

Permit Me 941

Chapter 941 Handsome, don't go!

to put it simply, he was a very strong person, whether it was in terms of willpower or physical fitness, even to the point of being perverted. he had experienced countless life and death situations, and in his opinion, there was no difficulty in this world that he couldn't overcome.

the biggest problem in a person's life was death. if one was not even afraid of death, what was there to be afraid of? what was there that one could not overcome?

However, there were people like Xia Xuanmo who couldn't make a decisive decision at the critical moment when they encountered a problem. After the matter, who would they show their regret to?

Do you think everyone likes to see that bitter face of yours? Do you think everyone likes to hear you wallow in self-pity?

When Jian Jie saw Xia Xuanmo, he didn't even bother to look at him, let alone add insult to injury!

Feng nongtang leaned against the bar counter and sighed, "sigh, I wanted to catch him and send him away tonight, but it's so boring (-).

"Boring. Go back to your wife." He simply drank the remaining wine in the quilt in one gulp.

Feng nongtang was immediately like a lit gunpowder. go to hell, your wife. I'm going back to being a single man now. Don't provoke me.

"tsk, tsk, tsk." she simply ignored him and drank her wine.

but feng nongtang was a person who couldn't stay idle, so he simply ignored him. after a while, he came over again."Why are you in a bad mood?"

"Am I in a bad mood?" Jian Jie said indifferently.

Feng nongtang pursed his lips. are you happy now? do you think I'm an idiot? "

In the end, simple huanzhen said,"you've always been stupid."

"you can't even keep an eye on your own wife. she wants to divorce you, but you don't even dare to say what you really think. if you're not stupid, are you smart?"

Feng nongtang touched his nose. it's none of your business. You'd better think about how to explain it to Rong Yan the next time you see her, Yingluo.

Feng nongtang felt that if he stayed any longer, he would be simply run over and have nothing to say, so he said, "I can't be bothered with you, I'm leaving!"

Feng nongtang ran away dejectedly, leaving a simple person behind.

As soon as he left, another woman dressed sexily and with heavy makeup came over. Her full chest was vaguely sticking to her simple arm. She said in a low voice, "Handsome, let's have a drink together."

Jian Jie didn't even look at her. The glass in her hand clinked against the other's glass, then she drank it all in one gulp.

After drinking, he put down the cup and suggested to turn around and leave, completely ignoring the woman.

The woman quickly caught up. handsome, don't go. Yingluo, let's play together tonight. How about it? "

His meaning couldn't be any more obvious. Let's play together tonight! Wasn't this like asking for sex, inviting a simple 419!

"do you have your physical examination on time?" jian jie asked in a serious manner.

The woman was stunned. Yingluo, What do you mean Yingluo? "

"This is what I meant."

He simply walked past the woman and out.

The woman stood there in a daze for a while, then she cursed, " f * ck your mother's physical examination. How did I meet such a high-quality person? he actually dares to say that I'm not clean. F * ck you, I've mustered up the courage today to clean myself up.

The people around looked at her with strange eyes, and the woman's scolding stopped abruptly. She immediately raised her hand to cover her face, lowered her head, and quickly went into the dim light.

Chapter 942 I like the unrestrained battlefield

once they were out of the bar, the simple sounds around them instantly became quiet.

It was already very late, and there were still many people on the bar Street. Red men and green women came and went, and all kinds of unsightly actions filled the place.

simply looking at the rows of flashing colorful bar signs, he could not help but look up at the stars in the sky.

However, it was almost impossible to see the stars in the night sky in a heavily polluted city with so many high-rise buildings.

He laughed at himself. In this bustling city, he could not find a sense of belonging. He really did not belong here.

He still preferred the vast rainforest and the unrestrained battlefield.

he liked to hear the birds chirping in the early morning in the forest, and he liked the sound of guns and cannons!

.....

At 5:07 A. M., Rong Yan, who was sleeping soundly, suddenly woke up and sat up!

Liancheng Yazhi was awoken by Rong Yan's movements and asked her in a daze, " " what's wrong, baby? did you have a nightmare? "

As he spoke, he reached out to touch her forehead.

In the end, Rong Yan grabbed Liancheng Yazhi's hand and said, "I suddenly thought of something when I was sleeping just now. I guess that Xia Xuanmo will go to Rong nuo. He will definitely go. No, I have to go to the prison first.

As Rong Yan spoke, she hurriedly wanted to jump over Liancheng Yazhi and jump off the bed, as if she wanted to put on a pair of wings and fly over immediately.

Liancheng Yazhi dragged Rong Yan back to the bed. "My queen, can't you see what time it is? It's five in the morning. Where are you going now? Even if you go now, you won't be able to see him. I'll make a call and ask the person in charge of the prison to keep an eye on Xia Xuanmo. If Xia Xuanmo goes to see Rong nuo, ask them to stop him first."

"It's still dark?" he asked. only then did rong yan turn to look at the window. it was still dark outside!

Rong Yan nodded,"alright, I'll sleep a little longer (~ O ~)~ZZ."

With that said, she plopped her head on the pillow, closed her eyes, and fell asleep.

liancheng yazhi was dumbfounded. was he sleepwalking?

After a while, he smiled and lowered his head to kiss Rong Yan on the cheek. Then, he got out of bed to take his phone and went to the bathroom.

As Liancheng Yazhi dialed the phone, he thought to himself that ever since the mother and daughter returned, the place he spent most of his time on the phone was Wanwan's bathroom!

After Liancheng Yazhi gave his instructions, he came out of the bathroom and went back to sleep.

After daybreak, when Liancheng Yazhi left home to go to work at around eight o'clock, Rong Yan was still awake. He told Butler li to tell Rong Yan when she woke up, "Everything has been arranged, if you want to go and take a look, that's fine!

Liancheng Yazhi guessed that there was a high chance that Rong Yan would go. She cared about Rong nuo and would definitely not be at ease if she did not go!

Sure enough, Liancheng Yazhi had guessed right. The first thing Rong Yan did when she woke up was to ask Butler li to take care of MeowMeow.

don't worry, young Madam. I'll take good care of Missy. Before young master left today, he told me that everything has been arranged. You can go and take a look if you want.

Rong Yan nodded. I'm about to go. Can you bring me some breakfast? I'll eat in the car.

Butler li quickly made a sandwich for Rong Yan and brought a glass of milk before taking a car to the women's prison.

Rong Yan wanted to give Rong nuo a heads up in advance, so that she could be prepared to face Xia Xuanmo, or that Yingluo would not see him at all.

Chapter 943 she wouldn't put him in her heart anymore

Rong Yan ate something in the car and asked the driver to speed up to the prison far from the city center.

when they arrived, the prison guard who had received Rong Yan last time brought her to the room where they had met last time.

“Madam Liancheng, please wait a moment.”

“Alright, thank you.” Rong Yan nodded.

“You’re welcome,”

Not long after, the prison guard brought Rong Nuo over.

Rong Nuo’s face was a little thinner than the last time he saw her, her eyes were bigger, and she looked more energetic.

“Elder sister, you’re here.” Rong Nuo was happy to see Rong Yan.

The prison guard left silently and closed the door before he left.

Seeing that Rong Nuo was in such good spirits, Rong Yan felt a little comforted in her heart. She did not make any preparations and went straight to the point. “Rong Nuo, if I told you that Xia Xuanmo has already woken up, what would you think now?”

There was no change in Rong Nuo’s expression. Instead, she smiled and said, “so what if he’s awake? what does it have to do with me? I told you last time that we’ve gone our separate ways and we’ll never meet again. He’s him, and I’m me. When I hear his name now, it’s like hearing the names of passersby on the news every day. I’ll forget it after hearing it.”

“that’s good. he woke up more than half a month ago. at that time, the Xia parents didn’t tell him about you. after that, two days ago, your brother-in-law and I discussed that we couldn’t let him off so easily. even if we didn’t deal with him, we had to make him regret it and suffer. so, I asked Tang Zong to tell him about you. now, it’s said that Hanhan is drunk and depressed. I was afraid that he would come to find you, so I came to tell you in advance.”

After listening carefully, Rong Nuo reached out to hug Rong Yan. big sister, thank you for everything you’ve done for me. I won’t see him. He deserves to regret it. He deserved it. I’ll feel better when I see him, but I won’t take it to heart anymore.

Seeing that Xia Xuanmo was not living well, Rong Nuo would feel comfortable. However, this kind of comfort was like living in a place with bad air and environment. Suddenly, there was a rain that washed the sky clean and finally saw a rare sunny day.

as long as you can let go of him, you don’t have to be afraid of him coming again. However, if he comes and you want to provoke him, you can see him. If you don’t want to pay attention to him anymore, then you don’t have to see him. Your brother-in-law has arranged for the prison guards. If you don’t want to see Xia Xuanmo, they will stop him from coming in.

okay, help me thank brother-in-law.

Rong Nuo paused for a moment and asked, “sister, you asked Tang Zong for help?”

Rong Yan sighed. that’s right. Your brother-in-law originally wanted to look for Tang Zhen, but he didn’t tell me clearly before. When I arrived, I saw the two of them and thought that he was looking

for Tang Zong. In the end, after convincing Tang Zong, he told me that he wasn't looking for Tang Zong. However, now that he's already found him, he has already done what he should do. There's no reason for him to regret it.

Rong nuo said carefully, "I heard that Zhenzhen, when he does things, he has to collect interest, Zhenzhen."

"Your brother-in-law and Gu You'an told me about it as well. They also said that Tang Zong is the kind of person who would never ask for your permission when collecting interest. I was quite worried at first, but now that I think about it, I don't seem to have anything to give him. He can do whatever he wants. He hasn't made any moves yet, so maybe he doesn't want anything at all."

Chapter 944 This is a cruel world

After meeting Tang Zong that night, Rong Yan had been worried for two days when she went back. But now that there was no news from Tang Zong, she slowly felt relieved!

Later on, Rong Yan thought that she might have thought too much, or that she had thought too badly of Tang Zong. Perhaps, that guy was not as evil as she had thought. Hence, Rong Yan's impression of Tang Zong changed a little.

Rong nuo heaved a sigh of relief. I see. It's good that he didn't look for you, Ran Ran.

"Why did you think of asking Tang Zong?" Rong Yan asked curiously.

Rong nuo was a little flustered at first, but she quickly calmed down. "No, Zhenzhen, No. You were the one who said that you were going to look for Tang Zong to settle the matter. Didn't I come into contact with him for a few days? I feel that his brain is a little different from others. I'm afraid that he will find trouble with us in the future."

Rong Yan comforted Rong nuo. Don't be afraid of this, it'll be fine. Even if Tang Zong wants to find trouble, so what? This is not a foreign country, and his circle of power is not here. You don't have to worry about this. By the way, how have you been getting along with the people in the same cell as you recently? Are they still very strange?"

Rong nuo nodded. "It's a little better. At least I know their names and can talk to them occasionally. However, they're silent most of the time. I think it's good this way. Yesterday, a new prisoner went into a cell not far from my cell. I think he didn't kowtow after entering the cell, so his teeth were knocked out and his arm was fractured. So I'm quite lucky now. I thought too simply of this place before I came in. Big sister really has to thank you and brother-in-law."

Before Rong nuo came in, she had no other thoughts than to leave Xia Xuanmo. However, after coming in, she found that the prison was actually a very complicated circle, and the law of the jungle was very serious.

Moreover, as long as they didn't go too far, the prison guards would turn a blind eye to it. There were too many people in a large prison, and the officials couldn't control them.

So after seeing some bad things, Rong nuo slowly realized how terrible this place was.

There were a few times when she was almost stopped by some female prisoners. Fortunately, Liancheng Yazhi had already told the prison guards to take good care of Rong nuo, so there were always people paying attention to her. When they saw her situation, the prison guards immediately came.

later, the criminals here basically knew that rong nuo had a strong background, and no one dared to find trouble with her.

Rong Yan sighed and grabbed Rong nuo's hand to flip her palm over. Her palm was a little rough, and Rong Yan's nose stung. the human heart has always been deceitful and complicated. You've thought too simply of many things in the past. This experience can be considered as a way for you to grow!

Rong nuo nodded hard."Big sister, you really don't have to worry. I don't regret coming here at all. I'm very glad that I've learned a lot over the past few days, much more useful than what I've learned in school. I feel that I can only be considered an adult when I leave this place. In the past, I was too naive. There are too many cruel sides to this world. Compared to before, I'm a lot more fortunate. At least I didn't really encounter difficulties that I couldn't overcome no matter what. Don't you think so?"

there will always be people worse off than you in this world, especially in prison. everyone has their own story.

Chapter 945 You're not allowed to see that woman

Just like the female prisoners in the same cell as her, some of them seemed to be quiet, some were arrogant and indifferent, and some were dull, but who knew how many secrets they were hiding?

Just like every night, in the dead of the night, the woman sleeping on the upper bunk would shiver in fear in her sleep. The woman on the lower bunk opposite her would cry secretly every night, and she would look at a photo that had her head dug out all day long!

These women, perhaps none of them had a more miserable past than Rong nuo!

that's good. I came in a hurry this time and didn't bring you anything. I'll bring you something the next time I come. Rong Yan changed the topic and said, " I'll visit uncle again in a few days, take a picture of him, and bring it over. He's in a good mood now and gets along well with some of the older retired people around him. He usually goes for morning exercises in the morning, drinks tea, and plays chess in the afternoon. He's a lot more energetic now.

rong nuo almost cried. rong yan was even more considerate and careful than she was to rong shenghai.

"Big sister, you're the best, Yingluo!"

Rong Yan flicked her forehead. that's enough, don't be so emotional. I've been here for a long time, and it's time to go. Remember, if you want to see Xia Xuanmo, no matter what he does, you have to clean it up for me.

Rong nuo quickly nodded. don't worry. I know what I should say now. There is absolutely no possibility between me and him.

"It's good that you remember. I'm leaving."

in the end, xia xuanmo followed after rong yan!

however, when he came to see rong nuo, it would not be so smooth!

Xia Xuanmo had been provoked by the wind and simplicity last night. After thinking for a whole night, he finally mustered up the courage to see Rong nuo.

However, when he came, Tang Ziyu stood in front of the door to stop him.

Tang Ziyu was holding a sharp fruit knife in her hand. She cried, "Xia Xuanmo, I will never allow you to see that b * tch.

There was no doubt that Tang Ziyu liked Xia Xuanmo. She once said that she lived her life to meet a man like Xia Xuanmo. When she was a child, she had a dream that the man in her dream had the same face as Xia Xuanmo. So, after meeting Xia Xuanmo, she went crazy, lost her rationality, self-esteem, and pride.

Xia Xuanmo looked at the fruit knife in her hand sarcastically. He didn't say a word and just walked past her coldly. He was stopped by his parents, his family, and his career. These were all things he couldn't resist, but what was Tang Ziyu? if she really dared to, why didn't she stab him?

Xia Xuanmo walked past Tang Ziyu, and the fruit knife did not fall on him.

Tang Ziyu shouted at Xia Xuanmo's back with all his might, "Xia Xuanmo teased you for being too selfish. You clearly know that I love you and that I won't hurt you at all. That's why you're so fearless, right? Yingluo, I can't hurt you, but Yingluo, I can hurt myself."

xia xuanmo paused for a moment, frowned, and scratched his body very unwillingly. but he saw tang ziyu's face full of tears, and the sadness could not be described in words.

Tang Ziyu held a fruit knife in his right hand, and the blade was on his left wrist. "Today, if you dare to take a step out of here, I'll kill myself. I'll do what I say!"

Xia Xuanmo looked at her for a while and finally said, "as you wish."

Chapter 946 Whether you can survive or not, it's up to fate

He turned around and strolled away.

Tang Ziyu cried on the ground, her voice hoarse, "i'll make you regret this, i'll really make you regret yingluo!"

She closed her eyes and exerted force with her right hand. The sharp blade cut her skin, and red blood instantly flowed out. As if she didn't feel pain, she kept exerting force with her right hand. The blade was embedded in her wrist, and the blood flowed like a stream, dying her clothes red.

Xia Xuanmo looked back, but there was no surprise or panic in his eyes. He didn't react to this situation at all. He still turned around and left, but he took out his mobile phone and called the emergency number. As for whether Tang Ziyu could hold on until the ambulance arrived, it was up to God!

xia xuanmo drove to the imperial women's prison by himself. on the way, his mind was filled with rong nuo's face. from the young and tender face he first met to the beautiful and moving face he grew up with. no matter which side she was, he liked her and truly loved her.

Xia Xuanmo knew that he owed Rong nuo a lot, especially this time when his parents conspired to give false testimony and sent Rong nuo to prison. This was a shocking and even crazy incident. However, even so, he still chose to be selfish and hide the truth.

Sometimes, Xia Xuanmo even wanted to shoot himself. He was really a terrible person.

He wanted too much. He wanted to be tolerant, he wanted to preserve his filial piety, he wanted a future. He wanted everything. However, there was no such thing as perfection in this world. If he wanted one, he had to give up the other.

God was fair, but this fairness was cruel!

No matter which one was gone, it would be like tearing a piece of flesh from your body, leaving you with a wound that could never be healed.

Pain would always be with him, and he would never be able to forget the things that he had once abandoned!

.....

After leaving the city, there were about 40 minutes left before they reached the Imperial women's prison. The closer they got, the more nervous Xia Xuanmo became. No, it should be timidity and fear. He did not dare to face Rong nuo, and he did not even have the right to ask for her forgiveness. However, every minute and second without Rong nuo felt like a year. He wanted to see her. He missed her very much. He missed Yingluo very much.

There weren't many cars on the road coming out of the city. Xia Xuanmo's mind was a little empty, so he didn't pay much attention to the situation behind him.

Suddenly, he heard a 'bang' and the car was hit by someone. This brought Xia Xuanmo back to his senses.

He quickly looked at the rear mirror and saw a luxury car that had appeared out of nowhere. The model looked a little like a Ferrari, and the flamboyant red color was unusually blinking.

Xia Xuanmo frowned. Where did this car come from? Why did she bump into him? was it a coincidence or on purpose?

Seeing that the two Ferraris were in hot pursuit, Xia Xuanmo didn't have time to think about anything else and quickly stepped on the accelerator.

As a result, he sped up, and the two Ferraris sped up even faster. In the blink of an eye, they had caught up with Xia Xuanmo's car.

Xia Xuanmo cursed. How was this a Ferrari? it was clear that the outer shell and the inner core of the Ferrari had been completely changed. Just now, his car had been hit, so there must have been a big dent in the back, and the car lights were probably broken. But this Ferrari, not even a piece of paint had fallen off. The safety factor of this car was simply amazing. It was resistant to damage and shock-proof, comparable to a small tank.

.....

Chapter 947 When two cars collide, one will definitely be injured

Xia Xuanmo couldn't see who the other party was, but he could already feel the killing intent of the other party.

In order to get rid of him, Xia Xuanmo stepped hard on the accelerator. Although he had less time to drive since he entered politics, he had also been racing for a few years when he was in college in order to match Liancheng Yazhi and Feng nongtang's crazy tempers. He had even crazily played in black market racing and won several times, so his driving skills were needless to say.

It would be difficult for an ordinary person to win against Xia Xuan.

However, Xia Xuanmo didn't expect that the other party was simply a dog-skin plaster, and after sticking to him, he couldn't get rid of it at all.

when he sped up, the other party was faster than him. when he slowed down, the other party immediately slowed down. they were practically in sync with him.

Xia Xuanmo was anxious and gradually began to worry. He didn't know who the other party was. If it was someone sent by a political enemy, then this time, he would definitely be killed.

It seemed that if he could survive this time, he would have to quickly get back to work when he returned.

In the political scene, who didn't have a few powerful political enemies? who didn't deliberately try to kill the other party so that their road to success would be smoother?

The other party suddenly exerted force, and when they were about to pass Xia Xuanmo's car and there was only a quarter of the car left, the other party instantly made a beautiful and crisp drift. With a bang, the tail of the car hit the front of Xia Xuanmo's car, throwing him from the 60 km/H Lane to the side of the lane.

The wheels of the car rubbed against the ground violently, and the sound of friction was very ear-piercing.

Sitting in the car, Xia Xuanmo's body also moved with the inertia when the car was hit and deviated from the road. His body was about to fly, but he was pulled back by the seat belt, and then his head hit the window. This hit caused Xia Xuanmo's head, which had not fully recovered, to suffer a second heavy injury. He suddenly felt as if his skull was about to break, his ears were ringing, and his eyes were dizzy.

This was followed by nausea, chest tightness, headache, and extreme discomfort.

Xia Xuanmo shook his head hard, trying to keep himself awake. Then he quickly grabbed the steering wheel, tried to control the direction of the car, and quickly stabilized the car.

However, the collision just now had a very bad effect on Xia Xuanmo. Now, he felt that the road in front of him was blurred. He closed his eyes and opened them again several times before he felt better.

However, his head, especially the place where he had fallen down the stairs, hurt as if there was a long nail in his head. It hurt so much that his forehead was covered in cold sweat.

Even his clothes were soon drenched in cold sweat.

However, the Ferrari next to him was still closing in step by step, constantly pushing him to the side of the road, until Xia Xuanmo's car was pushed against the roadside guardrail, like a sandwich.

Xia Xuanmo's car rubbed against the guardrails, and the sparks that popped out looked extremely dangerous, as if the car could explode at any time.

not only that, but the ferrari was constantly approaching and squeezing, causing xia xuanmo's left door to slowly cave in, and the car was already beginning to deform!

Xia Xuanmo turned around and glared at Ferrari. He really wanted to know who dared to do this to him on the street.

The Ferrari seemed to really know Xia Xuanmo's thoughts and slowly rolled down the window, letting Xia Xuanmo see the bastard inside and what kind of hateful face Huahua had!

.....

Chapter 948-natural enemy

The window was completely rolled down, and Xia Xuanmo finally saw the bastard inside.

After seeing the other party's appearance, he was stunned for a moment. The bastard in the car didn't look disgusting at all. On the contrary, he was very good-looking. He had a very warm face when he smiled, and his eyes were like stars, very bright. His skin was smooth and fair, his black hair was very soft, and his face was a little flushed. He looked a little shy, completely like a Little Prince from a fairy tale!

If a passerby saw this face, he would never think that the crazy car race that was almost a death chase was the work of this clean and beautiful man.

He was Tang Zong!

Tang Zong smiled at Xia Xuanmo with a particularly beautiful and gentle smile, without the slightest hostility. But the next second, he suddenly raised his right hand and gave Xia Xuanmo a thumbs up. Then, the thumb slowly rotated and finally pointed down!

They were hitting and chasing on the main road, and now they were even squeezing into other people's cars. It was obvious that they would not stop until they played the other party to death.

and then in the next second, this kind of blatant provocation, looking down on the other person from a moral standpoint, no man could stand it!

Tang Zong, are you sure that there's nothing wrong with your brain?

When Xia Xuanmo saw that it was Tang Zong, he was instantly enraged. All the new and old grudges had turned into flames of anger in his chest.

But right now, his life was in danger. There was no way he could escape from Tang Zong's pincer attack, let alone take revenge!

Xia Xuanmo didn't understand. What kind of hatred did he have with Tang Zong?

Was it just because Tang Ziyu liked him?

Or was it because he really liked Tang Ziyu that Qianqian was going against him on purpose?

Was it like this?

Xia Xuanmo sneered. This idea was impossible. Tang Zong looked at Tang Ziyu as if he was looking at trash. He wouldn't even blink if he crushed her to death. The reason couldn't be because of this.

Then why?

Could it be that they were mortal enemies and enemies from their previous lives? even if they had never met before, even if they had no enmity, they still found each other unpleasant the moment they met?

Xia Xuanmo wanted to roll down the window, but it was impossible for him to do so, because the car door was already f * cking deformed.

Hence, he could only watch as Tang Zong provoked him. He extended his thumb, middle finger, and opened his mouth to speak to him.

Xia Xuanmo couldn't hear his voice clearly, but from the shape of his mouth, he could tell that not a single word Tang Zong said was good. He was scolding him and provoking him.

Xia Xuanmo was so angry that his face turned red and his headache became worse, but his anger supported him and he could not fall down.

However, the car was getting more and more dangerous. If they continued driving like this, it would explode sooner or later!

Just as Xia Xuanmo was so anxious that he didn't know what to do, a siren sounded from behind.

This voice, for Xia Xuanmo, was simply the sound of heaven's salvation.

The two of them were brazenly playing at a speed of life and death on the road in broad daylight. Even if there were few cars on the road, it was not as if there were no cars, okay?

They would be found out sooner or later, so a passing driver quickly called 110 and called the police.

Very quickly, the traffic police's police car gave chase to the address reported by the kind driver and finally stopped the two crazy cars.

.....

Chapter 949 The degree of shamelessness

After the two cars were stopped, Tang Zong leisurely got out of the car.

An elderly traffic police officer saw Xia Xuanmo's car that had been completely deformed by Tang Zong's car and suddenly sighed. It was already squeezed to this extent, how much hatred was there?

Furthermore, the moment they saw Tang Zong's two standard-looking Ferraris, their sharp eyes could tell that there was something fishy about them. This car had been modified so much that it was almost as hard as a tank's iron sheet. It had squeezed the other party into such a state, but the Ferrari was not damaged at all. If it hadn't been modified, it would really be strange.

how could he afford to drive such a car and modify it so advanced? how could he not have money?

the few traffic police officers were a little disappointed. they guessed that tang zong was definitely a second-generation rich kid who had nothing to do. he was definitely a good-looking guy with a brain full of grass.

The older traffic police officer reprimanded Tang Zong, you guys actually drove like this on the main road. Do you want to die? ”

tang zong immediately raised his hand to deny it. ” no, i have very good expectations for my future and life. i still want to marry a wife and have children. of course, i don’t want to lose my life! ”

“if you want to die, why did you crash into someone’s car?”

tang zong innocently spread open his book, pointed to xia xuanmo, who was still in the car and had not been rescued, and shamelessly said, ” “He asked me to hit him. If you don’t believe me, you can ask him.”

The traffic policeman almost vomited blood when he heard that. Someone asked him to hit her?

F * ck, is this something a human would say? Did he mean that he was looking for death?

in the face of a bastard like tang zong, who didn’t give in to both soft and hard tactics, the traffic police really had nothing to say.

The remaining traffic police worked together and spent a lot of effort, and it took more than half an hour to open the back door and rescue Xia Xuanmo from inside.

Xia Xuanmo had just stood on the ground, and before he could even stand still, he suddenly rushed towards Tang Zong. He clenched his fists and wanted to hit Tang Zong’s face. Only he knew the hatred in his heart.

however, tang zong’s luck was good. as soon as xia xuanmo approached, he was stopped by two traffic police officers who were very good at fighting.

“what are you doing?” the traffic police shouted. Bring them back and reflect on your actions. If I don’t punish you today, you’ll turn the world upside down.”

The old traffic police officer looked at the two of them and shook his head. These two people were probably not to be trifled with. Anyway, they didn’t know their identities. He should take them back first. This situation was too serious.

this car is dangerous. It might explode. Seal this section of the road first. Get someone to deal with this car before taking it away. After the car is towed away, we’ll go back to the road.

Several traffic police officers quickly put up road cones and set up a cordon.

The old policeman said to Tang Zong and Feng nongtang,”Let’s go, you two. Why do you still want to fight here?”

“I didn’t want to fight. You saw it yourself. It was him who wanted to hit me,” Tang Zong said shamelessly.

The old policeman vomited blood. You almost killed him. Isn’t it normal for him to beat you up?

Xia Xuanmo coldly snorted. After this incident, he was completely irreconcilable with Tang Zong.

In the future, he would definitely find an opportunity to deal with him. He had finally mustered up the courage to meet Rong nuo today, and he must not let Tang Zong ruin it.

I can't go back with you, " Xia Xuanmo said, suppressing his anger. I can't go back with you.

Xia Xuanmo took out his mobile phone and dialed a phone number. After talking for a while, he handed the mobile phone to the old policeman, " "Your director."

Tang Zong whistled. Tsk, tsk. The Deputy Governor was indeed impressive!

The traffic police took the mobile phone handed over by Xia Xuanmo with suspicion. Looking at the number on it, it was indeed the Bureau chief's number. He wondered, is Nan Cheng a relative of the Bureau chief?

He quickly said,"director, it's Wanwan."

But before he could finish, a series of scolding came from the phone, which stunned the traffic police. The chief's jaw moved so fast that the traffic police couldn't hear what he was saying, but he knew that the chief's words only conveyed one meaning: Don't you f * cking find trouble for me. You dare to arrest him without even looking at who he is? hurry up and let him go!

Since the Bureau chief had said so, the traffic police had to do as he said. In this society, if you had a back door and connections, you would have privileges that others did not.

Privileges were an evil thing. No matter what era or society it was, it was an existence that could not be removed.

in the end, the traffic police could only say, "yes, yingluo understands. i will do as you say."

After that, the Bureau chief hung up the phone, and the traffic police handed the phone to Xia Xuanmo. He didn't even want to say a word and directly waved his hand, meaning: Hurry up, hurry up, don't let me see you here and make you panic.

Xia Xuanmo took back his mobile phone and turned to look at his car. It was basically scrapped and could not be driven at all. How could he get to the women's prison?

Did he have to walk or ask the traffic police for help?

Xia Xuanmo thought for a moment and decided to walk forward on his feet. He had a lot of cash on him, so he wanted to see if he could hail a taxi on the way.

so after thinking it through, xia xuanmo turned around and left.

If he left, only Tang Zong would be left.

"Since there's nothing else, I'll be leaving too," Tang Zong said to the traffic police.

The traffic police officer glared at him. who said he's fine? he's fine, but you're not. You drove an illegally modified car and sped on the road. You deliberately provoked him and almost caused a big disaster. You have to be brought back for investigation.

The traffic police officer had just been reprimanded by their bureau chief and was feeling very uncomfortable. When he saw Tang Zong, he naturally did not have a good expression.

Moreover, he believed that Xia Xuanmo had a powerful backer. He didn't believe that Tang Zong had one too.

He had already let one go, so he definitely couldn't let this one go. He had to take him back and educate him so that he would be aware of his mistakes. Then, he would take a picture of him and put his plate on. He would be a classic example to teach those who didn't drive well.

Tang Zong shrugged his shoulders and slowly took out his phone. alright then. In that case, wait for me for a while. I'll make a phone call.

I didn't want to look for him at first, " he said as he dialed the number. but since you're like this, I'll have to look for someone.

When the traffic police heard that, his heart instantly ached. 'Call again? f * ck you.'

He pressed down on Tang Zong's hand. wait, who are you looking for? "

"Oh, don't worry. I won't look for your chief. The person I'm looking for is not an official." Tang Zong smiled warmly at him.

Just as the traffic police officer heaved a sigh of relief, Tang Zong continued, "I'm just looking for Liancheng Yazhi."

The traffic policeman was stunned for a moment, then he dug his ears. What Liancheng? Liancheng Yazhi?

This name made the traffic police's eyes light up. This name was so familiar. It was such a famous name!

He had a classmate from the police academy who was now working in the police station. This guy had revealed to him more than once how brutal the name was.
