

Permit Me 671

Chapter 671 A memory that I don't want to erase

Rong Yan was stunned for a moment after hearing that. She then smiled and said, "What, you want me to move in if you keep it?"

When Secretary Zhou heard Rong Yan's tone, there seemed to be a little sarcasm. She probably interpreted his words as young master ya keeping the house because he still wanted to provide for her.

Secretary Zhou muttered to herself, "you talk too much. she quickly explained, " "to young master ya, those are your memories, so he doesn't want to erase them or let others occupy them. "

The sneer on Rong Yan's face gradually froze.

A memory that he didn't want to be occupied or erased?

was wanwan really that important to liancheng yazhi?

Secretary Zhou added, "do you still remember that Little Bear? after you left, young master ya couldn't sleep well every night. Later, he found your Little Bear and hugged it to sleep at night. That's how he could fall asleep.

After Secretary Zhou finished speaking, Rong Yan smiled. The little bear had been snatched away by MeowMeow.

cheng zhushu didn't say anything else. the two of them didn't speak for the entire journey.

Half an hour passed, and they finally arrived at their destination for the night.

"Miss Rong, we've arrived." Secretary Zhou opened the car door for Rong Yan respectfully.

Rong Yan waited for a long time before she got out of the car. She lifted her skirt and her feet landed on the red carpet.

It was 9 o'clock in the evening, and the banquet had been going on for an hour.

Standing in front of block a of the Empire again after three years, Rong Yan felt as if it had been a lifetime ago. The gate of block a of the Empire had not changed much, and the doorman stood at the door in an orderly manner. Unlike three years ago, no one came to welcome her except Secretary Zhou. It was very quiet.

Secretary Zhou stood at the side and gestured to Rong Yan. "Miss Rong, please!"

"alright, zhenzhen, let's go!" rong yan returned to her senses.

she took a deep breath and took her first step. however, as soon as she took her first step, without any warning, rong yan suddenly felt her heart start to beat faster. it was very fast, like a drum stick was beating hard.

rong yan couldn't help but stop in her tracks, trying to calm her racing heart.

"Miss Rong, what's wrong?" Secretary Zhou asked.

Rong Yan shook her head. I'm fine. If you're fine, then you can go in!

the two of them finally walked through the gate of block A of the empire.

.....

At this moment, the banquet had been going on for an hour. It was the climax of the banquet since everyone had arrived and no one had left.

Old master Liancheng looked at the guests coming and going with a smug smile on his face. These were all upper-class people in the imperial capital and represented the influential families. These people were all here because he had invited them. This made old master Liancheng very proud. [if it wasn't for young master ya, who do you think would have come back?]

The old man looked again at Liancheng Yazhi, who was sitting in the corner and drinking obediently, and a sneer appeared on the corner of his mouth.

After a night of rest and getting the doctor to give him a new medicine, old master Liancheng looked good today. At least, he didn't look sick. When he spoke, his voice was loud and strong.

moreover, he was chatting and laughing with the guests who had come to the banquet. he did not seem to be unfamiliar with the crowd because he had left the imperial capital for many years. it was as if he was very close to everyone and was an old friend. he was very resourceful.

.....

Chapter 672 Make her shut up

Neil stood beside the old man. everyone is here, old man.

Old master Liancheng nodded. alright, bring her out. Remember, don't let anything happen to her. If she doesn't know how to speak, make her shut up.

"Yes, I understand." Neil nodded and went upstairs.

Grandpa Liancheng walked in front of Lian Chengzhi. Seeing his frivolous and disdainful look, he was so angry that he wanted to beat him up with his walking stick.

"What do you think you are?" he scolded. Don't you look like the first young master of the Liancheng family?"

Liancheng Yazhi raised his head and gave him a cold look. The bone-chilling gaze was like a rapidly shooting arrow, fiercely piercing old master Liancheng's eyes.

Old master Liancheng trembled. To be honest, he was afraid of Liancheng Yazhi.

However, there were so many people around him, and they were all watching his actions. If he were to walk away so easily, how would the people around him look at him?

Hence, old master Liancheng mustered up his courage and raised his hand to hit Liancheng Yazhi with his cane.

However, before it could land, the walking stick suddenly stopped in mid-air and could not move.

It was as if everything was still. Old master Liancheng pulled hard, but it didn't move at all. He turned his head and saw a big hand grabbing his walking stick.

Looking in the direction of the large hand, one could feel the strength of the arm through the clothes, the tall body, and then the murderous aura around Yingying. He was wearing a proper military uniform, but he gave off an evil aura.

This person was none other than Kang Zhen, who had just joined the Army. He held a walking stick in one hand and stuffed the other hand into his pocket. He looked handsome, as if he was playing around.

next to kang yu, there was jian yi and feng tong. the three of them stood there like jade trees in the wind. it was like a colorful painting that attracted everyone's attention. they couldn't help but be amazed by their suave looks.

Feng nongtang was dressed in a white suit. He placed his hand on his walking stick. After Kang Xi released him, he slowly pressed the walking stick down and let it fall to the ground.

Feng nongtang smiled. old master, I'm so sorry. You've been back for so long and we didn't have time to visit you. We're not polite. I hope you can forgive us.

Kang Zhen and Jian Jie nodded at old master Liancheng at the same time but didn't say anything. The two of them didn't like to talk and didn't like to hide their dislike for someone. So they didn't like old master Liancheng and couldn't be bothered to talk to him.

Feng nongtang continued to laugh. old man, what are you doing? crutches are used to help old people with leg problems walk, not to hit people. Besides, there are so many people watching. It's not good for you to do this. Besides, you can't bear the consequences.

Feng nongtang seemed to be easy to get along with, and he was a smooth person, but his words were like a knife to the soft side.

He directly mocked old master Liancheng for being a thing of the past and not doing things that were beyond his ability. If he really dared to hit Liancheng Yazhi, not only would he not pursue the matter, but these brothers would also not agree.

Old master Liancheng was so angry that his face turned red, and the wrinkles on his face instantly increased. He was so angry that he trembled and glared at Feng nongtang and Liancheng Yazhi.

Jian Yi and Kang Yu sat down separately. Jian Yi, in particular, even opened her mouth and said, "Old man, do you want to sit down and have a drink with us?"

.....

Chapter 673 Then you can just wait for your death!

Liancheng Yazhi sat still and did not speak, as if he did not hear what old master Liancheng said at all. He was so angry that he almost vomited blood again.

Old master Liancheng turned around and left in a Huff. He didn't want to see Liancheng Yazhi anymore. Anyway, today's engagement banquet was for the guests to see, and the result would be the same regardless of whether Liancheng Yazhi participated or not.

After the old man left, Liancheng Yazhi asked Kang Yu and the rest, "Why are you guys so late?"

He was very unhappy now. It was almost nine o'clock and they had only just arrived. Moreover, Xuanji and Xia Xuanmo had not arrived yet, which made Liancheng Yazhi even more unhappy. It seemed that there was one less surprise he had prepared for Rong Yan.

Feng nongtang raised his hand. I went to pick up Jian Jie. Something happened on the way. I was delayed.

Kang Yu glared at Liancheng Yazhi. This guy was still unhappy. No matter what, no one would be as unlucky as him.

“/sneaked back from the military/What else do you want? if this isn’t/drill/but a real battle, I’m a deserter.”

Kang Yu frowned. No, he was already considered a deserter. The drill now was like a real war. he ran back from the command center and abandoned his soldiers, fleeing on his own.

If the higher-ups of the military Commission found out about this, they would definitely punish him severely.

But he didn’t feel any regret.

liancheng yazhi also knew that it wasn’t easy for kang yu to rush back. ” forget it, i won’t argue with you. where’s xuanzi? is he not planning to come at all?”

Feng nongtang looked at his watch. no, I called him before I came. He said he’s on his way. He’s not here yet. I thought he would be here earlier than us.

“What surprise are you going to give us today that you have to make everyone curious?” he asked simply.

Liancheng Yazhi’s eyes were filled with unconcealable joy. I’m not here to surprise you. I’m here to let you witness the most important day of my life.

Feng nongtang was tempted by Liancheng Yazhi’s words.”Don’t keep me in suspense, hurry up and tell me.”

Liancheng Yazhi shook his head. if I told you, would it still be a surprise? ”

just as they were talking, xia xuanmo came over and walked directly to the four people. ” sorry, i’m late. ”

Feng Nong, Tang Chong, and Xia Xuanmo waved their hands. Oh, Xuanzi, you’re finally here. We were just talking about you.

The current Xia Xuanmo was more mature and stable than three years ago. He looked more restrained and solemn, but at the same time, he did not lack elegance. At that time, he seemed to be the Deputy Mayor, but now he still did not erase the ‘Deputy’, but the two words at the end had become ‘Governor’.

Liancheng Yazhi glanced behind Xia Xuanmo and frowned unhappily. “Why are you alone?”

Xia Xuanmo sat down beside Liancheng Yazhi. After a moment of silence, he said, ” “My mom has a serious heart disease. She can’t take any more shock.”

Xia Xuanmo seemed to be in good spirits, but the faint blue shadows under his eyes and the fatigue on his face when he frowned showed that he was very tired now.

Liancheng Yazhi's face darkened. She understood Xia Xuanmo's words. Because his mother had a serious heart disease and came to the banquet, Zhenzhen could not bring Rong nuo to provoke her.

liancheng yazhi stood up slowly, his eyes cold without any warmth. he said to him coldly, " "Then you can just wait to die."

.....

Chapter 674 The engagement party!

Liancheng Yazhi turned around and walked towards old master Liancheng. He didn't want to say a word to Xia Xuanmo now. What he did today was the first step in compromising with his parents, although it was only a little, and he also took his mother's health into consideration.

however, this was just the beginning. it was like a fuse that had been lit. it had already begun to burn, and sooner or later, the fuse would burn out, and it would explode at the last moment. in the future, there would be a time when he would regret it to the point of wanting to commit suicide.

she had tasted regret before and knew how painful it was, so when she saw that xia xuanmo seemed to be going to repeat his past mistakes, she was very angry.

although they did different things, the results were similar.

Feng nongtang was confused by their conversation and asked Xia Xuanmo, " "Xuan 'Zi, what are you two talking about?"

Xia Xuanmo shook his head, picked up a glass of red wine, drank it in one gulp, and weakly said, " "It's nothing."

Xia Xuanmo's complexion was very bad, and his spirit was very low. His whole body seemed to exude an indescribable sense of heaviness, and every word he said was like a huge rock pressing on his body.

"You don't look well?" Jian Jie frowned.

I didn't rest well last night, " Xia Xuanmo replied.

Kang Zhen interrupted their conversation. stop talking. Let's go over first. Liancheng's father has something to announce.

The few of them immediately looked over and saw old master Liancheng walking up to the stage. He picked up the microphone and was about to speak.

Feng nongtang pouted. it can't be anything good. Let's go and take a look.

The four of them stood up and walked over. When the guests gathered together saw them, they made way for the four of them and let them walk in front.

On the stage, old master Lian Cheng had a 'kind' smile on his face and said loudly, " thank you, everyone, for coming to this banquet despite your busy schedules. On behalf of the Liancheng family, I would like to welcome you.

liancheng yazhi stood beside his father and sneered in disdain when he heard his words.

Does he think that he's still the head of the Liancheng family many years ago?

it seemed like he hadn't embarrassed himself enough in the recall vote yesterday. his recovery ability was so strong.

old master liancheng paused for a moment, waiting for the voices below to calm down a little before continuing, " today's banquet has a special meaning. It's not only a return home banquet for me after being away from home for many years, but I've also prepared a surprise for my son. Today, Hanhan is also my son's engagement party.

Old master Liancheng's words were like a bomb that was thrown into the crowd. It was like a stone that caused a Thousand Waves. The guests below started discussing it at once, and their faces were all filled with shock.

Ever since Liancheng Yazhi dissolved his marriage with the song family three years ago, many people were guessing and waiting to see which family's daughter Liancheng Yazhi would be engaged to next.

This was because the wedding was not his own business. It would bring about a drastic change to the network of connections in the upper-class circle in the imperial capital, so many people were looking at him.

However, three years had passed in a row, and Liancheng Yazhi had no intention of getting engaged. In fact, he had been exceptionally clean and honest in the past two years.

Some of the women who wanted to hook up with Liancheng Yazhi to rise up and elevate themselves and also tried to elevate their family's status could not even find a chance.

There was no place for them to attack Liancheng Yazhi.

.....

Chapter 675 The engagement party is an acquaintance

But who would have thought that there would be no warning today? they didn't even send out the engagement invitation. Instead, they directly announced that today was the engagement party. It was too unbelievable.

Even Kang Yu and the other three were shocked.

A rare look of surprise appeared on Kang Yu's face. engaged? "

Did he hear it wrong? You must have heard wrong, right?

feng nongtang pinched himself and muttered, " "Is this the big day that young master ya said was the most unforgettable day of his life? What the hell, what's going on? why didn't you tell us about your engagement? it's so sudden!"

What Feng nongtang cared about now was that Liancheng Yazhi's engagement was such an important matter. As Good Brothers, he didn't even tell them. He didn't treat them as brothers at all.

"This Yueyue agreed to the woman his old man found for him?" he gulped.

who didn't know that the father and son of the liancheng family were like natural enemies? why would one of them find a daughter-in-law for his son?

after xia xuanmo's shock, he seemed to think of something. he turned around and looked around, and finally fixed his eyes on the entrance. a white figure gradually came from outside!

A smile finally appeared on Xia Xuanmo's face for the first time today. He finally understood why Liancheng Yazhi insisted that he come over and that he had to bring her along.

Xia Xuanmo turned around and looked at Liancheng Yazhi. Sure enough, he saw that his eyes were full of gentleness as he looked at the White figure not far away.

Xia Xuanmo suddenly envied Liancheng Yazhi because he had no scruples. He could do what he wanted to do and love the woman he wanted to love. He didn't care about other people's opinions and didn't fear the pressure from his parents. He was completely free from his body and soul.

"Mr. Liancheng, may I know which family young master Xuanji's fiancée is from?" someone finally asked.

Old master Liancheng looked very pleased. I personally chose my son's fiancée this time. I'm very satisfied. She will be my only daughter-in-law and the only head of the Liancheng family in the future.

Old master Liancheng was happily talking to himself and did not see Liancheng Yazhi standing beside him with a mocking smile.

Old master Lian Cheng saw the figure coming down from upstairs and immediately said, "today, my son is engaged to the daughter of the internationally famous artist, Lu guinong. Miss Xueli is from a well-known family with a literary reputation. She is a junior that I like very much. I believe that she will be a good wife and a good mother in the future. Therefore, I have to be thick-skinned and ask Mr. Lu for this marriage.

The discussion became louder again. They all knew about the Lu family and Lu guinong ...

However, even though the Lu family was a family of scholars, their family background was thousands of miles away from that of the Liancheng family. It was like an ant against an elephant. There was no comparison at all.

Moreover, some of the people who were present had some impression of Lu Xueli's name.

Feng nongtang scratched his head and thought, Lu Xueli? Why does this name sound so familiar?"

Kang Yu kindly reminded her,"three years ago, on the eve of the new year."

Feng nongtang suddenly remembered that at the banquet three years ago, there was a cannon fodder named Lu Xueli.

"Ah, Zhenzhen, I remember now. Isn't that the chess piece that Liancheng Yazhi used to anger Rong Yan the night she left? Why are you here again?"

Chapter 676 Just wait for a good show

feng nongtang was confused, "I remember that Liancheng said that the reason why he made Lu Xueli his female companion that night was that his old man insisted on Lu guinong drawing him a portrait. Lu guinong didn't want money as a reward and insisted that Liancheng introduce her daughter to the upper-class circle of the imperial capital. However, you all remember that night, didn't young master ya get someone to strip her naked and hang her on the Lu family's Gate? it

hasn't been long, and she's here again. Tsk tsk. She really thinks that we have lost our memories and can't even remember what happened three years ago."

Jian Jie wasn't there that year, so when he heard Feng nongtang say this, he was very puzzled.

"What happened three years ago is also related to old master Liancheng? How did he get involved again? if it was a coincidence that he asked Lu guinong to draw him a portrait back then, what was the situation now? isn't he a little too close to the lu family?"

Feng nongtang clapped his hands. I wouldn't have realized it if you didn't mention it. Old master Liancheng and the Lu family are indeed very close. He clearly knew how much Lu Xueli was hated by young master ya back then, but old master Liancheng still dared to let her out and even made her young master ya's fiancée. Is he crazy? "

Jian Jie nodded,"crazy, maybe!" Anyway, I'm sure of one thing now. Nothing good will happen if Liancheng's father is involved."

Kang Yu lifted his hand and undid two Feng Ji buckles. "Who cares if he's doing something good or not. In any case, it's going to be fun."

at this moment, lu xueli's appearance completely made kang yu feel that today's events were interesting. at this moment, he even forgot that he was a deserter who ran away from the 'battlefield'. he was just waiting for liancheng yazhi's next move.

Based on their friendship with Liancheng Yazhi since they were young, based on the number of people they had accumulated over the years, Kang Yu dared to use his head to guarantee that today's matter would not end like this. The liveliest part was yet to come!

Liancheng Yazhi was definitely not a person who was willing to submit and submit. The person who wanted to control him in this world had not been born yet.

At this moment, the father and daughter of the Lu family were so excited that they couldn't speak. They finally walked to old master Liancheng without making a mistake.

At this moment, their feelings were indescribable. Their dream had finally come true. The Lu family was finally going to turn around.

As long as she became the daughter-in-law of the Liancheng family, she would be able to truly enter the noble circle in the imperial capital that they had always wanted to enter but had advanced into. In the future, those who ate clean, looked down on them, and ostracized them would all have to please them.

Just thinking about the scene that was about to happen made them go crazy with joy.

Lu Xueli lowered her head shyly and said softly, " "Uncle Liancheng!"

Her voice was sweet with a hint of shyness, and there was also a dignified air about it, making people want to make fun of her.

Lu Xueli was wearing an aqua blue Chinese cheongsam with fine su embroidery. She had an exquisite figure, and she looked shy but graceful. She stood there like a demure lady.

At the same time, she also exuded a lady-like temperament. At a glance, it was easy to give people a good impression. She had a scholarly air and a strong classical beauty. Such a woman was very liked by parents.

The current her was completely different from the superficial, arrogant woman from three years ago who only had a pretty face.

Old master Liancheng patted Lu Xueli's shoulder happily. silly child, you're still calling me uncle. It's time to change it!

Chapter 677 A blood-boiling appearance

"Come, Xue 'er, this is my disappointing son. I'll leave him to you in the future."

Old master Liancheng looked at Lu Xuli lovingly as if she was his real daughter. When he turned to look at Liancheng Yazhi, he immediately became stern and cold. "Yazhi, hurry up and come over."

"neil," he ordered,"bring the ring up."

Old master Liancheng had seen the disdain on Liancheng Yazhi's face just now, as if he was looking at a clown. This made him feel a little uneasy, so he simply skipped a lot of steps and planned to put on the ring directly.

However, as soon as Neil brought the ring over, Lu Xueli saw the dazzling diamond ring in the jewelry box and almost pounced on it.

old master liancheng said, " there's no need to invite the emcee today. just let your father and i be your witnesses. now, xueli, put the ring on your fiancé! "

Lu Xueli quickly nodded and picked up the male diamond ring.

She walked in front of Liancheng Yazhi and said shyly, " "Young master ya, I'll have to trouble you to take care of Yingluo."

Just as her hand was about to grab Liancheng Yazhi's hand, she heard an arrogant female voice. It was as if it had descended from the sky and suddenly swept over like a tornado. Wherever it went, it destroyed everything and brought about a devastating disaster.

She laughed and said,'Lu Xueli? Miss Lu? Wasn't this the Miss Lu who was stripped naked and hung on the Lu family's Gate by Liancheng Yazhi's order three years ago? What, you've spent three years putting on your clothes, and now you're planning to come back and fight again?"

Kang Zhen and the others immediately turned around and saw the crowd automatically make way for them. Then they saw a white figure calmly walking over. Behind her was Secretary Zhou. He followed her step by step, like a servant guarding the Queen.

She was Rong Yan. She had been standing not far away and watching for a while. In the end, she couldn't help but stand up. She wanted to see what Liancheng Yazhi would do this time.

Feng nongtang immediately whistled when he saw her.

It was too lively today. Although the current situation seemed almost the same as three years ago, the result was definitely going to be heaven-defying.

Every time he saw such a face, Feng nongtang felt his blood boil.

Rong Yan walked closer step by step, with a beautiful smile on her face, like a bride walking towards the groom.

Liancheng Yazhi looked at her smiling like a child, innocent and cute. He raised one hand, and in just a second, flower petals began to float in the sky, and she walked among them, looking dreamlike and beautiful.

When he saw her face clearly, old master Liancheng was the first to scream, " ah, ran ran, are you a human or a ghost? "

Rong Yan stood below the stage and raised her chin. of course it's a ghost. Otherwise, why would I come to you to take my life? as for me, I love to hold grudges when I'm still a human. After I become a ghost, of course I won't let go of those who want to kill me.

you're a ghost! Ghost! Ghost! Ghost! old master Liancheng was so scared that his face turned ashen. He hugged his head and squatted on the ground, screaming non-stop.

Neil was also very scared at first, but when he suddenly saw Rong Yan's shadow on the ground, he quickly said, " "The old man is not a ghost, not a ghost. Look at the shadow on the ground, she's a human, she's a human."

Old master Liancheng slowly raised his head and looked over. When he saw the shadow, he suddenly stood up. security, where are the security guards? get this woman out of here!

Chapter 678 The face that kicked the stage

Old master Liancheng's angry roar reverberated in block A of the Empire, but no bodyguard came out and no one came forward to pull Rong Yan away.

not only that, but kang yu and the wind also played with tang. simply put, xia xuanmo had already quietly stood side by side behind rong yan.

There was no need to say anything about that action. It was enough to tell everyone present that going against Rong Yan was going against them.

None of the guests at the scene were fools. They were all people who were involved in the circle of rich and powerful people. When they saw Secretary Zhou and Liancheng Yazhi's four Good Brothers standing there to protect Rong Yan, they knew that this must have been instructed by Liancheng Yazhi. Otherwise, who would protect a woman who had no power and no power?

Old master Lian Cheng's roar made him look like a clown. He was jumping and shouting, but no one came to support him.

Liancheng Yazhi didn't speak. He looked at Rong Yan with a pampering and indulgent gaze, planning to let her vent her unhappiness before speaking.

Old master Lian Cheng pointed at Rong Yan and was ready to curse."You Chenchen!"

However, before he could scold her, he was interrupted by Rong Yan. Rong Yan tilted her head and smiled at him. I advise you not to curse so much, so that you don't have to bear the consequences. Haven't you been having bad luck recently? "

Old master Lian Cheng was so angry that his chest hurt, and the feeling of wanting to vomit blood surged up again. He stared at Rong Yan and asked in a dark voice, " "Rong Yan, you don't want your daughter to live, do you?"

Rong Yan's expression did not change. She smiled even more calmly. old master, thank you for your reminder. I still have to thank you for telling me the order in which the herbs were added.

"Yingluo, how did you know?" old master liancheng's eyes widened in shock. he was the only one who knew the order in which the herbs were added. it was impossible for rong yan to know.

Rong Yan raised her hand and stroked the hair at her temples. by the way, old master, who is 'Yinong'?"

Old master Liancheng's eyes were filled with panic. He clutched his heart and staggered back two steps. you're so weak! You're so weak!

He didn't expect that even Yi Nong knew about Rong Yan. Where did she find out?

His subordinate reported that he had clearly seen Rong Yan get on the plane. Why didn't she die? The plane exploded in the air, and no one survived. Was she lucky, or did Wanwan not board the plane at all?

Old master Liancheng had always been a very suspicious person. He had already vaguely realized that he might have fallen into someone else's trap, but he didn't want to admit it.

He tried his best to turn his head to look at Liancheng Yazhi. Because he had not said a word until now, the only hope in the old master's heart was that Liancheng Yazhi was on his side.

Lu Xueli suddenly cried and ran to Grandpa Liancheng's side. She asked with concern, "How are you, old man? Don't scare Xue 'er, you can't collapse."

Now, Lu Xueli hated Rong Yan with all kinds of feelings. Everything was clearly within her reach, so why did Rong Yan suddenly run away?

Lu Xueli looked at Rong Yan with hatred. They were enemies.

Even though they had only met twice, the enmity between Wan Wan and ye mo was so deep that they wanted to kill each other.

"Young master ya, are you just going to watch that woman humiliate your own biological father like this?" she sobbed at Liancheng Yazhi.

Chapter 679 Thank you for your good intentions

Three years ago, Liancheng Yazhi ordered Lu Xueli to be stripped of her clothes and hung at the door of the Lu family's house. He also strictly forbade her from stepping into the capital again. However, because of the old man, Qianqian had been studying all kinds of etiquette and skills every day for the past three years. She had also adjusted her hair from head to toe, making her look like a particularly charming woman.

All the men who had seen her in foreign countries would be subdued by her charm and beauty. Even she herself would be fascinated by herself when she looked at herself in the mirror.

Therefore, Lu Xueli thought that this time would definitely be different from three years ago. With old master Liancheng's help, she would definitely be able to become the lady of the Liancheng family that everyone envied.

However, Yingluo's self-confidence and pride were shattered the moment Rong Yan appeared. Her 'cultivation' for the past three years was almost all in vain.

Lu Xueli thought that no matter what, the old man was Liancheng Yazhi's father. He couldn't just watch his own father being humiliated by Rong Yan like that, so he wanted to use Liancheng Yazhi's hand to attack Rong Yan.

However, she did not expect Liancheng Yazhi to suddenly give her a devilish smile and push her and the old man away at the same time. The old man then grabbed the microphone from his hand and raised his hand to the noisy crowd below.

The moment he raised his hand, the noisy crowd below seemed to have discussed it beforehand. All of them fell silent. The atmosphere was so quiet that even the sound of a pin drop could be heard clearly.

Liancheng Yazhi stood there. Even if he didn't say a word, just a casual raise of his hand and a casual look in his eyes made him look like a true king. It made people feel intimidated and involuntarily want to submit to him. As his father, old master Liancheng did not have such an aura at all.

After Liancheng Yazhi and the others had quieted down, his eyes never left Rong Yan. The moment he saw Rong Yan appear in the wedding dress he had personally chosen, he felt that his heart was about to jump out of his chest. He was excited and nervous. Although he looked calm on the surface, only he knew that he needed time to calm down. Otherwise, he wouldn't even know how to say the words he had prepared.

Liancheng Yazhi stood on the stage and looked at Rong Yan below. Their eyes met in the air. The silent warmth and silent ambiguity had already let people know that they were the male and female leads tonight.

When his heart finally stopped beating so fast, Liancheng Yazhi went through what he wanted to say in his mind. He took a deep breath and said loudly, "I really like the surprise that the old man gave me today. I'm also very grateful.

liancheng yazhi politely turned around and nodded at old master lian Cheng, who was holding his chest and out of breath. he said in an extremely sincere tone, "I've troubled you for the old man. You're already so old, but you're still worried about me. I'm very sorry. Since that's the case, as your son, I'll give you a very valuable gift in return. This way, your efforts for me will not be in vain.

When old master Lian Cheng heard this, he instantly felt that something was wrong. He turned to look at Neil. What was going on?

Neil sighed in his heart. He looked at Rong Yan and shook his head helplessly. it's already so clear, do you still not understand? Wanwan had already planned it all out, and today's banquet was just a wedding dress for her.

Chapter 680 There's nothing and you're proposing!

Liancheng Yazhi paused for a moment, trying to make himself less nervous, and continued, "the old man is right. Today is indeed my engagement party, so I hope that everyone can attend and witness my engagement ceremony.

lian Cheng Yazhi personally admitting that this was his engagement party caused an even greater shock to the crowd. the crowd below the stage exploded and began to compete to discuss it.

They had all seen Lian Cheng Yazhi's attitude towards his father just now and thought that the engagement party would definitely be canceled. However, they did not expect Lian Cheng Yazhi to admit it himself this time.

It was noisy downstairs. Rong Yan stood in the crowd and looked at Lian Cheng Yazhi.

When she saw the way he looked at her just now, Rong Yan knew that she had made the right bet. The result this time would definitely be different from the last time.

Lian Cheng Yazhi raised his hand again, and the people below immediately fell silent. He smiled and said, "of course, before that, I need to propose to you. I need your help.

When he said that, the guests below the stage were dumbfounded again. Which woman didn't dream of young master ya's proposal? why didn't she agree to it quickly? why would she need their help? how was this possible?

Lu Xueli looked at Lian Cheng Yazhi expectantly when she heard that. Then, she left the old man and went to Lian Cheng Yazhi's side.

Seeing this, Neil lowered his head. He could not help but want to throw his head in. Mud would always be mud. No matter how he was taught, he would never be able to support a wall.

Just by standing there, she was completely stunned by that Rong Yan. There was no comparison at all. She really didn't understand why the old master would choose her despite knowing that she was a piece of rotten wood that couldn't be carved. Other than being somewhat good-looking, what else was there to be proud of? She could choose any one of them with her eyes closed.

Lian Cheng Yazhi looked at Lu Xueli who came in front of him and sneered. Back then, he had said that he would never allow her to step into the capital again. He didn't expect her to have the courage to come back. Not bad, she had guts, but what would the consequences be? he was afraid that she couldn't bear the consequences.

Lian Cheng Yazhi didn't even want to say a single punctuation mark to Lu Xueli. He kicked her away and jumped off the stage nimbly. He quickly walked to Rong Yan and knelt down on one knee under everyone's attention."Rong Yan, marry me!"

Lian Cheng Yazhi's sudden proposal shocked everyone, but Rong Yan was not very surprised. When she heard Lian Cheng Yazhi say that today was his engagement banquet, she had already vaguely guessed it. However, when she heard him say 'Rong Yan, marry me', her heart really warmed up instantly.

Rong Yan lowered her head to look at Lian Cheng Yazhi, a faint smile appearing on her face. Seeing the increasingly nervous look in his eyes, her smile became brighter.

Rong Yan smiled as if she was joking and said, "there's nothing at all! How can you propose to me?"

Lian Cheng Yazhi glanced at the top nervously and then quickly gave Secretary Zhou a look. This guy was too useless. Why didn't he follow the plan?

Secretary Zhou turned around and quickly made a call.

After a while, melodious piano music started playing slowly. Soon, the crowd started to exclaim one after another. Rong Yan noticed that everyone was looking up. She was curious and looked up as well.

With one look, Rong Yan's mouth opened into an 'O' shape. At this moment, a moon ship gradually descended above their heads, and a little angel was sitting on it!
