

Physician 3781

Chapter 3781

Lin rutian smell speech, smile, but in the eyes of Ye Chen, his smile is incomparably lonely.

With this smile, Lin rutian asked the old soldier, "how many times have you saved me?"

"Thirty nine times."

Lin rutian took a deep breath, and suddenly, he said in a deep voice, "I, Lin rutian, admit that there is no place to apologize to the old soldiers in the past 1213 years, but why did the old soldiers betray me?"

Ye Chen's eye is one Lin, the wrist turns over, Sha Jian and eight treasure ghost Buddha sarizi, have already fallen into the palm!

From the moment of confrontation between the two people, ye Chen faintly felt that it would be such a development!

The reason why Lin rutian hid this strange jade pendant here seems to be that he is not on guard against others, it is the army elder who has repeatedly saved his life!

Even just now, facing the man who had no face, did the army still fight?

Why is all this?

If the old soldier was unfaithful to Lin rutian, why did he have to save his life time and again and protect him for so many years?

After a moment's silence, the old man said, "how did you find out?"

Lin rutian lowered his head and looked at the bloody Topaz in his hand. He seemed to be trying to control the fluctuation of his mood. He sighed and said, "I didn't say that the master Chen is a bait? This bait is for you

Jun Lao Mu Ran's face suddenly floated a gloomy smile and said, "I didn't expect that I saved you so many times, but you still don't trust me?"

Lin rutian said faintly, "help me? Would you have saved me without this life blood jade? If I didn't hide the blood jade, but carried it around, I'm afraid I would have died many times already? "

He is a pair of dark eyes, staring at the old army, as if, in hope of an answer from the old army, but the old army has been restored to that look.

Ye Chen hears the speech, in the eye, actually appeared a touch of sudden color!

He has heard of it and even a treasure. As long as you seal someone's blood into it and establish a certain relationship with his mind, in the future, his life will be closely connected with the person refining the jade, which is almost impossible to untie!

Its effect is more powerful than the highest level spirit contract!

In order to reach the heaven and earth realm, there are very few spiritual contracts that can bind them. Only by using such exotic treasures as life blood jade can we do it!

It seems that Lin rutian's mother didn't help the army without cost

And the reason why the old army has protected Lin rutian for so many years is because this is life blood jade!

A wry smile appeared on Lin rutian's face, and continued: "even if it was not for my trust and to know the identity of the people behind the Chen family master, I would have lost my freedom even if there was such a bloody jade. I would have been planted in a dark corner like a potted plant?"

The old soldier's face twitched slightly, and then said faintly, "well, you brought me here now, and took out this life blood jade. Is it to kill me?"

Lin rutian said: "it depends on your answer. Why did you betray me?"

At the next moment, the old soldier burst out laughing!

He looked at Lin rutian with sarcasm: "why betray you? Boy, I've been following you for so many years. Do you know what kind of feeling it is! Our Yan Jun never meant to be a cow or a horse for a man! But your mother has controlled me for so many years with this damned blood jade. Do you think I can not hate you

His eyes are bloodshot, his eyes are full of resentment. How can he be calm and calm before?

Lin rutian didn't know until now that the wooden expression was just the camouflage of the old army, in order to cover up his resentment!

If he had not kept a wooden look all the time, I'm afraid that all the time, the old army officer would show his evil face in front of him?

"I hate not only you, but also your mother! But it's not easy to make you and your mother pay, isn't it? Even I can't afford to be the master of jiuqingshan mountain behind you. "

Lin rutian opened his mouth and said, "so, you are going to borrow the hand of my brother and sister to remove me?"

With a sad smile, he said, "if outsiders do something to me, my father will not let them go, but he will not embarrass the better ones for the sake of a child who is defeated in the competition with brothers and sisters, isn't he?"

"You know your father very well," he said with a smile? Lin rutian, you are really smart. You are right about everything. Now, what are you going to do? Kill me with that life blood jade? "

Lin rutian gazed at the old soldier and said: "Jun Lao, this is a life blood jade. You can only bind your life by injecting blood essence into it. Even if it is a trade, it is also a trade you accept for your life. Moreover, over the years, I have never threatened you with this life blood jade. Even if you ask for it, I can not give up the blood jade, But at the end of the day, you're still going to put me in a place where I'm doomed?" On the old soldier's face, suddenly appeared the incomparable Yin Li look, roared: "boy, shut up for me!"

The next moment, the forest and the scenery around Ye Chen changed in an instant. The original mountain forest disappeared and replaced by a desolate land!

"In heaven!"

The old man of the army, he has shown himself directly!

In an instant, a huge force of law, like a big hand, tightly grasped Ye Chen and Lin rutian, as if to crush them directly!

Lin rutian's face sank, and the blood jade in his hand was a flash of light!

At the next moment, the old soldier's eyes suddenly protruded from his eyes. Blood was all over his body. His skin was instantly congested and turned into red, as if to burst out!

Suddenly, there was a loud bang, and a burst of blood mist suddenly burst out of the old man's body. The old soldier gave a scream, and the whole person collapsed on the ground.

Ye Chen and Lin rutian, the barren land at the foot of the sky, disappeared in an instant, and they returned to the mountain forest again

Lin rutian wiped the bloodstain from the corner of his mouth and looked down at the old soldier who had turned into a bloody man and lay down on the ground and said, "this is the life blood jade. It will hold you and me together, but I am the real master. Even if you are a strong man in heaven and earth, if I try my best to urge this blood jade and take your life, it will not be difficult."

Ye Chen looked at him and fell on the ground, as if he were dying, but his brow was slightly wrinkled. I don't know why, the old soldier at this time gave him a very strange feeling!

Chapter 3782

All of a sudden, ye Chen's eyes suddenly changed, his body moved, and then appeared beside Lin rutian, pulling Lin rutian, flying back and away!

At the same time, Lin Ru Tian Fang stood in the position, a cold light, suddenly flashed!

Lin rutian looks at that cold awn, complexion a white!

If ye Chen did not open it in time, now, his hand, which was holding the life blood jade, had been cut off by this cold light!

At this time, the old soldier, who should have been seriously injured, rose slowly from the ground!

Ye Chen and Lin rutian can't help but shrink their pupils when they see the old army!

At the moment, the old soldier seems to be turned into a zombie. His whole body is flesh and blood. He is extremely shriveled. His face is ferocious!

But!

Contrary to this appearance, its original weak breath and vitality surged up in an instant!

The army old man looked at Ye Chen bitterly and said, "boy, what business are you doing? If it were not for you, now, this life blood jade has already fallen into my hands? "

Ye Chen and Lin rutian's looks were all at once ugly!

With this horrible appearance, the old army sneered at Lin rutian and said, "ha ha, take my life? The blow just now has consumed a lot of soul power of life blood jade, right? If the aura is exhausted, this is life blood jade. It is just a common stone.

Or, while there is aura in the blood jade, you can directly commit suicide and see if you can take the old man to be buried with him? "

Lin rutian looked at the old man in disbelief and said, "how can it be! How did you bear the blow

You know, his spiritual power to activate the life blood jade is the original life force of the army old man, directly causing damage!

This should be an attack that can't be resisted no matter what kind of magic power you have!

At this time, ye Chen, but his eyes flashed slightly, said: "Lin rutian, although the jade has severely damaged him, and even he may have been dead, but in his present state, you will greatly reduce the damage caused by using the life tied blood jade! I'm afraid you can't destroy this person completely even if you do

Although it is Lin rutian who has to deal with, it is almost impossible to expect the other side to let go of himself!

The old soldier would not hope that other people would know what Lin Ru was doing here!

Therefore, if the army does not die, ye Chen will die!

Ye Chen didn't think that he would kill Lin rutian directly by means of thunder. Through the shackles of this life blood jade, the army old man would also die as a result!

However, after seeing the old man's state, ye Chen changed his mind

Even if Lin rutian is killed now, the old soldier will probably not die!

Of course, Lin WanChen didn't want to do it.

At the beginning, he promised Lin rutian to be his bodyguard and walk with him to protect his safety.

Commitment, in some people's eyes, insignificant, but for ye Chen, it is not so!

The old man looked strange and looked at Ye Chen and said, "boy, you know a lot, but I'm surprised."

Lin rutian's eyes were turbulent, and he opened his mouth suspiciously: "dead? What are you talking about? At the moment, isn't the vitality that he exudes is enormous? What's more, the strength has not declined in the slightest, which is considered dead? "

Ye Chen said solemnly: "in the world, there is a kind of existence called lich, which is not born naturally. It is transformed from other living creatures through secret arts and witchcraft. Although the Lich is dead, it has vitality. Its greatest characteristic is that it has changed into a strange state of half human and half ghost, various curse witchcraft, or spiritual contract bundle Bind, all to its, completely invalid!

At the same time, the Lich has almost endless longevity. In ancient times, many strong people would transform themselves into Lich when their life was coming to an end, so as to survive forever!

Of course, being a lich is not entirely beneficial. The source is to maintain one's survival. The origin of Lich has deteriorated. If they want to survive in the future, they can only do it by seizing the life source of other creatures. Moreover, once they become lich, they can't make any progress in their own martial arts. "

The existence of Lich also belongs to one of the ancient mysteries, ye Chen naturally is impossible to contact, all this is xuanhanyu told him.

The old soldier heard the speech and looked at Ye Chen's eyes, which became more and more strange. However, after a moment, he recovered his calm and tore his lapel open. There was a huge Rune on his chest!

This rune, blood red all over the body, is still slightly rotating. It seems that it is extremely terrifying!

Jun Lao's ugly face showed a ferocious smile and said: "Lin rutian, it's not so easy to become a lich. Without the treasure of the ancient witch clan, I can't do it.

Haha, your elder brother really lost his blood in order to let you die. Thanks to the good feelings between your brothers, I didn't die in your hands. "The old soldier walked slowly towards Ye Chen and Lin rutian and said, "when your mother saved my life, I protected you for a thousand years. Now, your elder brother saved my life. Do I have to repay him?"

In the deep socket of the old soldier's eyes, a pair of red ghost eyes suddenly burst out a cold light, and he snapped: "use your life to repay his saving grace!"

"Damn it!" Lin rutian scolded, retreated and asked Ye Chen: "Ye killed the sky. Now, what should I do?"

He knows nothing about this lich, but from what ye Chen just said, he may be able to find the weakness of this Lich!

Although, with the two of them, it is almost impossible to defeat a man who is the most powerful in heaven and earth!

Ye Chen's eyes flashed slightly: "what should I do? Kill it, of course

Both of them were retreating rapidly, and the old soldier seemed to be still adapting to his Lich body, and his action was quite slow.

The breath also stays in the middle and later period of the sky mending realm, but it is rising constantly!

Even if his current speed is not as good as the original state, catching up with Ye Chen and Lin rutian is only a matter of time.

"Kill?" Lin rutian's face, a smile appeared: "so, what weakness can the Lich use?"

Ye Chen nods head abruptly: "have!"

In the eye of Lin Ru's heaven, the light of his god suddenly flashed, and he suddenly felt that he was lucky!

On that day, he invited Ye Chen to go with him, but more of them were just on the spur of the moment. But now, Lin rutian is very glad that he has made this decision!

Now, ye Chen has become his only hope to live!

Chapter 3783

However, the next moment, ye Chen was looking at Lin rutian's life tied blood jade and said: "this blood jade is his weakness!"

Lin rutian was stunned and then said angrily, "didn't you just say that the lich, the original mutation, can be immune to all curses, life restraints and so on?"

What's more, I just urged the blood rain to launch the attack, and didn't kill him. Have you forgotten? "

Ye Chen's eyes flashed: "the Lich is immune to the curse, and the life is bound after it turns into a lich. Before its change, the connection between the Lich and the life blood jade has not been completely cut off. Moreover, the Lich is also graded. The Lich transformed by the army is only the lowest one, and the transformation is not complete!

Although now, the effect of blood jade is greatly reduced, but if you try your best, you will still have an impact on the army! At least, it can greatly weaken its strength! "

Lin rutian heard the speech and said, "how much can we weaken its strength?"

Ye Chen firmly said: "butianjing peak!"

Lin rutian smell speech, almost did not fall to the ground directly, a look of vomiting blood, looking at Ye Chen.

Just now, what did this guy say?

This kid is crazy!

Ye Chen glanced at Lin rutian and said faintly, "believe me, I have a chance to kill him before his spiritual power is exhausted."

Lin rutian just wanted to say something, but at this moment, ye Chen's steps suddenly stopped and looked at the military veteran who was chasing him: "it's time to start. He has gradually begun to adapt to his body. If we drag on, our chances of winning will only be smaller."

At the next moment, ye Chen suddenly waved his sword and chopped up the eight treasure ghost Buddha's relic in an instant. A strong breath of Yin death broke out and rushed into the evil sword madly!

After that, ye Chen is really holding a long sword and rushing towards the old soldier!

Lin rutian, it's stupid to watch!

He thought that his psychological endurance should have been extremely strong, but ye Chen's every move, he had a kind of crazy feeling!

Ye Chen rushed to the old army, while shouting: "Lin rutian, do it!"

When Lin rutian hears the speech, he has a wry smile on his face. Ye Chen's actions can only be described as crazy. But now, he seems to have no choice but to believe in Ye Chen!

At the same time, Lin rutian's look at Ye Chen also slightly changed. He has dominated the actions of others all his life, and has never been led by others.

Can, at this time, he seems to be in front of Ye Chen completely passive ah!

Lin rutian took a deep breath. On his face, a fierce color appeared on his face. The red blood on his skin suddenly became red. He gazed at Ye Chen's back and said, "ye Shitian, don't let me down!"

At the next moment, on the life blood jade, there was a strange wave. Originally, looking at Ye Chen who was rushing towards him, and the old soldier with disdain on his face, the shriveled muscles on his face suddenly twisted!

Even the whole body breath, began to disorder up!

Ye Chen's eyes, the essence of a flash, is now!

Even if the general's strength is suppressed, he has no assurance of victory!

So, he must seize every opportunity!

Only in this way can we survive!

The next moment, a very terrible breath, from ye Chen's body, surging out, the whole world seems to change color for it!

Lin rutian looks horrified at Ye Chen, what's going on here!?

Even he, at the moment of feeling the breath, was stiff and almost suffocating!

It's like, in the face of a higher life than yourself, the instinctive reaction in general!

However, Lin rutian saw Ye Chen's hand during the cloud screening assessment. Even if ye Chen didn't use all his strength at that time, he could never emit such a terrible breath!

This breath, is a pure to indescribable evil spirit!

Is Ye Chen a demon family?

Or the one with the highest blood supply?

For a time, even if the intelligent Lin rutian also has some confusion, but the corner of the mouth of Lin rutian is gradually raised!

No matter Ye Chen, how fantastic, but there is one point, is certain!

Ye Chen's strength, the more adverse the day, the greater the chance for them to survive!

At the moment, ye Chen issued a roar, the body is high, all over, covered with strange lines, muscles bulging! And the demon mark on his chest that day, as if he had life, began to wriggle slightly!

Ye Chen's eyes, turned into blood red color, the whole world seems to be changed for it!

This is the first time ye Chen, after taking Huitian pill, makes his TIANYAO blood and purity soar, and displays the body of TIANYAO!

Feeling the power of the mountain and tsunami in the body, ye Chen has a feeling of stepping on the sky at the foot!

Even the old army, in the face of Ye Chen at the moment, is a change of vision, even if the incarnation is a lich, under the impact of this day's demon breath, the army old man still feels the great blood pressure! The old soldier's blood eyes flickered wildly. What the hell is this boy?

But! It's not over yet!

All of a sudden, on the dark sword in Ye Chen's hand, there was also a burst of extremely frightening breath. At the next moment, a beautiful female figure appeared behind Ye Chen!

This inexplicable existence also makes the old army's soul tremble slightly!

As soon as he gritted his teeth, he fixed his eyes on the young man who had originally despised him. Even, he wanted to show himself in the sky at once!

Yes!

Under the influence of that blood jade, the old army's breath quickly weakened. Not only was his strength suppressed, but even his breath could not be stable for a while. If he wanted to show his own nature, he couldn't do it!

And ye Chen, waiting for this opportunity!

In Ye Chen's eyes, the divine light flashed, and the tremendous spiritual power and Demon power in his body were poured into the Sha sword, and Xuan Hanyu also pointed at the evil sword. There was a clear cry on the evil sword. The blood light startled the sky, and the breath of incomparable sharpness stirred between heaven and earth!

At the same time, a blue and purple flame ignites on Ye Chen's body surface in an instant, and the blood burning formula runs!

Under the fire, there is a moon flowing, which is the spirit moon Dharma body!

The blazing blue and purple flame not only appeared on Ye Chen's body surface, but also extended to the Sha sword!

The meaning of Zhenwu is roaring, the mind is surging wildly, and the breath of destruction is full!

Ye Chen raised his sword over his head and yelled: "I am the only one in the sky. The butcher God breaks the sky."

"Xuanxianzi, please do your best

With the sound of drinking, a sword, toward the army to cut!

This sword, ye Chen will use all means!

It's almost reached the acme!

Chapter 3784

Of course, this is also the ultimate state of Xuanhan jade!

Lin rutian looked at the sword, and his whole body began to tremble slightly!

Heaven and earth is a threshold, if the warrior can not cross this threshold, strength can not produce qualitative change!

Only when the cultivation reaches the realm of heaven and earth, can the martial arts displayed by the warrior really surpass the laws of heaven and earth, and produce the ultimate power!

Yes!

At the moment, Lin rutian saw a miracle!

He knew that ye Chen was only a cultivation at the level of heaven and God state, and he could not even surpass the peak of heaven God realm, but!

Ye Chen is actually hard to rely on strength, unimaginable power, across the threshold ah!

The law of heaven and earth can no longer suppress the power of this sword!

This is enough to destroy the world!

This is a sword qualified to shake his existence!

Originally, this kind of thing is impossible to happen, but now, Lin rutian has witnessed everything with his own eyes!

Even on the old army's shriveled face, there was a look of horror!

Life and death!

Junlao is now a half human and half ghost Lich. In fact, he can be regarded as a half dead thing. The fatal injury to ordinary warriors is of no importance to him!

But now, the old soldier felt a breath of life and death!

What does that mean?

In other words, this sword has the power of the general to completely disappear!

"Ah, ah, ah

The old military officer gave a roar. His whole body was full of spiritual power. The extreme operation and the laws of heaven and earth were distorted. It seemed that the whole world could be like the whole world. The next moment, the old military officer faced the sword of Ye Chen's hand and burst out with a hard hand!

A white jade palm print appears in an instant. It collides with the sharp sword cut by Ye Chen!

With a loud noise and endless waves, the mountain forest was submerged in an instant. Countless trees and rocks were turned into fly ash and dissipated in the impact. Even the great array of shifting shapes and shadows covering the whole mountain range was shaken!

As soon as Lin rutian's face changed, an emerald disc blocked in front of him, and his whole body was full of spiritual power. The emerald disc, in an instant, was shining, protecting Lin rutian in it!

Even so, Lin rutian also vomited a mouthful of blood. He even fought against Ye Chen and junlao, and the aftereffect was so difficult!

After a moment, the air wave dissipated, and looking at the scene in front of him, Lin rudian's pupil shrank suddenly, and his face was shocked!

The whole mountain range has been razed to the ground!

This is still the result of shape shifting and shadow changing!

The shape shifting and shadow changing array can not only change the space and orientation in the mountain, but also be an array with strong defense!

Can, even so, two people hand in hand, flow out a wisp of power, then have such terrible destructive power?

It can be imagined that ye Chen and Jun Lao's attack was so powerful!

Lin rutian's brain was blank for a moment, and then he came back to God. He quickly looked at the position where ye Chen and Jun Lao were!

I saw, a broken arm, above the body, bruised figure, standing there, slightly lowered his head.

The figure was shriveled all over the body, blue and black. It was the army old man who turned into a lich!

Lin rutian's eyes trembled. At the next moment, his face showed a color of ecstasy. Ye Chen cut off an arm of the old army with a sword!

And the old man's cultivation fell down because of his injury! In the late stage of sky mending!

Although, for the old army incarnated as lich, such strength is enough to erase the two of them who were also injured, but!

The most important thing is, this shows ye Chen really has a chance to defeat the army!

However, ye Chen's look at the moment is incomparably dignified!

Xuan Hanyu and his own strength, so the bottom card can not kill each other?

Damn it!

The only advantage is that the other party's state has fallen to the later stage of sky mending!

The old soldier slowly raised his head and looked at Ye Chen. On his corpse like face, he showed a strange smile and said, "boy, this sword, you didn't kill me. Then, you will die!"

All of a sudden, a mysterious aura came out of the old man's body, and the color of the heavenly spirit became heavy. This aura is just a kind of pure and pure heaven way breath!

Looking at Ye Chen, junlao sneered and said, "you are in heaven!"

At the next moment, the mountains, which almost turned into ruins, suddenly changed into a boundless barren land!

But on this earth, the army old man who looked ugly and disgusting was just like an immortal God. He was extremely brilliant and had the power to make all things submit to him!

Lin rutian looked at the old soldier, and his face changed. His arm, which had disappeared, grew up again!

The old army man said with a cold smile: "in this free sky, I am the real immortal existence! Boy, what if you are against the weather? This is the gap between you and me. If you don't practice yourself, you can never defeat me"Even if I have dropped so much now! I use the power of mending the sky to exert my freedom to kill you

What is being in heaven?

Being in heaven is the Dharma Realm which is practiced by the power to reach a certain existence and comprehend the meaning of a certain way of heaven. In this Dharma Realm, all laws are controlled by this existence!

Just imagine if you live in a world centered on you, you can turn everything upside down, make ice hot, make fire cold, let the earth lose its gravity, and turn Earth into gold.

So, you're not a God, and what are you?

Chapter 3785

Of course, although being in heaven is completely controlled by the martial artists who have practiced it, according to the level of self being in heaven and the level of understanding of the Tao of heaven, there are also strong and weak rules that can be controlled in the self being in heaven.

It is said that the highest being in heaven can even produce all kinds of intelligent creatures on their own, and even breed martial arts. There is no difference between them and the real world!

This kind of self-reliance is also the most powerful. Once it is dragged into it, the warrior with such self-consciousness will be able to decide the life and death of a person!

Even, change your memory, let you sink into it!

Chen yuanbiao's self-reliance is a sky, while the military elder's is a desolate land. In this self-reliance, all the creatures transformed by the power of law are puppets without intelligence. They can only attack, defend and so on under the control of warriors.

But!

Although the rank of military veteran is not high, even his real strength has fallen to mend the sky because of his injury, but the power of the law contained in it can not be underestimated!

Military veteran, after all, is an old dark domain strong, the understanding of martial arts, far from ordinary people can compare!

The next moment, the army old man drank and said: "die to me

He actually raised his hand in an instant, and suddenly slapped Ye Chen!

This palm seems to be the same as before, but in this self-evident, the effect is quite different!

Its power, as if magnified ten times in general!

One hand out, the whole wasteland, seems to blend into one hand, in front of Ye Chen, there is a mountain of ten thousand Zhangs straight into the green clouds, and it is hard to suppress Ye Chen!

Ye Chen faces this palm, simply, as if facing the whole world, to its fall from ah!

Lin rutian stares at Ye Chen nervously. Although Ye Chen shows incredible strength, the martial arts in heaven and earth and those in heaven and earth are not only the differences in attack power, they are so simple!

From heaven, this can control the law, almost invincible power, is the biggest gap between the two!

Ye Chen wants to take this palm, too difficult!

Ye Chen naturally knows this, but!

In the face of this hand, his eyes, however, are burning with a sense of war!

"Master yuehun, I don't know if you want to listen, but now I need you."

"If I fall, no one can help you find that moon deer."

Finish saying, ye Chen also no longer pay attention to the reincarnation of the ghost of the moon ghost girl listen to see.

He slowly raised the evil sword in his hand, but he did not mean to defend himself!

Even with Lin's nature of mind, he could not help but clench his hands and sweat came out of his palms!

Head on!

Ye Chen actually defends the old army with his sword!

Although the old soldier fell to mend the sky, he showed himself in the sky!

Ye Chen's mouth, floating a sneer, in the sky, escape, defense, no sense!

Although you can manipulate the power of the law, the power of the law is limited, isn't it?

What's more, the old soldier is seriously injured now! Suppressed again!

As long as his own attack, breaking through the limit of the army's natural bearing, then the winner will be his Ye Chen!

Truth, although very simple, but no one dares to do so!

At the next moment, ye Chen cuts out the palm print with a sword!

The boundless cold awn, like the sword like ocean, instantly filled the barren land!

Burning blood formula, God demon reincarnation formula, Hongmeng ancient method, huangquan diagram, six reincarnation methods, the body of heavenly demon, the power of breaking the sky, the meaning of Zhenwu, the body of Lingyue, the soul swallowing Tongtian, and the power of Xuanhan jade, all of which are applied to the extreme and integrated into this sword!

This sword is faintly stronger than the one cut by Ye Chen before!

In a flash, the cold light cut by Ye Chen collides with the palm print across the world!

Lin rutian's eyes are fixed on this scene, but, soon, his eyes are dim down!

Almost despairing!

Almost, with only one breath, ye Chen's rebellious sword, which transcended his thinking, exploded in front of this palm print!

And ye Chen's body is also instantly devoured by the giant palm!

Boom, the whole world, all under this palm, crazy turbulence, in Ye Chen's original standing place, more than a deep hole!

And this hole is exactly the shape of the palm print!

Lin rutian's eyes trembled

This amazing, enough to cause a great stir in the whole dark world, is it, so disappeared from the world?

No bodies left?

Lin rutian sighed: "sorry."

His apology came from his heart. If he had not invited Ye Chen to go with him, he would have grown into an existence that made the whole dark region tremble in the future?

But because of him, inexplicably fell in the sky!

Soon, Lin rutian said with a smile: "however, we will meet again soon?"

As soon as the voice fell, the breath of Lin rutian suddenly became manic. On that life blood jade, there were cracks all over the road in an instant, and the blood light was extremely strange!

Lin rutian is not interested in being a potted plant and living in the dark. Compared with it, death is a relief.

Of course, he can't die in vain. Even if the old army incarnates as the lich, he will be more or less affected by the blood jade of the life!

Now, he wants to thoroughly stimulate the spiritual power of Xueyu, and at the same time detonate himself. With his own life and the power of this life, he will make a final attack on the old army!

Seeing this, he said with a cold smile: "when I was a human being, it was very difficult for me to directly attack you because of the power of life blood jade. However, now that I have turned into a lich, do you still want to blow yourself up in front of me? Do you deserve it

Lin rutian's face flashed sharply, and he would explode recklessly, while the old army man was disdainful. The power of the law in the sky surged, and it seemed that he was going to rush towards Lin rutian!

But at this time, the ground at the foot of Lin Ru Tian suddenly appeared the road cracks. Lin Ru Tianmu light moved and looked down at his body. At this time, there was a loud noise, and the land with cracks burst out directly!

A dark shadow rushed out of the broken earth and fell in front of the forest like sky!

Lin Ru Tian sees the shape, slightly a Leng, the next moment, in the eye, then gush the light of ecstasy!

This man is Ye Chen!

Ye Chen, not dead!

At the moment, ye Chen, although his whole body has been dyed red with blood, looks quite miserable, but his breath is stable, in fact, he has not been seriously hurt!

Chapter 3786

Ye Chen's appearance made everyone at the scene confused.

Even the old soldier saw that the red light in his eyes was shaking wildly. If he had not turned into a lich, his facial muscles would still be stiff. At the moment, the old man's expression would be wonderful!

Rao is so, the old army that dead muscle, is also a burst of twist, incredibly looking at Ye Chen!

Even with his vision of thousands of years of survival and endless years of experience, he can't understand what he saw in front of him!

A little boy who didn't even reach the realm of the holy father had to resist his palm with his own flesh?

What's more, it's still a slap in the sky!

What's more, its power has increased ten times?

Even if this palm force, to Ye Chen cut out of the sword offset part, but!

It's enough to make this kid die a hundred thousand times, right?

But what about the facts?

Ye Chen, not only did not turn into fly ash, even, the injury is not too serious ah!!!

How can the army accept this?

It's like, you fired a nuclear bomb at a person, enough to blow the whole city to ruins. The bomb directly hit the target, and the other party was completely exposed to the power of the nuclear bomb!

However, after the explosion, you found that this person is still alive, just a little skin, what would you think?

Junlao's decayed brain is about to explode!

Even if there is a real heaven and earth situation, you will be seriously injured or even directly killed by seconds if you eat his palm?

Where can be like Ye Chen such, a pair of nobody's appearance!

At the moment, ye Chen's body is covered with many ferocious wounds, and the bones are broken a lot, but!

A light moonlight, covering its whole body, that seemingly terrible injury in Ye Chen that almost endless vitality surging, a few breaths, it has been completely recovered!

Even ye Chen himself is a little shocked!

That light moonlight, is the soul moon treasure dress!

However, it seems that at the most critical moment, the ghost girl of the reincarnation graveyard moved her hands and feet!

The other side decided to help himself at the last minute! The soul of the moon is endowed with the power of the moon!

The strong defense is far above Ye Chen's expectation!

However, what makes Ye Chen more surprised is the terrible vitality that is galloping in his body at the moment!

After the blood of the demon is pure, his vitality is not only increased by hundreds of times!

In fact, when he was attacked by the army officer, even though he was protected by Lingyue Baoshang, ye Chen was still injured and almost collapsed!

But all of a sudden, the sky demon mark on his chest seemed to vibrate for a moment, and the vitality contained in the spirit blood broke out in an instant!

In an instant, he recovered most of his injuries!

However, ye Chen's face is still incomparably dignified. He knows that relying on the vitality and defense of this rebellious day, he can't defeat the old army. No matter how strong the vitality is, it will be exhausted!

Jun Lao seems to have thought of this, gradually calmed down, but now, he looked at Ye Chen has no relaxed color at the beginning!

Ye Chen asked xuanhanyu, "xuanxianzi, do you have a way to break this from heaven?"

If you want to break free from the sky, brute force alone is not enough. You also need to surpass the master's martial arts understanding!

At present, only xuanhanyu can do it. Although Ye Chen's understanding of martial arts is far superior to that of ordinary martial arts, there is still a certain gap between Ye Chen and the military!

A woman's figure suddenly appears beside Ye Chen. Her face is beautiful and she is wearing a black skirt. It is Xuanhan jade that has absorbed the eight treasure ghost Buddha's relic.

Xuanhanyu heard the speech, pondered for a moment, and then said, "this self-contained level is not high. Although I can't completely break it with my current strength, it can still be done to temporarily destroy the self in heaven to the point where it can not be manifested. It's just that..."

Ye Chen said: "but it doesn't matter. If you want to defeat the army veteran, this is the only way."

Even if ye Chen's vitality can be sustained, the aura of life blood jade will be exhausted ahead of time!

Once the old army regains the strength of heaven and earth, even if he has the vitality brought by Lingyue Baoshang and TIANYAO blood essence, ye Chen may not be able to withstand several times of Jun Lao's all-out attacks!

Xuanhan Jade's beautiful eyes flashed slightly: "in the process of destroying this self-reliance, the Lich can't have the opportunity to attack me!

Even if I absorbed a Sharif of the eight treasures ghost Buddha, the strength contained in it would be enough to destroy this self-reliance and destroy it to the point that it could not maintain its own existence. If the Lich attacked me or blocked my attack, it would be a failure! "

Ye Chen smell speech, look more and more dignified up!

He knew that this meant that ye Chen had to resist all the attacks of Xiajun old man during xuanhanyu's attack on zizitian!

Moreover, can't let the old army have any chance to attack xuanhanyu!The army old man is close to the existence of God!

You can imagine how difficult it is to do it!

However, ye Chen's eyes, but suddenly appeared a touch of excited color!

Such an almost impossible challenge, such a fight on the edge of life and death, will always make his blood surging!

It's fun to turn impossible into possible, isn't it?

At the next moment, ye Chen suddenly called out: "do it!"

After that, his body moved, but he rushed to the army officer with his bare hands!

And the evil sword fell into xuanhanyu's hands!

In the beautiful eyes of Xuanhan jade, the chill flickers, and a very sharp breath comes out from the slightly illusory delicate body!

For a moment, the woman turned into a sword soul seems to have reached the top of the sky again. Even if she was in the heaven, she could not hide Xuan Hanyu's power of dominating heaven and earth!

She opened her lips lightly, and her whole body seemed to be in a low voice and murmured: "there is no time to kill the sword!"

On the top of the Sha sword, a sudden burst of frightful sword meaning. Lin rutian and junlao both had a sharp change in their looks. A sudden, the Xuanhan jade holding the Sha sword seemed to be like a world shaking and killing God. However, the beautiful face made people feel cold and dare not look at it!

A gorgeous, cold, almost perfect sword light, emerged in the sky, toward the barren land, quickly cut!

At this moment, the old man came back from the shock. His dead facial muscles were twisted wildly, and he yelled at xuanhanyu: "dare you

This strange woman is trying to destroy his self-consciousness!

If ordinary people make a move, the old army will only sneer and let him attack. After all, Zizitian is based on his martial arts. Every inch of land contains the martial arts of the old army. If the opponent's martial arts can't surpass him, then there is no possibility of destroying his self-confidence!

However, the woman in front of her seems to have only a remnant soul, but she is totally different!

The martial spirit of the sword just now has completely exceeded the level of heaven and earth!

Jun Lao knows that this woman may be because of her current physical condition, her strength is not so strong, but!

Only on the understanding of martial arts, but far beyond their own!

Chapter 3787

After all, there was a surge of spiritual power in the old man's body. On the whole barren land, the power of law was surging. We had to rely on strength to suppress Xuanhanyu's sword!

How can you be strong in martial arts?

In this state of remnant soul, there is very little power left. The so-called one force can break ten thousand dharmas. Relying on one's surging spiritual power and the power of the law which is full of self in the sky, it is enough to turn this sword into nothingness!

But at this time, a man's voice of indifference, just like thunder, exploded in the ears of the old soldiers!

Ye Chen said coldly: "the old soldier, is it better not to be distracted when fighting?"

The old soldier's eyes flashed with blood, and suddenly turned his head and looked at Ye Chen!

At this moment, ye Chen's eyes appear a strange light, like a hurricane in general, raging in its body!

On his body, there was a blood red light, which seemed to be a chain completely made of blood!

At the moment, it is inexplicably dangerous for the army!

For a moment, he hesitated!

I don't know if it's to attack Ye Chen or xuanhanyu with the terrorist power gathered up!

After that, you'd like to bite the old man's teeth for a moment

The next moment, that infinite spiritual power, the power of law, turned into a towering palm print, and bombarded Ye Chen again!

In the army, xuanhanyu's martial arts level, even if she is at a higher level, with her current strength, it is impossible for her to rely on a sword and cause much damage to his self-consciousness. Therefore, the priority to be solved is the boy who makes himself feel a little creepy!

He doesn't want to be caught by this kid and capsize in the gutter!

Ye Chen sees the appearance, the corner of the mouth, but slightly raises, faces that extremely terrible sword, unexpectedly smiles!

Roar a earth shaking bang, that palm print completely hit Ye Chen's body!!!

If it were not for the fact that the old army man was in heaven, this palm would have made the whole earth collapse, right?

Lin rutian's forehead is full of cold sweat, staring at Ye Chen's position for a moment!

This time, ye Chen actually is any attack, all did not display, thoroughly ate down the whole power of this palm!!!

Even though ye Chen showed the utmost defense and vitality against heaven, Lin rutian could not help but be frightened

He was afraid that ye Chen would turn into nothingness in this palm!

On the earth, once again appeared a palm shaped abyss, but above the abyss, there was a figure!

His whole body was red with blood, just like a bloody man. On the surface of his body, there was a strong moonlight. In the moonlight, there were countless mysterious runes rolling up!

His body is covered with countless scars, arms, thighs, are twisted to the strange direction, only a trace of skin, barely connected to the body!

At the chest and abdomen, a huge blood hole was opened, and the scar was clearly visible in the blood hole!

Miserable!

It's very sad!

Even the ordinary nine layer tianwu of Butian realm, under such injuries, if they were not in their own heaven, I'm afraid that they would not have the strength to continue fighting?

You can see this scene, Lin rutian, and even the old soldiers, are shocked!

Did ye Chen carry it down again?

He is really, with the flesh to bear the full power of this terrible palm!

The whole being in heaven seems to be frozen by a cold air!

Into the endless silence!

Fantastic!

Only the word "fantastic" can describe everything they see!

However, the pupil of junlao and Lin rutian is shrinking again in the next moment!

More frightening scene, appeared!

On Ye Chen's body, the terrible injury actually recovered at a very fast speed!

In the blink of an eye, that innumerable wound already healed most!

Lin rutian and junlao just feel that their spirits will melt

In the world, how can there be such existence!

The force of the law is under the control of the army. Originally, the enemy in the heaven will be weakened in all aspects, such as defense, vitality and so on!

Can ye Chen now where has been weakened appearance?

There is only one reason for this, that is, ye Chen is almost completely unaffected by the military elder!

Why on earth is this?

When Lin rutian and junlao are extremely shocked by Ye Chen's terrible physical strength, a loud noise pulls their consciousness back to reality!

Xuanhanyu's sword light, like a meteorite, fell on this barren land!

Gorgeous, but full of death and killing breath of glory, will be a square world, completely submerged!The void, the earth, the air, and even the power of the laws of the earth and the earth are in this light, and become nothing!

This nothingness is different from the palm print abyss of the army!

The old man's attack only caused performance damage, and did not damage the foundation of his own nature. As long as he is willing, he can make the abyss disappear in an instant and recover as usual.

Yes!

The damage caused by xuanhanyu is different!

Even if the army wants to recover, it can't recover!

The area hit by it has been completely destroyed!

In the old army's blood eyes, there is a look of heartache!

This is natural, but he spent all his hard work to practice. Now, he is destroyed by this damned woman with great ease?

In this way, the power of being in heaven will be reduced by a few points!

Moreover, judging from the destruction caused by this woman, it is extremely difficult to restore it!

In the old army's blood eyes, the moment turned up the surging anger!

If he had known that this woman's attack would cause such great damage to self, he would have blocked that sword!

The army old man looked at Xuan Hanyu like a devil. For a moment, he didn't care about ye Chen. Whether there was any more behind him, the breath of heaven roared all over his body. He made up his mind to kill the damned woman at all costs!

At the same time, there was a palpitation in the old soldier's heart

Only remnant soul state, can burst out such terrible power?

Then, how strong was Xuan Hanyu in his lifetime?

But at this time, ye Chen said with a cold smile: "old army, I didn't say that it's better not to be distracted when fighting with me?"

However, the old army did not pay any attention to Ye Chen, so he would attack xuanhanyu with one hand!

But!

In a flash, the red chain on Ye Chen's body was like lightning, winding around the body of the old army!

A pair of eyes, a pair of demon ground God way

This chain is the result of Ye Chen's supernatural power derived from the blood of the demon!

Chapter 3788

The moment the old soldier was bound by this chain, his face suddenly changed. He felt that he couldn't move?

At the next moment, the military officer looked at Ye Chen with a murderous look, and said in a deep voice: "boy, this is Laozi's self-reliance. Here, I am just like a God. All the rules are under my control. Do you want to be bound to me?"

The surging force of the law surged up in an instant, condensed in the whole body of the army and hanged to the chain!

On the face of the army, there is a look of sarcasm. Maybe you are indeed an evil spirit against the sky. The power of my law can't affect you, but it can't affect you. Can't you wipe out your magic power?

However, the next moment, the expression on the old soldier's face is solidified!

Originally, his muscles had already been extremely stiff, and his expression was rather strange. Now, he has completely turned into a statue!

That blood red chain, is actually under the impact of its law force, motionless?

There's not even a trace of breakage?

What the hell is going on here!?

The old soldier was even a little confused. He was the master of the heaven, or the boy in front of him. He was the master of the heaven!

Ye Chen ponders a smile, the sky demon God rope, is from the day demon blood the supernatural power, the day demon is how terrible existence?

Ye Chen still remembers the original experience!

Even with Ye Chen's present strength, he can only display a trace of the supernatural power of blood, but can it be broken by the power of the law controlled by a suppressed warrior?

The old army roared and struggled madly. However, no matter how he struggled, he could not get rid of the shackles of the demon God rope!

At this time, xuanhanyu's second sword had already fallen on the barren land, and the vast world disappeared again!

However, in the face of all this, the old army can't manage it at all. After being bound by the God rope of the heavenly demon, he seems to be pulled into a different space, a different space only between him and ye Chen!

The two of them, it seems that they are still on the barren land, but now, only Ye Chen can be influenced by junlao!

That is to say, ye Chen does not die, that day the demon God does not break, he can attack, only Ye Chen!

This day demon God rope is indeed a God to the extreme!

However, ye Chen's face is also slightly pale up, the consumption of this magic power is also extremely huge, even with his present strength, all feel great difficulty!

I'm afraid it won't last long!

The old soldier looks ferocious. He suppresses his manic mind and looks at Ye Chen!

For today's plan, we have to kill this boy first!

With a cold smile, the old soldier said, "no matter how strong your vitality is, is it? Ha ha, I'd like to see how long you can support under my attack

At the next moment, the old soldier's figure flashed, and he appeared directly in front of Ye Chen. His violent palm meaning roared out of his hand and turned into a terrifying and terrifying palm print, and he suppressed Ye Chen!

Ye Chen's face is dignified. With his present play to the God rope of the heavenly demon, he can only be the general and himself, trapped in one side of heaven and earth, unable to completely limit the old army's action!

That is to say, if you want to hold down the old army, he must resist all the attacks of the old army!

If xuanhanyu, before breaking through the heaven, can not maintain the demon God rope, or his vitality is exhausted, then, his end is still death!!!

Can be at this time, ye Chen is a face to show a fierce and fierce color, drink a voice: "eat the soul to connect the sky!"

In an instant, a strong mind wave, surging out, turned into a dark whirlpool, toward the army to bombard away!

In the old army's blood eyes, there was a flash of color, but he didn't care. The whirlpool instantly bombarded the spirit of the old army!

However, the result is only to make the old army's spirit defense, slightly tremble, almost no effect!

Although Ye Chen's power of divination is strong, it is not so powerful as to be superior to the military elder. Moreover, the soul swallowing and heaven connecting are also different from his other magical powers.

Although it is also a kind of extremely rebellious spirit, it will be suppressed by the self in the heaven. In this self heaven, its power is greatly reduced.

However, ye Chen has no better choice at the moment. Facing the army elder, while maintaining the God rope of the heavenly demon, all he can display is the soul biting soul that can be shot out almost instantaneously!

The next moment, ye Chen's body, will be this extremely one palm, instantaneous submergence!

A canopy of blood rain, instantly from ye Chen body, burst out, the whole piece of barren land, all dyed blood red color!

Ye Chen's body, like a broken cloth bag, fell into the abyss that was blasted out by this palm. She was showing no time to kill her sword and destroy her own nature. Her beautiful eyes suddenly trembled. On her face full of frost, there was a look of anxiety. Her body and mind moved, and she wanted to go to help Ye Chen and resist the old army's attack! But all of a sudden, in the abyss, there was a thundering cry: "Xuanxian, don't come here!"

The falling Ye Chen, although the power of the whole body of Yuehua is surging, dissolves part of the damage of that palm, but even if he has the blood of a demon, and has been attacked by the army for three times in a row, ye Chen's breath can not help but be disordered. If it goes on like this, he may really die!

However, at this moment, ye Chen's eyes are full of resolute color, the slightest retreat of the meaning, there is no!

He knew that if Xuan Hanyu really helped himself, he might live a little longer, but in that case, there would be no chance to win!

So, no matter what, now all rely on oneself to carry past!

Xuan Hanyu obviously knows this too!

Only, just now she was too worried about ye Chen and could not help but want to help!

Now he is reminded by Ye Chen that xuanhanyu once gnaws his teeth and turns the God. In his beautiful eyes, his murderous spirit is more powerful, and once again he condenses the terrible sword meaning!

She knows that the only way to help Ye Chen now is to break through this self-evident!

All of a sudden, ye Chen's body did not move. The red chain on his body collapsed tightly and pulled his body.

Ye Chen tied himself with junlao with TIANYAO Shensuo, which is not only a simple constraint, but also makes them fall into a strange dimension. This dimension seems to be in the sky, but in fact, there are subtle differences. The attack of junlao can only produce effects in this dimension!

Therefore, if you don't kill Ye Chen and untie this day's demon God rope, the army old man can't stop xuanhanyu from destroying zizizai.

And this dimension has scope. Ye Chen has reached the end of the dimension now!

That is to say, even if ye Chen wants to escape and delay time after using TIANYAO Shensuo, it is impossible to do so. This is not only a shackle to the army old man, but also to himself!

On the old soldier's face, there was a fierce smile, and his eyes were red. At first, he fell in love with the God of the day, and he was a little flustered. But now, it seems that this is not a good opportunity to kill this boy, isn't it!

Immediately, the old army pulled the chain in his hand and pulled Ye Chen's body in front of him in an instant!

Ye Chen slightly gasped, staring at the army old man, low drink: "swallow soul Tongtian!"

It is a spirit attack again, burst out!

Chapter 3789

However, there is still no effect

The army old man sneered and said with a smile: "you've done it. Now, it's my turn?"

The next moment, it's a slap, definitely shoot!

This palm, directly on Ye Chen's head!

A huge bang, like a billion tons of nuclear bombs, in Ye Chen's head, at the same time burst!

Ye Chen's hands move and block his head. At the same time, the spirit moon Dharma body is applied to the extreme. The spirit moon clothes on the body surface burst out in an extremely dazzling light, but

Even though the defense of the Lingyue treasure dress is extremely strong against the sky, it still seems a little weak in the face of this extremely terrible palm

Ye Chen's hands, blood gushing, this palm, will ye Chen, full of blood!

Lin rutian in the distance, seeing this scene, even if he was known as the green mountain wolf, could not help but show a trace of unbearable color.

Fortunately, under this serious injury, the blood of the heavenly demon seems to have been stimulated by something. In Ye Chen's blood, the vitality of Pang ran wildly and gathered on Ye Chen's head in an instant. Everything that was going to burst suddenly stabilized and was forced to cancel the injury. At the same time, it began to repair it madly!

In the eyes of the army old man, he was shocked by Ye Chen's rebellious vitality!

Compared with Ye Chen's vitality, his body of Lich is nothing at all!

If he had such a strong vitality as ye Chen, would he have been able to resist the attack of blood jade?

But the more so, the more angry the army is, the more he wants to kill Ye Chen completely!

Why, in order to bear the bite of the blood jade, he wanted to incarnate as such a monster without human beings and ghosts. He lost the possibility of further development above martial arts. Even in order to survive, he had to constantly devour the vitality of powerful creatures. However, the boy in front of him had such a rebellious body without even stepping into the heaven and earth?

He's jealous!

Jealous to the point of madness!

"Die Let's roar!

The spiritual power in the body is surging, turning into boundless palm force, and bombarding Ye Chen again!

The head is still attacking!

The old soldier looks ferocious. He smiles coldly. Damn boy, if you can carry it again, if your head is smashed, you will die, right?

Ye Chen looked at the palm print that fell towards his head, just like a huge mountain. His face was very dignified!

His hands, before they were fully recovered, folded up again and blocked his head!

With a roar, a woman's shadow appeared.

The old soldier's expression is frozen!

How come there is another woman's shadow!

This woman is not the one who attacks the self righteous! It's another one!

Moon ghost girl!

The moon soul demon girl's cold eyes were staring at the army old man, and said faintly: "although this boy has nothing to do with me, he can't die, it's so simple!"

The next second, the ghost of the moon wave! An invisible force is enveloped!

Ye Chen's figure disappears!

At the same time, the ghost of the moon also disappeared!

Without the help of Ye Chen's body, she can't release too much power in the outside world!

Xuanhan jade see, is more anxious, now ye Chen's physical condition, reincarnation cemetery can't work at all!

It seems that ye Chen really has no way to resist!

At this time, another sword fell into the sky!

Seeing this, the old soldier almost roared at xuanhanyu: "damned woman! Stop it! Otherwise, I'll kill this boy with one hand! "

Xuanhan jade smell speech, wrist can't help but slightly tremble!

But at this time, has been covered with blood, miserable Ye Chen revealed, but a faint smile: "kill? Can you kill it? "

The old army suddenly turned his head and fixed his eyes on Ye Chen. His teeth would be broken!

He burst out a drink, again a palm, toward Ye Chen bang!

Ye Chen, however, still insists on displaying the seemingly useless soul eating Tongtian

He wanted to display the sword meaning of the second round of blood moon, but now his state, simply can not display!

Of course, ye Chen has the last card.

But he didn't intend to use that card before the end of life and death!

The huge explosion sound, constantly sounded in the sky, at the moment that the barren land has already changed beyond recognition, into a land of destruction interwoven with countless broken void!

It seems that, tottering, almost unable to maintain their own existence, about to collapse in general!

But at the moment, Lin rutian's face is not good-looking. The blood jade has been covered with cracks, and the spiritual power of blood jade is about to run out

What worried him most was not the blood jade, but ye Chen!

Ye Chen at the moment, too miserable!

Strength to the level of Ye Chen, has been able to feel the existence of the origin of life, as long as the source is not extinguished, it is not really death! However, under normal circumstances, if the head is smashed by that force, even if the heaven and earth exist, the origin of life will be completely erased, right?

The origin of life depends on the maintenance of vitality, and the head is smashed by the power of heaven. Even if the vitality of the ordinary human warrior is strong, it is basically impossible to recover!

You know, the hand power of the old army is not an ordinary attack, but contains the power of the palm that can destroy the sky and destroy the earth!

Under such a terrible attack, even those who have practiced blood and ghost channels, as if they were immortal, would turn into nothingness under the master's hand

Want to fight down, in addition to surging incomparable vitality, more importantly is the source of extremely tough life!

Junlao, at this moment, finally found out!

He looked at Ye Chen with flashing eyes and roared: "boy, what are you really! The Terran, even the demon clan, can not have such a powerful source of life

At the moment, ye Chen, who seems to have been extremely weak, showed a playful smile on his pale face and said:

"why? Can't move? Starting to stall? The cultivation has been suppressed from the heaven and earth realm to the sky mending state. Has it been maintained for such a long time? Or is your spiritual power approaching the limit when the self-reliance is constantly destroyed?

If you can maintain the initial attack speed, am I dead now? Don't you think that it's not that my life is too strong, but that you are too weak? "

In spite of this, ye Chen could not help thinking of all kinds of things happened in the origin. Is he really a reincarnation clan?

The fall of the reincarnation master is not only due to xuanjiyue and Emperor Shitian?

The old soldier looked cold and said, "boy, you think I can't feel it after attacking you for so long? Now, your life has been damaged, isn't it?

And the vitality in your body is almost consumed, right? Three palms! As long as you have three more palms, I will be able to kill you completely! "

Xuanhanyu was very gloomy when she heard the speech. She was about to collapse. But she knew that what the army old man said was true!

Ye Chen can only support three palms!

At the moment, the power of the eight treasure ghost Buddha sarizi is almost exhausted, and Xuan Hanyu's power of killing the sword has begun to decline!

Even she was not sure that she would be able to destroy herself before the army killed Ye Chen!

And

According to the present form, even if she and ye Chen broke down Zizai Tian, she and ye Chen did not seem to have the strength to continue fighting with the army veteran!

At this time, the spirit power in the army old man's body was condensed again. The breath of terror was surging out. He said coldly to Ye Chen, "the first palm!"

In the face of this palm, ye Chen's eyes flashed wildly, and reluctantly raised a scarred arm, facing the palm!

Furious palm, surging out, a huge shield with all the lines appeared!

That's the shield of cold inquiry!

"I have a cold heart to ask!"

However, the strength that reincarnation cemetery can exert is related to Ye Chen's state.

Now the cold heart, also can not resist the other side's attack!

"Touch!"

The shield is broken.

A huge amount of blood flowed from ye Chen's body, and ye Chen's brain was dizzy and nearly fainted in the past

He severely bit the tip of his tongue, just rely on that terrible mental force, strong support down!

Countless times of pain, it seems to have made him numb, but ye Chen still felt a tearing heart and lung pain!

The only thing to be thankful for may be that although Jun Lao is not injured at the moment, the consumption is not small at all. In addition, he is almost going to collapse from the sky, which weakens the improvement of the army veteran's strength and slows down the speed of his hand!

In the blood eyes of the army old man, his intention of killing flashed wildly. From his nearly dry body, he squeezed his strength. A grim smile appeared on his face like a corpse. He seemed to have seen the scene that ye Chen could not support!

He looked at Ye Chen's pale face and said slowly, "the second palm!"

Roar, is a huge noise, the target of this palm is Ye Chen's Dantian!

After a palm, ye Chen's abdomen also appeared a huge blood hole!

The reason why Jun Lao no longer attacks Ye Chen's head is that he has found that most of Ye Chen's vitality is concentrated in his head after many attacks on him!

Therefore, he first attacked the heart and Dantian, the two most important parts of the human body, in addition to the head, weakened Ye Chen's vitality to the extreme, and then made a fatal blow to the head!

Dantian is broken, ye Chen's eyes suddenly shrink!

He stares at the old soldier, his breath decays in an instant, and the whole person seems to be in the brink of death!

Xuanhan jade and Lin rutian are both looking different!

Even the old soldiers are a bit stunned!

Then, his face is the color of ecstasy!It seems that the damage to the heart and the elixir field is still on his estimation!

At this time, the distance from the natural, complete collapse is still a little bit!

And the spirit of heaven around the army has begun to condense again. The third palm is coming!

Xuanhan jade saw this, but as soon as he turned around, he would rush to Ye Chen regardless of everything!

Ye Chen has completely lost the resistance and will surely die under the third palm. If ye Chen is dead, even if she breaks through the self-reliance, what's the use?

However, when xuanhanyu was about to leave, his pupils suddenly shrank!

The next moment, xuanhanyu's sword in her hand was full of vigor. She gave a tender drink, and then she shot her sword again towards the barren land!

There is no time for sword light to turn into meteors and fall to the earth.

Chapter 3790

Why did Xuan Hanyu change his mind?

The reason is very simple.

Because at this moment, even if ye Chen has been seriously injured, has been dying, but he has not dispersed that day demon God rope!

What does that mean?

With Ye Chen's present state, it is bound to be extremely hard for him to maintain the bondage of the demon God rope. It is just like a person with a broken whole body fracture and holding a weight of 500 Jin. How painful and unbearable it is!

But!

Ye Chen, but still adhere to ah!

The reason why he is still insisting is to let her continue to attack self!

In this case, how can xuanhanyu fail Ye Chen!

But

At this moment, the breath of the old man's whole body is strong again. The charm of his palm is dancing like a tornado. Lin rutian lowers his head, and in his eyes is despair

He knows, even if ye Chen is strong, he can't stand this palm!

But!

Strange scene, appeared!

Has been a pair of hate to Ye Chen alive look of the army, at the moment, actually did not play this last palm!

A pair of old army eyes, inexplicably appear extremely greedy look, straight at Ye Chen, as if ye Chen is what delicacy general!

Lin rutian looked at the scene in front of him, why?

Ye Chen sees form, but do not think at all, light way: "how, want to devour me?"

Lin Ru Tian hears the speech, on the surface, reveals suddenly the color!

Yes, junlao has already incarnated into a lich at the moment. In the future, if he wants to live, he must devour the vitality of living creatures!

And ye Chen's vitality, terror to an indescribable degree, for the army, is an irresistible temptation!

The more powerful the Lich is, the stronger it needs to devour the more powerful creatures it wants to maintain. In terms of the situation of the old army, at least the vitality of heaven and earth is enough to support his life!

Naturally, there is danger!

However, if he devoured Ye Chen's vitality, he might not have to hunt other places in his life?

Even if it is possible for his Lich body to break through the shackles and make his strength go further, it is not without a chance!

As powerful as ye Chen's vitality, I'm afraid we can't find a few in the whole region. That is to say, this is almost the only chance for the old soldiers to improve their strength and change their situation!

Change to be who can heart!

If ye Chen still has the possibility to continue to fight, the old soldier may also consider

But, the most important thing is, ye Chen has been seriously injured and lost the ability to resist, isn't he?

Even if in the process of phagocytosis, self destruction, what?

Now ye Chen and Xuan Hanyu have the chance to kill him?

No!

Not at all!

So, what's so terrible about him?

As long as the vitality of Ye Chen is swallowed up, not to mention the destruction of one selfishness, even if it destroys ten, it is worth it!

Self can be refined in the sky, but like Ye Chen, looking all over the world, I'm afraid we can't find another vitality and the origin of life. They all exist against the heaven!

Immediately, the old soldier showed a twisted smile and said, "so what? Boy, you're in a desperate situation. Do you want to act calm in front of me

At the next moment, the old soldier moved, and instantly appeared in front of Ye Chen. A palm pressed on the top of Ye Chen's head very quickly. A strange breath came from the old man's body. In his eyes, the blood was generous, and the dark runes flowed in the palm, which gave out a strong attraction!

And ye Chen's body, the strong vitality contained in the blood, actually is true, toward the old army's palm!

The old soldier trembled all over, and the color of ecstasy appeared in his blood eyes!

The effect of this vitality is countless times better than he expected!

The withered flesh and blood, moistened by this vitality, all faintly filled up, and even restored a trace of blood color!

It's done!

It's true!

On the old man's face, there was a look of great excitement, and then he absorbed a little bit of it, which had such an effect?

If ye Chen's whole person is sucked dry, he may really be able to advance to become a more powerful Lich. Is his strength greatly improved?

Ye Chen, however, looked at the old soldier with a look of indifference, and said, "if you don't kill me now, you will regret it."

"Regret?"

On hearing this, the old soldier said with a sneer: "boy, do you still want to be brave? I have a problem. I'm curious. I want to see. How can you make me regret? "

In the eyes of the army, ye Chen is just a hard mouth!

This kid just doesn't want to get good for himself, so he has to pretend that he can force himself to kill him?

On the contrary, the old army strengthened Ye Chen's idea that he had no chance to turn the tables, and even more wantonly devoured Ye Chen's vitality! Even at the moment, the sky demon God rope has been broken, and the army old man did not pay attention to it. What he thinks now is to swallow, swallow, and swallow again!

Compared with Ye Chen's vitality, everything else is no longer important!

At this time, there was a sword light without time to bombard the earth. The whole barren land gave out a sad cry, and then it burst into pieces!

From the sky, finally in the attack of xuanhanyu, broken to the point that can not exist in this world!

The people returned to the forest again!

However, the military old man is wearing a sneer, a look of indifference.

What if the sky is broken?

At the moment, xuanhanyu's strength has been exhausted. Her body is almost transparent. Let alone her hand, she has been very reluctant to maintain her figure!

He has been invincible!

Now, what he wants to do is just suck Ye Chen dry, and then kill Lin rutian. It's so simple!

Lin rutian and xuanhanyu seem to have fallen into despair at the moment. Ye Chen was originally the only chance to defeat the old army after he was broken in the sky. But now, ye Chen is in such a state, let alone fighting, and can't even resist the army's devouring!

But, at this time, because ye Chen lost vitality, gradually dim eyes, but suddenly burst out a burst of piercing God awn!

The old soldier saw this, and his face changed. His palms on the top of Ye Chen's head trembled slightly. Did he have any other backhand?

When he hesitated to stop swallowing for a while, a spirit wave, suddenly from ye Chen eyebrow heart, surging out!

Ye Chen gazed at the old soldier and said coldly, "swallow the soul and connect the sky!"

At first, some wary and even worried junlao laughed when he felt the fluctuation of the spirit.

He laughed sarcastically.

The old army glanced at Ye Chen with disdain. What means did he think the little waste was going to use?

This is it?

In the battle between him and ye Chen, the spirit attack has been endured for many times. But now, even his spirit defense has not broken through. This is just the boy's dying struggle?
