Chapter 2831

For the origin of Xiao Huang.

The only thing ye Chen knows is a great power of the samsara cemetery.

Xiao Ling.

It can be said that this is the shortest existence among all the great powers.

It dissipates in cold poison town.

Ye Chen is also the one who knows the least about the samsara cemetery.

Is there any connection between Xiao Ling's life experience and this demon clan?

In other words, Xiaohuang's strange red and blue light is related to some of the existence of the demon clan underground?

Ye Chen's brows are locked, especially dignified.

"Xiao Huang, are you sure?"

Ye Chen asked.

"I'm sure, very sure."

"Good." Ye Chen Mou son a congealing, "next we act according to circumstances, did not get the order, do not act rashly."

"It's time to go down and meet these demons."

Xiao Huang didn't answer. Some strange runes were reflected in her red and blue pupils.

It seems to be the taboo of demon clan.

No one dares to ask about taboos!

.....

Soon, countless first-class disciples gathered at the foot of dijueshan.

There, standing a beautiful woman with red hair, Danfeng eyes, sharp chin and high nose.

With a funny smile on her face, she looked at the high-level of a group of forces and said, "welcome to the ceremony of our demon emperor's accession to the throne. To tell you the truth, we are really afraid that you dare not come?"

When people heard this, they all changed their faces!

Ridicule at first?

These demon clans, really do not put me in the eye?

Which of these first-class disciples is not arrogant?

Everyone's eyes flash with anger!

The red haired woman, however, turned away and said, "please follow me. We have arranged accommodation for you. The ceremony will be held tomorrow."

Say that and walk forward.

And the people, although angry, but no one dares to do it here!

If the single combat effectiveness, the demon clan is far more than the Terran, no one wants to have a positive conflict with the demon clan!

Ye Chen is just looking at the crowd, feeling the strange underground.

And communicate with Xiao Huang from time to time.

As for the banter?

He did not care, did not know that the green emperor demon emperor, was trampled under his feet, these demon clan can still ridicule out?

Later, the demon clan arranged a room for ye Chen and others.

They were quite frank and did not attack the first-class forces in secret.

Because in their eyes, this is the last day of the Terran.

On tomorrow's ceremony, the Terrans will be humiliated in an unprecedented way.

.....

After ye Chen enters the room, he sets up a protective array, which is not so complicated and has little defensive power. However, it is enough to block other people's spirits from exploring and peeping.

After finishing all this, ye Chen and Xiao Huang continue to communicate: "Xiao Huang, do you confirm the general position now?"

However, at the moment, Xiao Huang's eyes are closed, and she lies prone, as if she has entered a state of being settled.

Even ignore Ye Chen.

Ye Chen looks twinkle, suddenly thought of what, Xiao Huang's perception of the place, and Jin tianog's mouth in the holy cave overlap?

He no longer hesitated, light way: "small gold, come out."

A golden light flashed in Ye Chen's arms, and a golden alligator with two horns on its head climbed out. As soon as the crocodile landed, it turned into a human figure, which was just Jin tianog.

Ye Chen asked, "how, when you get to the dijueshan, can you feel where the holy cave is?"

Jin tianog's spirit was released. After a moment, he said with a smile: "childe, it seems that the environment here has not changed much after tens of thousands of years. The ancient cave of demon clan should be in the deep sea in the southeast direction."

Ye Chen is glad to hear his speech.

Jin tianog is eyebrow tiny frown way: "childe, that green emperor demon emperor, you had better be careful some."

"Oh?" Ye Chen eyebrow tip a pick way, "how, this green emperor, do you know?"

Jin tianog smiles bitterly, nods his head and says: "it's more than knowing. He's very familiar. In ancient times, he was one of the super demons in our demon family once in ten thousand years..."

"However, with the appearance of the moon ring, his strength did not recover to the peak so soon. That's the only good news for you. "

Originally, Jin tianog was not sure, but when he released his mind just now, the trace of breath that he sensed was the Qing emperor at that time!

Ye Chen is slightly surprised. He knows that Jin tianog's blood is very powerful even in ancient times. But even he calls the green emperor a super demon?

In other words, the strength of the Qing emperor is far superior to that of Jin tianog? Jin tianog said: "in ancient times, the Terran had many kings, and the Ye family who controlled everything. However, no one in our demon family could shake the status of the Qing emperor and the demon emperor. He was the absolute emperor of our time!

I can say for sure that even if the three kings we met before joined hands, there is no chance of defeating the Qing emperor. "

"In ancient times, the Qing emperor had the cultivation of the heaven God state, but I don't know whether the moon ring vision has made him restore the heaven God state.

Not only that, his noumenon is Cang Long, even in the upper world, it is extremely rare blood, the Qing emperor can be said to be the first strong demon clan in that era!

However, it was also because the Qing emperor was so excellent that he broke the balance between the seventh Shenguo Terran and the demon clan. The Qing emperor was bent on conquering the seventh Shenguo people, which led to a great war between the two clans. Surprisingly, the Ye family of Shenguo did not intervene too much.

But let the guardians of the seventh kingdom solve the problem. In order to quell the war, they had to join hands and pay a very heavy price to seal the Qing Emperor... "

Ye Chen's eyes twinkle slightly, heaven and God realm?

Even if you don't get back to the top!

There should also be chaos, nine layers of heaven peak!

With the Canglong blood, the Qing Emperor may be more difficult to deal with than the ghost king song Ze!

A trace of dignified color flashed over Ye Chen's face. It seems that he has underestimated his opponent

He suddenly stood up and said to Jin tianog, "let's go to the ancient Grottoes now. There is still some time to go before the grand ceremony. Time should be enough."

Before the first battle with the Qing emperor, ye Chen needs to strengthen his strength again to be more secure!

Jin tianog nodded, immediately, two people body shape flash, then quietly left the emperor Jue mountain, toward the southeast direction.

.....

"Well?"

At this time, at the peak of dijueshan, in the secret room of a palace, the green emperor, who was sitting on his knees, suddenly opened his eyes. Just now, he seemed to feel a trace of familiarity?

What's the key here?

"Illusion?" A moment later, the emperor closed his eyes again, and his breath was growing faintly!

He's recovering!

It's a chaotic nine layer sky!

Chapter 2832

At the same time, the nine heaven dragon hall.

In the depth of a magnificent palace.

The dim candle lamp has a sense of solemnity.

The walls lit by candlelight are engraved with ancient Sanskrit.

In the dark, a demon dragon was trapped in chains.

However, the dragon was not restless at all.

Even surprisingly quiet.

And in front of it, stood a graceful girl.

The girl's white hand touched the dragon scale.

Eyes closed.

But his face was full of pain and suffering.

As if some painful picture flashed in my mind.

It's Yelo!

Suddenly, a strange light wave in the air vibrated in all directions.

After ye Luo'er, a man full of Longwei was shocked back a few steps and his face changed greatly.

"Finally Is it over? "

Longwei man was relieved.

As the words fell, Chloe's long eyelashes trembled and opened her eyes.

This time, the light that she used to be smart disappeared.

Instead, there is a kind of unspeakable vicissitudes.

Longwei man stepped forward and said, "have you seen it all?"

Ye Luo Er did not speak, she began to touch the foreign magic dragon with her hand.

Even some pity?

For a long time, yelor's voice rang out: "how long have I been here?"

Long Wei man Mou son a congealed, reply: "I also don't know, but should be fast a month."

"Now, you should understand why we asked your father long Chengtian to bring your mother here."

"Your destination is the nine heaven dragon hall."

Chloe laughed.

"Don't you think it's cruel?"

"Did you ask me what you did to me?"

"Or am I a chess piece after all?"

"You forced me to change everything, even my destiny? Think it's fun? "

"Or do you want to use me to hold down those foreign guys?"

"Am I right?"

"My identity, my blood, my everything, are the chips of you in power?"

Ye Luo Er's voice became louder and louder, and the echo of the whole temple came.

Even with a trace of crying.

Ye Luo'er once thought that the truth was the missing father long Chengtian. He thought that this was the normal game of the holy dragon family.

Now, she found out she was wrong!

It's a mess!

Her values and world outlook, completely collapsed!

"Why are you doing this to me! Why

Ye Luo'er suddenly grabs the clothes of Longwei man.

At this moment, the authority of the nine heaven dragon hall did not resist at all!

Even his face is full of guilt!

For a long time, Longwei man said: "Luo'er, this world is unfair."

"The world is peaceful on the surface, but no one knows how terrible there is in the dark!"

"The little can't control their own destiny."

"The powerful cannot control their own destiny."

"If you want to settle disputes, you have to fall into them."

"Do you understand?"

Ye Luo Er fiercely shakes his head: "I don't want to hear! I Ye Luo Er can't be your chess piece

"Never!"

"I just want to follow brother Ye! And Ji Lin! There are others! "

"I want to go back to kunlunxu, where there is my master, where I belong!"

"I'm leaving! Yes, I'm leaving now

Ye Luo Er fiercely toward the exit!

And just as Jerome's hand touched the door, a voice from behind sounded:

"it's not me who made the decision."

"But the Lord of reincarnation."

"It's your brother Ye."

The next moment, Chloe stopped.

Worried about her gains and losses, she turned her head: "why Why... "

Longwei man did not speak, but walked toward a mural: "this may give you the answer."

Yelor moved to the mural.

The murals are bloody and dark, and full of cruelty.

And in the dark, there is a light down!

Under the light, is a Diwei man!

Man's hands behind him, any darkness can not swallow!

This man is a little similar to brother Ye!

In the key mural, there is a line of words!

"When engulfed by the boundless darkness, there is no other way but to advance."Yelor seemed to understand something.

.....

The seventh kingdom, the demon clan.

Under the sea water, two figures, flashing rapidly, toward the bottom of the sea, it is Ye Chen and Jin tianog!

At this time, the two of them have arrived at the bottom of the sea hundreds of thousands of meters deep, the pressure here, can be called the extreme terror, even the general chaotic environment strong person, can not bear!

However, for ye Chen and Jin tianog, it is nothing.

Soon, an abyss appeared in front of them!

Ye Chen stares at the abyss. The abyss looks extremely dark and deep, but it is full of an inexplicable attraction to Ye Chen!

Ye Chen eyes light flash way: "small gold, is this here?"

Jin tianog nodded his head and said, "master, this abyss is the entrance of the ancient grottoes. A person can only enter the grottoes once in his life. Next, you will go down by yourself. However, before you enter the grottoes, I would like to remind you that although you can gain great benefits in this grottoes, but! It's also extremely dangerous!

Countless demon clans with abundant natural resources have fallen into the grottoes because they can't bear the evil spirit of the grottoes and become the nutrients of the caves... "

"Therefore, it is better not to stay too long in this cave. Even if the record set by the Qing emperor, who was called the first evil spirit of all time, is only three hours! For three hours, it has already been said to be incomparably against the sky! "

Recalling the fierce evil spirit in the ancient grottoes, Jin tianog could not help but show a trace of fear in his eyes. Even with his blood, he was only in the cave for an hour

Moreover, this is still for the demon clan, are so unbearable!

As for ye Chen, everything is unknown. It is even possible that as soon as he enters the holy cave, he will be directly blasted by the evil spirit

Ye Chen nodded, did not say anything more, the figure moved, and then rushed into the abyss without hesitation!

Evil?

In the final analysis, it is just a kind of energy. His constitution has never been afraid of all energy! What's more, he has several kinds of real spirit blood in his body! Reincarnation! The power of xuanbei! God blood! Devil body!

Even compared to the evil spirit of a hundred times of the extremely evil spirit, ye Chen has withstood, let alone the evil spirit?

In the blink of an eye, ye Chen ignored the water pressure and went down to the end of the abyss.

A huge bloody gate embedded in the sea bottom appears in front of Ye Chen!

Chapter 2833

For Xiaochen, it is not necessary to open the gate of Xiaochen.

Seven times of blood light, in his body surface explosion, road golden light shining, the ultimate huge force surging!

Ye Chen turns his wrist and holds the evil sword. The meaning of Zhenwu is surging out!

The next moment, he mercilessly a sword, toward the bloody gate, all his strength to cut!

There was a loud noise, the sea water was tumbling, and the bloody gate was shaking wildly. On the surface, the blood light flashed wildly. Ye Chen's sword cut a crack!

Ye Chen's eyes flashed, his all-out sword, unexpectedly, only cut the gate open a thumb wide crack?

However, that's all. Since there are cracks, it shows that the bloody gate can't completely resist his attack!

At the next moment, ye Chen's arms moved, and the light of the sword flashed wildly. He kept on attacking the huge gate!

The sound of roar is constant, and the strong impact stirs the sea water. In the deep sea, countless creatures are shaking under Ye Chen's chop!

Finally, the crack on the bloody gate is getting bigger and bigger. Finally, ye Chen cuts open a crack one person wide!

Ye Chen's body moved and instantly passed through the crack. He glanced back. The crack on the bloody gate behind him actually closed quickly at the moment he passed through.

He turned his head and his pupils shrank!

The so-called ancient grottoes are just like a small world!

On the one hand, it's a small world full of blood and filled with the breath of antiquity!

His feet a meal, fell on the red land, also in this moment!

A strong evil spirit, suddenly burst out, towards Ye Chen, swept over, madly into his body.

"This is..."

On Ye Chen's face, there is a touch of surprise. The rolling evil spirit is incomparably pure. Moreover, it has some strange breath, as if it can stimulate the potential explosion in the depth of his blood!

At this time, the white tiger spirit blood, broken God ape spirit blood, Kirin spirit blood and so on in Ye Chen's body are boiling under the effect of this strange breath. Vaguely, ye Chen feels the power of these blood vessels, and improves!

Not only that!

Red dust God pulse, Lingfeng God pulse! Reincarnation blood, all strange ascension!

The color of ecstasy flashed in Ye Chen's eyes, and he was going to cross his knees and begin to absorb this strange evil spirit. But suddenly, in his brain, there was an old man's voice of alarm!

"This Is this the spirit of a demon? "

Ye Chen a Leng way: "day demon's gas?"

What's the spirit of the demon that day, how can I be so surprised?

Lao Cang was a little excited at this time!

He said excitedly, "boy, you've made a lot of money! The spirit of demon is a good thing

"The sky demon is a kind of demon family existing in the legend. Some people say that the sky demon is the ancestor of all demon families! In the body of the heavenly demon, we have the blood origin of all the demon families in this world!

It is precisely because of this, the spirit of heavenly demons can be described as the blood origin of all demon ancestors, which can easily make the blood vessels of excellent demon clan mutate or return to their ancestors! "

"At the beginning, the purpose of creating the grottoes was to melt into countless high demon clan corpses and form a wisp of heavenly demon spirit the day after tomorrow. However, the probability is very small. Even in the upper bound, there are almost no demon clan caves with the spirit of heavenly demons!"

Ye Chen smell speech, even with his heart, are can not help but issued a laugh!

This ancient cave is really the right place!

Laocang said: "boy, there should be a core in this small world, where the spirit of heaven demon is the most strong. Although the spirit of heaven demon is extremely lethal to human beings and even most demon families, it is extremely fatal to absorb too much. However, I believe that with your constitution, you can bear it. Moreover, you are likely to be able to practice the body of heavenly demon!"

Ye Chen eyes a bright way: "this day demon body, very powerful?"

"Ha ha, although the body of the heavenly demon is not as terrible as the legendary one, it is far superior to the ordinary ancient deities. Think about it, how strong will your body be when the blood of countless high demon families are absorbed by you?"

Ye Chen is extremely excited to nod, powerful mind, swept out, looking for the day demon gas, the most rich place!

A moment later, ye Chen's eyes flashed, and his body flashed. Then he appeared in the sky of a bloody lake. He gazed at the bloody Lake under his feet. From the lake, bursts of bloody air came out, which was disgusting, but!

In addition to the bloody gas, there is a very strong spirit of the sky demon!

The next breath, ye Chen will plunge into that bloody lake!

The blood and water of the whole lake suddenly flowed rapidly and turned into a bloody whirlpool. In the center of the whirlpool, it was Ye Chen!

The rolling blood rushed into Ye Chen's body crazily, and his face showed the color of pain. Even with Ye Chen's physical strength and bearing so much demon Qi at one time, his meridians began to burst! However, he did not stop, but according to the old man's instructions, he quickly pulled the spirit of the heavenly demon into the body, and injected it into the acupoints in a certain mysterious way!

Time, minute by second

.....

Beyond the abyss of the sea, Jin tianog frowns tightly and his face is incomparably deep!

Ye Chen, it has been eight hours since I entered the demon cave, but I haven't come out yet!

His eyes flash, even if he has great trust in Ye Chen's strength, his mind can't help shaking for it!

Ye Chen, can't fall in that holy Cave

Otherwise, why is it that eight hours have passed without coming out?

It's impossible. It's been so long. Are you still practicing in the grottoes?

Even the ancient demon clan, the strongest one in those years, created a record of only three hours, but these three hours have been unprecedented and no one has come, almost miraculous achievements!

But now, ye Chen is in the holy cave, the time he has been staying is several times that of the Qing emperor!

How could that be possible?

Ye Chen is really evil and rebellious. Even Jin tianog admires Ye Chen sincerely. However, reason tells him that ye Chen, no matter how strong he is, is only a human being. How can he stay longer than the top demon clan in the cave?

But even so!

Jin tianog, still did not leave, he gazed at the dark abyss, do not know why, even if contrary to reason, he believed that ye Chen must not have died!

Ye Chen, is not the existence that can be measured by reason, is it?

At the same time, a strong evil spirit rose from the sky on Mount dijue!

Chapter 2834

In an instant, both the Terrans and the demons on the emperor Jue mountain suddenly changed their faces, and their eyes were wide open, just like being hit by a thunderbolt! Trembling, lying on the ground!

Some weak cultivation of human beings, demon clan, in the shock of the breath, have spit blood, breath wilting!

It's a serious injury on the verge of death!

Yang Chiyuan, Yu Zhenzi, Shen Jinkun and others stepped back. Their clothes were soaked in cold sweat. Their eyes were covered with blood and their pupils were shaking wildly!

This, this, is that green emperor demon emperor's breath?

He, at this time, broke through?

Such a terrible breath, if they have not guessed wrong, it should be the existence of half step heaven and God, can have it!!!

Those who wait for the moment are full of confidence in the power!

Shaken wildly!

The terror of the Qing emperor is far beyond their imagination!

Half step of the heaven God realm, this is about to touch the God!

Ye Chen, no matter how strong he is, he can't defeat the strong man in the half step heaven God state, right?

Not to mention, generally speaking, the strong demon clan can crush the warrior of the same rank!

One by one, their faces were gray and their eyes were full of despair.

Terran, really dying

To be a slave of the demons

All of a sudden, the breath of terror converged. At this time, the people dared to breathe. Under the shock of the breath, they couldn't even breathe

At this time, a roar of a tiger rang through the whole dijie mountain. In the roar of the tiger, there was a voice of a young man: "the demon emperor has his life. All human beings, climb the top of God Jue mountain, see his majesty!"

People looked at each other. Many disciples of the first-class forces even became weak with fear. Even the better ones were pale.

Many of the Terrans on dijie mountain were completely shocked by the monstrous spirit just now.

However, no one dares to disobey the orders of the demon emperor, even though they are afraid. Under the leadership of the master of the gate and the master of the family, they walk towards the peak of dijueshan

Soon, most of the people who came here gathered at the top of dijie mountain.

One by one, they were all trembling.

And the surrounding demon clan looked at them, the face is undisguised contempt, disdain color, countless ridicule, echoed in the top of the mountain.

"Ha ha ha ha, how can these human beings look so scared to death?"

"It feels like a pig in a pigsty."

"Is this the so-called first-class sect? Human beings are disgusting

But at this time, these first-class deities of the kingdom of God are all dead low head, let alone these demon clan insult, let alone refute, even dare not look at those demon clan!

At the top of the mountain, on the only stone seat, sat a man in green robe, who was the Qing emperor.

He opened his eyes in the direction of God

The moment the emperor opened his mouth, even those rebellious demon clans were immediately quiet.

Jade true son complexion a congealed, deep voice way: "yes, the demon emperor, in the next god extreme patriarch jade Zhenzi."

The green emperor nodded, and his eyes swept over the faces of the disciples of shenjizong, but he could not help but frown and said, "where is Ye Chen, the first genius of the seventh kingdom of God?"

When Yu Zhenzi heard the speech, he felt a cold sweat on his forehead and his heart beat wildly. When he just left his residence, he did not see ye Chen either!

When hearing this, they were all in a daze. Subconsciously, they looked in the direction of shenjizong. All of a sudden, the pupils of numerous Terran warriors shrank slightly!

Ye Chen, where have you been?

Yu Zhenzi took a deep breath and tried to calm down his mind. He said, "reply to your majesty, ye Chen is in the process of closing down to prepare for the war."

Yu Zhenzi, in fact, is not sure that ye Chen is in the closed door, but, can only say so.

At this time, a group of martial arts of the human race, all look different!

Shut up?

When they arrived at dijueshan, there was only one day left for them to fight against the Qing emperor. What could be done to close it?

Can ye Chen break through directly like the Qing emperor?

At this time, a sneer suddenly rang out.

Standing beside the emperor, a young man in white robes, with blue eyes, looked at Yu Zhenzi and said, "shut up? You are the strongest of the Terrans. Are you really working hard?

This is the time, still closed?

I don't think it's a run away, is it? Hehe, however, it is no wonder that he, you human beings, have always been very smart. If he runs away after feeling the terror of his majesty, it would be a wise move. "When Bai Xie Fei said this, the top of emperor Jue mountain fell into a period of silence.

The faces of countless human beings are extremely ugly, and their eyes are full of fear. If ye Chen was really frightened by the breath of the green emperor and ran away, he might be OK, but the people on the emperor Jue mountain are dead!

They will replace Ye Chen to bear the wrath of the demon emperor!

In addition to fear, more is resentment!

The reason why they are willing to come to dijueshan is because they believe in Ye Chen and the young warrior who stands at the top of the seventh Shenguo people!

But ye Chen, he ran away?

Left behind so many compatriots and escaped?

How can they not hate?

Yu Zhenzi gritted his teeth, staring at Bai Xie Fei, and said, "stop! Why slander others without proof or evidence? Ye Chen is the pride of our seventh God Kingdom and the belief of our God Jizong. He can never avoid the war, let alone escape from battle! "

With that, he looked at a group of warriors and said, "gentlemen! We come here because we believe Ye Chen. Do you forget what kind of warrior Ye Chen is!

If we doubt Ye Chen just because of others' words, why should ye Chen fight for us! On the day of the decisive battle, ye Chen will surely stand in front of us! "

Yuzhenzi knew that Bai xiefei was much better than him, and even stronger than all the Terran warriors present. At this time, confronting Bai xiefei was almost looking for death!

But even so, he did not allow anyone to insult Ye Chen in front of him!

Everyone was shocked when they heard the speech!

Yes, proud as ye Chen, how could he escape?

If ye Chen was a man who would escape from battle, he would not have come to dijueshan at the beginning!

In the eyes of all, there is a moment!

What they can do now is to trust ye Chen!

Chapter 2835

At this time, Bai xiefei's eyes were full of fury, and his whole body was full of demons and fury. With a pair of blue eyes, he locked in yuzhenzi, just like a giant beast that chooses people to eat!

Just a piece of garbage to no longer garbage, humble human, dare to contradict themselves?

Even, in front of so many demon families, in front of the demon emperor Qingdi, scold and blame themselves? Let yourself lose face?

Hehe, it seems that these people really think that they can be equal with him?

White Xie Fei Demon power surging, blue eyes, killing machine explosion flash, actually is not saying a word, directly toward Yu Zhenzi, a palm hit!

A tiger's claw shadow, which is composed of Demon power, appears out of thin air and goes towards the top of yuzhenzi's head!

The huge force contained in the tiger's claws actually made the whole emperor Jue mountain tremble faintly! The Tao is dead and encircles the tiger's claw. This claw is enough to shake the law of martial arts!

But Yu Zhenzi, who was under the tiger's paw, looked crazy and raised his head in horror. At this moment, in his eyes, it was as if the whole sky was in his eyes, falling down!

Don't say, it's dodging. He can't even move!

Before the tiger's claws fell down, the bones of Yu Zhenzi's whole body began to crack, and the blood ran wild. His body was on the verge of collapse!

The warrior of the human race, one after another, showed the color of horror!

The demon clan is really cruel and cruel. They will kill people at any time. Is it true that yuzhenzi, the strong man of the shenjizong generation, will fall here today?

At this moment, a figure flashed in front of Yu Zhenzi's body, which turned out to be a terrifying tiger's paw!

Everyone's eyes are bright, is it Ye Chen?

They looked at him with a long gun in his hand. His face was very dignified. He drank so much that the Yang breath surged and the real martial spirit came out. On the spear, the red gold light was shining. It was like a sun rising above the gun tip!

This man is Yang Chiyuan!

At the next moment, there was a big bang, and the tiger claws collided with the sun. The strong aftershocks swept through the Western Zhou Dynasty.

Yang Chiyuan's body was flying upside down. His hands with the gun were bleeding and his bones were broken. His body, too, was hit by Bai xiefei's palm. He spat blood from his mouth, and his breath quickly decayed!

This random attack actually made Yang Chiyuan, a strong ancient man in the middle and later period of chaos, seriously injured!

Even though Yang Chiyuan resisted, Yu Zhenzi still burst out a burst of blood mist, and the whole person was paralyzed and was on the verge of death!

Bai Xie Fei's strength is so terrible!

People, looking at the ferocious color of Bai Xie Fei, can't help their legs shaking!

Is this the strength of the demon clan?

Bai xiefei stepped forward and coldly looked down at yuzhenzi on the ground. As soon as he raised his hand, he was about to kill yuzhenzi completely. However, the Qing emperor on the stone seat said faintly: "enough, go back."

Bai Xie Fei hears the speech a Leng, full of eyes unwilling color, but still put down the hand, returned to the green emperor side.

The Qing emperor said faintly: "yes, the battle between the emperor and ye Chen is indeed still some time. Now, he has not appeared, and I will not investigate."

"But if ye Chen betrays his word and there is no one else here in a few hours, I promise you that he will use all your life to wash the mountain of dijueshan with blood!"

Demon clan, most of them attach great importance to commitment. Since the time of decisive battle is agreed, it can't be changed. However, because of this, they hate those who break their promise!

In everyone's heart, is Yilin!

.....

In the grottoes, ye Chen is immersed in the blood whirlpool. On his body surface, he gradually appears the blood color lines of Taoist miracles. At the same time, his breath becomes extremely strange

Actually, it sent out a very strong evil spirit!

Just like the top demon clan with extremely strong blood!

Moreover, the evil spirit is still growing fast!

At the same time, the pure evil spirit, blood gas and heaven demon spirit of the whole holy cave continuously pour into Ye Chen's body. He seems to have absorbed all the accumulation of the whole holy cave!

If Jin tianog is here, it will be frightening!

Ye Chen, where or what kind of human?

Simply, more than the demon clan demon clan!

Even if it was the Qing emperor, let alone the spirit of the heavenly demon, he had absorbed such a large amount of pure evil spirit, and he would have been dead for a long time?

But!

Ye Chen, however, seems to have not reached the limit in general, in a crazy devouring all the holy caves!

This is the power of reincarnation!

The world's blood, if the reincarnation of blood for the second!

No blood, dare to speak first!

What's more, every time ye Chen breaks through one level of realm, he needs tens of thousands of times more resources than those of the same level!

This is why Ye Chen's realm is so low! Because reincarnation makes his breakthrough too difficult!

.....

At this time, a simple array was arranged in a house on the dijue mountain. The powerful men of the kingdom of God, the United States and others, gathered here!

Including Yu Zhenzi, who has just regained consciousness after serious injury, and even can only lie in bed and can't walk down!

But in addition to yuzhenzi, other people's looks, it seems that they are about to fall into hell!

I'm so scared!

They just got the news that ye Chen was not in the house. Even in the whole mount dijueshan, ye Chen could not be found!

Huo Quan stepped forward and grabbed the collar of Yu Zhenzi, who was seriously injured. He roared: "what else do you say to believe Ye Chen? Ah? I cheated you! What about ye Chenren now? You mean, where is ye Chenren

His whole body breath almost burst out. Yu Zhenzi, who was already seriously injured, vomited out a mouthful of blood, and his look was even more dispirited.

However, the strong one of the first-class forces did not stop it!

Instead, he looked at Yu Zhenzi without expression.

They are completely disappointed with Ye Chen!

What is the strongest of Terrans?

What kind of pride?

Ha ha

Ridiculous! Ye Chen is just a mean person!

At the beginning, he thought that he was invincible and could crush the green emperor at will, so he accepted the challenge and came to dijueshan. After feeling the breath of the green emperor, he was scared to flee immediately?

But at this time, Yu Zhenzi, facing the questions of the public, can only be silent. He does not know where ye Chen has gone.

"All right." Shen Jinkun said coldly, "don't embarrass him. He should not know. The matter has come to this point, we can only fight to death! How many can escape, how many! "

Hearing the speech, they nodded, but their eyes were dim

Escape? There are innumerable demon clans on the dijue mountain. What's more, they are still among the demons and gods. Where are they going to escape?

Chapter 2836

If at that time, ye Chen still does not appear, it is estimated that they will all die in the hands of the demon clan because of Ye Chen.

Only jade true son, in the eye, still flickers the firm light!

No matter what others said, he always believed that ye Chen would go back to dijueshan before the decisive battle!

Huo Quan snorted coldly and let go of yuzhenzi. All the powerful people in the kingdom of gods turned and left one after another.

.....

A few hours later, at the top of Mount dijueshan, a group of human warriors stood here, as if on the execution ground, waiting for the executioner.

Now, ye Chen, still did not appear

Everyone, looking for the whole dijue mountain, did not find Ye Chen's figure.

Around those demon clans, look at them, the face is full of ridicule and fun, as well as incomparably rich bloodthirsty color.

The first strong man of the Terran escaped!

Now that ye Chen has escaped, today, they can kill!

Bai xiefei laughed and said, "you didn't have to believe in the pride of any human race yesterday? Is it not that the strongest of the Terrans will never escape? Yeah? Have you found your pride? "

All of a sudden, he grinned and looked at a group of human warriors with the garbage like eyes and said, "you're such a low-level waste, still talking about pride? Don't laugh at me

A group of warriors, insulted and ridiculed, are still silent. They even have no will to refute and give up completely.

What's the use of dignity when people are dying?

"Ye Chen, definitely will come back."

At this time, a hoarse, weak, but very firm voice, but it was introduced into the top of dijueshan mountain, everyone's ears.

That's yuzhenzi's voice.

Bai Xie Fei glared at Yu Zhenzi fiercely. Now, do you still want to believe that ye Chen?

He sneered, "old man, who allowed you to speak?"

Waste, should be in front of them, continue to humble down, ah, unexpectedly, still with him?

"No one can save you today." Bai Xie drank fiercely and said, "the Terran betrays the demon emperor. This is a great disrespectful death penalty. Now, kill me!!! Kill till there is none left! "

That innumerable demon clan, all is sends out the sound to cheer!

It's time to release your nature!

They turned into noumenon one by one, a monstrous monster, and rushed towards the panicked Terran warriors!

However, those Terran warriors just screamed in horror and fled in different directions. Even a trace of their will to resist had disappeared.

If it goes on like this, the millions of warrior people will be killed by the demon clan here within a few breathing time, right?

Bai Xie flashed in his flying eyes. He wanted to shoot yuzhenzi to death with one hand. But at this time, there was an explosion in the sea area around dijueshan!

Two figures, flying out of the water at a very fast speed, came to the top of the mountain in a blink of an eye!

A man in a golden robe.

It is Ye Chen and Jin tianog!

Finally, at the last moment, ye Chen caught up!

In a moment, countless demon clans, all of them stopped their movements, and the Terran, who was preparing to flee, saw a flash of light in his eyes when he saw Ye Chen! On the face, appears the inconceivable color!

Ye Chen, actually came back!

Then there was ecstasy!

The ecstasy of the survivors!

Although, they still do not think that ye Chen can defeat the Qing emperor, but even if ye Chen died, their lives were still saved!

But those demon clans, looking at Ye Chen, are extremely contemptuous. They just think that they can really change what?

On the contrary, the man with gold robe beside Ye Chen attracted more attention of demon clan!

They looked at the man in the gold robe. In their eyes, they were full of fear!

They can feel that Jin tianog is also a demon clan, or a demon family with incomparably terrible blood!

At this time, ye Chen, as always indifferent, but, the temperament of the whole person, is a subtle change! Only, this kind of change, too introverted, almost impossible to discover!

Ye Chen glanced at the people on the emperor Jue mountain, but suddenly his face sank. He flashed and came to yuzhenzi. He put a pill stained with his own blood into yuzhenzi's body. He apologized: "master, I'm late. I'm worried."

Yu Zhenzi smiles and shakes his head and says, "I believe you will come back from the beginning to the end."

Ye Chen nodded and turned around. His eyes were incomparably Sen and he scanned a group of demon clans and said, "who hurt my master?"

A group of demon clan a Leng, then, burst out a burst of laughter!

Will the whole emperor Jue mountain shake with laughter! This man, can you really pretend?

Hurt his master?

If he killed his master, what can he do?

Bai Xie Fei, with a faint smile in his eyes, walked up to Ye Chen and said with a sneer: "it was I who injured your useless master. Do you want to avenge your master? I'll give you a chance. Do you want to do it?"

What is the right of a lowly human like you to fight the demon emperor

After that, Bai xiefei was full of evil spirit, and suddenly burst out. The Demon power in his body was running at a high speed. In an instant, he turned into a white tiger with wings on his back and roared at Ye Chen: "let me do it for the demon emperor, and crush you, the so-called first genius of the seventh divine Kingdom, into meat foam!"

After that, he was full of huge force, the tiger claws moved, the storm rolled, the air was compressed, the space hissed, the world was turbulent!

This claw, mercilessly toward Ye Chen's head!

Under the curtain of white tiger's claws, it seems that the white leaves have disappeared!

This claw, strong to the extreme, even, than Bai Xie Fei crush Fengtian that claw, more terrifying!

Bai xiefei, already out of full strength! In this claw, the cultivation of chaos is reflected incisively and vividly! Even the human warriors in the general chaotic environment will be killed with one stroke of a second under the tiger's paw!

Terrifying the mind!

But at this time, ye Chen is facing this extreme claw, actually moves continuously, has not moved once!

The countless warriors of the human race are all eyes trembling, strong fear, gushing from the heart

Is Ye Chen and yuzhenzi the same, in that tiger claw under the pressure, can avoid the strength, do not have?

But the next moment, ye Chen, but raised a hand, seemingly incomparably casual, toward that big tiger claw, a punch to go.

After one ten thousand breaths, ye Chen's fist collides with that startling tiger claw!

Time, with a moment of stillness, all the people present, whether it is people, or demons, eyes, are in rapid contraction, mercilessly inhaled a cool breath!

Chapter 2837

If the whole country can be smashed, it will be smashed

Not only the tiger's claws, but even the huge white Flying Tiger didn't even scream. Under Ye Chen's fist, it turned into a blood mist!

Shocked, Emperor Jue mountain, whether it is the Terran, or demon clan, ye Chen this fist, shocked!

That claw suppresses the Phoenix heaven demon emperor and cultivates it as terror. Bai Xie Fei, whose body is a high-level blood vessel with two wings and white tigers, is beaten into blood mist by Ye Chen's random fist with one full blow?

Even a trace of resistance, have no ah!

Jin tianog's eyes trembled, and a wisp of smile appeared at the corner of his mouth.

Ye Chen, in the holy cave, stayed nearly ten hours!

For the first time!

Such achievements, can the ancient demon clan, the super genius of all ages are scared to tremble?

When ye Chen walked out of the abyss and appeared in front of him, with the strong evil spirit all over his body and the supreme deterrent brought by his blood, Jin tianog could not help but kneel down to Ye Chen.

Jin tianog, who has the blood of golden crocodile dragon, kneels down.

At that moment, he seemed to see the legendary ancestor of Wanyao

Sky demon!

That's the blood of the demon!

At this time, ye Chen, with what degree of strength?

Jin tianog, can't be measured.

Even the green emperor on the stone seat is a shrinking pupil, in the green eyes, a forest!

Ye Chen is expressionless, and his eyes sweep the countless demon families on the top of dijue mountain. Those fierce and cruel demon families are actually under Ye Chen's gaze, and they dare not look at each other!

Ye Chen said coldly: "those who insult my people will die!"

These six words break the silence on the top of dijue mountain!

Countless Terran warriors, issued a very excited roar, blood, are boiling for it!

This short six words, let them find the dignity of the human race!

This is the pride of their people!

This is what they expect to see!

At this moment, the warrior of the human race secretly vowed that from now on, he would never have any doubts about ye Chen, and would never waver any more!

Otherwise, how can we live up to these six words?

How to be worthy of, say these six words Ye Chen!

Ye Chen looked at the green emperor and said, "you want to fight with me?"

At this time, the green emperor stood up slowly. The indifference on the original surface actually disappeared, and turned into a kind of terrible war spirit which made people feel cold at the bottom of my heart!

He's laughing!

Very incomparably excited smile!

The Qing emperor was invincible all his life. He never had an opponent who could make him feel exciting and dangerous. Such a battle is always boring.

And at the moment, in that pair of green eyes, the reflection of the man's figure, for the first time, let the Qingdi's heartbeat, crazy accelerated!

In front of him, the first strong man of the Terran, gave him an extremely dangerous feeling, even brought the shadow of death!

Is that terror?

For the first time in his life, he experienced the taste of fear.

At the next moment, he burst out a roar of laughter. Only such a battle can be called a battle!

"Ye Chen, fight against the emperor!"

With a roar of the green emperor, the powerful evil spirit of the half step heaven God Kingdom startled the sky, and the heaven and earth changed color. The original clear sky was instantly filled with dark clouds, thunder and lightning rolling, and the wind was howling. In the sea area, there were huge waves, as if to submerge the whole world. It was a scene of doomsday!

His body moved and leaped into space. His body expanded rapidly. Green scales with cold light appeared on his body surface. Every scale was the size of a human head!

If you look at it carefully, you can find that there are countless fine blue runes shining on the scales!

In a twinkling of an eye, the green emperor has turned into a giant, covering the sky and the earth, and the body is looming in the clouds!

This is the body of Qing emperor, Canglong!

Ye Chen's eyes sank, rolling dragon power, filled the world, countless demon clan, are facing the Canglong figure, can not help but kneel down on the ground!

The green emperor's dragon power, I'm afraid, is a hundred times higher than the golden sky!

At the next moment, ye Chen also moved and appeared in the sky. They all knew that if they fought on the dijue mountain, the people of both ethnic groups would be killed and injured in the aftermath of their battle!

One man, one dragon, at the end of the sky!

Air, like solidification!

All of a sudden, in the eyes of the green emperor, the green awn flashed, and he said: "Ye Chen, you are one of the opponents of the seventh divine Kingdom recognized by the emperor in this life. Don't let me down!"

Before ye Chen appeared, the Qing emperor never thought that after the fall of the Ye family, the seventh kingdom of God, excluding Mo Xueming and Xuanyuan moxie in Tiandao palace, was such a terrible race! Ye Chen said with a faint smile, "well, I'll give you a gift."

"Heaven demon body, open!"

The dragon eyes of the green emperor were shocked, and the Terrans and demon clans on the emperor Jue mountain also showed the color of horror one after another!

At the moment, it is a terrible evil spirit, breaking out in the sky!

An evil spirit, even more terrible than the Qing emperor, actually rose from ye Chen's body!

How could that be possible?

How can human beings have such terrible Demon power?

"Heavenly demon?"

In this evil spirit, even if it is the green emperor, the dragon's body trembles slightly. With his blood, this can't happen at all!

Only the legend of the day demon, will let him have such a reaction!

At this time, ye Chen's body size soared to three meters high, a head of black hair, turned into blood. His body even flowed runes, just like dragon scales. His muscles were bulging, containing infinite power. In his eyes, blood was floating!

Ye Chen's face, floating with a wild smile, in the day of the body of the demon state, he has a kind of action between, can destroy the whole world feeling!

The key reincarnation blood is too overbearing, and can be perfectly integrated with all blood vessels!

At this time, ye Chen's strength has increased by 30%!

Physical defense, double!

Reiki condensed degree, double!

Resilience, double!

On the whole, ye Chen's strength almost doubled!

However, ye Chen's breath is rapid up, the body state of the demon, the aura in his body, is also rapidly consuming!

Even with the surge of his aura, he could not maintain this state for too long. Today's Ye Chen can only fight for half an hour in this state!

In half an hour, we're going to win or lose!

Ye Chen turns his wrist and holds a long black sword! The whole body seven times blood light erupts, the golden awn flickers, will burn the blood formula, breaks the sky power and so on, displays simultaneously!

At this time, the green emperor recovered from the shock. He let out a roar of a dragon that shook the whole world. A burst of blue thunder broke out all over the body. The blue thunder instantly condensed into a huge thunder ball with a diameter of more than 1000 meters, and then it was bombarded and left towards Ye Chen!

Chapter 2838

Face the thunder ball!

Ye Chen takes a deep breath. The meaning of real martial arts is surging out. He winds around the Sha sword. The blood color rune, startles the sky. With a fierce sword, he cuts towards the thunder ball!

In the light of the sword, the void disappears, and the endless darkness with the breath of death diffuses at the end of the sky. Even though there are countless distances apart, the two clans on dijue mountain still feel a strange feeling that heaven and earth are twisted for it!

They know that this is because the martial law in the two people's attack, completely distorted!

Countless cold awns, like a superstar falling down, cut towards the thunder ball, with a loud, earth shaking sound, and incomparably dazzling brilliance, blooming in the sky!

But!

Ray ball is not a bit broken!

Instead, it condenses into a Thunder Dragon shadow!

Towards Ye Chen!

"Bang!"

Endless waves of air surging!

Ye Chen's body is violently shaken to fly out!

The clothes on the body were all broken into pieces.

Ye Chen inserts the evil sword on the ground, but he draws a deep like a natural moat!

Shocking abyss!

"Ye Chen!"

Yu Zhenzi is a little excited. His palms are full of sweat!

So are many disciples of shenjizong!

They're in a panic!

If ye Chen failed, the consequences would be unimaginable!

This is a devastating blow to the seventh kingdom!

"It's OK."

Ye Chen showed a smile, raised his head and gazed at the high green emperor.

Qingdi, very strong!

At least now he is not easy to win!

But ye Chen is not afraid!

The green emperor looked at Ye Chen from a commanding position and said, "this is your strongest strength. It's really disappointing."

"I admit that the body of the demon is very good, but you are a human race after all!"

"You don't deserve it!"

"Now, the emperor makes you feel scared!"

The next second, it is a blue thunder spit out!

This time, there are countless Ancient Runes on the blue thunder!

The fury of the evil spirit continues to overflow!

Terrible!

Thunder even turned into a sword to kill heaven!

Come down from the sky!

Devour everything!

At this moment, ye Chen seems infinitely small!

The earth trembles!

Ye Chen's eyes are extremely dignified!

Because, he felt that his Lingxiao martial spirit was not enough!

Can't shake!

He looked at the reincarnation cemetery, the old man and the old maniac were dim! It's impossible to help yourself!

The only one who can help himself is Lingtian arrow God!

However, Lingtian arrow God is to eliminate Ye Chen's idea, light way: "last time I shot for you, has not recovered."

"I still have something to do. I need to retain some strength. I can't help you all the time."

"You can't depend on me."

"It's not good for your martial arts."

Ye Chen Mou son a congeals, no longer nonsense, tightly grasps the Sha sword!

"Six sword gods, six swords return to one, cut all the sky, I am God!"

A sword, like reincarnation rebuke anger, punish all sentient beings, the light of the sword is like a cold star falling to the ground and destroying the heavens!

Suddenly increased to an unmatched force, this demon clan, seems to be trembling for it, the space is broken, the gale howls, terror to the extreme!

The cold sword light, and the fierce blue thunder, crash!

Rolling thunder, spread and spread, the presence of a crowd of chaotic warriors, actually some can not bear, back crazy retreat!

Dust flying!

Enough seconds, just gradually dispersed!

However, when people saw everything in front of them, they were shocked!

Because a young man, holding a bloody sword, confronts the thunder to kill the sky sword!

Youth blood mist! Body shaking!

On the verge of collapse!

Such a huge power, unexpectedly did not let the youth kneel down!

Young eyes are still resolute to the extreme!

This is not to accept!

The emperor was surprised: "didn't you die? Don't say to cut the bad situation, even if it is a strong person in the late chaotic period, under this move, it should also fall. "

"Something."

The next second, Zhutian sword with a raging thunder, kept pressing down.

Obviously, the emperor intends not to let Chen ye go.

Everyone did not notice that ye Chen was embarrassed, but he laughed!

At the moment, ye Chen has activated Lingfeng's and red dust's divine pulse to the extreme!

Red dust God pulse to protect themselves!

And Lingfeng's pulse is constantly absorbing energy!

It's almost activated!Almost!

With the improvement of Ye Chen's realm, Lingfeng Shenmai needs more energy!

And the power of Qing emperor activated Lingfeng's pulse!

At the moment, the green emperor realized that something was wrong, because under such power, ye Chen was not dead!

What's more, he found that the blow he released had disappeared!

"This..."

Before he could speak, he suddenly noticed that the Terran youth under the sword of Zhutian laughed!

Smile incomparably ferocious!

"Ling Feng, open up!"

"Qingdi, give it back to you!"

Suddenly, a roar broke the sky!

The breath of Ye Chen breaks out completely in this moment! Straight into the sky!

He was surrounded by thunder!

Just like Lei Daozhen Jun!

It's like a real God coming!

The sword of Zhutian is completely destroyed!

Thousands of thunder in the body of a young man!

The youth soared to the sky and chopped at the emperor with one sword!

The next moment, a dragon roar, in people's ears, as if, incomparable pain in general!

Blue dragon blood, turned into a vigorous blood rain, splashed down, filled the whole demon God!

Everyone's eyes shrink, the demon emperor is hurt in this sword!

At this time, a light appeared on the green emperor's big dragon body, which resisted the powerful blow of Ling Feng's pulse!

It's obviously a protective thing!

After the light dissipated, a wound tens of meters long appeared on the green emperor, tearing the extremely hard blue dragon scales and letting blood flow. However, this seemingly ferocious sword wound was nothing to the huge body of Qingdi.

And, that wound, still fast healing!

At this time, a white fog swept over the head of the Qing emperor, and suddenly solidified. A figure emerged from the white fog. Holding a long sword, he was about to cut off his head!

It's Ye Chen!

He knew that half of Ling Feng's power was blocked by the green emperor's bodyguard.

So after a sword was cut out, he actually displayed the magic power of atomization and lurked on the top of the green emperor. With the strengthening of the spirit of the heavenly demon, the power of the atomizing magic power has been greatly improved!

But at this time, the green emperor's pupils shrank, the cold light flashed, a big dragon claw, with a very fast speed, towards the condensation of Ye Chen!

With a loud bang, this claw is firmly grasped on Ye Chen. Compared with the dragon claw that seems to tear the sky apart, ye Chen's body is extremely small. Even if it is a mountain of tens of thousands of feet under this claw, it will be smashed in an instant, right?

But! Such a terrible claw, but did not crush Ye Chen's body!

It can be imagined that Ye Chen's physical body, how strong to what extent!

However, even with Ye Chen's strength, he was also hit by this claw in an instant, just like a meteorite, falling from the sky and crashing into the ocean at a high speed!

Chapter 2839

There was another earth shaking noise, extremely frightening, incredible scene, appeared in front of everyone!

Ye Chen this smash, unexpectedly is the whole sea area, that rolling sea water, all shake to the sky gush!

It seems to form a white water curtain connecting the sky and earth, which is very spectacular!

The power of this blow is so terrible!

Under such a huge force, even the sea water will be as hard as the hundred refining steel, right?

Millions of martial arts people are all in a tight heart. What's wrong with Ye Chen?

.....

At the same time, the nine heaven dragon hall.

An abyss full of prohibitions.

A huge head, like giant blood dragon lying!

Blood dragon extremely ferocious and bloodthirsty!

His whole body is full of blood!

It's not his blood!

It's the blood of that foreign demon dragon!

That foreign magic dragon was devoured half by the blood dragon!

Half flesh, half bones!

What a thrill!

After the blood dragon devoured this foreign magic dragon, great changes have taken place!

Not just breath! Not only the body!

The Ancient Runes of Zhou's blood! There is a magic in longan!

Not only that, but also the realm of blood dragon! It's already in the middle of heaven!

How terrible it would be to swallow up this demon dragon!

Maybe even higher! More remote realm!

Who could have thought that a blood dragon's shadow, born in China's Jiangcheng youth, would grow into such a huge existence!

Suddenly, the blood dragon stopped.

A familiar voice with Ye Chen sounded: "it turns out that this demon dragon is so distinguished in foreign countries."

"His memory, all his martial arts are under my control."

"It's a pity that this demon dragon is so rubbish that it doesn't give full play to what it has in hand!"

"When I swallow up completely, I will shock the world!"

"I want to tell the world that the reincarnation Lord who is superior to all things has come back!"

"Then, kill me, I want to! I want to kill! If you look at the sky, who dares to stop it

"Foreigners? God of the upper world? Ancient Buddha? In my eyes, it's full of dust! "

"Only Ye Chen is the most dazzling star

Blood dragon finish saying, Mou son ferocious, ready to continue to swallow!

All of a sudden, the spirit animal that contacted him and ye Chen sent back a trace of picture!

It's the battle between Ye Chen and Qing emperor!

Ye Chen was photographed by the Qing emperor, splashing a thousand layers of huge waves!

At this moment, the whole abyss shook!

The blood dragon's anger turned the whole abyss into Purgatory!

The dragon has scales!

Ye Chen is the reverse scale of the blood dragon!

"Demon clan? The emperor of the ancient demon clan

"Just a humble mole ant!"

In a flash, the blood dragon closed the longan!

The void around me vibrates!

.....

At the same time, overseas.

It's full of blood!

Bones, bodies, dust, everywhere.

And this is ten miles, it's all dead!

Those demons turned into blood fog and dust.

There was only one person standing in the desolation and solitude.

The man was dressed in a black robe, surrounded by endless evil spirit!

Carrying both hands, a gun and a sword are inserted on both sides.

The hands were dripping with blood.

But the figure that dominates the world is the nightmare of the demons.

If ye Chen is here, he will surely recognize this person, it is the dark devil emperor!

And at the moment, the dark devil emperor has stepped into the realm of God!

And reached the fantastic heaven and God state of seven layers of heaven!

All of a sudden, the cold eyes and fingers of the dark emperor covered the sky, and his whole body's evil Qi condensed into a sword of heaven!

Stab hard in one direction!

At the next moment, the demon who was ready to attack the emperor was torn!

The dark emperor outlined a cool smile, closed his eyes, and a bead appeared.

Then, the beads were shining with bright light and absorbed all the magic Qi around them!

In an instant, the evil spirit converged, and then the beads did not enter his body.

"The moon ring vision of the kingdom of God doesn't have much effect on me, but it's outside this region that is my real battlefield."

"Without Ye Chen, I'm afraid I can't break through the shackles."

"The strength of Xuanyuan ink evil is stronger than that at the beginning. I don't know how much. It's time to prepare for the fight against Tiandao palace."

"I don't know what happened to Ye Chen."

Next second, he offered a jade pendant and felt it slightly! Soon, however, his eyes opened!

The pupil of evil Qi overflows, circulates nine you anger!

"Just a waste dragon, also dare to move the emperor above all things!"

"Die!"

.....

The screen rotates.

The seventh God Kingdom demon clan.

Everyone is so nervous! Countless pairs of eyes are staring at the sea.

Waiting for a miracle!

And the bottom of the sea, all blood.

Ye Chen's blood.

Ye Chen faintly falls into a coma, his scar is too much.

Ye Chen wants to rush out of the water, but he finds that he can't do it at all!

Suddenly, ye Chen felt something!

He found that the sea floor, a group of magic gas around himself!

And his eyebrow heart also spread the burning feeling!

Ye Chen opens his eyes!

"Devil's eye!"

He felt his injury was being repaired!

And the whole body is full of evil spirit!

"This is the power of the devil How could... "

Ye Chen is surprised.

At this time, ye Chen's eyebrow heart came a full of the voice!

"Ye Chen, this black dragon is in front of you, only for Cang insect!"

"I have left a mark on your brow. These evil spirits are enough to kill this insect!"

This is the voice of the devil!

Ye Chen breathes a little bit quickly: "demon emperor, where are you now?"

Eyebrow heart again came the voice: "I am outside, the moon ring vision disrupted my plan, I can only gather strength outside the territory."

"When the strength is enough, I will make it convenient for you to step on the heavenly way palace together!"

"Good!" Ye Chen big voice way!

.....

At this time, a figure suddenly rushed out of the water curtain and returned to the sky. He held a long sword, and his breath was startling. On his face, there was a burning battle spirit. What's more, there was an old and deep eye on his face!

Like the eye of the devil!

Not ye Chen, who else?

After experiencing the terrible force, ye Chen seems to have nothing to do with it!

How could it be!

"Green emperor, go down to the netherworld!"

A roar!

The roar of heaven and earth, the sound of bursting, never-ending, green thunder flash, sword rush, this one dragon, almost will demon clan, all hit to collapse!

In a twinkling of an eye, ye Chen and the Qing emperor have fought for thousands of times!

At this time, ye Chen is panting slightly, all over the blood, on the chest, by the green emperor's dragon claw, hit a huge hole!

However, the hole is healing rapidly!

People do not know ye Chen's body, how many times has been broken through! But every time, in a flash, it has been restored!

Such terrible vitality can be said to be truly immortal!

On top of the long body of the Qing emperor, there are countless wounds. Originally, the sword wounds of tens of meters were piled up and turned into huge wounds of hundreds of kilometers long. The Dragon scales were smashed and the flesh and blood were floating!

The green dragon was completely suppressed by Ye Chen!

Chapter 2840

All of a sudden, the green emperor's whole body flashed with blue light, and his body was shrinking rapidly!

All of them were stunned!

At this time, the green emperor turned into human form!

The green emperor turned into a human figure. On the green robe, there was already a bloody red, and there were ferocious wounds all over his body. However, the fighting spirit in the eyes of the Qing emperor was even more vigorous, and almost had to be transformed into substance!

His whole body's blood is surging, almost boiling, heart beating wildly, although the injury is extremely heavy, but the pain turns into excitement!

The shadow of death, covering the whole body, fear in the nerve, at the same time, also frantically squeezing the potential of the Qing emperor!

The desire to overcome fear and cross death is transformed into immortal fighting spirit!

For the first time in his life, the Qing emperor felt the pleasure of fighting!

At this time, a long sword with blue thunder appeared in his hand!

A group of demon clans, are face to face incredible color

Qing emperor, do you want to use martial arts!

To put down the dignity of the demon clan!

The green emperor's thunder flashed all over his body. A sword like the thunder of the God of destruction surged out. What dignity of the demon family and what human tricks?

For the Qing emperor at this time, they all no longer exist! He didn't think about it at all. Subconsciously, he held the sword in his hand!

His whole heart and soul were filled with the idea of defeating the opponent in front of him!

As long as you can increase the chance to defeat Ye Chen, even a little chance, the Qing emperor will never let go!

"Well?"

Ye Chen pupil shrinks, the color of surprise flashed in his eyes, invisibly, he seems to see a chain, broken.

Together, bound the chain of Qing emperor!

The next moment, the green emperor all over the body Demon power burst out, issued a roar, a sword toward Ye Chen cut down!

The blue thunder is surging, which turns into a blue Thunder Dragon and roars towards Ye Chen!

The power of this sword can be called peerless. It surpasses the thunder ball exerted by the green emperor with his talent!

In this thunder sword, the passage of time seems to have become slow, ye Chen's mouth, raised a trace of helpless smile, to the old man said: "such an opponent, is the most terrible ah."

Lao Cang said in a deep voice: "yes, in life and death, breaking through the shackles, today's Qing emperor is just like the human who took up the weapon for survival in the primitive era..."

"He has evolved from a demon clan to a warrior! Although, this is not the ascension of blood, but it is an evolution beyond everything! That means infinite possibilities! "

"You may die."

Ye Chen is suddenly open a way: "won't die."

"Because I've never been alone."

"I have That starts from Jiangcheng and steps on the kingdom of God with me

"Lingxiao martial arts, blood dragon kill heaven! Open it

The next moment, ye Chen's whole body is broken!

The disordered breath explodes!

In the broken void, a startling dragon song resounds through!

As soon as the Dragon chants, all the demon clans spit out a mouthful of blood!

Get down on your knees!

The picture is magnificent!

If we say the blood of the Qing emperor, it has caused a great pressure on them!

Then the Dragon chant, the impact on them is the demon clan contempt!

Like the wrath of the gods!

Even if they kneel down, their souls are shaking!

Not only the demon clan, but also all the powerful Terrans bowed their heads!

Dare not see the first battle of the sky!

But all people dare not look at the picture, but shocked everything!

Because, behind Ye Chen, unexpectedly condensed into a blood dragon empty shadow!

The breath of blood dragon, crushing everything!

It's a pity that it's not the ontological coming. If the noumenon comes, the demons of the seventh kingdom will turn into powder!

Qingdi's pupil is enlarged!

He gazed at the empty shadow of the blood dragon, and was stunned!

He even felt that the other party could kill himself with an idea!

How can ye Chen stand behind such a terrible existence!

The key is that he saw a trace of submission from the eyes of the blood dragon virtual shadow!

How can such a rebellious fellow submit to a human race?

He knows, he's lost!

"Blood dragon, we'll see you soon."

At this time, ye Chensha held the sword tightly, and the Dragon Power moved all over his body. His intention of killing rose to the sky, and his martial spirit was surging. With one sword, he cut the Thunder Dragon sword. The sword light that surpassed the blue thunder ball suddenly turned into a smash, surging sword and instantly submerged the body of the Qing emperor!

Although the sword light is powerful, it is full of loopholes according to Ye Chen's power to control the blood dragon at the moment!

Ye Chen said with a faint smile: "you should not be enemies with me."

"Not to challenge me." "Because, I'm not alone."

The blood flashed and the sword fell into the bone. It was the strength of the Dragon demon body that finally reached the limit

As soon as the hand holding the sword was released, the sword fell, and the body of the Qing emperor shook. Finally, the sword fell from the sky with the sword.

His consciousness gradually blurred. In his mind, the sword of Ye Chen and the empty shadow of a blood dragon were more and more clear and deeply engraved into the heart of the Qing emperor!

For the first time since ancient times, the Qing emperor had a kind of enlightenment.

Incomparable shock, rolling in the heart of the Qing emperor!

"This is Ye Chen's martial art? And the blood dragon

Is the blood dragon martial road such a powerful existence?

He suddenly felt that he, who had despised martial arts, had become infinitely small in front of Ye Chen's sword!

Qing emperor's mouth, raised a trace of self mocking smile, he had even looked down on human martial arts?

No wonder it's your own failure.

He lost and was convinced.

On Mount dijue, there was a silence, and everyone's brain was blank at the moment!

Ye Chen, won?

Ye Chen, actually is really defeated this half step God realm ancient demon emperor!!!

Thunderous cheers, from the emperor Jue mountain broke out, resounding through the sky!

That's the cheers of countless Terrans!

On the contrary, those demon clans who were just extremely arrogant and disdainful, one by one, looked gray and looked down, almost despairing

Ye Chen, completely changed their views on human beings!

What kind of lower race is such a terrible existence?

What shocked them most was not even ye Chen's victory over the Qing emperor!

But at this moment, their heart actually is involuntarily born to Ye Chen submission idea!

They have been subdued by Ye Chen's strength!

Ye Chen's body flashed, and he returned to the top of dijueshan with the green emperor in his hand. At the moment of Ye Chen's landing, all the demon clans were roaring towards Ye Chen, kneeling down and shouting in unison: "we, would like to respect Ye Gongzi as king!"

They know that from now on, the demon clan may really become the slave of the Terran. However, the demon clan believes in the respect of the strong. Since they regard Ye Chen as king, they accept their fate as slaves.
