say that Kang Yu’s condition wasn’t good and he wouldn’t come back?” Why did you suddenly come back?”

Liancheng Yazhi took the towel from Rong Yan and wiped his hands. I’m afraid that my daughter will be disappointed in me and that you will be angry.

Rong Yan pursed her lips. what's there to be disappointed about? I'm not a child. I don't know what you're busy with.

Liancheng Yazhi put down the towel and hugged Rong Yan. but I still want to be in front of you and never break our promise. I want you to know that everything your husband said to you is true. Not a word is false.

rong yan's eyes suddenly became warm,"i never suspected you, huahua."

She was indeed a little angry, but she would rather be angry herself than let Liancheng Yazhi be so tired.

Liancheng Yazhi patted her back and coaxed her in a low voice, " alright, don't cry. It's not good if our daughter sees you. If her father-in-law sees you, he'll think that I'm bullying you.

Rong Yan sniffled and glared at him. you're always so frivolous the moment you're back. After eating, quickly take a shower and rest.

Chapter 2255: He was also happy inside

Liancheng Yazhi took the time to sneak a kiss on Rong Yan's cheek. don't worry, go to sleep after eating. I'll definitely do what I said before I left.

Rong Yan's face instantly turned red, and she raised her hand to hit him.

I said you're not serious and you're really getting ahead of yourself. Hurry up, or I'm going to get angry.

Rong Yan had long not taken Liancheng Yazhi's words seriously. It was just a joke and did not count.

However, Liancheng Yazhi insisted. I'm telling the truth. I just told you that all my promises to you are true. Of course, that matter is true too.

"Alright, alright, it's time to eat." Rong Yan reached out and pinched his arm, urging him to go out.

rong yan's heart ached for liancheng yazhi. she had pinched him very lightly just now and felt like she was tickling him.

Liancheng Yazhi hugged Rong Yan. okay. My wife's heart aches that I'm hungry. Let's go out and eat.

He took Rong Yan's hand and went out, returning to the dining table. He said to Gu Hesheng, " "Father-in-law, I'm back."

Gu Hesheng pointed at the chair and asked Liancheng Yazhi to sit down. " you must be tired from the journey. come and sit down and eat. i've asked the kitchen to make two more dishes that you like. they will be served in a while. "

Liancheng Yazhi smiled and pulled Rong Yan to sit down with him. thank you, father-in-law. Rong Yan's good point of caring for others must have been inherited from you.

His words made Gu Hesheng smile,"you little brat, you really know how to talk."

In the past, Liancheng Yazhi had never talked to make others happy. He felt that it was not in line with his status, and no one was worth his time to say nice things to.

But now that he had matured, he realized that saying a few nice words to family members was not to please them, but to make them happy. Seeing them happy made him happy too.

“hurry up and eat. did ran ran eat on the way here?” rong yan put food into liancheng yazhi’s bowl.

it was a ten-hour journey by car, not by train or by plane. it would be terrible if she couldn’t eat or sleep well. rong yan looked at lian chengya’s face and felt that he had lost weight after not seeing him for three days, so her heart ached even more. she kept picking up meat for him with her chopsticks, and it was basically all meat.

Liancheng Yazhi finished all the food Rong Yan had given him. I drank some water and ate two mouthfuls of bread.

rong yan said in a low voice,”i said, you’ve lost weight. i’ll have to give you some nourishment these few days.”

The smile on Liancheng Yazhi’s face paused for a moment, but he quickly continued smiling and nodded. “Good Yingluo.”

At the dinner table, no one asked Liancheng Yazhi what he had been busy with for the past two days. It was not appropriate to discuss Kang Yu’s matter at the dinner table with such great fanfare.

Everyone was basically talking about the trivialities of life at home.

After dinner, Rong Yan urged Liancheng Yazhi to go to bed.

Originally,

Liancheng Yazhi was not in a hurry. He went to see his younger son first and played with the siblings for half an hour before returning to his room.

rong yan pulled her into the bathroom. ” hurry up and take a shower. go to bed. look at how dark your eye circles are. ”

Liancheng Yazhi turned around and hugged Rong Yan. you have dark circles. Your husband is still handsome.

Rong Yan nodded and went along with his words. yes, yes. It’s a special New Year. He’s so handsome. My husband is the most handsome, the most handsome. Handsome man, Qingqing, hurry up and take a shower. Wash the dust off your body.

Chapter 2256: Can only stay at home for one night

Liancheng Yazhi didn’t move. He leaned on Rong Yan’s shoulder and said pitifully, ” “Aiya, my wife’s despising me. I’m really a little depressed, hehe.”

Rong Yan,”Yingluo.”

alright, stop joking. Hurry up and take a shower.

lian Cheng yazhi still held on to her and refused to let go.

Rong Yan thought for a moment and nodded.

After nodding, Rong Yan felt a little regretful. Whenever they took a bath together, there was basically no time where they didn't have an accident. Every time, they had to do it before they talked about it. The last time was an exception.

It would be fine if it was a normal day, but today, Lian Cheng Yazhi had rushed back for such a long time. If they were to do that again, wouldn't it be a little hard to follow their heart?

After more than an hour of worrying, the two of them finally came out of the bathroom, drenched. Rong Yan was carried out weakly.

As soon as they left the bathroom, Lian Cheng Yazhi asked him, "Are you worried that your husband won't follow his heart?"

Rong Yan quickly shook her head. no, no, no. My husband Xuanji is as strong as a Dragon.

After cleaning their hair and bodies, the two finally lay down.

Rong Yan stretched her arms lazily. "rest well tomorrow. let's take meowmeow out to play. i saw that the weather tomorrow is pretty good. it's good for an outing or an amusement park. dad said that he had people renovate the manor and it looks better. i've always wanted to go, but i don't have time. since you're back, let's go out and play."

After Rong Yan finished speaking, Lian Cheng Yazhi said, "Rong Yan, I'll leave at dawn."

Rong Yan's voice suddenly stopped. She was stunned and looked at Lian Cheng Yazhi.

"What did you just say?"

Lian Cheng Yazhi hugged him and said guiltily, "I'm sorry, I have to leave at dawn. The situation at Kang Yu's hasn't changed yet."

After a while, Rong Yan finally understood Lian Cheng Yazhi's simple sentence. She pushed him hard and said angrily, "Are you stupid? then why did you come back? is it good to run back and forth on the road?"

Rong Yan was not angry because Lian Cheng Yazhi had just come back and wanted to leave again. She was angry because he did not know how to feel sorry for himself. The journey back was a ten-hour drive, and they could only stay at home for one night. They had to rush back before they could rest well. Even ten people could not stand the bumpy ride.

Lian Cheng Yazhi quickly comforted him. don't be angry, don't be angry, Zhenzhen. I promised you, and I have to do it. I'm not afraid of breaking my promise to others, but I'm afraid I can't keep my promise to you.

He went back and forth today. Although he didn't stay at home for long, he was back.

He had kept his promise when he left. He would return in three days, so he had to return.

His daughter would still believe him.

He also didn't break his promise to Rong Yan.

The only regret was that he only stayed at home for a short time. He only had dinner with his family and played with his daughter for a short half an hour.

Rong Yan's heart ached, she was touched, and she was angry. She wanted to beat him up to vent her anger, but she couldn't bear to, so she said angrily, "You really want to anger me to death. Don't do this again. Look at how much you've endured. Don't say anything and go to sleep."

It was already 10 o'clock. If he left at dawn, he would only be able to sleep for six or seven hours.

Liancheng Yazhi nodded. Okay, sleep, sleep, don't be angry, Qingqing. I'm still in good health. I'll be fully recovered after resting for two or three hours.

Rong Yan took a deep breath. "I'm not angry. Quickly go to sleep."

Chapter 2257: Let's have a chat

Rong Yan's chest felt a little tight. She felt that since they were a family, some promises had to be kept, and some were not too important like this. In fact, she could completely understand it. Liancheng Yazhi did not need to do this.

But at the same time, she was very touched by this matter. He did this out of respect and cherish her. Therefore, she could not say anything harsh.

The bedroom was very quiet. Rong Yan couldn't sleep and Liancheng Yazhi had his eyes closed. Rong Yan didn't know if he was asleep, but she hoped that he could rest well tonight.

However, not long after, Liancheng Yazhi's low voice rang in her ear. "Honey, I can't sleep. Let's chat for a while."

Rong Yan reached out to cover his eyes. You can't sleep. Close your eyes and rest.

Liancheng Yazhi hugged her tightly. I feel so energetic the moment I get home, really, ran ran.

Rong Yan was silent for a while before she asked, "Then what do you want to talk about?"

"Do you want to know about Kang Yu?"

Rong Yan turned sideways and adjusted her posture. "Go ahead, I'm listening."

She and Liancheng Yazhi had developed some kind of tacit understanding. If there was something, they would subconsciously want to tell each other. Unless it was something that would have a greater impact if the other party knew it than if she did not know, then they would choose not to tell each other.

Liancheng Yazhi slowly started talking about Kang Yu. "When I came back this time, Kang Zhen's condition wasn't getting any better. Natsume has already found out what caused him to go crazy, but he still needs time to figure it out. Also, Kang Zhen's loss of control was caused by someone, and I haven't found out who did it. If we don't catch the person, Kang Zhen will be in danger, so Hanhan ..."

Liancheng Yazhi's words were simple, but Rong Yan understood that Kang Rong's situation was very critical. There was someone secretly targeting him. If Liancheng Yazhi did not ask, Kang Rong would be in even more danger, so he had to go.

Rong Yan reached out and wrapped her arms around his waist. I understand. You can go. Next time, Huahua, don't rush back like this. It's not good for your health if you rush back again.

okay, I got it. If there are no accidents next time, I'll come back once a week.

"Can you stay for one more day after you're back? can you rest well before going?"

Liancheng Yazhi lowered his head and kissed her cheek. "Okay, maybe the next time I come back, Natsume will have made some progress. If Kang Yu wakes up, I will think of a way to move him out of here to a safe place. I don't need to worry about him anymore."

"That's even better."

Their voices became lower and lower as they talked, and it didn't take long for them to fall asleep.

The couple slept well that night.

Rong Yan had been thinking about something the night before, so she woke up especially early the next day.

She woke up at five o'clock in the morning, looked at the time, and then got up on tiptoes.

Liancheng Yazhi was probably really too tired. Usually, if there was any movement from Rong Yan, he would have woken up long ago. He didn't even wake up when Rong Yan got up to wash up today.

Rong Yan changed into her home clothes and went downstairs in her slippers.

The maid downstairs had just woken up. When she saw Rong Yan, she said, "Young Madam, why are you up so early today?"

Rong Yan smiled. you don't have to worry about today's breakfast. I'll make it.

They didn't know what was going on, but since their mistress had said it, they naturally had to listen.

"Eh, okay. How about washing the rice and vegetables for you? we'll help you."

"yes, i can." rong yan nodded.

Chapter 2258: In the child's heart, the Father is a mountain

Liancheng Yazhi had a particularly good sleep. From the time he left home until he came back, the total amount of sleep he had in these three days was not as much as the night before, nor did he sleep as well.

although liancheng yazhi knew that he had to leave early in the morning, he did not want to open his eyes or move as he lay in bed.

He only opened his eyes and sat up when he touched the empty space beside him.

The place where Rong Yan had been lying next to him was already cold, so she must have been up for a long time.

Liancheng Yazhi looked at the time. It was half past six in the morning.

“Daddy, you’re going out again?” MeowMeow pouted.

yes, dad is busy. He can't be like us.

Rong Yan hoped that the child would think that his father was a tall mountain and an idol worthy of her worship. She didn't want him to leave a bad impression in the child's heart.

Because Liancheng Yazhi had returned as promised yesterday, MeowMeow did not have any complaints about him. Instead, she asked, "Then, when will dad be back this time? Will it also take three days?"

Rong Yan smiled and picked up a comb to comb her hair. "Can you ask him yourself when we're eating later?"

Chapter 2259: I don't want to add to his burden

Rong Yan did not know how long Liancheng Yazhi would be gone this time. She was afraid that if she spoke too little, the child would wait in vain and it would increase Liancheng Yazhi's burden.

although he had said a week last night, it would depend on the situation.

if Kang Yu didn't get better, it was hard to say if Liancheng Yazhi could come back.

When Rong Yan carried meowmeowmeowmeow downstairs, she was already up and almost everyone in the family was sitting at the dining table.

"daddy, hug, hug, hug."

Liancheng Yazhi took it and said, "okay, daddy will carry Ran Ran."

In front of his daughter, he had always been a good father who had no temper.

This meal was no different from usual. In fact, after thinking about it carefully, there was not much difference. Liancheng Yazhi had only left home for a few days and would be back soon.

MeowMeow sat in Liancheng Yazhi's arms and asked, "Dad, are you leaving later?"

Liancheng Yazhi looked up at Rong Yan. She nodded at him, indicating that she had already told MeowMeow.

"yes, daddy has something to do and has to leave for a few days. be good, meowmeow. daddy will be back soon."

I know. Then, dad, how long are you going to be gone for? "Anyway, her father would be back in a few days, so MeowMeow was not very excited.

Liancheng Yazhi thought for a while and said, "one week. This time, I'll leave for a little longer. I'll be back in a week, but dad will work hard. If I finish it earlier, dad can come back earlier.

"Then, daddy, you have to work hard, Yingluo."

"Okay, in order to come back earlier to see our baby, daddy will definitely come back earlier."

Breakfast was finished in a calm and warm atmosphere. It was already seven o'clock after breakfast, which was an hour later than Liancheng Yazhi's original scheduled time to leave. He could not stay any longer and had to leave.

Before he left, he went to Natsume's laboratory and took a few things. It was the medicine that Natsume had asked him to bring.

Those were all things that Natsume had researched and synthesized on his own, and they were all things that he needed. If he were to synthesize them there at the last minute, it would take too much time.

Therefore, the main reason why Liancheng Yazhi came back this time was because he had promised his wife and child. There was also another small reason, which was to bring something back for Natsume.

rong yan carried meowmeow and sent liancheng yazhi out.

Outside the door, the car that had brought him back was already parked at the door. It was a dirty big Jeep, and there was some dew on the hood. He had no idea how long it had been parked.

liancheng yazhi hugged rong yan and placed meowmeow in his arms. ” “Go back, I’ll be back in a few days.”

"Be careful on the road," Rong Yan nodded.

Liancheng Yazhi nodded and said, "okay, I know, Yingluo."

Rong Yan asked Butler li to put the several thermal containers she had prepared into the car. take these with you. Don't always eat bread on the road.

“My wife is so attentive,” Liancheng Yazhi said with a smile.

“Alright, you should be on your way.”

“Bye, daddy,”

[illegible]

“Goodbye. Stay at home and Listen to Your Mother.”

“I will be obedient.”

Liancheng Yazhi looked at Rong Yan and said, "let's go, Zhenzhen."

“Get in the car.” Rong Yan looked like she was sending her husband to work. The smile on her face was very normal and didn’t give anyone any pressure at all.

As the car started, Liancheng Yazhi rolled down the window and waved at Rong Yan and the others.

Rong Yan and her family watched as Liancheng Yazhi's car left their house and gradually walked further away. Only then did they sigh slowly, hoping that there would be no danger.
