

Physician 1201

Chapter 1201

Roar!!

Roar!!

The extinction of the Dragon rushed out, ye Wushuang at all costs, into the last trace of strength, into the dragon.

The same is the power of extinction, but there is a great difference between Daogang and jimiejiaolong.

In other words.

It is better to extinguish the Dragon than to kill the sword gang.

After all, ye Wushuang has been practicing the way of extinction for 500 years. Even if ye Chen's talent is strong, it is difficult to make up for the gap.

However, just as jimie Daogang was about to collide with jimie Jiaolong, Dao Gang, under the control of Ye Chen, turned to kill many Huang family guests who were watching the battle. This time, dozens of strong people came to the Huang family, including Huang Tian, the fourth generation elder, who was the most famous person in the emperor's realm.

"No!"

"Li Zi, dare you!"

Huang Tian burst out a strong breath, both hands open a blood color protective cover, the blood color of the flow.

It is the secret method of the blood spirit clan, the blood spirit shield.

Bang!!

Dao Gang broke the shield, a variety of forces to fight out, thunder light killed three Huangjia emperor Zunjing.

The power of Feixian killed four Huang Jiaqiang.

Finally, Dao Gang, which contains the power of extinction, hits Huang Tian and cuts a huge blood mark on his chest.

"Poof!"

"What a cruel little beast

Huang Tianbao retreats several tens of meters. When he looks at the distance, ye Wushuang's extinction. The Jiaolong is evaded by Ye Chen when he is out of control. He smashes the other three Huangjia emperor's Zunjing and the seven or eight strong members of the Ye family's main vein.

Ye Chen under a blow!

Kill seven huangjiadi Zunjing.

With the help of Ye Wushuang's fighting attack, he killed 11 emperor Zunjing.

Before and after, the 18 emperors fell down, all of them the Ye family and Huang family who vowed to support the blood spirit clan.

Ye Chen's hand is also to see people come, not everyone to kill, is not indiscriminate killing.

It's good to subdue the Ye and Huang families, but it's not complete. Some activists are going to be killed.

If these guys don't kill and stay, even if they seal their souls by force, they won't really help Kunlun Xu. If they don't seal, it will be a time bomb, which will explode one day.

Bang bang!!

Bang!!

Several thunders were heard overhead.

It seems that something has broken. There are four sounds in front and back, which means that 60% of the strong ones have fallen out of the four rudiments!

What's more, it's people who take the prototype of a special Avenue.

Such as ye Wushuang's way of extinction, others are the way of blood demons and so on.

The heaven tells the world that the person who practices the special way dies. A lot of aura and Tao will be fed back to the world. It will be easier for people who follow the same path as them!

"Poof!"

Huang Tian can't help but spurt blood. The sword gang in front of his chest contains the power of extinction, which is very difficult to deal with.

He had to leave and immediately sat down to remove Qi and blood. If he didn't eliminate it for a long time, the power of life would be extinguished, and Shouyuan would be exhausted. At that time, he would die if he did not die.

One side of the healing, but in the heart of the curse: Damn!

This time, we must inform the ancestors to contact the adults of the blood spirit clan.

Let them come as soon as possible, or we may not be able to suppress them.

As the secret method of the blood spirit family, the power of Qi and blood in the emperor's Zun state has already changed qualitatively. Although it has not reached the peak of the emperor's revered state, its combat power is close to the nine layers of heaven in the emperor's Zun state. All of them are seriously wounded by Ye Chen's sword.

Moreover, that knife only contains the power of extinction. Other forces will kill others.

If it contains the fierce thunder, Huang Tian will have only one breath left even if he does not die.

"Ye Chen!"

"You're such a coward that you dare to kill all Huang's colleagues!"

"You brute, it's disgusting!" Ye Fudong was pale. He was affected by the extinction of Jiaolong just now, but he took up the master's token and faced all the Ye family's disciples and ye's parents. He announced: "I will announce it by the order of the master and the clan rules."

"Even if ye Chen passes the third pass."

"My Ye family also need to kill these demons!"

He turned around, looked at Ye Chen and said, "now, you must die if you don't die. Even if you pass the third level, hundreds of elders and Dharma protectors of our Ye family will kill you!"

"You break the alliance between Ye Huang and ye Huang

"If you kill the same Huang family member and ye family elder without authorization, your crime is unforgivable, and you are the great devil of Kunlun void and the devil who kills without blinking an eye!"

"I will order you to death. No matter whether you obey or not, if you escape today, my master will make his own apology!"

Whenever Ye Fudong will stand at the height of morality, to blame and punish others.

Of course, ye Chen evaded the Xiaolong just now and hit the emperor Zunjing of Ye family. However, ye Fudong's subordinates were able to help him. Seven emperor Zunjing died because of Ye Chen. Now, more than half of Ye Fudong's trusted elders of emperor Zunjing have died. The master of this main vein, it can be said that ye Chenda scrapped half.

Ye Fudong took the owner's token and called out: "listen to the orders, display the seven night distraction array, kill Ye Chen!"

"Wait!"

"I haven't done anything. What are you worried about?"

An old man in green came from a distance.

There was a faint smell of extinction around the old man in green robe, as if he were a dead man.

He walked forward step by step, each step can step a distance of tens of meters. As he moved forward, the surrounding plants withered, even the ground turned into scorched earth, like a god of death, where no soil lives!

He slowly came to the center of the crowd, gazed at Ye Chen, and said with a smile, "are you the leader of this generation of Ye family?"

"Good, good!"

"Under the age of 30, the source of Tao is seven layers of heaven. Of course, this cultivation is not so excellent. "

"But your combat power, at least as good as the emperor's seven layers of heaven, may not be your limit!"

Hearing the old man's words, ye Fudong looked cold and his eyes flickered.

He knows who this man is!

The elders of the fourth generation, the second branch of the Ye family, all of the former three generations have naturally died of old age, or have fallen.

He can be regarded as one of the ancestors of the Ye family.

There are four ancestors of the Ye family. They are the second generation elders of Ye Fudong's main vein. They are a strong emperor who lived more than 2000 years old.

The second is the third branch of the Ye family. The first generation of the strong has lived for nearly 4000 years.

The third is also a strong closed door man who has lived for more than 2200 years.

The fourth is the old man, the second vein of the Ye family, the fourth generation elder. He has lived for 1900 years. He has been in a state for thousands of years, and his name is Ye Wudi!

Ye Wudi understood that it was the power of death and the way of death.

Originally, Shouyuan was greatly reduced, and he achieved unexpected success. Understanding the way of death can absorb the life span of plants, land and even people, and provide themselves. In terms of combat power, perhaps it is not as good as the way of extinction, but it can reduce the enemy's Shou yuan. He is definitely the first one in Kunlun!

Chapter 1202

What's more, his fighting power is no worse than Han Yun.

"Second ancestor!"

"Ye Chen is a devil -"

"shut up!" Ye Wudi directly scolded Ye Fudong, and said coldly: "dare to say a word again, I will recall your position as the master of the house."

"I want you, master ye, to be deposed?"

Another strong man came out slowly, as if he were a devil out of the abyss, from the seclusion of the Ye family.

He is the second generation elder of the first branch, ye Jianshuang, and the most powerful one in the way of heavenly fire.

Ye Jianshuang looked at Ye Wudi and said with a sneer: "since you can't wait and don't want to continue fighting, the other two old guys, come out! My Ye family is not a family that can be disturbed by disciples at will

"Don't blame mulberry trees and locust trees!"

"Old man, do you think you have high fighting power?" A little fat elder came out of the deep and fell beside Ye Chen. He said with a smile, "don't worry, boy. I feel a trace of familiar smell from your body. I think you belong to my vein, although I don't know what conflict is happening now! But I Ye Feng will not let my descendants of this vein die unknowingly

Ye Chen looks at the fat elder in front of him, but he didn't expect that the ancestor of Ye's family even stood on his side.

However, between the eyebrows, the elder seems to be a bit similar to the dead grandfather.

At that time, ye Chen saw his grandfather's shadow in Huaxia. He had been planning for so many years before his death, and this bureau was related to the xuye family in Kunlun.

Is this old man the key to grandfather's layout?

Ye Feng, a little fat elder, held hands and looked at the crowd with a sneer. His name and figure did not match. All of a sudden, he looked at Ye Jian and said, "you old man, you really can speak. You think you let Ye Fudong seize the position of the master of the house decades ago, and I am not qualified to recall him?"

He looked at Ye Chen and said with a smile, "at that time, ye Fudong used clan rules to drive away your grandparents and parents. At that time, I had nothing to say. After all, it was a foregone conclusion. I must take the overall situation of the Ye family first."

"In addition, ye Jianshuang and ye Kuang colluded with each other. In this way, I fell from the main vein to the eighth branch."

"But it's not a big deal."

"But since Ye Chen is back today, it seems that according to the clan rules, ye Chen or his father, ye Tianzheng, is the contemporary master of the Ye family?"

"Nonsense Another strong old man also came out, the first generation elder of the third branch of the Ye family, ye Kuang.

So far!

The four ancestors of Ye family, ye Wudi, ye Jianshuang, Ye Feng and ye mania, all appeared in succession.

It seems that each of them has hostility to each other, some want to support Ye Chen, and some want to kill Ye Chen.

Fight till now!

Ye Fudong, the master of the family, wants to mobilize all the elders of the Ye family to kill Ye Chen. These four old guys can't help it.

In particular, the third pass arranged by Ye Fudong is Ye Wudi, an old brand of Ye family, one of the ancestors.

Just now, ye Fudong didn't want Ye Wudi to kill Ye Chen directly.

Unexpectedly, this move led to four old guys.

"Ye Fudong's position as the head of the family, and who should be the head of the family, will be discussed later."

"Ye Chen!" Ye Wudi gazed at Ye Chen and asked, "Ye Fudong told me that you are a devil outside. You have defeated the reputation of our Ye family. You have wantonly killed our Ye family's disciples, and even tried to eradicate our Ye family. Is that true?"

"Answer me truthfully!"

He looked at Ye Feng and continued: "if it is not true, no matter who blocks you, I will kill you!"

Hear that.

Ye Chen's eyes twinkle, knowing that his next words are very important.

"The so-called devil is just Ye Fudong's slander!"

"Everyone I kill is someone who wants to kill me."

"That's not too much."

"Not too much." Ye Wudi nodded slightly and looked at the disciples coming from afar. He asked, "I have been closed for a long time and I don't know anything about the outside world. Do you think ye Chen's words are false?"

"You should know exactly what it costs to lie. I just want one fact now."

Ye Wudi's voice is extremely cold, even with a touch of pressure, everyone on the scene dare not breathe!

How dare they lie when there is such a threat!

Really want to say, every thing ye Chen does seems to have no mistake!

"Grandfather, there is no fake!"

"As far as we know, ye Chen has not attacked and killed irrelevant people without authorization."

"Laozu, ye Chen has always been pursued. It is reasonable for him to kill his own people."

Many of the Ye family's disciples, as well as the Mo family's and Wang's family's disciples, are all talking, which is also true.

Ye Chen did not kill at will.

A disciple of the Han family, who is a branch of the Han family, is the son-in-law of the Ye family. He stands up and says, "Ye Wudi, I'm Han Wu of the Han family. At present, my ancestor has made an alliance with Ye Chen!" "If ye Chen killed innocent people indiscriminately, my ancestors decided that it was impossible to form an alliance with Ye Chen."

"Yes Another Han family disciple said: "Ye Chen is the most arrogant person in Kunlun. He has never disgraced the reputation of the Ye family. However, the Ye family does not recognize him. It is not as good as his grandfather's spiritual position and enters the ancestral hall. It makes people feel that the Ye family has deliberately suppressed him!"

After listening to the words of many families.

Ye Fudong wants to speak, he is directly sealed by Ye Wudi, and his eyes also look at Ye Chen.

Ye Wudi asked again, "have you killed Ye family disciples?"

"I mean the innocent Ye family disciples. Those who deal with you are not included!"

"Never!" Ye Chen is full of spirit. He has never killed innocent Ye family children. Even those ye family disciples who were killed just now were instigated by Ye Fudong to insult themselves, so that they could violate the clan rules.

It's not killing innocent people.

"You lie!"

"The Ye family disciple you killed just now, isn't it?" Ye Jianshuang looked cold and said: "you just killed and provoked your Ye family disciples. Are they not innocent? They didn't do it to you

"What's more, according to the clan rules, it's a death penalty to kill the disciples of the same clan without authorization."

"Even if ye Fudong didn't take the lives of your parents and your grandfather, it was just a heavy blow."

"As for you, you were also protected by clan rules, otherwise you would have died."

"Old thing, get out of here Ye Chen blows out a fist. Shengsheng knocks back ye Jianshuang for dozens of steps. He looks at Ye Feng and ye Wudi and says, "those who instigate me to do something are to aim at me and kill me right!"

Kill or kill!

This is Ye Chen's attitude!

No one can change the attitude!

Chapter 1203

Of course, ye Chen also knows that in front of him for his turn, this leaf invincible ancestor is also a generation of common sense, otherwise he would not ask so many questions.

Obviously, he wants to distinguish himself from ye Fudong, who is good and who is bad.

"Do you want to eradicate the Ye family's heart?" Ye Wudi finally asked a question, but his eyes fell on Ye Tianzheng's husband and wife. To be exact, they were the two demons beside Ye Tianzheng's husband and wife. The two most powerful demons were worthy of his attention.

Ye Chen stepped out one step: "master ye, although I am a member of the Ye family, the people of the Ye family have never regarded me as a member of the Ye family."

Ye Chen's language is plain, but it gives people a feeling of incomparable strength, just like a king is narrating things.

He said, "you know what I am?"

"The tenth generation of Ye's disciples!"

"Disciple of the original main vein, according to the inheritance, you should be the master of the Ye family now." Ye Wudi pauses for a moment and then says, "when you, the person in charge of affairs, violated the clan rules, that is, your grandfather, and was demoted to the eighth branch!"

"I'm more than just these identities." Ye Chen said blandly, "I am the master of the hall of light and the master of the alliance of the hundred schools."

He called his parents around Baizhan and Qingjian.

The Baizhan elder snorted coldly and said, "the temple master, why do you have to be so wordy? As long as the temple master orders, your humble position will surely return to the hall of light. The commander of 500 elders and tens of thousands of demon families will come and level the land of Ye family!"

"Presumptuous!" Ye Wudi's breath burst out like a dragon and snake. He wants to attack and kill the Baizhan elder.

His breath was horrible to the extreme.

If he had not been unable to be promoted to the divine realm, he would have entered the middle and later stages of the divine realm.

"Dare you

"Stop it!" The green sword elder's breath also broke out. A green dragon was like a demon God. The dragon and snake attacked by the dragon's claw looked at Ye Wudi and said, "the Lord of my house is the master of tens of millions of demon families. If you really want to destroy your Ye family, why should you be alone?"

"What's more, the tens of thousands of people of our demon clan are just a great strength under the master of the temple."

"You may as well tell you and other old monsters that the Guangming hall under the master of our hall has absorbed twelve sects, including Kunlun sect, daocong sect, xueyemen sect, Qingtian gate, and so on. There are countless powerful emperors!"

"There are more than 200 small sects formed an alliance of 100."

"Hundreds of emperors are here to destroy your Ye family. It's just a word!"

"Do you really think that the Lord of my house is really trying to kill himself when he comes here?"

That's right!

Ye Chen wants to destroy Ye family, just a word!

Regardless of his own family, besides, the position of the Ye family's head is also his own, which led Baizhan and Qingjian.

If not, have led ten million demon clan army and bright hall army to kill.

The green sword demon emperor's words were startled and shocked.

All the talents found that the two servants who had been ignored were the people of demon clan!

The key from the breath point of view, absolutely not the general demon clan!

When did Kunlun Xu have such a monster!

The key is that such a powerful monster is willing to be ye Chen's servant!

What kind of strength should ye Chen have!

Many Ye's disciples, including Han's, are talking about it. It seems that at present, many talents are really looking at Ye Chen's position and strength.

Ye Chen is not a lone traveler.

There are a lot of emperors in the rear!

Although not around now, ye Chen is undoubtedly the overlord of Kunlun Xu.

Looking at Kunlun Xu, apart from the yellow family's resistance to Ye Chen, it seems that there is no family. They formally declare war on Ye Chen, including the Ye family and other families, but only assist the Huang family against Ye Chen.

Ye Wudi looks around and listens to many voices, and his look gradually changes.

This kid in front of you?

It's the Ye family. Has it really developed to this level?

The overlord of Kunlun Xu!

The leaders of the three top forces have reached this level.

How is it different from ye Fudong.

"Good boy!"

"Well done!" Ye Feng patted Ye Chen on the shoulder and laughed. After all, he was a descendant of his own. After all, he knew a little from the momentum and the people's expressions in front of him. He said, "what happened to your grandfather back then, because of the clan rules, I can't help it!"

"But today, since it's our own ancestor worship ceremony!"

"I will take you into the ancestral hall and put your grandfather's spiritual position on it."

"Good!" Ye Chen and ye Tianzheng, together with Baizhan and Qingjian, accompanied by Ye Feng, walked into the ancestral hall under the eyes of all.

Ye Chen takes out the spiritual throne and respectfully places his grandfather's spiritual throne at the highest place of Ye's family.

whether grandpa has any merit, he has the final say.

My grandfather's spiritual position must be at the highest level. Even if the ancestor of Ye's family was founded at the beginning, he could not be higher than my grandfather."Ye Chen!"

"Memorial tablet..."

Finally, some people want to shake their heads.

Ye Chen's strength is that he has strength and is qualified to despise many of Ye's ancestors. Even if he and others are not angry and don't resent their ancestors' Lingwei, what can they do under Ye Chen's grandfather's Lingwei?

Uncomfortable?

Not happy?

Bear it!

Don't want to endure, die!

Ye Chen and ye Tianzheng's husband and wife, after worshipping their parents, walked out of the ancestral hall, and saw thousands of Ye family elders standing outside. Among them, there were many emperors and hundreds of daoyuanjing. The rest of the elders were also virtual kings.

Now!

Ye Jia Jiu Mai, divided into two camps.

Ye Feng led five six seven eight veins to support Ye Chen. Ye Wudi commanded the second branch. Ye Kuang and ye Jianshuang led the main vein. The first and third veins were hostile to Ye Chen. They wanted to get rid of Ye Chen.

The huge Ye family.

From the arrival of Ye Chen, one is also divided into three.

, no matter how big a family is, it is not a has the final say.

There are many who support Ye Chen and many who are hostile to Ye Chen, including Ye Tianzheng who was attacked at that time and then suppressed by Ye Fudong with clan rules. Other elders of Ye Jianshuang's lineage supported Ye Chen, including the dead Ye Nantian and ye Wushuang.

Ye Feng, as the ancestor of Ye Chen, is also extremely powerful. With one sword, he flies an elder of the seven layers of heaven in the emperor's respect, saying, "can't you see the trend? Ye Chen, my younger generation, has already led the vast majority of forces in kunlunxu to resist the blood spirit clan! "

"You're going to go back on it later?"

"Are you going to disobey mankind

"Do you really want Kunlun to be a ruin?"

Damn it!

At the beginning, the Ye family turned to the blood spirit clan mainly because he was bent on Cultivation and did not like power. He voted in the family council, but lost to ye Jianshuang.

This just can't help, let the Ye family completely turn to the blood spirit clan!

He knew that the Ye family had already taken a road of no return. He simply closed the door to practice and stopped interfering in the affairs of the Ye family.

But at the moment, the appearance of Ye Chen, let Ye Feng see a glimmer of hope.

Chapter 1204

Now, it's not easy to have a descendant.

A descendant who can lead us against the blood spirit clan.

You're going to do it. You think he's dead?

"Nonsense!"

"You know the strength of the blood spirit clan."

"To be friends with Ye Chen, a little beast, is a dead end to fight against the blood spirit clan!" Ye Jianshuang also took a sword to fly some of the emperor's respects in the eighth branch. He looked at Ye Chen and said, "as long as I'm here, Ye's family is not yours!"

"Yes

"I'm here. Ye Jialun can't speak to you."

Ye Kuang also expressed his attitude. He chopped dozens of emperor Zun states with one knife, all of them were elders on the other side of Ye Feng.

Looking at Huang Tian, he said: "the strength of the blood spirit clan is clear to both the Ye family and your Huang family. Quickly mobilize the emperor of the yellow family to come here and kill those who are plotting against the rebellion. I don't want to see the Ye family destroyed in the hands of Ye Chen, a little beast!"

Ye Chen! What does this little beast know!

Is the blood spirit tribe a humble mole ant can fight against?

It's just a fool's dream. If we kill Ye Chen and Ye Feng now, we may be able to avoid the disaster of being destroyed.

"Ye Feng!"

"You don't have to hold on."

Huang Tian got up slowly, and his injury recovered a little. "Ye Wudi, you don't have to swing. The strength of the adults of Xueling clan can't be resisted!"

He looked down upon many ye family disciples, Han family and Mo family's disciples, and said coldly, "do you think ye Chen can resist the Xueling clan?"

"Ridiculous, ridiculous!"

"Even the seven night God King, the destroyed God King, the invincible God King and the immortal Lord were captured by the blood spirit clan!"

"When so many strong men were defeated, do you think you can stop it?"

"Ridiculous!"

Bang!!

A fist and seal killed Huang Tian on the spot!

This fist naturally comes from ye Chen!

A strong man in the later period of emperor Zunjing was killed by Ye Chen on the spot.

"It's not up to you whether you deserve it or not."

"The so-called ridiculous, only you weak people, waste people who are blind to profit, will feel ridiculous!"

"I, ye Chen, led the vast majority of Kunlun Xu sects, have decided to fight against the blood spirit clan and fight for the future of Kunlun Xu. For future generations, how can you stop it?"

Ye Chen looked at Ye Feng and said, "Ye Grandfather, I think you are the ancestor

"Because you are supporting me today

"Many people who also support Kunlun Xu want to resist, so I recognize you."

"If you betray me, don't be afraid to kill me one day."

"Ha ha! Don't be afraid Ye Feng held the sword in his hand, and the fat in front of his stomach trembled. He said with a smile, "one day, you don't need to kill me. I've committed suicide. How can I submit myself to the blood spirit clan?"

He looked at Ye Chen's arrival, looked at Ye Tianzheng and sighed: "in those years, I'm sorry for your father."

"You don't have to be like that."

"When ye Fudong calculated, it was also our poor strength." Ye Tianzheng looked at Ye Fudong and said, "today, we will kill Ye Fudong, and ye Fudong's death is not good enough."

"Good!"

"Since we intend to fight a war, what about the division of the Ye family?"

"Even if I die, I'll die standing there. I'm not allowed to live on my knees!" Ye Feng looked at many elders behind him and asked, "isn't it?"

"Yes

"Please speak to me

"Please order me to die!"

All the elders who supported Ye Feng and ye Chen echoed.

Ye Feng looked at Ye Chen and said, "the vein around me can be a war at any time."

"No hurry!" Ye Chen did not come alone.

He looked at Ye Wudi's line. There were seven people in the emperor's honor, more than 70 in the Daoyuan realm, and more than 300 below.

Compared with Ye Kuang and ye Jianshuang, there is a big gap.

But how much stronger can it be? The palace of light and the hundred fold alliance?

As for the Ye family's disciples and other big families, even if there are tens of thousands of them.

I don't need to pay attention to it. It's just a spectator, not to mention many people who are their own.

"Ye crazy!"

"Ye Jianshuang, do you really think I brought these people here?"

"Do you know why a large number of emperors of the Huang family have fought in kungu Ye Chen with a smile, "my people have broken the ancient position of huangjiakun, captured a hundred emperors Zunjing."

"It's useless for you to ask for help now."

He looked at the Baizhan elder, with a smile on his face, and said: "the main forces of the Huang family should be involved in my hands now. I think there is not much extra strength."

"As for you."

"Originally, I was going to break through the Ye family and let them out again.""But now, I'm going to kill Ye Nantian and ye Wushuang. I originally planned to kill the people guarding the third pass. But since you old guys have come out ahead of time, there is no need to break through Ye Wudi any more."

Here is a word.

Tens of thousands of people were shocked and looked at Ye Chen in surprise.

Ye Chen, did you really bring a large number of strong people here?

There are so many empires in Ye's family. If you want to surround Ye Kuang's more than 80 emperors, you have to have at least 200 or 300 emperors? Ye Chen, can you really draw this strength?

"Ye Chen, don't pretend to be huge!"

"What you said is impossible!" Ye denied it directly.

"Yes, do you really think you can destroy us?"

"Besides, do you think we will turn to you?" Ye Jianshuang's eyes fell on Baizhan and Qingjian, and said with a sneer: "you only have a demon beast in the eight layers of heaven and a green dragon in the nine layers of heaven."

"These two things."

"I can handle it!"

"Do you really think so?" The elder of green sword snorted coldly and turned into his own body. A green dragon with a length of 3000 Zhang was across the sky, and the scales of the Dragon glistened, just like the Dragon God in the beginning of heaven and earth. "As long as the master orders, I'll stop you two, enough!"

Its breath at the moment is more than that of Ye Jianshuang and ye Kuang.

It's just that the rudiment of the road is not as good as the other party, and the power of soul is not as good as the other party.

The key is!

It is Ye Chen, fierce and fearless of death!

It doesn't matter if it's blown up.

"Two demon kings?"

"Do you think I only have these?"

"That's it. No more discussion." Ye Chen looked at the sky, his lips outlined a bright smile, and said: "astronomy elder, phoenix elder, Fengyun elder, etc."

"Come out, all of you!"

As soon as the voice fell, a mountain called the sound of a tsunami like animal sounds, resounding through the world!

A fire dragon leaped into the sky, followed by hundreds of demons and beasts of the emperor's respect. All of them turned into noumenon and covered the sky directly.

Several people fell on the ground, holding fists and saying, "astronomy, please see the temple master!"

"See the Lord!"

"Fenglong, see the master of the hall!"

"Blood Qilin, please see the Lord!"

"I'll see the Lord of the temple!"

Chapter 1205

"But with the order of the Lord of the palace, we will try our best to win over the powerful emperor Ye!"

Hundreds of emperors revered the territory and the beasts cried out in unison.

These monstrous beasts and plants of hundreds of feet in size responded in human language with great momentum.

The seven elders led a hundred elders of emperor Zun realm. Each of them is a demon family with four layers of heaven above the emperor's Zun state. Among them, there are some strong ones in the seven layer heaven and eight layer heaven of emperor Zun realm. They are the elite of the demon family brought by Ye Chen!

So powerful!

Even if the Kunlun sect and daocong were destroyed, it would be no problem!

Ye Jianshuang's face changes very quickly. He looks at Ye Chen. Unexpectedly, this little bastard can really attract so many subordinates!

The key is, they are all demon clans!

The demon clan is fierce and fearless in fighting, and will never give up until it reaches its goal.

It's different from the human emperor's realm. Once the demon clan takes action, it's a complete fight!

"You..."

"Unexpectedly, so many monsters!"

Ye crazy face hard to see the extreme, at the moment these monsters are standing in this side of the strong.

Once you start, at least 20 emperors will be killed directly.

They can kill more than three demon clans of emperor Zun realm!

The body of the demon clan is generally stronger than that of human beings!

"How strong!"

"There are so many monsters. It's easy to destroy any faction."

"No wonder Ye Chen has the courage to resist the blood spirit clan. So many demon clan's subordinates are the biggest capital!"

Many disciples of the Han family and ye family talked about it one after another.

They thought that ye Chen had a bloody battle today.

Unexpectedly, ye Chen's men came, not the people of Guangming hall, not even the hundred clan alliance, but this group of powerful demons with no boundary.

Even against the yellow family, this group of demon clans can kill many powerful people in the Empire.

"Good boy!"

"Sure enough

Ye Feng patted Ye Chen on the shoulder and was filled with admiration.

He was not happy to see the descendants of maple leaf

"Good, good!"

"Today's war, you are doomed!"

"Ye Chen, order to start. I've been unhappy with these guys for a long time."

"Don't worry too much!" Ye Chen walked out and spread out his hands and said, "how are ye maniac and ye Jianshuang now?"

"Who destroys whom?"

"What qualifications do you have to fight against me?"

I am the biggest king in the land of physical training!

I have the strongest monster, dragon and Phoenix, two families, all listen to my order!

There are twelve schools in Kunlun, and more than 200 small schools are dominated by me. What are you.

Even if I fight the Huang family today, I can win.

"Ye Jianshuang!"

"You must be in charge of setting checkpoints." Ye Chen looked at other Ye family emperors and said with a smile, "however, I'm not going to prepare any level for you!"

"Just do it

"Astronomy, you and other people who capture three veins will be killed if they meet those who will fight to death!"

"Surrender, you can bypass a life!"

"Ye Xianzu, please keep an eye on Ye Wudi and ye crazy!"

"As for ye Wushuang, give it to me!"

Along with Ye Chen's order, the emperor worships the realm demon clan to attack suddenly.

In a flash, more than 30 Yejia emperor zuns were severely damaged. They were just one or two layers of heaven. How to resist the fierce attack of the five or six layers of heaven demon clan in the emperor's Zun territory, they were immediately thrown to the rear after being defeated.

Bang bang!!

Click ~ ~

for a moment, both sides broke out.

Ye Kuang and ye Jianshuang, the three veins of emperor Zun, were captured dozens of times in a blink of an eye. Each of the other more powerful Ye Jia Di Zun States faced the attack of three or five demon clans in the same realm, and separated and dragged to another battlefield.

Whoa!!

A blazing flame blows through ye Jianshuang's chest.

He turned his head in surprise, "Ye Wudi, what do you do?"

"Nothing else!"

Ye Wudi pulls out his sword and flies with blood, "I choose Ye Chen!"

He double-click Ye Jian and fly to Ye Chen.

"Good come!"

"I will kill you myself!"

Ye Chen suddenly cuts off ye Jianshuang's arms with a killing knife, and smashes down with several fists, directly killing the seriously injured ye Jianshuang to death.

Although ye Jianshuang's training time is much longer than ye Chen, he was seriously injured by Ye Wudi just now. How can he fight against Ye Chen, who is on the edge of rage!

Immediately, ye Chen stepped on ye Jianshuang's face and said, "old man, it was you who instructed Ye Fudong to harm my grandfather and parents in those years. Today, I will let you taste the taste that life is more than death!" Ye Chen finger pinches Jue, a drop of blood essence shoots on a silver needle, the silver needle seems to turn into icicle, the mysterious power stirs!

In a flash, a force of ice shot into ye Jianshuang's body.

The extremely cold force made ye Jianshuang's blood coagulate and quickly subsided. In less than 10 seconds, the cold air rose again.

Freeze for a few seconds, go back, and come back.

Just a minute later, ye Jianshuang had been tortured and trembled all over, shaking his head violently and shouting: "kill me! Ye Chen, you brute, have the ability to kill me

Bang!!

Ye Chen slapped him in the face, "kill you, it's too cheap for you!"

He waved and grabbed Ye Fudong. He followed the law and trampled them under his feet. "In those days, you were rampant! Dare to insult my grandfather and my parents. Today, the Lord of this temple will insult you

Although Ye Fudong is the master of the house, how can ye Chen's opponent be discussed in terms of strength!

At the next moment, ye Chen unloaded the two people's mandibles, condensed their long knives with Qi and blood, penetrated their Pipa bones, and shattered their whole meridians to prevent them from committing suicide!

In those days, what we did!

Today, we have to change back!

I Ye Chen's parents, grandfather, not you can afford!

Dare to provoke!

That death is an extravagant hope for you!

Just like this, bear it forever and forever.

"Ah..."

"Ah, ye Chen, you brute, kill me..."

"Ye Chen, I beg you, kill me, kill me..."

Ye Fudong and ye Jianshuang tumbled on the ground, their bodies twitched. They were extremely cold, sometimes extremely hot, and the sky was both ice and fire.

Ye Jianshuang, the strong man of the emperor's respect!

Originally, it will not be so miserable!

Unexpectedly, ye Wudi stealthily attacked him. A sword pierced through the heart and elixir field. He lost the power of Qi and blood to mobilize the source of Qi and blood. He was shocked and cracked by a foot. He had already been severely damaged!

Ye Chen, who is blessed by evil Qi and blood Qi, beats ye Jianshuang fiercely, if he does not deliberately keep ye Jianshuang's body.

I'm afraid there is only a skeleton left in ye Jianshuang at the moment!

Even if it's the Ye family's ancestor! If you offend Ye Chen, you will end up like this.

You can't live, you can't die!

As for ye Fudong, the initial state of the emperor's reverence was not a combination of Ye Chen's moves to resist him.

In the pain, ye Fudong suddenly thought of something and said excitedly, "Ye Chen, you can't kill me! Only I know where your two little lovers are! Otherwise, you won't find it for the rest of your life. "

This is Ye Fudong's last straw!

Sure enough, ye Chen stopped when he heard Ye Fudong's voice.

His eyes were covered with killing and cold.

Sure enough, the disappearance of Ji Siqing and Xia Ruoxue is related to Ye Fudong!

Chapter 1206

"Where are Xia Ruoxue and Ji Siqing?"

Ye Chen steps out and comes to the injured Ye Fudong.

His voice was so cold that there was not even a trace of temperature in his voice.

Ye Fudong is the master of the xuye family in Kunlun, but he is no different from mole ants in front of Ye Chen.

Ye Chen's violent pressure is like a flood, which makes Ye Fudong pale and shocked in his heart.

Who could have thought that the little animal that ye's family didn't pay attention to should have grown to this point!

"If you don't talk, I'll let you understand what life is like death."

Ye Chen continued, his eyes are full of anger and killing at the moment.

Ji Siqing and Xia Ruoxue are his scales. No one is allowed to touch them!

Even if they will be hurt in the seventh heaven! I want someone in person!

At this time, ye Fudong suddenly laughed and was unscrupulous.

"Ye Chen, I know ye Fudong has done a lot of things that I am sorry for you, but all these are the instructions of the blood spirit family, I am just a puppet. If you think that we are related by blood, you will let me die. "

"Now that you know what happened then, you should also know that there was a meteorite falling from xuye family in ancient Kunlun."

Hearing this, ye Chen nodded. The shadow left by his grandfather did say this.

And the samsara cemetery is also from the meteorite, if not for my grandfather to take the mysterious stone, left to himself, he would not have grown so fast.

"If you have something to say! What does this matter have to do with Xia Ruoxue and them? "

Ye Fudong stood up with difficulty: "when the meteorite fell from the sky, the meteorite changed everything of the Ye family, making the Ye family from a small family to a top family in ancient times."

"The meteorite has countless mysterious breath, which can be called the original gas. The strong people of the blood spirit family came to Ye's house for this matter."

"It's a pity that we don't know why that meteorite can't be taken away by outsiders, so we can only study it with the Ye family."

"After many years of research, the Ye family in ancient times has only come to a conclusion: your name is Ye Chen!"

"It is predicted in the meteorite that a young man named Ye Chen will become the supreme Demon Lord and even destroy the Ye family! Destroy the blood spirit clan

"This is also the reason why our Ye family never gave their disciples that name. The word" Ye Chen "has become a taboo of the Ye family."

"But I was wrong. Your grandfather left Ye's house and went to China. He broke the rules and named you ye Chen!"

Ye Chen Mou son a Ning: "you said these I all know, what do you want to express in the end?"

Ye Fudong's smile suddenly narrowed and he said, "you are only in your twenties now, and you are growing so fast. I want to know if everything you have now is related to your grandfather."

"Or something to do with something your grandfather took away!"

At this moment, ye Chen's eyes produced a trace of murder.

Reincarnation graveyard is Ye Chen's biggest secret, no one can spy on it!

If ye Fudong knows anything, he must be a dead man!

Ye Fudong saw Ye Chen's killing intention, and all of a sudden, his eyes even had a trace of greed.

If he gets it, his achievement must be higher than ye Chen!

But now what does he argue with Ye Chen?

"Ye Fudong, I will give you one last chance. Where are Xia Ruoxue and Ji Siqing hidden by you?"

Ye Chen's patience is exhausted, and a cold sword falls on Ye Fudong's neck.

Ye Fu was stunned and looked at the cold light in front of him and said, "you swear to God that you can't kill me! I'll tell you everything I know! "

"I promise." Ye Chen did not hesitate.

Ye Fudong breathed a sigh of relief when he heard this sentence. As long as he lived, he would have a chance!

"Ye Chen, those two girls are not at Ye's house at all! But I know they are in kunlunxu! "

"At the beginning, Ji Siqing, who was injured, left with the Chinese girl. Although we, ye Jiadi, respected the strong ones, we lost their news in a coordinate place in Kunlun! The key is that all of Ye Jiaqiang's people evaporate from the world!

And there's a strong breath of power around there! I suspect that strong men have taken them away! "

Ye Chen stares at Ye Fudong's eyes, the other party doesn't seem to be lying!

"Where are the coordinates?" Ye Chen said coldly.

Ye Fudong took a look at the bloody battlefield, hesitated for a few seconds, and then said: "that place is near the Kunlun virtual space legend array I doubt if they will enter the spirit city

"Spirit city? Where? Why have I never heard of such a place in Kunlun? " Ye Chen has some doubts. He even thinks it is made up by Ye Fudong, just to deceive himself.

Ye Fudong swore to the heaven: "Ye Chen, I'm in such a situation, there's no need to cheat you, whether you believe it or not, this is a fact! As for the spirit City, I don't know. It's a place of Kunlun xuye legend. It's extremely mysterious. Even if I'm the head of the xuye family in Kunlun, I'm not qualified to enter it! ""It is said that this place is the connection point between Kunlun Xu and the outside world. Many foreign powers and forces will stay here after passing through Kunlun Xu. At the beginning, the blood spirit clan adults came here! Although this place has always been a legend, no one knows, but I feel that the two people are in it! "

"I know all this. Can you let me go?"

Ye Fudong looked at Ye Chen excitedly.

He didn't lie, every word was true.

When a man is dying, his words are good.

Ye Chen naturally saw that this was accurate news, nodded, loosened his sword, and turned to walk toward the battlefield.

It seems that ye Fudong has been let go.

Ye Fudong looks at Ye Chen's far away back, exhales a breath of turbid air, but his eyes flash through a trace of killing intention.

As long as he does not die, slowly waiting for the blood spirit family to come, a year later, ye Chen and all the people around him will die without a burial place!

Just then, however, a cold light flashed by.

Ye Fudong felt as if his body had been torn.

He lowered his head, but found a cold and full of evil spirit long gun pierced his body.

Look up!

Holding a spear is a teenager!

Ye Chen!

Ye Fudong's eyes widened: "you You swore to heaven that you would not kill me! You break your oath You must die

Ye Chen mouth corner outlines a merciless smile, light way: "the way of heaven?"

"What is the way of heaven! You did it to my grandfather! I'm destined to kill you! Even if the way of heaven comes, what qualification can stop me? "

"I Ye Chen, the reincarnated tomb master!"

"Bang!"

The evil spirit of Jiuyou sky killing gun explodes, and ye Fudong turns into a blood mist on the spot in fear and surprise!

Death to death!

"Spirit city? Who took Xia Ruoxue and Ji Siqing away? Is the other party an enemy or a friend? Or do they want to threaten me with these people? "

Ye Chen murmurs a way, is to walk toward another battlefield.

Chapter 1207

It's not over yet.

Ye Fudong is just a small episode, and the real threat has not been solved.

In another battlefield, the blood is shining everywhere and dragon scales are splashing.

Several of the most powerful fought in a miserable battle, smashing the houses one by one, and smashing the ground into deep valleys.

Ye Feng, ye Wudi and a powerful monster!

Three to the strong, join hands to attack Ye crazy.

Ye Kuang's strength can be seen as terror!

However, no matter how strong it is, it's hard to face the three emperors who have a strong environment.

Ye mania is finally injured, and his body is already bloody.

Ye Chen didn't pay attention to him. He had just been promoted. His Qi and blood were unstable, so he didn't go to the war. Anyway, the results were the same.

He looked to the other side. A hundred monsters and thirty people besieged the remaining nine people, and the victory was in hand.

Ye family, this is almost the same. Take it!

At this time, no one can come.

"Blood spirit call!"

"You must --"

Ye Kuang takes out a mirror and seems to be able to contact the blood spirit clan. He has just said half of his words, but I don't know if they have been passed on. They are directly broken by Ye Chen's sword.

"Old thing!"

"Do I have to kill you myself?"

Ye Chen looked at the other two people and a demon, shook his head and said, "killing people should be so slow!"

He saw Ye Kuang with one blow, and his Qi and blood broke out completely. He used the power of heaven and earth to hit the Buddha kingdom with one blow. Thousands of silent Buddhas flew out one after another on the seal of the fist. Like a light spot, he hit the injured Ye Kuang one after another.

Puff, puff!!

Poof!!

It is a blow to every one who kills the madness.

Ten thousand layers of attack and down, ye crazy has nearly collapsed.

Finally, the fist seal arrived, accompanied by a burst sound, countless blood rain flew down.

Ye Kuang, the ancestor of Ye family, has fallen completely!

Although he was badly hurt, he was killed by Ye Chen. Ye Chen's real strength is not comparable to Ye Wudi and Ye Feng.

Soon!

More than half of the other Ye family members were killed, and all the others surrendered.

"Master of the temple!"

"Kill dozens and capture forty!"

"It's all emperor's realm!"

Astronomy elder led many demon clans, pressed the captives to come.

Ye Chen sighed, waved and released them. Facing all the people, he said, "everybody, it's so good to join in the blood spirit clan."

"Every time the blood spirit clan comes, it will kill many people."

"Kunlun Xu is getting weaker and weaker. Do you really think that if you are valued by the blood spirit clan, you can go to other powerful places in the future?"

"The gap between Gao Wu level and Kunlun is too big." Looking at the captured Ye family members, he said, "Ye Nantian and ye Wushuang, who really go to the place of the blood spirit clan, may be beaten up by a seven or eight year old child."

"For the blood spirit clan, you are just a dispensable thing."

"What's more, they want you to attack other people, just cannon fodder."

"You'd better fight against the blood spirit clan than die in the hands of those top powerful people, at least not as" traitors. "

"Well, I've finished my speech. I'm willing to fight against the blood spirit clan, and come to me as the leader of the Ye family."

Many Ye Feng's line of emperor's reverence directly expressed: "I am willing to fight against the blood spirit clan!"

"I would like to offer you as the master of my family, too!"

"Such a young home owner, with high strength, why not do it?"

.....

Soon, Ye Feng and ye Wudi, dozens of emperors and hundreds of elders, including the elders who were originally the three veins of Ye Kuang and ye Jianshuang, had completely surrendered to Ye Chen.

But obviously, some of the people who were captured did not realize it.

"Ye Chen, you're trying to kill yourself!"

"Ye Chen, the blood spirit clan is too strong, you want to die again!"

"Ye Chen --"

PA ~~

Ye Chen directly wiped away the lives of these people with the technique.

Turn into blood mist.

These people can not stay, no use. They are loyal to the blood spirit family and the Huang family. They have to die!

"Cough!"

"I, Ye Feng, meet the owner of the house!"

Ye Feng patted his clothes and held his sword to show Ye Chen.

Ye Wudi also took back his sword and clasped his fist to indicate: "Ye Wudi, lead Ye's family, see the master!"

"I'll wait, see the owner!"

All the disciples of wanqianye family are kneeling down to meet the new master!

"Good!" Ye Chen nodded and said, "from today on, Ye's family will be merged into Guangming hall, with a single independent branch Pavilion!" Ye's family belongs to Ye Chen, and they are all included in the hall of light.

Approaching dozens of emperors, ye Chen took all the fighting power that ye family could get. Ye Chen sent him to kungu to fight with the Huang family. At the same time, ye Chen asked elder Qingjian to take his parents back.

With the skill of green sword, no one can stop Ye Chen unless Han Yun and Huang's ancestors are at the same level.

The reason why Ye Chen did not go with him is that there is a more important thing at present.

On the one hand, he had a lot of feelings in this battle and needed to practice.

On the other hand, he must know where Ji Siqing and Xia Ruoxue went after they disappeared!

The spirit city in Ye Fu's east entrance doesn't exist, or does it really exist!

.....

At the same time, somewhere in the void of Kunlun, a deep vortex was slowly generated and endless blood gushed out.

A middle-aged man came out slowly, surrounded by endless blood mist, just like the ghost God coming out of the sea of corpses and blood. The blood mist turned into rich blood and fell in the valley below.

Bang!!

Everything in front of me suddenly broke apart.

A drop of fresh blood can not do so. This man's skill can be called the highest level. I'm afraid that Han Yun and others can't do it.

The middle-aged man glanced at dozens of people in front of him. All of them were disciples of some small sects. Then he snorted coldly. Immediately, a huge force of blood burst all the 15 people in front of him, turning into blood mist and lingering around him.

He gazed at the situation around him, "but sometimes, I didn't come to this rubbish low level plane, Kunlun was empty!"

"Kunlun empty people, dare to kill my people, really eat the heart of a bear leopard!"

There was nothing wrong. I didn't expect that the master felt that the blood spirit people were killed here!

Six despicable clansmen were killed in battle. I don't know who was able to do it!

No matter who is good at it.

It's going to die anyway!

"Elder Wei!"

"Elder!"

In the rear, a group of bloody youths slowly stepped into the territory of Kunlun.

This group of people is very young, but each contains extremely strong murderous spirit, just like a group of killing war puppets. Each of them has at least tens of thousands of lives in their hands, which is a team of demons!

Moreover, their realm, even the lowest one, can be comparable to Han Yun!

It's the real pride of heaven!

I'm afraid the oldest one is only thirty years old!

"Elder Wei!" A young man with an eagle's nose and a bloody coat came forward and said, "elder, these six people were killed this time. There must be some brave people who want to rebel. If you want to rebel, you may as well kill all of them. How about it?"

Chapter 1208

"We haven't done it for a long time." His evil spirit a smile way: "the hand, all a bit itchy!"

Wei sword, as the three layers of heaven in the spirit realm!

It's no surprise to sweep Kunlun with his strength. He just wants to destroy the faction again.

It's just to absorb a lot of blood to practice.

"See then!" Elder Wei looked cold. He shook all the people within a hundred li away and said, "go, go to the Han family first!"

"Han Yun, this little bastard, I think, it should be he who is making trouble!"

"He was skinned and cramped at that time, but he was still not good!"

"This time, it's going to frustrate him!"

After that, the elder Wei waved and called for a piece of blood cloud. With five young people, they all killed the Han family.

Since joining the Guangming palace, most of the strong men are still in the hall of light. There are only a few people who are still dealing with things in the Han family. The people with the highest accomplishments are no more than three layers of heaven in the emperor's realm.

Han Wu, the new Han family, is reading in his study at the moment. Suddenly, he feels oppressed by a suffocating Qi and blood.

He stood up, but at the next moment, he was forced to kneel on the ground, and cried hard: "it's the blood spirit family, the blood spirit family..."

"No way! It's not a year yet, Xueling clan... "

"The blood spirit clan arrived ahead of time What can I do for you, adults? "

"My lord..."

Intermittent sound, with the Han family body burst and unfold.

In just a few seconds, more than a hundred of Han family's Daoyuan and Xuwang realms have been exploded by Qi and blood and turned into a mass of meat, which has turned the huge Han family into Purgatory.

Wei Changlao rose from the sky, and his cold eyes swept over the guards of the Han family who had come to visit him. He did not care, "a group of rubbish!"

With a wave of endless blood mist, he turned into a sharp sword, and killed the 100 guards of the Han family's Daoyuan territory. He gazed at Han Wu, who was kneeling on the ground, and asked darkly, "where is your ancestor?"

"Han Yun's little scum?"

"So it's not in the Han family's land?"

"My lord Your honor... " Han Wu was broken by the blood vessels of Qi and blood pressure. He turned to see the Han family full of corpses. His heart ached and he couldn't help it, but he said angrily: "you brutes, my ancestors have already made an alliance with the master of Guangming hall!"

"No day, it's your time to die."

bang!!

A burst came out.

Emperor Zunjing three layers of the Han family master, on the spot was pinched into blood fog.

Elder Wei's face was still cold. He waved his hand and shook his robe. The bloody robe suddenly flew out and became infinity. All of a sudden, he wrapped the Han family. Then he looked to the West and

stepped into it. He came to the blood spirit secret place which was about to collapse, and his brow slightly frowned.

He gently reached out and touched the blood spirit secret place, and said to himself, "those six people should be sitting in the blood spirit secret place."

"The breath has disappeared. It seems that he died in the secret place of blood spirit, not in Kunlun void!"

"However, there is no smell of Han Yun in it!"

He kneaded a bloody mark with his left hand and hit the secret place of blood spirit, from which he extracted several original breath.

He carefully looked at the breath he got in his hand and thought: "the fighting breath of the six of them fell quickly. I didn't capture their origin, but there were other people's origins!"

Capture three original breath.

One is Ye Chen's.

One is if the Lord.

One is from elor.

"Three breath!"

"There is a familiar one, which seems to be related to our blood spirit clan."

"The other two should be the bastards who killed those six people. From the origin, they are very young, even no older than Wei Jian!"

Elder Wei sneered twice and broke up the three original breath, "does this Kunlun void still need to be arrogant? But when you are less than 30 years old, it should be nine layers of heaven. It's interesting and interesting! "

This is how Kunlun was squeezed.

Can we still produce such young people?

Yes, it's fun!

I'd like to see what kind of young man this young man is. It may be more interesting to torture him.

"Wei Jian, inform Huang Kunming!"

"Come here to see me in five minutes. If you don't come, the Huang family will be destroyed."

The elder Wei ordered Wei Jian to inform Huang's ancestors.

He walked to the Han family ancestral hall, and there was a flash of killing light in front of him. He waved his hand to destroy the huge ancestral hall. All the spiritual places were beaten to powder. Then he turned to look at the people of the Han family. All of them knelt down and did not dare to move. He could not help laughing and said, "ants, ants, even have no idea of resistance!"

"But Han Yun, in alliance with the master of the hall of light?"

"This hall of light is interesting."

"To take the word" light "is to regard our blood spirit clan as darkness! In this case, I will let you ants feel what the real darkness isFive minutes passed.

A yellow figure came flying, fast to the extreme, even the shadow did not leave.

The old man quickly fell at the door of the Han family's mansion, wearing a dragon's crown, a yellow robe and a yellow sword at the waist. If it had not been for the dragon's robe, others would have thought that he was the supreme emperor.

This old man is the ancestor of Huang family!

Huang's ancestor came in in a hurry and bowed down to him. He kowtowed several times in succession. Then he got up and looked at him respectfully and said, "elder, you are here. We can't hold back these days."

Bang!!

A stream of Qi and blood blows the old Huang family out.

Elder Wei slowly turned around and said with a cold look: "waste, you Huang family has occupied Kunlun for 3000 years, so you can't completely control it. If you want to let the elder take care of the aftermath, you're really brave!"

"If it wasn't for you, 3000 years ago, who made great contributions to your servitude and servant!"

"Today, elder Ben killed you!"

"Thank you for your kindness Huang's ancestors scrambled in, kowtowing and thanking.

Standing in Kunlun for thousands of years, he is like a servant and dare not make any mistakes.

Even Han Yun saw this scene, but also had to shiver physically and mentally.

Elder of blood spirit clan!

Wei Chang is old!

There is no one in Kunlun can compete with the powerful five layers of heaven!

It's really invincible!

"These years!"

"Kunlun has changed a little bit. What's the matter with this hall of light?"

"In addition, someone killed six members of my blood spirit clan in the blood spirit secret place!"

"Who is this man?" The elder Wei sat on the bench and looked at Huang's ancestors with pride, just as the emperor looked at the slaves. "In addition, when did the Han family dare to rebel?"

"You, speak quickly!"

"Dare to miss half a word and destroy your Huang family!"

"Yes, yes, yes!" Huang's ancestors hung beads big sweat drops on his forehead and swallowed his mouth. He was afraid and excited in his heart!

Chapter 1209

Ye Shitian!

Ye Chen!

The adults of the blood spirit clan are here!

Soon, it's your time to die!

You dare to be wild!

None of the families and sects that dare to fight against the Huang family has been able to hop around for a year!

The old ancestor of the Huang family lay on his back and said, "the young man who killed adults in the secret place of blood spirit, named ye Shitian, is a young strong man who suddenly appears. At present, I don't know who the master is!"

"It's just that Han Yun has made an alliance with him!"

"What's more, according to the information I've got, ye Shitian's skill is not low. After appearing in danxu Town, he has taken over many monsters in the place of body refining! The emperor respected hundreds of territory, and together with Han Yun and his younger brother Ye Chen, they formed the hall of light

"Ye killed heaven and killed six supreme adults!"

He stopped for a moment and thought: "as for ye Chen, he is a member of the Ye family. He was abandoned by the Ye family in China, but he was not bad at talent. He killed him from China to Kunlun Xu. Later, he took over 12 sects including qingtianmen, Kunlun sect, daocong, xueyemen, qingluan sect, etc. in qianjue city."

"The head of the blood night sect called him Shaozu. He seems to be the inheritor of the blood seven nights!"

"The disciple of seven nights of blood?" Elder Wei snorted coldly, "no wonder! Blood seven nights, an old thing, must still have some divine thoughts left in the Kunlun void. I want to teach this disciple, but it's not enough to turn over the sky of my blood spirit clan! "

Ye Chen?

Your master's blood is locked up in that place for seven nights!

What kind of spray can you be a disciple?

"What else?"

"The specific situation of Guangming hall, say!" Wei Changlao said slowly: "I know that ye family has already joined my blood spirit clan 2000 years ago. It is the old waste of Ye Jianshuang who advocated it. Last time, he took Ye Nantian to try it out!"

"In any case, all the families are rubbish, so some of them can take a look at them."

"Ye Chen and ye Shitian should both come from ye family? Why did the Ye family not deal with them? "

"My Lord!" Huang's ancestor hugged his fist and said with a slight worry: "the Ye family has been destroyed by Ye Chen, who led hundreds of emperors to respect the territory and demon clan."

He was worried that he would be killed by the elder Council of Wei in anger, so he hesitated and said: "ye Jianshuang and ye Kuang of Ye family have been killed by Ye Chen. Together with more than 30 emperors and Zunjing of the Ye family, they all died under Ye Chen!"

"The others were taken into the hall of light by him!"

"Fighting with my Huang family in the land of kungu!"

"Although Ye Chen is only 30 years old, he is practicing very fast. He was in the virtual King state half a year ago. Now it is seven layers of heaven in the source of Taoism. However, he can deal with the powerful in the emperor's respect. He is very evil! We don't even know how much Ye Chen's real combat power is! "

With these words, Huang's ancestor was lying on the ground. He didn't dare to move!

But in the heart is a little relieved tone: ye Chen, finally can solve!

The adults of the blood spirit clan come ahead of time!

Otherwise, if we wait for another year, I'm afraid the Huang family will lose a lot!

"Interesting!" The elder Wei suddenly became interested and said, "it's really interesting that a humble boy from the seven layers of Daoyuan kingdom can defeat Ye Kuang and ye Jianshuang of emperor Zun's realm."

His eyes suddenly fell on a few young people of the blood spirit clan and said with a smile, "Ye Chen's fighting power seems to be even stronger than you!"

"So what?"

"I can kill him as well!" A little fat Xueling youth said slowly.

A kid from Daoyuan?

Can you compare with the nine layers of heaven?

I can fight into the realm of God. This boy needs me more than ten small realms.

If you do, I'll crush him with a slap!

"I can hear it!"

"Ye Chen and ye Shitian are the people who lead this matter!"

Wei Jian said slowly, "as long as you get rid of these two people, other sects will naturally disperse. Of course, I suggest that all the sects should be slaughtered. But it is also just right. It will be easier for us to cultivate by absorbing Qi and blood."

"To kill is to kill!"

"But, elder, I'm interested in them, too!" Another woman in blood smiles and says, "he can kill the top powerful people in Daoyuan territory. Why don't you let him fight Chen Peng?"

"Let's see if Chen Peng can crush him to death?"

"If you can't, I think he can make it out of this year's quota!"

"Lop!" The slightly fat Xueling youth immediately looked cold. He was Chen Peng. He had planned to take advantage of the quota of blood ginseng fruit this year to exchange for a four grade immortal utensil to break through. If he wants to make up the quota, how can he break through?

Elder Wei said with a smile: "you are fighting!"

"Well, I'll ask the two animals to come here. You can fight one by one from low to high. Who can't perform the most? Let's give up the quota."

"For the other four people, if you have one more share this year, maybe their strength will rise a lot!" "It's interesting to crush ants to death."

"We had a hard time coming to the blood spirit clan. It would be too boring if we went back immediately."

Suddenly, elder Wei stood up directly.

Endless blood gas release!

"Ye Chen!"

"Ye Shitian?"

"These two little bastards dare to oppose our blood spirit clan The whole body of elder Wei was haunted by a bone chilling cold, freezing the ground inch by inch, and even the air was filled with cold. The ancestors of the Huang family were shivering with cold.

As soon as he closed his eyes, a stream of blood light broke through the sky and turned into a virtual shadow of one to a thousand feet.

The shadow of a thousand feet in size caught everyone's attention in an instant. He released a piece of blood cloud. The blood cloud rushed out of the sky like a curtain of rain.

Crackling!!

Bang bang bang!!

In a flash!

Tens of thousands of warriors have fallen, and have been directly blasted into pieces by bloody lightning.

Such divine power, even if Kunlun Xu's natural calamity is far from as good as the arrival of a demon.

The remaining people fell on the ground and did not dare to move. The weak meant that the devil came and prayed for mercy.

A little stronger, some martial arts people know that it is the strong one of the blood spirit clan. At the moment, they are also half kneeling on the ground, afraid of causing death! Of course, it will take a year for the blood to come?

So it's coming now?

Still so awesome?

Ye Chen, their Hall of light, can you stop it?

Just when they were surprised, the bloody virtual shadow opened his mouth: "I am Wei Wucheng of the blood spirit clan!"

"We know about the killing of our blood spirit ants by Kunlun Xu. Now we have a deadline of 10 days to judge ye Chen and ye Shitian."

"Order to go on, and they will come to the thousand Jue city for trial within ten days!"

"If you don't come, I will kill all the people of Han family and Guangming hall!"

The powerful voice spread like the magic sound for a long time. Even if you are thousands of miles away, you can hear it clearly.

Soon, the blood color virtual shadow dispersed, people got up, but all were flustered!

Chapter 1210

The blood spirit clan has come!

Guangming hall, it seems not ready!

What should we do if we go on like this?

Also let Ye Chen hall master go to the thousand Jue city to be judged?

What can I do?

Some of the warriors in the virtual King's territory rushed out to spread the news.

They lived in the Han family's territory, and the Han family decided to resist the Xueling clan. Inevitably, the people in the territory had already decided to fight against the Xueling clan. Naturally, they wanted to send the news to their own patriarch and sect head as soon as possible, and then let the headmasters pass the news to Ye Chen and them.

We need to inform you as soon as possible!

In the big house of Han family.

Elder Wei stood up slightly. "Let's go. Go to your Huang's house first. Tell me about the situation of Kunlun deficiency in recent years."

He left with all the others, waved his hand and clapped it down. Then he wiped out hundreds of thousands of people in the huge Han family's land.

Han family, one of the top families of Kunlun Xu!

In the face of the blood spirit clan, this is the case. There is no resistance to it!

Of course, this is the case that the elite of the Han family are not in the Han family. Even if the elite are all there, Han Yun and several other emperors of the Han family are all in the eight layers of heaven. At most, they will resist for a while, but they will still be killed!

More than 100000 people, men and women, old and young, no one survived!

Elder Wei left with Xueling youth and Huang family ancestor. It was like stepping on a pile of ants when he left. He ignored the cry below, even enjoyed it. The cry of mole ants can prove the strength of the strong!

A group of martial arts suddenly looked at all these things in front of them, until Wei Changlao and others were far away!

Zhou Yan, who had made friends in the secret place of Xueling, happened to work in the Han family's territory. As a person of the seven layers of heaven in the Daoyuan realm, he stepped forward to see a hole soaked in blood like ruins, and secretly swallowed his throat, "hundreds of thousands of people!"

"More than a dozen emperors respect the territory!"

"More than 300 daoyuanjing are dead like this!"

"Once Han Yun knows about it, he will be crazy!"

Looking around, Zhou Yan has become the highest cultivation person here.

He took a deep breath and said, "rescue, no, try to preserve the remains of the Han family and prepare for the funeral!"

At the moment, rescue is impossible!

Fifteen emperors were all smashed to pieces. How could anyone else live.

At most, it can only ensure that the remains of the heroes of the Han family are as complete as possible.

"King City!"

"You go to kungu with my token and tell the temple master what happened!"

Zhou Yan took out his token and solemnly said: "remember, don't listen to anyone who asks you to stop on the way. When the people of the blood spirit clan arrive, all the ghosts and monsters come out. As a messenger, pay special attention to it!"

"In addition, tell the Lord of the temple that if you can't defeat him, go!"

"The farther you go, the better. If you can defeat them, please frustrate the animals of Xueling clan."

He solemnly sent the King City away, looking at the distant figure of the other side, and his heart was cold.

Temple Lord, I hope you can defeat!

I hope you kill these animals!

But if you can't, you must go!

As long as you live, there will always be revenge!

I'm here to deal with the Han family's affairs for the time being.

After the arrival of the Xueling clan, both the Guangming hall and the big families' eyes will fall on kungu and qianjue city. Zhou Yan can only deal with the remains of the Han family.

As Zhou Yan's confidant, Wang Cheng's cultivation of a layer of heaven is not weak.

With Zhou Yan's token in person, he arrived at kungu in the evening of that day, and came to the mountain through the token. At the moment, Han Yun, ye Lingtian, Xueqi, ye Luo'er, Duan Huai'an, Baizhan elder, etc., have arrived!

"What are you doing here?"

"Aren't you at the Han family's side?" Ye Lingtian asked: "I have heard some remarks, I don't know whether it is true or not. But do you come to say this news?"

Elder Wei's thousand Zhang empty shadow, spread the judgment speech, one day already crazy spread Kunlun empty everywhere.

However, ye Chen is still closed, and people do not venture out to explore, has been waiting for people to prove the increase of news.

The king's city is already the fastest. As the first messenger, he has already arrived on the mountain of kungu. At this time, seeing many big people, he knelt down and said, "ladies and gentlemen, the blood spirit family has come!"

"Six in all

"One middle-aged man is the one who changes shape and virtual shadow, and the other five are young people. It seems that they are all 30 years old!"

"The middle-aged man called himself Wei Wucheng, elder Wei. He wiped out the Han family's land with one hand and buried more than 100000 people of the Han family!"

"In addition, he ordered the temple master and ye Shitian to arrive at the thousand Jue city for trial ten days later."

Wang Cheng quickly took out Zhou Yan's token to prove his remarks, "this is the token of Zhou helmsman. After the incident, the leader ordered his subordinates to come. He did not dare to stop and rushed for eight hours to report the news and confirm the news for all the adults and hall masters."This word one place, immediately everybody is like thunder to split!

Han family, no?

Hundreds of thousands of people of Han family died in Wei Wucheng's hands?

How?

How could it be so fast?

Isn't it a year before we arrive? Why is it ahead of time?

Ye Lingtian sighed and turned to look at Han Yun. He said, "Han Laozu, I'm sorry. Most of the elite of the Han family are here!"

As soon as he had finished, he suddenly looked and yelled at the blood sword, black Yao and other people, saying, "go ahead quickly, all the emperor's respected realms will be combined, and the Daoyuan realm and the Xuwang realm, no matter what the realm, they will all gather together!"

"The ancient magic protection array is composed of the emperor's Zun realm, which covers the people under the emperor's dignity to avoid accidents!"

"The above ancient magic protection array, to avoid the yellow family or the blood spirit clan attack!"

This meeting, the steady ye Lingtian, has become a bird of terror.

The blood spirit clan has always been mean and killing. Who knows if it will be killed tonight?

This place is close to numerous emperor Zun states. Even if an array is formed, it should be able to block the people of the blood spirit clan. However, the man named Wei Wucheng killed hundreds of thousands of people with one hand. Even the Ninth Heaven of emperor Zun could not do this!

It's definitely the strong one in the spiritual realm!

Moreover, it is definitely not the early stage of entering into the state of mind, it is likely to be the middle stage or even the late stage of entering the state of mind!

Early prevention is necessary.

"It doesn't have to be!"

"Ye Lingtian, blood sword, black Yao, you all stop!"

Han Yun felt a bit old again, and his descendants died and suffered heavy casualties. Fortunately, most of the emperor's Zun territory was here.

He took a long breath and said, "the man who came here is Wei Wucheng. I know him. Five hundred years ago, he came to Kunlun Xu. At that time, he was in the five layers of God state. Five hundred years later, I don't know if he has made any progress. "

"The only thing I know is that there will be a qualitative change after entering the realm of God!"

"Especially the strong in the middle stage of entering the state of God is not the existence we can fight against!"
