

Chapter 341 What do you have in exchange?

Rong Yan made up her mind this time and was determined not to have anything to do with Liancheng Yazhi anymore.

If she continued to be entangled with Liancheng Yazhi, she really couldn't guarantee what she would do out of madness. Besides, she couldn't see Liancheng Yazhi's face again. As long as she saw him, Rong Yan would remember how stupid she was.

"if you stay in the capital, he'll find you in an hour. if you leave, he'll probably stop you as soon as you walk into the airport or the train station."

Rong Yan closed her eyes and leaned against the car seat. She nodded noncommittally. "Yes, I don't have the ability, but you do. As Liancheng Yazhi's childhood friend, you didn't stay at his cocktail party but came out to look for me. Don't tell me you just want to see me in a daze."

The man seemed to think about it seriously. I do want to see you in a daze, but it's obviously a pity. Yingluo, yes, I can help you, but what can you give me in exchange? after all, I'm taking a big risk.

Rong Yan did not open her eyes and sneered in disdain. "An exchange. Let me give you a piece of advice. Don't be so greedy. I think the price that Rong nuo has given is enough. I didn't ask you to help me. Help Huanhuan or not."

"As expected, your arrogance is a result of Liancheng's pampering. I will help you leave the imperial capital, but I only have one condition. You'd better not have any contact with Rong nuo in the future."

Rong Yan snorted. I can only say that I'll try my best.

She knew that this man had never liked her being in contact with Rong nuo. In fact, this man's thoughts were easy to understand. Normal men didn't like their women to be close to a woman like Rong Yan. They were really afraid of being led astray by her. She was really not a good role model.

men would vomit blood if they learned from her.

Rong Yan's answer made the man nod reluctantly. I'll send you off in two hours. I'll prepare your passport and identity card for you. You'd better go abroad for two years. I can already guess that you'll turn the capital upside down after you leave.

Rong Yan's eyelashes fluttered. but I have to do something before I leave.

"What's the matter?"

rong yan's eyes lit up. " of course it's to get back my money. i worked hard to earn that money. get me all my bank cards, clothes, shoes, and jewelry. "

The man was speechless. why do you need those things if you're tidying them up? you can't take them all with you. I'll prepare the money for you.

Rong Yan gritted her teeth. you'll prepare it for me? I can't take it all with me, but I can sell it all at a branded discount store. I don't have any hobbies other than money, and I can't let my money fall into the hands of others."

That was her hard-earned money. Liancheng Yazhi did not think that she would not want those things just because he had set her up on the night of New Year's Eve. Damn it, there was no way.

you're so cowardly. You're so cowardly. the man held his forehead. He really had nothing to say.

rong yan turned her head to look at the night sky outside. rows of street lights flashed past. " with your ability, it's still possible for me to hide in the capital for a day without being found, right? "

I can only say that I've tried my best, Yingluo. even he couldn't guarantee how long he could last under Liancheng Yazhi's all-out siege.

Chapter 342 Have you really decided to leave?

"Before I leave, I want to see Rong nuo." Rong Yan turned to look at him.

the other party didn't hesitate at all. " "No!"

Rong Yan gritted her teeth and glared at him fiercely. She said through gritted teeth, " hey, don't go too far. You think I'm not a good person, but how much better do you think you are than me? if you're accused of abducting a high school girl, I'll see how you can survive in the political scene.

After threatening her, Rong Yan's tone changed and she comforted her, " "i won't do anything to her. i just want to see her before i leave. after all, who knows how many years i won't be able to see her again after i leave? i think rong nuo actually wants to see me more. if you can take the initiative to let us meet, she will be grateful to you and won't reject you so much."

rong yan looked at the man's face that was hidden in the darkness and said in a low voice, " don't worry, I won't abduct her. I can't even protect myself now. Besides, she's going to take the university entrance exam next year. I hope she can receive a good higher education. I'll have to ask you for help.

Rong Yan's actions were a slap in the face and a sweet date. She knew very well why this man did not let her see Rong nuo.

To be honest, Rong Yan really wanted to take Rong nuo away. Who knew what kind of good ending she would have if she followed such a man who was dressed like a beast and had a devil behind his back.

Moreover, Rong Yan was really worried about Rong nuo, who was so easy to bully.

However, she was even more clear about her current situation. Let alone taking Rong nuo, she could not leave without the help of others.

After Rong Yan threatened and tricked him, the other party finally nodded.

"Okay, I'll let you see her once, but you only have half an hour to talk."

rong yan pointed at him and cursed."f * ck, can you be more stingy?"

"Sure, 20 minutes it is," he said calmly.

you're Yingluo, you're Yingluo. Thirty minutes it is then. I've never seen a man like you. You're even more Yingluo than Liancheng Yazhi. Rong Yan stopped halfway through her sentence. They were birds of the same feather.

"I'll take you to see her now. In half an hour, someone will take you to the place arranged for you. I'll get someone to take out all your things for you tonight and get rid of them."

"Alright, thank you, Yingluo."

you have to think about it carefully tonight. Have you really decided to leave without any reluctance? "

"Nostalgia? What's there to miss? I've left this place a long time ago, and this Yingluo is also my chance." Rong Yan closed her eyes again. She had already made her decision and would not change it.

She did not want to stay in this city that was full of darkness and despair and had Liancheng Yazhi.

The car returned to silence. The car drove on the road that was not dark and drove into the unknown distance.

=====

After Liancheng Yazhi left block A of the Empire, he returned to the old residence.

As soon as he entered the room, he took off his coat, untied his tie, and threw them on the ground. His face was frighteningly cold.

“Where’s Rong Yan?” he asked without waiting for the old Butler to speak.

the old butler was stunned for a moment. shouldn’t he be asking young master where miss rong was?

“Young master, didn’t miss Rong go to find you?”

Liancheng Yazhi suddenly kicked the 60-centimeter-tall plum vase to the ground. “I’m asking if she’s back yet.”

Chapter 343 find rong yan!

The plum vase with the pattern of peonies and blue flowers on it fell to the ground. With a bang, it broke into pieces, and the porcelain pieces scattered all over the ground.

This bottle was made by several famous porcelains after several months of painstaking work. It was bigger than the ones on the market and could be considered a fine product among modern porcelains. Now, it had been destroyed by Liancheng Yazhi.

The old Butler was so shocked that his eyes almost fell out. Oh no, the young master kicked out a million Yuan.

he immediately shook his head. ” no, miss rong left by car at seven or eight o’clock and never came back. she was in a very good mood when she left. i thought yingluo thought yingluo. ”

The old Butler thought that their young master and miss Rong would be having a ridiculous time tonight, but what was going on with ran ran?

Liancheng Yazhi’s eyes were ferocious and terrifying, and the old Butler didn’t even dare to breathe.

“I’ll see where you can hide if you don’t come back,” he said through gritted teeth.

Liancheng Yazhi took out his phone and directly called Secretary Zhou. find her. I’ll give you an hour to find Rong Yan!

Liancheng Yazhi hung up after saying that. He did not even put on his coat and went out again in a thin silk shirt.

This time, he drove back to block A in the Empire.

lian Cheng yazhi knew that Rong Yan had sold her house. She had never returned to the house she had rented after she moved into Block A of the Empire.

Now, the only place she could go to was the old mansion and the penthouse suite in Block A of the Empire.

Where else could she go if she didn't return?

The old Butler chased out of the door and smelled the exhaust of a car that was about to dissipate. He sighed and turned back to his house.

After he wandered around the house, he hesitated for a while before taking out a strange-looking phone from the box.

He dialed a number and waited for the other party to pick up. He stood up straight and respectfully said, "Old master, Wuwu."

=====

Lian Cheng Yazhi rushed to Block A of the Empire in the shortest time possible. An hour ago, the beautifully decorated venue had been cleaned up. He went straight to the top floor and stood in front of the door, hesitating for a moment before pushing it open.

With a creak, the room was pitch black, and a cold and clear aura hit him in the face.

Lian Cheng Yazhi walked in and turned on the light in the room. The blinding light illuminated every corner of the room. This place, which used to be filled with beauty and aura all the time, no longer had her shadow or her voice.

The room, which had been empty for many days, had lost a lot of people. The room was dead silent and empty, as if it could not be filled no matter how many things were bought.

There used to be her shadow in every place and every inch of the air here. She was acting coquettishly, acting shamelessly, angry, flattering, and all sorts of other expressions.

Lian Cheng Yazhi had once thought that Rong Yan was a woman he relied on and would never dare to really leave.

However, the moment he pushed the door open, he started to feel uncertain.

Lian Cheng Yazhi walked into the bedroom. On the large bed was a Winnie the Pooh that Rong Yan had bought. He lay on it and pinched the little bear hard as

if he was pinching Rong Yan. He said hatefully, " "This time, when I catch you, I'll break your legs so you can't go anywhere."

but could they really find yingluo? Could he still bear to?

Chapter 344 Come back to my side

But could they really find Yingluo? Could he still bear to?

yes, could he bear to?

lian Cheng yazhi asked himself this, and the answer was that he really didn't know.

he only knew that as long as Rong Yan acted coquettishly, seduced him, or admitted her mistake, all of his principles might disappear.

lian Cheng yazhi's hand that was pinching the little bear slowly loosened and gently smoothed out the handprint on it. the corners of his lips slowly curled up into a faint smile. " Rong Yan, as long as you come back obediently to comfort me, I'll treat you the same as before! "

Lian Cheng Yazhi got up and walked slowly in the bedroom, as if he wanted to walk every inch of Rong Yan's path again.

Finally, he came to the bed and pulled open the curtains.

It was a dark night outside. Looking at the high-rise buildings and lit houses outside, Lian Cheng Yazhi pressed his forehead against the cold window and murmured in a low voice, " "It's so cold outside, come back to my arms."

=====

The old-fashioned pendulum clock on the wall shook, and the time limit set by Lian Cheng Yazhi for Secretary Zhou was getting closer and closer.

Lian Cheng Yazhi placed his phone within his reach, waiting for the call to ring so that he could pick it up immediately.

At this moment, what Lian Cheng Yazhi did not know was that Secretary Zhou was about to go crazy.

It was New Year's Eve, and everyone was at home with their families. With an order from Lian Cheng Yazhi, Secretary Zhou pulled all the people on leave from their warm homes.

They used all the people, machines, high-tech equipment, and connections that they could contact to carry out a thorough search of the imperial capital in the shortest time possible.

However, as time passed, they did not find Rong Yan as quickly as Secretary Zhou had expected.

he had thought that half an hour would be enough, but there were only ten minutes left and there was no news from rong yan.

There were only seven minutes left. Secretary Zhou was so anxious that his shirt was wet. He asked again and again, "Did you find it? Is there any news?"

The answer he got was always a shake of his head.

When there were only three minutes left to the time set by Liancheng Yazhi, a young man in charge of locating the location said to Secretary Zhou with a heavy expression, "We still can't find Secretary Zhou, Qianqian. We can only find traces of miss Rong before 12 a.m., But we can't find anything else after that. It's like Qianqian disappeared into thin air."

Secretary Zhou was so anxious that he wanted to curse. A living person had only left block A for a few hours? What are all of you doing? you usually brag about yourselves like Supermen, but when it comes to the critical moment, you can only say that you can't find it. A bunch of good-for-nothings."

It was time to scold them. Secretary Zhou pointed at them and roared, "all of you can wait to be cut."

If they couldn't find the person young master ya was looking for, no one would have a good life in the future.

secretary zhou originally thought that rong yan must not have gone far from block A of the empire at that time and probably had found a place to recuperate.

After all, the weather was so cold outside, and she was someone who was so afraid of the cold. Where could she go? He was probably looking for a place to stay and make do with it for the night.

Moreover, Secretary Zhou had checked Rong Yan's background information very clearly. She had no friends, and her family members were all enemies, so she couldn't find anyone to help her clear her name.

Chapter 345 I'm sorry I couldn't find miss Rong

Therefore, Rong Yan had even fewer choices.

Therefore, after receiving Liancheng Yazhi's order, Secretary Zhou was completely under no pressure. It was easy for him to find someone in the capital.

Secretary Zhou was thinking that he might be able to go back and rest after finding the person. But now, things were different.

Rest? Hehe, Yingluo's rest, your sister. He wouldn't have any rest days for a long time.

After preparing himself mentally, Secretary Zhou nervously called Liancheng Yazhi with cold sweat.

Liancheng Yazhi did not wait for him to speak. After picking up the phone, he immediately asked, "Where is she now?"

Secretary Zhou's voice trembled as he said, "Young master ya, I'm sorry. We couldn't find miss Rong."

"You're saying you didn't find it?" Liancheng Yazhi's voice was emotionless, as if he did not hear clearly and had asked Secretary Zhou to read it again. He had no other meaning.

however, he didn't dare to say what his true thoughts were.

Secretary Zhou swallowed his saliva. He was so scared that he really wanted to find a place to jump off. Today was the first day of the new year, but this happened. Was he going to let them live in front of young master ya's cannon for the whole year?

Did she think that he had been too dull last year?

Secretary Zhou really wanted to shout, "Miss Rong, where are you? please appear, please save me, please Qianqian!"

however, all of this was useless.

Secretary Zhou was still trembling as he continued to report to Liancheng Yazhi. "Yes, young master ya. I couldn't find miss Rong. I'm very sorry. I didn't follow your instructions and find miss Rong within an hour. I'm very sorry."

Secretary Zhou repeatedly emphasized that he was sorry and apologized in the hope that Liancheng Yazhi's anger would lessen, even if it was just a little.

Liancheng Yazhi's grip on the phone gradually tightened, and the veins on the back of his hand were popping. His face was darker than the night outside, and finally, in his monstrous anger, Liancheng Yazhi said, "Secretary Zhou, you've

been with me for so many years. you know what i want to hear, so why do you still let me hear this? any apology is not an excuse for your incompetence. if you still want to live a good life, then find something i like to hear. i don't want others to think that i've spent money to support a bunch of useless people. ”

Secretary Zhou was a little stunned because he could hear that Liancheng Yazhi's anger was obviously restrained this time. He was already prepared to suffer young master ya's anger, but this time, young master ya really surprised her.

Could it be that young master ya had heard his prayers, and that's why he was like this?

In fact, what Secretary Zhou did not know was that Liancheng Yazhi really did not have the heart to kill anyone. The reason why he did not fly into a rage over the phone was entirely because he did not want to lose his temper where Rong Yan was often. He did not want to destroy the room that was still full of Rong Yan's figure.

Secretary Zhou was glad that their young master ya finally knew how to restrain himself when he was angry. This was such a great growth.

He quickly told Liancheng Yazhi the news he had obtained. “Yes, yes, young master ya is right. We're still looking for her. Someone saw miss Rong in the square, but after midnight, miss Rong disappeared from the square. No one saw her again, and the news stopped here.”

.....

Chapter 346 Rong Yan, stop hiding, come out quickly

After Secretary Zhou finished speaking, Liancheng Yazhi's voice suddenly rose.”Then keep looking. I don't care what method you use, even if you have to dig three feet underground, you have to find her.”

After Liancheng Yazhi finished speaking, his voice instantly dropped and he said four words to Secretary Zhou, ” “Or else, Yingluo, Yingluo, you guys ...”

Other people might not understand what he meant, but Secretary Zhou could.

He shivered secretly. Damn it, I knew young master ya couldn't have such a good temper. I'm done for this year. All my good days are gone.

Secretary Zhou's forehead was dripping with sweat. He said, ” “Yes, yes. Don't worry, young master ya. I'll let you know as soon as I have any news. We'll do our best to find miss Rong.”

Liancheng Yazhi sneered, his voice so cold that it was like icicles piercing into the bones. I don't want you to work hard, but you must find Rong Yan's whereabouts for me. I want her to stand in front of me, do you understand? "

Liancheng Yazhi only had one voice in his heart: He had to find Rong Yan and Yingluo.

He couldn't bear the thought that she would never be here with Yingluo again.

She couldn't imagine the days when Wanwan didn't hear her call him 'Mr. Liancheng'.

Liancheng Yazhi shouted to the entire city, " Rong Yan, stop hiding and come out quickly.

Where could she, a woman, hide?

What if they met a bad guy?

she was wearing such thin clothes, what if she caught a cold?

What if he really couldn't find it?

Secretary Zhou wiped his sweat. understood, understood.

He really wanted to say,"young master ya, if you knew this would happen, you wouldn't have had to go through with it."

"Secretary Zhou, don't disappoint me," Liancheng Yazhi finally said.

Secretary Zhou immediately straightened his back and said, " yes, I will definitely not betray your trust. I will definitely find miss Rong.

After he hung up the phone, Secretary Zhou grabbed his hair and wailed.

I really can't live like this anymore, I really can't. Miss Rong, where are you?

Secretary Zhou had a very bad feeling in his heart. Even with their huge network, Information Network, and huge human resources, they couldn't find Rong Yan's whereabouts in an hour. After tonight, it would be even more difficult.

At the thought that they might not be able to find Rong Yan and that they would not show up often, who knew what kind of chaos the capital would be in?

Secretary Zhou felt a deep pain in his balls.

He was really depressed and puzzled. Rong Yan was all alone without any outside help. How did she escape their search?

Although Secretary Zhou had been tortured to the point where he wanted to commit suicide, he really wanted to say, "miss Rong, you're really awesome. You're the first person in the world that even young master ya couldn't find.

=====

After Liancheng Yazhi hung up the phone, he thought for a while and left. He had to go and take a look personally to see how those good-for-nothings found them.

The moment Secretary Zhou told him that they couldn't find Rong Yan even after an hour, Liancheng Yazhi began to panic for the first time that night.

Rong Yan was a woman without any ability. Why couldn't she find her?

Even if something really happened to Yingluo, it shouldn't be that they couldn't find any news about Yingluo.

In just a short while, Liancheng Yazhi's palms were covered in sweat! He felt as if something was tearing his heart apart. It didn't hurt, but it was very uncomfortable.

Chapter 347 The countdown to leaving

Liancheng Yazhi did not know that right after he left block A of the Empire, someone had sneaked into the room on the top floor and moved all of Rong Yan's things away.

As Rong Yan said, the hard-earned money she earned from sleeping with him must not be taken advantage of by Liancheng Yazhi.

This time, he was already at a disadvantage for not getting Liancheng Yazhi's second breakup fee, and he could not give up any more.

As for the things in the Liancheng family's old mansion, Rong Yan could only think about it. It was absolutely impossible for anyone to sneak in.

Rong Yan was glad that she was used to carrying her bank card with her. Basically, excluding her small assets, a large amount of money was stored in one or two cards. This time, she had also habitually put them in her handbag when she went out, so her loss was not particularly serious.

the car continued to drive in the dark. after the man answered a phone call, he said to rong yan, " you've already gotten your stuff out of block A. Do you want to see for yourself, or do you want me to get someone to deal with it for you? "

Rong Yan pursed her lips and sneered. there's nothing to see. I'll sell them all.

What's there to see? are you going to recall the bits and pieces of their time together?

Rong Yan let out a breath of air and asked, "block A of the Empire was fortified by him. Who did you find? they're so powerful that they actually stole so many things?"

The man laughed, "you think this is easy?" I'm looking for the world's number one thief, and I promised him that as long as he stole those things, his previous criminal record would be erased. Moreover, when building block A of the Empire, I invested some money, so I have some shares, so I know all the facilities inside. This way, as long as I find a loophole, it won't be difficult to get in with the ability of the King of Thieves."

Rong Yan couldn't help but sigh. So, friends were meant to be cheated!

After a while, the man said, "we're almost there. When you see her, it's best not to say those things."

Rong Yan did not wait for him to finish and rolled her eyes. I know, I know. You're so long-winded, I really doubt you. Rong nuo will see if you're a man or a father.

the man gritted his teeth in anger, "rong yan, you're so stubborn!"

Even though she couldn't see the other party's expression in the dim light, Rong Yan could guess that this man was probably so angry that he wanted to throw her out of the car. He might even be regretting helping Rong Yan.

As expected, the man said angrily, "I shouldn't have agreed to help you."

An evil smile hung on Rong Yan's lips as she threatened, "Don't be like this. It's useless to regret it now. If Liancheng Yazhi knows that it was you, his good brother, who helped me, what do you think he will do?"

Yes, what would Liancheng Yazhi do if he knew?

no one dared to imagine the result. no one could bear his anger.

finally, in the midst of the strange atmosphere, the car stopped in front of a small white bungalow.

"You can go in, she's waiting for you inside."

"You're not going in?" Rong Yan glanced at him.

"I'm going in. Can you still talk so easily?"

“To be honest, it really doesn’t matter to me whether you go in or not.” After saying this, Rong Yan pushed the door open and got out of the car.

After seeing Rong Yan, Rong nuo burst into tears. She ran a few steps and pounced on Rong Yan, hugging her. big sister, big sister!

Chapter 348 He dotes on me a lot

Rong Yan opened her arms and hugged Rong nuo. Her eyes were a little sore as she ruffled Rong nuo’s hair. don’t cry, You’re a Big Girl Now.

Rong nuo raised her head, her eyes and nose red. Wuwu, big sister, are you really leaving? ”

“Right, it’s time to go. Tsk, tsk, tsk, he’s really fattened up.” Rong Yan pretended to be relaxed and pinched Rong nuo’s soft white cheeks.

She guessed that Rong RUO was really Living a Good Life. There was no depressed aura on her, and her eyes were pure and clear. She looked more like an Innocent high school student than before.

Rong Yan had never had such clear eyes before.

She was not envious, but she hoped that Rong nuo could continue like this forever.

Rong Yan thought to herself that perhaps that man, Huahua, really treated Rong nuo well! At least, it wouldn’t be like between her and Liancheng Yazhi, where it was a dirty deal from the beginning.

Tears rolled down Rong nuo’s face. Wuwu, big sister, I can’t bear to see you leave.

“Silly girl, why are you crying? this isn’t a life and death separation. We’ll meet again sooner or later.” Rong Yan’s smile was very relaxed. She pulled Rong nuo to sit down. let’s not talk about this. We only have half an hour to talk. Come, tell me something useful. How are you doing? how has he been treating you? ”

Rong nuo sniffled and said very seriously, I’m fine, everything is fine. He didn’t force me, and he didn’t force me.

Rong nuo smiled shyly. he Pampers me very much, and sometimes I mistakenly think that I might have been a lost princess in the past. I think it’s not bad to follow him like this. At least when I need help, he can help me.

rong nuo’s smile was filled with happiness, and rong yan felt both relieved and worried.

He was glad that she was doing well, but he was worried that in the future, her happiness would become the knife that hurt her the deepest.

“Rong nuo, you can rely on him now, but at any time, you have to keep your heart and don’t let yourself be humble. Even if Yingluo suddenly turns around and leaves one day, you can still live well. You can even fall in love with him, but you can’t love him more than you love yourself. A woman only loves herself more than anyone else.”

rong nuo nodded hard. ” eldest sister, i understand. in fact, the people of the rong family only love themselves. this is the shame in our bones. ”

30 minutes passed by very quickly, and there were already sounds of urging coming from outside.

Rong nuo, I’m leaving. See you, Yingluo. Rong Yan stood up and hugged Rong nuo for the last time.

“Eldest sister, can we really meet again in the future?” Rong nuo grabbed her hand tightly.

Rong Yan smiled slightly,”I will, Zhenzhen.”

With a heavy heart, Rong Yan walked out of the small bungalow and got into the car parked outside again.

The car lights lit up and the car started slowly. Rong Yan turned her head and saw Rong nuo, who had been standing at the door and looking over.

At the thought that she might never see him again in the future, Rong Yan’s nose suddenly turned sour and the corners of her eyes became wet.

I hope you can treat her well. She’s different from me. If you really get tired of her one day, please prepare a good retreat for her so that she doesn’t have to worry about food and clothing in the future. Don’t let her be homeless like me.

Chapter 349 two great taboos

Rong nuo’s figure had already disappeared into the night. Rong Yan turned around and looked at the man. “if you can’t marry her, then don’t let the child trap her, yingluo.”

in their line of work, there were two major taboos: don’t fall in love and don’t get pregnant.

Being emotional would make one sad, but having a child was the same as being tied down for life.

the only thing that Rong Yan was glad about now was that she had only touched a little and had time to pull away.

She had been taking birth control pills before. Although she stopped taking them after Dr. Wang reminded her, Dr. Wang also said that it was not easy for her to get pregnant with her body now, so Rong Yan was not worried about getting pregnant at all. She didn't believe that she was so 'lucky' that such a small chance would happen.

Therefore, Rong Yan had never taken her pregnancy to heart, nor would she go to the hospital for a checkup because of this, Yingluo.

Liancheng Yazhi's face floated past Rong Yan's eyes, and her heart was still in pain. She slowly closed her eyes. Even if she was really infertile in the future, it was still better than being pregnant with Liancheng Yazhi's child now.

if she really got pregnant, how was she going to live the rest of her life?

After Rong Yan finished speaking, she didn't say anything else. She didn't expect the other party to answer her. She just wanted to tell him what she wanted to say.

Now that she was about to leave the capital, even if she wanted to interfere in Rong nuo's matters, she could not.

She could only hope that her heartfelt words would make him think and be wary of her.

After a long while, Rong Yan heard the man's low laugh from the side. you two sisters are really interesting. You're clearly not related by blood, but you see each other as the most important person in your life. You could kill your own sister for her and send your biological mother to prison. She could even ignore her own father, but she asked me to help you time and time again. The first time I saw you two, I felt that this was really fate.

Rong Yan suddenly opened her eyes. what do you mean by repeatedly teasing me? "

Could it be that this was not the first time Rong nuo had asked him for help?

The other party shrugged. it doesn't matter whether you know about this Yingluo or not. You should get ready. I'll arrange for you to leave by tomorrow night at the latest.

Rong Yan's brows furrowed tighter and tighter as she stared at the other party. Even in the dark, the light in his eyes could be seen, making people feel a little guilty.

A scene flashed through her mind before she finally stopped at a scene from a long time ago.

"Did it start so early?" she asked through gritted teeth.

The other party hesitated for a moment. it's not too early!

Rong Yan's hands clenched into fists, and she wanted to hit him immediately. I really f * cking want to kill you right now.

The man spread his hands. don't be so impulsive. No matter how angry you are now, this is an unchangeable fact. I will not let go of Rong nuo, just like how Xuanji Liancheng can not let go of you.

rong yan smiled sarcastically. " so what if i can't let it go? i'm about to break away from his control now. in the future, if you're as bad as liancheng yazhi, rong nuo will be like me. "

Rong Yan's words made the other party choke back. He really regretted taking the risk of being discovered by Liancheng Yazhi to help Rong Yan more and more. This woman would never give in at any time.

He finally said to Rong Yan, "I'm not Liancheng, and Rong nuo is not you. We feel different from you.

Chapter 350 Young master ya, why are you here?

He paused for a moment and looked into Rong Yan's eyes before saying, " I won't give her a chance to leave, and I won't do anything that would make her want to leave me. You and Liancheng are my lessons.

his voice was refined in front of outsiders, but at the same time, it carried an undisguisable dominance, seriousness, decisiveness, and no hesitation.

hearing his voice, rong yan's anger suddenly disappeared. she smiled and did not say anything else.

If he could really do better than Liancheng Yazhi, Rong Yan would be happy to see that.

She hoped that Rong nuo could get the happiness that she could not get.

The car drove on the road for a short while and entered an old residential area for ordinary citizens. The area was particularly quiet, and the car stopped in front of a building.

He said to Rong Yan, you'll stay here tonight. The room is on the fifth floor. It's already prepared for you to eat and drink for the day. After daybreak, it's best, no, it's best that you don't go out at all to avoid being discovered. You might not know this, but kongcheng Liancheng has already conducted a thorough search of you in the entire city. All the high-tech devices have been activated. He also controls the life and death of this city. You know that under such circumstances, even if I wanted to hide you, I really don't have full confidence. You'd better be prepared to leave at any time. I'll send someone to pick you up at any time tomorrow."

When Rong Yan heard him say that Liancheng Yazhi had already sent people to search for her, she felt as if her heart was pierced by a needle again.

The images of her being together with him flashed across her heart like a whip, hitting Rong Yan's heart again and again ...

Rong Yan sneered. Even if Liancheng Yazhi searched the entire city, what was the point? what did this mean? Could she erase the damage he had done to Rong Yan?

He was only doing this because she had embarrassed him in front of so many people, so he wanted to catch her because he was unwilling.

Now, even if it was for her own sake, she did not dare to come out. The group of people raised by Liancheng Yazhi were not easy to deal with. When she was looking for Rong nuo's whereabouts, she could be considered to have seen the tip of the iceberg and knew their existence.

rong yan nodded and asked,"alright, i got it, zhenzhen."

Rong Yan took the key from Xiang Fei's hand. I'm going in. See you.

After getting out of the car, she heard him say,"Rong Yan, this is the last time you can think. Think again." &Nbsp;

Rong Yan's figure paused for a moment. That's right. After tonight, she would never have the chance to regret it.

She raised her head and met his eyes."i will never regret this."

alright, since that's the case, that's it. Goodbye.

"goodbye, yingluo."

Rong Yan opened the door and went in with her luggage.

She lay down and told herself before she fell asleep, "Liancheng Yazhi, I won't let you find me. I definitely won't."

=====

On the other side, Secretary Zhou was wiping his sweat as he directed the people who had stayed up all night and were worried to continue to track down Rong Yan's whereabouts.

Seeing that the sky was about to turn bright, but there was still no news, he was burning with anxiety. When he turned around, he saw Liancheng Yazhi walking over with a dark face. Secretary Zhou was so scared that he almost knelt down. He immediately ran over and asked, "young master ya, why are you here?"

god, she couldn't be going to deal with him now, right? Don't! He hadn't lived long enough!
