

Permit Me 761

Chapter 761 I also want a daughter

Rong Yan took meowmeowmeowmeowmeowmeowmeow's hand and pointed at Gu youran."

When MeowMeow saw the scar on Gu youran's face, she was not afraid. Instead, she called out sweetly, "Auntie, Yingying."

Gu youran didn't know why she heard

Gu youran smiled gently at MeowMeow and said, " "

Gu youran's voice was very gentle. It was the kind of voice that would make people let down their guard easily. In addition, in the eyes of children, the concept of beauty and ugliness in the world was not as direct as that of adults. In their eyes, those who were good to them were beautiful, and those who were malicious to them were ugly.

Therefore, MeowMeow's first reaction was not to reject Gu youran. However, she still turned her head obediently to ask for her mother's opinion.

Rong Yan smiled and picked up meowmeowmeow. you're still pregnant. Don't pick her up. Just hug her. This little girl has put on a lot of weight recently.

So, Gu youran reached out and hugged MeowMeow. She kissed MeowMeow's little face and said, "I also wish I could have such a beautiful and cute daughter."

"Are you pregnant with a boy or a girl?" Rong Yan asked Gu youran.

gu youran lowered her head and gently touched her bulging belly. "I don't know. I'll leave it to fate. I'll know after I'm born."

"I was the same. I didn't know that she was a girl until she was born. It doesn't matter if she's a girl or a girl. What's important is that she's your child."

Rong Yan and Gu youran discussed how to take care of a newborn baby. After talking for a while, they went around in a circle. Rong Yan followed the topic and went around to Tang han.

"In the future, if you meet Tang Zhen again and you can't solve it, give me a call. Although the Tang family is very powerful, in the capital, he can't do it."

Gu youran nodded gratefully,"yes, I will. I won't be embarrassed, Yingluo."

"Tang Han's purpose in coming to the imperial capital isn't simple. It's not just for you. He might have a bigger matter to deal with. If your child isn't his Yingluo, it's best to quickly do a paternity test after the child is born to make him give up. It wouldn't be good if he wants to snatch the child away."

Rong Yan quietly brought up Tang Zhen's matter, hoping to hear more news from Gu youran.

A sarcastic sneer appeared on Gu youran's usually gentle face. "of course, i know what kind of person tang han is. he would never stay in the capital for so long just for my sake. there's no need to even think about it. it must be his family's matters that need his help."

Rong Yan made a puzzled expression and said, " "Their family matters? I heard that the Tang family seems to be looking for a family in the capital to form an alliance through marriage. I think it's true. I don't think he'll leave before this matter is settled, so you should be careful."

Gu youran asked, " marriage? " I remember when he came to find me a few days ago, he said that he was almost done with Ziyu's matter and that he would take me away after it was done."

.....

Chapter 762 Where do you live? I'll give you a ride!

Ziyu?

When Rong Yan heard this name, she subconsciously glanced at Liancheng Yazhi. She was unfamiliar with this name, but she felt that Liancheng Yazhi might know. As expected, he nodded at her gently, meaning that it was about time to leave.

Of course, Rong Yan couldn't say that she was leaving immediately. She asked Gu youran worriedly, " "Will you go with him?"

Gu youran immediately nodded. no, why would I go with him? I don't want to have anything to do with the Tang family and Tang han.

"What if he insists on taking you away?"

Gu youran sneered. I won't. I know Tang Zhen. He won't really let me go for the sake of the Tang family. You don't have to worry about this.

Rong Yan saw that there was an uncontrollable hatred in Gu youran's eyes at the mention of Tang han. She remembered that Liancheng Yazhi had said that the Tang family might have been involved in the fall of the Gu family.

Since she already knew about Tang Han's matter, Rong Yan changed the topic. okay, then I won't talk about it anymore. When I came in, I saw that you were in a good mood. Did something good happen? "

a gentle smile finally appeared on gu youran's face. she gently stroked meowmeow's head and chuckled, " "Yes, there's good news. Yingluo, I'm about to reunite with my sister."

younger sister? the twin sister of gu youran that liancheng yazhi had mentioned, the one who was still in prison?

Since Gu youran didn't want to say that her sister was a criminal now, Rong Yan would pretend not to know. "Really? then I really have to congratulate you."

thank you. I want to leave with her after she comes out. I've had enough of the imperial capital. Gu youran's face was filled with disappointment, desolation, and endless hatred.

Rong Yan patted her hand. it's good that you're leaving. Just do what you like.

after exchanging a few more words, rong yan said that it was getting late and that she had to leave. before leaving, gu youran brought some cake and desserts for meowmeow. rong yan did not reject them and accepted them graciously.

Carrying the things that Gu youran had given her, Rong Yan asked, ” “where do you live? we’ll send you there.”

you don’t have to. I’ll stay in the store. There’s a storage room at the back, and I’ve changed it into a bedroom.

Rong Yan was a little surprised. that’s pretty good. No wonder you can stay in the store even though you’re pregnant. So that’s how it is. Then, you should have a good rest. We’ll leave first. I’ll come to see you and the baby when I have time in the future.

Gu youran nodded. alright. Come and find me when you have time.

Rong Yan patted meowmeowmeow’s little head gently. MeowMeow, say goodbye to Auntie and your younger brother or sister.

????????,????????,”?????”Then, she suddenly stood on her tiptoes and put her hand on Gu youran’s belly. She imitated Gu youran’s previous posture and gently touched it twice. goodbye, brother. Goodbye, sister. You have to be good.

This cute action caused Rong Yan and Gu youran to laugh non-stop, but it also warmed their hearts. It was already very lovable for such a young child to say such words.

Gu youran bent down and kissed meowmeowmeowmeowmeowmeow’s little face. “your brother and sister are also saying goodbye to you, yingluo.”

After being kissed by Gu youran, MeowMeow ran to Rong Yan in embarrassment and hugged her leg.

Rong Yan laughed and carried meowmeowmeowmeowmeow. we’re leaving. You can see us off.

“En, Yingluo.”

Gu youran stood in the store and watched as Liancheng Yazhi and his family got into the car. She waited until the car lights turned on and slowly drove away into the night before closing the door.

Chapter 763 The punishment for Secretary Zhou

After getting in the car, Rong Yan asked Liancheng Yazhi, ” Tang han said that he would leave after he settled Ziyu’s matter. Ziyu, did you know that? ”

Liancheng Yazhi nodded. I heard from Feng Nong the other day that Tang Ziyu is Tang Han’s cousin. She’s also the most suitable granddaughter to marry in the Tang family.

“It seems like Tang Han’s goal is to help the Tang family gain a place in the capital.”

Liancheng Yazhi was not worried about this. it looks like it, but it doesn’t matter. Even if the marriage is successful, it’s fine. When the time comes, even his own son won’t be useful, let alone the marriage. Just like the old man, he gave up his own son for his status.

Rong Yan adjusted MeowMeow’s position so that she could lie down more comfortably. it’s better to be careful. If Tang han really holds a grudge against us for what happened that day, he might really take revenge on us. Although we don’t have to make a move now, it’s always good to take some precautions.

yes, I'll make the arrangements. With me around, you don't have to worry about anything. I'll definitely protect you guys. Liancheng Yazhi didn't want to continue talking about Tang Han's question. He asked Rong Yan, "How about we start treating MeowMeow tomorrow night?"

On the issue of treating

then I'll inform Natsume tomorrow morning and have him prepare all the medicinal herbs.

After a while,"The sister Gu youran was talking about, is it that Gu liunian in prison?"

yeah, it's that Gu liunian. The Gu family only has two daughters. Why did you think of asking Gu liunian? you don't even know her.

Rong Yan shook her head. it's nothing much. It's just that the Gu sisters inexplicably remind me of Rong nuo and me. When I look at Gu youran now, I always feel like I'm looking at my own shadow from the past. However, her younger sister is still in prison, so her life must be worse than hers. Thinking about it, I feel quite pitiful. Now, I just hope that Rong nuo won't end up like Gu liunian.

Liancheng Yazhi took the time to reach out and stroke Rong Yan's hair. you have really learned to be sentimental after becoming a mother. The Gu family's situation is completely different from yours. Also, I'm not Tang han. With me around, you will never be like Gu youran. As for Gu liunian, he has even less to do with Rong nuo. Don't you think about it? they are now more than a thousand kilometers apart.

Rong Yan nodded and smiled. you're right. What can there be between them? Rong nuo told me a few days ago that she's doing well now. Aiya, Speaking of which, I should give Rong nuo a call.

"Let's wait until tomorrow, Yingluo."

"Yes, Zhenzhen, tomorrow."

Along the way, the small carriage carried the warmth and happiness of the family.

However, who would have thought that the words that he had said unconsciously at this moment would come true in the future?

.....

It was almost eleven o'clock at night when they got home. The family of three washed up and went to sleep.

The next day, the first thing Liancheng Yazhi did when he arrived at the company was to ask Secretary Zhou to meet him in his office.

Secretary Zhou didn't know what was going on. He knocked on the door and went in, asking, "Young master ya, do you have any orders?"

Liancheng Yazhi did not even raise his head as he quickly ordered, "from today onwards, for the next month, you'll be in charge of cleaning the company, including Yingluo's washroom. Both men and women must be cleaned!"

Chapter 764 He was killed unjustly

Secretary Zhou instantly felt as if he had been struck by lightning. He was instantly charred black and couldn't believe what he had just heard.

Did he hear it wrong? cleaning? Including the male and female toilets?

Secretary Zhou's mind was in a daze. He had no idea what was going on with this sudden bomb. He gulped and gathered his courage to ask, " "Young master ya, can you say that again?"

Liancheng Yazhi really repeated, " "Starting from today, for the next month, you'll be in charge of cleaning the company, including the male and female toilets."

Secretary Zhou felt as if his head didn't belong to him anymore. He really wanted to ask, " Young master ya, you must have said something wrong. You must have made a mistake.

"Young master ya, what are you doing? why?" Secretary Zhou asked while trembling.

Liancheng Yazhi raised his head. there's no reason. You seem to be too idle recently.

If she wasn't free, why would she tell Rong Yan what he had repeatedly urged her to do? If he didn't teach this guy a lesson, he wouldn't be able to hide anything in the future.

Secretary Zhou really wanted to cry. but, young master ya, I'm not free, I'm not free, I'm not free.

Liancheng Yazhi waved his hand cruelly and ignored Secretary Zhou's pitiful pleas. that's enough. Don't say anymore and get out. Remember to clean up after you've finished today's work.

"Ah?" Secretary Zhou subconsciously exclaimed. He had to work and clean up. There were so many floors. Did he want to die?

liancheng yazhi urged. " what's with the " ah "? hurry up and go to work. "

Secretary Zhou didn't know what words to use to describe his feelings at this moment. It was as if the day was still bright and clear a moment ago, and the world was ending in an instant. This difference made him want to jump off a building.

When he reached the door, Secretary Zhou gritted his teeth and turned around. "Young master ya, you have to let me die with an understanding of the situation."

young master ya was obviously punishing him. however, he had to let him know what he had done wrong.

Liancheng Yazhi gave Secretary Zhou a gentle and elegant smile and finally gave him a hint. Rong Yan went out with meowmeowmeow yesterday. When she came back, she had the nerve-soothing incense and also brought back a Lotus-shaped incense burner made from the North Song Dynasty.

Secretary Zhou instantly understood that young master ya knew that he had told Madam about the condition that Gu Hesheng had proposed.

Secretary Zhou was so regretful that his hair was almost turning white. He knew that things would go wrong. He really wanted to slap himself right now. What was he supposed to say when his mouth was missing a zipper? now, he was out of luck.

Cleaning was not difficult. The difficult part was cleaning the entire company. The worst part was cleaning the women's toilet. This Yingying might as well kill him.

However, Cheng zhishu felt very wronged. He was really wronged. He was really wronged.

Why did he have to be punished for what happened between the two of them?

He really didn't do anything. He only said it under Rong Yan's threat. Wu Wu, not to mention being taught a lesson by Madam, he was also taught a lesson by young master ya. He didn't get any benefits from either side, and both sides were unlucky. Who else was more pitiful and miserable than him?

secretary zhou covered his face and wailed. he must have owed the liancheng family a lot of money in his previous life, so wanwan met her boss, liancheng yazhi, in this life.

Secretary Zhou felt particularly terrified when he thought about how he had to face such heavy physical labor after work.

Chapter 765 I will reflect, I will reflect

Young master ya's order was an impossible task. Even if he did nothing all day and was only responsible for cleaning, he couldn't clean the entire building alone, let alone using his spare time. Moreover, it was only a month.

Secretary Zhou looked up at the sky and cried. God, can I go up and beat my boss up? Can I? can I? he really wanted to beat someone up!

Secretary Zhou gritted his teeth and resisted the urge to beat him up. He begged Liancheng Yazhi for mercy. young master ya, I was wrong in this matter. I'll reflect on it and reflect on it, but can Qianqian be a little gentler? I'm also helpless. It's Qianqian and Madam who said that if Qianqian, if I didn't tell her why you were unhappy, she would whisper Pillow talk to you at night and make me feel bad. I'm also afraid.

Liancheng Yazhi was instantly amused when he heard this. No wonder Secretary Zhou would tell Rong Yan about what he had ordered her not to say. It turned out that she had used this as a threat.

It was normal for Secretary Zhou to be afraid because he knew very well how vulnerable Liancheng Yazhi was to Rong Yan. A woman's Pillow Talk was the most fatal soft knife.

there's no need to talk about this. If you have the time to bother me, you might as well go out and finish your work quickly and then clean up.

secretary zhou begged for mercy,"young master ya, young master ya, can you spare me this once?" You know, even if you kill me, I won't be able to finish this punishment. You don't want to see garbage everywhere and the air reeking after two days, do you?"

Secretary Zhou promised again and again. young master ya, I promise that from now on, I won't say a word to Madam about what you've instructed me to say. I won't say a word. Also, no matter how Madam threatens me in the future, I will absolutely, absolutely promise that I won't say a word to you again.

Liancheng Yazhi thought about it and agreed. It was indeed unrealistic for Secretary Zhou to clean the entire company. If he did not finish cleaning, the garbage would not be cleaned up in time and would definitely pile up. This would affect Wanwan's mood and the quality of her work.

Liancheng Yazhi thought for a while. what you said makes sense, ran ran. Okay, I agree.

Secretary Zhou was so happy that she almost jumped up. thank you, young master ya. Thank you, young master ya. You're a magnanimous person.

But before he could finish feeling happy, he heard Liancheng Yazhi say again, "don't be happy so soon. I just agreed that your punishment can be reduced, but you can't go without punishment. You can't clean the entire company, but you can clean an entire floor, right? the secretary's office floor will be yours.

Alright, alright. I'll definitely clean it up. Secretary Zhou was very happy to hear that. He wasn't stupid. After young master ya made the decision to reduce his punishment, he was so happy that he almost cried. One floor was just one floor. It wasn't much, but it was much better than cleaning up the entire company.

However, Secretary Zhou's happiness only lasted for a short while.

That was because Liancheng Yazhi had put another small bomb on her. don't worry. I've finished talking to Umi. You're also in charge of the washrooms on every floor of Huahua, right? "

Liancheng Yazhi said it so easily, but Secretary Zhou was struck by lightning again. His happy face instantly turned bitter. young master ya, you're so sad.

Liancheng Yazhi raised his hand to stop him from continuing. you can only choose one now. Do you want to clean everything or do it? "

Secretary Zhou's face turned serious and quickly said, "I choose the second one."

Chapter 766 professional defamation of the tang family for thirty years

Of course, he would choose the lighter one between cleaning a building and a floor plus all the toilets.

Liancheng Yazhi nodded in satisfaction, then slammed the table in the next second. "Then why don't you hurry up and go?"

Secretary Zhou shivered and ran out without even saying anything.

Seeing Secretary Zhou rush out of the door, Liancheng Yazhi shook his head and smiled. Then, he took out the phone he used to contact Kang kun.

The call went through after a while, and soon Liancheng Yazhi heard the sound of explosions and gunshots. Kang Yu was probably in the practice field at this time.

Soon, Kang Zheng's yelping and roaring voice reached Liancheng Yazhi's ears. "Is there any news about Tang han?"

Liancheng Yazhi replied, "there is news. I got it from Gu youran. Tang Zhen came to the imperial capital to find a husband for Tang Ziyu. As for which family he is going to marry, it is not clear yet. However, from what Gu youran said, it will be soon. We will know sooner or later. No matter which family the Tang family is going to marry, there will be reports after it is confirmed. We just have to wait now.

When Liancheng Yazhi was halfway through his sentence, the sound of gunfire became softer. He could even hear Kang Yu's footsteps. It seemed like he had gotten into the car or entered the command center.

"You're really trying to extend your reach to the capital? tsk tsk, you're quite ambitious." Kang Yu sneered.

the Tang family has always been ambitious. They have a solid foundation and have been running the business for many years. The elders have enough prestige. There are still some years before their retirement. The younger generation has grown up, so it's a good time. Moreover, the Tang family doesn't have any dark history. To the outside world, they are upright. The younger generation in the family is still capable, and they haven't made many mistakes. Even if they want to find their faults, no one can do anything about it. It's understandable that they want to expand the power of the Tang family. After all, they have the capital to do so.

Although the Tang family was far away from the capital, they were, after all, one of the big families in the country. Liancheng Yazhi still knew a little about them.

Compared to the families that were plagued with scandals, the Tang family was simply one of the 'top students'. Many people were envious, jealous, and hated them. They all wanted to know how their family educated their children.

As soon as Liancheng Yazhi finished speaking, Kang Yu laughed out loud. a good family name? Even the younger generation is capable? That's because you don't know the Tang family well enough."

"Don't tell me there's someone in the Tang family who's a burden?" Liancheng Yazhi found it strange. It was rare to hear Kang Yu say this with a smile.

Kang Zhen's voice became excited. His hoarse voice was filled with schadenfreude. of course. Tang Zhen has a very special younger brother. This kid is determined to smear the Tang family's reputation for 30 years. He is the person who everyone in the Tang family shakes their heads and has a headache when they hear his name. He is also the person who is at his wits 'end.

Liancheng Yazhi's curiosity was really piqued to make a guy like Kang kun suddenly want to gossip.

"Damn, a person like Tang han who is so strict with himself actually has such a brother? I'm really curious, who is it, and what's his name?"

"Do you know Tang Zong?"

Liancheng Yazhi frowned and thought for a while. I've never heard of Tang Zong Zhenzhen.

Tang Zong was a rather unfamiliar name. He had never heard of it before.

"Well, I've never heard of him before. He hasn't been back in the country for the past ten years. The Tang family has cleaned up all the things he did in the past. But he's the most rebellious and difficult to discipline member of the Tang family." Kang Xin laughed.

Chapter 767 A weirdo in the Tang family

he's also the only child in the history of the Tang family who hasn't joined the Army. I think his father was right when he gave him the name. 'Willful' means that he'll be indulgent for a lifetime. He's arrogant and difficult to control.

Noble houses like house Kang and house Tang, who had established their roots in the military, sent their children back to train for a few years, regardless of their gender or whether they were going to advance in the military or not.

however, tang zong was an oddball in the tang family. he was the only member of the tang family who had never been in the military.

Liancheng Yazhi smiled. why are you so excited to gossip about this Tang Zong? do you know him?
” he asked.

Liancheng Yazhi could clearly hear the excitement in Kang Zhen’s voice when he mentioned Tang Zong.

kang zhen probably felt that he had gone too far. he cleared his throat and said,”I haven’t seen it yet. If there’s a chance, I’d really like to see it. Don’t you feel curious?”

“If Tang Ziyu is going to get engaged, then the engagement ceremony will definitely be held in the capital. Maybe Tang Zong will also be there. I hope you can make it in time after the exercise.”

Liancheng Yazhi’s words were meant to be a joke, but he didn’t expect Kang Yu to take it seriously.”That’s right. You help me keep an eye on him. If there’s any news of the engagement, inform me immediately. Even if the drill is not over, I will still go back. Even if I don’t want to see Tang Zong, I still have to see Tang han.”

Liancheng Yazhi rolled his eyes. alright, ” he said. I’ll inform you if there’s any movement.

I’m hanging up then. They’re attacking my headquarters right now.

Before he could finish his sentence, he hung up the phone.

liancheng yazhi looked at his phone and cursed. the headquarters was being beaten up, but that kid was still in the mood to joke and gossip with him. was he out of his mind or had he been hit by a bomb?

.....

in the blink of an eye, it was noon. when it was time to get off work and have lunch, secretary zhou ran over in a panic.”Young master ya, take a look at Yingluo for lunch.”

secretary zhou’s heart was very clear. since rong yan had already taken back the nerve-soothing incense, it meant that she had agreed to gu hesheng’s request. therefore, she had to stay with him today. young master ya couldn’t possibly go home for lunch.

Liancheng Yazhi put on his coat. of course! We’re going to Gu Hesheng’s house.

Since Gu Hesheng insisted on letting MeowMeow and Rong Yan talk to him, he would go to the Gu family for a month’s lunch. Hmph, he could save money.

Secretary Zhou rubbed his hands and said,”okay, young master ya, I’ll take care of it.”

Liancheng Yazhi picked up his car keys and walked straight past Secretary Zhou. you clean up, I’ll drive there myself.

Secretary Zhou looked at Liancheng Yazhi's back as he walked further and further away. He reached out to grab him, but he still watched him walk further and further away.

Liancheng yazhi took the elevator down to the underground parking lot and drove on the road alone. it took him a long time to reach gu hesheng's house.

He knocked on the door and without waiting for the person who opened the door to say anything, he directly stepped in as if he was entering his own house.

"Mr. Liancheng, can you wait for me to inform the master?" the person who opened the door ran after him.

Liancheng Yazhi walked quickly and said, "no, I'm here to have dinner with my wife. Do I need you to inform me?"

It didn't take long for them to reach the backyard. Following the children's laughter, they came to the central room and happened to see Rong Yan and MeowMeow sitting at the dining table, which was full of food.

Liancheng Yazhi glared at Gu Hesheng, who was picking food for MeowMeow. He snorted and walked over the threshold, directly sitting opposite Gu Hesheng.

Chapter 768 A relationship needs management

his sudden appearance stunned rong yan, gu hesheng, and meowmeow.

"Daddy, Yingluo"

Liancheng Yazhi finally smiled and carried MeowMeow. "Little baby, Come to Daddy."

"why are you here?" rong yan asked after she regained her senses.

Liancheng Yazhi looked at Gu Hesheng and smiled. "my wife and daughter are here. of course i'm here for a meal. mr. gu, you can't be so stingy that you won't even let me have a meal, right?"

Gu Hesheng knew what Liancheng Yazhi was thinking right now. He lowered his head during the meal and came over to see him. It was not enough. As an elder, he would not be calculative with a junior. Besides, it would be more lively with more people eating. of course not.

Liancheng Yazhi acted like he was ordering his servant and said directly, "then please set up another set of chopsticks. I'm hungry.

The meal did not smell like gunpowder. On the contrary, outsiders looked quite happy and harmonious, as if three generations were in the same house.

after the meal, liancheng yazhi did not stop for long. in front of gu hesheng, he kissed meowmeow's little face and rong yan's forehead. "i'll go first. i'll pick you up in the afternoon."

Rong Yan was quite satisfied with Liancheng Yazhi's performance today. At least this guy had improved every time he deliberately stirred up trouble, so her words were a little more pleasant. well, okay. Be careful on the road.

Liancheng Yazhi hugged her. don't worry. I'm the pillar of our family now. I can't let anything happen to me. I'll be extra careful when I drive.

letting go of Rong Yan, Liancheng Yazhi faced Gu Hesheng and said, "In the next month, I'm afraid I'll have to come and bother you every day. Please tell me to make more lunch in the future."

Although Rong Yan had two female bodyguards with her now, Liancheng Yazhi was still not 100% at ease. He could only go back to work with a peace of mind if he came to check on her every day.

Gu Hesheng chuckled. alright, it's an honor for Mr. Liancheng to visit my humble home. I'll naturally welcome you.

"Thank you, then. Goodbye." Liancheng Yazhi waved at Rong Yan and MeowMeow.

As she watched Liancheng Yazhi's car drive away, Rong Yan carried MeowMeow and Gu Hesheng and turned to enter the main gate.

Gu Hesheng laughed and said, "the two of you have a good relationship. This kid is worried about you and MeowMeow at my place. Although he is quite narrow-minded, he cares a lot about you. This is a good thing. The most precious thing is that a couple gets along well."

Rong Yan smiled. The bad period between her and Liancheng Yazhi had passed. Although no one could guarantee that the road they would take in the future would always be sunny days, cloudy days, rainy days, and bumps and bumps, at least they had learned to understand each other and think for each other. This was growth.

A married couple's way of getting along was to live their lives. It needed to be managed. This was on the basis that the other party would care about them, so it was easier for a married couple's relationship to develop well.

Three years had passed, and both of them had learned to mature.

.....

Every day after lunch, Rong Yan played Go with Gu Hesheng.

Rong Yan wouldn't. She had never come into contact with black and white chess pieces before, so Gu Hesheng taught her very patiently.

Chapter 769 That girl

Gu Hesheng was very patient. He started from the most basic of go and preached little by little. If Rong Yan did not understand, he would explain it over and over again as if he was teaching his own daughter.

However, Rong Yan really felt that go wasn't suitable for her. It was even more terrifying than math problems.

In order not to learn how to play chess, Rong Yan picked a question that might make Gu Hesheng unhappy and asked, "Do you have a photo of Yingluo?"

Gu Hesheng stopped teaching the game. I don't have a picture. But I do have a painting.

"Can I take a look?" If someone said that you looked exactly the same as a person, no matter who it was, they would be curious. The appearance was not that impressive. She really wanted to see for herself how similar that woman was to her, and whether it was exactly the same as what Gu Hesheng said.

Gu Hesheng was silent for a moment before saying, "sure, follow me."

Rong Yan didn't expect Gu Hesheng to really agree. She was happy and quickly stood up, following behind Gu Hesheng silently.

He came to a locked room. The lock was dusty and rusty, as if it had not been opened for a long time.

Gu Hesheng took out the key and with a click, the rusty lock was opened.

when he pushed open the door, he felt a moldy smell coming at him. under the sunlight, he could see a lot of dust flying out of the room.

After waiting for a while, the aura inside dissipated a little. Gu Hesheng said to Rong Yan, "Come in,"

rong yan followed behind gu hesheng and entered the room.

The furnishings in the room were very old. The tables and chairs were covered in dust, and cobwebs could be seen everywhere. It had really been a long time since anyone had come in.

"It's been many years since I've been here," Gu Hesheng said with some emotion.

Rong Yan found it strange. Since he cared so much about that woman, he should be reading her words every day. Why did he lock the portrait in the room for a long time without looking at it?

although she was curious, rong yan did not ask.

She saw Gu Hesheng open a very old-fashioned box and take out a picture frame wrapped in brown paper. Rong Yan looked at it and estimated that the picture in the frame should be about 40%.

"take a look at it yourself." gu hesheng passed the painting to rong yan.

Rong Yan hesitated for a moment before she took it. Then, she slowly opened the tightly wrapped kraft paper.

When the oil painting was completely exposed in front of Rong Yan, her eyes widened and she even forgot to breathe.

Gu Hesheng looked at Rong Yan's expression and a look of reminiscence flashed in his eyes. He asked with a smile, "Very similar, Yingluo."

After a long while, Rong Yan said with a trembling voice, "It's too much, it's too much,"

when she saw that moment just now, rong yan almost thought that it was a portrait drawn without her knowing. it was really so similar that it was unbelievable.

The woman in the portrait was wearing a dress that was as blue as the sky. It was an old dress from more than 20 years ago, one that could be seen occasionally on TV. Her hair was soft and long, and it fell over her shoulders. She stood under a white poplar with a sweet and quiet smile. From the portrait, she should be a quiet girl.

On the lower right corner were the words, 'nonghui on July 10th, gifted to Yan yang'.

Yan yang was stunned.

Rong Yan only knew now that the name of the person Gu Hesheng had been reminiscing about was actually this. It wasn't Yan yang from Yan yang, but Yan yang. It was a nice name.

If it was 'Nong', then it should be Lu guinong's painting. However, why did the painting that he gave Yan yang end up in Gu Hesheng's hands?

Chapter 770 The Mandarin Duck pattern

The relationship between these three people was really complicated.

Logically speaking, Lu guinong and Gu Hesheng fell in love with the same woman at the same time. Furthermore, Liancheng Yazhi had told her that the woman was found out to be pregnant by the school and was ordered to drop out of school. Perhaps the child was one of them, so they should have turned against each other. Even if they did not hate each other, their relationship should not have been very harmonious.

Rong Yan looked at the portrait for a while and returned it to Gu Hesheng, "I didn't really believe what you said about the drawing, but after seeing it, I realized that it really looks like it. If I didn't know in advance, I would have really thought that this was a drawing that I didn't know about, Wanwan."

Gu Hesheng took the painting and Rong Yan happened to see the back of the painting frame. There was a small black pattern on the lower left corner of the back. On closer look, it was a small pattern that was neither fish nor fowl. It looked like a duck but also a little like a chicken.

seeing this thing, an image flashed through rong yan's mind. she felt a chill suddenly approaching her body. her hands and feet slowly turned cold, and a layer of frost seemed to be forming on her head.

After a while, Rong Yan moved her lips and pointed at the pattern behind the picture frame. "what's this? it looks fun, yingluo."

Gu Hesheng flipped the frame over to take a look and laughed. this ... Yan yang was the one who made up the story after she received the painting. She said that she did not dare to paint on the canvas carelessly as she was afraid that she would destroy the painting. However, she wanted to leave her own mark, so she painted a Mandarin Duck at the back, which was the 'yang' in her name.

When he spoke of this, Gu Hesheng's face carried a smile of reminiscence. Presumably, the relationship between the three of them was still very good at that time.

Rong Yan forced a smile. Oh, Huahua, so you're a pair of mandarin ducks. I thought you were a duckling just now.

gu hesheng's smile grew wider. "when she finished drawing and showed it to us, we all said it was a duck like you. she was very unhappy."

The 'we' he was referring to was definitely him and Lu guinong.

Rong Chen pretended not to know anything and asked, "Then how did this painting end up with you? Is this a gift from Madam Yan?"

The smile on Gu Hesheng's face gradually faded, "let's go out. This house has not been cleaned all year round and is very dusty. It's very humid and it's not good to stay here for too long."

gu hesheng had deliberately changed the topic and did not answer rong yan's question. there must be something that he did not want to face.

In that case, Rong Yan did not intend to continue asking. "Yes, sure."

After she left, Rong Yan's expression was not very good. The 'Mandarin Duck pattern' on the back of the picture frame kept flashing past her eyes.

.....

In the afternoon, Rong Yan accompanied Gu Hesheng to drink tea and learn how to appraise treasures from him. She did not continue to play Go.

They seemed to have made an agreement that they would not mention it again. It was as if nothing had happened.

At six O'clock in the afternoon, Liancheng Yazhi arrived at Gu Hesheng's house on time.

"Mr. Gu, I'm here to take rongyan and MeowMeow back. I won't be accompanying you for dinner. The mother and daughter have caused you trouble today."

Liancheng Yazhi spoke very politely, distancing himself from their family's relationship with Gu Hesheng.

"Mr. Liancheng, you're too kind," Gu Hesheng said with a smile.

liancheng yazhi nodded at him. "then we won't disturb you anymore. goodbye, mr. gu."
