Chapter 1401

The soul knife offered a special King's tool long Dao in his hand. He even fought with Ye Chen in the same place!

He retreated dozens of steps, and his left hand gradually condensed a mass of gray and yellow light, which was composed of the power of his spirit and soul, and did not emit any breath. Even from the outside, it was an ordinary light ball!

But it's his strongest attack!

The power of spirit is separated from the body to form a light ball to kill the enemy!

This means, other martial arts can not do, the power of the spirit can only attack other people's knowledge of the sea, can not appear in the real world!

Once it appears in the real world, it means that no warrior can block the attack of the spirit power!

Unless you are of the same race!

This is the power of the soul clan!

Whoosh!!!

The soul Sabre throws out the soul light ball and makes a sharp trace!

Ye Chen stabs out, and the extremely powerful gun gang has faint traces of tearing the void, but it doesn't touch the spirit light ball. It seems that they are not in the same dimension at all. The spirit light ball directly hits Ye Chen's chest through the soul destroying magic gun!

"Poof!"

Ye Chen's body was beaten back ten steps!

At the same time, a force of spirit directly impacts Ye Chen's consciousness sea.

He felt as if his head was about to explode!

From Huaxia to Kunlun Xu and now Lingwu continent, ye Chen has never faced such an attack!

Bang!!

The long sword of soul Dao forced back Zhushen sword. The fierce intention of the sword fell, just like a huge hammer bombardment, and directly hit Ye Chen!

If it was not ye Chen's body, arrived at Huagang period, I'm afraid this knife would be enough to cut his waist!

Bang Bang ~ ~

Bang ~ ~

Ye Chen fell on the ground and suffered a great deal of damage!

He tried his best to use the power of Buddhism to heal his wounds as much as possible. He found that most of his spirit and soul power was worn out, and he could not help but produce a cold sweat. If the attack of soul knife was more powerful, his spirit power might be directly destroyed!

Then!

I am really dead!

Even if the body is still there, it can only be regarded as a body, because there is no spirit, just like the soul that ordinary people don't have. No matter how strong the body is, it has no effect!

"Ha ha ha ha!"

"Little bastard!"

"You know how powerful I am

Soul knife looked at the two Dharma protectors of Dugu family and said: "you block the two Taoist protectors of the northern palace family. I will kill ye Shitian myself!"

Even if he only left the seven layers of the God kingdom!

But his attack is unique!

His highness Hongkun and Youming 13 dare not fight with him!

Because it is very likely to start. If there is no weapon that can resist the power of the spirit, it will fall in an instant. No matter how good it is, it will be like Ye Chen, who will be severely damaged in an instant. It will be difficult to have the power to fight again!

"Some masters!"

"Help me!" Ye Chen really feels the power of the soul clan, but he doesn't give in. He still wants to kill the soul knife!

This man is insidious and cunning. If you don't kill him today, it will be more dangerous!

"Soul clan? Very strong? " In the tomb of reincarnation, the ice sword immortal gave a cold hum, "the soul clan was just a group of people who were not able to make a living in those days. They just washed clothes and took off shoes for our major sects and forces."

"Disciple

"I'll give you a spirit of protection

Whoosh ~ ~

a light blue light permeates Ye Chen's body!

This light automatically forms a protective cover to protect Ye Chen's spirit power from the direct attack of soul knife!

"Disciple

"The people of the soul clan are just too strong!"

"Thousands of years ago, they killed many people. It's not too much to say it's the devil!" Moonlight Buddha gently points out a light, saying: "I also give you a strength, kill this soul clan's boy, give them a lesson!"

In a flash!

Ye Chen stands up and his breath climbs to the top of the nine layers of the divine kingdom!

He glared at the soul blade, but did not attack immediately. He deliberately lured the soul knife to attack him actively!

"Oh, stand up?"

"Is there still no strength for the first World War?"

"My soul knife, send you on the road!"

Soul Sabre easily and happily sacrificed a spirit light ball, which is still the track just like before. You want to directly erase Ye Chen!

He stood with his hands in his arms, ready to enjoy the scene of Ye Chen's death!

Suddenly!

Click!!

The light ball of the spirit burst out!

The soul Sabre is then attacked by the attack, and the blood spurts back several steps. The breath is even weaker, leaving only the fighting power of the second layer of the divine kingdom!

"You troublemaker

"Today, I'll take you on the road!"

Ye Chen's body is like thunder and lightning. In an instant, he comes to the body of the soul Sabre and wields the Zhushen sword. With one sword, he forcibly cuts the soul knife into two parts. Then he

smashes the body of the soul knife with one hand. He sighs: "the spirit attack is really powerful!" "But if he is resisted, or broken, he will suffer a heavy blow."

"This is the reason why the soul clan is strong, but also the reason why it is weak. Success is also the power of the spirit, and failure is the power of the spirit!"

Just block the spirit attack of the soul clan!

You can take the opportunity to attack and kill the essence of the soul clan!

In addition, you can also directly smash the spirit attack of the soul clan, but you need to understand the law of time and space!

But ye Chen is not necessarily the opponent of soul Sabre without great power and master's help!

"This..."

"Soul knife is dead!"

"How did ye kill the sky?"

At this moment, all the people present were confused!

Bailixue, changyuyangu and his highness Hongkun look terrible!

Originally, Dugu FengChen died under Ye Shitian's hand, which was shocking!

Now, Tianjiao of the soul clan and soul Sabre of the eight layers of the divine kingdom had already destroyed ye Shitian, but he died under Ye Shitian's hand!

We didn't even respond to it. We didn't see it clearly.

Soul knife, it has already died!

"How dare you

"Kill my soul people in the land of my soul clan!"

"You have a lot of courage, little animal."

Not yet waiting for everyone to react from the shock, an old voice, out of the sky!

Then, a white light flashed out!

I saw a white robed elder with a fairytale and moral character coming out!

This white robed elder is the soul clan elder who dealt with Ji Lin and severely damaged the soul Sabre!

The white robed elder walked out of the sky like a God, and his whole body exuded the power of the law of time. He was obviously a strong man in a harmonious environment. However, he didn't get angry. Instead, he didn't pay attention to the broken body of soul knife. Anyway, the soul sword had offended him before, and he didn't care!

On the contrary, the white robed elder looked at Ye Chen with a peculiar look and asked, "are you ye Shitian?"

"How do I feel, a little familiar?"

"As if I had seen you there, or in someone's memory, I had you?"

Ye Chen calms down and looks at the white robe elder as well.

He thought, the white robed elder said that he had seen himself in his memory?

There are many, thousands of people who see themselves.

He didn't connect with Ji Lin, instead he said lightly: "soul Dao seeks his own way of death. I just teach you a lesson on behalf of your soul clan. If you don't mind, you can go back!"

Chapter 1402

The white robed elder was stunned. He didn't expect someone to order him!

What is he! Is it a young boy who can wave it and go when he calls it!

"Arrogant boy!"

"Are you going to die?"

The white robed elder looks gloomy. He seems angry, but he doesn't do anything. His attitude is very strange!

He didn't even go to see the soul saber that had been killed in the war. It was as if ye Chen had killed other people in their territory instead of the soul people. He felt provoked.

Meanwhile, the two Dharma protectors of Dugu family stopped with Zheng Bo and Li Shu!

They went to clean up the body of Dugu FengChen. After all, Dugu FengChen is the son of the Dugu family. There are spiritual restrictions on him, which means that some of his spirits are in the Dugu family. Even if he is destroyed, as long as there are still some spirits left, he will not die completely!

Just like the three golden Buddhas, we need to cast a new weapon body for him to supply his attached body!

As a matter of fact, when a warrior arrives in the divine realm, his soul will be transformed into a spirit, and his spirit power can be divided and stored in the key places. Even if the real body is blasted, as long as part of the spirit power remains, there will be a chance of resurrection!

However, this way of resurrection is too expensive! The opportunity is even more remote!

In addition, many martial arts practitioners will suffer extremely serious trauma once they cut the spirit and soul, and it is difficult to have the special artifact to store the spirit power, such as the hundred sect elders and disciples, almost all of them have no artifact to store the spirit, so their death is really dead!

As for soul sabre, his level is not enough. The soul clan elder cuts the spirit for him to revive!

However, it was Dugu FengChen. The spirit was stored in the Dugu family, which was not really dead. But it took at least several decades of cultivation time. Fortunately, the spirits were not completely destroyed. Otherwise, the two Dharma protectors of Dugu family would have rushed to kill Ye Chen for revenge!

"Life?"

"My life is very precious. I'm afraid you can't take it!"

Ye Chen stares at the white robed elder without fear. The sword in his hand slowly lingers in his hand, revealing the ancient copper luster. His breath and combat power are far beyond those just now!

Such a scene!

The childe around me, can't help but look shocked!

It turns out that ye Shitian still has cards!

Otherwise, how could he break out into a combat force that surpasses himself and approaches two great realms!

If weapons or other objects were used to generate combat power, ye Shitian would have died a long time ago. Obviously, ye Shitian may have a unique origin.

Come to this conclusion, for a while, his highness Hongkun, bailixue and others all stare at the white robed elder in a meaningful way!

They want to see it!

This soul clan elder in the realm of Taoism!

CHEN Ye how to deal with things!

"Life!"

"Sometimes it's tough!"

"Sometimes it's very fragile!"

The white robed elder is still as stable as Mount Tai, and has not started to do so. Instead, he looks at Ye Chen like a snake and says, "I'll give you a chance to kneel down, kowtow and apologize. I can forgive what you have just done!"

"This is the greatest honor for you

"Kneel down!"

As the sound fell, it gradually seemed that there was a magic gushing out.

It oppresses Ye Chen's legs and asks him to kneel down. For the ordinary King state, this force is enough to break their legs. However, ye Chen has no response and is still as indomitable as ever!

"Old thing!"

"Want me to get down on my knees?"

"You don't deserve it!" Ye Chen's eyes were full of burning fire, just like the God of the world. His voice was cold and said, "if you apologize now, I can kill you!"

Say it!

The look of the people around him is shocked. Does Ye kill the sky?

He is not a member of the family and the clan. How dare he say such a thing to the elder of the soul clan?

Crazy!

Or is it just for death?

Or already possessed?

"How brave

"This guy, looking for death!"

In his opinion, ye Chen is just looking for death!

The elder of the soul clan has given him so much face that he didn't take the first step to suppress him. On the contrary, he still dares to contradict him?

"Ha ha, ye Shitian has just wiped out the chance of a lifetime!"

"In Lingwu land, life is more valuable than dignity!"

Xuaninfinity and Feiyu Qiantian both nodded, but it was a pity!

Such a arrogant warrior at the same level as them is so stupid that he still confronts the soul clan elder in the territory of the soul clan. What is it?

"Ye Shitian!"

"There should be some details." Beitang Wuyang has a keen look. He looks at ye Shitian carefully, and then he is silent!The North palace purple jade is a face anxious, said: "Zheng Bo, Li uncle, later if fight, how to do?"

"No fighting!"

"Yes, we can't fight!"

Zheng Bo and Li Shu, two voices at the same time!

Li Shu looked gloomy and said in a low voice: "if you fight, you will offend the soul clan. It's not worth it! Ye Jingtian, I hope he won't be so rash

"Over the years, the soul clan is strong and powerful, and there are many sects and families supporting it!"

"If ye Shitian dares to do something, we can't help him!" Zheng Bo also expressed his attitude!

Hundred faction warriors!

No problem!

They are all subordinate sects of the Beigong family!

But the soul clan can't do it. There are four schools and five families behind the soul clan. Don't say that Zheng Bo and Li Shu dare to fight, even if they don't do it. They can't fight in the soul clan's base camp unless the eight ancestors of the northern palace family arrive at the same time!

"Ha ha ha ha!"

"Brave boy!"

White robed elder still did not hand, the deep pupil is like two abyss entrance, inside contains the secret.

He could feel a pair of eyes staring at him in Ye Chen's body.

The empty eyes even made him fear.

This is a threat.

Of course, he wanted to kill ye and kill heaven, but the soul clan sacrifice began immediately, and there was no mistake!

He can't gamble!

Behind Wan Yiye's killing the sky stands a top-level talent!

Soul clan sacrifice ceremony will be completely destroyed!

Of course, there is a more important reason, he found that ye Shitian's breath has something to do with the sacrificial objects.

Although I don't know what the connection is, it's definitely a time bomb!

He took a deep breath, stretched out his thin finger, pointed to the outside, and said, "today, soul clan sacrifice hall, I don't want to kill people! That's the door. Please get out of here

"Of course, you can choose not to leave!"

"However, I am always the elder who presides over the memorial ceremony of the soul clan. If you don't go away, if you don't open the soul clan memorial ceremony, even if you go back to the resources of various schools, I will not open it!"

Chapter 1403

This word a, ye Chen is a bit stupefied!

When did the soul clan elder become so kind??

Ye Chen is not the only one who has this idea, but also the three peerless beauties of Beitang Wuyang, bailixue and Beigong Ziyu. They all feel that all this is strange. Those who offend the soul clan elders in the past will be executed in an instant!

Even if it's the soul sword of the soul clan, if you ask more questions, it will be severely damaged!

It's the same as scrapping it!

That's the warrior of the soul clan. The white robe elder doesn't hesitate to abolish it!

But at present, the soul clan elder's way of dealing with ye Shitian is to step back and not take direct action. Is it afraid?

Or something else?

"Ye Shitian, don't go out!"

"Elder baikun, you are lucky to save your life! There is no hope of destroying my soul His highness Hongkun was the first to speak, with a cold look and a lot of marks of his hand.

After all, he didn't want to destroy the opportunity to enhance his strength because of a killing the sky by Ye!

The number of mourning places for the soul clan is extremely precious!

If you are defeated, how can the family blame!

"Yes! Ye Shitian, elder baikun, is extremely kind. Are you going to leave? "

Xuaninfinity was angry at the moment and said, "if you don't go away, you want us to have no way to participate in the soul clan memorial ceremony?"

"Do you want to die here if you don't go?"

Just now, your highness xuaninfinite and Hongkun!

It can be said that ye Chen has already attached great importance to him. He even regards Ye Chen as a strong man of his own level. He should have a good exchange of views in the future!

But now, ye Chen is not going!

They will not be able to participate in the soul worship!

It's equivalent to moving their inner interests. We have paid so much and come all the way to attend the soul clan memorial ceremony?

How can you kill the sky because of a little leaf!

Let everyone not participate in the soul clan memorial ceremony?

No way!

Absolutely impossible!

"Ye Shitian!"

"If you don't leave, I will kill you with my own hands."

The ancient capital of changyuyuan got angry and pointed to Ye Chen with his sword. He said angrily, "go away, now, you still have a way to live. But if you don't roll, I'll fight. No matter how strong you are, you will die on the spot!"

"You can kill Dugu FengChen!"

"Can you still kill us?"

Changyuyangu, Duanmu Qingyan, Hongkun, xuaninfinite, Youming 13!

Besides, your highness Feiyu Qiantian, there are six contemporary Tianjiao. If you don't include those three women, you can't be killed by Ye Shitian?

A lonely wind dust!

Can force ye Shitian's bottom card out!

If it is not the case, coupled with your strength is not weak, how can we let you leave!

If you are weak, you will be dead under the sword!

Warning you!

Get out of here!

It's for you to live!

"Childe

"Didn't you say you wanted to make friends with ye Shitian?"

"So now..." A young man on the edge of Changyuyuan said hesitantly: "if you help Ye Shitian now to resist the pressure of Elder Baikun, maybe Ye Shitian will miss our friendship!"

"Get out of here

Long fish source Gu one palm then this God King realm one layer sky Youth, flies ten meters, the face is more cloudy!

How could he not know that he could make friends with Ye Shitian!

However, as a result, all the talents of the Changyu family, including myself, could not participate in the soul clan memorial ceremony. So what's the use of coming this time?

He was also prepared to break through the Hunyuan kingdom here and take charge of an army to open up territory for the Changyu family!

How can you give up such a big profit in order to make friends with a genius!

"Ye Shitian, you are not welcome here!"

...

Even the fire cult, and even the fierce demon palace, the fish family, the hundred Li family and other voices have been resounding!

Now many people in the four schools and five families are angry at Ye Chen!

Ye Chen is here!

It's like breaking their chance this time!

Although Ye Chen's fighting power is high, he dare not do it!

But there is no doubt that there will be a roar!

Elder baikun stood in the center, enjoying the fury and scolding around him. He looked at Ye Chen with a smile in his eyes. He said slowly, "you see the situation."

"Not yet?"

"You are the object of expulsion."

"This elder said to open the soul clan memorial ceremony, then open it!"

"If I can't speak, I won't open it!"

Ye Chen is a little curious and even surprised. The elder baikun of the soul clan doesn't pay attention to the angry and abusive voice of the people around him. Instead, he is lost in meditation!The soul clan is domineering and cruel!

Even to their own people, are extremely cruel!

The wound of soul knife should be given by him. He doesn't need to give himself face like this?

According to the normal situation, the elder baikun of the soul tribe must take action. So today, the major forces are forcing me to leave?

There's something fishy about it!

Is it hard, afraid what I found?

What's wrong with soul worship?

In other words, I am a key figure who can not let me see the soul clan memorial ceremony, let alone participate in it!

But because of the Beigong family, they don't want to kill me, so they can only expel me?

Ye Chen looks back at the North palace purple jade, the North Palace family has such a big face?

No way!

If there is such a big face, other families and sects that are also the top ten forces will not force me to leave today, but to force elder baikun to open the soul clan memorial ceremony!

What is the reason for the other party's move?

Is baikun afraid of me, because he discovered the existence of reincarnation graveyard, or is he not willing to do anything because he is aware of the smell of some masters like ice sword xianzun?

Ye Chen heart out of a question, but did not speak to ask!

Because he knows that it is easier to expose himself by asking questions, and the control will be completely in the hands of elder baikun!

Soon, Beigong Ziyu had a conversation with Uncle Li and Zheng Bo. His face was a little ugly. Finally, he looked at Ye Chen and said, "master, you, you, please leave first."

Tangled for a long time, the North palace purple jade still decided to let Ye Chen leave!

She is the princess of the Beigong family. Everything must be considered by the Beigong family. What's more, ye Chen's leaving is just a lost chance!

If you don't leave, it's likely that the Beigong family and ye Chen are all targeted by various forces. In the end, the whole team of the Beigong family will have to leave, so let Ye Chen leave alone!

Hua Tianfan, Huadi fan and Du Bai did not speak!

They understand that this is not the time for them to interrupt. They are not qualified!

"Master, I can't help it. You leave first. I'll give you two Hunyuan immortal tools on behalf of my family. One is a worship ceremony and the other is a compensation for you. After all, it's the eight elders who asked you to come."

"But because of the situation, I can only let you go!"

Chapter 1404

"Sorry!"

Say, North palace purple jade bows to Ye Chen to apologize!

For the leader, her team members are forced to leave, and they can not retain, but also let them leave, is a humiliating thing, she not only feel sorry for ye Chen, but also feel that her strength is not enough, otherwise, where will there be such a situation!

"It doesn't have to be!"

"I wanted to leave long ago!" Ye Chen's eyes twinkle and stare at elder baikun, which is very meaningful.

Then ye Chen, with a smile on his face, said slightly, "you can do it. I'll go first."

Although that said, ye Chen can not really leave.

He felt vaguely that there was something wrong with the memorial ceremony of the soul clan!

If he doesn't pretend to leave, he can't find the problem!

Simply, leave first, and then come back with the help of astringency!

He wants to have a good look. What's wrong with the memorial ceremony of the soul clan!

"You should get out of here

"Go away!"

Xuaninfinity and the source of long fish can't help but curse!

"Ye Shitian!"

"Live well, your head is mine!"

With a faint smile, his highness of the nether world 13 was like a demon reincarnation, raising his hand and saying, "three days! Three days later, I will kill you and devour your power of annihilation after digesting the remnant thoughts I got in the soul clan memorial ceremony! "

The power of silence!

The way of extinction!

Ye Shitian must have this power!

Once his power is swallowed up, his highness of the nether world 13 must be able to cultivate the way of extinction. Who dares to fight against him if he does not reach the realm of creation?

"I'm afraid that when it comes, I will devour your power!"

"On evil and evil, no one is my opponent!" Ye Chen is not afraid at all. His own road of extinction was built by swallowing the enemy's power of annihilation, the road of extinction and Daoyun!

On swallowing!

what is netherworld thirteen!

"Ye Shitian!"

"It's a rare sight. I really appreciate you!"

Beitang Wuyang directly took out a magic weapon of flying boat and threw it to Ye Chen. He said with a light smile: "you may as well talk about it in the future! If you enter the kingdom of God, you will be invincible. You have great potential. I look forward to being friends with you

For her, ye Chen has great potential!

She was like Ziyu in the North Palace and wanted to talk with Ye Chen!

Learn from each other!

Especially Ye Chen's method of killing enemies across a great realm!

She was even more happy!

Ye Chen took over the boat and danced toward the North Hall. With a smile, he said, "thank you."

"Ye Shitian!"

"Then Bailixue threw out a unique long knife and said with a smile, "this is a keepsake. If you can come to my Baili family if you have a chance in the future, you and I will have a good talk about it!"

Bailixue is more direct and takes out his Keepsake as well!

Relatively speaking, the North palace purple jade will be a bit uncomfortable, after all, his master was released by the other two women before leaving, but he can't do so, how can he not feel uncomfortable!

Elder baikun didn't want to waste his time. He waved his hand directly and called for two soul guards from Shenwang state, "take ye Shitian away from me!"

Bang!!

When the two bodyguards of the soul clan approach Ye Chen, they are killed by Ye Chen and are seriously injured!

"I'll leave myself!"

"I don't need anyone to give me a ride!"

Ye Chen observes elder baikun's expression again, and finds that the other party is still not angry, so he becomes more suspicious. He simply jumps into the flying boat and leaves!

Elder baikun looked directly at Ye Chen after he left the soul clan territory. He nodded a little and said, "everyone, you can continue to exchange views."

Let's leave!

Long fish source Gu but said: "Youming 13, I see you are interested in ye Shitian?"

"That's nature!"

"This head, it's mine!" Youming's highness suddenly looked at changyuyuangu and said with a smile, "do you want to rob it?"

"No such interest!" Changyu Yuangu is a little weak. If you look at the surviving Dugu family, you can't help sneering. Fortunately, you didn't do it just now!

Otherwise now in miserable is oneself!

There are seven people in Dugu's family, and now there are four people in the divine kingdom!

"A hundred miles of snow!"

"Are you so optimistic about ye Shitian?" North Hall dance Yang asks lightly.

"That's nature!" Bai Li Xue Sha looked at Ziyu of Beigong and said with a smile: "if you are in the six layers of heaven in the Shenjing realm, you can easily kill the soul Sabre that killed the eight layers of heaven in the kingdom of God, and attack the Dugu FengChen who killed the four layers of heaven in the Kingdom of God!"

"If you are such a genius, you will be in a bad situation if you are promoted to the king of God!"

"The future is promising."

Potential!

Bailixue values Ye Chen's potential! The same is true of Beitang Wuyang. He thinks Ye Chen has great potential. Although he missed this opportunity, he may fall behind others, but he will catch up again. As for Dugu Fengchen, he may not recover until several decades later, which means that he has fallen into this echelon completely!

"North palace purple jade!"

"Now, your team is still the weakest."

"You can't keep your teammates. You're very good at Beigong Ziyu." "If ye Shitian is a member of my Beitang family, I will not let him leave," he said

"Sharp tongue!" Beigong Ziyu ignored her, sat down and refused to be challenged by other teams. She was in a complicated mood!

Li uncle and Zheng Bo are helpless!

What's the matter today!

.....

Soon!

Two hours later!

The big families had a discussion with each other, and the Beigong family finally went to war!

In addition to Du Bai, Hua Tianfan and Hua Difan, and Beigong Ziyu, the other two are seriously injured by the Dugu family and the fierce demon palace!

Zheng bodu had to ask for help and asked the family to send other young people to attend. If it was too late, Zheng Bo and Li Shu might personally attend the soul clan memorial ceremony!

As for the four schools and five schools!

In addition to Dugu's family, each of them lost one or two people in the challenge arena, but they didn't want to consume each other. On the contrary, we should not consume them together!

"The people from the palace of wanjiandi are coming!"

"Welcome together Elder baikun's voice pierces the surrounding area for hundreds of miles!

When Ziyu of Beigong and Wuyang of Beitang look up, there is a huge flying boat in the shape of ice sword in the sky. The endless sword spirit radiates out, which has the power of earth shaking. It seems that everyone can be killed in a moment!

"Welcome to wanjian emperor palace!"

"I am baikun elder of the soul clan!" Elder baikun is embracing his fist!

"Elder baikun has a heart!" A green robed elder came down slowly from the ice sword boat.

The green robed elder looks very young, but his whole body exudes red and blue luster. Obviously, he is a great power who understands the laws of time and space. He should be in the realm of nature, and can be called immortal!

"Qingjianxianzun comes in person!"

"This time, how can you pay so much attention to it?"

Elder baikun smiles and opens his hands to meet the people of wanjiandi palace. He says, "in the past, you were all led by your thousand sword God King. Today we come to xianzun, which really makes our soul clan shine!"

Chapter 1405

Wanjian emperor palace!

Once upon a time, he was the leader of the team!

That is to say, the thousand sword God King in elder baikun's mouth. He was in the middle of the state of Taoism, and his fighting power was superb!

If he leads the team, he is not afraid of any problems of the soul clan. Even if there is a problem, he can temporarily stop two or three powerful people of the soul clan from attacking fiercely, which is absolutely safe!

Why is it Qingjian emperor Zun leading the team today?

The palace of wanjian emperor is located in the northern region. The reason why it is called wanjian is that there are swordsmen in the realm of the king of gods and the realm of unity of Taoism, and there are more than 100 God kings in the realm of Hedao. Among the 18 swords, xianzun sits in the town!

The emperor of wanjiandi palace is also a Xingqiao realm, which is called the true God. It is only one step away from entering the realm of Fengshen!

Although it is not as good as the dragon family, it is also a huge force. It belongs to the superior clan and is still above the top ten forces such as the Beigong family!

"There are some special people coming this time!"

"I was the descendant of the elders of my Imperial Palace at that time!"

"Fifty thousand years ago, the seventh elder of wanjiandi palace, Bingjian xianzun, disappeared unexpectedly. I don't know the life and death! He stayed in the palace, and some of his skills were accepted by a disciple of his family by chance, so I sent this disciple here! "

"First of all, I want to see if this disciple can capture a strong person's residual thoughts and achieve the goal of harmonious Taoism."

"Reappear the ice sword xianzun in those years, which shocked and killed the power of the 18 southern regions!"

"Second, this time the dragon family comes to a dragon Zun. Naturally, our school can't lose its prestige!"

After saying that, the green sword emperor respects a wave, 15 young people come down from the flying boat!

The young man headed by him, wearing a light blue robe and carrying a long sword, is handsome and extraordinary. He has the fighting power of the eight layers of heaven in the divine Kingdom, and his age is similar to that of Youming 13. He is named Wang qingjue, and he is the one who has inherited the skill of ice sword immortal's residence!

Wang qingjue slightly clasped his fist and said, "the ice sword immortal is also my ancestor!"

"It's my honor to be handed down by his old man!"

"This time, elder baikun will be bothered!"

"Easy to say, easy to say!" Elder baikun nodded slightly and glanced at the other 14 people!

Ten thousand sword emperor palace other 14 people!

Seven people are three layers of heaven, three are four layers of heaven, one is five layers of heaven, one is six layers of heaven!

Wang qingjue, the leader of the team, is the eight layers of heaven in the divine Kingdom, all of them are about 20 years old!

Such talent, such realm!

It is worthy of being from such great forces as wanjian emperor palace. By contrast, changyuyuangu and his highness Hongkun come here for cultivation, which is nothing!

Even if Wang qingjue is excluded, there are two people in the palace of wanjian emperor to crush them, and there are three people who can shoulder them!

A palace of wanjian emperor!

It's worth three or four families!

"Good, good!"

"Please take your seats."

"The dragon family will be here soon." Elder baikun personally ordered the bodyguard of the divine kingdom to bring more than a dozen sandalwood chairs and tables for these geniuses to sit down!

Here comes the man from the palace of wanjian emperor!

People from four sects and five families booed immediately!

Dare not speak, strength is inferior to people, naturally dare not be arrogant again!

But at the moment, behind a huge stone on the edge of the memorial ceremony, there is a person standing coldly!

This person's whole body array circulation, is extremely strong spirit spirit power coverage!

Nature is Ye Chen!

After ye Chen goes out of the soul clan territory, he turns around and sneaks back here with the help of the spirit power of the reincarnation graveyard and the breath holding array!!

Although the soul clan has great power, the power of spirit and array means of reincarnation cemetery power are more terrible!

"Master!"

"Your skill has been inherited!"

Ye Chen said in the tomb of reincarnation!

The ice sword immortal could not see whether he was happy or angry. He gradually said, "when I went to the nine Jedi, I did leave my skills in my palace before I left. I felt that if I had an accident, some disciples would inherit my skills!"

"The Lord and the elders! Knowing that I have been missing for so many years, no news has come, although the soul crystal is not broken! But it's normal for my disciples to accept my skill inheritance! "

Wanjian emperor palace!

After all, it is a sect, and the elder has been missing for tens of thousands of years. Only then can the disciples go in and accept the inheritance of the skills!

It's already excellent!

At least they didn't let their disciples accept the inheritance of the skills when they were missing for a period of time, which means that they have confidence in the immortal master of ice sword. However, after so many years, there has been no news about the immortal statue of ice sword! Only then let the disciple in!

They hope to cultivate another jianzun in the realm of nature and restore the strength of wanjiandi palace!

"Qing Jian Xian Zun!"

"When I left, it seemed that he was only the second heaven of the divine kingdom!"The ice sword immortal also knew the green sword immortal Zun who led the team. He sighed: "ten thousand years later, he was promoted to the fourth layer of the heaven of the creation world. He is a little weak! However, I have been trapped for thousands of years, and I can't cultivate myself. In sum, my realm is lower! "

If you didn't get trapped in the middle of the state of creation of wanjianxianzun, now, at least, it is the peak of the nine layers of heaven in the realm of creation?

If you have good luck, you may have been called true God. Join the Presbyterian!

To sum up, he thinks that others are slow in practice!

But his cultivation has been stagnant

"Disciple

"If you have a chance, help me test Wang qingjue!"

"He can only be regarded as an inner disciple when he accepts my skill inheritance, and you are my true disciple, even a Taoist disciple!" "You are not as good as him, but you are his elder martial brother. If he goes against my original intention and betrays the clan, you have the right to kill him!"

"Understand!"

Ye Chen wryly smile, oneself for no reason more than a younger martial brother?

Forget it, this younger martial brother just looks at him, and doesn't care if his character is OK!

If you really forget your ancestors!

Kill directly!

They have the right to clean up the school's scum!

Ye Chen is still exploring on the edge, trying to understand why elder baikun would rather let others force him to leave, but not personally.

Soon, another pure white dragon aircraft came!

The first one was dressed in a white Dragon Robe. It was as if Chang'e came down from the moon!

"Welcome the white frost dragon!"

"Long Zun is here in person. My soul clan is very happy." Elder baikun still comes out to meet him in person!

White frost Dragon Statue!

This time, the leader of the dragon family, the Dragon Zun of the six layers of heaven in the realm of nature, is only leading his disciples to attend a soul clan memorial ceremony. We can imagine the power of the dragon family!

Dragon family, but the top family with half step saint!

Fighting with the Shenglong family has been going on for thousands of years. The head of their fengmenjing family has been fighting with the master of the Shenglong family for decades. On the way, they killed hundreds of gods and princes of the two kingdoms, one of the two giants in the northern region!

Northern region, as the most vast one!

There are two overlords, the holy dragon family and the dragon family!

Chapter 1406

The families of the descendants of the two dragon gods are all top families. They have Lingxian palace, Wanxian palace and other forces. Even the wanjian palace can only show that they are subordinate to them, but can not fight against them!

"Bai Kun!"

"This time I'm here to attend the memorial ceremony of the soul clan!"

"I'm in a good mood, so I came with my people!"

"You must know, such as you and so on lowly race, does not have the qualification to let me come!"
Although Bai Shuang Long Zun is a great country and city, he does not give the soul clan and baikun elder any face when he speaks. He is not like the green sword immortal Zun. He looks down on the soul clan from the bottom of his heart!

Even the spirit of the family is hard to resist!

Therefore, for Bai Shuang Long Zun, what's a soul clan elder who is in harmony with Taoism!

"Welcome, welcome!"

Elder baikun is still smiling, just a little embarrassed!

He immediately clasped his fists and said, "welcome to my soul clan, please take your seats, there will be an hour to open the soul clan memorial ceremony!"

Bai Shuang Longzun ignored him and took his people to the center of the crowd, proclaiming his own strength!

Ye Chen on the edge, still not found, is quietly looking at the strong dragon family, 15 people!

It's just that the shielding power of ice sword immortal Zun on him can not be sustained for a long time!

Ye Chen is a little curious about the younger generation of the dragon family.

The leader of the team is the Dragon pride of the three layers of the Hunyuan kingdom. He is the same age as Youming thirteen, but it is higher than the great realm of the nether Thirteen!

Relatively speaking, Wang Qing never dare to speak out, and his realm is much lower than long Ao!

Among the other 14 members of the dragon family, the lowest is the sixth heaven in Shenwang state, three in the sixth heaven, five in the seventh heaven, two in the eighth heaven, two in the Ninth Heaven, one in the first and one in the second in Hunyuan!

Fourteen!

Just fourteen people!

Can be comparable to an elite army of a sect, not to mention the ice dragon Zun of the eight layers of heaven in the creation world!

So powerful, so powerful, worthy of being a big family!

Only this team of dragon family can sweep the ten forces including wanjian emperor palace!

"How strong!"

"Twenty year old Hunyuan Kingdom, three layers of heaven!"

"What a genius!" Ye Chen sighed with admiration, and suddenly looked at the nether thirteen. At the moment, he was sitting like a good child. How could he be arrogant just now!

You Ming 13, your highness! It can't be compared with that of wanjiandi palace and Shenlong family master at all!

After all, one comes from a middle sect. To compare with a person from a superior sect or a top family leader, it's not about looking for death!

Soon, time flies!

When elder baikun saw that it was almost midnight, he announced with a smile, "ladies and gentlemen, the memorial ceremony of the soul clan begins!"

He waved and called, "bring ten girls to the altar together!"

"Yes, elder!"

Soul Sakura went down to the dungeon with ten girls!

At this moment, all ten girls are dressed in white, with Ancient Runes painted all over their bodies. In their hands, they are bound with dark iron chains, one by one, which can not be broken even in the Hunyuan realm. They are actually used to lock ten girls in the realm of emperor's respect and in the realm of God!

In an instant!

All eyes looked at the past!

Ten girls, four bodies without leakage, five places with thousands of unique features, and one body of all souls!

This is a special constitution!

"People of this Constitution!"

"Even if you don't get any damage or treasure, you can get to Hunyuan state!"

"As for the realm of harmony, it depends on the situation." Wang qingjue said faintly, some don't give up Mo like, with other people's lives to complete themselves, he is always some not used to!

"Ten garbage constitutions!"

"Let Ben Longzi step into the realm of harmony."

"It's their pleasure!" Long Ao is as proud as the name of everything, does not care about the lives of these ten girls!

For him, he is the supreme dragon!

It's the honor of mole ants to trade their lives for their cultivation and promotion!

Bang Bang ~ ~

Bang ~ ~

Bang ~ ~

as the girl moves forward, the dark iron chain falls on the ground in turn, making a heavy sound!

It was Hun Ying who was the first to grasp the iron chain. She came to the back of elder baikun and said with a smile: "elder, people are ready. Let's go!" She was shaking as she spoke!

I'm nearly 30 years old, just in the middle of Hunyuan!

If it is not lucky to catch Ji Lin back, how can you get the opportunity to participate!

"Good!"

"Twelve are ready!" Elder baikun glanced at the twelve genius spirits including Hun Ying, then looked at Bai Shuang Long Zun and Qing Jianxian Zun, and said with a smile, "let's go now!" All the people present were excited to the extreme!

This is the chance that anyone in the room is dreaming about day and night!

It's coming!

How can you not be excited!

But!

Everyone didn't notice the land of the soul clan corner. The ground was cracked!

More like a spider web spread!

All the vegetation around is like a blade!

And on the broken leaves stood a young man!

The young man clenched his fists and his eyes filled with rage!

The body trembled violently!

A suffocating anger seems to be a fierce beast to rush out of the youth's body!

This young man is Ye Chen!

How could he not be angry!

His eyes are fixed on a thin body!

Blood all over the place!

Because the owner of that body is Ji Lin!

Ji Siqing's sister!

The girl who loves to eat snacks!

The girl who has been guarding him with her petite body for five years since he stepped into Kunlun!

That threatened to leave Chen in Huaxia package all snack factory, only for her one person to provide the girl!

He Ye Chen, once promised Ji Siqing to protect Ji Lin!

This is his reward for the two sisters of the Ji family over the years!

I thought that Ji Lin had no worries about food and clothing in Kunlun!

But now, he broke his promise!

He didn't know why Ji Lin appeared in Lingwu!

I don't know why it became the sacrifice of soul clan!

He doesn't care!

Now Ji Lin is injured all over! Weak!

It is bound by the cold chain!

Like a slave!

Like ants!

Not dead or alive!

There is no word to describe the anger in Ye Chen's heart!

How angry! As if to devour Ye Chen's whole body!

In an instant, the whole body of Ye Chen is haunted by endless flames, countless magic lights rise from the sky, and the strong breath dominates the world.

"Boy!"

"Wait a minute!" Stop the sound of sunlight Buddha!

"Don't do it now!" The moonlight Buddha also sensed Ye Chen's anger and said in a hurry: "it's not suitable to start now. They won't die immediately. When you all go into the airspace, you can save Ji Lin midway."

"No way!"

"Absolutely not!"

"In that case, Ji Lin will also suffer heavy losses. I promised Ji Siqing to take care of her sister!"

"How can I let accumulation suffer heavy damage, even coma for a lifetime, impossible, absolutely not!"

Ye Chen is so angry that his eyes of the devil are unfolding. His breath is rising rapidly. "Three masters, with my strength, I want to rescue Ji Lin and kill him again!"

"He Dao Jing!"

"The realm of creation is nothing!"

"Those who dare to move my Ye Chen will die!"

"Good!" The three masters hesitated for a few seconds, and finally nodded at the same time, and each of them played their own power to join Ye Chen's body!

In an instant!

A burst of explosion crowns the world, across all people's ears!

Chapter 1407

"Boom

The sound of this sound is like a million miles around!

Even the people who took part in the soul worship ceremony couldn't respond.

Around the sudden surge of smoke and dust, obscured the sight of all the people present.

"What happened?"

"Did anyone destroy the ritual of soul clan?"

"With so many forces in charge, who is so bold! Crazy

The northern palace purple jade eyebrow tiny frown, Zheng Bo and the North Palace family strong person death guard her.

Once there is a sudden situation, it is necessary to protect the northern palace purple jade at all costs.

Not only the Beigong family, but also most of the families present!

Stand by!

However, there was no fluster in the palace of wanjian emperor and the dragon family.

I don't seem to care at all.

At the moment, people's eyes are tightly staring at the dust.

The smoke gradually dissipated.

The figure of a young man is revealed!

When you see the young man's face, everyone is confused!

It's him!

Beigong Ziyu's heartbeat seems to stop!

"Master How can the master come back? "

"How can the breath of the key master become like this?"

"And master's eyes are so strange and cold!"

The North palace purple jade felt an endless sense of killing!

This is what she never felt on Ye Chen!

Like the devil from hell!

At the moment, ye Chen is like a demon, his eyes are like ice, and his breath has reached a level of terror!

With the help of three masters, the power of two combined Dao artifact and dozens of Hunyuan immortal tools are extracted and thoroughly integrated into the body, so as to give out the extraordinary combat power!

But it won't last long!

And must bear the terrible pain after the end!

Ye Chen has no choice!

He must rely on the strongest power of the reincarnation cemetery!

This time, to rescue Ji Lin, it must be more or less dangerous!

He can't have any hands left!

Even at the cost of life!

Only for the promise once made!

Hoo Hoo Hoo!!

Whoosh!

The sky is full of wind and thunder, countless strong winds are howling, and a breath of silence is diffused, as if the end of the world is coming!

All of them come back to God completely, and they are sure it's ye Shitian. They can't help but look shocked!

"Ye Shitian!"

"You dare come back!"

"Ye Shitian, what are you going to do?"

"Go back!"

His Highness xuaninfinity and his highness Hongkun yelled out one after another!

They didn't expect ye Shitian to come back!

But changyuyangu and Feiyu Qiantian have changed their looks. Naturally, they also notice that ye Shitian's breath is not right!

Ye Shitian!

How can the breath of harmony be broken out?

There is a big gap between the spiritual realm and the harmonious realm!

Of course, Lingwu also has a secret way to improve! But once you do this, the warrior will be destroyed for a lifetime!

After all, the body of a warrior can't bear the power!

The price is too high!

Ye Shitian is crazy! Destroy your own foundation!

Why did he come back?

And why do we need to break out the breath and fight to the death?

We have not completely offended ye Shitian, nor have we declared war completely. What is ye Shitian going to do?

"Ye Shitian!"

"You dare to come back!"

"My highness sucked you up today!" The thirteen princes of the nether world burst out their own blood power, and behind them emerged a virtual shadow of Ying long in the size of 50 Zhang, which was a broken four stream blood vessel, and burst out a breath comparable to the mixed world!

For him, the soul clan ritual cannot be broken!

Moreover, he wants to establish an image in front of those two mainstream forces!

Whoosh ~ ~

the netherworld 13 flies away from the sky, extremely powerful, and vows to kill ye Shitian!

He is worried that he has no time to seize ye Shitian to devour the power of annihilation. It is a good thing to send ye Shitian to the door in person!

His eyes exude the lustre of hunger and evil spirit!

Ye Shitian!

Just in time!

"I don't want to kill."

"I just want to take Jilin now."

"If you stop, no matter where you come from, I will make you regret coming to this world."

Ye Chen's faint voice rings out.

Ji Lin?

The nether world thirteen coldly snorted: "I care who you want to take away! If you dare to pretend to be forced in front of my highness, my highness will let you kneel down and beg for mercy

Youming thirteen with Yinglong virtual shadow toward Ye Chen devour and go! Plan to kill Ye Chen!

Ye Chen's cold eyes slightly raised, blood all over, extremely ferocious.

Just as the nether 13 approached, ye Chen's voice sounded again: "death!"

And then!

Shadows flash by!

Too fast!

Before they could react, they heard a penetrating sound!

Pooh!!

A piece of blood flies tens of meters!

The fifty Zhang shadow of Ying Long was cut off by the sword of the dead, and immediately burst into countless crystals!

Now ye Chen's power is not simply a state of mind!

He was promoted by the power of reincarnation cemetery power!

What's the qualification of Youming thirteen!

At this moment, the ghost 13 looked shocked, and his chest was pierced by the demon gun. His face was unbelievable and full of blood, "impossible! It's impossible. I don't believe that you are really capable of fighting in the right way. "

"I don't like it!"

Not reconciled!

How can a low-level waste break out such a powerful fighting force!

"I'll say it for the last time

Bang!!

With a burst of sound out!

Ye Chen absorbed his power of annihilation and killing, and his state of mind was improved. He directly entered the seventh level of the spiritual realm, and his body also reached the fourth level of Huagang period. Although there was a steady stream of power pouring out to repair the body, the physical body still could not withstand the fusion of various forces and was gradually in the process of collapse!

Obviously Ye Chen needs a strong body now!

His flesh can't bear the power now!

But ye Chen still insisted on gripping his teeth!

He can't show any decadence.

His remaining light always pays attention to Ji Lin, who is bound to be extremely weak!

His anger never died out!

Ye Chen holds the ghost gun and walks towards Ji Lin step by step.

Every step affects everyone's heart.

North palace purple jade subconsciously covered her mouth, her delicate body trembled, her eyes red!

She knows better than anyone what kind of influence Ye Chen's actions will have on Lingwu land today!

It's like breaking your own back!

Dugu family! The evil palace where Youming 13 is located! None of them is easy to provoke!

She doesn't understand!

I don't understand why the master died!

Why not offend any powerful force!

Master is from the world of low martial arts!

He has no background and power, how to face these people!

The North palace purple jade looks toward the fierce demon palace, suddenly discovers that the latter has already started!

Set off with endless anger!

"Ye Shitian!"

"You want to die!"

"Ye Shitian, Lizi an dares to do so!"

"You die!"

In an instant, two Dharma protectors of the nine layers heaven of Hunyuan state and six disciples of Shenwang state in the fierce demon palace will fight together to kill them!

Chapter 1408

The force of two laws of space stirs the storm and tears the void!

Six gods and kings are flying in the sky. We want to break out a desperate war!

Your highness Youming 13!

Fall!

Then, they can't live!

Maybe only by killing ye Shitian can they have a way to live, so they must do their best! Because they sensed a huge message when his highness of the nether world fell. The thirteen spirits of the nether world were broken. Even some of the power of the spirits stored in the palace of evil spirits had already burst out!

This is the means for those who are strong in Taoism!

From a long distance, according to the cause and effect, destroy the power of the spirit cut by the opponent, and completely eliminate the possibility of the other party's resurrection!

Now the nether thirteen is really dead!

Different from Dugu FengChen!

They didn't even have time to think how ye Shitian could master this power!

Therefore, the two Dharma protectors and six disciples of the evil demon Palace are crazy. They attack and kill Ye Chen recklessly. Even if they die in the end, they should kill Ye Chen to avoid the anger of the palace master!

Whoosh!!

Whoosh!!

Dozens of sword Qi pierces the sky!

"Why stop me?"

"I said, I don't want to kill."

"But it doesn't mean I dare not kill."

The voice of Ye Chen falls slowly, seeing the shadow fall one by one!

With his other hand, he directly sacrificed Zhushen sword, and with absolute power to attack and kill, he directly annihilated the six Shenwang disciples in the fierce demon palace!

The way of God and king is constantly falling apart.

Ye Chen has no compassion. He knows that if he doesn't give up his dead hand, he will die today.

He grabs six corpses and directly sucks the strength among them. The flesh body is also rapidly changing!

Six vigorous phase of the first and second-order flesh body!

Enough to make his body move forward!

His body now craves power!

"I didn't want to kill the people in the evil palace!"

"But since you want to die!"

"I'll help you!" At the moment, ye Chen's eyes changed into magic light, just like ancient demons. He suddenly clenched the sword for killing gods and the gun for killing souls. At the same time, he broke out an absolutely powerful attack, "the sun and the moon cut empty!"

Hoo Hoo Hoo!!

Hoo Hoo Hoo!!

In an instant, a dragon and a phoenix burst out!

Dragon virtual shadow with the power of the law of time, as if to change the speed of time, imprison two evil palace Dharma protectors!

With the strangling power of the law of fear, Fenghuang Xuying turns into dozens of space sharp blades, directly smashing the two Dharma protectors!

Ye Chen quickly takes the pieces of the body and absorbs them into his body. He improves his physical state and directly steps into the fifth level of Huagang period. However, this can only ensure that his body can bear this force without breaking up!

"Ye Shitian!"

"How vicious

"How can you kill the people in the evil palace?"

His highness hung Kun's face was completely cold, even a little afraid!

The ranks of the fierce demon Palace are similar to him, even stronger than him, but they are all wiped out by Ye Shitian in an instant.

The fierce devil palace is invincible, let alone him!

At this moment, xuaninfinity, Feiyu Qiantian and changyuyuangu shut their mouths directly!

You're kidding!

You Ming 13 and its fierce devil palace!

In an instant, ye Shitian died in the hands of Ye Shitian, and ye Shitian's realm and body became stronger and stronger. They would not stop him, but let the soul clan's people come by themselves!

Now ye Chen is the devil in their eyes!

More terrible than the evil palace!

The key is that they still don't understand. Ye Shitian didn't leave for a long time. He came here with towering anger for peace!

More like killing all the people present!

"What's going on?"

"Why is he so angry?"

Bai Li Xue and Bei Tang dance Yang are all in a state of shock.

One is surprised that ye Chen's combat effectiveness is so high!

Secondly, he was shocked why Ye Chen was so angry that he directly killed the troops in the evil demon palace and even walked in the direction of elder baikun!

The sacrificial ceremony of the soul clan is extremely important!

Does Ye kill naivety want to destroy?

The strong men of dragon family and wanjiandi Palace are here!

Does he think about the feelings of these people?

Elder baikun naturally noticed that ye Chen was coming towards him. His wrinkled face was full of doubts.

There was even a little uneasiness.

"Ye Shitian!"

"What are you going to do?"

"You dare to kill people in my soul clan. Do you really think that no one can restrain you?"

Elder baikun directly sacrificed his weapon, and at the same time, hundreds of bodyguards from the divine Kingdom poured out around him! He waved a hook and sickle gun and pointed at Ye Chen. His killing intention was released. He said, "you go back now. I can spare you from dying!"

"As for the enmity between you and other people, it's up to you to deal with it yourself."

Damn it!

Ye Shitian, the animal, has not left yet!

Originally, I wanted to avoid this little beast, so as not to have a lot of dreams at night. What happened!

Unexpectedly, this little bastard is stubborn!

"Go?"

"Today, as long as ye Shitian is still alive, the soul clan's sacrificial ceremony will not continue!"

"My friends, I have to take them away!"

As soon as this word comes out, people take a breath!

Ye Shitian really wants to destroy the spirit clan ceremony!

This is a war with many forces!

Ye chensi ignored the reaction of the crowd and flew straight to the ten girls!

Just want to reach out and break the chain of Ji Lin!

"Do it! There is no mercy for killing

Elder baikun can't sit still! Roar straight up!

In an instant, a hundred bodyguards of the kingdom of gods all killed!

How can the soul clan let Ye Chen destroy the ceremony!

Hum, I don't know how easy it is for Ji Lin to take away his whole body!

Turning his head like a madman, one sword stabbed out a violent whirlpool of sword spirit, and directly strangled more than a dozen bodyguards of the spirit family in the first and second layers of the divine kingdom!

With his cultivation, he can kill people in the seven layers of heaven, not to mention the power of reincarnation. The bodyguards in the kingdom of God are like killing chickens and ducks!

It's just that everything has many restrictions!

Even after saving Ji Lin, the cultivation will fall and the foundation will be damaged. Ye Chen and ye will recognize it!

"Ye Shitian!"

"You dare to destroy the chains of dark iron and take people away!"

"It is the enemy of our soul clan!"

"The soul clan, and even the soul hall behind the soul clan, is not something you can touch at all!"

"Even if you use the secret method to improve the realm for a short time now!"

"Do you think about the consequences of promotion?"

"You will die! What a terrible death! Even the Beigong family

Elder baikun gave an ultimatum directly.

Ye Chen took a look at Ziyu in the North Palace, hesitated for a second, and said, "Ziyu, if I leave alive today, I will surely repay you!"

"And more!"

Ye Chen looks at the crowd, the cold voice resounds through!

"Today's affairs are all done by Ye Shitian alone, and have nothing to do with the Beigong family!"

"This is the grudge between me and the soul clan!"

"From now on, I Ye killed heaven and fought with the soul clan! Never die

Chapter 1409

Bang bang!!

Pooh!!

Pieces of corpses flying out!

are all the gods and gods of the soul race. They are on the ground, and their bodies fall on the ground. They are instantly turned into bones. The wind swept away into the sky, and the essence of the body was absorbed directly by Ye Chen.

At this moment, ye Chen's physical body is more horizontal, which is directly comparable to the physical body of the five layers of heaven in the kingdom of beauty!

Barely bear the strength, about to step into the Huagang phase six!

Maybe the devil's eyes are more and more angry.

In people's eyes, ye Chen is a demon now!

But in Ye Chen's opinion, he is a devil! It's also the devil guarding the people around you!

If I become a Buddha, there will be no devil in the world; if I become a devil, what will happen to me!

This time, ye Chen opened many forces at all costs, including the power of blood, the power of three masters, the power of two combined Dao artifact and more than ten Hunyuan immortal tools. It was the most powerful moment to accept the power. If it was not for the physical body, I'm afraid he would have burst out!

In addition, ye Chen's promotion into the realm of God is the melting of a Hunyuan immortal tool, which can only bear down!

At the same time, he has and can release the laws of time and space for a short time. As long as he can bear the time, he is a strong man in the realm of Tao, sweeping away the kingdom of God and entering the realm of God!

"Little beast, how dare you fight with the soul clan! Are you sure you have the qualification?" Bai Kun's old face was completely black. "The soul clan people listen to orders. If anyone kills ye Shitian, I will give him endless opportunities! Even breaking the rules

Once this word comes out, the strong people of the soul clan are breathless!

Even look at Ye Chen's eyes, full of greed!

It's like seeing prey!

This is the land of soul clan, and they are so many people!

If you can't win a kid, it's really a joke of the soul clan!

Innumerable figure again toward Ye Chen and go!

With his hands behind his back, elder baikun took a look at the people of the dragon family and wanjiandi palace and continued: "I know what you are going to do!"

"These sacrificial objects are the key to the ceremony. You can't take them away! Their value is sacrifice

Hearing this, ye Chen's anger is burning more and more!

"Sacrifice! Ridiculous

"Do you really think you can take charge of everything

"I don't care how important the ceremony is! All I know is that my friend can't die

"If you want to die, you have to step on me, ye Shitian!"

Ye Chen turns around and shoots out a gun. The gun Gang turns into a dragon. It penetrates 17 bodyguards who are in the state of mind and king. He shakes the body of the gun again, and the extremely powerful magic power radiates out, which directly damages the soul Ying who wants to kill Ye Chen!

He looked at the twelve youth of the soul clan, and his expression was gloomy. "Do you want to use my human soul to offer sacrifices to the altar and gain strength?"

"Sorry, I don't agree!"

"Ah..."

A scream came out!

Capture Ji Lin's soul Sakura and eleven spirit family talents in the early stage of Hunyuan kingdom!

Ye Chen directly uses the soul destroying magic gun to kill all of them. Then he absorbs the power of Tao Yun and the body to strengthen himself again. Although it is a breakthrough, his own noumenon is more powerful!

Absorb the power of his source and body!

Strong self!

This is the same as the magic way!

However, ye Chen never used it to innocent people, but to his own enemies. In any case, the enemy will eventually die. Absorbing its strength and Tao Yun can make the best use of everything!

Perhaps because the movement is too big, slightly comatose Ji Lin opened his eyes.

It's hard.

It's painful.

Rays of light came into the eye.

Ji Lin faintly saw a proud youth figure.

This figure is very familiar.

The fuzzy world is waking up.

Ji Lin's face full of tears appeared a smiling face for the first time.

"Ye Chen..."

"You still come I knew that. "

"You still owe me snacks, you promised me to find my sister, you..."

The voice of weakness is getting lighter and lighter.

Ji Lin closed his eyes again.

She is too tired.

Ye Chen's heart seems to be touched by something soft, and the cold killing intention converges briefly.

He laughed.

It was a touch of warmth.

Only belong to Ji Lin's warmth,

"Jilin, I'll take you away."

Ye Chen's magnetic voice falls.

Click!

Ye Chen directly broke the chain of dark iron and held Ji Lin in his arms. He haunted the whole body with the spirit killing magic spear and the sword of killing gods. He constantly released the laws of time and space to resist the fierce attack of the powerful soul clan!

He looked at the other nine girls in a twinkling of an eye! Anyway, other people are also captured by the soul clan!

All right, save it together!

"Ye Shitian!"

"You dare to take away the soul clan sacrifice, you are looking for death!"

Bai Kun was so angry that he offered a token directly. He suddenly changed his soul family and gathered many powerful people from all directions!

Among them, there are tens of thousands of people in Shenwang state, hundreds in Shenwang state and dozens in Hunyuan state!

There are even several elders in the realm of Taoism, who are completely encircling Ye Chen!

This is a dead end!

No one expected that baikun elder council would use this power!

"It's over!"

"It's over..."

Du Bai looks pale. Seeing such a scene, he almost faints!

North palace purple jade did not expect, will be this situation.

She looked at Zheng Bo with tears in her eyes. Before she spoke, she was interrupted by Zheng Bo.

"Miss seven!"

"We can only protect ourselves!" Zheng Bo spoke ahead of time. He and Li Shu worked together to arrange a space barrier to wrap the northern palace purple jade. At the same time, he appealed to the Beigong family for help. As for ye Chen?

They can get angry themselves!

You can't protect yourself!

Not to mention Ye Chen, can't protect!

Unless ye Chen has his own means, he will die today!

"How courageous

"Is this a war against our ten families, the soul clan, the dragon family and the palace of wanjian emperor?"

"As long as I'm there, you don't want to leave!"

His highness Hongkun said coldly, but his heart was filled with joy. He hoped that the soul clan would kill ye Shitian!

Ye Shitian is so arrogant!

Must be killed!

Otherwise my face will not be saved!

Hua ~ ~ ~

a powerful sword Qi breaks through the layers of defense and falls directly on Hongkun and his party!

With a burst of sound, Hongkun and his party of seven people, plus two Hunyuan nine layer heaven protector, directly injured!

"I've long been offended by you!"

"Beitang, Baili and Beigong families left quickly!" Ye Chen looked down on these powerful people of the soul clan. He not only showed a smile, but also said, "today I want to kill a lot!"

"If anyone obstructs, the consequences will be at your own risk."

As soon as you say that!

Beitang Wuyang, bailixue and their two big families were quickly taken away by their two Dharma protectors and fled to the distant mountains to watch the battle!

The North palace purple jade returns the future and the reaction comes over, was taken away by Li uncle!

Chapter 1410

On the edge, people like Feiyu Qiantian, changyuyuang, Dugu family and Duanmu Qingyan are naturally angry!

The ritual of soul clan is very important to them!

How could Ren Tianye destroy it!

The key is wanjiandi palace and dragon family nearby!

Naturally, they want to take a stand!

Maybe with the help of this opportunity, you can climb the high branch directly!

This is much more important than the improvement of strength!

Therefore, many families are toward Ye Chen!

The killing machine has spread!

Ye Chen Mou son is cold, to any block his existence all does not leave a hand!

Under the shadow of sword and sword!

Ye Chen's people are dead and injured!

So far!

Ten forces!

Get out of Beitang, Baili and Beigong!

The other seven forces, this trip to the soul clan, has suffered heavy losses!

"Ye Shitian!"

"Do you know what a disaster you have made today! You dare to attack and kill people of the seven major forces. You are really not afraid of anything! "

Elder baikun personally controls the Hedao artifact attack, but he doesn't open Ye Chen's defense for a moment!

"What about the seven forces?"

"Now that I have killed my heart, I will strangle all threats in the cradle."

"What's more, what about your soul clan and the seven major forces that want to stop me today?" Ye Chen is not afraid at all. He still releases the power of two Hedao artifact and eighteen Hunyuan immortal utensils. If he is not strong enough, he will draw from hundreds of Shenwang tools!

He's alone!

But it has the same background as two inferior sects!

In a short time, it can still hold on!

"Qing Jian Xian Zun!"

"White frost Dragon Statue!"

"Ye Shitian, this son, dares to destroy the memorial ceremony of the soul clan!"

"You two families wait a moment, my soul clan will kill this son!" Elder baikun is completely crazy. The master is not here. He is the most powerful person at the moment. In an instant, he offers several tokens again!

He announced, "eight gods set up the battle!"

"The eighteen venerable masters will cooperate with 180 gods to set up another time!"

"Even if ye Jitian is really a martial artist in the realm of Taoism, he will be ground to death

Ye Shitian!

Even if you are in the realm of Taoism!

I have appointed eight elders of the soul clan, eighteen Dharma protectors of Hunyuan realm and 180 disciples of Shenwang realm to kill you!

Don't believe you can live!

"Yes

"Understand!"

.....

The eight voices appear, and then the figure falls from the sky, occupying the position of the eight trigrams respectively, which is bound to block Ye Chen!

At about the same time, eight elders of Hedao offered eight handfuls of Hedao artifact, which were linked together to form an eight trigrams heaven and earth array. Countless flashes of light emerged among them, and a wave of destructive power overflowed!

At the next moment, eighteen Hunyuan state disciples and 180 Shenwang state disciples also appeared!

Whoosh!!

Whoosh!

In the sky, many powerful souls are coming!

Eighteen Dharma protectors and 180 disciples form a triple heaven earth human Trinity array. Besides the eight trigrams heaven and earth array, ye Chen is tightly blocked!

"Kill!"

"The sun and the moon are cut off!"

"Heaven and earth strike!"

Ye Chen bursts out his strongest attack. At the same time, he mobilizes seven Shenwang weapons and three Hunyuan immortal weapons to launch a fierce attack together, but he rebounds back. His clothes are broken a little, so he can only rely on many weapons to resist the array attack!

After all, he is still holding Ji Lin, and there is no way to use his hands and feet!

Even a little embarrassed!

But ye Chen did not dare to send Ji Lin away at will!

Ji Lin is so important to him! In case elder baikun makes a secret move! That's all in vain today!

On the occasion of Ye Chen's trouble, ye Chen's ear rings a voice.

"Disciple, the girl in your hand has a special physique. In addition, her vitality is weak, and she is sealed by the soul clan. It can be put into the samsara cemetery!"

Ye Chen one Zheng, although does not understand reincarnation cemetery when can release the living person, but now he obviously does not care so much! Nod your head and promise!

"Ji Lin!"

"I'll take you to a place first!"

"It's safe, believe me, I'll take you away!"

Ye Chen does not care whether Ji Lin can hear or not, and directly puts Ji Lin in the tomb of reincarnation!

In the tomb of samsara, the ice sword immortal statue, the moonlight Buddha and the sunlight Buddha deliver power to Ye Chen at the same time!

Gradually, the pharmacist Buddha also delivered his power to Ye Chen!

They know that today may be the biggest disaster Ye Chen is facing!

The enemy Ye Chen faces is too terrible!

It's not at all what he's up to now. Only by conveying power can ye Chen live!

This can be costly!

But it will also be a great opportunity!

It depends on how ye Chen controls it!

Bang bang bang!!

Boom! Boom!!

Four major formations, comparable to the strength of a weak medium sect, are attacking Ye Chen with all their strength!

The eight strong ones in the Taoist realm are the first, the eighteen Dharma protectors of Hunyuan realm are the auxiliary ones, and the 180 disciples of Shenwang realm are responsible for conveying strength!

Want to kill Ye Chen directly!

The array conjures up countless dragon and Phoenix, fighting in the past regardless of everything!

Ye Chen can only reluctantly support, I'm afraid it won't take long to lose the battle!

With all kinds of crackles and flashes of light, the dragon family's wanjian Emperor Palace on the edge has a great interest in Ye Chen!

"Ye Chen

"I'm not timid. I'm really arrogant."

Long Ao is not enough to sigh with emotion: "the seven layers of heaven in the spirit state have actually broken out the fighting power of one layer of heaven in the harmony realm?"? Although he is blessed with weapons, there is no doubt that some strong men behind him are supporting him! "

"Otherwise, he will be a corpse by now!"

"I just don't know who is supporting him!"

He looked at Bai Shuang Long Zun and asked, "Auntie, what do you think?"

Bai Shuang Longzun blinked a little and gazed at Ye Chen, who resisted the attack of so many powerful men. He also showed a hint of approval in his eyes. He said, "there are many treasures in the seven layers of heaven in the spirit state, and there may even be the power of the strong man's seal in his body!"

"With his realm and body!"

"It's not a problem to cross a big realm, compete with each other, or kill the seven layers of heaven in the kingdom of gods and kings!"

"But it's hard to get out alive!"

Seven layers of heaven!

Cultivate the three roads to such a terrible level!

More will the body, temper to the fifth level of vigorous phase!

Generally speaking, the seven layers of heaven in the spirit state should be the seventh level of the golden body, but ye Shitian is the fifth level of Huagang period!

If it comes to the great power, the resources of forging the physical body of Huagang period can be explained!

If not from the big power!

So, if you want to forge a body far beyond the realm, you must need a lot of resources!

And those resources are undoubtedly robbed. Such a young man who can rob so many resources is enough to prove his ability, determination and ruthlessness, which is a material that can be made!

Long Ao took a deep look at Bai Shuang Long Zun, but he never heard that his aunt was so boastful!

Then, his eyes fell on ye Shitian's body.

"It's just a secret, ye Shitian. The gap between you and me is the natural moat! It's a pity that you will fall! Otherwise, I can teach you how to be a man

Not only is the dragon family interested in Ye Chen, but the wanjiandi Palace on one side has a stronger reaction.
