

Physician 1051

Chapter 1051

Da Neng of the reincarnation cemetery has repeatedly stressed that the reincarnation cemetery will not be his card.

The biggest card is the bred blood dragon.

From Jiangcheng to Jiangnan Province, then to the capital, and even to Kunlun Xu, ye Chen almost killed his way.

Countless blood gas is absorbed by the blood dragon, and the blood dragon in the body grows as if it can practice!

Ye Chen can feel the fear of blood dragon in the future!

But the blood dragon needs an opportunity!

Turn it into substance and fly to the next nine days!

Ye Chen's body is constantly passing the sound of dragon chanting! The body is more crackling sound!

"Master, give them to me!" Huang zhantian step out, holding fist!

Ye Chen looked at Huang zhantian, without any expression, but nodded.

Huang zhantian got Ye Chen's permission and rushed out immediately. His sword shook up and down the valley. It was powerful and incomparable!

"Everybody, get down on your knees! Die

A yell resounded through the valley and shocked everyone!

"Zhan Tian, how do you follow ye Shitian

"Ye killed our talented Huang family disciples?"

Huang wugun inquired. The dark iron gun in his hand had a brown luster, and a number of runes lingered on the gun body. The light burst out and swept the sky palace. The fighting spirit was awe inspiring, but it was not the strongest state.

"Of course I know!"

"But, I have taken Ye Chen as my master!"

"If you don't want to die, if you don't want to surrender to my master, you may be able to bypass your life!"

As soon as Huang zhantian said this, people in the valley were frying and boiling!

Master?

No one would have thought that Huang zhantian, a genius with noble status, would take a madman as his master!

What qualifications does Ye Jitian have!

This is an insult to the Huang family!

Many Huang family disciples yelled: "Huang zhantian, you don't deserve to be our little master. You actually recognize ye Shitian as master!"

"Our master only has the blood spirit clan! Have you forgotten what the elder told us? "

"Huang zhantian, you are a dog!"

"Huang zhantian, you don't deserve to be a member of our Huang family!"

"Dog?" Now, even the dog is not alive! You are lucky that you can be the master's dog

He waved the broken sword in his hand, and his whole body turned golden. He asked, "I'll ask again for the last time. Do you want to surrender or not to be a dog?"

"Huang zhantian, dream!"

Whoa, whoa!!

The sword spirit, gun Gang jump to kill, the power is terrible, seems to be to take Huang zhantian's life!

Huang zhantian didn't intend to persuade him from the beginning. No wonder he was attacked by the people below!

Boom!!

Huang zhantian smashed a lot of sword Qi with one fist, and turned over and killed Huang Wu with one sword.

In the distance, ye Chen pinched the code with his fingers. Five seven level humanoid weapons of Daoyuan state suddenly came out. They had no feelings and didn't know the pain. They didn't bear the retreat and dodge attack. They directly killed ten Huang family talents in the virtual kingdom within a minute!

For these Huang people, ye Chen has no pity.

If you don't make use of it, I'm afraid it's also used by the blood spirit clan, endangering the whole Kunlun void!

There are people he loves, his parents and relatives in Kunlun. Ye Chen will never let anything happen to Kunlun Xu!

"Ye Shitian!"

"It's too much for you to take in the people of the Huang family by force!"

"Ye Shitian, you have to pay the price of bleeding to kill my linghaizong

In a flash, Wanyan breaks the army, and a strong man of the eight layers of heaven in the Daoyuan realm, and moves towards Ye Chen at the same time!

Boom! Boom!!!

A sword rain shot out of the sky, just like a meteor shower. It was bright and beautiful. However, with the incomparable and powerful power of killing, the living creatures moved up and down the heaven and earth, causing hundreds of thunder snakes to roar out!

Boom!!

A round of Dao Gang, which sums up the sky, falls from the sky, just like the Milky way falling into the stars. It's terrible!

These people are among the best in the blood spirit secret place!

Some people in the sky list is not low ranking!

Every move has a supreme inheritance!

Don't underestimate it!

At the same time, all kinds of weapons, all kinds of vigorous Qi and blood gas came down, just like thousands of stars falling down. The earth was cracked by the aftershock, and countless plants and plants were turned into ashes, just like the destruction of the world!

"Four people together? I really look up to me

"If it had been before, I might have been afraid! But now I want to say that you are entitled to take my shot

Ye Chen does not change his face. Holding the Jiuyou sky killing gun, he turns around and stabs out a gun. The tip of the gun glows with ice blue luster, and the gun Gang turns into a glacier. He jumps down with an irresistible force to destroy all things, and suddenly kills out! Ye Chen has already mastered Lin Qingxuan's three unique weapons, and with a single blow, he will be able to burst out endless gunfire!

This is also the benefit of stepping into the source of Tao!

Kendo, gun way, all for Dao!

Jiuyou sky killing spear is changeable. It can stab hundreds of spears!

Each gun gang has no match for reality, just like dividing time and space, tracing back to the past of thousands of years, we should bring the heaven and earth back to the general situation of thousands of

years ago. The terror is incomparable, and the six members of the blood spirit clan fall down. The whole blood spirit secret place has little power to resist!

Hundred gun Gang, attached to the glacier, forms a fierce attack that covers the sky!

Boom!!

The glacier took the lead in defeating the gun gang from the random gun, and the strong transverse afterwave shook the gun hundreds of meters away.

Then, the glacier directly wiped out the meteor shower composed of sword Qi, and then defeated Daogang. At the same time, Wanyan broke the army and a golden genius in Daoyuan's eight layers sky, which made Wanyan retrogressive by tens of meters and rolled down to the ground, causing serious injuries!

One person and one gun can resist two talents of nine levels and one of eight levels!

As a result, ye Chen was only the source of Tao, but he was not injured. Moreover, the glacier that he had made was still running forward.

The two linghaizong's geniuses saw the ice spears coming, and each of them made a decision. The shadow of a blue dragon appeared behind them. It was the shadow caused by the secret method, but its power was not bad. The sound of the dragon's singing rocked the sky and the earth, leading to the collapse of mountains and rocks!

Roar!!!

Roar!!

The sound of dragon howling spreads out beyond the sky, imposing!!

In a blink of an eye, the glacier crushed the shadow of two green dragons, and beat the two days of linghaizong into blood fog!

Bang bang!!!

Bang bang!!

Glaciers run over the whole Shatian Valley!

All of the three talents in Xuwang kingdom fell down and were directly pressed into blood mud by glaciers or blood fog by the hundred gun Gang behind them!

Now, there are only 27 people left, all of whom are the source of Tao!

Ye Chen is almost qualified to be respected in this secret place!

This is his chance!

However, out of the secret, facing Mr. Jingshui, it is not so easy for the strong people in each big family!

Ye Chen's whole body's blood gas is more and more rich!

The evil spirit on his body is also covered, just like wearing a cloak!

Chapter 1052

At the moment, Huang wugun fights with Huang zhantian.

How many talented people have been destroyed!

"Not good!"

"What is Ye's way to kill heaven? This is not the power of the source of Tao! He even said that the source of the territory can break out of the Empire! How can it be! "

At the cost of being wounded by Huang zhantian, Huang wugun forcibly withdraws from the battle group and skips toward the West. He had just left less than a kilometer, he was pushed back by the countless sword rain of Ye Chen's sword array!

BAM, BAM, bam!!!

Bang bang!!

The Yellow five spears constantly attack the sword array set by Ye Chen. Not only did they not break the sword array, but also were pierced through the body by several sword Qi, and the blood flowed continuously!

When he looked back at the situation in the valley, his face changed greatly, "how could How can this happen? "

"There are so many strong men that ye Shitian leads six traitors to fight like this!"

"How could..."

Huang wugun saw Huang zhantian and his five humanoid weapons, and besieged linghaizong and luanlianmen's disciples wantonly. The two sects had already suffered serious damage. What's more, Huang zhantian's combat power is still in full swing. It's easy to attack Wanyan Shatian and others!

The five humanoid weapons did not know the pain, and severely damaged dozens of Daoyuan disciples!

Nowadays, almost no one can stand!

Even standing, the eyes only fear!

This is the fear of the strong!

Huang wugun is sure that once ye Shitian leaves the blood spirit secret place, the whole Kunlun will be in chaos!

If the top families and forces outside Kunlun knew what ye shishitian had done in the blood spirit secret place, their first reaction would be to kill them!!

Before that, although ye Shitian destroyed some sects, there was no sense of threat to those top sects!

But now, ye Shitian has stepped into the source of Taoism, but he has the power of emperor's respect!

It's definitely a stumbling block to the top door!

Those old monsters will wipe out ye Shitian at all costs!

In the secret realm, there are three on the ninth floor of Daoyuan realm. Except for Huang wugun, the other two are seriously injured. Five are on the eighth floor and seven are on the seventh floor. All of them are injured!

It will not be long for the six level disciples to survive!

Boom!!

A loud noise, a human shaped weapon was broken.

It was Huang Xuejun who was killed by all the disciples of luanjianmen and linghaizong, and his body was destroyed.

But then, the other four human shaped weapons attacked them and defeated them again. Two Huang family disciples of the sixth heaven of Daoyuan Kingdom died on the spot!

The battle continued below, all kinds of brilliance burst out. Countless crystals were elegant, mixed with Dao Qi and gun Gang, and there were many sword Qi. The scene was magnificent and tragic. Ye Chen above looked down on the whole field like a demon!

At this moment, the Yellow five guns have no intention of war!

He looked at Ye Chen, powerless way: "Ye kill the sky, how can you stop?"

"This answer, you should be very clear!" Ye Chen's finger tip was filled with brilliant thunder, which directly damaged Huang's genius on the eighth floor of the two Daoyuan realms. Looking down at the audience with the most terrifying eyes, ye Chen said slowly, "you three school people!"

"If I surrender and sign a slave contract, I will wait for my life!"

"If you don't, you will be killed until your spirits are destroyed."

Surrender? A slave contract?

You have to be above the six levels of the source realm of Tao before you have the qualification to be seen by Ye Chen.

Even if they want to surrender, it is impossible for the other three schools of genius to surrender. The realm is too low to be useful!

"Master ye, I give up resistance!"

Ling Haizong, a genius of the seventh floor of Daoyuan state, threw away his sword directly, knelt on the ground and cried, "I am willing to surrender! Master ye, I'm willing to surrender. I can be an ox or a horse! Please kill me

As he kowtowed, he thought to himself: what is kneeling kowtow!

As long as you live, you can do anything!

Ye Shitian's strength is to fight for death!

Immediately, the man offered a drop of blood essence and cried, "I am willing to surrender and serve master ye all my life."

"I'm willing to surrender too!"

"I surrender!"

"I'm willing to surrender and serve Mr. Ye all my life and let it go."

.....

Immediately, ten geniuses surrender!

In addition to Wanyan's breaking the army, all the remaining Daoyuan territory of linghaizong and Luanjiang faction all knelt on the ground and surrendered.

One after another, ye Chen released his own blood essence to complete the contract. At the same time, he erased their thinking and turned it into a human weapon. Instead, he attacked those who had not surrendered!

All of a sudden, the battle balance has been completely tilted to Ye Chen's side!

Ye Chen doesn't care about the lives of these people.

Although the Huang family does not have the blood of the blood spirit clan, if there is a chance, everyone present will stand on the side of the blood spirit family. There is no reason for the exterminator to live!

In this almost crushing situation, a voice of reprimand resounded through the sky!

"You bastards!"

"We are the servants of the noble blood spirit family! How can you kneel down this garbage! I just don't surrender or die... "

A genius of Huang family is extremely angry! He brandished his spear and used his fist and foot at the same time!

He is the source of the eight levels of Tao. The way of Huangchuan emerges from behind, and a breath of cold ice blooms. Suddenly, the ice turns into a sky ice sword and kills the five human shaped weapons in front of him!

Ye Chen glanced at the genius of Huang family and shook his head helplessly: "I don't know how to live or die!"

The next second, the sword fell in the palm of my hand!

A sharp sword is sweeping across the sky, as if to cut the whole secret place. A sword is offered to release the cloud movement, and the colors of the eight sides are blooming!

Whoa!!!

Jian Gang cut everything on the spot!

The genius of the Huang family has not yet responded, but has turned into a blood mist!

A unique genius of Huang family in the eight story heaven of Daoyuan realm, but he didn't block Ye Chen's sword!

"Hiss --"

the rest of the people were impressed by the cold air!

The eight levels of Dao Yuanjing, my God!

It's so easy to be killed. What are you fighting against!

It's all about death!

Immediately, the sound of a golden dagger was heard. The other nine Huang family geniuses directly threw down their swords and yelled to Ye Chen: "we are willing to surrender. We can be slaves and servants, as long as you give you a way to live!"

"We can serve you and fight for you!"

"Please take us!"

Ye Chen immediately released the essence of blood, mixed with their blood essence, and made a series of slave contracts. His backhand wiped out their thinking and consciousness and turned them into nine human shaped weapons. Without any thinking ability, he would fight for ye Chen like human weapons!

In this way, there are 23 humanoid weapons!

There are two pieces in the eight layers, nine pieces in the seven layers, and five pieces in the six layers. Of course, Huang zhantian, who is besieging and smashing the army, is also included!

Chapter 1053

"Surrender

"I have surrendered to my master. Are you sure you want to resist?"

Huang zhantian suddenly blows out a fist. The fist strength is stacked layer by layer, making a virtual shadow of Taoism and forcing Wanyan to break the army!

"You are all killed by my master. What are you fighting for? Surrender quickly. If my master didn't cherish your talent, you would have been killed! "

Huang zhantian looked at Ye Chen respectfully and said, "master, you should wait first! These three, I must give you a beat

"No need!" Ye Chen stepped out with his hands behind him. He breathed and breathed his magic Qi. His eyes swept over Wanyan, Huangwu gun and others. "If you can stop my attack, you can leave at will!"

"Of course, if I can't stop it, I'll shoot you directly!"

Hearing this sentence, Wanyan breaks the army for a moment, and looks at Ye Chen's eyes!

He dare not do it!

How to resist such a strong blow!

The key is that he can't see through Ye Chen's strength!

"Is there a third choice?"

Wanyan breaks the army or the way.

He stares at Ye Chen, waiting for ye Chen's reply.

At the moment, Huang wugun was silent. He looked carefully at the surrender of Huang zhantian. He knew each other, and the other party had always been arrogant in the Huang family!

But now it is so flattering to an outsider!

I must have seen the power of this masked ye Shitian!

Like a nightmare!

Although ye Shitian gave them two choices, he knew that there was only one!

However, it may be a kind of honor to follow ye Shitian, a powerful figure, if ye Shitian wins in the end!

He can stand on the edge of the sky, and rub his prestige!

"The third choice?" Ye Chen's expression is plain, can't see what expression, "the third, surrender, contract!"

Huang wugun took a deep breath and yelled: "I am yellow five gun. I am willing to serve ye Chen as master. I am willing to serve ye Chen all my life. I will always be loyal and never betray. If there is betrayal, all the spirits will be destroyed."

Wanyan broke the army and took a breath. His eyes were whirling with tears. He called out: "I Wanyan broke the army and took master Ye as my master. I have been a slave all my life. I will never betray you. If there is betrayal, all the spirits will be destroyed and I will not die easily."

Say, two people each overflow a drop of blood essence!

Ye Chen also released two drops of blood essence, and their blood essence fusion, two slave contracts formed!

From now on, Huang wugun and Wanyan break the army and become Ye Chen's slaves completely. Ye Chen controls life and death. If such matters spread out to the outside world, such two famous talents would be willing to serve as slaves, which would surely cause a great disturbance!

Now, all in all!

Ye Chen's slaves are from the nine levels of Daoyuan state. There are four of them. They are Huang zhantian and Huang wugun. Wanyan breaks the army. This strength is very important. It's not a matter of killing the small sects that don't have the emperor's dignity!

Ye Chen looks up at the sky, and a line of lines has appeared in the secret place of blood spirit. It is estimated that it will be opened soon!

It's time to get out!

I don't know what kind of expression Han daoshan and those high-ranking sect elders will look like when they see themselves!

Wanyan breaks the army to see what ye Chen is thinking about. He quickly comes to Ye Chen and says excitedly, "master, where are we going next! Where do you want me to go, I will never look back! "

Ye Chen glanced at Wanyan and broke the army. He did not have a trace of favor for this kind of flattery. He looked at the direction of Han Yun's residence and said directly, "follow me."

"Yes, master!"

"Yes, master!"

Huang zhintian and others bowed their heads together. With 23 human shaped weapons, they turned into streamers. Ye Chen, the follower, went straight to Han Yun's residence!

Originally, there were miraculous drugs, genius treasures and so on in every place. It was a secret place for various sects and families to cultivate and resist the talents of the blood spirit clan. Of course, in name, it was to resist the blood spirit family. In fact, it was to supplement as soon as possible one hundred powerful people in the emperor's realm, so as to give it to the blood spirit clan to ravage!

But, so far, it's impossible!

It will never be possible, because ye Chen was born in the sky, and Kunlun Xu will no longer be able to deliver the emperor to the Xueling clan.

There are so many sanxiu and zongmen who have entered the secret place of blood spirit! But in the end, there is very little left!

Most of them are controlled by Ye Chen!

.....

Han Yun mansion.

Han Yun has broken through the secret place of Xueling by force, and set out in advance to some ancient families to find old friends to discuss how to fight against the blood spirit clan and integrate all the forces of Kunlun.

Yelol stood in the middle of the yard, pacing back and forth.

She has been able to feel some kind of dormant power boiling in her body recently.

She was annoyed by the myriad voices that surrounded her mind.

In this world, in addition to the master, the only thing she believes in is Ye Chen. But Mr. Ye hasn't appeared yet. She is afraid of any accident.

Her eyes are staring around her, suddenly stand up, staring at a figure!

Among them, the first is Ye Chen!

"Mr. Ye is back. But how about so many people coming along? "

She grew lotus step by step, the pleated skirt was so beautiful that she jumped out and said, "Mr. Ye!"

Many sanxiu also heard ye lu'er's figure and raised their heads. When they saw the figures, one of them even exclaimed: "no, the people of the Huang family are coming too!"

"What?"

"From the Huang family!"

"Huang family? Brothers, do it

In a flash, dozens of dark palace virtual King state masters directly gathered around.

However, when they think about it, it seems that it's not right. These Huang family members are surrounded by our temple master. It seems that they have become our temple master's subordinates?

"Mr. Ye, are they?" Ye lu'er asked, naive and lovely cheek, let Ye Chen can't help but pinch.

Ye Chenxin gladly took back his hand, and his eyes fell on Huang zhantian. He explained: "Huang zhantian, Huang wugun, Wanyan breaking army, and others are all used by me now!"

"What!"

"The two heads of the Huang family have actually become the servants of the temple master?"

"The eldest disciple of Linghai sect has become a slave of the hall master? How can this be possible

"What's more, the eldest disciple of luanjianmen is actually a slave of the master of the temple?"

Zhou Yan, Gu Tian, nangu and so on, talked about it in succession, and looked at all these things in front of him in disbelief.

Huang zhantian!

Huang Wu gun, Wanyan breaks the army!

These are the nine layers of the source of Taoism. They are all peerless talents. They are all dormant by the master of the temple one by one, and all of them become the servants of the master of the temple. The master of the temple is too powerful!

"Master, is Huang Jiaqi others?"

"Hall master, what about linghaizong and other people in luanjianmen?"

Ye luo'er and ye Lingtian stare big eyes and look at the back. They just don't see other people.

Ye Chen looked flat and said, "those people have been killed by me. The rest of them, I think, are not inferior in cultivation and do not want to be destroyed directly. They are simply driven by slaves. Although they are also returned to the dark palace, they are sinners. You need not fear their accomplishments! "

Chapter 1054

On the edge, Han Tian heard Ye Chen's words and turned his eyes white.

Who could have thought that such a strong man was the slave of Ye Shitian!

This is the nine layers of Dao source realm that enter the secret realm, and all become his servants!

There are also seven Daoyuan realms, eight levels, and one realm with him. This is simply impossible to explain!

Good luck, good luck!

He didn't take the risk, otherwise he would be one of the servants now!

Ye Shitian, absolutely not to be provoked!

Tell the owner immediately after leaving the secret place!

Ye Lingtian on one side swallowed his throat and said excitedly: "Hall master, so many slaves, hall master, our dark hall will surely shine in Kunlun void!"

"That's nature!" Ye Chen gave ye Lingtian ten human shaped weapons, and said, "these slaves are all six or seven layers of heaven in the source state of Tao. They are enough to deal with many people. After leaving the secret place of blood spirit, you need to operate in secret to facilitate you to expand and complete the task of the dark hall."

"Mission?" Ye Lingtian asked, "what task?"

Ye Lingtian's eyebrows reveal a puzzled look.

Looking at Huang zhantian and others standing on the edge, he asked quietly, "is it that the temple master wants his men to use these people to arrest the talents of the big families? Or is it to assassinate important people in the big families? "

"No!" Ye Chen flashed a trace of ruthless color between eyebrows and Yu, and said, "I hope you can find out the families and sects of the blood spirit clan secretly!"

The blood spirit clan oppressed Kunlun Xu for 3000 years!

It's not just the Huang family who betrayed.

According to Ye Chen, there are many families behind!

Even worse than the Huang family!

These vampires hidden in the dark are sucking the blood of Kunlun Xu bit by bit!

If you are not of our own race, your heart will be different.

"So say, Lord."

"I'm afraid there are many clans and aristocratic families who have joined the blood spirit clan." Ye Lingtian was worried and said: "it is not a problem to clean up the small sects and families that have defected. But big families, such as the Huang family, have some difficulties, but as long as the hall master says something, I am absolutely duty bound! "

Ye Chen patted ye Lingtian on the shoulder and said with a smile, "you are going to deal with the Huang family. Who am I going to deal with? You're not the one who robbed the living! "

He beckoned Huang zhantian and asked, "you should know that Kunlun Xu's families, like your Huang family, betrayed Kunlun Xu?"

"Master, this I don't really know, but over the years, some families are closely related to the Huang family, and I overheard my father's conversation with several people, that is, about the blood spirit clan!"

"These families, I'll write them down for you right away!" Huang zhantian looks sincere, also know ye Chen's butcher's knife to other rebellious families.

"I became the master's servant, and the master asked me to do anything, including asking me to go back and kill my Huang family ancestor, but it's not sure."

He thought to himself: now life is in the master's hands!

I'm standing on the master's boat. I must do more!

I must let the host see the value of my existence and strive to win the favor of the master!

Whoa!!

Huang zhantian took out a pen, took a piece of straw paper from Han Tian's hand and wrote it directly.

"Write slowly and talk about it in the evening." Ye Chen takes ye Lingtian, ye luo'er, Zhou Yan, Gu Tian, Nan Gu and other current strong men of the dark hall to another room to set up a sound insulation array and start a secret meeting.

Strategic meeting is about to start!

This meeting is very similar. When ye Chen set up Tianzheng Group in Jiangcheng, he called the employees above the manager level to discuss the strategic meeting of Annexing and cannibalizing other companies!

Dark hall, now is the company under Ye Chen!

Other families and sects are hostile companies!

The market is like a battlefield, and now the battlefield is also a shopping mall!

"Master of the temple!"

Everybody get up and fight!

"Sit down Ye Chen, sitting on the front seat, said, "this meeting is to determine the direction of our dark hall operations."

"I believe ye Lingtian has told you all about the Xueling clan and the pattern of the major sects in Kunlun."

"So I'll go straight to the most important part!"

Ye Lingtian, ye Luo'er, Gu Tian, Nangu, Zhou Yan and other five people carefully write down while listening.

They are very clear, the Lord's words will determine everything!

It can even be said that the whole Kunlun virtual pattern.

Ye Chen glanced at the crowd and said, "originally, the dark hall was hidden underground, but now the virtual pattern of Kunlun is different from that of the outside. I intend to divide the dark hall into two, one of which will continue to be the dark hall, and the other will be the hall of light! "

"Dark hall's duty, continues to lurk, for the bright hall drive except in all difficult factors!"

"At the same time, including the annexation and destruction of the clans and families that have already joined the blood spirit clan, led by Ye Lingtian, the slaves of the seven levels of the five Daoyuan realms and the eight levels of the five Daoyuan realms. Among the families and sects that have been annexed, those who are willing to surrender in the high realm can be brought in and let me set up a slave contract to serve our dark hall!" "As for the hall of light, it is in the light!"

Ye Chen pauses for a moment, thinks about it for a while, and then says, "the other sects and families that have not joined the blood spirit clan. I will let Han Yun and Shengcao hall help the hall of light! "

"Now, ask if you have any questions."

Zhou Yan was the first to stand up and asked, "if there are strong emperors in the clans in charge of the dark hall, how to solve the problem?"

"Go to the holy grass hall and ask for support! If the enemy's empire is too strong, I will do it myself! Like the biggest Huang family, I will personally help to disintegrate them. The duty of the dark hall is to deal with the people under the emperor's dignity! " Ye Chen explains that his whole body is full of sword Qi, which makes people can't look directly at him. He is quite like a superior person. Even the heaven is irreversible.

"Master of the temple!"

Ye Lingtian got up, surrounded by a light blue luster, and asked, "which sects are we aiming at?"

"Huang zhantian has already written this goal!" Ye Chen took the paper from Huang zhantian, filled with cold breath in his eyes, and said plainly: "Huang zhantian, you go down!"

"Yes, master!" Huang zhantian was sweating and kept his head down. He didn't dare to look at Ye Chen at all!

He ran out in a hurry. The breath of Ye Chen was so strong!

Ye Chen took a look at the paper, slightly surprised.

In addition to the Huang family, there are Cui family, Wang family and Shangguan family!

Ye Chen is not very clear about these three families, but he has also heard that they have great influence in Kunlun!

The key is that these families are not as simple as they seem!

Not only that, Huang zhantian also wrote down five ancestral gates!

The five sects are linghaizong, luanjumen sect, qingluan sect, Juewu sect and haitianzong!

Chapter 1055

It seems that there are only a few members of the clan who believe in blood, but they don't have a few members of the clan!!

Even more!

Among them, qingluan Zong and Jue Wuzong are the two main gates of qianjue city which are against Ye Chen. At the beginning, they helped Mr. Jingshui to persecute Ye Chen. But for the help of Luoja Luoyao of danxu tower, ye Chen would not be able to escape from qianjue city!

"Except for the nine forces!"

"There are twenty-one other small sects and clans, none of which has the emperor's respect and the strong in his territory." Ye Chen looked at ye Lingtian and others and said, "after waiting for the secret place of bleeding spirit, you will take ten slaves who surrender, and you will go to the door one by one!"

He pauses for a moment and says, "I will go to qianjue city first to find trouble for these two sects."

"The meeting will be settled here, Gu Tian and nangu, Zhou Yan, etc. are all incorporated into the Guangming hall!"

"Ye Luo'er is also the leader of the temple of light, leading the other 13 slaves who surrendered and the new brothers. After the dark temple has destroyed these forces, you should expand your power as much as possible."

Ye Chen will also erase the thinking of the 23 strong, all to them!

"Yes, Lord!"

"I'll be off!"

Zhou Yan, ye Lingtian and others left one after another.

Ye Chen sips a sip of ancient tea, thinking about the situation in front of him. Huang's land boundary is also in the thousand Jue city.

In the reincarnation cemetery, the blood seven nights also points out that the hometown of the hundred sword monarch is just outside the thousand Jue city. Kill two birds with one stone. While taking the magic skill of the king of hundred swords, find Mr. Jingshui to calculate the account!

The date of appointment is coming!

However, before that, we should go to danxu tower first!

Xingtian dazun!

At the beginning, I was eager to kill myself. Now, my strength has greatly increased. It's time to go back to find this Dan Zun and calculate the account!

In the blood spirit secret realm, only a few days left, the holy grass hall also integrated and gathered, came to the Han family's place, and joined hands with Zhou Yan and ye lu'er of Guangming hall to practice and discuss the plan behind at the same time!

Now, the whole holy grass hall is Ye Chen's pharmacy!

Hurt? Find the holy grass hall!

To improve your accomplishments, find the holy grass hall!

In the blood spirit secret realm, the strong ones in other emperor Zun realms have already been summoned away by Han Yun. It seems that they have gone to other places.

.....

A few days are fleeting!

At the same time, Han daoshan stood at the door of the secret place and stood with his hands in his hands.

He waved his hand and said, "the secret place trial must be over soon. How are the people you are preparing for?"

"Report to the owner, it's ready!" A Han family disciple came forward to report: "three hundred swordsmen, each of them is a virtual king, nine layers of heaven, and another law enforcement team has been sent here, 15 people, all of them are Daoyuan realm!"

"Besides, there are three elders of the emperor's respect for the law enforcement of heaven, and they have already arrived!"

"Good!" Han daoshan flashed a cold and hot color in his eyes and said, "ye Shitian, ye Shitian, do you want to kill me when you enter the blood spirit secret place? Today, I'll kill you at the exit! There are so many hands, enough to make you a little beast. You've got a cramp! "

"But I wish the boy had died in it, or it would have been more painful!"

Ye Shitian?

What's the matter? It's just a junior in the sky list!

Do you think you can resist the Han family by killing a disciple of the Xiang family and breaking the entrance with strange force?

He Han daoshan must mobilize a large team of men and horses to kill Ye Tianzhen on the spot!

Tell everyone!

He!

Han daoshan!

No one can afford it!

"Master of the house!"

The three emperors respected the law enforcement elders of heaven, and they clasped fists at Han daoshan one after another.

One of the red robed elders asked, "I don't know. The owner of the house has transferred us to kill a younger generation? What a small generation, worthy of such a big battle? "

"Yes, such a lineup is enough to deal with several senior figures in the second layer of emperor Zunjing!"

"Yes

The other two law enforcement elders also asked.

"You are transferred to deal with a small animal!" Han daoshan looked gloomy and said in a cold voice: "this little beast is always strange and good at hiding! Therefore, I need to transfer you here and set up a big battle to solve him. In addition, this little beast is called Ye Shitian

"Ye Shitian?"

"Never heard of it!"

The three elders of emperor Zunjing were stunned and shook their heads.

They circulate all over the body of the ancient twists and turns, between every move, like a fairy general, waving a bright light to emerge.

A blue robed elder said, "a young man who we have never heard of, is worth taking the initiative to fight like this?"

"Inevitably, some waste!"

"Naturally, I hope to waste it, but I will not waste it. Ye Shitian, a little scum, is famous among the younger generation."

"It's nothing. I'm a junior of the virtual King's realm, but I've got another effect with this arrangement!" Han daoshan's eyes swept over the mountains in the distance, and looked around at the thousands of casual practices. He seemed to be a good friend waiting to enter the secret place of blood spirit. "I'm going to use this kind of battle to cramp the skin of that little animal and let everyone know that it's the end of offending my Han family!"

He said in his heart: ye Shitian?

Just in time, you killed the Xiang family!

Just as I will you skin cramps, Liwei sent to Xiang home, also can get personal feelings!

However, you are dead!

There are so many virtual realms, Daoyuan realms, and the three emperors' reverence realms!

If you can escape such a lineup, you are not a man!

Whoosh!

Just at this time, there was a strong wind at the exit of the secret place of blood spirit.

As everyone knows, this is a sign that this group of blood spirit practitioners have completed the trial time and are about to come out!

Whoa!!

Han Tian was the first one to rush out and stare at the battle in front of him. He wondered, "father, what are you doing?"

"Get out of my way!" Han daoshan pulled Han Tian aside. "This battle is specially used to deal with ye Shitian's little scum. Today, I'm going to strip the skin and cramp the little scum to vent my hatred."

He pushed Han Tian out and said, "you should leave quickly."

"Wait a minute, ye Shitian?" Han Tian's whole body was stunned, and his hair suddenly rose and called out: "no way!"

"I need you to talk about something. Get out of here!" Han daoshan's voice was like a bolt from the blue. He pushed Han Tian aside and said, "although I don't know what happened inside, maybe you are ye Shitian's friend, but ye Shitian threatened the Han family when he entered. No matter what, he must die! This is the dignity of my Han family! You don't want to speak for ye Shitian

"I speak for ye Shitian? Dad, there's something -- "

the voice stops suddenly.

Han Tian didn't say the next sentence. He was held by Han daoshan and sealed off his voice and cultivation!

This is the strength of Han daoshan!

Han Tian looks indignant, where do I think about ye Shitian?

I'm thinking about you, Han daoshan!

Just Han daoshan?

Kill ye and kill heaven?

Are you kidding international?

Xuwang, Daoyuan and three emperors?

Is it very hard?

To others, you must be fierce, but you are against ye Shitian, the evil god!

Chapter 1056

Han Tian is so anxious now that he looks like an ant on a hot pot!

He knows Han daoshan's arbitrariness!

But the whole thing is to die!

Key Han Yun ancestors out of the secret place ahead of time did not go to tell the Han family about ye Shitian?

Damn it!

His eyes show Han daoshan!

But the latter did not pay attention to Han Tian at all, instead, his eyes were almost killing!

"No, no, No

Han Tian's mouth was sealed and no one paid attention to him for half a day.

Han daoshan's hands are behind him, and his breath spreads out! He also said to the Han Jiaqiang people around him:

"you look after the young master!"

"The young master doesn't know the original situation. He may have a good relationship with ye Shitian. Of course, ye Shitian must die if he dares to challenge our Han family! "

"In addition, let the young master go to the mountain to rest first. After I kill ye Shitian, I will consider leaving the whole body to your young master."

Whoa!!

Hearing this, Han Tian almost fainted, and then glared at Han daoshan!

Send Ye Tianshi's whole body to him?

He was afraid that ye Shitian would send your whole body to me!

Han daoshan is not aware of the threat at all!

His eyes are watching the formation boundary of the blood spirit secret place!

This time, the secret place of blood spirit is too strange. First, it is covered by fog. I don't know the situation inside!

In addition, there are several times outside the secret place, there are extremely strong fluctuations!

There must have been a terrible battle!

The most strange thing is that Huang family is the disciple of many families. He fell down very quickly!

On the contrary, the loose repair this time is extremely little loss!

But soon the truth will come out!

He doesn't care about the truth, he only cares about the little beast named Ye Jingtian!

At this time, a voice of startling the sky rang through!

The sky is rolling clouds!

Countless billows of air!

Thunder and lightning!

The huge blood spirit secret place array is completely broken!

Hoo Hoo Hoo!!!

Space cracks, out of a group of people!

It was Ye Chen, Ji Siqing, ye Lingtian, etc., along with 27 slaves such as Huang zhantian and more than 100 members of the Guangming hall. All of them came out in a hurry. The disciples of the Han family came out one by one. The Shengcao hall is still waiting in line!

"Ye Shitian!"

"Ye Shitian!"

Han daoshan and the blue robed elder roared at the same time!

Han daoshan waves out an ice blue Daoyun to communicate with the aura outside. Hundreds of silver thunder and lightning fall and fall into the weapons arranged by him, resulting in bursts of thunder!

"Line up

With an order!

Hundreds of powerful men from the virtual King realm, fifteen Daoyuan realm and three emperor Zun realm all set out to wave their weapons. Silver lightning was communicated on the weapons. All of a sudden, lightning flashed and thundered. The sky was covered with countless black clouds!

A thunderbolt array is formed!

Hundreds of virtual King territory, forming a Zhou Tian queue, arranged in the southeast, northwest and four directions!

The fifteen Daoyuan realm is the second formation, lingering in the outer defense line of Ye Shitian and others, but it is in the Zhoutian formation composed of the strong virtual King territory!

The three elders and Han daoshan formed the third group, guarding the southeast, northwest and four directions respectively!

They are full of thunder and lightning. They hold weapons wrapped in silver lightning. They hold the weapons as if they were soldiers and generals. They are powerful and powerful. They are full of thunder snakes under their feet!

Han daoshan waved his sword and pointed at ye Shitian. He said angrily: "ye Shitian, dare to challenge our Han family!"

"If you are such a traitor, you should be punished for your crimes. If you don't put down your weapons quickly, let me kill you!"

"Otherwise, I'll find out the truth and kill all the people concerned about you!"

"If you don't put down your weapons soon, when will you wait?"

The voice is like thunder, rumors to a hundred miles away, startled around thousands of scattered repair in a hurry!

Looking at such a situation, the monks were terrified!

This is the thunder of Han family!

Such an array is enough to kill a strong man in the emperor's three layers of heaven!

The monks were surprised. However, within the array, ye Shitian and his party were all expressionless. They looked at Han daoshan in disbelief, which was a bit like looking at an idiot!

Ye Lingtian was puzzled and said, "Lord, why did we just come out and meet such a 250?"

He counted the enemies around him and disdained to say, "that's what it is!"

He looked back at himself. There were twenty-seven slaves, including Huang zhantian. Each of them was the source of Tao!

"These two hundred and fifty are coming out today. I'm sure I didn't take any medicine!" Zhou Yan shouts!"Master, have you taken the goods today? Is it still neurotic? " Ye lu'er looked at Han daoshan's

majestic Mo Shi and couldn't help laughing. He looked around and said, "fifteen sources of Tao? The three emperors revered the realm of heaven

"Huang zhantian, you alone are enough to cope with it!" she cried softly

"Yes, Miss law!" Huang zhantian approached Ye Chen and said with a simple smile: "master, do you want the slaves to take people and kill them directly? What do you think? There's no need for you to do this

The strong one of the nine layers of heaven!

Huang zhantian, Huang wugun, Wanyan and others have recovered to the peak state of Dao, and are fully able to join forces to fight the three law enforcement elders!

With the eight and seven layers of humanoid weapons in Daoyuan territory, it is not a problem to hit Han daoshan, an old and frail product!

Han daoshan looked at Ye Chen's lineup carefully. He was puzzled and called out: "two huanggongzi, Wanyan childe! Why are you standing by your side

He used his blood and his voice pierced the sky and called out: "if you help me, kill ye Shitian, I will certainly thank you!"

Pooh!

Poof!

Huang zhantian and ye lu'er both laughed. They didn't see such an idiot's goods. They didn't look down on the situation. They had to stand so high and force themselves.

Wanyan broke the army with a puzzled face: "master, the head of Han daoshan is pumping, let's start!"

"Do it!" Ye Chen looked bland. Looking at Han daoshan, he scoffed at him and immediately ordered: "everyone listen to orders and kill the Han family who are besieging us. Don't leave your hands. The rest of us will not participate in the battle!"

Although there is some connection between the Han family and Han Yun, after Han Yun pretends to be crazy and silly, he no longer cares about the Han family's affairs, otherwise Han daoshan should also know the things inside.

Since Han Yun doesn't care, ye Chen won't stay!

Even if Han Yun cares, what!

"Yes, master!"

Huang wugun, Huang zhantian, Wanyan and others rush to Han Jiaqiang like wolves!

And ye Chen is not idle, holding Jiuyou sky killing gun, is about to break the thunder array!

Ye Chen holds the Jiuyou sky killing gun, and his whole body is rolling like a river and a sea of waves. The coffin is blooming at the tip of the gun. Suddenly, clouds gather in all directions. On the contrary, it turns into eternal blood mist. He suddenly stabs out a gun!

Chapter 1057

In a flash, the eternal blood mist converged on the tip of the gun and shot out suddenly. It was located in the sky and turned into a bloody River and sea. The fierce and violent power broke the endless thunder and lightning, and cut the thunder light to a certain extent!

Boom!!

A loud noise from the sky!

The black clouds scattered all over the place, and countless thunder and lightning turned into dark clouds and floated out!

The huge thunderbolt burst in the sky!

Bang bang bang!!

Bang bang!!

One after another, the power of counterattack came out, which shocked more than 50 strong people in the virtual King's realm on the spot!

Fifteen Han Jiaqiang people in Daoyuan County started to spurt blood and regress in succession. When they returned to the future and reacted to it, they were attacked and killed by Huang family's disciples, and two or three more people died by explosion! They are all low-level Daoists, and most of them are one or two levels of heaven!

The highest accomplishments are just seven layers of heaven in the realm of Tao source!

Faced with all the seven or eight layers of Dao Yuan state, how can you resist them? All of a sudden, you are defeated!

The source of the Han family, I'm afraid to die also don't know, these Huang family genius why will crazy attack them!

"Old man!"

"Old bastard!"

Huang wugun and Huang zhantian go straight to Han daoshan. They fight a long river of frost and a round of eternal sword spirit. They will kill Han daoshan!

Han daoshan resisted the attack of the nine layers of heaven, and asked, "why?"

"You two are talented disciples of the Huang family!"

"Why did you help Ye kill heaven?"

"Why?"

"Old man!" Huang zhantian's sword was sacrificed, and clouds moved in all directions. Along the way, he killed more than 20 virtual kings of the Han family. He said, "ye Shitian is my master. You dare to challenge my master. As a slave, I will definitely kill you!"

"Old man!" Huang five gun sacrifice a gun, almost through the shoulder of Han daoshan, but was shocked to fly away!

Han daoshan's face changed greatly, and because of their identities, he didn't dare to make a real move!

As he defended, he asked, "how can you think ye Shitian is the master? No way

"What's impossible!"

"As a master's slave, I feel honored! It is you who dare to challenge my master. I will destroy you Huang zhantian's combat power is fully open, and he attacks Han daoshan. As the eldest son of the Huang family, he can also leap over to fight!

Han daoshan is more and more confused!

Mr. Huang!

Mr. Huang!

How did you become a servant of Ye Shitian?

No way!

This is more impossible, but the situation is real.

Han daoshan's side is still good. Wan Yan breaks the army and others, and kills three law enforcement elders of the Han family. It's a tie!

The three law enforcement elders are shocked at the same time. They want to do their best, but they are afraid of Wanyan's breaking the army!

When I heard that the two Huang family geniuses recognized ye Shitian as the main force, they were both ignorant for a year!

"There are still more than one hundred virtual kings left?" Ye Chen is also idle. He puts away the Jiuyou sky killing spear, takes out the dragon sword, and cuts out a sword. The sword light shines up and down in the sky. It is like the water of the sea, and waves follow each other. It seems to have the power of pouring into the jiuchongtianque. He directly includes more than 100 virtual King territory Han Jiatian!

Clang! Clang!!

Clang!!

The sound of the golden dagger spreads out one after another. Countless sword Qi pierces back and forth, and the sword light shines four times!

A virtual King's genius fell down one after another, his whole body was pierced with sword spirit, and his spirits were all destroyed!

Less than a minute!

More than one hundred virtual King realm genius, all died in Ye Chen's hands!

Just one move, killed more than 100 virtual King's territory, such a combat power, completely belongs to the emperor's realm!

Sanxiu in the distance looked at the reversal scene and was so surprised that he couldn't close his mouth!

He rubbed his eyes and said in surprise, "ye Shitian! How can a sword kill so many strong men

"And the eldest and second child of the Huang family, and the eldest disciple of Linghai sect, were taken as slaves?"

"Oh, my God, ye Shitian is not the younger generation. He is totally a cruel old man!"

The unique genius of the nine layers of heaven!

Are they willing to kill heaven for ye? Are they still attacking Han daoshan?

The situation has completely changed. Who is killing whom!

"How could it be!"

"I don't believe it. It must be your partnership that cheated me!"

"I don't believe it!" Han daoshan broke out completely, and the infinite luster turned into 18 ice blue halos. Huang wugun and Huang zhantian were shocked. They went straight to Ye Chen to kill him. His eyes were ferocious and he cried, "ye Shitian, you bastard, killed so many people in our Han family. I must kill you!"

Ye Chen clenched the dragon and asked the sky sword. The body of the sword shot out thousands of brilliance, and the blood dragon coiled around the whole body! Endless lightning package!

Just like thunder Daozhen Jun who landed on the earth!

"Looking for death!"

"I'll help you!"

Ye Chen presents a sword in the air, and a sword light shoots out. It is located in the mid air and forms a circle, which is like the moon. After receiving thousands of brilliance, it suddenly erupts into a huge sword in the sky. It is like a moon burst, and the strong afterwave shatters the mountain peaks several meters around!

The huge sword suddenly came out, smashing 18 ice blue halos in one fell swoop!

Han daoshan's weapon was directly broken, and a crack appeared in his arm. Then henggu's sword spirit went straight to the other three law enforcement elders. The incomparable sword Qi destroyed everything and destroyed everything. In the middle, he smashed the blue robed elder, and then there was a burst sound!

A law enforcement elder of the emperor's realm!

Official fall!

The other two law enforcement elders were shocked, spurting blood and regressing, and their skills were greatly reduced!

In the middle of the air, Han daoshan's blood spurts out. Who could have thought that ye's strength was growing so terrifying inside!

It's impossible!

He kept retreating, his eyes were startled, and he complained: "ye Shitian, I --"

before he finished, ye Chen had already appeared in front of Han daoshan, with a blow, and his strong blood directly penetrated!

"When you made me so embarrassed, I told you that after I came out, I would double my repayment!"

"Today is the beginning of repayment!"

With that, ye Chen looked back at the source areas of many Han family doctrines. He was like a king in the world. His incomparable spirit shook the sky and the earth. He said, "if you don't fall, all the gods and spirits will be destroyed."

Chapter 1058

Ye Chen's voice resounds through!

It's like thunder!

The key is that no one could have imagined that Han daoshan could not defeat ye Shitian!

This is Han daoshan!

Han family is one of the top families!

Han daoshan's strength is also the first echelon of the Han family! Emperor Zunjing!

Ye Shitian's original strength is clear to all!

Although mysterious, but not so terrible!

An invisible pressure seems to cover all people!

They were scared and speechless! The whole world is like a graveyard in the middle of the night! Silence to the extreme!

People look at Han daoshan again, weak to the extreme, which has before the strong demeanor ah!

Han daoshan, seriously injured, naturally feels that everyone is looking at himself. He stands up with difficulty, and his eyes full of endless anger stare at Ye Chen!

He is not willing!

How could he lose to a suckling boy!

This is a shame!

But he is very clear, now his own simply can not resist!

He wanted to know what happened in the blood spirit secret place and why ye Shitian suddenly became so terrible!

Although his body was in pain, Han daoshan swallowed a mouthful of blood and said angrily, "little beast, you dare to let my people of the Han family kneel down and hurt me even more! Do you know the details of my Han family! Do you know that our Han family has a strong man in ancient times! If your ancestors know about it, you will die! "

"Even your emperor's realm is not qualified --"

before the words were finished, a dark shadow flickered, and ye Chen appeared in front of Han daoshan.

"Pa!"

Ye Chen takes a palm at will, Han daoshan's body instantly spreads the sound of click, the bone will be broken!

His eyes are wide open! I can't imagine that such a threat can't stop the youth in front of me!

"You dare to touch me! I swear - "

however, ye Chen's five fingers have already buckled Han daoshan's neck.

His eyes were extremely indifferent.

Cold voice is slowly falling: "don't swear, you can't kill me."

"Take a breath of fresh air for the last time. Even if you are a descendant of Han Yun, I will not keep my hand."

"By the way, let me tell you another secret. Han Yun is my man. Don't say I killed you. Even if I destroyed the whole Xuhan family in Kunlun, Han Yun is not qualified to say anything!"

Han daoshan's eyes widened as soon as he said this!

He didn't believe Ye Chen's words subconsciously, but when he saw the firmness and freedom of Ye Chen's eyes, his years of experience told him that all this was true!

Ye Shitian knows Han Yun's ancestor!

The key is that Han Yun is still the man who killed heaven!

How could it be!

Han daoshan's pupils are full of bloodstains. He opens his mouth and just wants to speak. Ye Chen's five fingers are condensed!

Evil spirit penetrates!

The blood dragon rushed out and directly entangled Han daoshan!

"Touch!"

The endless force erupted, and Han daoshan's head was instantly removed!

The body is unable to withstand the attack of the two forces of evil Qi and blood dragon!

Directly into blood fog!

Ye Chen takes a look at the ferocious head with a sneer, and throws Han daoshan's head to those who are strong in Daoyuan environment of the Han family!

Next second!

The seven remaining strong Daoists directly threw their weapons and knelt down to ye Shitian, shouting, "We surrender. We are willing to serve the master and serve for life!"

"Take them away!" Ye Chen Dao.

"Yes, Lord!" Ye Lingtian takes Zhou Yan and they go up and tie the big iron chain to the seven Daoyuan realms and pull them aside!

Now, there are only two elders who are still fighting!

They had been wounded by Ye Chen's sword spirit, and they were besieged by the immortal genius of the nine layers of heaven in the Daoyuan realm. They all had the fighting power of leaping over the level to resist the powerful one in the emperor Zun territory. The four people together besieged the two men. If they continue to fight, they will die!

Bang bang!!

Boom!!

In the war circle, all kinds of brilliance twinkled.

Several figures move very fast, sometimes fist and foot intersect, sometimes weapons collide, hit extremely fierce!

Rarely seen, the red robed law enforcement elder was taken the lead by Huang zhantian.

Huang zhantian laughed and said, "you old man, you dare to surround and kill my master. You really ate the gall of a bear heart leopard!"

"My master doesn't have to fight. We slaves are enough to kill you!"

"If you don't surrender, you're looking for death!"

Before the long-standing saying was finished, ye Chen offered a sword, which made the world change color. Countless sword Qi of all kinds of skills rushed to kill him. Shengsheng stabbed him into a hornet's nest, and his spirits were wiped out in an instant by Ye Chen!

Although Ye Chen's cultivation is not high at the moment, his combat power is definitely the highest on the spot! Even if the emperor's three layers of heaven arrived, he couldn't get Ye Chen, let alone two one-layer-a-day law enforcement elder!

Bang!!!

The elder's body burst in the air!

After a while, Huang zhintian killed another elder and came to Ye Chen with his head in his hand. He knelt on one knee and said, "master, the slave has cut off the head of this old guy. Please decide!"

Ye Chen's majestic eyes swept across the distance and said slowly, "his Han family feels that dignity is inviolable! My majesty must not be violated! If anyone wants to kill my ye Shitian, I'll wait here! "

"Also, in the face of Han Yun, I don't want to start any more, but I have to let those who can speak in Han's family apologize in person, otherwise the consequences will be borne by myself!"

Ye Chen is very clear, after coming out of the blood spirit secret place, if you want to be qualified to deal with things one and a half years later, you must establish your prestige!

Only by establishing prestige can we have absolute right to speak in Kunlun!

If it wasn't for Han Yun's face!

The Han family is doomed!

"Hoo Hoo!"

All the monks took a breath of cool air. Unexpectedly, ye Shitian was so powerful!

Han family, one of the top families of Kunlun Xu, is not one of those small families. Unexpectedly, he asked the Han family to apologize in person. Ye Shitian must not be provoked!

In the distance, Han Tian shakes his head, and other Han family members lift the seal on him.

He sighed, but said: "ah, this time, he is really old and stupid. He wants to offend the evil spirit! If you don't seal off my everything, you can listen to me say more, maybe everything will turn around. It's a pity -- "

" little Lord, didn't you just want to save Ye Jingtian? " On the edge, an old man of four layers of heaven asked!

"Save ye Shitian?"

Han Tian was stunned and said to himself, "Uncle Cheng, do you think I have this ability?"

"Maybe you don't know that my grandfather has already reached an agreement with ye Shitian, otherwise you think I'm in such a hurry to do something!"

As soon as Chengbo heard this, he quickly asked Han Tianxun about the secret state of Xueling, and soon understood the reason.

He touched his beard and sighed: "ye Shitian can kill six people of the blood spirit clan. This skill is too strong. Fortunately, I didn't do it just now, otherwise I would be a dead body!"

Chapter 1059

Cheng Bo continued to ask, "young master, what should I do now?"

"Go home! Ye Shitian should have plans with my ancestors. Let's leave it alone and go home! " Han Tian regretted not to, and said, "by the way, notice to go down, Han family must not go to find ye Shitian's trouble!"

"Yes Cheng Bo quickly orders other Han family members!

At the same time, at the entrance of the blood spirit secret place, other talents and people from the holy grass hall come out!

Innumerable Dao's eyes shot at the direction of the disciples of the holy grass hall!

The female disciple of the key holy grass hall is really eye-catching!

More importantly, the pattern of their clothes is extremely clear!

This is the mark of legend in ancient books!

The moment the temple of holy grass came out, the whole world suddenly became quiet! Shocked, the monks widened their eyes, "holy grass hall!"

"We have never met these female disciples. They are definitely not from Kunlun Xu! And their clothes is it really the hall of holy grass! "

"It has always been hidden from the world, and the legendary holy grass hall has come out of the secret place of blood spirit!"

"In addition, I have come together with ye Shitian! Oh, my God, ye Shitian is too powerful

Key to the scene, everyone can find that the strong men in the holy grass hall are always paying attention to a man!

Ye Shitian!

For a time, ye Shitian became more terrifying in the hearts of all!

If the master of the holy grass hall sees the situation in front of him, he asks Ye Chen: "do you need me to help you solve what?"

Ye Chen looked at the crowd, shook his head and said, "no, let's leave here, go to a place first, and make sure of the following things."

"Good!" If the patriarch leads a thousand people in the holy grass hall and leaves with Ye Chen's followers!

.....

A day later.

Kunlun is in a mountain range!

Ye Chen found an uninhabited mountain near the Han family's land, and temporarily placed all the people in the light hall and dark hall of the holy grass hall here!

In addition, he has incorporated the skill of contract, the seven sources of Dao, Han Jiaqiang, into the dark hall.

Enough for now.

At least in Kunlun Xu has a certain right to speak.

Ye Chen stands at the top of the mountain, gazing at the scenery at the foot of the mountain.

He is well aware that the biggest threat now will always be a year and a half later.

These strong people of the blood spirit clan are killed by him, which is bound to let those strong people of the blood spirit family know.

I'm afraid Kunlun will not last for a year and a half.

Although he has the power to respect the realm of the emperor, he is not enough to face the strong people of the blood spirit clan.

Now we must improve our strength as soon as possible.

Besides, it's time to go to China.

I don't know what happened to Xia Ruoxue and those friends.

He always has some bad premonition recently. Through some techniques, this bad premonition comes from Huaxia.

I'm afraid something will happen there.

In any case, we must start as soon as possible.

However, before going to China, there are still two threats that must be addressed.

One is Xingtian Dan Zun of danxu tower, the other is Mr. Jingshui!

I am no longer a boy who returns to the virtual realm. Now I have stepped into the realm of Tao source, and I have enough qualifications to face these strong men!

It's time to calculate some accounts!

Ye Chen doesn't think about it any more. He orders ye Lingtian a few times, and then he takes Huang zhantian, Huang wugun and other people to step out and jump directly from the top of the mountain!

It turns into the shadow of the road and sweeps towards the foot of the mountain!

Go straight to danxu town!

From the current news, danxu town is not only a threat of Xingtian danzun, but also a Cui family!

The blood of Cui family is also standing behind!

Among them, Huang zhantian and others put on human skin masks, changed their breath and became four others.

For half a day, people saw many tall buildings. Huang zhantian respectfully said to Ye Chen: "master, danxu town has arrived!"

"The specific situation of Cui's family has been explored by the slave on the road first!"

"In addition, I have also explored the influence of Xingtian danzun. Which one should we deal with first?"

"Xingtian danzun!" Ye Chen showed a cold look between his eyebrows and said: "first deal with Xingtian danzun, and the grudges between him and me should also be solved. At the beginning, when he was in such a mess, it was time for him to spit out the money with profits. After the matter of Xingtian danzun is solved, go to deal with the Cui family!"

On the street, several carriages galloped away, in which sat a pretty beauty, looking at the front with a sad face, and murmured: "Ye Chen, this guy, wasted my efforts to save him back. I didn't expect that he would run away in the twinkling of an eye!"

"I don't know where he's hiding. Is it safe?"

"Luoyao!" Ye Chen sees Luoyao in the carriage at a glance, but he is ye Shitian's identity at the moment, so Luoyao doesn't know him. Bang!!

Suddenly, a loud noise came out!

Luoyao's carriage seems to be out of control, directly hit a wall, countless stones flying!

On the side of the carriage, a man whose muscles burst out was glaring at Luoyao. The scar on his cheek looked very ferocious. He waved a long knife, pointed to Luoyao and asked, "don't you have eyes?"

"Ah? Sorry... "

"Sir, tell me, I'll make it up to you." Luo Yao got out of the car with an apologetic face. When she saw the man in front of her, she quickly exclaimed, "ah! Cui Yong, how did you become like this? Your face? "

The Luojia was not low in danxu Town, and Luoyao knew many people.

And the person in front of me is Cui Yong!

Cui Yong in her memory is not a handsome man, but also of medium build and ordinary appearance.

In front of this person, in addition to the face and breath is Cui Yong, the body is almost like a change.

The gap is like children and adults.

It used to be 1.78 meters, but now it's almost two meters.

"I It's all thanks to xingtiandan! "

Cui Yong looked ferocious and gradually crazy. He cried angrily: "it's because you, a cheap woman, brought back that damned Ye Chen, which angered Xing Tian Dan Zun. Otherwise, how could I be hurt when I went to get the pills?"

"Xingtian danzun treated me on the surface, but I didn't know what pills! Blame you, you cunt

He further, two meters high body, like a meat tank, scared people around to flee.

Every step forward, the huge force on the body will step out of the ground one by one, accompanied by cracks spread, as if before the earthquake in general.

"Luoyao!"

"This time, there is no strong one in the Luo family to guard by your side. I just don't want to live. I'm not qualified to find Xingtian danzun for revenge, and I can't find Ye Chen that little beast. So I can only kill you today and vent my anger!"

Cui Yong strides forward fiercely. His body shape flies out with a knife force. His fierce Dao Gang is several feet in size. He splits the servant who is in front of Luoyao in two. The blood gushes out. He bathes in blood, but he is even more crazy, chasing Luoyao.

Chapter 1060

Luoyao is devoted to alchemy, but his martial arts and Taoism are not high.

In the face of Cui Yong in front of him, naturally, there is no qualification to stop him.

She is just going to go out to do business today. Who will move her in danxu town?

But I didn't expect to meet the crazy Cui Yong today!

Her face was pale, so she took pills and planned to use her skills to escape!

However, he was mercilessly interrupted before using the technique!

At this moment, Luoyao is really in a mess!

Ye Chen saw this scene, but shook his head.

It seems that after the World War I, the pattern of danxu town has long changed. Otherwise, how could Luoyao be started by such people before.

"Luoyao, it's my turn to save you today."

Ye Chen joked and waved: "Huang zhantian! Do it

Cui Yong, such as the virtual King realm guy, ye Chen doesn't need to do it himself, or he will lose his identity.

"Yes, master!" Huang zhantian's body leaps as fast as lightning. The ice blue luster flows from his palms and fingertips. He turns into a long gun. He stabs out a gun in the air. The gun Gang crisscross out, forming a gun net!!

Gun net whistling out, there is no sign of Cui Yong back buckle on the ground.

Thunder snake four Yao, constantly biting and pulling Cui Yong's body, devouring its violent strength and blood gas step by step!

"Ah..."

"Who, who stands in my way, come out!"

Cui couldn't move, but opened his mouth and called.

Hearing the sound, Luoyao stopped and turned to see Huang zhantian. She was quite surprised and asked, "are you?"

"Master, I have taken this man down!" Huang zhantian knelt down with a gun and saluted Ye Chen. He said, "this man's cultivation is too weak. I'm afraid he can't resist my gun net for too long."

"Master?"

Luo Yao was stunned. She said in her heart, "what a young and powerful cultivation is that you call the master in front of you?"

Is it hard to say that the genius of Tao's origin is only worthy of slavery?

How strong is his master?

Such a powerful young talent, actually sent a message to save me in person?

Luoyao has a feeling of vertigo.

"No problem!" Ye Chen walked slowly with a faint luster all over his body. He looked like a young man, but he could never see through it.

Luo Yao stares at Ye Chen, and feels strange in her heart: this, the man called the master by young Juncai, I can't seem to see through him.

He is very close.

However, I feel like he is on the other side of the starry sky and will never touch him?

This kind of temperament and cultivation is too strong!

What kind of genius is it?

"Hello, my name is Luoyao." Luo Yao still plucked up her courage, rather shy, and bowed to Ye Chen. She said with a light smile, "thank you for saving me today. I don't know what to call you?"

"Ye Shitian!"

Ye Chen represses a smile.

"Ye Shitian?"

"The leaves of the sky kill heaven?" Luo Yao was shocked and said, "are you the Lord Ye Shitian?"

She was suddenly overjoyed, and her eyes filled with little stars said, "are you ye Shitian who killed Xiang Yingjie? I heard that you have entered the secret place of blood spirit? "

"The trial of the secret place of blood spirit is over!"

"Now, I come out!" Ye Chen's language is plain, ask a way: "do you know Xing Tian Dan Zun where?"

"Do you want to find Xingtian danzun to refine pills?" Luo Yao pauses for a moment and then says, "it's not good for Mr. Ye to find Xingtian danzun. Cui Yong is going to get the pills of Cui's family when he is in a bad mood!"

"It turned out to be like this," she said

"Maybe you have a high level of cultivation, but Xingtian danzun is a strong one in the imperial realm. You'd better go to Lingyi danzun. In addition, three days later, we will hold a meeting in danxu Town, which will be more convenient. "

"Dan medicine conference?" Ye Chen asks: "Dan Xu town several Dan Zun, can all participate?"

"Yes." Luo Yao said seriously: "the pill meeting was originally held ten years later. But the Cui family and the Wang family, as well as Xingtian Dan Zun and Gu Yidan Zun proposed to hold the meeting in advance, and convinced several other Dan zuns and families

"So it's in three days!"

"It's mainly to test new alchemists. At the same time, several danzuns will personally refine top-grade pills. It's said that after the emperor's strong situation takes it, he can increase a small realm out of thin air!"

"At that time, Mr. Ye, you can go to the pill meeting and get some of these pills!"

Luo Yao finished speaking seriously, pauses a little, and then says with a smile, "I thought you were alone, Mr. Ye!"

She looked at Huang zhantian and others and said, "I didn't expect that you are leading so many young masters. I think your cultivation has reached the emperor's realm. Why don't you fight for the ten greatest talents of Kunlun?"

"I think that with your cultivation and fighting power, you can definitely stabilize the ten great talents of Kunlun."Ye Chen smiles. Five years later, he doesn't know where he is, and what ten talents he is fighting for.

He didn't care about Kunlun Xu's position.

Kunlun Xu is just a beginning.

What really matters is the samsara cemetery.

"Simply I don't want to fight with them. I, the servants, may still be able to fight for it!"

Whoa!!

As soon as she said this, Luoyao took a breath and looked at the young man in front of her in surprise!

My God, ye Shitian let his servants fight for it. Isn't his cultivation and vision far beyond the younger generation!

Regardless of the master and servants, they are the younger generation.

So young and powerful subordinates, the master they submit to must be far superior to them, otherwise they will never choose to submit.

However, it is obvious that these subordinates have such respect for ye Shitian, and ye Shitian's cultivation must be very high!

Perhaps, ye Shitian must have been the emperor for a long time. No wonder he didn't look on the list of Kunlun's top ten talents.

All of a sudden, Luoyao thought of something and said: "Mr. Ye, you saved me. Why don't you go back with me to the Luo family? I want to hold a banquet to thank you in person. Our Luo family will repay you heavily."

She is very clear that Cui Yong's accident will certainly arouse the Cui family. If we find this place at that time, it will be absolutely troublesome!

"Yes Ye Chen also did not want to agree, palm and fingertips burst out a group of flames, instantly will Cui Yong burned into ashes.

"Mr. Ye, please!" Luo Yao personally led the way, walking, but some worried: "Cui family disciples, in the family put life cards, Cui Yong died, Cui family must know, sir, go to our Luo family as soon as possible."

"No need!"

"A little Cui family, not worth mentioning!" Ye Chen's words are plain, and from time to time he said: "Luoyao, I heard that your Luo family mainly focus on alchemy, but you are practicing all the way. Why?"

Luoyao slightly bowed her head and said with a little embarrassment: "I also want to fly in the sky to ride the wind. I don't want to spend my whole life refining pills in the dark room. But talent decides everything. Cultivation is too far away for my Luo family."

Before Luoyao's words were finished, two angry shouts, like a bolt from the blue, were introduced into the people's ears.

"Bold thief!"

"If you dare to kill my Cui family's disciples, don't get out and die!"
