

Permit Me 421

Chapter 421 seven, what are you doing here?

when a person's heart was bound, no matter where he went, he would feel a heavy burden.

It was a feeling of being willing to be bound.

She looked at the blue sky and thought of Liancheng Yazhi. He must have arrived by now.

Rong Yan really missed him at this moment. If it weren't for those simple words, perhaps they would have already met by now.

However, choosing to leave was Rong Yan's own decision.

Between the child and the child's father, she chose the child.

Rong Yan wasn't worried that Liancheng Yazhi would chase after her. Simply put, he wouldn't tell her where she was. So, even if she arrived here, Rong Yan didn't think that Liancheng Yazhi would be able to find her.

Father, it's not that I don't want to tell you.

I'm only doing this for the child's safety. I can't do this.

Rong Yan looked up at the sky and gently touched her lower abdomen. She whispered to herself, "baby, you're not fated with your father. It's okay, Yingluo. These things aren't important.

In the future, mother will give you love and warmth, Yingluo.

=====

Although the driver was trying to keep the car as stable as possible, Rong Yan had vomited a few times when she got out of the car.

A young mercenary, who looked very young, jumped out of the car with a water bottle in his hand. He came to Rong Yan's side and handed the water bottle with the cap unscrewed to her.

He said, "miss Rong, you've been gone for more than an hour. Even if you want to catch up, it'll be difficult to catch up. Do you want to take a rest? "

The overly familiar aura on his body made Rong Yan's hand tremble. She looked at the young mercenary in disbelief and finally swallowed her saliva. Seven flowers is seven flowers? is it you? "

Rong Yan and Seven had been together for more than a month, and she was already very familiar with his scent.

Perhaps no one had noticed it, but because Seven often put on makeup, a unique scent had formed over the years. Only those who were close to him could smell it.

also, there was a warm aura coming from Seven's body. anyone who got close to him would feel a sense of warmth. this was something that no one else had.

After being frightened by Seven, Rong Yan even forgot to throw up. Seven leaving before entering the forest made Rong Yan feel extremely disappointed.

After he made the call, he rushed into the forest and finally found Rong Yan here today.

Seven laughed and said, " " oh my god, rong yan, how could you recognize me like this? i really don't know what to say anymore. you're too amazing. fortunately, you're not a police officer. otherwise, i would have been arrested long ago. "

She was very excited to see Seven again, and she asked happily, " "Why are you here again? i thought that after you left, we would never have the chance to meet again."

I'm sorry. I shouldn't have sent you into the forest alone. Get in the car first, so as not to arouse their suspicion.

Seven helped Rong Yan into the car and sat beside her.

Because there were acquaintances around her, Rong Yan's mood improved a lot, and the number of times she vomited had obviously decreased.

Ten minutes later, Seven suddenly whispered to Rong Yan, " oh no, Jian Jie told Liancheng Yazhi about you. He's now chasing us.

Chapter 422 The child and the child's father

The expression on Rong Yan's face froze. She didn't expect Jian Yi to really tell Liancheng Yazhi.

If he caught up, what would happen to Yingying?

The fact that Liancheng Yazhi was able to chase after her proved that she might really have a place in his heart.

Rong Yan subconsciously looked at her lower abdomen first.

She was struggling in her heart. Should she see Liancheng Yazhi or leave in a daze?

The simple words were still ringing in his ears. The Liancheng family doesn't allow an illegitimate child to exist.

What should he do now? Should she choose whether to be born safely or go back with Liancheng Yazhi?

Seven watched as Rong Yan struggled with her decision. He sighed and said, "Rong Yan, you have one last chance. Do you want Xuanji to stay and wait for Liancheng Yazhi to catch up, or do you want Xuanji to leave? you must think about what you want the most.

There were two forces in Rong Yan's heart that were tearing at each other again. This was the most difficult choice she had ever made in her life. She really didn't know what to do.

If Liancheng Yazhi had not chased after her, she could really have just left. For the sake of her child, she could have hidden her name and never seen Liancheng Yazhi again.

However, Xuanji Liancheng Yazhi had chased him from the distant imperial capital all the way to the border. After more than a month, no one could doubt his heart.

Even if Rong Yan's heart was made of stone, it was really difficult not to be moved.

Rong Yan closed her eyes in pain and asked Seven, "Seven, if you were in my shoes, who would you choose between your own child and the man that Yingying loves?"

Seven shook his head. I don't know. I'm not a woman, and I've never experienced what it's like to be a mother, so I don't know what it's like to be a mother. I can only say that no matter what you choose, I'll always be by your side. If you want to leave, I'll help you. If you want to stay, I'll send you to see Liancheng Yazhi. If Hanhan dares to do anything bad to you, I'll steal you.

rong yan's eyes were a little sour. "thank you, but hanhan, i haven't told you that i'm pregnant. the child is liancheng yazhi's. i never thought that i would be pregnant before, and i never thought that hanhan would actually want this child. it's not because of the child's father, but hanhan. i feel that i want to have a child and want to give birth to it so that he can keep me company. "

Rong Yan's expression darkened. however, the Liancheng family has a rule that there can only be one heir in each generation, and it must be the eldest son of

the Emperor. We have to ensure that the heir's bloodline is noble and pure, and that his status will not be shaken. Any illegitimate child must get rid of Yingluo. What do you think I should do? "

Seven wasn't particularly surprised when he heard that Rong Yan was pregnant. However, Rong Yan's words still made him feel bitter in his heart. What could be more bitter in this world when the woman he liked was pregnant with someone else's child?

he thought for a while and said, " how about this? i'll send you off first. then, i'll find a chance to call them. i'll ask my employer to help you test liancheng yazhi's words. what do you think? " See if Yingluo wants a child. If he wants one, he can definitely keep you safe."

Seven's words gave Rong Yan a little hope. That person was Liancheng Yazhi's friend and could help him find out his attitude towards the child.

rong yan nodded. " that's good too. if he wants a child, no matter what the result is, i'll definitely go back and take a walk. "

Chapter 423 Every star is her face

after experiencing her own childhood, rong yan knew all too well that a child's happiness did not depend on the poverty and wealth of their material life, but on whether yingluo's family was complete and whether her parents could take care of their child with love as he grew up.

For the sake of her child, Rong Yan was willing to take risks.

However, there was only one condition. Liancheng Yazhi was willing to have this child and would give the child a real and legitimate identity.

If Liancheng Yazhi wanted a child but was not willing to give him a real identity, then Xuanji and Rong Yan would not go back either.

In order to avoid Liancheng Yazhi for the time being, the car sped up and took a small road to T country.

The mercenaries in the carriage were very familiar with this generation. If they were thrown into any place in the forest, they would close their eyes and go back.

they chose the nearest road and safely sent rong yan to country T before liancheng yazhi caught up to them.

because siyi was very powerful in this generation, when they entered thailand, they didn't go through any complicated checks at all and entered directly.

goodbye. Seven had prepared a new identity and passport for Rong Yan in advance, so she was like a fish in water when she entered Thailand.

The simple people sent Rong Yan to a safe place and went back. Seven stayed behind with Rong Yan and moved into the place he had prepared in advance.

At around 10 p.m., Seven finished making all the arrangements and said to Rong Yan, "I've already called him. He will help you test Liancheng Yazhi and then send us the recording. We'll hear the results tonight.

Seven, thank you.

Seven suppressed the bitterness in his heart and forced a smile. What's there to thank? You're pregnant. Pregnant women can't stay up late. You should rest. Go to sleep.

=====

At this moment, Liancheng Yazhi had just arrived in town. He had always wanted to see Rong Yan tonight, so he was particularly excited.

He received a call from the capital when he was ordering his men to look for her.

"Hey, Liancheng, where have you been these two days? Why can't I find you?"

Liancheng Yazhi looked up at the stars in the sky. Those stars were all Rong Yan's face. The corners of his lips rose for the first time in a few days. "I'm at the border of Thailand right now."

"What are you doing there?" A surprised voice came from the other side of the phone. "What are you doing there?"

"Of course I have something important to do. What do you want from me?"

Then, Liancheng Yazhi heard a sigh. "Sigh, I'm looking for you because I want to talk to you. I've been a little troubled recently and I want to find someone to talk to."

Liancheng Yazhi frowned when he heard that. Troubled? He didn't want to hear that now.

"If you're worried about Zhenzhen, I'm not in the capital. You can go talk to Feng Nongtang and Kang Yu."

"I can't tell Feng Nongtang about this, and Kang Xi isn't here either. I can only look for you. I won't take up too much of your time."

Liancheng Yazhi was impatient. "Then hurry up. I'll give you one minute."

why are you so stingy? I'll ask you Yingluo, and you answer Yingluo. the other party asked hesitantly, " "What if, what if one day, Qianqian's woman tells you that she's pregnant? what would you do?"

Chapter 424 You make it sound so easy

When Liancheng Yazhi heard this, he was stunned for a while before he understood the two unfamiliar words. Very quickly, he could not help but swear."damn, you didn't really kill someone, did you?"

A helpless sigh came from the other end of the phone. sigh, I'm worried now, so I wanted to ask you for an idea. What do you think I should do now, Wanwan? "

Liancheng Yazhi had never thought about this question. The word 'child' was too far away from him. He had never thought that one day he would have a little thing who loved to cry. He thought about it seriously for a while and said,"You'd better not ask me about this. I don't know. I've never experienced such a thing. If you like her and don't hate children, you can just marry her. If you don't like her, you can just give her some money and get an abortion. It's not difficult."

"It's easy for you to say that. You know that I'm not just playing around with her."

Liancheng Yazhi did not think much about it and casually said, " " then marry her and give her a status. the child will also have an official identity when it's born. "

His words made the other party sigh again. you didn't think about it at all when you said that. If I could marry her whenever I wanted, would I be so worried? with my status and status, even if I wanted to marry her, do you think my family would be successful? Do you think that with our family background, we would be allowed to marry a girl who has no power or influence? If it were you, if you liked Rong Yan so much, would you ignore everyone's opposition and marry her?"

lian Cheng yazhi furrowed his eyebrows. We're talking about your matters, don't drag me into it. "

A low voice came from the other end of the phone,"but you're also in a difficult position. It's true that it's hard to convince women of their status."

After a moment, he changed his mind and said, " yes, it's very difficult. A slight change in one hair will affect the whole body. A family like mine won't let me marry whoever I want to marry. I've always had a question to ask you. You went crazy for Rong Yan and after you chased her back, have you ever thought of marrying her? "

This question stunned Liancheng Yazhi again. He frowned and thought for a long time before saying, " " no, i admit that i have a strong possessiveness for rong yan, and i can't even leave her. however, i've never thought of getting married, so huahua has never thought of marrying her. " liancheng yazhi was very honest and didn't lie to her, but it also made her heart feel cold.

It wasn't that he didn't like Rong Yan, but he had never thought about this matter over the years.

Liancheng Yazhi was only 27 years old this year. His ambitions and energy were basically all in this age group. A large part of his thoughts were placed on building his own kingdom ...

The education that Liancheng Yazhi had received since he was young was that women were playthings. This idea had already been deeply rooted in his mind and was difficult to get rid of. It had been influencing him subtly.

Even now, when Liancheng Yazhi went crazy for Rong Yan and was about to lose himself for her, he had never had such a thought in his heart.

he was a young man, and while he desired beauty, he also desired freedom.

Moreover, in this aspect, Liancheng Yazhi's emotional intelligence was equivalent to that of a primary school graduate. He could not tolerate Rong Yan's departure, but he had never thought that he would marry her one day and still grow up in such a contradictory situation.

It was not that he was cold-blooded, but he still needed some time to learn and understand love.

Chapter 425 Do you want the child?

Liancheng Yazhi's words gave the other party a deep headache. He asked, you're basically saying nothing. My problem still hasn't been solved. Let me ask you this. If it were you, your woman is pregnant. Do you want the child or not? "

When Liancheng Yazhi heard this question, a thoughtful look immediately flashed across his face. me? my family is different from yours. If someone is pregnant, you don't have to say anything and just abort Yueyue. It's not like you don't know our Liancheng family's rules. There must only be one heir in each generation, and he must be of an upright background. Illegitimate children are absolutely not allowed. I remember the most clearly when I was five years old. My grandfather was still around, and a woman outside my father came to my door with an infant boy in her arms. She insisted that the Liancheng family give him an identity and let his son ... Enter the Liancheng family's genealogy, and then roll up."

“And then?” the man quickly asked.

Liancheng Yazhi was a little suspicious. tsk, why are you so curious about this? then, my grandfather, who had retired for many years, came out. That woman and child never left the Liancheng old house again. I never saw them in the house again. They disappeared completely.

indeed, your family is scarier. With this rule, it'll be difficult for you to marry a wife and have children, Hanhan.

Liancheng Yazhi smiled. He saw Secretary Zhou walking over and, perhaps because he had news about Rong Yan, he replied in a relaxed manner, " what's so difficult about it? in comparison, it's much easier to resolve. Because other than death, there's nothing else to think about. There's only one outcome.

the other party seemed to be joking as he said, " look at what you're saying. It's as if you're cold-blooded. If the pregnant person is Rong Yan, I'd like to see if you can still make sarcastic remarks like this.

Liancheng Yazhi's heart skipped a beat and he immediately said, " "Rong Yan? That's even more impossible. She's been taking birth control pills for so long, how could she be pregnant? she's always been more aware of her identity than other women, and she wouldn't make such a low-level mistake. Stop making assumptions and think about what you should do."

Secretary Zhou was already in front of them, and Liancheng Yazhi said, " "That's all for now. I still have something to do, so I'll hang up first. Let's talk again when I get back to the capital."

After Liancheng Yazhi hung up the phone, Secretary Zhou quickly said, " "Young master ya, your residence has been arranged for you. Miss Rong is still searching. Because she's in country T and the manpower she brought is limited, our search will be slightly more difficult than in China. So, you should rest first. I'll inform you immediately if there's anything."

Liancheng Yazhi's expression became colder and colder, and Secretary Zhou was unusually scared.

"I don't care about Secretary Zhou, but Yueyue, you have to find her by tonight," he finally said.

This was because they might miss again at dawn.

"Yes, I will do my best to find miss Rong," Secretary Zhou immediately said.

After Secretary Zhou left, Liancheng Yazhi's mind suddenly couldn't help but think of the question the other party had asked on the phone. If his woman was pregnant, what would he do?

Liancheng Yazhi pondered. If it were any other woman, he would have immediately aborted it without any room for negotiation.

But what would happen if Rong Yan was pregnant?

Liancheng Yazhi thought about it seriously for a while and found that he did not reject or hate it. There was even a trace of inexplicable joy.

Chapter 426 Alright, I'll take you away!

Liancheng Yazhi even thought that if they had a child, would it be better to hold Rong Yan back? that way, with the child around, she wouldn't leave?

Thinking of this, he shook his head in amusement.

How could that be? Rong Yan was different from those women. She was more afraid of having children than anyone else. She didn't need him to say anything at all. She had to eat in time.

At that time, Liancheng Yazhi was still very uncomfortable in his heart. Was Rong Yan so disdainful of being pregnant with his child?

Now that he thought about it, it was quite ridiculous. Compared to Rong Yan's calm and rational mind, he seemed like a fool.

=====

At midnight, close to midnight, the border town of country T was not peaceful. From time to time, gunshots could be heard.

Rong Yan was wrapped in a white wool blanket as she sat on the old sofa, quietly listening to the recording on her phone.

When the last sentence was spoken, the flashing phone screen turned black.

"Let's go." Rong Yan stood up slowly. Rong Yan's face was neither sad nor happy. Her voice was faint, and no emotions could be heard. It was as calm as a pool of still water.

Seven's heart ached as he looked at her quiet and cold face. He really wanted to protect this woman, and he didn't want to see her get hurt.

he came in front of rong yan. " rong yan, are you alright? these conversations may not necessarily be what he thinks. i'll take you to ask him in person and ask him if he wants this child, yingluo. "

Rong Yan shook her head gently. just as he said, I won't make such a low-level mistake. To him, even if he knows about this child, he will think that he should not have made a mistake. So, there's no need for Zhenzhen to see him at all. Let's leave for you now. Before the sun rises, let's leave quickly.

rong yan didn't want to think about anything now. she only wanted wanwan to leave quickly!

Seven grabbed Rong Yan's hand and said, " Rong Yan, don't be sad. I'll be with you.

Rong Yan curled up the corners of her lips. I'm not sad, nor am I sad. The real Yingluo would say that. Actually, I should have thought of it earlier. It was just another silly dream of mine. However, this is good too. I can leave this place once and for all, and Yingluo will no longer have anything to worry about.

Listening to those recordings and following Liancheng Yazhi's words, Rong Yan really did not feel any heartache.

She only felt her heart turn cold. It was so cold that she couldn't even feel pain. you've really confirmed it? " Seven asked.

Rong Yan nodded seriously,"yes, Yingluo."

Seven looked at the determination in rong yan's eyes, and a sense of joy welled up in his heart. " alright then, i'll take you away, no matter where you are. i'll take you to a place that he will never find. "

Seven secretly thought to himself, if I bring Rong Yan away and hide her somewhere that only I can find, then I'll have a chance to find her.

He excitedly planned Rong Yan's future. we can't go to Europe or America. It's easy to find them there. Let's go to some small developing countries to ensure your absolute safety. You'll have no worries about food and clothing, and your life will be more comfortable than in those countries.

Rong Yan smiled. that sounds good. You can arrange it.

It didn't matter to her where she went.

She didn't have any other thoughts now. Her only wish was that when the child in her stomach was born, it could grow up safely and healthily, and be happy!

Chapter 427-passing by again

at dawn, Liancheng Yazhi sat and waited for the entire night. He watched the dark night sky outside gradually turn white and the rising sun illuminate the earth.

However, he still did not see Rong Yan.

Secretary Zhou stood outside the door with his back straight. His shoulders and head were covered in dew that was dripping down.

He was very nervous and depressed.

Secretary Zhou had thought that he would be able to successfully 'win over' Miss Rong this time, but who would have thought that after looking for an entire night, he would still find nothing.

Secretary Zhou was blaming himself now. He felt that even if young master Ya did not punish him, he would also look down on him. This time, it was obvious that he was too incompetent. They were in a small town, a small border town, and he actually let them escape. This could only show that he was too incompetent.

Once again, he brushed past Rong Yan. Not to mention young master Ya, even Secretary Zhou felt very disappointed.

It was noon when Liancheng Yazhi's voice came from inside the house. Come in. After Secretary Zhou entered, he lowered his head and said, "Young master Ya, I'm sorry. It's my negligence this time. Please punish me."

What he didn't expect was that Liancheng Yazhi, who had stayed up all night, was actually very calm. He said a little desolately, "She wants to run, so let her be for the time being."

Liancheng Yazhi finally understood that Rong Yan was sincerely hiding from him. Even if he found her, Wanwan probably wouldn't go back with him. Perhaps he should find some time to sort out his heart.

In order to find Rong Yan, he had to figure out why Xuxu Rong Yan had to escape from him. Was it simply because she didn't like him?

Liancheng Yazhi felt that this was not the case.

In the last days they spent together before they separated, he had already felt that Rong Yan treated him differently.

For the first time, Liancheng Yazhi wondered if he had done something that Rong Yan couldn't accept, and that was why Wanwan was in a hurry to leave.

.....

The salty and humid sea breeze was very cold. The girl standing at the bow of the ship was wearing a black down jacket. Her long hair was rolled up by the sea breeze and danced in the air like ribbons.

I only left for a while, and you came out. The wind outside is so cold, what are you standing there for? get into the cabin.

A tall man came from behind and pulled her towards the cabin.

His dark brown hair was slightly curled, and the strong wind on the sea rolled up the hair on his forehead, revealing his entire face. He had a mixed-blood face and exquisite facial features that could meet the aesthetic standards of Easterners and Easterners at the same time. His warm eyes would give people the illusion of dispelling the cold.

"i was just too stuffy in the cabin, so i wanted to come out for some fresh air."

He smoothed out her wind-blown hair and said, " we'll be there soon. Just bear with it for a little longer. At this time tomorrow, you'll be able to lie in a warm and comfortable bed, open your eyes and touch the sunshine of a foreign country. You won't have to wander around anymore.

A touching smile appeared on her face. yes, tomorrow. Everything will start anew, Qianqian.

Chapter 428 I want to accompany her!

Jian Jie was very surprised to see Liancheng Yazhi return alone.

He didn't expect Rong Yan to be so capable. Even when Liancheng Yazhi came to catch her personally, she could escape, Huahua.

this made jian jie feel incredulous. he began to wonder if rong yan had escaped alone or if she had left in an organized way with someone backing her.

however, he immediately thought of how liancheng yazhi couldn't find rong yan, so he would definitely be the first person wanwan would vent her anger on.

He was extremely vexed. If he had known earlier, he would have told Liancheng the moment he saw Rong Yan and let him take her away.

Jian Jie asked with a little guilty and apprehension, " "Liancheng ran ran, how's your ran ran?"

Liancheng Yazhi did not even look at him. He walked past him and got on the plane that he had taken. simple. From now on, our friendship will be discounted. Your weapon supply will be suspended for half a year.

Regardless of whether Liancheng Yazhi had thought it through and decided to put aside looking for Rong Yan for the time being to figure out his own thoughts, Jian Jie should not have lied to him and sent Rong Yan away.

Therefore, Liancheng Yazhi would not forgive him so easily.

Jian Jie was anxious when he heard that and quickly said, "Liancheng, let's talk things out properly, zhenzhen."

"I have nothing to say to you now." Liancheng Yazhi's attitude was cold. He waved his hand and told the pilot to get ready to take off.

Jian Jie suddenly thought of something and quickly said, "wait a minute. If Rong Yan could escape, there must be someone helping her. When I caught her, there were several bodyguards and guides with her. Those people are the local snakeheads that are difficult to deal with. Even if they have money, they might not be able to hire them. So, I'm guessing that there's someone helping Rong Yan from behind.

Secretary Zhou was quick-witted this time and quickly said, "Young master ya, don't worry. Those people will be transported back to the capital by car."

Liancheng Yazhi closed his eyes and stopped talking to Jian Jie.

The helicopter's propeller gradually turned. In her anxiety, she finally thought of that important matter and quickly shouted, "Liancheng, I still have one thing to say. Yingluo, rongyan, she's pregnant with Yingluo.

when the helicopter took off, the propeller spun at high speed, and the roar of the plane covered the last and most important word, "simple."

Looking at the plane taking off, he simply shook his head and sighed.

"Liancheng, I wonder if you'll regret not hearing this news!"

.....

On March 3, 2012, Liancheng Yazhi, who had been away from the capital for a few days, returned.

It was also from this day on that the most powerful young master in the imperial capital, Liancheng Yazhi, had returned.

His methods became more and more vigorous and ruthless. He was elegant and cold, noble and cruel. His opponents would tremble when they heard his name.

four months later, in miyin's private room, liancheng yazhi attended a rare gathering.

Xia Xuanmo said to Liancheng Yazhi, Feng nongtang, and Kang Yu, who had just returned from a mission, "I have something to announce today, Yingluo."

Feng nongtang interrupted him and leaned over. wait, let me guess. Yingluo, are you getting married too? "

Xia Xuanmo pushed his head away expressionlessly and said, "I'm going to work in another place, ran ran."

Before he could finish, Kang Zhen looked up from the phone and interrupted him for the second time."Demoted? What immoral thing have you done?"

Xia Xuanmo pushed up his glasses. can you let me finish first? I'm not demoted.

He paused for a moment, and with a gentle expression, he said, "It's our little girl who's going to school there, Yingluo. I'll go accompany her."

Chapter 429 My wife is mine

Liancheng Yazhi, who had been sitting there without speaking, suddenly asked, "just going to school? Didn't she kill someone and go to another city to give birth?"

liancheng yazhi's words were like a deep water bomb that exploded in the private room.

feng nongtang immediately got angry. "xuanzi, you're good. you don't even want to get married and even have a child. tsk tsk, i really couldn't tell that you're so trendy. you've become the earliest father among us so quietly. "

After recovering from his shock, Kang Zhen said,"When is the full moon? give your son a red packet."

Feng nongtang teased Kang Yu. master Zheng, you should learn from Xuan Zi. You've been married for almost three years and you haven't even had a child. If it were someone else, they would be able to hold two children in three years.

Kang Yu glared at him, too lazy to talk to him.

Liancheng Yazhi swirled a glass of whiskey in his hand and looked at Xia Xuanmo with a faint smile.

xia xuanmo's face was a little embarrassed. he cleared his throat and said, " of course, it's not that Yueyue misunderstood her last time. Her period was not accurate and came a few days late. She told me that she might be pregnant, but it came in less than a week.

"anyway, don't make wild guesses. i'm not a father yet, but i'll definitely be one in the future. i'm flying back the day after tomorrow. i'm here today to say goodbye to you. when i leave, none of you need to send me off."

The excitement on Feng nongtang's face faded. tsk, look at what you're saying. We're all brothers, what's the point of giving away? If the few of us still go to the airport to send you off, we'll be treating you like an outsider. Look at our master Sheng, he's been out for several months, and no one has sent him off."

Kang Zhen didn't give him any face and said,"Even if you want to, I don't have the time."

Liancheng Yazhi glanced at Xia Xuanmo. that's good. I can save the child's money.

Xia Xuanmo sat down with a bitter smile. you're all so cowardly. Then pretend I didn't say anything today. You all are cowardly.

To them, a true childhood friend didn't care about this little bit of etiquette. A true brother, even if they hadn't seen each other for many years, could still understand each other's thoughts.

That night, the four men were all drunk.

Before they left, Xia Xuanmo, who was usually not very talkative, became a Chatterbox. He pulled the three of them and said one by one.

" crazy, you're a married man now. since the girl has already married you, you shouldn't fool around anymore. you're not young anymore and should live a good life. don't make a scene and disappoint the girl. it'll be too late for you to regret it. "

However, Feng nongtang was already drunk, so he didn't hear it.

Xia Xuanmo then said to Kang Yu, " master Sheng, you and your wife have been husband and wife for a long time. Don't waste your time. She didn't want a divorce before, and now she wants a divorce, you don't want to. Why do you have to do this? if you really can't live on, just get a divorce. Don't hold each other back.

In the end, Kang Xin was able to hold her liquor well and was still a little sober. my wife is mine. Since you're leaving soon, I'll pretend I didn't hear what you said today. If there's a next time, I'll knock out your teeth.

When it was time to face Liancheng Yazhi, Xia Xuanmo's words became less. He only said one sentence, "Young master ya, Yingluo, take care of yourself."

One day later, Xia Xuanmo took a plane and left the imperial capital. For the next five years, he never returned.

.....

Chapter 430 Unrequited love

The days passed by one after another. It was so dull that it was as if it had been replicated. There was no new innovation or disappointment. Everything was as calm as water.

liancheng yazhi was still powerful in the imperial capital, while rong yan was staying in a small tropical country in southeast asia. the two of them were far away from each other and lived their own lives.

The child grew up in Rong Yan's womb day by day. The air was fresh, the environment was beautiful, and it was very close to the sea. Transportation was also convenient, and the supermarkets, hospitals, and parks were all very convenient.

rong yan insisted that this child was a gift from heaven.

Whether it was a boy or a girl, it was her baby, so she didn't plan to ask if the child was a boy or a girl before she gave birth. She would just let nature take its course.

When the child was six months old, Rong Yan's lower abdomen had already grown. Because she had been well-recuperating in the past few months, her figure had grown a lot more plump.

Rong Yan had planted many flowers on the balcony. Every day, she watered the flowers and went out for a walk. Her days were unprecedentedly relaxed and pleasant.

Every day, she would enjoy the warm sunlight with her child, smell the flowers, walk around the beach, and cook her favorite food. She didn't need to be busy with work, serve people with her looks, or look at other people's expressions. It was quiet, plain, and warm. This was what Rong Yan liked and wanted to live on.

As Rong Yan was a pregnant woman who needed special care, Seven spent a lot of effort to find a local Chinese woman who could speak Chinese. He promised her a high salary and asked her to take care of Rong Yan's food and daily life.

For what Seven had done, Rong Yan was really grateful to him from the bottom of her heart.

That day, it was time for Rong Yan to go to the hospital for her check-up. Before she left, the doorbell rang. The Auntie opened the door and Rong Yan saw Seven's tall figure blocking the door.

Rong Yan was pleasantly surprised. you're back. Didn't you say that you might only be back next month? "

Seven looked at rong yan gently and said, "i figured that you should go for your prenatal examination today, so i came back early."

After arranging for Rong Yan to stay here, he did not leave. Instead, he came to see her every once in a while.

Rong Yan had rejected him a few times before. She could tell that seven had feelings for her, so she didn't want to owe him more.

However, it was no use. Seven did the same thing and even stated that he was here to see his future goddaughter.

Rong Yan didn't know why Seven was so sure that the child was a little princess. The clothes he bought for the child were all princess dresses, and the toys were all plush toys and Barbie dolls that girls liked. The child was not born yet, but the things he bought for the child had almost filled up the entire room.

When Rong Yan saw the gentleness in Seven's eyes, she didn't know how to respond. She could only lower her head and avoid him. She didn't want to think about anything else right now. She just wanted to raise her child safely and raise him up. If she wanted to find a man to live with, she wanted to find a normal person who could lead a stable life.

On the other hand, Seven's life had been too drifting,

Rong Yan smiled and said,"I can go by myself. A prenatal examination isn't a big deal, Yingluo."

Seven squatted down and said to Rong Yan's bulging stomach, "That won't do. Is the baby well-behaved?"

Rong Yan nodded. yes, she's very obedient and very quiet. I think she might be a gentle and quiet little girl.
