Chapter 731 You're the child's father, so you'll handle this

Rong Yan's eyes immediately widened and she said in a matter-of-fact tone, "you're the child's father. You should handle this. Rong Yan had raised

At first, they thought that it was not difficult to name their children. However, when they became parents, they felt that this was not good and that was not good. After picking and choosing, they did not think that there was a good one, so they could only delay it.

Liancheng Yazhi's face was bitter as he rested his chin on Rong Yan's shoulder."Honey, but I really can't think of a name for Yingluo."

Rong Yan reached out and pushed Liancheng Yazhi's face away ruthlessly. "do you think i can remember her? i don't care. you're her father anyway. i've given her a pet name, so you should be the one to think of the official name. it's decided. "

Along the way, the two of them were discussing who should name

In the end, Rong Yan won without any suspense.

.....

that night, liancheng yazhi stayed up all night in the study room and searched for information on the computer.

There were so many names, but Liancheng Yazhi couldn't find one he liked.

He was puzzled. Why did he put the surname 'Liancheng' in front of such a pleasing character? when he thought of his MeowMeow, he felt that it was not worthy of the little princess.

It was not until two O 'clock in the morning that Liancheng Yazhi went back to sleep. However, even when he was asleep, he was still reading the Chinese dictionary in his dreams. He read it page by page, and before he finished it, the sky had already brightened.

The next day, he went to the company with dark circles under his eyes. Secretary Zhou was shocked when she saw him. "Young master ya, did you not rest well last night?"

Liancheng Yazhi closed his eyes and asked,"Secretary Zhou, ran ran, if you had a daughter, what would you name her?"

Secretary Zhou was stunned for a moment. He chuckled for a while and said a little embarrassedly, "me? actually, I've already thought about it. If I have a daughter in the future, I'll name her Zhou Zhou. Zhou is the same as 'small boat'. If it's a boy, I'll name her Zhou Zhou, and Zhou is the same as 'nine provinces'.

Liancheng Yazhi smiled. you're so convenient.

After a while, Secretary Zhou hesitated and said,"Young master ya, I found an old master to make the nerve-soothing incense that Qianqian is looking for. However, Qianqian said that it would take a long time to make that kind of incense. It can't be made in a short time."

Liancheng Yazhi frowned. He originally felt a little headache, but now it was even worse."How long?"

the old master said that after it's done, the main thing is to seal it and store it. The longer it's stored, the better the effect. It'll take at least five years for there to be an obvious effect.

The number of five years was too daunting. Liancheng Yazhi could not wait, and MeowMeow could not wait either. Since there was only one path left, Liancheng Yazhi no longer hesitated. I understand. There's no need to look for it anymore. Start contacting Gu Hesheng.

"Alright." Secretary Zhou nodded.

.....

Liancheng Yazhi and Rong Yan both thought that Tang Han's matter was over that day. However, they didn't expect that two days later, Feng nongtang would come to find them about Tang Han's matter.

Feng nongtang brought a bunch of food and toys for

After playing with meowmeowmeowmeow for a while, Feng nongtang talked to Liancheng Yazhi about serious business.

"Young master ya, did you have a fight with Tang han in the police department two days ago?"

Chapter 732 Get out of here after you're done!

Rong Yan and Liancheng Yazhi were both very surprised. how did you know about this? "

No reporters had caught a picture of what happened that day. They didn't tell anyone, so Tang han definitely wouldn't. He would definitely try his best to hide such an embarrassing incident and would never say a word to anyone.

The corner of Feng nongtang's mouth twitched. do you two think that if you and Tang Zhen don't say anything, the other people in the police department won't say anything? with so many mouths, everyone will know if you just spread a little.

Liancheng Yazhi smiled and said, "I forgot about them." &Nbsp;

Feng nongtang leaned towards Liancheng Yazhi. "What's going on between you and Tang han? can you give me some inside information?"

"Look at you, gossiping. You've been so bored recently that you came to ask about this."

feng nongtang nodded seriously. " that's right, i'm panicking. tell me, i'm very curious about this. master sheng is curious too. "

"You've told Kang Yu?"

"That's right, we're both waiting to see how Tang Zhen will fight you in the future."
Feng nongtang gloated.

Liancheng Yazhi immediately grabbed a small duck and threw it at Feng nongtang's face.

After fooling around for a while, Liancheng Yazhi finally got to the point. actually, it's really nothing much. In the end, it's just that little dispute with the Gu family. Yesterday, Rong Yan went to Gu youran's cake shop to buy a cake, and then she slipped away.

after hearing this, feng nongtang suddenly sighed with a look of disbelief, " "what the f * ck, yingluo can even endure that, is tang han a ninja turtle? Even a good-tempered person wouldn't be able to resist it. "

Liancheng Yazhi laughed. I don't know about the Ninja Turtle. However, he must have something else to do since he's enduring it like that. He doesn't want this matter to be ugly and make Liancheng Yazhi his enemy. He's probably going to do something big.

feng nongtang immediately put on a gossiping face, " speaking of the Tang family, I also have some news. Although I don't know if it's true, I can hear it. Do you want to hear it? "

Liancheng Yazhi looked at Feng nongtang with disdain. His expression was saying, 'do you think I'm as bored as you?'

He picked up his glass of water and walked into the kitchen.

Feng nongtang quickly caught up with him and said, " "You can ask me. It's very uncomfortable for me to keep this sentence in my heart."

He was really bored to death. In the past few years, he felt that everyone's life had changed dramatically except for himself, especially in Xi Yazhi. It was as if he had become a different person. A good husband and a good father. All the edges and thorns on his body had been smoothed out, and all that was left was the enjoyment of an ordinary and simple life.

However, Yingying's words made everyone too bored.

When they were young, they stayed up late together, flirted with girls together, and the good times they spent together were gone and could never be found again.

The fun of the wind teasing Tang was gone.

"Then you can hold it in," Liancheng Yazhi said without changing his expression.

"What if I can't hold it in anymore?" Feng nongtang looked at Liancheng Yazhi with a fragile girl's heart.

liancheng yazhi put down his cup with a bang. " "Then tell me. After you're done, get lost."

I'll tell you then. It's like this. My mom went to play mahjong yesterday. You know what the aunties were doing at the table. They say that the family is too big, but the family is too small. Gossip spreads the fastest.

Liancheng Yazhi glared at him and said, "get to the point." &Nbsp;

Chapter 733 Have a child with your wife

feng nongtang quickly said, "the point is, there was a woman playing cards at that time. it was my mother's first time seeing her. she didn't know who it was. she said that the tang family seemed to be preparing to marry into a family in the capital. do you think tang han came here for this?"

These words made the impatient Liancheng Yazhi's face turn serious. marriage? It shouldn't be, the Tang family's current momentum is flourishing, and there are no particularly good-for-nothing descendants in the younger generation of the family. Their future prospects can't be underestimated, so a marriage is a bit unnecessary."

Feng nongtang shrugged. that's what my mother told me. I asked her if she knew that woman, but she said she'd never seen her before. She's a friend of old Madam Wu's and she's a guest at the Wu family. Maybe she has something to do with the Tang family, so she said that. Otherwise, there's no smoke without fire. Who would talk about the Tang family without reason? "

liancheng yazhi poured a cup of water and teased tang. "Did he say which family he'll be marrying?"

Feng nongtang shook his head. no, my mom said that the woman also revealed it unconsciously. After she said it, she quickly realized that she said the wrong thing. No matter how my mom and the others tried to get it out, they didn't ask again.

Although Liancheng Yazhi was a little curious about this matter, he did not take it to heart.

"I understand. This matter has nothing to do with me. Let them be."

The Tang family could marry whoever they wanted. It had nothing to do with him and it didn't affect him.

Feng nongtang picked up a cherry from the fruit plate and threw it into his mouth. it has nothing to do with us. I'm married, and you're about to get married. You even have a child. Besides, they wouldn't dare to look for you.

spitting out the core of the cherry, feng nongtang said, " I've asked around. Although the Tang family has a few granddaughters, the only one who meets the marriage requirements is Tang Han's cousin, Tang Ziyu. I heard that she is a beautiful and talented woman. She is a famous socialite in the noble circle in the South. However, according to the Tang family's status, they would definitely look for young talents like us who have a prominent family background, a successful career, and a bright future. I've been searching and looking, but there are not many left.

Liancheng Yazhi looked at Feng nongtang and laughed. "Like you?"

Feng nongtang's face was constipated, and he finally said, " "Alright, you're different from me, Yingluo."

the two of them were playboys who played around in the human world, and even after they got married, they still did not change their true colors.

The other was a good man who had already forsaken the dark side for the light. In essence, they were different.

After the blow, Feng nongtang no longer talked about the Tang family. He sighed and said, " "life is getting more and more boring. what should i do? i feel like i'm not interested in doing anything."

"Do you want to know what's fun about it?" Liancheng Yazhi asked.

feng nongtang's eyes lit up. " that's right. tell me. save me. "

"have a child with your wife. you won't be bored when you have a child to play with."

Feng nongtang quickly waved his hands. don't tease me. I'll do it with her. No, I really can't, Yingluo.

"Why not?" Liancheng Yazhi asked casually.

Feng nongtang scratched his head. I saw her Hanhan. I don't know how to say it. It's just that Hanhan is Hanhan. I don't know why, but when I see her, I feel that she's not the same kind of person as me. I can't even lie in the same bed as her.

liancheng yazhi rolled his eyes at him, picked up the cherry, and walked out."I'll say it a hundred times, you're ... Guilty!"

Chapter 734 You're guilty

Feng nongtang immediately shouted,"guilty?" why would i feel guilty? why didn't i know that? besides, why would i feel guilty when i see her?"

Liancheng Yazhi pointed at his face and said, "look at you now. your eyes are twinkling and your expression is exaggerated. it's obvious that she's right. you're guilty towards your wife because you know how terrible you are. that's why when you face her, you don't feel confident. you feel that you've let her down. you're afraid of her, so you don't dare to get close to her. however, you take this feeling as your dislike for her. to hide your guilt, you usually show disdain and disgust for her in front of her. is that right?"

Feng nongtang's eyes dodged, his expression became very stiff, and he said a little panicked, "You're talking nonsense. There's no such thing. Aiya, it's getting late. I should go."

"Didn't you say that you were going to finish your meal here?" Liancheng Yazhi teased.

"Did he say it? how come i don't remember?"

Meow Meow's voice suddenly rang out. I remember uncle Feng. You said it. You even said that Yingluo was going to feed me today.

"ah?" feng nongtang laughed. Yingluo, I'm sorry, MeowMeow, uncle suddenly has something to do today, so I can't accompany you for dinner. Next time, next time I will definitely stay for dinner."

Feng nongtang grabbed his coat and wanted to run away, but when he reached the door, he ran back, "master Xiao said that you should help him keep an eye on Tang han and see what he's going to do. He's still waiting.

Liancheng Yazhi waved his hand. then let him wait. Oh, Yingluo, remember to tell him that Tang han is pestering Gu youran.

"Alright, I'll remember that." Feng nongtang pursed his lips and scolded, "he's really shameless. When the Gu family was in trouble that year, the Tang family didn't help. Maybe they hit them when they were down. Now he still has the nerve to pester them. How thick-skinned!

Liancheng Yazhi couldn't help but mock him. "The way you treat your wife, I don't think it's much better than how Tang han treats her."

Feng nongtang immediately coughed twice. harsh Zhenzhen, that Zhenzhen. I'm leaving. Bye.

After saying that, he turned around and ran away as if he was running for his life. It was as if a ghost was chasing after him.

"What's wrong with him?" Rong Yan asked curiously.

"i'm fine, just a guilty conscience." Liancheng Yazhi picked up a red cherry and brought it to Rong Yan's lips.

??????,??????????"Daddy, I want to eat too."

"Okay, daddy will feed MeowMeow some cherries." Liancheng Yazhi stretched out his arms and picked up MeowMeow.

after feng nongtang left, the family of three sat in the living room and ate cherries sweetly. the happy scene made others envious.

If Feng nongtang were to see this scene, his eyes, mouth, and heart would definitely be sour. No matter how he looked at it, he would be filled with envy, jealousy, and hatred. He might even consider Liancheng Yazhi's suggestion.

.....

Feng nongtang's arrival this time was like a leaf falling on a calm water surface, causing a little ripple and quickly disappearing. Liancheng Yazhi had forgotten about it after hearing about it and was not worried at all. What he was worried about now was MeowMeow.

A few days later, at ten in the morning, Secretary Zhou came to Liancheng Yazhi with a folder to report his schedule for the day. young master ya, I've already contacted Gu Hesheng. He's the most free at four in the afternoon. Which day do you think would be best? "

"I'll go this afternoon," Liancheng Yazhi said directly.

Chapter 735 The past of the old days

Meowmeowmeowmeow's matter could not be delayed. He had never dealt with Gu Hesheng before and did not know if he was a difficult person to deal with. So, the earlier he went, the better.

Secretary Zhou glanced at the schedule for four o'clock in the afternoon. This afternoon was to discuss the issue of the Nancheng Development Zone with the relevant personnel in charge of the city government, which was also a relatively important meeting.

Secretary Zhou knew that Liancheng Yazhi would not change his mind once he had decided on something, especially when it concerned his daughter. He had to put aside all other issues.

it seemed that he could only postpone the meeting and arrange another time.

Secretary Zhou closed the folder and said, " okay, young master ya, I'll arrange it for you.

Liancheng Yazhi knew that since Secretary Zhou said this, he would definitely handle it well. To be honest, having a capable assistant could really save a lot of trouble.

He asked Secretary Zhou, "have you found out about Gu Hesheng and Lu Guinong's past?" Who's the woman who looks so similar to her?"

if he wanted to meet Gu Hesheng, he would have to do his homework.

He could not just run over without knowing anything. Gu Hesheng's weakness was that woman, and it was best for him to know more about her so that he could take the initiative when he talked to Gu Hesheng.

Secretary Zhou hesitated for a moment and said, " " because the era is too long ago, we only managed to find out a little. more than twenty years ago, two people in the ancient continent were studying at the same university and happened to live in the same dormitory. we found some of his classmates and the school staff and asked them. everyone said that they seemed to have liked the same woman at the same time. however, the girl got pregnant before she even graduated. you also know about that era. when a female college student was found pregnant, the school must have ordered her to drop out and have her registered. Since then, there was no more news of that woman. Because of the long history, the school couldn't find any information about that woman at all, let alone her photo."

The first thing that came to Liancheng Yazhi's mind was whether that woman was the one Gu Hesheng could not forget. Is it possible that the child is one of them?"

Secretary Zhou shook his head. I don't know. It happened more than 20 years ago. Who can remember it so clearly? but Zhenzhen, look at Gu Hesheng and Lu Guinong's achievements now. It's not hard to guess that what happened back then didn't affect them much. Also, I've checked their school history. After they finished their postgraduate studies, they went abroad to study. Oh, because they are famous people, the school has posted their photos on the school's publicity and the school's website for the sake of recruiting students.

Liancheng Yazhi frowned and thought, his fingers tapping on the table. people back then were much more conservative than they are now. When the school found out that the woman was pregnant, they would definitely force the child's father out, but both of them were fine. Either the woman didn't say anything, or Hanhan wasn't them. Did you find out the woman's name? "

"what is it called? i've asked a few of them about this Yueyue, but they can't remember her clearly. only one of them said that Yueyue's surname seems to be Nie, or is it Yan?" Secretary Zhou's men all said that the insiders they found were all very old. It took a lot of effort for them to remember this.

Besides, who would remember the name of a strange woman from twenty-seven or twenty-eight years ago for no reason?

"Oh?" Liancheng Yazhi suddenly remembered that time in the hospital when Wen Yan said that Gu Hesheng had mistaken her for someone else and grabbed her to call out a name.

Chapter 736 The old master's heart would ache to death

however, what was that name again?

Liancheng Yazhi thought about it for a long time but could not think of it.

He would not pay extra attention to people he did not care about, let alone a name he had only heard once. Liancheng Yazhi simply called Rong Yan directly.

After the call went through, Liancheng Yazhi directly asked, "Rong Yan, the first time you saw Gu Hesheng in the hospital, did you get the wrong person? do you still remember the name he called out?"

Rong Yan was stunned for a moment. She thought that Liancheng Yazhi had forgotten to take something when he called back not long after he left for work. She did not expect him to suddenly ask a question that she had almost forgotten. that name? I really can't remember, wait for me to think about it!"

Liancheng Yazhi reminded Rong Yan, "Is his surname nie?"

"No, AI, wait, wait, I'm not sure if her surname is Yan, but it seems that the first word is the pronunciation of Yan. Or Yan yang?" That day in the hospital, Gu Hesheng had suddenly shouted a name, but Rong Yan did not notice it at all. Moreover, he had shouted so quickly that she did not hear it clearly. Besides, there were too many Chinese words with the same pronunciation, so she was really not sure which two words Gu Hesheng had shouted.

"Why did you suddenly think of asking this?" Rong Yan asked, feeling strange.

liancheng yazhi did not intend to hide this matter from rong yan. "i'm going to see gu hesheng this afternoon, so i want to know more about him. baby, think about it again and see if you can remember anything."

"why do you want to see gu hesheng?" rong yan exclaimed.

"i'll ask him if he has any old incense. if he can find it, we can treat meowmeow immediately."

When Rong Yan heard this, she suddenly understood. The things they were looking for were all very rare. Gu Hesheng was an antique tycoon and the good things in his hands must be too many to count. It was normal for Liancheng Yazhi to look for him.

"Then Yingluo hopes that he has one. Will he be difficult to deal with? How about I go with you?"

"No, I'll go by myself." Liancheng Yazhi immediately denied it. He really hated the way Gu Hesheng looked at Rong Yan. So, if he could prevent them from meeting, he would definitely forbid it.

alright then. I can see that he's very interested in that woman called 'Yan yang'. Can you find any information on her?"

"I can't find it now, but it's okay. I'm not completely unprepared."

Liancheng Yazhi talked to Rong Yan for a while to make her feel relieved before hanging up the phone.

In the end, he instructed Secretary Zhou, "the pronunciation of the name of the woman that Gu Hesheng likes might be 'Yan yang'. Which two words are unknown? send someone to the school again and ask those people at the school, as well as the classmates of the two people from the ancient continent at that time, to see if they remember this name.

Secretary Zhou answered one by one, "young master, what gift should I bring to see Gu Hesheng in the afternoon?"

Liancheng Yazhi suddenly laughed evilly. when the old master came back this time, didn't he bring a Yuan blue-and-white elephant-ear bottle with him?"

Secretary Zhou was speechless. the old master really likes that thing. If we give it away, the old master will be heartbroken.

lian Cheng yazhi glared at him. "he's lying in the hospital now. how can he still be in the mood to look at the bottle? it's done. go get it from ran ran."

Chapter 737 Do you think I'll let you do something easy?

Secretary Zhou's face instantly showed a bitter expression.

He really wanted to say, "boss, it's easy for you to say. In that case, why don't you bring the bottle over for me to take a look?"

Secretary Zhou replied, "young master, the bottle is in the old master's ward. Every night, the old master has to take a look at it before he can fall asleep.

Liancheng Yazhi was not an artiste. He was not interested in antiques. He felt that there was nothing good about those things that were excavated from the soil or stored for thousands of years. They were all used by the dead. Wouldn't it be inauspicious to leave them at home?

However, the old master was the opposite. The old master loved porcelain.

He especially loved the Yuan Dynasty blue-and-white elephant-ear vase. He loved it to the extreme.

There were very few Yuan Dynasty blue and white flowers, but those that had been passed down to the present day were the best of the best. The old man had spent a lot of effort and spent several years to find a blue and white elephant-ear vase, so he liked it very much. Even if he had a stroke and was lying in bed motionless, it did not reduce his love for the vase.

If Liancheng Yazhi took the bottle away, it would be equivalent to taking away half of his life.

That was why Secretary Zhou felt that it was so difficult.

Even if he were to make an identical counterfeit and Exchange it with the real one, time did not allow it. In the afternoon, Liancheng Yazhi went to Gu Hesheng's house. In this half a day's time, no matter how skillful the craftsman was, he would not be able to make an identical bottle.

The task that Liancheng Yazhi had given him was really life-threatening.

Liancheng Yazhi glanced at him. would I let you do something that's easy to do?"

Secretary Zhou really wanted to cry. Holding the bottle was a small matter, but what if he angered the old master to death? he said with a bitter face, "Young master ya, I really can't do it."

Liancheng Yazhi seemed to not have heard him at all and waved his hand. you can leave. I'll wait for your bottle.

Secretary Zhou was going crazy. Young master ya, how could you do this? don't be so arbitrary. You should at least listen to your subordinate's helplessness.

liancheng yazhi lowered his head and started to work."Why aren't you going out? there's a lot of work today, don't delay it."

Secretary Zhou could only clench his teeth and leave. As soon as he turned around, he hit Qiang with his head twice.

His boss was simply a scumbag. On one hand, he didn't let him delay his work, but on the other hand, he wanted him to do something that would anger his father to death. This really didn't allow him to be human.

Secretary Zhou found a master imposter who was good at making counterfeits. The other party said that he could make an identical bottle within five days. Secretary Zhou hesitated for less than a minute and finally made a sinister decision under the pressure of Liancheng Yazhi's order.

In the next five days, give the old man some special medicine. It won't cause any more damage to his body, but it will make him unconscious. At least, Wanwan will make it so that the old man won't have time to think about the blue-and-white elephant ear bottle for the next five days.

At two O'clock in the afternoon, Secretary Zhou stood outside the ward and waited. After about five minutes, the nurse who had gone in to give the old man an injection came out. Secretary Zhou, you can do it now.

Secretary Zhou nodded. you've done well. You can leave now. You have to take care of the old man personally every day for the next few days. Remember, don't give him any time to wake up. You can stop taking the medicine when I tell you to.

"yes, i'll remember that," the nurse quickly said.

Chapter 738 A good man who knows how to live

"This matter ..."

The nurse was very smart. don't worry. I'm just giving the old man some normal medicine for a stroke.

"Alright, you may leave."

After the nurse left, Secretary Zhou pushed open the door and went in.

As soon as he entered the room, Secretary Zhou's Radar Eyes immediately locked onto the yuan Dynasty blue and white elephant-ear vase placed on the old man's head.

Secretary Zhou quickly approached and put the bottle into the box that he had prepared in advance. Then, he walked out of the ward as if nothing had happened.

After leaving the house, he bumped into the old man's personal secretary, Neil.

The other party was surprised to see Secretary Zhou.

Secretary Zhou politely nodded at Neil and said politely, "young master ya asked me to come over and take a look.

Neil's mouth twitched. Was that possible?

Suddenly, he lowered his head and saw Secretary Zhou holding a paper bag in his hand. There was a wooden box in the bag. He asked, "What are you carrying in your hand?"

secretary zhou looked at him in disdain and said arrogantly, "is that any of your business?"

After he finished speaking, he pushed Neil away with his shoulder and strode away. His overbearing and arrogant appearance was really like Liancheng Yazhi's direct disciple.

.....

In order to show his sincerity, Liancheng Yazhi planned to go a little earlier. It was just three O'clock, so he only brought Secretary Zhou and a driver to Gu Hesheng's house.

In the car, Liancheng Yazhi asked Secretary Zhou, "Have you prepared the gifts?"

"Yes, young master ya. It's here." Secretary Zhou nodded quickly.

Liancheng Yazhi looked over and saw that Secretary Zhou was holding a sandalwood box in his hand. Speaking of the box, Liancheng Yazhi coughed and laughed. He went straight home to take the gift box that Xia Xuanmo had given him at the engagement banquet. It was simple, low-key, and high-end. It matched the yuan Dynasty blue and white vase inside.

Secretary Zhou looked at the gifts in his hands and complained in his heart. The bottle was the old master's, and the box was a gift from Xia Xuanmo. So, young master ya, you didn't spend a single cent on it. Tsk, tsk, you're a man with a family after all. You're really thrifty and know how to live a good life.

Liancheng Yazhi reached out to open the box and saw that the old master's precious bottle was placed on top of the top of the top quality silk cloth. He patted Secretary Zhou's shoulder.

tsk, it was like killing you when I asked you to get the bottle. Now you got it easily. Don't complain before you do it.

Secretary Zhou's hand trembled and he almost dropped the bottle in his hand.

Boss, don't talk nonsense. Do you know how I managed to get this bottle? Do you know how much effort I've spent?

Secretary Zhou swallowed and said against his will, "It's young master ya. I know. Yueyue won't do this again."

They arrived at Gu Hesheng's house before 3:30 pm.

Before getting out of the car, Liancheng Yazhi instructed. when we reach Gu Hesheng's house, you can bring the gift up when I ask you to. If I don't ask you to give it to me, you'll have to hold on tight.

Liancheng Yazhi never did business at a loss. If he could not get the nerve-soothing incense from Gu Hesheng, he would not give him the gift. He had brought the old man's bottle here as an exchange.

If you have the nerve-soothing incense, give it to the bottle. If you don't have a Kasaya, then don't even think about it.

"yes, young master ya." secretary zhou nodded.

What he was looking forward to was to get the nerve-soothing incense without having to give a gift. That way, he would not have to worry about the old man finding out and coming to settle the score with him one day.

Chapter 739 The real tycoon

After getting out of the car, Liancheng Yazhi said,"knock on the door."

Secretary Zhou quickly went forward and knocked on the door.

the place where the ancient crane birth master lived was a courtyard house with an ordinary door, but there was a whole new world inside. the two courtyards were divided into the front and the back courtyard. there was even a small garden in the back courtyard, which was particularly quiet. the planting and decoration of every blade of grass and tree, and even the shape of the garden, were very particular.

Villas and bungalows were nothing compared to the siheyuan in the capital.

As soon as they entered, they could feel the aura of the era. The cultural atmosphere that belonged to the old imperial capital was overwhelming. Compared to the high-rise buildings made of steel and cement outside, it was like they had entered a completely different world.

Gu Hesheng's house had two gardeners who took care of the yard and two servants who usually took care of his daily life. There were only five people in total, including himself. Living in such a yard was really lonely.

from the moment they entered and passed through the front yard, liancheng yazhi realized that although the yard was simple and quiet, there were many high-tech things in the house. there were no less than a dozen infrared alarms.

After entering the backyard, there was a small mahogany Pavilion in the small garden. Gu Hesheng was sitting in the pavilion.

He was wearing a white silk Tang suit with black cloth shoes. He was sitting on a bamboo chair with a purple clay teapot in his hand. On the bamboo table beside him was a small gold incense burner. The smoke rising from it was very light and elegant. After smelling it, one would calm down without knowing it.

Liancheng Yazhi thought to himself,"this old man really has so many good things that I don't know how to use them. That purple clay teapot should be from the Ming Dynasty, right? I can't tell the year of the incense burner, but it's definitely not bad."

Liancheng Yazhi walked in front of Gu Hesheng, nodded, and said politely, " "Mr. Gu, I hope you can forgive me for disturbing you."

As an elder, Gu Hesheng did not have the intention to curry favor with Liancheng Yazhi. Naturally, he would not stand up to welcome him. He extended his hand and invited him to sit down. you're here. Have a seat.

Liancheng Yazhi sat down, and Secretary Zhou quickly stood behind him.

“Is Biluochun okay?” Gu Hesheng asked.

“Sure.” Liancheng Yazhi laughed at himself. I don’t know much about tea. To be honest, whether it’s good or bad, I feel the same.

gu hesheng smiled, ” you’re too humble. ”

The servant served Liancheng Yazhi tea and then left silently. She didn’t even make a sound when she walked. Her actions were completely different from the servants in the rich and influential families now. Instead, she looked a little like the servants specially trained by the high officials and Noble families in ancient times.

From the moment he entered the house until now, Liancheng Yazhi realized that his understanding of Gu Hesheng was still too shallow. This old man was really special and had a lot of hidden skills. From the way his family was so meticulous, it could be seen how deep he was.

gu hesheng did not ask why liancheng yazhi had suddenly come to visit. as if he was talking to an ordinary junior, he said, ” “Try it.”

Liancheng Yazhi did not say anything polite and directly picked it up.

the teacup in his hand was as white as jade. under the light, it seemed to be transparent, making the tea look even more like a piece of art.

Especially when it was held by his pair of slender and fair hands, the grade was instantly raised by who knew how many times.

Chapter 740 The person who will accompany you for life

The tea in the cup was rich in fragrance, the color of the soup was green and clear, and a sip of it was fresh and mellow, leaving a fragrant taste in the mouth.

Liancheng Yazhi took a sip and put it down. He only said two words to Gu Hesheng, ” “Good tea.”

“what do you think of my little courtyard?” gu hesheng asked again.

Liancheng Yazhi turned to look around and gave a very pertinent answer. it’s rare to see such a paradise in the current busy city. However, although Xuanji is good, it’s not as popular as it looks. It’s too cold.

Gu Hesheng laughed after hearing Liancheng Yazhi’s answer and nodded in satisfaction.”Not bad, not bad, Yingluo, you’re telling the truth. It’s indeed too cold and cheerless. To be able to feel this way, I’m sure your house must be quite popular.”

Gu Hesheng was not someone who liked to be flattered, he preferred to hear the truth.

And Liancheng Yazhi was not someone who knew how to flatter. Well, it was not that he did not know how to flatter at all. He only knew how to curry favor with two people, one was Rong Yan, and the other was MeowMeow.

Liancheng Yazhi nodded. When they talked about home, the humble smile on his face faded a little and was replaced with a sincere smile. in the past, when the house was too big, even if there were many servants, I still felt that it was too empty and lonely, so I didn’t want to go back. But it’s

different now. With only two more people, I feel that the house is instantly filled with warmth and laughter. Every day before I go to the company, I'm thinking about whether I can get off work early and go home quickly.

Gu Hesheng looked at Liancheng Yazhi with relief and envy in his eyes. you're very lucky to be able to understand things that many people can't understand in their entire lives at this age.

in life, money, fame, power, and beautiful women are all illusory. It's only real if you find someone to accompany you for life.

Liancheng Yazhi, Gu Hesheng, totally agreed with what he said. Mr. Gu is right. I only realized it in the past two years. But fortunately, it's not too late. At least everything is still salvagable. It's not to the point of being hopeless.

However, Liancheng Yazhi's words had touched the scar in Gu Hesheng's heart.

He looked into the distance, his eyes filled with sadness and desolation."That's right, if Yingluo really reached the point of no hope, nothing would be of any use, Yingluo"

Liancheng Yazhi asked, " Mr. Gu, you've said that my wife's face looks similar to one of your old friends. I'm quite curious. How similar is my wife to your old friend? "

Perhaps it was because the atmosphere created by his conversation with Liancheng Yazhi was good, Gu Hesheng actually answered this question.

"Yes, very similar, extremely similar. It's exactly the same. However, Yingluo's temper is completely different."

"Exactly the same?" Liancheng Yazhi was surprised. it's quite a magical thing to be so similar."

Gu Hesheng retracted his gaze from the distance, " "Yes, it's quite magical. When I first saw her, I really thought she was back, Yingluo."

He didn't want to continue talking about this issue, so he changed the topic. "No matter how busy you are, you're definitely not here to drink tea and chat with me, right?"

Liancheng Yazhi nodded. yes. I'm looking for you. There's indeed something that I need your help with.

Gu Hesheng said directly,"you want my help?" What was it? If it's not too difficult, I'll try my best to help you."
