

Physician 1531

Chapter 1531

The next second, ye Chen hands shot out a silver needle!

The cold light of the silver needle seems to tear the space. In a flash, it comes to the young people in royal clothes!

"Stab!" One sound!

One arm straight off!

Who could have thought that ye Chen would have made a move at this time!

It's even more like breaking someone's hand in an instant!

You know, the identity of this young man in royal clothes is not ordinary!

How can the person who can be with Youming 19 be ordinary!

Looking at the broken hand on the ground, the young man in Royal Guards was slightly surprised, but he was not too afraid. After all, he was a practitioner. As long as he took the pill, the broken hand could be reborn!

He took out a precious pill and took it directly. However, his broken arm was still bleeding.

There is no possibility of self-healing at all!

Yeah?

The young man's brow slightly frowned, suddenly!

What did he find!

There is a trace of destructive power on his arm!

The power of destruction is devouring his arm!

In other words, he will never be reborn after breaking his arm in his life!

He suddenly raised his head and shot at the masked youth!

"Ye Chen! You are really Ye Chen

At this moment, his voice is shaking!

With the power of destruction, only Ye Chen!

When this was said, there was an uproar!

Auction, countless strong people have a breath of cool!

Who did not expect, ye Chen unexpectedly came out!

Really for an ordinary person out!

He's crazy!

There's a net here!

Not only the Dugu family, many forces are ambushing here!

Even if ye Chen is two or three higher, I'm afraid it's hard to fly!

Ye Chen didn't feel flustered at all, and said softly:

"now I know whether it's too late. You've taken great pains to ask me to come out?"

"In that case, I will satisfy you."

Ye Chen has secretly mobilized a large number of mixed and respected gods and kings to come!

Right now, everything is out of control!

He can only walk one step, look one more step!

"You, are you brother ye?"

"Brother ye, didn't you ask you not to come out? Why did you come out? Now both of us are going to die... " The light rain cries sadly!

Ye Chen did not pay attention to it. He flashed away, as fast as thunder. In an instant, he pressed his fist on the young man's cheek and flew it out like a broken sack. With a wave of his left hand, he dispelled Xiaoyu's pressure. He took out a long robe and put it on, saying, "I didn't expect to hurt you so much. I'm really sorry!"

Xiaoyu!

before, I saw her and was about to be taken to Tianxiang building by practitioners!

She simply exterminated Tianxiang building. I thought she would live a safe life. Unexpectedly, because of her own affairs, she was arrested and almost insulted!

How can ye Chen bear it? If he can bear it like this, he doesn't deserve to be a person!

When the heart of Tao is cold, he is not worthy to be a warrior!

Xiaoyu looked around in a panic and said, "brother ye, what should I do We can't get out. "

Ye Chen smiles: "it's OK, you stay by the side first! You don't matter to them at all. "

"Someone will protect you!"

"When the war is over, I'll take you away!"

Between Ye Chen's words, a wave of his left hand pushed Xiaoyu out.

Powerful spiritual power, no one dares to block it!

No one will stop!

After all, people's goal is not a light rain! But ye Chen!

After all this, ye Chen looked at the ghost 19 on the side and said, "now come and kneel down and kowtow. Maybe I can kill you!"

"Let me kowtow, dream! My thirteenth brother

"Just die at your hands!"

Youming 19 took out a Shenwang tool in an instant, not to attack Ye Chen, but to kill Liang XueYue, "I can't kill you, but I can kill your lover!"

"Asshole!"

"I am not her mistress!"

As soon as Liang XueYue finished speaking, she was stained with a drop of blood on her cheek. She was stunned. When she looked at the ghost 19 in the later period of Shenwang state, she was directly beaten through the head by Ye Chen, which destroyed the spirit. Her hands were more cruel than herself!

"There's always rubbish!"

"If you think that you can do whatever you want if you think you have a strong supporter!"

Ye Chen's arm shakes, shaking Youming 19 into a blood mist, and then dispels the pressure of Liang XueYue's look. He holds Liang XueYue up and says, "I'm sorry, girl, I've also implicated you!"

"You! Your name is Ye Chen

Liang XueYue was hugged by Ye Chen, and her cheek was also a little blushed. She said: "you, how can you offend the people of the Dugu family crazy? I think you caused this disaster!""What's more..."

"Can you let me down?"

When ye Chen heard this, he was stunned for a moment. He immediately put Liang XueYue down and looked at the elder. He gently took off his mask. The original hidden breath also bloomed. He said, "Dugu family, if you want to trouble me, you can do whatever you want."

"But find women as a way to get angry!"

"It's not something that people can do, especially you, who are not as good as animals!"

"Today, do you want to be exterminated by me?"

As soon as the words came out, laughter roared!

"Ha ha! Ye Chen, you don't know what's going on? " The elder master burst out laughing, waved his hand and said, "all come out! The big fish we're going to catch appears. Now, you believe that your plan is useful! "

Whoosh!!

Whoosh!!

Whoosh!!

There are dozens of divine lights around us!

In the Dugu family, more than 40 Hedao gods and princes gathered together, and there were even five war puppets of Hedao realm. Qi Qi came from all sides to surround the auction of tianzihao, and there were even a continuous stream of Hunyuan Kingdom Dharma protectors around!

This is, to the best of the headquarters!

He Dao Shen Jun, who is no longer a Dugu family, can't take it back!

However, all those who can go out are already out!

"Ye Chen, ye Chen!"

"Do you really think that there are still people from wanjandi palace to save you today?"

"Even if there is, then what?"

Elder Taishang rose up from the sky and laughed: "what's more, the palace of wanjian emperor will be destroyed soon. You don't have to think about them to save you. You should die obediently!"

At this moment, the elder Taishang was full of vigor and vitality!

Ye Chen finally came out to die!

I can't wait for you. Otherwise, it's not good to make such a bad plan!

No! It's not a bad idea, but a good one!

"Little beast, I know! There are several strong men around you

"Among them, there are three gods and princes, and there are two monsters in the realm of Tao, right?"

"Count yourself as your own, comparable to the God King of the same way, that is to say, six God kings of the same way!"

"What are you going to fight me with?"

"A piece of garbage from the ground of mole ants wants to compete with the sun and the moon! It's ridiculous

Chapter 1532

Elder Taishang said with a smile, "here, the forty-five God kings, 472 Hunyuan state masters, and even hundreds of thousands of God King level warriors I have prepared for you will obey my orders!"

"You

"If you have any moves, just use them!"

He took a look at the other xianzun Jingwu, and said: "I want to be here, solve Ye Chen, and then the auction will start as usual."

"No problem!"

"You can solve it!"

"Help yourself, old man. Let's go to the theatre!"

"Just watch the play, don't interfere..."

.....

Soon, the five middle-sized families of xianzun, do not interfere!

"It's over

"Ye Chen may die without doubt!"

Bai Li Xue sighed: "I thought those people were his senior brothers, but I didn't expect that they were himself! There is no immortal of Beigong family here today, and he can't kill xianzun! "

"I didn't expect it!"

"Ye Chen will fold here!"

Bai Li Xue just knows that ye Chen and the North Palace family united to destroy the seventh branch of the soul hall!

I just think that it is the Beigong family's job to strangle the soul of xianzunjing. No matter how strong Ye Chen is, he is just like a God King in the same way!

Facing more than 40 peers!

Even hundreds of warriors in Hunyuan, tens of thousands of gods and kings!

It's very difficult even if it's the face of the heaven God!

The butcher and the old beggar flower were also stunned. The God King who thought he could help them grab things together had some strength, but he didn't expect that the other side was just a young boy and his accomplishments were so low that they made mistakes!

If ye Chen is the Supreme God King!

Perhaps, we find a chance to hand, but also seize time and space!

Now all the members of the Dugu family have gathered here. They are still fighting for the soldiers of time and space. It's good to leave alive!

"Look at this?"

"As if I must die today?"

Ye Chen was fearless. In the face of many powerful enemies, he suddenly looked at Liang XueYue and said with a smile: "when we meet for the first time, we have to die? Will you not be reconciled! "

"Of course not!"

"Without you, I would have succeeded!"

Liang XueYue slapped Ye Chen angrily and looked around the situation. He couldn't run!

How to run?

So many martial artists in the same territory!

There is also the supreme elder of the second layer of heaven in the realm of nature. It's death to run!

"Ye Chen, you mean bastard!"

"Let's go for it!" The ten elders pointed to Ye Chen and ordered, "if you are obedient, maybe my Dugu family will punish you, and I will not kill you until the master behind you comes to ask for someone!"

"But if the fish is killed, the net will be broken!"

"Don't blame us for killing in a way that we will make do with it!"

"The fish is dead and the net is broken?" Ye Chen sneered and looked at the ten elders and then to the supreme elder. He asked, "do you deserve it?"

"Besides!"

"I'd like to see what kind of scene the fish are killed and the net is broken!"

"Right, butcher, tea merchant, druggist, old beggar, fisherman!"

"You five supreme gods, do not fight?"

The voice dropped!

Five supreme god kings were instantly locked by more than 20 God kings!

Together with the elder, they all looked at them and said with a smile, "Ye Chen, your card is five of them?"

"Not only!"

"They're not enough for me!"

"But it's enough for you to mess up!" Ye Chen took a step, facing hundreds of thousands of strong enemies, without fear, just stretched out his hands and clapped two times, saying: "start it!"

When people are at a loss!

A huge cloud mushroom emerges from the sky with a shocking explosion!

The powerful shock wave destroyed the huge buildings in Tianjian City, and all the warriors fell to the ground. Even the situation in the four auction venues could not be stopped!

When people looked at it, the direction of the cloud mushroom seemed to be the headquarters of the Dugu family!

This explosion!

It seems that a large number of Shenwang, Hunyuan and Hedao artifact exploded together!

So it detonated the mountain guarding array of the Dugu family and the immortal utensils and the divine king's utensils in many treasure houses, leading to chain explosions, which produced such a huge cloud mushroom!

"No!"

"No, my home..."

"Ye Chen, you brute

Immediately, ten elders, nine elders, eleven elders and other three people almost paralyzed on the ground, almost can not believe all this!

Their Dugu family!

No!

All the people and things, all in the collapse of the sound of self explosion. Even if there are not many masters in the headquarters, but everyone's baby is still inside. How can ye Chen do this!

"Ladies and gentlemen

"It's just the first gift. I've never been mean to my friends!"

"I have never been soft on the enemy."

Ye Chen is wearing a smile all over his face. Liang XueYue beside him looks at the aftershock of the explosion that lights up the sky. The whole person is dull!

Ye Chen continued: "everybody, this explosion!"

"It cost me 100000 spirit tools, 30000 immortal tools and 2000 King tools!"

"As well as a hundred pieces of divine king's utensils, three pieces of God's artifact, this fireworks, we still hope to like!"

At this moment!

Ye Chen still wears a smile on his face and kills everything in Dugu's family headquarters!

He is not a monk, not a warrior!

It's the devil!

It's the devil, it's death!

All the families and all the martial arts people were frightened. Looking at the smiling Ye Chen, they were filled with the idea of being invincible!

How cruel!

What is the elder of the Dugu family!

Ye Chen is the real cruel man, the real evil spirit!

Killing one person is a crime,

killling ten people is a crime!

Killing a hundred people is unjust!

Kill ten thousand people, male!

If you kill 100000 or millions of people, you are the heroes and heroes, the real demons, the evil spirits and the killing gods!

Ye Chen is such a evil spirit, demon God!

"Ye Chen!"

"You beast, you devil!"

"The devil, the devil, the devil!"

"Beast, you must die today!"

In the Dugu family, a number of elders were indignant, and each of them held a Hedao artifact to kill Ye Chen! They want revenge, to kill the devil who destroyed their family, the devil!

"What?"

"Want to do it?"

"The second gift, here it is!"

Under Ye Chen's ghostly words, there is an absolute crisis. In front of him, a few magic lights flash in front of his eyes. Several hidden harmonious demons attach Ye Chen directly behind his back, blocking the attack and killing in front of him!

Sonorous!

Click!

Bang!!

Dozens of attacks crisscross each other, producing a huge shockwave!

All the five elders of the Dugu family were repulsed. They all looked at Ye Chen and some other demons on the auction table, and they all changed their faces. One of the elders even exclaimed: "demon king of the demon sect!"

"Refine heaven demon king!"

"The moon is bent!"

"Invincible

"Ancient sword demon king"

"spirit kill demon king!"

"You five, didn't you die in the war?"

"How can you help Ye Chen? Ye Chen, isn't it killing your sect? "

Chapter 1533

The five princes did not say a word. Three of them rushed out of the middle stage of Taoism, leaving behind the ancient sword and the invincible. Two gods at the early stage of the Taoist realm protected Ye Chen!

Three demons and five Dugu family elders fight together!

Although falling in the wind, it is not weak at all!

Ordinary warriors may have fear!

They don't!

Every move is a kill!

"Come on Kill Ye Chen

"Kill Ye Chen!"

Under the command of the ten elders, there are more than ten other masters of the Dugu family!

Loud!

Crack!!

Boom!!

There are ten God kings who are in front of Ye Chen!

"The leader of Qiankun sect!"

"Leader of the Jade Emperor sect!"

"What's the matter? You've actually turned to Ye Chen. It's impossible!"

The ten elders were shocked. They sent all the martial arts men to attack the ten God kings!

When he looked at Ye Chen again, he felt that ye Chen in front of him was strange to him. Was this still the lone traveler Ye Chen?

How come there are so many people?

Are they all the gods and princes?

"Kill!"

"Kill them!"

"Dugu family, he Daojing elder, all hands!"

With eight elder's words, together with nine elders, ten elders and himself, a total of more than 20 God kings of the same way, fight against Ye Chen!

Whoosh! Whoosh!

Whoosh!

For a time, the other side rushed out of the sky of Buddhist and magic text!

There are also ten God kings of the same way to fight with them!

So far!

Ye chenduhua's 15 sects, a total of 25 Hedao deities, have all appeared in battle with the 45 deities of the Dugu family!

"My God!"

"What is Ye Chen's origin?"

"What a powerful means. Overnight, he subdued the fifteen small sects of the God King."

"That's great..."

The leaders of many small sects and the elders of Taishang on the observation platform in the distance are shocked!

Ye Chen!

One person can be compared to a sect!

Where did he get such strength, such fighting power, and be able to recruit so many God kings?

This is too terrible!

With such strong strength, we can achieve 100% success in attacking the seventh branch of the soul hall!

"How strong!"

"Elder Taishang, do you think ye Chen can escape today?" Baili snow suddenly some curiosity!

"He may not be running away!" The elder of Baili family, with his keen eyes, said: "with his current fighting power and power, even if the old men of the Dugu family want to leave, even if the old men of the Dugu family do it by themselves, they will be able to hold the old guy down and let him leave!"

"He has a plot

"I'll wait for attention. Don't let him take advantage of it!"

"Yes, master Tai!" The elder of the hundred Li family orders to go down, do not help or intervene!

Soon, all the five forces made such a statement.

They don't participate in the affairs of Dugu family and ye Chen!

Bang bang bang!!

Bang bang!!

In the air, in the auction hall!

The elder of the Dugu family and the elder of Ye Chen fight fiercely. However, ye Chen's Hedao Shenjun is not as good as the elder of Dugu family in terms of martial arts and weapons. After a while, one of them has fallen down!

"If you do that!"

"Simply, I don't hide it, let alone hide it!" Ye Chen lip corner shows smile, saying: "burst!"

Boom!!!

A fierce explosion came out!

The Yellow lettered auction platform and the whole auction house burst out, and countless immortal and King vessels were flying all over the sky. After millions of warriors saw it, they were jealous for a moment and fought together!

Boom!!

Boom!!

There were two more explosions!

Xuanzi auction will explode, and countless treasures will rise to the sky!

Even the moonlight Buddha holds a large number of treasures and sprinkles them among countless people, causing chaos!

Treasures are everywhere!

People will rob!

Just grab it!

Then chaos!

In line with Ye Chen's plan!

"Not enough!"

"All the people of Dugu family are here

"But it's not chaotic enough, right, old man, do you think everything is in your hands?" As soon as ye Chen's voice dropped, the pharmacist Buddha and the sunlight Buddha rose to the sky, each with three Hedao JingZhan puppets and thirty Hunyuan JingZhan puppets, which were directly copied into the Tianzi auction and dizi auction! Boom!!

Boom!!

Two violent explosions came out, many war puppets and Shenwang tools exploded themselves, exploding the treasure house of the auction!

Innumerable God tools, God King tools, Hunyuan immortal utensils, all kinds of immortal materials, immortal materials, rose from the sky, scattered in all directions!

Midway, pharmacist Buddha and Yueguang Buddha quickly put away two pieces of time and space soldiers!

When the other three soldiers of time and space were exposed to the sky, the spirit of the weapon quickly manipulated the soldiers of time and space, and burst out a shocking murderous spirit and returned to their respective sects!

"Ha ha ha ha!"

"Soldiers of time and space!"

"This is Laozi's!"

The butcher soared to the sky and killed an elder of the fierce demon palace with one knife. One after another, he kicked to death an elder of the second level heaven of the fire cult!

"I want this one!"

"I want this!"

"I thank you, ye Chen, for calling flowers all the time."

In an instant!

The other four Supreme deities rushed to the three soldiers of time and space. Along the way, they bravely resisted them. No matter who they belonged to, they killed them in an instant!

"Butcher!"

"You always want to die?"

The elder of the Supreme Master drank furiously and sacrificed with a sword, but he just beat the butcher away!

But failed to kill the butcher!

"Ha ha ha ha!"

"Old man, your strength is not good, and the poison has not been solved!"

The butcher burst into laughter and rushed out towards the soldiers of time and space of Dugu family!

Elder Taishang can't do it. At most, he only has the fighting power of the heaven in the realm of creation. He is not afraid of it!

In an instant!

Six middle forces of the God King of the road together to kill, all to seize the time and space of the soldiers!

Some of them wanted to seize the time and space soldiers of their own sects, and others wanted to seize the soldiers of other sects. By the way, they collected some holy tools and all kinds of top-level materials, etc., and directly killed Ye Chen from the Dugu family, which turned into a big chaos!

What's more!

There are also five supreme god kings, and ye Chen's Hedao God King. They are in a mess. They are all fighting and killing as long as they are not from their own sect!

Nearly 100 small sects of people, that is how fast to run!

The middle-sized families are fighting. They stay here to die!

Ye Chen was on the edge, staring at the scuffle in the sky, looking at the moonlight Buddha on the edge, and asked, "how many soldiers of time and space have been collected from the Dugu family headquarters and the explosion of the word of heaven auction?"

"Is it enough to save Ji Lin?"

"Although the threat from the Dugu family upset my plan, I made a lot of preparations!"

"It's just that the people who really hide behind don't do it..."

"This war is very difficult, but for the sake of Ji Lin, I also go out alive!"

At this moment, ye Chen's eyes are full of cold meaning.

.....

At the same time, outside Tianjian city.

A girl with a veil stopped.

The girl is the master of juechan emperor palace, Wei Ying!

Wei Ying looked up at the mushroom clouds in Tianjian City, and frowned: "what a powerful energy fluctuation, it seems that countless immortals explode."

"Which madman dares to do this?"

"Isn't it the auction of Dugu family today? How did you get so upset? "

"Something."

Bai Er beside Wei Ying closed her eyes and sniffed her nose. Then her face changed slightly: "palace master, something happened in Tianjian City, and many people died."

"Besides, there are many strong men lurking in the depths!"

"I'm afraid the auction will change. Shall we go?"

"Now, you can't expose it too early. If they know that you are the future master of juechan emperor palace, the forces of the whole Lingwu continent will go after you at all costs!"

Wei Ying's beautiful face doesn't have a trace of temperature.

For a long time, she grasped with five fingers, and an escaped warrior came to her.

The escaped warrior was completely frightened, and even said, "this adult, we have no injustice or hatred. Don't you want to kill me?"

Wei Ying Mou son a congealing, light cold voice rings out: "have you heard of a person called Ye Chen?"

The escaped warrior was just afraid, but when he heard Ye Chen's words, his two legs were soft!

Ye Chen these two words, how can he not know!

It's a nightmare city!

Chapter 1534

Wei Ying looked at the warrior in front of her, and frowned slightly: "do you know this man or not?"

The warrior may have been scared and said nothing. Even Bai'er on the other side was not happy. His breath was released and he said in a cold voice: "palace master No, my lady asked you something. If you don't answer, I will let you disappear in this world

At this moment, the cold cold spread all over the body, and the warrior was completely awake. He knew that these two extraordinary women were extremely dangerous!

If you don't tell me the truth, you may fall here completely!

"Ladies, it's not peaceful in Tianjian city these days, and it all benefits from a man, ye Chen, you asked!"

"However, in Lingwu mainland, duplicate names often occur. I'm not sure whether ye Chen you asked is the person I understand!"

"Now, the auction house is a mess."

"Ye Chen destroyed the foundation of Dugu's family in the western regions, which made his parents angry. Now, countless strong men surrounded Ye Chen! I'm afraid that this time, he will not be able to fly

"I'm just an ordinary casual practitioner. I don't have any schools or schools. My strength is not strong. I didn't offend you. Please don't kill me!"

Hearing these words, Wei Ying looked at the bracelet in her hand, loosened her hand and said indifferently, "do you mean ye Chen is in danger now?"

The warrior was stunned. He was acutely aware that the voice of the veiled girl seemed to be filled with anger!

Is this woman related to Ye Chen?

He didn't dare to say anything, but nodded violently.

"I see, Bai'er. Let's go."

Wei Ying left a word, the pressure dissipated, the ethereal figure instantly toward the auction.

Bai Er also followed up.

Seeing the two girls leave, the warrior breathed out a long breath: "I'm finally gone. What's the origin of these two girls? Why do I feel a strange breath in them? It's like I'm not facing two girls, but xianzun, who has lived for thousands of years?"

"Especially the woman wearing the veil. I only felt the dignity and coldness from the elder Taishang of the Dugu family."

"It's amazing."

.....

At the same time, ye Chen's eyes at the auction were serious to the extreme.

This time, his general goal has been achieved!

Robbing the soldiers of time and space should be able to help Ji Lin!

I just don't know if the array is enough. If not, he must continue to think about it!

"Host!"

The moonlight Buddha is obviously excited!

They are now in the land of a medium-sized family. They not only blow up the headquarters of the medium-sized family, but also blow up their four auction platforms. Now, all people and everything are in absolute chaos!

It's the host who caused all this!

[illegible]

"Report to the host!"

"Before blowing up the Dugu family headquarters, take over five soldiers of time and space!"

The moon Buddha handed Ye Chen a perfect ring of heaven and earth, in which everything was in it. "In addition, there are 107 Hedao artifact, 1300 Hunyuan immortal ware, about 100000 soldiers of Shenwang ware, one million immortal utensils, and a lot of refining materials, all kinds of pills and so on!"

"Good!"

"And the unexpected joy Ye Chen looked at the old master of the Dugu family, who was in a hurry and was attacked by the butcher and the old beggar flower, and said: "there must be more treasures in this old man. The accumulation of the Dugu family over the years has been here, but the most important thing must be in this old man!"

Dugu family!

Several immortals have been summoned to fight. They can't carry a lot of treasures!

The immortal statue outside the town certainly doesn't carry too many treasures. The treasures stored in the headquarters should be the things accumulated by the Dugu family over the years, and they are not the treasures taken out for auction, nor the treasures of the elders, Dharma protectors and xianzun. The pure treasures are only accumulated by the Dugu family and do not belong to anyone, so the supreme elder can't take them with them But that's it, there are so many!

Worthy of being a middle-class family!

Details, not a branch of the soul hall can be comparable!

"There must be more in that old man!"

"Just!" Ye Chen glanced at the five supreme deities and hundreds of others who had participated in the ceremony. Then he looked at the other five gods in the realm of nature who had already taken action. He sighed, "now is not the time to kill that old guy. Even if he does, he will be surrounded and killed by other immortals!"

"Five arms of time and space!"

"Not bad! Originally, I thought there were only three soldiers of time and space in the headquarters of Dugu family, but I didn't think it was five! "

"With the two handles in my hand, there are already seven. I just need to grab another one!" "To be on the safe side, at least two of the four soldiers of time and space are coming out of the shuttle!"

"Host, I'll send all the staff here at once!" Moonlight Buddha heard, hurry to order!

"Wait!" Ye Chen's lips suddenly outline a smile of evil charm, and his body deviates to avoid a God who is beaten down and flies down!

On the edge, the moon Buddha and its sunlight Buddha came to kill the God King of the United Way directly!

In the sky!

The chaos and war launched by hundreds of Hezuo gods!

The six immortals in the realm of nature are in a hurry for a moment. They will fight whoever they catch, but they will not fight their own family members anyway!

Bang bang bang!

Boom!!

With numerous explosions coming out, only a few seats were left. A semi closed stadium was completely smashed into four directions without any obstacles. A continuous stream of warriors from Hunyuan, Shenwang and Hedao entered!

At the same time!

A Hunyuan state of the body fell down, some of the fierce devil palace, some of the hundred Li family!

There are also sanxiu and Dugu family!

Ye Chen stood in a secluded place and looked at it silently and said, "don't worry now. At present, our goal has been achieved. All parties are in chaos. It's not like an alliance. The evil devil's palace wants to rob the treasures of the fire cult. The Baili family and the Beitang family fight for each other's treasures that have been blown up!"

"Even, Linghu family is robbing Dugu family's treasure!"

"They are all robbing each other, and there are also hundreds of God kings of the same way, five top God kings, and gods of all sides fighting each other!"

"We! We will try our best to let our war puppets and Medicine Guru Buddha down! "

Command, ye Chen's spirit power enters the reincarnation graveyard, and places his own spirit power on the newly collected Hunyuan immortal utensils and Hedao artifact, so as to facilitate the use of qianbing explosion, which is used to forge the divine king!

Chapter 1535

A thousand soldiers!

As long as you use enough immortal weapons, you can cause endless explosions!

What's more, it only consumes Ye Chen's spirit power, and will not bite Ye Chen back. Of course, there is a limit to the weapons controlled by the spirit power. However, ye Chen's spirit power is extremely strong, which is equivalent to the power of the Supreme God King's spirit. It is not a problem to control tens of thousands of immortal and spirit tools, or hundreds of Hunyuan immortal tools and Hedao artifact!

"Understand!"

"All right, host!"

Moonlight Buddha and sunlight Buddha receive orders, busy flying all over the sky immortal utensils and magic pills, remove their war puppets!

Nowadays, all over the world, there are all kinds of immortal utensils, King's utensils, divine elixirs, refining utensils and medicinal materials, and so on. At the periphery, Huang Zi Tai and xuanzi Tai are fighting, and millions of martial arts fighters are fighting for it. The law enforcement officers who come here are not only unable to suppress them, but also follow them!

Although the number of people on the Di Zi Tai side is small, they are all storing Hunyuan immortal tools and Hedao artifact. Not only the scattered practitioners and the martial arts of small sects are fighting for it!

Even the disciples of the middle clan and the middle sect are fighting for each other. Now, the Dugu family can't protect themselves. Can we kill them all? As for making them vomit?

No way!

What else can I give you?

Play tough?

Be careful to play out for yourself!

This is the mentality of all those who snatch martial arts. If you don't rob, don't rob!

Boom!

Boom!!

A hundred ten Zhang sword and air gun are flying in disorder!

More than 100 God kings of the same way fight with each other, and the six middle forces fight each other together. The most intense is within the scope of Tianzi platform!

"Ha ha ha ha!"

"Soldiers of time and space!" The tea merchant is about to seize the soldiers of time and space in the air, and is directly nailed to the chest by xianzun, the evil demon palace, and inserted on the ground in the distance!

"Go away!"

"This is our evil palace thing!"

Xianzun of the evil demon palace leaped out. Just as he was about to collect it, the butcher and Lao Jiaohua joined hands to attack. They shot at each other with one stick and one knife. They almost cut off his arm, forcing him to break out with all his strength and use the law of time and space to drive them back!

"Get out of here

"Get out of here!"

He still flies to the soldiers of time and space, fighting and flying all kinds of God kings along the way.

"It belongs to our Dugu family!" The Taishang elder of the Dugu family directly blew his hair and grasped the weapon of time and space. This is Dugu's thing. How can anyone take it away!

Boom!!

A moment later, the elder Taishang had not yet grasped the soldiers of his own time and space in his hands. He was beaten by the xianzun of Linghu family and Baili family, and they began to fight for the war of time and space again!

On the edge, the butcher and the old beggar flower united with more than a dozen gods and princes, who are also fighting for the war of time and space!

In contrast, the weaker Hedao Shenjun and Hunyuan realm Dharma protectors of different schools and schools are also seizing the second most important artifact of Hedao, Hunyuan immortal, and the war. The treasures of each family are mixed together. Who should be quick to distinguish clearly? Grab the hand first and say it!

Pooh!

Click!

Boom! Boom!

There are explosions and blood spurts coming out of the sky. At the same time, there are also the sounds of blood rain falling and the God King Road breaking up in the sky!

There are three soldiers of time and space, and one of them is flying out of dizi platform. There are four in total. There are six immortals, five supreme deities and more than thirty gods of Sanshui and Xiuhe!

They form four battle groups in the sky!

In the lower space, there are more than 100 Hedao deities and thousands of Hunyuan jingzuns fighting with each other to fight for dozens of Hedao artifact and thousands of Hunyuan immortal utensils!

"This..."

"That's great!"

"With the power of one person, stir up six big families, let countless scattered repair, small sects fight!"

Liang XueYue covered her mouth. She could hardly believe that the six big families allied with each other actually fought against each other. The key is that ye Chen, who dominates all this, did not take out anything at all. "Ye Chen, I seem to understand why you were so sure just now! Why dare you stand up in front of so many people? "

Ye Chen takes a look at Liang XueYue and has no intention to speak.

He looked at everything from a commanding position, and then he understood the cruelty of Lingwu land.

Life, in this moment, has no value at all.

Countless powerful people have fallen for the sake of damned interests.

Only the strong can laugh to the end.

The ten elders and eleven elders of the Dugu family snatched five pieces of Qipin Hedao artifact. Before they could get it in, they were attacked and killed by the fierce demon palace, the fiery fire cult and the Baili family, and then the three families robbed another five!

This is cruelty.

Seeing that ye Chen didn't speak, Liang XueYue continued:

"Ye Chen, I'd like to hear about how you have been able to fight with many families on your own!" Her big eyes were full of curiosity.

Ye Chen smile, hands behind: "two words just, human nature! Greed

"Although they have become immortals, they are not monsters who cut off their passions and desires, but they are still human beings."

As ye Chen walked along, he watched the fall of many God kings and Hunyuan state worshippers, and said: "these things are in accordance with the truth! They are the treasures of the six families

"Of course, there are also treasures of a hundred small sects!"

"However, there are nearly a million loose cultivation around here. So many things are flying out. It's impossible for them to collect the treasures orderly. What's more, there are five supreme deities and dozens close to the absolute gods in the free cultivation."

"As soon as the top experts in these free training begin to rob!"

"Other loose repair must be done!"

When he spoke, ye Chen avoided a flying sword and looked back at the thirteen elders of Dugu family, looking at himself with grief and anger!

"Ye Chen!"

"You, brute

"I will kill you even if I die!" The thirteen elder was extremely angry. His whole body was covered with blood and bruises. He wanted to pass through the barriers!

Bang bang bang!

Click!!

He was blocked by the scattered cultivation of several Taoist deities and more than a hundred Hunyuan realm worshippers!

Some of them said, "you want to blow yourself up and not stop you, and hand over the treasure!"

"Yes, you die. Give it to me!"

"Hand it in!"

"If you don't, I'll kill you!"

.....

The thirteen elder listened to the monks' words with grief and indignation. Then he looked at Ye Chen in the distance. Suddenly, he looked up to the sky and roared, "Ye Chen, do you dare to deceive my family here?" He waved his sword and pointed to many casual practitioners, and angrily exclaimed, "you san Xiu is just relying on Ye Chen, a brute, to make trouble. You and other inferior people dare to be so presumptuous to me!"

"Ye Chen!"

"Even if I die, my Dugu family will be created!"

"But I will never let you go. I'm waiting for you in hell. I'll never die with you..."

Voice is still in the future, an explosion is coming out!

Chapter 1536

The thirteen elders of the five layers of heaven and earth of the Hedao Kingdom blew themselves up, and detonated five Hedao artifact and many Hunyuan immortal utensils in his heaven and earth ring. One God King of Hedao and more than 30 Hunyuan realm worshippers were killed on the spot!

"Damn it, asshole!"

"Snatch others!" Take the lead of loose repair, bad luck turn to lead people to continue to snatch treasures!

"Ye Chen!"

"Little beast!" An elder of the second layer heaven in the evil demon palace watched his magic weapon seized by the monks, and he was besieged by several God kings. The way of God and King burst, and his body cracked. He took back the treasures and artifacts. He could not wait for a long time. He cried out bitterly: "Ye Chen, you beast, I will destroy you!"

"You'll be free to repair!"

"Extremely humble, but relying on Ye Chen's animal chaos, you dare to challenge me!"

"Die!"

The voice dropped!

The elder was about to burst into the self explosion of the sanxiu group, but he was beaten by a walking stick of laojiaohua, who was passing by, and his body exploded. The power of spirit and spirit was killed by the monks in an instant!

"Ye Chen!"

"Little beast!"

"I won't let you go."

"Elder Taishang, kill Ye Chen. Don't rob the soldiers of time and space. Kill Ye Chen first and vent your anger!"

.....

Many elders and Dharma protectors of the six forces cried out with grief and indignation.

After a while, he was either trapped in a siege or was killed directly until he exploded.

The other elders can only keep on killing, and grab their own things first!

Hear these words of grief and indignation!

Ye Chen stood up and shrugged his shoulders and said with a smile: "when the Dugu family wanted to kill me, why didn't you release your good intentions? If you are not friends, why do you want to sit and watch a good play? "

"Die as you please."

"As for your supreme elder? The war of time and space is much more important than me

"Are you not afraid?" Liang XueYue was a little frightened and asked, "you are not afraid of the six forces. Do you want to settle accounts with you afterwards?"

Ye Chen was stunned and looked at Liang XueYue and said with a smile: "I am not afraid of anyone and any force in the world! What's more, after the first World War, the six great forces, the God King and the Hunyuan state master, lost too much. It's too late to suppress the small sects under their own sect, resist the impact of immortal beasts and Warcraft, and prevent the penetration of the soul hall! "

"How can you spare the strength to kill me?"

"Even if you want to kill me? Now the devil's land is in danger. All families have to prepare for the war. How much strength can be drawn out? "

"Hold on to death, but a few of the top gods!"

"As for xianzun?"

"It's not that I haven't killed it!"

Listening to Ye Chen's reply, Liang XueYue's heart was completely shocked!

Ye Chen!

What's more, kill God!

Even if he had planned everything, he knew that the six forces could not spare no effort to kill him!

Therefore, if you dare to do so, you are not a fool. If you are bold and careful, you will be wise!

"As for the gods of each family!"

"The six forces have taken out four soldiers of time and space!"

"Not every family has taken it out, but for each family and each faction, a weapon of time and space means an immortal, and there are not too many resolutions!" Ye Chen smiles and goes on to say:
"originally, the four major sects of the war of time and space, want to take it back!"

"But the five great gods!"

"Eleven novices of the nine layers of heaven, or masked warriors of other families, want to fight for it!"

"Natural war breaks out!"

"If the xianzun of the other two schools want to fight for it, they will use their words to help, or they will decide that the soldiers of time and space belong to his family, and they will also rob them!"

"The war of time and space is like a huge sum of money!"

"As long as you get it, you can take it back immediately to enhance the strength of your sect!" He gazed at the warriors flying around and said, "who doesn't want it? Who is willing to give up? "

After listening, Liang XueYue did not feel right, so she nodded secretly!

Four arms of time and space!

It's like Four Treasures. For the six sects, you can add an immortal statue!

As far as the king is concerned, how can they not compete for the top five gods?

What's more, they are all in the early days of xianzun. The most powerful one is the Taishang elder of the three layers of heaven in the evil evil spirit palace. The other five are all the heaven of the heaven and nature realm. Their combat power is not much higher than that of the Supreme God King. At least within a thousand moves, you can't kill the Supreme God King, and the Supreme God King will dare to fight for it!

"And you?"

"Now, you are safe, and people are saved!"

"I also harvested the treasures of the Dugu family headquarters. These invisible treasures are all here. Are you afraid that everyone will think back that you have more treasures and come to rob you?" Liang XueYue asked sincerely!

Ye Chen slightly shakes his head, bully airway: "they dare?" "Even if they all come!"

"I can leave, but it's not time to leave yet!"

It's not time to leave?

Is it difficult? Ye Chen wants more?

Liang XueYue pondered, and suddenly her face changed greatly. She gazed at Ye Chen and said, "you want to seize the war of time and space!"

She saw Ye Chen did not deny, the mind was shocked, ye Chen, how dare ah!

So many forces!

There are so many deities here. Xianzun doesn't want to deal with him, but he still wants to stay to fight for the soldiers of time and space. It doesn't need to be described boldly!

This is arrogant!

A wolf, actually in hundreds of wolves, or even hundreds of tigers to grab food?

I'm afraid that in Lingwu mainland, ye Chen is the most powerful figure in the past thousand years!

"Not yet!"

"The six immortals consume only a quarter of their power!"

"The five supreme deities consume more than half of their strength, and other gods and princes in the same way consume a lot of energy, but they still have spare power!" Ye Chen calculates quietly. He wants to wait for everyone to be almost exhausted. When they are ready to run away from each other, he will start again. He will eat black!

I'm afraid that the people of the six forces know ye Chen's idea and can stop immediately and kill Ye Chen first!

Boom!!

Click!!

The elder Taishang of the ferocious demon palace, with one enemy and three enemies, simultaneously resisted the Taishang elder of the Dugu family and the supreme elder of the hundred Li family. Holding the soldiers of time and space, he constantly released the laws of time and space to attack. At the same time, he was shocked by his body shape and killed several people who were close to him. He yelled: "what do you mean?"

"This is the war of time and space in our evil palace!"

"Bullshit!" The old man of the Dugu family was so old that he waved his sword to attack him. At the same time, he said: "this long sword is the weapon of time and space of our family. The back of it is engraved with the mark of sun and moon."

Elder Taishang of the fierce demon palace turns over to have a look. He is really from the Dugu family!

But the next moment, in front of the supreme elder, he wiped out the sun and moon marks, and added the skull marks of his evil evil palace. He angrily cursed, "this is the thing of our evil demon palace. What should we rob, the old thing!"

Chapter 1537

"What about the evil palace? We are not afraid of the hundred mile family!"

The supreme elder of Baili family flew from the middle and attacked them fiercely. He took away the soldiers of time and space directly!

"Kill!"

"Chase!"

Two immortal Zun a Leng, each shout a, catch up with!

Ally?

When you need it, you're an ally. When you don't, it's bullshit!

"Elder Taishang!"

"We can't stand it any more."

"We've been robbed of a lot of things." The eight elders of the Dugu family cried out bitterly and indignantly that several elders around him were directly beaten up by the fierce demon palace and the master of sanxiu. The dozens of Hetao artifacts that he had managed to snatch back could not be saved!

"Elder Taishang!"

"The soldiers of time and space are gone, they can be taken back!"

"Kill Ye Chen first!"

"Kill Ye Chen!" Many of them were surrounded and killed, or why they killed others. The elders of Dugu family yelled angrily!

"Kill Ye Chen!" The fourteen elders of Dugu family killed a king of Hedao God of Beitang family with one knife and said: "gentlemen, ye Chen has detonated the headquarters of our Dugu family. There must be four or five weapons of time and space on him, and there are hundreds of Hedao artifacts. Kill him first!"

A voice!

All the people are sluggish down, looking at Ye Chen one after another, just like being imprisoned by the law of space and stopping the sword attack in their hands!

Yeah!

Ye Chen copied the old nest of Dugu family!

You must have the most babies!

"Kill Ye Chen!"

"Kill Ye Chen first!" The butcher turns around and prepares to kill Ye Chen. Ye Chen has the soldiers of time and space on his body. It's easier to rob Ye Chen from the king's Kingdom than to snatch things from xianzun!

"Kill Ye Chen!"

"Kill Ye Chen!"

"Kill Ye Chen!"

For a moment, everyone's eyes fell on a young man!

Even countless figures rushed past!

However, they strangely found that the young man did not have a trace of fear, on the contrary, his mouth was still wearing a smile!

.....

Not long!

The six forces and sanxiu almost reached a consensus and rushed to Ye Chen one after another!

It seems that ye Chen is the richest. Ye Chen has the treasures accumulated by the Dugu family for tens of thousands of years, which is much richer than the auction. At best, the auction is a quarter of the Dugu family's treasures, plus the treasures of five families and sects!

Five families?

Hold on to death, take out three arms of time and space!

It's a kind of artifact with hundreds of handles, one or two thousand Hunyuan immortals, tens of thousands of gods and kings!

As for ye Chen, his treasure is estimated to be several times of this number. It's easy to kill Ye Chen in the five layers of Shenwang state, at least more than xianzun!

"Gentlemen

"Do you remember me at last?"

Ye Chen stands steadily and naturally, as if everything is in control.

If in the beginning, all people are against themselves, he may die.

This is what he worried about at first!

But at this moment, many strong people were seriously injured!

It's not so easy to deal with him!

Why should he be afraid!

Ye Chen stepped out one step and said: "originally, you were all about to fight. I was coming out. I didn't expect that you fought each other for more than ten minutes. You killed the fifty odd number of Hetao God King and more than 300 Hunyuan worshippers. This number is half of the data in my mind."

"In that case!"

"I'll come myself."

As soon as ye Chen's voice fell, countless light clusters rushed out of the ground, which had been turned into ruins. They were dense and surrounded thousands of warriors. It seemed that the number was several times as many as that of martial artists!

Every light group is a weapon!

It may be a spirit tool, an immortal tool, or a divine king tool, a Hunyuan immortal tool, or even a combined Dao artifact!

Whoosh! Whoosh!!

Whoosh! Whoosh!

In all directions, there are still a steady stream of fairy and King vessels coming!

In the distance, moonlight Buddha, pharmacist Buddha, sunlight Buddha and war puppet are still releasing weapons that ye Chen has already arranged for the power of spirit and soul. At the moment, tens of thousands of weapons are flying, and they have already escaped to the wall of Tianjian city!

Ye Chen took out a Jiupin Hedao artifact flying boat, and Liang XueYue stepped on the boat and said, "good bye, everyone."

As soon as the voice fell, the boat quickly started, burning several Hunyuan immortal tools as power, and even exceeded the beam of light and went straight to the wall.

Mid air!

There was a sensational voice "boom!"

The voice dropped!

Click! CLICK!

Click, click, click, click, click, click, click, click, click, click, click, click, click, click, click, click, click, click, click,
click, click, click, click, click, click, click, click, click, click, click, click, click, click, click, click, click, click,
click! Countless light regiments cracked one after another, and countless divine, immortal, spiritual and
Hunyuan immortal tools were revealed, wrapped with thousands of martial artists!

This is Ye Chen's biggest card!

The bottom card that has been prepared since stepping into Tianjian city!

Forging God King will be against the sky skill thousand soldiers explosion taught him!

But I didn't expect Ye Chen would carry forward this technique!

The power of the thousand soldiers explosion is extremely terrible, and there is only one shortcoming!

That's extremely expensive!

And ye Chen now, the most important thing is immortal!

Although it is painful to destroy so many immortals, ye Chen doesn't care at all!

And all the innocent people in the auction were evacuated, leaving behind greedy people!

Whether they can survive depends on their nature!

"Ye Chen!"

"Beast

No, no, we are not

"Beast, don't run away..."

Many martial arts eyes bathed in blood, in the constant struggle, a startling burst sound came out!

Boom!!

Boom!!

There's not only the biggest explosion, but chain explosions!

Most of the Tianjian city is covered in it. Not only 4000 warriors, even millions of fighters fighting outside, are surrounded by them.

In the distance, ye Chen, a tower ten thousand miles apart, was shocked by the shock wave, but with a smile of evil charm, he said: "after the war, I was completely famous in the world, as for those martial arts men..."

"Martial arts is the nature of seizing heaven and earth!"

"They should have left at the beginning of the chaos. If they don't leave, they want to rob treasures, or fish in troubled waters. No wonder I am!"

Martial Road, this is the road to heaven, the road to kill!

If you want to rob, you must seize the nature of heaven and earth, kill people and take treasure!

What's more, living in the Lingwu land, which is a place where strength is respected, as for the explosion of Tianjian City, there is at least 15 minutes from the chaos of Tianjian city to the beginning of the explosion. Even if the emperor Zun is in the territory, he can leave Tianjian city with all his strength.

It only takes a few minutes to enter the divine state and the divine kingdom!

I haven't run for such a long time. I haven't evacuated!

Then don't blame Ye Chen for detonating many immortal tools. The aftershock will kill them!

"The explosion

"It costs 100000 spirit tools, 50000 immortal tools, 5000 God King tools, 1000 Hunyuan immortal tools, and 30 combined Dao artifacts!"

"That's the limit I can control to detonate." Ye Chen said: "fried, it is the immortal immortal. If you pay attention to it properly, you will not be able to blow up so much!"

"But it's not so good!"

"It may even take a hundred years to get back to its peak!"

Chapter 1538

Ye Chen looked at the three deities around him and said, "three deities, please control many war puppets. When the explosion is over, they all rush into Tianjian city and collect the heaven and earth rings of the people who have been killed under the God King of he Dao!"

"Yes, sir!" The three gods and Buddhas quickly clasped their fists!

The twenty-five God kings of Duhua!

Now, there are only 18 left, and seven have been destroyed. This is still at the beginning of the scuffle. Ye Chen ordered them to retreat. Otherwise, there will be few left until the explosion!

Liang XueYue gazed at Ye Chen and said, "You evil god, you've got so many trophies this time. Your subordinates have obtained the thousand devil ginseng I want. Can you give it to me? I can give you some magic tools of the way

This is the biggest reason why Liang XueYue did not leave!

Thousand devil ginseng is so important to her!

What's more, ye Chen doesn't practice poison skill, and thousand evil ginseng has no effect on him!

"No way!"

"Thousand devil ginseng, I want to save a friend of mine!"

Ye Chen gazed at Liang XueYue and said, "I know that you are the poison of the day after tomorrow, but it is not complete. You still need the poison of the day after tomorrow to improve it. But I can't give it to you now. In this way, you go to Kunyu city a million miles away!"

"In ten days, I'll come to you!"

"If there is any left over, I will give you the remaining poison the day after tomorrow."

Ji Lin, need the poison of the day after tomorrow, perfect the blood and body!

According to several masters, only half of the thousand evil ginseng is needed for the postnatal poison!

However, ye Chen is not sure whether the array will fail!

So he has to have it all!

There are at least two more chances!

Liang XueYue! Because he was implicated, if there is any left, give her some postnatal poison, also calculate compensation!

"This..."

"Give me a jade pendant!" Liang XueYue received a message from ye Chen and said in a deep voice, "I hope you don't cheat me!"

"I never cheat people, especially beautiful women!" Ye Chen joked, only to see Liang XueYue into streamer, and then the night rushed to the distance, she does not go now, waiting for the public to react, but can not go away!

Boom! Boom!!

Boom!!

In Tianjian City, the aftershock of the explosion has caused many fairies and Shenwang vessels to explode!

Before the sound stops, ye Chen stands on the tower, enjoying the moment that is enough to be remembered by history!

A long time ago!

About ten minutes later!

The explosion stopped!

In the middle of the sky, only eight figures are still standing. They are xianzun of the six major forces, and laojiaohua and fisherman, who have released several top Hedao artifacts!

"Ah..."

"Ye Chen, brute..."

"Beast..."

The butcher, the druggist and the tea merchant, the three supreme gods, were originally wounded by the immortal statue, and then experienced the impact of the explosion. At the moment, they were lying

on the ground with incomplete limbs and blood overflowing. They were surrounded by flesh and blood, and countless limbs and broken arms!

Without their powerful warriors, or without the defense of the United Way artifact, the bad luck almost all die clean!

More than a hundred of them are now lying on the ground and wailing, and there are more than a dozen of them who are not in the center of the explosion and are not seriously injured. They are all staring at everything in front of them, including Dugu Tianyu, the eight elders!

Baili snow is chaos began to leave, not injured!

But the other child, all scrapped, not only they scrapped, they brought about the Hunyuan realm Zun, almost no sound!

"This..."

"Ye Chen, little beast!" The elder of the fierce demon palace, dressed in rags, cursed furiously, and his body was blasted out of cracks!

He was so angry!

"My disciples, my disciples!" The supreme elder of Baili family looked at all this sadly. Although he saw Baili snow and his subordinates, the others were seriously injured.

All this is due to his greed!

Although bailixue has repeatedly suggested helping Ye Chen, for the supreme elder of Baili family, if ye Chen has the soldiers of time and space, he will kill Ye Chen at all costs!

The Taishang elders, such as the Beitang family and the huohuojiao sect, are still in a daze when they see half of their own troops killed by the explosion!

It's over!

It's all over!

They are not as good as their weapons and equipment. Almost all of them are scattered between heaven and earth, except for the five supreme gods! But their own team, also finished, half dead, most seriously injured, and some slight injuries, but also not much use!

This auction!

Completely destroyed!

Auction of the immortal and the king of God, almost destroyed, not destroyed, almost with a piece of explosion! The six immortals, they all think so. They are all in vain!

Whoosh!

Whoosh!!

Just as the crowd is at a loss!

Four blue lights burst into the sky, the stone pestle exploded, and four soldiers of time and space rose to the sky, and they rushed to the four immortals of Baili family, huohuojiao, Beitang family and Dugu family to return to their master's side!

"Soldiers of time and space!"

"It didn't blow up!"

"There are so many immortal tools and divine king's tools that did not resist the explosion, and they all followed the self explosion. The rings of heaven and earth that did not explode were scattered all over the ground. I didn't expect that the four weapons of time and space would be unimpeded!"

In the distance, Baili snow looked at all this, shocked in the heart!

Worthy of being a soldier of time and space, with the laws of time and space, you can protect yourself from being destroyed at critical moments!

"Our soldiers of time and space!"

"I will return to my hand in the end." The elder of Beitang family sighs!

"After the war of time and space returns, hang Ye Chen!" The Taishang elder of Dugu family was cracked and trembled with anger. He wanted to reach out to pick up the soldiers of time and space!

As long as the soldiers of time and space return!

No matter what, kill Ye Chen!

All of a sudden!

A figure across the sky, holding four soldiers of time and space, not waiting for the soldiers of time and space to resist, was directly put into the reincarnation cemetery, in which even the holy soldiers could not escape!

Ye Chen fell to the ground, smiling. More than a thousand war puppets of Hunyuan state and Shenwang state emerged all over the body. They quickly collected many rings and weapons scattered on the ground. In the distance, millions of low-level loose repair and small sects were blown to death, and a large number of treasures were also left behind. They were collected by the three gods and Buddhas, leading the gods and demons of the Hedao realm, at a very fast speed!

Join forces on both sides!

The ring of heaven and earth and all the treasures are in Ye Chen's reincarnation cemetery!

"Gentlemen

"It's not so easy to offend me

"You can do it yourself. I'll go first." Ye Chen, with a cheerful smile, directly steers away from Hedao artifact!

"Ye Chen!" The roar of the elder Taishang shocked the heaven and the earth. He immediately rushed out with the broken Hedao artifact. At the same time, he said angrily: "Dugu family, the surviving warriors, follow me to kill Ye Chen!"

He waved a sword and smashed dozens of Hunyuan battle puppets of Ye Chen and went straight to Ye Chen!

Chapter 1539

"Ye Chen!"

"Kill Ye Chen!"

"Kill Ye Chen!"

"Kill..."

The other immortals were so angry that they thought they could keep the soldiers of time and space. Although the man died, all the treasures and artifacts were left behind, and there was still some harvest. Unexpectedly, ye Chen robbed them!

"The hundred Li family, the living warrior, will kill Ye Chen with me!" Bai Li family is too old-fashioned to care about the injury and rush out!

"Linghu family, the living warrior..."

"The warrior who is still alive in the fierce demon palace will follow..."

"The Beitang family is still alive..."

"Huohuojiang returns..."

In a rage, the five immortals led more than 50 and 100 Hunyuan border warriors who were still in combat power!

"Madder, let this boy have everything!"

"Kill him!"

"Yes, kill him!"

The butcher, the old beggar flower, the druggist and so on five extremely wounded God Kings also rushed out!

Ma De, Laozi spared no effort to fight for the war of time and space with the six immortals!

You ye Chen is good!

finally, you come out!

If you rob everything and run away, I will kill you. Even if you don't kill you, you have to spit out all the soldiers of time and space for Laozi. I'm waiting for these things to break through the environment and prolong life!

Whoosh!!

Whoosh!!

Tianjian City, a lot of martial arts out of the sky, straight after ye Chen!

Now, the most elite and most powerful six schools and the surviving sanxiu all rushed to kill Ye Chen!

Hoo Hoo Hoo!!

Whoosh!

As ye Chen Ran, he released the war puppet in the reincarnation cemetery, "chase me? There are many puppets in Laozi's war. This time, I collected a lot of corpses. I'll make them into war puppets and kill you! "

"Tomb owner!"

"Why not continue to release weapons and blow them up?" Asked the moonlight Buddha, who was also on the edge of his life!

"Do you think my spirit is infinite?"

"Every weapon has to cut my spirit power!" Ye Chen spilled blood from his lips and said with a smile, "if you explode these weapons, my spirit power has weakened to the level of a warrior who has entered the divine realm. In a short period of time, I can't detonate the weapon again!"

"Get the treasure, run quickly!"

"You think I can kill them all!"

Ye Chen continued to release tens of thousands of Shenwang war puppets. In a flash, he was attacked by the pursuers, and had to put some high-level war puppets. "Now, after our most important escape, we will arrange the heaven and Earth Sky Dragon array to improve Ji Lin's innate poison body, but not to destroy them!"

Bang bang bang!

Click!!

Bang!!

A series of explosions!

The speed of the fall of Shenwang battle puppets is also very fast. Under the six xianzuns, dozens of statues are lost every second. The near king of gods war puppets can't hold them for long. Fortunately, they can hold them back and let Ye Chen run first!

Hoo Hoo Hoo!!

Whoosh!

Ye Chen with the crowd, running for several hours, behind a large number of pursuers have been thrown away, but the main a few still follow it!

"Ye Chen!"

"Give up the treasure, or you will never die!"

"Yes, give up the treasure!"

"Hand it in!"

Six immortals!

The three supreme gods still follow!

The other God kings and Hunyuan realm worshippers were trapped by a large number of Hunyuan battle puppets released by Ye Chen.

At the moment, ye Chen had already escaped from the scope of Tianjian City, and was heading for the next area under the jurisdiction of Dugu family. Looking back, the group of strong men still pursued.

Damn it!

Now ye Chen's condition is also seriously injured. If you fight against these strong men, you will not have the qualification for World War I!

Suddenly, a breath of terror, covered with blood xianzun steps but slowly stopped.

He knew that it was no use chasing after him like this!

In this war, his injury is too heavy!

Time and space in the hands of Ye Chen!

Ye Chen must die!

Otherwise, he will not be able to take back the soldiers of time and space with his family!

The immortal master's eyes flashed a trace of determination and took out a jade pendant from his waist!

Then, a drop of blood essence forced out!

The jade pendant flashed out a shadow!

"Master! I vowed never to use it! But now I have to sacrifice! "

"It's ridiculous that I killed a small animal in the kingdom of God with the power of this spirit!"

"It's just a monster!"

"I don't believe that this seriously wounded little beast can still resist the power that the immortal can't resist!"

"Ten thousand demons kill order, go!"The words fall, the jade pendant is broken, as if turned into a bloody arrow, flying towards the fleeing Ye Chen!

Dark clouds rise from the sky!

It's turning red!

Extremely cold and bloodthirsty!

Those supreme gods and other deities naturally found something, looking at the blood red arrow slightly a meal!

"Xianzun's peak power!"

"How could someone kill Ye Chen with the power of an immortal?"

"Ha ha, ye Chen will die!"

"In this way, he will never take away the soldiers of time and space!"

The crowd slowed down.

In their view, this time, ye Chen is difficult to fly!

If such injuries can block the peak power of the immortal mind, it is to hit them all in the face!

Blood red arrow closer and closer, everywhere, are ruins! We can see how terrible the power is!

And ye Chen at the moment naturally noticed!

He's cold all over!

It's a feeling of being watched by death!

For the first time since he stepped into the land of Lingwu, he felt trapped in death for the first time!

Ye Chen sighed: "master, I'm afraid you still have to help!"

"Six seriously injured immortals!"

"Three mortal kings! If you go on chasing me like this, I will surely die. "

However, there is no response from the samsara cemetery!

At this moment, ye Chen's top immortal statue is locked!

Even the connection of the samsara cemetery has been temporarily cut off!

Damn it!

What to do!

Closer and closer!

Life and death are only in a thought!

At the same time!

A young girl with a veil is coming towards us!

It's Wei Ying!

At this moment, Wei Ying naturally felt Ye Chen's crisis!

Her eyes are so cold!

The evil blood spirit body sends out endless cold, as if the temperature of the whole world drops to freezing point!

Between words, Wei Ying forced a drop of blood essence!

Release the power of Sha Xue spirit body!

In an instant, the essence of blood flew out!

Turn into a blue ice arrow!

The ice arrow seems to be coiled around an ice crystal Phoenix shadow!

The place where the ice arrow reaches has turned into a continuous ice field!

Even, it snowed between heaven and earth!

Flying snow in June!

The meaning of death!

A vision of heaven and earth!

At the same time, Wei Ying's face is pale to the extreme!

Using the power of blood, she lost a lot!

After all, she is not proficient in controlling the spirit of Sha Xue! And not fully awakened!

But no matter what, she doesn't allow Ye Chen to get hurt! Don't let Ye Chen die!

In her mind, she had been in Beijing Normal University and ye Chen's neighbors!

Once upon a time, there was a youth for her to resist the harm of evil blood cold body!

Once upon a time, there was a young man at all costs, desperate to turn the tide back! Guard her!

Once upon a time, a young man warmed her cold and resolute heart with his arms.

That young man is called Ye Chen!

From Jiangcheng, Huaxia!

She is the only friend of Wei Ying, the palace master of Jue Han emperor palace!

At this moment, Wei Ying's voice full of endless anger slowly fell down!

"If anyone wants to kill him, I will not allow him to be killed by Emperor Han!"

Chapter 1540

Countless double eyes are staring at the blood red arrow arrow close to Ye Chen!

Hundred meters!

Ten meters!

One meter!

The power of the immortal even drives the powerful air wave and tears the clothes on Ye Chen's body!

See blood red arrow to drill into Ye Chen's body!

Once touched, the immortal will surely fall!

Even if ye Chen communicates with the reincarnation cemetery, it's no use!

Suddenly, ye Chen remembered what!

When Kunlun was empty, Lin Qingxuan, who was a doctor of Taoism, had given him a pill before he dissipated!

"Disciple, this pill is a top-level pill that my teacher spent a month refining in the samsara cemetery. It is infinitely close to ten products and is extremely precious. If you look at Kunlun void, there is only one pill. If I refine myself, I may be top ten, but now I can barely make it. This pill is called "nine death without end pill!"

"Before you fall into a situation of death, or your body is completely destroyed, taking this pill can at least change the adversity. Remember, don't take out this pill until you're in a state of death! Otherwise, it will be a waste

In the ancient times, Lin Qingxuan's military power was not too strong, but in terms of medical ethics and Dan Dao, it was absolutely the top existence in Lingwu mainland!

Even if it is put in Lingwu land, it will be of great value!

Now, it's time for him to sacrifice.

However, the blood behind the arrow is too fast, ye Chen in this moment simply can not complete the process of nine death endless Dan!

What to do!

At this moment, his spiritual consciousness spread.

He seemed to see the immortals sneering.

I even saw the greedy eyes of those supreme gods!

Once they fall, this group of people will swarm to! Take away the soldiers of time and space!

What about Ji Lin?

He promised Ji Siqing to take good care of Ji Lin!

However, once they fall here, the samsara cemetery will surely dissipate in the world!

At that time, Ji Lin will not be able to live!

Strength!

I want strength!

Endless strength!

I want to awaken my samsara blood!

Only by controlling the reincarnation blood, can I not be afraid of any forces!

However, there is no chance.

Suddenly, in the sight of the public!

A cold blue light broke the sky!

Come through!

Even, the crowd also heard a phoenix roar!

The sound, shaking the world!

"Touch!"

In countless sight witness, that with ice crystal Phoenix shadow arrow and blood red arrow unexpectedly touched together!

The two forces are in a stalemate!

So hung in front of Ye Chen!

Weird!

Weird to the extreme!

At the moment, the whole world seems to be quiet.

Those powerful deities and even the supreme gods are confused!

How could someone break the immortal mind?

Even they can't resist the immortal worship!

Crazy!

"Hum, the mantis can't do anything to stop the car!" The elder of Dugu family snorted coldly!

In his eyes, that power, no solution!

No matter who is helping Ye Chen, he has to bear the pain of regurgitation!

However, "click!" A sound, under the public's full view, blood red arrow on the spot broken!

At the same time, ice crystal Phoenix virtual shadow issued a roar, hovering around Ye Chen!

As if guarding him!

Empress Dugu's face is black!

It's completely dark!

Last second, his assertion, now unexpectedly mercilessly slapped in the face!

The key is who is saving Ye Chen!

Is it not only the immortal, but also the stronger existence that can resist the peak attack of xianzun's mind?

Is this the true dependence of Ye Chen's arrogance?

At this moment, all the people who pursue Ye Chen stop!

They're scared!

If there is such a strong guard, they now how to kill Ye Chen!

When all sounds are quiet, an old and puzzled voice rings out:

"have you found that the ice arrow accompanied by the shadow of ice crystal Phoenix is a little familiar..."

"It's like It seems to be a method of exterminating the clan in ancient times? "

"What's more, the chill is overwhelming From a stream of blood... "

"Is it the palace of absolute cold emperor!"

As soon as I said this, all the faces were white!

I'm absolutely scared!

In Lingwu land, you can not know the blood spirit clan! You don't know the dragon family and the holy dragon family!

You don't know the devil's land!

But you can't help but know the existence of juechan palace! At that time, juechan emperor palace was one of the most terrifying forces in Lingwu land in ancient times!

The master of juechan emperor's palace can destroy the whole western regions with one thought!

It's a pity that Jue Han Emperor's palace suddenly disappeared overnight!

It has become the forbidden fish in the hearts of all people in Lingwu land!

It's out of reach!

It is said that all the people in Jue Han Emperor's Palace are destroyed by numerous forces!

No one survived!

Even if the martial arts and inheritance of juechan emperor's palace have disappeared!

As a top power, juechan palace has countless treasures!

Even the worst may be the soldiers of time and space!

There is a legend in Lingwu land that when the master of juehan palace died in ancient times, he took everything from juehan palace with the power of divinity!

Hidden in a mysterious land of Lingwu!

Only when you have a chance will you open it completely!

This is ten thousand years!

"It can't be the palace of juechan emperor. It has long disappeared. How could it still appear?"

"There are a lot of ice system skills in Lingwu land. They should be similar. I'm afraid you are wrong about it."

"If the master of juechan palace is still alive, the whole western regions will disappear. We can't stand so well. "

"Don't scare us, old man!"

A fairy Zun frowned and analyzed.

As soon as the words came out, the others nodded.

That seems to be persuasive.

The Taishang elder of the Dugu family looks very ugly. He looks around and seems to be looking for someone to do it!

However, everything around is empty, besides them, there are no people!

A few seconds later, ye Chen in the distance was relieved.

Somebody's saving him?

He looked at the ice crystal Phoenix disappearing overhead, frowning.

Not long after he came to Lingwu, he made many enemies and few friends!

How could anyone save him except the great power of the reincarnation cemetery?

And the power just now, at least the immortal level!

"The old drinker?? It's impossible. This skill is obviously a female skill, and the opponent is at the immortal level! It can't be him

"Is it the palace of wanjian emperor?"

"It's impossible. The palace of wanjian emperor can't protect itself. It's impossible to help me."

Ye Chen thought about it, even thought of the spirit of the immortal, and finally, he shook his head and waved all his thoughts.

The crisis is not over yet!

He looked at several immortal statues and supreme deities who had not been reflected behind him, and then he plundered towards the primitive forest below. As soon as he entered the forest, he relied on the reincarnation cemetery to shield his breath!

Since he's being chased!

Then he wants to see who can laugh last today!

As for who helped him, he didn't need to guess. He believed that since the other side was willing to fight, he would surely come to see him!
