Chapter 1391

In the samsara cemetery, the three golden Buddhas have also been sent a hundred pieces of Shenwang utensils by Ye Chen, which are used to integrate into the body and enhance their strength. They can't continue to hold Hunyuan immortal utensils. They simply can't accommodate the divine king's utensils to enhance their realm and combat power!

Ice sword immortal!

Help Ye Chen forge war puppet temporarily!

Speaking of it, ye Chen's war puppets have reached a mass level!

Most of the time!

Feizhou back to the ancient Lingcheng, ye Chen directly closed, he wants to improve the way of Buddhism!

At the same time, to improve their own physical realm!

.....

At the same time!

Ye Shitian, with the power of one person, killed a river of blood in the Golden Buddha Tantra. It's spread out!

At the same time, there is a more shocking thing to be heard!

That's it!

Ye shitiankeng killed dozens of shenwangjing elders of baipai!

In an instant, it spread all over the world.

Tianling city.

Naturally, the city Lord of Tianling heard about it. At the moment, he sat on the throne of the city Lord, full of desire for survival, and sighed: "before and after killing more than so many gods, Tianjiao..."

"This Is ye Shitian a psychopath? "

"It's a demon. It's too damn cruel."

Holding the jade slips in his hand, he said in a sad voice: "at the back, the hundred sect elders set up a teacher to investigate the crime, and let him kill 30 or 40 people alone, which detonated a large number of God King tools, and the three golden Buddhas of the Golden Buddha Tantra helped to kill the people!"

"There are more than 120 elders of the king's realm of the hundred faction gods falling behind!"

"Du Bai, for a while, the Lord of this city has to be worried."

The Lord of Tianling city looked at a young man who was sitting below. He said plaintively: "Du Bai, I'm afraid Ye Jingtian will kill me again. He's also a Dharma protector now, and his rank is higher than me. You're going to the soul clan with him. Can you help me talk about love?"

"In my hand, I have a five grade and a seven grade artifact."

"The seven grade divine king's utensils are given by the family and symbolize the city Lord. They can't be given to you, but please accept the five grade King's tools!"

The Lord of Tianling City decisively took out a five grade artifact and handed it to the young man. He sighed, "you are the son of Du Yu's Dharma protector. Now you are 19 years old, and you have climbed to the top of the nine layers of heaven in the spirit realm. I believe this divine King tool is rare!"

"You use it to break through! It's good to fight. I just hope you can ask for mercy for me in front of Ye Shitian

"Somebody He quickly called out a group of servants.

Soon, those servants were holding several treasure boxes filled with various kinds of pills, all of which were very useful for entering the spirit realm, and there were thousands of immortal utensils!

The Lord of the heavenly spirit city said in a hurry: "these are all dedicated to ye Shitian!"

"I'm just the city Lord, I don't have much income, and I don't have a high realm."

"Over the years, there are only two pieces of King's utensils. One is given to you, and the other cannot be given out!"

"But the value of these treasures is comparable to that of a five grade King's ware!"

"Please help me a lot, brother Du Bai."

Good!

The God Spirit City Lord is busy looking for the relationship at the moment, to Ye Chen contribution treasure atonement!

Ye Chen at the moment!

Which is the original Ye Chen, but now he is the Dharma protector of the northern palace family!

The spear kills the elder of the second layer of the divine Kingdom, and the sword cuts the elder of the fifth layer of the divine kingdom. The Lord of the heavenly spirit is now in Ye Chen's hands. He is the one who has been killed. But before that, he became a feud with Ye Chen. How can he not panic?

If ye Chen killed me!

You don't have to do it. Throw out a few pieces of God King's tools and explode. It's enough to kill yourself!

Moreover, ye Chen as long as a word to pass down, to reward their own head!

I can't live tomorrow morning!

The young man named Du Bai was also shocked. Unexpectedly, Tianling, the Lord of the city, was afraid that ye Shitian had come to this point!

Is this still the God Spirit City Lord who was clamoring to kill ye Shitian?

Obviously, it's a dog that wants to live!

"This time, ye Shitian and I go to the soul clan together!"

"I'll try my best for your business!" Du Bai received these things, and the five grade divine king ware was also very important to him!

Although my father is the Dharma protector of the eight layers of heaven!

However, there are not many King's tools. At present, I only have two pieces of them. One of them is highly valued by the elders because of their outstanding talent. Now, when facing the city Lord who gives gifts, he can't refuse it!

Du Bai sat thinking of the cableway: "this trip, it is to be more euphemistic and ye Shitian, say this matter!"

"Don't make ye Shitian angry!"

"I've got to think of a way out!"

Du Bai was still thinking about how to let "Lord Ye kill the sky" calm down his anger!

At the same time, the other nine cities also received the same news! Millions of civil warriors changed their looks and marveled at Ye Chen's achievements!

Enter into the four layers of heaven, the sword cleaves the God King, five layers of heaven elder!

Even more, he killed more than 100 powerful gods. Although there was a secret sect of Golden Buddha among them, he was also very strong!

Soon!

That night, the Beigong family personally released the list!

Top of the list, ye Chen!

Second in the sky list, replaced by the 98th warrior in the original tianbang!

The third place in tianbang can only be replaced by the warrior who is the 47th in the original local list!

Why should a young warrior so far away take over the position of tianbang?

Because the strong in tianbang, from the second to the 97th, all fell in the hands of Ye Chen!

It's the same with Dibang!

From the first to the 47th, all of them are annihilated in Ye Chen's hands!

This time, ye Chen can be said to have wiped out most of the young warriors on the two lists of heaven and earth. If not for some of the warriors who didn't participate in the relics of the Golden Buddha Tantric sect, otherwise, this time, the top one in the heaven list would have to be taken over by XUANBANG.

This news!

After receiving it, the leader of baipai almost fainted!

Within the sect!

The latest generation of disciples, is also the most outstanding generation of disciples!

The whole army is destroyed, none left!

Even the elders and Dharma protectors who are responsible for escorting disciples this time are lucky to be able to return to ordinary people this time.

But in the end, the eight elders of the northern palace family came forward to stop it. The hundred sects wanted to revenge, but they could only come secretly.

At the same time, in a dark and gloomy dungeon.

Ten cages are rickety, and around them are flowing dark Ancient Runes.

The voice of the distressed girl faintly sounded.

"Chen, ye..."

A little girl opened her eyes with difficulty. Her lips were almost white and weak.

This is her biggest voice and her most firm belief in survival.

She was sleepy and tired.

She could only close her eyes and put the world in darkness.

These days, she is almost desperate!

The only hope left.

It is the young man who came out of the river city of China!

That eye son is like cold star, not afraid of any force of youth!

The teenager who promised to give her countless snacks and protect her sister!

"Ye Chen You still owe me three boxes of snacks I want to survive... "

In the dark, the sound faded away.

Suddenly, a dragon's shadow came out of her body, and she saw something coming out of her body.

As if it never existed.

The world is quiet.

Chapter 1392

.....

Seven days in a flash!

Ye Chen in practice opens his eyes like a meteor! He stood up and walked out of the training room. When his body was shocked, he came out of the strong Qi and entered the third stage of the vigorous phase of physical training!

Behind him, there are four roads looming, three killing masters and one "Buddha". His cultivation has reached the five layers of heaven in the spiritual realm!

It's not the progress of strength, but the stabilization, which is the realm!

Ye Chen uses the Hunyuan immortal tool breakthrough. If it is not too big for him, he is at least at the top of the nine layers of heaven!

But the five layers of heaven!

Say strong, everywhere!

Weak?

Ye Chen is also powerful. Ye Chen can easily kill the warriors in the three or four layers of heaven in the kingdom of God!

If you are not a God King, you can't break his body. Comparatively speaking, the physical state is still a little low!

"Master, everyone is here!"

"Let's go!"

North palace purple jade with the people to the boat, set out to the soul of the land!!

On the boat, Hua Tianfan, Huadi fan, Du Bai, ye Chen, Beigong Ziyu and the other two are all there!

Zheng Bo is responsible for the control of the boat, and the next time, the seven people are practicing, trying to improve their state to the last.

Soon, four days later!

When the boat sails into a jungle, you can feel the power of powerful spirits exploring the people on the boat!

Hoo Hoo Hoo!!

As soon as the boat landed, Ziyu and others in the North Palace saw the people of the soul clan who met them!

The soul clan came from an old man, dressed in a light blue robe, with no expression on his face, and said slightly, "you Beigong family members, you are a little late! When the other nine forces have arrived, only the people from the palace of wanjian emperor and the Shenlong family are left! "

It seems that this soul clan old man is not happy!

Ye Chen ignored him and stepped off the boat to check the surrounding situation. He found that the living place of the soul clan was really different from that of the normal human race!

The northern palace Ziyu took out a token and handed it to the soul clan elder, saying, "master, the memorial ceremony should be held this evening. It's only in the morning. It's still about ten hours away. It's not too late!"

The old soul clan examined the token. He glanced at Ye Chen and other seven people, then looked at Zheng Bo and Li Shu, nodded his head slightly and said, "OK, I'll take you to the place where you live, but since you're in my soul clan, don't walk around at will!"

He looked at Ye Chen and shook his head slightly!

Beigong family these years!

No way!

Otherwise, how can we send such low-level people to participate?

This kind of ants can take part in it. It's a ritual of defiling the soul clan!

As the elder of Hun clan, the elder of Hun clan also has the cultivation of three layers of heaven in Hunyuan state. Naturally, you can see ye Chen's cultivation at a glance. He shakes his head slightly, and even feels that the Beigong family is a bit ridiculous!

Expected!

Which of the personnel sent by other families and sects is not divine realm?

No matter how weak it is, it is the peak of the nine layers of heaven in the spirit state. There were even young warriors from the Hunyuan state who came here to devour the residual thoughts, and then one step reached the top of the nine layers heaven in the Hedao realm, ranking among the strong.

Soul clan memorial ceremony!

It's a real high-end memorial ceremony!

What's more, it's an activity that can quickly improve the realm of young martial artists. It's really ironic that a guy who is absorbed in the four levels of spiritual realm will come!

"Miss Beigong!"

"Your camp is over there!"

The elder of the soul clan led the people to a wide plain, surrounded by dozens of palaces like barracks. The buildings were similar to those mixed with palaces and tents. The white jade stone was the wall and the pillar, but the top was a tent. It was quite different from ordinary buildings!

What's more, this palace camp can accommodate hundreds of people!

Now only a dozen people live, but it seems a bit empty!

Ye Chen observes other palaces and tents, and there is a lot of breath of Hunyuan state and Shenwang state. It is obvious that the nine forces should be nearby. Everyone is close to each other.

"Miss Beigong!"

"Please give me the materials this time."

The soul clan elder says to export to ask for materials!

They have 12 places in the soul clan. Relatively speaking, they are even on top of the nine families. They are extremely powerful. The ancestor of the realm of fortune, even the strong man of the eight or nine layers of heaven in the realm of nature, is the source of their morale!

Their soul clan, is also a huge thing!

No fear of Beigong family.

"Good, twelve elder, wait a moment!"

"The supplies this time are the same as last time, right?"

Beigong Ziyu took a ring of heaven and earth from Zheng Bo, checked it, and handed it to the twelve elders of Hun clan. He said, "five divine king's tools, three pieces of Tianhe gold mad sand, 15 pieces of schizou grass and 37 pieces of reincarnation grass!"The twelve elders of the soul clan nodded and took over to check. The number was correct. He said, "you are here. Have a good rest! The memorial ceremony is held at twelve o'clock in the evening

After the explanation, the twelve elders of the soul clan left!

Beigong Ziyu, ye Chen, Zheng Bo and others all went into the palace tent and sat down, all breathing.

Ye Chen said in a slight way: "among the 37 reincarnation grasses, one can bring the warrior under the seven levels of the divine kingdom to life in the case of dying, and one is comparable to a five grade divine king's instrument."

"As for schizophrenic grass, one can poison a warrior in the middle of the divine kingdom!"

"Tianhe gold crazy sand, but also can cast Hunyuan immortal utensils!"

"It's a big price, isn't it?"

Yes, these treasures are taken out by the North palace purple jade!

You can even change a few Hunyuan immortal tools, and it's still eighty-nine products of Hunyuan immortal ware. It's very valuable!

The North palace purple jade slightly sighs a way: "although the value is big, but also worth."

Her eyes swept over Ye Chen, Hua Tianfan, Hua Di fan, Du Bai and others, and said with a smile: "if we are lucky, some of them have swallowed up the remnants of the strong. Maybe overnight, we will arrive at the nine layers of the Hunyuan Kingdom, or even the Hedao state?"

"At such a price!"

"If you don't swallow the last thoughts, you may feel reluctant to give up!"

"But if one of us can successfully swallow the will of the strong, it will make a lot of money!"

Beigong Ziyu said slightly: "of course, at least some of the people from our Beigong family have devoured the remnant thoughts of the strong, such as eight elders. He came in the first eleven times. At that time, the third tier heaven of the Hunyuan realm was swallowed up. After swallowing up the remnant of a strong man, he directly arrived at the ninth tier heaven of the Hunyuan realm."

"Another thousand years!"

"Finally, we will integrate a magic tool to achieve the harmony of Tao."

"Now it's also the second heaven in the Hedao realm. It's one of the pillars of the family."

With her vivid eyes, she swept Hua Tianfan, ye Chen, Du Bai and others with a light smile and said, "like a master, I feel that your spirit power is very strong, at least not weaker than the four layers of the divine kingdom. It is very likely to catch the remnant thoughts of the strong!"

Chapter 1393

As for Hua Tianfan and Huadi fan

"You two are the second heaven of the divine Kingdom, and the power of the spirit is equal to the third heaven of the divine Kingdom, which is not bad!"

"Du Bai, you don't have to capture the remnant thoughts of the strong this time. The spirit is not strong enough. If you try to capture the last thoughts of the strong by force, you may be hurt!"

Du Bai and other three people listen to a little bit of doubt!

Du Bai asked, "Miss Qi, is it difficult to capture the remnant thoughts of the strong, but also need some spirit power?"

"That's nature!"

"After the altar is opened, it will radiate a space. The airspace seems narrow, but in fact it is thousands of miles away. We can only enter it in the spirit state to capture the remnant thoughts of the strong. If we are lucky, it will be easy to catch some residual thoughts that are used up originally!"

"If you're not lucky enough to enter, you'll be easily hurt by the powerful's will!"

"If the spirit is light, it will suffer heavy damage; if it is heavy, the spirit will be annihilated, and there will even be a crisis of falling."

Beigong Ziyu saw that these people didn't know much about the soul clan altar, so she explained: "at the same time, in that space, apart from the number of strong people's will, there is a strong spirit power everywhere!"

She said, "you can directly absorb the spirit power in it!"

"And then nourish the road and break the boundary quickly!"

Such a listen, ye Chen is to understand!

The whole soul clan altar!

As long as you take part in it, you will have a chance to leap forward if you catch the remnant thoughts of the strong!

If you can't catch it, you can also absorb the strength and practice to break the situation quickly!

No wonder the Beigong family is willing to pay such a high price!

If you succeed in gambling, you may directly create a young warrior at the top of the nine layers of heaven in Hunyuan!

If the gambling failed, each of the seven participants could break through at least four or five small states.

Just when people feel strange and excited!

Zheng Bo and his uncle Li looked at each other, and Zheng Bo said: "when you enter the airspace at night, don't look for others. Otherwise, you will encounter some powerful people, and their spirit power may hurt you or even devour you!"

"This memorial ceremony will last for about a day!"

"Now, all the nine forces have arrived, and the palace of wanjian emperor and the dragon family are in short supply."

Zheng Bo looked at the jade pendant in his hand, and his lips outlined a smile. He said, "the other nine forces, invite us to attend the meeting. Let's go. It's just the opportunity to explore the real and the real."

"Good!"

"Let's go!"

The North palace purple jade rises, is about to take everybody to go out.

Du Bai, however, approached Ye Chen, took out a heaven and earth ring, handed it to Ye Chen, and said, "brother ye Shitian, I have been entrusted by others to give you treasures. I hope you can spare that man's life!"

"Who?"

Ye Chen didn't take the ring, instead, he looked acutely at Du Bai, gradually sending out a breath of terror, just like the devil staring at Du Bai, which made Du Bai's hair stand on end!

"Cough!"

"It's the Lord of the heavenly spirit!" Finally, Du Bai said: "the Lord of heaven spirit knows that you have killed all directions in the Golden Buddha Tantra. He is so scared that he asked me to send me the treasure. I hope you can spare his life!"

"The value of these treasures is comparable to that of a five grade King's ware!"

"They are all pills, quench body pills and so on. They are of great use to the martial arts in the spirit state."

Lord of the heavenly spirit!

Didn't send the God King utensil directly to Ye Chen!

Because he knew that ye Chen's Shenwang utensils were so many that they could hardly put them down. There was no deep foundation of his clan!

Therefore, he asked Du Bai to send all kinds of pills to help improve the road and enhance the spiritual power and soul power. Many of them are eight or nine grade pills with high value. They are all the pills needed by the martial arts in the spiritual realm!

But ye Chen hanged hundreds of shenwangjing!

Among them, the vast majority of them are the shenwangjing disciples of various schools, from which they get various kinds of pills, more than 1000 kinds, and the number reaches hundreds of thousands!

As for other shenwangjing elders, he killed more than 120 of them, and he didn't lack the pills needed for the cultivation of shenwangjing!

Ye Chen took a look at the ring of heaven and earth. Sure enough, there are many pills in it, and he said, "the spirit of heaven, what do you say?"

His face changed slightly, and his heart said: the Lord of the heavenly spirit city is also aware of the current affairs!

It's just that I was yelling to kill me!

What a prestige!

"Take the ring back!"

"Tell the spirit of heaven that I will not kill him if I scatter my power!"

Ye Chen throws the ring back to Du Bai and goes straight out!

At the beginning, the city Lord of Tianling issued a reward for ye Chen's life!

If it wasn't for Miss Qi who sent his men, ye Chen would have to take off his skin even if he didn't die. The culprit was the Lord of the heavenly spirit! Even if he personally sent someone to apologize, the original reward was given after all, which can't be easily settled. In addition, the city Lord Tianling is one of the city lords of the northern palace family. Ye Chen is too lazy to go back and kill him. All kinds of complicated things are combined together!

Therefore, ye Chen decided to let the heavenly spirit abandon his skill and not kill him!

As for whether the spirit can live after being abandoned, ye Chen will not take care of it, and he is too lazy to manage it!

"Yes, brother Ye!"

"When I get back, I'll pass it on to him!"

"I'm sure he'll do what you want Du Bai clasped his fist, respectfully took over the heaven and earth ring, and watched Ye Chen leave. His heart had been jumping wildly, even sweating profusely!

Ye Shitian!

As expected, it is extraordinary, easy to say!

It's about to abolish a city Lord in the five layers of the divine kingdom!

How fierce!

And in the case of Tianling City Lord, I will definitely respect ye Shitian's words!

If the people of other forces really regard him as a man who has entered the four layers of heaven in the realm of God.

I don't know how many people will die!

Du Bai put away the ring of heaven and earth, and hurried to keep up with the team. He followed the team to an open grassland in the center, and all forces sat down.

Ye Chen looks around. The people of the nine forces sit in front of a small table and form a circle, which is a bit like the gathering of the Chinese grassland tribes. But everyone here has a good cultivation!

North palace purple jade and Zheng Bo, Li Shu three people sit down!

Ye Chen, Du Bai and others are all standing in the back. The other nine forces are also in the same situation. The young master and the captain of the guard sit down, and the others stand on the edge. From here we can see the difference of status!

Beigong Ziyu's eyes indicated the nine forces ahead and introduced them to Ye Chen: "this time, the nine forces are the most powerful four sects and five families in the whole western regions. With our Beigong family, we are all the high-end forces in the western regions."

"Four sects!"

"They are the sacred fire cult, the evil demon palace, the Xuanguang society and the Feiyu Pavilion."

Chapter 1394

"Among them, the evil devil's palace is a medium-sized family composed of magic practitioners. It controls a territory called Devil's land. It is three million miles away from the land of heaven and earth. That place can be regarded as a real and real magic land, and the competition is very cruel!"

"So every one of them came from childhood to adulthood."

"Although they are young, they are all in their twenties, but the number of people who died under them is at least 100000!"

"Otherwise, they will not be able to come to this place!"

Evil palace!!

Four middle sects, the most powerful one!

It is also the most cruel sect to select disciples, disciples and highness! ***

Ziyu in the northern palace was even afraid of the evil devil's palace. He said: "the seven people who came to join in the evil demon Palace are the thirteenth son of their palace master. They are known as the thirteen princes of the nether demons. They are good at magic, swallowing and killing."

She glanced at Ye Chen, her beautiful eyes rippled, and said in a low voice, "Your Highness, thirteen of you, is eighteen years old. The divine Kingdom has four layers of heaven. She also cultivates the power of annihilation, but there is no way of extinction. Instead, it is the way of blood God King!"

"The fighting power should be more than that of the city Lord of the heavenly spirit!"

"A thousand years ago, our northern palace family had a war with the evil devil's palace. In those years, many demons were killed. Over the years, the people of the evil evil evil palace have been targeting US. When you go in, you must avoid their people!"

The northern palace Ziyu looked carefully at Ye Chen and said, "master, you should pay special attention to that the people who lead the team have the spirit forbidden. They are made by those who are strong in the harmony of Taoism. You can't completely exterminate their spirits, but they can exterminate you!"

Obviously, she also knows Ye Chen's character!

If ye Chen is not provoked by others, ye Chen will not provoke others!

But is afraid of fierce evil palace people provoke Ye Chen, if ye Chen did not kill each other, it is likely to be killed by the other side!

"Disciple

"If you have a chance, you can't let go of it!" In the tomb of samsara, the moonlight Buddha spoke in a deep voice.

"Well?"

"Master, we have a feud with the evil devil palace?"

Ye Chen said, and suddenly his face changed greatly. He quickly asked, "a thousand years ago, the demons captured by the two hosts were not the guys from the evil palace?"

He just knew that a thousand years ago, the two presided over Yinian Ren!

Want to turn that demon, avoid more people die under the demon!

At the same time, there is also the meaning of editing that demon, but I didn't expect that the destruction of the whole faction was caused by the failure of degree conversion!

"Yes

"The host, the demon brought back!"

"They are the demons of the seventh highness in the evil palace!"

"We wanted to Ah

Moonlight Buddha sighed, slightly shook his head and said, "I was once a golden Buddha Tantra, also called a Buddhist sect. I was kind and generous, and accepted many poor people, but I didn't expect to be revenged by the demon!"

"To bring down the whole faction!"

"Thanks to the tomb owner, we can survive!"

"But the fourth Buddhist way you cultivate, because of your own reasons, originally the Buddhist way is to help all living beings, but it is changed to the meaning of meditation therapy for all living beings. If you want to improve this Buddhist way, you should try your best to exterminate the practitioners of demons, so as to enhance the spiritual power of all living beings."

Listening to the words of moonlight Buddha, the pharmacist Buddha also said: "disciple, your blood power is extraordinary, but there is magic in it!"

"Even the ice sword master and I can feel that there should be a black stone around you!"

"At the same time, the power of your blood has not really opened. I am not particularly clear about whether it is suppressed or what it is!"

"But I can clearly feel that once you use the power of blood, or if you are seriously injured, there will be signs of enchantment. Although you may be able to control your mind in the past, I'm afraid that when you practice later, the power of blood will gradually open up, which will affect you, leading to complete dementia and becoming a madman who will kill you at sight, so you still have to practice Buddhism."

Listen to the words of the two masters, ye Chen is also thoughtful!

Indeed!

In the past, the power of opening blood vessels was about to be crazy or seriously injured. I could only keep some sense and not kill casually!

Although I majored in killing, I may fall into madness with the improvement of my realm. Killing is inevitable and necessary, but I can't completely fall into madness.

"Buddhist road!"

"Generally speaking, cultivating the mind power of all living beings is to help all living beings!"

"But I can kill the devil directly, so I can save a lot of time to save all living beings?"Ye Chen asked him to spend most of his time to help all living beings. He really didn't have that time to do it!

In a year!

At least you should have the fighting power of the nine layers of heaven in the world of harmony!

Even the fighting power of the nine layers of heaven in the realm of nature can solve the problem of the blood spirit clan and ascend to the palace of Lingxian emperor at the same time.

"Yes

"There are many kinds of Buddhist practices, such as cultivating life and nourishing breath, popularizing all living beings, killing demons and eliminating demons, etc."

"You can choose one to practice at will." The pharmacist Buddha said lightly: "you mainly kill demons and eliminate demons. You can also learn the Dharma of Du Hua, which is much better than the soul seal you use."

Degree?

Soul seal?

Ye Chen in view of these two techniques, a good inquiry, to understand thoroughly!

The seal of soul refers to the direct sealing of other people's souls or spirits for their own use, but it is not a fundamental acceptance. Therefore, ye Chen had the intention to influence the strong people such as qingtianmen before, which is to avoid those people's desperate counter attack at the critical moment!

But the degree is different!

From the heart of the thorough degree, drive away the other side's evil and killing heart!

There are usually two kinds. The first one is to direct the other party's mind and turn it into a living war puppet. He has no idea. He only fights for himself until he dies!

The second is to turn the other party's heart into submission and worship.

There is a certain thought, even a person, but there are a lot of Buddha nature, relatively speaking, become a real Buddhist!

It's just the second one, which is much more difficult than the first one!

"Thousands and thousands of thousands of things have been transformed!"

"Master passed me the law, I will practice it well!" Ye Chen feels the two methods of transformation passed on to him by the pharmacist Buddha in his mind, which is one level higher than the soul sword seal of Nie Baijian, the God of hundred swords. After all, it is also the skill of two worlds!

Chapter 1395

Ye Chen is chatting with pharmacist Buddha and others!

Beigong Ziyu has already introduced the situation and leaders of the other three sects!

Shenghuo religion is mainly to cultivate the king's way of flame God. There is a great power in the sect that integrates the law of fire with the law of time and space!

This time, the leader of the team is his highness Hongkun, the fifth son of the leader of the fire cult.

Compared with your highness, you are weaker, but also very limited.

The two teams, each with seven people, are almost the bottom of the divine kingdom!

The overall strength of the Beigong family is much higher than that of the Beigong family. Of course, ye Chen is not included. If ye Chen is included, he is a young and strong man who is comparable to his highness Youmo 13 and his highness Hongkun, and has more potential!

As for the Xuanguang club and Feiyu Pavilion, the candidates to lead the team this time are all the sons of the presidents of various schools and cabinet masters!

The fourth son of Xuanguang Association, his highness xuaninfinity, three layers of heaven in the divine kingdom!

The seventh son of Feiyu Pavilion master, his highness Feiyu Qiantian, is the king of God!

"It's all three layers of heaven, four layers of heaven!"

"They are all several years younger than the monk Nianxin, but they are all in the junior high school of shenwangjing!"

"How strong!" Hua Tian can't help but underestimate a few words. His age is almost the same as those of his highness, but he is still one or two states away!

"Don't look at them, they are just three or four layers of heaven!"

"If you really fight, you can't take down the five or six layers of heaven in the kingdom of God!" Du Bai said a word, and immediately looked at Ye Chen and said with a smile, "brother ye, it must be the only one in our team that can resist their existence."

Zheng Bo also nodded slightly and sighed: "the other six children of my Beigong family are not too young!"

"Miss Ziyu doesn't like to practice, so she has been staying at the top of the nine layers of heaven in the spirit state!"

"If it's normal speed, it can at least be comparable with his highness xuaninfinity."

"Now, we can only watch ye kill the sky!" He looked at ye Shitian and whispered: "later, there may be conflicts, exchanges and so on. Don't expose your own strength. After entering the airspace, you will be able to match them!"

"We must be able to find an opportunity to get ahead of them!"

"Capture a strong will, this time, ye Shitian, it's up to you!"

Ye Chen slightly clasped his fist, and his eyes were fixed on the four men. They were all the best among the people and were not easy to deal with!

Ferocious demon palace, you demon 13, 18 years old, God King state four layers of heaven!

Feiyu Pavilion, his highness Feiyu Qiantian, is seventeen years old. He is in four layers of heaven!

Xuan Guang Hui, Xuan infinite, your highness, 18 years old, three layers of heaven in the divine kingdom!

Huohuojiao, his highness Hongkun, is 19 years old. He is the king of God!

They are all first-class talents!

Relatively speaking, ye Chen's age and realm are even far inferior to them!

If ye Chen was not from the world of low martial arts, he would not be qualified to compete with them even if he was in his twenties!

Lingwu land!

There are three factors that determine the younger generation!

The first is age. The younger you are, the better your fighting power is!

The second is realm!

The third is the origin!

The three complement each other to see the potential and future of a young warrior!

There is no doubt that ye Chen came from the world of low martial arts. He began to practice Kunlun Xu and rose in a few years. This is much better than the four princes!

"Beigong family!"

"The people who come this time are so weak!"

His highness xuaninfinity shook his head slightly, rather disdainful, and said: "the North palace purple jade, unexpectedly has not arrived at the divine king's realm! This time, only two wastes from the second heaven of the divine kingdom were brought, and even the rubbish of the fourth heaven of the divine realm

"The Beigong family is getting weaker and weaker!"

"I guess it won't be long before the top ten families will be lost."

"Yes, the people who came this time are too weak!" His highness hung Kun's cheek showed a touch of evil spirit and said with a smile: "this time, we'll kill all the others except the northern palace purple jade!"

He slightly tilted his head and said, "Lieqi, the waste of the four layers of heaven in the spirit realm, will be handed over to you later!"

"I'll exchange views later!"

"You must kill him once you hit him. Let the people of the Beigong family have a good look. Not all kinds of cats and dogs can come to join us!"

"Yes, your highness!" On the edge, a young warrior who was in a state of God's realm clasped his fist, indicating that he was also only 20 years old, and he was one of the geniuses.

The four princes did not see the people of Beigong family in their eyes!

Beigong Ziyu did not refute, but continued to introduce: "the other five families are Dugu, Changyu, Baili, Beitang and Duanmu! This time, all of them are their own sons and princesses! "

She continued.

Ye Chen listens and nods. All the members of the five families are the children of their masters. Their strength is almost the same as that of the four great princes! Dugu Fengchen, 18 years old, is a king of heaven!

Long fish family long fish source ancient, 16-year-old, shenwangjing three layers of heaven!

Bai Li family, Bai Li Xue, 17 years old, three layers of God kingdom!

Beitang family, 19-year-old, has four layers of heaven!

Duanmu family Duanmu Qingyan, 20 years old, six layers of God kingdom!

The strength is very balanced. Except for Duanmu Qingyan, the leader of Duanmu family, the other four people and the four great princes have different strengths. However, they are all one generation and can cross two or three levels to kill and fight. They are also the proud warriors in their respective territories!

"Let me see!"

"Ouch, Youyou, the top ten forces have arrived!"

"Four princes, six princesses and princesses are here

A soul youth stepped out slowly, looking proud. He did not see the northern palace purple jade in his eyes. His eyes swept over many people, and he could not help sneering: "Oh? There's still a waste that goes into the four layers of heaven in the spirit realm? "

"You want to come here to pick up the leak?"

"Or do you want to come here to die?"

He was the soul Sabre that was blown out by the white robed elder and was seriously injured. He was the cultivation of the eight layers heaven in the divine kingdom!

However, he is about 30 years old, and his talent is not comparable to that of Dugu FengChen and changyuyuangu. At the moment, some of his injuries have recovered. Those who are responsible for receiving the top ten forces are still angry. Seeing ye Chen's weak cultivation, he will naturally bully him!

"Looking for death?"

"I think you are looking for death!"

"A guy who is seriously injured and whose original foundation is damaged must not be able to get the participation quota of the soul clan. Come out and brush the sense of existence!"

Ye Chen also returns to each other with a plain look, but every word is like a sharp long knife, and plunges into the heart of soul knife!

Soul Sabre's face quickly darkened, and there was a trace of murderous spirit around it. Then he raised his left hand slowly. A strong spirit power came out and gave out a gray yellow luster. It was quite different from other martial arts!

"Soul people!"

"Even if our top ten forces want to compete!"

"I don't want you to do it!" With a gentle wave of his hand, Zheng Bo broke the power of the spirit of the soul knife.

Chapter 1396

Soul knife's face was more gloomy, but he said with a sneer: "the northern palace family, do you want to challenge my soul family?"

"Well, it's not worth my killing myself if I'm a waste of four layers of spirit!"

"Dugu FengChen, I remember that you Dugu's family had a guy who was in a state of nine layers of heaven!"

"Right?"

Dugu FengChen nodded slightly and thought with his eyes. He seemed to have received some messages. He immediately said, "yes, I can help you with the soul knife. Send my people to kill this trash!"

Just now, the sound of soul Sabre was sent to Dugu FengChen, with some secrets of the soul clan altar as the condition!

Let's kill Ye Chen!

"Dugu Kun!"

"Go out and kill me this trash!" Dugu FengChen pointed to Ye Chen, and immediately looked at Zheng Bo and Beigong Ziyu with a warm smile and said: "start the competition in advance. Moreover, according to the previous rules, challenge each other and live and die!"

Zheng Bo did not pay attention to it!

The North palace purple jade looked at Ye Chen, immediately nodded and said: "Dugu FengChen, I'm afraid you will regret it!"

"No regrets!"

"At least, my man, Dugu Kun, can be as good as your fiance

"Go Dugu FengChen gently waved his hand, and there was a challenge arena in the center. He glanced at the other four princes and princesses and said, "come on, the arena has been built. Let's let our people come and have a fight. Let's enjoy it."

Whoa!!

A figure across the sky!

Dugu Kun fell on the challenge arena. His tall and thin figure combined with a unique long sword gave people a cold and frightful feeling!

On the edge, the soul knife looked at Ye Chen and sneered, "how dare you challenge me? Just in time, the elder's voice has no place to spread, so he will take your northern palace family for an operation! "

Although he didn't get a place to participate in the altar, he was born out of the ordinary. He even put the materials of the major forces into the altar by himself. He knew more about the altar than many elders of the soul clan. The information he learned from this was enough to let all the hall Masters and big boys who came to attend the altar for the first time!

The nine forces, every sect and family, are joined by seven people!

This time, they are the most powerful guardians of the three levels of the God Kingdom and the God of heaven.

For them, this action, as long as it does not completely offend the soul clan!

It's safe!

As for Dugu, Duanmu, Baili, Feiyu, Beitang and other five families!

There are seven people in each family. The lowest level is nine levels of heaven. Other configurations are similar to those of the four major sects!

Only Beigong family!

Of the seven!

A heaven of four layers in the spirit realm!

Four spiritual realm, nine layers of heaven peak!

Two kings of heaven!

At this moment, it has become the most targeted force. In fact, it is not intentional to send these teams here. The main reason is that the Beigong family has been fighting for decades. Many suitable young warriors have been forced to improve their accomplishments. Now they are in the Hunyuan state, garrisoning on all sides, or attacking various inferior sects!

The only one who can pull out is Du Bai, Hua Tianfan, Hua Difan and others!

As for Beigong Ziyu, she is the only one of the seven children under her master's command. She is still idle and has just reached adulthood. Her accomplishments are not high, so she led her team here this time!

Ye Chen!

It was ordered by the eight elders. It was more powerful than the four or five layers of heaven in the kingdom of beauty!

The one who was the first to hide was treated as a waste by FengChen array!

Now, on the ring.

"What's your name?"

"Roll up and die

Dugu Kun pointed to Ye Chen and said with a smile: "your teammates may not die, but you must die today! Because, this is not a place where you, a low-level trash, can come here

Here comes the low-level waste!

Equal to pull down our identity and qualification!

In that case, it must be killed!

"You are not qualified to ask my name!"

"In one move, I'll call you back to heaven!"

Ye Chen stepped onto the challenge arena blandly. People from all the major forces around him didn't pay attention to him. He felt that a four layer heaven in the spirit state and a nine layer sky in the Shenjing realm would be killed in an instant. He just gave the northern palace family a horse power!

"Dugu FengChen Jue!"

"Broken!"

Dugu Kun immediately took the sword and killed him. His body shape quickly divided into hundreds of ways. Hundreds of Dugu FengChen killed them from all over the world, from all over the world, from left to right. He completely blocked Ye Chen's retreat. He did not use the power of the road and the spirit. He just used the sword formula and spiritual power! Want a move to solve Ye Chen! Finish what the young master gave me cleanly!

At the moment, ye Chen's hands are behind him, and he has no intention to dodge.

"Why doesn't he hide?"

"Scared by my sword, I can't move?"

"What a waste that is Dugu Kun showed a confident smile, and with his own cultivation, it was easy to kill a guy who was in the four layers of heaven!

However, at the moment when the sword will touch Ye Chen!

Suddenly!

Ye Chen moved!

Ye Chen suddenly turned around, stretched out his left hand, and caught the flying sword with the middle finger and index finger!

With a fist from his right hand, he pushed everything in a horizontal direction with no powerful force. All along the way, Dugu Kun, who was holding the sword, was caught by his left hand. "I said, one move will solve you, and you won't use the second one!"

"You are my soul clan! The first person to kill

At the next moment, ye Chen gave a light drink, and his left arm was filled with endless and silent Buddhist texts, like a spirit snake!

A moment later!

Dugu Kun turned into a corpse and fell on the ground, no more life!

It's like dying for millions of years. If you don't lose any vitality, even the spirit will collapse because of too long time!

When a warrior reaches the realm of creation, he has no life to speak of. However, once the warrior fails to keep his original intention for a long time, the spirit and soul may collapse automatically. The remnant thoughts of those powerful people are also the same. As long as the time is too long, the remnant soul will either disintegrate or disappear!

Whoa, whoa!!

Whoa!!

They all stood up in unison and looked at Ye Chen in disbelief!

A blank face, as if things now, like in a dream?

Dugu Kun, the peak of nine layers of heaven!

Even Dugu Kun, who once escaped from the divine kingdom!

Dead?

You die with one move, and the body looks like this?

Changyuyangu, bailixue and others are interested in it one after another, and they look at Ye Chen in a meaningful way!

This guy!

How amazing! Across the realm!

From the point of view of the corpse, ye Shitian is the same strength as your highness Youmo 13!

Chapter 1397

"The power of extinction?"

"Why, the people from the evil devil's palace went to the northern palace family?"

The North Hall dance Yang said with a smile: "Youming 13, is this the person you arranged? Otherwise, how can your power of extinction be

"Hum!"

"Not my men!"

"It's just a lucky boy. It won't last long." His highness Youming 13 was dressed in a black robe and possessed a fierce evil spirit. Even outsiders could not see his appearance clearly.

He looked at Ye Chen carefully. Suddenly, he felt a shock in his heart and said to himself: what a strong force of extinction!

Is it almost like the way of extinction?

Such a character!

Where did the Beigong family get it?

"Dugu Kun!"

"Who are you, little beast! How dare you kill Dugu Kun? "

"Aren't you afraid that my son will kill your family?" Dugu FengChen looked sinister and looked at Ye Chen like a poisonous snake. He said, "let's fight again. If you don't fight, we will kill you today."

Ye Chen was totally dismissive and said, "you are not qualified to ask my name!"

"If you want to fight, don't send your trash to death!"

"On your own, you may be able to resist for a while under me!"

"By the way, you seem to be threatening me?"

The next moment, ye Chen pointed to Dugu FengChen and said: "I don't like threats, I just like to kill threats. Today, I want you dead! "

There was an uproar!

"Ha ha ha ha!"

"How could a bastard of a lower class have such confidence?"

"Ridiculous!" Dugu FengChen looked at the soul knife and said, "you asked me to kill him. Now not only do you want to kill him, but I also want to kill him!"

"Good!" Soul knife showed a cruel smile, and it was inconvenient for him to do it. Let Dugu FengChen do it to solve this shameless mole ant!

Dugu FengChen looked around and saw that Ziyu in the North Palace didn't show any change. He said, "but if I kill you, you will dirty your hands. So, Dugu Lian, you are the king of heaven. You go and kill him. Remember, I want his whole body!"

Dugu Lian, the king of heaven!

He is also an inner disciple of the Dugu family. He is 18 years old. Although he is not as good as Dugu FengChen, he is also a genius. At least he is not defeated by the Golden Buddha Tantra. His talent and strength are still above the golden sword sect!

"Mean thing!"

"I Dugu Lian, I will not kill nobody under the sword!"

Dugu Lian, dressed in green clothes and green robes, looks very beautiful. He is obviously also a young man, but his status is not as high as that of Dugu FengChen!

He slightly raised the blue sword in his hand, motioned to Ye Chen, and said, "say your name, let me send you to hell for reincarnation!"

This cheap thing!

Four layers of heaven!

Unexpectedly, he killed Dugu Kun, who was in the nine layers of heaven!

Obviously, there are some abilities, but there is a big difference between the peak of the nine layers of heaven in the state of entering the spirit and the one layer of heaven in the divine kingdom!

It won't take long to kill him!

Simply, this despicable guy is also a thing, let him leave a name!

"The kingdom of God is a layer of heaven?"

"Such a weak fellow deserves to know my identity?"

Ye Chen burst out laughing, dismissive, haughty way: "you, also do not deserve to know my name!"

He raised his left hand slightly, without even using any weapons. He said directly, "come on, it doesn't take ten moves."

"A guy who just stepped into the realm of God!"

"Weak, too weak!"

Even if it's King's land, four or five layers of heaven!

I can cut it with one sword!

But I didn't expect it!

These so-called princes are so useless!

Want to kill me, but also want to let his men test my strength, to avoid capsizing in the gutter!

Yes, they have good status after all. If they do it casually, I'm afraid they can't live now!

"Crazy boy!"

"In the same way, my highness wants to see you."

"What skill can you do?" The cold voice of your highness Youming 13 lingers around, just like the shrill cry of ghosts from the depths of Jiuyou, which makes people shudder! He looked at Dugu Lian and said, "if you kill him, my highness will reward you with a three grade divine king's tool!"

If you are killed by him

"My highness will frustrate you

"Hum!" Dugu FengChen snorted coldly, his eyes twinkled with sword spirit, and said: "my subordinates, you don't need to intervene in the nether Thirteen!"

He took out a long blue sword, which was a four grade divine king's tool, and motioned to Dugu Lian:
"you killed this shameless boy, I will give you this thing!"

Compare the momentum!

Compare atmosphere, compare position!

Obviously, Dugu FengChen and Youming shisan are better than each other!Ye Chen did not see in the eyes, all feel is the fish in the hand, can be cut at will!

"North palace purple jade!"

"I see you, very calm!"

Princess Wuyang of Beitang looked at Ziyu and said, "this time, why didn't you bring your fiance here? Instead of bringing such a kid here? This boy is dying under the sword of Dugu Lian. Why don't you react at all? "

"You can't kill him alone

"Only to be killed by him!" The purple jade in the North Palace is full of air. You can hear that the dance of the North Hall mentions Mufeng. It's still a little displeased!

"Wait and see."

"Unless Dugu Lian is ten times stronger, he will die under him!"

The North Palace Ziyu also did not say ye Chen's identity, also did not know that ye Chen's reputation for killing people of all schools had spread to the soul clan.

Anyway, right and look, ye Chen is the strongest person on your side, come out and teach the big forces a lesson!

Gradually, the North palace purple jade looks at the soul knife!

Today's war!

It was the soul knife who instigated it!

Unfortunately, in the territory of the soul clan, we can't directly suppress the soul sabre, otherwise, we won't let the four major schools and five families all target Ye Chen.

Whoa!!

A sword drawn out, as if the light of the first God landed on the ground, shining to the extreme!

A long sword came out, and the green sword body bloomed with blue color, and gradually formed a green mountain and green water. It was like the cover of an infinite beautiful fairyland was pressed down. It looked light and beautiful, but it had the power of thousands of Jun, so strong!

It's Dugu Lian!

He sent out the disillusionment sword by using the realm of the divine king, the realm of heaven, and the way of the God of Qing!

Whoosh!!

Whoosh!!

Endless sword Qi, accompanied by green mountains and green water cover pressure!

Ye Chen is still as plain as he was just now. He doesn't look at it at all. Just before the green mountain falls down, he blows out his fist, and countless flames burst into the sky. In an instant, he smashes the disillusionment. He steps in like lightning and comes to Dugu Lian's body!

No way!

How fast!

Before Dugu Lian responded, ye Chen punched him in the chest, and the blood was scattered with the debris!

He quickly waved his sword, only heard a crisp sound. The sword of the second grade God King tool cracked, and the fragments were driven into his body. Then he heard a huge explosion, and his king's way of the green god - cracked!

Chapter 1398

Boom!!

The Shinto king is falling apart!

Dugu Lian's face turned pale in an instant, and his cultivation quickly fell to the top of the nine layers heaven in Daoyuan!

"Yes

"Ten moves to kill you!"

"I didn't expect it. It's only the third move. You've abandoned it!"

"It's so weak!" Ye Chen's left hand is clawed, holding Dugu Lian, throwing it out, just like throwing garbage, easy and plain!

Bang bang!!

Bang!!

Dugu Lian rolled down and everyone's looks changed!

The kingdom of God is a layer of heaven!

Was it so simple and straightforward?

Who is this man?

How could it be so powerful?

"Soul knife!"

"It's you." Ye Chen looked light and ran up, slightly raised his finger to the soul knife, and said coldly, "later, I'll finish solving these princes and princesses who don't know the height of heaven and earth, and then I'll kill you!"

"Hum!"

Soul knife cold hum, nine princesses Princess level characters!

Any one can kill you!

You want to fix it and they'll clean me up?

Do you think you are the emperor of wanjiandi palace?

Or dragon of dragon family?

Funny guy, wait till you die!

"Dugu Lian!"

"Damn it!" Dugu FengChen had a cold breath all over his body. His eyes were like the icy winter moon, staring at Ye Chen, "two of my men are dead and one is useless. Your method is good. You must have a different origin?"

"Say it

"Tell me your identity. I can read it if you don't have a bad identity!"

"Don't kill you!"

"But if you are of low birth, I will frustrate you

As soon as he said this, his highness Hongkun, his highness Youming 13, his highness Feiyu and Xuanguang, and Duanmu Qingyan all kept looking at Ye Chen. Such a man who could easily kill a layer of heaven in the Shenwang realm was not weaker than that in the three layers of Shenwang realm!

Who is this person?

The four princes, the five princes and princesses, all have this question in their hearts!

At first, ye Chen was not surprised or surprised at Dugu Kun, who was at the top of the nine layers of heaven. He was just at the beginning of the battle!

Now, ye Chen can easily kill Dugu Lian, who is in the four layers of heaven in the Shenjing realm, to catch their attention!

"Who am I?"

"You didn't deserve to know!"

"But since you want to know that, I will tell you!"

"My name is ye Shitian. If you are against me, you will all die in my hands. If you are friends, just stand aside!" Ye Chen pointed to the soul knife and said cautiously, "remember my name. I will go down to the hall of hell. The king of hell asked who you died in. Don't answer me!"

Ye Shitian!

It's him!

Nearly at the same time, Duanmu Qingyan, changyuyangu, Baili snow three people, can not help swallowing!

Their three families, however, are near the Beigong family. How can they not know something about the land of heaven and earth and the Golden Buddha Tantra!

They may not know the details!

But ye Shitian's three words, to them, is simply a blockbuster!

"You are ye Shitian?"

"It's ye Shitian, who killed more than hundreds of gods by one person?"

Baili snow repeatedly asked, cold double pupil, gradually emerged a touch of appreciation!

She is also a princess of the Baili family. She has the same status as Beigong Ziyu, and her figure and appearance are even better than Beigong Ziyu. However, she is curious and appreciative of Ye Shitian!

With the power of one person!

Kill hundreds of Shenwang state disciples of more than 100 sects!

Then mobilize the subordinates and kill 120 elders of the hundred schools!

It's no wonder that he can easily kill the king of God in the four levels of heaven!

"Ye Shitian!"

"Once upon a time, the sword has split the four layers of the divine kingdom!"

"The battle record of the five layers of heaven in the king's territory with guns!" His highness xuaninfinity nodded slightly and said: "no wonder, it's good. He is a top hero. Today, Dugu FengChen has met a good opponent!"

"Enter the four layers of heaven in the divine realm, and kill the five layers of heaven in the kingdom of God!"

"I'm afraid no one in this room can do this!" His highness Feiyu Qiantian nodded and was shocked. He said, "no wonder the Beigong family will let you come. You should be the leader of the Beigong family, not the Beigong Ziyu!"

North palace purple jade!

The identity is here!

However, their identity is no lower than the North Palace Ziyu!

They pay more attention to the leader's combat power!

Even the protectors of Feiyu Pavilion and huohuohuojiao, and several powerful people of jiuliantian in Hunyuan, all treat Ye Chen differently! Even, they all regard Ye Chen as a martial artist of the same generation, and they want to discuss teaching with the same generation!

"Cultivate the power of silence!"

"My highness wants to ask you for advice

"Look, it's you, you mean thing. It's so powerful!"

"It's still the master of this hall." His highness Youming 13 didn't appreciate it. Instead, he still looked scornful. He stood up slightly and showed a lot of power of extinction in his hands. He pointed to Ye Chen and said, "with the power of your highness, five moves are enough to kill you!"

"If you have any last words, please explain them well."

"Wait!" Dugu FengChen stopped and said: "I should come first if I want to kill this little bastard!"

When he got up, eighteen long swords appeared behind him, which made him look like a God!

He said: "ye Shitian, no matter what your achievements, you dare to kill two of my Dugu family!"

"You must die today!"

"Must die?" Ye Chen originally wanted to kill the soul blade directly, but Dugu FengChen and Youming shisan came out to make trouble!

That's it!

Kill these two guys first, and then solve the soul knife!

Eight layers of heaven in the divine kingdom?

Very strong?

As long as you use the Hunyuan immortal tools and cooperate with the power of the four ways, you can fight!

"Since you want to kill me!"

"Then make a fight between life and death." Ye Chen looked at Li uncle and said, "I also have a status as a Dharma protector of the northern palace family. Is that enough?"

"Enough!" Uncle Li nodded slightly, his eyes twinkled with complexity, and he immediately looked at Dugu FengChen and said in a low voice, "you have a special identity. You'd better let your hands come down to fight!"

"Dugu FengChen!" Beitang Wuyang also said: "you are not his opponent, you can't, don't fight!"

"Asshole!"

Dugu FengChen immediately became angry and smashed all the cups in his hands!

He has always loved Beitang dance!

Beitang Wuyang says he can't?

Today, he must kill ye Shitian!

The North Hall dance Yang one Leng, seems to realize oneself said wrong words, but also did not explain what.

For her, the snipe and clam compete to gain profits.

"Ye Shitian!"

"Come out and fight!" Dugu FengChen jumped out and fell directly on the challenge arena. He pointed to Ye Chen, who had already gone down, and said: "come up to the battle, you mean thing. You are a lowly son of a bitch!"

"Come out!"

"I will let you understand what fear is!"

Ye Chen sighs, or to the arena.

He really doesn't want to make trouble on the soul clan sacrifice, but the situation is out of control.

Chapter 1399

"Uncle Li!"

"And the Dharma protector of the Dugu family!"

"Sign a life and death treaty!" Ye Chen takes out two life and death treaties and hands them to them!

"This..." The Dharma protector of Dugu family was a little hesitant, and said: "I'd better not use it. You should pay more attention to it."

"Uncle Wu!"

"Do you think I can't kill Ye Tian?"

Dugu FengChen was full of anger. Wu Shu's attitude was to Tell ye Shitian not to kill him?

How could it be!

Do you really think he will die under Ye Shitian?

"You two signed it. I don't want to provoke Dugu's family for nothing!" Ye Chen continued.

"This This..." The Dharma protector of Dugu family is still hesitant. Dugu FengChen is the son of the master of the family. If there is something wrong with him, he will

"Bring it!"

Dugu FengChen grabs the life and death form in a hurry and throws it to Ye Chen!

.....

Dugu FengChen!

The third son of the family leader of Dugu family, 18 years old, is the third layer of heaven in the divine kingdom!

From all kinds of situations, it is indeed in line with the level of Tianjiao, but this IQ and EQ, ye Chen have some helplessness!

To die in such a hurry!

The four layers of heaven?

Indeed, it can be compared with the elders of five or six layers of heaven in the divine kingdom of the hundred schools!

So you think you can kill him absolutely?

And sign the life and death certificate?

Really think ye Chen won't kill him?

Funny guy!

"Ye Shitian!"

"Let's go. I'll give you a chance to make a move when you are lower than me."

"After you make a move, I will take your move and kill you again!" Dugu FengChen showed his elegant demeanor, striving for more opportunities to show himself in front of Beitang Wuyang!

As soon as the words come out!

Other highness and childe are interested in it!

It's very interesting that two people of the same rank and one fighting power have to fight life and death!

His highness Feiyu Qiantian and his highness Hongkun are very optimistic about Dugu FengChen!

For them, they know the details of Dugu's wind and dust!

How can the childe of the medium-sized family of Dugu family lose to a Dharma protector in the four layers of heaven?

Soul knife suddenly said with a smile: "you don't need me to do it. This lowly bastard is going to die in Dugu FengChen's hand!"

"What a pity

"I want him to defeat every young master, and then I will kill him!"

"I don't want him to be defeated by other young masters. I just flog the corpse to vent my anger. I can also vent my anger!"

"It's hard to make both choices!"

He looked at Ye Chen and said, "little bastard, if you win or lose, I will take good care of you. In any case, you will die in the end."

"Soul knife, next! You are the one who died Ye Chen said coldly!

"Bold!"

"Dare to be distracted from the war!"

When Dugu FengChen suddenly drank, his eighteen swords turned into eighteen streamers, which left behind a trail of blue in the air. The speed was as fast as possible. The cold breath was lingering on the edge of the sword, which gave Hua Tianfan and Huadi fan a sense of extinction!

Clang! Clang!!

Bang bang bang!!

Ye Chen didn't hold the big, take out the seven grade God King's weapon, kill the soul demon gun to fight!

Seven products of divine king's utensils, four products of divine king's utensils!

Speaking of it, ye Chen still occupies a lot of advantages, but it is difficult to fight!

After all, Dugu FengChen is an 18 handle and four level divine king's tool. It's not easy to deal with it!

"Ye Shitian! Won't you lose? " Huadi fan was a little nervous, and he was not optimistic about ye Chen.

"Dugu FengChen is so fierce that I feel that he can hit me with any sword he wants."

"Yes, ye Shitian, although he has killed many gods and kings!"

"But it's all thanks to the help of Tianshou Pavilion and some puppets and demons in the kingdom of gods!" Hua Tianfan also swallowed his mouth and his heart pounded. He was afraid that ye Shitian would be defeated later. Dugu FengChen would challenge himself if he didn't get rid of his hatred!

That oneself is doomed to defeat!

All blame ye Shitian!

What is the arrogance!

If you are not arrogant, you won't be like this!

"Shut up, you two!"

Hua Tian fan and Hua Di fan are all gloomy!

Ye Shitian, ye Shitian!

What are you not capable of provoking Dugu family!

If you're killed, don't we have to do it? Our strength is better than Dugu FengChen!

This time, except Miss Ziyu in Beigong, everyone has to die?

"Ah..."

"Brother ye, you're too arrogant, eh..." Du Bai's face sighed, and gradually he was thinking of retreat!

The North palace purple jade is a face to believe firmly, because she saw Ye Chen burst out of the seven layers of heaven in the God Kingdom scene scene!

In the team, only she firmly believes that ye Chen will win!

"Ye Shitian! The fighting power is not bad, but it's a pity! " His highness hung Kun shook his head slightly, "in order to enter into the four layers of heaven in the divine realm, the battle power of the four layers of heaven in the kingdom of God will break out!"

We've been fighting for so long, fighting so many times!

They have no chance and no courage to kill each other.

Because everyone in this class is a kind of Childe and his highness. We will inherit that school in the future!

But now!

Someone's dead!

Dugu FengChen is dead!

The Dharma protector of the Dugu family was in a daze, but he was stopped by Zheng Bo, and Zheng Bo took out his life and death statement to say something!

When his highness Hongkun, his highness Feiyu Qiantian and Duanmu Qingyan didn't know how to do it, hundao was laughing, pointing to Ye Chen and saying, "you've done a good job, waste of low martial arts world."

"You killed Dugu FengChen

"What is his identity? What position do you dare to kill him? "

"Ha ha ha ha, even if I don't kill you now, you will spend the days in exile!"

"Good, come here and kowtow to my grandfather. My grandfather can think about it and tell you to run along that line. Maybe you can run away!"

"Run?" Ye Chen snorted coldly, jumped out of the challenge arena, gazed at the soul knife, and then said with a smile: "at the beginning, you are making trouble. Now, Youming thirteen dare not do it. I will kill you first today!"

Soul knife!

Instigate all parties to attack me?

Now, Dugu FengChen, Dugu Lian and Dugu Kun are all dead!

It's your soul knife!

Don't think that in your soul clan's nest, he dare not kill!

Whoa!!

A strong sword Gang across the air!

Soul knife quickly waved the sword to resist, but it was blown back by the sword gang for tens of meters, and the mouth of the tiger was shaken. "Damn it, if it wasn't for the elder's heavy damage some time ago, I wouldn't have been your humble bastard's turn to show off in front of me!"

"Well, even if there is only six layers of heaven's power left in the divine kingdom!"

"I can kill you too!"
