

Permit Me 841

Chapter 841 Let's cut off all ties from now on

However, Rong nuo had escaped. He knew that it was Liancheng Yazhi who had taken Rong nuo away, but he could not get her back from him.

today, he saw liancheng yazhi and the other four wearing mourning clothes, but he did not see rong nuo. he was shocked, but at the same time, he was a little relieved. if rong nuo did not appear, the wedding could go on no matter what.

He was really afraid that if Rong nuo appeared, he would not have the courage to put the ring on Tang Ziyu's hand.

He really wanted to be like Liancheng Yazhi, to push away his fiancée at the engagement party his father had arranged for him, put the ring on Rong Yan's finger, and propose to her in public, giving her an unforgettable proposal.

However-

He was not Liancheng Yazhi. He was Xia Xuanmo. The burden on his shoulders was a responsibility that Liancheng Yazhi did not have.

however, xia xuanmo had never expected that rong nuo would actually appear on such an occasion, mixed in with tang zong's gift, and stand in front of him so vividly, looking at him with emotionless eyes.

xia xuanmo suddenly remembered that three years ago, rong yan had also looked at liancheng yazhi with the same eyes.

After Xia Xuanmo reacted, he suddenly took a step forward and scolded in a low voice, "Who asked you to come?"

Rong nuo's face was calm. She was not angry, crazy, or sad. She was as calm as a pool of dead water, quiet and indifferent. She looked at Xia Xuanmo and opened her mouth in front of everyone in her voice. "Xia Xuanmo, I'm a person who pays attention to the beginning and the end. Since you don't want to end it, then let me do it! "Thank you for taking care of me all these years, but I don't owe you anything. I've already paid you back for sleeping with you for so long. From now on, we won't see each other. Don't worry, I'm not a clingy person and I won't pester you. At the same time, I hope you won't come and disturb my life."

Rong nuo herself was a person with a very strong personality, and she was also affected by her appearance.

she had always remembered rong yan's words, "you can rely on a man, but you can't rely on him. you can fall in love, but you can't be moved!"

it was impossible to say that they didn't have any feelings for each other after three years of living together. humans were not plants, so how could they be heartless?

Xia Xuanmo chose to be engaged to someone else. Of course, Rong nuo would be sad. However, no matter how sad Yingluo was, she had to keep it in her heart. Rong Yan had taught her that she couldn't show her weakness to others.

On one hand, Xia Xuanmo chose to get engaged, but on the other hand, he refused to let her go. Rong nuo would definitely not allow it.

She didn't want to run away sneakily and be protected by Rong Yan. She didn't want to live as a mistress who hadn't been removed. Since she wanted to break up with Xia Xuanmo, she would break it completely so that Xia Xuanmo would never come and pester her again. At the same time, she wanted to let him know that she, Rong nuo, was not so easy to provoke.

If you make my life difficult, then don't even think about getting engaged smoothly.

If Tang Zong's previous revelation had caused everyone to gossip, then Rong nuo's words were like a stone that caused a Thousand Waves.

Vice Governor Xia, who had a bright future and a good reputation, actually had such a scandal. Moreover, the girl had even gone to the engagement banquet and announced in a high-profile manner that she had cut off all ties with Xia Xuanmo.

This isn't just gossip, Yingluo.

When the Xia family's parents heard Rong nuo's words, they were hit so hard that they felt dizzy and their bodies could hardly take it.

Father Xia grabbed Xia Xuanmo's arm and asked with a trembling voice, "Xuan mo, what's going on? And where did this woman come from?"

Chapter 842 Your love is a gut-piercing poison

Rong nuo stood there neither obsequiously nor arrogantly, and stubbornly raised her chin. Although her gentle and delicate face was not the most beautiful, it had her own flavor.

The purity and sweetness of her body and the light glint in her eyes all attracted a lot of attention. She could attract many men without moving, making them want to protect and care for her.

Tang Zong tilted his head and looked at her. There was a smile on his angelic face. tsk, tsk. There are so many people here today!

however, he liked this kind of liveliness.

"Today, both my old and new lovers are here. If I had known earlier, I would have brought a few of my cousin's old lovers. That would have been more interesting."

Tang Zong said with a little regret.

Tang Ziyu couldn't stand it anymore, so he rolled his eyes and fainted.

Father Tang saw that his daughter had fainted and immediately pointed at father Xia. old Xia, what's wrong with you guys? your son actually has an affair with another woman.

Father Xia immediately disagreed and snorted, "Mr. Tang, don't talk about my son. Which young man doesn't have a past? you'd better discipline your daughter before you talk about my son."

The two of them, who were still happy about forming an in-law just a moment ago, were now glaring at each other.

but none of them paid attention to xia xuanmo.

Xia Xuanmo stood there, his mind and ears completely blank. Only his heart was twitching in pain, getting more and more painful, like the waves on the sea being rolled up by the wind, higher and higher. Rong nuo's words were the wind that rolled up the huge waves.

Rong nuo was not Rong Yan. Her words were not as sharp as Rong Yan's, but that was enough for Xia Xuanmo.

When you like someone and she wants to leave, no matter how gentle you say it, it's a poison that can't be faced directly.

xia xuanmo's face had lost all color, and it was as pale as a white paper.

He looked at Rong nuo, his eyes pleading. He liked her, he didn't want her to leave, he really didn't want Huahua to leave.

However, Xia Xuanmo also knew that it was impossible.

He had thought that Rong nuo had feelings for him, but perhaps Huanhuan would bear with it for a while and continue to stay by his side. However, he did not expect Rong nuo to be so determined. Her temper seemed to be gentler than Rong Yan, but the determination in her bones was the same.

Xia Xuanmo really wanted to open his mouth and get Rong nuo back, but he did not know what to say at this moment. he didn't know what to say. Or rather, he couldn't tell Wanwan!

He could only look at Rong nuo, and could not do anything!

Rong nuo's lips suddenly curved, and her smile was like a jasmine flower blooming in the early morning. It was pure white and fresh like a breeze that blew across the face, refreshing.

She said slowly, " Mr. Xia, I wish you a bright future and a happy family. I'm glad that you chose to get engaged to miss Tang. I've finally seen your true colors. Your choice this time may be the best choice you've made in your life because I can finally leave. Your marriage has fulfilled your future and my future happiness. We've both taken what we need and this is a good result.

Rong nuo's words were actually very tactful, but everyone immediately knew the irony in her words.

rong nuo said in her own way,"xia xuanmo, you can go and ruin other people when you get engaged. i can finally leave you and run to my own happiness."

Chapter 843 The pain that can not be faced

Rong nuo's words could be summed up in six words: Thank you for your help.

This was the biggest punishment for Xia Xuanmo. Her 'thank you' was a fatal blow that was even more deadly than Liancheng Yazhi and Tang Zong's.

rong nuo's calm performance was a blow to xia xuanmo that was far more painful than rong nuo's crying and shouting.

Looking at Xia Xuanmo's body, which was almost unable to support itself, Feng nongtang sighed, " you're indeed sister-in-law's sister. Your words are so profound. Although sister-in-law's words are not as sharp as yours, it's more than enough to deal with Xia Xuanmo, hehe.

Feng nongtang was now quite glad that he had only watched the Rong sisters from a distance. At most, he was itching in his heart and had not really fallen into it, otherwise, his end would be too miserable.

Looking at Xia Xuanmo's expression, Feng nongtang suddenly felt that he was actually quite pitiful!

However, when he gave Feng nongtang a woman, did he ever think that someone else would treat him the same way one day? And it was even crueler.

now, it could be considered as an eye for an eye, he deserved it!

Rong Yan was watching anxiously from the side and didn't hear what Feng nongtang said at all. Would it kill this girl to say such harsh words? those words she said were too soft-faced, she should have been more arrogant, more violent, and more forceful. It was best to let Xia Xuanmo vomit blood and die after hearing it.

Rong nuo's appearance interrupted Tang Zong's high-profile gift-giving session and pushed the development of the situation to a new climax. It also pushed it to another path. From the beginning of the engagement banquet until now, it had completely gone on a divine path of development that even a rocket could not catch up with. It had completely deviated from its main theme.

Tang Zong felt that the current development was very interesting. It was rare for him to be honest. He stood at the side and waited for things to continue developing. He looked at Xia Xuanmo for a moment and then at Rong nuo for a moment. His eyes were jumping with joy, like a Little Prince of the royal family who was curious about the unexpected things in the palace. His appearance was very adorable.

However, those who knew him well knew that his current appearance was the prelude to someone's bad luck.

No one knew what he was thinking and planning.

Rong nuo slowly jumped out of the box. that's all I have to say. Everyone has heard it, Mr. Xia has also heard it. I hope that we will remember this in the future.

Xia Xuanmo could no longer remain silent. He could no longer care about the engagement party, his parents, or his family. He suddenly jumped down from the stage and came to Rong nuo, looking at her with red eyes."You want to leave? but i can't help you. come with me, let's talk in private."

Xia Xuanmo grabbed Rong nuo's hand and was about to walk out, but Rong nuo pushed him away.

Rong nuo's eyes were not big. They were a bit like the classic Phoenix eyes, but not all of them. The corners of her eyes were slightly raised, and her pupils were dark. When she smiled, she was moving, but when she was cold, she would be bone-chilling, and even carry an invisible murderous aura.

Rong nuo replied coldly, " I'm here to congratulate you. After all, we used to be together. It's reasonable for me to come and congratulate you. I've said what I need to say. There's nothing to talk about. Mr. Xia, you can continue with your engagement banquet.

"But I'm not done yet." Xia Xuanmo grabbed Rong nuo's hand tightly and insisted on pulling her away from Xuanji.

Chapter 844 Your whole family are vixens

There were many things that he could not say here. He had to take Rong nuo away.

Xia Xuanmo's strength was amazing. After all, Rong nuo was a woman and could not break free, so she could only be pulled by him.

Father Xia shouted from behind, "Xuan mo, where are you going, Yingluo? come back, Yingluo!"

Rong Yan wanted to chase after him but was pulled back by Liancheng Yazhi. "there will be people following us. you don't have to join in the fun. xia xuanmo has something to say to rong nuo. that's for sure. if he doesn't finish, he won't be willing to give up. this time, let rong nuo solve this matter once and for all."

Rong Yan was worried, "I'm afraid something might happen, Yingluo."

Liancheng Yazhi shook his head. you can't stop it. Xia Xuanmo won't give up today and will continue to pester Rong nuo in the future. Since things have come to this point, let them make it clear at once. Don't worry, Rong nuo's attitude is very firm, just like you. He has made his decision. No matter what Xia Xuanmo says, it will be in vain. Their outcome has been decided long ago. It's Xia Xuanmo who is unwilling to give up, so he pesters Rong nuo until now. But what's the use of Zhenzhen? "

Rong Yan sighed. Back then, when she was on her own, she felt that the degree of worry was much lighter than now. Why did she feel even more uncomfortable when it came to Rong nuo?

When everyone's eyes followed Rong nuo and Xia Xuanmo's departure, Madam Xia suddenly acted out of character and ran down from the stage, staggering as she chased after them, shouting, "I can't let my son Yingluo be seduced by that Vixen, Yingluo!"

As soon as Rong Yan heard this, she immediately scolded Madam Xia angrily, "Your whole family is the Vixen Yingluo."

"Who are you scolding?" father Xia shouted angrily. What does it have to do with you?"

Madam Xia had already run far away. Rong Yan turned around and pointed the gun at father Xia. "scold who? i'm scolding your whole family. if it wasn't for your son's persistent pestering and using all kinds of means, would my sister have been forced to follow him? "why don't you take a look at him? he's not even as good as yingluo." rong yan paused for a moment. she couldn't find him for a while, so she casually pointed at tang zong, who was not far away from father xia.

"Oh," replied Tang Zong. Then, he chuckled. His smile was very clean, and he even revealed a row of sharp little canine teeth. His cute appearance made him look a little shy.

Rong Yan didn't look at him and only cared about quarreling with father Xia. "if it wasn't for your son, i would have found a good man for my sister and married him. your son has wasted so many years, and i haven't even settled the score with you. from now on, i won't hold it against you for what happened in the past, but from today on, you'd better know your place. if you dare to pester my sister again, i won't let you off. also, tell your wife to keep her mouth clean," the man said.

Liancheng Yazhi and the other men standing at the back couldn't help but hold their foreheads. Ever since they entered the venue, Rong Yan had been suppressing her emotions and wanted to find an outlet to vent her hatred for Xia Xuanmo.

However, Liancheng Yazhi pulled her back several times, and the timing was not right, so she had to endure it.

Now that Xuxu had finally found a reason to vent her anger by calling Madam Xia a Vixen, she could not let it go.

Father Xia was stunned by the scolding and only caught the main point of Rong Yan's words after a long time. "You're saying that Yingluo, that woman, is Yingluo, your sister Yingluo?"

Rong Yan raised her chin and glared at him like a big sister. She said arrogantly, "That's right, that's my sister, Rong nuo!"

Chapter 845 He's not qualified to be with my sister

Rong Yan felt that the anger in her heart had not been completely vented, so she continued to make threatening gestures. You'd better keep your son in check and tell him not to think about my sister. He's only worthy of being married to the Tang family. He's not qualified to be with my sister. He can only be a pitiful worm who's climbing up for power and status. He'd better let go and give my sister a happy future. Maybe when we meet again in the future, my sister can still thank him. If he doesn't know what's good for him, then I'll fight your family to the end.

Rong Yan's announcement surprised many people.

Especially father Xia. His son's woman was actually the sister of Liancheng Yazhi's fiancée. This chaotic relationship made father Xia a little unable to get over Wan 'er for a while.

Feng Nongtang sighed in his heart. As expected, in comparison, Rong nuo's combat power and lethality were much smaller. They were not on the same level at all. There was no comparison at all.

Feng Nongtang and the others suddenly admired Liancheng Yazhi very much because he had actually 'subdued' such a lethal face. [Rong Yan: bastard, he was the one who was subdued, okay?]

Xia Fu didn't know what to say at Rong Yan's rebuttal. No matter what, the Xia family was also a well-known family in the imperial capital that had the potential to be rich and powerful. How many could be compared to them? In the whole country, there were countless people who wanted to be related to their family, and there were even more who wanted to marry his son. Why did it seem like their Xia family was worthless to Rong Yan and his son, Xia Xuanmo, had become a pile of stinky dog sh * t?

Although father Xia had been in politics for a long time and was very good at scheming and pretending to be a snake, he was still a civilized person in a high position. In addition, he was usually flattered by others and had long forgotten what it felt like to be stepped on by others. Therefore, when he suddenly met someone like Rong Yan who did not play tricks with you but fell out with you the moment she opened her mouth, he really did not know what to say for a moment. Even if he wanted to scold her, he could not think of how to do it.

Father Xia was in good health and paid special attention to his health. He didn't have any heart disease or cerebral thrombosis. However, he was now in pain from Rong Yanqi's chest.

He clutched his heart and pointed at Rong Yan with a trembling hand. you're tired, you're tired.

Rong Yan raised her hand and casually slapped father Xia's hand away. didn't your mother teach you not to point your finger at other people's faces? also, you'd better not have a heart attack now. You'd better do it after we're gone. Our family has no power or influence, and we can't compare to your family. We don't have money and we don't have time to care about you.

Everyone else present was shocked. They did not know what expression they should use to express their deep respect for Rong Yan. She actually dared to say such things about elder Xia. They were destined to never have such a valiant life.

feng nongtang and the others tried their best not to laugh out loud, but one of them laughed out loud. ” “Haha!”

His laughter was particularly cheerful, and his voice was particularly abrupt. It was even extremely harsh to many people's ears because no one else dared to laugh. At most, they would laugh in a low voice. Only his laughter was particularly loud and piercing to the ears.

He clutched his stomach and laughed so hard that tears were flowing out of his eyes. He bent over so hard that he was about to roll on the ground. Many people were looking at him, but he didn't seem to notice at all. He even asked others, this is too funny. Why aren't you guys laughing? don't you think it's funny, Yingluo? ”

Chapter 846 The people on earth can no longer stop Tang Zong

This person was Tang Zong. Among all the people present, he was the only one who dared to do this.

Father Xia glared at Tang Zong as if he wanted to kill him.

The Tang family couldn't do anything else. Even Tang han chose to turn around and no longer look at him because he couldn't stop Jian Jia.

These Earthlings were no longer able to stop Tang Zong.

Liancheng Yazhi looked at Tang Zong with a little disdain.

“Meowmeowmeowmeowmeowmeowmeow is waiting for us at home. Let's go back first.”

Rong Yan nodded. Since Rong nuo had been taken away by Xia Xuanmo, the engagement party was basically completely ruined. There was no point for her to stay here, so she might as well go back.

rong yan politely said to father xia, “alright, i've said what i needed to say. old mr. xia, i wish you a successful marriage with the tang family. we won't disturb you anymore. goodbye.”

The group of people's mouths twitched when they heard this.

He knew that the engagement party had been ruined, and that one-third of the credit went to him for ruining their marriage. Yet, he still said such things. He really didn't know how to describe his shamelessness.

It was like stabbing someone with a knife and saying, “I wish you good health and a long life.

At this moment, everyone was silently thinking if they could say in their hearts: You can't be so shameless!

Father Xia was so angry that he didn't know what expression to use to express his current feelings!

Feng nongtang Kangxi said to father Xia, "Farewell, Zhenzhen."

The 'funeral group' that had come to the engagement party in a grandiose manner came in a high-profile manner and left in a swagger, completely not caring about the mood of the organizer at the moment.

With the departure of the black group of five, the excitement of the entire engagement banquet was halved. Some people wanted to leave but were stopped.

After all, father Xia was a person who had experienced too many storms. Although he was angry and annoyed, he knew that the most important thing now was to suppress all the things that happened today. The reporters outside, Xia Xuanmo's Secretary, had already made arrangements, so it was estimated that there would not be any large-scale explosive reports.

However, the people who attended the engagement party today were all at the top of the pyramid in the imperial capital. They all knew that the impact on Xia's status could not be ignored. It might even be impossible to regain his reputation in the future. However, there was no other way. Now, they could only ask themselves to know but not to spread it. However, it was too difficult to keep it a secret with so many people.

Father Tang sighed heavily and asked father Xia, "What do we do about today's matter?"

There was no need to talk about the engagement. The most important thing now was to settle the people present.

"you're asking me?" father xia was annoyed. "how would i know?"

Although both of them wanted to put the blame on each other, Wanwan and the others were in no position to blame anyone else. Because the engagement party was ruined and people from both sides were making trouble, it was no big deal!

Although their marriage might be ruined now, the two families were still in the same boat. If today's incident were to be spread, the two families would be very embarrassed, so they needed to join forces now.

the two old men were discussing a solution. after tang zong had laughed enough, he asked tang zhen without any guilt,"Big brother, didn't you say you'll take me to see mom and dad? let's go!" She said.

Tang Zhen gritted his teeth as he looked at him. This was his younger brother. However, he couldn't feel any brotherly love at all. He used to hate Tang Zong, but now, Qianqian was filled with hatred!

Chapter 847 Beat him up ruthlessly until he died

Tang Zhenzhong really wanted to give Tang Zong a good beating. However, the current situation didn't allow for any more problems.

he could only suppress his anger and turn his head to avoid looking at him. no need. Since you've already made a scene and ruined the engagement party, you've achieved your goal. It's time to get lost.

Tang Zhen's parents didn't come and remained in the South to oversee the situation. However, they were also very concerned about this marriage. If they knew that this engagement party had been ruined by Tang Zong, they would definitely be very angry. If he brought Tang Zong to them, wouldn't that be equivalent to sending a death warrant to them? they would be angered to death.

However, Tang Zong wasn't a person who followed the rules. The more you asked him to leave, the more he wouldn't leave.

He seemed to not know what anger was and always had a smile on his face. why did he leave? Big brother, you're too heartless. I haven't been back in the country for ten years, and it's not easy for me to come back. Of course, I can't just leave so easily. I have to have enough fun before I leave, right?"

There was another reason why Tang Zong stayed behind. He realized that after not being back for ten years, the country had become much more interesting than before. Anyway, he had had enough fun after he was done with it. It was just in time for him to come back and play some boring time.

tang zhen was so angered by tang zong's words that he wanted to vomit blood.

He was heartless? Tang Zong actually still had the face to say such words?

confounding black and white, confusing right and wrong, tang zong had perfectly interpreted these two words since he was young.

"it's up to you. you're no longer a member of the tang family. don't come looking for us in the future." tang zhen threw out a sentence.

If it was possible, Tang Zhen would never want to see Tang Zong again in his life.

Tang Zong grinned as he looked at Tang Zhen's tall back. He raised his hand to brush aside his bangs, revealing a small patch of smooth forehead. He had a mischievous look on his face, and he was as cute as a big boy. There were no negative emotions on his body. He smiled and said, big brother, that's not right. You have to take responsibility for what you say. I remember that my name is still in the Tang family's genealogy, right? it's not too late to say this when you ask grandfather to cross my name out. Moreover, I was still a descendant of the Tang family before this.

Tang Han's footsteps suddenly stopped.

Every time Tang Zong said something wrong, his name was indeed still in the genealogy.

The people of the Tang Clan were actually all puzzled about this matter. Why didn't the old master expel Tang Zong from the clan? just based on what he had done, he should have been expelled countless times.

why did he have to keep a descendant who would bring shame to the entire family?

Tang Zong saw that Tang Zhen had stopped in his tracks. His clear eyes turned around and his expression suddenly brightened. He said, "since you're not bringing me back, i'll go back by myself. i don't want others to say that i haven't been back in the country for ten years, and now i'm back to visit my parents. if others knew, they would definitely say that i'm unfilial. sigh, i don't want to carry that reputation."

Tang Zhen's legs went soft and he almost knelt down.

unfilial?

Tang Zong's dictionary actually knows this word?

How could he still have the face to say these two words? Hearing this word from his mouth was like hearing the biggest joke in the world.

“you’re going back by yourself?” tang han slowly turned around. Are you only happy when you anger mom and dad to death?”

Upon hearing such words, Tang Zong's face instantly revealed a look of surprise. That expression was a little like when you bought a drink and opened it, and the words ‘another bottle’ were written on the bottle cap. That kind of surprise made people especially want to beat him up, beat him up, and beat him to death.

Chapter 848 An arrogant woman

Furthermore, Tang Zong was extremely excited as he said, “Really? I can anger them to death when I go back? Aiya, then I really have to go and try.”

After saying that, she turned around happily like a child, jumped off the stage, and was about to leave.

tang zhen anxiously shouted, “tang zong, stop right there! you are not allowed to go back! if you dare to go back, i will not spare you!”

Tang Zong completely ignored Tang Zong's words as he brought the red-haired woman and walked away. As he walked, he raised the back of his hand and waved at Tang Zhen. He said, “Big brother, I’ll be waiting for you at home.”

Threats and threats were completely useless against a pervert like Tang Zong.

Even if there was a knife to his neck or a gun to his head, he would not show any fear on his face. His face always seemed to be smiling, the kind of smile that was especially harmless *^^*

Tang Zong was the kind of person who would become more motivated the more you challenged him. Furthermore, the more you reacted, the more interested he would be.

In short, don’t even think about using a normal person’s way of thinking to measure Tang Zong!

.....

When Tang Zong walked out of the main door, he happened to walk past su Yue.

when there was only one step left between the two of them, they stopped at the same time.

“Do you like that arrogant woman in the mourning dress?” Tang Zong suddenly asked su Yue.

What he said was not a question, but an absolute certainty.

Su Yu was taken aback, but he didn’t deny it. “how did you know?”

The corners of Tang Zong's lips curled up. I’m not blind. Your eyes are already on her. But, your taste is not bad. She’s quite pretty, Yingluo. after he finished speaking, he added, ” “The two sisters are pretty, Yingluo.”

After he finished speaking, Tang Zong ignored su PEI and left the stage with his Army.

Su Yue looked at Tang Zong's back and felt baffled. He didn't understand why Tang Zong would suddenly say something like that. However, he was sure that this perverted kid was up to no good.

Su Ben couldn't think of what Tang Zong was planning. He walked to Tang Han's side and said, "the reporters outside have already left. at the very least, it won't be in the headlines tomorrow."

Tang han pointed at the crowd of guests weakly, " the reporters aren't important. What's important are the people who came to the wedding today.

Tang Zhen's head was about to explode from Tang Zong's actions. He was really afraid that Tang Zong would return to the Tang family without a care.

He wanted to return to the South as soon as possible. However, he could not leave alone before he had resolved the situation here.

Su Yue wasn't worried. there won't be any problems with the two of them around. They've been through a lot. We'll leave this matter to them. Are we still going to continue with the marriage? "

with such a thing happening, the xia and tang families 'original plan of joining forces had been put on hold. continuing was a problem, and not continuing was also a problem. no matter what they did, it was not good.

Tang Zhen shook his head. He was completely helpless in this matter, I don't know. This matter has gone out of control, and it's not something we can control. Whether the marriage will continue or not, it's in the hands of Ziyu and Xia Xuanmo.

Su Yu rubbed his forehead. Ziyu, I think that Jian Jia still wants to get engaged with Xia Xuanmo. The point is that Xia Xuanmo seems to like Rong Yan's sister very much. This time, he left with Rong nuo in front of everyone, leaving everyone behind. Maybe he will choose Rong nuo. Then, this marriage can only be ruined, Jian Jia.

.....

Chapter 849 Whoever marries into their family will be unlucky

Su Yu had been busy for so long, and su Yue really didn't want the marriage between the two families to end just like that.

Tang han smacked his head as he understood something. that woman is Rong Yan's sister? I was wondering why that Rong Yan and Liancheng Yazhi looked like they had an enemy every time they saw me. So this is the problem with Huahua."

His cousin had snatched sister Rong Yan's man, so they naturally didn't have a good expression when they saw him.

Su Yue felt a little dizzy."This rope is getting messier and messier, Yingying."

The people who had never thought of it had now discovered that everyone was more or less related. It was really a mess.

Tang Zhen's mind was in a mess. There were so many things that he didn't know what to do. There was still Tang Zong, a time bomb that could explode anytime.

“Do me a favor. I can’t leave right now. Go back to the South for a while. If Tang Zong really returns, help me block him. That kid is a bastard. If you really meet him, don’t show him any mercy.”

Su Yue hesitated for a while. Although she didn’t want to go back, she still nodded. “Good Yingluo.”

.....

After Rong Yan and Liancheng Yazhi left the hotel and got into the car, she asked, ” “where is rong nuo now? What’s the matter?”

Rong nuo was pulled away by Xia Xuanmo. She could not go and see it with her own eyes, so she felt uneasy.

Liancheng Yazhi’s phone had a message from the person following Rong nuo. He told Rong Yan, ”Xia Xuanmo dragged her to the roof.”

Rong Yan became nervous when she heard the word ” roof “. the roof? will something happen to ran ran? ”

“I won’t, Zhenzhen. Don’t worry.” Liancheng Yazhi hugged her and shook her gently. I’ve already ordered that after Rong nuo and Xia Xuanmo are done talking, I’ll bring Rong nuo to you no matter what the result is.

Rong Yan still felt uneasy. what if, what if, Rong nuo’s heart softened again because of Xia Xuanmo’s words? What if she decides to be with Yingluo again?”

liancheng yazhi laughed, ’why would i think of this? There are two prerequisites to being together.”

“What prerequisite?”

“First, if Xia Xuanmo really wants to be with Rong nuo, he has to give up the marriage with the Tang family, including all the other marriage alliances that will appear in the future, and then marry Rong nuo. But do you think that even if Xia Xuanmo agrees, he can marry Rong nuo?” Liancheng Yazhi lowered his head and asked Rong Yan.

Rong Yan thought for a moment and shook her head. no, I can’t. The Xia parents won’t agree.

The Xia family’s main problem, in the end, was not Xia Xuanmo. It was his parents.

Liancheng Yazhi nodded in agreement. that’s right. After today’s incident, the Xia family’s parents will not agree even more. Moreover, mother Xia is a very melodramatic person. She’s sick of being rich, and her heart is not particularly good. Of course, Xia Xuanmo would not take the risk of angering his mother to death to marry Rong nuo. There are only two paths in front of him. Abandon Rong nuo and obey his parents, or choose Rong nuo and be forced to die by his mother.

Liancheng Yazhi now felt that Xia Xuanmo was quite pitiful. It was really a very unfortunate thing to have such parents.

rong yan snorted coldly. ” even if he agrees, i won’t let rong nuo marry into the xia family. i don’t like xia xuanmo’s parents. in the future, whoever marries into their family will be unlucky. ”

rong yan recalled how madam xia had called rong nuo a vixen today and got angry.

She didn't mind being called a Vixen, but she couldn't bear to hear others call Rong nuo a Vixen.

Chapter 850 Some men should be dumped cleanly

Liancheng Yazhi patted her back to calm him down. also, Xuanji, Xia Xuanmo is willing to marry into the Tang family. He has already betrayed Rong nuo on this point. If she can tolerate this, then you don't have to say anything and let her be.

Rong Yan gritted her teeth. if she really wants to be with Xia Xuanmo, I won't acknowledge her anymore.

Xia Xuanmo's situation was completely different from Liancheng Yazhi's.

Back then, Liancheng Yazhi was completely naive and wanted to test Rong Yan's feelings, but he didn't actually betray her.

As for Xia Xuanmo, from the bottom of her heart, including her actions, there was a substantial betrayal, and it was a very thorough betrayal.

The man next to Rong Yan could be reluctantly forgiven, but Xia Xuanmo could not. He could abandon Rong nuo once for power, so there might be a second time.

Someone once said that when it came to abandoning someone, after you did it for the first time, you would feel that it was not as difficult as you thought.

Then, it would unconsciously form a kind of observation. When he encountered difficulties again, his mind would produce an involuntary self-hypnosis. He would tell himself that he had no choice, that he had no choice, and that he was forced to choose to abandon a second time.

it was a vicious cycle, a vicious cycle that could not be cured.

Rong Yan now hoped that Rong nuo's brain could be smarter and more rational. When it was time to make a choice, she would not hesitate and not procrastinate. Men were different from each other. Some men had to be thrown away cleanly, leave no room, and firmly not look back a second time.

Liancheng Yazhi kissed Rong Yan's cheek. you have to trust her too. I think she'll choose the result you want.

Rong Yan took a deep breath and nodded,"I believe in Yingluo. Yes, I believe in her, Yingluo."

When she returned to the Liancheng family's old house, it was already late at night. Rong Yan glanced at the time and it was already past 10 O'clock. Even MeowMeow had fallen asleep.

Rong Yan was anxious again. it's already so late. Even if Rong nuo and Xia Xuanmo had a car full of words, they should have finished talking by now. Why is there still no news? "

Don't worry, I'll ask Yingluo.

Liancheng Yazhi took out his phone and called, but when he dialed the number, the other party's phone was turned off. Liancheng Yazhi suddenly had a bad feeling.

Did it run out of battery, so it turned off?

Or did something happen?

“any news?” rong yan asked anxiously.

Liancheng Yazhi hesitated for a moment and said, “it’s turned off, Yingluo.”

“Turned off your phone? Did something happen?” rong yan’s mind spun, and many bad images flashed through her mind. she widened her eyes. “Could it be that Xuanji urged Xia Xuanmo to knock them out and then kidnap Rong nuo? no, hurry up and send more people. hurry up, hurry up yingluo.”

lian Cheng yazhi was also a little flustered. he felt that this might really be the case. after all, the xia family had many people deployed there.

“Okay, I’ll call Secretary Zhou. Don’t worry,” he said hurriedly.

When Liancheng Yazhi called Secretary Zhou, the phone in her handbag vibrated. Rong Yan took it out and saw that it was an unknown number.

At this time, Rong Yan really wanted to pick up the phone. She was so anxious that she was waiting for Liancheng Yazhi to send someone over. Besides, she had always disliked unfamiliar calls, so she hung up directly.

However, she received another text message as soon as she hung up.

rong yan opened it casually and was shocked when she saw it.
