

Permit Me 831

Chapter 831 are you still a man?

Tang Ziyu's father snorted and turned to Xia Xuanmo, "xuan mo, what did you do about this? Why did this happen? how could such a person enter? There are so many media reporters outside, do you want our Tang family to become the laughingstock of everyone?"

Tang han grabbed his uncle and stopped him from continuing, "uncle, please.

when tang han heard that liancheng yazhi had come, he was particularly worried. he was afraid that he had offended liancheng yazhi the other day, so he had deliberately come to seek revenge.

He hurriedly followed over. After seeing Liancheng Yazhi, Tang han felt that he was right. He had offended Liancheng Yazhi.

At this moment, Tang Zhen still didn't know that regardless of whether he had offended Liancheng Yazhi or not, there would definitely be a lot of 'smashing' today.

Xia Xuanmo looked at his parents and then at Tang Ziyu's parents, "dad, mom, uncle, forget it, ran ran and the others are my friends. It's already very good that they can come. Let the engagement continue, ran ran.

Rong Yan was shocked. She didn't expect Xia Xuanmo to be able to endure this.

Father Tang wasn't willing to let it go. He wanted to make the Tang family look good at the engagement party, but the way Liancheng Yazhi and the others dressed at the funeral had ruined the entire engagement party. The Tang family's image would never be restored. They would become the laughing stock of the entire capital because of this.

Not only would it not bring any benefits, but it would also cause great destruction. Of course, he could not just let it go.

he said angrily, "you're disdainful of xia xuanmo. are you even a man? i married my daughter to you, but look at what you've done to a good wedding. "You even know these scoundrels, so why don't you quickly deal with these people?"

liancheng yazhi chuckled. what a bunch of scoundrels. they had already risen to this level.

Tang Han's scalp tensed up when he heard this. His uncle actually dared to say that Liancheng Yazhi and the others were bad friends. This was forcing the Tang family to their deaths!

Tang Zhen pulled on Tang Ziyu's father and said in a low voice, "uncle, don't talk nonsense after drinking two glasses of wine. let's get engaged first and talk about the rest later."

the more tang ziyu's father tried to persuade her, the more he shouted, "Engagement? What's the point of getting engaged? I'm not getting engaged."

he thought that in this marriage, the xia family also needed them, and this engagement banquet was arranged by the xia family inappropriately, so someone like liancheng yazhi sneaked in. therefore, he wanted to use this as a raft, hoping to give xia xuanmo's family some prestige and seize control of their family.

Su Yue rolled her eyes. Why didn't his uncle cry? How did he climb to his current position with such intelligence?

Tang Zhen was so anxious that he wanted to hit someone. He held Tang Ziyu's father down and said angrily, "Uncle, you're drunk."

He quickly said in a low voice, "uncle, this is not the time for you to put on airs. That's Liancheng Yazhi. Kang Yu, the wind makes Tang. Don't offend people recklessly. We are not the only choice in the Xia family. Don't cause trouble!

Tang Ziyu's father was instantly stunned by Tang Han's words. What followed was an overwhelming regret. He blamed Tang han. why didn't you say so earlier? "

Tang han was already powerless to say anything. Before he came, the person who reported to him clearly said a lot of 'young master ya, young master ya, young master ya Yufu'. In the entire capital, who else would dare to use this title other than Liancheng Yazhi?

Chapter 832 A special killer move

Tang Ziyu's father was a person who would not hesitate to slap himself in the face. After saying those words just now, but after knowing Liancheng Yazhi's identity, he turned to father Xia and said very sincerely, "in-law, I was just speaking in a moment of anger. Since Yingluo is a friend, let her come. The wedding will continue. Don't miss the time.

father xia was very angry at first, but now he knew that it was useless to be angry. whether it was the tang family or liancheng yazhi's small gang, it would only make things worse if he made a fuss. he could only bite the bullet and say, "Alright, Zhenzhen, continue."

Liancheng Yazhi and the others sighed at the same time. They finally knew where Xia Xuanmo learned the divine Ninja technique from. It turned out to be a family inheritance!

Xia Xuanmo glanced at Liancheng Yazhi. I don't want to take care of you. You can do as you please.

With that said, she left with father Xia.

Father Xia's face darkened. take care of the reporters outside, " he ordered. don't report a single word about what happened today.

" yes, " xia xuanmo said. " the secretary has already gone to deal with it. "

Father Xia stopped and looked at him. Xuan mo, I don't want anything to happen next. he said.

"i know." Xia Xuanmo turned around and looked at the few people who were enjoying themselves as if they were in their own homes. Their presence was like a time bomb, and no one knew when it would explode. Therefore, even he could not guarantee that the rest would go smoothly.

It was precisely because he was afraid that things wouldn't go well that Xia Xuanmo wanted to quickly hold the engagement ceremony, so as to avoid any unexpected changes.

The emcee was the city's mayor. He was originally very glad to be the emcee this time, but ever since he saw Liancheng Yazhi and the other four appear, he began to regret it.

Standing on the stage, he was nervous for a while before he said, " thank you for coming to Mr. Xia Xuanmo and miss Tang Ziyu's engagement ceremony tonight. I believe that with everyone's witness, their marriage will be a Golden Boy and a Jade girl, a match made in heaven.

now, the engagement ceremony of ran ran officially begins. Please welcome Mr. Xia Xuanmo and miss Tang Ziyu.

The mayor had prepared a lot of fancy words, but now he didn't need them anymore. He braced himself and said something that he didn't even know what he was saying.

Xia Xuanmo stood on the stage, and Tang Ziyu finally appeared in front of the crowd, holding her father's hand.

She had to admit that Tang Ziyu was a very bright and beautiful woman. She was tall and wore a slightly low-cut long dress. Her figure was curvaceous and very good. From her dress, her makeup, her smile and eyes, it could be seen that she was a very open woman. Her temper should be the kind that was very hot.

As the saying goes, 'love the house and its Crow', so was hate. Rong Yan hated Xia Xuanmo, so naturally, she also disliked Tang Ziyu. She nudged Liancheng Yazhi with her arm and said, "Are we just going to watch them get engaged? I'm feeling very displeased, what should I do?"

I don't like it either, " Feng nongtang said. I thought that with our appearance, we would be able to make them shrink back into their shells without doing anything. I didn't expect them to be so strong. What should we do next? "

Liancheng Yazhi patted Rong Yan's back. don't worry, there's still a killer move behind.

"What trump card?" Rong Yan asked in surprise.

Liancheng Yazhi smiled evilly and glanced at his watch. "Of course, I've specially prepared it for the two of them. It should be time to start the countdown."

Chapter 833 The dark Demon King and the handsome young man

Just as Liancheng Yazhi had said, the trump card he had found was about to appear. When the two newlyweds on the stage were about to exchange their engagement rings, a man suddenly walked through the crowd. At first, no one noticed him, but as he said something, the Tang family saw him.

He just casually said,"Oh, so it's an engagement. No wonder it's so lively, hehe."

Tang Ziyu's parents were originally smiling, but when they saw the man who suddenly walked up to the stage, they were so scared that their faces instantly changed.

Tang Ziyu's father pointed at him and shouted, "Tang Zong? You, you, you, you, who let you come?"

The person who had just arrived was Tang Zong, whom everyone in the Tang family was afraid of, hated, and avoided.

the moment they saw tang zong, liancheng yazhi and the others were especially surprised. this was because yingluo, this kid, looked particularly obedient. he had a beautiful child-like face and looked like a young man who had just turned 20.

Red lips, white teeth, big eyes, double eyelids, black hair that stuck to his scalp, and broken bangs on his forehead, making his skin look even fairer. His eyes were watery, and he was wearing a black suit with a white shirt inside. He was not particularly tall and looked a little thin, but he had a clear and clean aura.

as he stood there, everyone felt that he was a standard model of a beautiful man. they could not find any similarities with the legendary demon king, tang zong.

Even Liancheng Yazhi, who had already seen Tang Zong's photo, was puzzled when he saw Tang Zong in this state. This Qianqian was Tang Zong?

Kang Zheng, who had always been curious about Tang Zong, couldn't help but curl his lips when he saw Tang Zong.

Was this young man really the legendary Dark Demon King? This was a little too unbelievable.

In Kang Yu's heart, Tang Zong shouldn't be like this. At the very least, ran ran should be like Feng nongtang, right?

Feng nongtang shook his head and sighed,"damn, this is Tang Zong?" Isn't this too shocking?

Rong Yan did not know anything about Tang Zong, but she was very puzzled about one thing. Why did the Tang family seem to be particularly afraid of this young man?

that was because the moment rong yan saw tang zong, everyone in the tang family, including su jue, had a look of horror on their faces. tang ziyu's condition seemed to be particularly serious, and his face was pale.

Therefore, Rong Yan was sure that Tang Zong's influence in the Tang family was not ordinary.

Tang Zong's cherry-red lips slowly curved up, and his smile made people's hearts beat faster.

He nodded politely at the Tang family members on the stage. "Uncle, Auntie, big brother, it's my cousin's engagement. It would be outrageous if I didn't come. No matter what, I have to give my cousin and her future brother-in-law some gifts."

"Tang Zong, stop fooling around." What Tang Zhen was most afraid of was that Tang Zong had come. He had clearly concealed the news, but in the end, he had miscalculated. Tang Zong had still received the news and returned.

One was Liancheng Yazhi, and the other was Tang Zong. These two people were enough to ruin this engagement party.

Tang Zong gently laughed and said with a good temper, "Big brother, look at what you're saying. I'm surnamed Tang after all. How can I ruin my cousin's engagement party like other people? Don't be so defensive, I'm really 'only' here to give you a gift. Even if I want to drive you away, you should at least wait for me to give you a gift!"

Chapter 834 The destructive power of the dark-skinned pretty boy

rong yan felt that tang zong's words were quite ridiculous. when he said those people who ruined tang ziyu's engagement, was he referring to them? [young master ya: is there anyone else besides us?]

However, Rong Yan was really a little worried. She nudged Liancheng Yazhi. he said that he's different from us. He's a member of the Tang family. Could he really be helping his family? "

Liancheng Yazhi was not worried at all. Instead, he looked like he was watching a good show. he's indeed different from us. The gifts he gave us are different, so of course, they're different.

Feng nongtang saw that Kang Yu was also watching the fire from the other side and was not in a hurry at all. He asked, "You're not worried?"

"Why should I be worried? if he could give me a normal present, he wouldn't be Tang Zong," Kang Zhuo replied lazily. He wouldn't be that Tang Zong who had been a professional at smearing the Tang family's reputation for thirty years!

Although Tang Zong had said that, it did not make the Tang family members, who truly understood his character, relax. Instead, they became even more nervous.

they all knew that tang zong would never do anything that was beneficial to the tang family. he was like a debt owed by the tang family's previous ten generations. this time, all of it was concentrated on tang zong, and he was going to take revenge on them.

Tang Zong slowly walked forward and then jumped onto the stage.

The platform was one meter high. It would be extremely strenuous for an ordinary person to jump on it, and it would definitely appear clumsy. However, Tang Zong's body seemed to be especially light.

However, what caught Rong Yan's attention was the woman behind Tang Zong who was emitting a cold aura. She was dressed in black, and her neat short hair that reached her ears covered her right eye. Her dark red hair was like blood, and she was like a ghost, following Tang Zong step by step.

Tang Zong went up the stage, and the Tang family members immediately stood together. Tang Zhen stood at the front, and Su Yu stood on his left.

Tang Zong's smiling eyes swept across the room. su Yue is here too. How have you been? "

Su Yue was not as afraid of Tang Zong as the Tang family. He smiled and replied, "I'm alright, but I don't think I'm as comfortable as you."

Tang Zong raised his hand and flicked away the dust on his sleeves. that's right. If you can't live here anymore, you can come and find me.

"Sure, I'll go to your place when I have the chance," su Yue said.

Tang Zong turned his head and respectfully asked Tang Zhen, "Big brother, do you have anything to say to me?"

Tang Zhen sighed. since you're here, don't cause any trouble. Wait until Wufeng's banquet is over. Then, follow me to my parents 'place.

Tang Zhen shrugged his shoulders indifferently, " sure, as long as they don't get a heart attack when they see me, I can go back at any time. F * ck, if big brother doesn't have anything else to say, then I'll give my carefully prepared gifts to my cousin and future brother-in-law.

Tang Zong stretched out his hand and pushed Tang Zhen to the side. He looked at the sexily dressed Tang Ziyu, from her hair to her feet.

In Tang Ziyu's trembling and frightened eyes ...

Tang Zong finally opened his mouth. tsk tsk, cousin, you've grown a lot. Your figure is getting better and better. Compared to ten years ago, it was a B, but now it's a D. It seems like you've eaten a lot of stuff to enhance your chest. However, I'm not sure if this man will be able to satisfy you.

Rong Yan was speechless. What the hell, what did Tang Zong say? why did it sound so ridiculous? it was incredible.

Four years ago, Tang Ziyu was probably only a sixteen or seventeen-year-old girl. How did Tang Zong know his cousin's chest size at that time?

Chapter 835 I've always been shameless, the whole family knows that

The most terrible thing was that he actually asked a man so openly if he could satisfy Tang Ziyu? What did he mean by that?

Rong Yan felt that she couldn't be blamed for thinking dirty and unhealthy, but it was impossible for Tang Zong's words not to let her think too much.

Liancheng Yazhi hugged Rong Yan and said with the mood of watching a good show, "Look, Tang Zong is about to use all his strength."

Tang Zong's appearance made everyone, who was initially focused on Rong Yan's group of five, turn their attention to him. This kid was indeed as Kang Yu had said. He had been professional in discrediting the Tang family for thirty years. He was conscientious, diligent, and had always surpassed himself.

Following Tang Zong's words, the expressions of the Xia and Tang family's members changed the fastest and most interesting.

Xia Xuanmo didn't have any special reaction, he just frowned. It was true that he didn't like Tang Zong, but he clearly understood the meaning of Tang Zong's words, but he didn't care. At least this showed that he didn't care about Tang Ziyu's character and private life, he only cared about her identity and family background.

However, Xia Xuanmo's parents were different at this moment. Their faces were dark, and Xia Xuanmo's mother was so angry that she forgot to put on a heartbroken expression.

Tang Ziyu, on the other hand, was the exact opposite. She leaned weakly in her mother's arms, her eyes full of tears, and she shouted with grief and indignation, "Tang Zong, you ... You ... You ... Shameless ..."

Tang Zong's clean and well-behaved eyes looked at Tang Ziyu, and with a smile unique to model students, he said, "tsk, I've always been shameless. Everyone in the family knows that. However, I wonder who was the one who knew that I was shameless and still threw herself at me.

Rong Yan's eyes immediately lit up. Paying for it?

Could it be that the Tang family still had an improper relationship? This taste, this explosive degree, it's too much.

Rong Yan said to Liancheng Yazhi in a low voice,"it seems like it's worth it for us to come here."

"Your husband is amazing, right?" Liancheng Yazhi raised his eyebrows.

Rong Yan gave him a thumbs up. impressive. How did you find this walking human weapon? ”

While they were watching the show, the people in the center of the whirlpool were not as relaxed as them.

Tang Ziyu’s father shouted in panic, ” “Don’t talk nonsense. The Tang family doesn’t have a descendant like you. Get out of here.”

Tang Zhen immediately stood in front of Tang Ziyu. He knew that Tang Zong’s appearance would not be good. He glared and said, ” “Tang Zong, don’t force me to use force on you.”

as soon as he finished speaking, tang han felt a cold sensation on his neck as if something hard was pressing against it.

He had been in the Army for many years, so he knew what it was without even looking. It was a pistol with a 9mm muzzle.

The person holding the gun was the ghost-like woman behind Tang Zong. She was actually able to appear behind Tang han without him noticing. This woman’s skills were already above his.

Even guns had appeared in the engagement party. The crowd below the stage exclaimed one after another, and some even wanted to run out.

A look of pity appeared on Tang Zong’s face. big brother, you’re always like this. You’re always so rough when you open your mouth. Why do you have to do this? I’ve already said that I’m here with sincerity to give you a gift. Our cousin and brother-in-law haven’t even said anything yet. Why are you in such a hurry? ”

Tang Zong glanced at the red-haired woman and said in a reproachful tone, put the gun away. You’re too insensible. How can you use weapons on such a festive day? quickly bring the gift I prepared for my cousin.

Chapter 836 An Angel’s appearance, a Devil’s heart

Rong Yan was really looking forward to Tang Zong’s gift. She was even a little eager to get it ready. To be honest, this was really a wedding full of twists and turns.

Rong Yan said to Liancheng Yazhi excitedly, ” “Hubby, this is much more exciting than our engagement party. How did the Tang family end up with such a weirdo? it’s as if zhenzhen was born to harm the tang family.”

Upon hearing this, Liancheng Yazhi hurriedly said, ” don’t tease me. I don’t want our engagement party to be as lively as this. In the future, I think it’s better not to hold our wedding parties in the capital.

liancheng yazhi wanted to give rong yan a grand engagement party and a wedding of the century, but-

Definitely not this kind of excitement, definitely not!

He could destroy other people’s stage, but he would take the life of anyone who dared to do so.

Feng nongtang didn’t hear Liancheng Yazhi’s words at all, and he repeatedly agreed with Rong Yan. “Isn’t that so? This was too f * cking exciting. This engagement party could already be considered the most exciting in history.”

feng nongtang had a very strong feeling that tang zong's gift was even more impressive than them wearing their funeral clothes to the wedding.

Jian Xiao smiled, "everyone who comes today will have a good time."

At the beginning, they had set off a small climax, and then came Tang Zong, who could be called an expert in smashing things up. This engagement party of the Xia and Tang families would be the most prestigious one in history for a long time.

The few of them looked at each other and laughed at her. At this moment, the 'female lead' Tang Ziyu's face suddenly became ferocious, and she screamed hysterically, "No, I don't want it. Tang Zong, if you dare to bring the gift up, I will die Here!"

Tang Ziyu's appearance was not because of anger, but because of fear. The fear from the bottom of her heart made her tremble all over and made her lose her mind. She had completely lost her usual warm and beautiful appearance.

who in the tang family didn't know what kind of person tang zong was? no, he wasn't a human at all. he was a demon who was born to collect debts from all the tang family members.

When he was young, he had an unparalleled beauty. He had used the appearance of an Angel to cover his devilish heart and deceived so many people.

There was only evil in Tang Zong's blood. His brain was twisted and perverted. He had no morals, no ethics that normal people should have. In this world, there was only what he thought, nothing that was impossible to do. He, Lao Ai, was a madman.

What's more, if there was an international bounty on the head of the terrorist group, it would not be strange for Tang Zong to join in.

It was because of the understanding he had when he was young that Tang Ziyu knew that Tang Zong's gift was definitely not a good thing.

Tang Zong was someone who didn't know what face was. He chuckled, and his face, which looked much younger than his actual age, made him look like a harmless animal. He said in a very gentle voice, cousin, you don't have to be so polite. You don't have to feel embarrassed. As your cousin, I'm really happy for you that you're getting engaged. Otherwise, I wouldn't have come all the way here just to give you a gift. Your attitude is really disappointing.

Tang Zong's accusation, coupled with his sad and regretful expression, made those who didn't know what was going on feel that Tang Ziyu had gone too far. How could he treat his own cousin like this?

Chapter 837 tang zong's gift appears

those people had been deceived by tang zong's appearance. only those from the tang family who knew tang zong's true colors would know how big a 'bomb' this kid's gift would be.

Tang Ziyu grabbed her mother's hand with all her might, and only then did she get a little bit of energy. She was not moved by Tang Zong's words at all. She pointed in the direction of the entrance and cursed, "Tang Zong, you lunatic! Get out of my engagement party!"

Of course, Tang Zong wouldn't leave. Instead, he took a step forward with a smile on his face. cousin, where have you learned your manners all these years? uncle and Auntie should be more rude. You're the young lady of the Tang family, how could you be so bad? it's too embarrassing. Even if it's an ordinary guest, you should welcome them well. Besides, we're cousins whose blood is thicker than water.

Tang Ziyu's chest heaved up and down violently. "you're not a member of the tang family, you're not yingluo. i have nothing to do with you. you should have gone to hell long ago."

Tang Zong raised his hand and motioned for Tang Ziyu to calm down. "cousin, calm down, calm down. everyone knows that you have a great figure, but if you wear such a low-cut gown, it'll fall off easily. although you care about so many men and women looking at you naked, you still have to take care of your future husband's face, right? after all, it's not good to be a present if you wear a green hat before you get married. "

At this moment, Xia Xuanmo had already understood that Tang Zong was the 'Thunder' in the Tang family's hearts, and had a great destructive power. And Tang Ziyu, more or less, might have had some thoughts about her cousin.

Xia Xuanmo originally had no feelings for Tang Ziyu, but now he felt very disgusted and disgusted.

However, Xia Xuanmo was a person with excellent endurance. Even if he saw through it, he would not show it on his face. He was a politician and had been in politics for many years. As a politician, the most basic rule was to always make your opponents, subordinates, and people around you unable to know what you were thinking. You must learn not to show your emotions on your face, so that you can climb higher.

and xia xuanmo felt that he had done a good job in this regard. he slowly stood up and said, "since you're here to congratulate us, we'll definitely welcome you. However, can we give you the gift after the engagement ceremony? "

Xia Xuanmo didn't care what grudges Tang Zong had with the Tang family. All he wanted was for the engagement party to be successful. After all, it was just a formality.

Tang Zong looked at Xia Xuanmo with a smile that was not a smile. future brother-in-law, after you see my gift, you'll think that the upcoming engagement ceremony will be more interesting, more exciting, and more unforgettable for the rest of your life. So, Wanwan, you should wait for a while. It won't take too long.

Rong Yan secretly sighed,"actually, even if you don't give it to me, I'll never forget it."

Tang Zong glanced at the woman who was following him. why aren't they here yet? "

The woman had already let go of Tang han and only said two words, "Coming, Yingluo."

her voice was very hoarse and didn't sound like a woman's. moreover, yingying was very old. she stood behind tang zong like a shadow, in his shadow.

Rong Yan really wanted to look at that woman a few more times, but Liancheng Yazhi pinched her face."The gift is here."

Rong Yan looked in the direction that Liancheng Yazhi was pointing at. The people present had automatically split into two groups and made way for Tang Zong's men, making a path that was three to four meters wide.

A burly European man carrying three large boxes walked over and stuttered, "rong yan glanced at liancheng yazhi. " this huahua. "

Chapter 838-Pandora's Box

"A little familiar, right?" Liancheng Yazhi smiled.

Rong Yan nodded. it's a little familiar.

She remembered that more than three years ago, he had attended Feng nongtang's birthday party with Liancheng Yazhi at miyin. At that time, Xuanmo had given Feng nongtang a gift, and that gift had been sent in a box.

If it was really as she had thought, then Tang Zong's gift wasn't that rare.

However, it was very explosive.

It wasn't rare, but it could achieve the most explosive effect. Perhaps, this was what Tang Zong wanted. A person like him would definitely not stick to formalities.

After the six big European men carried the boxes in, they placed them under the table in order.

Tang Zong pointed at the three boxes and said, " cousin, look at how sincere I am. These are carefully selected by my men. I'm sure you'll like them. Why don't you open them and see for yourself? "

Tang Ziyu was already trembling with fear. Tang Zong, if you really want to open these three boxes, I will really die in front of you.

To her, those three boxes were not gifts, but man-eating monsters. They were Pandora's boxes that would bring disaster upon opening. As for Tang Zong, he was the bastard who created Pandora's Box. He was a demon that should be sent to hell by God and never be pardoned or redeemed.

Tang Zong smiled warmly at Tang Ziyu. That smile seemed to have a little shyness in it. His beautiful 'youthful appearance' made many women's hearts warm up and their blood rush up.

however, this man, who looked as pure as a little prince, used the warmest voice to say the most vicious words, " "die? It's up to you, these few boxes can be used as your coffins, and you can save a lot of money."

Tang Zong's voice was very warm, and his expression was very warm. When those words came out of his mouth, it was a little hard for people to think for a moment. It was as if their brains were all tangled up, and they couldn't understand what he was saying.

But Tang Ziyu understood. This time, even her mother did not have the strength to support her. Both mother and daughter collapsed on the ground at the same time.

Tang Zong instructed the few burly European men,"Open....."

Shua, shua, shua, the three boxes were opened one by one.

A tall and muscular white man stood up from the first box. He was over 1.9 meters tall, and his arms were even thicker than a fat man's legs. He stood there naked, and his chest hair extended from his chest to the bottom. It was a disgusting sight.

This scene caused an uproar among the crowd. Many people dropped their wine glasses and plates to the ground.

After Liancheng Yazhi saw it, he frowned in disgust and then suddenly hugged Rong Yan in his arms, refusing to let him see that scene.

Rong Yan only saw a flash in front of her eyes and was hugged by Liancheng Yazhi without seeing anything. She struggled a few times. what is it? ” i haven't seen it clearly, let me see yingluo.”

Liancheng Yazhi hugged Rong Yan tightly and said fiercely, ” “You're not allowed to look at this.”

He had expected that Tang Zong would give them men as gifts, but he didn't expect that Tang Zong would be so shameless as to let these men be naked.

Rong Yan was even more curious. what is that? if you don't let me see it, then tell me.

Feng nongtang said kindly, ” sister-in-law, there's a 1.94-meter-tall Western man in the first box. Uh, he's naked.

Chapter 839 Tang Zong from the stars

After hearing this, Rong Yan no longer struggled. Fine, although she felt that it didn't matter if she looked at other men's naked bodies, it was fine as long as she was thinking about her own man.

However, Liancheng Yazhi would definitely not allow it. Men were petty sometimes. If she did not want to look, then so be it. Otherwise, she would have to coax her when she went back.

The appearance of the first Caucasian man had completely dumbfounded the Xia family and the Tang family. This scene was too unbelievable and had already exceeded the normal range that they could bear.

In their eyes, Tang Zong was not an Earthling at all. He was probably a spy sent by aliens.

His ultimate goal should be to destroy the earth. Otherwise, why, why, why would Wanwan do this? they had no enmity with him!

tang ziyu covered her face and sobbed. she knew that tang zhen's appearance would destroy everything. she was finished. she was finished. no matter what, as long as tang zong was here, nothing would end well for her.

Looking at Tang Ziyu crying miserably, Tang Zong was puzzled, and said very considerately, ” “Why don't you like this one? it's okay, I'll prepare something for you and I guarantee you'll like it. Come on, look at the second Yingluo.”

The man in the second box stood up.

For the last time, everyone said in unison, ” “Shua shua shua”

The light shone on the second gift, and it seemed to be glistening with oil. The black mist was heavier than coal, and it was hard to find such a black color even among black people.

the black man was also naked like the first white man. he was also very tall and strong. his muscles moved with his breathing. if not for his white eyes, it was almost impossible to tell the front from the back.

Tang Ziyu didn't even look at it. She knew that it would only be a bigger bomb when she heard the voices of the crowd. At this moment, she really wished she could just die.

tang zong shook his head and said, "cousin, it's too difficult for you. i've found all the men that you like. they're all to your liking. when you were studying in A country, didn't you like this kind of man? i've chosen them according to your taste. each of them is big and good. i guarantee that they can satisfy you. even if one is not enough, there are still three more. you used to play with them often. i'm sure you can take it. take a look at the third one."

Tang Zong's revelation caused everyone to gasp in shock. This revelation of his was too explosive. It was like a sudden clap of thunder that struck everyone's ears.

The Missy of a wealthy family, her private life was unruly and lewd. Such shocking news could only be heard from Tang Zong's mouth.

Everyone looked at Tang Ziyu with a different color in their eyes.

Especially the parents of the Xia family, they were extremely regretful at the moment. It was too embarrassing. They looked at Tang Ziyu now and felt that he was simply unsightly.

Regardless of whether Tang Zong was telling the truth or not, since he had said it, it had already made many people believe what kind of person Tang Ziyu was.

Father Xia rejoiced. Fortunately, Tang Zong had caused trouble before the engagement ceremony. If such a thing were to happen after the engagement, the Xia family would be embarrassed as well.

They could be said to have been deceived by the Tang family tomorrow. They didn't know at all that it would not affect the Xia family too much.

At this moment, everyone's gaze had already shifted to the third box that Tang Zong had brought, waiting for it to be opened.

with a creak, the door opened, and the person inside slowly stood up.

Chapter 840 the last terminator of the engagement party

With a creak, the door opened and the person inside slowly stood up.

Seeing the third gift, the people who didn't know what was going on exclaimed in disbelief. Obviously, what they saw was too different from what they had expected.

Liancheng Yazhi, Feng nongtang, and the others 'expressions changed. They said in unison, "why is she here?"

Rong Yan realized that something was wrong and quickly asked, "What's wrong? Who is it?"

But ... Liancheng Yazhi did not let go.

on the stage, tang zong looked at the person who stood up from the third box and was stunned for a moment. however, he was never surprised by anything. his way of thinking was never different from others. he scratched his chin and asked with a cute expression, "Uh, Yingluo, why did Yingluo's gift suddenly change gender?"

The red-haired woman said coldly, ” “Only one!”

Tang Zong clapped his hands and an idea came to his mind. ah? If you don’t want to play with men, you can still play with women. This can also be considered a gift for your future brother-in-law. You have both men and women, so you can see if you want to play with each other, take turns, or together. It’s all up to you, Qianqian.”

“Female?” After Rong Yan heard this, her body trembled. She didn’t think about how funny Tang Zong’s words were or how shameless he was. A very bad thought flashed through her mind and she pushed Liancheng Yazhi away. let me see!

Liancheng Yazhi was also shocked. Rong Yan suddenly pushed him, making him unable to react in time, and Rong Yan really turned her head.

When Rong Yan saw the person standing in the third box, her eyes instantly widened. Rong nuo!

After saying this name, Rong Yan wanted to rush forward, but Liancheng Yazhi pulled her back.”Don’t you understand? Tang Zong must have prepared all the men for Tang Ziyu, he himself doesn’t even know how Rong nuo managed to get in. Don’t shout, this is her own business, didn’t you say that you don’t care anymore, let her do whatever she wants, with us here, the Xia family will not do anything to her, don’t worry, this is not the worst situation.”

Rong Yan was anxious and wanted nothing more than to immediately drag Rong nuo back.”But she’s too weak.”

Liancheng Yazhi hugged Rong Yan’s shoulder tightly. she hasn’t been doing anything for the past few days. Isn’t she just waiting for the engagement party? look at how calm she is. She knows what she’s doing and what she wants. Let’s see how it goes first.

Feng nongtang and the others didn’t know what to say.

Initially, they thought that with Tang Zong and them here, the engagement party would be noisy enough. Who would have thought that even with Tang Zong’s arrival, it would not be over? even Rong nuo had come. This was really a case of one wave after another, each wave stronger than the previous. In comparison, the five of them were weak.

Feng nongtang looked at Rong nuo’s beautiful side profile and couldn’t help but sigh, ” each wave is more powerful than the last. What exactly did the Xia family and the Tang family do in their past lives to turn this engagement party into what ran ran is like? ”

“Tang Zong isn’t the Terminator yet!” Kang Yu tilted his head and said.

The person who was the most surprised and affected by seeing Rong nuo was not Rong Yan, but Xia Xuanmo.

Ever since he had decided to be engaged to Xia Xuanmo, he had always wanted to keep this matter a secret. He did not want Rong nuo to know about it. He was very greedy towards Rong nuo, and he did not want to let her go, so he could only hide it. When he could not hide it anymore, he could only imprison her and do not want her to leave even if he had to use all means.
