

Permit Me 651

Chapter 651 I'll believe you one more time

Rong Yan frowned and looked at Liancheng Yazhi suspiciously. "A present? I don't feel good."

Rong Yan instinctively resisted the word 'gift'.

what happened three years ago was too unforgettable. although she had already let it go and no longer mentioned those things, some things had happened after all. even if you no longer resented it, you couldn't say that you didn't feel anything when others mentioned it.

Liancheng Yazhi pulled her into his arms. this time, it's a real gift. I want to make up for what I did to you in the past. Give me this chance, okay? " Just trust me this once, okay?"

rong yan looked up and her eyes met liancheng yazhi's. his eyes were full of sincerity, guilt, gentleness, pampering, and uneasiness. he was afraid that she would not agree!

after a long while, rong yan suddenly laughed out loud."alright, yingluo, i'll believe you one more time."

She had already chosen to go on with Liancheng Yazhi, so she should trust him. If she couldn't get over this 'trust', there was no need to continue being together in the future!

Liancheng Yazhi was excited and happy. He wanted to say a lot, but he did not know what to say at this moment.

All he could do was hug Rong Yan tightly, Xuxu.

neither of them spoke, and the atmosphere was warm and quiet.

If Liancheng Yazhi's phone had not rung again, the two of them would have continued like this.

liancheng yazhi did not want to answer it at first, but after looking at the caller id, he still stretched out his hand. "Hello, Yingluo."

It was Kang Zhen. I just saw your old man's press conference. It's a big one. He wants to break through your barrier in one go and return to the upper class. He's quite ambitious. Will you have any problems with the public investment meeting next Tuesday? "

It was rare for Kang kun to say so much over the phone. Although his voice was flat and emotionless, Liancheng Yazhi knew that Kang kun was very worried about him. Otherwise, he wouldn't have called him immediately after watching the press conference.

With one hand on Rong Yan and the other on his phone, Liancheng Yazhi said with a smile, " he's ambitious and has a big appetite. Unfortunately, he's old and his teeth can't make it. He's going to hold a meeting next Tuesday, so let him do it. It's meaningless anyway!

"is there anything i can help you with?" kang zhen asked, sighing in relief.

not at the moment. If there's a problem, you don't have to come and find it yourself. I'll come to you directly.

After that, the two of them didn't say much and directly said goodbye and hung up the phone. To them, when their brothers were in trouble, they just needed to help. There was no need for too many emotional words.

Soon after, Feng made Tang and a simple phone call came as promised. They were all asking about the press conference held by old master Liancheng today.

Liancheng Yazhi repeated what he had said to Kang Yu to the two of them.

After all the calls were answered, Rong Yan herself was a little worried and asked, "will there really be no problem with the shareholders 'vote meeting next Tuesday?"

Liancheng Yazhi's lips curled up and he tapped Rong Yan's forehead. "don't worry, your husband is not that unreliable. next week is our home game."

"After this matter is over, what do you plan to do with your old man?" Rong Yan finally asked the question that she wanted to ask the most.

Chapter 652 Seven in a sorry state

Rong Yan knew that she couldn't kill Huahua!

No matter what, he was his biological father. Liancheng Yazhi couldn't do something like killing his father with his own hands. He might have been cold-blooded and heartless in the past, but now he wanted to leave a good example for his child.

liancheng yazhi's face darkened a little. he comforted rong yan. "i'll take care of it. i'll give him a good place to go. don't worry. rest well for the next few days. are you sure it's okay to wear so much makeup?"

Many times, Liancheng Yazhi thought that it would be great if Liancheng Bo wasn't his biological father. Then, he wouldn't even need to think about killing him!

However, there are some things that you can't choose, such as your birth or your parents! Since he had no choice, he could only raise his head and face it.

There was one more thing. Liancheng Yazhi was really worried about Rong Yan's makeup every day.

In the beginning, he wanted to know which bastard had changed Rong Yan's face.

This matter was no longer important now. What Liancheng Yazhi was most concerned about was whether Rong Yan really had no problem wearing makeup for such a long time. Can your skin take it?

Rong Yan coughed a little guiltily. ahem, ahem, I changed my clothes twice in the middle. Don't worry.

Rong Yan wanted to say that she was fine, but when she saw the concern in Liancheng Yazhi's eyes, she couldn't bear to see him so worried, so she told him about it so that he wouldn't be so worried.

Liancheng Yazhi's face immediately turned serious when he heard that. "when did you change it twice? why didn't i know about it?"

There was actually a man who sneaked into his house when he was not around, and it was twice. No one in his family knew about it. How terrible was this?

Rong Yan quickly pushed Liancheng Yazhi. it's because y-you're not home,

liancheng yazhi quickly waved his hand to deny it, "of course not, but, but, but, but, but, but, but,"

Rong Yan patted his shoulder and promised him solemnly, "Don't worry, I won't make you a cuckold."

Liancheng Yazhi-- !

After the incident, Liancheng Yazhi ordered people to add more surveillance cameras inside and outside the Liancheng old house, vowing to catch that man.

This made Rong Yan regret what she had said. If Seven was caught, it would be her fault.

However, seven still showed up on time that night. This time, however, he was clearly in a worse state.

rong yan quickly asked,"how is it?" It's dangerous out there, right?"

seven took a deep breath. "it's a good thing that he only installed a surveillance camera. he didn't go crazy and install a bomb or something. otherwise, i'd be dead. "

What he meant was that he was telling Rong Yan that Liancheng Yazhi was still considered kind. At least, he had never thought of taking his life!

Seven knew that with Liancheng Yazhi's personality, it wasn't easy for him to do this.

Rong Yan said worriedly, " why don't you stop coming in the future? it'll be terrible if you get caught. It'll only be a few days. I'll just remove my makeup by then.

Seven patted his chest and said heroically, " "That won't do. I like challenges. It's best if Liancheng Yazhi install cameras on every inch of grass. Don't worry, I'll come in the same way I came in."

.....

Chapter 653 The husband who can do anything

Time flew by, and in the blink of an eye, it was next Tuesday.

It was drizzling early in the morning, and the sky was gloomy. It seemed like a bigger storm was brewing.

The ancient people said that when you encounter water, you'll be rich. So, when he saw it raining outside in the morning, he thought it was a good sign!

Old master Liancheng got up early in the morning and was full of ambition when he left the house. Although a lot of blood had been drawn, he looked much better after a few days of recuperation!

Before he left, he saw Liancheng Yazhi carrying

The old man even smiled at MeowMeow for the first time. MeowMeow, remember that I'm your grandfather, Yingluo.

After he finished speaking, he looked up at Liancheng Yazhi. There was no need to explain the meaning behind it.

Old master Liancheng turned around and walked out, followed by Neil and Hannah. The two King Kongs walked like the wind, and that smug look on their faces was really asking for a beating.

Liancheng Yazhi nudged MeowMeow in his arms. MeowMeow, let's go. It's time to eat!

????????:"??.....????????....."

Liancheng Yazhi knew what he wanted to say. He nodded and said, "Yes, tomorrow is the fifth day. Our MeowMeow will be able to see mommy."

Meowmeowmeowmeowmeow's eyes immediately widened. really? "

Liancheng Yazhi nodded. of course it's true. Daddy would never lie.

rong yan came out of the kitchen and waved at the two of them. "Come and eat."

After seeing Rong Yan, meowmeowmeowmeowmeow said happily, "Housekeeper Auntie, I'll be able to see mom tomorrow."

Rong Yan's heart felt warm as she said, "really?" That's great, our MeowMeow can finally be reunited with mommy."

????? ??????????,?????,?????????????

At the dining table, Rong Yan asked Liancheng Yazhi as she fed MeowMeow, "The old master has already left."

"Yes, I'm just short of going out laughing." The old man's look today was really like a 'villain getting his way'. His nostrils were almost turning 360 degrees. Liancheng Yazhi felt that he wanted to say something provocative to him before he left, but it was a pity that Wanwan was probably afraid of being provoked by him, so she didn't say it.

"what will it be like when you come back?" rong yan smiled and asked him.

liancheng yazhi replied to her with four words-dejected and dirty-faced!

liancheng yazhi did not even need to think about what the situation would be like at the shareholders 'meeting.

"sigh, i really want to see it." rong yan sighed.

Liancheng Yazhi grabbed her hand. you want to see it? that's easy. Come with me later.

"ah, you're not thinking of taking me to the office, are you?"

of course not. Is there no other way except to go to the company? "

After breakfast, under Rong Yan's anticipation, Liancheng Yazhi pulled her into the study.

After turning on the computer, Liancheng Yazhi tested it for a while, and soon a room that looked like a big conference room appeared on the screen.

"What is this place?" Rong Yan asked.

Liancheng Yazhi told him, "this is the place where the referendum will be held today, but it starts at 10 O'clock. It's not time yet, so no one has entered. Later, you can watch the live broadcast when the people arrive.

"Hubby, I realize that you're really going to be omnipotent soon, Yingluo." Secretary Zhou: Miss Rong, I'm the one who's really omnipotent. Young master ya is just a man of his words. I'm the real powerful person.]

Chapter 654 A blow to the head

Rong Yan's eyes sparkled as she looked at Liancheng Yazhi. The admiration and respect in her eyes made Liancheng Yazhi feel light-headed and dizzy, as if he had just drunk a few taels of wine.

Liancheng Yazhi laughed foolishly. that's natural. Your husband is working for me. How is he unreliable? ”

????????,????,??????????

.....

On the other side, old master Liancheng arrived at the company. As soon as he got out of the car, he saw many reporters standing in front of the company's Gate in the rain. When they saw him, they swarmed up to take photos and interview him.

This scene made old master Liancheng extremely proud and happy. It made him feel like he had returned to his high position, being looked up to and admired by everyone.

The camera's door closed with a click, and the flashes hurt her eyes.

the reporters 'voices were mixed together, but some of them were very loud.

“would old mr. liancheng like to invite you for a few words?”

old Mr. Liancheng, how confident do you think the proposal to dismiss Liancheng Yazhi at today's shareholders 'meeting will be? ”

“Old Mr. Liancheng, are you trying to fight for power with your son by doing this?”

“Mr. Liancheng, what are your thoughts on the future development of the group?”

Old master Lian Cheng walked forward slowly as he smiled. I'm very happy to thank all of you for coming here in such bad weather. As for the questions raised by everyone, I will hold a small press conference to explain them in detail after the shareholders 'meeting.

“In a while, someone will set up a shelter for you so that you won't get caught in the rain. I don't want to affect everyone's health for my interview.”

Old master Liancheng's gentle and kind attitude instantly warmed the hearts of many reporters. They all felt that this old man's character was really very good.

In less than 20 minutes, the shelter from the rain was built. The reporters standing below seemed to be in a good mood.

.....

It was 10 in the morning and the rain was getting heavier. The shareholders entered the venue one by one.

Old master Liancheng stood on the stage. is everyone here? I don't need to repeat myself. Today, we're here to vote on whether Liancheng Yazhi is still suitable to continue as the president of the group.”

Old master Lian Cheng glanced at the shareholders who still looked normal. before the vote, if you have any objections, please speak!

The meeting room was silent for five minutes. No one spoke. Old master Liancheng said, " alright, since there's no one else, please fill in the form and vote.

The shareholders picked up their pens and wrote down their names and decisions on the votes.

Old master Liancheng saw that those people did not hesitate and wrote very quickly without any delay. It seemed that each of them had already made a decision in their hearts.

Old master Lian Cheng looked at them with confidence.

shareholders who have filled in the form, " Neil said to everyone. you can cast your votes and place them in the voting box.

After a while, the filled-in shareholders put their votes into the box one by one.

when the last one was done, old master liancheng said, " "For the sake of fairness, let's announce the votes on the spot."

The old man had been full of confidence until now, but when Neil read out the first ticket, his face changed instantly.

Chapter 655 What a good show!

old master liancheng turned his head abruptly. before the smug smile on his face could fade, he asked neil, " "What did you just say?"

neil held the vote in a daze. he flipped it over a few times before he dared to say, " "Old master's Yingluo is Zhang Yingluo's opposing vote."

– Objection vote!

These three words were like a blow to the head, and both old master Liancheng and Neil couldn't believe it.

They had clearly agreed on it a long time ago, so why would someone still vote against it?

Old master Lian Cheng's face was full of anger, and his eyes were spitting fire as he glanced at the shareholders sitting below.

The shareholders were all seated with the same expression on their faces. They were very calm and composed as if they were all alone outside. Even the shareholder who voted against did not have much of an expression on his face. He did not even look guilty when old master Liancheng looked at him.

old master lian cheng was furious, but he had to control himself. he took a few deep breaths and forced an ugly smile on his face. it's okay. We've already said that everyone is free to express their opinions. It's normal for the head to vote against it. Let's continue.

Old master Liancheng consoled himself that it was no big deal. That shareholder must have been blind and wanted to walk down the same path as Liancheng Yazhi.

There was only one person, what was there to be afraid of? there were still many more to come. He did not believe that all the shareholders would vote against it.

What happened next proved that the old man was right!

Neil put down the first piece of paper with a heavy heart and picked up the second piece.

Seeing the words on it, Neil's hands began to tremble. His face was a little yellow, and his lips didn't seem to be glued together. He couldn't open his mouth, but under Grandpa Liancheng's repeated urging, he finally said, "Anti-, no vote"

Old master Liancheng's expression changed instantly. He snatched the vote from Neil's hand and read it over and over again. In the end, he tore the vote into pieces and glared at the shareholders below the stage with a ferocious expression.

He coldly snorted and said, "continue to tease."

He didn't believe that they would all vote against him.

Neil already had a bad feeling. He looked at the shareholders' expressionless faces and could almost predict what was going to happen next.

He really wanted to say to old master Liancheng, "Old master, don't expose me anymore. It'll only be a slap to your own face in the future."

However, the old man was so angry that he didn't care anymore. Neil had no choice but to continue unveiling the votes.

What happened next was exactly as he had thought.

The third one, objection.

The fourth one, objection.

The fifth one was still against it.

Until the last card, he was still against it!

This result was simply a great humiliation to old master Liancheng. Those opposing votes were like loud slaps on his face.

when he thought about how he incited the shareholders, the press conference, what he said, and the reporters standing outside, old master Liancheng felt like an old clown. everything he did was to entertain others.

Old master Liancheng clutched his chest. He was so angry that his heart was in pain. A mouthful of Blood Rose up from his throat, but he suppressed it and did not let the blood come out. He had lost all his face and did not want to faint in front of this group of people. That would make them laugh at him even more.

He pointed at those people. good Yingluo. You all really put on a good show with me.

Chapter 656 can't accept worrying about everything

Just from the number of opposing votes, old master Liancheng immediately realized that this was a joint act between the shareholders and Liancheng Yazhi.

At this moment, old master Liancheng was certain that Liancheng Yazhi had colluded with the shareholders without him knowing and deliberately made him lose face in front of everyone and public opinion.

One of the shareholders stood up and sighed. "Old Xia Sheng, it's not that we don't want to help you, but even if we all vote for the recall of the company, it's useless. Master ya holds 56% of the

company's shares, which means that all of us only have 44% of the company's shares. We can't compare with master ya at all. This company belongs to him alone. Even if he loses the company, we can't recall him."

When old master Lian Cheng heard this, his eyes almost popped out. how is that possible? he only took 30% of the shares from me back then. even if we include the shares that his grandfather left for him, it's only 41% or 42%. where did he get so many shares?"

The shareholder said helplessly, "old master, can't you see how many years it has been? when you left back then, there were a few shareholders in the company who were your confidants. They held a portion of the shares, but young master ya removed them one by one. Naturally, all of Qianqian's shares ended up in his hands, Qianqian.

Old master Lian Cheng sat down on the chair after he heard that. He pointed at those people with a trembling finger. "Why didn't you tell me in advance? Did Xuanji Liancheng Yazhi stop you from saying it on purpose?"

When he said this, old master Liancheng started to laugh at himself.

No wonder Liancheng Yazhi dared to say those words to him. It turned out that he had long known that victory was already in his hands.

Liancheng Yazhi did not do anything at all, and there was no need to say anything in private. The shareholders did not dare to vote for the recall because no one was stupid enough to anger Liancheng Yazhi even though they knew what the result would be.

Therefore, Liancheng Yazhi just watched him act like a clown, watching him enjoy himself, and then scolded him in his heart for being an "idiot.

Old master Liancheng hated it. He hated it so much that he went crazy. He hated why there was Liancheng Yazhi back then.

If it wasn't for him, Yi Nong wouldn't have died when she carried her son to find him. It was all Liancheng Yazhi's fault. It was all his fault. He shouldn't have existed and shouldn't have lived!

The shareholders looked at old master Liancheng's eyes that were filled with terrifying hatred. His face was unusually ferocious and looked very scary.

The shareholders stood up and bowed to old master Liancheng. Then, they left the meeting room one by one.

To them, the fight between Liancheng Yazhi and his son really had nothing to do with them. What they wanted was to do their job well. It was better for them to be more honest in this 'battle for the throne'.

as the last shareholder walked out, old master liancheng couldn't hold on any longer. he clutched his chest and spat out a mouthful of old blood. then, his eyes rolled back, his body jerked, and he passed out. he couldn't feel anything.

old man, old man! Neil ran over in fear.

this time, he was more experienced and quickly called the emergency number.

But this time, the old man's condition was obviously more serious than the last time. He had vomited blood, his face was ashen, and his pulse was much weaker.

Neil was so scared that his hands and feet turned cold. He was really afraid that the old man would fall sick from anger.

Chapter 657 Vomiting blood in anger

In the old house of Liancheng, he sat in front of the computer from the beginning to the end. He saw every second and every scene clearly, and his heart was still beating fast.

Rong Yan felt like she was watching a movie. From being on edge at the beginning to the shocking reversal in the end, it simply challenged her limits.

seeing old master liancheng vomit blood and fall, rong yan turned to ask liancheng yazhi, ”
“Something didn’t happen to Yingluo, right?”

Liancheng Yazhi did not react at all when he saw his own father collapse. It was as if he was not worried at all. No, it was not ‘seemed’. He really was not worried, did not care, and did not care.

Liancheng Yazhi comforted Rong Yan. look at you. You’re so scared. What could have happened? ”

Rong Yan pointed at the old man on the screen.”but yingying vomited blood!”

This was the first time she had seen a person spit out something maliciously when they were working and getting paid.

Liancheng Yazhi smiled. yes, he vomited blood. His qi and blood are so strong, it would be strange if he didn’t vomit. Don’t worry, he won’t die from anger. Otherwise, what’s the point of tomorrow’s filming? ”

Rong Yan swallowed twice. you’re so relaxed.

Liancheng Yazhi smiled indifferently. It was not that he could let go, but he knew the old man too well. Besides, he had long passed the age of relying on his father and longing for fatherly love. He had become numb to the word ‘father’ from unfamiliarity.

The bone-deep hatred of old master Liancheng just now had made Liancheng Yazhi vigilant. Today, it would only make the old master hate him even more. In the future, he should be more vigilant.

On the computer screen, the doctors and nurses rushed over and carried the old man into the ambulance again.

At this time, the rain outside had stopped. The reporters who had been waiting outside the L & c building were now waiting for old master Liancheng to come out and give them a result. In the end, what they waited for was equivalent to an ambulance.

The old man was being pushed out, lying flat on the ground. A nurse in front of him was shouting, ”
Make way, make way, make way. The people in front, make way. Don’t delay our rescue. Move aside, Qianqian.

The reporters automatically made way, but some sharp-eyed people saw Neil. Soon, someone realized that the person being carried away was old master Liancheng. The reporters immediately swarmed up and kept taking pictures of the unconscious old master Liancheng.

Meanwhile, Neil was blocked by a group of reporters, asking him about the results of the vote and why old master Lian Cheng had fallen. He wanted to get into the ambulance, but he was blocked by

a wall of people and couldn't get into the ambulance. In the end, it was the company's security guards who came out and rescued him.

When the ambulance left, the reporters all felt that it was a pity, but they were also reluctant to leave because they all smelled something different. They all knew that there must have been big news.

Not long after, Secretary Zhou walked out of the building with a leisurely pace.

The reporters found another target to besiege. All their cameras were aimed at Secretary Zhou.

However, Secretary Zhou was not angry at all. Instead, he had a faint smile on his face and seemed to be in a good mood.

when someone asked him, "will Mr. Liancheng Yazhi continue to be the president of L & C group in the future?"

Secretary Zhou smiled, adjusted his glasses, and said seriously. He said with a relaxed expression, "yes, he will continue to be the president of the group. Other than young master ya, no one else is qualified to take on this responsibility. Please don't ask this kind of question again in the future. This is something that will never change.

Chapter 658 The old master's lover from back then

Mr. Liancheng was taken away by the ambulance just now. another reporter asked. may I know what happened?"

Secretary Zhou nodded and smiled. I'm old. I can't take any stimulation. It's normal to faint.

For the next few questions, Secretary Zhou pushed them aside.

At this moment, the reporters that old master Liancheng had invited had all become candidates to serve Secretary Zhou and Liancheng Yazhi.

Secretary Zhou spoke to the reporters for about seven to eight minutes before he left in a car.

in the car, secretary Zhou loosened his tie and had an excited smile on his face. he had finally gotten back at the old man today. he felt great seeing the old man vomit blood in anger.

After the excitement, Secretary Zhou remembered that it was time to report to his boss.

He quickly called Liancheng Yazhi. young master ya, the old master won't covet the company anymore.

"Don't let your guard down. It won't be fun if the old man is going to make a last-ditch struggle." It was not that Liancheng Yazhi was being careful, but he knew his father's character too well. It would be good if this blow could completely suppress him. If he couldn't, he might do something crazy.

"Yes, don't worry. I'll be careful."

Secretary Zhou quickly reported another matter. "Young master ya, I've found out who Xuanji Yinong is,"

"Who?" Liancheng Yazhi asked.

“She’s the old man’s mistress, the woman who brought his illegitimate son to his house, Qianqian.”

Liancheng Yazhi was not surprised by this answer. Before he got the confirmation from Secretary Zhou, Liancheng Yazhi had already had some doubts in his heart.

“What’s the identity of that woman?”

“I’m still investigating, but soon, Yingluo.”

“Continue the investigation.” Although it didn’t seem to matter who that woman was now, Liancheng Yazhi felt that it would be useful in the future because this seemed to be the only weakness of the old master now.

.....

In the hospital, after more than an hour of emergency treatment, the old man finally woke up.

This time, the doctor told Neil, “Don’t let this old man get too worked up in the future. His blood pressure is very high now. If this happens again, he might not even be able to stand after a stroke.”

Neil felt that the doctor’s words were like a notice of delay for his death. He quickly asked, “Why? The old master used to be in good health and rarely caught a cold or fever.”

In the end, the doctor only replied with one sentence, “No matter how healthy he is, he’s still an old man.”

Neil walked toward the old man with mixed feelings.

The old man on the bed was wearing an oxygen mask and on a drip. His face was as pale as a ghost, and his eyes were dull, as if he had become stupid!

Neil sat by the bed and consoled him. Old man, you have to pull yourself together. You can’t collapse. There’s no obstacle that can’t be overcome in this world. Think about how you’ve survived all these years. You’ve suffered so much. Are you still afraid of the next few years?”

Initially, when Neil came back with old master Liancheng, he wanted to see Liancheng Yazhi’s dispirited look and wanted to suppress him so that he would never be able to stand up again. However, he did not expect that ever since he came back, the old master had been restrained in every way.

Just like before this incident, old master Liancheng had always thought that he had the upper hand and that he would soon be able to obtain the Liancheng family. However, this kind of blow suddenly came. He really couldn’t stand it.

Chapter 659 Old master, please think about it

This matter instantly depressed old master Liancheng, and all the pride in his heart instantly disappeared.

His current state could only be described with one word—his heart was like dead ashes.

The thing that he wanted to do the most, he would never be able to do it in the future. This kind of feeling was as if someone who was happy a moment ago was sentenced to death in the next second.

He felt like he was going to die if he really said it out loud.

Old master Liancheng's eyes were completely grey and he had no vitality at all. He was like a weed that had been evaporated and was waiting to be uprooted.

old master lian cheng was like a puppet as he said indifferently, " "Won't fall? Then tell me, what else can support me?" Old master Liancheng had always wanted to take back the family power and regain control of the group. However, just when he was full of confidence and thought that victory was in his hands, he was suddenly hit with such a blow.

It was not just a slap to his face, it was a heavy blow to his heart.

he was already old, and although his body was in good shape, he still couldn't take a series of shocks! It was as if he was about to stab her with a knife.

Neil was extremely anxious. young master ya, please don't think that way. If even you say that, what will happen to me and Hannah? " We're both counting on you to go with you."

" i can't take it anymore, yingluo, i can't take it anymore, yingluo, i can't take it anymore, yingluo. " old master liancheng slowly closed his eyes, his voice getting weaker and weaker.

This time, the stimulation was too great. When he closed his eyes now, all he could see were the opposing votes, the shareholders 'faces, and the bastard Liancheng Yazhi standing in front of him laughing, pointing at him and saying, " How about it, I said you can't take it from me, so don't even think about it in this lifetime.

At the thought of this, old master Liancheng felt that Wanwan had nothing left to live for.

He had spent so much effort on the shareholders 'vote this time and called so many reporters over. In the end, when Wanwan and the others got the news, they were probably all watching him make a fool of himself. The words he said at the press conference the other day had smacked him in the face again and again. He had no face to speak of in front of everyone.

After this incident, don't even mention returning to the upper class? Probably no one would dare to talk to him. Even if they saw him, they would only think that he was bluffing and laugh at him in their nightmares.

The old man's expression was particularly ugly. Neil was very worried and quickly said to old man Liancheng, " "Young master ya, so what if you can't get the company? Old master, don't forget that 'Rong Yan' is dead'. If she's dead, young master ya won't be able to pull himself together. At this time, there's no one around him. As long as you arrange for one of your people to be around young master ya, Won't You Be able to control him? Controlling young master ya is the same as controlling the Liancheng Group."

After saying everything in one breath, Neil felt that he was very eloquent. He was impressed by himself for being able to say something like that at such a critical moment."Old man, please think about it. This failure is nothing!"

With Neil's reminder, old master Liancheng was suddenly enlightened. that's right, I can't fall. Qianqian's banquet tomorrow will be my last chance. Go to the Lu family and tell them to perform well. If they don't succeed this time, then just kick them out!

Chapter 660 My heart is yours now

Neil heaved a sigh of relief. As long as the old man didn't fall, everything was fine.

he was really afraid that if something happened to the old man, no one would protect him and hannah, and they would be taken care of by young master ya sooner or later. that was why neil was so scared when he saw the old man vomit blood.

No matter what, the old master was young master ya's father. No matter how much he had gone overboard, it shouldn't be to the extent of taking the old master's life. However, he was different. He was just a personal secretary. If young master ya couldn't vent his anger on the old master, he would definitely look for him.

So now, he could only let the old man hold on for as long as possible.

Although he was embarrassed

he didn't have any confidence in the old master's homecoming party and young master ya's engagement party tomorrow, but he would just take it one day at a time!

don't worry, old man, "Neil said to the old man. I'll definitely pass on your words.

"it's just that you have to take good care of your body. otherwise, i'll make you regret it at tomorrow's banquet."

neil was worried that the old man wouldn't be able to attend the banquet in this state, but before he could finish, old man liancheng pulled off his oxygen mask and said angrily, " I'm in good health, not at all. I must attend the banquet on time tomorrow. Have you sent the invitations? "

Seeing that his grandfather's face had turned red again, Neil quickly said in fear, " they've all been sent out, and those who received the invitation said that they would all say that elder Wanwan shouldn't be angry. Don't be angry. The doctor said that you must stay in a good mood and not be agitated.

Old master Liancheng sneered. in a good mood? How can I be happy with Liancheng Yazhi around? if he didn't keep stimulating me, would my body suddenly deteriorate? It's all that bastard's fault."

Neil lowered his head and did not speak. He did not understand why the father and son, who were perfectly fine and not enemies, would go head to head with each other.

This wasn't his problem. He shouldn't have asked, he wouldn't ask!

.....

In the old mansion, Rong Yan asked Liancheng Yazhi worriedly, " " isn't the old man holding a banquet tomorrow? how can he go in this state? "

Liancheng Yazhi grabbed Rong Yan and let her sit on his lap. don't worry. Even if he has to climb over, he'll still do it. Don't worry about him. Think about your husband. How long has it been since we last slept together? " there's no one here, so hurry up and comfort me. "

Liancheng Yazhi knew his old man well. He guessed that the old man had already regarded tomorrow's banquet as his last straw of hope and would not give up no matter what.

Rong Yan rolled her eyes at him, blew on her fingers, and said lazily, ” “You? what’s there to comfort you about? if you don’t change your mind, we’ll have a lot of time in the future. we don’t care about this short period of time.”

Rong Yan winked at Liancheng Yazhi. “later on, if you make me happy, i, yingluo, will make you comfortable too!”

lian Cheng yazhi’s heart melted at that one look. he quickly promised, ” “Don’t worry, I’ll make sure you’re happy every day. My heart is yours now, and it’s all in your hands. Do you think it’ll change?”

Rong Yan pursed her lips and smiled. Liancheng Yazhi was really getting more and more comfortable with sweet words now.

she used to think that women who liked to listen to men’s sweet talk were fools. now, yingluo felt that she was becoming a fool too.

The two of them leaned against each other and whispered. Suddenly, their phone rang. Liancheng Yazhi picked it up unhappily and saw the caller. why is Kang kun calling again? he’s been more active recently!
