Chapter 3661

Ye Chen frowned slightly and turned his back to Li Qingyu and said, "take off your clothes and enter the pool. Neutralize the spirit marrow of the moon liquid with the body tone of Yuanyin!"

Li Qingyu's look is a little embarrassed, but he looks at the soul marrow of the moon liquid, and his pretty face is slightly pale

This month liquid spirit marrow, so cold, light is emitting cold, she can not resist, how can enter it?

Ye Chen said: "don't worry. Once you touch your skin, the body of Yuan Yin will take effect automatically. Let alone the spirit marrow of moon liquid, it can't hurt you. Even if you enter the pool, it will do you a lot of good."

Li Qingyu nodded gently, and she believed ye Chen.

The next moment, Luo Shang light solution, a pair of waves fell out, ye Chen slightly Zheng.

The girl's figure is still hidden?

Li Qingyu, a pair of jade feet, lightly touched the surface of the pool. There seems to be a kind of strength in his blood, and he gradually wakes up!

That month liquid spirit marrow, not only did not give her any cold feeling, on the contrary, a faint moon power, poured into Li Qingyu's body!

Li Qingyu's delicate body trembled. In her beautiful eyes, she appeared happy and entered the pool without hesitation!

In an instant, the pool was clear and bright, as if there was a moon rising in the pool!

Ye Chen sees this, and a smile appears in the corner of his mouth. After Li Qingyu enters the pool, the spirit marrow of this month's liquid gives him a feeling of gentleness!

Immediately, he was no longer wasting time and fell into the pool in a flash!

Originally, still enjoying the power of the moon, moistening every pore of the body, Li Qingyu, with an extremely relaxed and comfortable expression, was instantly pretty!

Why did ye Chen come in!

She knew that she could bear the spirit marrow of moon fluid because of the body of Yuan Yin, but ye Chen didn't have it!

For ye Chen, this month's liquid soul marrow should have a fatal chill!

And Besides, she's naked now!

Li Qingyu's pretty face, instantly blood red, even white delicate body, are red up, her heart rate continues to accelerate, breathing, are rapid up, in the brain, a blank, do not know where he is, his whole body, as if began to shrink in general!

She and other men, but have not even held hands! For a moment, Li Qingyu's heart also surged a burst of shame and anger!

And ye Chen one enters this month liquid spirit pith moment, it is complexion a change!

And Li Qingyu's relaxed, completely different, even if the moon liquid spirit marrow, has been mild several minutes, but the cold is still incomparably terrible ah!

Even with Ye Chen's physique, there are a lot of frostbite marks on the whole body!

Moreover, this month liquid spirit marrow, is not only cold, but also extremely heavy!

After entering one of them, ye Chen felt tens of thousands of mountains, crushing his body in general!

He bit his teeth, burned the blood formula, the body of the heavenly demon, the reincarnation Xuan stele, and then reluctantly resisted the terrible pressure!

Ye Chen looked at Li Qingyu and said in a deep voice, "face to face with my palm!"

Li Qingyu looked at Ye Chen's extremely dignified look at the moment. For a moment, he was a little flustered. All his feelings of shame and vexation were completely forgotten. He quickly stretched out a pair of jade hands to hold Ye Chen's palm!

The power of Yuan Yin's body, in the two people's bodies, slowly rotating, finally let Ye Chen's look, ease a minute!

However, if you were a general martial artist, even if the sky mending peak existed and Li Qingyu helped him, I'm afraid that the moment when he came into contact with the spirit marrow of moon liquid would have been frozen to pieces?

But at the moment, ye Chen is the eyes of the divine light, he wants to start the moon liquid spirit marrow inhalation body refining!

.....

For a time, the whole clear pool, all agitated up!

It seems to feel Ye Chen's swallowing of the spirit marrow of the moon liquid, and the chill in the clear pool suddenly becomes stronger and stronger!

Li Qingyu's pupil shrinks, and the spiritual power in his body runs wildly, which makes him suppress the restlessness!

And ye Chen in the moon liquid spirit marrow into the body of the moment, the face will appear extremely painful look!

The frightful cold air froze his innumerable meridians into pieces. Even if he wanted to recover with his terrible vitality, it was quite difficult. At the same time, the heavy moon liquid spirit marrow was like pouring a drop of liquid that could collapse a planet into his body, destroying his flesh and blood and bones!

That is to say, ye Chen can bear the terrible power and extreme vitality!

Ye Chen clenched his teeth, his eyes also burst out a fierce force, he not only firmly locked the wisp of moon liquid soul marrow, not to give it the chance to escape from the body, at the same time, he was all over the spirit of wild surge, toward the spirit pulp suppression and away!

Xuanhanyu's voice rings in Ye Chen's brain, teaching him how to cultivate the spirit moon Dharma body!

And ye Chen, according to Xuan Hanyu's words, drives that wisp of moon fluid spirit marrow, running in accordance with the specific meridians in the body!

Even if the spirit marrow of this month's liquid is strong, it will gradually yield to Ye Chen's blood and spiritual power. It turns into an extremely pure energy and integrates into Ye Chen's body! Ye Chen successfully refined a wisp of moon liquid spirit pith!

Only this is this wisp, ye Chen already joyfully felt, own physique promoted one point!

At the same time, the divinity in the blood is becoming more and more intense!

But this is just the beginning!

Ye Chen looks at the whole pool's moon liquid spirit marrow, in the eye the flame soars, the most precious present, he but does not want to let go of a drop!

He did not even give himself a moment to rest, and immediately began to refine the next spirit marrow. The more spirit marrow was refined, the better he could bear the power of the spirit marrow of moon liquid, and at the same time, his spirit moon Dharma body would also move towards perfection!

If the spirit moon Dharma body can be really practiced, the moon liquid spirit marrow will not cause any burden to Ye Chen!

Ye Chen low roar, is a wisp of spirit marrow, absorb into the body!

But, his blood also gradually diffused in the pool, which originally sent out the bright and bright clear pool, stained with a layer of blood color!

.....

Outside the temple of the moon god, two flames broke out. In the fire, there were two men in Taoist robes. It was Li Xiuyuan and Wu disaster!

Wu Fu frowned and asked Li Xiuyuan, "elder brother, are you sure that boy has started to collect the spirit marrow of moon fluid? How do you judge that? "

Li Xiuyuan said faintly: "don't you feel that the cold air here is weak?"

When Wu Bing heard this, his face moved!

Vaguely, it seems to be so!

He immediately showed a ferocious look on his face. The boy is dead!

When they moved, they went towards the moon god temple!

Soon, Li Xiuyuan and Wu Fu arrived near the moon god temple!

However, when they saw the scene in front of them, they couldn't help but look incredible!

This boy, how did the whole person enter the soul marrow of the moon liquid?

What's more, the most important thing is that although he has a weak breath, he still lives well!

Chapter 3662

Li Xiuyuan and Wu disaster have made all preparations in the past 100 years, but they just want to take away a trace of soul marrow and find a way to use it. However, this boy has swallowed it directly?

They are all stupid!

However, soon, Li Xiuyuan's face was a glimmer of joy, laughing: "God help me, it's really God helps me too! Brother, this boy was so stupid that he directly entered the soul marrow of moon liquid? Hehe, he didn't die. It was unexpected, but now, he has no resistance at all, right?

Even if you have the heaven, what? It won't help him in this situation! "

In Wu's eyes, the fierce color flashed, and his whole body was surging with aura. A long sword with blood red all over his body appeared in his hand. All kinds of runes were engraved on the sword body. In an instant, an evil spirit roared out of the sword!

At the next moment, Wu Fu's wrist turned, and his martial spirit was surging. He poured himself into the sword and chopped it out at Ye Chen!

The blood light flashed suddenly, turned into a bloody crescent moon, toward Ye Chen in the clear pool, and quickly cut away!

But at this time, around the ancestral hall, there appeared a white light curtain, and the bloody sword was pounding on the white light curtain!

There was a huge bang, and heaven and earth were shaken. Countless cracks appeared on the white light curtain, but they were not completely broken under the attack of Wu disaster!

However, Wu disaster and Li Xiuyuan, but there is no surprise, this array in their expectations!

At this time, the rhythm of Li Xiuyuan's whole body was flourishing, and he actually had a handle of whisk in his hand. On the dust, there was a strong aura, and it was a very high-grade imperial instrument!

At the next moment, his eyes were full of cold, and he murmured: "limitless sweeping dust skill!"

An extremely dazzling golden awn, surging from the ups and downs, is like the hand of an immortal God, facing the white light curtain and suppressing it!

Originally, has been all over the cracks of the light curtain, instant burst!

This array is from the hands of Li Shan fairy Ye Chen. It is of high rank. It can resist the strong one who mends the sky for a while!

But in front of Li Xiuyuan and Wu disaster, they were destroyed by one blow!

Wu Fu laughs wildly, is a sword again, cuts toward Ye Chen!

Li Qingyu, who is under the clear pool, is aware of this scene. His pretty face is already pale. Now, there is no array that can stop the opponent's attack!

And she, even if you want to resist Ye Chen can not do, in order to suppress this gradually agitated up the moon liquid spirit marrow, she has done her best!

This sword light, whistling, but did not fall on Ye Chen's head!

The half moon blood awn was submerged by the rolling cold air when it was close to the Qingchi. It turned into a bloody ice sculpture and fell to the ground and became smashed!

Wu disaster's face changed. Could the cold barrier of the spirit marrow of the moon be able to resist even the attack of martial arts?

Li Qingyu can't help but feel a little relieved

However, at this time, a gloomy laugh sounded in the ears of all.

Li Xiuyuan looked at Ye Chen's direction like a poisonous snake. Although the smoke shrouded him, he could not see clearly, but he still sneered: "young master, didn't you think you still have sentiment? With this enchantress into the moon liquid soul marrow mandarin duck play in the water? Hehe, I didn't expect that. "

His face suddenly coldly came down and said, "but do you think you can rest in peace after hiding in this cold air? Since I want to take the spirit marrow of the moon liquid, how can I not be prepared? "

An extremely hot meaning, instantly from Li Xiuyuan's body, like a storm, whistling up, a bead surrounded by strong fire light appeared in front of him!

The moment the bead appeared, the original extremely cold temperature, seems to have begun to rise!

Seeing this, Li Qingyu could not help exclaiming: "this is the magic fire bead!"

Li Xiuyuan said with a smile: "the enchantress has some insight."

What is the magic fire bead?

Shenhuozhu, although not a real divine fire, but it contains a part of divine fire power!

This is not at the same level as the blue evil thunder bead used by the Zhan family!

If we say that the blue evil thunder bead contains one hundred thousandth of the power of the blue evil thunder, then the magic fire bead contains a kind of divine fire, one thousandth of the power!

However, it is a pity that shenhuozhu is a disposable consumable, which will dissipate after being used once!

But!

This is not completely without benefits. If one thousandth of the power of Shenhuo can be burst out in an instant, you can have the power to match the real fire!

What's more, the magic fire bead in Li Xiuyuan's hand contains the power of Kunling real flame!

Kunling Zhenyan ranks 83rd on the foreign fire list!

Li Xiuyuan stares at the two men in a gloomy way: "under the suppression of the Kun spirit fire bead, even the cold air of the moon liquid spirit marrow can't save you!"

At the next moment, Li Xiuyuan and Wu Fu looked at each other, and they focused on the fire bead of Kun spirit. It was not easy to drive the bead! They all have spiritual power, just like the flood, pouring into the magic fire bead crazily!

An incomparable burst of blazing breath, instantly from the divine fire bead, pouring out!

Li Xiuyuan was very hard to face that magic fire bead a bit, low drink way: "go!"

On the bead of divine fire, a blue yellow flame was ignited, which turned into a blue yellow streamer. With a trembling light, it ran towards the cold barrier and ran away!

With a bang, the earth shaking sound, the whole moon mysterious place seems to be turbulent under this collision!

The fire bead of Kunling spirit, in the moment of meeting the cold air emitted by the spirit marrow of moon liquid, seems to meet the heaven and earth in general, and instantly shine!

The sky flame, from the divine fire bead, surging out!

And that cold aura, interweave a place!

For a moment, the moon god temple turned into a double sky of ice and fire!

The wind and snow around the whole moon temple has stopped, and even the accumulated snow for many years, the frost has signs of melting!

This fire bead of Kunling spirit actually counteracts the cold barrier Qi of the spirit marrow of moon liquid for a time!

Li Xiuyuan and Wu Fu looked at each other and saw the excitement and ferocity in each other's eyes!

Isn't this guy threatening them? Are they going to die?

Now, who is dead!!!

It was when Li Xiuyuan and Wu calamity began to fight ye Chen, who was in the soul of the moon fluid and seemed to have no resistance!

Ye Chen, unexpectedly at this time, suddenly drank a voice: "protect the Dharma!"

Li Xiuyuan and Wu were in a daze, and then they were smiling

Protect the law?

Who should I ask to protect his Dharma?

This moon god temple, so cold, who can stay here?

But at this time, there was a big bang, and the four figures suddenly rose from the snow!

The endless evil spirit filled the sky and the earth. The roar of the dragon and the roar of the tiger shook the eardrums of Li Xiuyuan and Wu Fu!

Their faces suddenly changed. There were several big demons hiding in the snow!

The big demon of the nine saints demon clan!

Chapter 3663

Only these demon clans with strong blood can hide in the ice and snow for such a long time!

The ice and snow in the moon god's secret place is also quite special, which has the effect of isolating deities!

And the reason why Xu Shenglong and others can find here is thanks to the blood mark left by Ye Chen all the way!

Ye Chen's blood contains the blood of heavenly demons. Tiandi demon is the ancestor of ten thousand demons and has a kind of attraction to any demon family. What ye Chen displays is the blood clotting charm passed on by xuanhanyu. This charm can keep the breath of blood in the air for a long time!

Xu Shenglong and others found this place through the blood clotting mark left by Ye Chen!

And, under Ye Chen's arrangement, hidden in the snow!

Ye Chen from the very beginning, has already expected, Li Xiuyuan two people will return!

Huang Xingtian has turned into a golden tiger at the moment. With his tiger eyes, he stares at Li Xiuyuan fiercely and roars: "kill! If you offend the son, you can only repay it with your life

The four headed demons, with a roar, rushed at Li Xiuyuan and Wu disaster recklessly!

At the moment of saying the word "son", Xu Shenglong and others knew that even if they were dead, they would never let Li Xiuyuan leave here alive!

But Li Xiuyuan and Wu disaster's face color, is momentarily ugly up!

They are strong!

But Huang Xingtian and she Jingjing of Jiusheng Yaozong, the two geniuses of Jiusheng Yaozong, are not ordinary at all!

What's more, there are Mu Mingxuan and Xu Shenglong harassing in the side?

But in the face of these several big demons who did not hesitate to fight, Wu and Li Xiuyuan had to fight!

For a time, the sky above the moon god temple was filled with blood, gold, tigers roaring and dragon chanting. The six evil spirits of the ancient six sects fought together, and both sides fought for their lives. It was extremely tragic!

At the moment, in the clear pool, ye Chen is looking deep and congealed, refining the soul marrow of the moon liquid in that pool crazily!

Li Qingyu took a look at the pool water, and the color of shock appeared in her beautiful eyes!

The water in this pool has been shallow!

She looked at Ye Chen as if she was looking at a monster. Even if she had the body of Yuanyin and the spirit marrow of moon liquid, she would never dare to refine the spirit marrow of moon liquid into her body!

Can ye Chen in this short period of time has swallowed so much of the spirit marrow?

In the sky above the moon god ancestral hall, Li Xiuyuan clenched his teeth and wildly waved the golden dust in his hands. The golden light containing the extremely strong Taoist rhyme poured out and bombarded the giant tiger in front of him!

This limitless sweeping dust skill is the secret of Qixuan daocong. Only the next leader is qualified to practice, and its power is extremely terrifying!

However, the golden light was smashed on the huge tiger body. Although Huang Xingtian was attacked by the roaring tiger, the skin was raw and the flesh was raw, but it did not cause actual damage!

Huang Xingtian's body flashed with dazzling gold, just like the thick liquid gold flowing on his body surface!

This is one of the talents of the golden tiger clan, casting golden tiger body!

It is said that the golden tiger family has the blood of the white tiger, and the body of the golden tiger inherits the white tiger's terror defense power!

If you want to kill the yellow tiger, you can't keep it!

What about Li Xiuyuan?

At the moment, his Taoist robe has been covered with a trace of blood. Although Huang Xingtian's every attack Li Xiuyuan can almost perfectly resolve and avoid, under Huang Xingtian's fierce and fearless attack, he inevitably brings some injuries!

These injuries are not serious, but Li Xiuyuan is superior to the martial arts, but he does not have Huang Xingtian's incomparably strong vitality!

As long as one is not careful, he may be fatally injured. It is conceivable that how much pressure Li Xiuyuan is under at this time!

Li Xiuyuan also wanted to force Huang Xingtian back and escape from the battlefield for the time being. However, Xu Shenglong would stop him at such a time!

The situation of Wu disaster is similar!

She Jingjing and Mu Mingxuan are entangled with her!

They don't know why the geniuses of the nine sage demon clan obey Ye Chen's orders so much!

With the fighting between the two sides, the moon liquid spirit marrow in the clear pool is becoming less and less, and the Moon Flower around Ye Chen is becoming more and more rich!

As if, its body surface is plated with a layer of moonlight!

Three hours later

The moon god ancestral hall has been dyed red by blood rain. At the moment, Huang Xingtian's cast gold God tiger body has been unable to maintain. On the huge demon body, there are large and small wounds, blood and flesh are blurred. However, his tiger eyes are still staring at Li Xiuyuan fiercely, without any intention of retreating!

Li Xiuyuan's state is not good, pale, breath slightly weak, but his face is full of excitement!

He did it! During these three hours of fighting, he did not make any mistakes and perfectly dealt with all the attacks of Huang Xingtian! Don't look at this moment, Huang Xingtian still seems to be full of fighting spirit, but the advantage has fallen on Li Xiuyuan's side!

Huang Xingtian's injury is much heavier than Li Xiuyuan!

As long as she Jingchi's cruel face is wiped out, she Jingchi will be able to overcome the cruel fate of Wu!

In that case, no one can stop them from destroying the strange boy!

The moon liquid spirit marrow, finally still belongs to them!

But at this time, Wu Fu's pupils shrank, and he roared: "brother, be careful!"

Huang Xingtian disappeared from Li Xiuyuan's eyes!

Li Xiuyuan's face suddenly changed, and his body moved. He was going to dodge to one side, but it was too late!

In the void above his head, a beautiful man with golden hair and golden robe flashed out. On his hands, he held a long sword with the color of red gold. It was Huang Xingtian!

He turned into a man!

At this moment, Huang Xingtian's whole body is surging with a strong sense of Zhenwu!

Huang Xingtian said with a cold smile to Li Xiuyuan: "do you think you are going to win? Li Xiuyuan, are you too early to be happy? "

Li Xiuyuan looked sharp and said in a deep voice: "hum, it's just a monster. Do you want to fight me with martial arts? Die for me! Unlimited dust sweeping work

Since we can't avoid it, the head-on attack is!

He has suppressed Huang Xingtian for so long. How can he be afraid of him at this time?

The surging golden glow, which exudes the sense of vastness, suddenly bursts out from the dust in Li Xiuyuan's hand, and turns into a long golden river, which is swept away towards huangxingtian!

The long golden river, seemingly as soft as water, contains unimaginable destructive power!

However, in the face of Li Xiuyuan's attack, Huang Xingtian was sneering and his sword light broke out at the same time!

There was a loud, earth shaking noise, and a scream suddenly rang out!

Wu's face changed. It was Li Xiuyuan's scream!

Chapter 3664

A bloody figure, flying upside down, just like a meteor falling from the sky, smashing down towards the earth at a high speed!

There was another roar, and the figure was on the ground, smashing out a huge hole!

At the moment, half of Li Xiuyuan's body is almost broken. One arm is missing and his whole body is dripping with blood. He is seriously injured by Huang Xintian's sword!

He growled in disbelief, "how could it be! I'm pressing you to fight! Why is this so? "

Huang Xingtian, holding a long sword, looked down at Li Xiuyuan and said with a sneer, "are you pressing me to fight? Hehe, Li Xiuyuan, I've resisted your attacks so many times. If I can't fully understand your martial arts, I don't deserve to be called the first young genius of the nine saints demon sect. "

Li Xiuyuan's face turned pale in an instant. Huang Xingtian seems to have been suppressed by himself for so long. Is it actually to find out his moves?

The limitless dust sweeping skill, though powerful, is extremely difficult to cultivate!

Even with Li Xiuyuan's qualification, he didn't practice to the perfect state. Even, it's still a little awkward to use!

But even so, no one can understand such advanced martial arts skills!

Especially in battle!

Huang Xingtian is obviously a demon clan, but his martial arts talent is against the heaven to this level!

At the same time, Li Xiuyuan's eyes also suddenly appeared a thick color of fear!

He, it's over!

As the future leader of the seven xuandaozong, he is going to die here!

Seeing that Li Xiuyuan was seriously injured, Wu Fu was desperate to rush to Li Xiuyuan. However, she Jingjing suddenly turned into a human figure. In her beautiful eyes, she Jingjing flashed her wrist and waved a long whip. The whip, as if it had life, was extremely flexible. In a flash, she tied up Wu disaster firmly!

Wu Fu struggled and roared, but she Jingjing was sneering. The Ba snake whip was refined from her skin which she had shed all her life. Is it so easy to get rid of it?

Huang Xingtian is full of evil spirit, and once again raises his long sword, he will kill Li Xiuyuan with one sword.

Li Qingyu saw this, and a happy face appeared on her pretty face. If the nine immortals of the demon sect successfully solved Li Xiuyuan, ye Chen and himself would be safe!

But all of a sudden, Li Xiuyuan's face calmed down. Looking at his half brother, he saw a shivering smile on his face and said, "brother, don't blame me, big brother, I'm forced to do nothing..."

Wu disaster smell speech, slightly a Leng, big brother this word is what meaning?

Li Xiuyuan, with a fierce look on his face, turned his head and looked at Huang Xingtian in the air with great resentment, and said, "Shura enters the body!"

As soon as these four characters were written, Wu's face, which was full of scars, turned out to be a twist, as if he was suffering a lot!

The next moment, he can't even scream, and his body expands rapidly!

She Jingjing changed her face and quickly took back the long whip. The expanding force was so terrible that even the Ba snake whip could not restrain Wu Fu's body!

Wu's mouth was filled with a very unwilling, shrill scream. It was a roar, and the whole person exploded!

However, the broken flesh and blood did not disperse, but poured into Wu's heart one after another!

even though Wu had died and spirit and spirit were destroyed, the heart was still beating in the air and absorbed the essence of Wu's flesh and blood. Even the spirit did not pass. Suddenly, the heart was distorted and turned into a huge red beetle. On the beetle's back armor, a black and red skull pattern emerges!

The beetle trembled, then turned into a blood light, toward Li Xiuyuan shooting away!

People look at all this, is a change in face, this thing is actually and the legend of the Shura devil insect, very similar!

Sora is also a kind of rare strange insects outside the territory. It is a treasure with unimaginable value in the moon soul domain!

As for the reason, not to say how powerful the Shura itself is, but because the Shura has a very special role!

Planting poisonous insects!

It is said that in ancient times, there was a sect based on refining poisonous insects, which once created a very terrible witchcraft called Shura Huashen Gu!

Even, in those days, because the Shura Huashen Gu was too rebellious, the top forces outside the region actually joined hands to kill this sect!

The sect itself is not very powerful, but by virtue of the Shura Huashen Gu, it was born and fought with the major sects for three days and three nights. Although it was eventually destroyed, it was enough to kill millions of warriors of each sect!

You can imagine how terrible the Shura Huashen Gu is!

And the Shura devil insect is the necessary strange insect to display this magic skill!

However, after this war, it seems that the whole country's Shura demons disappeared. The living conditions of these insects were extremely harsh, and there was almost no wild existence. Only the sect which took the witchcraft as the root had this method of raising Shura demons. Even so, this Shura devil has become the existence that many people talk about, and its image is almost unknown to the warrior!

I didn't expect that Li Xiuyuan had a Shura devil in his hand!

What's more, it seems to have been planted into Wu's body!

Li Xiuyuan, who claims to be a decent son of a famous school, has mastered the extremely evil and strange method of turning gods into poisonous insects by Shura?

Although Shura Huashen Gu is against the heaven, it is not so simple to practice it. First of all, you need to use a person who has blood relationship with yourself as a vessel for cultivating Gu insects. Moreover, when the vessel is extremely young, it must be planted into its heart!

This Sora is also magical. When it is planted into the heart of the host, it will not have any adverse effects on the host. At most, it will make the host's temperament distorted and cruel!

Moreover, it will enhance the host's martial arts foundation, physical quality and so on!

Until, this Shura magic insect in the kind of Gu people under the urge, into a Gu that day!

At that time, the host's flesh and blood, aura, including the spirit will be turned into the sustenance of Shura!

At this moment, the Shura devil will enter into the body of those who breed poisonous insects

The reason why it is called "Shura Huashen Gu" is that once it is refined, the strength of those who grow it will be greatly improved, just like the blood sea Shura transforming into the supreme killing God!

Of course, the improvement of Shura Huashen Gu to the growers mainly depends on the strength of vessels. The stronger the strength of vessels, the greater the improvement!

Therefore, generally speaking, the demagogues will try their best to improve the strength of the utensils, and then urge the secret method to turn the Shura demons into poisonous insects.

All this, seemingly complicated, actually happened between the electric light flint!

Until this time, Huang Xingtian's sword can be cut out!

The icy red and gold sword is cutting towards Li Xiuyuan!

The earth and the earth vibrated, and the sound of explosion continued, as if ten thousand tons of nuclear bombs exploded at the same time in the moon god temple, stirring up the smoke and dust covering the sky!

All people are looking nervously at the smoke and dust!

They all prayed secretly that this sword could kill Li Xiuyuan!

After all, although people have not seen the effect of Shura Huashen Gu with their own eyes, if the legend is true, it is absolutely incomparably powerful!

Chapter 3665

At this time, a roar of laughter was heard from the smoke and dust. It was like a bolt from the blue, which exploded in people's minds!

Li Xiuyuan is not dead!

Li Xiuyuan, who is seriously injured, is not dead after being hit by Huang Xingtian's sword. There is only one possibility

Shura Huashen Gu fusion is successful!

At this time, an extremely frightening breath of terror suddenly broke out, sweeping away the smoke and dust all over the sky!

Everyone looked at Li Xiuyuan at this time. They could not help but shrink their pupils!

Li Xiuyuan's whole skin had turned into blood red. On his body surface, there were countless dark runes. His whole body was also a little higher. His muscles were incomparably solid and full of explosive strength!

But originally, lost a hand and that nearly smashed half of the body, in this instant completely recovered!

What's more terrifying is that Li Xiuyuan's whole body exudes an extremely strong blood red and murderous air, which makes people smell disgusting, and permeates the whole moon god temple. At the moment, Li Xiuyuan's breath actually makes the big demons of the nine saints demon sect feel extremely palpitating, and their blood will flow back for it!

Huang Xingtian, Xu Shenglong and others are all looking at Li Xiuyuan with incredible color!

Even if it's against the sky, there should be a limit to this Shura!

It will take thousands of years if you want to upgrade to a small level. This is still for the most evil spirits like them!

If you are an ordinary warrior, you can't do it all your life?

But this Shura turns the God into a Gu, but almost directly promotes Li Xiuyuan's cultivation by two levels!

This is not so simple as adding up the accomplishments of Wu Fu and Li Xiuyuan, but a geometric increase!

Moreover, Huang Xingtian and others, as demons, are particularly sensitive to the vitality of essence and so on. They can feel that Li Xiuyuan is not only an improvement of cultivation, but also an all-round improvement of vitality, physical strength and so on!

All in all, it is a word that the Shura turns the God into a Gu. It's just like a rumor. It's extremely frightening!

It's no wonder that the mysterious Gu sect was able to defend many powerful forces outside the region with this Shura Huashen Gu, and could still persist for three days!

Li Xiuyuan's skill of refining Gu should be incomplete. At this time, his breath is not stable and seems to be still adjusting. He has not completely integrated with the Cheng Gu, but it has such a frightening effect!

We can imagine how powerful the real Shura Huashen Gu is!

However, the more powerful the Shura Huashen Gu is, the more desperate it will be for Huang Xingtian and others!

Mending the sky realm, the strength of each small realm is different from each other. It is extremely difficult to cross the level and fight. What's more, Li Xiuyuan is still a very powerful genius!

Such opponents, kill them, just need a move

At this time, Xu Shenglong's eyes showed a certain color and yelled: "self explosion! While this guy is still stabilizing his breath, we'll blow ourselves up. We can't let him hurt the son

Huang Xingtian and others heard this, but they nodded without hesitation. The four ultimate demons of the nine saints demon sect, their breath became agitated in an instant!

They sacrificed for ye Chen, without turning back!

Demon clan, full of blood, once identified you as the main, it is extremely loyal!

Such a death, for them, is an honor, is to be proud of!

But Li Xiuyuan said with a cold smile: "do you want to blow yourself up? Hehe, did I allow it? "

At the next moment, the bloody and murderous air swept out like a hurricane that could shatter the planet. Originally, Xu Shenglong and others, who were still breathing violently and were about to burst, were all rigid. In a moment, those who were suppressed to death were out of their control!

The strength of Li Xiuyuan was so terrible!?

Even if you don't need to move your hands, you will subdue the talents of the nine saints demon sect?

Li Xiuyuan looked at these monsters with great ease, as if effortlessly. He moved his body slowly, but his movements were not natural.

However, Li Xiuyuan doesn't care. It's unnatural. What's more, he's already in the grip, isn't he?

Even if you can only move a few toes, it's enough to crush all these ants.

At the same time, he is also extremely proud, prepared his own "brother"!

Li Xiuyuan was born in the Li family of the moon soul region.

There are many Li families in the moon soul domain, but only the most powerful Li family can be crowned with the three characters of last month's soul domain in front of the Li family!

Li family, although not as good as seven Xuan daocong, can also not be underestimated!

However, Li Xiuyuan is not the son of the Li family leader.

Li family is a well-known family in the moon soul region. Naturally, Li Xiuyuan's father is just a branch that can barely touch with his lineage, and has little status in the Li family.

However, even so, Li Xiuyuan's father is still a member of the Li family, with prominent status and numerous wives and concubines, while Li Xiuyuan's mother is just a concubine's room. In the Li family, although those servants also called Li Xiuyuan a young master, in fact, no one paid attention to him.

Every year, there are several offshoots in the Li family, who disappear for no reason, but Li Xiuyuan knows very well that these people were tortured to death.

By those legitimate children!

If Li Xiuyuan had not shown enough powerful martial arts talent, he might have been dead.

Although Li Xiuyuan had a strong talent for martial arts, he saved his life, but he also attracted the jealousy of many of his children. Since he could not kill Li Xiuyuan, they even more severely humiliated and excluded him!

It can be said that Li Xiuyuan's young time was spent under the torture of Li's family members.

As a result, Li Xiuyuan became stronger from a very young age, full of unimaginable persistence!

He wants to be strong, and he will be strong by any means. Only by becoming strong can he live!

If he can't show enough potential, his end will be more miserable than death!

Until one day, he got an incomplete ancient book which recorded many techniques of raising poisonous insects, and a blood red insect egg

On that day, he mastered the method of cultivating poisonous insects by Shura, and Li Xiuyuan was crazy

If you use your own brother to refine Gu, once it is found out, the consequences will be unimaginable. The legitimate children have the privilege of killing the collateral, but the collateral will never allow it!

As a collateral, if he violates the family law, even his martial arts talent, which has not yet fully blossomed, can not keep him!

After all, in the eyes of those legitimate families, if you dare to kill your fellow clansmen today, you may dare to fight against the legitimate clan tomorrow?

A few days later, Li Xiuyuan's mother disappeared from the Li family. No one saw her again

A long time later, it seems that a son of the Li family found a corpse in a cave near the family. One of the bones was cut off and her eyes were dug out. Before she died, she was cut open from her lower abdomen by extremely cruel means

No one knows who Wu Fu's father was. However, it is said that the closer one is to the one who cultivates poisonous insects, the better the effect will be.

Chapter 3666

.....

Li Xiuyuan turned his neck and felt the terrible power in his body, which seemed to block out the sun. His smile became more intense.

He is now the next leader of Qixuan daocong, and he is no longer the oppressed son of the Li family at that time. Today's ancestor of the Li family is extremely fond of Li Xiuyuan, and the leader of the Li family has already changed to Li Xiuyuan's father.

In fact, Li family is basically Li Xiuyuan in charge.

Over the years, the children of the Li family who once bullied and humiliated Li Xiuyuan have also continued to take the old road of sidelines, and somehow disappeared

He is very satisfied with his life now, but he doesn't want to end it so soon.

If he hadn't practiced the Shura Huashen Gu, he would have been dead now, right?

So, he didn't regret, not at all!

Morality? Feelings?

Can those things save lives?

As for your mother?

In Li Xiuyuan's opinion, a woman without strength is just a tool for childbirth, and so is her mother.

The only pity is that it turned the Shura into a poisonous insect too early

According to Li Xiuyuan's estimation, with Wu disaster's qualification and with Shura demons, he should be able to become the peak of the moon god's Secret realm!

Originally, Li Xiuyuan wanted to take advantage of this Shura to go to a higher place outside the country!

But now, but because of these demon clans, they have ruined their good deeds!

Thinking of this, Li Xiuyuan's eyes suddenly got angry. He looked at Xu Shenglong and others coldly, and suddenly said with a grim smile: "I heard that you demon clans attach great importance to love. Ha ha, then, I have to give you a chance to see your son on the road..."

He knew that, compared with death, these demon clans were more afraid to see the so-called Holy Son Lord and die in front of him!

Sure enough, Xu Shenglong and others were all ready to crack their eyes and roared: "damn bastard, kill Laozi first!"

"Do you know what kind of status the son of God is. If you attack him, you will not be let off by the whole exorcism and the upper Kingdom demon clan!"

Threat?

Li Xiuyuan sneered and threatened him. It was not a wise choice.

He was never afraid of threats!

Li Xiuyuan looks at Ye Chen in the clear pool, but at the next moment, he is shocked

At the moment, even the moon is full-bodied, and can only be seen in the moon!

And the soul marrow of moon liquid in the clear pool has disappeared completely!

What's going on?

Is it true that the spirit marrow of the moon has been absorbed by this boy?

For a moment, a very bad premonition surged into Li Xiuyuan's heart. The imperial vessel dusting reappeared in Li Xiuyuan's hands. His aura soared countless times, just like a tsunami, surging out!

"Limitless dust sweeping work!"

Li Xiuyuan murmured and raised his hand. He was like a star river of thousands of Li. He swept out and fell towards Ye Chen, who was still sitting in the clear pool!

Huang Xingtian and others saw this, and their eyes were completely darkened

This blow seems to stir up the aura of the whole moon god's secret place!

Compared with Li Xiuyuan's martial arts, it is more than a thousand times stronger?

Even if ye Chen is the son of Xuan demon and has the most blood, it is very difficult for ye Chen to survive under this attack?

But at this time, the strong moonlight in the clear pool began to converge gradually. It seemed that a man stood up.

Li Xiuyuan had a gloomy smile. No matter who stood up, it was too late! After one tenth of a breath, the bloody Star River will completely hit Ye Chen!

I'm afraid he can't absorb a lot of strength, though he can't absorb much?

Can, but even shot the opportunity, all did not have, is about to die!

At this time, the whole body of the figure appeared a very scarlet blood moon, towards the Star River swept out by Li Xiuyuan, and went away slowly!

Li Xiuyuan burst into laughter!

This guy's brain is disabled. Such a strike also wants to resolve his Li Xiuyuan's most powerful blow!

He couldn't help but smile contemptuously: "do you really think of yourself as God?"

Can, the next moment, extremely inconceivable, unconventional, can not understand a scene, appeared!!!

That bloody Star River is so under the blood moon, solidified!

As if the time is still in general solidification ah!

Li Xiuyuan's eyes are falling off!

However, what's more frightening is that Li Xiuyuan was still wondering whether he had hallucinations

The bloody Star River is broken soundlessly!

Turn into a little light and dust, dissipate all!At the same time, the moonlight began to converge!

The shadow in the moonlight is Ye Chen!

With a wave of his hand, he actually put a dress on Li Qingyu's delicate body and covered his beautiful body before the moonlight dissipated.

Li Qingyu's pretty face suddenly glowed red. Although in the eyes of outsiders, they were covered by moonlight, but for the two people in the Qingchi, it was not so! Both of them could see each other faintly!

With the spirit marrow of the moon liquid absorbed by Ye Chen, the pool water in the clear pool is less and less. Li Qingyu's charming and delicate body is also in front of Ye Chen, revealing it!

However, ye Chen has always been closed eyes, do not know what he saw

Yuehua, has completely convergence, ye Chen step out of the Qingchi, toward the Shura Sha God Li Xiuyuan, step by step.

He looked at Li Xiuyuan without expression and said, "in this secret land of moon god, I control the blood moon, I am the God!"

As soon as the voice fell, the light of the blood moon, like water, poured out slowly from ye Chen's body. In an instant, it flowed through every inch of the land in the moon god's Secret realm!

That all over the sky of wind and snow, an instant stop, boundless snow, is also a blink of an eye will melt away, the whole moon god secret place, began to rejuvenate, change the world!

As if, ushered in their own master in general!

At this moment, a majestic breath comes from ye Chen's body!

As if to be able to dominate everything in this world!

No, it's not as if Ye Chen can really dominate the heaven and earth in the secret state of moon god!

Nine blood moons on the sky! Nine beams of light down the sky! Shoot on Ye Chen's body!

Ye Chen's back unexpectedly appeared a man Wei An Virtual shadow.

Man stars, pupil blood circulation! Carrying a sword, nine rounds of blood moon around!

He is Ren extraordinary, who left countless myths in foreign countries and the upper world!

God like existence!

"No way!" Looking at Ye Chen who was coming towards him, Li Xiuyuan roared with great fear: "the winner should be me! Laozi even the biggest card, have already played, why, why you are not dead! "

Ye Chen now breath, actually let him feel unprecedented fear!

Even if it's the Shura Huashen Gu, it's the same!

This boy is really like a god!

Chapter 3667

Even Ye Chen himself was a little surprised

His strength has been greatly improved. However, he has not reached this level. Before Ye Chen was able to suppress Li Xiuyuan, who was able to suppress Shura's demons at will, mainly because of the blood moon and spirit moon Dharma body!

After practicing the spirit moon Dharma body with the spirit marrow of moon liquid, ye Chen only feels that he can control everything!

Therefore, as soon as he woke up, he subconsciously attacked Li Xiuyuan. As a result, everyone knew

The spirit moon Dharma body and blood moon are too powerful!

Especially, in the secret place of moon god!

Xuanhanyu said with a smile: "it seems that after refining the spirit marrow of the moon liquid, the divinity and the power of the blood moon in your body have been greatly improved. When you have the spirit moon Dharma body, it seems that the moon god really takes you as the master!

This secret place is also a spirit. It applies the power of law in the secret place to you! In this secret state, you are the God. Even if the zenith of the sky mending realm exists, you will not be your opponent when you enter the secret state of moon god! "

At this time, Li Xiuyuan turned around and ran away without hesitation!

His speed of escape was incredible!

Ye Chen sees this, the corner of his mouth raises a sneer, all of a sudden, Li Xiuyuan's whole body space, a burst of distortion, he was directly transported back to the original place by Ye Chen!

Li Xiuyuan looks at Ye Chen, the color of fear on his face becomes more and more intense, almost to be crazy!

What the hell is going on with this kid!?

Is it not God's ability to distort the void at will?

He changed his face for a while, and finally, he yelled at Ye Chen again!

Ye Chen light way: "I said, in this secret place, I am a God, disrespectful to God, is the death penalty!"

At the next moment, a blood moon suddenly appeared on the top of Li Xiuyuan's head, shining a moonlight towards Li Xiuyuan!

Even without waiting for its reaction, Li Xiuyuan was shrouded in the moon!

This scene seems even full of aesthetic feeling, but it is not so for Li Xiuyuan!

The seemingly beautiful blood moon, for him, was too heavy to imagine. Even with his great strength, he could not resist it!

Li Xiuyuan sent out a scream, the whole person was crushed by the blood moon, internal organs broken, limbs broken!

The seven xuandaozong demons and super geniuses even played the role of Shura to turn the gods into demons. Li Xiuyuan, whose strength soared, was crushed to death by the moonlight!

It looks so miserable!

Li Xiuyuan, die!

Ye Chen, kill at will!

There is not even a trace of resistance!

Shura Huashen Gu metamorphosis?

Ye Chen is really abnormal when he controls the blood moon here!

And Xu Shenglong and all of them have been freed from the shackles at the moment. You look at me, I look at you, staring at Ye Chen blankly

With the spirit of demon clan, they are also scared!

This is the Holy Son

Straight into God?

Ye Chen breathed a breath, although he finally succeeded in swallowing the numerous moon liquid spirit pith, but it was also a life of death, extremely dangerous!

Now, he has planned to leave this secret place, after all, his purpose is only the spirit marrow of moon liquid.

As for meeting Mr Ren, he thought it was impossible.

But at this time, xuanhanyu said: "Ye Chen, since the moon god's secret state has recognized you as the main one, why not leave a martial law seal here?"

Ye Chen frowned a little and said, "Wu Yi Fa yin?"

Xuanhanyu said: "yes, it's the seal of martial arts. Its function is to have a connection with this secret place. When the strength reaches a certain level, he has the ability to open up space and achieve self-reliance!

This moon god's secret place is just right for you to be self-contained! "

Ye Chen's eyes twinkle, is that kind of small world opened by the top strong, in his own self in the sky, it is like the existence of a god!

It is extremely difficult to open up and consolidate the space by oneself, which takes unknown time.

Immediately, he urged the spirit moon Dharma body without hesitation, leaving a Dharma seal on the empty shadow of the bright moon in the sky!

Vaguely, I just feel that the connection between myself and the moon god's secret place is more compact!

Another two days later, ye Chen kept leaving his seal in every part of the moon god's Secret realm. Finally, on the third day, he made his own military seal imprinted everywhere!

At this time, Xu Shenglong and others looked at Ye Chen's eyes, more and more worship, even, some fanatical, obsessed!

In Xu Shenglong's opinion, ye Chen is simply the reincarnation of demon God!

In the future, if ye Chen doesn't become the emperor, it's hard for heaven to tolerate it!

At this time, a strange wave spreads in the secret land of moon god. Ye Chen and Xu Shenglong look at each other, and they know that the eclipse is coming to an end! Immediately, all of them took out the seven colored pearl, broke the space, resisted the space storm, and went towards the moon gate!

When ye Chen is about to leave, he seems to feel the rippling force from the dust falling sword behind.

With a slight pause in his step, he turned to the void behind him.

What he's looking forward to.

Looking forward to Mr. Ren behind you.

However, it was a void after all, without a shadow.

He shook his head, laughed at himself, or left.

.....

After the crowd left, two figures appeared in the space storm.

It is Ren Feifan and ye Lao.

There was a smile on the corner of their mouths.

Sincerely happy for ye Chen!

The benefits of this month's liquid spirit marrow are far more than the yellow spring water!

"I suddenly understand why you left this secret place in the first place." Ye Lao suddenly opened his mouth thoughtfully.

Ren extraordinary did not answer, gaze at the back of Ye Chen far away, extremely complex.

"If I guess correctly, this is what you left for ye Chen."

"The falling dust and dragon sword, the blood moon butchering the sky, and the moon god's secret place This step may be a chessboard that you have painstakingly set up from ancient times

"Just to wait for the birth of the existence that can confront them."

"You are careful."

This is Ye Lao's sincere feeling.

However, Ren fan's mysterious pupil, the blood month continuously circulates, opens a way: "the reincarnation Lord for that all, gave up a whole body to heaven cultivation."

"No one has such courage."

"Even me."

"He made too many sacrifices."

"However, in this life, his foundation is far beyond that of the previous life. Step by step, his future achievements are beyond my imagination."

"Those dirty, powerful people will never know that the once emperor of this world, he, has come back!"

At this moment, Ren fan, who has always been indifferent, showed a smile.

This is the most heartfelt smile of all his years.

His pupil is no longer blood flow.

It's a little star.

Very bright.

Well, maybe you can use two words for Overview - hope.

It's the hope of this chess game across the ages!

Chapter 3668

Beyond the moon god's secret land!

Soon, people are back!

However, Hongyin, the patriarch of the seven xuandaozong, was wide eyed and insane!

Didn't come out

Li Xiuyuan and Wu Fu, the two great talents of the seven xuandaozong, have not come out!!!

The strong man at the top of the mountain seems to be ten times older than before, and the whole person is a little unstable

There is no hope for the future of Qixuan daocong!

Li Qingyu looked at Ye Chen but said nothing. He looked at the clothes that belonged to Ye Chen.

All the disciples of the Yin Yang Lingdao sect were looking at Li Qingyu in surprise. How could elder martial Sister Li wear a man's clothes?

At this time, the moon in the sky was in full bloom. The strong men of the six ancient sects could not continue to attack the prohibition of the moon god's secret place, and then the moon gate was completely closed!

When Huang Rushan saw that all the talents of the nine saints demon sect had come out of the moon god's secret place alive, he couldn't help but smile when he was safe and sound.

But soon, he was surprised!

Ye Gongzi's cultivation has directly broken through the five layers of heaven and God?

Even in the realm of heaven and God, is this kind of ascension a little too scary?

In just three days, we have to cross a realm directly?

He looked at Xu Shenglong and others, but they didn't show any surprise

Compared with Ye Chen, who is just like a God and a demon, and kills Li Xiuyuan, who has used Shura to turn the magic into magic, the improvement of this realm is of no importance

Even ye Chen himself is happy at the moment, after absorbing a whole pool of moon liquid spirit marrow, his strength has been improved by leaps and bounds!

Although he practiced the spirit moon Dharma body in the moon god's Secret realm, with the blessing of the whole moon mysterious state power, he killed Li Xiuyuan in seconds. However, even if he had not practiced the spirit moon Dharma body, ye Chen believed that he also had the power to fight against Li Xiuyuan, who had used Shura to turn the magic into magic!

After all, he didn't use the samsara cemetery! Not to use the power of Xuanhan jade!

Ye Chen's martial arts foundation has been greatly strengthened by this month's liquid spirit marrow, which has greatly improved him on the whole. He is now so divine in his blood that he can pretend to be a Protoss!

The most important thing is that the moon liquid spirit pith leaf Chen of this pool has not been completely absorbed, and a large part of it is still stored in its body. The reason why the moon liquid spirit marrow can be placed in the moon god's secret place for countless years is that it has the property similar to Zixiao stone!

Moreover, even if ye Chen's strength has been greatly improved, the consumption of YUEYE spirit pith is only 10%, and there is still 90%!

The reason why Ye Chen didn't refine it completely is that he has already reached the limit of absorbing 10% of the moon liquid spirit marrow with his present constitution. Before the realm reaches the realm of mending the sky, he can't bear more. Although the moon liquid spirit marrow is good, it can't be swallowed up in one breath, and it's already shocking to swallow up 10% of it!

What's more, YUEYE pith is the most precious treasure used by the ancient moon god family to worship their ancestors. Ye Chen doesn't intend to use it to strengthen his body. After all, when the foundation of martial arts is strengthened to a certain extent, the effect of YUEYE spirit pith on him is getting smaller and smaller

As for where to use it?

This is a martial artist of Li Xiuyuan's status. He has planned for hundreds of years only to get a part of the treasure. Whether it's Alchemy, refining weapons, or even the self-reliance that is used to create a warrior, it can bring unimaginable effects. Are you worried that you can't find any use?

Of course, his harvest this time is not only that. Ye Chen has also practiced the spirit moon Dharma body. Although he has not fully mastered the usage of the spirit moon Dharma body, he can also feel that the spirit moon Dharma body is very strong!

Otherwise, xuanhanyu would not let him practice this magic power even under the dangerous situation of swallowing the spirit marrow of moon liquid.

Of course, what makes Ye Chen more excited is that in this way, he can try to untie the next seal on Xuanhan jade!

Although the power of Xuanyu is exhausted, it can help xuanchen to lift every time!

In addition, his harvest is also in the moon god's Secret realm, left behind the martial arts seal, when he wants to refine his own self-reliance in the future, it will be of great help to him!

You know, self-reliance is also divided into grades, a total of nine grades!

The strength of each product, there is almost double the gap, the strongest self-reliance!

Compared with the weakest in the sky, almost have more than ten times the power!

The level of being in heaven is not only the martial arts qualification of the warrior, but also has something to do with the space materials used. Ye Chen's direct practice of the moon god's Secret realm into self-contained space not only saves a lot of trouble, but also makes the moon god's secret place a place where the moon god family once lived, so it is naturally impeccable on the space materials!

Using the secret place of moon god, ye Chen is confident to become the strongest self-reliance!

However, all these are afterwords. At present, he has one more thing to do.....

Nine saints demon clan, an incomparably broad hall, Huang Rushan and a group of nine saints demon sect geniuses gathered here.

There are many spirit fruits, spirit wine, delicacies, etc. in the hall, they are celebrating the success of returning from the moon god's secret place, of course, mainly for ye Chen!

Although Xu Shenglong and other demons have a lot of harvest in the moon god's Secret realm, what harvest can compare with a pool of moon liquid spirit marrow?

But at this time, ye Chen picked up a beautiful jade carved chopsticks and tapped the wine cup in his hand.

The hall, which was originally extremely noisy, was suddenly quiet.

Ye Chen gave Huang Rushan a look and said, "master Huang, I have something to say."

With a wave of his hand, Huang Rushan held back the demons in the hall, leaving only Xu Shenglong and others.

People are puzzled to look at Ye Chen, at this time, the son of the Lord to say what?

Ye Chen was silent for a moment and said slowly, "to tell you the truth, I'm not a Xuan demon son, but by chance, I just know the existence of Xuanyao's real world..."

Although he used the misunderstanding of many demons in order to get the spirit marrow of moon liquid, now ye Chen has regarded these demon families as his friends, so he doesn't want to continue to cheat!

With the identity of Huang Rushan and others, we can know the existence of Xuanyao Shengzi at most. It is impossible to contact the supreme existence among these demon families. Therefore, it is extremely difficult to confirm Ye Chen's identity!

Therefore, they may not know whether ye Chen is Xuanyao Shengzi in this life, but ye Chen still chose to confess!

It's his way of doing things.

Chapter 3669

When they heard the speech, they were shocked and their eyes flickered. They were not Xu Shenglong's one track minded guy. Naturally, ye Chen didn't lie!

Ye Chen is not a saint son?

The demon clan originally hated others to cheat and use themselves, but at this time, ye Chen told the truth, and they could not bear the slightest resentment against Ye Chen!

Huang Rushan asked, "which demon family is that child from?"

After all, even if ye Chen is not the son of Xuan demon, the blood is also there!

But ye Chen shook his head again.

This time, Huang Rushan really frowned

Ye Chen's blood may have some problems. Generally speaking, it's impossible to get such a terrible demon blood by swallowing and refining, but there is no absolute in everything, isn't it?

Between heaven and earth, there are still some spirits that are extremely against the heaven and possess the power to devour all things. In other words, ye Chen is probably not even a demon clan!

However, Huang Rushan did not ask, demon clan, once with a person has feelings, it will not change easily.

Before that, all the demon clans had a good impression of Ye Chen, and even had the impulse to serve ye Chen. Therefore, they didn't want Ye Chen to come down and tear his face in the end

However, ye Chen deceived them is also a fact!

Although, from the beginning to the end, it was their own misunderstanding, but ye Chen didn't really explain it, did he?

They are not the same as Xu Shenglong!

So, this is not an excuse!

Huang Rushan sighed: "I've drunk too much. I can't hear what you said. Please leave my nine saints demon sect by myself. I'll forgive you."

If not for his good impression of Ye Chen, he should have killed Ye Chen!

Pretending to be the son of God is a felony!

If someone found that he let Ye Chen go, even the nine saints demon sect might have to bear the responsibility!

Let Ye Chen leave directly is already the best result

Ye Chen didn't say much, but he said to all the people: "the nine saints and the feelings of the demon clan, ye wrote down, and in the future, I will repay you!"

After that, he was about to leave the nine saints demon sect, but at this time, a man suddenly cried out: "wait!"

The speaker is Xu Shenglong!

Ye Chen stopped and turned to look at him. Did Xu Shenglong not believe what he said at the moment?

Xu Shenglong gazed at Ye Chen. After a moment, he suddenly opened his mouth to Huang Rushan and said, "I will quit the nine saints demon sect from today on!"

"What!" Huang Rushan was surprised and said, "Shenglong, how can you say that?"

Even if he was going to follow me, he would not want to follow me

This time, even ye Chen looked at Xu Shenglong with disbelief! At the same time, there is also a faint touch in the eyes.

When Xu Shenglong knew Ye Chen was not Xuanyao's son, would he still follow him?

Huang Xingtian and others also hastily advised: "Shenglong, what are you talking about!"

"Don't be impulsive

"Are you out of your mind? Take back your words

However, Xu Shenglong said with a smile: "you don't have to persuade me. I have made up my mind. For the first time in my life, Mr. Ye wants to follow him sincerely. I always believe in my own feelings."

When people heard this, they all looked at Xu Shenglong like a fool

The meaning of Xu Shenglong's words is that even if ye Chen is not Xuanyao's son, can he become the emperor of demon clan?

It's just fantastic!

How could Huang Rushan agree with him?

However, Huang Rushan's eyes flashed slightly. Under the gaze of all the people, he nodded to Xu Shenglong and said, "in this case, you'll go with Mr. Ye!"

Huang Xingtian, Mu Mingxuan and others are all looking at Huang Rushan in an incredible way. What did he say!

Actually let Xu Shenglong follow Ye Chen?

If ye Chen is not Xuanyao Shengzi, then follow him, but all the demon families outside the territory will look down on!

They would speak to dissuade, but Huang Rushan raised his hand to stop them.

Xu Shenglong stood in the same place without saying a word and looked at his Ye Chen and said with a smile, "Mr. Ye, what's the matter?"

Ye Chen heard the speech and said, "if you want to follow me, you must promise me a condition. Otherwise, you'd better stay in the nine sage demon sect."

Huang Xingtian and others smell the speech, but they are a little annoyed. Ye Chen doesn't know how much pressure Xu Shenglong will face in order to follow him and how much he has sacrificed? Even asking for conditions!?

They all felt that they had misjudged Ye Chen!

But Xu Shenglong, however, did not agree with the way: "childe, please say."

Ye Chen said faintly: "Ye Chen." Everyone hears speech, all is slightly frown, ye Chen?

Why did ye Chen suddenly mention his name?

Ye Chen said with a smile: "my name is Ye Chen, not what ye childe, call my name later, otherwise, you can't stay by my side."

After hearing the speech, Xu Shenglong was stunned. After pondering for a moment, he even shook his head with a tight frown!

Ye Chen looks at him, the complexion is a little strange, this guy won't be stubborn to such a point?

Xu Shenglong looked at Ye Chen very seriously and said, "elder brother ye, at least, we should call you brother Ye!"

For a moment, all the people in the hall looked at Xu Shenglong in silence

Although Xu Shenglong is still very young in terms of Shou yuan of the demon clan, he is almost a thousand years old. He even calls Ye Chen, who is more than 20 years old, as his elder brother?

It's a bit out of line

However, ye Chen still took a wry smile and nodded: "big brother, just big brother, don't call me childe..."

Although Xu Shenglong called himself big brother, it was funny, but it was better than calling himself a childe.

This brother, he Ye Chen recognized!

To be able to follow you at all costs when you have nothing is a friend worthy of sincere treatment!

The figure of the two gradually disappeared outside the hall door

At this time, no one knows that Xu Shenglong's decision has changed his life, even the future of the whole demon clan!

Looking at the empty corridor outside the hall, Huang Rushan murmured: "Shenglong, I hope your choice is right..."

.....

After leaving the nine Saint demon sect, Xu Shenglong asked Ye Chen, "brother ye, where are we going now?"

Ye Chen said: "first return to the Star Moon Palace, I have friends there."

Xu Shenglong has an ambiguous smile. His elder brother usually looks like a light hearted man. However, he is still worried about the woman in his heart. So soon, he will go back?

However, the elder brother is really very lucky, the two women not only have the posture of the country, but also, temperament and style, but also very different!

Chapter 3670

Ye Chen looked at Xu Shenglong's wretched appearance and couldn't help slapping him on the head and said, "don't think about it, let's go!"

The next moment, two people will be in the direction of the Star Moon Palace, fly away!

.....

Star Moon Palace.

At this moment, in the hall, nanfengyin slapped the armrest of the chair, stood up, looked at Yuan Ping, who was reporting to himself in the hall, and exclaimed: "what! You said that Xu Shenglong had left the nine saints demon sect! How could that be possible? "

Xu Shenglong is Huang Rushan's nephew. How did he leave the nine saints demon sect?

On hearing this, Yuan Ping sneered: "the palace master, in my opinion, is probably related to the boy surnamed Ye."

Nan Feng Yin's eyes flashed: "how do you say that?"

Yuan pingmu's essence flashed: "maybe, we all guessed wrong before. The boy has no special background at all. It's just that Xu Shenglong's brain is abnormal and misunderstood. He even made a great joke in the nine saints demon sect. Therefore, Huang Rushan, the nine Saint demon sect's, just drove Xu Shenglong out of the clan's door in a fit of anger."

When Nan Fengyin hears the speech, her look changes indefinitely. What Yuan Ping has analyzed is quite reasonable. Is it true that she has lost her sight? This boy named Ye Chen is a straw bag?

In this way, ye Chen is not worth her investment at all

Originally, she also hoped to take advantage of Ye Chen to get on with the nine saints demon clan!

Yuan Ping said: "would you like to take advantage of this opportunity and find an excuse to drive Jin Shuhui and ye Chen out of Xingyue palace? In recent days, we have paid a lot of martial arts training resources, and some zhenzhuang disciples have begun to complain! "

After Nanfeng Yin pondered for a moment, she finally shook her head and said, "well, let's have a look."

In any case, ye Chen has such strength in his twenties. It can be seen that his talent in martial arts is high and his future can be expected!

If you drive Ye Chen and Jin Shuhui away, you will not only lose all the previous efforts, but also offend a demon with high martial arts qualifications!

In that case, the real gain outweighs the loss

Yuan Ping's eyes flashed a reluctant look. To provide martial arts resources for ye Chen and Jin Shuhui meant to cut down the martial arts resources of other disciples of Xingyue sect, including zhenzhuan disciples!

This is not what Yuan Ping wants to see!

He also hopes to train his disciples to be the next palace master!

Originally, because Yuan Ping was responsible for the allocation of resources within the clan, he would allocate more to his disciples. However, in order to please Ye Chen, the palace master actually poured a lot of resources into Jin Shuhui. Naturally, this part of martial arts cultivation resources was collected from other disciples after deduction.

In this way, Yuan Ping was greatly affected.

Therefore, he hoped that ye Chen and Jin Shuhui would disappear in Xingyue palace, or even from this world!

However, he just answered, "yes!" I'm going to leave the hall.

It's not a wise choice to confront the palace master

But at this time, a disciple rushed in and said, "master, young master Zhang of Wuji gate has come and said that he is going to visit Xingyue palace for a few days..."

Nanfeng sound and Yuan Ping's face changed when they heard the speech!

Master Zhang of wujimen has come to Xingyue palace? His name is Zhang Changqing. He is a famous dandy in the whole moon soul domain!

Although wujimen is not as powerful as Jiusheng Yaozong, it is stronger than Xingyue palace!

Although Zhang Changqing's talent in martial arts is very common, he is still only a half step mending the sky. Moreover, he still relies on many natural materials and earth treasures!

In a sense, Xu Shenglong is more terrible than Xu Shenglong!

Wuji gate may not be as powerful as Jiusheng Yaozong, but Changqing is the son of Zhang Zhiyang, the leader of Wuji gate!

How dare they be slighted? Nanfengyin quickly ordered: "please come in quickly and prepare the best food and wine!"

.....

One day later, ye Chen and Xu Shenglong have already arrived at the sky of Xingyue palace and are flying straight to Yuehuang Pavilion.

Can not really fall into, ye Chen is a frown, feel the atmosphere of the Star Moon Palace some wrong!

At the moment, in the bamboo forest around Yuehuang Pavilion, there are several people, including nanfengyin, Yuanping, suwu and so on! Jin Shuhui also appeared in front of the attic.

What are these people doing here?

At the same time, ye Chen also noticed that there was a thin, arrogant young man in the bamboo forest.

The young man, dressed in royal robes, looked at the beautiful woman in front of him with a smile. On his face, it was as if he had been slapped severely!

At the same time, he was in a wheelchair! His legs seem to have broken completely!

This person is Zhang Zhiyang's son, Zhang Changqing!

But Jin Shuhui, on her pretty face, is a piece of cold, looking at Zhang Changqing's eyes, faintly, with the intention of killing! Ye Chen saw this and his eyes flashed. He pulled Xu Shenglong. Instead of falling down immediately, he quietly released the power of the spirit. He wanted to make the whole thing clear!

At the moment, everyone is silent, the atmosphere of the scene, a little embarrassed for a moment!

At this time, Zhang Changqing suddenly opened his mouth and sneered: "do you want to apologize to me? You know, I am very busy! If you are willing to apologize, I can let you off this time in the face of the southern palace masters. Otherwise, if I inform my father, don't say it's you, there will be an accident in the whole star moon palace! "

Nanfengyin and others heard the speech, a burst of panic, wujimen's anger they can not bear!

Immediately, nanfengyin rushed forward and said with a smile to Zhang Changqing: "Mr. Zhang, all this is just a misunderstanding. Why should we disturb the master Zhang?"

At the same time, Yuan Ping's face was fierce, and his tone was cold and he said to Jin Shuhui: "Miss Jin, you have offended Mr. Zhang. Would you like to apologize? I'm good at treating you, but that's how you repay us and get us into trouble? "

Hearing this, Jin Shuhui's face became angry. She seemed unable to bear it any longer. She said in a deep voice, "what's wrong with me? He's the one who apologizes

Yuan Ping sneered: "let Mr. Zhang apologize? Hehe, Miss Jin, what a big gesture? You seriously injured Mr. Zhang, and even broke his legs. As long as you kowtow and apologize, it is the result of the palace master pleading for you. Do you want to be ungrateful? "

Hearing this, Jin Shuhui seemed to be more annoyed. She raised her tone and said, "I never broke his legs! When the rude man saw me playing the piano in the forest, he said frivolously to me. I just slapped him and taught him a lesson. How could I break his legs? "
