Chapter 371

"Tear and pull..."

Finally, with a dull tearing sound, the silver light was mercilessly torn.

Poof

The woman seems to have been bitten back and spit out blood, and her face becomes extremely pale.

And a dark shadow flashed quickly and appeared in front of her!

"How could..."

The smile on Bai Yao's face disappears when ye Chen breaks her technique and kills her.

His attack, not only did not kill this mole ant, but was easily destroyed by the other side.

The key point is that we can't use all the power of martial arts. What's the matter with this boy!

Can't help her to think, five fingers directly through, strong wind gusts!

Her snow-white neck was directly clasped by her hands!

Five fingers exert force.

Ye Chen moved and hit a huge tree directly!

"No..."

At the thought of this, Bai Yao was cold all over and roared loudly.

"I gave you a chance, not a third time."

Ye Chen that cold voice falls!

Then, a loud noise, Bai Yao's body was directly hit by Ye Chen to a giant tree!

"Click!"

The giant tree was broken, and Bai Yao also vomited a mouthful of blood.

Even in front of a woman, also very sexy, but in Ye Chen's eyes, as long as dare to block in front of him, are dead!

Bai Yao couldn't bear the power any longer. She spat out a mouthful of blood. She was very embarrassed.

She did not care about everything. She forced a blood essence from her fingertips. She wanted to pinch the coagulation technique, but ye Chen didn't give her a chance!

"Click!" A sound, ye Chen's other hand, clasped the other side's wrist, and then a fierce break, the bone directly broken!

This life cannot be decided!

What's the difference between Bai Yao and the disabled if she can't coagulate!

"How can the skill under my feet be of no use to you! How dare you break my hand

Bai Yao's eyes are full of anger, and would like to become a fierce beast to swallow Ye Chen!

"Technique?"

Ye Chen sneered and then stepped on the ground. The blood dragon shadow fell directly from the sky and hit the ground directly!

"Boom The sound of the sound, the dull sound of the explosion in the ear.

The technique was broken directly!

Incomparably strong!

Even Xiang Chengdong's shackles were completely untied.

When Bai Yao saw this scene, her angry eyes were full of panic!

Who could have thought that what she had been proud of was so terrible in the eyes of this guy!

How did he do it?

"Who the hell are you?" Bai Yao subconsciously exclaimed.

Ye Chen's mouth appeared a touch of cold, light way: "who I am is not important, the important thing is that if you do not open the ghost prison, I will feel endless fear."

Threats.

The threat of cold.

Bai Yao spat out a mouthful of blood, and suddenly laughed: "you are so eager to enter the ghost prison. There should be people who are very important to you. If I don't open it, you will never see it in your life."

"To open the ghost prison, I need to actively contribute my blood essence. Even if you kill me and get my essence blood, it will have no effect at all. Ha ha! You may as well move me again

Bai Yao's smile is ferocious and crazy!

She insisted that ye Chen did not dare to move her!

"Are you sure?"

Ye Chen's hands appeared more than ten silver needles, silver needles shot out together, accurate shooting on the back of Baiyao!

The silver needle kept shaking, as if forming a force in Bai Yao's body and spreading.

"You have a saying right just now. Martial arts is not the only one. To some extent, I always say that I am a doctor, and medical ethics can activate God. I can give you life, and I can also make you miserable."

Bai Yao was stunned, just want to say something, a feeling of biting all over his body.

It was like a million ants biting her whole body.

The worst!

"You let me go! What did you do to me! If my father knows you will die! "

"My father is the white elder of the ghost prison. He has been to Kunlun Xu. It's easy to kill you. Take away the silver needle from me! Come on

Bai Yao suffered to the extreme, and even wanted to die in front of Ye Chen.

But at the moment, she didn't even have a chance to die!

When ye Chen hears Kunlun Xu, her eyes shrink slightly. It seems that the ghost prison has something to do with Kunlun Xu.

Otherwise, he would not have the confidence to threaten Xiang Chengdong of Huaxia medicine alliance.

But even if the ghost prison has a connection with Kunlun void!

Once upon a time, he was in awe of the people and forces in Kunlun Xu, but now, he is the tomb owner of the reincarnation cemetery, and there are 100 great powers standing behind him. What are those powerful people in Kunlun Xu!Not qualified to let him fear!

All he has to do now is find his parents!

Ren Bai releases her hand from Yao.

"As long as you are willing to open the ghost prison, I will remove your pain. If you want to be a hero, I will accompany you to the end!"

Bai Yao's mouth was spitting out, and he could no longer bear it. The hoarse voice said, "untie me..." I'll open it for you... "

Ye Chen looked at the time, and then waved a big hand, those silver needles were directly shaken out by a force, and even more a needle was inserted on the giant tree next to it.

Bai Yao is relieved and breathes out a long breath. She turns over and looks at Ye Chen's eyes with fear.

A jade pendant appeared in her hand, and then she stood up and limped toward the cloud and lake.

"The entrance to the ghost prison is at the bottom of the lake, you You come with me. "

Ye Chen followed up, although he felt something was wrong, but for now, as long as keep vigilant can.

Xiang Chengdong also came to Ye Chen's side: "Mr. Ye, no matter what, be careful."

"Well."

Bai Yao was standing on a stone beside the lake. Because he had broken one hand, he could only pinch it with one hand.

The speed of her five fingers is faster and faster, and there is a faint light around her fingertips.

Then, she threw out the jade pendant, and she resolutely forced out a drop of blood essence, and the essence blood was shot on the jade pendant!

A powerful force to destroy the withered and decadent erupted!

The Yunhe lake of Beijing Normal University is spreading twice, but there is a hole in the bottom of the lake three meters below!

It's the entrance to the ghost prison!

At this moment, ye Chen was extremely excited.

Bai Yao took a look at Ye Chen and said, "this is the entrance of the ghost prison. What if you can enter it? You are not qualified to come out alive! Because the ghost prison can only go in, not out! "

With that, Bai Yao's body disappeared and turned to the entrance to the bottom of Yunhe lake!

She just arrived at the entrance of the moment, a strong suction suddenly formed, even directly sucked Baiyao in!

But the entrance is smaller and smaller, as if to close soon!

Seeing this scene, ye Chen's face changed. He and Xiang Chengdong quickly went to the entrance!

"Leave it for me!"

Chapter 372

Ye Chen a palm toward the white Yao and go, Canglong phantom body definitely surging, the speed is extremely fast!

In the blink of an eye, you will touch the white Yao, but the sudden change protrudes!

In the entrance, an old figure burst out!

"Ants, dare to move my daughter, die!"

A startling roar sounded!

The whole world, as if frozen for a moment, suddenly, burst out.

The old figure grabbed Bai Yao's hand with one hand and went to the entrance of ghost prison!
However, the other hand is a sword cleaving towards Ye Chen!

At the moment Ye Chen killed red eyes, the hand cut dragon sword out!

Go with one sword!

The endless Qi in the body is coming together!

Boom

All true Qi, as if the flash flood!

Carrying Ye Chen's anger!

Under the support of this torrent, ye Chen cuts out his sword, tearing the air and changing the color of heaven and earth.

Both sides of the cloud and the lake roll, and the water of the lake is also agitated, constantly impacting towards the lake.

Hua Hua Hua

Sword rain all over the sky, covering all directions!

The sword shadow of the old man and the sword shadow of Ye Chen burst out over the whole cloud and lake!

The endless sword shadow, like the rainstorm, is constantly falling down, the momentum is amazing!

"Boom!"

The ground splits, and the lake water of the cloud and lake is split by the sword gas and rushes towards the shore!

The artificial lake of Beijing Normal University seems to be drained directly!

"Puff!"

The old man's eyes were extremely frightened. He spat out a mouthful of blood. Under the influence of the sword, he was shaken out.

His sword arm just burst open!

And ye Chen is also uncomfortable. At the moment of blowing out a sword, he even finds that the other side is actually on the Lihe state! It's a big level higher than him!

His body was lifted more than ten meters, directly hit a huge tree on the shore!

The giant tree is smashed and broken, ye Chen is steady!

But the entrance to the ghost prison is closed!

Only a dry land is left!

At this moment, ye Chen's heart was filled with rage. He stepped out and directly came to the place where he had just entered!

"Bang!"

One punch straight out!

Dust rolling, dry lake bottom, directly split!

"Bang!"

Ye Chen is another punch, the ground is directly hit by him out of a deep pit.

Ye Chen hit one punch after another, and there was a trace of vibration around!

The sound is so loud!

But ye Chen has no intention to stop!

Even if his fist is full of blood!

At the moment, he is like a bloodthirsty devil, extremely violent!

Xiang Chengdong came over and said in a soft voice, "Mr. Ye, the man who just shot is elder Bai from the ghost prison. He is very powerful. He is a top figure in the martial arts circle of China. The key is that he comes from Kunlun mountain."

"Although the ghost prison is closed, it doesn't mean that we don't have a chance. We have to open it. We can wait."

Ye Chen doesn't pay attention to it at all and blows out.

The eyes are bloodthirsty and cold.

At this time, a voice from the samsara cemetery rang out: "disciple, it's useless for you to go on like this. I have an idea. This reincarnation cemetery is actually a broken ancient magic instrument. Since it is a magic instrument, you can't break it with this power."

Ye Chen stopped his fist, his body is a huge pit, the center of the pit shop, there is a trace of blood.

"What can I do?"

Sea level into a virtual shadow appeared in front of Ye Chen, perhaps due to the use of the technique, one side of the Xiang Chengdong simply can not see.

Canghaiping closed his eyes and felt a little. Suddenly, his eyes opened and he said, "this is the entrance of the magic weapon. The ghost prison has a great connection with this place. Do you remember the girl next door to you?"

Ye Chen frowned: "evil blood cold body?"

Cang Haiping nodded: "the blood of Sha Xue cold body is extremely precious and powerful. If the girl takes the essence blood as the guide, and then releases the pressure of the evil blood cold body, plus the virtual shadow of the blood dragon in your body, maybe you can break the prohibition of the entrance and tear it directly!"

Ye Chen Mou son incomparably calm, word by word: "can you cause damage to her body?"

Cang Haiping just said: "there is a premise. Take off the Earth Spirit Xuan stone from the girl's neck. She has no cultivation now, but I will give her a talisman to protect her. There should be no problem. Even if something goes wrong, I will lead all the strength to you and let you bear it. "

Hearing this, ye Chen made up his mind and said, "OK, I'll find her."

"Don't look. She's here."

The sea is flat and the faint sound falls.

Ye Chen's eyes shrunk and looked in a direction, noticing Wei Ying, wearing a long skirt on the shore. Fortunately, Wei Ying came from another direction and couldn't see the bodies.

But even so, Wei Ying's eyes were still frightened, because she saw that the cloud and lake had dried up!

A man and Ye Chen started at the bottom of the key lake!

From childhood, she was mostly materialist, only believed in science, otherwise she would not be a teacher.

But now everything, how to explain clearly with science!

"Ye Chen, you..."

Words have not finished, she saw Ye Chen body across more than ten meters, appeared in front of her.

It's even scarier than jumping up from the 10th floor.

"What the hell is this..."

Ye Chen hesitated for a few seconds and said, "Wei Ying, I may need your help now."

Wei Ying is a little panicked. She knows Ye Chen is very powerful, but how can she help?

"Ye Chen, you say, I listen, if I can help, I will help..."

"You come with me."

Ye Chen hugs Wei Ying directly and comes to the deep pit.

"You should have seen some things just now. I can't explain them to you specifically because your body is special. I need your blood to help me open a door."

"Then you may have to take off the necklace from your neck. This process may be very painful for you, but I promise you, there will be no danger."

Ye Chen explained earnestly.

Because Wei Ying is in contact with the ordinary world, she has never touched anything in the Chinese martial arts world. Even if ye Chen explains this, it is difficult to understand.

Ye Chen originally wanted to continue to say something, but Wei Ying shook her head and said in a positive way: "Ye Chen, you don't have to say. You saved the lives of my mother and I. although I don't understand what you mean in your words, if I can help you, I will be willing to pay whatever price."

Language down, Wei Ying directly took off the necklace on her neck.

Almost instantly, a powerful evil spirit spread from her body!

The blood dragon in Ye Chen's body seems to be suppressed!

Five seconds later, there were bursts of snowflakes all around, and an extremely cold air broke out completely from Wei Ying's body!

Xiang Chengdong on one side was stunned.

As the chairman of the Chinese medicine alliance, he has seen a lot of things, but he has never seen such a vision!

He even felt his blood would freeze, and he quickly retreated to the shore.

Chapter 373

Ye Chen looks at Wei Ying not far away and subconsciously takes a step back.

If it was not for the empty shadow of the blood dragon in his body, he would not have been able to carry it.

This evil blood cold body is really worthy of being one of the ten major diseases in the world.

Even if he is in the present state, he can't carry it!

At the moment, Wei Ying's face is almost white, and there is a trace of pain.

Even blood red appeared in the pupils.

Ye Chen hurriedly looked at the side of the canghaiping: "now how to do?"

Cang Haiping comes directly to Wei Ying and points out her eyebrows.

There were flashes of light.

"The first step, you let her force out a drop of blood essence."

Ye Chen quickly tells Wei Ying the original words, but Wei Ying does not respond at all!

"Get closer! At the moment, there is no difference between her state and being possessed by the devil!"

The sea level out the voice.

Ye Chen nods and comes to Wei Ying's face. She just wants to talk. Wei Ying hits her hand!

The key to the power of this hand, that is a strange terror!

It's not like a man without martial arts training!

At least in the clutch!

However, the cold palm is about to touch Ye Chen's chest moment, stopped.

Wei Ying seemed to recover a trace of consciousness: "I feel I can't control my body, what should I do next?"

Ye Chen said in a hurry: "use the power in your body to force out a drop of blood essence!"

"Good."

The next second, Wei Ying's eyes changed again, the palm hanging in front of Ye Chen, suddenly shot out!

Ye Chen did not expect Wei Ying to change so quickly.

The body flew out directly, and the blood was surging up. It was extremely uncomfortable.

"It's too much of a pit."

Perhaps hearing Ye Chen's voice, Wei Ying was sober again: "Ye Chen, right Sorry, I didn't mean to

"I know."

Ye Chen moved the lower body, but did not blame each other.

"I'm going to force the blood out now."

Maybe it's the reason of Sha Xue cold body. Wei Ying understands something and shoots out a drop of blood essence directly from her hand!

"Disciple, it's now. Swallow the essence with your blood dragon!"

Canghai is afraid of missing something in his life, and quickly exclaims.

"Good!"

Ye Chen closes his eyes and controls the blood dragon on the sky!

The Dragon chants came from the blood dragon and fell directly from the sky. With a big mouth, the Dragon breathed and moved.

The blood essence is directly engulfed by the blood dragon!

The next moment, strange mutation, saw that blood dragon body suddenly huge dozens of times!

It's like a hundred foot dragon!

Even some of them become the essence!

The powerful roar of the Dragon shakes the world!

Sea flat eyes a shrink, hands shot a magic charm, the spirit of flying to the sky, suddenly burst!

A barrier covers everything that happens in the clouds and lakes.

After all, it's still a school. Some things are too frightening and really bad.

A hundred Zhang dragon is ferocious to the extreme. With a gentle sound, all the trees near Yunhe lake are broken!

Xiang Chengdong is confused.

He looked at the hundred Zhang blood dragon and felt that he had subverted all his cognition.

At the moment, he is absolutely sure that Mr. Ye is a practitioner! Not the ancient warrior!

Practitioners can cross everything and cut off the sky between waves!

Mr. Ye is a man with such supernatural powers!

He even felt that he was following the right person!

He did not hesitate to put down the identity of the director of the drug alliance, and to follow this person in a low voice is definitely the most correct choice he has made in his life!

At the moment, Xiang Chengdong's body trembled and his fists clenched. His whole body was covered with blood, as if boiling!

It's a feeling he's never had in decades!

And the young man in his sight controls a hundred Zhang dragon, which is very powerful. The heaven of Chinese martial arts is bound to be mastered by this man!

He believed it!

In the clouds and the lake.

At sea level, we can see that the hundred Zhang dragon in the sky is almost ready to be brewed. The finger pinches, and a magic charm shoots on the deep pit!

All of a sudden, the light flickered and a force of space rippled away.

"Disciple, now, hit the pit with that blood dragon!"

Ye Chen hears the sound, nods, controls the sky above, the blood dragon directly hits and falls!

"Bang!"

The light sweeps, can't resist!

Boom

In the roar, the whole cloud and lake seemed to explode.

.....

At the same time, ghost prison.

It's airtight and cold.

"Bang!"

The body of elder Bai and Bai Yaoqi fell to the ground. Several figures rushed over in a hurry!

"Elder Bai, Bai Yao, what's the matter with you?"

Several old men in the ghost prison quickly helped them up, but when they touched elder Bai, their bodies were stiff!

Because they found that one arm of elder Bai was lost!

Bloody!

There's even blood oozing out.

How could it be!

Actually someone can break elder Bai's arm. What strength does this need!

"Elder Bai, how could your hand be like this..."

A goatee old man shivered and said in an unbelievable tone.

Bai Yao reacted and looked at her father's hand. Her eyes were full of anger!

"It's all that little beast out there! He not only seriously injured me, he even cut off my father's hand, but now he has been injured, it is estimated that he will not live long

Hearing this, several old people took a breath.

Elder Bai's arm is actually man-made. Are they the top ten masters of China?

Otherwise, who has this ability!

"How many people are there?" An old man of fairyland and moral integrity said, in a tone of some seriousness.

After all, the white elder can be injured into such existence, enough to have a threat to the ghost prison.

At this time, Bai Changlao said: "there is only one person, and he is a smelly boy in his twenties!"

"What!"

Some old people's expressions are a little strange.

In your twenties? Cut off a hand of elder Bai?

There is such a monster in China!

Bai Changlao may feel that his old face is a little uneasy, and he said: "this son should have used the secret method, and his strength has soared. This is what I would do if I belittled the enemy for a moment. However, once the entrance of the ghost prison is closed, it is impossible for him to enter here again."

"What's more, the boy was wounded by me. I think he has become a useless man. I'm not afraid of that."

Hearing this, several old people took it for granted.

Only by secret method can a young man achieve this strength.

Suddenly, the old goat beard thought of something and said, "since the boy is seriously injured, I think to be on the safe side, I'd better kill him now! Otherwise, in case of recovery, it will definitely make our ghost prison restless! "

The other old people also nodded and agreed.

If you don't get rid of this son, you will have endless troubles!

At this time, all the old people looked at the man with a good moral character, as if to listen to his opinion.

After all, if they want to go out, they have some difficulties. It is extremely expensive to break the prohibition of ghost prison.

Only with the consent of the old man, can they dare to do so.

"In this case, let's listen to everyone's opinion. This son is too dangerous for the ghost prison..."

The words have not finished, a startling noise suddenly came!

Chapter 374

Naturally, everyone felt something was wrong for the first time.

"Back

The old man just said it.

"Bang!"

The whole ghost prison seems to usher in a big earthquake!

The meaning of shaking spread, and several old men quickly retreated. Bai Changlao was injured and his speed was limited. His body was directly shocked by the force!

Spit out a mouthful of blood again!

To the extreme!

Bai Yao is more miserable because her back is bloody near the entrance of the ghost prison!

It's bloody.

Almost no breath.

"Bai Yao!"

Elder Bai saw that his daughter had an accident and wanted to help him, but he was so weak that he could hardly stand up.

The rest of the elderly quickly put the comatose Bai Yao and Bai elder aside.

The anger is very heavy.

"How could there be such a terrible wave at the entrance of the ghost prison?"

The goatee old man frowned and his voice was unbelievable.

In principle, the entrance to the ghost prison is closed and almost isolated from the outside world. Unless there is something wrong with the inside, it is impossible to create the situation in front of you.

"Who is it! Why do you do this to me! "

Bai Changlao's hoarse voice resounded through the whole ghost prison.

At the moment, he is powerless to the extreme!

The old man of xianfengdaogu took out two pills, one for Baiyao and the other for elder Bai.

"Now you're going to hurt more. Take this running skill to recuperate."

Bai Changlao calmed down and took a look at the old man in front of him. He nodded and took the pill. He took it directly and then operated the skill.

"What happened to the shock just now?"

The two old men spoke in the same voice.

As soon as the words were said, there was another shocking shock!

They clearly see the direction of the entrance, as if there is a crack, light light overflow.

"This is..."

Several old people's faces changed greatly!

Someone is breaking the entrance of the ghost prison!

The origin of ghost prison is not ordinary. Since ancient times, only two people have broken the ghost prison!

Those two people are extremely terrible in the history of Chinese martial arts and Taoism!

And now, what the hell is it!

Now is the 21st century, China's aura is thin, it is impossible to have that kind of master born, now how can there be such power!

Is it Kunlun Xu's master?

When everyone was in a panic, the old man said: "if I'm not wrong, what I started should be the boy who broke elder Bai's arm."

As soon as this word comes out, all people's breath seems to have stopped, and it's even harder to take a breath of cool air!

Don't Bai Chang say that he was seriously injured?

What's going on now?

Is it possible that the boy used the secret method twice in succession!

Even with the secret method, it is impossible to create such a powerful force.

"Poof!"

The white elder spits out a mouthful of blood and is almost possessed by the devil.

His cheek was hot, as if he had been slapped.

One second, he said that the boy was a cripple. The next second, the shock of the entrance slapped him directly.

"Bang!"

Ghost prison is another earthquake, after the earthquake, they found that the entrance has opened a hole!

It won't be long before it's broken!

It's not going to last long!

Madman!

Absolutely crazy!

This is the only thought in everyone's mind.

His eyes, only a serious step forward his face!

"All of you listen! Condense a drop of blood essence and sink into the elixir field! Strong technique! We must guard this gate, or if the ghost prison is broken, there will be chaos. "

His voice was so cold that his face was completely black.

Who could have thought that the ghost prison has been standing in China for so many years, but in the end, it has been tortured by a hairy boy!

If spread out, where should their faces go?

Is it not ridiculed by the world!

He would never allow it to happen.

"Yes

Several old people's momentum instantly climbed to the extreme, a drop of blood essence shot out, directly fell on the entrance!

Deep in the ghost prison, a small room.

A 40 year old woman walked back and forth, a little agitated.

The ground is constantly shaking, and somehow her heart has been pulled up.

All the furniture around was turned over, as if the end of the day had come. Ye Tianzheng came to Jiang Peirong in front of him. He took a hand over Jiang Peirong and comforted him: "Peirong, it's OK. It may be that there is an earthquake in the capital city. We have some impacts here."

Jiang Peirong shook her head: "I'm not worried about this. I have a very special feeling in my heart, just like our chen'er is outside."

"And this earthquake, as if he was knocking on the door, I can even feel some pain in chen'er's mind."

"Mother son heart to heart, this kind of feeling is more and more intense, do you think it is chen'er who wants to break the ghost prison?"

Ye Tianzheng has a strange expression.

After he entered the ghost prison, he also slowly came into contact with some things in the martial arts world.

He also knows how terrible the ghost prison is. Those once top Chinese strongmen are also imprisoned here. They are helpless. What is chen'er's ability?

Whether chen'er is alive or not is still unknown, let alone open this ghost prison!

Before the event happened in Yunhu villa, chen'er was found to be Fangen. Jiang's family in the capital city was furious and almost died in his infancy.

Countless people assert that chen'er has made no achievements in his life, even if he is not dead, he is just an ordinary person.

But ten years before the accident, chen'er could not be ordinary any more. Now how can he make such a move?

Ye Tianzheng shook his head and put his arms around Jiang Peirong. He said, "you think too much. These days, you talk about chen'er every day. You think about it every day, and dream at night. Now I only hope that chen'er is still alive and healthy. As for the ghost prison and the events of that year, let it be dusty."

Jiang Peirong was stunned, feeling the vibration outside and the warmth of her husband's arms, and stopped talking.

But the feeling of mother and son's heart to heart is growing stronger and stronger.

.....

Beijing Normal University, Yunhe lake.

Baizhang blood dragon collided with the ground again and again!

The clouds and the lake bottom almost split! lose one's beyond recognition!

Rolling smoke and dust cover, the powerful air wave is like a sharp knife tearing everything!

If there is no array in the sea, it will certainly shake the martial arts circle of the whole capital!

And that light place, unexpectedly is faintly torn out a hole!

Although the opening is very small, ye Chen is sure that this is the entrance of the ghost prison!

Ye Chen is excited to the extreme!

He could feel that every time the blood dragon hit, it was weak once.

"Break it for me!"

Ye Chen once again manipulates the blood dragon to collide in that direction. The Dragon chants and shakes the sky. The opening of the ghost prison is actually enlarged!

When he was overjoyed, a voice of exclamation came from inside: "boy, I don't care who you are. If you don't stop, ghost prison will kill you at all costs! Let your spirit and soul die

Obviously, the old men in the ghost prison are in a panic!

Chapter 375

Ye Chen heard the threat and didn't take it seriously.

From Jiangcheng to Jiangnan Province, to the present capital, how many people threatened him?

You can't count it!

But in the end, almost all of them died under his sword!

Today, ghost prison must be broken, no matter what the cost!

No one can stand in his way!

"Blood dragon, break again!"

Ye Chen roared, and the dragon song of blood dragon on the sky penetrated everything and fell down again from the height. The powerful air wave was like a meteorite cutting through the sky, with a raging flame, and smashed it down!

"Bang!"

In this life, it is necessary to break through the prohibitions set by the sea level.

There was a great shock under the whole capital!

At the same time, the machine of Beijing earthquake detection Bureau issued an alarm!

It shows a line of text!

There was an earthquake of magnitude 5.6 in some parts of the capital.

The coordinates shown by the earthquake are just near Beijing Normal University!

If there is no sea level shelter, this number will be absolutely shocking.

The people at the agency are a little flustered.

Beijing is not at the junction of plates at all. Why do earthquakes occur?

There has been no earthquake for hundreds of years, even if the earthquake can not exceed 5!

The leader of the inspection bureau can no longer care about everything and dials the phone directly in front of him.

.....

At the same time, there is an ancient wudaotai in the capital.

Wudaotai is almost fragmented.

The battle, from day to night, was dark.

Jiang Jianfeng came down from above, his breath was extremely strong.

Under the first World War, his breath was extremely violent. There was even a sense of breakthrough.

Although there was a trace of blood on the corner of his mouth, he won the battle.

That's enough.

When Jiang Jianfeng came to the stage, a thin man handed out a warm towel.

"Mr. Jiang, wipe it down."

Jiang Jianfeng took the towel and just wanted to wipe it. A terrible aftershock struck.

The aftershocks became stronger and stronger.

Because he had just been fighting with that place on wudaotai, he could not be distracted, so he didn't pay attention to it.

But now, feeling the strong aftershock, he frowned and said, "what's wrong with the capital?"

"Mr. Jingtang, there are some reports about the location of the earthquake

Jiang Jianfeng frowned: "how strange method?"

The skinny man hesitated for a few seconds and said, "Mr. Ye, the central area with the strongest sense of the earthquake seems to be there at Beijing Normal University."

Hearing this, Jiang Jianfeng's mouth shrinks, as if thought of what: "Ye Chen that boy's whereabouts? Are you still in Beijing Normal University? "

The thin man shook his head: "my Lord, I don't know. The people I sent have lost their target completely. They don't know where ye Chen has gone? What's more strange is that there is a strong vibration at Beijing Normal University. My people rushed to see it, but there was no.... "

Jiang Jianfeng closed his eyes and thought for a few seconds. Suddenly he opened it, and the cold light flashed: "send me to Beijing Normal University immediately. If I guess correctly, there is a strong person who covers everything, and the boy may be in danger!"

.....

Lin family in Beijing.

Lin Juelong, who is practicing, opens his eyes and covers it.

His strength naturally felt the vibration under his feet!

"It seems that this power is extremely terrifying when it comes to me. Is there a big war in the capital? It's interesting. It's interesting. "

Then Lin Juelong felt a little bit, as if he had found something. He was astonished and said, "someone even used the shadowing technique in Beijing Normal University! After shadowing, is there such a shock? What kind of power is needed to do that! "

His heart set off a tempestuous wave, thought that after returning to China, those so-called strong should submit to their feet!

But now it seems that things are far from simple.

Is it true that there are such strong men in China? Are they from Kunlun?

Or are they the old ones?

No, we have to figure it out.

No longer thinking about it, Lin Juelong clapped his hand on the ground. The whole person leaped up, grasped a piece of clothes and disappeared in the dark.

Now, clouds and lakes.

The blood dragon just made a huge blow with its strength!

It's the entrance to the ghost prison.

Ye Chen heart a joy, no longer hesitated, just want to step into it.

Cang Haiping on one side noticed something. His body swayed. His five fingers grasped Ye Chen's clothes and went directly to the rear!

At the entrance, there was a bright light. If you don't avoid it just now, the consequences will be unimaginable.

Ye Chen stabilized his body and heard Canghaiping's serious voice: "this group of people guard the entrance with blood essence. There are several extremely strong killing opportunities behind the entrance. If you enter rashly now, you will surely die!"

Ye Chen glanced at the direction of the entrance, and was surprised to find a blood mist surging, even closed the entrance.

Not only that, but also a very strong air wave surging towards the blood dragon!

Because the blood dragon has been a little weak, but still roar, the dragon tail fiercely throws away!

Mountains and rivers shake, light scattered!

Canghaiping has a trace of seriousness on his face. He can help Ye Chen break open, but once it is broken, he also wants to dissipate between heaven and earth.

He had too many runes to teach the reincarnation tomb owner.

The key is that ye Chen has a strong talent for the rune!

It would be a pity if no one inherited his talisman!

So he would never do it unless he had to.

All depends on Ye Chen.

At the moment, there is a dragon sword in Ye Chen's hand, and a sword goes towards the entrance!

"Tear

The light is shining and the strong sword spirit is surging!

But it doesn't work!

At this time, a magic charm was shot from the sea!

The talisman hits Ye Chen's body, and ye Chen is surprised to find that his cultivation is actually improving.

He looked at the sea behind him in surprise.

"Thank you, master!"

Canghai pingmou son insipid: "this can only give you a little strength for a short time, or rely on you."

"Also, you can't drag on, I have a kind of ominous premonition, as if there is a strong breath coming towards this side."

As the talisman entered his body, ye Chen felt only a stream of energy pouring into his body.

It circulates all over the body, and powerful aura covers the whole body.

In this case, ye Chen's power suddenly soared!

"I want to see who dares to stop me! Bloodthirsty

With a roar of Ye Chen! Bloodthirsty with incomparably bright light, such as comet across the sky, mercilessly hit the ground!

In the clear sound, the cold light flickers.

"Boom

The powerful air waves are pounding in all directions!

The blood mist was torn open by force!

Chapter 376

Ye Chen Mou son a joy, once again a sword cut down!

Although each sword has a powerful effect!

But the blood mist returned to its original state in the blink of an eye!

"Go away!"

Every sword of Ye Chen at the moment is like thunder!

The roar exploded and the wind swept.

The old men at the other end of the ghost prison had sweat on their foreheads!

One heart set off a storm!

"What? This kid is a fuckin 'lunatic

An old man in a purple robe said, his drop of blood essence was broken.

"Shall we ask him out of the mountain? Otherwise, the ghost prison will be broken! "

All the people looked at the old man.

The old man looked at all the people calmly: "I have already contacted that one with the magic method. This boy is a little strange. Just when the entrance broke open, I felt a stronger breath outside. It is likely that there is a strong man behind him. You must be careful."

When people heard this, they were deeply shocked.

Can let this old man feel threatened, absolute terror!

Although they were afraid, they also had a strong curiosity.

Who in the end can break this powerful prohibition!

"At present, the entrance of the ghost prison has been broken a little bit. We should try our best to hold on, at least until that one comes."

"Yes

But the words just fell, but also a strong impact from the force!

One of the relatively weak old man spit out a mouthful of blood on the spot, and his chest is inexplicably split open!

"Cloud elder!"

An old man nearby just wanted to help him, a cold voice sounded: "don't mind him! Hold on to the end

At the moment, the leaves are panting.

The talisman given to him by Cang Haiping has completely failed and his strength has recovered.

He looked at the entrance of the dilapidated look, eyes a coagulation, the top of the blood dragon has been very weak, only the last blow!

Not far away, Wei Ying was covered with ice, as if shivering.

Ye Chen has some intolerance in his heart. He swears that no matter how, he will keep Wei Ying's family safe. It should be the kindness of today!

"Disciple, with your strongest strike, fuse the blood dragon and split the blood mist."

The sound of sea level rings.

Ye Chen nodded, took out a bottle of pills, swallowed them all at once, and his elixir genuine Qi gathered again!

At present, his strongest attack should be the intention of breaking the sky sword.

It's just that this sword will cause too much damage to the body.

While ye Chen was worried, Cang Haiping's voice continued to ring: "don't hesitate, quick!"

Ye Chen Mou son shrinks, clenches the dragon sword, the knee erupts, the whole person jumps to five meters.

"Blood dragon, come on!"

The blood dragon on the sky dived down and directly rushed into the sword held by Ye Chen!

"Qianlong cuts the sky!"

Ye Chen roared and rushed out, and the sword of cutting dragon was turned into swords.

The song of the Dragon resounds through the world!

At this moment, the two forces become one, strong to the extreme, breaking everything!

"Boom!"

The place where the sword's meaning reaches, completely explodes, a burst of light chants, and the sword light soars to the sky in an instant!

This sword swept out, fast to the extreme, like thunder across the sky!

In a flash, the sky was full of sword Qi, and the cold was pressing!

The whirling wind, like the howling of evil spirits, takes people's heart and soul!

"Bang!"

The entrance of the ghost prison will be shattered with a sword!

And ye Chen also spits out a mouthful of blood. This sword is too strong.

So strong that even ye Chen can't control it.

Canghai flat eyes a shrink, helpless shake head, a trace of strength toward Ye Chen's eyebrows shoot.

There was a warm current wrapping Ye Chen in an instant, which made him not as embarrassed as when he was in Xuemei hall.

"Apprentice, when the ghost prison is over, it's time for you to break through to the separation and reunion."

Ye Chen looked at the sea gratefully and nodded: "yes, master!"

At this time, the ghost prison, the entrance door, is shining, directly smashed!

The powerful air waves went directly to the old men, and their blood gushed up one after another, spitting out a mouthful of blood.

The trough is broken!

The gate of ghost prison was broken by a young man with strength!

What kind of power does this need!

At this moment, all the old people in the ghost prison were shocked.

It's completely frightening.

The strength of so many of them is not comparable to that of a stinky boy!

Who will believe it!

Even if the boy used the secret method against the sky, it can't be so exaggerated!The immortal old man's eyes were fixed on the broken entrance, his fingers pinched, and the whole ghost prison was shining!

The light of the alarm!

This kind of alarm only appears a few times in the ghost prison!

Every time, it's the ghost prison that makes a big deal!

"Gather all the elders and strongmen of the ghost prison, all gather here, and be sure to hold that boy!"

There was a chill and anger in his voice!

The entrance of the ghost prison was smashed and broken, which was undoubtedly a blow to his face!

When the adult appeared, he was undoubtedly the first to be held accountable!

What should he say!

The appearance of the alarm excited countless people in the depths of the ghost prison.

They have been imprisoned here for years, and there is no wave here, day after day.

And the emergence of the alarm, no doubt, represents an accident in the ghost prison.

One by one cheers and shouts, the voice is shocking!

Because maybe they can get out.

Jiang Peirong and ye Tianzheng hugged each other and did not speak, but quietly waited for something.

"Tianzheng, I have an ominous premonition. This premonition is getting stronger and stronger. What's going on?"

Jiang Peirong worried, even don't know why, the corner of her eye even slipped a tear.

Ye Tianzheng smiles, and there are some wrinkles in the corner of his eyes: "Peirong, don't worry, the sky is falling, and I'm holding it. You forget that the Jiang family tried to take you away by force, and I'll protect you in front of you?"

Jiang Peirong looked at Ye Tianzheng and laughed: "you were so stupid at that time. You were just an ordinary person. You dare to face the top experts of the Jiang family. However, things were strange that day. Those strong people of the Jiang family could not hurt us. I have been thinking for a few years, do you think it is related to the stone given to chen'er?"

Ye Tianzheng shook his head: "I don't know. Let him pass when things are over. No matter what happens now, I will be with you."

"Tianzheng, me too."

Jiang Peirong nodded and looked at one direction of the ghost prison. She didn't know why. The feeling was getting stronger and stronger.

As if the distance between her and chen'er is only one kilometer away.

Not only that, but a sense of crisis is spreading.

The feeling was so complicated that she even thought, what will happen later?

After a few seconds, she shook her head and made up her mind that this time, if something happened, she would protect her husband.

Chapter 377

Ye Chen looks at the huge entrance and smiles coldly. Although there is little left in Dantian's true spirit, he also wants to go to the ghost prison.

This opportunity, only once.

He thought of what, regardless of the body injury, step out, came to Wei Ying in front of.

At the moment, Wei Ying was covered with a cold frost. Her face was pale and painful to the extreme. Her eyes were red, as if she had been eroded by some force.

When you see the appearance of Ye Chen, show hand fiercely extend, toward Ye Chen.

Ye Chen's face is startled, and his two palms are stacked to block his chest.

Pa Pa Pa Pa Pa

The waves swept and the waves swept the shore.

Innumerable palm shadow that day covers the ground, ye Chen and Wei Ying each step back a few steps.

"Wei Ying, it's me."

Ye Chen says in a loud voice, but Wei Ying has left the place for too long, and the only trace of rationality has disappeared.

"Die!"

Wei Ying comes to Ye Chen with a fierce spirit and cold killing intention.

Seeing the shadow of his hand like rain, ye Chen no longer hesitates. When the shadow of his hand has not been connected to a line, the black dragon's phantom body will surge, like stepping on the clouds, and forcibly snatch it out!

In the hand, there is a mysterious stone of the Earth Spirit, which is directly patted on Wei Ying's chest.

The spirit of the dark stone instantly formed the power of suppression, the cold around the instant disappeared, that evil spirit is also all into Wei Ying's body.

Everything returned to calm.

Wei Ying's eyes are closed.

I don't know how long, suddenly opened the eyes like stars.

"Ye..."

Wei Ying just wanted to talk, he felt something. He lowered his head and found a pair of big hands pressing on his chest.

Even squeeze the private things out of shape.

Wei Ying's face turned red instantly.

She did not expect Ye Chen to make such a behavior, which makes her how to behave in the future.

But there was no sense of rejection in her heart.

"Ye Chen, are you not so good..."

Wei Ying's voice is as light as a mosquito.

Hearing this, ye Chen suddenly came over, his hand is pressing Wei Ying's chest.

Because he was afraid that the rock would fall down, he still exerted a little bit of force. The soft things touched by his five fingers were even deformed.

He can feel the touch.

"Sorry..."

He subconsciously let go of his hand, but the Earth Spirit Xuan stone also fell down.

Ye Chen's face changes slightly. Once the dihun Xuanshi leaves, it will inevitably affect Wei Ying. He quickly presses down the broken Xuanshi again. With this press, his five fingers grab Wei Ying's full chest again.

Wei Ying's face was red to the root of his neck, but he didn't say what he wanted to say.

Ye Chen quickly explained: "Wei Ying, you quickly put the necklace on, I do this because you need to suppress the spirit of the earth."

"Good."

Wei Ying quickly put on the necklace, ye Chen exhaled a breath, which just released his hand.

He glanced at the entrance and said, "Wei Ying, you will first meet the teacher's apartment. Then, no matter what sound you hear, don't come out."

"Xiang Chengdong, you can help me protect Wei Ying. If anything happens to her, you can ask him," he said

Xiang Chengdong recovered from shock and came to Wei Ying's side. He nodded: "Mr. Ye, I will protect Miss Wei."

Now, who wants to protect the rights of the president of Huaxia League?

It's totally overkill.

But ye Chen's orders, he did not dare to disobey.

The scene of the blood dragon's impact just now could not be dissipated in his mind for a long time.

Wei Ying looked at Ye Chen and asked, "are you going inside?"

"Yes."

Ye Chen finished, looked at the distant canghaiping, canghaiping nodded, and he stepped into the entrance.

Xiang Chengdong quickly made a gesture of invitation: "Miss Wei, this way."

"Well."

Wei Ying takes a deep look at Ye Chen and turns to leave.

The two headed for the teacher's apartment.

.....

Ghost prison.

Ye Chen step into the moment, light mottled, a cold breath directly hit.

When his feet were on the ground, he felt dozens of murders in an instant.

He's in an underground space.

In front of us is a corridor. The corridor is very wide, which is five or six meters long.

As far as the length is concerned, the depth is far from the bottom.

He could hear a little cry from inside.

There was no light in the corridor, and the end was dark.

And those dozens of murders came from the depths of darkness.

Just then, a round of applause broke out. Suddenly the light came on nearby.

Ye Chen is surprised to find that there are dozens of figures on the corridor.

At the head of the group are several old men, whose breath is extremely terrible. The air seems to be manipulated by the other party.

A fairy old man stepped out and looked at Ye Chen with interest and said, "little bastard, do you know what it means to forcibly break into the ghost prison?"

Ye Chen took a look at the people around him, and the momentum of all the people could not compare with this old man.

Obviously, this old man is the real talker of ghost prison!

"What are you?" Ye Chen light way, in the hand's chopping Dragon Sword gently shakes.

He knew that if he wanted to save his parents, there would be a war.

The old man was stunned and turned black: "what am I? Well, I might as well tell you! I'm Zhao Yunsheng! Zhao Yunsheng, the warden of ghost prison

"What's the crime of destroying the entrance of ghost prison and breaking into ghost prison without permission! Come on, take this son! If necessary, kill directly! "

The sound of cold exclamations!

He's completely suicidal!

Because the boy can break through the entrance of the ghost prison, his strength is certainly not weak.

So he has to be careful.

Language down, more than a dozen strong ghost prison toward Ye Chen!

The speed is extremely fast. They know the danger level of the young man in front of them. The boy made the earthquake in ghost prison just now. Therefore, every blow they make is a must kill skill.

"Tear

Innumerable swords intend to leave Ye Chen.

Although Ye Chen was injured, he couldn't look up to these small minions in front of him.

He held the Dragon Sword tightly with five fingers. The cold light in his eyes flashed. His body was like an arrow. He rushed out with the sound of howling!

"Go back

Chopping Dragon Sword sends out the sword chant, and the air around it seems to be torn.

When those figures were stagnant, their swords fell to the ground.

It's a mess!

These people, how to block the violent edge of Ye Chen.

At the moment, ye Chen is a god of evil spirits. His whole body is full of evil spirit, and his sword is gradually stained with blood.

With each fall of the sword, the men in the ghost prison break open, and the corridors are covered with blood.

At this time, Bai Changlao can't sit still any longer, his eyes are red, and he goes directly to Ye Chen!

The Revenge of the broken arm must be revenged!

Chapter 378

What's more, Bai Changlao's only daughter is still unknown now. He has to kill Ye Chen himself to ease his hatred!

Even if he breaks a hand, it's not something the boy can resist!

What's more, he has discovered Ye Chen's realm when he makes a move. It's just a pneumatic state!

Not even in the clutch!

What are you afraid of!

This kid has no secret, he is a lamb to be slaughtered!

"Die for me!"

The white elder pinched his fingers and a red ancient Rune appeared in his palm.

Rune rotation, directly formed a palm print, without any hesitation, the virtual palm directly swept toward Ye Chen!

Ye Chen naturally noticed the white elder's appearance, coldly hummed: "I was about to find you, since I came, I will stay forever!"

As soon as he finished speaking, ye Chen smashed out with a fist, and his palm print was directly broken!

However, the strong air wave also took ye chenzhen back a few steps.

White elder see ye Chen show a trace of decadence, laugh: "sure enough! You don't have a secret now. Watch how you move me

Originally, several old people in the ghost prison wanted to work together. Seeing this scene, they stopped again.

Zhao Yunsheng took a look at the entrance. No one continued to come in. Even the powerful breath disappeared.

Was it just an illusion?

He clearly felt a strong threat outside.

"Who knows this boy? What is his origin?" Zhao Yunsheng asked several old people around him.

As soon as the words were said, an old goat bearded man came forward. He was the one who interrogated Jiang Peirong and ye Tianzheng that day.

"I tell elder Zhao that this man should be Jiang Peirong's son. He was once a complete waste in Jiangcheng. He disappeared for five years, but recently he suddenly appeared. Strangely, his martial arts strength seems to be born out of thin air."

Zhao Yunsheng frowned: "the blood of the Jiang family? I heard that Jiang Peirong's son was not fan Gen. at that time, the Jiang family still broke off the relationship with Jiang Peirong's family when he was angry. Even if a fan root person practiced martial arts, he could not be so rebellious. "

"After five years of disappearance, has this son entered Kunlun Xu?"

When he was puzzled, Bai Changlao forced a drop of blood essence and directly sacrificed his life rune.

His martial arts strength is not strong, but the method is extremely terrible!

Even in the depth of Kunlun mountain worship under a master of Fuwen, the strength of the rising ship.

In recent years, the only way he can sacrifice his life rune is to face the top strong.

And this time, it's the third time!

The key point this time is a strong aerodynamic environment!

A mole ant even let him sacrifice his life Rune to kill!

How angry he was!

"I don't believe it. You can carry it!"

"Move my daughter, I will tear you to pieces!"

His eyes were red and he growled.

The light of Rune flickers, almost instantaneously, it turns into a ten meter sword!

The sword is red and cold.

The shadow of the sword twinkled and the air was cold.

That is the essence of the sword!

Hum

Just listen to a small sound of concussion, 10 meters long sword, one is divided into two, two into four!

Just for a moment, the shadow of the sword is like a rainstorm.

Under the terrible sword, the whole ghost prison seems to become cold.

White long old mouth showed a trace of fun smile, in his view, ye Chen is bound to die!

There's no secret method, and I'm hurt again. The result is obvious!

At the moment when the sword shadow was about to move towards Ye Chen, ye Chen took a step and sneered: "in front of me, do you dare to use the power of runes? I'll show you the real Rune today

Cang Haiping has already told him that elder Bai's skill and rune are just the side effects of the rune!

Even some of the core things are not touched!

It's ridiculous that such rubbish is still regarded as Zhibao!

Ye Chen shoots out a blank Rune with golden and red lines in his eyebrow. With a flash of cold light, ye Chen pinches his fingers and envelops his whole body with evil spirit!

A talisman poured out from the palm of his hand and took a hard shot at the sword shadow all over the sky!

"Kill!"

Ye Chen's pupil shrinks slightly, and the talisman he shoots out seems to turn into a white tiger. With a roar, it is like a tiger descending the mountain, fearless and fearless! The white tiger wants to rush through the sword rain, tear the enemy in front of him and taste the taste of blood.

All over the sky sword rain disappeared directly.

The powerful rune directly plundered everything.

This life Rune was broken, and Bai Changlao was instantly eaten back. He vomited out a mouthful of purplish blood essence and sat down on the ground!

Ye Chen won't give Bai Changlao a chance to live. Canglong's phantom body will surge, and he has come to Bai Changlao's face without hesitation. His whole body is infused with strength, his five fingers are opened and he falls down directly! A dull roar exploded.

"No..."

When elder Bai saw this scene, his eyes widened, and he could only burst out with a roar.

However, the scream stopped suddenly!

Ye Chen's five fingers have clasped the other party's head, the strength erupts, five fingers for the palm!

Shoot it hard!

Bai Changtian's Linggai is smashed directly. The dead can't die again!

His eyes widened and his face was unbelievable.

Perhaps, even to the moment of death, he could not believe that he was really so dead?

And died in the hands of a pneumatic kid.

He didn't want to accept, he wanted to resist, but it was a foregone conclusion.

The whole ghost prison fell into a deathly silence, like a mass grave in the middle of the night.

Zhao Yunsheng, the goat bearded old man and other powerful men in the ghost prison are staring at the white elder in the pool of blood and swallowing their saliva. They find themselves in a dead silence.

Did not wait for them to react to come over, ye Chen then toward the remaining few people and go!

"Burn the sky palm!"

A flame of virtual palm suddenly formed!

In an instant, the strong wind surging, the air came in bursts of roar, like the explosion of Xuan Lei.

Rolling like the essence of the general air waves, this palm, mercilessly swept away!

Ye Chen is full of flames!

Although his level is lower than these people, the skills he mastered are the most powerful martial arts skills!

What can be left behind in ancient times!

Enough to roll over!

He doesn't want to let go of all the people here. His parents are imprisoned here. These people don't know how many things they have done to hurt their parents!

Right or wrong, these guys at the top of the ghost prison have to die.

At the moment, the whole body of Ye Chen is covered by a flame, with powerful momentum, almost everyone feels palpitation!

Zhao Yunsheng's pupils reflected the light of fire. He suddenly thought of something and exclaimed, "this martial art is definitely a skill above the heaven level! Everybody back up

Words fall, Zhao Yunsheng does not care about all people, the body toward the rear and go!

This martial art, even if he wants to carry it down, it's tough!

Except for the goat bearded old man, the rest were crushed by the burning sky palm.

As if the fire burned the heaven and earth, the bodies of several old men were shattered by the burning hands, and their bodies were torn apart.

Chapter 379

Ye Chen gasps slightly in the side.

This time, his Dantian almost has no real Qi.

It took too much power.

He took out another bottle of pills, Gulu Gulu took it, and then looked at Zhao Yunsheng with cold eyes and ordered, "where are Jiang Peirong and ye Tianzheng?"

Zhao Yunsheng glanced at the corpses around him and his dying companion on the ground, and said coldly, "I advise you to stop. If that adult comes, your end will be very miserable. The authority of the ghost prison can not be trampled on by others."

Cang Chen, to me a magic ring

Cang Haiping was stunned: "disciple, although the magic talisman can make you stronger for a short time, you will bear great pain later..."

"Just give it to me."

In Ye Chen's eyes, there is only determination.

He had a lot of things in his mind, and he knew the effects of many talismans. However, he just stepped into this path. It was impossible to refine this kind of runes. He could only use the hand of the sea.

During this time, he spent too much energy and had no choice.

As long as you save your parents, it's more important than anything.

Canghaiping shakes his head helplessly, and shoots out a rune from his fingertip, which falls directly into Ye Chen's sea of knowledge.

The power of magic talisman suddenly diffuses, and ye Chen's eyes show a trace of light, and the cold killing machine spreads!

Zhao Yunsheng felt something was wrong and whispered to the old goat bearded man: "there are some problems with this son. You can hold this person down for me. As long as I bring ye Tianzheng and Jiang Peirong to threaten this son, I can stop him!"

Goat beard old man nodded, five fingers a grip, a long gun appeared in his palm, the next second, a gun toward Ye Chen!

"Boy, I might as well tell you that your parents were interrogated by me. I don't know how many times they have been tortured by me!"

And Zhao Yunsheng went to the deep!

Very fast!

Ye Chen heard the old man's words and was completely infuriated!

In the sharp sound of breaking the sky, ye Chen's whole person seems to turn into a virtual shadow.

A blood dragon came out!

Blood dragon is born because of anger, and gathers because of killing intention!

Ye Chen's extreme emotion is the best food for Xuelong!

Looking at the appearance of the blood dragon, the old man's eyes shrunk to the extreme, but he didn't care about everything. His wrist shook and his spear shot out!

At the moment of touching Ye Chen, the direction changes and sweeps away!

The green light is shining, and the sword edge is overflowing!

In the dark, the blue light is even more strange.

The corridor of ghost prison is full of wind!

The power of the gun!

Ye Chen's sword silk in his hand is fearless and bloodthirsty!

Bloodthirsty chop with incomparably bright light, such as comet across the sky, and long gun collision together.

Just for a moment, a crisp crash burst.

Sharp voice, just a moment, then tear the dark quiet!

The howling cold wind is like sweeping out of hell.

"PATA!"

The spear of goatee old man is broken directly! To pieces!

Strong anti shock force, so that his palm blood blurred!

"How could it be!"

He stepped back in terror, but did not react. A blood dragon was devouring him!

Bursts of dragon chant resound!

The blood dragon has arrived, and ye Chen also follows!

The old goat beard is frightened by Ye Chen's strength.

What the hell is this monster!

Such a strong force is enough to win the top five top experts in the Chinese martial arts circle!

Between life and death, goat bearded elderly erupt a strong desire to survive, forcing a drop of blood essence, burning instantly.

At the same time, the essence of blood into a long sword, such as the Dragon tengkong, cut through the ghost prison.

The sword tore the darkness and lit up the world.

The cold wind solidified the world and frozen time and space.

At this moment, the ghost prison fell into a dead silence.

This is a secret method to destroy the withered.

It's also his best shot.

Under the power of terror, ye Chen felt suffocation.

Very strong.

Even the Dragon Sword flew out! It's on the wall!

"Disciple, this man burns blood essence and is ready to die with you!"

Hear this sentence, ye Chen's heart, fierce a sink!

What about the crisis!

What about the smell of death!

"Broken!"

Ye Chen rushes towards the old goat beard, facing the cold light sweeping like a dragon, and the blood in his body seems to be boiling!

He also forced out a drop of blood essence, and then hit the blood essence with a fist!

Let him sit and die? impossible! Want to die together? impossible!

Ye Chen's fist directly let the surrounding Qi explode!

It seems that ye Chen's fist at this moment is a lightning that can split the whole world.

Two forces collide in an instant!

Sharp voice, deafening! Innumerable firelight, burst out in the dark, gorgeous like fireworks.

The whole ghost prison vibrated and nearly exploded.

The air waves were rolling, and the stones were flying everywhere, setting off a storm.

The old goat bearded man with a smile in his mouth seemed to feel something. His eyes widened and he exclaimed, "you You're not a fan at all! You are... "

Words have not spoken out, ye Chen a punch then penetrated his body!

A huge blood hole directly condensed from!

The old goat bearded man was directly hit and hit the wall with blood!

Ye Chen's attack is as powerful as a mountain, containing the power of thousands of troops.

Cold, suffocating, killing.

Burst of fire, as if the interpretation of life's last gorgeous.

Cang Haiping was a little surprised: "disciple, is this the way of killing taught you?"

Ye Chen gasped violently, nodded: "he once mentioned some things, at that time I don't understand, just as if I understood something, then put it out."

Cang Haiping's expression was strange. He finally understood why the guy wanted to come out early. The guy should have been opened by the 12th building, so he broke the prohibition in advance.

In fact, the guy saw it better than anyone else. The road is 3000. The way of killing is the most useful one for the reincarnation tomb owner.

Ye Chen no longer stays, Canglong phantom body will surge, and quickly toward the dark.

.....

Deep in the ghost prison.

Jiang Peirong and ye Tian are pacing back and forth in the house. They are more and more uneasy.

All the garrison personnel around were transferred away.

What's wrong with the ghost prison?

"Tianzheng, I always feel that after today, ghost prison will be completely..."

Jiang Peirong's words have not yet been spoken, but a figure has come directly!

it is Zhao Yunsheng!

The couple's eyes wrinkled slightly. Zhao Yunsheng's status in the ghost prison was almost the highest. At the moment, his face was sad and even angry.

It seems that the situation in ghost prison is more serious than expected.

Zhao Yunsheng came to the gate of the prison where two people were imprisoned. He kicked the gate open with one foot!

Chapter 380

A strong momentum swept through, and the door was blown open.

Ye Tianzheng's face changed, and he was directly in front of Jiang Peirong. His cold voice rang out: "warden, you are..."

The words have not finished, Zhao Yunsheng five fingers buckle Ye Tianzheng's neck!

The anger in the heart, I wish he killed the man in front of him!

But at the thought that the man died, he would not have the handle to threaten Ye Chen. With a cold hum, he directly threw Ye Tianzheng out!

It hit the walls of the prison.

Ye Tianzheng didn't have any accomplishments. This blow directly made him spit out a mouthful of blood and hurt all over.

Jiang Peirong's face changed and she quickly helped Ye Tianzheng up. Her murderous eyes were staring at Zhao Yunsheng!

"Zhao Yunsheng, what are you going to do! Against an ordinary person, that's what you do in the ghost prison! We are divided into two parts. How can we offend you? "

Zhao Yunsheng has blue tendons on his neck!

"Offend, you can't mean to offend, your precious son, killed dozens of people in my ghost prison and broke the entrance of ghost prison! Isn't that offensive? "

This sentence was almost roared out by Zhao Yunsheng!

Eyes are all over the blood!

Ferocious to the extreme!

Ye Tianzheng and Jiang Peirong, who are helped up, are stunned. Their eyes are wide, and the shock in their hearts is like a thousand feet wave hitting their chest!

From Zhao Yunsheng's words, they got two messages!

First, chen'er is not dead! He's really alive!

Second, chen'er has the ability to break the ghost prison, which makes the ghost prison so embarrassed! Kill dozens of people in ghost prison!

This is still their son!

Jiang Peirong's eyes were red and her body was shaking.

Mother and son are connected to each other, and she understands everything about ye Chen.

Although I don't know how ye Chen did it, she felt that all the sufferings she suffered before were worth it!

Once, everyone said that she gave birth to a waste of Fangen, which made her become the object of ridicule of Jiang family.

She was expelled from the Jiang family, she gave up all the identity and beautiful life!

She knelt down and begged her father to give her child a way to live!

She went from a daughter of a top family to a humble person. She didn't care about anything.

Ann's son can only live in peace.

When everyone said that her son was a waste, she would argue with others without hesitation!

She told everyone in a loud voice that her son must be indomitable in the future! Lose no one!

Now, chen'er has obviously done it!

At least he has the strength to withstand everything.

It is the greatest wish of every parent!

Chen'er at the moment is a giant dragon!

At the same time, Jiang Peirong suffered to the extreme.

She was born in a top family and knew the pain of cultivation. She also knew that ye Chen was behind for more than ten years!

No resources, no martial arts, no family, he came here, he must have suffered many times!

"Chen'er..."

Jiang Peirong was so excited that her lips were shaking.

Ye Tianzheng is not so. At this moment, even though his internal organs are in great pain, he is extremely proud when he knows that his son can shake the ghost prison!

Fangen?

He Ye Tianzheng and Jiang Peirong gave birth to a child, how can it be fan Gen!

Ye Chen must be the pride of their Ye family!

As for the Jiang family, they are not rare!

Zhao Yunsheng looked at the two people's happy appearance and snorted: "you seem to be very happy? Hum! I might as well tell you that all three of you will not survive today! "

"An adult is about to come to the ghost prison. What your son has done is enough to be killed by him thousands of times!"

Jiang Peirong and ye Tianzheng were stunned and looked ugly.

The three of them will be reunited soon. They don't want Yin and yang to be separated!

Looking at their ugly faces, Zhao Yunsheng thought of something and said with a sneer, "I forgot one thing. It's enough to threaten the little animal! In that case, I will kill one of you first

The next second, Zhao Yunsheng's strength was rolling, and he left for Jiang Peirong with one hand!

This palm, the red light twinkles, once falls, will certainly die!

Jiang Peirong looks pale!

She hasn't seen chen'er, she doesn't want to die!

Seeing this, ye Tianzheng pushes Jiang Peirong away and blocks her in front of her!

His eyes are full of determination!

"Pei Rong, I said, I will protect you!"

"Tianzheng!"

Jiang Peirong's beautiful face is full of fear!

Seeing that Zhao Yunsheng's palm was about to hit Ye Tianzheng, a startling roar hit him: "who gives you the courage to move my father!"The sound is like thunder!

Ye Chen is here!

His speed is so fast, his eyes are red, cold and killing!

Like a hungry beast for three days, scarlet eyes make people palpitating!

He no longer hesitated. He grasped the dragon sword instead and shot it out directly!

The sword of cutting dragon is covered with blood evil spirits. It can pierce the air and flash the light!

With senhan's killing machine, he stabbed Zhao Yunsheng's arm directly!

Strong resistance directly cut off Zhao Yunsheng's arm!

Zhao Yunsheng looks pale to the extreme!

He did not expect Ye Chen's speed to be so fast!

His five fingers a grasp, just want to toward Ye Tianzheng, ye Chen ghost figure block in front of Ye Tianzheng!

"Bang!"

A punch with endless anger, straight out!

All over the sky, the blood evil spirits burst out from the arms!

"Diyun Quan!"

This is one of Zhao Yunsheng's strongest boxing skills.

Under one blow, let alone the aerodynamic environment, even some strong people in the early stage of the clutch and clutch environment can't carry it!

Every blow is like a star to suppress.

Boom

Boom

At this moment, the fists collided and made a deafening roar.

For a moment, the whole ghost prison rocks dance wildly, and the earth trembles.

Ye Chen in order not to let his parents hurt, let canghaisheng carefully protect!

Two shadows crisscross in the dim light.

Each crisscross, is accompanied by a roar explosion.

Behind every roar, there is a breath of death.

At this moment, the two have been crazy!

If there is an accident, if anyone falls behind, death is waiting for them!

Between the electric light and flint, the two people are fighting dozens of moves!

Zhao Yunsheng is more and more frightened, his body blood surging!

All the internal organs are shaken!

He had no idea that this was the explosive power of a pneumatic environment boy!

Damn it!

"Are you surprised?"

Ye Chen's cold voice rings out!

"You don't know, I killed ye chenxiu, anger and blood will only make me stronger! You hurt my parents, I want you to die! Broken

Ye Chen is another blow out! The blood dragon is constantly colliding with Zhao Yunsheng's chest!

Separate the two directly!

Zhao Yunsheng gasps, his mouth overflows with blood, and his clothes are all broken!

Extremely embarrassed!

Before he recovered, the evil spirit rushed up again!

Fist shadow in the sky! Ye Chen's momentum suddenly became domineering!

Zhao Yunsheng realized that something was wrong and just wanted to take out his sword, ye Chen's fist shadow had already fallen!

The sword breaks!

His body flew out upside down, his arm turned into blood mist and smashed hard on the wall!

The walls of the extremely hard ghost prison were shattered directly!

Zhao Yunsheng has a bloody back!
