Chapter 1261

"It's crazy!"

"Damned lunatic!"

Li Jiawei no longer hesitated, holding a long sword, a sword cut through the sky, the sword broke out the power of flying immortals, turned into a light curtain, it seems to cover the sky, but also completely wrapped Ye Chen in the light curtain!

Immediately, he whipped the eight grade immortal long sword, and then the endless sword Qi burst out inside the light curtain, attacking and killing Ye Chen!

He even outlined a smile of evil charm and said in a cold voice, "little beast, you forced me. I don't believe it can't kill you!"

"Even if it was the blood demon mountain master, I also used this move to break his God King way!"

"What's more, an emperor's realm is full of waste!"

"I might as well tell you that I am good at poisoning. For the sake of the God and King's way of blood demon mountain master, I have been convinced for several days that I will not hesitate to kneel down or even kowtow in order to make him think that I am not a hero, so that he can take the opportunity to poison him!"

"He's the king of God

"It's all in my hands. It's easy to kill you!"

"What's more, I don't allow to die too early. My disciples die in your hands!"

"I will make you feel that life is better than death!"

Blood demon mountain master?

What the hell?

How dare you ask a piece of rubbish from emperor Zun to attack and kill me?

It seems that he has lost his head these years!

However, if he lives, my reputation will be even greater!

Whoosh!!

Whoosh!!

In the light curtain, all-round sword Qi without dead corner is killed.

No matter the upper, lower, left and right sides, all have the sword spirit. What's more, the array of the blood demon mountain master yesterday has stronger attack power. Even if the ordinary six layers of heaven in the spirit state are swallowed by this light curtain, they will die under these sword Qi, and have no ability to fight back!

Besides, each of these sword Qi is highly poisonous!

Any sword Qi is enough to poison the people in the later period of emperor Zun's territory, not to mention the countless poisonous sword Qi!

Even if ye Chen can't be killed, the poison will be poisoned to him!

"Kill God sword!"

"Ghost gun!"

"The growth of Qi and blood, the growth of the rudimentary road!"

"Break it for me!" Ye Chen bursts into a drink. He holds the Jiupin immortal weapon in his left hand. The gun body erupts with absolute power. In an instant, ye Chen's strength of Qi and blood increases to an extremely terrible level.

His right hand clenched the Zhushen sword. The sword burst out with infinite light and destroyed the sword spirit.

At the same time, the growth of Qi and blood burst out, making Ye Chen's Qi and blood reach the peak, and then split the sword, as if breaking the sky. The light curtain was chopped to pieces, and the aftershocks shocked tens of disciples of kunjianmen in succession!

Bang bang!!

Bang!

The bodies burst out one after another!

The twelve kunjianmen disciples who were in the early stage of entering the divine realm or at the peak of emperor Zun's realm burst out in the afterwave and the spread of sword Qi, and their souls turned to ashes in the afterwaves!

So powerful and so many talented people used to be gods, but now they are like chickens and ducks. They all die under Ye Chen's sword spirit and don't attack them!

It's just a ripple!

Break through the aftermath of Li Jiawei's attack!

So many people have been killed!

"Li Jiawei!"

"You shameless villain, today I will kill you on behalf of the blood demon mountain master!"

"I will not only kill you, but also your kunjian gate. I will also destroy it!"

Ye Chen's sword is flying in the air, his black hair is fluttering, and his whole body is haunted with evil spirit. A piece of five grade immortal armor obtained from Wei Wucheng's hands appears on him. He treads on the devil's Qi, and the way of killing, the way of extinction and the way of immortal sword are the rudiments of three roads, just like the immortal god!

He pointed at Li Jiwei with a sword and said with a smile, "it's so shameless. If you don't die today, it will be a disaster later."

After saying that, ye Chen stabbed out, and the evil spirit of the spear tip was like a dragon and snake. It crossed the sky and impacted on Li Jiawei's chest!

Bang bang bang!

Bang bang!!

The crackling sound was constant, and the armor of eight grade immortals all cracked. The evil spirit of Taoism haunted Li Jiawei and corroded his body.

Ye Chen's Jiupin immortal killing spirit gun has a special evil gas and corrosive power. Within a short time, the armor of the eight grade immortal weapon quickly cracked, and Li Jiawei had to blossom his own poison road. A 3000 meter wide poison sea hovered in the sky, dropping countless venoms, which actually offset the corrosive force.

Soon, the armour of the eight immortals recovered as before.

Li Jiawei burst out laughing and said, "you can't, little beast! Too weak! "

Then his arms shook, and the poison road suddenly flew out of the sky, like a rain curtain.

Zizizi!

The venom falls on the ground, and the message will corrode the ground into holes. Ye Chen holds the sky with a sword. He puts up a protective shield of sword gas to resist the erosion of the venom. However, there are still wisps of venom penetrating into his body, which corrodes his five grade immortal armor. All the spirits in the immortal armor are howling!

He immediately stabbed out a gun and attacked and killed Li Jiawei.

However, there were a lot of poisons all over the sky, and some people who didn't pay attention to were contaminated by the poison. The people in the emperor's Zun state turned into a pool of blood and water in situ. In the early stage of entering the spirit state, people tumbled to the ground in pain. After dozens of seconds, their bodies were corroded and their whole bodies turned into a pool of liquid.

It can poison the venom of the strong in the early stage of entering the divine realm!

Terrible!

The disciples and other disciples protected themselves one by one.

The head of the crazy sword sect was so angry that he thought: "I really hope Ye Chen killed Li Jiawei. Li Jiawei dare to poison my disciples!

Hateful!

Ye Chen is a powerful disciple of Shenwang state and even Hunyuan state.

If you kill Li Jiawei, a shameless villain.

The spirit city is peaceful!

Bang bang bang!!

Bang bang!!

In the sky, a group of poison is shot and broken by the spirit killer. When the poison is still in the air, it turns into a cloud of smoke and then disappears.

After all, the aftershock of poison flying out can also kill many people. Since the matter has nothing to do with the other seven sects, it is not necessary to let the poison hurt the people of the seven sects!

The venom exploded in the air.

The venom was destroyed in mid air, so all kinds of people of the seven sects could see clearly.

Nan Rushuang couldn't help feeling a sentence: "this ye Chen is a hero. I'm afraid that the venom will hurt our disciples. I have a heart!"

"I'm so proud of myself that I must make good friends with you."

"Yes Green Ru snow also secretly nods.

"How?"

"No way!" Li Jiawei's face changed slightly. Seeing that his venom had not hurt Ye Chen and Ye Chen's weapons, he was surprised and said, "my venom, even the seven grade immortal weapons, can be erased. How can it be blocked?"

His keen eyes, staring at the soul killing magic gun, muttered to himself: "is it difficult, this is the eight grade immortal?"

"Or is it a nine grade immortal?"

"How can emperor Zun control this kind of immortal utensil?"

"Did the little beast make it himself?"

"No way!"

Chapter 1262

Li Jiawei set off all kinds of waves in his heart!

He stares at the thing in Ye Chen's hand and murmurs to himself:

"as for the sword, I feel like there is divine power on it. Is it a divine king's tool?"

"What's more, it doesn't look like a second-class artifact."

"Is it difficult?"

"It's a medium-grade divine king's ware?"

Thinking of this, Li Jiawei's back is in a cold sweat. Looking at Ye Chen's eyes, he seems to have some fear.

A little boy with Emperor's respect for heaven.

Under thirty!

Actually, there is a nine grade immortal tool, and there is also a medium grade Shenwang ware?

Isn't it extraordinary that there are so many artifact and artifact?

May it be the children of Blood Sword clan, Beigong family, or other big families?

It's not the case that the king of the devil's armour was able to get the eight pieces of his own.

Eight grade immortal armor, the value is equivalent to nine grade immortal long sword!

This is all the property of the Lord of blood demon mountain. Besides, he is a layer of heaven in the kingdom of God, and there is no God King tool!

After being abandoned by me, I will be in the middle of entering the divine realm at most, and I will not be able to get the divine king's tools, nor can I keep them!

There is no doubt that ye Chen has a big background!

It seems that it should be a descendant of a king of gods, or a disciple!

If I kill Ye Chen, will the divine kingdom come?

If it comes?

What should I do?

Kneel and kowtow?

If I kneel down and kowtow, I can kowtow ten thousand times.

Immediately, Li Jiawei continued to attack with great poison, but his strength did not increase. Instead, he asked, "Ye Chen, where are you from?"

"Shameless villain, I don't need to let you know where I come from!"

Ye Chen scolded him. He immediately manipulated the immortal and artifact, drove back the venom step by step, and even crossed a hundred meters to Li Jiawei's body. A Sword Pierced Li Jiawei's chest. The force of extinction poured out wildly, consuming Li Jiawei's Shouyuan and absorbing his road.

Li Jiawei's road is highly toxic.

Ye Chen is not ready to really absorb it. He just absorbs Tao Yun to make up for the way of killing, but it is also very limited. Otherwise, if he absorbs too much, the poison will also infect the way of killing, which will have an impact on Ye Chen himself!

The way to absorb others!

Consume other people's life yuan!

It's the best way to get rid of it!

"You..."

"Beast!" Li Jiawei drinks violently, and the eight grade immortal armor shakes out a force, but is suppressed by the soul destroying demon gun.

He used his fists and feet to fight ye Chen, which was no match. The aftershocks shook the surrounding area and killed many disciples.

Gradually, his cheek withered rapidly, even his golden body withered.

Originally, Li Jiawei was not too tall and looked like a young man, but now he looks like an old man with white hair and wrinkles on his cheek. In just a few seconds, Li Jiawei is old for thousands of years!

"Go away!"

"Get out of here, get out of my way!"

Li Jiawei crazily twists his body and gets rid of the power of killing the sword. Then he blows Ye Chen out with a fist.

He shakes his head and wakes up a little before he reacts that he has lost 20000 years of Shou yuan. In addition to the previous 10000 years, he has lived for 8000 years. Now he is 38000 years old and only 12000 years old!

Damn it!

Damn it!

Damn Ye Chen, this beast!

Originally I wanted to keep my hand, afraid of the people behind him!

Now that you have to die, I will!

"The poison is boundless!"

"The sword breaks the sky!"

Li Jiawei angrily rebukes, holding the long sword in both hands. Behind the huge poison Road, the venom from far away comes and gathers on the long sword. When one sword is sacrificed, clouds move in all directions. Countless venom sword Qi penetrates Ye Chen's evil Qi!

He also personally fight in the past, will ye Chen several times fly.

"Poof!"

"Poof Damn it Sure enough, the strong of the spirit city is not weak

Ye Chen rolled down on the ground and got up with difficulty. His body was damaged, his wounds and even his whole body were festering. The poison was also corroding his body. If this goes on, he will take the lead to take off his strength and follow the footsteps of the Lord of blood demon mountain!

He reluctantly offered a sword to kill God, but he was beaten back by Li Jiawei.

This is the fighting power of the strong in the later stage of entering the divine realm?

After the complete outbreak of all forces!

I didn't even have the strength to fight back?

"What a pity!"

"What a pity!" Qing Ru snow sighs and shakes her head secretly. In her opinion, ye Chen must die! After being poisoned by Li Jiawei, his body was corroded and his body was pierced!

In three minutes!

The poison is bound to break out. At that time, the king of God will not be able to move. Li Jiawei will have to kill him.

Isn't the last one who was so poisonous and corroded the Lord of blood demon mountain in the God kingdom?

"I thought he could kill the immortals

"Kill Li Jiawei, a shameless villain. Unexpectedly, he still can't match Li Jiawei!"

The headmaster of the crazy sword sect sighed and grabbed the hands of the other two sect heads, indicating: "don't help me. Even if we are all here, we can't resist Li Jiawei's poison. Once poisoned, we will all die!"

"We are not a king's land!"

"Although the body has entered the seven or eight ranks of the golden body, it can't resist the poison."

"Ah

"Sigh!"

The other two leaders sighed and did not really go up to help Ye Chen.

They hate Li Jiawei, who is a shameless villain, but they don't even have eight grade or more immortal tools. Going up is their own way to death.

"If you are the person behind Ye Chen, you are willing to do it!"

"Ye Chen has nothing to do with it."

"If..." "If you don't want to do it, ye Chen will surely die!" sighed the leader of xuetianmen

Many leaders have pity on him. After all, ye Chen, who is so proud of heaven and dares to challenge Li Jiawei, who is in a state of emperor's respect and dare to challenge Li Jiawei's nine levels of spiritual state, is already full of courage and courage, and he has withstood a hundred moves in Li Jiawei's hands!

With the way of extinction, Li Jiawei's life of 30000 years has disappeared!

All these can be called the first day pride of Kunlun!

Just this Tianjiao, a little anxious!

We should cultivate the five layers of heaven in the emperor's respect, and he will certainly be able to defeat Li Jiawei.

Emperor Zunjing seven or eight layers of heaven, certainly can kill Li Jiawei!

What a pity!

Too anxious!

Just at this time, in the tomb of samsara, the king of Shendan had a clear vision and said in a cold voice:
"such a despicable person, I dare to move my disciples and seek death!"

"Ye Chen, listen up!"

"I will give you a strength to improve your physical body. At the same time, you will have the power of King's state for a short time."

"But only ten minutes!"

"Thank you, master!" As soon as ye Chen finished speaking, he felt a tremendous force of war pouring into his body. His golden body became more obvious and completely turned into red gold. He was stepping into the seventh level of the golden body, and the power of Qi and blood reached an extremely terrible level, even more than the nine layers of heaven in the spirit state!

At the moment, ye Chen looks at Li Jiawei like a God.

The boundless combat power and Qi spread out, making the whole spirit City tremble.

Chapter 1263

God kingdom!

It's the Qi machine of the king of God!

The leader of the seven schools looked around and found that the Qi mechanism came from ye Chen himself. Is Ye Chen the king of God?

"The kingdom of God!"

"The invincible king of God, the strong one in the world!"

Nan Rushuang's eyes twinkled and gazed at Ye Chen and murmured to himself, "Ye Chen unexpectedly bursts out of the Qi of the strong man in the divine king's state. Is it possible that he is the divine king state? It's just for the sake of experience that the cultivation is suppressed to the level of the emperor's dignity? "

"Very likely!"

"Ye Chen's identity may be very high!"

blood gate as like as two peas, who said, "this is the same as the blood monster mountain Lord."

"At that time, the Lord of blood demon mountain was one layer of heaven in the divine Kingdom, and it was easy to kill him into the nine layers of heaven in the divine realm!"

"Now ye Chen also has the Qi mechanism of the divine king's state. It may be the bottom card, but it is also the awakening of his blood!"

"Of course, it is very likely that he himself is a powerful one in the kingdom of God!"

As soon as this word was said, the other leaders of several schools were shocked, staring at Ye Chen, but they didn't dare to have the slightest disrespect!

God kingdom!

The king of many immortals, Qi is vast and boundless in the world. You can't compete with each other!

That is to say, any God King who is in a strong position can start a sect and set up a sect. He is absolutely strong when he is in charge.

But this kind of strong person, unexpectedly is Ye Chen?

Tianjiao, who is less than 30 years old!

It's the king of God!

"Ye Chen is definitely a descendant of a powerful family with high military position."

"Otherwise, there will never be such a machine!" Qing Ru Xue came to a conclusion, "never be enemy with Ye Chen, or you will die!"

"Yes

"You can't be an enemy. If he is so strong, the family behind him is bound to be stronger."

.....

Just when many leaders were shocked, eight Qi machines burst out around the spirit City, each of which had the level of nine layers of heaven.

They are the ancestors of eight schools, eight strong men who enter into the nine layers of the divine realm. They have passed the pass because they feel the Qi of the king's state!

Qinghongmen's ancestor was the first to fly to Ye Chen and said, "see your elder!"

The rest of the ancestors have also come, attitude a few respectful: "see the elder!"

"I've seen you, master!"

"I don't know what's the matter with you, elder?"

"What can I do for you, elder?"

The eight ancestors are extremely respectful, and even look at thousands of people in silly spirit city!

I didn't expect that this peerless Tianjiao had the fighting power of the divine Kingdom, and the ancestors of the eight schools came out to meet him in person, with extremely respectful attitude. This is a big man in the spirit city!

Li Jiawei's face was even more ugly. Holding the sword, his arm didn't tremble. His heart said, "it's over, it's over!"

Ye Chen is the king of God!

Damn it, if I knew I should kowtow and apologize to him, he might have spared me!

What to do now?

Isn't it too easy to kill me?

Shenwangjing is just one layer of heaven in Shenwang state, which is enough to kill dozens of nine layers of Shenwang state, not to mention Li Jiawei.

"You, get out of the way!"

"Today I kill Li Jiawei, and the rest of us will die if we don't let it go!"

Ye Chen left a word and stepped forward slightly. His body shape instantly came to Li Jiawei's body. When he hit the other side's chest, countless violent Qi and blood gushed out, just like the tide of the sea. Li Jiawei is like a small boat, which may be destroyed at any time in the sea!

"No, no..."

"Ye Chen, no, master Ye!"

"Master ye, I'm wrong. I'm wrong. Please spare my life!"

"Please, I can kowtow to you and apologize. You can do anything..."

Li Jiawei's face shows a look of begging for mercy. Facing Ye Chen at the moment, he has no strength to counterattack at all.

the next moment, a violent force explodes Li Jiawei's body and even kills his spirit.

Li Jiawei, the leader of kunjian gate in cholera spirit city for thousands of years!

Official fall!

Everyone was shocked!

Li Jiawei in the nine layers of heaven!

It was so easy to get blown up.

At this time, they seem to understand why Li Jiawei attacked the blood demon mountain master secretly. Why did he use poison to make the blood demon mountain master lose his fighting power!

If the power of Qi and blood in Shenwang state is broken two times, two fists are enough to attack the warrior who has entered the nine layers of heaven in the divine realm.

If Li Jiawei had only attacked the blood demon mountain Lord, he would have been killed by the other party!

"This..."

"How strong..."

"This force is too strong. It seems that we haven't done our best. We can't offend you!"

After a brief exchange of several groups of ancestors, they all felt that they could not offend Ye Chen.

What's more, they don't have the ability to offend Ye Chen!

Over there, the ancestor of Kun Jianmen looked at Li Jiawei's burst flesh and blood, and had to say, "master Ye has done a good job. Li Jiawei is contemptible and shameless. Master Ye Chen killed him to clear the door for our kunjianmen!" "Our kunjianmen is willing to produce a piece of eight grade immortal ware, one seven grade immortal ware and two pieces of six grade immortal ware!"

"Thank you, master!"

Thank you?

No, I pray ye Chen not to destroy him!

The ancestor of kunjianmen is here. Is it strong?

You'll die if you give me three or five punches at most!

Instead of fighting against Ye Chen, it's better to admit that it's OK to admit counseling and not to admit it. Then be ready to die.

Therefore, the old ancestor of Kun Jianmen said, "thank you" is to Tell ye Chen: I admit that the people under my family have offended you. If you kill him, I will compensate you for some immortal utensils. Don't bother me. I can't afford to offend you!

"Good!"

"Four immortal utensils, plus Li Jiawei's two sword immortal tools, can be!"

"I will not destroy you Ye Chen put away the immortal utensils and put a magic card in his hand. The master of the blood demon mountain outside obviously also received the news and was ecstatic.

Ye Chen did not hesitate, and continued to ask: "do you know which space transmission array Lingyun xianzun is sitting in?"

"Well, it's my one!" With a smile on his face, the ancestor of qinghongmen said: "Kun Jianmen has a space transmission array, which is transmitted to the Blood Sword gate. However, the two transmission arrays guarded by our sect are the places leading to heaven and earth. "

"The land of heaven and earth is a place close to the north in the world of blood spirits."

"It is under the control of Nangong family and Huangpu family, collectively known as the northern region, and the land of heaven and earth is also in the northern region. This space transmission array is the place leading to the heaven and earth, and Lingyun xianzun is from here."

"But, after all, she is powerful. We don't know from which space transmission array she left when she left."

Ye Chen nods slightly. After all, Lingyun xianzun is a great power in the realm of nature. His cultivation should be based on Nie Baijian. Naturally, he will not tell these people who are in the nine layers of heaven in the divine realm.

He nodded slightly and said, "then I will take this space transmission array and go to the place of heaven and earth to look for it first."

"Good!"

"Master ye, please!" The ancestor of qinghongmen personally led Ye Chen to the space transmission array.

Space teleportation array is a giant teleportation array, some of which are similar to Stonehenge of the earth, but Stonehenge is an abandoned space transport array, and this one is intact.

Chapter 1264

The space transmission array is composed of 71 boulders, arranged in three circles, with a stone pier at the center.

There is a strong force of space around. It seems that the transmission of space needs the great force of space law.

"Please come in

"Just stand on the stone mound!" Qinghongmen ancestor said slowly, his attitude is very humble, there is no disrespect!

Ye Chen nodded and walked slowly into the space transmission array. Standing on the stone mound, there was an invisible force wrapped around him. After the ancestor of qinghongmen ordered "start transmitting", the invisible force became more powerful.

Hoo Hoo Hoo!!

Whoosh!

51 boulders on the periphery of the space transmission array rotate rapidly to generate the force of space!

Obviously, it's a space God stone. It can generate space rules by itself. Otherwise, if you want to transmit it, you need at least one Hunyuan strongman to cast the spell, and it's likely that it will cost a lot to transmit once. If it's more than twice, many Hunyuan strong people will not be able to eat it!

Ye Chen is surrounded by the force of the law of space.

The outer two layers of space God stone also rotate faster and faster. The light blue light spots gradually appear in the array. It is the space rules that converge into space particles. Soon, countless space law particles converge into a beam of light and suddenly bombard the void above Ye Chen's head.

Hoo Hoo Hoo!!

Hoo Hoo Hoo Hoo!

The void splits, and the vigorous winds emerge, but they are blocked by the force of the law of space.

Gradually, the void splits and presents a round cave. Inside is a dazzling light, like a channel, but there is no end. If we use the language of the land of China, space transmission is to break through the nodes of the two boundaries and create a straight passage. It is a space jump.

At the next moment, many space law particles wrap Ye Chen and send Ye Chen into the space tunnel!

After entering, ye Chen was amazed by all the dazzling lights around him. He was very fast and broke through the speed of sound. However, seeing the scene, no matter before and after, made him wonder whether he had gone ahead.

Now, out of space.

The old ancestor of qinghongmen sighed and nodded his head slightly: "at last, I sent master ye away!"

"Laozu, master Ye knows the spirit charm immortal Zun!"

"It seems to be looking for Lingyun xianzun." Qingru Xuesi cableway: "is it difficult? Is he a disciple of Lingyun xianzun?"

"I don't know!"

"But it doesn't look like it!" The old ancestor of qinghongmen said slightly: "Lingyun xianzun only accepts female disciples. I feel that master Ye Chen has the Qi mechanism of the Shendan monarch in those days, but he is not necessarily the disciple of the Shendan monarch, but he may be the disciple of the master alchemy in the Hedao realm of the Xueling clan!"

Qing Ru snow seems to know what is wrong and nods.

The aura of elixir that haunts the whole body of Shendan monarch is a pure and extreme breath. Because after long-time exposure to various kinds of pills, there are pure elixir power remaining in nature and strength.

At that time, when ye Chen was in full bloom of the spirit king state Qi, he also bloomed a Qi machine similar to pure pills.

"Anyway!"

"Ye Chen is not our enemy!"

"It's too strong, and the people behind it must be very strong. It may be the state of harmony, the state of creation, or even the state of star orifices, just like the spirit charm immortal Zun!" Qinghongmen ancestor said slowly, and then looked at other people and said: "everyone, let's go, hold their own funerals!"

"As for the blood demon mountain master outside!"

"Kun Jianmen's best not to provoke, after all, the master of blood demon mountain has something to do with master Ye Chen."

"You have moved the blood demon mountain master. If master Ye Chen comes back, he may destroy your Kun sword gate!"

Hum!

The ancestor of Kun Jianmen snorted coldly and left.

Today, the leader of his kunjian sect died in battle. Dozens of elders of all levels died. Zhenzhuan and Daoyuan disciples almost all died. Their strength fell to a historical freezing point. However, he did not dare to find Ye Chen's trouble. In that case, he had to seek death and hold a funeral honestly.

The other seven schools also benefited a lot.

More is because ye Chen eradicates Li Jiawei this shameless villain and the heart is happy.

The spirit city is going to hold a large number of funerals this time.

.....

After a while!

Ye Chen came out of the space tunnel, and his strength also recovered to the level of emperor Zun's realm. Looking around, ye Chen had lush vegetation but strong spiritual power. The trees were tens of meters high, and even a flower was the size of one person.

"The density of aura is very strong, at least ten times as high as that of Kunlun."

"No wonder so many strong men can be bred!"

The denser the aura, the easier it is to practice.

The vegetation is naturally more lush.

"According to the ancestor of qinghongmen."

"I'm in the land of heaven and earth in the northern region. I must be near the place where I can practice Lingyun xianzun. I have to find a place to ask!"

As ye Chen continued to advance, he thought: "the high martial world of the Xueling clan has heard from the master that there are five regions in the southeast, northwest, and middle. In those years, those who invaded Kunlun were the Beigong family and xuejianmen in the southern region. No one participated in the other four domains." "In those days, the digital creation realm was a member of the Beigong family!"

"All the people in Zaohua realm are from the Blood Sword sect. The Blood Sword sect is really powerful. There are so many strong people in the same school of Taoism in each school!"

"But no matter how strong it is, I will destroy the Blood Sword gate soon!"

He walked for a long time, about an hour, before he saw a city.

This city is like the architecture of Kunlun. You can see all kinds of wooden buildings everywhere. The highest level is no more than ten stories. It is not like the tall buildings in China. However, this city is extremely huge, which is estimated to be about ten times larger than that of some provinces and cities in China.

The people who live in it have different breath.

But every breath makes Ye Chen feel threatened.

Ye Chen still came to the teahouse, tasting tea while preparing to inquire for information.

In this city, without science and technology, teahouses are places where many martial artists gather to chat, and can learn a lot of news and intelligence.

"Well, do you know?"

"Yesterday, Nangong sword Yu killed the northern round sect with the sword!"

"It was a sword that pierced through the sternum of many powerful Shenwang of Beilun sect, even the leader of Hunyuan realm."

"Nangong sword is nothing!" The other one waved his hand and said, "do you know the spirit sword swordsman Ling Wuxi? One person and one sword killed the Tianmen sect, the strong Hunyuan people of the sect, and even met the disciples of Lingyun xianzun in the Mulan desert

"Muran desert!"

"Since ancient times, the gathering place of demon clans, innumerable demon kings have dominated the kingdom."

"And Lingyun xianzun practiced there for a period of time, and there were more disciples guarding it. What a face it was to see Lingyun xianzun's disciples in Lingyun xianzun."

Chapter 1265

"Yes

"Listen to the spirit of Wuxi, Mulan desert, it looks like a palace with the charm of immortals!"

The man was talking with flying colors.

Other people are also talking about all kinds of interesting things as a source of conversation.

For example, a young man killed seventeen strong people in the mental state overnight.

A family member killed a sect overnight.

The people of such and such sects slaughtered the families of three enemies, and killed several powerful kings and so on.

There are also strong Hunyuan Kingdom, which originated from the war between Huangpu family and other families in the western regions, and the fall of many Shenwang realms. All kinds of things are innumerable, and all kinds of news are said by these people, just like a group of guys in the emperor's realm who personally observe the battlefield.

Ye Chen listened to these news, also looked at their realm, thought: "sure enough, worthy of gaowu world."

"In any teahouse, there are dozens of emperors and tens of gods."

"The streets are full of strong people in the later stage of entering the state of mind, and even many of them are in the state of divine king."

"In the world of high martial arts, the lowest threshold for all is the realm of emperor's respect!"

"But it won't take long for me to achieve the goal of harmony."

He took a sip of tea, his eyes twinkled, and said, "now, it's time to go to the Mulan desert."

Ye Chen thinks that the Mulan desert, just to the west of this city, is a vast desert. There are many monstrous beasts in it. Many of them are in the realm of emperor's respect, and some of them are in the state of God. For many strong people in the spiritual realm, they are almost Jedi.

But he will go!

What is the Moran desert!

Lingyun xianzun's palace must go. Lingyun xianzun takes my people away without authorization. Ji Siqing and Xia Ruoxue don't know what's wrong with them!

Soon, ye Chen left a piece of immortal stone and went to the gate of the city to rent a spirit beast named Xuantian eagle, which was eight layers of heaven in emperor Zun's territory. It was very fast to ride on it. He could arrive at the Mulan desert in the second half of the night.

At night, the stars are dim.

In the distance, there are various kinds of breath burst, it seems that dozens of people in the nine layers of heaven are fighting each other.

Wei Wei's way of killing a lot of people in the Tao, but soon he didn't pay attention to all of them!

Soon, the way of killing became more solid and improved by 60%.

A stream of Qi burst out of Ye Chen's body, breaking the boundary to the second heaven of emperor Zun's realm!

For other emperors, they only need to improve the rudimentary form of a road. Every time they go up to 10%, they will be promoted to a higher level!

Ye Chen needs to upgrade all the three roads. Even if one rudimentary road is 60% perfect, it will only break a realm. It is necessary to perfect all the rudiments of one avenue before the fourth heaven of emperor Zun.

Because there are three rudiments of cultivation, ye Chen's fighting power is also very strong.

Hoo Hoo Hoo!!

Whoa!!

Night wind bleak, across Ye Chen's body.

Xuantian Eagle did not feel the slightest, still through the clouds and rain, and gradually entered the scope of the Moyu desert. It was located at a height of 10000 meters. The monsters of the size of the emperor's head below did not respond.

But ye Chen's power of soul sweeps the desert below.

Only in the past kilometer range, there are still at least hundreds of monsters in the emperor's respect, and three or five monsters in the God's realm.

According to the people who sell intelligence at the gate of the city, Lingyun xianzun's palace is on the edge of the Moyu desert. If you find the right place, you have to travel hundreds of thousands of meters to find the palace.

Hoo Hoo Hoo Hoo!

Whoa!!

A strong breath rises from the sky!

It's a monster in the seven layers of heaven. It seems to be staring at the Xuantian eagle and ye Chen, slowly rising from the sky.

Ye Chen uses the secret method to shield himself and xuantianying's breath, and speeds up to get rid of the monster. He is looking for Ji Siqing and Xia Ruoxue. He has no time to fight with these monsters.

Along the way, ye Chen has found dozens of monsters in the divine realm.

These are just ordinary monsters. They are so strong.

Now, ye Chen finally understands the difference between Kunlun Xu and Xueling clan's Blood Sword sect. In Kunlun Xuzhong, Han Yun, who was originally the peak of emperor Zun's nine layer heaven, is already like a giant jade pillar and a cross sea Zijin beam. Unexpectedly, only an hour after entering the Moyu desert, dozens of leeches have been found at the top of the nine layer sky in the emperor's Zun state.

Soon!

High in the sky, ye Chen faintly saw a palace with the spirit of immortality, which was itself a Hunyuan immortal tool!

In the vast Mulan desert, there is a Hunyuan immortal, but no one dares to move it. There is no monster within ten thousand meters around.

Ye Chen fell down and saw the gate of the palace, carved with four ancient Chinese characters "fairy palace!"

Fairyland!

A residence of Lingyun xianzun. Like Shendan monarch, Baijian God King and forging God King, these ancient strongmen seem to like to build houses everywhere, just like the Chinese people who buy houses everywhere and have places to live.

Ye Chen cleaned up the whole body of clothes and robes, and seemed to have some image.

He went up to him and said, "Ye Chen, the king of the xuguangming Hall of Kunlun, come to see the immortal immortal."

"Xianzun took away the beloved of the king the other day!"

"Please come out and tell me something clearly!"

As soon as the voice falls, two strong breath rises from the sky!

Two fairies fly out of the fairy palace. They are very beautiful. They look like nine fairies. They are dressed in white robes and fall slowly in front of the palace gate. They look at Ye Chen with disdain.

They are the disciples of Lingyun xianzun!

Lingyun xianzun has residences everywhere, and there are many disciples. Naturally, they will take the place of the master to guard some residences and palaces, so as to prevent the gangsters from breaking in. In contrast, the forging of Shenjun and Shendan monarchs only uses war puppets and immortal tools to defend.

Floating flocculent coldly looked at Ye Chen, gently covered his mouth with a smile, and said: "flying flowers, look at it. It's really anyone who dares to visit the master!"

"Kunlun Xu?"

"It seems to be a humble place, but it is a lowly place."

"As for ye Chen, the king of xuguangming hall in Kunlun?"

"It has a big name and a lot of words." Piao Xu looked at Ye Chen sarcastically, shook his head and said, "a guy who respects the two layers of heaven can be the master of the family? Do you still call yourself king

"How bold

Her eyes were clear and turned out to be a long sword, pointing to Ye Chen, Jiao scolded: "while there is no one, you hurry to get out of here!"

"So as not to tarnish the reputation of our fairyland!"

"As for master taking away your beloved?"

"The master has always traveled all over the world, and he will take women with excellent talents as her apprentices. If you want to come to your lover, you are already the master's disciple. From then on, she will be the goddess. Don't say it's you, the leader of the sect, and the strong man in Hunyuan state, who has no qualification to covet at all!"

"Go away!"

"I don't want to say another word. Go away, you mean man!"

Chapter 1266

Ye Chen knows that there are so many strong people here that people who are weak in Kunlun must be looked down upon.

But he never expected to be looked down upon like this!

Even so insulting!

He is a man no matter how he says it!

How can you stand it!

"Cheap woman, I'm looking for someone, not killing people. Clean your mouth for me!"

Ye Chen was so angry that he held the sword in his hand and said, "go back quickly and inform your master Lingyun xianzun. Tell her that ye Chen has something to meet. Otherwise, the consequences will be at your own risk."

"That's my attitude!"

Angry!

Extreme anger!

If it's not for Ji Siqing and Xia Ruoxue, it's still there! Ye Chen has long since burst out to sacrifice the divine sword and killed these two proud gatekeepers!

"Ha ha ha ha ha!"

"Kill me?"

"What are you?" Feihua laughs and stares at Ye Chen with a pair of surprised eyes. She shakes her head and says, "I'm a disciple of Lingyun xianzun who sits down outside."

"Even if it's just entering the divine realm, the status is higher than that of the king's realm!"

"Even the leaders of many sects around us must bow down and salute when they see us!"

"We are the goddess, the supreme goddess, you mean thing, even if you are a king, you are a low king!"

Her eyebrows and eyes indicated that she was floating, and she said with a smile to the people around her: "this shameless, despicable man, who can enter the Moyu desert and come to our palace gate, must have some skills. He should be a disciple of a god Kingdom guy!"

"But if he doesn't leave, let's do it, and waste his energy and cultivation!"

"If you spare his life, you can be regarded as the king of God. How about his face?"

"Yes, indeed." Floating wadding looks at incomparably beautiful, but the language and the heart are incomparably dirty, said: "Ye Chen, do not go quickly?"

Ye Chen did not pay attention to it, his eyes suddenly fell on a blood in the palace.

He kneaded the formula, turned into a silk thread, passed through the second daughter, and fell on the blood pool. Suddenly, he looked shocked!

The blood!

It's summer snow!

The blood is not completely dried up, and there is Xia Ruoxue's original essence on it, which is the blood of three days ago!

Summer like snow?

Injured here?

Or are you suffering here?

"What's wrong with Xia Ruoxue? What's the matter with this blood? " Ye Chen angry voice way.

The two disciples laughed coldly: "don't you go? How dare you talk to us in this tone of voice

They didn't notice Ye Chen's cold eyes at all.

Extreme cold.

Xia Ruoxue has an accident!

At the thought of this, ye Chen was no longer rational. He was filled with rage and summoned the soul destroying magic weapon. He was possessed of a kind of extreme evil spirit. His black hair was blowing, his feet were shining, and his chest was full of lustre. A piece of immortal armor appeared, the way of silence, the way of killing and the art of immortal sword appeared!

Three together, evil spirit!

It is just like the arrival of ancient demons. It's so terrifying that the scattered evil Qi can even disperse the large ants in the God's realm for several miles. At one time, the wind blows four times, and countless sandstorms surge, just like the end of the day!

"You wait, dare to hurt her!"

"Not yet

"This man is not right!" Piaoixu's left hand flashed with luster, and a eight grade immortal tool appeared. He replaced the former three grade immortal sword, carefully looked at the killed Ye Chen, and yelled: "flying flower, this man is a demon, and he has evil spirit on him!"

"Let's fight together and wipe out the devil!"

"Good!" The flying flower also calls out a sword with eight grade immortal tools. The whole body is full of luster. A set of fairy dress like immortal utensils emerges. When her arm shakes, countless frosts appear. It turns into a long ice sword and kills Ye Chen!

Ye Chen!

What king of the court of light?

Bullshit. I think it's a savage demon. It's almost the same!

In this case, the devil dares to break into the master's palace and kill it. What's the fear!

It's our duty to kill the devil and defend the way!

Whoosh!!

Whoosh!!

Countless ice swords are flying out like a storm. They roll up the wind and sand around them, turning them into swords of wind and sand. They rush to Ye Chen with great momentum and a faint breath of frost road appears!

Such a momentum is enough to kill the warriors in the early stage of entering the divine realm!

However, ye Chen is no more than a layer of heaven!

It's really cruel!

This is to kill Ye Chen!

"Sword gate!"

"Manifest!"

Ye Chen's arms trembled, and countless evil Qi gushed out. On top of his head, a huge magic Qi sword gate with a height of 100 meters was gathered. The magic light flashed out, and countless magic Qi Long swords were killed. The sword gate of magic Qi drops a magic Qi, which is located in front of Ye Chen, forming a protective shield. Bang bang bang!!

Bang bang bang!

The ice sword and the wind and sand sword hit the magic gas shield and burst out one after another, or changed into the original form and attacked the magic gas shield again. Soon, there were cracks in the magic gas shield. Soon, the magic gas shield cracked open, and the momentum was huge.

Whoosh!!

Whoosh!!

Thousands of magic Qi swords flew out of the sky like a rain curtain, which was just higher than the flying rules of ice sword and wind sand sword. They did not collide with each other, but attacked the flying flowers.

Feihua starts to jump up, spins all over and dodges a long sword of evil spirit.

Huo Ran, a long sword of evil Qi crossed her beautiful cheek and body, and instantly there was a trace of blood. The evil Qi on the wound gradually expanded and directly wrapped the head of the flying flower.

Boom!!

A burst sound came out, countless blood flying, accompanied by rags scattered on the ground.

As beautiful as the nine day Xuannv flying flowers, now seriously injured, and there are blood stained on the clothes, incomparably ferocious.

"Ye Chen!"

"You beast, how dare you do that!"

Feihua personally holds the immortal long sword and fights in the past.

There was a storm in her heart!

Who could have thought that a person from a garbage place is so strong!

At the same time, Piao Xu jumps up to Ye Chen's back and stabs with a sword. Thousands of sword Qi rushes out of the sword body and turns into a grand attack. Such a move is enough to kill the ordinary warrior in the middle of the spiritual state.

Qiang Qiang Qiang!!!

The sound of heavy metal collision came out.

The spirit destroying magic spear automatically holds up a magic gas shield to block the attack, and then ye Chen lets the spirit fight on its own.

Whoosh!!

The ghost spirit gun flies out, and the spear is controlled by the spirit in the middle. Nirvana battle is floating.

After all, Wuling is the real controller of the soul destroying magic gun. It is extremely powerful to control the attack and kill of floating catkins. For a time, it even makes the floating catkins of the seven layers of the spirit state into a bitter battle!

"Spear spirit!"

"Stop this vile woman!"

"Yes, master!" The spirit of the spear of the spirit destroying demon responded, and controlled the gun to burst out a magic light, which went straight into the sky, causing countless storms. All of them turned into rain of evil Qi. Every drop of the rain of evil Qi had the power of corrosion.

Floating wadding had to prop up the protective cover, for a time, could not help but kill the soul demon gun, could not help but get a shock!

Ye Chen?

Is it really the king of the humble savage demon?

Chapter 1267

However, how can there be such a low level of cultivation of the king, but the combat effectiveness is so high?

With such fighting power and financial resources, a nine grade immortal weapon spear can block me independently. Holding a sword with a four grade divine king's weapon can block the flying flowers in the eight layers of heaven?

Four treasures!

Jiupin immortal ware!

This man's combat power is at least as good as seven layers of heaven in the spirit state, equal to crossing dozens of small realms and fighting against our sisters at the same time?

Clang! Clang!!

Bang!!

The two fairies collided with each other, resulting in a huge aftershock. Even a pit of several hundred meters in size was made on the desert surface, and countless sands were instantly turned into nothingness.

The ghost gun is still in the upper hand!

Although Ye Chen didn't control it by himself, he didn't have the power of the three roads. When refining the immortal utensils, ye Chen regarded it as a divine king's tool. He added the extinction power of the way of extinction and the killing spirit of the way of killing, and combined with some of his own demonic Qi, he possessed four abilities: extinction, killing, corroding and corroding!

Although it didn't become the king of gods, it was also the top of the nine immortals!

It's natural to suppress a piece of seven grade immortal utensils and the floating flocculent beating of the seven layers of heaven.

On the other side, ye Chen controls the Zhushen sword himself. In his rage, he opens all his firepower. He hits several times, scarred, and even shows some spring. However, ye Chen is not in the mood to watch this. With the increase of Zhu Shen Jian's Qi and blood, he is extremely intent on killing.

A sword fell down, and even faintly split the array in front of him, and even flew the flying flowers out.

Ye Chen did not stay at all, originally thought of flying flowers, he went into the palace to find.

I didn't expect that Feihua stopped herself several times!

with more and more impatience, she smashed her body dozens of times, but she still didn't come to the palace!

Three days ago!

Xia Ruoxue is injured here!

I don't know the reason for this blood!

Most likely, Xia Ruoxue and Ji Siqing are here, tortured by these two women!

Otherwise, how can Xia Ruoxue get hurt and vomit blood!

No matter what, I must kill them as soon as possible and rescue them!

"Get out of here

"Get out of here

Ye Chen a fist will fly out again, flying flocs in the air spit out a mouthful of blood, eyes are full of fear and fear.

With the strength of the body, how can you block Ye Chen!

Bang!!

The flying flowers hit the walls of the palace and spewed blood.

She gazed at Ye Chen, Guanghai turned and recovered her body and clothes. She bit her silver teeth and said angrily, "Ye Chen, this is what you forced us to do!"

"Don't regret it!"

"If I don't kill you today, I won't be a man!"

The next moment, the flying flower takes out a blood colored halo from the Qiankun ring and merges the blood aura into the body. The force of Qi and blood quickly collides, and the fingers are frantically pinching.

Her breath is still growing!

At this moment, the flying flower not only has the breath of the divine Kingdom, but also has the combat power of the second layer of the divine kingdom!

With such breath and fighting power, it is common that the leaders of the surrounding sects or some disciples can't get along well.

"Originally, these are the aura that the master gave us to practice!"

"No idea, no idea!"

"I didn't expect that you, a boy in the garbage land, would break into the master's palace and force me to absorb the aura of Qi and blood by force!"

The flying flower is extremely angry and breathes like a god of war!

She pointed to Ye Chen with her sword, as if she were trying a lowly person. "Now, I have absorbed the aura of Qi and blood, and have the fighting power of the divine Kingdom, but my foundation has been damaged, and it is hard to recover without a thousand years!"

As for you

"You mean man, I want you to know that death is luxury!"

"Floating catkins!" Flying flower gently recited a sentence, released a force of invisible power, directly hit the flying ghost gun, and the injured floating thread was connected to his side.

She stepped on a wall and raised her left hand slightly. Her palm attracted endless aura and gathered into three long swords. Each sword was full of earthly breath, and all of them locked Ye Chen and kept accumulating strength!

Constantly absorb spiritual power.

Continuously absorb the power of Qi and blood!

Three magic swords, kill Ye Chen!

Kill Ye Chen, let him know the taste of life is not like death!

Ye Chen holds the soul destroying magic weapon in his left hand and his sword in his right hand. His eyes are sharp. There are three rudiments of roads floating behind him. He is also ready for the first World War. He can't hide such an aura sword. He can only resist it in the face!

"Silence!"

"Kill!"

"Immortal!"

"Three manifestation!"

He roared a few times, and the three roads behind him changed at the same time. The road of extinction is like a sea of silence, in which the sea water is boiling to the top, overflowing with countless luster. A lord of extinction floats out of the sea slowly, holding an iron tower in his hand. The tower emits endless power of extinction and turns into a long knife with a hundred feet long.

The killing road is like a mountain forest. Countless killing birds and beasts fly out, each turning into a light spot, which is located on the killing mountain forest. It is transformed into a killing master, holding two killing swords, accumulating the killing power and waiting for the outbreak.

Bumie Kendo is directly transformed into an immortal master, holding a long sword and standing in the sky. He can fight the sky above, kill Jiuyou at the bottom, and keep the long sword in the hand. It is the power of the rudiment of the road. As long as the road is not extinguished, the sword will not be extinguished, and a fatal blow can break out at any time!

The rudimentary form of the main road is revealed and a venerable Lord comes out!

It is Ye Chen's attack and kill move which is understood from the rudimentary form of the road. This move mainly uses the power of the rudiment of the road, not Qi and blood, not soul. It is a simple force of the rudiment of the road. As long as the rudiment of the road is strong, the attack and kill power is extremely strong!

"Three main roads are in their embryonic form!"

"Some skills!"

Flying flower eyebrows and feet slightly raised, "emperor Zun state, understand the three road rudiments, one is enough to repair for several years, repair three, even though the combat power is far beyond the same situation, but it takes countless time, the same time consumption, others to the divine Kingdom, you can enter the state of God!"

"You have some talent!"

"But today, you will be punished if you offend the high gods and goddesses with your humble and low status."

As soon as the words fell, three spirit swords came out, leaving three magnificent traces in the air, and went straight to the shadow of the three venerable masters.

The Lord Jimie offered his long sword, which affected the time.

The slaying Lord offered two killing swords, and the killing spirit affected the flying flowers and floating flocs.

As for the immortal master, he killed himself with his sword. He wants to destroy three spirit swords!

Boom!!

Boom!

Boom!!

The sky burst out three rings in succession, just like three suns in the sky. The luster lightened the night as if the day were fleeting.

Come and kill the sword.

Two killing swords were broken, but they broke the spirit sword, but there was still a sword tip flying.

The immortal Lord has been broken by the spirit sword several times, but has been manifested again several times. As long as the sword is not destroyed, he will not be destroyed.

Chapter 1268

Whoosh!

Whoosh!!

A broken sword and a sharp sword.

When the broken sword hits the immortal armor of Ye Chen, the ultimate explosion occurs. The immortal armor and the broken sword explode at the same time and are destroyed together.

The tip of a sword pierces Ye Chen's right shoulder and blows him out.

After penetrating yechen, the tip of the sword fell into the sand in the distance, causing thousands of meters of wind and sand to be lifted into the high air, and then the aftershock turned into nothingness. There were hundreds of meters of deep pits underground!

Unimaginable!

This is just the tip of the spirit sword. It contains only one fifth of its power!

Even though the body of the sword was broken, only the tip of the sword directly hit Ye Chen. If three spirit swords were used together, they might be the strong one who could directly cover the heaven in the kingdom of God. It would be as simple as killing a chicken or killing a dog to kill the nine layers of heaven.

"Poof!"

"The power of the second heaven in the kingdom of God!"

Ye Chen spurts out a stream of blood, and the force of Qi and blood blooms slightly, healing part of the wound.

I'm afraid it will take some time to heal!

"Still alive!"

"No wonder it's a man of three ways!"

"However, you have provoked our sisters and want to enter the master's bedroom. If you commit the following crimes, you should die!"

Flying flower fairy skirt surging, floating like a fairy, like a goddess on the top, disgusting.

But she didn't think so. Seeing ye Chen, who had lost most of her fighting power, she said with a smile: "the crime deserves death. I don't have the right to kill you, but I want to seal you!"

"Seal the power of your qi and blood!"

"Seal the power of your soul!"

"At the same time, seal your golden body and the prototype of three roads!"

She laughed contemptuously and was very comfortable. She said with a smile: "you are an ordinary person. You don't want to do anything. You can't use any strength. You are a disabled person with a state!"

"I want to know, a king who has no fighting power."

"When you go back, will you be slaughtered and divided directly by your men?"

King?

Guangming palace?

But don't let me kill you!

Let your enemies torment you, let your command torture you!

In addition, I also add some strength to the seal to ensure that you will not die if you are subjected to any torture or any attack, but will suffer endless pain until you are exhausted and naturally die of old age!

After saying that, Feihua's hands coagulate countless spiritual powers and gather a mark of heaven and earth on her chest, which has the power of her own blood. The mark of heaven and earth flows with two kinds of luster of red and blue, and suddenly flies to Ye Chen, just like a sky, flying towards Ye Chen.

Whoa, whoa!!

Whoa!

The imprint of heaven and earth across the sky, and even cause space distortion. Such a strong seal can be called against the sky!

I think it's the Dharma formula from the fairyland palace. There are some laws of space and time. Obviously, it's a magic skill combined with Taoism. It's enough to seal a layer of heaven in the divine kingdom. However, the flying flower can't display it without using the combat power of the divine Kingdom!

"Want to seal me!"

"Today I'm going to waste you!"

Ye Chen suddenly drinks, and rises from the sky, holding the sword of killing gods and the spear of killing souls. He wants to fight, but he is wrapped in the mark of heaven and earth!

In the imprint of heaven and earth, several special forces gush out and gradually merge into Ye Chen's body.

Boom!!!

A strong force of blood wake up!

The devil's eye appears in Ye Chen's eyebrow. The power of Qi and blood seems to be endless, directly shattering the mark of heaven and earth.

Bang!

The imprint of heaven and earth is broken, and it turns into fragments flying all over the sky.

The flying flower was fiercely bitten, and suddenly spewed out a mouthful of real blood, and the breath fell extremely. From the breath of the second layer of the divine Kingdom, it fell directly to the first layer of the divine kingdom!

Soon, the breath again decayed ten times!

Fall into the kingdom of God, only the nine layers of heaven's combat power!

"Ye Chen!"

"You want to die!" Floating flocs also swallowed the halo, the breath soared to the second layer of the divine kingdom.

Bang!!!

Ye Chen's reincarnation blood, through the devil's eye, shot out a flash of light, across the sky, hit the floating flocs.

Poof!

Floating floccule spurts blood, golden burst, the breath also fell down to the divine realm, leaving only the breath of nine layers of heaven.

"You

"What kind of blood, how can it be so strong?"

Piaoxiu looked shocked and gazed at Ye Chen. "Some ways, it seems, are not simple. The outbreak of blood force has actually brought us to the kingdom of God. However, do you think that the nine layers of heaven in the state of mind can't deal with you?"

"Kill!"

"Kill!"

The second daughter killed angrily and offered four eight immortals to form an array. Ye Chen was wrapped in it, and the second daughter was killed. Ye Chen suddenly brandishes the soul destroying magic weapon to attack the frost road with floating flocs, corroding the other party's road and swallowing the power of the road at the same time!

"You dare to swallow my way!"

"It's really the devil!" Floating Xu is anxious, and attacks Ye Chen crazily. He controls two magic swords and hits Ye Chen's body.

But ye Chen is not moved!

Hold back!

"The devil can devour the road, so you can't stay!" Flying flowers also sacrifice weapons, leading the array to explode Ye Chen's body several times, but her road is also swallowed up by Ye Chen!

In order to devour other people's way and seize others' Tao Yun!

Strengthen your own way!

Boom! Boom!!!

The way of extinction has been strengthened and turned into a sea of extinction with a width of 3000 meters and 9000 meters, which is stable and perfect rapidly.

Soon, the rudiment of the road of extinction was completely perfected and turned into a real road of extinction. An endless force of annihilation enveloped the floating flocs and flying flowers at the same time, plundering the two girls' Shouyuan at a very fast speed!

The second daughter herself was born in Lingwu land of Xueling nationality. She was less than 23 years old!

All in all, they are younger than ye Chen.

At the moment, the power of annihilation enveloped them, making them disappear for five thousand years in a few seconds.

Let them completely from young women, into more than 5000 years old witch.

"No, no..."

"This..."

Floating catkins and flying flowers are frantically attacking the power of extinction. I can't believe that I am five thousand years old.

For women, Shou yuan is a very serious problem. The younger they are, the more proud they are. Originally, the second daughter can claim to be a genius. Now that they are 5000 years old, their pain is more painful than killing them.

Whoa!!

Boom!!

A mighty air engine soared into the sky!

Ye Chen controls the road of extinction here, and then he breaks the boundary. He quickly breaks through the second layer of heaven of emperor's Zun state and reaches the level of three layers of heaven of emperor's Zun!

To perfect a road thoroughly, as long as we start to improve the second road after stabilizing the realm, and make some achievements, we will step into the four layers of heaven of emperor's respect!

For others, to improve a road means to be promoted to the realm of God!

However, for ye Chen, he can only break through two or three small realms. The power he can master is far beyond the realm of emperor Zun. At this moment, he is not afraid of the eight layers of heaven in the God state!

"I gave you a chance!"

"But you don't cherish it!"

Chapter 1269

"And tried to torture me! Since you like torture so much, I will torture you myself

"If you have 30000 years old, I will give you only one thousand years left!" Ye Chen was very angry and said: "only one thousand years left to live, so be an old woman."

Don't kill me?

Want to seal me?

You want to insult me?

Well, I'm not going to kill both of you.

I will be more than 90% of your Shouyuan, let you from a young woman, into a drooping old woman, see how you bear!

"The Boulevard of silence!"

"No borders!"

Ye Chen forcibly in front of the two girls' attack, hands bloom out of countless infinite brilliance, directly wrapped up two women.

At the same time, he controls the Zhushen sword and the soul destroying magic gun with the power of his soul, forming two protective covers to resist the attack of the two girls as much as possible!

Floating catkins, flying flower two girls!

Although the fall of the kingdom of God!

However, he also has the cultivation of nine layers of heaven, which is not much higher than Li Jiawei!

It's just combat experience, not as bad as Li Jiawei.

But the attack power is the same, single to single, ye Chen 70% will be defeated.

There is a big gap between the realm and the Qi and blood. The only equal is the power of the soul. Because Mo Ning'er's thousand turns of soul has promoted Ye Chen's soul power to a very strong level. The only thing that ye Chen surpasses them is the power of blood!

Bang bang bang!!

Bang bang!

Ye Chen is attacked by two girls crazily. Even if he dodges, he is still beaten back by them for three times.

Fortunately, the practice of extinction Avenue is successful, otherwise the master will not be able to suppress the second daughter!

Whoa, whoa!!

Whoa!!

One by one, the extinction of light flowed in front of the two girls, the invisible power disappeared their Shouyuan!

Soon!

In less than half a minute, the second daughter has lost 20000 years of Shouyuan, and her gray hair is shocking!

Old and frail, that's it!

"No!"

"Ye Chen, we are wrong!"

"You're killing us. We're wrong."

"Don't, don't lose our life again. We're wrong!"

Floating flocs and flying flowers frantically beg for mercy, and even no longer attack Ye Chen. They use all their strength to stop the extinction of the light.

However, they do not understand the principle of the way of extinction, and they are not strong in the mixed world. They can not isolate the space and resist the light of extinction. Shouyuan is still disappearing!

Gradually, they grew older and older, more and more regretful and full of thoughts.

If you had known this, why stop Ye Chen!

If we had known this, we would not have offended Ye Chen at all!

Who could have imagined that ye Chen could have passed away Shouyuan? It might as well have killed us!

Compared with their ruthless means, ye Chen just uses the other way to return to the other person. As an ordinary human being, he changes from a graceful girl to an old woman in a short time. Even if she is not killed, the punishment is enough.

They beg for mercy on the surface, but their eyes look at each other.

Hesitation and evasion.

"Elder martial sister, or we use that thing!"

"Only if you ask the master to do it!"

"However, we only have one chance. This opportunity is so precious that it can be used on ants in a garbage field."

"Forget it, forget it!"

The two whispered.

Soon, the light of the extinction is gone!

The second daughter fell from the air. At the moment, her whole body was thin and wrinkled, and her white hair was drooping. Even if she started, she had to consume a lot of strength.

At the moment, their 30000 year old Shouyuan has been really lost for 29000 years.

There's only a thousand years left to live.

Ye Chen ignored them and went straight into the palace to look around. Except for the bloodstain of Xia Ruoxue that he had just seen, ye Chen did not find it. He could not help but return to the original place and look at the seriously injured second daughter and ask, "what about Xia Ruoxue and Ji Siqing?"

"Ha ha ha ha!"

"Ye Chen, do you want us to answer you so much?"

"Three days ago, we did see the beloved you mentioned, the two gifted women, but I will never tell them where they are. You can think that they are dead!"

"Yes, dead!" Flying flower sad smile: "dead, we torture Death by ourselves!"

"How, you have the ability to kill us!"

"Kill us!"

"We tortured your woman with our own hands. It's very enjoyable."

Whether the two women died or not, whether they were accepted as disciples by the master!

We all told you you were dead, tortured to death!

We want to let you ye Chen have a good understanding of the taste of the death of the beloved. Who dare you to treat us like this!"You want to die!"

Ye Chen is more angry and grabs the catkins.

Ji Siqing?

Summer like snow?

Dead?

How could it be, without the Qi engine of their life disappearing!

These two women dare to cheat him, kill!

"Break your mouth, die!" Ye Chen clenches Zhushen sword and wants to kill Feixu with a sword.

The flying catkins quickly smashed a light mass, and a strong breath rose from the sky, sweeping the whole Mulan desert like the infinite holy light. Ye Chen was also hit and flew out. A shadow of a middle-aged woman was revealed. With a little finger, ye Chen flew out again!

"Master!"

"Master!"

The second daughter quickly knelt down, full of grief and indignation!

"The disciple is incompetent and has to summon the master's divinity. His name is Ye Chen. He intrudes into your palace. We stop him, but he uses the light of extinction to disappear our Shouyuan."

"Master, please kill Ye Chen!"

Feihua also clasped his fist and said, "we blocked Ye Chen. It was good intention. But this brute, how can we be like this

"Master, please kill Ye Chen and save my disciple."

They didn't want to disturb the master's mind!

But now the situation has to!

Today, the master's mind was born, and this little animal must die if he doesn't die!

Lingyun xianzun's mind body, looking at the situation of flying flowers and floating flocs, said nothing, hit two hit brilliance fell on two people.

Soon, the second daughter recovered to her original Shouyuan, but she only had three layers of heaven left in her mind.

"Your name is Ye Chen?"

"Dare to break into my palace without any reason!"

"My God, I will give you a death!" The cold language of Lingyun xianzun haunts Ye Chen's ears, just like Huang Lu bell, which makes Ye Chen's eardrum ache. At the moment, ye Chen is seriously injured and can't resist the breath of Lingyun xianzun!

In this way, the spirit body should have the fighting power of the middle period of the divine kingdom. Every Palace should have it, and it should be kept by the palace guarding disciples!

Once a strong enemy is encountered, the disciple can summon this idea if he is defeated.

Lingyun xianzun raised his hand, and a piece of infinite holy light flowed from his palm and fingertips, like a colorful sky thunder. The cover was pressed down to kill Ye Chen!

At this moment, ye Chen felt contemptuous!

Extremely small!

The power gap is too big!

But at this critical moment!

A roar rang through!

"Old witch!"

"My disciple, you dare to do it

Chapter 1270

Hearing this roar, Lingyun xianzun's mind was slightly stunned.

He could feel what light and shadow burst out of Ye Chen's body.

Enough to make her afraid of the light and shadow.

"How could this boy have a second hand?"

"How could a garbage from kunlunxu contain such power?"

"It seems that I underestimated you."

Lingyun xianzun words fall, a proud figure suspended in the head!

It's Nie Baijian, the God of hundred swords!

Nie Baijian rushed out of the sky. One hundred swords were combined into one, which turned into a limitless divine light and went straight to the sky!

He realized that ye Chen was in danger. He did not even communicate with Ye Chen. He went directly out of the reincarnation cemetery and stood beside Ye Chen. There were 18 halos behind him, just like a god!

Bang bang bang!!

Bang bang!

The collision of two limitless divine lights produces a fierce explosion, but it is hard to tell the outcome!

"Unreasonable old witch!"

"I'll try it too, and see how good you are

Another figure rushed out of Ye Chen's body!

God Dan king Qiantian!

Wang Qiantian is suspended in the world. He knows that ye Chen is too dangerous to enter here at this time!

If you are careless, you will die!

Hundred sword God King is not enough!

You have to add him!

If it is noumenon, they are not afraid of the spirit charm immortal!

But now the mind is very weak!

The king of Shendan was surrounded by countless divine elixirs, which turned into a long sword of divine light. A sea of swords emerged, and the Qi machine soared to the sky. The two girls were extremely shocked and even scared to the bone!

Ye Chen's side, actually has the existence which can counter the master's divine idea!

Shenguang long sword with sword sea rushed against the sky and ran into the boundless light!

The two forces fought against the limitless light of Lingyun xianzun, vaguely tearing it apart, and then burst out a breath of perfection. The sword sea completely destroyed the infinite light and rushed to kill Lingyun xianzun.

Lingyun xianzun's heart set off a storm, the next second, directly call out a large long fairy sword, a sword into open, tearing the sword sea.

After that, Nie Baijian's endless light killed him and destroyed Shuo Chang's immortal sword. He also beat back Lingyun xianzun.

"Old witch!"

"Give your face back!"

Nie Baijian and Wang Qiantian looked at each other, and they both decided to kill each other and fight with Lingyun xianzun.

Although the real bodies of Nie Baijian and Wang Qiantian are not as good as Lingyun xianzun, the combined power of the three is much better than that of Lingyun xianzun.

Bang bang bang!!

Bang bang!!

The sky burst out of countless flashes of light, endless afterwaves shot out, hit everywhere in the Mulan desert, many demon beasts into the spirit state were killed one after another, even if they were close to the God Kingdom realm, they were killed in anger, but they were also beaten to ashes by three people!

Gradually, the three fought for thousands of kilometers.

Ye Chen and er'nu are on the ground. They can only see the glint of light and can't see the battle situation in the sky.

Er Nu's eyes are even more ferocious staring at Ye Chen!

"Little beast, I didn't expect that you still left behind!"

"Even if you have strong minds behind you, they will certainly not be hostile to my master's power!"

"You just wait to die!"

Ye Chen's eyes fell on the second daughter's body, and he snorted coldly:

"when you recover your longevity, you think I have nothing to do with it?"

"I tell you, not only will your master's mind dissipate today, but you two will not try to recover Shouyuan!"

"That's it. I'll give you another five thousand years of weakness."

"Take it as a lesson!" Ye Chen took several healing pills and recovered most of his wounds. He immediately fought out.

His master was the king of Shendan. He had been to Shendan palace again. How could he have no healing pills? He had all the pills he used. As long as he didn't hurt the foundation or the wound, he could recover quickly.

Whoa!

Bang!!

Two women did not resist for long, has been taken down by Ye Chen.

They only have three levels of fighting power in the spirit realm. Even if they hold eight grade immortal tools, they are definitely not ye Chen's opponents!

The light waves of silence flash away.

The second daughter changed back to her original appearance.

Ye Chen threw them aside and collected their fairy wares. He thought, "if my silence light wave can not only extinguish other people's Shouyuan, but also absorb other people's Shouyuan for their own use!"

"I'm afraid I can live with heaven and earth."

"It's a pity, but it doesn't matter. Before I'm 100 years old, I will definitely reach the top, and I don't care how much Shou yuan is!"

He looked at the sky, three people like three rounds of scorching sun, fighting each other in a piece, a little thought of the cableway: "two masters, should be able to hold the spirit of the immortal body!" "You can take it!"

"It's just some difficulties!"

In the samsara cemetery, Chen Anping, the forging God King, said: "our origin and divinity are all cut off by the samsara cemetery. The strength of the spirit body also depends on the strength of the real body. The spirit of Wang Qiantian alone is not the opponent of the old witch Ling Yun!"

"But with Nie, you'll win!"

"Of course, we have part of the origin, but there is no such thing as Aura!"

After that, he glanced over the samsara cemetery and saw that the other three tombstones were already cracked, which seemed to be about to be broken. Looking at the other dozens of tombstones, he thought, "tomb owner, one hundred tombstones, one hundred talents, should be more than the people of Kunlun."

"We Kunlun Xu was imprisoned by the Blood Sword clan of the blood spirit clan more than 30 people."

"Perhaps, there are other, more terrifying beings imprisoned, so the mind and part of the source are intercepted in it."

Ye Chen looks at these tombstones, extremely serious.

At the moment, the biggest question in his mind is who is the strongest among the hundred tombstones?

Along the way, samsara cemetery has almost one common feature.

The more powerful the rear is, the more terrifying the strength is!

What kind of state is the 100th tower?

Can it shake the world? Or is this talent the real strong man behind the reincarnation cemetery?

Forging God Jun seems to see the doubts of Ye Chen's eyes, and said: "you are curious about who is the strongest reincarnation cemetery?"

Ye Chen does not agree to nod.

Forging God King felt the outside situation, also not nonsense, to Ye Chen way: "you follow me!"

Language down, forging God King will toward the end of the samsara cemetery.

Ye Chen's consciousness naturally followed.

Soon, the step of forging God is to stop.

In front of him was a black stone pillar.

The stone pillar is a hundred Zhang high with nine dragons carved on it!

When ye Chen's sight falls on the stone pillar, he feels a sense of awe.

"Master, what is this stone pillar? Is it also a tombstone? "

"Why I see the blood burning in my body."

The forging God gazed at the stone pillar, and his eyes were filled with respect.
