Chapter 2551

Just like, is to feel the rich, pure world spirit of countless times general ah!

As the saying goes, medicine is poisonous!

When the aura is strong to a certain extent, it can also kill people!

Moreover, from this breath, in essence, it is different from the aura of heaven and earth!

The aura of heaven and earth is like water. It is friendly, gentle and easy to absorb.

And this thing is like fire! Domineering and enthusiastic. In order to enter the body of a martial artist, I'm afraid that he will use his energy to forcibly open up the channels of the martial arts practitioner and remove impurities in his body?

Because of this, we can achieve the effect of washing tendons and cutting marrow and improving the potential!

But it is also extremely dangerous!

After the rolling breath, there is a small lake. The water in the lake, different from the ordinary water, emits a light white light and keeps flowing.

That is the magic pool.

Ye Chen gazed at the magic pool, his eyes full of blazing, excited look!

Such pure energy is what he needs most!

However, ye Chen is acutely aware that the energy in this small lake is still mixed with impurities. After all, this is just the outer pool.

But even the outer pool has already made Ye Chen extremely satisfied. Think about the inner pool

Ye Chen's face, can't help but float a trace of smirk, as if in what prize the same.

Immediately, he no longer hesitated. With a flash of his body, he reached the edge of the outer pool. Without even hesitation, he directly entered the magic pool!

"Asshole!" Suspended in the sky above the magic pool, the mysterious old man who is watching Ye Chen silently, can't help but curse!

This kid! It's too big, isn't it!?

Even those true disciples who cut the bad situation need to get used to the spirit and devil's breath at the water side of the pool before they can enter it!

You're just a gatekeeper. No matter how good your talent is, you can't bear it!

This boy is clearly a bully to the surrounding environment. He has no concept of strength!

Originally, he finally couldn't bear to watch ye Chen die, preparing to observe secretly. When he had to, he would save Ye Chen!

But ye Chen is so engaged, he is likely to have no time to save, ye Chen will be directly impacted into slag by the spirit of gods and demons!

His eyes suddenly dignified up, looking for ye Chen's trace carefully!

But the next moment, the mysterious old man's heart sank

Nothing

There is nothing on the lake!

Is this boy, even a moment of struggle, disappeared? As for ye Chen's diving into the water, he did not think about it at all and ignored it directly.

The energy of the magic pool will precipitate, that is to say, the more you go to the bottom of the pool, the stronger the energy is!

Even if they are the true disciples of this sect, few can sneak into the bottom of the pool, let alone Ye Chen, who sealed the door! What's more, the boy didn't even adapt to it. He went straight into the pool.

It would be strange if we could get to the bottom of the lake.

Mysterious old man, can't help but sigh

Another promising genius died of ignorance.

He shook his head and was ready to leave

Wait!

At this time, the mysterious old man suddenly noticed that there was a trace of abnormality above the lake!

In the magic pool, the lake water, which is condensed by the energy of the spirit and devil and emits white light, actually starts to flow and revolve around the falling point of Ye Chen in the lake!

The mysterious old man's dark eyes burst out with two dazzling lights!

"How could that happen?"

He exclaimed, staring at the center of the whirlpool!

This scene, he is very familiar with, deeply engraved in his memory

But! I haven't seen it for ten thousand years!

This is a sign of beginning to absorb a lot of magic energy!

Moreover, looking at this scale, we have to set a new record in the memory of the elderly!

"How could that happen?"

The old man looked at the spinning speed and the faster and faster whirlpool in disbelief. He could hardly think about it. Looking at the whirlpool, ye Chen did not just dive into it, but directly into the bottom of the pool

"A sealed door exists, and without any preparation, it enters the magic pool, even sneaks into the bottom of the pool? But he, not only did not die, but also began to absorb a lot of magic energy from the magic pool? "

Even the mysterious old man who has seen countless demons can't help asking

Is this still human?

What a pervert!

At this time, ye Chen, who is at the bottom of the magic pool, is not so comfortable

He underestimated the horrible devil pool

At this time, his body, is constantly bursting, meridians, muscles, bones, viscera, are frantically broken!The energy of the spirit of gods and demons is too overbearing!

Even with Ye Chen's foundation, ye Chen's constitution, some can't bear it! If you are an ordinary warrior, you will die if you enter the pool rashly and sneak into the bottom of the pool like him?

However, ye Chen's face is still calm, even with a trace of joy!

The more terrifying and domineering the magic pool is, the greater the benefits he will get!

His immortal spirit body, demon body, red dust God pulse, Ling Fen spirit pulse, all started!

His body, although some can not bear, does not mean that the magic energy can kill him!

Although Ye Chen's body is constantly broken and broken down, it is also regenerating and healing at an indescribable speed!

Ye Chen's vitality has always been one of his greatest dependence!

That is comparable to, even surpasses the vitality of the whole body!

The corner of the mouth tears

If it is not this level of energy, how can we help him break through the limit, wash tendons and cut marrow?

Half an hour later, the mysterious old man in the air, at this time, has already seen a ghost look

Ye Chen, up to now, he has not come to the surface

I stayed at the bottom of the magic pool for half an hour!

According to the old man's understanding of the current concentration of gods and demons in the outer pool, half an hour at the bottom of the magic pool is almost equivalent to being on the water surface. I have been staying for three days!

There was a trace of embarrassment on his old face

At first, he also said to Ye Chen, let him come out one hour

This hour, of course, doesn't mean staying at the bottom of the pool for an hour. Moreover, even so, he thinks that ye Chen will die

But now, ye Chen, not only live well, but also, the whirlpool rotation speed, seems to be faster ah!

However, the old man looked at the whirlpool, more in his eyes, but was happy!

With such a monster, why can't shenjizong rise?

At the same time, he also complained about the current leader and a number of elders!

Chapter 2552

How could such an evil spirit wear the clothes of a servant disciple?

These guys, even let him start from the factotum disciple!?

This group of fuckin 'little guys, are they killing the nature!!!

There is even a trace of anger in the eyes of the old man. Although his strength is not too strong compared with the leader and the elder, in terms of seniority, there are few people in the shenjizong who are higher than him!

He decided that after ye Chen came out of the magic pool, he would talk to the leaders and elders. If he didn't accept Ye Chen as his own disciple, he would bring ye Chen under the sect himself!

Ye Chen, at the bottom of the whirlpool, naturally doesn't know what the old man is thinking. His eyes are slightly closed, and he concentrates on refining the incomparable surging energy of gods and demons!

His whole body of God blood, magic blood, true spirit blood, reincarnation blood are completely activated, in the crazy devouring the energy of the gods and demons, to strengthen themselves.

If ye Chen slows down a little bit, and is caught up by the speed of the God devil energy flowing into the body, even if he is, he is likely to die directly!

Gradually, ye Chen's body seems to have adapted to the energy of gods and demons, and the speed of body repair has also exceeded the speed of breaking!

Ye Chen's heart a joy, he knew his physique strengthened again! Although not many, but he entered the magic pool for a short time!

Just think about it, ye Chen will refine the whole pool, what level of strength will be upgraded, he will laugh!

However, when ye Chen is at ease and at ease, what makes Ye Chen cry and laugh is that the speed of the whirlpool of magic energy suddenly speeds up!

Bang, ye Chen body issued a bang, unbearable pain, from the body of every cell out!

It's like hundreds of millions of extremely sharp, small daggers, stabbed into their own body at the same time! Ye Chen showed his teeth in pain!

Just recovered some body, again began to break!

It's just like this magic energy is forcing Ye Chen to progress and strengthen, which can't make him relax at all!

As expected, they are extremely overbearing!

When ye Chen was in pain and happy, the outer courtyard and the miscellaneous service courtyard of the God Jizong were surging with wind and clouds!

The news that Qiu Wen, the first exterminator sword of the outer gate, will challenge Ye Chen, a new disciple of the miscellaneous service academy, seven days later!

Qiu Wen, although he is still a disciple of the outer courtyard in name, actually, he already has the strength to enter the inner courtyard. So far, there is no one in the outer courtyard who dares to challenge him!

However, Qiu Wen did not take the initiative to challenge other people in order to avoid the attention of the high-level of shenjizong for the time being. If he showed too strong strength, he might be directly promoted to the inner court.

But now, this is like a demon in the heart of the disciples in the outer courtyard, but he has to challenge a servant disciple?

This news, too strong!

For a while, there were almost no people in the outer courtyard and the factotum. They didn't know the name Ye Chen!

What's more, ye Chen killed Wang Baoquan, the number one worker, and smashed the Taoist heart of Li kuaishu, a disciple of the outer courtyard. With one move, he seriously injured the talented man Lang shaotian. In the same move, he cut yuan Dao, a giant spirit sword, into nothingness. He refused the invitation of tutor Zhang!

These news, also thoroughly spread!

For a moment, ye Chen became extremely legendary in the hearts of all the people. He was like a demon coming down from the earth. Originally, some people who didn't agree with Qiu Wen's challenge to the servant disciples began to look forward to this battle!

But at this time, another disappeared and spread

Ye Chen, it seems to be gone!

Once challenged by Qiu Wen, will he disappear?

Ha ha

Those disciples who had some expectations for the battle were disappointed with Ye Chen.

A group of foreign disciples were eating in a restaurant. One of the men frowned and said, "don't you mean that the boy named Ye Chen is so proud that even tutor Zhang doesn't pay attention to his invitation to be a disciple? Why do you start to play missing when you meet Qiu now

Another sneered: "ha ha, the person who knows the current affairs is a hero. Even if he doesn't accept Qiu Wen's challenge, it's no fault. After all, it's the first in the outside world, and no one wants to die."

"I see, all those rumors about him are bullshit. Is this man a waste?"

"I think so too. Do you want to seal the door and join the shenjizong? Maybe it's some kind of garbage that comes in by relationship, and blows it by itself. "

In Xianxin forest, Zhao Shangzhi said with a slight disdainful smile to Qiu Wen: "childe Qiu, that rubbish seems to be that after hearing that you want to challenge him, he immediately hid himself! According to my investigation, he should be in the magic pool now

"Magic pool?" On Qiu Wen's face, the color of scorn was more intense, and he sneered: "with him, do you dare to enter the magic pool to improve your strength? I don't think even the pool can go down? "

"Mr. Qiu, what should I do now?"

"What to do?" Qiu asked indifferent to drink a mouthful of wine, "hide? Ha ha, as long as others are still in the shenjizong, you can't hide. Don't worry. When I wake up, I'll wait for him outside the magic pool! Even if they don't enter the pool, they won't stay long. What's more, can he stay in the pool for a lifetime

"But what if ye Chen refuses your challenge? After all, you and that trash don't belong to the same yard. "

Qiu asked to put down his glass. A cruel light flashed in his eyes and said, "if so, that's all. I can't spare him a cheap life. However, he must kneel down in public for me. Otherwise, will someone say that I'm not a small servant's opponent?"

.....

And ye Chen at the bottom of the magic pool, at this time, is wrapped up in a mass of white light, which is the expression of the God and the devil to the extreme!

Ye Chen in the white light package, is pale, incomparably calm, his whole body up and down, at this time, even give people a feeling of crystal clear!

Time, minutes and seconds pass

And the old man in the air, at this time, has been from the beginning of shock, can not understand, to now the horror!

Ye Chen, has been at the bottom of the pool for a whole day!

He has lived in shenjizong for tens of thousands of years. He has never seen such a thing!

All of a sudden, there was a loud noise in the magic pool. The water in the pool, which had been constantly rotating, turned upside down, revealing Ye Chen, who was sitting at the bottom of the pool peacefully

At the next moment, under the gaze of the mysterious old man's eyes, the water in the pool rolled upside down suddenly and rushed towards Ye Chen!

Chapter 2553

"This, this is..." The voice of the old man is shaking!

What's the situation?

It's just like, relying on the speed of the whirlpool of gods and demons, it's no longer enough to satisfy Ye Chen. Therefore, the stimulated energy of gods and Demons directly condenses into a water column to impact Ye Chen's body!

This

Although it's just the outer pool, after tens of thousands of years of accumulation, the energy of the outer pool is extremely terrifying. It's almost catching up with the inner pool of that year. Under such circumstances, even the elders of our sect can't bear such a shock!

Even in the old man's impression, the ultimate evil spirit who finally ascended was not as terrible as Ye Chen?

Now, most of the disciples can only absorb part of the energy on the water

At present, the boy who sealed the door is to directly suck up the whole outer pool and the outer pool which has accumulated the power leaked from the pool within tens of thousands of years!

Under the gaze of the old man, the white light around Ye Chen is more and more intense, but the water column, which is visible to the naked eye, begins to shrink up!

Ye Chen, it's not only OK, but also really need to suck the outer pool clean!

This mysterious old man, almost scared silly.

At the moment when the water column rose to the sky, the seven elders and the leader, Tu Lanxin, in the shenjizong all looked at the same time and looked in the direction of the magic pool.

The next moment, in the space, the wave together, the old man's side will emerge several figures!

The elder, leader, and Tu Lan Xin of God Jizong are here!

When they looked at the scenes in the pool, they were surprised one by one!

At this time, ye Chen, like a hungry ghost who saw the whole table of Manchu and Han, completely let go! Another wave of crazy energy! The whole person is going to be a light ball!

The great elder asked in an incredible way: "Zuo Lao, this This is one thing Isn't this man a servant disciple... "

The old man, known as Zuo Lao, also replied blankly: "I don't know if you ask me! Where did this kid come from? What a pervert! I have been guarding the magic pool for tens of thousands of years. I have never seen such a thing! How can you let such a monster be a servant disciple? "

At this time, they also saw clearly the clothes of Ye Chen's servant disciple under the white light! The shock on the surface, added another point!

The leader of shenjizong, named yuzhenzi, is a middle-aged man with immortal character and jade face. He stares at Ye Chen under the impact of the water from the magic pool. He suddenly turns his head and says to Tu Lanxin:

"Lanxin, is he the disciple named Ye Chen you brought back

Tu Lan Xin nodded: "good."

She looked at Ye Chen's beautiful eyes, but also flashed a strong shock. She knew that ye Chen was excellent and would surely rise in the clan. But, does it take time?

Ye Chen, how many days have you just started? Are you going to dry up the outer pool of the magic pool?

When the elders heard this, they all changed their faces and looked at Ye Chen in the white light

This is the one who they are not willing to test for his true biography, and even have great opinions on Tu Lanxin's joining the sect?

In an instant, the faces of the seven elders were extremely ugly

They were so regretful that they were about to spit out a mouthful of blood!

Now is a pig, you can see that ye Chen, even in the kingdom of God, is definitely one of the top demons!
It is even possible to rewrite the existence of the history of the kingdom of God!

One of them could have been the master of Ye Chen!

But now, can only sigh!

After ye Chen's introduction, they heard from Tu Lanxin that ye Chen volunteered to join the factotum,
starting from the factotum disciple, and that he would not become a disciple of any of these elders

At the beginning, they even thought that the arrogant boy would die or quit the sect soon

But now, they look at Ye Chen, but they all look like they are crying

They know that with Ye Chen's pride, it is impossible to worship them again

Now that they know the truth, how can they not regret it?

I just want to slap myself!

Tu LAN heart glanced at them and snorted coldly.

But Yu Zhenzi looked at Ye Chen, but his eyes flashed. He didn't know what he was thinking about.

At this time, the water column formed by the magic energy has been completely absorbed by Ye Chen!

And ye Chen's cultivation, also suddenly rose to seal the door nine layers of heaven!

He opened his eyes, his eyes were full of ecstasy!

The growth of cultivation is only incidental, and the real benefit is the change of his body!

Now, his body, all aspects of ability, have been greatly enhanced! Even, ye Chen felt the possibility of a qualitative change. Unfortunately, although this pool has accumulated the essence of leaking in the pond for thousands of years, after all, it is the external pool, and the energy is not enough.

And ye Chen at this time, standing at the bottom of the empty pool, but turned his head and looked at a white jade gate not far away.

After the gate, it should be the inner pool of the magic pool, right?

People look at Ye Chen strangely, this boy, how to look at the gate into the inner pool?

After seeing ye Chen's incomparable expression of evil spirit, people can't help but think that the boy is not full yet. He wants to go to the inner pool and continue to eat?

In fact, if the soul stone is still there, the headmaster Yu Zhenzi, after seeing ye Chengang's rebellious performance, may actually let Ye Chen enter the inner pool

Unfortunately, without the soul stone handed down by our ancestors, even the leader can't enter the inner pool.

At that time, ye Chen went to the entrance of the inner pool and was thinking about how to use the soul stone. At that time, he asked Gu Lao, but Gu Lao just laughed and said that he would know by then

In Ye Chen's meditation, suddenly, a red light burst out from ye Chen's body!

What's going on?

At a time when people are confused.

On the faces of Zuo Lao and the leader Yu Zhenzi, there is an incredible look on them!

Left old man looked at the red light, tears in his eyes, all of a sudden burst out, shaking and said: "that That's the light of soul stone. It's really the light of soul stone! "

What?

Everyone's pupil shrinks, how can the soul stone missing for ten thousand years be on Ye Chen's body?

But without waiting for them to think about it, under the red light, the White Jade Gate in front of Ye Chen was opened again after ten thousand years!

Chapter 2554

And in the moment the door opened, ye Chen could not control, was brought into the door by the red light!

The moment Ye Chen enters one of them, the gate closes again!

With the loud noise of the door closed, people began to come back to their senses!

The elder looked a little anxious and said to the headmaster yuzhenzi: "master! This kid, he's just being sucked into the inner pool. Isn't he in danger? "

Now ye Chen is the treasure of the whole shenjizong!

To tell you the truth, shenjizong is brilliant, but for the first-class sect, it has declined in recent years

Although it is still a first-class sect, the strength of shenjizong is gradually at the bottom of the first-class sect

In the past ten thousand years, the strength of shenjizong is not as good as those families who once lived behind!

Why?

The reason is not from the strong in the sect, but because the disciples of shenjizong are not as good as other first-class forces!

Naturally, it was crushed by other forces!

So! The importance of Ye Chen to the whole clan is self-evident!

Even if he didn't want to worship under the elder's door, all the elders could not help worrying about ye Chen's safety!

Yu Zhenzi also frowned slightly. After a moment of silence, he suddenly opened his mouth and said, "let out all your thoughts and feel Ye Chen's state. If he is in danger, we should have a chance to break the inner pool prohibition."

"What?"

Everyone was shocked when they heard the speech!

Even Tu Lan Xin takes a surprise look at Yu Zhenzi.

The existence of the magic pool is maintained by prohibition

If the prohibition of the inner pool is broken, it means that the magic pool left by the people of gods and demons, which has been passed down in shenjizong for unknown years, will be completely destroyed!

This magic pool is not only used to enhance the potential of disciples!

for the gods, the magic essence of the magic pool can be used to maintain the gate of the guard.

If you lose the magic pool, the strength of shenjizong itself may be weakened by one or two percent!

I didn't expect that ye Chen was so important in yuzhenzi's heart!

This is the future of naozongmen, gambling!

Bet Ye Chen is worth the family to pay for him!

However, why is the soul stone in Ye Chen's hands?

At this time, ye Chen has come to the inner pool and is staring at the scene in front of him

The so-called inner pool is just like an open-air hot spring!

is the most powerful essence of the spirit, and becomes a seven color light fog diffused in the leaf Chen body week, and under the light fog, it is the liquid essence emitting the energy of terror.

Ye Chen couldn't help swallowing his saliva. Although it looks beautiful here, it looks like a fairyland on earth

, however, ye Chen believes that if he did not absorb all the energy of the external pool, it would be impossible for him to stand here and be surrounded by the light fog surrounding the spillover essence.

and the liquid spring spirit formed by the liquid spirit essence is much smaller than the outer pool, but even before ye Chen stood, it produced a faint fear.

Why?

Because, in his mind under the induction, where he is facing what a pool of spring water ah! It's a vast ocean of energy!

What's more, what exists in this vast ocean is not sea water, but high-temperature magma that can melt and evaporate people instantly!

this pool, which has accumulated tens of thousands of years of spiritual essence, is so horrible!

Ye Chen's face showed a wry smile. Now, he finally understood why Gu Lao warned him not to stay in the magic pool for a long time.

He couldn't help but ask Cangu medical God, "Lao Cang, can I bear the strength of the inner pool with my current physical strength and dive into the bottom of the pool?"

After a moment's silence, the ancient medical God said, "boy, to tell you the truth, even those who cut the enemy's territory will dissipate like steam when they step into the inner pool Your physical strength is higher than that of the chopper. However, I can only say that you may not die. If you have a chance, it will be 50%. "

When ye Chen hears the speech, he can't help but show a trace of horror. For a moment, he hesitates

His harvest now, to tell the truth, is already very big. Rationally speaking, it is time to withdraw from the inner pool. After all, the risk is too big!

If he wants to leave the stone pool for a hundred years, he can only use it once more

Soon, ye Chen took a deep breath. In his eyes, a firm light flashed and walked towards the inner pool!

He can't wait!

Martial arts together, this is against the sky, no matter how difficult and dangerous obstacles in front of their own must cross and pass!

If ye Chen is afraid of death, can he go to this day? His strength, this is with his own life, spell out!

Although it is extremely dangerous to enter this pool which has accumulated for tens of thousands of years, its benefits are also extremely huge!

Wealth insurance in the pursuit!

Ye Chen stood at the edge of the inner pool, staring at the seven color pool water. Suddenly, a smile appeared on his face and said, "ha ha, 50%? Even if there is only one chance in a hundred billion, I Ye Chen is doomed to survive! "

"I am the Lord of reincarnation, and I am the hope of 100 great powers! I must not die

After that, he didn't get into the magic pool!

At the moment Ye Chen entered it, the water in the inner pool was boiling like magma! Ye Chen is like a drop of water, falling into the oil pan in general!

, which has been silent for tens of thousands of years, has found the host. It is like an excited child. It is surging towards Ye Chen.

roared, in an instant, ye Chen's body burst out like a burst of exploding, incomparably surging, overbearing spirit essence, crazily flowing into his body, and instantly burst Ye Ye's whole body meridians.

Every minute, every inch!

Originally, when he was in the outer pool, he felt that it was painful enough to absorb spiritual energy

But compared with now, the pain of the outer pool is just like massage!

Ye Chen resists pain and refines the spirit essence.

But he is still slow!

Bang bang, blood mist scattered, not only channels, even his flesh and blood, all burst together!

However, even so, ye Chen, but still hold on!

That terrible vitality, thoroughly show! Only skeleton, still alive!

now, ye Chen's veins, flesh and blood, Nishida have burst, how do we absorb the essence of this spirit?

lost the spirit essence of his goal. After a quiet moment, he went towards the bone of Ye Chen.

Ye Chen gnaws his teeth and supports him. As time goes by, his bones are stained with a bright golden color

But he did not notice that the black stone bearing the reincarnation cemetery was blooming with bright light!

Chapter 2555

.....

Seven days later, a group of elders of shenjizong, including yuzhenzi, Tu Lanxin and Zuo Lao, all looked at the White Jade Gate with dignified faces, but their eyes were full of excitement!

Ye Chen, I've been in this pool for seven days! It's time to make history!

In the history of shenjizong, the longest time the leader's successor stayed in the inner pool was only three days!

besides, ye Chen is still staying in the pool for tens of thousands of years.

There is no comparison with the former inner pool!

It's against the weather to the extreme!

If they can't feel the life in Yinchen, they will be dead soon!

At the same time, there was an earth shaking news coming out of shenjizong!

Qiu Wen, the first exterminator in the outer courtyard, was shut up for seven days. After leaving the pass, he actually awakened the body of Tianwen!

What's more, his martial arts and Taoism cultivation is a sudden breakthrough to the extreme!!

The acme of waiyuan's history!

I'm scared to be silly by the countless disciples of the outer courtyard, the factotum and even the inner court!

You know, it's very difficult to break through every level of state. It takes thousands of years to break through a small level!

But Qiu asked, in just seven days, he suddenly broke through?

It's even more evocative!

Is this too evil?

Such a realm, even in the inner courtyard, is not weak ah!

Not to mention, he also has the body of heaven!

When people were shocked by Qiu Wen's terror, another news spread.

After Qiu asked, he went directly to the magic pool!

It is said that he will wait here for ye Chen, the evil spirit of the mixed servitude, to leave the pass!

This It doesn't give people a way to live!!!

Is to put that ye Chen, to the death of the whole ah!

Outside the woods in front of the magic pool, there was a sudden noise.

It's already a sea of people! It is surrounded by countless disciples, three layers inside and three outside!

Look at their costumes, most of them are outside disciples and miscellaneous disciples. However, there are also some inner disciples mixed in them!

Standing in front of the crowd was a handsome man with high spirits. It was Qiu Wen who had awakened the body of Tianwen!

People feel Qiu Wen's powerful breath, which is extremely frightening. Many people feel sad for ye Chen.

"Ah, ye Chen, it's really bad luck, hit the muzzle of the gun."

"Also blame him, too crazy, if convergence a little, also won't be Qiu asked to stare at."

"Qiu Chen stepped on the foot as a stepping stone in his eyes. It seems that Qiu Chen wants to step into the eyes of the high level."

"They've been hiding in the magic pool for so many days. Qiu Wen still doesn't want to let him go..."

"Qiu asked, too cruel, in the future must not be provoked!"

All the people are talking about it. No one is optimistic about ye Chen!

It is said that ye Chen was also injured when he defeated yuan Dao. That is to say, ye Chen's strength is very poor, let alone Qiu Wen now. Even before he closed down, he was one day and one earth.

Now, Qiu Wen is heaven for ye Chen.

How can manpower conquer heaven?

Even if ye Chen can really enter the water of the magic pool, how much improvement can he make?

In a short period of seven days, no matter how to improve, it can not make up for the gap between the two sides.

Qiu asked with a sneer on his face, he deliberately publicized, let out the wind, in order to let more people see.

See, ye Chen is trampled under his feet!

When he wants to come, the best result of Ye Chen is that he dare not accept his challenge, admit defeat to him in public, and kneel down to apologize. In that case, the more the audience, the better.

In the crowd, there is a man and a woman standing alone in a corner. They have outstanding temperament. What's more, the woman is extremely beautiful and extremely attractive. In principle, many men will gather around such a beautiful woman.

However, there was a space around them. No one dared to get too close to them. However, some of the disciples did not dare to show any greed at all when they looked at the woman. On the contrary, they still had strong awe.

These two people are Wang Bin, the second in the outer gate, and Wen min'er, the third in the outer gate!

At this time, Wang Bin showed a trace of fun and said to Wen min'er, "min'er, how can you be interested in this servant disciple? You come here to watch the war? As I said, he would never dare to fight Qiu Wen. "

Wen min'er didn't say much, but in her beautiful eyes, there was also a glimmer of disappointment.

At first, she heard the rumors of Ye Chen, but she was attracted by such a mysterious, powerful and talented servant disciple. However, she only had a trace of interest. In her imagination, ye Chen is

absolutely proud of the extreme man. He entered the magic pool only for cultivation. Even if his strength was not as good as Qiu Wen, he would never avoid fighting!

When ye Chen came into the magic pool, she came outside the pool

However, after seven days, she had never seen anyone leave the magic pool.

She knew that she was wrong and looked away. Ye Chen was not as proud a man as she imagined.

No one can stay in the water of the magic pool for seven days.

Ye Chen, is hiding!

But vaguely, she still has a glimmer of expectation. It is her misunderstanding that she expects Ye Chen to meet Qiu Wen

But now, she is totally disappointed with Ye Chen.

However, she still didn't leave. She has been waiting for so many days. It's not too bad for this moment?

Anyway, ye Chen is estimated to be in the magic pool and can't stay any longer.

At the same time, she also looked at Qiu Wen with fear. She knew that Qiu Wen's strength was countless times stronger than before!

This time, I also want to see how terrible Qiu Wen is now.

.....

And ye Chen at this time did not know what happened outside.

After seven days of torture, ye Chen, at this time, has been reborn, growing flesh and blood, but his muscles, blood vessels, have shown a state of almost transparent!

And through his body, you can see that his bones have become like the best ice jade, and faintly, they are still shining with light gold.

suddenly, ye Chen opened his eyes, and a flash of seven colors of light flashed in his eyes, as if he had the essence of the devil, and integrated into his eyes.

He vomited out a puff of turbid air, and there was a glimmer of joy on his face!

He got through it!

In seven days, he did not know how many times, his consciousness was vague and he was on the verge of death, but he finally survived!

now, he finally fully adapted to the essence of God!

Chapter 2556

Ye Chen has a smile on his mouth. Now, it's time for him to fight back!

he was moving, and he went to the bottom of the pool. The more and more strong spirits and spirits came to him. Now ye seemed to stampede in the tens of thousands of tons of pressure. He bit his teeth and didn't mean to retreat.

after a hour, the leaf Chen, who is covered with blood, finally came to the bottom of the pool, where the essence of gods and spirits gathered for tens of thousands of years.

That incomparably overbearing energy, almost all want to let Ye Chen's blood boil dry!

After reaching the bottom of the pool, ye Chen's eyes swept, and soon, he locked the target.

A grotesque human figure, the size of a palm, carved from some unknown wood, is engraved with countless blood colored runes. On the

human form, there are dense cracks. As if the next moment, they will be completely broken up and dissipated. But on the unknown wood, there is a faint light of blood, which constantly engulfs the essence of the gods and spirits around, and keeps itself, not completely broken.

This should be the substitute for the old bone.

Ye Chen's eyes twinkled, and with a wave of his hand, he took out a jade box and sealed it into the box.

As long as the replacement is handed over to Gu Lao, he should, hopefully, recover his strength.

After all this, ye Chen sat at the bottom of the pool with his knees crossed, took several pills, closed his eyes slightly, recovered from the injury and adjusted his own state.

After a long time, ye Chen opened his eyes again, his eyes were shining, and his breath reached the peak!

he sneered at the essence of the spirits that revolved around him: "since you love to drill in my body, let me swallow up the entire inner pool."

a burst of seven colors of light, suddenly broke out from the leaf Chen, and surrounded by Ye Chen, produced a very powerful attraction. Originally, the calm inner pool was spinning around the leaf Chen madly, and tens of thousands of spirits and spirits poured into the body of Ye Chen at the same time.

, the essence of God's magic, has the characteristics of condensation and polymerization. After seven days in the inner pool, ye Chen's body condensed a very pure essence of God and spirit. At this time, ye

Chen was attracted by this thread essence, attracted by madness and devoured the essence of the gods and spirits around him.

If you let others know, you will be surprised, even the chin fell to the ground!

This is completely, it's a death seeking behavior!

originally, this spirit gathered for tens of thousands of years, it has been extremely surging, and casually, it can put people to death. Even tens of thousands of years ago, those who inherited the heir were doing everything possible to let the essence of the devil enter his body slowly, so that he could have time to make refining and absorption.

But ye Chen, it's just the opposite!

This is too abnormal

As time goes by, the water column revolving around Ye Chen is getting thinner and thinner!

.....

Outside the inner pool, Tu Lan Xin suddenly gives a light cry.

The elder looked at her and asked, "Lan Xin, what's the matter?"

Tu Lan Xin Mei looked at the white jade gate and flashed a faint look of surprise. He said, "the smell of the essence of the inner pool has weakened."

People look at each other, are to see the incredible look in each other's eyes! What does the essence of

's inner pool diminished and what does it mean?

means that the accumulated essence of the gods and spirits for tens of thousands of years has begun to be swallowed up by Ye Chen.

Originally, it was a miracle that ye Chen could live. Now

The elder could not help murmuring, "this is to drain the inner pool completely..."

Ye Chen, they are always surprised!

Such a huge energy, even if all the elders present absorb it together, it will take hundreds of thousands of years to refine it!

But what about ye Chen?

At this rate, I'm afraid it won't take an hour. The inner pool will be absorbed by Ye Chen!

For a moment, these strong men, who were originally confident of their martial arts talent, could not help but smile bitterly

Compared with Ye Chen, they are really nothing

Must be, even the people above the chaos did not expect this kind of situation?

The two elders frowned slightly and looked at Yu Zhenzi and said, "master, what should we do now? If ye Chen swallows down again, it will take thousands of years for the inner pool to recover.

in this way, thousands of years later, the great guardian of God will weaken a few points. In case of the death of Ye Chen in the process of phagocytosis, the essence of these gods and spirits is wasted.

Is it worth gambling for Zong Yeh

But Yu Zhenzi just said, "wait."

He, watch ye Chen!

An hour later, the inner pool at this time is empty, even a drop of water, there is no left!

Sitting at the bottom of the pool, ye Chen suddenly raised his head to the sky and let out a roar. His breath burst out and went straight up to the sky! His realm, actually directly broke through to the level of Taixu!

The speed of cultivation is so frightening that people can't breathe. When others practice martial arts, they all break through a small realm, while ye Chen, once closed, directly breaks through a big realm!

However, ye Chen just smiles and doesn't care too much about his accomplishments.

This is only incidental. His strength has not been measured by his accomplishments.

After absorbing the accumulation of tens of thousands of years, he has broken through a great realm, which is very few.

This is because most of the energy is integrated into Ye Chen's flesh, blood, bones and meridians!

spirit and essence, though overbearing, are extremely powerful.

and ye Chen found that he originally needed weapons to break through. The power of the essence of this spirit is far beyond weapons, and no longer needed.

Today's Ye Chen, even if does not use the atomization supernatural power, is nearly immortal existence!

If we use the atomization magic power, I am afraid that a strong man at the early stage of chopping disaster will not be able to damage its origin by roaring at him for a day and a night?

More terrifying, is the power of Ye Chen!

Now, even if he does not use any magical powers, his physical strength has reached an extremely high level. If he uses all kinds of blessings and the power of breaking the heaven, his power can directly break through the limit!

Such power is enough to crush all the existence under the disaster situation!

The harvest this time is too big!

Ye Chen takes a breath and slowly stands up. It's time to go out.

"But this time the thunder robbery didn't appear. I'm afraid it will come soon. I'd better go out and bear the thunder robbery. I don't know how the heavenly way will destroy myself this time."

The red light of soul stone blooms again. In the blink of an eye, ye Chen leaves the inner pool.

And hidden in the air of a group of high-rise, see ye Chen really alive out of the pool, are a burst of excitement!

Even Yu Zhenzi, who had always been calm, was a little red in color and lost his temper.

The elder looked at Ye Chen, who had broken through to the Taixu state in only seven days. His voice trembled and asked Yu Zhenzi, "patriarch, how terrible is the potential of Ye Chen? How do I feel, Kingdom of God, it's going to change? "

The second elder also swallowed his saliva and said, "Lan Xin, you really brought a monster back..."

Chapter 2557

Yu Zhenzi was a little excited and said with a smile: "even if it's a monster, it's also the monster of our shenjizong. It's potential Even I can't see where his limit is, but I can guarantee that if ye Chen doesn't die young, his future achievements will never be inferior to his ancestors! "

A group of elders, eyes straight at Ye Chen, are about to fall out.

Even Tu Lan Xin, who has always been cold and gorgeous, looks dull.

She knew that ye Chen's talent was good, she was very optimistic, and even helped many times secretly.

But I never thought there would be such an evil side.

How long has this been introduced?

Yuzhenzi placed such high hopes on him.

Suddenly, a veiled girl appeared in her mind.

She later sent someone to investigate the girl, but it was the lowest status of a family in the kingdom of God.

In such a sense, the selection competition should have been a flying talent at that time.

Why hide your talent?

She even thought, how much is the gap between the girl's potential and ye Chen?

Or stronger?

Soon, Yu Zhenzi calmed down and said to the others, "Ye Chen is very good and worth cultivating. However, let him temper himself in the family for the time being."

"Let's go."

.....

At the same time, luoxiazong.

A temple in the deep.

It's empty.

Not even a bird.

All things don't want to break the peace of the moment.

This period of time is definitely the most exciting moment of luoxiazong.

Just because a new disciple became the true disciple of Luoxia sect in a short half month!

At such a speed, it's so frightening!

Although luoxiazong can only be regarded as a second-class sect, it can not be compared with shenjizong!

But ten days to become a disciple of zhenzhuan, this look at the country is the ultimate demon ah!

The leader of Luoxia sect, the elder of Taishang, knows that Luoxia sect is going to rise this time!

Because of a girl named Ji Siqing!

And that deep temple, can only one person practice!

That is Ji Siqing!

This is the strongest treatment of luoxiazong for thousands of years!

The aura of thousands of miles is provided to Ji Siqing alone!

And deep under the palace, is the most powerful spirit pulse of Luoxia sect!

The Lord does not give up the spiritual pulse of cultivation!

And deep in the temple, a beautiful girl suddenly opened her eyes.

Because someone disturbed her practice.

Ji Siqing knows that he must improve his strength as soon as possible.

Because, that man, it's going to happen.

The fall of the reincarnation master of the last generation, the ancient chess game was completely defeated.

This time, ye Chen, as the reincarnation master, is the strongest hope of the Ye family.

He can't fail.

Only when you reach the extreme and restore the peak power of the previous life, can you shake everything.

At that time, what about the heavenly way palace!

How about Xuanyuan ink evil!

However, she is still not qualified to shake the man.

You can only see how far Ye Chen of this life can go!

Ji Siqing looked at the man outside and said, "what's the matter?"

The disciple outside the door trembled in his voice and said, "Ji Xianzi, there is someone outside the door who wants to see you."

"Who?"

"Master of the divine music family."

This word a, Ji Siqing Gu Jing Bu Bo's face is full of surprise.

"Did you find me so soon?"

"It's still the head of the family who came to live in his own house."

Ji Siqing murmured for a moment, then continued to return to his position, eyes closed, and entered the practice.

"No

She refused!

.....

At the same time, soon, ye Chen went out of the magic pool, and as soon as he came out, he saw the sea of people in front of him.

He couldn't help wondering why so many people were there?

Are these people going to practice in the magic pool? Didn't Zhou Yuanxin say that no one came to the magic pool?

At this time, a harsh voice came from the crowd.

"Our great genius has finally come out of the magic pool? It's amazing. Seven days in the magic pool? The immortals are worthy of their reputation? "

Ye Chen looks at the man, who is Qiu Wen's dog leg, Zhao Shangzhi!

The crowd burst into laughter, but soon some people found it strange that ye Chen's cultivation was too empty? Don't you say that he's a warrior?

However, they are not too much in mind, too empty? It's just the level of a general servant disciple.

At this time, Zhou Yuanxin hurriedly ran to Ye Chen and said in a low voice: "brother ye, the first Qiu of the outer gate wants to challenge you! Even, I ran to the outside of the magic pool to block you. When ye Chen heard the speech, he looked at the young man standing at the front of the crowd, full of pride, and cultivating himself to cut off the adversity.

"You, challenge me?"

Qiu asked with a seemingly elegant smile: "ha ha, it's said that brother Ye is very popular in the clan recently. Some people even say that Qiu is not your opponent? In this case, I would like to ask brother ye for advice. "

Ye Chen takes a deep look at Qiu Wen. He is a little surprised at Qiu Wen. He is only the first in the outer door?

He can see that Qiu Wen has a kind of high blood, and even, with his initial cultivation of chopping the enemy, he can even burst out with extremely terrifying strength!

Such strength, even if placed in the inner door, is a very important existence?

If ye Chen used to be, I'm afraid he is far from the opponent of Qiu Wen. Even if he tries his best, he can't accept Qiu Wen's ten moves, right?

Of course, it was just once.

Today, he is no exaggeration to say that he is already invincible in cutting the enemy's territory. Even he is a warrior who cuts down two layers of heaven. Ye Chen is also confident of fighting.

However, the gap will be bigger and bigger after the disaster is cut.

Although Qiu Wen is strong, he is just a stronger worm.

After all, it's still bugs.

You'll be annoyed when insects come to harass you, but if you want to fight with you, you will just ignore it?

Because, too funny, too funny.

Ye Chen now, is the same idea.

He met Qiu Wen's eyes and said faintly, "well, you won."

For the false name, ye Chen never attaches great importance to it. Even if he tramples Qiu Wen under his feet in public, what can he do?

It's just a waste of time.

Qiu asked as like as two peas.

But outside the magic pool, it suddenly fell into silence

The soldiers, who were full of expectation and came to watch the war, stood still for a moment. Soon, they all looked at Ye Chen with great contempt

They know that admitting defeat may be the best choice for ye Chen, but ye Chen's crisp and unconcerned attitude to admit defeat has nothing to do with the extremely proud genius in the rumor!

They can't accept it!

"Isn't it

"This is the legendary Ye Chen, who is extremely proud?"

"Reincarnation? Is the tortoise God reincarnated

.....

Wen min'er shook her head. There was no need to look down. She said to Wang Wenjiu:

"let's go. This man is not worth watching."

Chapter 2558

She and Wen Jiu, in fact, are not used to Qiu Wen's personality. A guy who relies on the master's resources to improve his accomplishments, but stays outside for his own safety and security, rather than entering the inner door to meet challenges. No matter how high his qualification is, he is just a villain.

Originally, if ye Chen was really as proud as the legend said, he was a man of indomitable spirit. Even if ye Chen would be crushed by Qiu Wen, she and Wen Jiu would also rescue Ye Chen.

Although they are not Qiu Wen's opponents, Qiu Wen can not help but give their teachers face, and their joint efforts are enough to block Qiu Wen's moves.

But now, she found that she was wrong, ye Chen, don't say anything. She's not even as good as Qiu!

It's the kind of person she despises the most.

Ye Chen did not pay any attention to people's gossips. He did things according to his own ideas, not other people's opinions.

He said to Zhou Yuanxin, "let's go."

If you move, you're going to walk through the crowd.

But all of a sudden, the figure in front of Ye Chen flashed, and Zhao Shangzhi blocked Ye Chen with a sneer.

At the same time, behind Ye Chen came Qiu Wen's faint voice.

"I want to ask you, brother ye, why do you give up so much? I hear you're proud, aren't you? "

He was still smiling, but his eyes began to cool.

He always likes to be polite before soldiers. If ye Chen answers well, he can't let Ye Chen go.

But if ye Chen doesn't answer well

Hehe.

Ye Chen turned to Qiu and asked, "are you sure you want to know?"

"Of course."

Qiu Wen is ready for ye Chen to belittle himself in front of him. He is ready to use Ye Chen's unbearable condition to elevate himself and enjoy the awe of others.

"Because now you have no interest in me."

A group of disciples are surprised again. Wen min'er, who is about to leave, stops suddenly and looks back at Ye Chen with regret.

This guy, what's going on?

Just now, I still looked like a coward. Now, how can I be so arrogant?

Is this the legendary split personality?

But Qiu Wen's face was cold and stiff, and his smile disappeared.

In his eyes, the murder was revealed and he said in a cold voice: "no interest? You mean, you're better than me? The gap between you and me is so big that fighting with me is just a waste of time for you? "

Qiu Wen is undoubtedly proud, even more than anyone else, all value his pride and face!

Otherwise, he won't stay in the outside door for so long!

He won't let anyone insult him!

"Ye Chen, I'm going to give you a chance to live. Kneel down and kowtow in front of me and tell everyone that you are just a dog in front of me. I can let you go, otherwise..."

"You know, cross hospital life and death war is forbidden, but as long as there are no dead people, it is not a life and death war, right? For example, less hands, less feet and so on? "

At the moment when Qiu Wen's voice fell, the air around him suddenly fluctuated. A strange and frightening breath rose from Qiu Wen's body and spread to all directions with boundless prestige!

In an instant, most of the disciples were facing behind and retreating!

Eyes wide open, incomparably shocked to see Qiu asked!

Is this the power of heaven?

It's terrible. At the moment when the breath of blood and blood appeared that day, people only felt that Qiu Wen in front of him suddenly became extremely tall, as if he had become the sage who asked Heaven with martial arts!

Wen Jiu looked ugly and said to Wen min'er: "it's terrible to ask about blood this day. Even if you and I join hands, we can't stop Qiu Wen?"

Min'er, do you know now? Proud, is to pay the price, this boy if soft words, now, has left! Leave safely!

You mean mind? The heart is really important, but it is under the premise of living! "

Wen min'er is also beautiful eyes flashing at Ye Chen, is she really wrong?

Ye Chen looks at Qiu Wen without any expression. He turns his wrist and holds Qinglian mietian sword. He doesn't respond to the terrifying pressure from Tianwen's blood.

He is troublesome, not afraid.

If someone wants to die, he won't stop him.

Looking at Ye Chen's intention, Qiu asked with a grim smile:

"well, it seems that you have decided to accept this life and death war?"

He also had a black-and-white sword in his hand, which was an ancient weapon!

Suddenly, in front of Qiu Chi's breath, she heard the sound of fire.

"Wait a minute!"

"Min'er, what are you doing?" Wen min'er's face color changes, want to stop, but it is too late.

Wen min'er's figure flashed, then appeared between Ye Chen and Qiu Wen.

Qiu asked her eyebrows and looked at Wen min'er with interest and asked, "Wen min'er, what do you want to do?"

Wen min'er said: "Qiu asked, in your capacity, you shouldn't have a fight with a disciple of the miscellaneous service academy?"

Although Ye Chen's answer just now is very arrogant, which makes people feel arrogant and arrogant, at least Ye Chen has the courage to challenge Qiu Wen and has the courage to accept the battle!

Since Wen min'er has seen what she wants to see, she will do what she thinks she should.

No matter how strong Qiu Wen is now!

With that, Wen min'er turned her head slightly, looked at Ye Chen behind her, and said softly, "you, go now."

Ye Chen looks at Wen min'er strangely. What's going on?

I don't know this woman, do you?

Wen min'er, looking at Ye Chen's inaction, can't help frowning: "when you and Qiu Wen start to work, with his current strength, I can't guarantee that I can save you. You know this..."

Don't wait for Wen Min Er to finish saying, ye Chen interrupts lightly: "I seem, did not say to want you to help me?"

"You

Wen min'er is stunned for a moment

In terms of her appearance and status, no one has ever spoken to her like this in the shenjizong

Not to mention, this time it was still her initiative to help!

Why is this man so ungrateful?

Unexpectedly, Shengsheng refused his kindness!?

For a moment, Wen min'er can't help but get angry. He snorts coldly. He turns his head and no longer cares about ye Chen. If he wants to die, let him die!

But even if she doesn't want to admit it, Wen min'er has a trace of appreciation for ye Chen.

If ye Chen really ran away as she said, although she saved Ye Chen's life, maybe she lost interest in Ye Chen.

Can ye Chen this from the heart of the strong, not afraid of war attitude, but faintly let her to Ye Chen more care about a point.

Chapter 2559

Ye Chen stepped forward and went to Wen min'er. Facing Qiu, who was full of sneer, he said, "your talent is good. It's a pity that you are dead. I have only one move. It depends on you whether you can survive or not."

Although Qiu Zong's words have been stopped by Qiu Zong Chen, they have not been stopped by the gods, but they have not heard them.

It was the God Jizong who gave the magic pool to himself!

At this time, ye Chen had a sense of belonging to shenjizong. Qiu Wen was a disciple of shenjizong, and his death was the loss of shenjizong.

But Qiu asked with a ferocious smile: "pretend! Die to me

He completely misunderstood Ye Chen's meaning. He thought Ye Chen wanted to use his own potential to suppress himself, so that he could not worry about the dissatisfaction of the high-level of shenjizong and dare not kill him!

Hehe, ye Chen, ye Chen, you still underestimated the cruelty of the first-class forces!

A dead genius is a waste of waste! not to be worth a hair!

After that, Qiu Wen had a black Qi and a white Qi floating behind him. The two intertwined and gradually formed a shadow of Taiji Yin and yang fish. The sword in his hand echoed with the shadow, and burst into black and white brilliance!

For a moment, people seem to fall into a deserted world, where there are fights and deaths!

But in this wilderness, there was a man with a sword in his hand, who asked the sky, opened up the storm, let the thunder give way, and went on all the way. In front of him, the countless battles and deaths turned into nothingness. The cruel world fell at his feet!

This man is Qiu Wen!

This is the Tianwen clan's momentum in ancient times!

Sword light flash, a sword kill!

Qiu asked the whole person, are integrated into the black and white two color staggered sword, one person a sword, into a black and white electric light, cut to Ye Chen!

Heaven and earth tremble for it! As if this sword is the ultimate question to the heaven and the universe!

In the sky, the elder frowned and asked Yu Zhenzi, "do you need to stop it?"

Qiu Wen's sword is amazing. The artistic conception of martial arts is comparable to that of true disciples!

Jade true son is tiny shake head a way: "such disposition, death is not worth cherishing."

"Oh, what a pity." Another elder sighed.

"Do you really think that if you make a breakthrough, no one will be invincible?"

"Lao Li is going to be sad."

At this time, their eyes were all on Qiu Wen. There were regrets, resentment, anger

What they said was Qiu Wen!

In the eyes of these high-level officials, the super demon who wakes up to heaven's blood can't stop Ye Chen's move!?

If you let others hear, I'm afraid it's really frightening!

And at this time, ye Chen, moved.

He danced the green lotus sword in his hand, and the power of breaking the sky surged in his body. With a sword, he beheaded Qiu.

Even, no sword technique was used.

A sword, ye Chen is slightly frown, seems to have a trace of hesitation and discomfort.

People see ye Chen's look, can't help but get nervous!

Ye Chen, are you afraid now?

The biggest taboo of the strong is stage fright!

Ye Chen's hesitation is doomed to his defeat!

The sneer and ferocity on Qiu Wen's face also gradually enlarged, as if he had seen the victory!

The next moment, black and white sword finally hit Ye Chen's green lotus sword

Click

A broken sound, into the ears of people, but soon, it was a sound as if it can shake the whole world submerged!

Incomparably surging huge force, burst out, without the slightest sword spirit, spiritual power, light, but!

This sword, but cut out the rolling darkness!

The darkness is the broken void!

But originally, the black and white sword with boundless power, together with Qiu Wen, was devoured by the long darkness

Soon, the darkness dissipated and the void closed. Ye Chen, however, frowned slightly and gazed at the green lotus sword.

Light

It's too light

The Qinglian mietian sword is no longer suitable for ye Chen.

Therefore, just at the moment of his sword, there was a moment's hesitation.

However, this does not affect Ye Chen second kill Qiu asked.

He glanced at Qiu Wen's original location. There, only the antique artifacts that were cut off by Ye Chen's sword and Qiu Wen's storage bag were left.

Under the blessing of tens of millions of power, the green lotus sword is invincible, and the ancient ware can't resist it.

Not to mention, Qiu Wen's body, even, did not send out a scream, it completely turned into nothingness.

Ye Chen light way: "it seems that you even a move, can not support."With a wave of his hand, he put away Qiu Wen's storage bag and turned away.

He hoped that Qiu Wen's storage bag could have more excellent materials, so that he could use it to reforge Qinglian mietian sword.

This time, he'll use all the remaining Optimus!

Just thinking about the terrible power of the new Qinglian mietian sword, ye Chen couldn't help but smile.

But in front of the magic pool, there are a group of completely dull, as if they have lost their soul!

Outside the first, awakened the blood of heaven asked Qiu asked, so, dead?

Like mole ants, crushed?

Many people shudder at the thought of the more and more mysterious legend about ye Chen.

Those who have just taunted and insulted Ye Chen are directly frightened and paralyzed on the ground. Even, some people have a broken heart and are almost possessed by fear!

Wen min'er, as if standing in the same place as a wood, suddenly, a crimson, as if burning up, warm.

Just now, she asked Ye Chen to leave, but also to take care of Ye Chen's business? I also feel that ye Chen doesn't know what to do

Isn't it a disgrace!

Wen min'er, she has never made such a fool of herself!

"Hum! Damn man

Wen min'er scolds with shame and anger, and leaves regardless of Wen Jiu's cry.

At this time, ye Chen has come to the refining utensils Pavilion in shenjizong. After making some contributions, he can use the top refining utensils in the sect.

Although Qinglian mietian sword is based on Qingtian stone and is mainly polished by strength, it does not need high-level refining tools. However, it is better to have it than not to have it.

Immediately, ye Chen moved his hand and took out the whole Qingtian stone. Together with many excellent materials from Qiu Wen and others, he put them into the high-temperature magma

Three days later, ye Chen took up a long green sword with great difficulty and put it beside him. He breathed a breath and looked at the emerald green lotus mietian sword, which was more thoroughly green. He raised a smile at the corners of his mouth.

Now the green lotus sword has a more terrible weight!

If you don't use the force of breaking the sky, he can only barely hold it.

This weight is just right for him to use now!

Chapter 2560

However, what made him laugh and cry was that he didn't know whether it was because of the nature of Qingtian stone. Even though he added a large amount of high-quality materials that could be used to forge a top-notch antique, the aura of Qinglian mietian sword was still very weak

After shaking his head, he put away the green lotus sword and went back to his dormitory.

First of all, it was a big sleep regardless of it!

These days, although he has gained a lot, he is not relaxed!

On the verge of death several times, I was tortured by pain all the time!

Even if his body can bear it, his spirit is going to the limit.

You need to relax and recover.

This sleep, enough sleep for three days and three nights!

Three days later in the morning, a ray of sunlight shot into the windowsill, sprinkled on Ye Chen's face, ye Chen slowly opened his eyes, stretched out a stretch, full of energy!

He got out of bed, moved a little, and walked out of the house.

He didn't want to do anything. He just strolled around the ancestral gate. He paid attention to a long stream of practice and relaxed in a proper way, rather than promoting the growth of seedlings. His strength has soared this time, so he needs to slow down his pace.

Walking along, ye Chen came to the xianxinlin in the outer courtyard. This xianxinlin is open to the disciples of the whole clan. Even the servants can enter.

However, when Qiu Wen was still alive, basically, there were few people entering it except himself.

Naturally, the inner disciples and zhenzhuan disciples have a higher resting place, while the general servants and disciples of the outer gate dare not come because they are afraid of provoking Qiu Wen.

But after Qiu Wen died, xianxinlin became more and more lively.

Ye Chen walked into the immortal heart forest and saw a scene like a fairyland in the world. Many disciples were in the forest, meditating, chatting and drinking, showing harmony and auspiciousness.

Ye Chen walks into the forest, and the whole person also relaxes. It seems that he has left the cruel and bloody world of martial arts for a while, enjoying the atmosphere of being aloof from the world and getting a short rest.

Can not wait for ye Chen's smile to emerge, a burst of quarrel then passed into Ye Chen's ear.

Ye Chen slightly a Leng, shook his head, face dew bitter smile, from fantasy, return to reality.

Sure enough, in the world of power, where is there really no competition with the world?

He looked in the direction of the quarrel, but his pupils shrank!

Only a few women surrounded another woman in the middle, and the woman who was surrounded was Chu Ying!

At this time, Chu Ying stood in the same place without any expression. Although it was not long for her to enter the shenjizong, after she woke up, she was extremely talented in martial arts and Tu Lanxin's care. With the resources provided, her strength could also be regarded as a leap forward!

His martial arts cultivation has broken through many small realms! With the unexpected awakening of the body of life and death, the real strength is comparable to the evil spirits in the mid-term of Taixu.

There are three women surrounded by Chu Ying, two of whom are disciples of the outer gate in the later period of Taixu. The first one is a woman with medium and upper appearance, but she is quite enchanting in dress. She cuts the clothes of the disciples of the outer gate by herself, and the hem is shortened to the root of her thighs. She almost exposes her long white legs to the air.

Neckline, also greatly open, showing a large plump white tender.

This woman, named Han Jiao Jiao Jiao, is the seventh heaven of Taixu!

These women's strength, in the outside door, is also considered ordinary, but now Chu Ying, to deal with them, or quite reluctantly.

Ye Chen's eyes flashed, not immediately, but observation.

With his current strength, although these women can be sent away at will, since Chu Ying has been practicing in shenjizong, she has encountered some contradictions, and the dispute is certain. Ye Chen can't show up with her every time to give her some experience in the face of conflicts.

Just show up when necessary.

Han Jiaojiao looked up and down at Chu Ying and said with a sneer, "look at your posture. Is it too empty? Is it a servant disciple? What about your servant disciple's clothes? Don't you understand the rules? Who do you want to seduce by wearing such gorgeous clothes?"

First of all, this xianxinlin is not the place for a little punk like you to come? Think you have a bit of beauty, show off coquettish everywhere? Hehe

Ye Chen's eyes are cold. Under Tu Lanxin's care, Chu Ying naturally doesn't have to start as a choreographer. She doesn't get any clothes. This enchanting woman, dressed like this, still has the face to talk about others?

Chu Yingmei eyes also flashed a cold, expressionless face to open a way: "get out of the way."

Han Jiaojiao flashed a vicious color on her face and said: "ouch, are you angry? Can't see, say you two, still have temper? Think you are pure and pure? "

Then she put the sword on Chu Ying's pretty face and said, "if you are angry, you can compete with me?"

Life and death war, I also follow, I really want to see, your face, after being scratched, still float beautiful? "

At this time, a man's voice came from afar. "Han Jiaojiao, what are you doing? It's not polite to point your sword at others at will? "

What he said was a young man with a handsome face, a good temperament and a clean dress. He was also dressed in the clothes of other disciples. However, his strength was stronger than Han Jiaojiao Jiao!

He went to Han Jiaojiao and separated her from Chu Ying: "can you give me a face for Luyuan? Everyone is here to play. Don't disturb others

Although Luyuan is just advanced in strength, and may be worse than yuan Dao, it is also enough to rank in front of the outside world 100. With Han Jiaojiao, it can be said that the existence of Luyuan is one day and one earth.

In the face of Han Jiaojiao, Lu Yuan was naturally full of confidence. He said, and showed a bright smile to Chu Ying: "don't worry about this younger martial sister."

But at this time, Han Jiao Jiao Jiao saw Lu Yuan, but she showed a playful look. She didn't put it in her heart at all. She asked frivolously, "ha ha, you look like you, Mr. Lu? What a blessing! So soon, there will be fish on the hook? "

At this time, there are more and more people looking towards this side.

"Han Jiaojiao, you should speak with respect and basic politeness," Lu Yuan said

However, he did not refute that Chu Ying was very beautiful. Even in a school like shenjizong, Chu Ying was a first-class existence. Even Wen min'er, the first beauty in the outside world, was one point worse than Chu Ying in terms of appearance.

Han Jiaojiao used her long sword to clap her hands and said, "listen to your tone, are you going to make a start for her?"

Lu Yuan brushed his sleeve and said, "come out? I just can't bear to be bullied

"What a dignified young deer Han Jiaojiao suddenly said in a cold and sharp voice: "however, I don't know if you recognize it. Han Ke, the god elephant fist?"
