

Permit Me 401

Chapter 401 All beautiful women are a scourge

Rong Yan's eyes turned half a circle and carefully looked at the eyes that were similar to the god of death. She said in a low voice, "Then, can you say that I've passed the stage of 'dying' in front of you?"

Rong Yan thought that if he wanted to kill someone, he would never say hello. If he wanted to kill someone, he would attack without saying a word and kill them in one move without mercy.

Therefore, she guessed that he did have the intention to kill her, but she decided not to do so.

He simply raised his eyebrows and had a new understanding of Rong Yan.

It was the first time that someone could answer his question so calmly and accurately in the face of his direct and undisguised threat of death.

This woman, Yingluo, was really not simple.

No wonder Liancheng was so fascinated by her that he almost went crazy for her, Yingluo.

It was said that beautiful women were femme fatale, and a beautiful woman with brains like Rong Yan was even more of a top grade femme fatale.

He simply admitted that Rong Yan didn't need to die and smiled at Rong Yan for the first time. that's right, you've indeed passed the hurdle of death with me. Because I realized that compared to killing you and letting Liancheng bring you back, it seems more interesting to be in the Pixiu state.

Jian Jie thought that he didn't kill Rong Yan because of Liancheng Yazhi. So, if he told Liancheng Yazhi that Rong Yan was with him at this time and watched Rong Yan escape so desperately, but still couldn't escape from Liancheng Yazhi after going one round around the China Gate, he would probably feel quite interesting.

that simple and faint smile almost caused rong yan to have a heart attack. damn, he was too demonic. his smile could simply numb one's heart. no wonder this guy always had a weapon-like face. it was because he looked too good when he smiled.

Wait a minute. Rong Yan bit the tip of her tongue. What did he just say when he was not smitten?

He seemed to have said that ran ran informed Liancheng Yazhi to bring her back?

If she was brought back by Liancheng Yazhi, what would happen to Rong Yan? she did not dare to imagine that jian jie was indeed ruthless.

Rong Yan swallowed a mouthful of saliva, and her expression was so stiff that it looked like she had just taken a needle to remove wrinkles. She chuckled. young master Jian, this doesn't seem to be a good idea. You're so busy every day. Don't worry about such a small matter.

Xuanji didn't really care if Jian Yi would tell Liancheng Yazhi about this. Based on their friendship, it would be strange if Jian Yi didn't tell him.

However, Rong Yan really prayed that God would take care of her simple heart and not let him tell Liancheng Yazhi about her whereabouts.

There was a faint smile on the corner of his lips that was almost invisible. It could be seen that this smile was no less than seducing Rong Yan's soul.

Liancheng Yazhi almost went crazy looking for you. As his brother, do you think I wouldn't tell him that I caught his woman? ”

After Rong Yan heard this, she wanted to kick her shoes to that simple face that was asking for a beating, but she didn't dare to. She suppressed her anger and nodded.”Yes, Mr. Jian is right. Tell her that this is what she should do. Who asked you to be friends? Then, Qianqian, before you make the call, can you untie the rope around my wrist first? your men are tied up too tightly, and my blood is blocked. I can't feel my hands anymore. I think you handed me over to Mr. Liancheng because you don't want to give me a disabled face, do you?”

Chapter 402 She should be taken good care of

Rong Yan's words made Jian Jie instantly speechless after hearing them.

If it was Rong Yan's first time facing a man like Jian Jie, then Jian Jie was the first time that she truly felt that a woman could be as smart and rational as Rong Yan. Even when she was at her most dangerous disadvantage, she could still face it calmly.

In the past, no matter if it was a man or a woman, they were all so afraid that they couldn't even speak when facing Jian Yi. However, Rong Yan didn't seem to be afraid of anything and even had the mood to make a harmless joke.

This woman could still be so calm even now. Was she really not afraid of Liancheng Yazhi coming over?

or did he really dare to guarantee that he would not kill her?

Where did she get such overconfidence from?

The people who were watching really wanted to teach her a lesson.

Jian Yi stared at Rong Yan with furrowed brows, as if he wanted to cut open her brain to see if her internal structure was the same as that of ordinary people.

The simple look in his eyes that did not hide his thoughts at all made Rong Yan shiver, and her scalp went numb.

She cleared her throat and said, " young master Jian, I'm telling the truth. If you don't break the rope around my wrists, I'm afraid my hands will really be crippled. Even if you want to kill me, you should at least give me an intact corpse.

Rong Yan's words were so calm that she didn't seem to be talking about herself. That self-deprecating voice was far more touching than her pitiful begging.

A moment later, Jian Yi took a few steps forward with a dark face and picked Rong Yan up. He looked behind her. As expected, her hands had started to turn blue because of the blood circulation, looking very scary.

He briefly glanced at Rong Yan. He understood this situation very well. It should be very painful, but her face had a leisurely and relaxed expression. There was no pain at all. She was really a wonder.

He simply took out a dagger from the left half of his military boot and Cut the Rope around Rong Yan's wrist.

his hand accidentally touched rong yan's hand, and the bone-piercing cold made him feel that frost would immediately form on the back of her hand.

Jian Jie suddenly felt a little angry. Her hand was already so cold, but she only said it now. Did she really not want her hand anymore?

As the hemp rope fell, one could see a ring of strangulation marks on each of her wrists. The rough rope had worn out her delicate skin. Because the rope was very tight at the time, there was not much blood oozing out, but this way, one could see the strangulation area more clearly. A layer of skin had been worn

away, and the flesh under the skin could be seen clearly. Against her white and slender arms, it was exceptionally dazzling and made people's hearts ache.

it was because anyone who saw it would immediately think that such an injury should not appear on Rong Yan's arm. a woman like her should be pampered, dressed in luxurious clothes, loved, and protected.

Looking at the wound on Rong Yan's wrist, Jian Yi's brows were tightly furrowed. The scar on his face made him look extremely terrifying.

Rong Yan ignored him. She couldn't feel her hands at all. She was a little worried now, wondering if she was really going to be disabled.

"master jian, can i still take my hand?" she asked with a bitter smile.

Jian Jie shifted his gaze to Rong Yan's face and spun the dagger in his hand. "You don't want it? I can help you with that."

Rong Yan smiled dryly,"hehe, young master Jian, you really like to joke, Yingluo."

She really wanted to hide her hands, because this guy Yingluo really dared to chop them off.

Chapter 403 The Black-bellied master Jian

Rong Yan looked into his unfathomable eyes and said, " can you find a woman to help me rub my hands? of course, Yingluo, if you want to do it yourself, I don't mind.

Rong Yan's head was hot for a moment, so she said this without thinking. However, she didn't expect that Gong Jie would suddenly raise his eyebrows and slowly reach out his hand."Are you sure?"

rong yan swallowed her saliva and took two steps back. " I'm just saying that. I don't dare to trouble you for real.

She would rather have her hand crippled than have it crumpled. It was too f * cking scary.

"it's okay, i don't mind." That simple face of the King of Hell had a smile that even the Grim Reaper would tremble at the sight of.

Looking at the Jian Yi who was leaning over, Rong Yan couldn't help but shout, " "You don't mind, but I mind Yingluo."

She realized that her voice was too loud and coughed twice to cover it up. ahem, I mean, it's not good for a man and a woman to be alone. You can't bully a

friend's wife. Although I'm your ex, I'm not your wife, but I've been with Mr. Liancheng before, so I'm your wife, so I'm your wife.

The smile on her simple face instantly faded. so, you reminded me that I have to be fair to my friends, Yingluo.

As he spoke, he took out a black phone in front of Rong Yan. It looked bigger and bigger than the ones on the market. He dialed a number and said, "liancheng, it's me!"

Those short words made Rong Yan's heart jump to her throat. She was so nervous that her face turned pale and her lips trembled slightly.

She turned on the speaker and Liancheng Yazhi's voice came out of the phone. simple? Why did you think of calling me at this time? You don't have enough weapons?"

Liancheng Yazhi was surprised by Jian Jie's sudden call, and his voice was a little doubtful. He teased Jian Jie a little, saying that he would not have asked him if she had not asked for a weapon.

the simple military boots stepped on the wooden floor, and the sound was like a big drum beating on rong yan's heart.

he approached step by step, as if death was approaching.

Liancheng Yazhi's voice, which she had not heard for a long time, made Rong Yan's heart ache. She thought that after a month, she would rarely think of this man. However, she did not expect that hearing his voice again after more than thirty days would still make it difficult for her to let go.

Finally, he walked up to Rong Yan and pulled her up. He pulled her closer so that her ear was close to the phone. However, at the same time, the two of them were very close to each other.

The simple pair of eyes filled with wild and murderous intent stared at Rong Yan as he said unhurriedly, " I'm not looking for a weapon from you, Hanhan. I heard that your woman ran away, so Hanhan specially called to comfort you. By the way, congratulations. You don't have to look for her anymore because of her, Hanhan.

before he could finish his sentence, liancheng yazhi immediately asked anxiously, " "She what?"

on the other end of the line, Liancheng Yazhi stood up abruptly. Because of his big movement, the little bear that was on his leg a moment ago fell to the ground.

It didn't matter if others asked about Rong Yan, but there was definitely something wrong if they asked simply.

Rong Yan had left a month ago, so it was impossible for Jian Jie to only know about it now. However, it was not normal for him to call after such a long time. Moreover, he was not someone who would care about such things.

Unless he had the latest news about Rong Yan, or he knew something.

Well, she's cricking now. It was as simple as a cat that had caught a mouse and was teasing her before swallowing it, just to see her struggle in fear.

Chapter 404-simple is a bastard

Well, she's cringing now. It was as simple as a cat that had caught a mouse and was teasing her before swallowing it, just to see her fear.

In short, he just wanted to see Rong Yan scared and see how long she could calm down.

Rong Yan bit her lower lip hard. Her eyes were filled with fear and fire at the same time. Right now, she really wanted to bite off a piece of meat from her simplified face. This bastard!

Liancheng Yazhi's anxious voice roared from the phone, "How is she now? Jian Jie, you better explain clearly. Did you see her, or did something happen to her? You better explain it to me now, or I won't let you off."

Jian Yi moved the phone a little further away and said to Rong Yan, "She's probably off somewhere to have fun now. She might've even forgotten who you are. Is it worth it for you to keep thinking about her?"

On the other end of the phone, Liancheng Yazhi kicked the trash can and smashed it. Whether it's worth it or not is my business. What you wanted to say just now was definitely not this crying. You better f*cking tell me the truth.

Based on Liancheng Yazhi's understanding of simplicity, he was not a person who would talk nonsense.

He wouldn't have made this call if there was no reason, and he wouldn't have suddenly mentioned Rong Yan if there was no reason.

Something must have happened that he didn't know about, and Jian Jie didn't want him to know.

Liancheng Yazhi knew that Jian Yi didn't have a good impression of Rong Yan and could even be considered as disgusted. If something really happened to Rong Yan, he probably wouldn't do anything even if he saw it.

Thinking of this, Liancheng Yazhi's heart was filled with worry.

When Rong Yan heard Liancheng Yazhi's words just now, she suddenly felt that her eyes were a little sore. She bit her lower lip hard and used the pain to stimulate herself to force back her tears.

After a while, Jian Jie said, "I did hide something from you, but I think it's better for you if Rong Yan leaves now. I've told you before that if you meet a woman you can't control, a woman who has become your weakness, you should either stay away from her or kill her. Since you can't bear to kill her, it's better for her to leave on her own and never see her again. This way, you can return to the Liancheng Yazhi of the past, the Liancheng I'm familiar with.

What he said was all true. He believed that a man should never lose himself for a woman.

If it was someone else, it would have been fine, but that person was his childhood friend and brother. He could not ignore it.

From the first time he saw Rong Yan, he had never thought of telling Liancheng Yazhi that she had fallen into his hands.

Instead, he was glad that Rong Yan had run away by herself. Only then would it be beneficial to Liancheng Yazhi. He would not have to continue to sink for a woman.

Perhaps Liancheng Yazhi still couldn't get over it, but as time passed, all the wounds would heal.

The calm and wise Liancheng Yazhi, who was always in an invincible position, would return.

However, this simple plan could not be understood by his good friend. Liancheng Yazhi slammed his fist on the table and scolded, "Bullsh * t, stop talking nonsense with me. Tell me what happened immediately. Don't make me break off our friendship.

Chapter 405 If anything happens to her, I'll skin you alive

If Jian Jie was in front of Liancheng Yazhi now, he would have used all his strength to punch him in the face.

This was the first time he felt that simplicity was asking for a beating.

She really wanted to beat his face until the sole of his shoe was revealed.

Jian Jie's gaze on Rong Yan became more and more unfriendly, and his killing intent grew stronger and stronger. Because of this woman, he had always regarded her as a close friend. At the same time, she was also one of the few competitors who had fallen. This made Jian Jie, who was born to fight, extremely angry.

He was increasingly convinced that a woman like Rong Yan Xuanji was a source of calamity, and a scourge as long as she was alive.

He simply sneered. Liancheng Yazhi, you're really capable. You're even willing to break up with me for a woman. Fine, I'll tell you. I'm hiding something from you. Rong Yan crossed the border a few days ago to steal a Kasaya.

Rong Yan's eyes widened. Damn it, this bastard could actually lie so openly without any guilt.

She was still in his hands, and he could already tell her that she had crossed the border a few days ago.

Liancheng Yazhi almost went crazy when he heard that. They had crossed the border and entered the most dangerous and chaotic tropical rainforest. How could a delicate person like his face endure such suffering? if he was caught, the outcome would be terrible.

Liancheng Yazhi only felt a chill down his back. He didn't dare to imagine what would happen to Rong Yan if she fell into that kind of inhumane violence.

Such a deep uneasiness and worry made Liancheng Yazhi directly vent his anger on her.

"Jian Jie, you bastard, how could you watch a woman enter such a dangerous place? if anything happens to her, I'll skin you alive." [simple: even the way these two people curse is exactly the same.]

he simply closed his eyes and almost crushed his phone. liancheng yazhi had been completely brainwashed by the word 'rong yan'. he used to be so rational and calm, and he was calm in front of everything. now, he would fly into a rage at the slightest provocation.

Jian Jie glared at Rong Yan and said, "Liancheng Yazhi, I really want to wake you up with a punch right now. I'm not the kind of person who would hit a woman when she's down and take advantage of her. I'll send someone to follow her. I'll only recall after sending her to Thailand and confirming her safety.

Rong Yan almost vomited blood when she heard that. Bastard, bastard Yingluo. to be able to tell a lie in such a simple way, even Rong Yan herself almost thought that she had really passed through the tropical rainforest and entered country t instead of Yingying falling into the hands of Jian Yi.

Rong Yan didn't have any fear now. All that was left was anger, a anger that wanted to burn Jian Yi to death.

This guy was really a piece of trash. He was scaring her while leaning on his own friend.

Now, she really doubted Liancheng Yazhi's taste in making friends more and more. Why were all of them like this? his life was a little too tragic.

thinking of Liancheng Yazhi and thinking of what he had just said, Rong Yan was really a little moved.

When he simply said that he had already sent someone to send Rong Yan safely to country t, Liancheng Yazhi's anger and anxiety instantly calmed down.

He bent down to pick up the little bear from the ground and placed it on the table. He patted the dust off it and said coldly, "You're calling me after sending her away? simple, what are you trying to do?"

Chapter 406 young master ya set off to catch the person

Liancheng Yazhi sneered and said sarcastically, "Do you want me to thank you, or do you want to eat a bullet?"

nothing, " she replied calmly. first of all, I don't want her to be a burden to you, so I sent her away. Although I really want to kill her, she's still your woman. If I kill her, you'll Never Let Me Go.

secondly, I didn't want to hide it from you, so I only told you a few days later when things were settled. I don't have any other purpose. That's what I was thinking. It's up to you to believe it or not, but I believe it anyway.

These two simple reasons were sufficient and appropriate.

It could be said to be reasonable, and there did not seem to be any loopholes.

however, Liancheng Yazhi was not satisfied. his voice was extremely cold."You'd better be like this,"

After hanging up the phone, he simply asked Rong Yan, "how is it?" are you satisfied with this result?"

=====

lian Cheng yazhi watched as little bear recalled everything jian jie had said and checked them one by one. in the end, he was sure that jian jie had lied to him and had not told him the truth.

Things were definitely not as simple as it seemed. If Rong Yan was really sent away, and if Jian Yi did not want outsiders to know, then all those who knew about it would be killed.

Just as he had said, he thought that Rong Yan's departure was the best, so he would not reveal her news.

Lian Cheng Yazhi did not believe that Jian Jie had told him because she felt bad.

Hmph, none of these childhood friends were easy to deal with. One was more mischievous than the other, so they did not have any guilty conscience or feel bad.

Lian Cheng Yazhi was now sure that Jian Jie had definitely seen Rong Yan, but where Rong Yan was now and whether she was in danger was another story.

Thinking of this, Lian Cheng Yazhi was extremely worried. He grabbed Little Bear and quickly walked to the door. He put his hand on the doorknob and opened the door with force. However, just as Lian Cheng Yazhi pulled the door open, Secretary Zhou stumbled and fell into the door. When he saw his boss's leather shoes, he immediately wanted to pretend to faint.

Secretary Zhou had heard the sound of things being smashed and quarreling from outside the door. He was so scared that he didn't dare to go in, but he was also very worried, so for the first time, he sneaked up against the door and listened to the corner. However, Yingluo didn't expect to be caught red-handed by her boss.

Anyone who saw Secretary Zhou's expression would know what he had done before. Lian Cheng Yazhi really wanted to throw him to the South Pole.

Secretary Zhou shivered at Lian Cheng Yazhi's freezing gaze and asked in a trembling voice, "Young master ya, what are your orders?"

Lian Cheng Yazhi knew that it was not the time to find trouble with Secretary Zhou, so he ordered sternly, "Prepare a plane to the border immediately."

Secretary Zhou swallowed his saliva. uh, Xuxu young master ya, are you going?
”

“It’s simple.” liancheng yazhi threw these three words at secretary zhou, walked past him, and left.

He had to make a trip there personally to confirm this matter. If he did not figure out what was simply hidden, Liancheng Yazhi would not be at ease.

Secretary Zhou didn’t understand. Why did he suddenly want to see master Jian? was the quarrel just now also with master Jian?

With such doubts, Secretary Zhou still shouted at Liancheng Yazhi’s back.

” yes, young master ya. i’ll get ready immediately. ”

Chapter 407 i also look down on men like you

the scene changed, and the time returned to the simple question of whether rong yan was satisfied.

rong yan’s smile was so bright that it was like a flower was about to bloom on her face. she chuckled and nodded.”I’m satisfied, I’m so satisfied, Yingluo!”

He simply put down his phone and said with a faint smile, ” “It’s good that you’re satisfied, Yingluo.”

however, rong yan’s expression suddenly changed. ” “Satisfied my ass!”

After Rong Yan finished shouting, her head suddenly slammed forward with force. With a muffled bang, she hit the simple-looking face.

Rong Yan had used all her strength to knock Jian Jie unconscious. She had poured out all the anger in her heart and used the strength to smash her head.

She couldn’t use her hands now, but she still had her head. Even if she didn’t kill him, she would at least hurt him until he was half dead.

Jian Jie suddenly felt like there were stars in front of his eyes. He had never thought that Rong Yan would make such a bold move.

And for the first time, Rong Yan’s sneak attack had succeeded on the sword that was always on guard and could kill at any time.

This was unbelievable. He was beaten by a woman?

how could this yingluo be?

Rong Yan endured the intense pain in her head and stepped on the Jian Jie's left foot while he was still in a daze. She then placed her right elbow on the Jian Jie's lower abdomen.

On the other hand, Rong Yan's luck was good this time. It was also because the simplicity was not on guard at all. She actually managed to drop The Walking weapon, the simplicity, to the ground.

He fell to the ground with a 'bang', and finally came back to his senses.

At this moment, his simple mind almost stopped thinking. All his attention was focused on the fact that he had been knocked down by a woman.

Because of his simple contempt for Rong Yan, he had underestimated a woman like Rong Yan. Because she was now a 'prisoner', he thought that she should please him and never thought that she would dare to do anything to him.

This was the first time in his life that he had been knocked to the ground by a woman. This was the greatest humiliation in his life.

Lying on the ground, the shocked and humiliated expression on Jian Jie's face was very vivid. Compared to the humiliation of being ambushed by a woman and then knocked down, the pain was not worth mentioning at all.

Just as Jian Jie's heart was burning with anger and he was about to stand up to teach Rong Yan a lesson, the other party became even more arrogant. She stepped on his chest and scolded him, "Jian Jie, you big bastard, why don't you f * cking die? is it fun to scare me? Tell Liancheng Yazhi that I'm here and let him take me back. Then, you'll watch me torture your good brother until he goes crazy. This is your friendship with him."

"If I leave, your brothers will be back to normal. This is good for everyone, isn't it? i know that you don't like me. i can tell from your eyes that you don't care about a woman like me. it's okay if you look down on me. i don't need you to look up to me because i look down on men like you too. if it wasn't for liancheng yazhi, you and i would just be strangers. who would know who we are?"

but you look down on me and make me feel scared while hiding it from your good brother. A two-faced person like you is the worst.

after a round of scolding, rong yan made a conclusion."You're the same as Liancheng Yazhi. There's no good in you." [young master ya: nonsense, I'm much better than him!]

Chapter 408 Can't wait to stomp him to death

Whether it was Liancheng Yazhi or Jian Jie, including Kang Yu, Xia Xuanmo, and the others, they were actually the same kind of people.

All of them had the wind and rain they wanted, with great power in their hands, high and mighty.

They all thought that they could control the life and death of others, and that others should listen to their orders.

If they gave a little favor, others would have to be grateful.

If he didn't want it, he would be ungrateful and should be punished.

This world wasn't theirs, so why did it have to revolve around them? she just wanted to live a little more comfortably and free. was that wrong?

Just because she was a woman with no power or influence, she deserved to be caught and teased by them. They wanted to use her pain and fear to become his laughing stock?

The more Rong Yan thought about it, the angrier she got. The uneasiness, grievance, and fear that she had been suppressing for a long time after being abandoned by Seven and entering the forest alone all turned into anger at that moment, and she wanted to vent it all on Jian Yi.

Hence, Rong Yan's foot on the simple man's chest became stronger and stronger, wishing she could stomp him to death.

However, this was absolutely impossible.

He was simply put down by her and stepped on by her because he was not on guard against Rong Yan. He didn't treat a fragile woman like Rong Yan as an opponent at all.

Now, Jian Jie had regained his senses. His chest heaved up and down violently, and his eyes began to turn red from anger. Being attacked by a woman, being knocked down by a woman, and being stepped on by a woman-these three things that had happened in less than five minutes could definitely be ranked as the top three most humiliating things in Jian Jie's life.

He grabbed Rong Yan's ankle with a simple hand and pulled her with his wrist. Rong Yan's body immediately fell backward.

The moment she fell, Rong Yan suddenly thought of her stomach.

there was only one voice in her mind. no, she must not fall.

People were always able to unleash their greatest potential at critical moments. The moment Rong Yan's body fell, she twisted her waist forcefully and shifted the direction of her fall. She fell sideways and just happened to hit the simple body.

Rong Yan's body landed on the ground with a loud thud. There was a meat cushion under her body, which was at least much better than falling on the hard wooden floor. However, Huahua seemed to have twisted her waist a little because she had used too much force just now.

Jian Yi's face was black and blue. She pushed Rong Yan away and turned over to press her arm down with her knee. Her hand that was harder than iron grabbed Rong Yan's slender and delicate neck and shouted angrily, "Rong Yan, do you want to die?"

However, Rong Yan was not afraid even after he said that. Not only was she not afraid, but she was even more arrogant than him. "Kill me! If you don't kill me today, you're not a man!"

Rong Yan's words were like adding oil to the fire, which undoubtedly made Jian Jie's anger even higher. He suddenly exerted more force in his hand. don't think that I don't dare to kill you. Fine, if you want to die, I'll fulfill your wish, Qianqian.

A simple voice roared in her ears, but Rong Yan felt that the voice was getting further and further away.

That was because she started to feel pain in her lower abdomen. The pain gradually intensified, and it was so painful that she felt like something was about to be stripped from her body. A touch of fear rose in Rong Yan's heart, and cold sweat rolled down her forehead. Her face was pale, without a trace of blood.

The pain caused Rong Yan's consciousness to drift away. However, she only had one thought at that moment. She had to find a doctor. Nothing could happen to her.

Chapter 409 Why did she faint?

The pain caused Rong Yan's consciousness to drift away. However, she only had one thought at that moment. She had to find a doctor. Nothing could happen to her.

Jian Jie gradually realized that there seemed to be something wrong with Rong Yan. He frowned and said, "Rong Yan, stop pretending to be sick. Even if you're pretending to be sick, don't think of escaping today.

Rong Yan didn't say anything. Her body was curled up into a ball. She wanted to reach out and cover her lower abdomen, but her hands had not recovered their

senses. She wanted to speak, but it was really painful. This kind of pain was different from the kind of superficial wounds. It hurt so much that her heart ached, and it hurt so much that she felt a sense of fear from the bottom of her heart.

Jian Jie realized that there was really something wrong with Rong Yan and quickly turned her face. Only then did he see her face as pale as snow, her head full of cold sweat, and her expression of extreme pain.

His simple hand trembled. He had never thought of killing Rong Yan. He had only said those words because he was angry, but he really didn't want anything to happen to her.

rongyan, rongyan, Zhenzhen, think about it. What's wrong with you? " he quickly shook his face.

Rong Yan gritted her teeth. Just as her consciousness was about to leave, she suddenly raised her hand, which had not fully recovered, and grabbed the knife. She said a few words intermittently, " save me, find Doctor Wanwan, Wanwan.

After saying the last word, Rong Yan closed her eyes completely and lost consciousness.

Jian Jie was stunned for a second before she suddenly picked Rong Yan up and shouted outside, " "Someone, call the doctor over, come on!"

The mercenaries downstairs heard this and ran up. When they saw Jian an carrying Rong Yan to his bedroom in a panic, their shocked faces changed.

Their boss rarely let anyone into his small building. Even if they did, they would only enter the living room. No one had ever entered the bedroom. Even the cleaning of the bedroom was done by him alone. He had never let anyone else do it.

Now, he was actually carrying that woman into his bedroom. Oh my God, wasn't this news too explosive?

Jian Yi saw that they didn't move and shouted angrily, " "Why are you still standing there? bring the doctor over."

If they had a team of super strong mercenaries under them, they would naturally also be equipped with the most basic military doctors.

The mercenaries shivered and quickly ran downstairs to find the Army doctor.

In less than three minutes, the only military doctor they had was hurriedly dragged in.

Jian Jie could not care less about the rule that outsiders were not allowed to enter his room. He quickly said to the doctor, "Hurry up and examine her, see what's wrong with her."

He couldn't let anything happen to Rong Yan at his place. If Liancheng Yazhi found out one day, he wouldn't be able to get away with it.

The military doctor examined Rong Yan very calmly and finally checked her pulse to make sure. He stood up and looked at Jian Yi with a strange gaze. His expression was filled with disbelief, shock, and disdain, as if he was saying: I look down on you, Yingluo.

The military doctor was very young, no more than 26 or 27 years old. He had fair skin, was not tall or short, and had a delicate appearance. He wore frameless glasses on the bridge of his nose. He looked very clean, like a weak artistic youth. People who didn't know him would never associate him with the bloody mercenary army overnight. He was different from this place and the people here. He was out of place.

Seeing that he was so calm and composed that he did not open his mouth, Jian Jie became angry and shouted anxiously, "Say something, what's wrong with her? Why did he suddenly faint?"

Chapter 410 Not me

The doctor shrugged. it's nothing. She's just Yingluo. She's pregnant.

The word 'pregnant' was extremely foreign to Jian Jie's ears. It was as if she had heard alien language.

He was stunned for a while before he completely dropped the word. Pregnant meant that she had a child. There was a growing little bean sprout in Rong Yan's stomach.

He immediately looked at Rong Yan. Was this woman pregnant? Then ran ran must be Liancheng Yazhi's child.

F * ck you

lian Cheng yazhi was too careless. what was this? he had really lost his life.

Now, should she tell Liancheng Yazhi about this? he was the father of the child. it was difficult to tell him, but it was even more difficult to not tell him!

For the first time in his life, a distressed look appeared on Jian Jie's face. He looked at Rong Yan for a while, but he still couldn't make up his mind.

However, he inadvertently noticed that the young doctor opposite him was looking at him with a strange expression, as if he was the one who had triggered him to do something.

Jian Jie immediately realized that he might have crossed the line and quickly shouted, " "Why are you looking at me? I didn't get her pregnant."

"I didn't say anything. Why are you so agitated?" The young doctor pouted and spread his hands as if to say, "there's no need to explain. I understand. Men like you are all the same. You won't admit it even if someone dies."

you're so stubborn. he realized that he really couldn't explain it now. Even if he accepted it, the other party wouldn't listen. He decided not to change the topic. "Does her pregnancy have anything to do with him fainting?"

the young doctor took off the stethoscope around his neck and said, she hasn't had a good rest for the past few days, and the journey was bumpy. The fetus is already a little weak. In addition, the fall just now has affected the fetus's Qi and there are signs of a miscarriage. If she doesn't take care of the fetus immediately, it will be miscarried very soon.

Jian Jie was stunned for a moment, then she grabbed her hair. Damn it, women are so troublesome. Why did she have to get pregnant?

whether liancheng yazhi wanted this child or not, it was his business. what he simply had to do was to be determined, determined that wanwan could not let this child be aborted at his place. otherwise, it would be a stain in his life that could not be erased in the future.

This was like someone asking you to look after their child. It was fine for other parents to hit their child however they wanted, but you must not hit your child.

If you dared to hit someone else's child, the parents would come and attack you.

He simply grabbed the young doctor's clothes. "Then you should put one on her."

the young doctor clicked his tongue and sighed. " you're still saying that it's not your fault. look at how nervous you are. i've known you for so long and i've never seen you act so abnormally. "

Jian Jie pushed him away in frustration. cut the crap. Although she's not my woman, she can't be in trouble here. I don't care what you do, but you have to keep her child. Even if she miscarried, it has to be after we leave this place.

the young military doctor stretched out his hand to smooth out his crumpled clothes and slowly said, " as you know, I'm just a military doctor, not a gynecologist. How could I know how to do that? even if I know how to take care of my pregnancy, do you think I'd have any medicine prepared for me when I'm facing a bunch of rough men like you all day? "

The young doctor felt that simplicity was too difficult for him. He had to face a group of men who were stabbed and shot all day long. Who would prepare things for women, not to mention the rarely used medicine to stabilize the fetus?

Jian Jie's expression darkened. could it be that Yingluo is really going to die? "
