

Physician 1541

Chapter 1541

After ye Chen disappears, all talents react thoroughly!

The cold meaning has disappeared, indicating that the people who help Ye Chen have left!

Since leave, that ye Chen will die!

What about ye Chen

"Run away!"

"In the forest!"

Six immortal Zun a Leng, say together: "scatter to look for!"

Scattered to find the best, together to find, then we have to fight each other for a while!

"Let's go down too!"

"I know it in the jungle!"

The butcher, laojiaohua and the druggist followed the six immortals and turned to the original mountains stretching for hundreds of thousands of miles in search of Ye Chen!

.....

At the same time, ten miles away, behind a huge stone.

The pale Wei Ying came out. Looking at the back of Ye Chen and the others, she sighed: "Ye Chen, there is not much I can do for you. I can only help you resist the immortal spirit. Next, it depends on you."

At the extreme of speaking, a smile appeared in the corner of Wei Ying's mouth.

Even if the injury is very serious, but the smile is very beautiful.

Bai'er came out, handed out a pill, worried: "palace master, why do you have to suffer? That boy is just a God King state. Why do you want to help him like this?"

"Your blood essence is extremely precious."

"Before that, if you don't want to help us, I'll tell you what Guangchen can do."

"In terms of this strength, even if he is given 10000 years, he is barely the same as me."

"What's more, the palace master, we were almost exposed just now! If we are known by outsiders that we are still alive, then neither of us will want to leave alive! If I hadn't taken you away in advance, those guys would have found out! "

Wei Ying took the pills in Bai'er's hand and nodded: "I know, there are some things you don't need to talk about."

"To save him, you may feel worthless now, but later you will find that this is the most worthwhile thing!"

"Besides, he is my only friend."

"If he dies, I don't want to rebuild the palace of juechan emperor."

Bai Er doesn't understand Wei Ying more and more. In her opinion, Wei Ying's identity is superior to others, and she has a strong blood.

Obviously, he is not in the same boat with Ye Chen.

As for friends?

In Lingwu mainland, friendship is not worth money at all!

"Palace master, do you like Ye Chen

All of a sudden, Bai Er thought of something, his eyes crossed a cunning.

That's the only explanation!

Hearing this, Wei Ying's pale face turned red. She snorted coldly and walked outside.

"Bai Er, don't ask more about what you shouldn't ask! Now that he's not in danger, we should be on our way

"It's time for us to take back those things that the master of juechan palace took away at that time."

"Only by getting those things can I be qualified to fight against the top forces in Lingwu land!"

"Go

"By the way, before you leave, help that guy again, at least to attract some fire."

Wei Ying fingers Jue, a phoenix virtual shadow toward a direction.

Bai Er looked at it, spat out his tongue and quickly followed him up: "yes, palace master!"

.....

Meanwhile, the hunt continued.

The six immortals were seriously injured. After hundreds of thousands of weapons self exploded, although the level of weapons is very low, and the self explosion alone will not pose any threat to them, but together, it is not a matter of one plus one equals two, but a process of qualitative change that has taken place!

Hundreds of thousands of weapons explode!

Its power is comparable to that of a warrior with immortal's respect. Let's fight with all your strength!

Similarly, it is equivalent to a product of time and space!

It's so powerful that the six immortals resist together. Otherwise, they would have been killed long ago, and they would have been seriously injured and dying!

Just when the six of them were about to kill 100000 mountains, they suddenly saw a phoenix shadow, which attracted the ancestors of Baili family, the elder of the fierce demon palace, the elder of Linghu family, and the elder of the fire cult!

There are only two immortals left!

As well as three extremely damaged gods in search of Ye Chen!

100000 mountains!

It's a hundred thousand mountains. If you look down carefully, it's a vast and incomparable forest, but it's almost the total land area of China. There are a large number of immortal animals, fierce beasts and Warcraft. It's the place where Dugu family and other forces are left alone to hunt and kill the fierce beasts in Hedao area and make the magic tools of he Dao!

At the moment Ye Chen entered the 100000 mountain, he felt the breath of dozens of fierce animals in the Hedao realm, and dozens of immortal beasts in the half step Taoist realm. Even if it was only a short distance, there would be so many fierce beasts in the Hedao realm!

"Can't go deep!""Find a chance to kill three supreme gods!"

Ye Chen nestles under a 100 meter tree. His body is cracked and drips out light blood. When he drops on the grass, the destructive force in his blood has wiped out a large area of land and grassland.

He cultivates the power of destruction and the power of annihilation, which have been integrated into his body and blood!

At the moment, even a drop of his blood is enough to blow a warrior into the divine realm!

Hoo Hoo Hoo!!

Whoa!!

Ye Chen changed a place to take out a piece of he Dao artifact and put it under his body to collect his own blood. At the same time, he stopped his breath from overflowing. He quickly made a hole in the center of the tree and entered it to heal his wounds!

The magic reincarnation formula works!

Injury is accelerating recovery!

Soon, the five strong men are approaching the direction of Ye Chen's disappearance!

"Everyone, spread your search."

"It's not appropriate to gather together!" Xu Xu, the supreme leader of the Dugu family, said that his whole body was flowing with blood and magic light, and a blood hole the size of a bowl appeared on his chest. You can clearly see that the internal blood and flesh have been corroded by the acquired poison!

Originally in the poison of the day after tomorrow!

After such an explosion, the old injury recurred! The venom rose sharply and spread directly to most of the body!

"I mean it too!"

"They are stopped!"

"That's what we've got Another immortal statue's eyes were deep, looking at the distance. The four immortals were surrounded by the Phoenix shadow and said, "let's move!"

The voice dropped!

The two immortals follow each other with the method of blood essence and blood density, but they pursue both sides of the East and the west respectively!

The three supreme deities all looked around with gloomy eyes. They always called Hua Yan and said, "we three, let Ye Chen play! This time, they search for each other. After ye Chen is killed, the booty is whose, and then he runs away from the end of the world

"I'm afraid we won't see each other again in more than ten years!"

"If someone gets the booty of war, there will be more than one weapon of time and space. I always ask flowers to be slaves. Just give me a weapon of time and space to break through the situation!"

"This sentence, no matter what the occasion, no matter what the situation, is always valid!"

"Because I really need it!"

Chapter 1542

He Dao Shenjun, 150000 years of life!

Laojiaohua has only one thousand years left to live. After this battle, Shouyuan is consumed rapidly. It is estimated that there is only one hundred years left!

Among the three, Lao Jiaohua is the most anxious!

"Good!"

"Yes!"

Butcher and druggist leave!

The three immortals are not dead!

Under the attack of the two seriously injured immortals, I'm afraid the hundred moves will fall. The Supreme God King is not willing to!

Xianzun was even more reluctant. Even if he could kill the three top deities, they would almost be seriously injured and dying. If another unknown warrior or the mysterious strong man killed them, everyone would be doomed!

"Ye Chen!"

"Ye Chen, get out of here!"

"Where the hell are you hiding?"

Laojiaohua Yukong searched everywhere. With a wave of the Jiupin Hedao artifact, a large number of trees were destroyed. Many immortal beasts and fierce beasts wanted to attack laojiaohua, but they were beaten to death by a stick. Even if they were seriously injured and dying, they were also the top gods. They were not ordinary animals that could attack and kill!

Bang bang bang!!

Click!

Lao Jiaohua searched around and destroyed everywhere. He killed dozens of fierce animals in hetaojing under his stick, slaughtered many animals, but he never found Ye Chen. Even before dawn, he had to sit on a big tree to heal his wounds and whispered: "Ye Chen, you give me a weapon of time and space, I can give you a slave for thousands of years!"

"No!"

Ten thousand years

"I know you have at least a few weapons of time and space on you, not all of which you need!"

The voice was very low, but it spread to the surrounding mountains and forests by the wind. Many fierce beasts rushed to the ground!

A supreme king!

Unexpectedly, he is imploring Ye Chen!

In the distance, ye Chen in the tree hole looked at the dying old beggar flower through the gap. His eyes twinkled and his eyes were slightly gloomy. He immediately shook his head. It was good to get such a servant!

However, he did not have the means to clamp the old call flower!

As for Duhua's kingcraft?

As for the top God King, you can't do it unless you are promoted to Hunyuan realm! As for the seal with the sword of heaven and earth?

The power of the spirit of laojiaohua is ten times as much as ye Chen!

The sword seal of heaven and earth will be lifted in an instant, and ye Chen will die at that time!

Ye Chen didn't pay attention to Lao Jiaohua's words and tried to recover from the injury. Although he didn't fight in front of him, he was chased by so many warriors. Even if he was attacked by air separation and the law of time and space, he almost defeated him!

He entered the samsara cemetery and asked, "how are the statues?"

"Everything is fine!"

"But all the people who came back were seriously injured!" The elder of the ice sword immortal breathed a breath. His body was a little indifferent. His eyes flashed over the three gods who were healing. Their bodies were all pierced by xianzun. If it wasn't for the invincible realm, it would have fallen!

Twenty five God kings who have been measured in the world of harmony!

After several wars, only 13 were left, and the others were killed. All of them are strong at the level of three or four levels above the level of the Taoist realm. It's OK to deal with other people. When dealing with the Supreme God King, they are basically killed by a second.

Ye Chen thought: "the old call flower guard in the north exit!"

"Want to go out!"

"You have to kill Lao Baohua!"

"As for the south, butcher, the injury is lighter and more difficult!"

"West, elder Dugu Taishang!"

"In the East, there's also an immortal statue!"

"In addition, there are pharmacists in the middle area who are patrolling around!"

"Compared with being surrounded on all sides, all sides are guarded, and those guarding both sides of the East and the West are xianzun!" Ye Chen thinks about the situation around him and looks down at the present situation of the reincarnation cemetery. The war puppets in the Shenjing state and the war puppets in the Shenwang state are almost all consumed up!

The rest!

More than 100 Hunyuan border war puppets!

In addition, there are more than ten war puppets in the same way!

As for the huge amount of weapons harvested, their spirit power is not enough. The weapons that can't be detonated are gone!

Otherwise, if you take out some weapons and detonate them, they will be enough to kill these five people!

"Some masters!"

Ye Chen gazed at the three deities. Seeing that their injuries were so serious that they almost died out, ye Chen could not help shaking his head. When the three deities detonated the meeting hall, they were already injured, and when they were sheltering themselves to escape, they blocked the attack of an immortal!

Let them practice Ice Blast!

And then detonate many weapons, it is very difficult, even almost impossible!

If we do this, the three gods and Buddhas will fall directly because of the exhaustion of the spirit power!"Tomb owner!"

"Confused, can't escape?"

The ice sword immortal Zun's eyes twinkled and said quickly, "you must go to war immediately, and flee immediately! Tomb owners don't heal. When you heal, they also heal. Their realm is far higher than you. When you finish healing, they will recover a lot of fighting power, and the gap will be even greater. "

"I have no power to supply you!"

"Three gods can help you!"

He looked at the three men, such as Zhu Mie Jun, with a long sigh and said, "I'm almost to the day of extinction. No, it's not annihilation. It's the day of the collapse of this divine thought."

Ye Chen suddenly looked at the ice sword immortal, and could not help but wonder: "master, your real body is not only in the middle of the creation world!"

The mind in the middle of the state of creation!

Although it is very strong, it has been nourishing by the soul dragon of heaven and earth, but it is not strong to this step!

According to reason!

At the time of destroying Tianxiang Pavilion, the deity of ice sword immortal has been exhausted!

"Unless..."

"Unless I have been promoted to Xingqiao state, I will be called sword God."

"Maybe I am, because my power of mind is really terrible!" Ice sword immortal Zun sighed, "the real body is called the sword God. I want to think about it. What name will the real body use? Ice sword God? "

Ice sword xianzun sneered at himself. His body is getting weaker and weaker, even his feet have faded, and his legs have become empty. He is no longer as solid as before. At this moment, he seems to be able to disperse by a gust of wind!

His eyes were gentle.

He took a look at Ye Chen, he did not regret this period of time with Ye Chen.

Even cherish this period of time!

He has practiced for thousands of years. How could he have such a hot blooded experience!

It's from ye Chen!

The spirit is about to disappear, but ice sword immortal Zun feels more relaxed. Instead, his lips outline a smile and says: "three, no, six! Three of them have been reborn. Fortunately, you can be reborn directly, and you will be rewarded directly. "

Chapter 1543

He lowered his head, a little gloomy, and said, "maybe, I need some time to extricate myself."

"But what I want to say is that our spirits of reincarnation are like inheritors one by one."

"Every time, come out and take over the task left by the last one!"

"Mission - accompany the tomb owner for a period of time, so that the tomb owner can grow up!"

Ye Chen didn't cut in. Even though the forging God King, the God Dan king, the hundred sword God King Nie Baijian and so on mentioned in front of these words, their mood and feelings were different, and they had something to explain to their successors!

"Don't worry."

"The strength of the owner of the tomb has been greatly improved." With a long smile, Xiaoyao God said, "if you are the same person from the samsara cemetery, then you are good friends. It doesn't take a year or two for us to extricate ourselves, and then we will drink and write poetry together!"

Zhumie God holds his hand and nods slightly. His eyes are also different. It seems that before long, he will tell other successors. Generally speaking, this is a mission, but also a glory and a great opportunity!

Help someone for a while!

In exchange for real liberation!

Or in exchange for a chance to be reborn!

Not a great opportunity, or what!

"Good!"

"It seems that you all know what I'm going to say, so I won't tell you!"

"In the future, it will be better if we meet in person!" Bing Jian Xian Zun glanced at Zhumie, Jiuwu and Xiaoyao, and said with a smile, "good bye, everyone!"

At the moment, finish this!

The lower half of the statue of ice sword immortal has completely broken up, turned into a Taoist light and dissipated in the reincarnation cemetery!

Finally, Bing Jian Xian Zun looked at Ye Chen and said cautiously and earnestly: "the elder of the Dugu family said that the palace of wanjiandi was besieged, which was true before, but it seems that the battle situation is not good for us!"

"My wanjian palace!"

"Now it should be five Xingqiao state sword gods, more than a dozen fortune realm sword zuns!"

"In this case, I would like to ask the tomb owner for one thing!"

As soon as his voice fell, the ice sword immortal bowed slightly with his fist clasped and his attitude was extremely humble!

Ye Chen quickly helped him, nodded his head and said, "save the palace of wanjian emperor, right?"

"yes!"

"It may be difficult for the owner of the tomb, but I still hope you can go and have a look. You are the son of heaven, the patron of the times, and the owner of the supreme blood. If you go, you will be able to save the palace of wanjian emperor. After all, it is my home. I don't want to be destroyed!"

Under his neck, the ice sword immortal Zun has basically dissipated, so he quickened his speed and said, "if you can, the weapon on your body, the tomb owner, can detonate one piece, which should be able to repel the enemy, even if it can't, let the sword God of wanjiandi palace come out to rescue my real body!"

"Let my real body go to save the palace of wanjian emperor!"

"this is my last plea!"

The sound is not falling!

Ice sword immortal statue has been completely transformed into countless rays of light, diffuse in the reincarnation cemetery!

Soon the glow dissipated, as if there had never been such a deity as ice sword immortal Zun. Ye Chen quietly looked at the broken tombstone of bingjianxianzun, and he was full of thoughts. He had sent this away. I don't know how many masters!

"One day!"

"We'll all meet!"

Ye Chen quickly roused himself up and ordered: "kill the God King, start all the war puppets, and at the same time, bestow your strength on me. The war puppets set up the procedure of self explosion in advance, as the last means!"

"North!"

"Laojiaohua, I will break through from him myself!"

"Kill him, if not, detonate a large number of puppets, kill him, and then escape!"

As the ice sword immortal statue no longer has the strength to disappear!

Ye Chen's greatest reliance now is the three gods and Buddhas!

Together, the three gods and princes can make ye Chen's fighting power more powerful than that of the seven or eight layers of heaven in the United States. The three gods and Buddhas have been seriously injured and can't fight again. So, we can only rely on Ye Chen himself to fight for the Supreme God King at the top of the nine layers of heaven in the Hedao realm!

"Kill!"

"Always calling flowers!"

"Treacherous old man, do you think I will believe you?"

Ye Chen turned into a streamer and went straight to the north to kill him. His whole body erupted with the power of destruction and annihilation, which gathered on the Zhushen sword in his hand. After a

sword was sacrificed, the luster of the four sides overflowed and turned into a layer of thunder light, surging like a tide, and suddenly burst out!

"Ye Chen!"

"I have decided to submit to you!"

"You..."

The old call flower spurts out a mouthful of blood in a hurry, and can't help but hold up the stick in his hand to resist.

Boom!!

Boom!!

A thunderous explosion came out!

Laojiaohua fell on the top of a tree for tens of meters. He could not help bending down to spray blood. His face turned reddish brown, just like a zombie. There were corpse spots among them, but the corpse spots would appear only by the dead, which means that his deadline is coming!"Damn it!"

"With the power of silence

"You want to kill me, little beast?"

Laojiaohua burst out, and his whole body was furious to the extreme. The dried up and cracked body was like a huge zombie, full of corpse gas. He violently waved the stick in his hand, attracting countless thunder lights and fighting with the law of space!

"The death of the void!"

"Kill!"

Laojiaohua mobilizes the whole body space rule, knocks out, in an instant, everything around Ye Chen is mercilessly torn, and dozens of space sharp blades condense and kill towards Ye Chen!

Bang bang bang!!

Loud!

Poof!

Ye Chen spills a trace of blood from the corner of his mouth, and his body is more damaged. So he quickly controls the Zhushen sword to resist the attack of the space blade. Even if he has three powerful forces, it is very difficult to resist the space blade composed of the laws of space.

Whoosh!

Whoa!!

A flying space blade hits the ground like a sharp sickle cutting tofu. It splits the ground in an instant, with a depth of up to 100 meters. Ordinary Hunyuan martial arts practitioners face it, and I'm afraid it will be destroyed in an instant!

"Old thing!"

"You don't have much longevity, you can only play three moves to death!"

"This is the first move!"

"Lao Tzu is not an idle man either." Ye Chen burst out a drink, and immediately took out a combined Dao artifact and threw it out with the power of extinction!

The power of silence!

Just hit it!

Old thing!

You don't even have a second shot!

SILK ~ ~

laojiaohua quickly scattered. The original huge body was to better attack Ye Chen. Unexpectedly, it became an obstacle. However, the shoulder was crossed by the Hedao artifact. The strong force of silence spread quickly to the whole body. The scabby body quickly turned dark black, and the cheek dried up quickly, and the gray hair completely disappeared, even the teeth Not a few teeth left!

Now!

Laojiaohua is like a corpse that has been buried in the earth, and then turned into a zombie!

Laojiaohua is eager for the war of time and space, which is to prolong life!

However, ye Chen's power of extinction is his complete nemesis!

Chapter 1544

There is not a lot of life, if it is consumed again, it will be a dead end!

"No, no, no..."

"My Shouyuan, no..."

"Little beast..." Old call flower tears out of the eyes of black blood, the body shaking violently, the joints issued a sound, it seems that the next moment is about to fall!

"Master!"

"I'm sorry, disciple."

Laojiaohua took out a long white jade sword from nowhere. The body of the sword is full of ancient twists and turns. It is extremely mysterious. It contains a strong will to attack. It seems that it is composed of the law of destruction. The real law of destruction, not the power of destruction!

Bang!

CLICK!

Laojiaohua broke the white jade sword and absorbed the power of the law of destruction. His body burst directly, leaving only one head hovering in the air. His eyes were filled with resentment. "This white jade sword was given to me by my master!"

"There is his power in it!"

"But if I use it, it will hurt him a lot."

"Originally, I didn't want to let my master suffer heavy damage when I was dying, but ye Chen, you must die. You have cut off all my hopes. Even in hell, I will not let you go!"

Hoo Hoo Hoo!!

Whoa!!

Laojiaohua, which is full of the power of dragon and the power of law of destruction, spurts out from his mouth and converges into a long sword, a long sword that can conquer the sky with a murderous spirit. I'm afraid this sword can kill the Supreme God King!

"The breath of dragon family!"

"I didn't expect it!"

"You are an old man's master, or a member of the dragon family!"

Ye Chen can't help but look at other places. The other four people have found the traces of the battle. They will come soon. We must solve the battle as soon as possible!

"The king's way of killing God by silence!"

"The king of destruction!"

"Kill ~!"

Ye Chen takes out the spirit killing magic gun and gives out the strongest blow. He wants to break the white jade sword and then kill old Jiaohua!

"Ha ha ha ha!"

"Ye Chen, you are just struggling with death!"

"Someone helped you secretly just now, but now she's not here, how can you live?"

Laojiaohua made a strange sound, and immediately the only spiritual power and spirit power of his whole body was integrated into the white jade sword. "Even if I am dead, even if there is no reincarnation and no possibility of recovery, I will kill you!"

As soon as the voice falls, the head disappears and turns into strength into the white jade sword!

In an instant!

The white jade sword burst out with incomparable power, directly tearing everything, tearing up 100000 mountains. Under the pressure of countless fierce beasts, they burst into large pieces of flesh and blood. Facing this force that can destroy everything, even ye Chen is frightened and frightened!

I'm always calling for flowers. I'm desperate!

Maybe, the old call flower thought, if not ye Chen came here!

I have a chance to seize the war of time and space together with four Supreme God kings and more than a dozen experts in the same realm who are close to the Supreme God King.

But now, no chance!

No chance at all!

Even if he killed Ye Chen, he couldn't get back the inevitable situation!

At the same time, it will cost the other four people to kill Ye Chen completely, hoping that the white jade sword will destroy Ye Chen's palace immortal utensils!

"Damn it!"

"I really think I'm a bully?"

"One by one, the means left by the master broke out!"

"Don't you think I have one?"

Ye Chen is a little indifferent after saying that. He has also used it, but he has already used it. Facing the white jade long sword which caused the thunder and countless sword Qi, it is obviously impossible to rely on the master!

"The kingdom of God!"

"When Lao Tzu broke the realm, he melted the magic weapon of the way."

"I really think I'm a bully now

"What's more, I may not be able to take the elixir just now!"

"Now I have time to take it!"

"Death never dies! Open it for me

With the roar of Ye Chen, the pills are taken, and countless effects surge!

Ye Chen felt as if his blood was burning up!

At the same time, there was a strange light on his body!

What a terrible effect!

At that time, Lin Qingxuan said to take it at the critical moment!

It will work!

And now, it's the moment of truth!

Ye Chen believes that master Lin Qingxuan can never cheat him!

Ye Chen's momentum is constantly climbing!

He coldly watched the crisis approaching, pinched the formula with his fingers, forced out a drop of blood essence, and forced the stored power of Hetao artifact to bloom, and his own breath also soared wildly!

There is even a sense of destruction!

Cool!"Six layers of heaven in the kingdom of God!"

"Broken!"

Ye Chen suddenly drinks, and his breath rises again. The five divine kingcraft are greatly improved and improved, and their combat power is improved a lot! His hands gather the power of destruction and annihilation, and bestow them on the demon gun to resist the flying white jade sword!

Clang! Clang!!

Whoosh!

Bang bang!!

Innumerable explosions, tearing sounds come out!

The tip of the white jade sword collides with that of the demon gun!

Then, a very clear voice came out. The tip of the miehun demon gun quickly cracked, and the head of the spear directly exploded. The body of the white jade sword contained the spirit of destroying the sword. It directly flew the trunk of the demon gun, and stabbed Ye Chen in the chest one step at a time!

This is the time!

Lin Qingxuan said that to stimulate the power of the pill is to destroy the body!

Ye Chen does not even block!

He's enjoying the moment!

Like a madman!

Hoo Hoo Hoo!!

Whoosh!

The power of the crazy law of destruction quickly destroys Ye Chen's Tao Yun and body!

Sonorous!

Click!!

Ye Chen's body seems to be covered with cracks like spider webs, covered with blood, and I'm afraid it will crack in the next moment!

at the same time, a bright light is attached to Ye Chen's body!

As if in the rapid recovery of Ye Chen's wound!

Fantastic to the extreme!

Even the devil's eye in Ye Chen's eyebrows has a plan to rush out!

"Devil's eye!"

"Open it for me!"

Ye Chen tried his best to mobilize his reincarnation blood. A strong force surged out of the blood vessels and meridians in the elixir field, and jointly restrained the power of destruction law in the white jade sword!

He pulled out the white jade sword which was inserted in his body, and the power of the combined Dao artifact in his body was stimulated again!

"Virtual body stage nine steps!"

"Broken!"

With a heartrending roar!

Ye Chen's body gets a lot of nourishment. The blood hole on his chest, which was the size of a bowl, is also rapidly healed. The cracked body recovers as before, and enters the ninth stage of virtual body, which is almost no weaker than the body of the Supreme God King!

How could it be!

The next moment of the disappearance of the old Jiaohua spirit is shocking to the extreme!

He did not expect that this blow not only killed Ye Chen, but also made Ye Chen break the boundary!

What the hell is this kid coming from!

Is it a monster!

What's more, what did the boy take just now!

Chapter 1545

Top pills?

Lingwu mainland where this must die to take pills ah!

However, his mind dissipated.

With reluctance and pain!

Old call flower, fall completely!

.....

Ye Chen slightly gasped: "master, as expected, did not cheat me. The power of this pill is too terrible, but there is only one pill."

"What's more, I seem to find that the power of this pill has not been fully exerted!"

Ye Chen's words have not finished, a burst to drink the sound!

"Ye Chen!"

"Ha ha! You are here

In the distance, the butcher burst into laughter, waving a long knife with blood, and said with a smile: "you killed Lao Jiaohua. I don't believe how much power you have to stop me!"

"Where is your puppet?"

"Why don't you have any of them? Why don't you blow yourself up? "

He laughed at the provocation: "you continue to explode your weapons, grandfather. I want to see how many weapons you can detonate!"

Ye Chen!

Otherwise, how can you do it yourself? You're almost killed!

Obviously, ye Chen has reached the point where the oil is exhausted and the lamp is dry!

Whoosh!!

Whoosh!!

In an instant, dozens of brilliance appeared on Ye Chen, each of which was a Hunyuan battle puppet. Qi Qi rushed to the nearest butcher, and then directly exploded. The afterwaves of the explosion spread in all directions, and he left without looking back!

Now his realm is not completely stable!

Not for war!

What's more, the hole of the old beggar has been torn!

Now is the best time to leave!

Of course, he has a better choice, such as throwing out a weapon of time and space, allowing them to snatch, and he can leave safely, but the cost is too high to be worth it!

Time and space!

It means the birth of an immortal!

No matter what they snatch, they will be a threat to themselves in the future, so they won't give it!

Is he Dao artifact? They won't fight for it at all, and the lower the treasure, the more you don't have to think about it!

Boom!!!

After the explosion and shock wave!

The butcher looked at the endless plain with blood. Ye Chen had already disappeared. His body trembled with anger and cried, "Ye Chen, my butcher will kill you, even if you go to the ends of the earth!"

"After him!"

"Don't bother you!"

All of a sudden, an old voice sounded coldly!

It's the elder of Dugu family!

The supreme elder suddenly took a hand, stabbed the butcher's heart with blood stained with the poison of the day after tomorrow, and then quickly mobilized the law of time and space to attack and kill the butcher who was about to be seriously injured and dying with absolute strength!

"You..."

"Asshole, you don't want to kill Ye Chen --"

before the butcher is left behind, the power of the spirit is directly annihilated by the supreme elder, and his heaven and earth ring is also taken away!

In the distance, the immortal Zun saw this scene, and he also started towards the pharmacist who was coming!

"Butcher, butcher!"

"I didn't want to kill you, but ye Chen escaped!"

"The loss has already occurred. Elder Ben has to find a way to make up for it." The elder Taishang weighed the butcher's ring of heaven and earth, and said with a sinister smile, "dozens of Hedao artifacts and 100 Hunyuan immortal tools are OK. They can be regarded as saving some losses."

He carried the corpse of the butcher as if he were carrying a toy. "As for the corpse, it's no problem to build a half step immortal Zunjing war puppet."

"It can make up for the loss."

Lost all the time and space soldiers stored in the family, about six handles of time and space. The other three were sent by the five medium-sized families. As many as six were lost, only one and a half step xianzun's war puppet could be returned. Blood loss!

But the victory is there!

As for the loss of other magic objects of the way!

Elder Taishang quickly took out the treasures in his ring of heaven and earth, and forcibly suppressed the postnatal poison in his body. His eyes showed a cruel look and said to himself: "after killing these small sects and martial arts practitioners, the treasures obtained can also make up for the consumption of our Dugu family!"

"All the time, all to Ye Chen!"

Make up your mind, all the responsibility to Ye Chen!

Anyway, ye Chen also detonated so many immortal tools. He didn't care about carrying hundreds of thousands of blood debts!

Bang!!

Boom!!

In the west, a voice of self explosion of the power of the spirit spreads out!

The immortal immortal killed the druggist who was also seriously injured and was dying. He obtained the treasures of the Supreme God King's life, and even his corpse. He could refine the half step immortal Zun battle puppet. In this way, most of the loss before could be made up for! As for the death of family members!

Then there is no way to make up for it, but in the future, it's OK to die ahead of time, as long as you make up for it!

The immortal and the elder looked at each other, knew each other's meaning, and left each other!

The elder Taishang returned to the chaotic Tianjian city and summoned the remaining warriors with the gold medal of the Dugu family. After a close look, there were only 15 of the 40 odd Hedao God kings in the headquarters now.

Fortunately, the Dugu family has a large territory, and there are about a hundred of them. Such a large family can not be weakened by the first World War!

"Elder Taishang!"

"Now, what to do?" Dugu Tianyu asked that he, the God King of eight layers of heaven, had good luck and survived many bad luck. Now he was only seriously injured and did not fall down!

The elder Taishang turned to focus on it. The other five sects had already withdrawn. There were only a dozen lower level gods left, and all the Hunyuan and Shenwang realms were scattered. They also attacked and killed all kinds of warriors around!

He decisively ordered: "kill all loose repair and their troublemakers, with their supplies, to make up for this loss!"

"Ah?"

"There are nearly 900000 of these scattered repairs."

"Although they are all low-level people, but..." Dugu Tianyu's mind was shocked, so many people should be killed at one time?

More than 1 million scattered repairs in the city!

All of them participated in the chaos and looting, but ye Chen detonated the immortal weapon. He had killed more than 300000 people, wounded more than 200000, and left 8.9 million? If you want to kill all of them, how can you explain to other forces!

"You're thinking about the account."

"And the little sects, right?"

Elder Taishang showed a very sinister look, glanced at the hundreds of thousands of law enforcement officers and all the strength of Dugu family, and said: "I ask you, this explosion was caused by Ye Chen, right?"

"Yes Dugu Tianyu and others nodded!

"This explosion killed all sanxiu, and ye Chen, the devil, killed all the warriors of the small sect! There's no one left, right? "

The face of the supreme elder asked so!

People are a little confused, immediately understand what the next moment!

It's the responsibility of those who want to kill their families!

All push to Ye Chen's body!

Chapter 1546

That would make people angry!

In this way, countless powerful people and forces will pursue Ye Chen endlessly!

Ye Chen will surely die!

It's like breaking the sky!

Who can survive in the pursuit of the whole western regions??

Some elders of Dugu family couldn't bear it. After all, not all the Dugu families were evil, and some of them were good. It was really difficult for them to start. One elder stood up and said, "would it be too cruel? If something leaked out, it would be a disaster to our Dugu family?"

Taishang elder touched the tiger and said with a smile: "no!"

"There are many creatures in the city, but there are more people in my Dugu family!"

"But all the people who are around the free cultivation groups and small sects should be arrested, and the soul prohibition should be set to prevent them from making trouble!"

Taishang elder thought: "about seal three million people, but with the strength of our family, one day is enough to complete. As for the people in other areas, they don't know the specific things here, so they don't have to worry about it!"

"This time, our Dugu family lost all the treasures!"

"If we don't kill some, we will make compensation. In the future, the master and many elders will return. How can we account for this?"

He examined the elder who asked the question and said, "if you don't do it, I will kill you by myself."

"I see!"

"I'll do it!" The elder could only lower his head.

After all, elder Taishang is right!

The headquarters of Dugu family is gone!

After tens of thousands of years of accumulation, there is no more details. We must replenish a large number of weapons in the inventory. Otherwise, it will be very difficult for the Dugu family to maintain in the next thousands of years, even if it is a medium-sized family!

It will also be the weakest medium family!

It may even be eroded by other medium-sized families and sects, and it will be difficult to restore their prosperity again!

As for the Dharma protectors of the dragon family and the holy dragon family?

In the chaos, he was killed by the three gods and Buddhas for a long time, and he didn't have to worry about it. Anyway, the other side's realm was low and his status was not high. Just push Ye Chen down!

Lucky, dragon family and holy dragon family have no time to investigate!

If luck is not good, the dragon family and the holy dragon family are furious, ye Chen may not even live for a day!

"Go

"Kill these monks and all the sects!"

"Then spread the word to the mainland, named Ye Chen as the devil, and lead the world's warriors to kill together!" After the order of the Supreme Master, he found a place to shut himself up. The original place was completely blown up. He had to find a place to heal his wounds temporarily!

Dugu family!

Hundreds of thousands of law enforcers are still in operation!

The remaining 15 God kings, cooperating with hundreds of Hunyuan martial arts practitioners, and nearly one thousand God King realm Dharma protectors!

Even if the medium-sized families are eliminated by Ye Chen, most of their strength is not comparable to that of small sects and loose repair. Even if the number is more than them, the realm is not as good as that of weapons and equipment!

Soon!

Blood stained Sky Sword city!

All the people around were forbidden by the soul. The news of Ye Chen killing millions of warriors was spread like the wind!

Less than three days!

Ye Chen's life is famous in the western regions

In the distance, of the Beigong family, Beigong Hongtian naturally did not know about Tianjian city. He was carefully sorting out the data of the Xueling clan who had been investigated and said with a smile: "the blood spirit clan, it seems that there are many forces behind it! It seems that it is not only the northern palace family in the southern regions who are supporting it! "

"They are both the northern palace family. The northern palace family in the western regions is eager to make friends with Ye Chen."

"But the northern palace family in the southern region has completely offended Ye Chen!"

"No wonder!"

"In those days, Kunlun was empty, and there were dozens of supreme deities!"

"There are also dozens of God kings in the Hedao realm, and there are thousands more in the Hunyuan realm and countless in the Shenwang realm!"

"In addition to the fact that there was no immortal in the realm of fortune, he was not inferior to the ordinary middle school, but was defeated by a lower school, and captured many powerful and Tianjiao warriors! Even cut off all the middle schools and superior families in the southern region who want to help Kunlun Xu! "

He shook his head slightly and sighed, "the people behind the blood spirit clan are really powerful!"

"is it the holy dragon family?"

"The dragon family or the soul hall?"

Beigong Hongtian sighs. He can't find out. He just finds out how many warriors there are in Xueling clan. However, he can't deeply explore the secret behind the war!

He integrated the information, handed the North palace purple jade on the side, and said with a smile: "daughter, this time you should give it to Ye Chen!"

"You and ye Chen have a good relationship. There are some things that need to be maintained."

"For the devil Kingdom, our northern palace family has been called up five immortals! It's taking away most of the strength. ""Fortunately, all along, the northern palace family of the western regions has hidden strength! Everyone in the outside world knows that we have seven immortals. In fact, we have ten immortals! "

Ten immortals!

It can be called the strongest among the middle-sized families in the western regions!

Hidden efforts of thousands of years, will not be in vain!

However, Beigong Hongtian will never be exposed until it is absolutely necessary!

"Master of the house!"

"The big thing is bad!"

Zheng Bo rushed in, looking flustered.

Beigong Hongtian took a look at Zheng Bo and scolded him: "Zheng Bo, you are old and big. How can you be as disorderly as a young man?"

Zheng Bo shook his hands and swallowed his mouth water. Regardless of everything, he said directly, "master! What a big deal! Ye Chen Something happened to Ye Chen

"Well? What's the matter? "

"Ye Chen, are you under siege? I guess it's causing trouble again. Is it that he killed a son of xianzun and was pursued? "

Beigong Hongtian is stunned. He doesn't feel that ye Chen has something to do. If he wants to have something, someone else has something to do!

Zheng Bo holds a crystal book, is the Tianbao Pavilion released the list of magic road practitioners, in which ye Chen is directly listed as the first devil in the kingdom of God!

This is the first time in a thousand years!

Zheng Bo handed the crystal book to Beigong Hongtian, and said eagerly: "just a few days ago, ye Chen went to the Dugu family and participated in the grand auction."

"The result! Things change! "

"Ye Chen manipulates a large number of immortal utensils, Shenwang wares and Hunyuan Immortals' tools, and then they explode together!"

"It directly bombed the headquarters of the Dugu family, killed more than 1 million people from scattered monks and all the small sects who participated in the grand event, and detonated the auction hall, causing chaos, killing about 30 of the Dugu family's God kings!"

"It's a devil!"

"Now!"

"Tianbao Pavilion named Ye Chen as a demon cultivator, and the king's state is the first!"

"The title is the blood butcher God King, who killed millions of people with the power of one person. Now there are people who want to kill Ye Chen in the western regions. Do we still cooperate with Ye Chen?"

"What?" Beigong Hongtian was stunned.

Millions of people?

Blood butcher?

Blow up the Dugu family headquarters, that is a medium-sized family, there are xianzun in town, ye Chen actually blew up their headquarters?

How could it be!

It's a big thing that this boy offends the soul hall!

Now, does this kid's mother think it's not enough? Offended the whole clan of the western regions!

Sleeping trough!

What is Ye Chen doing!

Chapter 1547

Now.

Beigong Hongtian stood on the hall, shaking all over!

In his eyes, ye Chen is simply a devil, killing millions of people in the western regions. How did he do it?

"Master, ye Chen is now in the whole western regions. If we want to help Ye Chen, it is equivalent to fighting against the whole clan of the western regions."

"I can't use it!"

"That's why I was so flustered."

"Even, I'm afraid Ye Chen will die soon."

When Zheng Bo said this, his fingers trembled slightly, which was the whole sect of the western regions.

His Beigong family is the top middle power in the western regions. Yes, facing the whole western regions, everyone can drown them with one mouthful of foam.

He boasted that he knew Ye Chen well. He was very optimistic about ye Chen because of Beigong Ziyu!

And now!

Ye Chen is so insane, even more so inhuman!

It's a suicide!

"I'll think it over again."

Beigong Hongtian was originally a villain. If he offended a clan, he could help Ye Chen secretly. But now ye Chen alone offended the whole western regions.

Ye Chen wants to die. Their Beigong family can't follow him.

"What's more, I always feel that this matter is not so simple. You can go to the place of Dugu family in person and make a good investigation."

"Although Ye Chen is decisive, Ziyu and I have said some details."

"If he really kills innocent people like this, why should he risk his life to save people from the soul clan?"

"It's a pity that people from other families in the western regions don't know ye Chen as well as we do. Whether it's true or not, ye Chen may be in a desperate situation. "

"I hope to see ye Chen next time. It's not a corpse."

Beigonghong sighed.

The western regions used to be stable, but since Ye Chen's appearance, everything seems to be in chaos.

The land of heaven and earth, the Golden Buddha Tantra, the soul hall, the blood spirit clan, and even the whole western regions.

As if because of a teenager, but roll up the waves.

The waves are deadly.

At the same time, Lingxian palace.

Two beautiful girls are practicing in a room surrounded by aura.

There was a shadow on them.

The horror of blood gradually awakened.

A girl is as gentle as water.

A young girl was as cold as ice.

These two people are Ji Siqing and Xia Ruoxue.

During this period of time, the two men focused on training, but asked about all the dust.

Because they know that under the control of Lingyun xianzun, it is impossible for them to leave.

Only practice!

If one day, their strength is stronger than Lingyun xianzun, they can leave! You can go to find Ye Chen!

For a long time, there was a knock on the door.

Ji Siqing and Xia Ruoxue opened their beautiful eyes, looked at each other and said in the same voice:
"come in!"

The door opened, and a 17-year-old girl rushed over.

The girl's face was covered with sweat, and her accomplishments were not high, but her talent was pretty good.

She is one of a group of new talented disciples in Lingxian palace. She grew up in Lingwu and was named Xiao Yun.

Because of his simple nature, Xiao Yun has just entered the palace of Lingxian emperor, and has become friends with Xia Ruoxue and Ji Siqing.

Because Ji Siqing and Xia Ruoxue are limited in their actions in the Lingxian palace, they can only ask Xiao Yun to inquire about the outside world.

Xiao Yun is also happy, secretly for Ji Siqing and Xia Ruoxue with a lot of outside things and interesting news.

"Younger martial sister, why are you here?"

"What's more, you look a little flustered."

Ji Siqing gets up and pours a cup of tea for Xiao Yun.

Xia Ruoxue also took out a handkerchief to wipe the sweat on Xiao Yun's forehead, and said with concern: "younger martial sister, are you just finishing the trial? Why did you sweat so much? What good things did you bring us this time? "

Xiao Yun took the tea from Ji Siqing and drank it all at once. Then he gasped and said, "I heard some news just now About About ye Chen

"PATA!" All his life, Ji Siqing's teapot fell to the ground.

At the same time, Xia Ruoxue and Ji Siqing's eyes appeared a little surprise!

Even spread into ecstasy!

The biggest purpose of all the practice is to see ye Chen one day!

Guard Ye Chen!

Who could have thought that they heard Ye Chen's news again.

"Younger martial sister, tell me where he is! Say it

Two hands tightly hold Xiao Yun's hand, even let Xiao Yun feel pain.

She frowned: "elder martial sister, it hurts so much!"

Xia Ruoxue and Ji Siqing realized that it was not right. They quickly released their hands and looked at Xiao Yun with burning eyes!Waiting for the next words.

Xiao Yun looked at the excited appearance of the two men, and without any nonsense, said directly: "I met a few people from the western regions who looked flustered at the foot of Lingxian mountain just now. They have one thing in common, they are talking about a young man!"

"That young man is Ye Chen!"

"It's just that I'm not sure if ye Chen is the person you're talking about!"

"What happened?" Ji Siqing and Xia Ruoxue said excitedly at the same time, "we need to know everything!"

Xiao Yun hesitated for a few seconds, and then said: "I heard that ye Chen came from the world of low martial arts, but he took the evil path! He rashly participated in a grand auction held by a Dugu family in the western regions! "

"It's normal for warriors to take part in the auction! However, this ye Chen is a heinous person. He slaughtered the whole city in order to capture other people's treasures! "

"Killing the innocent! Kill the Dugu family! Kill all the big and small families participating in the auction

"Now the word Ye Chen has become a taboo in the western regions."

"The whole western regions are chasing him!"

"To tell you the truth, if this person's name was not ye Chen, it was the name that the elder martial sisters cared about, I would have cursed him for a long time!"

"Although the whole land of Lingwu is respected for its strength, this kind of indiscriminate killing of innocent people is more outraged than those guys in the devil kingdom!"

"By the way, ye Chen, the people of the western regions also gave him a nickname, called the blood butcher God King!"

Words fall, Ji Siqing and Xia Ruoxue's eyes are already cold!

They have confirmed that ye Chen is the king of blood butcher in the western regions!

But! Ye Chen can never kill innocent people!

There's definitely something wrong with it!

"Younger martial sister, I hope you can keep an eye on all the news of the western regions for us! I believe Ye Chen can't do such a tragic thing! Someone must have planted it! But at present, one thing can be sure, ye Chen is still very safe! " Xia Ruoxue's eyes are firm.

She wanted to leave Lingxian palace and have a chance to go out, but Lingyun xianzun set a ban around her.

No right to leave!

"Also, younger martial sister, I hope you can go to the western regions and bring him something."

The next second, Ji Siqing took out a box.

Chapter 1548

The box is full of light. It is made of high-quality fairy wood, and it contains the supreme pressure.

Absolutely extraordinary!

See this scene, Xia Ruoxue and Xiao Yun face Qi color change!

Xiao Yun said: "elder martial sister, this thing is given to you by the master! The whole Lingwu land is priceless! And it's very helpful for your cultivation! How can you give it to someone else! If the master knows about it, he will be furious! "

"I'm not going to give it to that wicked bastard!"

Xia Ruoxue also advised: "Siqing, do you want to give this to Ye Chen? What do you do? "

Ji Siqing's eyes were full of firmness: "I don't need this thing for Ji Siqing's cultivation, and I vaguely feel that ye Chen needs this more!"

"After all, this thing can stimulate blood! It's a rare treasure in Lingwu

"He's in a situation where he needs it more!"

"I have made up my mind, younger martial sister, take it to the western regions!"

Xiao Yun saw Ji Siqing's determination, sighed, took the box in silence and left the training room.

The door closed and all was silent.

.....

At the same time, the western regions, in the jungle of the primitive mountains.

Ye Chen finds a hidden cave and sits cross legged in a stone platform inside the cave.

I saw the momentum of the body, constantly enhanced, when the God King state was completely stabilized six days later, ye Chen slowly opened his eyes.

Ji Lin's inborn poison has no way to continue to drag on. At the moment, in the primitive mountains, it is just possible to arrange the Heaven Earth Dragon array.

His only trouble now is the pursuit of the lonely family and the clan of the western regions!

Ye Chen knows that if he wants to avoid the pursuit of lonely families and western regions, he must go deep into the primitive mountains.

In the primitive mountains, I don't know how many monsters there are. In the depths, there are many even those of the Supreme God.

He knew that once he entered the depths of the primitive mountains, he would not only face the threat of the western regions, but also the monsters. However, he must treat Ji Lin.

This is his Dao Xin. No matter how hard it is, we should go all out!

"Boom

When ye Chen is ready to leave, there is a sudden explosion outside the cave.

"Ye Chen must be around. He can't run far."

Outside, the martial arts of the sect of the western regions swept up the primitive mountains and vowed to kill Ye Chen!

Ye Chen came out of the cave and was immediately found. He looked up and found dozens of Hunyuan and more than 30 Shenwang realms!

"You demon demon, kill millions of warriors in the western regions, seize the soldiers of time and space, and never die with you!"

One of the warriors of Hunyuan Kingdom opened his mouth and his eyes were full of blood. They were Tiandao sect, which was the top class sect in the western regions. Who knows, all the martial artists in the God Kingdom under the gate were slaughtered by Ye Chen alone.

"Kill! Kill the devil together

Fifty martial artists were so angry that they wanted to cut Ye Chen into pieces.

Ye Chen stands high, frowning, killing millions of warriors?

Although he killed a lot of people in the western regions, millions of them were totally ridiculous.

Just for a moment, ye Chen wants to understand that this is probably what the lonely family does.

This time, he made the lonely family very weak. It was impossible for him to recover in a short time. Unless he started fighting against other clans, after all, he made a fortune and was most likely to get rich overnight, and then he was directly planted to blame.

Lonely family is a good plan!

Fifty warriors each took out the divine king's and Hunyuan immortal's tools. The breath of terror erupted wildly, which vaguely made a buzz around!

Facing the attack of 50 warriors, ye Chen is not afraid at all. He does not know when to take out the soul destroying magic weapon in his hand. In a blink of an eye, he comes to a Hunyuan warrior!

Behind Ye Chen, there are five ways to manifest: killing God's way, destroying God's way, not destroying God's way, quieting and destroying God's kingcraft, and melting God's kingcraft!

"Bang!"

The gun is like thunder. When one shot goes down, it suddenly smashes the head of Hunyuan territory warrior.

At the moment, ye Chen, incarnated as the devil of hell, constantly walks around the people, and every second represents the fall of a warrior.

"Run away!"

At this moment, they are completely killed by Ye Chen. When can a warrior of Shenwang state be able to kill Hunyuan kingdom?

Most importantly, killing Hunyuan Jingwu is just like chopping melons and cutting vegetables.

"If you want to fight, if you want to run away, you really think I am a soft persimmon?"

Ye Chen Mou son inside a fierce look, killers, people always kill it!

"Ten thousand flying swords!"

Ye Chen roared. Behind him, countless sword shadows mingled with each other. The terrible sword Qi directly targeted the warrior who wanted to escape.

At this moment, the fleeing crowd suddenly felt a fatal crisis.

The crowd had just reacted, but the swords were like the harvesters in the battlefield, plundering their lives.

"AhThe screams kept going on, and the sword gas went straight into their hearts and exploded.

All of them died without exception.

All around, a group of blood fog broke out, in the blood mist mixed with blood water, scattered on the ground.

Ye Chen puts away the ghost killing magic gun, and feels that a group of martial artists from the Taoist and Hunyuan realms are coming.

The movement of his hand just now has attracted countless warriors who want to kill Ye Chen.

This time ye Chen, in order to get the soldiers of time and space, slaughtered many clan martial men. In addition, the lonely family secretly killed millions and put the blame on Ye Chen.

It's no exaggeration to say that the whole sect of the western regions, seeing ye Chen, would like a thousand cuts.

Ye Chen took a look at the front, in the depth of the original mountain, but he did not hesitate to step out of the foot, crazy forward.

"Ye Chen, you little bastard, you can't escape!"

"My disciple Wang Jing, the door god, has been completely destroyed. I can't stand with him!"

"Kill, seize the time and space soldiers on him, I will be able to further, get Shou yuan!"

No matter for the soldiers of time and space or revenge for the clan, the people have only one idea. They should kill Ye Chen thoroughly and never let him escape.

Otherwise, the whole western region is a joke in the eyes of others.

"If you want to kill me, you will come. A group of old dogs, one day, I will kill all of you!"

Ye Chen took a look at the people, not afraid at all, but also burst out laughing!

In the face of those who are strong in the realm of harmony and countless in the martial arts of Hunyuan, they are not afraid at all!

In the primitive mountains, when night falls, ye Chen has been running away for half a day, but the number of warriors behind him has not decreased, but has increased.

Thanks to the lonely family!

This Qiu Ye Chen secretly notes that when the time comes to save Ji Lin, he must let the lonely family pay a heavy price.

In the dark, ye Chen in front of a pair of dark green eyes, a head of evil wind wolf, eyes staring at Ye Chen, as if delicious.

"Since you want to kill me, you have to pay the price of bleeding!"

Chapter 1549

These fierce wind wolves are basically in the Hunyuan state, and the wolf king is a monster in the harmony realm.

When he entered the depths of the primitive mountains, he not only wanted to get rid of the pursuers, but also used the monsters inside to help him stop the warriors behind him.

"Ouch!"

Wolf king roared, behind him a hundred head of wind, evil wolf rushed to Ye Chen.

In the eyes of wolf king, a king of gods and warriors doesn't need him.

Ye Chen grabs a wolf in Hunyuan environment and throws it to the back!

Wind demon wolf crazy rushed over, ye Chen did not love to fight, a few flash body rushed to the wolf king.

Catch the king first!

If ye Chen doesn't use a thousand soldiers to explode, there is no way to get rid of him, but it's easy to escape.

At the moment when the wolf king pounces on him, ye Chen raises his arms and grabs his forelimb.

The wolf king roared, opened his big mouth and sharp teeth, and wanted to bite Ye Chen.

"Evil animal, get out of here

Ye Chen waist force, directly cast out the wolf king, forward to escape.

The wolf king wanted to pursue Ye Chen, but when he looked at his men, he let the sect of the western regions kill him cruelly!

"Oh

The wolf king gives out a miserable roar. He doesn't pay attention to Ye Chen, and pounces on the warriors of the western regions.

"No, the monster in the same way. Those who are below the martial arts in the same way should retreat quickly!"

Hunyuan state and Shenwang State Warriors just want to retreat, but how fast is the speed of the wind wolf king's opponent?

Although the king of wolf is the king of the west, he must be the God of death.

"No, this beast wants to blow himself up!"

Boom! Boom!

Ye Chen behind the jungle, a black mushroom cloud, exploded!

"Ah, this little beast, I must kill him!"

A martial artist in the Taoist realm, because the wolf king blew himself up, his reaction was a little slow, and his arm was blown away.

If you are not careful, you will be killed. As for Hunyuan state and Shenwang state, there are countless casualties!

In the primitive mountain, ye Chen escaped for two days and chased his people behind him. Only three top gods are still chasing him!

In the depths of the original mountains, even if the top God is not careful, there is the possibility of falling.

As for the Hun Yuan state and the God King state, I don't know how many people have died in the past two days. Those who are below the realm of Taoism dare not go further.

"Ye Chen, you little beast, I will kill you!"

It was the elder of the lonely family.

In the past two days, because of chasing Ye Chen, he met many monsters in the Hedao realm. Although he was very powerful, he could not stand and was constantly consumed.

At the moment, his clothes are broken, and his whole body is gray. All these are given by Ye Chen!

"Old dog, do you deserve to kill me

Just then! A voice is not ringing!

Ye Chen burst out laughing and wanted to kill many of his people, but his enemies, grave grass are three meters high.

"Damn it, old man!"

He had never been so angry at home for many years.

Ye Chen ignored, frantically ran to the front, about half an hour, he felt a terrible breath ahead.

This must come from the powerful monster!

"Ye Chen, leave quickly. You can't fight against such a powerful monster."

"Monsters are good at killing. You are already tired. If you love war, it will be very troublesome."

Xiaoyao God King in the reincarnation cemetery, hastily open his mouth, you know, the monster itself is stronger than the martial arts.

"Master, this is an opportunity for me to get rid of the lonely family, the supreme elder."

Inside Ye Chen's eyes, there is a wisp of crazy look. Relying on the monster in the Hedao realm, the chance of getting rid of the elder Taishang is too small.

Unless the same strength monster!

This is a crisis and an opportunity!

The only chance!

Roar!

Ye Chen went to, a huge thing stood up, all over brown hair, a pair of pupil color eyes, one eye seems to let people fall nine you, thousands of feet of body, like shielding the sky in general.

Great ape!

Even in the monsters, it is also the top existence, not to mention the strength of a top God King level.

Zhentian demon ape stares at Ye Chen and the people behind him. This area is his territory. Now someone has broken in and has completely angered him.

The devil ape raised his strong arm and his big fist rushed to Ye Chen in this moment.

Vaguely between, unexpectedly let the void shake out a ripple.

A breath of repressed death comes to Ye Chen.

Ye Chen's ghostly figure, quickly dodges, the devil ape's fist, passes by his clothes.

Boom!

The fist fell on the ground, and there was a deep hole in the whole ground. At the moment, ye Chen is not very well, just the breath of his fist, almost let him spit out a mouthful of blood.

"Son of a bitch, I'll see how you run!"

In the back, the elder of the lonely family is excited to see ye Chen injured.

He did not believe that ye Chen could escape this time.

On the face of the elder, there was a ferocious look on his face. He wanted to laugh.

However, the smile was less than a second, and he saw a demon ape, staring at him.

In the eyes of the devil ape, a mole ant in the divine kingdom can be crushed to death at will, regardless of his heart. However, the supreme elder is different, and his breath also makes him feel dangerous.

After him, there are also several martial artists who can threaten him.

The earth shaking demon ape is not taking care of Ye Chen, and his broad palms rush down towards all the elders of Taishang.

"Ye Chen, you son of a bitch!"

The elder of the Supreme Master was oppressed. All the way, ye Chen didn't know how many monsters he provoked.

Let them solve it all, and they will die.

The earth shaking ape, even if he did not dare to provoke easily.

Elder Taishang angrily scolded. He did not know when a shield appeared in his hand.

The verve flowing on the shield is a war of time and space.

"Bang!"

The earth shaking demon ape slapped down, and the elder Tai Shang sprinkled out a mouthful of blood and water, and the whole internal organs almost collapsed.

If it wasn't for the soldiers of time and space, this blow would have been enough to kill him.

"Old man, play slowly, I'll go first!"

Ye Chen is not a fool. This is the best time for him to escape.

"Ah! I will torture your spirit for thousands of years

The elder of the lonely family, looking at Ye Chen's disappearing figure, breathes out his blood.

At this moment, he was half angry!

Zhentian devil ape saw Ye Chen escape and did not stop him. Even if he was inside, he dared to continue to go deep.

If a human being in the divine Kingdom dares to enter, he is just looking for death.

The supreme master wanted to pursue Ye Chen, but there was a demon ape in the sky, so he couldn't afford to worry about it. In addition, he was already injured. Facing a top God and beast in his heyday, he was no match at all.

"You guys, it's time to help me. When I kill Ye Chen myself, I will avenge you."

Chapter 1550

The elder Taishang looked at several martial artists in the realm of Taoism behind him.

At this moment, these martial arts practitioners in the harmony of Taoism suddenly have a bad feeling in their hearts. The supreme elder holds a warrior's head with one hand and crazily absorbs the strength in the warrior's body.

In the blink of an eye, a strong man in the realm of Taoism turned into a white bone. The bone was blown by the wind and disappeared between heaven and earth.

"You..."

Those who are strong in the harmonious world have no trace of blood on their faces. They did not expect that the lonely family would attack them.

Taishang Changlao's face remained unchanged, and he continued to seize a strong man who wanted to escape.

These warriors are basically the triple heaven of the harmony realm. Facing such a powerful elder, they have no strength to fight back.

After a while, only the elder Taishang was left in the whole jungle, and his decadent momentum reached the peak.

At this moment, he completely recovered the momentum before, even if he could not kill the Zhentian demon ape, he could also do well.

Ye Chen, who is running away, doesn't know this scene. At the moment, he slows down. The Zhentian devil ape is enough to hold down the elder of the lonely family for a period of time.

This is the depth of the original mountain, ye Chen must be careful. Just now he passed some places, he felt a lot of breath that could threaten him.

Here, even if you are not careful, you will be doomed.

Ye Chen in the primitive mountains, continue to march for a day, found that the elder Taishang did not catch up, completely relieved.

"Master, I am now enough to arrange the heaven and Earth Dragon array. This primitive mountain, natural mountain, is definitely the best place."

The inborn poison in Ji Lin's body has been unable to suppress, and there is no time to delay it.

"Well, it's really OK here, but there are a lot of monsters in the original mountains and in the Hedao area. I'm afraid many monsters will be able to detect them when the sky thunder falls."

There is no problem in arranging Qianlong Tianlong array here, but

Ye Chen also understands this truth, but he must make a move, otherwise Ji Lin will completely sleep.

He will never allow this kind of thing to happen.

"Master, how to arrange the heaven and Earth Dragon array?"

Although he is proficient in array, he has never arranged Qiankun Tianlong array.

"Four pieces of time and space are used to suppress the southeast and northwest. The Dragon Qi under the original mountains is used as the array eye, and the Taoist artifact is used as the auxiliary. It is enough to arrange the heaven and Earth Dragon array."

Ye Chen heard the words of Xiaoyao God, nodded slightly, and found an open place in the primitive mountain.

Take out four pieces of space-time weapons and put them in the four directions of the southeast and northwest. Do all these well, and take out the combined Dao artifact to assist the soldiers of time and space.

Ye Chen used his spirit power to depict constantly. After all this, his face was pale and his body was crumbling. The power of spirit was consumed too much.

Let him the whole person, all a little unsteady!

"Now put Ji Lin in the center of the array!"

Xiaoyao God Jun voice down, ye Chen from the reincarnation cemetery inside, holding out Ji Lin.

Looking at Ji Lin's pale face and closed eyes, ye Chen's eyes reveal a trace of soft light.

"Ji Lin, you can rest assured that I can make you safe and sound."

Ye Chen murmured at the corner of his mouth, took out the thousand demons ginseng, and constantly refined it with the power of the spirit.

The power of the thousand evil ginseng is too overbearing and must be constantly refined. Otherwise, Ji Lin, as an emperor, could not bear it.

The juice of the thousand evil ginseng falls on Ji Lin's body.

At this time, Ji Lin's body streaks of black patterns, full of the whole body, the juice of thousand demons ginseng falls on her body, melts into the body.

Ye Chen beside, feel a terrible poison gas, from Ji Lin's body, send out.

Although it can't hurt Ye Chen, it makes him feel a threat.

His current strength, in the face of Hunyuan state, five strong days can be killed, in front of an emperor Zun environment, he was even threatened.

Inborn poison, so terrible!

At this time, the sky was cloudless. All of a sudden, the dark clouds blocking the sky were above the Jilin.

In the dark clouds, thunder and lightning flicker, depressing breath, quite a kind of dark cloud pressure city to urge the breath.

Ye Chen can feel that the whole way of heaven is angry and roaring. The heavenly way does not allow inborn poisons. This terrible constitution appears.

The thunder and lightning in the dark clouds, a breath of destruction, crazy spread.

The monsters in the original mountains roared and the breath of thunder made them feel afraid.

At the moment, ye Chen's practice is no different from going against the sky.

"Ye Chen, it's time to leave now. Tianlei will be born soon. If you stay inside, it will only make Tianlei more terrifying."

Free God King in the reincarnation cemetery inside, hastily open his mouth!

Ye Chen closes up, and only half of the thousand demons are left to withdraw from the heaven and Earth Dragon array."Boom, boom!"

Ji Lin above, deafening thunder, as if the way of heaven is roaring.

Ye Chen stands outside the heaven and Earth Dragon array and looks at Ji Lin inside. He is worried.

Once Ji Lin has passed through, he will be able to achieve the innate magic body. If he can't get through

Ye Chen is absolutely not allowed to happen, even if you fight for your own life!

Outside the heaven and Earth Dragon array, ye Chen holds the soul destroying demon gun, and his clothes are chased up by the wind.

The hair on my head is dancing in the wind.

In a place of the primitive mountain, the elder of the lonely family, his mouth overflows with a trace of blood.

His luck is not as good as ye Chen. He met many powerful monsters this day.

Looking at the front of the dark clouds, and then a sneer.

He believed that everything in front of him was definitely made by Ye Chen.

The shadow of the supreme elder disappears. Ye Chen, who is outside the heaven and Earth Dragon array, does not know all this.

Ji Lin above, a Thunder Dragon, flying out of the dark clouds, Thunder Dragon hundred Zhang body, lightning like eyes, huge body, arc flashing.

Thunder Dragon rushes from the dark clouds and rushes to Ji Lin at high speed.

Ye Chen sees this scene, the whole person's heart all pulls up!

Thunder Dragon with the power of annihilation, at the moment of rushing to Ji Lin's body, a fire dragon appears in the heaven and Earth Sky Dragon array, winding around Ji Lin's body.

This is the primitive spirit of the mountain.

The Thunder Dragon falls and disappears in the blink of an eye. The heaven and Earth Dragon array is only slightly shaking.

Seeing this scene, ye Chen felt relieved, but he also knew that this was only the first thunder robbery.

The Thunder Dragon disappears, above the dark cloud, only a breath time, appear ten more Thunder Dragon.

These ten thunder dragons, the breath of terror, more than before, rushed to Ji Lin without hesitation.

"Bang bang bang!"

Deafening sound, let Ye Chen slightly back.

Heaven, earth and sky dragon array, constantly swinging.
