Chapter 2871

After all, they are not stupid. In front of the disaster of extermination, the blood blade can not be alone. Generally speaking, the people of the kingdom of God have common enemies.

Wantong drank softly and said, "all shut up."

The crowd looked awe inspiring and kept silent.

Wantong said lightly: "if it is true, then we will entrust the task to the people, kill it is, at present, focus on the current task, do not be distracted."

As killers, the organization will conceal the identity of their guests from them. This is the code of practice of killers. However, if it is found out that the guest has something to do with the demon clan, there will be no rules to tell.

It's just, right now, there's no real evidence.

"Yes!" they said with a flash of light in their eyes

Wantong, worthy of being the first killer of blood blade, in a word, will stabilize the morale of the army!

At this time, a black robed man said: "boss Wan, now, the magic gate array can be excited."

Wan Tong nodded his head and said, "now, activate the magic gate array and separate them. You go to hold down the most powerful people in other divine countries, and I, personally, deal with the target!"

All of a sudden, Wantong seemed to think of something, and added: "by the way, follow Ye Chen, the woman from the seventh kingdom of God, don't attack her."

The crowd slightly a Leng, but, still should way: "yes!"

As soon as the voice fell, the dozens of figures flashed and disappeared from the cave.

At this time, the whole mangshen mountain range, a sudden change!

The dark purple light broke out in the mangshen mountain range, forming a large array covering the whole mountain range. All the people in the mountain range were shocked.

What's going on?

Seeing this, song Jinyi suddenly changed his face and said, "no, I'm in a trap!"

Ye Chen at this time, is also a heavy eyes, big drink way: "all people, gather to my side!"

When they heard the words, they would move to Ye Chen's side, but at this time, the great array sent out a strong force of space. Several people only felt the whirling of the sky and the earth, then they were sent to a strange place.

However, they can be sure that they are still in the mountains!

"Damn it!"

Ye Chen murmured, at this moment, the rolling black evil spirit gushed out from the bottom of the earth like a flood, and in an instant the mountain range of tens of thousands of miles was completely submerged.

Ye Chen's pupil shrinks. Under the mountain range of mangshen, is there such a strong evil spirit?

Where does this evil spirit come from?

All of a sudden, innumerable voices seeping into people's roars, breaking out in the evil spirit, as if there were ten thousand demons born!

And in front of Ye Chen's body, the same is true. A strange figure breaks through the soil and emerges in the dark evil spirit. In an instant, ye Chen is surrounded!

Ye Chenchao those strange figure look, but can not help but be surprised!

The figure was a corpse!

What's more, it's a corpse he knows so well!

These corpses, he has seen countless times in the dreamland of Zhenshen pagoda. They are the remains of demons!

Under the mangshen mountain range, there are countless corpses of demons buried?

At this time, Lingtian arrow God's voice sounded in Ye Chen's mind: "boy, this is the magic gate array!"

"Magic gate array?" Ye Chen asked with some doubts: "what is the magic gate array?"

Ling Tianjian said: "the magic gate array was invented by foreign demons during the war between man and devil in ancient times. It was specially used on the battlefield.

This magic gate array must be arranged in a place full of demon corpses. Its function is to wake up these corpses to attack the enemy like this! "

Ye Chen's eyes flicker. Who set up the magic gate array here? And why, knowing they're here?

The most important thing is that even the God alliance does not know that the mangshen mountains are filled with countless demon remains, but how did the people who set up the array know?

In his heart, there was an ominous premonition.

At this time, ye Chen around the body of hundreds of demon remains, issued a shrill roar, they have rushed to Ye Chen!

Ye Chen snorted coldly, and the evil sword appeared in his hand. When the light of the sword surged, the corpses of hundreds of demons were completely submerged and dissipated into powder!

However, the next moment, there will be countless demon corpses, gushing out from the ground, in general!

Ye Chen's eyes flashed slightly. For him now, these demon corpses are not so strong. Each head is probably at the level of the initial stage of the chaotic state. From time to time, there are some demon corpses in the later stage of the chaotic state.

But his face became more and more gloomy!

It's nothing to him, not necessarily to Tu Lan Xin!

Immediately, he took out the jade card of the divine alliance. Under the influence of the big array, the jade card could not accurately show their specific positions. However, the jade card was worthy of being a sacred alliance keepsake. Even in the magic gate array, it could show the direction of the other party indistinctly. Ye Chen immediately swept away all the corpses with a sword, and then moved towards Tu Lanxin's direction!

And those who are the most powerful of the great kingdoms are also close to those who are close to each other. These demon corpses can not pose too much threat to them. As long as they can gather together and use the power of the people, they should be able to break through the array!

But at this time, several figures hidden in the sea of demon corpses all over the body of the great gods suddenly moved. In their hands, they held a bloody concealed weapon and fired at the most powerful countries!

The faces of the people changed a little. There was someone in the demon corpse!

Suddenly, they were attacked!?

However, they are at least the most powerful and young talents of the great gods. Naturally, they are not ordinary people!

Although the concealed weapon was fierce, it didn't really frighten them!

But when they failed to hit, those people were once again hidden in the demon corpses. Their body methods were extremely strange. With the magic Qi in the magic gate array, the magic corpses, even the most powerful countries in these countries, could not clearly capture their location!

And once they want to destroy the demon corpse, close to each other, these killers will again, block the pace of the people!

For a time, the powerful and talented men of the great kingdom of God were all restrained by these killers!

However, there are exceptions.

Second, shengguofeng Shaoyu looks gloomy, and his whole body is full of silver. With a cold hum, a halberd sweeps across, and cuts away in a certain direction. In the place where he passes, the demon corpse disappears. A scream resounds through the mountains. A man in black is directly cut into two sections by Feng Shaoyu's Halberd!

Several killers in the group of evil corpses were startled, and all of them quickly retreated back. This person, they could not resist!

"Want to go?"

Feng Shaoyu sneers and looks at the direction of the disappearance of those figures. It turns out that he is moving and chasing away!

Chapter 2872

He was seriously injured by Ye Chen yesterday, and he had a stomach full of anger. Now, there are a group of people who want to die and let him vent. How can he let go?

On the other side, several bloodstains were shot at a man with a somewhat obscene face. The man sneered and his body moved. He disappeared from the original place in an instant!

The next moment, appeared in a killer's behind, gloomy smile way: "ha ha, found you."

The killer's face suddenly changed. When did this man go around his back? What's more, it's still in this mob?

This speed, too terrible!

But without waiting for him to react, a long sword suddenly pierced the killer's chest!

Feng Shaoyu and Xiao Bao are crushed and seriously injured by Ye Chen, but that is for ye Chen!

Even if only 70% of them are left, their strength is not weak among the great gods! Although these killers of blood blade are elite and well-trained, they are not worth mentioning!

Not only they, but also the most powerful of other gods will gradually hinder their killers!

.....

However, the guardians are not so lucky. Although the guardians of the major gods are not weak, they still have a big gap with the most powerful countries. In this magic gate array, they are exhausted by resisting the endless evil corpses. At this time, several powerful killers who are proficient in assassination suddenly attack! You can imagine how dangerous it is for them!

Fortunately, the main target of this group of killers is obviously the most powerful of the gods. As for these guardians, they just send one person randomly to solve the problem.

With a slight sound and blood light, a man in a red robe, with an incredible look on his face, slowly fell back.

This man is Zhao Guang, the guardian of the third God kingdom!

Most of the guardians of other countries were injured or killed by killers.

.....

Ye Chen goes through the rolling evil Qi at a high speed. When the sword light flashes, the infinite demon corpse turns into a smash in an instant, which can't stop Ye Chen's step!

But at this time, ye Chen's pupil shrinks suddenly, and a sense of crisis emerges in his heart. Without thinking at all, under the influence of his fighting instinct, ye Chen's whole body's spiritual power moves rapidly, and his body moves to one side in an instant!

At the same time, ye Chen's body moves horizontally, and a light which is almost transparent but contains terror and pressure penetrates his position just now. In the void, there is a black hole left, which has been directly broken through!

Ye Chen looks at the black hole, and his face sinks. It seems that this blow just breaks through a small hole in the void. It seems that the power of this blow is flat. However, ye Chen knows that this is because the energy of this blow is extremely concentrated and condensed!

Moreover, the position that this light aims at is the eyebrow heart of Ye Chen, and his hand can be said to be extremely cruel!

This is not an attack method that can be used by the demon corpses who are awakened by the magic gate array and have no reason to speak of!

Ye Chen is extremely strong, and his mind is released. In an instant, he locks in a breath, the breath of human beings!

Although, this person seems to be very good at concealment, his breath seems to be absent. Even ye Chen, who is in the magic gate array and is disturbed by many demon corpses, has not found it!

However, no matter how strong the concealment skill is, the effect will be greatly reduced after the attack.

Feeling that he was completely locked by Ye Chen, a cold voice sounded in the group of demon corpses: "sure enough, you are not so easy to deal with."

A man, out of the group of demon corpses, his face is ordinary, can not see anything special, it is blood stab Wantong!

In his hand, he held a bloody, extremely evil three edged thorn. At this time, he gazed at Ye Chen with a stern look. Although Ye Chen was just a martial artist who cut off adversity.

However, Wantong has killed countless people in his whole life and wandered between life and death for countless times, just like an extremely shrewd hunter. Gradually, he has a strong intuition about the target of his assassination. As long as you take a look at it, Wantong can tell whether this man is a tough man to deal with!

Now, Wantong's intuition is roaring at him!

This man is in danger!

What's more, his sneak attack just now, but none of the martial artists below the later stage of chaos state successfully evaded them, but ye Chen easily avoided them. Or, under the interference of the magic gate array and countless demon corpses, he avoided it!

Even, he could feel that ye Chen exudes a similar breath with himself, that is, he has experienced countless bloody battles, countless times defeated by death, tempered temperament!

Wantong that cold face, for the first time, appeared a smile, excited smile!

This time, who is the hunter, who is the prey, it seems, is not sure

However, such a battle is what Wantong has been looking forward to!

Ye Chen stares at Wantong, and his expression is slightly calm. This seemingly ordinary youth is a strong man in the nine layers of chaos! And it is quite different from the nine layer sky with little wind and feather.

Wantong, give him a kind of far less feather than the wind with the body of God general, but also dangerous feeling!

It's between life and death.

Ye Chen's eyes flashed, the sword pointed to Wantong, and said in a cold voice, "I don't care who you are. Get out of here, or you will die."

Although he found that the corpses of the demons had no response to Wantong, there was only one explanation, that is, the magic gate array was arranged by Wantong!

However, there is no time to entangle with Wantong. Tu Lanxin is in a bad situation now!

Wantong light way: "I am to kill you, if you want to quickly find that woman, the best, quickly beat me."

He suddenly showed a strange smile and said: "however, I remind you, you'd better hurry up. After a long time, I can't guarantee that the woman will have any accident."

At this time, has always been cold, as if there is no emotion Wantong, actually is flushed cheek, a pair of incomparably excited appearance.

He can't wait to fight ye Chen!

Over the years, Wantong's assassination skills have become more and more powerful and its strength has become more and more terrifying. Any target can hardly escape his sneak attack. Wantong has been tired of this numb killing!

One of the reasons why he is still killing and taking on tasks is to meet an opponent like Ye Chen, so that he can re experience the excitement of life and death confrontation he experienced when he joined the blood League at the beginning. Happy!

Moreover, Wantong knows that only by fighting at this level can we break through and become stronger again!

When ye Chen hears the speech, his pupil shrinks fiercely. In his eyes, he is full of killing intention. Although he still keeps calm and calm, anyone can see that ye Chen is very angry!

Chapter 2873

What he hates most is that others threaten themselves with their relatives, friends, women and masters!

At the next moment, ye Chen's body suddenly rises, his hair turns red like blood, and the evil spirit surrounds him. A thrilling and evil spirit suddenly breaks out and goes straight into the sky. It is even the magic gate array that can't suppress it!

Ye Chen did not hesitate to display the body of the heavenly demon!

Originally, but also a pair of excited blood thorn Wantong, actually full of shock color!

Evil spirit?

What a strong evil spirit!!!

He looked at Ye Chen in disbelief. He had not assassinated the demon clan, even the extremely high blood demon clan, died in his hands, there are many!

But there has never been a demon family that has such a terrible evil spirit!

This evil spirit, unexpectedly, is to let out from the sea of blood, hands stained with countless ghosts of Wantong, for which the mind trembles!

Those so-called high demon clan, compared with Ye Chen in front of us, is just like a little demon just born!

Is Ye Chen a demon? Or the most fierce?

At this time, Wantong is full of doubts.

However, Wantong is a professional assassin after all. His psychological quality is too good to imagine. He calms down in an instant. No matter what ye Chen is, his goal is always one, that is, kill!

Wantong's bloody three edged thorns in his hands flashed and a strange blood color appeared all over his body. Somehow, Wantong's body was blurred, as if it had turned into a bloody smoke, which was hard to capture!

But in this smoke, unexpectedly is suddenly, the blood light explodes, several blood awns, like the laser general, shoots toward Ye Chen fiercely!

Where the blood light passed, in the void, left a black trace, that was pierced by the blood awn, left behind!

Ye Chen snorted coldly. At the moment of the flash of blood, a sword was cut out fiercely. The terrible power surged wildly and was blessed on the light of the sword!

After sublimation, the power of shaking the world and the extremely cold and advanced martial arts beyond the seventh level of the kingdom of God are perfectly integrated. What they radiate is a terrible sword that tends to destroy!

The sword sweeps, the sword awn is unknown, that several blood light, actually is the direct collapse dissipates!

Originally, also with the excitement of Wantong, at this time has fallen into the horror!

In his whole life, he had seen countless strong men and had fought with countless strong men in life and death. However, such an amazing sword was never seen by him!

Fight, is only a moment, Wantong actually felt the incomparable dangerous breath!

However, what people can't believe is that Wantong even laughed and laughed wildly!

"That's what it should be. That's what makes it interesting."

With a sudden roar, his figure, hidden in the blood mist, flies back to the demon corpses with lightning speed. At the same time, a strange wave escapes from Wantong's body!

When the sword light passes by, countless demon corpses vanish in an instant. They run after the bloody figure. Almost instantly, the powerful sword light will catch up with Wantong!

But at this time, Wantong suddenly and violently drank: "bloodthirsty Dafa!"

The strange wave around him suddenly became strong and swept around. At the moment of touching Wantong's whole body, the whole body melted directly and turned into a stream of black and purple blood and gathered in Wantong's body!

"What?"

Ye Chen is slightly surprised, what means is this?

In the blink of an eye, tens of thousands of demon corpses were completely absorbed by Wantong. His whole body was covered with dark purple blood vessels. The whole person was full of evil Qi and his eyes were red!

It seems that his body, almost collapsed!

At this time, the sword, finally came to Wantong!

Wantong's mouth gave out a non-human roar, the black purple blood vessels wriggled crazily, let him whole person, look is frightening incomparably!

At the next moment, he suddenly raised the bloody three edged thorn in his hand, and hit the sword fiercely!

The original blood red Mitsubishi thorn, actually seems to be connected with Wantong blood, flashing a black purple light!

A loud bang, black purple light, and ye Chen sword light, bang ran into!

The strong shock wave swept around, and within a hundred miles, the dense corpses of the demons all disappeared in an instant, and the whole gate of the magic gate trembled for it!

In the mangshen mountain range, the earth and rock disintegrated, the trees collapsed, and the road cracks appeared on the earth, and the mountain body was broken!

This hit and collision, terrible!

At this time, a figure with dark purple blood all over his body appeared in the dust. Ye Chen looked at the figure, and his pupils shrank!

This man is Wantong. In his eyes, his fighting spirit burns and he stares at Ye Chen. Although his whole body is covered with countless ferocious wounds, his arms tend to break and burst. However, Wantong is healing rapidly in the dark purple light floating! Ye Chen's face suddenly became gloomy. The sword he had just made was his ultimate one. He was blocked by Wantong in this way?

What's more, even though he looks miserable, ye Chen knows that this sword does not hurt Wantong!

He looked at Wantong with no compromise, while adjusting the spiritual power in his body. He was preparing! Ye Chen has been a long time, not in the battle to prepare! Because, do not need, his attack, already enough frightening, where still want to build up momentum? If you have time to build up your strength, you'd better chop more swords!

However, facing Wantong at the moment, ye Chen's fighting intuition immediately tells himself that the next sword should be stronger and more terrifying, otherwise, the battle will be delayed for a long time! And if you want to achieve a higher level of power, you have to be ready!

The protracted war, even if we can win in the end, is not what ye Chen hopes to see!

Wantong recovered his body, and said with a smile of appreciation to Ye Chen: "what a terrible sword! If it were normal, I should have died already? "

Even now, recalling the feeling when facing that sword just now, Wantong and his muscles are still shaking slightly!

In that sword, Wantong felt death!

For a long time, no feeling of death!

However, his trembling was excited rather than frightened!

This kind of stimulation in the face of death is what Wantong has been pursuing!

Only this kind of stimulation, can let his already numb soul, once again, stir up a little waves!

Only when facing death, Wantong can feel that he is still alive!

Wantong said with a smile: "it's a pity that our fighting place is the place where demons are buried. Ha ha, ye Chen, don't you know? I was called a blood thorn. Why was it called a blood thorn

"Because, I am the first God Kingdom, the first genius of blood in thousands of years! Can be the force of blood, directly inhaled into the body, to attack!

In the eyes of others, the countless demon corpses awakened by the magic gate array may be rubbish, but to me, they are inexhaustible and inexhaustible treasure! As long as the remaining trace of blood essence in this corpse is transformed into the body, not only will my strength be greatly improved, but also my injury will recover very quickly. "

He suddenly showed a strange smile and said: "Ye Chen, if you want to defeat me, you need to be stronger and more shocking. Don't let me down, continue, let me feel death!"

Chapter 2874

"Damn it!"

Hearing Wantong's words, ye Chen scolded.

In a sense, Wantong at this time, like the ancient Shisha Songze, was nearly immortal in this land of demons!

Even if he had to support the corpse, it was impossible for him to support it!

Even more terrible than the abnormal absorption of Lin Jue long!

After all, if you absorb so much blood gas by force, it's still demon blood. If you enter the body, you'll die almost 100 percent. At least, you'll be seriously injured.

But Wantong, for some reason, can directly convert his blood into an attack, so that his body can be in a balance that will not collapse. He even calculates how much blood and Qi he needs to recover when he is hurt!

In this way, the impossible will become possible!

But even so, ye Chen is not afraid of recovery. He is confident that he can suppress Wantong, but he does not have so much time!

At this time, seeing ye Chen didn't move, Wantong's body moved, but it was directly towards Ye Chen. Originally, Wantong absorbed tens of thousands of demon corpses, and the empty place, at this time, it was actually climbing out of countless strange shapes, and the moment the figure appeared, it turned into a rolling purple black blood River and poured into Wantong's body again!

The three edged thorn in his hand burst out a purple black light!

However, ye Chen's eyes flashed, and suddenly his body moved and flew back towards the rear!

Wantong slightly a Leng, then, on the face, emerged a angry face!

Ye Chen has retired?

It's back!

How can I return it? Keep attacking! Continue to let me experience death!

He roared, and the whole body was covered with purple and black light. The whole person seemed to turn into a black hole. More demons' bodies melted into a river of blood and poured into Wantong's body. And Wantong's speed also soared in an instant. He even wanted to catch up with Ye Chen, regardless of the risk of his body collapse!

And ye Chen one side explodes to retreat, at the same time, crazily condenses all the strength in the body!

Red dust pulse and Lingfeng pulse run!

Xuanyan gathers all over the body!

Endless evil Qi rolling!

Violent power, condensed in a point, with the way of force, to control!

The meaning of true martial arts, combined with the way to kill, burst out stronger power!

Reincarnation, reincarnation, blood demon, and so on!

Since, the ultimate sword can not completely annihilate Wantong, then surpass the extreme!

At this time, the purple black figure flashed in front of Ye Chen, and Wantong had caught up with Ye Chen. He laughed wildly: "in this way, you can't hide!"

In the hand three ridges thorn, the purple light explodes to flash, mercilessly hits toward the leaf Chen!

There was a roar, blood flash, strong wind pressure, sweeping around, blowing countless corpses into pieces, flying to the distance, but the smile on Wantong's face suddenly solidified!

He stupidly looked at the scene in front of him, blood along the three edged thorn, flowing on the ground, bright red blood!

This blow, actually is directly through Ye Chen's chest, in his chest, opened a fist size blood hole!

Ye Chen, unexpectedly, did not dodge, directly suffered his terrible attack!

Suddenly, a strong force came from Wantong's arm. His face changed. Looking down, he saw a hand, like an iron hoop, firmly clasped Wantong's wrist!

That is Ye Chen's hand!

"How could it be!"

Rao is a very high psychological quality of Wantong, can not help but issued a cry!

It's a miracle that you didn't die after receiving such a blow. How could you still hold your hand?

And what about the power? Feel Ye Chen's body surging force directly, Wantong's brain, will burst!

At this moment, ye Chen burst out a dazzling light in his eyes, and said: "you don't want to experience death? Don't you want me to attack? That's enough experience

He was holding Wantong, and his sword, blood rune, burst out as if it were burning!

At this moment, ye Chen brewed all kinds of strength to the extreme, integrated to the extreme, and even suffered the fatal attack, ye Chen did not dodge, in order to rush to the limit recklessly!

With this sword, ye Chen will cut the so-called limit directly!

"I'm the only one to soar to the sky, and the butcher God will break the sky!"

The moment the sword was raised, Wantong's eyes seemed to have only this sword left. His heart beat wildly, and his blood was almost boiling. In his eyes, he was extremely obsessed

This is what he wants to feel. This is the closest sword to death!

Time seems to slow down. Everything is still for it. Even the extremely fast sword is gradually slowing down. Wantong, who was originally obsessed with the color, suddenly has incomparable fear in his eyes! He, at last, was afraid.

This Wantong, who always pursues death, can't help but fear in front of this sword!

With a roar, the arm of Wantong that ye Chen seized was directly broken into blood mist, and the whole person also turned into a purple black shadow, which exploded and retreated towards the rear.

Its blood magic, regardless of the consequences of the display, endless demon corpses, are turned into a rolling river of blood, poured into the body of Wantong!

Doing so may leave extremely serious sequelae, but at this time, Wantong knows that it can't take care of so much. Life and death are on the front line!

The next moment, almost no time interval, ye Chen this sword awn, then directly and severely bombarded Wantong's body!

The whole body of Wantong has been wrapped up by a strong purple black blood light. The blood light, like a cicada pupa, turns into protection!

The sword and the purple light collided in an instant. There was no explosion or shock as expected, but there was no sound.

The blood light of purple cicada pupa, which condenses the blood light of countless demons, turns into powder and dissipates soundlessly under this sword!

This sword, mercilessly cut in Wantong's body! A huge force like a tsunami of destruction and an indescribable sense of sword rushed into his body, smashing all his meridians, bones and internal organs!

Wantong's body flew back crazily. As he flew backwards, he collapsed. He roared and roared again and again, absorbing countless corpses in the land of demons, but he couldn't catch up with the speed of body collapse!

With a roar, Wantong's remnant body smashed a huge mountain directly into powder, and the whole person was buried in the dust.

Ye Chen panted gently, his whole body had been soaked in sweat and blood. Even if he had given the blow just now, he was extremely reluctant!

If not at the critical moment, Lingtian arrow God of the reincarnation cemetery released a part of his strength to protect himself.

Otherwise, the consequences would be unimaginable.

Chapter 2875

This is what ye Chen has been fighting with Zhiqiang in recent years. He has absorbed countless fighting experiences and martial arts knowledge.

At this time, there are only a few magic corpses around. It seems that even if there are a large number of demon corpses buried in this place, they can not afford to be absorbed by Wantong. The magic corpses in this area should have been exhausted by him!

Ye Chen's body moved, and then appeared in front of the mountain turned into powder. With a wave of his hand, the dust floated, revealing the figure of Wantong buried under it.

Ye Chen looked down at him, Wantong accepted the sword beyond the extreme, and he had a breath left!

It seems that the first Kingdom of God, the first blood genius in ten thousand years, is not boastful!

However, even if alive, but also incomparably miserable state!

Wantong's body, almost completely smashed, only part of the upper body, even the limbs are completely disappeared.

He has a very weak breath all over his body. Now Wantong, I'm afraid, is capable of killing him!

However, ye Chen, did not immediately start to end him!

Wantong looked at Ye Chen with difficulty, but he could still show a very ugly smile and said, "Mr. Ye, what should I ask you?"

Ye Chen said faintly: "who sent you?"

Wan Tongdao: "I'm from the first Shenguo, the third ranked killer organization. Blood thorn Wantong is the first killer. As for Mr. Ye, what he wants to ask is the identity of the guest who commissioned us to stab you, right? Well, I don't know. "

"Oh." Ye chenmu in cold light a flash way, "that, you have no use."

Say, ye Chen foot a lift, want to step toward Wantong!

Wan Tong is a strange smile: "Ye childe, kill me, you can't see the butcher fairy."

Ye Chen hears the speech, the pupil shrinks abruptly, extremely strong kill intention erupts: "you, to Tu Lan Xin to hand?"

Wan Tong still kept calm and said: "it's not us. I specially told other killers not to attack Tu Lanxin. But if I guess right, our guest seems to be not at ease."

Ye Chen frowned: "do you mean that the person who entrusts you not only entrusts you to start with me, but also secretly kidnaps Tu Lan Xin?"

Wantong nodded and said: "yes, it seems that this guest is not at ease with us. If we fail, the butcher will become his chip to deal with you!

If you want to find out the identity of the client, you have to find out the blood thorn headquarters.

Although the headquarters of my blood stab is secret, it must take a little time to find it with Childe Ye's ability. However, Mr. Ye, do you think you have that time? "

Ye Chen's face sinks. If Tu Lanxin really falls into the hands of a villain because of himself, he naturally wants to rescue her as soon as possible. Even if it is one second earlier, ye Chen is willing to pay countless costs for it!

Ye Chen stares at Wan Channel: "can you tell me where the headquarters of bloodthorn is?"

Wan Tong said with a smile, "I'm also the first killer of blood stab. Naturally, you can. However, Mr. ye should be able to find where Tu Xianzi is now?"

Why don't you take me to that place and confirm what I just said before making a decision? "

Ye Chen looks at Wantong, but his heart is more and more heavy, because Wantong at this time is extremely confident!

The next moment, ye Chen suddenly grabbed Wantong's remnant body, toward a certain direction, fast line!

.....

Somewhere in the mangshen mountains, a woman with a black gauze skirt and a very cold face is sweating all over her body. She is waving a sword in her hand to resist the attack of a demon corpse!

This girl is Tu Lanxin!

As ye Chen expected, with Tu Lan Xin's strength, even if it is to resist these evil corpses, it has been extremely hard!

But all of a sudden, the thousands of demon corpses, at the same time, stopped moving!

Tu Lan Xin sees this, slightly a Leng, this is what happened?

At this time, a figure appeared in Tu Lanxin's beautiful eyes, a man's figure.

Tu LAN heart pretty face above, appear a touch of joy: "Ye Chen is you?"

Tu LAN thinks of Ye Chen subconsciously when he is able to frighten the ten million demon corpses and find his own.

Can, that man hears speech, but issued a chuckle way: "butcher fairy good infatuation, the first time, think of is that boy?"

That is a completely strange voice!

Tu Lan's beautiful eyes tremble. She can frighten thousands of demon corpses, find herself and know her name

With her wisdom, nature has long thought that she and others have been designed, and this person is probably related to the devil!

And that mysterious man, if not ye Chen, is likely to be the behind the scenes of people trapped in the array!

As soon as she changed her face, she was excited by the sword. The sword pointed to the man's voice which was approaching slowly. Jiao said, "who are you? Don't come here!" She knew that since this man can control these demon corpses, no matter how strong he is, he can never be the opponent of the other party in this big array!

All she can do is procrastinate!

At this time, the man finally came to Tu Lanxin. His face was handsome, his facial features were deep, and a curly fringe was hanging on his forehead. It was Gao Yin, the talented disciple of Wanfa sect!

Gao Yin seemed to know Tu Lanxin's plan with a slight disdain in his eyes. However, he introduced himself gently: "Tu Xianzi is polite. I'm Gao Yin. I'm a real disciple of the ten thousand Dharma sect."

Wan FA Zong!

Tu Lan's heart was shocked as if he had been struck by lightning!

Wan FA Zong, the first-class force in the first Kingdom of God, colluded with the demons!

And Gao Yin, since she told herself this kind of thing, obviously, she didn't intend to let her go

The next moment, Tu Lanxin, without hesitation, chopped at Gao Yin with a sword! Waiting for death is not her habit!

Gao Yin looked pale, as if he didn't even mean to dodge.

And the sword with strong sword spirit, which was less than an inch away from Gao Yan's eyebrow, stopped, rolled and turned into nothingness in an instant!

Tu Lan Xin's pretty face is pale, and her eyes are full of incredible color!

How could this happen?

Why can't I cut my own sword? It seems that her body is not under her control!

Gao Yin sneered: "Tu Xianzi, are you very curious, why can't you do it to me?"

"Ha ha, if the strength gap between the two people is too large, they will instinctively fear and shrink back. Killing fairies, your martial arts instincts and survival instincts are telling you that you can't offend me. Do you understand?"

Chapter 2876

Tu Lan's face was covered with frost. As soon as she retreated, she would flee to the rear. But in this moment, she felt that Gao Yin's figure had disappeared!

Just then, Gao Yin's voice rang out from behind her: "butcher fairy, don't do meaningless struggle, OK?"

Gao Yin appeared directly behind Tu Lanxin.

Tu Lan Xin steps a moment, turns around and looks at Gao Yin, who is looking at her with interest. Her pretty face is full of fright.

Her silver teeth clenched, her beautiful eyes shining

Think about it. What else can we do to delay it

She believed that ye Chen would soon find her own. As long as ye Chen came, even this strange and terrifying Gao Yin was not enough to fear!

Gao Yin seemed to see through her mind and said with a smile, "do you want to delay time?"

Tu Lan's heart is silent.

Gao Yin continued: "in fact, it's nothing to wait for ye Chen to come here, but it's a pity that when I came to look for you, I was found by that boy named song Jinyi.

Although, he has been seriously injured by my son. I don't think he can live long? However, the boy is also a bit strange, I was not careful, he ran away?

In order to avoid making trouble, I can only choose another place to fight with Mr. Ye, and you are the bait. "

He smiles at Tu Lan Xin, reveals his neat white teeth and says, "after all, you know, if I have any connection with the demons, who will find it out, spread it out and be besieged by the seven divine kingdoms, even if it is our ten thousand Dharma sect, it will be a bit unbearable."

"Scum!"

Tu Lan's beautiful eyes were full of resentment. Whether Gao Yin wanted to use himself as a hostage, or as a human being, he colluded with the demons!

"You scold me?"

As soon as Gao Yin's face sank and his figure flashed, he came to Tu Lan's heart and slapped his face!

With a slap, Tu Lanxin didn't even respond, so she was knocked down by Gao Yin. Her pretty face was slightly swollen and her mouth was bleeding. The whole person was stunned by this palm!

Gao Yin took Tu Lanxin's chin and said with a smile: "it's very beautiful. Such a beautiful woman, ye Chen will never give up? Ha ha... "

He suddenly sighed: "unfortunately, this child is not interested in women."

After that, he opened Tu Lanxin's storage bag, threw a jade card on the ground at random, and then disappeared with Tu Lanxin.

Gao Yin's mouth, with a trace of fun smile, looked like a cat playing with a mouse.

After all, since it is the hero who saves the beauty, it will be more difficult and tortuous, isn't it?

Too easy to be found by Ye Chen, isn't it boring?

Soon after, ye Chen arrived here with Wantong. At one glance, he saw the jade card which was thrown on the ground. In his eyes, it was like a thunderbolt that flashed through all kinds of silence!

At this time, around the demon corpse, roar, toward Ye Chen.

"Get out of here!"

Ye Chen suddenly drinks, the sword light explodes, annihilates all things!

The sharp sword, like an ice dragon, not only devours thousands of demon corpses, but also the magic gate array. Ye Chen's angry sword cuts open a crack. Ye Chen's body flashes, and he breaks through the array directly!

He wants to find out the headquarters of the bloodspur immediately and find out who did all this!

He promised, no matter who it is, he must pay the price!

.....

In the wilderness, there is a cave in the wilderness, which seems to be a common existence, but it has been extended to the underground. In the dark, there seems to be something that is watching the entrance of the cave.

All of a sudden, at the entrance of the cave, the figure flashed, and a gloomy young man appeared there!

This cave is where the entrance of the blood thorn is!

Ye Chen body shape a flash, then toward the hole flying away, blink of an eye, then arrived at the bottom of the hole!

At the bottom of the cave, there is an incomparably magnificent blood gate!

On the gate, engraved with a ghost hand like pattern, it is the symbol of blood thorn!

Ye Chen stands in front of the gate, his wrist turns, and a dark sword appears in his hand!

Two figures, lurking in the darkness on one side of the gate, seem to be two men in black robes, one fat and one thin!

The skinny man exclaimed, "Gee, someone's coming!"

The fat man's face changed and he looked at Ye Chen immediately. However, when he saw Ye Chen's figure clearly, he disdained to smile and said, "ha ha, cut the bad situation? This kind of waste, also dare to break into my blood thorn headquarters? I'm afraid I'm lost, right? I'll do it and solve it"Wait!"

At this time, the thin man suddenly grabbed his companion.

"What's the matter?" When the fat man looks at the thin man, a trace of incomprehension flashed in his eyes. To solve the problem of cutting a waste in an adversity is to crush an ant like matter. Do you have to wait?

What can I do for you?

The thin man said with a smile: "it's boring to kill directly. The bloody prison dog has not eaten people for a long time, right? Hey hey, don't you want to see the scene of the bloody prison dog biting the boy to death? It must be interesting to think about the boy's fear and scream? "

The fat man's eyes brightened, patted the thin man's shoulder and said with a smile, "you are still smart. I'm going to release that bloody prison dog!"

When ye Chen raises his sword and is ready to chop at the bloody gate, there is a roar from the dark, and a breath of incomparable stench comes towards Ye Chen!

A bloody eyes, in the dark flashing cold light, blood eyes, emitting incomparable bloodthirsty color!

The next moment, a blood red, like a giant bear, sharp teeth, cold claws giant dog, then toward Ye Chen, crazy!

The giant dog was full of blood, as if it had devoured countless flesh and blood. It was a terrifying monster with strong blood!

In the dark, the two men in black, with cruel smiles on their faces and shining eyes, are looking forward to seeing ye Chen being bitten to death and torn up by the blood prison dog. They seem to have heard Ye Chen's scream!

Ye Chen looks indifferent and glances at the blood prison dog, raises a sword, and cuts towards the blood prison dog!

When the two men saw this, they were both sarcastic. Stupid, a waste who cut through the disaster situation, saw the blood prison dog coming. They didn't want to escape and dodge. They even attacked the blood prison dog?

Chapter 2877

What's more, they can see that the boy pretends to be calm. In fact, he is so scared that he can't think normally?

They could see clearly that ye Chen didn't use any martial arts skills. On one sword, there was no spiritual power. It was a common sword, which was completely cut by physical strength!

The sarcastic smile on their faces became more and more intense, attacking the blood prison dog with pure strength?

Death in search of death!

The blood prison dog, originally belongs to the flesh body incomparably strong, the strength infinite type monster, but the human race?

The actual combat effectiveness of the Terran mainly lies in the spiritual power. Even if it is physical training, it is very difficult to compete with powerful monsters unless they exist like eternal demons!

All this shows that ye Chen can't keep his head at all!

This sword is a panicked sword. It can't have any effect. Even the skin of the blood prison dog can't be cut off, right?

Just when they thought of this, ye Chen's sword finally fell on the top of the head of the blood prison dog!

The next moment, there was a big bang, and an incredible scene appeared!

Ye Chen, with a sword that he waved casually, the bloody prison dog, which looks extremely fierce and has solid muscles all over, is actually direct. It bursts into a blood mist and dissipates out of thin air!

In the dark, a fat and a thin two men see, is completely dull!

Originally on the surface of the irony, instantaneous solidification, for a time two people as if by the extremely cold storm, directly frozen general!

Just now, what happened?

They rubbed their eyes at the same time, thinking that they had seen the illusion!

However, what they saw standing in front of the blood red gate, under the dark torches on both sides of the gate, was always only Ye Chen!

Everything is real!

On the contrary, the blood prison dog that they just released did not leave a trace of existence, just like an illusion!

Their minds are going to explode!

At present, the young man who had cut through the adversity was just relying on his physical strength to wipe out the blood prison dog with a sword?

It seems, but also a pair of incomparable relaxed appearance, did not use all one's strength at all!

What kind of terror is this?

They shivered and took out a jade card and wanted to pass a message to the blood thorn's companions. They didn't know why Ye Chen had such incredible strength. However, these strong men appeared in front of the blood thorn headquarters without any talent. I'm afraid that the comer is not good!

But before they could speak, the young man raised his sword again!

Fat thin man pupil shrinks, leaf Chen, want to do what?

The next moment!

There was a big bang. The fat and thin men were all gaping with their mouths wide open. Their chin would fall to the ground!

Ye Chen, is actually a sword, directly in front of that bloody gate, chopped into pieces!

The gate, however, was made of countless excellent materials and several ancient arrays. Ah, the peak of chaos state exists, which can't be broken at all, so it's chopped by Ye Chen's sword?

Both of them were trembling, and their hearts were cold. When they looked at each other, they both left their jade cards in their hands and fled to the cave crazily!

All the killers in the whole blood thorn headquarters are shocked at this time!

The whole blood thorn headquarters, because of Ye Chen's sword, is in a violent shock, as if a 10 magnitude earthquake occurred!

A man's figure, quickly into the blood stab!

Several killers in black robes appeared at the entrance of the headquarters. They wanted to see what happened outside, but all of a sudden, their pupils shrank!

Because, they saw the broken gate, a young man with a long sword and a cold face rushed into the headquarters directly!

"Stop!"

"Who dares to intrude into our bloodthorn headquarters?"

"Don't want to live?"

Several people drink a lot, and they all hand at Ye Chen. For a moment, there is boundless murderous air. In the passage at the entrance of the headquarters of blood stab, the wind blows everywhere, and all kinds of martial arts are full of emptiness!

Who can stay in the headquarters, where are the weak? The lowest is also the highest level of existence!

A hand, is the myriad, the sea of blood billows, murderous cold, the extreme ferocity!

This passage is like the road of death leading to hell!

But in the face of the attacks of these killers, ye Chen did not even change his look. His speed of advance did not decrease at all. He chopped at these killers with a sword!

A simple sword!

But this simple sword, but with endless wind pressure, the wall, the floor, all blow out the cracks!

That kind of military intention and attack were suppressed and dissipated at the same time!

However, those elite killers in the chaotic situation suddenly spat blood and flew backward. They hit the wall hard, and the wall carved with extremely strong crystal stones collapsed! They're dying, they're dying!

This strength gap, day by day!

It's so terrible to kill three killers in chaos with one sword!

Along the way, more and more killers are blocked, but ye Chen can easily kill and suppress these killers!

In a twinkling of an eye, most of the killers in the blood stab were defeated by Ye Chen. Ye Chen, the first God Kingdom and the third killer organization, would be destroyed by Ye Chen!

Finally, ye Chen entered the hall of blood thorn!

On the first seat of the hall, there was a middle-aged man. The middle-aged man was pale and had a mustache. He looked kind and friendly, like a businessman.

Ye Chen's eyes narrowed. According to Wantong, this seemingly amiable middle-aged man is the leader of blood thorn alliance, named Xiang Yuan!

At this time, the leader of the blood thorn Alliance said with a gentle smile at Ye Chen: "this childe, come to my blood thorn, what can I do for you?"

Ye Chen is clearly an intruder or a bully intruder, but the tone of this far away is extremely gentle, as if to treat guests and friends in general.

Ye Chen gazed at Xiang Yuan and said, "you should not know me, do you?"

Xiang Yuan said with a smile, "it's the first time that you and I met. How can I recognize him?"

Ye Chen's eyes, suddenly burst a cold light, senhan said: "I don't have time here to talk nonsense with you, opportunity, I only give you once, tell me, who is going to kill me, otherwise, you will regret it!"

Xiang Yuan took the tea cup on the table, lifted the lid, blew it gently and tasted tea leisurely. Then he said to Ye Chen with a smile: "childe, how can I regret it?"

Ye Chen looked at the tea cup in Xiang Yuan's hand, and his whole body was full of murderous spirit. He said coldly, "from now on, blood prickles will no longer exist!"

Chapter 2878

Ye Chen's voice, like a cold wind blowing from Jiuyou, makes the whole hall sink into silence!

At the next moment, Xiang Yuan, sitting on the main seat, burst out laughing!

After three laughs, Xiang Yuan's original gentle look disappeared. He pinched the tea cup in his hand to smash it, and his face was extremely grim and said to Ye Chen:

"are you really a prick in my blood? Is it a soft persimmon that anyone can knead?"

"Shihei, Zhengye, give it to me!"

He is the leader of the blood thorn alliance, and blood thorn is the first God Kingdom and the third killer organization!

Dare to take the blood stab, threaten his neck far?

It's not about death. What is it?

The business of assassination, to a large extent, is the business of reputation!

If today, he was threatened by Ye Chen, let Ye Chen go, then the blood thorn is true, or there is no more!

Therefore, ye Chen must die!

Threaten no one, do not threaten a killer, not to mention the killer's boss!

He did not know why Wantong would let Ye Chen go, but his blood stab was not only a powerful killer of Wantong!

As for Wantong being defeated by Ye Chen?

Xiang Yuan never thought about it! That's impossible.

Ye Chen said faintly: "Xiang Yuan, the choices you have made in this life should be very successful, otherwise, the blood thorn will not develop to today's level, but this time, you are wrong, and the mistake is very serious!"

"One wrong step, all losses!"

The next moment, two figures, suddenly from the shadow of the corner of the hall, with a very fast speed, one left and one right, toward Ye Chen, attack and kill!

Ye Chen knows that these two people are the second and third killers of blood thorn!

The bald man on the left, with dark skin and several ferocious scars on his face, is named Shi Hei. He has been practicing chaos state for eight layers. He has carried out tasks all his life. There are 139200 failures, 130 failures, blood stab killers, ranking third, known as the black evil star!

On the right side of the list, there are always three thousand murderers on the man's face, and the second one is the one with the smile on his face!

The weapon used by Shi Hei is a meteor hammer. At this time, the meteor hammer is spinning wildly, and its speed is too fast to imagine, and it is accumulating energy crazily. While Shi Hei rushes towards Ye Chen, he continuously infuses rolling spiritual power into the meteor hammer. On the meteor hammer, the rolling black awns erupt, just like the black evil star in the sky, to annihilate the momentum of the world and roar at Ye Chen Come on!

However, Zheng Ye used a long sword. His whole body was turbulent, and the body of the sword was buzzing. The hum seemed to contain the cry of thousands of fierce ghosts. Obviously, the sword was stained with blood and condensed the resentment of countless dead souls!

His whole figure is also moving, becoming more and more weird, more and more fuzzy, looks light and floating, like a ghost general, but the speed is extremely fast! Obviously, it's a very special body method!

This stone black and Zheng ye, a fierce, a strange, but they all have a common feature, that is to kill!

The two men were extremely fierce, and their killing intention almost turned into substance. They roared in the whole hall. They all tried their best to kill Ye Chen!

Moreover, under their cooperation, they were incomparably tacit and almost seamless. Obviously, they did not know how many times they had joined hands!

But ye Chen at this time, is standing in situ, did not move!

Two people, really strong, originally already extremely terrible killer, under the joint efforts, is suffocating!

However, even if they join hands, there is still a gap between them and Wantong!

Even if Wantong, the first killer of blood thorn, had no place to bury the devil as a backing, he would have only one result in the face of Ye Chen!

That is, defeat!

The next moment, ye Chen moved!

He was full of real martial intention, extremely powerful, galloping in his body. His sword and blood flashed in his hands. The stone was blacker than that of the stone. Zheng Ye's killing intention was even more terrifying than that of the sky!

For a time, Shi Hei, Zheng ye, Xiang Yuan, all changed their faces!

How murderous!

Shi hei and Zheng ye are all super killers who kill countless people. But now, they find that they are not as murderous as ye Chen?

This, how can it be? It's unbelievable!

Ye Chen slightly sneers. If you kill more people, will your murderous spirit be stronger?

What level of terror does Ye Chen kill? What's more, ye Chen has experienced the baptism of the war between man and devil in the dreamland of Zhenshen Tower!

Is the murderous spirit honed out of this way, a general killer, comparable?

The frightful sword light of senhan, accompanied by the force against the sky, suddenly collides with the black light on the black meteor hammer of Heisha star stone and the sword light on the long sword of the laughing ghost Zhengye! With a loud bang, the headquarters of bloodthorn started to shake and tremble crazily under the aftershock of the three attacks. Countless stones fell down, the walls and the ground cracked, and they tended to collapse!

The two bodies flew back and forth fiercely, just like cannonballs, from both sides of Xiang Yuan's side, flying past!

With a huge bang, their bodies smashed on the hall wall behind Xiangyuan, and the wall was smashed instantly!

And this strong impact, directly two people's whole body flesh and blood, just like mud general!

Xiang Yuan, which has dominated the blood thorn for tens of thousands of years, has become the underground force of the first Shenguo and one of the three giants. At this time, he has a completely frightened expression, and his face has completely lost his blood color!

He turned his head foolishly and took a look at Shi hei and Zheng Ye beside him. These two killers, who were famous for their fierce names and made countless warriors of the kingdom of God and terrified by the wind, were dead completely. At this time, they were still extremely miserable!

Blood thorn ranks the second and the third killer, under the joint efforts, is actually killed by Ye Chen!!!

Xiang Yuan shivered all over and looked at the man in front of him with incomparable fear. What ye Chen said before has always been lingering in his mind

He will regret

Blood prick, will no longer exist!!!

Xiang Yuan, who originally sneered at this, now believes it completely!

In his whole life, he has experienced countless storms and crises, and he has survived successfully!

There have been countless people, threatening him, intimidating him, ridiculous to the end, is still him!

But this time, he was wrong!

Xiang Yuan, who has been in charge of blood Spurs for many years, has already lost his awe. Now he fully understands that the reason why he can smile to the end is not because of his choice, but because he has not met a really terrible opponent!

Chapter 2879

Now, he met!

He provoked an existence that he could never afford!

The leader of the blood thorn alliance, which rules the first Kingdom and the third killer organization, scares countless people in the kingdom of God. Now, he looks like a silly child!

He knew that the prickly was going to die

The young man in front of him, with his own strength, instantly crushed, just as simple as crushing an ant nest

Just like Ye Chen said, one wrong step, all losses!

Ye Chen goes to Xiang Yuan and suppresses him with a strong breath. In the fierce waves of terror, Ye Chen has no resistance at all. He kneels down in front of Ye Chen.

Ye Chen looked down at him and said coldly, "say it!"

Xiang Yuan at this time, where still in charge of what rules, where also manage what reputation?

He just want to, quickly away from Ye Chen, at all costs!

Xiang Yuan trembled and said: "the person who delivers the task is the talented disciple of Wanfa sect, Gao Yin..."

Ye Chen's heart is shocked. Is it Wanfa Zong?

Although he killed Kongxian, a disciple of Wanfazong, and offended Kongchi, the old ancestor of Wanfa Zong, he did!

This time, it's not just revenge!

This time, the people who targeted him obviously had countless ties with the demons. Wanfazong was the first God Kingdom and a very powerful first-class force. If Wanfa Zong betrayed the Terrans and colluded with the demons, the consequences would be unimaginable!

Even Ye Chen, after hearing the name of Wan FA Zong, his face changed!

At this moment, ye Chen suddenly understood why he divided the kingdom of God into seven parts.

Any part of these seven parts may be contaminated with demons, but if there is a country that can take care of itself, there is hope for the kingdom of God!

He looked gloomy. However, even if the person who commissioned blood stab to assassinate himself is really wanfazong, there is no substantial evidence to prove that he is really involved in the demons. Now, the top priority is to rescue Tu Lanxin!

Ye Chen heavily vomited out a mouthful of turbid gas, toward the item far deep voice to drink a way: "do you have evidence?"

Respectfully, Gao Xiang handed them all the things.

Ye Chen takes over the jade slips and looks over the past carefully

All of a sudden, ye Chen's eyes opened and the light flashed in his eyes!

At the end of the record, it seems that there is a strange position in the jade.

Moreover, according to Ye Chen's body of reciting demons, this direction is obviously added in the back. If he guesses correctly, it should be the work of the emperor Wanfa Zong Gao Yin!

At the corner of Ye Chen's mouth, there is a sneer, ha ha

Gao Yin kidnaps Tu Lanxin and leaves a position in the jade slips. It seems that he has long guessed that the blood thorn will miss?

But the most important thing is that even though he knows that he has the strength to crush the blood stab, he is not afraid, and dare to leave such a message. It is almost as if he is inviting himself!

The address left by Gao Yin was probably a trap, but!

Whether it is a trap or not, ye Chen can only break through!

What about traps? Smash them with one blow!

At this time, Xiang Yuan peeked at Ye Chen and said, "Mr. Ye, I'm ignorant. I've offended you. I've learned my mistake. Can you spare me a dog's life?"

Ye Chen looked down at Xiang Yuan. Suddenly, he raised his hand, and a slave's seal entered Xiang Yuan's body. He said coldly, "if you still want to live, go to the alliance now and report everything you know to the leader of the alliance."

When Xiang Yuan heard the speech, he was not angry. On the contrary, he kowtowed happily: "villains understand!"

Ye Chen planted a slave seal for him, which means that he should be let go!

Ye Chen's figure flashed and disappeared from the blood thorn headquarters in an instant.

Xiang Yuan knelt down in the same place, a little bit disappointed. A moment later, he took out a book with four big characters on its cover.

"No killing list!"

Every killer organization has a list of such killers, which represents the existence of no matter how big the interests are!

And powerful forces like blood thorn, eye of death and Jue Jian have very few names on the forbidden list!

Most of the no killing list is blank. There is only one name on each page, and the whole book, with a name, is no more than 10 pages!

Moreover, the first page of the no killing list is blank, because, up to now, Xiang Yuan has not found the absolute existence that can be written into the first page!

At this time, he slowly on the first page, with his own blood, wrote Ye Chen's name. With a sigh, he buried the list under the main seat, moved his body, and left here.

He knows, blood spurs, completely finished, lost the top three killers, what capital does blood Spurs have to stand on?

.....At the same time, samsara valley.

The two figures stood like this without stepping into one step.

These two people are Ji Siqing and Qu Xueyong.

They've been standing here for days.

It's not that two people don't get into it, they can't get in at all.

There is a very strong barrier in the transparent air.

At the bottom of the barrier, there is a line of ancient inscriptions.

"Life and death, reincarnation, who dare to say victory or defeat."

This line of writing has a very strong power, which even controls Ji Siqing and Qu Xueyong and can not step into a step.

Qu Xueyong's legs are slightly numb.

After all, standing here for too long, even if there is enough cultivation, it will be suppressed by the prohibition under the feet.

He looked at Ji Siqing, hesitated for a long time, or opened his mouth: "Laozu, when are we going to stand?"

"It's been days."

"That man won't open the bar and let us in."

However, Ji Siqing still put his hands on his chest, his eyes closed, the breeze came, and his eyelashes trembled.

It's beautiful.

"Keep waiting."

Simply three words represent Ji Siqing's attitude.

Qu Xueyong had no choice but to close his eyes and listen to Ji Siqing's words.

He operated the only spiritual power left in the elixir field and continued to suppress the shackles from the underground.

Another hour later, Qu Xueyong couldn't hold on and sat down on the ground. After that, a faint grain moves on the ground where he sits!

Suddenly, a few black vines grew out of the ground. The vines spread rapidly, and Qu Xueyong was locked in the moment.

What's more strange is that an invisible force seems to swallow Qu Xueyong to the ground.

"Grandfather, help me."

At the moment, Qu Xueyong is a little flustered and shouts.

However, Ji Siqing still eyes closed, but her show hand slightly moved.

Even in secretly pinch Jue!

When the end of the Jue, Ji Siqing's whole body burst out a blue light!

The black vines seemed to see something terrible, dissipated and returned to the ground.

Chapter 2880

Qu Xueyong breathed out a long breath and quickly arched his hand and said, "thank you, ancestor."

Ji Siqing did not pay attention to it. Suddenly, she opened her eyes and gazed at the end of samsara valley.

Then, a faint voice sounded: "you old, long time no see."

Qu Xueyong is stunned. Is there anyone around here?

But why didn't he feel it?

When Qu Xueyong was confused, the space in front of him fluctuated, and a black space vortex suddenly formed.

In the middle of the whirlpool stood an old man.

The old man's eyes flow with runes, and his whole body is full of terrible reincarnation power!

Obviously, the cultivation of the old man is very strong!

The old man looked at Ji Siqing curiously and said, "girl, do you know me?"

"Interesting."

"No one has come to see me for a long time."

"Although I'm interested in you, samsara Valley is not a place for people to come."

Ji Siqing smiles: "idleness and so on, do you really think I am idle and miscellaneous?"

"Ye Jiuyou?"

Suddenly, the old man's expression changed!

Many people know his name is youlao, but only a few can tell his name accurately!

"Who are you, girl?" he asked

The next moment, the old man actually exudes a strong sense of sword!

And the sword will go towards Ji Siqing!

If you hit, you'll die!

Ji Siqing did not dodge, not to fight back!

"Pa!"

The sword crossed like a thunder.

Ji Siqing's veil instantly turned into a white feather.

Beautiful appearance appears.

That beautiful suffocating face seems to be the world's unique general.

Even God dare not profane it.

More importantly, Ji Siqing's eyebrows are flashing a faint rune.

Mysterious and mysterious.

Seeing this scene, you Lao's expression was extremely strange. What did he think of? He stepped back a few steps in disbelief, shaking his voice and saying, "you Who are you? Are you Miss Qu? "

He has seen the rune in the middle of the eyebrow!

And very familiar!

Only one person in the world has this rune.

This was once a taboo in the world.

He thought that the ancient times had come to an end, and the master of the rune had fallen into the world and could not even step into reincarnation.

But unexpectedly, this time, he actually saw!

the key temperament as like as two peas!

No mistake!

Now, is Keith entitled to count

You Lao suppressed his shock, thought for a few seconds, and shook his head: "Miss Qu, although I don't know why you are on this body, you still can't do it. There are orders on it. No one can step into the core of samsara valley."

But the next second, Ji Siqing is stepping out of a step.

Space vibration, an invisible force collision!

Ji Siqing's lips even exuded a trace of purplish blood.

Ji Siqing's current cultivation can't stop the power in front of him.

It can be seen how terrible the core of samsara Valley is!

"Grandfather Qu Xueyong was extremely moved, but did not know what to do!

And you old face more and more ugly: "Miss Qu, you this is why?"

"With the fall of the reincarnation Lord, the situation has changed a long time ago. Now it is the one who controls everything, not to mention the kingdom of God. The extraterritorial and the upper world are under the control of that one."

"Now, even if you have not experienced the samsara."

"Miss Qu, you give up."

"I'm not going to tell anyone that you've been here."

However, Ji Siqing took another step!

A stronger, but not a divine power!

"Poof!"

Ji Siqing spat out a mouthful of red blood this time.

The white clothes were dyed a little bit, just like a pair of lonely plum blossom pictures.

"If you don't let me in, I'll break in. Do you understand?" Ji Siqing's weak voice rang out.

It belongs to her stubbornness.

You old eyes some do not give up, but can not open the ban here.

Because once opened, the girl in front of her will be in a more dangerous situation.

"Miss Qu, you really don't force me."

"I'm just a doorkeeper. Don't be hard on me."

Words fall, Ji Siqing step out again!

This time, Ji Siqing's white clothes turned into blood.

Her hands are bleeding!

Her eyebrows were bleeding.

Pale face seems to tell the injustice of the world! Seeing this, Qu Xueyong has knelt on the ground!

"Ancestor, what are you doing?"

"You are the only hope of the musicians."

However, Ji Siqing did not move, that stubborn eyes tightly staring at the old man not far away!

Step by step, keep going!

It looks like it's hard to take a small step.

"The game, but it's just begun!"

"Last life, I lost to you!"

"In this life, ye Chen and I will pull you down from the altar! Eternal purgatory
