Chapter 1171

"I know that you resent me for making wine with human blood and making bone cup with human skull!"

"So that cooperation can't be achieved."

It pauses for a moment and then says, "but it's just the flesh and blood of the weak. If you can really defeat me, I will help you. At least, there is not much difference between following you and those who follow you. Anyway, I can improve my strength

"If you can't defeat the king."

"I will force the people behind you to come forward."

"As for you, it's just a waste. It's not worth it."

The intention of Baizhan demon king is very obvious. After all, in a word: Laozi wants to follow the strong.

It feels that it is difficult to improve its strength in the place of physical training, so it should follow the former strong to improve its strength.

"War!"

"Three moves to defeat you!" Ye Chen burst out of the sky and smashed his fist. Countless golden Buddhist texts appeared in the sky, forming a Buddhist kingdom. It was filled with all kinds of strong men, all chanting Buddhist scriptures!

Ten Thousand Buddhas Vajra fist!

Ye Chen has accumulated the power of "Buddhist kingdom in fist" by himself, which is still above the "Buddhist kingdom in the palm" of Buddhism!

At least, the power of the Buddha in the palm is the main force, but the "Buddha in the fist" is the main force of killing, with unparalleled attack power!

"Canglong destroys the enemy!"

When the demon king of Baizhan gave a violent drink, the Dragon trembled and crossed the heaven and earth, just like a golden steel great wall crushing the heaven and earth. Yuwei shocked and killed hundreds of thousands of demon clans. In the end, it will blow out the terror like a dragon!

Boom!!!

In the fist, the Buddha smashes the Dragon whip in the front, and then runs through the tail of the dragon!

"Canglong destroys the enemy?"

"It's a strange move, but it's very powerful."

"Even above my way of killing and indestructible sword, it seems to be the power of annihilation!" Ye Chen keenly looked at the king of Baizhan demon and whispered: "this old dragon is probably the most powerful one among many special abilities."

"No wonder, it has always stopped at the top of the imperial realm!"

"It must be that the perfection of the way of extinction is so difficult that it has been trapped for hundreds of thousands of years!"

The power of extinction comes from the way of extinction!

Although there is such a word for Dao 3000, it refers to the meaning of majority. There are many kinds of Dao, such as Kendo, Dao Dao Dao, Shuihuo Dao, Jinmu Dao, etc. all of them are ordinary Dao, and some of them are very special Dao.

For example, ye Chen's way of killing and immortal sword.

These special ways, with the "way of extinction" as one, possess the power to annihilate everything. They can make the young warrior turn into the old man with white hair in an instant, or wipe out all the sources of life in the enemy's body in an instant, and let them directly turn into nothingness!

Therefore, the "way of extinction" not only greatly reduces people's life, but also obliterates the origin of the enemy, making him directly become a dead old man without combat effectiveness. Its power is simply terrible!

"Old beast!"

"After I kill you, I'll have a good look at your rudimentary road!"

Ye Chen did not fear, but his eyes were full of fanaticism, and said, "if I practice your way of extinction in the source state of Tao! In this way, it can double my attack power a lot! "

For the time being, he didn't touch any other Tao, but he came into contact with the way of extinction. Once he has successfully cultivated, he can use this way to wipe out the enemy's life and life and the foundation of his body when he fights with the enemy next time.

"Hum!"

"If you want to kill me, I will destroy your body first!"

The king of Baizhan demon leaped out of his body at a high speed. In an instant, he came to Ye Chen's body. A dragon's claw was wielded, tearing the air waves around Ye Chen's body, mixed with fragments, and was extremely powerful.

Bang!!

Ye Chen also sacrifices a fist, Nie Baijian gives him the terror power to burst out, directly smashed the red gold dragon claw.

Whoosh!!

Road dragon claw debris flying out, like a fireball general, hit the ground shaking unbearable!

Dozens of powerful monsters watching the war were directly blasted into ashes by the fireball.

Fortunately, this is the monster of Lianyuan royal court. The palace of light and the court of Baizhan are not damaged!

Bang!!!

once again, the chest of a hundred war king was directly pierced by the leaf Chen, and the massive Golden Dragon blood was falling down. The ground was like a bubble. By the strength of dragon blood, it was sinking several meters down to the ground, and even the ground burst directly into a deep valley.

Golden body!

In particular, during the reign of the demon king of Baizhan, a drop of dragon blood could kill the human beings in the three layers of Daoyuan kingdom. Now, a large amount of dragon blood is flying, shaking the ground to pieces, which is normal!

Bang bang!!

With the blessing of Ye Chen, the Buddhist kingdom in the fist directly breaks through the power of extinction, penetrates the heart of the Baizhan demon king, and smashes his body into countless golden pieces, which are floating in the wind. Such a strike will directly hit the demon king of Baizhan.

Puff, puff, puff!!

Poof!!

The golden debris fell down, but it did a lot of damage to the people watching the war below.

In the blink of an eye, the monsters in the territory of thousands of venerable people in the king's Court of hundred battles were directly wiped out and could not be resisted.

"Lord Wang, can you hit the side a little bit? The aftereffect is too strong!"

On this side of the Baizhan royal court, many gods and generals hastened to retreat, with the back Baizhan demon army retreating, each distressed.

The king was hit in the chest and heart by the outbreak of Lord Ye, but the aftershock and golden fragments almost killed us!

What a surprise!

Ye Shitian actually broke out such forces!

I'm afraid it's possible to kill a top powerful person in Kunlun xudi's Zun state, isn't it?

"Ye Shitian!"

"I admit that you are strong, but if you want to suppress this king by force, you are not enough!"

"Here I am, there are some immortal tools given by the blood spirit clan, as well as a group of Qi and blood power. I can enter the sixth stage of golden body hegemony!"

The king of Baizhan demon retreated while fighting. At the same time, he said in a cold voice: "if I'm not wrong, the strength in your body is lent to you by some people to ask the people behind you to come out with this king -"

Ye Chen didn't pay any attention to it. He gave a fist and hit a piece of blood.

He never thought that, in an instant, the young man seemed to be a different person!

No matter the momentum and strength compared with just now, it's just heaven and earth!

Ye Chen can ignore these, at the moment of his eyes red, kill red eyes!

Without the aid of any weapons, hard to fight a world by fist!

Each blow seemed to make the king of Baizhan demon burst, and his flesh and blood disappeared. In an instant, he condensed the sword seal of heaven and earth, and directly penetrated into the soul of Baizhan demon king.

"Ah..."

"Ye Shitian..."

"Ye Shitian, do you want to suppress the king by force?"

"I won't let go - ah Roar... "

The roar of the dragon was heard. The king of Baizhan demon rolled on the ground in pain. Every time his body rolled over, it was like an earthquake of magnitude 8, which injured and killed many demon families.

With the power of its soul, it is less than twice that of Ye Chen.

Facing the sword seal of heaven and earth, even if you can resist it, it won't last long!

Chapter 1172

Soon!

Five minutes later, ye Chen sensed that the seal was finished, and his lips showed a smile and a long breath. His forehead was even covered with sweat.

It's too expensive for the seal to exist.

He wiped off the sweat from his forehead and continued, "I've taken you in at last!"

"But you don't have to be angry or depressed!"

"As long as you work for me, you will kill as many blood spirit people as you have harmed before

"One for ten!"

"If you have killed ten people, then go and kill a hundred blood spirit people!"

"The life of my earth is ten times more expensive than that of the blood spirit people. When you kill enough, I can meet your requirements!"

He looked at the gradually calm Baizhan demon king and said with a smile, "before you kill enough, you will follow me. I'll kill you if you're a little bit rebellious. Of course, follow me, and your strength will improve quickly! "

"Ye Shitian!"

"Ye Shitian, you..."

It was just like an ant crawling up from the ground, and it felt as if it were fighting No, ye Shitian No, master

"Master, spare my life!"

At the moment, the king of Baizhan demon has the strength before, and his eyes are full of fear.

The monsters of the two forces, looking at the rolling king of Baizhan demon, were shocked beyond words!

Is this still the king of Baizhan demon who is indomitable and invincible?

He was beaten by Ye Shitian and fell to the ground, wailing and sparing his life.

What's more, the king of Baizhan demon calls a human master?

Such a powerful demon king was subdued?

Ye Shitian, it's too powerful!

"It's good to read your cultivation!"

"It's about your life. If you fight against the blood spirit clan in the future, you will kill a half blood spirit clan who has entered the God realm!"

"I can think about it. I'll take you to gaowu level." Ye Chen, waving his hand, untied the attack of Qiankun sword seal on the demon king of Baizhan. He looked down at many demon generals in front of him and said, "the people of Baizhan King's court will be in the palace of light from now on. If you don't accept it, come out!"

After a period of silence, two monsters rushed out directly.

Their eyes are ferocious, and their breath is even more violent to the extreme!

"I don't accept it!"

"I don't agree with you, ye Shitian, you devil -"

both monsters have accomplishments comparable to the emperor's realm.

It's no wonder that the place of body training is isolated from Kunlun, where the spirit is rich. These monsters have been practicing for thousands of years, and there are more natural emperors than humans.

Bang!!

Bang!!

Ye Chen looked at the two figures, but shook his head, such a situation, there are people looking for death!

With two punches, he directly smashed the two monsters that were about to approach. His whole body burst into Qi and blood. He looked down at the world like a god of war. His voice was cold and said, "those who don't accept it can come out. I can make it!"

This scene appears!

More than 100 gods and generals of Baizhan demon king put out the fire at the same time, and no demon clan dared to speak.

Ye Shitian's strength, we all saw that the king of his family was beaten into this ghost.

What's more, ye Chen is different from the God appointed demon king. He is really strong. Even if he revolts together, he can be completely slaughtered in a moment!

"Good!"

"Since there is no demon clan who can't accept it!"

"From now on, all the monsters on the emperor's revered realm have contributed one-third of their blood essence!"

"I'm going to keep on training!" Then, ye Chen looked at the king of Baizhan demon and said, "what the blood spirit family gave you, give it to me!"

"Yes Baizhan demon king's face was pale. Slowly, he took out a blood colored light group and said, "there is a strong Qi and blood in the divine realm, as well as a second grade immortal tool!"

He bowed down to his knees, clasped his fists and said, "to the master!"

After ye Chen received these, he looked at the celestial general and said, "order the other two royal courts to come in two days!"

"As for the demon emperor's Wanyao Tianting, I'll send an order and come back two days later!"

"If I don't kill it, it's a river!"

"Yes, Lord!" Astronomical God will be a shock, extremely happy to go underground to preach!

Finally, I followed the right king!

The king is arrogant and gives orders to the three royal courts!

Enough bullying!

What's more, with the strength of the king, I'm afraid it won't take a few days to unify the body refining place. It's a good strategy to lead us to attack the blood spirit clan in the future!

In any case, the cultivation resources that can be used up in the land of physical training have been used up for thousands of years!

However, all the monsters above the emperor's dignity can only cultivate themselves slowly and be self-sufficient. If they can attack the blood spirit clan, they are likely to win some resources and make great progress in their cultivation!As for Kunlun Xu?

The master is a man of Kunlun Xu. I think he will lead us back to Kunlun Xu in the future!

Even if it is possible to give human as a mount, it is much better than the increasingly scarce environment in the place of physical training!

After ye Chen explained, he found a place and began to close down.

Although he was strong in Kunlun for a few days, he was worried about China.

Ji Siqing stepped into the land of China and didn't know if he had met those strong people who were dormant in the deep.

Who are the forces who want to attack Ye family and Xia Ruoxue!

The affairs of the hall of light are mainly handed over to the celestial general and the Phoenix general. The two men's combat power is at the top of the two forces, and they can be dealt with quickly!

A place of seclusion!

In a cave, Xiaohuang and Xuelong are coiled on both sides of Ye Chen to protect Ye Chen's Dharma!

Ye Chen took out the blood essence which many gods and generals had contributed.

There are nearly a ton of blood essence contributed by so many monsters!

These monsters are extremely huge!

Relatively speaking, their blood essence and blood are much more than those of human beings.

Any demon tiger is tens of feet in size, and there are many refined blood. It would be ridiculous to collect the essence blood of the demons from the two great powers!

As for demon plants, they have contributed 350 fruits that are effective for the power of the soul. These fruits are condensed by themselves!

Ye Chen with these blood essence and fruit, enough to enter the phase of the five or six.

It takes the lead to take out the best quality blood essence, the essence blood of Baizhan demon king and several God generals of the emperor's seven layers of heaven. It puts it on the barrel and does it on its own. It uses the essence blood to refine the body, and at the same time, it can be absorbed by skin, blood and flesh.

Hoo Hoo Hoo!!

Whoa!!

The essence of blood in the barrel releases endless killing Qi, which makes Ye Chen's skin numb.

If you change it to other emperors, I'm afraid that if you put it in the barrel, you will be instantly flushed by blood essence.

Crackling ~ ~

Zizi ~ ~

the killing gas of blood essence turns into five colors of thunder and lightning, which suddenly bombards Ye Chen.

Chapter 1173

From time to time, will form a variety of fierce beasts, demon fire, demon thunder and so on, temper Ye Chen's skin.

The so-called tempering, also can't two results!

One, after successful quenching, the body was greatly improved.

On the other hand, when the tempering failed, the body was crushed by the spirit of blood essence killing and cutting, and the body was basically half wasted.

Besides, the super sports period!

The first three stages, mainly the body gold!

The third stage in the middle stage is mainly the golden body!

In the third stage of the later stage, the body was mainly red in blood.

Turn the body into blood red, return to the original color of blood, until the vigorous phase, every inch of the body's skin can contain a large amount of vigorous Qi. Even if the body does not move and only Qi and blood vibrate, it can turn into thunder gang killing enemies all over the sky.

As for the vigorous Qi, the vigorous Qi in the skin belongs to the vigorous Qi of Lei system or the vigorous Qi of fire system, it depends on the situation!

The only thing that can be determined is that once the flesh enters the vigorous phase, even if the king of God comes, he will have enough qualifications to fight against it!

Time passed quickly, ye Chen's body seemed to be hungry and thirsty for a long time, suddenly absorbed more than a thousand kilograms of blood essence, began to produce qualitative changes.

A breath of terror, sent out!

Ye Chen's elixir field gradually forms a reincarnation seal, which is the reincarnation blood vessel opened again.

Hoo Hoo Hoo!!

Reincarnation blood is like a black hole. It devours a lot of demon blood essence. It seems like a baby who has been hungry for a long time. It devours the essence blood to make up for the defects. At the same time, it emits more and more strong breath!

In fact, ye Chen hasn't been practicing for a long time since he practiced last time.

From entering the holy land to the source of Taoism, the flesh body has been longing for blood essence for a long time.

This time, ye Chen got enough blood essence as much as a ton, which would cause the special reaction of blood vessels.

With the phagocytosis of blood essence, ye Chen's arm showed purple veins, flashing a purple light, with the surrounding red gold skin, it was particularly different. In principle, when you arrive at the fourth stage of the super body period, the meridians and blood light should also be red gold.

"The blood of the owner of the tomb has opened up some more!"

"It seems that the blood talent has been activated!" Looking at all this in front of him, he said, "reincarnation blood, no wonder you can awaken the purple holy vein in the fourth stage of the super body period!"

Mo Ning'er was a little surprised and asked, "what's the 'Purple holy vein'"

"elder blood, you know all kinds of blood vessels, and you must also know the reincarnation blood vessels. Tell me quickly!"

"I know all kinds of blood, but reincarnation is rare in the world!"

"I don't know much about it either!" With a long sigh, he said: "I once saw in an ancient book that a man with reincarnation blood vessels hundreds of thousands of years ago once awakened a special meridian in the seventh stage of the super body period, showing purple."

"And this special meridians can hold twice the Qi and blood of the same level flesh body!"

"It means that the same is the seventh level of the super body period. Others may have 15 million Qi and blood, but those with this meridian can hold 30 million Qi and blood, and their combat power is several times higher than before! This kind of meridians is also called purple holy veins

"And that ancient book is also what I accidentally saw when I traveled abroad 7000 years ago!"

The later the cultivation, the more difficult it is.

Even if there is a big difference in the early cultivation and spiritual state of ordinary people, they will gradually shorten the gap as they enter the later stage, such as Daoyuan state, Emperor Zun state, etc., and it will be very difficult for ordinary people to surpass the combat power of others several times.

Ye Chen, even if he doesn't have to pay his life hard, can open a huge gap with others in the same realm by relying on the purple holy vein!

Nie Baijian looked at Ye Chen from outside and said to himself, "this kind of meridians is really extraordinary."

"It seems that the reincarnation of this boy is more than these special features."

"That's natural!" "Blood seven night said:" however, it is estimated that the boy will be able to activate other talent abilities until he enters the later stage of emperor Zun state. "

In the samsara cemetery, it's still under discussion!

However, ye Chen's body is earth shaking changes, absorbed thousands of Jin of blood essence, the reincarnation seal gradually calmed down!

The physical body, from the third stage of the hegemonic period, has entered the fifth stage of the hegemonic period.

The whole body up and down, package viscera, all flow with a strange light!

This light seems to be the darkness of the deep nine.

It's like Buddha light all over the sky!

This light is more like the reincarnation light that ye Chen released in the blood spirit secret place!

"What a powerful feeling!" Ye Chen slightly waved his fist, and the violent power seemed to spread from the palm of his hand. He could clearly feel that his combat power had been improved a lot.

He looked at the faint purple meridians on his arm and said, "if I absorbed all the blood essence, my trial in the place of body refining would be over."

"But there is still the power of the soul and the rudiment of the road, which needs to be practiced again. Otherwise, we may not be able to defeat the strong ones coming from the blood spirit clan!" No longer think about it, ye Chen continues to absorb the rest of the blood essence, and then takes the fruit, ready to enhance the power of the soul and his own realm.

.....

A day goes by!

The main hall of the former Baizhan royal court has now become the main hall of the hall of light.

The celestial general and the Phoenix God are standing around the throne, like two Dharma protectors. Behind them are the envoys of the wind and cloud. They have acquired many treasures of the Baizhan royal court. They have not only restored their physical body, but also taken a step forward!

Not only that, once the Baizhan demon king, also does not have the breath of the past, silently stands on the other side.

This time, the other two royal courts heard that the original Baizhan demon king had been beaten by Ye Shitian, his flesh and blood were broken, and he was rolling on the ground begging for mercy, and he came with his men all night.

The two kings led the team to set out, followed by more than 100 gods and generals of their own!

Ghost knows what will happen, simply two kings will be able to put on the table of the emperor will be the situation God will bring!

"Let's invite the two kings into the hall!"

"Please wait for a moment, Lord Ye, we are still in the closed area, there is still an hour before the meeting time!" The astronomical God's words are plain, which exudes a strong Qi and blood!

"That's good!" Kun Gu demon Wang sighed and found a seat to sit down.

It is a family of monsters. Its essence is a flaming God tiger. It has close relationship with the God appointed demon king who was killed by Ye Chen, but its strength is not as good as that of the God ordered demon king. That is to say, in the later period of emperor's reverence, he faintly touched the threshold of the seven layers of heaven in the emperor's Zun realm, and the nine level flesh body in the bone setting period!

He took up a glass of wine, took a sip, and with a smile, he asked, "excuse me, Lord Ye, what can I do for you?"

"Shut up, when my Lord comes, I will tell you clearly!" The king of Baizhan demon roared, which immediately shocked the ancient court of Kun. From the king to the general, none of the demons dared to speak any more. They all sat down and drank alcohol, and did not dare to breathe.

Chapter 1174

The ancient king of Kun sighed and looked at the demon king of Baizhan quietly. He said: the former Baizhan demon king has become the pawn of Ye Shitian today.

What is the sacred place of Ye Shitian?

Which top school is from Kunlun Xu?

I'm afraid the demon emperor can't hold him down. I'll talk to him later.

Don't offend!

If you offend me, you will be killed!

"Hum!"

"Baizhan, you old man, I didn't expect that you would become ye Shitian's subordinate!"

"I didn't expect that the king of Baizhan demon, once invincible and invincible, has become a general of the Imperial Palace today!"

The demon king of Lianyuan made a few sarcasm, but he was shocked by Baizhan God to step back and laugh instead of fear.

He led more than 100 generals to sit down, put his hands on the wooden table, looked at the Baizhan general, and said, "today, I should call you Baizhan God general, right? I am the king, and I am the king of Lianyuan royal court. But you are just a god general. If you attack me, you are the following transgressions

"Of course, I may not be in charge of you!"

"But, I will report to your master, at least, your master's son, ye Shitian, is the same level of existence as me!"

Same level!

It means King level!

The king who is in charge of thousands of demons!

At present, only Lianyuan demon king, kungu demon king, ye Shitian and demon emperor are the only three demons and one person.

If the general of Baizhan does not take any action, it is an act of transgression.

"You

"Lianyuan, you bastard, I haven't seen you before!"

"Today, you are rampant!" Baizhan God general is about to make a move, but he is stopped by astronomical God general and Phoenix God general.

The wind and cloud emissary came forward with a fist and said, "demon king of Lianyuan, you are the king of Lianyuan Wangting, but you can't make a mockery of my God General in the palace of light! Although I dare not, I can't do it to you

"But it doesn't mean that our king can't do it!"

It clasped fists to the sky, representing the supreme respect for ye Chen. He said, "my Lord, kill the destiny and deal a heavy blow to the hundred battles. If you are not polite in your words, it is only a matter of minutes for my king to kill you!"

"Yes?"

"How do you deal with the demon emperor

"How do you deal with the Lord of your family

The king of Lianyuan sneered and said, "there is still a year to go before the adults of the blood spirit clan will come!"

It deliberately looked at the Baizhan general and sighed, "I heard that the Baizhan God general seems to have betrayed the command of the blood spirit family and the adults of the blood spirit family!"

"Hundred battles!"

"If you act like this, you will commit suicide."

"Do you want to drag down Ye Shiwang

It was shrewd, leaving ye Shitian aside and scolding Baizhan God general.

"Betrayed the blood spirit clan?"

"I Ye killed heaven and never submitted to the blood spirit clan!"

A strong and extremely powerful Qi and blood throughout the palace, giving all gods and generals a feeling of suffocation, just like facing the ancient devil.

I saw a bloody road coming from a distance. On top of it stood a young man. He moved forward with the advancement of the bloody road. He waved his hands to gather the power of infinite Qi and blood, turning into a giant blood arm, and directly captured the king of Lianyuan!

"Let me go!"

"You kill heaven, let go of this king!"

"I am a disciple of the Blood Sword sect, and I am also a half blood spirit clan. How dare you --"

CLICK!!

Click!!

Only hearing the sound of the road breaking, the golden body of the king of Lianyuan quickly cracked, and the crack spread quickly!

Under Ye Chen's arm, the first-class gold body of the hegemonic period is like a toy. It seems that in the face of this irresistible force, the king of Lianyuan has been hit hard!

Bang!!

With a clear explosion came out, golden light overflowing!

Ye Chen's arm is loosened and a stream of Qi and blood flows into his palm.

The king of Lianyuan is still in human shape, but his whole body has been seriously injured!

Although Ye Chen has been closed for many days and his strength is strong, he has not yet reached such a terrible level.

Just now he was just using the power of the samsara cemetery.

Now, he has to take the initiative from the start!

The best initiative is to let these people feel fear!

"Hoo!"

"How strong!" The king of kungu took a long breath and secretly sighed that he had not offended ye Shitian!

Lord Lianyuan! Such a demon king with golden body was severely damaged in an instant!

It looks at Ye Chen, just like looking at the sea of stars. It can't help but sigh: "it's unfathomable. It's definitely much better than the demon king of Baizhan. I don't know who's better than the demon emperor." Lord demon!

It was closed five hundred years ago, and it was terrible at that time!

Think of it, 500 years later, the demon emperor should be promoted to the sixth level of the overlord period, which is located at the top of the Ninth Heaven in the emperor's realm!

Ye Shitian, should not be an opponent?

"Ye Shitian!"

"Why are you so hard on me?"

"Aren't you afraid that the adults of Xueling clan will revenge you?"

"I tell you, it's the Blood Sword sect of the blood spirit clan who suppressed the Kunlun void. I'm a disciple of the Blood Sword gate. How dare you hurt me..." The king of Lianyuan was so angry that his whole body was shaking, and his body was full of cracks.

It pointed to ye Shitian and said, "you'd better pay for my loss!"

"Otherwise, the blood spirit people who came after a year will be my senior brothers!"

"I will let my senior brothers smash your golden body and make you skin twitch

For the king of Lianyi, he knows ye Shitian is strong, but no matter how strong he is, he is not qualified to compete with the strong one of Xueling clan!

Because one day, one is the earth!

Can't compare!

There is no qualification to compare!

"Crack!"

Ye Chen grabs the master of Lianyuan in the air, looks cold and says: "what is the blood spirit clan! I'll tell you, your elder martial brother is coming. I'll blow it up like me! " He looked at all the generals and said, "I'm here to inform you that I'm here to convey a message."

"From now on!"

"No matter whether Kunlun is empty or the place of body refining, people who are demons and Demons and have fighting power should take the blood spirit clan as the enemy!"

"This day, I kill the sky, I will turn it over!"

His Qi and blood burst out and killed two Wangting generals of Lianyuan who wanted to refute on the spot. He said: "in the Xuzhong of Kunlun, my younger martial brother Ye Chen has recovered many sects. The flag of resistance to the blood spirit clan must be erected!"

"I am in charge of the place where I train my body."

"All demon clans in the land of body refining should step up their cultivation, and in the future, they will be based on fighting against the blood spirit clan!"

"Any demon clan related to the blood spirit clan will either kill several blood spirit clansmen and send their heads to show their loyalty, or I will kill them now!"

Monsters are not human beings, and they have not been oppressed by the blood spirit clan!

Therefore, ye Chen does not intend to use the policy of Huairou to suppress directly!

Chapter 1175

Ye Chen said to fight against the blood spirit clan, it must be!

Who dares to say half a word, as shock kill, or direct seal.

In one place, the hall was silent, and many gods and generals looked at Ye Chen one after another, but the ancient king of Kun stood up.

King Kun held his hand and asked, "dare you ask, Lord Ye, are you sure you can deal with the blood spirit clan?"

It looks around many demon generals, smiles and says: "the place where I train my body originally belongs to Kunlun void. Now it is not a problem to return to Kunlun void. It's just the matter of dealing with the blood spirit clan, which must be clear to all of us. "

"What's more, I also know that Lord Ye is skillful

"Even if we don't agree today, we will be suppressed and sealed by Lord ye one by one, or executed directly!"

"Why not, Lord Ye, talk about his own assurance, if everyone thinks it is feasible and capable."

"Let's do it together."

This is very reasonable. For the demon clan, it doesn't matter to follow. It's good for you.

They have no deep hatred or benefaction with the blood spirit clan. Although they have some complaints about Kunlun Xu in those years, they are also the old generation of gods and young new gods. They have not lived in Kunlun Xu, nor do they hate them.

Most of the demon clan gods are also looking forward to the land of the powerful and the life of killing.

Of course, they don't want to be slaughtered!

"Ye Shitian!"

"If you dare to rebel, you can find it again -"

"click!"

Ye Chen waved his hand to burst out Qi and blood, which directly broke the neck of the king of Lianyuan. With a little bit between his fingers, the crisscross sword Qi flew out, directly smashing the gold bones and scattering on the ground, frightening a lot of Lianyuan Wangting gods to retreat.

"This

"Lord Ye, my lord..."

Lianyuan Wangting, the God general who could speak, stood up with trembling body and said, "Lord Ye, what do you mean?"

"No it!"

"Since then, the headquarters of Lianyuan Wangting belong to my ye Shitian!"

"Do you have any opinions?"

When ye Chen waved, he made several seals of heaven and earth swords, sealing all the gods in the later period of emperor Zun, including three celestial generals, as well as three other gods in the two royal courts.

He looked at the people and said, "do you know how many years I have practiced?"

The king of kungu came forward and examined it carefully. Then he looked at the people and said, "it's only ten years!"

"What?"

"Lord Ye, who has practiced for only ten years, has such a divine power?"

"In ten years, have you reached this level? It's against the weather

"Is there any other plane behind the king ye

At this moment, people seemed petrified, and the expression on their faces was even more appalling.

As the divine generals of Lianyuan Wangting and kungu Wangting, they also practiced for thousands of years before they had such practice.

But ye Shitian?

Only ten years of practice?

Is it true that there are overseas ethnic support behind such accomplishments?

However, the ancient king of kungu could not lie. I think ye Shitian really practiced for less than ten years!

"Ladies and gentlemen, I have practiced for less than ten years!"

"Now, being in the source of Taoism, it is enough to kill the strong one in the seven layers of heaven of emperor Zun's realm! What will happen to me when I step into the realm of emperor? You should be very clear about it! "

"In the next ten years, I will cultivate to the realm of harmony, so that Kunlun will have enough strength to resist the blood spirit clan!"

Ye Chen looked at many gods and generals, and understood that if they wanted to help, they must see that they could resist the blood spirit clan, and then said, "and one year later, I will kill the blood spirit people who came first!"

"Of course, all this is just the beginning. I have a great hatred with the blood spirit clan. If they are in nine days, I will kill them for nine days."

"If you can't, I can let you leave Kunlun Xu and go to other places before the war with Xueling clan in the future."

"The only way to practice Kunlun is to practice Kunlun well."

"May the king and the horse head be the leader." The astronomy God will be the first to kneel down, clasp hands and shout: "willing to follow the king, fight against the blood spirit clan!"

"May you follow the Lord Ye and fight against the blood spirit clan!"

"Willing to fight against the blood spirit clan!"

For a moment, the two or three hundred gods and generals in the hall all half knelt down.

The gods who are close to the high realm are all subdued, and the other gods will almost obey Ye Chen's words.

"Ye Shitian!"

"Where do you put the demon emperor in such a way?"

At this time, a snow fox God will stand up, pointing to Ye Chen and angrily scolding, "the place of body refining is the land of demon emperor! It's against you to do so -- "

CLICK!

Ye Chen directly pinched and exploded the God General of the five layers of heaven.

With his majestic eyes, he looked at the king of kungu and said, "kungu God general, the demon emperor is still in seclusion?" "Yes, Lord Ye!"

"Let's get there as soon as we get there." Ye Chen twists his neck and makes a loud sound, which makes the generals dare not say much, "if you don't kill the demon emperor, it will be more difficult! Plus his loyalty to the blood spirit family, I can't stay.

I don't like threats. On the contrary, I like to stifle them. "

"I don't have much time. Let's erase this threat today."

Ye Chen is a little anxious. When he comes in, he worries about ye family and Xia Ruoxue.

Therefore, we need to solve the demon emperor as soon as possible, and lead the Wanyao back to kunlunxu. The celestial, Baizhan, kungu and other demons are responsible for dealing with the Huang family. We will go to China to see the situation!

In China, aura is extremely scarce.

It is impossible for the emperor to respect the powerful. Even if it does appear, even if Ji Siqing can't solve it, can't he solve it himself?

Now, even if Han Yun is in front of Ye Chen, ye Chen can take it safely.

Although the "power of the Tao" has not been improved much, the physical body has been tempered to a very terrible level, and it is even more common to be in the state of mind.

"I'll wait for your orders!"

Kungu, Baizhan and so on, quickly led many gods and generals to follow Ye Chen.

This moment is destined to be the beginning of the nightmare of the real body refining place.

.....

The palace of the demon emperor!

In the past, the land of yushuzong is now a grand palace.

There are dozens of gods stationed outside the gate, which is far more than other royal courts.

"What is the comer?"

"Well, it's human breath. What are you doing here?"

"Stop!"

Several generals put out their arms and turned them into a rainbow. The fierce power directly killed Ye Chen!

Guard the demon palace, but someone dares to break into it and cut it!

"Just a few ants!"

"You want to stop me? Ridiculous! What about your demon emperor

"Let him get out of here!"

Ye Chen smashed many weapons with his hand, and fell in front of the demon emperor's palace. His Qi and blood burst out and turned into two arms holding the sky. He slapped several generals with one slap, which smashed the gate of the demon palace!

Under the pressure of his Qi and blood, all the demon clans in the demon palace puffed on the ground and could not raise their heads.

Chapter 1176

At the moment, the momentum of Ye Chen's outburst is that there are not enough demons for cultivation. Don't say to get up, it is extremely difficult to raise your head!

Boom!!!

Ye Chen's prestige seems to cover everything!

All of a sudden, ye Chen Mou son a congeals, perceived what, the corner of the mouth outlines a smile.

Then, a great noise resounded!

A palace burst open, a green dragon soared out, majestic, glared at Ye Chen, said: "where human, dare to intrude into the emperor's palace?"

The green dragon soars, which is 3000 Zhang in size. The huge dragon body extends like the Great Wall, covering most of the sky. The tail of the dragon can't be seen from a distance. The blue dragon scales are dazzling.

Two huge longan, like a star as bright and shining.

Send out the breath, the whole wall of demon palace collapsed!

This breath is absolutely in the Ninth Heaven of emperor Zun, but I'm afraid the combat power is not weaker than that of entering the divine realm!

This old green dragon, whose strength must be above the demon king of Baizhan, has absolutely reached the sixth level of the golden body.

The golden body, which had not yet been revealed, shocked the hall of light, and more than 100 gods and generals could not stand on the ground.

All present submit!

Only a young man did not bend down at all!

That is Ye Chen!

"Are you the demon emperor?"

"What do you call it? I hear you have many children? "

Ye Chen quietly looked at the green dragon demon emperor, the joy in his heart was self-evident, and even changed his decision silently!

This old green dragon, with its fighting power above Han Yun, stands alone, one and a half steps into the divine realm. It's not in the words!

If there are two kinds of immortal tools in hand, to resist two and a half into the divine realm, are OK!

If you take it, after a year, it will be much easier to fight against the blood spirit clan!

At the beginning, ye Chen thought that the demon emperor was a wanton old dragon, but he didn't expect that the old dragon had such courage and strength that he could easily kill himself who had just entered the training area!

It's only a few days to enter the place of body refining!

Ye Chen's combat power has been increased more than ten times!

"This emperor is a demon emperor

"Name taboo, green sword!" Looking down on the sky, the old green dragon suddenly whistled, shaking the bodies of two or three hundred gods and saying, "are you human? It seems that you have taken down kungu, Tianming, Lianyuan, Baizhan, and the four royal courts! "

"In this way, you will lead the gods of the four royal courts to seek the emperor!"

"What is the moral?"

"And you, Baizhan, I didn't expect that you would surrender to human beings!"

The general of Baizhan gave a sad smile and said, "green sword, I'm not strong enough. Naturally, I'm going to surrender. As for you, it's better to surrender, so as not to be killed on the spot or sealed on the spot by King ye, and your face will not look good! "

"Hum!"

"Still want to subdue the emperor?"

"Do you want to be the enemy of the blood spirit clan?"

The green sword demon huanglongwei bloomed, like the waves and tides. It was extremely violent. On the spot, it shattered a God General in the three layers of the emperor's realm!

It slowly stretched out its claws and said, "the gods of Wanyao Tianting will lead the Wanyao heavenly army to wait outside!"

"The emperor killed the young man!"

"You can kill such rebellious generals

Ye Chen snorted: "do you want to kill me? Are you sure you have the qualification? "

The language falls, ye Chen rushes out against the sky, and Qi and blood break out with all one's strength, rolling evil Qi covers the whole body.

He burst out two fists, and the endless Buddhist scriptures appeared all over his body. All of a sudden, the Buddha's light was revealed and the holy was extremely high.

Buddhist scriptures automatically form two chains of order, lingering around the bloody fist, and become two Buddhist countries!

Boxing in Buddhism!

Kill!!

Click ~ ~

with the surrounding array breaking, the Buddhist kingdom hit the dragon claw of the green sword demon emperor.

Among them, countless manifesting Buddhas chanted scriptures, and once again turned into a round of killing power, killing the Dragon scales and flying dragon blood.

"Ah..."

"You human being, you are really looking for death!"

The green sword demon emperor wants to belittle Ye Chen. With a blow, he retreats a few steps.

The next second, his eyes are full of killing!

The mouth is spewing out a large area of blue dragon flame, as if to ignite the sky, even powder destroyed the sky, it waved its claws to pull a piece of lightning from the air.

The colorful thunder and lightning interweave in one place, blue, red, purple and white. They gather together to draw out a chaotic thunder and lightning God, which cuts through the night sky and leaves a clear trace. It seems that we have to recover the thousands of years of time that has passed by, which is close to Ye Chen!

"Killing immortal sword!"

Ye Chen didn't dare to drink lightly. There was a way of destroying Kendo and killing behind his back. Qi and blood burst out. There were lines of spirit on the body of the sword. The light was shining, and the eight wastelands were awed. At the tip of the sword, a sword gang was shot out of the sword, carrying the endless power of killing and tearing the green dragon flame. In an instant, the blue dragon flame was shattered by sword Qi.

Bang!!

The two swords collided with each other and broke out into brilliant brilliance.

The aftershock broke out, and all the creatures in the demon palace were destroyed. The Dragon son and the grandson all turned to ashes in the aftershock!

"Ah

"You beast, son and son of the emperor!"

"I will kill you!" The green sword demon emperor burst out of the sky and spouted a bloody sword from his mouth. It is a kind of immortal tool given by the blood spirit family. It holds a fairy sword with dragon claws and fights with Ye Chen. It shakes the ground and shakes the aftershock for ages.

In the distance, all kinds of demon emperor's back escaped, and were captured by Baizhan, kungu and other gods.

Baizhan God General (Baizhan demon king) is one punch to fly two demon heaven generals, angrily yelled: "dare to start again, I will kill you!"

It saw that the gods in the demon heaven did not dare to start any more, so he made himself wait for the demons to stop and stare at the distant battle between the green sword demon emperor and ye Chen. One demon broke the surrounding array, and the dust rolled around it was wonderful.

"Lord, this is a lot of promotion!"

"Now, if the king does not use his cards and is not transported by foreign powers, he can also produce such strength!"

"How fast the promotion speed, golden body at least six levels!"

"Quick, too fast!" Baizhan demon king secretly sighed that ye Chen had a fight with himself a few days ago, and ye Chen was still under the blessing of immortal tools and the power of Tao! But now, different blessings, pure flesh Qi and blood, even terror to this point!

Immediately, the Baizhan God will send an order: "all gods will form an array, in order to prevent the demon heaven from attacking!"

"We've made or failed in life and death!"

"The Lord has seen it

"Yes Many gods will form an array according to the array of stars around the sky. 360 gods will form the array together. On the array, a wild ancient monster will be formed, looking around at more than 100 gods and generals in the surrounding ten thousand demon heaven!

As for the 20 odd generals who have not finished the array, they are attached to the array.

Countless eyes are staring at the dust!

There is a doubt in everyone's heart!

Who can survive the battle between ye Shitian and the demon emperor!

Chapter 1177

In the distance, the gods of Wanyao Tianting will see the fierce array, and without hesitation, quickly assemble the Wanyao heavenly army, and 200 gods and generals will line up to surround Baizhan and others.

Among them, one of the gods and generals even went forward and said, "if you dare to kill the descendants of the emperor, you will surely die!"

It pointed to Ye Chen in the sky and said, "you dare to follow such humble human beings. It's really killing you!"

A human?

Human beings in Daoyuan state, however, have some cards that can block the demon emperor!

The four kings of Ganting are willing to follow?

There are two kings among them. They are crazy!

How dare you make a collective rebellion against the demon emperor!

However, it's good to wait for the demon emperor to solve the human, and then he leads the army to go out and kill the rebellious generation!

Boom!!

Boom!!!

There are endless thunder flashes, sword Qi is vertical and horizontal, and dragon power vibrates everywhere.

Only the aftershock shook the ground to pieces. Ye Chen grasped the dragon body of the green sword demon emperor, and his Qi and blood burst out. Countless divine thunder and evil Qi surrounded his arm, and his body refining power was completely collided!

Ye Chen unexpectedly threw the body of the green sword demon emperor out. He knew very well that if he continued to fight here, I'm afraid the aftereffect would shock and kill many of his subordinates!

"Bang!"

Green sword demon emperor and ye Chen's bodies constantly collide! They smashed directly into a huge underground hole.

When the green sword demon emperor saw everything around him, his heart was even more cluttered: "not good! How did I come to this place with ye Shitian! Damn it

Here is a dark place, like a dark place without life.

Different from the outside world, there are endless thunder and lightning, flame, vigorous wind and other forces inside. The power of the disaster comes from the original blood spirit family.

Crackling!

Bursts of thunder flashing, bright thunder light four, forming a thunderstorm.

It seems that thunder cloud is approaching Ye Chen and the green sword demon emperor. The thunderbolt bursts out at the same time, killing from all aspects. The thunder cloud is an ownerless thing, no one controls it, but it is better than someone to control it.

In the past, they formed a natural calamity, and they only killed those who crossed the river.

But once a creature comes in, they will go mad and kill all living creatures.

Ye Chen moves with his feet on heaven and earth. His black hair dances wildly. His eyes burst out with two kinds of luster. He turns into a sharp sword and hits the green sword demon emperor.

Loud!!

Relying on the dragon body, the green sword demon emperor directly shattered the sword.

It's a claw swing out, hold Ye Chen directly, block in front of the body.

"Little beast, you want to die! Neither of us wants to go out today

Boom! Boom!!

Boom! Boom!!

The furious thunder all attacks on Ye Chen's body, explodes the leaf Chen's skin bursts of bloodstains, obviously is about to be unable to bear.

Ye Chen spurs out a mouthful of blood, and the immortal killing sword in his hand explodes infinite sword Qi, killing thunder cloud.

"The way to kill! Don't destroy Kendo

"Turn the universe around!"

Ye Chen suddenly drinks, and the evil Qi covers the whole body to resist the impact of these forces. This is the limit that the flesh can bear.

He didn't notice at all that the blood in his body seemed to feel some attraction, gradually boiling!

At the same time, ye Chen's arm actually appeared a weak reincarnation light!

Reincarnation of the terrible light, but can be called the world's top source of power!

It rarely sees the extreme!

Although the light of reincarnation is very weak now, the power blessing to Ye Chen is also extremely terrible!

Ye Chen has already killed red eyes! Regardless of everything, he made a sword with direct force. The sword was like a tsunami. It was like a mountain falling apart. It tore up the endless thunder clouds and split on the body of the green sword demon emperor. The Qi and blood ran through the dragon body. The sword body collided with the dragon scale, flashing a fierce light, like a star burst!

"Poof!" The green sword demon emperor spewed out a mouthful of dragon blood, and the dragon scale was broken by half, which was obviously severely damaged!

"Human beings, you forced the emperor to use his cards!"

"It's your pleasure!"

When the dragon of the green sword demon was shocked, he took out a second grade immortal sword with a wave, and chopped it out with great force and hit it on the body of the sword!

Click!!

Half sword, sword of death.

In the twinkling of an eye, thousands of bright lights appeared, and the surrounding darkness seemed to be broken again. Countless vigorous Qi and thunder and lightning came and seemed to be crying for the immortal meteorite.

Immortal is also immortal, now broken, equivalent to immortal meteorite!

Burst out of the impact of the moment, ye Chen's viscera broken, body shape fly away.

"Poof..."

Ye Chen continued to spray a few mouthfuls of blood, holding the broken sword, looking sad.

Now, it's his limit!

Now the strength, is his own strongest state, so, but it is difficult to kill the green sword demon emperor! It seems that he is a little anxious!

"Boy, you are so young that you want to be the enemy of the emperor!"

"If you dare to kill the descendants of the emperor, you really want to die!"

The green sword demon emperor broke out completely. His breath was cold and cold, penetrating through everything. He suddenly killed him with his claws and blocked the space. All sides were silent. A great road came out violently and pressed on Ye Chen in an instant!

Its other dragon claw clenched into a fist, 30 million jin of Qi and blood burst out, smashing Ye Chen's chest.

Bang!!

Bang!!

Bang!!

Like a huge stone collision, ye Chen was hit to fly, the red gold body burst, leaving only a pair of gold bones flying.

Golden body, it's broken again!

The sword of killing immortals broke, and the double increase disappeared. His Qi and blood returned to the level of 15 million jin. He was not the opponent of the green sword demon emperor!

At the moment, the dragon power of the green sword demon emperor spreads out, which makes Ye Chen's body scarred and frightening!

I didn't expect it!

The strength of the green sword demon emperor is so powerful!

If it goes on like this, I'm afraid that his body will burst in less than ten minutes!

Samsara cemetery!

Mo Ning'er and blood seven night watch dry anxious, they can't use the remaining strength to support Ye Chen any more.

The only one who can help Ye Chen is Nie Baijian!

Nie Baijian glanced at the crowd calmly, but he said to Ye Chen: "boy, this is your decision. You can bear it by yourself. However, I will not fail to rescue you. I cannot provide strength to your body, but I can give you the power of your soul

"No, it's soul attack, to be exact!"

"Your body is certainly in its prime

"But it is obviously not the opponent of this old dragon! I don't know where your confidence in killing each other comes from? "

"Simply, I'll give you the soul attack skill. Besides, you don't want to erase the soul of the old dragon and let a soul occupy the dragon body? "

" I can make you do it! "

His lips outlined a smile and said: "you have taken many of the fruits of demon plants, the power of the soul has reached a thousand silk, which is several times stronger than before, and you can use the art of soul!"

"I haven't given you real soul skills. Now it seems that we can make a deal!"

Chapter 1178

Nie Baijian painfully drew out a force from his mind and turned it into two soul swords. "One way, you erase this guy's soul, and the other one cuts your own soul. Put one percent of your soul into this guy's body. After that, this guy's body is your puppet!"

"But this fellow's body can't be the second you!"

"You just have a monster who knows how to attack. He can't have a single consciousness."

"I give you this thing, of course, with conditions! When this is over, you can help me finish one thing! You have no right to refuse! "

"How?" Nie Baijian put forward this matter, also help Ye Chen to take in a strong fighting power!

Of course, he still has one thing to be sure of!

This matter is extremely crucial!

Somebody has to go!

"Good!" Ye Chen accepts the soul power of Nie Bai sword and two soul swords.

In a flash, ye Chen's breath was quite different. He burst out a murderous air. A blood light tore up the thunder and lightning around him and covered the huge cave. His pupils like a sword pierced the dragon's claws and took the initiative to block everything around him!

His hands turned into Taiji, and suddenly he shot out a sword of soul, penetrating through layers of obstacles. He had the spirit of grinding out all things and startling the world and crying ghosts and gods!

"This It's the sword of the soul. It's impossible

The green sword demon emperor's look changed greatly. He didn't know how to deal with it for a time!

It is the demon emperor in the place of body refining, but it can't attack and defend the soul. It can only watch the sword of soul flying!

The key, the sword of soul, can't be mastered by this boy!

Kunlun Xu ancient that control the soul of the art has fallen!

How could anyone possibly master it all over the world?

"I don't believe it!"

"Go away! You think soul attack can kill me

Green sword demon emperor flustered up, violently ejected the blue dragon flame, linked a piece of vigorous wind and thunder cloud, determined to attack the soul sword!

Hoo Hoo Hoo Hoo!

Zizi!!

The dragon smoke and thunder cloud fly by, but the sword of soul is not disturbed at all, as if they are not in the same space.

No way to attack the soul sword!

As the sword of the soul is approaching, the momentum becomes more and more powerful, just like the great road rolling, giving the green sword demon emperor a sense of suffocation!

For thousands of years, even in the face of the blood spirit people, it did not have this sense of crisis!

"Is this emperor going to fall today?"

"Hahaha, it's impossible..."

The green sword demon emperor madly spurts out the Dragon flame of life, and even uses the force of opposing scales to fly out like the Dragon flame of the sea, but still can't shake the sword of soul.

Now!

It really shows that soul attack and non soul attack cannot be offset!

Now, there is only one thought in his mind!

Run!!

The green sword demon emperor turned around and ran. The long dragon was in the dark and moved forward quickly!

But!

Facing Nie Baijian's soul sword, how can it run!

Whoosh!!

The sword of the soul broke through the air, penetrated its head directly, and blasted its brain nucleus.

Within a few seconds, a generation of demon emperor fell!

No fall in the confrontation!

But die under the attack of the soul!

In such a scene, ye Chen is also a little frightened. The method of soul attack and defense must be practiced.

Otherwise, if ye Chen doesn't know the method of soul attack, he will die like this in the future.

Green sword demon emperor!

Although the combat power is terrible!

But not the soul of the law, this let Ye Chen in Nie Baijian with the help of heavy damage!

Deep in the dark.

When the huge dragon corpse hovered, Longwei gradually collapsed,

"hiss..." Ye Chen takes a breath of cool air and uses another sword of soul to peel off some souls and put them into the body of the green sword demon emperor.

Soon, he sensed that the war puppet of the green sword demon emperor was in harmony with his own mind and spirit. He could control the body of the green sword demon Emperor just as he controlled his own body. He could also temporarily disconnect the connection and let that part of his soul control the battle of the green sword demon emperor.

All in all!

One more puppet!

Although the combat power is weakened by three points, it is better than forcibly taking over the emperor of green sword demon!

"I'm afraid this demon emperor's blood essence is very effective for refining my body. My body is severely injured and my wound is extremely serious. I might as well try it!"

Ye Chen with the help of green sword demon emperor's dragon blood, began to repair the body quickly!

At the same time, outside, outside the demon emperor palace.

The White Dragon God is proud of all things. He glances at the battle place between Ye Chen and the green sword demon emperor, and everything is calm.

Its mouth outlines a smile that seems to control everything. He glanced at the crowd and snorted coldly: "the battle has stopped. It seems that it is over. It must be the demon emperor who killed the human being!"

"You wait, surrender!"

"I can plead with the demon emperor. At most, I will only scratch your skin and cramp you!"

"Don't worry, you can't die!" It pauses for a moment, smiles, and says, "of course, you have to tell us about the human condition. We wandemon heaven can be attacked by anyone!"

"We will wipe out all the relatives and friends of mankind!"

"In a word, if a man has a skin cramp, a woman can teach him or her first and then kill him after playing!"

Its words just fell, a cold roar came directly!

"Dare you

In a flash! A sharp sword came from afar, like a meteor falling, and directly hit the white dragon general.

The terror of the sword shakes all directions. When people come back to their gods, the White Dragon God will have been turned into pieces on the ground!

"Human beings!"

"That man is not dead yet!"

"Damned human beings!" Many of the gods and generals of the demon heaven responded and raised their weapons one after another, aiming at the direction of the sword coming!!

But they haven't moved yet! Several sword Qi flew out again, and killed the Twelve Gods directly!

The rest of the gods will be too afraid to approach!

Ye Chen, with the green sword demon emperor, walked out of the dark and stood on the site of the demon palace and said, "from now on, there will be no more demon heaven!"

"Master

"My subordinate green sword, please see your master!" The green sword demon emperor turned into a human figure and knelt down at once toward Ye Chen, "the Wanyao heaven is up and down and merged

into the hall of light. The master is worried about the command. Don't you dare to obey the green sword!"

The green sword demon emperor is naturally dead, these words are also ye Chen controls the body to say!

In a flash!

There are more than 100 gods in Wanyao heaven!

Looking at the demon emperor, is this the green sword demon emperor who is looking down upon?

How could you kneel down for this man?

Still so honorific?

Master???

All people knead their eyes subconsciously, but they still find that the one kneeling in front of them is still the green sword demon emperor!

In a moment, many proud gods will collapse.

The invincible demon emperor was defeated, but also put the posture so low, then what are they?

Ants?

Garbage?

Or neither?

Chapter 1179

Most people sit on the ground with empty eyes. Their faith collapses and they have no intention of fighting. They just stare at Ye Chen in the distance. It seems that this human being is the real control of the place of body refining?

"See the king!"

"Congratulations to the king for defeating the green sword demon emperor!"

"The king is arrogant, invincible and invincible

The celestial general, Phoenix general and Fengyun emissary took the lead and led many gods and generals to kneel down.

The king of Baizhan demon was half kneeling in shock, gazing at Ye Chen, and murmured: "defeat the green sword demon emperor. His potential and talent are too terrible. It seems to be a good choice to submit to him!"

It knows the green sword demon emperor!

If you are defeated by the people behind Ye Chen, you will never be reconciled!

Now willing to kneel down, must be defeated by Ye Chen!

A few days ago, ye Chen was beaten to pieces by himself, and won by using the bottom card!

The speed of the emperor's sword is too fast!

Is this leaf killing innocent people?

Kunlun Xu seems to be unable to tolerate such existence at all!

The blood spirit clan also can't accommodate!

"The demons listen!"

"Repair one day, I will lead you back to kunlunxu!" Ye Chen made an order to subdue Wanyao Tianting and gave it to baizhanshen in the future!

Baizhan God will be in charge of the affairs of the palace of light, among which its cultivation and combat effectiveness are the highest.

As for the green sword demon emperor, now they are all war puppets of Ye Chen. They don't expect to let them deal with things. To let them handle them is equivalent to Ye Chen's own handling!

The hall of light gathers all kinds of demons. The former two kings, Baizhan demon king and kungu demon king, are now demoted to be gods and generals!

Ye Chen wanted to leave the place of body refining and go directly to China, but he got the voice of blood seven nights.

Seven nights of blood let him stay one night in the place of physical exercise.

This night, something big happened.

Night is coming.

Ye Chen stands on the top of the mountain with a terrible breath.

He sat cross legged, and there was a road behind him. It seemed like the water of the Yellow River, but it was filled with the spirit of extinction, as if it would destroy the world. It was the "way of extinction"!

However, the road of extinction is only tens of meters long.

Three hundred meters away from the peak of the road, but ye Chen has gradually mastered this power!

In the samsara cemetery.

Mo Ning'er's body is suffused with a trace of light.

Blood seven night looking at Mo Ning'er, helplessly shook his head: "Oh, I thought you and the world's separation, can get rid of dissipation, now open, still can't, only let that boy find the place, save us, can really live."

At the beginning, Mo Ning'er and Mo's maiden Mo Ning were united in the blood spirit secret place.

Moning was born for Mo Ning'er.

They are so connected that they even look the same.

This is the successor of the Mo family.

After Mo Ning'er's residual thoughts and Mo Ning's combination, ye Chen and Xue Qiye all think Mo Ning'er will live in this way.

Now it seems impossible.

The curse and seal of those people behind the blood spirit clan are too powerful.

Even against the law of heaven!

Mo Ning'er looked at the blood seven nights, a smile: "some things, we can't escape."

"Elder blood, you should be very clear about the significance of our existence, all for the sake of the tomb owner."

"Although the tomb owner has not fully awakened his blood, nor has he grown up to that point, he is unable to resist the power in that deep place that scares countless powerful people But I believe the owner can do it. "

"His existence is to make those who are above fear! His existence is to pull these people down from the altar! "

Mo Ning'er's figure gradually fade away, vaguely from the real entity, into a half virtual shadow and half entity of Mo like!

Monin's body fell.

I fell into a coma.

Now only Mo Ning'er's mind which is about to disappear!

She can't hold her mind!

Blood seven night long sigh: "I sometimes doubt, that boy really can?"

"Will the burden be too heavy on him?"

"Come on, call the boy in. You have something to say to him."

.....

A few seconds later.

Ye Chen wakes up from practice and goes directly to the reincarnation cemetery.

When stepping into the samsara cemetery, he noticed the situation of Mo Ning and Mo Ning'er.

His eyes wrinkled, and there was an ominous premonition in his heart.

"Mo Ning'er, what's the matter with you?"

Mo Ning'er, however, said with a smile: "Tomb master, the power of my mind has almost been consumed!"

"It's going to dissipate. I don't think it's going to last in the morning."

Ye Chen one Zheng: "how possible, you and Mo Ning's body union, how possibly disperses!" Ye Chen is obviously unable to accept the present reality!

Mo Ning'er comes to Ye Chen's side, light way: "Tomb master, some things, you and I can't resist."

"Every powerful spirit in the samsara cemetery has been cursed by those people. Once awakened, it is doomed to be unable to survive forever!"

"Tomb owner, thank you. This period of time is my happiest day, and I have the honor to walk with you."

"I believe we will meet soon! The next time we meet, maybe it's the meeting of you and me. I've been looking forward to this day for a long time

"Now that it's going to dissipate, I'll pass you something."

"It must be the same when every powerful mind dissipates."

She looked at Ye Chen quietly, without fear, but the corner of her lips outlined a smile, "I wake up to now, see from weak to strong, maybe I can't catch up, watching you destroy those blood spirit clan!"

"But I believe it!"

"One day, you will do it!"

"Blood master!" Mo Ning'er sighed and said: "it is our destiny to help the tomb owner. Now, my task is to be completed. You and Nie Baijian have to be quick. We are suffering. We are part of the spirit."

"Even if it's not fate!"

"Not for the owner of the tomb, but for ourselves!"

Ye Chen, in less than ten years, he has achieved such accomplishments!

I'm afraid it doesn't take a hundred years to achieve that goal!

A hundred years of time, for us, but in a blink of an eye, soon, we will certainly get out!

"Mo Ning'er!"

"Don't worry, I'll kill it!"

Ye Chen clenched his fist, and a feeling of powerlessness surged into his heart. After a pause for a moment, he said again, "I'm ready. This time, either the blood spirit clan disappears or I Ye Chen dies!"

"Kill those blood spirit animals in a year, and I will commit suicide for nine days!"

"Good, my ambition will not be diminished." Mo Ning'er's palm slowly condenses an ice colored spirit group, and suddenly throws it to Ye Chen, saying, "there is my understanding of the road in this, you all carefully understand and practice!"

"Although I don't have the medical skills of Lin Qingxuan!"

"But there is a clear gap between me and them about the laws of space."

"These things are passed on to you. In the future, it will be of great benefit if you go to Hunyuan."

Chapter 1180

Mo Ning'er is actually fond of Ye Chen.

But she knew it was impossible.

She was just thinking.

Of course, when she dissipates, all memories will return to the noumenon.

Maybe she was trapped in this experience and what happened to Ye Chen.

She just wants to give everything to Ye Chen.

The faster Ye Chen grows, the faster the time they meet!

Ye Chen looks at the ice colored spirit group in front of him, and his heart is complicated.

He thought that breaking the curse of reincarnation cemetery could make Mo Ning'er not disappear.

Now it seems impossible.

That's how fate played a joke on him!

His eyes were soft but firm.

How about parting!

What disappears is the mind, not the noumenon!

The noumenon of 100 great powers is in the heat of water!

What he has to do is to rescue these great powers at all costs!

He holds the reincarnation graveyard in hand, that is to control the biggest card!

Against everything!

But he also knew how painful and difficult the road ahead would be.

He also knew how terrible the enemy he had to face!

He, quietly watching Mo Ning'er's mind gradually dissipate, the whole body's intention of killing and fighting is surging away.

Thank you

Soon!

A strange breeze swept across Mo Ning'er's body.

At the same time, a flash of ice black light bloomed, Mo Ning'er's feet have dissipated, into particles, floating in the samsara cemetery. The lower leg, it's gone faster and faster.

"We are mortal!"

"The blood spirit clan can only suppress us, but not kill us!"

"Perhaps, this thousands of years of detention, for us, is just a disaster."

"Goodbye, tomb owner. We will meet again in the next battlefield."

"And be kind to moning."

As soon as the voice falls, Mo Ning'er's figure disappears completely.

As if, she never appeared in the samsara cemetery.

"Boy!"

"If you cry, I will never admit that you are my apprentice in my life."

Nie Baijian came forward and joked.

"In the past, those guys gave you all the skills and inheritance. You didn't have time to practice them!"

"But after you save us old guys out, we have to be consistent and let you start practicing again."

"Only in this way can we learn our skills thoroughly and firmly."

He patted the shoulder and asked with a smile, "is that right?"

"So it is!" Looking at dozens of tombstones in the rear, he sighed, "this is fate!"

"Every period of time, every few people come out to accompany the tomb owner's growth!"

"It's replaced with each other. I think my journey with the owner of the tomb is coming to an end."

The seven night blood floated to the tombstone of refining God King, knocked on the stone tablet and said with a smile: "old guy, I remember your hometown is Qianfeng mountain. Don't worry, you will soon come out to take over the position of this seat."

They don't last long.

Each time, accompany the tomb owner for a period of time.

It is believed that the tomb owner will be invincible at the high military level when he can do his best.

"Two masters, please help yourself!"

"I will digest some of these heritages!" Ye Chen withdrew from the samsara cemetery and refined the inheritance given by Mo Ning'er with the power of soul!

To his surprise, these heritages are actually divided into three parts!

The first part is about the law of space, incomplete.

The second part, about the law of time, is still incomplete.

At present, ye Chen can't understand these two parts, but as long as he is promoted to the realm of harmony and even to the higher realm, he will surely gain a lot.

As for the third part, it is mo Ning'er's cold ice skill!

Two tricks recorded!

Thousand ice sword!

Thousand ice sword array!

These two unique skills, thousand ice into sword is to turn ice into sharp sword to kill the enemy.

The thousand ice sword array is to condense water into ice sword to form the Beidou sword array, which is used to trap and kill enemies. It contains a road of extreme ice. Ye Chen needs some time to fully understand it!

Hoo Hoo Hoo Hoo!

Whoa!!

A sword with a thousand Zhang handle cuts through the night sky. It has the power of chopping stars and destroying the moon. It falls on the ground and causes dozens of mountains to collapse.

Fortunately, the demon clans in those places have been moved. Otherwise, if ye Chen's "thousand ice sword" is cut down, how many demon clans will have to be killed.

The power of this sword move!

It's not weaker than Jianmen, and it's even stronger. The ice has some ability to trap the enemy. The ice here is not ordinary ice. It is enough to make the weak demon race move through the ice sculpture in an instant. Once the strong wind blows, it turns into ice powder all over the sky. It is impossible to resist the situation of emperor's respect, and it is not enough to come down from the Emperor's realm!

He gazed at everything in the distance and sighed: "when is the next time to meet? I hope the blood spirit clan will come in advance."

If ye Chen knows that the blood spirit clan has already sent someone in advance, I don't know what kind of mood it will be.

"Report to the king!"

"My subordinates have counted all the monsters' strength completely!"

The general of Baizhan stepped forward slowly, clasped his fists and asked, "I don't know if the king wants to take all the monsters out with him, or will he only bring the demons of high realm?"

"How many monsters are there in each territory?" Ye Chen received the sword, and the scabbard and the body of the sword burst out with an extreme roar, tearing up the moonlit night and being extremely powerful.

Although the sword of killing immortals has been repaired, the loss of immortal Qi is not small, and it can only be regarded as a half immortal weapon.

As for the two second grade immortal weapons, they are now ye Chen's best weapons.

The Baizhan God General bowed and clasped his fists and said, "there are hundreds of demons in the Imperial Palace above the emperor's dignity."

"There are two thousand demon clans in the realm of Daoyuan."

"Virtual King's realm is shared...!"

“.....”

The Baizhan God will explain the monsters in each realm one by one.

It has to be said that the number of demon clans is huge, and these demon clans alone are enough to surpass the number of emperor Zun realm above the Xuzhong high level in Kunlun.

Of course, this is based on the fact that Kunlun Xu has contributed 100 emperors to the blood spirit clan every 100 years. Otherwise, the number of emperors in Kunlun Xu would have gone as far as 4000.

"The demon clan of emperor Zun's realm!" Baizhan God will continue to say, "the emperor respects the nine layers of heaven, a green sword demon emperor!"

"There are only the last generals on the eighth floor of emperor Zun's territory."

"The emperor respects the seven levels of heaven, seven people!"

.....

It has been talking about it, and has reported all its combat effectiveness to Ye Chen in detail.

Ye Chen pauses for a long time and says, "if the emperor is above the realm, follow me all the way back to Kunlun! In addition, those with high combat power are selected from the source of Tao, and they are in charge of everything in the place of physical training for the time being. "

When he returned to Kunlun Xu, there was still a big war. It was OK to take the emperor to Zun territory, but it was only cannon fodder when he went to Daoyuan territory.

Only after eradicating the Xueling people, they could bring out the demon clan of the higher Daoyuan realm and the Xuwang realm, and gradually integrated with the Xuxu of Kunlun.

Wait until a certain time, and then completely open the place of body training.

Otherwise, there will be more than 60 million demon clans out of thin air, and Kunlun Xu will inevitably fry the pot.

"Yes, I will obey you."

Ye Chen nods to just want to explain what, suddenly look a change!

His eyes grew colder.

The fury of the breath directly let Baizhan God back a few steps, a mouthful of blood is spit out!

"Sure enough! Hua Xia Ye's family is still in trouble! Who the hell! Dare to touch the scales of my Ye Chen
