Chapter 2101

The two powerful people in Fengmenjing did not expect that Ye Chen was Ye Shashen. After a look at the dress up, he suddenly realized.

Ye Shashen's costume can be imitated, but his strength is absolutely impossible to imitate.

"From today on, you will follow me to the inner yard to protect the safety of a lady of the Shenglong family."

As soon as one of the strong sealing men finished, 500 people looked at Ye Chen with envious eyes.

Ye Chen can be said to ascend the sky step by step. It is needless to say that the development prospects of people who can contact the main vein of Shenglong family.

"Thank you very much, but the villain has a friend. Can we go together?"

Ye Chen called Chen Yuan out, and the two sealed doors nodded.

It's just one more person. It's OK!

Ye Chen and Chen Yuan were taken away directly by the people of the Shenglong family.

Along the way, the people of the Shenglong family talked about a lot of things, basically some precautions.

For example, some places can go, some places can't go, all of which Ye Chen wrote down.

After walking for about ten minutes, I finally came to a other garden.

The strong of Shenglong family, let Ye Chen and Chen Yuan wait outside first, and then go to report one by one.

In less than a minute, the strong man of the holy dragon family came out with a beautiful woman.

The woman was wearing a white floral skirt and long legs, which almost made Chen Yuan's eyes straight.

He also knew the origin of the woman. He looked down and did not dare to see more.

"This young lady's name is long Qing, and you will be the object of your protection in the future."

The man said, quitted and left.

Long Qing's strength is good. In the three layers of Xingqiao realm, ye Chen's identity must have been introduced.

She also did not say what, called the servant to settle Ye Chen two people, turned around and left.

The lineage of the Shenglong family is extremely arrogant and doesn't pay attention to Ye Chen at all.

As for ye Chen is also happy to do so, he originally wanted to low-key investigation.

After arriving at the residence, Chen Yuan was not happy. He could become a doorman of his lineage, which was absolutely a step up to heaven.

He also knows that all this is because ye Chen intends to hold the tree tightly.

A day passes in the blink of an eye. Ye Chen is not idle on this day. He is basically looking for ye lu'o'er, but has nothing to gain.

Ye Chen also secretly went to the forbidden area of the holy dragon family, but still did not feel the breath of Ye lu'o'er.

It's like the leaves of the world.

Is there something wrong with elor? Or not in Lingwu?

However, in these days, ye Chen's mind appeared several times that day in the country of nine you.

Intermittent content, let him grasp some information.

It seems to be a secret place opened by the holy dragon family.

Extremely secret.

It's not just yelol trapped there, but also some unidentified people.

Moreover, the surrounding land is more like a dead land!

No life at all!

Ye Chen can only wait!

Until the next day, long Qing's servant sent a message, saying let Ye Chen prepare.

There is a forbidden place for a week.

All of them are death row criminals, and they are permanent repression!

In order to experience, the lineage didn't put to death directly. Instead, he gave his lineage a place for training.

Ye Chen nods to answer to come down, the heart is somewhat excited, very likely Ye Luo Er is imprisoned inside.

He has secretly searched for the places that can be held around the holy dragon family!

There's no elor!

Ye Chen came to bieyuan early. Yesterday, he asked Chen Yuan, who is good at dealing with people, to inquire about a woman's news.

He described yelor's general appearance without saying much.

Chen Yuan also thought that ye Chen was in love with a woman, and promised to come down.

"Follow me!"

Long Qing comes out from the other garden and looks at Ye Chen lightly. She walks in front of her.

Ye Chen a person walks in the back, following the pace of Long Qing, two people come to a hall inside.

In the main hall, there are already some masters and ladies of the holy dragon family waiting.

Ye Chen looked up and found that there were at least twenty young men and women present.

The level of strength is uneven, basically in the state of star orifices and creation.

Behind them also stood the doormen, all above the astral orifices.

There are even strong people who have just stepped into the door!

Holy dragon family is so big!

Just from the perspective of breath, it is the existence of the pill.

At the scene, only Ye Chen is a man of creation.

"Long Qing, how can you bring a visitor to create a world? Will the master protect the master or the master protect the slave?" When long Qing came in, a young lady dressed in luxurious clothes and robes suddenly sneered.

Long Yu usually had a bad relationship with long Qing, but now she has to seize the opportunity and will not let go.

Ye Chen doesn't care at all. It doesn't matter to him anyway. As for long Qing, he doesn't speak.

Long Yu didn't give up, and said directly, "Long Qing, since you've brought the door guest of Huajing, I'm afraid you have some means. Why don't you compare with my guest?"

She made up her mind today to make a fool of Long Qing.

There was no one to dissuade them. Instead, they watched the fun.

Long Qing is usually arrogant. She always ignores anyone and has no friends at all.

"I think it's better than a fight. Anyway, there is still some time before the trial starts."

A young man agreed, and the rest of the girls also yelled, with a look of banter in their eyes.

Long Qing whole person's facial expression is ugly, now so many people speak, if she does not agree, where is her face?

"Ye Sha Shen, go out and have a fight."

Now this kind of situation, she also has no way to refuse, can only harden the scalp, let Ye Chen go.

She also had a visitor to the top of Xingqiao before, but later she died in battle. In addition, the Shenglong family was attacking wanjian emperor palace, so she couldn't spare any manpower for a moment, wasting a lot of people.

She can only reluctantly agree to come down, as for ye Chen's real combat power how, she also does not know.

They don't care about ye Sha Shen's name.

Hearing the words of Long Qing, ye Chen stood up helplessly.

At this time, a middle-aged man came out behind long Yu, with a scar on his face, looking at the appearance, ferocious.

"Gao Hai, be careful. Don't beat him to death with one fist."

Long Yu opened her mouth on one side, and her eyebrows were about to rise to the sky.

The peak of Xingqiao deals with a heaven of four layers of creation, but is it not something from the bag?

Long Yu didn't worry about losing at all. It was a battle without suspense.

"Don't worry, miss. I can crush such people with one finger."

Gao Hai pats the chest to assure, looks at Ye Chen's eyes, a wisp of disdain.

After long Qing agreed to the challenge, he regretted for a moment. Although he heard that ye Chen had some strength and was able to fight beyond the level, how could he have played against the peak of Xingqiao?

Chapter 2102

Others are thinking of Gao Hai rolling Ye Chen with one finger or two.

As for ye Chen, he is thinking about whether it is a sword to kill a second or two swords!

At present, the zenith of Xingqiao does not pose any threat in front of Ye Chen.

Ye Chen stood there motionless, Gao Hai thought he was scared.

"I'll let you do two moves, stand here and never fight back within two moves!"

Gao Hai looks at Ye Chen, a double eye Mou extremely disdain, he does not put Ye Chen in the eye at all.

It's just an ant. It's not worth taking seriously.

"Are you sure?"

Ye Chen opens his mouth with a slightly questioning tone and looks at Gao Hai as if he were a fool.

He also wanted to give Gao Hai some face, circuitous two moves, and then defeat, but saw Gao Hai's poor appearance, ye Chen changed his mind.

"That's nature. Don't grind it!"

In one side of the long Qing disappointed, originally thought Ye Chen strength is good, will bring over, who knows so cowardly.

A burst of laughter, the small mouse and chuckle, is the name of the kill.

Ye Shashen is known to many people outside. It is only the lineage of the holy dragon family that doesn't care about it.

"Well, I'll do it. You'd better not be killed by me."

In a word, all the people around him could not help laughing.

It's ridiculous to think of killing the top of Xingqiao in a natural environment!

Arrogance!

Long Qing only felt the burning pain on her face. It was a shame!

She decided to let Ye Chen go later. How can such a person become her doorman?

Ye Chen takes a look at Gao Hai, and the latter doesn't take it seriously.

At this point, he did not say much, and took out a casual sword and held it in his hand.

The immortal sword in Ye Chen's body urges out, falls in the public's eyes, is disdainful to smile.

This sword makes them feel too weak!

Where does long Qing find such rubbish.

Gao Hai narrowed his eyes and thought about whether to activate the defense skill. When he saw the sword power condensed by Ye Chen, he felt totally unnecessary.

Otherwise, it's not good to have a reputation of being a bully.

Ye Chen rises and falls his sword, and suddenly rushes to the high sea.

Originally Gao Hai didn't feel anything, but felt a sharp sword. He felt a little flustered in his heart.

But on second thought, ye Chen, a state of nature, must be making a mystery and suppressing his inner confusion.

Boom!

The light of the sword was so fast that it fell on Gao Hai in an instant.

However, the next scene, directly let all the legitimate eyes.

See Gao Hai whole person's body flies upside down to go out, in mid air spreads a scream, mercilessly falls on the ground.

On his chest, there is a sword mark. The wound is three points deep. Gao Hai turns into a bloody man in a blink of an eye, and even has no breath!

With a sword, Gao Haishen, the peak of Xingqiao, dies!

Long Yu was complacent, and her expression on her face was frozen in an instant, as if to be a ghost.

Long Qing is also stunned, this leaf kills God to bring her the surprise really is too big.

Don't mention Long Qing. At this moment, the lineage of Shenglong family feels that ye Shashen is definitely not the realm of creation.

In addition to the news from ye Chen's deeds, who can skip the rank like this?

"Long Yu, it seems that your doorman is not so good. Even the people who create the fairyland can't beat them. I suggest that you let your people commit suicide directly. What kind of face do you have to live on?"

Long Qing wakes up from the shock and speaks coldly.

She won't let go of the opportunity to be a wet dog.

"Long Qing, you must have meant it!"

Long Yu yelled in her voice, ashamed, she would like to find a seam directly into.

Once it gets out, she will be ashamed!

What a pity it made her!

Ye Chen doesn't want to waste time. He takes back his sword and stands behind long Qing.

There was only Yelo in his eyes!

"Well done!"

Long Qing in a good mood, the first praise, can pull back 10%, how unhappy?

Originally quiet scene, a moment lively, people look at Ye Chen's eyes, is not the same.

As time went by, an old man came out of the hall.

Ye Chen is slightly stunned. The old man is actually a sealed door!

And it's better than a few of his opponents!

There are three young people behind him, the strongest generation among the young people of the holy dragon family.

Two and a half steps to seal the door, and even one broke through to seal the door.

Strong breath!

Ye Chen has also heard of these three people. Long Bai, long Cha, Long Yang, three people in the lineage of the holy dragon family, have absolute authority.

Long Yang broke through to Fengmen, and was the strongest in the lineage of Shenglong family.

Even if he looked at these lineages, there was a look of disdain in his eyes.

Extremely arrogant guy, no one at all.

"This time you went to the prison mainly for the purpose of killing prisoners..."

The old man who sealed the door talked a lot.

Ye Chen doesn't listen at all. He just hopes to find ye Luo'er in it.

As for some rewards, I don't care!

An hour later, the old man explained all the rules clearly and led the people to a formation.

Force out a drop of blood essence, the array will open instantly!

The secret place of forbidden area can be opened completely!

One by one, the guests follow the lineage into the transmission array. Long Qing takes a look at Ye Chen.

Two people into the transmission array!

This transmission array is not fixed. Every time it is transmitted, it will enter different places in the forbidden area.

Less than a moment later, Ye Chen saw Long Qing beside him. He looked up and found that there were endless deserts around him.

Flying sand and walking stones can be seen everywhere!

"It seems that our luck is not so good!"

Long Qing murmured in his mouth, revealing a wry smile.

The whole prison area is divided into three places, which suppress three prisoners respectively.

However, the desert is the strongest place to suppress criminals!

Not only that, there are some unique monsters in the desert, which are extremely terrifying. If you are not careful, there will be fatal danger.

"Ye Shashen, let's go East first and see if we can go out."

Long Qing is also the first time to prison in the secret place, only heard the elder said about the general situation, she told ye Chen at will.

However, ye Chen at the moment ignores Longqing!

His eyes were so excited!

The body is shaking!

Only because, at the moment of entering the forbidden area!

The connection between him and ye Luo Er, completely appeared!

That is to say, ye Luo Er is really here!

Chapter 2103

"Ye Sha Shen, are you listening to me?" Long Qing opens his mouth.

I don't know why, she found that ye Chen has been a bit strange since he entered this place.

She couldn't say exactly what was odd.

Ye Chen's hidden strength and ye Chen's eyes are not like a doorman at all.

It's more like looking for something.

Long Qing shakes his head, no longer think about it, and shouts a few times again, and ye Chen calms down.

Although there is a connection with yelor, it is not easy to determine the whereabouts of yelor in this boundless desert.

We can only wait and see.

"What do you say?" Ye Chen Dao.

Dragon clear white one eye leaf Chen, way: "I say to go to the east to have a look."

"Good."

Ye Chen naturally has no objection and follows Long Qing all the way.

Half an hour later, they stopped, and they suddenly saw the dark area ahead, and there was a buzzing sound,

"bloodthirsty mosquito!"

When long Qing saw these things, his face turned pale.

She has heard that bloodthirsty mosquitoes are the most untouchable existence in the desert of forbidden areas.

Bloodthirsty mosquitoes alone are not terrible. Every time they come out, there are at least tens of millions of them.

The strong in fengmenjing will fall down easily when they encounter it!

In Haemophilus mosquitoes, there is also a king mosquito, once infected, there is no doubt that they will die.

"Ye Sha Shen, what shall we do now?"

Long Qing flustered, although her strength is good, but did not experience too many life and death fighting.

She can only place her hope on Ye Chen!

"Run!"

Ye Chen does not have too much hesitation to speak directly, now this kind of situation, can only see if can avoid.

Although his strength is powerful, these things are not only killing, but also extremely consuming spiritual power.

And he's going to save elor.

If you can't avoid it, you can only fight with blood.

Ye Chen grabs Long Qing's hand and runs away with her at full speed.

After them, the bloodthirsty mosquito chased after them, apparently found the existence of Ye Chen.

Ye Chen's eyebrows are tight. Although his speed is fast, the bloodthirsty mosquito is not slow. He is also faster than the others.

If you use the technique, he can easily escape, but there is long Qing around him, these means can not be used naturally.

"I'll deal with it later. You can help me."

Ye Chen's voice fell, and he sighed helplessly in his heart.

"Good!"

Although long Qing is arrogant, she is not a fool. In this situation, she can only listen to Ye Chen.

Ye Chen releases Long Qing, stays in the void, turns to look at the bloodthirsty mosquito, takes out the beast rotten sword, holds in the hand.

The bloodthirsty mosquitoes have not yet rushed in, but they have formed a sandstorm like existence.

These bloodthirsty mosquitoes are not big, only about the size of a thumb. Although the realm is not high, they gather together to form a breath of terror.

More than one day!

Long Qing inside some fear, but also calm, take out a pink ribbon.

Hum! Hum! Hum!

The sound of bloodthirsty mosquito is getting louder and louder. Ye Chen takes a look at it and finds that it is already in front of her eyes and rushes to kill her in an instant.

He waved a sword, with the breath of immortal sword, directly killed tens of thousands of them.

Ding!

Even though the sword is powerful, several mosquitoes still fall on Ye Chen. He finds that bloodthirsty mosquitoes can easily break his body and suck blood.

His immortal body, in the face of the bloodthirsty mosquito, does not work at all.

It's so weird!

"Ye Sha Shen, the bloodthirsty mosquito ignores the body. Be careful!"

Hearing the words of Long Qing, ye Chen almost vomited out old blood.

Why didn't you say it earlier?

Ye Chen can't help but retreat, but the speed of these bloodthirsty mosquitoes is extremely fast, and they come in an instant.

Now he finally knew the horror of the bloodthirsty mosquito.

Although these bloodthirsty mosquitoes can not attack, but ignore the body, can suck blood.

Over time, the warrior will become a corpse sooner or later.

"Xuanyan, come out to me!"

Ye Chen thinks that these things should be afraid of the flame, so he condenses the sword meaning with the mysterious flame and sweeps away.

Unfortunately, Xuanyan is useful, but there are too many bloodthirsty mosquitoes!

Comparatively speaking, it's just a spark!

"A sword to cut the sky!"

The sword aims at this moment, condensing in the surrounding air. The bloodthirsty mosquito on Ye Chen's body is directly transformed into blood mist.

The sword of terror rises to the sky!

It's like a dragon to see itself.

Ye Chen can erase at will!

At this time, ye Chen opens a distance and comes to Longqing. There are too many bloodthirsty mosquitoes. Ye Chen feels like this all the time, and he doesn't know how to kill until the year of monkey.

Long Qing holds the red ribbon, instantly elongates, rolls up the bloodthirsty mosquito, and rolls into powder in an instant.

Ye Chen two people cooperation, take a piece of Haemophilus mosquito.

During this period, long Qing encountered several crises, all of which were rescued by Ye Chen.

"Go

Ye Chen bursts out a terrible sword light and opens his mouth directly.

Now that the bloodthirsty mosquitoes are dispersed, it's the best chance to escape.

If you don't leave, you'll be surrounded by bloodthirsty mosquitoes.

"Good!"

Long Qing nodded, her body's energy was about to run out, and her arms began to ache.

If we go on, we're going to die.

Ye Chen grabs Long Qing's hand and turns to leave.

After they left, a figure flashed out.

The man's eyes were broken and his eyes were covered with a cold smile.

All the prisoners in the secret place of the prison know that they can leave here and be free as long as they kill ten guests of the holy dragon family and imprison ten lineages.

The lineage of the dragon family hunted them, and they were not.

This is the reason why the Shenglong family has been able to stand for so many years!

Hunting game, life and death trial!

Who is the hunter, who is the prey is still uncertain!

Ye Chen and long Qing fled for a long time and were relieved to find that the bloodthirsty mosquitoes had disappeared.

Even if he kills like this, he will be exhausted.

When the time comes, the bloodthirsty mosquitoes swarm on, and he can't help it.

"Ye Sha Shen, what shall we do now?"

Long Qing a face confused looking at Ye Chen, she secretly glad, this time with Ye Chen.

Or she doesn't know what to do.

"Let's find a place to rest for the night and try to find a way later."

Now it's getting dark. If you walk at night, you don't know what danger you will encounter.

Long Qing slightly nods, now absolute trust to Ye Chen.

Ye Chen found a huge rock in the desert and set up a simple array.

Long Qing is the lineage of Shenglong family. When did he suffer this kind of hardship, but now he has no way but to make do with it.

Ye Chen sits on the side of Longqing, cross legged and ready to practice.

Long Qing was afraid, but when she saw Ye Chen, she gradually felt relieved.

Night falls and the paint is black all around. Although Ye Chen is practicing, he has been paying attention to the surroundings.

Rustling

Ye Chen opened his eyes, slowly stood up, cold eyes toward a direction to shoot.

"Somebody, come out!"

Chapter 2104

In a word, directly wake up the dream of Long Qing.

"What's the matter?"

Long Qing did not care about his untidy clothes and climbed out of the rock.

"It seems that I can enjoy some time before the hunting plan."

in the dark, there is a cold voice.

Whoosh!

At this time, a poisonous dart wrapped with the power of the law flies and shoots. Ye Chen snores coldly and cuts off with one sword.

Whoosh! Whoosh!

There are many poisonous darts flying from the colorful light, which makes people have no place to avoid.

The ribbon in the hands of Long Qing immediately surrounded them.

The poison dart hit the top of the ribbon, and there were bursts of sound.

Instant tear!

Ye Chen shakes his head. If he doesn't have himself, long Qing may fall in this secret place.

Is the trial of Shenglong family a kind of elimination mechanism?

The dragon family is so heartless.

Ye Chen's five fingers grip, endless evil Qi around the palm, a black barrier suddenly formed!

Those hidden weapons were torn in an instant and dissipated between heaven and earth.

Ye Chen's icy eyes swept, ten people appeared in the desert.

There are three people in the sky and seven in the top of Xingqiao.

Against both of them, the lineup can be regarded as luxurious.

These ten martial arts men, breath terrible, face a scar, evil eyes, ye Chen two people as a lamb to be slaughtered.

They are the death row prisoners of Shenglong family, and their realm is not low.

There is only one chance for them.

"Brothers, kill the doorman. The lady of the holy dragon family will be captured alive."

It's OK to kill the guests. Let them kill the lineage of the holy dragon family. Naturally, they dare not.

"Ye Sha Shen, what to do?"

There are so many star orifices in the sky. Long Qing is completely flustered.

Think it's doomed this time.

She is no match for those who are strong at the top of the star orifices.

At the thought of his death before his graduation, long Qing was disillusioned.

Ye Chen did not speak, but took out the beast decaying sword and held it in his hand.

Now I can't count on Long Qing to make a move. I can only rely on myself.

He didn't pay attention to it.

Kill!

Made up his mind, ye Chen no longer hesitated, the whole person into a shadow, crazy rushed over.

Ye Chen raises his arm, and the immortal sword idea bursts out directly. With a sword, he cuts to the top of a star hole.

Stab!

One blow to the throat!

One person is taken away in an instant, and ye Chen suddenly makes a move, which makes the prisoners of death not expect to be in a hurry.

However, all this is not over, behind them, a shadow rings through the whole world.

Sing!

Empty shadow calls, huge body with a blazing flame, rushed past.

The yellow sand is flying like a sandstorm.

Boom!

The shadow of the sword's meaning explodes directly in the spot at the moment of approaching.

The scope of the explosion directly killed two of the strongest stars.

In a short period of less than three breaths, three star orifices were directly killed.

Fengmenjing a layer of anger, a pair of scarlet eyes staring at Ye Chen, suddenly rushed to kill the past.

They were trapped here for a long time by the holy dragon family. Anyone who prevented them from leaving must die.

See seal door realm a layer of day come over, ye Chen face does not have flustered look.

Instead, he showed a strange smile.

That's what he's waiting for!

"A sword to cut the sky!"

The fury of the sword is wrapped around the body of the sword. Ye Chen waves his hand and aims at the strong man who has sealed the door.

Buzz!

This sword, the whole void is faintly shaking, the sword Qi rolls up the sand.

Around the sand and stone, like a doomsday omen.

Long Qing in the back has been watching for a long time!

How strong is Ye Shashen's fighting power?

Refresh her cognition again and again!

Is he really the four layers of heaven?

Even if the rebellious warrior can jump over the level and fight, ye Shashen is too exaggerated.

Long Qing's head was buzzing, and he felt that his brain circuit could not be turned.

Boom!

When one sword goes down, a deafening sound breaks out. The body of a layer of heaven is sealed off, and the body is cut in two by one sword.

Bang!

The corpse falls on the ground, ye Chen's face does not change, but completely frightens these outlaws.

One sword sealed the door and the sky died!

Is this person hidden strength, is actually the strong person of the seal door realm?

Ye Chen frightens people with a sword, so that these outlaws dare not move again."Big Big brother, it's impossible. Let's run? "

One of the most powerful people in Xingqiao was so scared that his legs were a little unstable.

If it is really a strong man in the middle of the seal, ten more of them are not enough to kill.

Long Qing covers his mouth and looks at Ye Chen incredulously with a pair of eyes.

Seal the door to heaven Death Dead.

Is it too easy to die?

"You don't have to be afraid. This boy is definitely playing tricks."

Others don't know, they who have sealed the door for a long time understand that it is impossible for the dragon family to let the strong guard the lineage.

This will not achieve the effect of experience.

The two sealed the door boundary one layer day looked at each other, decided to move together.

They believed that ye Chen had paid a heavy price for killing the fengmenjing.

When the two players were on the same level, the remaining four star orifices with the highest strength also shot together.

If two powerful people die, they will not survive.

In that case, it's better to fight to death.

Between Ye Chen's eyebrows and Yu, a sense of war rises from his body.

"Go away!"

He held out a finger, in his fingertip, burst out the bright light.

The fury of the power to play to the extreme, a finger like a column of light, suddenly rushed past.

Whoosh!

The power of the law of terror and the power of breaking through the void, with the breath of killing, rushed away.

A finger falls, leaf Chen whole person's figure, like ghost general rush to kill in the past.

For the two sealed door realm, ye Chen temporarily evades the edge and comes to a star in front of the peak.

The star orifices of the peak strong one to see ye Chen come over, startled, did not dare to fight back, intended to escape.

Ye Chen seizes the opportunity, how can he let go, the beast decaying sword in his hand cuts his neck with a sword.

Scarlet blood spatter, on the spot a corpse falls, leaf Chen kills a person, turn to rush to another person.

Now they see ye Chen, as if they see a talisman.

As soon as ye Chen rushes over, he retreats.

How could ye Chen let them go, and with a sword, one arm of another star's body was cut off.

At the moment of chopping down, he did not return to his mind, and found that his vitality had completely disappeared.

The two powerful men who sealed the door were extremely angry, but they had no choice but to watch their men die one by one.

After twenty breath, there are only two people who have sealed the door and a layer of heaven above the void.

Ye Chen's white clothes have been dyed blood red, and his hand's beast decaying sword is dripping with blood.

But not his blood.

Chapter 2105

The two fengmenjing a layer of heaven, looking at Ye Chen's eyes, as if not a person, but a god of killing.

Ye Chen looks up at two people, the corner of the mouth reveals a trace of sneer.

At present, there are only two powerful men who have sealed the door. They can't pose a threat to him.

The two of them sealed the door for a day. There was only a deep fear in their hearts, but they had no way.

The arrow is on the string. It has to be sent!

Kill!

Two people look at each other, regardless of whether or not to rush towards Ye Chen.

"I don't want to waste spiritual power. I have important things to do, so it's time to end it."

Ye Chen roared, his body bent slightly, his arms lifted up, and his sword fell down.

In the moment of falling, ye Chen's figure disappeared in place, and suddenly came to a sealed door in a layer of sky behind.

Stab!

He held the beast decaying sword and chopped it on the back of fengmenjing.

Fengmenjing a layer of day strong back, there is a bloody wound, the vitality of the rapid passage!

Ye Chen doesn't want to continue to drag on. Facing these prisoners, he doesn't have any hesitation at all. He cuts the head of another strong man with a sword.

Click!

There was a clear and crisp sound, and the head was split and a corpse fell on the ground.

In this moment, a cold threat hit Ye Chen's whole body.

His remaining light swept, that injured seal door a layer, the day strong person unexpectedly stimulates the essence blood, comes to him!

He just wanted to start, but found that long Qing blocked behind him: "Ye Sha Shen, be careful!"

The door is sealed for one layer. I dare not kill Long Qing. I'll stop immediately!

At this time, ye Chen moved!

In front of the wounded, the one who was wounded was like a sword in the sky!

In a flash, the injured sealing door was turned into a blood mist!

Completely fall.

Ye Chen and long Qing fall on the ground.

Long Qing, the whole person has already looked stupefied, leaf kills the God to bring her the shock, is really too astonishing.

In less than five minutes, all the prisoners died on the ground.

Fengmenjing a layer of heaven strong, just that!

Long Qing went to Ye Chen, covered his mouth, a pair of shocking eyes, looking at him.

Ye Chen shook his head helplessly.

Although he was not afraid of the sword, long Qing's attitude moved him.

The lady who is the main vein of the Shenglong family, even in spite of her own life, wants to block a sword for a doorman.

It seems that the dragon family is not all villains.

Ye Chen is not killing innocent people indiscriminately. Ye Luo'er's accident has something to do with the holy dragon family.

But it also has something to do with the power of the dragon family.

If we kill the whole family of Shenglong, too many people will die in vain.

His way is to kill, but what is the difference between killing indiscriminately and those demons now?

"Let's go!"

At this time ye Chen opens his mouth. This place has been discovered and can only leave.

Long Qing nods slightly, unconsciously Ye Chen has become the leader.

Two people flying in the void, long Qing suddenly saw a figure on the ground.

"Ye Shashen, that's dragon war. Help me to save him."

Long Qing, the whole person is a little excited, and finally see the lineage of the holy dragon family.

Ye Chen nods, two people fall from the void and come to the side of the dragon war.

Now long Zhan's condition is very bad. His lips are dry and his whole body is dirty. His clothes are still bloodstained.

Ye Chen can see at a glance that he has definitely encountered the prisoner inside. His doorman is afraid to have died.

"Long Qing, you're here too. That's great!"

"The prisoners here are too terrible. I really don't understand why the family tried this way. Did they want us to feel life and death?"

After long Zhan saw long Qing, the whole person became excited.

He was already a little desperate when he was transported to the desert with his doormen. At night, he met prisoners.

If he had not been resisted by the doorman, he would have been caught by now.

He walked alone for half an hour, afraid to meet the prisoner again.

After seeing ye Chen and long Qing, I felt relieved.

Long Qing and long Zhan talked for a while, and then went forward, there were many strong blocked door.

After all, the prisoners here are the powerful enemies of the Shenglong family for thousands of years!

More dangerous than the outside world!

Their strength will never survive in the face of the powerful.

"Ye Sha Shen, what shall we do now?"

Long Qing looks for help and looks at Ye Chen.

Now she has already regarded Ye Chen as the main heart bone. Once she meets something, she will ask Ye Chen involuntarily. "I'll set up an array, and you'll hide nearby. As for those people, I'll meet them."

Ye Chen thought for a while and said that he was not afraid of those people, but did not want to expose his own strength.

Long Qing has been taken aback by the strong man who can fight to seal the door for a day.

If even a stronger existence can fight, long Qing will definitely doubt his identity.

He can only stand alone.

The more important reason, of course, is yelol.

He has asked Longqing ye lu'or many times, but Longqing obviously doesn't know.

The only prisoners most likely to know about her whereabouts are those who have lived here for a long time.

He went madly in one direction, without any consideration any more, more like deliberately attracting the attention of death row prisoners.

.....

At the same time, the evil palace.

There were bodies everywhere, and there was a river of blood.

Once a powerful force, even less than a few minutes, turned into such a sad scene!

There is only one place clean above the countless bodies and blood.

The place was covered with chills.

Two extremely cold figures stand on top of an ice crystal giant.

It was Wei Ying and Bai'er.

Wei Ying's eyes with a talk of ice cold, as if for all indifference.

Under the veil, you can't hide your gorgeous face. The green silk is dancing with the wind, plus a white robe.

It is like the daughter of Tianxuan who doesn't eat the fireworks between people.

In front of her, there are three ancestors who have been hiding for thousands of years!

The house of evil spirits was also extremely strong and powerful ten thousand years ago.

But I don't know why.

Seems to be deliberately hiding something.

In front of three people, there are fengmenjing peak, and even a half step Taixu realm!

If spread out, people will be shocked!

However, these three are the top powerful men in the western regions, and they are already scarred and dignified at the moment.

After wiping off the blood from the corners of his mouth, the ancestor of the evil demon Palace said to Wei Ying:

"we have been hiding for so many years, but we still can't hide it."

"Master, I want to know why you want to attack our evil palace."

"We have no grudge against you. Why should we kill them all?"

Wei Ying put her slender hand behind her, the cold wind whirled, her robe lifted gently, and thousands of green silk danced.

For a long time, she said, "no hatred, no resentment? It's a good one without hatred and resentment. "

"When the palace of juechan emperor was destroyed, did you escape the evil palace?"

Hearing the four words of Jue Han Emperor Palace, the three ancestors' eyes widened! I'm so shocked!

The old ancestor of Taixu even stepped back a few steps and held out his fingers tremblingly and said, "you You are from juechan palace The palace of juechan emperor was not destroyed How could... "

Chapter 2106

Bai'er beside Wei Ying stepped out and slapped her on the cheek of the injured ancestor!

"Son of a bitch, are you free to point to the palace master?"

"Kneel down!"

Endless cold as if falling from the sky!

Three seriously injured ancestors had to kneel down!

But their faces are full of horror!

Palace master!

Master of juechan palace!

Oh, my God!

The supreme overlord of Lingwu land has come back!

Even bloody evil palace!

Wei Ying looked down at the three people, but did not release the pressure, but let the three ancestors tremble.

"The Lord of the palace, in those days, we just participated in the evil demon palace and did nothing. Everything was the meaning of the kingdom of God. How can we fight against it! In front of the kingdom of God, we are only small. We have not killed one person in the palace of Emperor Han, and we are not qualified to kill! "

That half step too Xu old ancestor trembles the voice to say.

Wei Ying red lips outline, cold voice like hell's wind: "then did you ever snatch a thing from my juechan emperor palace?"

As soon as this word comes out, three people change color together!

Because, this is the fact!

That old ancestor even busy way: "palace Lord, please don't be angry, we'll go to get it now."

"No more." The voice of Jue Han rang out again.

The next second, Wei Ying reaches out and grabs slightly.

The huge tower of the evil spirit palace turned into powder directly, and a huge colorful ice stone flew out.

There are four characters written on the ice stone - Jue Han emperor palace!

"Bai Er, take it."

"Yes, Lord."

Bai'er takes out the storage ring and receives the colorful ice stone directly.

Wei Ying's eyes fell on the three again: "in fact, you're not so fierce that I'll destroy you."

"You hide from the northern regions to the western regions, or even demote them. You just want to possess that thing."

The three ancestors were stunned, some did not understand the girl's meaning.

Suddenly, a cold wind hit, Wei Ying's veil fluttered, and her beautiful face seemed to be wrapped in an endless layer of frost.

"I didn't intend to destroy you, but you chased Ye Chen again and again."

"I don't like the man who moved me."

As soon as this word comes out, the eyes of the three ancestors of the evil demon palace seem to be bloodshot!

Behind Ye Chen, there is a strong man who has just stepped into the sealing door for a long time, frowning tightly.

Ye Chen is able to kill the top of Xingqiao in seconds. He has just stepped into the realm of sealing the door. I'm afraid it's not much better.

We can only count on the strongest Zhang Tian.

Zhang Tian's brows are locked. Just now he doesn't understand the situation, the top strong person of Xingqiao is killed by seconds.

This boy is really a bit of a cult, so he has to pay attention to it.

Ye Chen sees that Zhang Tian doesn't do anything, and the whole person rushes forward like a spirit fox.

at the moment of rushing, the breath of terror breaks out in an instant, like a flood, and rushes to ZhangTian.

Zhang Tian sees Ye Chen rushing over. He has no choice but to rush up.

At the moment of his hand, the pressure of sealing the door atmosphere is exerted on Ye Chen.

Ye Chen's mouth reveals a trace of sneer, murmured in the mouth: "you are the strongest in this group of people, solve you first!"

Suddenly there was a flame behind him!

The blazing fire is about to burn his clothes, but it is not enough to deal with those who are strong in sealing the door!

Zhang Tian frowns tightly, the breath that leaves Chen body sends out, already let him feel something wrong.

Boom!

Ye Chen rushes out two ghost beasts behind him, and directly rushes to kill him. Zhang Tian no longer hesitates and takes out his sword.

With a knife, a virtual shadow dissipates directly. However, the shadow of white tiger spits out a ball of fire and burns on Zhang Tian's clothes.

Now Zhang Tian can't manage so much because he feels a strong sense of crisis.

This crisis is becoming more and more powerful. All of a sudden, ye Chen comes to his back, and the beast decaying sword in his hand is already ready.

"Cut the sky sword out!"

A sword cut to his back, Zhang Tian's reaction speed is not slow, suddenly turned around, with the sword in his hand to block the grid directly.

In the moment of blocking the lattice, ye Chen's fist suddenly smashed down.

Bang!

Zhang Tian's figure retreats. Ye Chen waves his decaying sword in his hand and cuts it down with a sword.

Sword light interlaced, as if forming a dense protective net, so that Zhang Tian can not retreat.

Chapter 2107

On one side, Zhang Tian's vassal had already been shocked and didn't know what to say.

Where the evil spirits come from, can create the realm of creation, fight and seal the door!

Ye Chen's attack is so fierce that Zhang Tian has no way but to withstand the sword Qi.

Facing the sword light madly rushed up, his body did not know how much was cut.

"Die for me!"

Zhang Tian's whole person roared, his hands clenched his sword, and the space was faintly broken, and he cut to Ye Chen crazily.

Ye Chen's eyes appear a touch of disdain, the hands of the beast between the sword suddenly raised, in the moment of lifting, when the two contact, there is a huge sound.

The whole desert seemed to vibrate!

Endless sand covers the world! It obscures everyone's view.

Zhang Tian Mou Zi is extremely frightening! Blood spilled from the corners of his mouth.

How could he not defeat the four levels of heaven?

What the hell is this!

Before he could react, a cold light came quickly!

Cut the sky!

The meaning of the sword is like an empty beast, trying to devour Zhang Tian!

"Pooh

The beast decayed sword penetrated Zhang Tian's body.

Blood ran down his body on the ground, and there was a roar of pain.

Zhang Tian, regardless of the pain on his body, suddenly retreats!

However, a sudden change has emerged!

The surrounding area is covered with ice and frost. Ye Chen's beast decaying sword shines brilliantly. He raises his arm and cuts out a sword. The breath of terror suddenly spreads. Everywhere the sword light goes, it is frost.

Zhang Tian's whole face changed greatly. Regardless of the injury, the sword in his hand burst out a blazing breath, and the flame burned on his blade. He waved the sword and immediately cut it out.

At the moment of contact between the two, ye Chen does not hesitate at all. He waves his sword again, and the endless spiritual power suddenly bursts out.

Boom!

A sword cut out, suddenly hit Zhang Tian's abdomen above.

Zhang Tian is totally defeated! Spit out a mouthful of black blood!

Eyes only fear!

When he vomited blood, ye Chen suddenly came to Zhang Tian's side, five fingers clasped his neck.

"Big My Lord, spare my life

Zhang Tian's whole face turns red. He knew Ye Chen's strength was strong. He would never provoke him.

"If you want to live, surrender to me!"

As soon as ye Chen's voice falls, Zhang Tian can only nod his head.

"Let go of God's control."

Ye Chen touches Zhang Tian's eyebrows between his fingers and penetrates Zhang Tian's sea of knowledge.

It is impossible for Zhang Tian to betray.

The prisoner on the side is stupid, but there is no way. The strength of others is strong. What can we say?

Ye Chen follows Zhang Tian to the place where he lives. On the way, he inquires about what happened here recently.

Zhang Tian got some useful information from Zhang Tian's mouth. Some time ago, a group of strong men of the holy dragon family suddenly came to our house. Their breath was extremely strong. No one had seen what they looked like or what they were going to do. They stayed for two days and left!

In the past two days, there have been many visions here.

A sky penetrating array condenses in the distance.

There is a dragon shadow above the sky!

Extremely rare!

And from time to time, dragon chants resound.

It sounds very painful!

Zhang Tian offended the Shenglong family and was imprisoned here for thousands of years.

This millennium, never seen such a powerful vision!

This news, let Ye Chen nervous to the extreme.

"Do you know where the formation and the Dragon shadow are?" Ye Chen Dao.

Zhang Tian shook his head: "my Lord, I don't know."

"But I've been trapped by the dragon family for thousands of years, and I've taken a lot of death row prisoners under my command. I can let them search all over the secret place."

"The secret place is too big. It's hard to find it by adults alone."

Ye Chen nodded: "good."

Even if the secret place of the prison area rises three feet, he will find it!

For now, he has to get back to his peak as soon as possible, and then wait for Yelo's picture!

Six hours later.

"Good thing, my Lord!"

Ye Chen is still practicing, Zhang Tian runs over in a hurry, and his eyebrows are excited.

"What's the matter? Is there any news from elor? "

Zhang tianmeng shook his head and nodded fiercely.

"What do you want to say?" Ye Chen Dao.

Zhang Tian sorted out the language and said, "my Lord, there are strange phenomena outside."

"News came that at night, on the day of the lunar eclipse in the forbidden area, there were green demons and moon eating beasts

Ye Chen shakes his head: "I am not interested."

Who expected Zhang Tian quickly approached Ye Chen and said excitedly: "this thing is extremely important to find that girl." "What do you say?" Ye Chen frowned.

Zhang Tian sees Ye Chen's inner thoughts, and then opens his mouth and says, "my Lord, the green demon moon loving beast has a keen sense of smell, and is extremely aware of everything around. If you get this beast, you can find your friend's whereabouts."

In a word, let Ye Chen come to interest, it is not true that you can find ye lu'er with the help of the green demon moon loving beast.

He was just about to say something to Zhang Tian when the voice of Meixin devil emperor suddenly rang out.

"Ye Chen, there's something I may have to trouble you with."

"Although the searching method of the green demon moon loving beast is powerful, the world does not know that its body and spirit are extremely powerful."

"It's not enough for me to reunite the body with only one magic bone. Can you put the green demon moon eater in the black crystal sarcophagus, and I will absorb its energy."

Ye Chen Mou son a congealed, promise to come down: "good, this green demon loves the moon beast, I no matter what price pays all want to get!"

Then ye Chen looked at Zhang Tian and said, "OK, take me there."

.....

Night is coming soon, and the moon tonight is especially ghostly.

Zhang Tian quickly came to Ye Chen's side and said, "my Lord, we are ready. However, there should not be a few strong people who rob the monster this time. There are not a few strong people who are trapped in the forbidden area. There are many strong people who are interested in this thing, and it is impossible for the Shenglong family to ignore..."

He did not continue to say, but the meaning is very obvious, this time they can not say that they can not grab.

All the strong men in the secret place will come out.

Ye Chen nods slightly, but also did not put in the heart.

As for the secret place of the prison, ye Chen probably knows something from Zhang Tian's mouth.

In the whole prison area, the most powerful one is two people who seal the door and four layers of heaven, and they control more resources of death row prisoners.

No matter what, ye Chen has to fight to win the green demon moon beast.

This time, the green demon moon eater appeared in the desert area, and many strong people had already come.

The whole desert is in a mess, and all kinds of strong people's breath make the lineage of Shenglong family experience miserable!

However, they also know that there are definitely ideas in their hearts about the green demon moon loving beast.

At that time, the people of the lineage of the holy dragon family will gather together, and they will not have the opportunity to fight against the strong in the secret place of the prison.

As time goes by, ye Chen finds that the moon above the sky gradually turns blood red.

Looking at the extremely strange, at this time the temperature around suddenly dropped, even Zhang Tian couldn't help shivering.

Ye Chen doesn't feel too much. He understands the law of ice and won't have too many problems.

All the people in the secret place of the forbidden area are basically staring at the moon. It is said that when the moon turns blood red, the green demon moon eating beast will come out and devour the shadow of the moon in the secret place.

No one knows exactly how, but the green demon moon loving beast actually exists.

At the beginning, the strong man of the holy dragon family seized one from the secret place of the prison.

The moon above the sky, has become blood red, now there is a shadow, it seems to swallow the moon in general.

"Big My Lord, the green demon moon eater is coming out

Chapter 2108

Zhang Tian's face was full of excitement. He wanted to rush through now, but he also knew himself.

Now I don't know how many strong men are hiding in the dark. Once he makes a move, he will definitely be besieged.

Ye Chen nods slightly, takes out the beast rotten sword, holds in the hand.

It's exaggeration that the green demon moon eater devours the moon. It's just practicing with the help of the moon.

His figure, covering the moon, will have a feeling of the moon being swallowed.

"What are you going to do, my lord?"

Zhang Tian looks at Ye Chen, and finds that the momentum in Ye Chen's body is constantly climbing.

"Mix up the water a little bit!"

Ye Chen smiles at the corners of his mouth, then takes out a mask and puts it on his face.

His whole figure, suddenly flew to the void, rushed to the green demon moon beast.

When ye Chen hands the moment, hidden in the dark strong, the breath can not help but reveal.

The whole desert is condensed with a breath of killing, which makes people afraid.

The moment Ye Chen rushes into the void, he sees the shape of the green demon moon loving beast. It is a ferocious beast with a huge body. A pair of blood red eyes are staring at him tightly.

On the forehead of the green demon moon eater, there is a moon like mark.

The breath from this body is absolutely dangerous.

Seems to be able to control this secret place!

Roar!

Green demon moon beast saw the moment Ye Chen, issued a roar, at the moment his hair turned white gradually.

Ye Chen did not have the slightest look of fear on his face, and suddenly cut out a sword.

Boom!

Beheaded on the green demon moon beast, it did not cause any damage, but completely angered him.

Ye Chen wants this kind of effect. There are many strong people hiding in the dark in the desert now.

Originally saw Ye Chen Chong past, all the strong can't help but make a move. Later, it was a state of nature, and all stopped.

In their eyes, a garbage that creates a paradise is just a dead one, which can not pose any threat to them.

If it had been for a moment that the strong men in the imperial court had made a move, they would have been in a mess.

The green demon moon beast is completely enraged by Ye Chen. A mole ant also wants to fight his idea. How can he not be angry?

His figure suddenly rushed to Ye Chen.

Ye Chen has a smile on his mouth. Now, even if he takes the green demon and loves the moon beast, he will become the property of others.

When the green demon moon beast rushes over, ye Chen has no intention of fighting. Instead, he starts to run away.

The direction of his escape is just the hiding place of a strong seal.

When he saw the figure of Ye Chen, he kept rushing towards him, and he wanted to scold him.

They hide very well, plan to sit and reap the benefits, who knows all these plans, all let Ye Chen upset!

Green demon moon beast chasing after ye Chen has been constantly rushed over, they want to secretly leave is impossible!

Kill!

The strong man of Fengmen, without any hesitation, rushed directly to him. He held a bloody halberd in his hand and went towards Ye Chen thorn.

His hatred for ye Chen has been overwhelming. Now, they have emerged, and it is almost impossible for them to obtain the green demon moon beast.

The reason for all this is because ye Chen!

Ye Chen laughs but doesn't speak. At the moment when the powerful man of fengmenjing rushes over, he waves his sword.

Bang!

In the moment of contact, ye Chen did not change.

The green demon moon eating beast chases Ye Chen, but he doesn't entangle with the powerful person.

Instead, he ran in another direction. The direction of Ye Chen's running was just the hiding place of another strong man.

"My Lord, what shall I do? This little beast, running towards us

At the side of the strong man, there was a man who spoke timidly.

"What can I do? Now our position has been revealed! "

The strong one slapped his hands in the face, and the anger in his heart could be imagined.

Next ye Chen follows this method, a strong person that hides in the dark to find out.

The scene becomes lively in an instant, but ye Chen secretly returns to Zhang Tian's side.

Zhang Tian has been staring at the scene for a long time. Now, the scene has already been in chaos. There are some attacking the green demon moon eating beast, and there are two forces starting a war.

All of these are caused by Ye Chen!

Now Zhang Tian has already admired Ye Chen for a long time. All these strong men let Ye Chen lead the nose.

At present, the lineage of the holy dragon family has not yet appeared, and the two strongest men in the secret place of prison haven't appeared yet. However, ye Chen believes that they can never hide for too long. The strength of the green demon moon beast is good, but it can't bear so many strong people. It's only a matter of time before the defeat.

When the green demon moon loving beast can't do it, the two strongest beings in the forbidden area will definitely spare no effort to fight.

Ye Chen is waiting. When two strong men fight, he will reap profits again!

On the scene, all kinds of supernatural powers and swords were constantly cathartic, and the atmosphere of terror pervaded around.

The sands and stones in the desert are flying wantonly. It is not clear what is going on inside.

In the darkness of the desert, the lineage of the holy dragon family has been hiding. Long Qing and others have come out because of the vision. When long Qing sees the masked youth, he follows Ye Chen this time. It is not sure that he can really take down the green demon moon eating beast.

"No hurry, wait a minute!"

The strongest death row hasn't come out yet. Ye Chen will never do it.

In the whole secret place of the prison, ye Chen only fears these two people.

He has not faced up to the strong man of the four layers of heaven.

Seal a small realm, the gap is huge!

He is not necessarily qualified to fight!

I don't know how long after that, in the void, the green demon moon eating beast sends out a miserable roar. Ye Chen can hear it. I'm afraid it won't work!

With so many powerful people besieged, it is extraordinary that the green demon moon loving beast can persist for such a long time!

"Ha ha ha, I'm in the secret place of the prison. It's hard for me to meet the green demon moon loving beast. You all go away!"

At this time, an arrogant figure came from the void. An old man with red hair, wearing a Taoist robe and holding a duster in his hand, was quite like a fairyland.

Ye Chen's whole face is dignified, and the strong man who sealed the door of the four layers of heaven made a move!

This man, from Zhang Tian's mouth, knows that all the strong men in the secret place of the prison are called Master Wang.

One of the overlords of the whole prison area!

Chapter 2109

There are at least 500 people following Master Wang. His subordinates have different levels, but they are also threatening.

As soon as Master Wang came out, all the people who had done it stopped.

However, some of them are not able to give up the Fiesta.

Therefore, everyone no longer hands, but also did not leave!

If they deal with fengmenjing four layers of heaven together, Master Wang can also be tricky.

"Wang laoguai, I'm sure I'll get it!"

Suddenly, a voice came from the scene of the standoff.

An old man in black and a hat flew barefoot into the void.

He was followed by many people, not much different from Master Wang.

Dust laden scattered man dressed in black, breath Ling ran, his hands, still holding a strange thing.

As soon as the two strong men who sealed the four layers of heaven came out, they all became a little desperate.

If one of them can fight against one, two or two, it is not enough for them to kill them.

"You all go away, green demon moon beast is not you can have."

Dust covered Sanren and Master Wang spoke directly. The strong people on the scene were unwilling, but there was no way. They could only leave one by one.

They did not really leave, but to find a place, quietly waiting.

Some powerful people want to see who the green demon and moon loving beast will end up in. On the contrary, some strong people hope that Master Wang and the dust sealed Sanren are both seriously injured. At that time, they are not sure and can continue to rob.

There are not a few strong people who have this idea. After all, the temptation of the green demon moon beast is too big.

Let them not want to give up at all, rich and noble insurance in the pursuit!

Master Wang and dust laden Sanren did not care about the hidden people. They had absolute confidence.

Two people meet, also do not have any greeting, direct hand.

For a moment, the breath of terror frightened everyone.

As for the green demon, the moon eating beast has been seriously injured and has no ability to move.

The two strong men did not worry that the green demon moon eater would escape.

Zhang Tian on the side of Ye Chen looks sad. Two strong men who have sealed up the four layers of heaven come out. He already thinks that the green demon moon eating beast can't get it.

It also made him give up completely!

Ye Chen face did not have any change, on the contrary a pair of eager to try the appearance.

This makes Zhang Tian startled, for fear of Ye Chen's death, so he rushes to it now.

If ye Chen dies, he can't live at all.

"My Lord, I don't think so. Let's think of another way."

Zhang Tian tries to dissuade Ye Chen, but how can he listen to him now.

For the sake of Ye Luo'er, the moon loving beast must be seized!

Ye Chen clenched the beast decaying sword in his hand, and a trace of ruthlessness flashed in his eyes. Then, with the help of the power of the ground, he suddenly rushed up.

Zhang Tian saw this scene, a mouthful of blood spurted out, the whole person's face was pale.

He had already thought that he could not live at the moment of Ye Chen's death.

When ye Chen rushes into the void, the lineage of the holy dragon family also moves forward.

Rush in the front, just is the Dragon white, long Cha, Long Yang three people.

The three of them are the strongest among the younger generation of the Shenglong family, and each of them has the strength of leapfrog combat.

Not only that, in order to protect them, the holy dragon family took out many treasures.

Although there are two fengmenjing four layer tianqiang, but they think they also have a certain ability to protect themselves.

Moreover, the dragon family has already told them about the moon eating beast of the green devil.

This time, the main purpose of this experience was the green demon moon loving beast.

Their ideas coincide with Ye Chen, both of whom are forced out of their teeth.

These people a hand, Master Wang and dust laden scattered two people found, directly let his men stop them.

However, in addition to these two, who can block Ye Chen!

What ye Chen can reach is a blood mist.

Zhang Tian on the ground also reacts, ye Chen can't die enough, otherwise he will be completely finished!

Lead his men, one by one, no matter what, also want to help Ye Chen!

Originally the situation has been stable, but the strong of the Shenglong family and ye Chen made a move, and suddenly, they began to make a mess.

Originally hidden in the dark, the strong people of Fengmen are not afraid to die. When they see ye Chen and the lineage of the Shenglong family, they have already made a move. Where can they bear it!

Almost the same as the master, one by one.

The two of them dare not stay any longer. When the time comes, they will lose their face if they let others rob the green demon moon loving beast! Ye Chen kills a person with a sword, and his clothes are quickly dyed red with blood.

These blood are the enemy's, as long as not those two people, ye Chen is not worried at all.

On the side of the Shenglong family, the three of them are almost the same.

In their eyes, the green demon moon beast has long been theirs!

Ye Chen is not in a hurry now. Instead, he slows down. At present, the two strong men who have sealed the door for four days have given up fighting.

Even if he rushes through now, it will not help. I'm afraid he will bear the anger of two powerful men in the four layers of the gate.

Master Wang and dust laden Sanren look at each other and know what each other thinks.

At present, the two people plan to solve these small shrimps first, and then fight with the green demon moon eater.

Make up their minds, two people directly rushed to the door, sealed the atmosphere of the four layers of heaven, instantly shrouded everyone.

Ye Chen didn't have anything on his side. Who knows Master Wang is directly attacking him.

Fengmenjing four days strong breath, flutter to the face, let Ye Chen breath dignified!

The immortal sword idea erupted from his body, and the blood of God and the power of Geng Jin were continuously blessed.

Ye Chen dare not take it lightly!

"Combined attack of spirit and evil spirit!"

The crazy catharsis of the sword is condensed in the beast decaying sword.

Zheng! Zheng! Zheng!

For a while, the world changed color, but master Wang's face did not have any expression.

The whisk in his hand swung and rushed to Ye Chen's chest in an instant.

The breath of terror and depression makes Ye Chen's body hard to move.

Ye Chen is forced to endure the pain. His arm is lifted, and the beast decaying sword in his hand is more tightly grasped. He swings and cuts out a sword.

At the moment of contact, ye Chen's sword light is broken in an instant!

Master Wang's hand of the whisk from the fly, ye Chen's mouth showed a trace of bitter smile.

There is such a big gap between the three and four layers of fengmenjing!

Originally, he thought that even if he could not beat the four layers of tianqiang, he could fight against one or two.

Now I know that his idea is too naive!

In Master Wang's hand, when the brush comes, ye Chen grabs it directly with his left hand.

It's like a blade on the top of his hand.

Chapter 2110

Ye Chen is forced to bear the pain and cut down the animal decaying sword in his right hand.

At the moment of his chopping down, Master Wang did not know when he had come to Ye Chen's side and slapped him on his chest.

Bang!

Pooh!

Ye Chen's whole figure flies out, and a trace of blood overflows from the corners of his mouth.

It's incomparable to seal the door in four layers!

At present, ye Chen's strength has no pressure to deal with the second tier of fengmenjing. Even those who are strong in the third tier can also fight.

If the strong man who can seal up the four layers of heaven is still that kind of strength beyond the realm, ye Chen is definitely not an opponent at present.

Ye Chen doesn't want to use the hand of the devil emperor and fengqingyang.

Because every time they use it, they are a little bit weaker.

The devil is weak in rebuilding the body.

After all, the power of clear and clear mind is limited.

If the wind dissipates, it will be more dangerous to meet the kingdom of God!

Ye Chen doesn't want to rely on the reincarnation cemetery, he wants to challenge his own limit!

This is martial arts!

"Little mole ants dare to pull out their teeth with a tiger's mouth. They really don't know how to live or die!"

There was a sneer in the corner of Master Wang's mouth.

The reason why he made a move to Ye Chen is that he is extraordinary. The one who is strong in killing stars and orifices is like killing a dog.

How could it not have caught his attention?

Ye Chen did not speak, until the last moment, he would never give up.

Stand up a little bit, covered with endless evil Qi and Geng Jin's power!

A long gun suddenly appeared in his hand.

Zhutian magic gun!

All the evil Qi in the body is absorbed by the killing God magic gun!

Ye Chen only feels his arm numb, blood vessels are about to explode!

"Broken star!"

Ye Chen murmured at the corner of his mouth, and the gun of Zhutian God and magic in his hand broke out a terrible gun meaning and evil spirit.

These evil Qi, constantly condensing, a gun shadow, stands in the void.

Zheng! Zheng! Zheng!

Boom!

The shadow of the magic gun immediately fell.

When the moment of falling, mixed with the power of destroying the sky and the earth.

Master Wang's face changed slightly. He wanted to watch ye Chen die himself, but he didn't expect that the boy who made the world of change could break out!

Demons?

Is this man a powerful demon?

Master Wang no longer hesitated, endless opportunities to kill gathered, the whole figure directly rushed over, trying to solve Ye Chen.

He rushed to the moment, ye Chen side of the pressure, suddenly increased.

Master Wang's speed is too fast to give ye Chen too much time.

But in the blink of an eye, he came to the side of Ye Chen.

"Go!"

Boom!

The power of the explosion was so powerful that it made a hole in the void.

However, Master Wang's figure rushed over, and a little blood flowed out of his body. It was only a slight injury, and it didn't hurt a great deal at all.

"The sword of burning the sky."

Ye Chen frowns tightly, takes back the Zhutian magic gun, sacrifices his more used animal decaying sword, suddenly swings out, a sharp sword light, crazy rush past.

Boundless flame burns everything!

It's called burning the sky!

Master Wang's real strength is even stronger than Muye.

Ye Chen can't keep your hand!

The appearance of Burning Sky Sword completely changed Master Wang's color.

He found that he really underestimated the boy.

If the boy is alive, in time, he will be killed casually.

he must die!

However, the master tried his best to avoid being hurt.

But in getting closer to Ye Chen, he found Ye Chen was laughing.

A strange smile.

Then, he found a line of weapons emerge!

Before he thought clearly, a roar rang through the sky!

"A thousand soldiers explode!"

Boom!

The scope of the explosion gives Ye Chen time to rest.

Although it's short, it's enough for ye Chen!

His figure and Master Wang opened a distance, and kept running towards the green demon moon beast.

The sound of Ye Chen's side startled the warriors around, and they were terrified.

In front of the strong man in the four layers of fengmenjing, a state of nature can escape. Where is the evil spirit.

They these prisoners have their own brain, that ye Chen is from the holy dragon family of the legitimate evil.

At least in the secret place of the prison, I have never heard of such a terrifying place.

See ye Chen is not dead, Zhang Tian a fragile small mind, also change to rest assured.

Just to Ye Chen's admiration, more five body throw oneself to the ground! When ye Chen rushes to the green demon moon eating beast, Wang Dashu is shocked and wants to rush to it, but it is too late.

Dust laden scattered people's distance is some far, also cannot catch up with, they two people can only watch helplessly.

Ye Chen's practice, in an instant attracted the hostility of countless people, the nearest strong, crazy rushed to the past, want to stop him.

The strength of these prisoners is uneven. For ye Chen, it is not a big threat at all.

Ye Chen takes up his sword and kills them directly. He is only 10 meters away from the green demon moon eating beast. All the strong men are already in despair.

I didn't expect that the green demon moon loving beast would subdue a natural realm!

At the moment when ye Chen was about to take over the green demon moon loving beast, the heaven and earth changed color and a strange phenomenon appeared!

Ye Chen smile solidification!

Danger!

.....

At the same time, Lingxian palace.

Xia Lingqiu stands outside the gate of the Lingyun palace, sketching a smile.

"It's more powerful than I expected."

"If it goes on like this, in less than a month, Lingyun will not only be able to step into the goal I set for her, but may also have a surprise."

"It's a pity that after a year's agreement, even if Lingyun wins, it can't grow for a lifetime. It's completely abandoned. "

"Lingyun, Lingyun, the rise of Xia family, I'm enough."

"All my life, you are just my foil."

"Over the years, your greatest contribution is to provide two talented disciples for the Lingxian palace."

"Xia Ruoxue, assisted by the God stone, can be controlled by me, and the future can be expected."

"As for Ji Siqing Ha ha, this person's surprise degree is far more than I imagined. "

"If this person stays in Kunlun void all the time, it is the biggest loss of martial arts in the world!"

"Kunlun Xu gave birth to a Ye Chen, and also gave birth to Ji Siqing, who goes against the heaven. It's interesting, so interesting!"

Xia Lingqiu walks towards a high tower.

This tower is one of the treasures of Lingxian palace.

Under the tower, the same spirit pulse as xuanyuezong was suppressed.

Xia Lingqiu is only qualified to practice.

However, not long ago, Xia Lingqiu even made Ji Siqing step into the tower.

He also left Ji Siqing with the most powerful top layer of aura.

No one knows what Xia Lingqiu thinks in her heart.

Soon, Xia Lingqiu came to the top of Lingxian tower, and a girl with charming temperament was closing her eyes.

Endless aura surrounds her.

In the middle of the girl's eyebrows, there is an old golden line.

When the golden lines appear, the aura of Lingxian tower is absorbed by Ji Siqing.

Xia Lingqiu nodded with satisfaction and murmured: "I thought I had a bad aptitude, but in front of you, my qualification is really rubbish."

"However, Ji Siqing, the stronger you are, the greater my benefit will be!"

"After all, there is not much Shou yuan in this flesh body. If there is some promotion, there is always a price to pay. When the time comes, I will replace you, and I will be able to really ascend the sky one step at a time

"The kingdom of God can't shake me, Xia Lingqiu!"

Suddenly, Ji Siqing noticed something and opened his eyes.

A strong breath is surging on the top floor of Lingxian tower.

Space is tearing!

In front of her, the place where Xia Lingqiu was standing was already empty.

Ji Siqing pondered for a few seconds, closed his eyes, and opened his lips with red lips:

"Xia Lingqiu, you should never have done anything wrong, that is to offend Ye Chen."

"After all, he is..."

The voice stopped abruptly.

Ji Siqing opens the golden lines on his eyebrows again, absorbing endless aura
