

Permit Me 711

Chapter 711 I'm sorry!

Her appearance had gone through many twists and turns, the five flavors of life, the cold state of the world, and all her energy.

now that she was reborn as a human, it was god who let her find the happiness she lost before her rebirth.

Now, she had to cherish it and learn to enjoy its beauty.

Rong Yan had never thought that she would live such a peaceful, beautiful, ordinary, and simple life one day. She had a husband and a daughter. It was a complete family of three, and no one was lacking.

The only regret was that ran ran seemed to have never said the three words 'I love you' to her.

however, she didn't care about these kinds of verbal things. as long as he could do what he said in the future and only be good to her, only her, forever and only her, it was enough.

.....

The next day, it was a new day. The air was fresh, the sun was bright, and time was good.

When Liancheng Yazhi woke up, MeowMeow and Rong Yan were still asleep as usual.

After washing up, she put on her clothes, kissed the mother and daughter on the forehead, and softly said 'Good Morning'.

At this time every day, Liancheng Yazhi felt full of energy, the ability to give up everything for the mother and son.

However, Liancheng Yazhi felt a little aggrieved in his heart.

He really wanted to ask,"MeowMeow, when can you sleep alone? it's not that daddy doesn't love you, but if you sleep here every day, Daddy and Mommy can't give you a little brother. What a tragic thing, don't you think?"

Oh, there's one more thing. I'm a little sorry to you, Yingluo.

I've been thinking of a name for you recently, an official name for school.

On the day of the engagement, when Liancheng Yazhi raised

however, he had been too busy recently and had no time to think about it. moreover, he did not seem to have established the concept of giving the child a name in his mind. he had never thought about having a child one day, so he did not want to give the child a name.

liancheng yazhi scratched his head a little dejectedly and thought to himself, " Grandpa, it would be great if you were here.

Before he left for work, Liancheng Yazhi whispered to MeowMeow, " baby little princess, daddy has let you down. Your official name, daddy needs some time to sort it out, Yingluo.

he hesitated for a moment and mumbled, " and you, wanwan, don't have too much hope in daddy. let mommy do this. "

After talking to Miaomiao for a while, Liancheng Yazhi covered Rong Yan with a blanket before leaving the bedroom.

Butler li was already waiting for Liancheng Yazhi downstairs. young master, your breakfast is ready.

liancheng yazhi nodded, walked to the dining table, and ate something simple.

In the past, he would never eat breakfast, nor did he have that habit. But now, three meals a day had become an indispensable part. The reason was simple. He was afraid that not eating breakfast would damage his body in the future.

It didn't matter if she was alone in the past, but now, she had to take care of her daughter and wife. He could only protect them better if he was in good health.

After Liancheng Yazhi had his breakfast, he said to Butler li before he left, " " prepare the hot milk. serve it when they come down. you must watch them drink it. "

"Yes, young master."

Chapter 712 I'm not done with you

At around 10 O'clock in the afternoon, Secretary Zhou sent some documents that needed to be reviewed that day and some contracts that urgently needed the CEO's signature to Liancheng Yazhi's office. While waiting to get the signed contracts, Secretary Zhou's gossipy cells sneaked up.

He said to Liancheng Yazhi, " young master ya, the Lu family doesn't have any identification cards or money in A land now. They're already living on the streets. They haven't had a meal since they got off the plane yesterday. They're living quite miserably and will probably be sent back to the country in a few days.

Liancheng Yazhi did not care about this. The Lu family did not even have the right to make him think for a second.

He was now concerned about another matter. have you found the old beeswax? "

Secretary Zhou looked at Liancheng Yazhi's expression and knew that he was not interested in this matter. He quickly said, " I did. It's not hard to find beeswax, but chengse feels that it's not as good as the one Gu Hesheng gave miss MeowMeow last time. However, I've already sent people to Tibet, and we can definitely find it there.

liancheng yazhi rubbed his forehead. did he really have to find gu hesheng?

However, if she had to find him, she would wait until she couldn't find the nerve-soothing incense. That would be worth it.

Liancheng Yazhi instructed Secretary Zhou. find me a large amount of nerve-soothing incense. Not the ordinary kind, but the best kind. It has no side effects on the human body. It's made with the secret recipe of the ancient palace.

"Ah? it's yingluo, i'll get someone to find her." Secretary Zhou was puzzled. Nerve-soothing incense? Why are the things that young master ya is looking for getting weirder and weirder? However, he could only say these words in his heart. He must not let his boss know.

After Secretary Zhou left, Liancheng Yazhi suddenly remembered that he had bumped into Tang han yesterday. It was safer to tell Kang Zhen about this.

He pushed the laptop away and thought for a while. Then, he took out his phone and dialed a special number. It took a while before the call went through.

Before Lian chengyazhi could say anything, an angry voice came from the phone, ” “What are you doing? don’t you know that I’m busy right now? your phone call almost exposed me. If I lose because of you, I’ll never let you off.”

Lian Cheng Yazhi’s lips curved into a smile. He didn’t seem to care about his anger at all, as if he didn’t hear it at all.

Compared to Kang Zhen who didn’t say a word all day, Liancheng Yazhi liked him more like this. He was more down-to-earth.

Liancheng Yazhi asked Kang Zhen. hey, Kang Zhen. I have something to ask you. Did the South participate in the exercise? ”

This was the critical moment of Kang Xi’s drill. According to the usual practice, after the drill began, any wireless signal equipment that could be detected by the enemy’s radar, especially the mobile phone, should be turned off first. But Kang Xi was afraid that something important would happen, so he carried a special mobile phone with him. The signal would not be detected.

his close brothers knew the number, but they rarely called.

Liancheng Yazhi’s sudden call was at the critical moment of the battle between the two sides, so Kang Yu was angry. He opened his mouth and cursed, even the words he said suddenly increased.

Kang kun was stunned by Lian Chengzhi’s sudden question. After a while, he replied, ” “The South is participating in this exercise, but not many of their troops are mobilized. What’s the matter? why are you suddenly asking about this? Don’t you usually not care about such things?”

“guess who i saw at a cake shop in the imperial capital last night?” liancheng yazhi asked.

Chapter 713 I only believe in results

“Who is it?”

Liancheng Yazhi said two words,”Tang Zhen.”

“Who did you say?” Kang Zhen asked again.

“The Tang family’s eldest young master, Tang han.” Liancheng Yazhi repeated.

“f * ck, tang han actually went to the imperial capital at this time!” Kang kun was originally on the ‘battlefield’ and his mind was tense. He couldn’t help but curse when he was provoked by Tang Han’s words.

the name ‘tang zhen’ was very familiar to kang zhen. the two of them were about the same age. one was from the south and the other was from the north. their family backgrounds were similar and they had joined the army at the same time. so, whether they were willing or not, kang zhen had been used as a comparison object from the beginning.

At first, Kang Zhen didn't care. But after hearing so much, he really didn't have a good impression of her.

that Iron Man, Tang han, isn't in the Army at this time. It's really strange that he's commanding his soldiers to rush to the capital during the drill.

"That's why I'm curious." Whether Tang han came to the imperial capital or not had nothing to do with Liancheng Yazhi, but it might have something to do with Kang kun. As a brother, it was right for him to remind him.

"What did you find?"

Liancheng Yazhi laughed and said,"discovered?" He does seem to have a close relationship with the lady boss of the cake shop."

Kang Zheng sneered. tsk, I don't believe that person came all the way to the capital for a personal matter, especially a love affair. Besides, he's participating in the drill at this time. He wouldn't leave for no reason. Help me investigate and let me know when you're clear.

"You really want to investigate? what if it's really a private matter? the boss is already pregnant, and the child might be his yingluo."

As Liancheng Yazhi spoke, he heard another voice from the other end of the phone. report, the boss has sent instructions to Team B. Team D has arrived at the designated location and is waiting for your next order.

"i only believe in the results of the investigation. i'm busy. come and find me after you've done your research," said kang xin hurriedly.

He immediately hung up the phone.

The busy tone was heard, and Liancheng Yazhi shrugged and put down his phone.

Recently, the general situation had been calm, and the various forces were balanced. Liancheng Yazhi felt that Tang Han's arrival might really not have any official business.

He recalled that the boss had slapped Tang han yesterday. Could it be that Tang han had done the same thing as him? Did he come over after hearing the news of her pregnancy?

If that was the case, Liancheng Yazhi could understand Tang Han's feelings.

Liancheng Yazhi went to work and got off work on time. At 11:50 p.m., He left the company and went home.

he stayed at home for more than an hour, had lunch, and then rushed back to the company. although it was a little rushed, he enjoyed the feeling of being in a hurry.

At around three in the afternoon, Rong Yan suddenly received a call from seven.

Hearing his voice, Rong Yan was very happy. After the engagement party, seven had disappeared, and she couldn't find him even if she wanted to.

Seven's voice was still as playful as ever. do you have time now? Why don't you come out and meet me while your husband isn't here? Enjoy the excitement of having an affair."

The corners of Rong Yan's mouth twitched. Steal? Love? Seven became more and more unrestrained after he finished speaking.

As long as Seven's request wasn't too much, Rong Yan would agree to it. "Sure, let's meet there. But let's not talk about Qianqian's affair ..."

Chapter 714 i miss you!

seven laughed. "you agreed so quickly. aren't you afraid that liancheng yazhi will find out?"

"I'm quite scared, but my good friend wants to see me. I have to go at least once." To Rong Yan, seven was the best friend in her life, and she couldn't even pay him back what she owed him. If she could do something for him, she would be very happy.

After seven heard that, he smiled and said, "I really miss

Rong Yan thought for a moment and felt that she couldn't. this ... I don't think Qianqian is still young. If she sees you and goes home to tell her father, won't your identity be exposed? "

A bitter smile flashed across Seven's face, but he still said in a relaxed tone, "I see. Yingluo, you're right. Take a few more photos of

rong yan didn't notice anything strange and nodded. " "Good, ran ran, I'll definitely take a few more photos. I'll pack up and go over in a while."

Seven asked Rong Yan out at People's Park. When Rong Yan heard that, she was a little puzzled. Why did he choose a park? she thought that he would definitely meet her at a coffee shop or a teahouse, which was a more secretive place. However, since seven said so, Rong Yan didn't think too much about it.

after packing his things, he told caretaker li that he was going to leave.

the reason she told butler li was that she wanted to go out and buy something. she was afraid that she would lose

A few days ago, when Rong Yan had pretended to be Butler li, Miaomiao had acknowledged him as 'Butler li'. Therefore, the little fellow was not shy with Butler li now and would let her carry him.

Sometimes, this also created some time for Liancheng Yazhi and Rong Yan to be alone.

.....

The driver sent Rong Yan to a large department store. After she got out of the car, she asked the driver to leave first and call him to come over after she was done shopping.

the driver naturally listened to rong yan and drove elsewhere.

Rong Yan entered the shopping mall first. After the driver left, she took a taxi to People's Park.

It wasn't a weekend, and there weren't any festivals, so there weren't many people in the park. However, the park was very big. Rong Yan looked around for a long time before she found Seven by a River that was dedicated to fishing. However, he wasn't alone.

When she saw the person beside seven, Rong Yan was stunned for a moment. She hadn't seen him in a long time, so she couldn't react in time when she suddenly saw him.

That person turned around and looked into Rong Yan's ice-blue eyes. With a smile, he teased, "What's wrong? We haven't seen each other for only one or two years, and you don't recognize me anymore. I'm so sad."

Rong Yan took a deep breath and walked over. Su Yu, why are you here? "

the person holding the fishing rod next to seven was su 'er. after he left country w, there had been no news of him. now that he had suddenly appeared in the imperial capital and was with seven, it was only natural that rong yan was a little surprised.

even though she knew that they knew each other, it was still unbelievable that they knew each other when she saw them sitting together for the first time.

A young master from a wealthy family and a peerless thief. This mix and match wasn't suitable!

Su Yu heard Rong Yan calling his name and the smile on his face deepened. He waved at Rong Yan. I missed you!

Chapter 715 You're still the same, nothing has changed

Rong Yan rolled her eyes. When she had just given birth to

Once Rong Yan had decided on someone, it was hard to change her mind. She always felt that Su Yu was a man of heart and mind, and she needed to use her brain when talking to him. She didn't know when she would fall into his trap. However, Huahua really treated Rong Yan and MeowMeow well back then.

Rong Yan walked over and sat on the stool beside Su Yu. It was obviously prepared for her. After sitting down, she pouted in disdain. "It's useless to lie to MeowMeow with your words."

Seven was very envious of su 'er. Because of her, he could say what he wanted to say without any qualms. However, he was too carefree, and no matter how real he was, it would sound like a joke to others.

this was su 'er's advantage, but it was also her disadvantage.

Su Yue covered her eyes and pretended to be sad. why are you attacking me as soon as we meet? it's been so long since we've met. Can't you say something nice to comfort me? "

Rong Yan picked up the fishing rod and threw the line into the water without even setting the bait. She didn't even look at Su Yu and directly attacked her. "then tell me, what kind of nice words do you want to hear?"

su yu chuckled and leaned over."For example, you miss me, and you're very concerned about me, Yingluo."

Rong Yan pushed Su Yu away with the fishing rod in her hand. then I must be crazy.

su yue sighed. " you're still the same. you haven't changed at all. "

"I won't be me if I change."

Seven waited for them to finish their conversation before asking, "Did you take a photo of

"Yeah, I did." Rong Yan took out her phone from her bag and handed it to seven.

“How did you get together with him again?” she asked.

Su Yu was so angry that he immediately shouted, “what do you mean by” together “? it’s like I’m an infectious virus?” hey, Rong Yan, you’re being too prejudiced. If you want to discriminate against someone, you should discriminate against seven. He’s a famous thief and an internationally wanted criminal, while I’m an innocent, ordinary person. In comparison, we should discriminate against criminals like seven.

Rong Yan smiled and didn’t say anything. At this moment, Su Yu was still a little cute.

Seven ignored su Yue’s comment that he was an internationally wanted criminal. He looked at the photo of MeowMeow on his phone and laughed happily. “The little princess has gained weight recently, and she’s also a little taller. She’s even more beautiful and cute, Yingluo”

Su Yue quickly stretched her head. really? let me see Yueyue.

Seven pushed his head away and said, ” What are you looking at? you’re the goddaughter of an international pirate. What are you looking at? ”

“Of course I want to see it. I was the one who watched over this little girl on the day she was born.”

“If I didn’t have something to do at that time, would I have let you go?”

The two grown men were at each other’s throats just to see

It’s rare to have such a happy time without worries. If I can enjoy it for a while longer, I’ll enjoy it. Who knows what will happen when we meet again tomorrow?

Chapter 716 congratulate me, i’m engaged

That was because Rong Yan knew that Su Yu would not appear in the capital for no reason. He had something to do almost every time he came.

Although it wouldn’t turn the imperial capital upside down, it would still cause some people to be in a terrible fix.

Rong Yan didn’t know what they were here for this time. As long as it had nothing to do with him or their family, it didn’t matter.

Su Yue and seven continued fighting for a while before they finally stopped. The two of them grabbed their phones and looked at the photos one by one.

Rong Yan had a lot of photos of MeowMeow in her hands. Some were smiling, some were crying, some were angry, some were serious when playing games, and some were acting coquettishly and cutely. There were all kinds of photos, recording the little bits and pieces of her growth every day.

Su Yue’s eyes softened as she read on. She sighed and said,

Su Yue was serious when she said this. She sighed from the bottom of her heart and didn’t seem to be joking.

Su Yue really liked

Su Yue flipped to the next page, and her expression turned ugly when she saw the photo.

In the photo,

su yue wasn't the only one who felt sad when she saw the photo. even seven felt a strong sense of jealousy.

Of the two of them, one of them guarded the time when Rong Yan was pregnant with meowmeowmeowmeow.

One was to watch MeowMeow's birth and the most vulnerable period of a newborn baby.

To them, they had automatically treated MeowMeow as their own child. But now, their own WA-wah was serving water to another man. They had never experienced such heartwarming treatment. It was a blow to them!

The two of them stopped quarreling. Rong Yan turned around and asked, " "Why aren't you talking?"

Su Yue sighed,"my heart is cold."

Seven silently flipped through the photo and continued to look at the next one.

it was easy to imagine this situation. meowmeow had found her biological father, so naturally, huahua's relationship with liancheng yazhi was very good now.

Although she felt sad and uncomfortable, it was good. It was better for Liancheng Yazhi to be good to her than to be bad to him.

In the future, he wouldn't have to worry about

After watching the video, seven returned the phone to Rong Yan.

"Apart from looking at

Su Yue's mood had yet to recover, and she said lazily, no, it's just that I haven't seen you in a long time, so I wanted to see you. I was afraid that you wouldn't listen to my phone call, so I asked seven to call you out. How have you been? "

that's great. Congratulate me, I'm engaged. rong yan raised her left hand, and there was a shiny diamond ring on her index finger.

Su Yue was ruthlessly stabbed by the diamond ring. He turned his head and tried his best not to let Rong Yan see that there was something wrong with his eyes. He forced a smile and said, " Oh, Yueyue, I know. But it's okay if you want to congratulate me. I really can't say it.

Su Yue wasn't seven, and he didn't have a forgiving heart like him. In essence, he and Liancheng Yazhi were the same kind of people. He wanted to hold the woman he liked in his hands!

.....

Chapter 717 Do you want a hug?

Su Yu's personality was different from Liancheng Yazhi's, but they were similar in their bones-forceful and overbearing.

if the woman he liked married another man, it would be the greatest mercy for him not to snatch her away. it was impossible for him to give his blessings.

If he had said those words, it would be too unlike him.

Rong Yan wasn't surprised by Su Yu's words. She more or less knew what kind of person he was.

Rong Yan sat by the river for more than an hour, mocking Su Yu and having a heart-to-heart talk with Seven. When it was time to leave, Seven stood up and said, "Rong Yan, I have something to tell you today."

Rong Yan pointed at him. "See, I knew you guys must have something to say. Otherwise, you wouldn't have come to me so suddenly. Tell me, what's the matter?"

Seven rubbed her bangs and said with a smile, "I'm leaving China and might not be back for a long time. You have to take care of yourself. I brought Su Yue to see you today not only because he wants to see you, but also because I want to ask him for help if something happens to you after I leave."

Rong Yan was shocked. Seven suddenly wanted to leave, and Rong Yan immediately felt sad. She was really treating Seven as her best friend.

However, she quickly reacted and pretended to be fine, saying, "You're leaving? Don't worry, I'll be fine. Be careful when you're out there."

Now, her relationship with Liancheng Yazhi was very good and they were even talking about marriage. Moreover, after coming back this time, she had a deeper understanding of Liancheng Yazhi.

When this man was serious, he was very responsible and responsible.

Therefore, Rong Yan believed in him. She believed that he could give her a happy life and ensure her and MeowMeow's safety.

Seven looked at Su Yue and said to Rong Yan in a serious tone, "I know you don't like Su Yue, but no one knows what will happen in the future. We don't have the ability to predict the future, so who knows what will happen in the next second? If you're in a life-threatening situation, remember to look for him. He'll help you. I'm serious, so you have to listen."

Rong Yan seemed to have heard everything. She nodded and said, "Okay, I understand. I hope we can meet again soon. The next time we meet, I hope you're still fine, Yingluo. Don't make me go to prison to see you. I won't go no matter what."

"Okay, for the sake of your words, I'll try my best not to get caught." A smile appeared on Seven's handsome face, and the warmth in his eyes made it easy for people to let down their guard.

In fact, he really wanted to say it. But he wasn't Su Yu, so he didn't want Rong Yan to feel awkward. He didn't want Rong Yan to feel awkward when they met again in the future, and he didn't want her to lose even the most basic friendship with him.

So, he endured the urge to tease her.

"When are you leaving? I probably can't send you off, so don't blame me." Rong Yan was really sorry when she said this.

“Tonight,” Seven endured the bitterness in his heart and raised his hand to gently flick Rong Yan’s forehead. “You have to see if I allow you to do so.”

“So fast?” Rong Yan was surprised.

yeah, Yingluo will be leaving soon as a friend. Do you want to give me a hug? ” Seven opened his arms.

Chapter 718 Don’t you like her?

Rong Yan thought for a moment and finally decided to make up her mind. She shook her head and said, ” “I can’t. I’m getting married now. I’m sorry.”

This might be cruel to seven, but Rong Yan knew her current status very well.

If she hadn’t agreed to be with Liancheng Yazhi, she could have hugged seven occasionally. However, she was a woman who was about to get married, so she had to keep a certain distance from her male friends.

If they were to hug, she could agree if Liancheng Yazhi was around. However, it was different if Liancheng Yazhi was not around.

Not to mention, if Liancheng Yazhi found out about it in the future, it would cause some unnecessary misunderstanding.

Even Rong Yan herself would feel uncomfortable.

seven slowly lowered his arm, and pain flashed across his eyes. however, he still forced a smile and said, ” okay, I understand. You don’t have to feel sorry. It’s right for you to be so hesitant.

In the end, Rong Yan left. Although they didn’t part on bad terms, there was already a knot in both their hearts.

he could only hope that the next time they met, both sides would forget about this matter.

Rong Yan’s back view disappeared, and su Yujiang placed his arm on Seven’s shoulder. “Are you very disappointed?”

Seven shook his head. no, I don’t. I’m more appreciative of her.

Once she decided on something and chose the person she liked, she would be absolutely loyal to the other party. When facing male friends who had helped her a lot, she would not be soft-hearted because of guilt.

Not everyone could be as decisive as Rong Yan in this regard.

Although seven felt hurt, he believed that Rong Yan’s choice was the right one. she knows what she wants, what she should do, and what she shouldn’t do.

“tsk, you’re really becoming more and more of a holy father.” Su Yue pouted. He didn’t agree with what seven said, so he said, ” “ what i regret the most is that i wasn’t there when rongyan was helpless about

Seven pushed su Yue’s arm away and said, ” “You’re too late, I’ve never thought about Yingluo.”

Su Yue laughed in disdain. tsk, don't make yourself sound so selfless. I don't believe you don't have any selfish motives.

Seven was bending over to pack up his fishing gear, and he admitted, " yes, I have my own motives, but Qianqian has kept them all to herself and has never revealed them. Qianqian has never thought of putting those selfish motives into action either. I want her to be happy. As long as her choice can make her happy and make MeowMeow happy, I will support it.

Su Yue touched her chin and tilted her head as she thought about what seven had said."You're so great, Yingluo. No wonder I like you. A love rival like you really doesn't have much competition."

Seven didn't seem to hear su 'er's words. He packed up his fishing gear and prepared to leave.

I'm leaving. Don't disturb Rong Yan's life. If something really happens to her, you have to help her.

Su Yue smiled, her eyes like a fox's. you know that I've never woken up early if there's nothing to gain. If I help her, what do I get in return? "

"You like her, don't you?"

Su Yu nodded,"that's true, but just because I like her, do I have to do anything for her unconditionally?" I'm not you!"

Chapter 719 Can you marry a woman you don't love?

Seven looked at him coldly, as if he was looking at an enemy. " she's getting married now and has her own family. you too, find a woman and get married. don't be so persistent about what doesn't belong to you. after you've finished your business in the capital, go back quickly. rong yan is busy with meowmeow's matter now. don't cause him any trouble. "

Su Yue's nonchalant attitude worried seven, and he added, " "If I find out that you've done something you shouldn't have, don't blame me for not acknowledging you as a friend."

Su Yue spread her hands. we're on the same boat. Let's not talk about each other. Can you say that you don't like him marrying another woman? "

"I can't, but I can do it. I won't disturb him. Can you?"

Seven wasn't going to listen to su Yue's answer. After saying that, he picked up his fishing gear and left along the path that Rong Yan had taken.

Su Yue was left alone by the river. He sat down slowly and picked up his fishing rod again. He could enjoy the time alone.

Soon, a fish bit the hook. He pulled the rod back, took the small fish down, and said to it, " some things can't be avoided. Like you, you've bitten the hook and will be hung up.

.....

After saying goodbye to seven, Rong Yan's mood wasn't very good. She went to the department store to buy some things and called the driver to pick her up.

on her way home, the memories of her time with seven kept reverberating in her mind.

three years ago, she had been the most helpless and dejected. she had been at the lowest point of her life, and seven had really appeared in her life like a savior. although he was someone that xia xuanmo had found, in rong yan's heart, she was still most grateful to seven.

Rong Yan knew about Seven's love for her. In this world, once you set your mind on a man, you would have to let down another man. Feelings were both simple and complicated. She could only treat one man with all her heart. She didn't want other people's feelings, and she couldn't afford them.

There was a red light at the intersection ahead. The car stopped. While waiting, Rong Yan turned her head to look out the window and saw a cake shop across the road. On the signboard were three words: '6: 30'.

Rong Yan remembered that Liancheng Yazhi had mentioned to her last night that the shop he had bought the cake from was called '6: 30'. It was a very special name. She did not expect to meet him in such a big city. She had just heard Liancheng Yazhi mention it yesterday, and she would meet him today. It was such a small chance to meet him. It was like winning the lottery.

Rong Yan found it interesting. It would be a pity if she didn't go.

Besides, their cake and egg tarts were indeed delicious.

Rong Yan asked the driver to go around and park the car by the side. She got out of the car and walked into the cake shop at 6:30.

When she pushed the door open, she realized that it was very quiet inside. The wind chimes above her head were ringing. There was no one else in the house except for the boss. This made Rong Yan feel a little strange. The cake in this shop was very delicious, but why was there no one?

The boss saw Rong Yan and smiled at her. welcome, miss. What can I do for you? "

after rong yan saw the boss, she was stunned for a moment because there was a burn under her left eye, destroying the beauty and harmony on her entire face. however, her voice was very pleasant, as gentle as water.

However, Rong Yan had a lot of experience, so this small matter didn't just scare her.

Chapter 720 My husband and I

Rong Yan smiled. my Yingluo's husband bought a matcha cake from you last night. I thought it was delicious. I happened to see your shop when I passed by today, so I came over and wanted to buy some more. Why don't you recommend a few styles to me? "

When she said the words 'my husband' to others, Rong Yan was a little embarrassed at first, but after saying it, she felt relaxed. After saying those words, she felt that her relationship with Liancheng Yazhi was more natural.

The smile on the boss's face instantly deepened. Her gentle smile made her burn no longer look so ferocious, and instead made her look a little cute.

"Last night? Ah, I know. Your husband bought the matcha cake last night. He's so good to you."

The boss walked out from behind the counter and introduced her to Rong Yan. "The cakes are all here. Today's tiramisu is the best. The other small desserts are all here. The puffs were just made less than five minutes ago."

It was only when the boss walked out that Rong Yan realized that she was pregnant. Although her lower abdomen was not too big, it was obvious that she was pregnant.

Rong Yan shifted her gaze away from the boss's stomach and looked at it for a while before saying, "tiramisu, macarons, puffs. I'll have a little of each."

"How many people are we treating you to?" the boss asked with a smile.

"three people, me, my husband, and my daughter."

When the boss was wrapping the bag, he asked, "pardon me for asking, Madam, but how old is your daughter?" I see that you're still very young and your figure is very good. You don't even look like someone who has given birth before."

No matter how domineering a woman was outside, she would instantly let down her guard and become talkative when it came to her child.

rong yan was one of them. when she said this, miaomiao smiled more, her gaze softened, and she became more talkative. "our little girl is almost three years old. i think you've been pregnant for four or five months, right?"

The boss looked at his lower abdomen with a gentle and loving gaze. yes, five months.

At the mention of children, the conversation between women was like a car that couldn't stop. Rong Yan couldn't help but say, "you must take good care of the child in the early stages of pregnancy. If the fetus doesn't develop well in the mother's body, it will suffer after birth. I just didn't know that the fetal position was unstable in the first few months. As a result, after Hanhan was born, the daughter suffered a lot."

The boss gratefully nodded at Rong Yan. thank you for your reminder. I'll be careful.

The two of them became more familiar with each other's conversation since their child was an intermediary. The boss was slow because of her pregnancy, and when Rong Yan was waiting at the side, she asked out of curiosity, "Boss, your cake is delicious. Why is there no one here?"

"Perhaps it's because of the scar on her face that no one dares to come," the boss said with a bitter smile.

"No, the wound on your face isn't scary at all." a woman's intuition was very accurate. although this boss had no makeup on his face and was dressed very simply, his speech and actions revealed a dignified and elegant temperament. how to put it, he was the kind of girl who came from a real rich family in novels.

This was different from Lu Xueli's deliberate act of pretending to be a noble lady. She had the kind of temperament that was emitted from her bones. When people heard her speak, they couldn't help but calm down and calm down, and the anger in their hearts gradually subsided.
