Chapter 2241

The summer snow in my arms hugs Ye Chen tightly.

She was in tears.

"I'm sorry."

She wanted to exchange herself.

Not Ji Siqing.

After a few seconds, ye Chen lowered his head, wiped Xia Ruoxue's tears with his hand, and said with a smile, "little fool, what can I say I'm sorry for?"

"The world is so big that Xia Lingqiu can't escape far."

"I'll find Xia Lingqiu."

"I will rescue Ji Siqing."

"I will let Xia Lingqiu understand what kind of price will be paid if I offend Ye Chen!"

"I'll break her heart and send her to the grave!"

Xia Ruoxue's eyes condense, and the sense of remorse becomes resolute.

She secretly vowed that only when she cultivated to the highest level, she would not be in such a mess like today!

She from ye Chen's arms to earn to break away, the eye son sees to the sky: "count me one."

Suddenly, Xia Ruoxue thought of what, fiercely toward a direction!

If she wants to practice and break through as soon as possible, she must catch that mysterious stone!

"Ye Chen, wait a moment. I'll be right there."

Ye Chen didn't stop him and nodded silently.

Soon, the king of ice sword and Bai Zhentang and others fell down.

Wang shook his head and regretted, "disciple, it's my fault."

"I didn't calculate that Xia Lingqiu had mastered such a magic weapon."

"If you want to blame the teacher, blame it."

Ye Chen just wants to speak, suddenly, the sky changes color!

A surge of extreme pressure!

It was The power of heaven!

The tomb of reincarnation is so clear that his face changes greatly: "no, disciple, you just used the power of xuanbei and the red dust God vein. The heavenly way palace has noticed it!"

.....

A minute ago.

The kingdom of heaven.

Dragon pan lying, momentum.

The man above the Dragon exudes an extremely powerful heaven and earth power.

All of a sudden, the temple of heaven vibrates!

This time the vibration is especially strong!

A giant statue hanging above the hall had a broken finger.

Dragon and man suddenly opened their eyes and said in unison: "reincarnation xuanbei!"

Man fingers pinch Jue, big hand a wave, a picture suddenly appeared!

That's exactly what happened in Lingxian palace!

However, because of the particularity of Ye Chen's fate, the picture that the man above the Dragon sees is fuzzy!

Of course, the man laughed.

"The boy finally showed up again."

"This is the day I'm waiting for!"

"eternal king! Your painstaking layout

"Today, I want that boy's chessboard to be completely broken!"

Words fall, heavenly palace, array surging!

The breath of extermination breaks out!

Dragon man has been ready!

Ye Chen's existence has made him feel threatened!

He sent someone to set up the heaven's way array!

To borrow the powerful power of heaven, kill that mysterious boy!

How to control the reincarnation xuanbei!

As long as you don't control ten pieces, how to shake the kingdom of heaven!

.....

Above the palace of Lingxian emperor, there are dark clouds.

It's like the end of the day.

The king of ice sword looked dignified: "disciple, damn it!"

"This is not a general force, this is the power of the heavenly array!"

"In the history of Lingwu, it has only come four times!"

"If you use this power to kill the stars, the heavenly way palace in the kingdom of God is crazy."

With the words finished, the king of ice sword no longer hesitated and forced ten drops of blood essence!

He as ye Chen's master, no matter how, also want to help Ye Chen block this blow!

He knows what ye Chen carries!

The dark clouds above the sky seemed to form an extreme black vortex.

In the whirlpool, slowly falls a sword of extermination!

The sword of destruction is surrounded by thunder!

The meaning of thunder is far beyond Taixu!

The power of the sword, even more terrifying!

Around the sword, even the space will be mercilessly torn and destroyed!

Who could have thought that the heavenly way Palace should have killed a youth in Xingqiao state at such a cost!

Fantastic!

In a flash!

The sword of annihilation, carrying the thunderbolt, lands directly!

No hesitation!

Tiandao palace wants to kill Ye Chen, not willing to wait another second!

The king of ice sword looked dignified. He looked at Ye Chen fiercely: "Ye Chen, go quickly!"

"This sword has locked you. All my strength can only be suspended!""Let's go!"

With that, the king of ice sword went towards the sky!

At this moment, his breath suddenly soared!

even the breath of breakthrough came from his body!

He's going to step into the void!

But now, it seems that he can't think about it!

The essence of the ice sword burns and suddenly forms a big ice sword!

The frost sword is like a thousand feet, straight into the sky! Touch the sword of destruction!

One second!

Two seconds!

Energy surging!

The frost sword is broken directly!

The king of ice sword also flew out!

Bai Zhentang and others of xuanyuezong also changed their faces. Their strength was not equal to the king of ice sword!

But I still rush towards the sword of destruction without hesitation!

However, before they get close, they are shocked to fly!

Fell to the ground, seriously injured!

The eyes of several people are full of helplessness.

Ye Chen did not leave.

Because he knew it couldn't go away.

He can only fully activate the red dust pulse!

even burning blood essence and cultivation!

The sword of extermination is getting closer and closer!

Ye Chen's clothes are torn!

Blood surging!

activating the red dust pulse is still useless!

This power has exceeded his limit!

The sword of extermination will devour Ye Chen!

Ye Chen suddenly realized what! Roar!

"Ling Feng Shen Mai! Open it for me too

The wind is blowing!

A blue tornado appears on the ground!

Ye Chen in the eye of the storm, against the power!

Unfortunately, the blue tornado is only a few seconds behind the doomsday sword.

Still disappeared.

Ye Chen is hurt too much. He has just opened the red dust divine pulse, but now he has opened the Lingfeng pulse. It is no good at all.

The spiritual power of the elixir field is exhausted.

"Dying?"

"I haven't found Xia Lingqiu yet!"

"How can I die!"

Ye Chen's eyes burst out a strong desire for survival!

But now he in Xingqiao state, how to fight with the sky!

He watched the sword of annihilation devour towards him!

Just at the moment of touching, an old voice rang out!

"Tiandao palace, ye Chen is the only variable of this eternal chess game. You are not allowed to move him by my eternal king!"

An old voice in front of Ye Chen!

It is the eternal king!

The gourd in the eternal King's hand suddenly magnifies, in an attempt to devour the sword of annihilation!

However, the two forces were deadlocked for a few seconds!

The gourd was torn on the spot!

There is a trace of blood on the lips of the eternal king.

"Forever old!" Ye Chen worried.

The eternal king stretched out his hand and said earnestly, "the devil, I can't fight against it alone."

"The only solution is for me to break through the bad situation and attract Er Lei, and then I will break the shackles of space and connect with your demon territory."

"Next, you're the only one."

"The power in the demon kingdom was planted by you in those years. It can fight against this world destroying sword."

"You and I have to pay a price to save that boy."

Chapter 2242

Ye Chen is slightly stunned. Yonglao's words are not to him, but to the devil emperor in his eyebrows!

In an instant, the evil Qi was rolling and the eyebrows were tingling.

A figure of the condensation of evil Qi appears.

It's the devil!

With his hands behind him, the devil looked at the sky.

Some unwilling, some regret.

But it's more of a kind of awe free.

That's the respect of the devil!

It is a pity that if he succeeds today, his achievements will be exhausted.

But he chose to take this step.

"Well, today, even if I lose everything, I will also destroy Tiandao palace!"

The eternal King smiles and flies away!

Breakthrough breath surging!

I don't know how many years of hard work has been suppressed. Open it!

Heaven and earth tear!

Erley comes!

This erlei is enough to resist the power of heaven!

The eternal King's face is pale, five fingers a piece, unexpectedly tear a piece of void!

It's another space!

It's full of evil spirit, it's like hell.

That's the demon clan in the charge of Jun demon dust!

Once the land protected by the devil emperor!

Lingwu land is a demon land where many warriors are scared by wind and wind!

He looked at the devil: "it's your turn."

The magic emperor pointed out that he was not afraid of heaven and earth.

A magic pillar seems to pass through time and space!

That another piece of space, the magic land of Lingwu continent ushered in vibration!

Just because the old devil is back!

With the help of the power of the devil Kingdom, the demon emperor magnified the EREI of the eternal king in an instant!

Erley towards the sword of destruction!

On the sky, the ultimate energy deadlock!

Finally, it's all torn!

The fury of the air overturned everything, the eternal King spit out a mouthful of blood! Fell to that void crack in the demon kingdom!

The land of the king and the devil!

And ye Chen is also lifted, completely unconscious! The body also fell to the demon kingdom!

At the same time, the heavenly way palace!

All the old plates are broken!

The man above the Dragon spits out blood!

He's angry, he's pale! He growled! He's creepy!

Because he made a big secret!

"No way! The devil! The devil is not dead

"Eternal king! You even communicated with the devil emperor about the forbidden array of the demon land! Break my sword

"Damn you!"

"You would rather pay such a price just to protect a stinky boy!"

"Dragon God, it's your turn! Condense the shadow, tear the void, I want all of them to die

The master of Tiandao palace is completely angry!

Even used the Dragon God!

The Dragon God's eyes open in the hot sky, no longer nonsense, turned into a virtual shadow, tearing the void!

Towards the demons!

His strength is enough to destroy everything!

If it comes!

Eternal king, devil emperor, ye Chen, are all going to die!

At this time, the ancient and mysterious nine heaven dragon hall!

A red dragon suddenly opened his eyes!

He has a bloody heart!

If ye Chen is here, he will surely find that the dragon is the missing blood dragon!

Between heaven and earth, there is a nine day dragon chant!

The blood dragon tears the hole of nine days god dragon hall, also appeared in the demon clan sky!

The appearance of the two dragons made the sky crack!

The Dragon God stopped.

He gazed at the blood dragon in front of him!

He felt the ultimate threat.

He said, "you should be the one from the nine heaven dragon Hall..."

"Do you know my identity in the nine heaven dragon hall?"

"You stand in front of me, but you know what the price is!"

"A word from me can destroy everything you have! Let the nine heaven dragon hall have no place for you

However, the blood dragon's eyes were extremely cold.

He said nothing.

It was an extreme anger.

There was a lot of anger.

The next second, the blood dragon opens its mouth, and the sky is full of blood!

Behind him floated the shadow of beasts!

A deep and angry roar rang through the sky!

"If you move him, Tiandao palace and Jiutian Shenlong hall should be buried with him!"

"Blood loves the sky!"

Two dragon shadow with extremely terrible power, collision! Intertwined!

This day is not only the end of Lingwu land!

It's the end of the kingdom! On this day, the Dragon chant resounded through the whole world!

Two extreme lights are like the sun and the moon.

However, no one knows what happened in the sky on that day.

What kind of anger does Longyin carry!

.....

Three days later.

Demon border.

Lingwu land and the boundary of the devil Kingdom, magic city!

A thin, pale young man appeared.

This young man is Ye Chen.

The picture of three days ago flashed in Ye Chen's mind.

He's seriously injured now.

If not for the magic emperor and the eternal king, I am afraid he would have fallen.

When ye Chen wakes up, it is the first time to communicate with the evil emperor in the eyebrows.

However, nothing happened.

Ye Chen remembered the words of the eternal holy king and the devil emperor. Did the evil emperor completely disappear for his own sake?

Fortunately, not long ago, ye Chen felt a faint connection.

It's a pity that the evil emperor can't wake up without his evil spirit.

He has to find a place with endless evil Qi, which may awaken the demon emperor!

Now you must enter the demon clan!

In Ye Chen's heart, the fire of startling the sky was kindled, but it was soon extinguished.

Now his strength, how to shake the heavenly way palace?

Everything is too far away.

However, ye Chen tried to find the eternal king.

In his memory, the eternal king was hurt and fell to the demon kingdom!

However, he found that the land boundary of the demon clan was extremely strict!

It is extremely difficult to enter the demon clan!

Even if he recovers the peak strength, it is not necessarily!

All of this is because of the power under the demon kingdom!

Now ye Chen, the injury is not cured, it is impossible to break through!

The most close to the border of demons City, has become the source of Ye Chen's hope.

He has to enter the demons!

Although Tianmo city is the border city between Lingwu land and demons, most of them are demons, and some of them are bustling.

Ye Chen enters the demon city and finds an inn to live in. There is a special restaurant on the first floor.

Some warriors drink in it. There is no big difference between the demon clan and the Terran.

However, the people of the demon clan are full of evil Qi and practice the skills of the demon clan. There are obvious differences in the breath between the two.

Ye Chen is sitting in a corner of the restaurant, wearing a hat and a white dress.

Some martial arts whispered and said things about the city of demons. Ye Chen was keen to hear them. The warlords of the demon kingdom wanted to recruit alchemists two days later.

This allows Ye Chen to find an opportunity to pretend to be an alchemist and blend into the devil kingdom.

Before that, ye Chen didn't pay much attention to alchemy, but since this is the only way to enter the demon clan.

It was convenient for him to practice alchemy for two days.

To Ye Chen's surprise, the strange old doctor god lost an ancient book to him.

"Boy, don't think about it. I really can't see your garbage alchemy. This is better than garbage. I'll give it to you, so I won't suffer any more."

Chapter 2243

Ye Chen smiles.

He knew that the ancient god of medicine had changed a little.

It's just a little bit, but it's good.

Maybe it was three days ago that the stubborn old man changed his mind.

.....

Two days later, ye Chen came to the city Lord's house, and the head of the guard simply inquired about it.

It is said that ye Chen is an alchemist. He will let him pass soon!

It is no secret that the demons recruit alchemists these two days. Some alchemists will come to the city Lord's mansion.

Ye Chen is led by the guards to the main hall of the city Lord's house. As soon as he stepped into it, he found that six alchemists were waiting.

At random glance, but did not care, found a chair alone to sit down.

Soon another half an hour later, ye Chen found a middle-aged man came to the hall.

Beside the middle-aged man, there are three warriors of the demon clan. Although their accomplishments are not high, they have no respect for the city Lord.

Only because he is a noble and extraordinary alchemist!

"This time, the demons recruit alchemists, but only six!"

As soon as the middle-aged man opened his mouth, the alchemists present looked at each other.

There are now seven alchemists in the arena, which means to eliminate one of them.

The alchemist on the spot did not open his mouth. If he could stand here, he certainly wanted to enter the demon clan, and no one wanted to leave.

At the moment, an old man suddenly stood up, dressed in a fairytale, like an outsider.

"Lord of the city, I suggest to eliminate this little brother. I'm afraid that the level of alchemy is not much better when he is so young."

All the seven alchemists present, except ye Chen, were old men.

Only he is a young man.

Besides talent, age also has certain advantages in alchemy.

After immersing in alchemy for many years, the quality and success rate of alchemy are naturally much higher than those of the younger generation.

Ye Chen frowned and didn't expect to be targeted. Then he stood up and said to the city Lord, "my Lord, since this old man doubts my alchemy, I suggest a competition."

Originally, he did not want to be out of the way, honestly entered the demon family, and then tried to find a way to find the injured eternal king and wake up the devil emperor.

Now it seems that he is too young after all.

It seems that there are many unreliable.

However young he was, with the so-called rubbish Dan Shu of the ancient medical God, it was enough to crush everything.

What is the status of ancient medical God?

The supreme of divine medicine and alchemy!

He thought that the rubbish alchemy must crush countless Dan masters!

"Wanton, what level of alchemist do you want to compete with me?"

The old man roars at Ye Chen. He is also a famous alchemist in the city of demons. He wants to challenge himself?

The city Lord did not open his mouth above. He seemed to be thinking about it. As for the demon warrior, he looked at the good play.

As long as they can find six alchemists, they don't care who can enter the alchemy clan.

"Little brother, are you sure you want to challenge Master Yu? He is a famous alchemist in Tianmo City, and he has reached the star hole level."

Alchemy is different from martial arts. The alchemist at Xingqiao level is extremely noble!

After all, Master Yu is famous in Tianmo City, but ye Chen is just a nobody!

"I'm an unknown alchemist. I'd like to fight master Yu to death!"

Ye Chen a word, immediately spread a exclamation.

Is this young man crazy?

Fighting death Dan is a gamble. Once the loser loses, he will contribute his life.

This is a life challenge!

There is a big difference between the unknown alchemist and Xingqiao level. Where does this boy come from?

Master Yu's face was gloomy. An unknown alchemist wanted to fight him to death?

It made him feel greatly insulted and didn't take him seriously.

"Are you sure you don't think about it, little brother?"

The city Lord looked at Ye Chen and was speechless. The young man didn't know the height of heaven and earth!

Alchemists are very precious, and he doesn't want to lose an alchemist in the city.

"Little brother, forget it, nameless alchemist, how can you be the opponent of star orifices

At this time, an old man who had been sitting on the chair said.

Holding a little girl in his hand, he obviously doesn't want Ye Chen to give up his life in a rage.

Ye Chen gave the old man a kind smile and then said to the city Lord, "I'm sure I'll fight this Master Yu. If I lose, I'll give my life. Of course, if Master Yu loses, the same will happen."

Yu wanted to deprive him of his self-confidence for the first time! Ye Chen has his own pride. Even if he is refining alchemy, he is confident that he will not lose to master Yu.

The rest of Dan's eyes looked like a dead man.

If they are willing to die, they are also willing to see a good play.

As for whether ye Chen could win, they did not think that Master Yu would win!

"Lord, since this little brother is so confident, I'd like to learn some good moves!"

Master Yu's voice was flat and light, but everyone could feel the anger in his body.

A hairy boy, do not put him in the eye, but also arrogant want to fight!

He doesn't mind taking the life of a young man!

The city Lord nodded slightly. Since ye Chen has agreed, he has no reason to stop it.

All that should be said has been said, but ye Chen is too arrogant.

"Lord, do you have an alchemy stove? Lend me a hand!"

At the moment, ye Chen is embarrassed. There is a alchemy stove in the samsara cemetery, but the quality is too low to bear.

The alchemists present showed a strange look in their eyes.

You don't even have an alchemy stove. Are you kidding me?

Is he really an alchemist?

They deeply doubt that a Alchemist's furnace is always in his hands, and it is his own family life!

The city Lord's mouth twitched unconsciously. He didn't even have an alchemy stove.

he called a man to fetch the stove and quickly came to fetch a Kwai Tan stove. The quality was not low but not high.

Master Yu was full of self-confidence and said to Ye Chen, "you are a little generation. I will not bully you. I will refine the seven turn dragon and tiger pill."

When Master Yu finished, the alchemists present frowned.

Qizhuan Longhu pill is a healing pill, which can make the martial arts in Xingqiao recover their wounds instantly without any side effects.

Although the seven turn dragon and tiger pill is still common, it is extremely difficult to refine it. Only the alchemist at the level of nature can have enough assurance.

Master Yu's Xingqiao level refining is easy, but ye Chen's words, I'm afraid there will be a risk of furnace explosion, and great!

The mouth said not to bully, this is the red dew to Ye Chen in the dead, not even a chance to breathe.

Chapter 2244

Ye Chen knew what Master Yu thought in his heart, but nodded a little, which was agreement.

He has heard of the seven turn dragon and tiger pill, but he has never refined it. To his level, the seven turn dragon and tiger pill has no effect.

The city Lord called his men and asked them to prepare the medicinal materials for refining the seven turn dragon and tiger pill.

quickly brought two herbs to her Kwai and each of them was placed in the hands of Ye Chen and Yu master.

Master Yu snorted coldly, and then sat down cross legged. He took out a delicate stove, which gave a faint fragrance of Dan. The quality of the stove surpassed Ye Chen's.

It is easy for him to refine this level of pills.

I saw that he put in the medicine slowly, and the weight of each medicine was just right!

The alchemists present in this room were shocked, and they were worthy of Master Yu.

Looking at Ye Chen again, he finds that the latter has no action at all. Instead, he sits on the ground, closes his eyes and doesn't know what he is doing.

They shake their heads violently and think that they are waiting for self Chen.

Ye Chen was in the ancient book of Cang ancient medical God in the brain turning sea. He soon found out the refining method of qizhuan Longhu Dan. After a careful look, he found that there were some differences between the traditional method of refining qizhuan Longhu Dan, and some of them were different in weight.

This is the ancient medicine God's thing, ye Chen did not question at all, ready to follow the above refining.

In Master Yu's place, there has been a faint danxiang, and it only takes half an hour to succeed.

Master Yu saw that ye Chen had not moved yet. He was completely relieved. This time, he was sure of the fight!

"Look, the boy is moving!"

One of the alchemists said that they had been observing Ye Chen.

Even if you know you lose, you have to struggle for a while?

Although the miracle of this thing, basically very difficult to happen.

Ye Chen first took out tianfanhua and put it into it. This scene made the alchemist laugh bitterly.

The order of putting in is wrong. We should put bluegrass first and then tianfanhua.

It seems that ye Chen has not refined the seven turn dragon and tiger pill at all. I can't say that he doesn't even have the pill, but he makes it in a random way.

Ye Chen ignores people's eyes, continues to put medicinal materials, and then sacrifice Xuanyan.

He wants to use Xuanyan to refine the seven turn dragon and tiger pill.

He and Master Yu do have some differences in experience. Others have been refining alchemy all their lives, but he only uses Dan to improve martial arts.

In this fight, if you want to defeat Master Yu, you must use some other means to win.

When the dark flame, people already feel extraordinary.

Master Yu's fire is animal fire, which is not comparable with Ye Chen's.

The blazing fire swept in. Master Yu squinted and looked at Ye Chen's flame. A greedy look flashed in his eyes.

Wait for ye Chen to die that moment, this flame is his!

Even if ye Chen's flame is extraordinary, no alchemist thinks Ye Chen can win.

After all, there are problems with the order of putting the herbs, and the only waiting result is frying.

As time went by, Master Yu did not dare to be distracted. It was the last moment of Ning Dan.

Even as a star level alchemist can not be distracted, the slightest mistake will lead to the failure of alchemy.

The main hall of the city Lord's house is filled with danxiang. When you smell it slightly, you will feel refreshed.

Master Yu stood up, opened the stove, and put a crystal clear pill in his hand.

Seven turn dragon and tiger pill, emitting Dan fragrance, filled with attractive luster.

"You are worthy of Master Yu. You can find it at a glance. It's absolutely top grade!"

One of the alchemists stood up and praised it without hesitation!

"Refining this level of pills is just a small idea."

Master Yu said modesty, but his face was full of smile, obviously like the praise of the people.

He turned his head to look at Ye Chen and found that there was no Ning Dan, and there was a smile of disdain at the corners of his mouth.

Ye Chen's side is quiet, in terms of time, Master Yu has been one step ahead.

The alchemist on the spot looked at Ye Chen and shook his head. What's the use of struggling now?

So far, ye Chen's seven turn dragon and tiger pill has not been fried, which has been regarded as a miracle.

Boom!

At this time, a dull sound came from ye Chen's Alchemy stove.

As soon as people heard it, they knew that this was the prelude to the explosion!

Master Yu is watching the good play. After ye Chen explodes the stove, what else can he say then?

Boom!

This time, there was a sound, but it was not ye Chen's stove, but a thunder.

In the city of demons, there are dark clouds, lightning and thunder!

The city Lord stood up directly, looked up at the sky, and murmured: "this is Dan Jie!" "And this vision seems to surpass the star orifices alchemists! "

When the elixir reaches a level against the heaven, the heaven will bring down the Dan Jie, and will not allow the existence of anti heaven pills.

In the city of demons, the warriors have already felt the breath of terror, looking up at the sky one by one.

Who is this great power who is going to rob the city of demons?

They thought that a strong man broke through the realm and led to thunder robbery, but they didn't know, because of a pill!

Inside the city Lord's mansion, a famous alchemist stood up and fixed his eyes on Ye Chen's furnace.

Master Yu's seven turn dragon and tiger pill has been refined. It is impossible to lead to Dan Jie. The only possibility is Ye Chen.

A pair of shocked eyes staring at Ye Chen, mouth open boss!

Ye Chen's seven turn dragon tiger pill is not about to explode, how can lead to Dan Jie?

In the void, the thunder rob continuously condenses, and a flash of lightning falls.

Boom!

Ye Chen stood up, clenched his fist and smashed the thunder robbery directly!

Ye Chen is injured, but after the sword of the Tiandao palace, the thunder robbery is still too weak for him.

His body was able to bear it, and the thunder robberies fell one after another, breaking him with one fist each time.

The sky was full of 7749 thunder robberies stopped. On the void, the dark clouds dispersed and the thunder robberies ended.

People stare at Ye Chen and the furnace, and they want to know what level the seven turn dragon and tiger pill has reached.

"No way! No way

"He's just a nameless alchemist, just a little boy. How could he attract a vision?"

At the moment, Master Yu is no longer as light as before, and his eyes are full of an unbelievable look.

Hum!

At this time, there was a sudden buzz from the alchemy stove.

"It must be a blast!"

Master Yu roared, his voice was extremely harsh, and his eyes were fixed on the furnace.

This is his only hope. As long as the furnace is blown up, even if there is thunder robbery, he will not lose this competition!

Hum! Hum! Hum!

All of a sudden, there was a wonderful sound coming from the furnace, and the sound was ringing.

The alchemist, who had already been shocked, stood in the same place like a fool!

"This This is Da Dao Dan Yin... "

One of the alchemists murmured, his hands shaking.

Chapter 2245

Da Dao Dan Yin, a vision of heaven and earth!

How many alchemists can't hear Da Dao Dan Yin in their whole life!

Can meet not ask!

A star orifices level alchemist, on the spot breakthrough to star orifices level intermediate alchemy.

To be able to hear Da Dao Dan Yin is an opportunity for them.

One alchemist broke through, while the others felt their alchemy level was rising.

Although there is no breakthrough on the spot, but just a feeling can definitely have a lot of harvest.

Ye Chen opens the alchemy stove and takes out the seven turn dragon and tiger pill. He sees a dragon and a tiger circling above the pill.

Not to mention Dan Jie and Da Dao Dan Yin, simple dragon and tiger circling is enough proof.

Ye Chen's pills completely surpass Master Yu. You can see the gap between them at a glance.

At the moment, ye Chen's heart is also shocked.

The ancient medical God said that rubbish has such an effect.

If he learned all the inheritance of the ancient god of medicine, would he be invincible in the world?

It's a pity that the ancient doctor's temper is too strange.

At the moment, Master Yu has completely fallen to the ground, and his star level alchemist has lost to a nobody.

At the moment, the alchemist looks at Ye Chen in a totally different way, if he had despised him before.

Now it's shock and worship!

A young man can cause visions of heaven and earth. Although his level is not high now, he will certainly become a master of alchemy in the future.

The city Lord himself did not expect that the young people who were not favored by the people could

"In fact, alchemy is just my sideline business!"

Ye Chen looks at the eyes of people's worship, with a little speechless!

When the alchemists here heard Ye Chen's words, they would like to spit out a mouthful of old blood.

They have been studying alchemy all their lives. However, an alchemist engaged in sideline business can even arouse the Great Tao Dan Yin.

Is there any reason for this?

"Master Yu, now you are convinced that you have lost. You can decide yourself!"

Ye Chen's eyes are fixed on Master Yu who falls on the ground.

Two people fight each other to refine pills. The loser will naturally become a dead man!

Master Yu trembled and took a look at the city Lord!

I hope the city Lord can say a good word, even if he decides himself!

He is also an alchemist at the star level. As long as he can live, he can be respected by others.

Let him die now, how can you accept it!

The city master wanted to speak good words, but when he saw Ye Chen's sharp eyes, he didn't say a word.

For the sake of a Master Yu, it is unnecessary to offend a young alchemist with natural talent and evil spirits.

He naturally knows which is more important between the two.

Master Yu's eyes, a piece of dead ash, looked at Ye Chen and said, "I am willing to give you all my worth, as long as I live."

He has some of his own treasures. Although all of them are given to Ye Chen, he can earn them back sooner or later as long as he is alive.

"Is your treasure valuable?"

Ye Chen disdains to smile. Although the Alchemist is rich, he doesn't like it at all.

"Do you have to let me die?"

Master Yu stands up and stares at Ye Chen with a venomous look on his face.

He is also a strong man with strong strength. Although he is injured, he is not afraid of being a martial artist in the middle of Xingqiao!

"Yes

Ye Chen opened his mouth with a smile, saying that the momentum emanating from a star's orifices at the later stage could not threaten him at all.

At this moment, Master Yu suddenly made a move, and the whole figure rushed to Ye Chen.

As long as ye Chen is dead, he will be able to live.

Even if the talent is good, but a dead man, there is no threat at all.

City Lord, they will not kill a dead man for his sake!

Although some disrespectful, but in order to survive, Master Yu must do so!

As long as he lives, he is still a high alchemist.

Master Yu's speed was so fast that people didn't react at all.

The city Lord wanted to rescue, but it was too late!

Ye Chen stands in place, as if frightened silly, motionless.

Although Master Wu Fang didn't pay attention to it, he didn't pay attention to it.

One strike can kill Ye Chen in seconds!

When Master Yu was about to rush over, ye Chen shook his head slightly, then clenched his fist and made a creaking sound.

Boom!

A fist out, people did not see ye Chen fall, but Master Yu's whole figure directly fly out.

His chest has been concave, a mouthful of blood spurted out of his mouth and fell to the ground!

Absolutely dead!

The power of one punch!The alchemists present are wide eyed and small eyed. What is the situation?

Originally, they thought that alchemists were only sidelines and ye Chen was joking, but now it seems that it is true

The alchemists here didn't say a word. Master Yu ended up in his present situation. To put it bluntly, he was only responsible for it.

If he didn't target Ye Chen, how could he be killed.

The city Lord sent his men to throw out Master Yu's body, and then said, "you will live in the city Lord's house for the time being, and you will go to the demon clan in two days."

Ye Chen and they nodded slightly. After the city lord left, an old man with a little girl came to his side.

The little girl is wearing a ponytail, a pair of eyes staring at Ye Chen.

"Little brother, have you never been to the demon clan? When the time comes, we will have a look after together."

Ye Chen looked at the old man, then said with a smile: "no problem."

In addition to the good will of the old master Yu, he was the one to remind him.

"My name is Kong Wei. If you don't dislike it, you can call me Kong Lao. In the demon clan, you must be careful not to conflict with them."

"You are a famous tyrant. You kill people without blinking an eye..."

"After the fall of the devil emperor, the demons have changed."

Kong Lao obviously has been to the demon clan and tells Ye Chen some news.

In a word, the demons are in a state of chaos and murder can be seen everywhere!

In the demon clan, the most important is only two words, low-key!

If you are not careful, you will be killed on the spot in the street.

This kind of thing is too common in the demon clan!

Ye Chen's eyes twinkle with light.

What about the devil dust.

This time, he set foot on the devil kingdom! Not only to wake up the devil, but also to recast the devil's body!

He's going to tell the demons! Your emperor is back!

.....

Among the ruins of the demons.

The evil spirit is surging.

Countless Warcraft go to a broken figure.

That seems to be an old man.

Their ferocious fangs are full of blood.

Apparently just ripped a man.

These Warcraft are extremely powerful!

Far more terrifying than the monster in the same territory!

The head of a Warcraft, a cold smile, an instant rushed to the comatose figure.

All of a sudden!

The old man's fingers are moving!

Lightning surge all over the body!

All the Warcraft around are torn!

The old man got up with a grey face. He looked around, but he laughed.

"Ye Chen, I'm afraid you're here too."

"This dangerous move, I finally won the kingdom of God."

"However, it depends on your chance to be here."

Chapter 2246

Lingxian palace.

In ruins.

Who can imagine that this site was once one of the top forces in Lingwu mainland.

The disciple fell and the palace master disappeared.

The myth of summer and autumn is no longer.

No one knows where Xia Lingqiu has gone.

Xia Lingqiu's life is too legendary and mysterious. It's said that when the natural calamity came, the secret place of gods and Demons was opened!

Only Xia Lingqiu entered.

When the secret situation broke open, Xia Lingqiu began to go against the heaven.

The power of one person raised the second rate power Lingxian palace to the top.

Among the ruins.

A girl sitting cross legged stood up with her eyes open.

Her eyes are beautiful, just like the stars in the world.

"Girl, you wake up." The king of ice sword said.

During these three days, the king of ice sword did not return to the palace of wanjian emperor, but silently guarded Xia Ruoxue.

Xia Ruoxue is a confidant of tu'er's beauty. He naturally wants to protect it.

If the sword of heaven's destruction is coming, the king of ice sword will bear it for Xia Ruoxue at all costs.

This is a master's promise to his apprentice.

Xia Ruoxue stood up and bowed: "thank you for protecting me."

The king of ice sword grinned and said, "along the way, I watched Ye Chen come. I also know how important you are to Ye Chen. How about protecting your Dharma for three days?"

Xia Ruoxue suddenly thought of something, and even said, "master ice sword, ye Chen Where is Ye Chen? "

The king of ice sword hesitated for a few seconds, but still sighed: "the heavenly way palace hands on Ye Chen. The eternal holy king and ye Chen opened the demon kingdom. At that time, the space was torn, and ye Chen and the eternal holy King fell into it."

"If I guess correctly, he should be in the demon clan now, that is, the place where Jun demon dust is."

The eye of the sword king of summer is not worried, and he can't comfort you with the sword

"Right now, you're also a little injured. Why don't you come with me to wanjiandi palace? The array of wanjiandi palace can protect you and let you practice at ease."

However, Xia Ruoxue shook his head: "ice sword master, thank you, but no, I want to go to the demon clan."

"Because I was taken away, Siqing told me to take good care of Ye Chen, so where he is, I will be."

The king of ice sword refused: "no, the demon clan is not the same as Lingwu land. The king is in charge of the devil dust tyrant, and there is killing people all the time."

"The strength of the powerful of the demon clan is higher than that of the Lingwu land, and because the demons have endless evil Qi, their strength will be improved a lot."

"You, a woman, are not fit to enter."

Xia Ruoxue has made up her mind. Suddenly, her eyes fell on the mysterious stone: "master, do you know the origin of this stone?"

"Xia Lingqiu will send someone to grind this stone into powder and feed me part of it every day. My accomplishments have grown very fast."

"She can't even take it, even if she has problems."

"I even felt that there was a big connection between this stone and me."

The king of ice sword, with his hands behind him, gazed at the mysterious stone, pondered for a long time, and said, "actually, I have noticed this stone for a long time."

"If I guess correctly, this stone has something to do with Ye Chen."

"But it's not the reincarnation stele Ye Chen is looking for."

"its material as like as two peas."

"If I guess correctly, it should be the samsara star stone."

"Reincarnation star stone can be traced back to ancient times."

"It has a very mysterious power, close to the source of energy."

"It's elusive, it's hard to find."

"Even in the kingdom of God, it is extremely rare."

"Xia Lingqiu had a bad chance, and this reincarnation star stone is part of the reason why she achieved so much."

"As for why the reincarnation star stone will accept you, it should be because you have a part of reincarnation blood."

"That's Ye Chen's blood."

"As for how you have it, you should know it best."

Xia Ruoxue's eyes widened and blushed instantly.

She had been in China with Ye Chen Yin and Yang, and faintly found the change of blood vessels.

I'm afraid all this is because of Ye Chen.

"Master, since this stone is a reincarnation star stone, how should we deal with it?"

Xia Ruoxue asked.

The king of ice sword nodded his head and said, "this stone is also predestined with you, so you can stay with you. However, you don't need to grind it into powder every day. You can sacrifice it when you practice."

"When you see ye Chen, you will tell him about the reincarnation star stone. He should have a decision."

Xia Ruoxue nodded and took the reincarnation star stone directly with the storage ring, and arched his hand to the king of ice sword: "farewell, master." The king of ice sword knew that it was useless to say any more, but with a bitter smile, he stopped Xia Ruoxue and said, "if you really want to go to the demon clan, I won't stop you."

"But before you are in the demon clan, should you care about Kunlun Xu?"

"It's the same year for the Xueling clan to fight against kunlunxu. The one-year contract of Lingyun is over. If the Xueling clan's xuejianmen attack Kunlun Xu again, do you think about the consequences?"

Xia Ruoxue's body is stunned, and her eyes flash through a cold.

"Ice sword master, thank you for reminding me."

"A year ago, I might not be qualified to stop this catastrophe, but a year later, I am now in the realm of sealing the door, and I can help Ye Chen guard the peace of Kunlun for thousands of years!"

The sword comes out of its sheath.

Xia Ruoxue steps on the sword and goes towards the boundless sea of clouds.

The king of ice sword nodded, looked at the distant figure and murmured, "my apprentice, I'm afraid it will be more and more difficult in the future."

"Against the kingdom of God?"

"Who dares to shake the kingdom of God on the vast earth?"

"I'm afraid only Ye Chen!"

.....

The vast land of demons, the demons.

Ye Chen gets a lot of news from Kong Lao's words, and also asks about the magic sea.

In order to save himself, the devil almost fell down. Since he stepped into the demon family, he should do something for him.

It is one thing to unite the real body.

It's the same thing to save the devil's daughter.

However, old Kong did not know where the magic sea was. It seemed that he could only go to the demon clan and continue to explore.

Two days passed by in a flash. In these two days, old Kong's granddaughter would occasionally chat with Ye Chen.

The demon warrior came to the city Lord's house and took Ye Chen away. All the way, ye Chen was talking to Kong Lao.

As for the other alchemists who wanted to make friends with ye chenpan, he didn't answer at all!

He was originally with the help of alchemist identity, mixed into the demon clan, but will not really give the demon warrior alchemy.

After entering the demon clan, he will find a chance to leave directly.

With the leader of the demon warrior, ye Chen soon came to the demon clan.

As soon as he entered the city, ye Chen found that the air was filled with a bloody smell.

The evil spirit of some demon warriors can't cover up the bloody smell on them.

The gap between the demons and the land of Lingwu is too big!

It's a city of sin!

Chapter 2247

Walking on the road, ye Chen has only one feeling, chaos!

Endless blood and killing.

There are no rules here!

If we really want to say the rules, the only rules are killing and strength.

"I'll put you in an inn. Remember not to make trouble, or no one can save you."

"I'll make it clear that someone will take over."

The demon warrior looked at these alchemists and said, and then found an inn and arranged them in it.

And when ye Chen stepped into the demon region, his expression became extremely strange.

The pain in the center of the eyebrow is coming.

Although the devil emperor was in a coma, his anger was still burning on this land!

Brother's betrayal! Daughter's imprisonment! Their own fall! The loss of strength!

Because of the rights and interests of this land!

Human greed, there may be human bondage.

The greed of the devil is endless!

.....

In the moment, a devil's head is hidden in the same corner of the palace.

He sensed a trace of familiarity.

This breath, which often appears recently.

That was the last existence he wanted to touch.

He thought it was an illusion.

But he found that sense of crisis was growing stronger.

Suddenly, his eyes widened!

His pupil is like a reflection of a great figure!

It was his nightmares day and night!

The devil!

"The devil's breath has entered the demon clan!"

Jun moochen stood up and paced back and forth.

Suddenly, he thought of something and said, "the shadow, come out!"

In a flash, a black magic gas appeared out of thin air, and a figure was condensed.

The shadow knelt in front of the king and said respectfully, "what can I do for you, my lord?"

Jun demon dust directly said: "I feel the smell of the devil emperor again, my intuition tells me that he has come to the demon clan."

"How should I deal with this matter?"

The shadow is one of the think tanks of Jun and Mo Chen, which is highly valued by him.

Many important decisions made by Jun and demon dust have suggestions from the shadow of the devil.

When the shadow heard the absurd words, he was stunned and immediately realized the seriousness of the matter. He said, "Lord, there are too many doubts about this matter."

"The devil emperor fell down, and his body and spirit disappeared. There was no chance of rebirth."

"But, Lord, your intuition can't be wrong."

"Therefore, I guess that if the evil emperor really came back, with his strength, he might have killed him back to look for the adult. Since the other party did not appear immediately, it means that the devil emperor has great restrictions at the moment."

"What we have to do now is kill all threats."

"Lord, when did that sense of threat appear I suggest... "

The words have not finished, the gentleman demon dust is to understand what!

"Come on, kill all the warriors who entered the demon clan yesterday and today!"

"No matter what identity, no matter what origin!"

Jun demon dust felt a trace of devil emperor's breath, he wanted to strangle all threats in the cradle.

Of course, this sense of crisis is only now emerging.

He is still worried about yesterday.

This is the name of his tyrant!

.....

At the moment, ye Chen naturally does not know about the matter of Jun demon dust.

After staying in the inn, he plans to go out and find out the whereabouts of the magic sea.

The evil spirit of the magic sea is the strongest, which may wake up the evil emperor.

From inside the inn, Kong asked Ye Chen to be more careful.

They came to the demon clan, except the demon warrior led, basically will not go out.

I'm afraid I'll be obliterated outside.

Ye Chen smiles and nods to agree to come down, his current strength, as long as does not provoke the middle-aged man, has certain self-protection ability.

After leaving from the inn, ye Chen went to the depths alone.

Three hours after ye Chen left, something happened in the inn.

Old Kong ate on the first floor, but his granddaughter was not careful. The soup was scattered on a warrior of the demon clan.

"Humble people, I think you are looking for death!"

The strong man of the demon clan stood up directly. He was in the middle of Xingqiao state, and his strength was extremely strong. When a slap was about to fall, old Kong directly hugged his granddaughter and used his life saving technique to escape.

"Ladies and gentlemen, I'm sorry, my granddaughter accidentally spilled soup, I apologize to you!"

Old Kong kneels on the ground and directly slaps himself in the face. His strength is not high, and he is not the opponent of the strong star orifices. The key is around those people, and there is a middle-aged man, whose strength is so unpredictable that he can't see it at all.

The middle-aged man was drinking as if he didn't care what happened.

In the demon clan, Kong Lao is cautious to the extreme.

He was willing to give up his dignity and let him and his granddaughter live.

"Is it useful to apologize? Old beast, do you know where this place is? This is the demon clan! This is the city of sin

They didn't say a word with serdan.

They don't dare to ask for help now, and they may be implicated at that time.

"Please, spare my granddaughter! She is still young I can make alchemy, I can make alchemy unconditionally for you

She is the only granddaughter of old Kong. She can't make anything happen to her.

"I'm sorry, uncle. I'll get you a towel."

Kong's granddaughter also knew that she was in trouble. She didn't know what to do. She just wanted to wipe it off with a towel.

When she stood up, ready to get the towel, but this time, there was a dull noise.

Kong's whole body fell on the ground, and the blood splashed on the little girl's cheek.

Old Kong's blood, there is a trace of residual temperature, the little girl stood in situ, panic to the extreme, because she found her grandfather has been forever down.

"Grandfather

"Grandfather

The little girl cried and came to Mr. Kong, but found that he had closed his eyes and had no life.

"What a fool!"

The strong man in Xingqiao realm sneered and spat on Kong Lao's body.

In his opinion, it's just killing a small person. It's not worth mentioning at all!

Kill and kill!

That's all!

Human life is not worth money in their eyes!

The strong demon stood up and took a look at the crying little girl.

When he likes to kill, the helpless appearance of others will make him more and more excited and want to kill continuously!

"Little girl, you're too noisy. I'll take you down here to have a reunion with your grandfather!"

He reached out his hand and wanted to slap the little girl to death. But at this moment, a voice came out: "stop it!"

Ye Chen steps into the Inn and just sees this scene.

Although he came back, he came a step later after all. Old Kong had already fallen.

Chapter 2248

"Big brother, my grandfather can't wake up!"

The little girl saw Ye Chen and ran over with her legs and hugged Ye Chen's body.

Ye Chen's eyes filled with anger, gently patted the little girl's shoulder.

Today, he also felt the chaos of the demons.

After the fall of the devil emperor, the demon clan is a land of life and death.

"Don't worry, I will avenge your grandfather."

If it wasn't for Kong Lao, ye Chen didn't know about the demons.

Old man Kong is not bad, and little girls often talk to him.

"You killed old Kong?"

Ye Chen pacifies the little girl and comes to the strong man of the demon clan.

"An old man can't die, just kill him. Why? Do you want revenge? "

The eyes of the demon strongman are a little afraid.

He felt Ye Chen's cultivation.

The good thing is that the other side is only four layers of sky.

He's strong enough to crush.

Ye Chen did not continue to speak, but directly took out the beast decaying sword, and the immortal sword idea on his body broke out directly.

Meaning, already self-evident!

Blood debt blood, no longer need to talk nonsense!

At the moment when the immortal sword idea burst out, the killing intention suddenly flows in Ye Chen's body.

Zheng! Zheng! Zheng!

The beast decayed sword burst out the dazzling light, in the inn, the cold idea unceasingly condenses.

Let the people seem to come to the general ice and snow!

Extremely cold!

The powerful man of the demon clan frowned, and the momentum of Ye Chen's body made him aware of a trace of danger.

Stab!

Ye Chen's arm suddenly raised, a sword crazy swing out!

Although the strong demon clan found something wrong, it seems that it is a little late now.

With a sword, the surrounding space instantly condenses into ice and rushes to the past.

Boom!

In a flash, the strong in the astral realm want to escape, but find it is too late.

In his neck, a torrent of blood, the whole body fell to the ground.

A pair of big eyes, to death did not expect that he was killed by a sword!

The blood and water quickly flowed on the ground. Some warriors noticed something was wrong and left directly.

Bang!

A man's glass fell on the table, making a dull noise, the whole table split in four or five.

From the beginning to the end, he did not stop, even if the death of his companion, there was no sadness.

"Do you know the identity of the man you killed?"

"Of course, he is humble, and you can't be an outsider."

"I don't want to kill you. You can cut off your head by yourself. At least it will save you some pain."

A few words are arrogant to the extreme. Although Ye Chen can kill the strong in Xingqiao state in seconds, so what? He is the strong one in the middle of fengmenjing.

And he sensed that ye Chen was injured, and it was still very serious.

There is a trace of extermination in the body.

Jun demon dust is very concerned about strangling the threat. Naturally, every team has a strong one!

Kill the devil completely!

The leaf Chen mouth corner slightly rises, then directly opens a mouth to say: "you match?"

He is arrogant, ye Chen is more overbearing!

The middle-aged man stood up from the chair, his eyes fixed on Ye Chen.

"Looking for death!"

At this moment, he was really angry!

A martial artist in Xingqiao state is so arrogant in front of him. He is really at a loss!

The evil spirit of his body constantly surging, the whole Inn was smashed!

The breath of terror is constantly diffused, just like substance!

Ye Chen frown, figure slightly back, his hand around the little girl, put in a safe place.

When the middle-aged man burst out of momentum at that moment, the soldiers around had already fled.

Middle aged men's breath, they can't resist it!

Ye Chen stands on the ground, his hair is flying wantonly, the beast decaying sword and the gods and Demons guns are in his hands.

The evil Qi on his body broke out directly, and the evil Qi in the surrounding air flew towards Ye Chen's figure.

Among the demons, the use of magic Qi can have a certain blessing.

Ye Chen can absorb the evil Qi between heaven and earth!

"Xiaoxing Qiaojing, after learning some magic skills, you think you are invincible? Do you know that I am strong! "

The middle-aged man snorted coldly and waved his hand. The power of heaven and Earth spread all over his body, and his eyes were filled with black flames.

Ye Chen's mouth rose slightly, and there was no change in his face. The evil spirit in the sky constantly poured into his body.

At this moment, the figure of the whole person, like a black light, reaches an extreme speed and directly rushes to the past. At the moment when he rushed past, the gods and demons in his hands suddenly lifted up.

A shot is as fast as lightning and moves like thunder!

He actually has some doubts.

These powerful demons are obviously trained and decisive to the extreme.

Why are there middle-aged men in the key Inn?

It's weird.

Boom!

The middle-aged man clenched his fist, and then there was no change in the whole face of the demon.

The momentum of the surrounding heaven and earth surges in an instant, like the roar of a dragon and a tiger.

Although Ye Chen burst out of the momentum is very strong, but he has absolute confidence!

In the moment when the two touch each other, it seems that the gods and demons of the sky hit a hard boulder and can't vibrate at all!

"Damn it, the injury to the heavenly palace on that day has not been fully recovered."

Ye Chen no longer hesitates, holding the beast decaying sword, the evil spirit sweeps across, cuts the sky one sword!

A sword came suddenly. Facing this sword, the middle-aged man loosened his arm and retreated slightly.

At the moment when he retreated, he pulled out the blood knife in his hand!

The body of the sword is red. I don't know how much blood the warrior has drunk!

The killing intention on the blood blade blade breaks out madly, and ye Chen takes two steps back slightly.

There are not ten thousand or eight thousand warriors killed by middle-aged men. Otherwise, they would not be able to gather such terrible killing intention.

His hands hold the blood blade knife, a knife cut out, a bloody light, in an instant has rushed to Ye Chen.

In the bloody knife awn, there is a terrible killing intention, and the voice of breaking the sky rings out.

The whole space was torn in two, and the onlookers had already left.

The breath between the two is so terrible that they can't resist it.

No one thought that a martial artist in Xingqiao could burst out such a terrible momentum.

The blood color light is about to come, ye Chen in the hands of the gods and Demons gun raised, murmured in his mouth: "broken star!"

The gods and demons in the sky burst out cold light and pierced the stars with one shot!

The whole ground is constantly shaking, the house has no idea how much collapsed.

The ground is in ruins!

At the moment of contact between the bloody light and the gods and demons, the explosion suddenly took place.

Boom!

The aftershock of terror makes Ye Chen's arm numb slightly.

"If I hadn't recovered, you would have been a corpse." Ye Chen is cold.

The powerful man of the demon clan laughed when he heard such words.

He glanced at the old corpse and said, "by the way, I'll tell you something interesting before you die."

"In fact, from the very beginning, we have come to kill this inn."

"There is an order from above. Those who enter the demon clan yesterday and today will die!"

"That little girl is just our pawn."

"The old man's death was innocent."

"It's just a little fun before I kill."

Hearing this, ye Chen's anger burns in his heart!

Their own taste, but based on the death of others!

What a cruel world this is!

Chapter 2249

In the void, I don't know when the snowflakes have already floated and fallen on the ground.

Around the temperature in this instant drop, cold spread, a bright sword, crazy fall.

Boom!

With a sword, it's like breaking the bamboo, just like a demon coming!

The sword spirit swept open, the figure of the middle-aged man disappeared in the void, and had come to Ye Chen's side.

The blood knife in the hand falls down directly!

Stab!

Ye Chen's face a little pale, the figure of crazy retreat, and middle-aged men to open a distance.

It seems that the injury must be repaired as soon as possible.

The power of the kingdom of God is indeed powerful.

The middle-aged man has been able to blink in the void, leaving Ye Chen unable to find the track at all.

After a knife fell, the middle-aged man directly hid in the void, ready to give ye Chen a fatal blow at any time.

Ye Chen's eyes are looking for his position!

When he looked up, he suddenly found that the middle-aged man was on top of his head, and the blood knife in his hand fell directly.

This knife, the speed has reached an extreme, in his view, ye Chen has no way to avoid.

Ye Chen just wants to show a flash of wind and thunder, but he perceives something.

He is now in the fiend's territory, if you want to deal with the demon people, the best is to hit each other with the power of the devil!

And, here, the power of the devil, will be stronger than the land of Lingwu! The impact on their own injuries is minimal!

In the middle-aged man a knife fell, ye Chen figure slightly back.

Behind him, there are countless ghost images.

These ghost shadows can absorb the evil spirit in the air, and the dim shadow gradually becomes bright.

The middle-aged man saw this scene, the whole person's eyebrows wrinkled, condensing the evil spirit virtual shadow, even he could not do it!

The shadow of the evil spirit is roaring and roaring!

The whole space began to vibrate continuously in the void. I don't know when a magic whirlpool formed.

These vortices continue to flow, evil gas into Ye Chen's body.

Evil spirit empty shadow toward the middle-aged man to kill directly in the past!

The howling of ghosts and the howling of wolves seem to have been felt by the warriors thousands of miles away.

The evil spirit virtual shadow kills in the past, the middle-aged man avoids the edge temporarily, the blood blade knife in the hand, waves unceasingly.

In the moment of waving, ye Chen's whole figure has come to the middle-aged man's side.

At the moment of his arrival, the blood magic sword and the gods and magic guns of the sky fell down at the same time.

Boom!

The immortal sword idea erupts madly, one gun and one sword, just like thunder.

When the man was busy, he was surprised to see who was in charge.

His shoulders were dripping with scarlet blood, and he roared.

The breath of terror burst out in an instant, and ye Chen's whole body was directly shaken out.

A trace of blood spilled from the mouth.

The angry look on the middle-aged man's face was not concealed at all.

He was wounded by a mole ant!

If you know, he will die!

Jun demon dust does not allow his subordinates to fail!

The evil spirit of his body was constantly surging, and his eyes had turned scarlet.

Blood eyes staring at Ye Chen, like the devil from hell.

Ye Chen's heart suddenly gushed a huge sense of crisis.

He found that the other side's body turned blood red gradually.

It's obviously a technique!

Why do you want to send such powerful men to wipe out the warriors who entered the demon clan yesterday and today?

Is Jun demon dust aware of his identity?

At this moment, ye Chen only felt that he came to a sea of blood, surrounded by boundless blood.

The middle-aged man's whole figure directly rushed over, a blood red light, instantly came to Ye Chen's front.

His fists clenched, gushing out a strange light, suddenly fell on Ye Chen's chest.

Pooh!

And the whole body gushes out of the mouth.

When he was ready to stand up, the middle-aged man had quietly arrived.

Hold the blood blade knife in hand and cut to Ye Chen's heart.

However, at this moment, a golden light burst out!

Red dust pulse activated!

Ye Chen is not damaged at all!

The middle-aged man frowned. It was the best chance to kill Ye Chen, but now he missed it!

At the beginning, he thought that one move could kill Ye Chen in seconds, but now it seems that there are some crazy people talking about dreams.

"It seems that you are the one the devil is looking for." "The wound on you is very strange. It seems that you have experienced a strong blow. If you don't, I may not be your opponent."

"But reality is on my side."

"In that case, I will take your head to see the devil!"

Ye Chen's face moved, no longer hesitated, planning to display a thousand weapons explosion and soul weapon!

His spirit was also severely damaged at the beginning. It was unrealistic to use his soul skills. He could barely use a thousand soldiers to explode.

At this time, his eyebrows suddenly flooded with ancient words.

Not only that, but also a weak voice.

"When you step into the devil Kingdom, you are in great danger. This is my martial arts skill and should be suitable for you."

"I've got a chance to fight, and I've lost my chance."

"If you want to recover, you must go to the magic sea to wake me up."

"What's more, the forbidden area of the devil's Palace should also contain a blood essence belonging to me. This is what I just perceived."

"I'm afraid this blood essence was left by the king's demon dust."

Ye Chen eyes a bright.

This is the magic emperor's unique skill!

In the demon Kingdom, the magic emperor's unique skills can definitely release the greatest power.

No longer hesitating, ye Chen closed his eyes and suddenly stretched out a finger.

The magic Qi rushes into Ye Chen's finger, and all the magic Qi in ten li square meters seems to be beating at this moment.

These evil Qi seems to be cheering, in joy, can't help but toward Ye Chen's side surging.

Within a short period of time, ye Chen's evil Qi has formed a black storm.

The magic Qi of ten li is absorbed by Ye Chen!

"A finger of the devil!"

At this time, ye Chen murmured in his mouth.

The middle-aged man sees Ye Chen's one finger, the whole person's cheek exudes the look of panic.

"This This is the skill of that one! How can it be! "

At this moment he stood in the void, unaware that danger had come.

Still immersed in the mind of Ye Chen's one finger!

Magic emperor's skill reappearance! This is a big deal!

Has the descendant of the demon emperor appeared?

What the devil wants to kill is the descendant of the devil emperor?

Far away from the powerful demon clan, see ye Chen's one finger, all exude the expression of panic.

It's a big deal!

When the magic emperor's skill appears, you and the devil will spare no effort to kill Ye Chen!

Ten miles around is a piece of ruins, magic gas surging, a finger suddenly fell!

One finger tears the space, the whole void is in constant turbulence.

Chapter 2250

The middle-aged man wanted to avoid, but found that he could not move at all!

Although he is a devil, he must be suppressed before the magic emperor's skill!

Boom!

One finger fell directly on the middle-aged man's body, and there was an earth shaking sound.

Blood and water continue to splash, he turned into blood fog on the spot!

Fall completely!

Ye Chen's whole cheek has no blood color, this finger has consumed all the energy in his body.

One finger of the devil is extremely domineering!

He landed on the ground, looking for the little girl everywhere, but found that the little girl had already disappeared, did not know where to go!

Ye Chen frowns and sighs helplessly. In the vast sea of people, it is extremely difficult to find a little girl.

Release the demon finger, he feels his identity has been exposed, must leave here as soon as possible.

Ye Chen's figure disappears, but this war causes a great disturbance in the demon clan.

Magic emperor's skill, reappear!

It's enough to affect people's hearts!

Half a day later, the king demon dust in the God devil palace issued a notice, the whole demon clan killed Ye Chen!

At this time, ye Chen's portrait has spread throughout the whole demon clan, once found, kill immediately!

Because of the arrival of Ye Chen, the whole demon clan is undercurrent surging.

In an inn, ye Chen has put on a mask, and his portraits can be seen everywhere in the street.

In the inn, ye Chen is sitting in a remote corner. If he wants to revive the demon emperor, he needs his blood essence.

The devil emperor has just told him that if you want to get blood essence, you can only get it by going to the forbidden area of the devil's palace!

Although he put on a mask, but in the demon clan, his identity will be recognized sooner or later, so we must seize the time.

The only way is to sneak into the palace.

Ye Chen decided to take a risk and sneak into the devil's palace to look for the blood essence before the fall of the evil emperor.

This is his only way!

Made up his mind, ye Chen did not delay, on the one hand to restore strength, on the other hand toward the deepest demons.

These days, ye Chen hurried on his way, and met some martial artists who were checking them. They all muddled through!

In a city, the surrounding crowd flow, ye Chen is not impressive at all.

This is the biggest city of the demons. Thousands of miles away from the city, it is the territory of the emperor's palace.

Ye Chen originally wanted to move on, but stopped in a corner.

In a cage, there were three women and a little girl.

The woman's clothes were broken, showing a snow-white scenery. Some demon warriors watched.

In a corner of the cage, the little girl shrunk her head and her eyes were covered with tears.

"Yiyi?"

Ye Chen's mouth light open, did not expect to meet Kong's granddaughter Yiyi at this time.

He thought the other party had fallen in the explosion.

Originally, Yiyi's accomplishments were not high. When they disappeared in the sea of people, they had no ability to protect themselves, so they were sold.

You need to buy things in the devil Kingdom, as long as you can take out the treasures of the same value.

Of course, if there is competition, it depends on who has the money.

Ye Chen doesn't want to have a conflict here. Once he exposes his power, he will be found by the people of Jun demon dust.

Although the injury has recovered a little, but against Jun demon dust, he has no confidence.

He came to the side in silence and said, "what treasures do you need? I'll buy these three women!"

Selling is a middle-aged man, cultivation is not too high, surprised to see ye Chen one eye.

"I need three soldiers of time and space!"

As soon as the middle-aged man opens his mouth, the rest of the warriors shake their heads. For the sake of the three women, it is obviously not worth paying for three time and space!

As for Yiyi's words, they have completely ignored them, just a little girl.

"Yes!"

Ye Chen said directly!

There are many soldiers of time and space in the samsara cemetery. He doesn't care.

The rest of the warriors saw Ye Chen without blinking their eyes, and they were frightened.

When ye Chen is ready to take out the soldiers of time and space, suddenly there comes a voice.

"I want these three women

Among the crowd, a young man appeared, dressed in a royal robe and holding a fan in his hand, just like a young man.

Beside him, there are seven guards who are full of blood and evil spirit.

People see the young man back two steps unconsciously!

This is the young master of the city Lord's house, Wang Hu!

Laolaizi, the Lord of the city Lord's house, is very fond of Wang Hu.

Everyone in the city is afraid of Wang Hu!

Ye Chen frowned, but did not open his mouth.

"These three women will be sent to my young master's house immediately!" In a word, even space-time soldiers do not need to take out, as for ye Chen has been completely ignored.

It's just a martial arts star! Not at all.

"This young master, I have already talked with him about whether I can give up my love!"

At this time, ye Chen said directly!

If it wasn't because he didn't want to be exposed, he would have solved it by violence.

Wang Hu frowned and suddenly laughed. It was the first time he met a warrior who dared to bargain in front of him.

"What kind of thing do you dare to let me part with you?"

No one can take what he wants!

One side of the warrior looked at Ye Chen, as if looking at a fool.

Wang Hu is arrogant and domineering. Besides his father, no one can make him afraid.

Now, a martial artist in Xingqiao state dares to offend Wang Hu. Isn't he impatient?

Ye Chen's face gradually darkened and took a look at the peddler.

"Sorry, these three women can only be sent to the city Lord's house."

The peddler stepped back. He was just doing a small business. He didn't dare to provoke Wang Hu. Otherwise, there was a corpse waiting for him. He couldn't live tomorrow.

"What if I say no?"

Ye Chen's eyes stare at Wang Hu and directly open his mouth. His voice is more and more cold.

This is the only granddaughter of Kong!

No matter what, he'll keep it!

"Boy, I think you want to die!"

Wang Hu was so angry that he called for a guard.

He didn't need to say anything more. The guard already understood what it meant. The whole person stepped forward and came to Ye Chen.

The breath of Xingqiao state erupts directly. Facing Ye Chen, he doesn't want to start at all. He can crush him to death with his breath.

However, ye Chen stood still in place, and there was no look of pain on his face.

The pressure of the astral realm had no effect on him at all.

Wang Hu's guard eyebrows slightly wrinkled, did not expect to make any harm to Ye Chen.

"Looking for death!"

He was confident enough to knock him down with one fist.

Ye Chen's eyes can not see any change, when the strong star orifices rush over, it's just a step!

An invisible sense of killing!

In the moment when the two touch each other, a figure flies out directly.
