

Permit Me 631

Chapter 631 be careful when you go out

After self-reflecting for a while, Rong Yan replied, "we see each other every day. what else do you miss?"

Liancheng Yazhi's typing speed was so fast that Rong Yan felt that it had only been a while before he sent a long string of words. but this kind of meeting is no different from a Cowherd or a Weaver Girl. I haven't hugged you to sleep for many days. If we continue to be separated like this, how can we give MeowMeow a little brother? "

rong yan felt disgusted. this guy had never thought of anything.

This time, Rong Yan only said two words to Liancheng Yazhi, "I'm sleeping!"

Liancheng Yazhi sighed. He stood up and tidied up the things in his notebook. He got up and went out, then locked the door from the outside before returning to the bedroom.

After lying down and holding his daughter, Liancheng Yazhi thought a little sadly, he was a man full of energy and had strong physiological needs, but in the face of his beloved woman, he couldn't even touch her. Did he have to be so torturous?

In addition, he had to fight with his acting skills and brain power to deal with his own father. Liancheng Yazhi really felt that he was the son who had been tricked by his father the most in history!

Time slowly passed, and the night that could not be considered quiet was about to end.

However, some things wouldn't go away so easily. Secretary Zhou was very efficient. After finding out that there was a flight from country a that night, she was already waiting at the airport entrance. Of course, it was Neil. At 1:35 A. M., A flight from country a landed at the Imperial Airport.

Then, Neil received a pair of sunglasses that could cover half of her face. However, just from The awl-shaped chin, red lips, and graceful figure that was exposed, she was definitely a beauty.

after neil picked up the man, the two of them did not say a word until they got into the car.

Secretary Zhou's people were quick to take a lot of high-definition photos. Then, they drove and secretly followed behind.

When Neil sent the woman to her destination, the woman got out of the car.

After making sure that one of them seemed to have gone home and the other had finally gone home, the car arranged by Secretary Zhou got a little closer and started to hit the courtyard again.

.....

The next day, at almost seven o'clock in the morning, Rong Yan was woken up by SevenCong. He quickly packed her things and left in a hurry.

Right now, the Liancheng family was filled with the smell of gunpowder. For the sake of the Liancheng family's position, even the biological father and son were about to turn against each other. If his existence was discovered, no matter who caught him, they would probably not let him off.

"I'm leaving," Seven said to Rong Yan. "You have to take care. I'll come back tonight."

Rong Yan was very serious and very grateful as she said to Seven, "Okay, thank you. Be careful when you go out."

On Liancheng Yazhi's side, at seven o'clock in the morning, Secretary Zhou looked at the photos for a long time after receiving the news last night before he finally came to a realization. Then, he hurriedly sent the photos and the investigation report to Liancheng Yazhi.

"Young master ya, I've finished what I did last night. Take a look at the photos first! This time, the person Neil picked up is an acquaintance."

Liancheng Yazhi took the phone and looked at the photos one by one. He enlarged the face of the woman in sunglasses and was stunned for a moment. Then, he remembered who it was and sneered. "It's really her. It seems like being stripped and thrown home back then wasn't something embarrassing to her."

Chapter 632 The knot in their hearts

On the other end of the phone, Secretary Zhou said what was bothering him, "Young master ya, to tell you the truth, I think it's quite strange. The old master has been on the island for so many years, but why is Qianqian taking care of the Lu family so much? I remember that he was the one who said something about Qianqian three years ago."

At this point, Zhou Zhushu stopped talking. He knew that Liancheng Yazhi definitely understood.

Liancheng Yazhi closed the photo of the woman and said, "I know that. Send someone to find out the relationship between the two of them. Dig it up from their heads. Don't just limit it to the past few years. The old man is not someone who is willing to do good. There must be a reason for him to praise the Lu family so much. Dig it up."

"Yes, young master ya. I will definitely get to the bottom of this matter. What about the shareholders' meeting at 10 pm today?"

Just let him be. Zhenzhen, just do as he says. Ignore him.

No matter what the old man did, he would not be able to snatch the position of family head from him. The more he did, the more disappointed he would be.

Liancheng Yazhi was looking forward to seeing how the old master would react when he was denied by all the shareholders of the Board of Directors when he thought that he had victory in his hands. What kind of expression would he have?

Secretary Zhou thought for a while and said something that made him unhappy. Young master, the old man's Secretary, the one named Hannah, came to the company yesterday and waited in the secretary's office the whole day. She wanted to start interfering with the company's Affairs, but I didn't let her. I asked her to leave, but she shamelessly refused to leave."

Speaking of Hannah, Secretary Zhou got angry and vented his anger. If it weren't for the fact that he rarely hit women, he would have beaten her up.

Liancheng Yazhi laughed. She hasn't even done anything and she already wants to snatch my territory. You've been with me for so many years and have always acted arrogantly in front of

others. Why are you acting like a bear the moment I'm not around? if she doesn't want to go out, you'll throw her out as far as you can!

Secretary Zhou's voice suddenly raised twice. yes, young master ya. I'm relieved to hear your words. Even if you're not here in the future, I'll do whatever I want.

Secretary Zhou hung up the phone happily, turned around, and ran to the company. Today, she would see how he would make that fake Caucasian woman get lost. She was obviously Chinese, and in front of her own people, but she pretended to be cold and Noble, with her nose in the air, and spoke English. Damn it, so what if she could speak English? he could speak seven languages. Who did she think she was? she would get lost today.

On the other hand, Liancheng Yazhi was not so happy at the moment. He frowned, a little depressed, and clasped his hands together.

Old master Liancheng had found that woman again. He still didn't know what conspiracy there was, but should he tell Rong Yan about this?

To them, what happened three years ago, especially Yingluo, was a knot in their hearts!

If she didn't say it, Liancheng Yazhi was afraid that Rong Yan would be angry if she found out about it.

But it wasn't easy for the two of them to get to this point, and they finally didn't reject each other anymore. Liancheng Yazhi didn't want to make any mistakes that shouldn't happen because of this little misunderstanding! he wanted to live well with rong yan and live a stable life together. he wanted to be happy with their daughter and future children.

Liancheng Yazhi thought about it for a long time. When old master Liancheng left the Liancheng house at eight o'clock, he decided to go downstairs to find Rong Yan!

Chapter 633 You'll be the only one by my side in the future

at this moment,

[illegible]

When Liancheng Yazhi went downstairs, he happened to see Rong Yan asking the maid to prepare breakfast for the day.

When he came in front of Rong Yan, Liancheng Yazhi said lightly, "Butler Li, I have something to ask you. Come out for a moment."

With that said, he turned around and walked out. Rong Yan quickly followed behind him. She guessed that Liancheng Yazhi wanted to tell her about what happened last night.

the two of them came to the courtyard. seeing that there was no one around, liancheng yazhi took a deep breath.”rong yan, i have something to tell you.”

okay, go ahead. I'm listening. Is it about what you wanted to say last night? "

"it's yingluo and that's also related, yingluo."

Liancheng Yazhi hesitated for a moment before he took out his phone and showed Rong Yan the picture that Secretary Zhou had sent.

Rong Yan was stunned for a moment after seeing the photo. She felt that he looked a little familiar, but she couldn't remember who he was."What is this?"

the old man is making another move in secret. He asked Neil to bring his daughter back. As for what he wants to do, it's still unclear! Liancheng Yazhi clearly told him who the other party was, when the old master had brought him back, and where he was now.

Liancheng Yazhi was a little worried when he saw that Rong Yan's expression had not changed much. He gathered his courage and said, "That's what happened. I've told you everything I know. If Yingluo, if Yingluo, you're not happy, Yingluo, you can also leave."

Before Liancheng Yazhi could finish speaking, Rong Yan smiled. Her eyes were curved like two crescent moons, and her smile was very sincere. Her smile was exactly the same as MeowMeow's.

Rong Yan raised her head and looked at Liancheng Yazhi seriously. I'm not unhappy. In fact, I'm very happy because you didn't hide anything from me. I hope that we can be honest and trust each other in the future. There's no need to hide anything from each other, okay? "

Liancheng Yazhi's tense heart instantly relaxed and he quickly nodded. "Good Yingluo."

Rong Yan continued, "from the moment I decided to be with you, I've let go of everything in the past, including what happened three years ago. If I can't even do this, there will be so many women who will come to snatch you, a high-quality, tall, rich, and handsome man, from me. How can I fight with them? "

Liancheng Yazhi really wanted to hug Rong Yan tightly and kiss her. Such a beautiful Rong Yan made him want to pamper and love her!

He resisted the urge to pounce over and shook his head. "No, you don't have to fight with them. In the future, if any other woman dares to come within three meters of me, I'll kill them all. From now on, you'll be the only woman by my side!"

Rong Yan pouted, looking disdainful. "I'm a woman? Don't talk big too soon, I won't believe you!"

Liancheng Yazhi thought that Rong Yan didn't believe him and quickly said, "It's true, I swear everything I said is true!"

tsk tsk tsk tsk tsk, so you mean that our MeowMeow will have to keep a distance of three meters from you in the future? "

Liancheng Yazhi was stunned for a moment before he laughed foolishly."of course not. i was wrong just now. in the future, other than Rong Yan and our daughter, no other women are allowed to get close!

The worry in his heart was finally resolved, and Liancheng Yazhi was in the mood to say something else.

He explained what had happened three years ago to Rong Yan again. I didn't look for her at all for that matter back then. I have to start from the old man, ran ran.

After Rong Yan heard this, her expression became a little more serious. I see. Yingluo, your father must have a special relationship with the Lu family.

Chapter 634 I have a husband for everything

Liancheng Yazhi saw a strand of hair on Rong Yan's cheek and suddenly felt his hand itch. He stuck out his tongue and licked the corner of his mouth before saying, "I also think that the relationship is not that simple, so I have already asked Secretary Zhou to investigate it!"

after saying that, Liancheng yazhi quickly looked around like a child who had done something bad. seeing that there was no one around, he quickly reached out to brush the hair on Rong Yan's face away and then quickly retracted his hand.

For some reason, this sneaky action made her feel even more nervous than being in a rain of bullets!

Rong Yan originally wanted to scold Liancheng Yazhi and tell him not to get touchy outside, but when she saw his expression now, she only felt that it was fun for a moment, and she could no longer reprimand him.

Rong Yan bit her lip and muttered in a low voice, "If it wasn't for the special situation now, I really want to hug you and kiss you."

"What did you say?" Liancheng Yazhi did not hear her clearly.

Rong Yan shook her head. Oh, I mean, since the old man has returned, ran ran. When are you going to bring him to see Natsume?"

Liancheng Yazhi frowned. Was that so? It seemed different from the few words he had just heard.

he did not ask further and answered, "I was just about to talk to you about this. after breakfast, I'll take meowmeow with me to the hospital. I want to see Natsume and discuss it with him."

The last time Natsume said that when he brought old master Cheng over, it was best if ran ran could let him remain calm and not have too big of a fluctuation in his emotions! it's best if you don't have any emotions of resistance.

"En, Yingluo, good! But wasn't he supposed to be watching the shareholders 'meeting this afternoon? Are you sure it's fine if you don't go and take a look?"

"Don't worry, there won't be any problems! with your husband here, you don't have to be afraid of anything!"

yes, my man is so powerful. Of course, I believe in Yingluo. Rong Yan smiled sweetly at Liancheng Yazhi.

Liancheng yazhi's ears instantly turned red and he was a little embarrassed.

After a while, Liancheng Yazhi asked, "Rong Yan, your face has been disfigured for many days. Are you sure you're fine?"

"Yes, no problem, really! Alright, let's go in. We've been out for a while, and people will be suspicious if we don't go in."

Before Rong Yan could stop Liancheng Yazhi from asking any more questions, she quickly turned around and left.

Behind her, Liancheng Yazhi kicked the grass on the ground angrily!

He didn't have time to care about that now. He would find out who that man was sooner or later!

[illegible]

After all, a man bringing a child to the hospital would inevitably lead to a lack of care. In the past, it was always Miss Rong who followed him. Now that she was not around, it was normal for young master to find Butler Li, the only person who could coax Miss, to go with him!

She read, "sure, but Yingluo."

rong yan and liancheng yazhi looked at each other, and he hugged the mother and daughter tightly in his arms.

“Didn’t you say that you can’t bite me when you see my face?” Rong Yan was stunned and asked curiously.

“i suddenly feel like i can eat it.” Liancheng Yazhi smiled. His face was not as arrogant and insufferably arrogant as it was in front of others. He was completely like a kind father and a gentle husband.

Rong Yan had put down all her defenses for him, and he had put down all his pride for Rong Yan!

When they arrived at the hospital, Liancheng Yazhi asked someone to drag Natsume out of the laboratory.

Natsume looked much better than the last time they met. Probably because he did not want to comb his hair, his hair was very, very short. It was not even a centimeter long. He was wearing a crumpled white coat. He looked a little crazy, but fortunately, he did not scare people immediately.

He first did a simple examination on MeowMeow, then said, ” “The medicine I’ve been taking recently seems to have some effect.”

Liancheng Yazhi nodded. yes, it has some effect. It's a new drug developed by the research room, and the effect is better.

Natsume nodded and casually said, "I know about that medicine. Don't take too much of it. You'll become dependent on it after a long time. If your body forms a resistance to it, it'll be more difficult to handle it in the future."

Natsume's casual reminder gave Liancheng Yazhi and Rong Yan a big scare. Both of them were shocked when they heard it.

[illegible]

Natsume was looking down at MeowMeow. The little girl was not afraid at all. She pouted and glared at Natsume. It was probably because Natsume was wearing a doctor's uniform, so MeowMeow did not like it. She hated hospitals.

Natsume answered Rong Yan's question. we've made some progress. The amount of Chinese medicine and the order in which they were added were different. We're still experimenting with this. However, you know how much work it takes.

" don't take this medicine every day, " wang yao said. " you can take it at most once a week for half a year before you can't take it anymore. there's still a bit of danger after you stop taking it, but it might not be particularly serious. "

Chapter 636 Send her over anytime

If not for meowmeowmeowmeow in front of him, Liancheng Yazhi would have stood up and punched Natsume. What kind of answer did this little rascal give? he hated it when people gave ambiguous answers!

liancheng yazhi stared at him.

natsume was so frightened by liancheng yazhi that he took a step back. ” I can’t give you a definite answer, but I’ll think of a way to improve the medicine first. You’d better send your father here as soon as possible. I’ll just figure out the secret of the prescription!

liancheng yazhi glared at natsume coldly. ” she’s already in the country. i’ll send her over to you anytime. ”

Rong Yan made a face at meowmeowmeow. 'Look at how domineering your father is. He'll send it over anytime. It sounds like he's giving it to his father.'

that's good. Find a time when he's in a good mood and send him over.

“happy? This afternoon might be good.” After the shareholders’ meeting today, the old man would definitely be full of confidence and smug. He would think that he was one step closer to regaining control of the Liancheng family, so he would naturally be particularly happy.

Liancheng Yazhi glanced at his watch. it's 10:30 now. Get everything ready and send the person over today.

“That’s great,” Natsume was so happy that he wanted to jump up. Suddenly, he said to Liancheng Yazhi, “wait for ran ran. then, he quickly ran back to the laboratory, where he brought a small spray bottle and handed it to Liancheng Yazhi. with this medicine, one will faint immediately after breathing. After fainting, it’s as if the person is asleep and will have very happy dreams.

Liancheng Yazhi and Rong Yan looked at each other, and both of them had the same intention. Damn, even this kind of thing exists!

Liancheng Yazhi calculated the time. Old master Liancheng was holding a Board of Directors 'meeting at the company at ten O' clock. If he rushed over now, it would probably be eleven o 'clock. The meeting was almost over, so he had to quickly send the medicine to Secretary Zhou and let the old master faint in the company. This way, he could directly be sent to the hospital they had arranged so that he could grow smoothly without making a sound.

Well done, the secret has been dug out, and the old man still doesn't know!

After they left the hospital, Liancheng Yazhi planned to let Rong Yan take the car back first. “you go back first. send this to secretary zhou personally and let him arrange it.”

This matter was related to his daughter's life, and Liancheng Yazhi didn't want to rely on others. It was safer for him to send the medicine over himself!

Rong Yan nodded. Yingluo, you have to be careful.

“Don’t worry, I’m scared.” Liancheng Yazhi frowned. “Forget it. You can bring

Rong Yan hugged

meowmeowmeowmeowmeowmeowmeowmeowmeowmeowmeowmeowmeowmeowmeowmeow

He looked at a few people and made a gesture without changing his expression. Then, a few shareholders stood up and smiled apologetically at old master Liancheng.

that's right, old master. You know better than us what kind of temper President Hanhan has. Our Hanhan is also afraid. We can't let Secretary Zhou have a hold on us. However, you said that this matter is not a big deal for all of us. As long as we work together, we don't have to worry about it not being successful. However, this matter is carried out in private. It's good enough for everyone to know about it. We can't let young master ya know about it in advance.

The few of them spoke one after another. Although they didn't directly say how brutal Liancheng Yazhi was, their vague meaning made old master Liancheng feel that they were angry but didn't dare.

The old man's mood finally improved. He stood up and cried to the shareholders with red eyes.

my son is useless. For the sake of a woman, he abandoned himself and the livelihood of so many people in the company. He has let down the hard work of his ancestors and all the employees in the company. As a father, I am deeply saddened. So, in order not to lose the family fortune, I have no choice but to cut my losses and make this choice. I hope everyone can understand.

The group of shareholders quickly said, "understood, understood."

I believe that everyone has made a decision in their hearts. Then, next week, we will hold another shareholders 'meeting and all the shareholders will vote to see if Liancheng Yazhi should continue to be the CEO of L & C or if Wanwan should disqualify him.

"We all understand what you mean."

When Secretary Zhou pushed the door open and entered again, the meeting had ended. Old master Liancheng was already smiling and saying goodbye to all the shareholders one by one!

After all the shareholders left, the old man looked at Secretary Zhou in disdain as she walked past him.

Then, before he could take two steps, he fell to the ground with a plop!

Chapter 638-like master like servant

Secretary Zhou's face was expressionless, but there was a 'cunning v smile in his eyes. He secretly stretched out his right hand behind his back and made a 'v'.

Neil, who had been by old master Liancheng's side, was shocked and quickly knelt down to push him. old master, what's wrong? Old master, old master Yingluo."

Old master Liancheng didn't move. His eyes were closed and there was a smile on his face. He looked especially peaceful.

Neil shouted but did not respond. He suddenly turned his head and glared at Secretary Zhou."What did you do to the old man? If you dare to play any tricks, I won't let you off."

Neil was old master Liancheng's Secretary, and Secretary Zhou was Liancheng Yazhi's number one general. The father and son were fighting at the top, so of course, they were the ones fighting the most at the bottom.

The two of them looked at each other with disdain, contempt, and deep ridicule.

Secretary Zhou's mouth twitched, and he looked at Neil in disdain. "Are you an idiot? what do you think i would do in public? or did you not have eyes just now and didn't see my movements?"

Secretary Zhou raised his hand to loosen his tie and pointed at the camera. "There are cameras here, I can Sue you for slander."

When it came to lying through their teeth, Secretary Zhou was definitely the same as Liancheng Yazhi. Like master, like servant. Both of them were the kind of people who did bad things but could still take it for granted and make the whole world believe that they really didn't do it.

When Neil heard Secretary Zhou's words, he felt guilty. Secretary Zhou did not do anything just now. When the old man walked past him, he even bowed with both hands behind his back. Therefore, even if something happened, Secretary Zhou would not be blamed.

However, Secretary Zhou's words were too infuriating. Neil pointed at him."you're so silly!"

Just as he said a word, Secretary Zhou walked over and put her hand under the old man's nose. don't scream blindly. The old man is old and can't stand violent emotional ups and downs. He must have been too happy just now and fainted from the excitement.

Neil was at a loss for words because he felt that Secretary Zhou might be right. The shareholders had agreed to the old man's request, so he was very happy.

This was the first time that Neil had seen old master Liancheng so happy since he started following him.

When one was old, their body would not be as strong as before. If they were so excited all of a sudden, their hearts would beat faster, and they might even faint.

It was just that Neil wasn't usually responsible for his father's health, so he really didn't know what to do with this sudden problem.

"Then what should Qingqing do now?" Neil asked nervously.

Secretary Zhou pouted,"do you think I'm as stupid as you?" I've already called the emergency number. Let's wait for the ambulance."

He sized up Neil and wondered why the old man had placed him in such an important position when he was so scared of the situation.

Neil was so anxious that he didn't know what to do. No one around him was on his side, so there was no one to discuss it with. So, Secretary Zhou showed up at this time and gave him the help he needed the most. Neil couldn't care less about being hostile.

Very quickly, in less than ten minutes, the ambulance arrived and carried the old man into the car. [Secretary Zhou: of course it'll be fast, didn't you see that it was arranged!]

Chapter 639 We're actually quite funny

When Neil got into the car, he realized that Secretary Zhou had also come along. He immediately asked guardedly, "What are you doing here?"

Secretary Zhou sat up straight and looked a little taller. He said,"You think I wanted to come? This old man is our young master ya's father, and now that he has fainted, I have to follow him to see him for young master ya's sake. Besides, you're just a sea turtle, do you know so many rules?"

Neil did not say anything else because Secretary Zhou had indeed found out the truth.

He had just returned from abroad and didn't know anything. It would be better to have an acquaintance when going to the hospital.

Moreover, he felt that Secretary Zhou would not dare to do anything that would endanger the old master's life. After all, he was only a Secretary. Even Liancheng Yazhi could not kill his own father.

Soon, they arrived at the hospital. The nurses and doctors immediately pushed old master Liancheng into the emergency room for emergency treatment.

during the emergency treatment, secretary zhou said to neil, " "Go and settle the procedures and hand over the money."

I'm going to stay here, " Neil said, not moving. you go.

He was afraid that Secretary Zhou would do something when he was not around.

in the end, secretary zhou looked at him with extreme disgust. " "Tsk, no one's like you. I followed you here because of our young master ya. Why, Qingqing, do you still want to order me around like a servant and make me pay for you? I'm telling you, it's up to you whether you want to go or not. Anyway, I'm not the one who'll be kicked out if I don't pay up now."

Secretary Zhou's barefooted and fearless appearance was similar to Liancheng Yazhi's.

His meaning was too clear. The old man's life or death had nothing to do with him. Anyway, he was happy if he died, and it would not affect him much if he lived!

Neil was so angry that he wanted to give Secretary Zhou a good beating. How could there be such a scoundrel?

He glared at Secretary Zhou, snorted, and turned to leave.

Secretary Zhou waited for him to walk away before calling Liancheng Yazhi.

young master ya, it's been arranged. He has been sent to the hospital and is now in the 'emergency room'. The doctor in charge is Natsume, and he is currently treating 'him. I believe that Natsume will do a good job.

Liancheng Yazhi had already arrived at home with Rong Yan and had been waiting for Secretary Zhou's news.

After hearing Secretary Zhou's words, Liancheng Yazhi's mood became much better. He asked,"Good, not bad. Have you been discovered?"

no, I used a very secretive method and was not discovered. When the old man is discharged from the hospital, he won't know that his secret has been leaked!

Secretary Zhou dared to use his head to guarantee that no one would find out about his technique this time.

That kind of drug would make anyone who smelled it faint immediately. However, Secretary Zhou still had a way to make old master Liancheng faint while the others were not affected at all!

Liancheng Yazhi was very satisfied with Secretary Zhou's work this time and gave him a rare good review.

alright, you continue to stand there and watch. Keep that Neil in check. Don't let him see anything.

"Yes, don't worry. I'll act very well!"

After Liancheng Yazhi heard this, he couldn't help but laugh. Secretary Zhou's words had directly hit his funny spot.

Right now, this group of people were all doing the same thing-'acting'!

Rong Yan saw Liancheng Yazhi smiling foolishly alone and asked him, " "what's the matter, why are you so happy?"

Liancheng Yazhi reached out and touched her nose."I suddenly feel that we're actually quite funny." She was quite happy.

Chapter 640 'Living experiment'

Although

After saying that, Liancheng Yazhi whispered quickly into Rong Yan's ear, Secretary Zhou called. The old man is already in the hospital. Natsume is teaching him a lesson. We'll probably get an answer soon. Our MeowMeow will be saved soon.

Rong Yan's eyes lit up instantly as if saying, " "Really?"

She had thought that she would have to wait for a long time. She did not expect Secretary Zhou to be so efficient. In less than an hour, they had already brought old master Lin to the hospital.

of course it's true. Why Would I Lie to You? we're just waiting for the results. As long as we know the secret of the formula, we can play this game however we want.

When he said this, Liancheng Yazhi's eyes shone with the light of a king who had victory in his grasp. It was as if everything was in his grasp, and he was strategizing and deciding the outcome.

.....

In the hospital, after Neil returned with the money, old master Liancheng's 'resuscitation' had not stopped.

"why aren't they out yet?" asked neil.

Secretary Zhou looked at him impatiently. I'm not a doctor. Why are you asking me? maybe the old man's condition is serious, so the doctors are still busy.

"Stop your nonsense," Neil berated.

Secretary Zhou pursed his lips and smiled. He did not say anything else. He was not in a hurry to wait. Instead, he was very relaxed.

they were doing 'live experiments' inside. could they come out so early? He would probably have to wait for a long time.

Just as Secretary Zhou had expected, after an hour and a half, the lights of the emergency room finally went out. The door opened, and a few doctors and nurses with masks came out.

One of them, who seemed to be the attending doctor, asked,"Who's the patient's family?"

neil quickly stepped forward, "i'm yingluo, i'm yingluo!"

The attending doctor pulled down his mask, revealing a young and delicate face. He wore black-rimmed glasses and looked gentle. This person was no other than Natsume.

Natsume wiped the sweat off his forehead as he asked in a very serious, serious, and medical-like voice, "the patient was too excited, so he went into temporary shock. Has this happened before?"

Although Neil was curious as to why the doctor was so young, he did not ask much. Instead, he answered Natsume's questions, "no, he used to be in good health. He would even practice Tai Chi for half an hour every morning.

"okay." natsume nodded and asked again, "do you eat and sleep regularly?"

"It's very regular! I never stay up late at night."

Natsume asked a few more questions about master Liancheng's private life, and Neil answered them in detail. At this point, he did not dare to hide anything even if he wanted to.

natsume nodded, as if he understood everything. he said, "luckily, the patient always takes care of himself. otherwise, he would be in real danger this time. the patient's body is strong, so there aren't many problems. however, old people's bodies aren't as good as young people, so you have to pay more attention in the future. oh, wanwan, if there's nothing urgent at home, it's best to do a full-body physical examination first. i suspect that the old man's liver might have some problems, so i want to do a detailed examination."
