

Physician 3901

Chapter 3901

But at the moment, the voice of emperor Shitian is coming out again.

"Let tianwu old man come over and find out the whereabouts of the descendants of juechan emperor."

Emperor Shitian suddenly turned around, beautiful, ghost like demon face printed with a layer of frost, "even if she escaped to the ruins, she must be found out, she must die!"

Soon, tianwu old man rushed to the hall. He was rickety, wearing a tattered robe, covered in a gray mist, only two twinkling eyes revealed.

Seeing the emperor Shitian, the old man of tianwu saluted him respectfully. The next moment, however, he did not dare to have any hesitation. He directly sat on the ground and used his skills to search for Wei Ying's trace.

Tianwu old man has mastered the secrets of heaven, which is known as the witches' soul chasing technique.

With a drop of blood left over by Wei Ying in the battle, tianwu old man directly uses the witchcraft to pursue the soul. He can see that the gray fog on his body is more and more strong, and gradually condenses a virtual shadow to cover him.

The old man's eyes became more and more bright, and finally seemed to turn into the sun in the dark, blooming in the gray fog.

At this moment, Wei Ying's blood evaporated rapidly. In the bright light reflected by tianwu old man's eyes, a figure slowly emerged. It was Wei Ying with a veil.

"Find her!"

Seeing Wei Ying, Emperor Shi Tian's eyes were suddenly cold. This is indeed the descendant of juechan emperor Zun.

Just when Emperor Shitian expects tianwu old man to find out Wei Ying's trace, he sees that the old man's body trembles, and the light from his eyes is dim.

"What's going on?"

Emperor Shi Tian frowned and found something wrong. He raised his eyes and saw that there was a strange phenomenon emerging.

"This person, this person contains big secrets, I can't investigate her!"

At this moment, the voice of old man tianwu's panic sounded. He saw that there was a boundless hell falling down from the sky. He wanted to suppress him in the hell forever as a punishment for his disobeying the will of heaven and investigating Wei Ying.

"Hum, what a big secret, let me check it!"

On hearing this, the emperor Shitian was furious and gave a fierce drink. At the same time, he flashed the vision of the boundless hell above.

"Don't worry, you won't die."

The emperor released the power of heaven and smashed all the visions of the boundless hell directly. This scene shocked the people in the palace of emperor yuan and showed the color of horror.

This is Tianwei, the rules of heaven and earth, and punishment. Emperor Shitian can smash it with one hand. What kind of great power is this.

At the moment, seeing the emperor's divine power, tianwu old man was also relieved. The light in his eyes lit up again, and then his face changed dramatically.

"Help me!"

The old man of tianwu stretched out his withered palm to the emperor Shitian in fear, but before emperor Shitian could react to him, all of a sudden, black gas came out of the pores of the withered palm.

In the twinkling of an eye, every part of tianwu old man's body was gushing out black gas. His original rickety and thin body, but in the blink of an eye, his kung fu declined.

"Wow."

The whole palace of the emperor yuan was shrouded in black air. However, the old man's robe fell to the ground where the old man was, but no trace of him was left. There was only a smell of blood, which contained terrible and strange power.

"Damn it!"

At the moment, the emperor released a palm to disperse the black gas, and could not help cursing after seeing the blood.

The blood and water was obviously incarnated by the body of tianwu old man. Although the emperor had broken the vision of suppressing the old man, he did not block the phagocytosis in his body.

Seeing that tianwu old man wanted to find out where Wei Ying was, he didn't expect that Wei Ying's secret was so terrible that he even killed him by swallowing him. This made emperor Shitian feel that he had compensated his wife and broken his army.

"No

Staring at the pool of blood that tianwu old man turned into, the emperor's Tianmu light suddenly coagulated, and the next moment pointed to the blood.

"Hum..."

A black light came out of the blood and finally connected together in the void and turned into a map.

Seeing this map, Emperor Shitian couldn't help smiling. Tianwu old man still found the trace of juehan emperor's descendants before he died.

But on this map, Wei Ying's position and route made him puzzled.

"Donghanyuan Why did she go to donghanyuan

Emperor Shi Tian's eyes flashed. Donghanyuan was a place of extreme bitterness in the moon soul region. Few people would like it.

as like as two peas, the emperor suddenly came to the conclusion that the former Emperor of the cold seemed to have gone to the East cold abyss, and Wei Ying's walking route was exactly the same as that of the cold emperor.

"No wonder old man tianwu will leave a map, so it is."

The cold light blooms in the emperor's eyes, but the corner of his mouth is a radian, "Jue Han Di Zun, no matter what you plot, it's useless."

"You are dead, and so must your descendants!"

.....Donghanyuan is the worst place in the moon soul region. It can even make the strong people in the heaven and earth famous and frightened. A figure is walking in the vast wind and snow.

This figure is Wei Ying. After parting with Ye Chen, she flies all the way to donghanyuan to find the secret cave where juechan emperor Zun stayed.

In this secret cave, there is the array plate of Shengyuan Tianxuan array, which is exactly what ye Chen needs most at present.

Wei Ying has been in donghanyuan for some time. During this period, she has been searching for the location of the secret cave. At this moment, she has also determined the specific location, and flies to the place where the secret cave is.

However, at the moment, Wei Ying is totally unaware that in the boundless darkness behind her, a pair of cold eyes are greedily watching her.

"That's her! The mysterious masked girl is suspected to be the descendant of juechan emperor. As long as I kill her, I will certainly be appreciated by the emperor Shitian. I have a bright future! "

The man in the dark is the Oriental one among the ten envoys in the palace of emperor yuan. His strength is very strong. He has two levels of heaven and earth, but Wei Ying has just broken through heaven and earth.

"She can't be my opponent. Even if she's the descendant of juechan emperor, the power gap can't be exceeded. As long as I kill her Maybe I'll be in a better position! "

The murderous spirit of Dongfang Zhenge envoy became more and more intense. She was closely behind Wei Ying. The evil light of greed in her eyes seemed to coagulate into a sword to kill Wei Ying.

"It's not right!"

At the moment, Wei Ying is still moving towards the location of the secret place. However, an uneasy mood rises in her heart. Wei Ying, who has always trusted her sixth sense, suddenly realizes that there may be danger approaching.

At the next moment, Wei Ying's eyes flashed. There was no abnormality on the surface, but there were invisible cold auras spreading around.

Chapter 3902

"Hey, you stinky girl, you can't escape from my palm even if you can run again..."

The emissary of Dongfang town is staring at Wei Ying with a greedy sneer. However, she suddenly realizes that a aura flashes from her body. Her face suddenly changes and her head drops.

"Hiss!"

A cold and strong spirit, directly through the void, flew over the head of Dongfang Zhenge, and cut off one of his long hair.

"Damn it!"

He was almost killed by the vigor. The face of the envoy of Dongfang Town Pavilion rose suddenly for a moment. He looked up to the front. However, Wei Ying was holding a long sword and looking at him coldly.

"How did you find me."

Looking at Wei Ying, the envoy of Dongfang town can't help but say that he has been using his most powerful secret art of stealth. It is difficult for Wei Ying to detect him even in the five layers of heaven and earth. How did Wei Ying find out.

"No matter how deep you hide, I can easily smell the smell of the running dog in the palace of emperor yuan."

Wei Ying gazed at the Oriental Town Pavilion envoy, who represented the seal of the emperor yuan palace. Her pupils shrank and she said.

"You want to die!"

Hearing Wei Ying's words, the East Town cabinet emissary was extremely angry and laughed: "worthy of being the descendants of juechan emperor, it's really arrogant."

"I was going to send you on the road later. Since you found out, you should die now."

At the moment, endless aura swept out of the envoy of Dongfang Zhenge. On his body, there were a rune imprint flashing light, just like a tattoo.

Seeing this scene, Wei Ying's face changed slightly. The other side's skin was covered with runes. She was obviously a warrior who refined the way of battle.

Those who practice the art of battle array can arrange the Runes of the array on themselves. In this way, when using the large array, they can be faster and their power will be more powerful. Especially, the array is so strange that it will be very troublesome and difficult for the enemy to deal with it.

"Go to hell, ghosts eat souls!"

At the moment, the emissary of Dongfang Zhenge suddenly roared, and the array Rune engraved behind him suddenly flew up in the air, and in the blink of an eye, his kung fu condensed into a huge array.

The best way to deal with the fighters in battle is to rely on their speed advantage and constantly consume each other. After all, the formation can be condensed. Even if it is faster, it is still a little inferior to the speed of the warrior himself. And this tiny gap can make people easily avoid the cover of the array.

Wei Ying is the same. Seeing that the envoy of Dongfang town wants to gather the array, she is ready to leave. However, she finds that the emissary of Dongfang town has quietly spread her aura into the

surrounding void when she just spoke. At the moment, she uses the array and covers her directly. She can't escape.

At this time, the array has been formed. Thousands of ghosts are born out of thin air in the array. Although it is called the ghost eating array, the accumulated ghosts are far more than that. It is simply endless.

These ghosts are full of evil spirits. Seeing Wei Ying, the only person in the array who has a fresh air, they suddenly roar and roar at Wei Ying and kill them.

"Well, a group of local chickens and dogs."

These ghosts looked frightening, but their strength was so weak that Wei Ying couldn't help sneering.

At the next moment, Wei Ying cuts out with a sword, and the senhan aura sweeps across. Facing the senhan aura that can be frozen in the sky, these ghosts are not afraid at all, but rush straight forward and freeze up in the next moment.

All the ghosts around Wei Ying were frozen. It seemed that Wei Ying was in an ice sculpture world.

But at this time, behind the frozen ghosts, the ghosts who came to kill them were extremely cruel. They directly broke the ice sculpture, took the remains of their frozen companions and smashed them fiercely at Wei Ying.

"Disgusting thing!"

Wei Ying couldn't help but scold. At the next moment, she pinched her fingers. The cold waves spread out along Wei Ying's body.

"Freezing cold wave!"

Wei Ying drinks lightly in her heart. The ripple spreads continuously. In an instant, it hits the edge of the array. All ghosts and ghosts in the array are frozen. Some ice sculptures that have just been born will also be frozen if they touch the frozen ice sculptures.

For a while, the array became a cold hell, and countless frozen statues of ghosts stood in the array.

Looking at this scene, Wei Ying could not help frowning. The array was so strange that she could not be hurt.

So why did the envoy of Dongfang town arrange this array? Waste your aura?

In Wei Ying's eyes, a cold light suddenly surges into her eyes. At the next moment, she suddenly pulls out her sword and cuts it out towards the edge of the array.

"Cut off the cold emperor!"

Wei Ying's heart is angry, a hand is a full blow.

Wei Mingdi's sword is in the hands of the emperor of the Ming Dynasty.

Wei Ying's sword, condenses the infinite cold air, the cold awn frightens forever, the sharp edge cuts through the sky.

Seeing this sword, the emissary of Dongfang town changed his face, but at the next moment he showed a sinister smile. "I didn't expect you to find out so fast, but you still gave me enough time!"

While laughing, the envoy of Dongfang Zhenge pinched the formula with his fingers. On him, the marks of runes lit up and rose up.

"A thousand crows and ghosts array!"

With a roar from the envoy of Dongfang Zhenge, the array seals are attached directly to the gathered ghost eating array.

The array seals attach to the ghost eating array, and the next moment, the endless light will light up.

At the same time, Wei Ying cuts with a sword, and Juechan Tiandi cuts out a sharp and cold light like destroying the sky and destroying the earth. It seems that he is going to tear up the sky, and the baigui soul eating array explodes.

"Ha ha! Even if you break the baigui soul biting array, it's just what I use to delay time. What's really used to deal with you is the thousand hell crow array! "

At the moment, the East Town Pavilion envoy laughed, watching Wei Ying's subsequent sword cut in the thousand you crow Ming array, but there was no effect, immediately relieved.

This Qianyou crow hell array is more than one level higher than the baigui soul swallowing array. With this array, he once killed the strong one in the three layers of heaven and earth.

In the Qianyou Yaming array, Wei Ying smashed the ghost eating soul array with one sword, and then cut into the thousand you crow hell array, but there was no waves. At the moment, her face changed.

"Trouble."

Wei Ying has a sense of uneasiness in her heart. The Qianyou crow Ming array exudes an extremely strange breath, which is indestructible and dangerous.

"It must be broken as soon as possible!"

Wei Ying's eyes flashed with a flash of thunder, and she attacked the thousand you crow hell array violently.

Seeing this, the East Town Pavilion envoy couldn't help sneering: "don't struggle, this thousand secluded crow hell array can't be broken even if it's heaven and earth's three layers, you're dead!"

Hearing this, Wei Ying's eyes are still firm, not affected by the other side's words.

Chapter 3903

At this time, in the array of thousands of crows, a stream of dark light condensed and flowed in the array. A strange, frightening and inexplicable breath flowed out.

The cold light in Wei Ying's eyes flashed. At the next moment, a sword was cut at the light, but it was like cutting on an indestructible stone. Her arm was numb and she had not hurt the light.

"What the hell is this?"

Wei Ying's face was hard to look at, but at this time, the continuous flow of light in the array suddenly burst, even the void was broken.

Then, a crow's cry came out of the collapsed void which was split by the awn. Where the call passed, all the void collapsed and disappeared, as if it was a natural disaster, and it was extremely terrible.

"Not good!"

At this moment, Wei Ying felt confused in her head. The crow's cry not only destroyed everything, but also attacked the spirits and bewildered the mind.

Wei Ying was holding her head, and her headache was about to crack. At the same time, an impulse to commit suicide rose in her heart. She saw the faces of those who had died in her hands.

"I died miserably, I want revenge! I want revenge

"You come to accompany me, I am so boring myself!"

"Ha ha ha, if you kill me, I won't let you live!"

These ferocious faces speak terrible words, which make people feel infinite fear.

At the moment, a face emerges from the endless ferocious face. Wei Ying's eyes suddenly bloom with dazzling brilliance, and her mind is instantly clear.

This face is Ye Chen. When Wei Ying is about to be completely bewildered by the crow and sink into the array, she suddenly thinks of Ye Chen, and makes Wei Ying get rid of the crow cry.

At the moment, Wei Ying raised her head, but saw a crow call, set off an impact, and constantly bombarded her.

"Looking for death!"

A touch of disgust flashed in Wei Ying's eyes. At the next moment, she suddenly lifted the sword in her hand. The endless cold aura swept out of her body and collided with the crow calling nearby.

"Hum..."

Between Reiki and impact, the void is constantly collapsing, and even a space storm condenses out.

However, Wei Ying held the sword tightly, and her eyes became indifferent for a time, just like a supreme God's mansion overlooking the sky, merciless and dignified.

Behind Wei Ying, an extremely cold spirit condenses into a figure, emitting endless imperial power. For a time, the space and time in this place seem to be frozen.

"Breaking through the cold sky!"

Wei Ying's heart roared, and the next moment, she suddenly cut out a sword. This is a sword that condenses the meaning of juechan emperor's respect. It contains endless imperial power and the power of one sword. It seems to cut off the mountains and rivers and overturn the sun and moon. It's almost lawless and invincible.

Seeing this sword, Dongfang Zhenge emissary's face changed greatly, and his eyes were terrified. Wei Ying's power was too terrible. He had a keen sense that Qianyou Yaming array could not kill Wei Ying, but might be cut by a sword.

"It's impossible. Give it to me!"

With a roar from the envoy of Dongfang Town Pavilion, the array seals on his body burst into a dazzling light, and constantly rushed into the thousand Youya hell array.

"It's useless to do anything. Give me a sword to kill!"

Wei Ying also saw the action of the East Town cabinet envoy, and her indifferent eyes showed a chill. At the next moment, the sword in her hand suddenly chopped at the thousand Youya Ming array.

"Click!"

A crackling sound resounded through the world, and then, the array of crows in the thousands of secluded places exploded, and the terrible impact swept all over the world, making the wind and snow whistling in this extremely cold world have been eliminated, and become the only blank area in the snow.

"Poof!"

Dongfang Zhenge made a mouthful of blood, and looked at Wei Ying pale and ferocious. The thousand you crow Ming array was one of his cards. Wei Ying didn't expect to break it like this, so he suffered a very serious reaction.

On the other hand, Wei Ying's condition is not good. At present, she can't use the absolute cold to break through the sky. At the moment, a sword is cut out, but it almost eliminates the Qi and blood in her body.

"I underestimate you. I didn't expect you to have such ability."

"But it's a pity that you're still going to die!" he said with gnashing teeth

After all, all the rune marks on the envoy of Dongfang Zheng were lit up. At this moment, these runes were suspended and gathered together in the void and turned into a dark awn.

"Ferocious sealing technique!"

Looking at Wei Ying, she roared in her heart. The dark light condensed by the rune exploded to Wei Ying. The terrible power of blocking all things made Wei Ying look dignified.

"No, it's impossible to use it any more. You can only use that move!"

Wei Ying's eyes flashed a bit of hesitation. At the next moment, her eyes were firm. She had no time to think about it.

"Poof!"

Wei Ying suddenly bit the tip of her tongue, and blood shot from the tip of her tongue. At this moment, a dark blue light lit up in the depth of Wei Ying's body, which contained a dark air, as if to turn into a boundless hell. "Nine cold kill light!"

Wei Ying roared in her heart. The blue light in her body suddenly burst out of her body, and it merged with the blood on the tip of her tongue. It turned into a deep cold air. She crushed the void, and then she burst into the ferocious forbidden art of the Oriental Town Pavilion envoy.

At this moment, the two magic arts with the same power of the nether world collide, and the power of forbidding and the spirit of senhan are rampant.

"Boom

The wind and snow in the extremely cold place of jiuwanyuan were blown away and disappeared. The dark sky suddenly cracked, and the earth split into deep ravines.

The collision between the two is too terrible. The magnificent force even shakes the sky. The impact is sweeping, and the two people who have run out of oil and light are flying backward like a broken line kite.

The envoy of Dongfang Zhengge lies on the ground, bathed in blood, and looks miserable. After all, the warrior in the battle is using the array, and the physical strength is relatively weak. In the face of impact, the injury will be more serious.

Wei Ying is in better condition than the East Town cabinet envoy at the moment. Although her mouth is bleeding and her breath is disordered, she can still stand up.

"Hum, the running dog of emperor yuan palace, who is on the road now?"

Wei Ying, with a long sword in her hand, walked coldly to the East Town cabinet envoy, without concealing her strong intention to kill.

In the face of death, Dongfang Zhengge changed his face slightly. Looking at Wei Ying's long sword dragging on the ground, he was inexplicably cold.

"You can't kill me."

"If you don't go now, if you kill me and want to go, I'm afraid you can't go."

"Oh? It's just a sword to kill you. What can't be done

Wei Ying does not change her face. She thinks that the East Town cabinet envoy is just delaying time, so she directly cuts it off.

Chapter 3904

At the moment, the East Town Pavilion made his hands and feet tremble, and quickly cried out: "I found your news, I have informed other people, they are on their way."

When Wei Ying heard this, she looked at the array barrier that Dongfang Zhen Ge gradually gathered. This is the array that Dongfang Zhen ge used its last strength to urge. Although the protection force is very small, it can only block Wei Ying's swords, but if what he said is true

Looking up at the sky, Wei Ying realized that the feeling of uneasiness did not dissipate, but became more intense. At the moment, she also believed in the words of the envoy of Dongfang Zhenge.

"Good luck."

Wei Ying took a cold look at the East Town Pavilion emissary, and the next moment he flew up.

Wei Ying was also seriously injured in the battle with Dongfang Zhenge emissary. At the moment, she was just holding on. If other Zhenge envoys came over, Wei Ying would not be the opponent of the other side, so she had to leave the battlefield.

But at this moment, Wei Ying just got up, her face changed and her eyes became extremely dignified, because she realized that there was a breath in all directions where she could leave.

Wei Ying has been trapped in the encirclement, which she has never noticed. To be able to do this, the other side can only do this when she is fighting with the Dongfang Zhenge envoy.

"Where do you want to go, Dame?"

At this moment, a banter's voice sounded, and then a burly man with black gold armor, red eyes and ferocity appeared in front of Wei Ying.

This burly man is not inferior to, or even stronger than, the eastern town cabinet emissary. He is the western town cabinet envoy in the ten directions.

"Hum, those who dare to hurt my emperor yuan hall are really arrogant!"

At the moment, a series of voices sounded, and Wei Ying's face became more and more dignified. There were nine powerful emperors in the palace of emperor yuan. The worst one was the second layer of heaven and earth.

Such a lineup, such combat effectiveness, Wei Ying can not be the opponent of these guys.

"Why, how do you know I'm here?"

Wei Ying's eyes can not help but flash a touch of Sen Han, her whereabouts have never told anyone, these guys in the palace of emperor yuan exactly how to know.

"In order to find you, we are not less affected. What's more, the old man tianwu paid his life."

The western town cabinet envoy gave a strange smile, and his tone was full of schadenfreude. Obviously, he didn't feel sorry for the death of the wizard old man. There might be some hatred between them.

"For the sake of tianwu old man's death because of you, I can leave you a whole body. What do you think?"

The western town cabinet emissary said, the black gold armor on his body is more and more bright, and his evil spirit is more and more strong.

"Stop talking nonsense and do it quickly. If we let this woman run away, we will all die!"

At the moment, lying on the ground of the East Town Pavilion to make difficult up, began to rebuke the way.

As an emissary of the Oriental Town Pavilion, Wei Ying, who was the mirror of heaven and earth, almost took his life. This made him feel extremely humiliated. At the moment, he only wanted Wei Ying's life.

As soon as this was said, the other nine envoys of Zhenge looked scornful and despised the Oriental envoys.

The East Town cabinet envoy found Wei Ying's trace before, but did not contact them. Instead, he wanted to take Wei Ying by himself and monopolize all the credit.

But I didn't expect that Wei Ying's fighting power was superior. Although Wei Ying was in the heaven and earth, he put the Dongfang Zhenge emissary in danger, so this guy gave up the credit to contact them.

"We can only help with useless things."

The northern town cabinet envoy gave a sneer at the Oriental Town cabinet envoy, and then looked at Wei Ying.

"Why don't you tell us the secret of juechan emperor? Maybe we can ask for help from adults and spare your life."

Looking at Wei Ying's exquisite figure, the envoy in the northern town flashed a burning heat in her eyes and couldn't help licking her lips.

"It's a pity for a beauty like you to die like this."

"Hum, don't talk nonsense. If you want to fight, you can't make me bow to your emperor yuan palace in this lifetime!"

Wei Ying's face was cold, and her momentum broke out. It seemed that an ancient emperor was standing on Wei Ying's body. The infinite emperor's power swept over her, and the faces of all the envoys changed slightly.

The battle between Wei Ying and Dongfang Zhenge envoys was at the end of their tether. It was obvious that they were ready to fight back to back.

The more talented and effective they are, the more dangerous it will be when they fight against those who never admit defeat.

All the ten envoys came out of a sea of corpses and bloodshed. Everyone had seen Wei Ying. However, when she saw Wei Ying in such a state, she was on the alert and did not dare to slack off.

"Since you want to die yourself, we will send you on your way!"

At the moment, all the envoys in the town were indifferent. They would not give Wei Ying any chance to turn the tables. Since they decided to start, they tried their best to wipe out the thunder!

"The destruction of the imperial abyss!"

"Heaven kill nine light!"

"The curse of killing and killing heaven!"

“.....” One after another, they shake the sky and tear the void. They are majestic to the extreme. Only when they gather together, the void around them collapses and collapses. The terrible power even makes the whole East cold abyss tremble.

"Dame, it's your honor to die in our hands!"

In the face of the joint efforts of the ten ministers of the Imperial Palace, they came down as if to tear the sky.

Wei Ying's eyes can not help but flash a touch of despair, now she is at the end of her tether, the oil is exhausted, the lamp is dry, can not stop these guys.

"Even so, I will not give up!"

At the moment, Wei Ying's eyes flashed a bit of madness. The next moment, she even raised her sword to meet the terrible magic techniques of destroying heaven and earth.

"If you don't admit your life when you are dying, why struggle? You must die today!"

The East Town Pavilion envoy saw this, but gnashing his teeth and shouting sarcastically.

With the fall of the East Town cabinet envoy's voice, endless cold suddenly emerged in this world, which is far beyond the original cold of donghanyuan.

All of a sudden, like the freezing of the river, all of a sudden, the freezing of the river.

The figure of a fairy appears slowly on the sky.

She has white hair, cool and noble temperament, a pair of clear eyes showing indifference and ruthlessness, staring at the ten town hall envoys who besiege Wei Ying below.

This mysterious girl is the one who used to observe Wei Ying's breakthrough on the top of the snow mountain with Ren Feifan, the master of juechan emperor, Su Mohan!

"Emperor yuan hall is really tyrannical. Do you want to die by deceiving more than others without shame?"

At this moment, Su Mohan's appearance makes the time of the whole world freeze. All the people watch Su Mohan speak indifferently and watch her palm wave. The magic power that attacks Wei Ying instantly condenses into ice and then dissipates.

Chapter 3905

Seeing this scene, the pupils of all the envoys of Zhenge suddenly shrank. This Su Mohan's strength is too terrible. Just as soon as he appears, he can freeze the time, and with a wave of his hand, he can make his magic power disappear. Is it possible that this is the existence of the realm of emperor Shitian?

All of you are puzzled and frightened, but you don't have a chance to ask questions. Su Mo Han turns his hand and a cold sword appears in his hand like a crystal clear sword.

Without any hesitation, Su Mo Han cuts out a sword and tears the world. The road is merciless, and the frightful sword is sweeping out.

"Forget worry, merciless sword."

Su Mo Han's eyes are indifferent, and her sword at will is not what these doggies in the palace of emperor yuan can resist.

At the moment, all the people in the temple of emperor yuan made their eyes frightened. At the next moment, they were influenced by the breath of sword. They felt a sense of indifference coming out from the bottom of their hearts, making them indifferent to life and death and becoming heartless.

"Bang bang bang!"

At the next moment, the merciless sword light cut through many figures, including the envoys of Dongfang town and cabinet, and all the envoys in the palace of emperor yuan burst with a bang. From their bodies, one after another merciless sword light rushed out, piercing the surrounding void and disappeared.

Su Mo Han's sword power is so terrible that he can easily wipe out the ten square town hall envoy, just like crushing a few mole ants at random. Such strength makes people feel extremely shocked.

Wei Ying looks at the beautiful figure above the sky, and her eyes are grateful. She doesn't know Su Mohan, but the other party is willing to help her. No matter what the reason is, Wei Ying should write down this kindness.

At the same time, Wei Ying's heart also raised a sense of doubt, because she found Su Mo Han's appearance and breath, which gave her a familiar feeling. This feeling was very inexplicable. She clearly had not seen Su Mohan, why did she feel familiar?

At this time, Su Mo Han, on the sky, looked at him coldly, and Wei Ying immediately bowed with his fist.

"Thank you for saving your life. I will never forget it."

"Ha ha."

Su Mo Han looked at Wei Ying, and his indifferent eyes lit up a glimmer of light. Then he opened his mouth and said, "it's not too late for you to thank me again when you come out of the prison from donghanyuan to hanyouming."

Hearing this, Wei Ying's pupil shrinks. How does Su Mo Han know that she is going to go to the cold and dark prison?

This extremely cold hell prison is the secret cave where emperor juehan worshipped the treasures of the past. It is also a prison in the legendary boundless hell, which has fallen outside the territory and never returned to the boundless hell.

It is said that the hell prison is extremely cold. It is specially used to hold the villains who are extremely guilty and like to kill with fire. They are frozen to death with boundless cold, and then resurrected. This kind of place will never stop. It makes people's hair stand on end.

Although the donghanyuan is well-known outside the country, few people know about the cold and dark hell prison in the East cold abyss, so Su Mohan says the cold and dark hell prison, which makes Wei Ying so nervous.

But a moment later, Wei Ying also came back to her. Since Su Mo Han helped her out, I'm afraid he was not a person with evil intentions. Even if the other party knew he was going there, it didn't matter.

"Thank you very much. If I can come out alive, I will repay you."

At the moment, Wei Ying deeply looked at Su Mo Han, as if to imprint the other side's appearance in the bottom of her heart. The next moment she turned around and left.

Donghanyuan is a cold place, but there is an abyss in the depth of donghanyuan, which is the real donghanyuan.

Looking at the abyss in front of her, Wei Ying's eyes were slightly coagulated. There was an endless white wind and snow sweeping through the East cold abyss, which turned into a Taoist cold storm. Before she jumped into the East cold abyss, Wei Ying felt that her body would be frozen.

But in the depth of the East cold abyss, what kind of cold place will it be.

Wei Ying's heart is more and more dignified, but her eyes are as firm as ever. No matter how terrible the hell is, no matter how hard the journey is, she will not give up, let alone retreat, to obtain the array plate of Shengyuan Tianxuan array.

All this is because it is Ye Chen who needs Shengyuan Tianxuan array plate. It doesn't matter how much you pay for ye Chen, and even doesn't need a reason.

At the moment, Wei Ying's eyes were shining and her face was firm and resolute. Then she flew down without hesitation and fell straight into the East cold abyss.

"Hoo!"

The whistling cold wind blows in my ears, and one after another is huge. The ice and snow storms that destroy the sky and destroy the earth are turning around, trying to drag Wei Ying into it.

Wei Ying is expressionless, shuttling through the wind and snow, and constantly goes deep into the donghanyuan. The temperature around her is even more terrible, even freezing her blood.

"Bang!"

At last, Wei Ying fell to the bottom of donghanyuan. Under his feet was thick ice, which was the land of donghanyuan. The temperature here was extremely cold, which was the lowest temperature that Wei Ying had ever experienced. Wei Ying even felt that her thoughts had become sluggish.

"To the cold hell, come out to me!"

At the moment, Wei Ying looked at the thick ice under her feet, but she suddenly cut it out with a sword. Then, the sword's awn turned into runes representing the rules of cold attribute, which were engraved on the ice under her feet. For a while, these runes slowly merged into the ice, and went deeper and deeper into the ice.

"To the cold hell, come out to me!"

Looking at this scene, Wei Ying's eyes flashed, and she couldn't help drinking.

Zhihan Youming prison is sealed under the ice layer at the bottom of the East cold abyss by juehan emperor Zun. Anyone who wants to enter the prison must use the rune seal left by Emperor juehan in the past to lead to the entrance of the prison.

As the runes continued to penetrate the ice layer, the cold air of black came out at Wei Ying's feet, and finally gathered together and turned into a whirling dark door.

"Hum..."

When the entrance of the cold Youming prison appears, Wei Ying jumps into it without hesitation.

On the other side, Su Mo Han appeared over the abyss of the East cold abyss, staring into the abyss, as if through the endless ice and snow, saw everything that happened in the abyss.

"Cold and merciless array!"

Su Mo Han's fingers pinched the Jue, and suddenly pointed to the upper void. Then he saw the mysterious and mysterious lines on the sky. These lines were full of brilliance, overflowing with a cold and merciless atmosphere of rules. After a while, they turned into a screen barrier to protect the whole Donghan yuan.

Su Mohan was very clear about the importance of donghanyuan to Wei Ying. Only through donghanyuan could Wei Ying have a chance to enter the cold hell prison and get the array plate of Shengyuan Tianxuan array. Wei Ying did not hesitate to pay any price for the array plate.

Chapter 3906

Therefore, Su Mohan wants to protect Wei Ying, so he has to defend donghanyuan well. At the moment, he arranges the array, and Su Mohan stands on the sky above the donghanyuan and looks at him indifferently.

All of a sudden, Su Mo Han thought of not long ago, Ren fan asked her about his apprenticeship, and his indifferent eyes lit up a glimmer of light.

"If you can come out of the cold hell alive, I can consider whether to accept you as an apprentice."

.....

Wei Ying stepped into the entrance to the cold hell prison, and soon found herself in a dark and desolate place.

Under the shadow of darkness, only faint light spots float in the void, dimly illuminating the cold walls around, and above the walls, are a picture of horror.

Carved on the walls are scenes of hell, one after another the most heinous people, suffering in hell.

The temperature of this dark world is so low that she can't even blink her eyes. Every blood vessel and meridian in her body will be frozen.

Even though Wei Ying practiced the cold attribute skill, she still couldn't resist the frightful forest cold. To the cold hell prison, it was worthy of the name of cold hell. No matter who was there, there was only the fate of being frozen and obliterated!

"No, how can I be trapped here?"

Wei Ying's eyes flashed a touch of perseverance. She just stepped into the cold and dark prison. How could she not even step forward and be frozen here.

In the dark, Wei Ying felt the blood in her body was frozen. She tried her best to lift a leg. The next moment, she found that her body was frozen and her leg could not be put down.

"This broken place..."

Wei Ying's eyes flashed a little unwilling. This extremely cold hell prison was too terrible and too cold. As the palace master of juechan emperor's palace, she could not resist this place.

In the dark, Wei Ying's breathing voice is becoming weaker and weaker. Her blood vessels emitting stubborn waste heat are also constantly cooling. In the cold hell, there is a cold wind whistling.

The cold wind is like a sword, which contains the terrible cold and sharp. The cold wind roars past, and the blood stains on Wei Ying's body are shocking. Before the blood flows out, it is frozen. It looks very frightening.

Under such circumstances, Wei Ying's body from the inside to the outside is rapidly becoming cold, even consciousness is slow.

At this moment, Wei Ying is aware of the boundless death. It seems that this is a real hell. She is afraid to die here. The mysterious girl who rescued her is right. Can she walk out of the cold hell alive or not

Wei Ying's consciousness became more and more dim. In the dark, her eyes were closed and she was in a coma.

In such an extremely bad environment, coma means death. Su Mohan seems to feel something on the sky, and his face is slightly changed at the moment.

At this time, Wei Ying was in a coma, but a figure appeared in front of her, one familiar and kind, which made her feel extremely relieved and brought endless warmth.

"Ye Chen..."

Wei Ying stares at the person in front of her. She sees the picture of Ye Chen on the top of juechan mountain, willing to guard in front of her even if she falls.

Wei Ying saw that ye Chen was in the vast Valley, facing an ancient and oppressive heaven and earth. He fought and defended his picture.

One scene after another, all are moved by Ye Chen

"Hoo!"

In the dark, the wind and snow howled, Wei Ying suddenly opened her eyes and vomited out a foul breath.

"I can't die! Ye Chen needs the array plate of Shengyuan Tianxuan array. I haven't got it yet. How can I die? "

At the moment, Wei Ying's eyes are firm and resolute. Her chest heaves violently and she breathes with all her strength. The blood vessels in her body gradually recover, and a little warmth spreads out.

Even though her body is still covered with snow and ice, and her body surface is still covered with frozen scars, Wei Ying is not moved. She stares at the darkness ahead and takes a step forward.

This step is to exhaust Wei Ying's strength and courage, but the distance is a short one palm distance. Facing the boundless darkness, there is no end and no hope.

"I can't give up!"

At the moment, Wei Ying's heart was angry. Her eyes were firm and cold. She tried to endure the frost of senhan and the pain of her body. Wei Ying took another step, another step!

At the same time, emperor yuan hall, a body standing in the grand hall, his eyes are cold.

"All the envoys are dead?"

The emperor explained the heaven's fingers and pitifully looked at the darkness ahead, as if there were all kinds of heaven in his eyes.

"The descendants of juechan emperor are just a layer of heaven and earth. Even if they can cross the realm and kill the enemy, they can't do it!"

When the emperor released his anger, his momentum broke out, just like the Supreme Master who controlled the heaven, who wanted to kill all the people in the world. His murderous spirit made people despair. But at the moment, the emperor Shitian is stepping out, his eyes are still looking at the East cold yuan: "damn insects, it's really troublesome!"

At this moment, the emperor Shitian was furious and stepped out of the sky suddenly. He saw a drop of pure and pure blood, which radiated the great power of the emperor.

As soon as this drop of blood essence came out, the whole palace of emperor yuan was shocked. Many of his subordinates looked at the emperor Shitian in horror. It was just a drop of blood essence, which contained such vast and magnificent power. What step has the emperor Shitian come to?

The temple of the emperor yuan was in constant shock. The light of the emperor's heavenly eyes was cold. The essence of blood suspended in the void was tearing the void at the moment. The essence blood turned into his body shape and rushed directly into the passage.

"Donghanyuan, the descendant of juechan emperor? All of them fall to me! "

the emperor roared in the heart of heaven. His essence and blood rushed into the void channel. He was about to come to the donghanyuan, but he found his way was blocked by the big array.

"Who is it?"

The emperor's idea of killing swept through the eyes of heaven. He has already used his own strength, but there are still some people who dare to stop him. Who are the bold people who are not afraid to die?!

Emperor Shitian's murderous spirit soars into the sky. He stares at the big array, but his pupil shrinks abruptly and his face is very solemn.

"Supreme heartless charm?"

The emperor's eyes were startled. He looked out of the channel, as if he could see the mysterious and terrible statue. Even he felt the existence of thorny and even fear.

"Well, how dare you do it yourself?"

At this moment, Su Mohan, standing on the sky of donghanyuan, suddenly opens her eyes and draws a cold radiance around her mouth. She is aware of the intrusion of emperor Shitian.

At the next moment, Su Mohan's body suddenly appears a mysterious wave, which contains the most fundamental rules of the world. Ordinary people will become merciless and extreme when they touch it.

At the moment, the road wave swept out, with Su Mo Han fingers pinching Jue, directly into the big array, toward the emperor Shi Tian's blood essence swept.

Chapter 3907

"Not good!"

Seeing this scene, Emperor Shitian's face changed again. This was the supreme merciless law, which could not be stopped at all.

"Who the hell are you?"

The emperor Shitian couldn't help but roar in his heart. He wanted to see the identity of the caster behind him through the sweeping supreme merciless method, but before he could detect any clue, the wave of destroying the heaven and the earth and everything had already swept by.

"Bang!"

At the next moment, the essence and blood can't even resist it. It explodes directly, and the whole void passage is covered by a pungent bloody air.

But in the palace of emperor yuan, the emperor Shitian suddenly spat out a mouthful of blood, and his eyes flashed with fright and senhan. His blood essence was wiped out by a move. Some people wanted to protect the descendants of Juehan emperor.

This scene made all the people in the palace of emperor yuan stare at him. How could it be that the emperor Shitian was such a existence that he even vomited blood and was injured. How could it be that who hurt him?

But at the moment, the emperor Shitian is completely not in mind to care about the thoughts of his subordinates, but his eyes flash a few faint light.

"These guys..."

Emperor Shitian raised his eyes and looked at the darkness in front of him. His eyes became more and more profound. Suddenly, a divine light lit up. He thought of a thing!

"I want to leave for a while. The descendants of juechan emperor don't need to pay attention to it for the time being. You just need to do your duty and wait for me to come back!"

At the moment, the emperor Shitian looks at one of his confidants, and then there is endless darkness on his body. The darkness covers the whole Diyuan hall. Before everyone in the temple can react, the darkness disappears, and the figure of emperor Shitian disappears. No one knows where he has gone.

.....

In the boundless darkness, this is the most cold hell. Wei Ying is constantly advancing in the snow and wind of senhan. Her flesh and blood are frozen, her bones are stiff, and her eyes can't move.

But even so, Wei Ying, with her strong willpower, constantly releases her potential, transcends her own limits, and constantly expels senhan and keeps moving forward.

Now, there is a door in front of Wei Ying, which is carved from ice crystal. In the center of the portal, there is a hollow place where a token needs to be put.

"Jue Han Emperor Palace, the order of the palace master..."

Wei Ying gazed at the hollow above the door and was surprised. This should be the secret cave left by Juechan emperor Zun. She had gone through a lot of hardships and stood up for such a long time in the ice and snow, and finally arrived.

At this moment, in Wei Ying's arms, a token rises with her heart, and then it is directly embedded in the depression above the door.

"Hum..."

A mysterious wave swept out of the door, like the spring breeze in March, the sun in September, and the warm and comfortable feeling swept through, which turned the cold and dark prison into a fairyland on earth for a time.

Wei Ying felt her body's stiffness recover, her frozen blood flowed warm again, her limbs and even her soul felt comfortable.

The darkness around her had been dispelled. Wei Ying saw that the real appearance of the cold and dark hell prison was not a channel, but a vast world.

This extremely cold hell prison contains boundless dead gas, which seems to be a hell prison left in the outside world.

After looking at the cold and dark prison, Wei Ying puts her eyes on the door in front of her. At the moment, there is a faint fluorescence on the door, which makes Wei Ying feel extremely warm and wants to touch.

Immediately, Wei Ying no longer hesitated, grabbed the handle of the door, and then opened the door.

The next moment, endless fluorescence rushed out of the door, Wei Ying felt warm all over, as if in a fairyland on earth, to the most comfortable place.

"Hoo..."

Wei Ying could not help but spit out a mouthful of turbid gas, and then walked to the door.

At the next moment, the endless fluorescence filled around disappears, and the feeling of being in Wonderland no longer exists. Instead, it is a familiar picture.

"Ye Chen?"

Wei Ying stares at the person who suddenly appears in front of her. Her pupil shrinks. At the next moment, she suddenly realizes that this is not the cold and dark prison, or even foreign!

"This is Huaxia." Wei Ying noticed that the scene around her was obviously Huaxia Capital Normal University. It was here that she met Ye Chen for the first time.

Wei Ying gazed at the man in front of her. It was the only person she thought of when she was facing death in the boundless cold, and the only one who could make her cheer up and stick to it.

At the moment, ye Chen is still as she used to be. Wei Ying looks at him and can't help smiling.

At this time, the picture changes, on the elevator, there was Wei Ying.

Wei Ying once held out her white hand and said, "my name is Wei Ying. I'm an English teacher at Beijing Normal University. I just came here in the first half of the year, and I'll live across the door from you."

Ye Chen held the other party's hand and let it go as far as possible. He replied, "Ye Chen."

Just two words, no nonsense.

The atmosphere of the elevator was a little awkward for a moment.

fortunately, the door of the elevator was opened, and ye Chen directly carried the box with one hand and went to the outside. "I'll take it in for you."

.....

The screen continues to change.

.....

"Professor Ye, you are..."

Ye Chen suddenly excitedly opened his mouth and said: "Mr. Wei, can you show me the necklace on your neck? And, dare to ask, where do you get this necklace? This is very important to me!"

Wei Ying, who was once stunned, reached out and touched the necklace. She immediately realized that her face was even redder. She took the necklace down and handed it to Ye Chen. She explained, "it was given to me by my mother before. She gave it to me when she was 18 years old. There are some congenital problems in my body, which need to be worn to relieve. Mr. Ye, you can only watch for a few seconds. "

Ye Chen nods and takes a look at the necklace in his hand. He has determined that the spirit stone in the middle is the soul stone!

Ye Chengang wanted to ask Wei Ying to buy the necklace, but found that the whole house became extremely cold!

"This is..."

He suddenly raised his head and found that Wei Ying's face was pale and there were frost all around him!

Not only that, once Wei Ying's body unexpectedly appeared a blood evil spirit!

This blood evil spirit is stronger than his body!

"Evil blood cold body!"

.....

The picture is constantly changing.

It seems that Wei Ying experienced those beautiful days in China again.

Wei Ying smiles.

This time, however, the picture in front of her becomes Ye Chen, who is staring at Wei Ying at the moment.

Wei Ying wanted to speak, but she felt that the boundless power was sweeping over her. The scenes around her were suddenly torn, and Ye Chen in front of her eyes was also shocked. She connected the tearing scene and wanted to be broken together.

"No!"

Wei Ying couldn't help but stretch out her hands and try to catch Ye Chen, but she found that she didn't even have the ability to open and shout. She watched the scene tearing in front of her eyes. Ye Chen and the broken space together turned into fragments and dissipated into nothingness.

Chapter 3908

"Ye Chen!"

Ye Chen disappears in front of her eyes, but Wei Ying can't do anything, which makes her feel powerless.

But at this time, the picture changed again. The scene turned into a desolate battlefield, with endless demons and fierce beasts, one by one ferocious and terrifying. They opened their mouths and roared at Wei Ying.

"Hum!"

Seeing this fierce beast, Wei Ying's eyes were cold. Facing Ye Chen, she was extremely nervous. However, facing these demons and fierce beasts, they were all evil things. They were destroyed by one sword!

In the face of the ferocious beasts and monstrous demons, Wei Ying's momentum broke out, and the sword in her hand condensed the astonishing cold light, aiming at them, she cut them out with one sword.

"Boom

Before the cold sword collided with the demons and beasts, everything in front of them was torn apart again. All the ferocious beasts and Demons turned into pieces, together with the broken desert battlefield, turned into black holes, and everything was swallowed up.

Then, there is a strange scene, mountain village, old farmer, Dragon

Again and again, everything in front of her is constantly broken and torn, and Wei Ying constantly appears in new scenes.

At this time, the ancient fierce beast in front of him was suddenly broken, and the torn Archaean mountain was swallowed up by the black hole together with the fierce beast.

This time, there is no change in the scene. Instead, there is only a black hole that devours all things, and a figure slowly walks out of the black hole.

"This..."

Seeing each other, Wei Ying's pupil shrank. To her, it was juechan emperor Zun, and it was not just the illusion in the picture, but a real divinity belonging to juechan emperor.

"You should see that the road you are on now is full of endless dangers. Do you want to go on?"

Juechan emperor looked at Wei Ying calmly and said calmly, "this road is more and more difficult. In the end, he even has to pay the price of life. It's too late to turn back."

"No!"

Smell speech, Wei Ying eyes suddenly firm, "since I chose this road, I can't give up, I will certainly go down."

"It's amazing that you have such persistence."

Juechan emperor Zun looked at Wei Ying, nodded slowly, and then said, "but I want to know, do you have weaknesses?"

The tone of juechan emperor Zun was meaningful. When Wei Ying heard this, she looked stunned. Then she looked at juechan emperor Zun and solemnly said, "I have no weakness."

"You have."

Juechan emperor Zun looked at Wei Ying, shaking his head and erecting a finger, "there is only one person in this world who is your weakness. Ye Chen is your weakness."

At the moment, Wei Ying looks at Jue Han Emperor Zun, but she looks dignified. She doesn't know how to refute it. Her inner emotions are complicated.

But at this time, juechan emperor Zun didn't ask this question. Instead, he said, "what do you do in the cold hell prison?"

After hearing the speech, Wei Ying looked up at juechan emperor Zun, but saw that he had a deep vision. Then she opened her mouth and explained, "I'm here to take away the array plate of Shengyuan Tianxuan array. It's of great use."

"The array plate of Shengyuan Tianxuan array?"

Juechan emperor Zun shook his head. "I'm afraid you'll be disappointed. This array plate is suppressed in the deepest part of the cold hell. If you want to get the array plate, you have to refine this extremely cold hell."

"Refining?"

When Wei Ying heard the speech, she was shocked. How could she refine the world.

"You are already in heaven and earth. Of course you can do that."

It seems to see Wei Ying's doubts, juechan emperor Zun did not hesitate to explain.

"You can refine this extremely cold and dark hell prison into your own heaven. At that time, not to mention the array plate you want, this hell is also yours, and everything I stay here belongs to you."

Hearing this, Wei Ying's eyes are slightly bright. She doesn't care about other things. What she cares about most is the array plate, followed by the self-reliance in the mouth of juechan emperor Zun.

"Heaven and earth can refine other spaces and use them as their own self-reliance?"

Wei Ying is a little surprised. She always thinks that the heaven and earth are in heaven, and they must come from their own understanding.

"Of course, otherwise those who are not gifted will not be in heaven for the rest of their lives."

Juechan emperor looked at Wei Ying for granted, "this is the coldest hell in the small world. If it is refined, it will be the highest level of self-reliance."

"But..."

Wei Ying heard that Zhihan Youming prison was so extraordinary that she also showed her joy, but at the next moment her face was dignified.

"I can't resist the cold of this frigid hell. How can I refine it?"

"I can teach you the cold heart formula of wanxu. As long as you can understand it, you can resist the cold of the cold hell and refine it easily."

"If you can't understand it?"

"I can't understand, of course, it's frozen into ice. I'm so scared!"

Jue Han Emperor Zun looked at Wei Ying and said, "why, are you afraid?" "How can I be afraid."

Wei Ying shook her head expressionless, and then said, "please pass me this heart formula."

"Good!"

Juechan emperor Zun looks at Wei Ying with satisfaction, but he points out that Jue Han Guanghua follows juechan emperor Zun's fingertips and constantly converges into Wei Ying's mind.

A large amount of information poured into the space of consciousness. Wei Ying felt that her mind was about to be blown up, especially the cold heart formula of wanxu, which was so powerful and wonderful that Wei Ying could hardly hold these things in her head.

After a long time, juechan emperor Zun finally finished teaching, but Wei Ying felt a whirl of heaven and earth, dense content in her mind set off a myriad of waves.

It took Wei Ying a long time to calm down her confused head and finally found the content of the cold heart formula of wanxu.

In fact, this mental method is too extraordinary. In the space of consciousness, the parts related to this mental method are in the golden light. Wei Ying found it as soon as she looked for it.

At the moment, after reading the contents of the cold heart formula of wanxu, Wei Ying's face changed slightly. The cold heart formula of wanxu should be placed in the coldest world, so that the practitioner would have a chance to understand it at risk, otherwise there would be no chance at all.

It is absolutely necessary to put forward the conditions first. Those who are weak in character and have no hard work can not even pass the first level.

"For the array plate, for being in heaven, for Ye Chen

In Wei Ying's mind, the information about the cold heart formula of wanxu kept flowing. The next moment, she looked at juechan emperor and nodded firmly.

"Good."

Seeing this, juechan emperor Zun did not say much, and waved his hand directly.

"Hoo!"

With the roaring frost blowing on her face again, Wei Ying found herself in the absolute cold hell again, and this time, the temperature was lower than before, more dangerous and terrible.

It was a desolate plain all around, which was obviously the coldest place in the absolute cold hell.

Chapter 3909

Wei Ying was banished here by juechan emperor. If he could understand the cold heart formula of wanxu, Wei Ying would fly into the sky. If he could not understand it, Wei Ying would fall here and freeze forever. He could not reincarnate without reincarnation!

Wei Ying's aura was frozen and unable to move. Her body was constantly pierced by the sharp wind like a sword. Her flesh and blood were frozen and her blood stagnated

Under the wind and snow, Wei Ying doesn't think about the outside senhan. Her heart and her consciousness are completely put on the cold heart formula of wanxu.

Wei Ying insisted that she would not be affected even if she was in the forest cold hell. She tried her best to understand the cold heart formula of wanxu.

Because Wei Ying knew that only when she understood the cold heart formula of wanxu, could she live in this frigid hell, or she would die.

Gradually, the ice and snow covered Wei Ying, and she turned into an ice sculpture, standing on the desolate and cold plain. Let the cold wind blow, nor open the closed eyes, time in this moment, as if still

This time, no one knows whether she is alive or dead.

.....

At the same time, the valley of dragons.

"Roar!"

The sound of dragon chants pierced the sky. Between the South Lake and the North Lake in the valley of the dragon, the younger generation of the two dragon families are all excited and roaring.

Now the one-year contract between Xuelong and Mingyang Longzun is getting closer and closer, and the struggle between North Lake and South Lake is becoming more and more fierce.

In these days, the Ming Yang Longzun of Beihu school actually violated the agreement, secretly colluded with the emperor yuan hall, obtained all kinds of heaven's opportunities, and even completely blackened.

In just a few months, the Ming Yang dragon Zun broke through one after another, shaking the whole dragon valley with its magnificent momentum.

In the magnificent palace of the North Lake, Mingyang Longzun is dressed in a black robe. He looks at the direction of the South Lake with a scornful arc in his mouth.

"Hum, I have broken through the six layers of heaven and earth. What is the state of the miscellaneous dragon?"

The last time he suppressed his cultivation and fought with the blood dragon, he was even and wounded. Now he is very angry to think about it.

"This time, I want to let you know that I am so powerful that I want to crush you, the damned guy! The valley of the dragon should be under my control

Mingyang Longzun looked at the South Lake with a murderous look. The next moment, he flew straight up and headed for the South Lake.

Seeing the action of Mingyang dragon Zun, the dragon clan of Beihu sect in the valley of the dragon was excited. They all flew up and roared.

Seeing this, Mingyang Longzun was even more proud. He came to the outside of the eclosion emperor's palace and cried out in anger: "Zalong, the one-year agreement is ahead of schedule. If you are willing to kneel down and admit your mistakes and take me as the master, I may spare your life in the war!"

As soon as Mingyang Longzun said this, the whole South Lake was shaken up. One by one Magic Dragon flew up. Looking at the Mingyang dragon Zun, he wanted to devour it alive.

The blood dragon is the supreme existence in the eyes of Nanhu dragon people. Where can we allow Mingyang dragon Zun to insult like this.

But at this moment, even if the words of Mingyang Longzun are so ugly, the blood dragon has not even revealed his body shape, which makes many Nanhu dragon people worry.

In particular, youyue, the elder of Nanhu, is wearing a tight black cheongsam at the moment. Standing in the cloud with her delicate figure, she looks at the distance with her bright eyes, which contains deep worries.

"Emperor Zun disappeared a few months ago, and no one knows where he is. Now it's a year's contract. The battle between life and death, Emperor Zun to the end..."

You Yue's eyes flash. In these days, every breakthrough of Mingyang Longzun has to go to the imperial palace of eclosion to challenge wantonly. You Yue also sees the strength change of the other side.

The news that Mingyang Longzun colluded with emperor Yuandian was also known by youyue and others. Otherwise, he would not have such a fast breakthrough speed. Therefore, even if the power of Mingyang Longzun became so powerful, youyue and others were more shameful of him and expected the blood dragon to return, trampling the hell Yang dragon Zun under his feet and completely awed him!

At this time, there is no ferocious smile in the palace.

"Ha ha! It's really the best choice to cooperate with the emperor yuan hall. Seeing that my strength is growing so fast, the blood dragon has been scared out of his wits and dare not even come out to see me! "

If you look at the palace, you will be proud of the emperor!

"Zalong, no matter whether you answer or not, a month later will be the battle of life and death. It is determined that the day when the valley of dragon will really exist. If you still dare not show up, then the real supreme power of the Dragon Valley will be respected by me!"

The voice of Mingyang Longzun is vast and magnificent. It spreads all over the Dragon Valley. Some Nanhu dragon people can't help but scold Mingyang Longzun for his arrogance, but they don't question what he said.

If the blood dragon does not dare to go to the appointed battle, then he can not be the emperor of Dragon Valley.

Youyue looks at Mingyang Longzun's spirited departure, but she can't help stamping her feet, feeling extremely upset. "Emperor Zun, in January, I wonder if you can come back?"

You Yue's eyes were dignified, and even a touch of panic flashed. "Emperor Zun disappeared for such a long time. I hope it's not in danger. Otherwise, I'm from Nanhu school..."

At the time when the moon was worried, a bloody dragon was crawling on the earth, among the terrible and fierce places that the world could hear and change color.

Around this huge blood dragon, there are corpses and bones all over the world, and the blood on the earth converges into a river.

At the same time, in the dark, the twinkling eyes were shrouded in darkness.

This fierce place is one of the ten taboos outside the territory. It is said that the Eternal Clan imprisons and imprisons the terrifying world of Warcraft.

During the time when the blood dragon disappeared, it was brought to this eternal fierce place. We should make it constantly break through and become stronger in the endless battle.

Not far away from the blood dragon, the two figures appeared quietly. They gazed at the Warcraft figure which kept approaching the blood dragon in the dark, but shook their heads.

These two people are the eternal king and Yan Kun, but they are very strange. The eternal holy King seems to be extremely old, and his face is full of wrinkles. The whole person even needs Yankun's help to stand up, and his speech is trembling.

The eternal holy king and Yan Kun came to foreign countries a long time ago. The eternal holy King found the blood dragon at the first time. He was very clear that the blood dragon was Ye Chen's biggest card. If ye Chen wants to win in the game again and again, the blood dragon must be more powerful.

In order to let the blood dragon become Ye Chen's biggest help in foreign countries, eternal King paid a lot of price, even his own Shouyuan! Only in this way can we successfully enter the eternal land with the blood dragon.

Chapter 3910

In the past few months, the blood dragon has been fighting in the eternal fierce land. In the face of countless powerful, terrifying and killing monsters in the eternal and vicious land, the blood dragon takes a wrong step, that is to say, his body dies, and he will also be implicated in Ye Chen's plan.

The blood dragon walks on the steel wire and dances in the death. He lives by his own will and ability. In the fight with the infinite monster, the blood dragon turns into a killing machine, absorbing the killing intention of all the monsters and breaking through from the battle.

At the moment, the blood dragon is already five layers of heaven and earth. He crawls on the ground and looks at the killing pupil in the dark not far away. The corner of his mouth draws a crazy arc.

"Come on, keep fighting!"

The blood dragon suddenly rose from the ground, shining with blood all over the body, and the Dragon scales, which were as dazzling as the god gold, were in full bloom, and the Dragon Power swept out.

The blood dragon's momentum is fierce and its killing intention is boiling. He even rushes into the darkness below and takes the initiative to attack monsters and hunt them, regardless of his injuries!

The blood dragon can devour the killing intention of other monsters and become stronger and stronger in the battle. Therefore, he is not afraid of fighting in this eternal and fierce place. On the contrary, he is braver and more excited in the Vietnam War.

Seeing the blood dragon rushing into the darkness and fighting with the monsters crazily, I feel the growing power of the blood dragon. However, the turbid eyes of the eternal King flash through a touch of worry.

At the moment, Yan Kun looks at the eternal king. They look at each other, but they see the color of worry from each other's eyes.

Although the breakthrough speed of blood dragon is very fast, the more difficult the road is, and the blood dragon is about to reach the limit

It has been two days since liudaozong was promoted to the first class.

In the past few days, many people came to liudaozong to congratulate and offer gifts.

However, Cang was happy to accept all of them. After the decline of liudaozong, they were always looked down upon by others. Now they are elated again, and all the people of liudaozong are excited.

In particular, the disciples of liudaozong were all in high spirits and fighting spirits, which were quite different from those before.

The former six Taoism sects have always been looked down upon and despised by the major sects in the moon soul realm, and are in the process of continuous decline.

Therefore, the disciples of the six schools have become negative and have no heart for struggle. As a result, the vicious circle will only continue to decline.

Therefore, ye Chen and Wu Duan Cang made up their minds to win the first-class position for the liudaozong in this ceremony, which was to rejuvenate the liudaozong and to rejuvenate the disciples of the sect.

Ye Chen and Wu Duan Cang have achieved their goals. However, Wu Duan Cang has been enjoying the benefits brought about by the liudaozong becoming a first-class force these days, but ye Chen doesn't care.

When the six Taoism sects became the first-class forces, they gained more long-term benefits than sudden profits. Therefore, ye Chen didn't get too much benefits. At most, it was a lot of treasures sent by other sects. As a great meritorious official in the promotion ceremony, ye Chen chose several things he could see.

Although a group of disciples of the liudaozong did not follow Ye Chen to the ceremony, they also learned about ye Chen's brilliant achievements from Yang Qianyu and other people. Because of Ye Chen's various feats, they had a great respect for ye Chen and completely recognized Ye Chen as the elder martial brother.

These two days, many disciples came to Ye Chen to apologize. Even Lei Rong, who once had a conflict with Ye Chen, also came.

After a lot of thinking, ye Chen sent these fellow students away, and then he sat on the edge of the yellow spring water and slowly closed his eyes.

These days, ye Chen has experienced a lot of things, fighting again and again, and his understanding has already surpassed the present state.

Ye Chen had been running all the way before, and had no chance to break through. Now that liudaozong has become a first-class force, he can rest assured and break through the realm.

What's more, the March appointment is coming soon!

Only with strong strength can he have the qualification to fight against the Star Moon Palace and other forces!!!

He is sure that this time he has to face, absolutely intractable!

With Ye Chen's eyes closed, the feeling in his mind suddenly surged out. The aura in his body swept up like a torrent of water, and even faintly heard the sound of waves from his body.

"Big brother is going to break through?"

At the moment, Liu yunmiao, who has been guarding Ye Chen in the huangquan hall, can't help but ask.

Smell speech, ye Chen but have no time to answer Liu yunmiao, just the body breath concussion, a path of magnificent aura swept out.

In the past battle scenes, those understandings kept coming to my mind, and ye Chen's breath was constantly shaking up, like a strong wind on the sea, and the aura in his body trembled like a storm.

"Boom

Ye Chen's body is shaking. This time, ye Chen is rushing towards the holy ancestral realm!

Half step holy ancestral land!

The holy ancestral realm is a layer of heaven!

Ye Chen eyebrow tiny frown, this time breakthrough speed unexpectedly so fast?

.....

Liu yunmiao's eyes were shocked when he noticed this scene. The elder martial brother was really good. It took a long time for others to break through. However, he was extraordinary. A breakthrough was just against the sky. Seeing Liu yunmiao's eyes, ye Chen couldn't help shaking his head. He didn't even expect such a quick breakthrough.

Although I didn't expect it, ye Chen was not surprised that he had experienced so many battles these days. He had already arrived at the time of breakthrough, but he kept suppressing.

It has been suppressed for such a long time, and now the breakthrough can be regarded as accumulation and thin hair. Therefore, it is possible to create such a rapid breakthrough speed. Soon after ye Chen's breakthrough, there were also clouds gathering in the sky, which appeared on the top of the huangquan peak, and a dazzling ray of thunder was constantly splashing out of the clouds.

"It's big brother, big brother has broken through!"

"Yes, it's the breath of the elder martial brother."

"Ye Chen? Now I'm going to take a good look at him. He's so extraordinary. "

At the moment, in addition to the excited disciples of the six schools, there are other disciples who look at Huang Quanfeng with excited eyes.

Ye Chen's performance in the ceremony was too outstanding. He was able to kill Wu Shengyun in heaven and earth with the strength of heaven and God realm, which has made many sects feel shocked and inexplicable, and even the sect leader is full of fear for ye Chen.

At the same time, the major sects of yuehun domain are also more curious about ye Chen's means and background. After all, ye Chen can't be an ordinary person. He must be outstanding.

Therefore, ye Chen wants to break through in the six sects, but it is for the people of various major sects who come to give gifts and congratulations to have a lot of thoughts. It is necessary to carefully observe what is unique about ye Chen. Maybe the thunder disaster Ye Chen encountered is different from everyone else?
